Chapter 31: I bought the entire Jiuzhou Pavilion

Ji Qingyan was stunned. This was completely different from what she had expected!

“Why is the door open? And why are these people saluting you?”

“Maybe it’s because I drive a Pagani.”

Ji Qingyan was speechless.

Was the Jiuzhou Pavilion not the most secure villa in Zhong Hai?

Just because Lin Yi drove a Pagani, they let him in?

Was that not a little too presumptuous?

After driving to the villa area, Lin Yi found a place to park his car and prepared to take Ji Qingyan out for a walk.

Although it was already dark, the villa area was brightly lit. It did not affect the view at all. On the contrary, it gave off a tranquil feeling.

“Let’s go, let’s go for a walk.”

It took Ji Qingyan quite a while to accept reality.

After getting out of the car, Ji Qingyan’s eyes were attracted by the scenery in the villa.

Standing in the villa area was like being in a tropical rainforest.

“Lin Yi, look! There’s fruit on the tree!” Ji Qingyan said excitedly when she saw the fruit.

1

This was the first time she had seen a fruit tree in the villa area.

“Don’t make a fuss. If you want some, I’ll pick some for you.”

Ji Qingyan shook her head. “I don’t want to eat it, I just want to look at it.”

The two walked on for a while and saw a man-made river about five meters wide.

Below a constructed wooden bridge were colorful koi swimming in groups, which made for a very natural beauty.

Lin Yi had done a lot of research on fish. With just one look, he could tell these Koi were imported from Japan.

The bigger ones were sold for at least 100,000 dollars each.

The fish in this pond would not have cost less than a few million dollars.

After crossing the artificial river, they spotted a 300-square-meter swimming pool in front of them. It was the largest outdoor swimming pool in Zhong Hai.

1

“Ahem, ahem, President Ji, you said that if I could bring you in, I’d be able to feast my eyes on a certain sight. Isn’t it time to fulfill your promise for the beautiful scene in the swimming pool?”

Eh..,

Ji Qingyan was so embarrassed that she wanted to die. She felt that this world was filled with deep malice toward her.

It was like this the last time they went to the Peninsula Hotel, and now it was like this again.

What the hell!

Although I am a woman, I still want to protect my dignity!

“There’s no swimsuit here. How can I swim? Let’s talk about it another day.” Ji Qingyan said with a smile, as if she was acting cute.

Seeing the clear pool water, Ji Qingyan really had the urge to give it a try.

It had been a long time since she last swam, and her skills were a little rusty.

It was just that the conditions did not allow it.

“That’s fine too. I’ll write this down in a notebook. We’ll talk about it later.”

“Don’t worry, I, Ji Qingyan, am a woman of my word. I can’t believe you have to write it down in a notebook. You stinking men are all perverts.”

“Hey, hey, hey, don’t take your anger out on me. I’m just urging you to be a woman of your word.”

“Tsk.” Ji Qingyan said. “This place is too big. I don’t think we’ll be able to finish touring in such a short while. Let’s go back first.”

“We’re leaving already? Aren’t we going to the villa to look around?” Lin Yi asked.

They were already at the door, and Lin Yi did not want to leave anymore.

It took an hour to travel to and from Jiuzhou Pavilion and Yunshui Villa.

If he had the time, he might as well enjoy it.

“Go to the Villa?” Ji Qingyan was surprised.

“Set aside those unrealistic thoughts. We’re already lucky to be able to go to the courtyard. If you dare to go inside the villa, you’d be trespassing. Be careful, or you’ll be arrested.”

“There’s no one in the villa. What are you afraid of?” Lin Yi said. “A twenty-something-year-old is too cowardly.”

Ji Qingyan was speechless. “This has nothing to do with cowardice. It’s against the law, okay?”

“Didn’t you say that the Jiuzhou Pavilion was the most luxurious villa in Zhong Hai? Don’t you want to go in and see it yourself?”

“Of course I do.” Ji Qingyan teased. “But this is a matter of principle. I don’t do bad things, but when you’re arrested, I can help you find a lawyer.”

“What a coward.”

Lin Yi walked toward Villa Number One.

Ji Qingyan was dumbfounded.

Was he crazy?

Was he really going in?

Seeing that the situation was not quite right, Ji Qingyan trotted over in her high heels. She followed Lin Yi’s footsteps and pulled his arm back.

“You’re going to die. Let’s go.”

Lin Yi did not move. Instead, he put his hand on the fingerprint lock.

Di –

Welcome home.

In an instant, it was as if the world had gone silent.

Ji Qingyan looked at Lin Yi in disbelief. “W-what’s going on?”

“What else could it be? It’s just a welcome home message.”

“T-this is your house?”

“I just bought it yesterday.”

Ji Qingyan suddenly understood. No wonder the security guards came out to salute him when they saw Lin Yi’s car.

It wasn’t because he drove a good car, but because he was the owner of this place!

She pinched the soft flesh around Lin Yi’s waist and said angrily, “You lied to me.”

“Mainly because you didn’t ask me.” Lin Yi smiled. “Let’s go in and take a look around.”

“I think you’re trying to trick me.”

After that, Lin Yi and Ji Qingyan walked in together.

Ji Qingyan had been to many villas in the past few years, and she always thought that her Yunshui Villa was not far off.

Even if some villas were more advanced than Yunshui Billa, the level of sophistication would be limited.

However, compared to the Jiuzhou Pavilion, Yunshui Villa was not even worthy of a second glance.

This place was worthy of being called the number one mansion!

“Lin Yi, you must have spent a lot of money to buy this villa, right?” Ji Qingyan asked curiously.

“I don’t know the details, it’s about a few billion.”

The house was given by the system, but Lin Yi could not say that he did not spend money and instead just gave a random number.

“You’re lying to me again.”

“How am I lying to you? Isn’t the villas in the Jiuzhou Pavilion worth a few billion?”

“I’m in real estate, you can’t lie to me.” Ji Qingyan said.

“The most expensive villa here, the first villa, has a selling price of about 1.2 billion. How could it be possible to spend several billion? So much money would be enough to buy the entire Jiuzhou Pavilion.”

“That’s right. I bought the entire Jiuzhou Pavilion.”

Ji Qingyan was dumbfounded. Her clever brain was short-circuiting at this moment.

“You... What did you say? You bought the entire Jiuzhou Pavilion?”

“The house was built just to be sold it. It shouldn’t be surprising that I bought it.”

1

“Did you get your money from thin air?”

4

“It’s easier than getting it from thin air.”

2

Ji Qingyan didn’t refute, because she couldn’t find any reason to refute.

No wonder he wanted to experience life on Didi. He must have been too bored.

“I won’t send you off tonight. You can stay here. You can choose whichever room you want to sleep in.”

“Alright then. I won’t stand on ceremonies with you. You can send me to work tomorrow.” Ji Qingyan said, “But do you have pajamas here?”

“I’m the only one living here so there are no ladies’ pajamas. I won’t peek on you though, so you can just sleep naked.”

Chapter 32: GO Get Wang Tianlong

“Who sleeps naked?” Qingyan said embarrassedly.

“You rich people, since you’re so busy.”

Qingyan was speechless. “You’re richer than me, okay?”

Lin Yi found a set of pajamas for Qingyan when they reached the fitting room on the second floor.

“You should wear these, they’re new.”

Qingyan didn’t really care about whether it was men’s and women’s pajamas so long as they fit.

She took the pajamas to the bathroom and prepared to take a shower.

Lin Yi ignored her and went back to the master bedroom to sleep.

After the shower, Ji Qingyan lay in the bedroom, unable to fall asleep.

What was Lin Yi’s background? How could he be so rich?

Why had she not heard of him before?

The next morning, Lin Yi woke up early.

After the two washed up, Lin Yi sent Ji Qingyan to the company and received a five-star review.

The mission notification in his mind showed that he was at 8/10 completion.

If he took on two more missions today, the mission would be completed!

He didn’t know what kind of explosive reward the system would give him this time.

After sending Ji Qingyan off, Lin Yi drove to Peninsula Hotel.

He had been busy the whole morning and had not eaten yet, so he had to get a bite first.

Just as he drove to the parking lot, he saw Wang Tianlong.

“Boss Lin, you’re here.”

Lin Yi nodded. “Come and have something to eat.”

“I’ll get the kitchen to prepare it now.”

“No need, I’m just here for breakfast. There’s no need to make a big deal out of it. Go Do what you need to do. I’ll take care of myself.” Lin Yi said

The hotel was already his, and the middle and high-level leaders already knew of his existence. However, the ordinary employees might not even know who he was yet.

It was a good opportunity for him to examine their working conditions.

“Okay, okay, okay, I got it.”

Tianlong went back to his work, and Lin Yi went straight up to the second floor.

The second floor of the hotel was a restaurant headed by a three-star Michelin chef. With the size of the Peninsula Hotel, it was definitely worthy of having such high standards.

There weren't many people here for breakfast in the morning, and only half of the tables were occupied.

Lin Yi found an empty seat and looked at the menu. He then ordered a few signature dishes, preparing to sample them.

"Look, that guy is so handsome."

The girls at the next table discussed when they saw Lin Yi.

"He is indeed handsome. I want to get his WeChat."

"Then go. As long as you take the initiative, a story might develop between you two."

Lin Yi's arrival instantly became the focus of all the women in the restaurant, and they would glance at him from time to time.

"What are you looking at?" A man said to his girlfriend.

"Hehe, I just looked at him. He's quite handsome."

"Tsk, he might be a gigolo. All the hosts in the club are that handsome."

"What are you talking about? What's with the attitude, calling a handsome guy a gigolo?"

"I'm just saying."

"I think you're just jealous."

After ordering, Lin Yi handed the menu to the waiter,

"Lin Yi?"

Just as Lin Yi was waiting for the dishes, he heard someone call his name.

Looking at the person who spoke, Lin Yi instantly felt that this world was too small.

Yesterday, Ji Qingyan had just fired Yu Lili, and he didn't expect to meet her at his hotel today.

"What a coincidence, I didn't expect for you to apply here."

"It is indeed quite a coincidence." Yu Lili crossed her arms in front of her chest and looked down at Lin Yi.

"Lin Yi, Oh Lin Yi, I really underestimated you. I didn't expect you to quietly latch onto President Ji's thigh. I fired you one step ago, and then you went to complain and asked her to fire me. That's really something."

"Do you think it's appropriate to tell me this now? I'm a guest at the Peninsula Hotel after all. Isn't it a little inappropriate to treat God like this?"

"Do you think you're worthy of being called the Peninsula Hotel's God?" Yu Lili said in disdain.

“Why am I not?”

“You’d better take a hike. You’re just a gigolo for a rich woman. Do you really think you’re a high-class person?”

The waiter ran over to Lin Yi when he saw them arguing.

He whispered in his ear,

“Manager Yu, this customer seems to be quite special. You’d better keep your mouth shut.”

“What’s so special about him? I know his situation.” Yu Lili said venomously.

“He used to be my subordinate. He relied on his good looks to get on the president’s good side. In reality, he’s just a gigolo. If he didn’t have a rich wife to support him, he’d never be able to come to the Peninsula Hotel for a meal.”

Everyone else in the restaurant had looks of disdain on their faces when they heard Yu Lili’s words.

1

“It’s a good thing I didn’t ask for his WeChat just now. So, it turns out he’s a gigolo who sleeps with rich women. It’s disgusting just thinking about it.”

“You really can’t judge a book by its cover. He looks quite elegant, so I didn’t expect him to be this kind of person. I misjudged him too.”

“We need to learn from this. Don’t just pounce on handsome guys anymore.”

The couple sitting at the other table had different expressions when they learned of Lin Yi’s identity.

“See what I said? He’s just a gigolo. You should believe me now, right?” The man said proudly and contemptuously.

“You’re right about that. I hate men who sleep with rich women the most. They don’t rely on their own hands to work hard, and they only know how to take advantage of opportunities. It’s disgusting just thinking about it.”

“That’s right. Other than being a little better looking than me, he can’t be compared to me in any other way. I wouldn’t go begging a rich woman to support no matter how long I live!”

Lin Yi smiled as he listened to the others gossiping about him.

“I’m too lazy to talk to you. Go get Wang Tianlong.”

“Oh, not bad. You even know our manager’s name. But let me tell you, even if you get Manager Wang here, it’s useless. We still have a relationship, and he won’t do anything to me just because of a low-level client like you.”

“Then you can call him here and let me see his attitude.”

“Alright, for the sake of our former relationship, I’ll make your death a little quicker. I’ll let you see the cruelty of this society.”

Saying that, Yu Lili looked at the waiter beside her.

“Go and call Manager Wang here.”

“No need to call him. I’m already here.”

Wang Tianlong snorted coldly and walked over from not far away.

Yu Lili went up to him and said, “Brother Long, I suspect that this person has been behaving inappropriately. I suggest that the hotel security remove him to avoid affecting the dining environment of the other guests.”

Wang Tianlong’s anger was burning in his heart. He pointed at Yu Lili’s nose and cursed.

“Are you f*cking blind? The person sitting in front of you is the owner of the Peninsula Hotel. Do you think he has been behaving inappropriately? Do you not want to work here anymore? Hurry up, pack your things and get lost!”

Chapter 33: I Really Am a Shareholder

Yu Lili was stunned. She felt like she was hearing things.

“Manager Wang, What did you say? He’s the owner of the Peninsula Hotel?”

“That’s right. The day before yesterday, Director Lin bought the Peninsula Hotel. How dare you talk to Director Lin Like That? I think you should stop working here and pack up your things and leave.”

Everyone’s head buzzed when they found out Lin Yi’s identity.

“Oh my God, that handsome guy is the boss of the Peninsula Hotel? He’s so young and promising.”

“We’ve all misunderstood him. How can such a handsome and rich little brother be a gigolo?”

“As expected, every handsome person has an extraordinary identity. We’re all judging a gentleman’s heart based on the words of a scoundrel.”

The couple sitting at the other table had awkward expressions on their faces as well.

“That’s a slap to the face, isn’t it? He’s a good-looking guy, but you called him a gigolo. You have a problem with your mentality. Looks like I’ll have to reconsider our relationship.”

2

Yu Lili looked at Lin Yi in disbelief.

“Lin... Lin Yi, are you really the boss of the Peninsula Hotel?”

Yu Lili’s voice trembled as she spoke. She was obviously frightened.

“Didn’t Tianlong tell you my identity? Do you think he would lie?”

“If you really have such a background, why did you work at Chaoyang before?”

“I’m allowed to experience life, right?”

1

“Alright, stop talking nonsense.” Tianlong continued, “Hurry up and pack your things and get out of here. Don’t embarrass yourself further.”

“Lin Yi, listen to me. I know I did something wrong. I used to target you when I was at Chaoyang. I’ve already realized my mistake. Please give me another chance.”

“I can give you another chance, but I’ll see if Tianlong dares to keep you.”

Tianlong shivered. He was sure that if he dared to give Yu Lili another chance, he would also need to pack up and leave!

“Hurry up and stop talking nonsense. Don’t ruin Director Lin’s appetite.”

In the end, Tianlong called for security and chased Yu Lili out.

He didn’t want to drag himself down by spouting nonsense here.

“Director Lin, I’m really sorry for ruining your appetite.”

“It’s okay. Tell them to hurry up and serve the dishes. I’m hungry.”

“Okay, okay, okay. I’ll tell the kitchen to hurry up and serve the dishes.”

Lin Yi stretched after the meal and prepared to drive for Didi.

There were only two orders left, and he would get the reward from the system when he was done.

Awesome.

Ring, Ring, Ring...

Before Lin Yi could start taking orders, his phone rang. It was an unknown number.

“Hello?”

“Hello, Mr. Lin. Let me introduce myself first. I’m the Senior Vice President of Didi Chuxing, Tian Yan.”

“And then? What’s the matter?”

“Well, you bought 21% of our shares yesterday. As the second largest shareholder of the group, I’d like to talk to you as the company’s representative. I’m wondering if you have the time now?”

Lin Yi wasn’t surprised to receive a call from Didi’s Chuxing.

The system had helped him buy 21% of their shares. Logically speaking, they all wanted to contact him.

However, now was not the time to meet them.

There were only two more missions to complete, so he had to finish them first.

“I have something to do now, let’s talk about it later.”

“Okay, I’ll call you later.”

Tian Yan was very polite and did not waste any time.

As an elite in the workplace, she knew that time was precious for people like Lin Yi.

Wasting a second of his time was likely to annoy him, so she hung up the phone in time.

After hanging up the phone, Tian Yan’s phone rang again.

It was the president, Cheng Shuang.

“How’s the situation? Has Chairman Lin agreed to meet with you?”

“Not really. He said he had something to do, so I hung up and prepared to call him back later.”

Cheng Shuang was silent for a few seconds on the other end of the phone.

“Do you have any other arrangements?”

“I plan to go to visit Jericho to check it out firsthand. They are Didi’s biggest agent in the coastal area. I want to see if there are any problems and take care of it at the same time. Anyway, I’m free now.”

2

“You can make the necessary arrangements, but the priority is on Director Lin. Don’t delay the important business.”

“Don’t worry, I know what to do.”

After leaving Peninsula Hotel, Tian Yan took her cell phone and prepared to call a taxi.

As a Didi executive, Tian Yan had already formed the habit of calling for a taxi at any time. This would help her better understand the actual operations on the ground.

In the parking lot not far away, Lin Yi had just opened Didi’s app when he found a suitable order.

1

“Prepare to take the order, from the Peninsula Hotel to the Jericho Company Limited.”

Lin Yi did not say anything else and directly snatched the order.

How could he let someone steal his business from right at his doorstep?

With that, Lin Yi successfully grabbed the order and drove the car to the entrance of the hotel.

Seeing the silver Pagani driving towards her, Tian Yan sighed in her heart.

Although the economic situation in Yang City was very developed, a car like Pagani Zonda wasn’t something that would be commonly seen.

Zhong Hai was indeed not ordinary.

Moreover, the driver was a little handsome.

“Are you Ms. Tian with the card number ending 6888?”

“Yes, that’s me.” Tian Yan was stunned. “You are?”

“Didn’t you call for a car just now?”

“Yes, but I called for a Didi.”

“I drive for Didi. Get in the car.”

Tian Yan was stunned for a while. “What, what did you say? You drive for Didi?”

“Doesn’t it look like it?”

“No.”

Tian Yan was a little confused. When did her company become so powerful?

Were all the drivers under her company driving Paganis?

“But I do drive for Didi. Hurry up and get in the car.”

“Okay.”

No matter what, Tian Yan was an elite in the workplace, and she quickly got used to Lin Yi’s identity.

Although she had achieved financial freedom long ago, it was her first time riding in a car of this level.

It was way more advanced than her BMW 7 Series.

“Are you using your Pagani and driving Didi to experience life?” Tian Yan asked.

“You could say that,” Lin Yi said with a smile.

The passenger was a normal one, and it would not be a problem for him to complete the order.

“Rich kids these days sure know how to have fun. They even use such a method to flirt with girls. I’m guessing many girls will say that they’re hot when they get into your car.”

Lin Yi noticed that Tian Yan’s temperament was similar to Ji Qingyan’s. Both of them had the aura of a professional woman.

However, in comparison, Ji Qingyan was more innocent.

“You make me sound like a scumbag,” Lin Yi said. “Can’t I drive for Didi if I’m driving a supercar?”

“Yes, you can, but I have to remind you to pay attention to your words and actions. If you do anything to discredit Didi, you’ll be suspended,” Tian Yan said with a smile.

“Will I be suspended just because you say so?”

“Of course.” Tian Yan smiled at Lin Yi. “I’m the Senior Vice President of Didi. Do you think I have the right to suspend you?”

“Tsk, you sure have a mouth full of lies,” Lin Yi said.

“You say you’re the Senior Vice President of Didi, and I say I’m a shareholder of Didi.”

1

Tian Yan laughed so hard that she fell back.

She then took out her work card from her bag and waved it in front of Lin Yi.

“This is my work card. I’m really Didi’s Vice President.”

“I’m not lying to you. I’m really Didi’s shareholder.” Lin Yi said.

“I bought 21% of your shares yesterday, and you just called me to ask me to meet you.”

Chapter 34: Shut Down

Tian Yan was stunned.

She felt like her brain was lacking oxygen.

Only a few of the company’s executives knew about the acquisition of the shares, and they did not have the time to explain it to the public.

Unless something unexpected happened, it was impossible for outsiders to know about it.

Moreover, he had just said that she had called him.

If that was the case, the person sitting in front of him was most likely the new shareholder of the company!

“You’re Mr. Lin Yi!”

“That’s right, it’s me.”

Tian Yan’s chest heaved up and down. She had never thought that such a coincidence would happen to her!

“Director Lin, I’m really sorry for the offense earlier. I hope you won’t take it to heart.”

“It’s alright, just give me a five-star review later.”

“Of course, of course.” Tian Yan said respectfully. “But I still want to ask, are you serious about driving for Didi?”

“Of course I’m serious.”

“But you’re already so rich, how can you still...”

“Experience life. I was still working as a salesman in a real estate company before.”

Tian Yan took a deep breath. It seemed that the world of the rich was really not something a commoner like her could understand.

“Mr. Lin, after taking this job, can you give me a chance to sit down and have a chat?”

“We’ll see. I’m a little busy today.”

“Sure, we can chat after you’re done.”

“Okay.”

Lin Yi drove to the entrance of Jericho Company.

“Here we are.”

“Thank you for driving me here, Director Lin.” Tian Yan was a little nervous.

It was amazing that she took the second largest shareholder’s car for a business trip.

“What’s going on? Can’t you pay?”

“I don’t think so,” Tian Yan said suspiciously.

If she couldn’t pay, the order wouldn’t be completed, and it would not be counted toward the system’s mission.

Buzz Buzz Buzz...

At that moment, a push message came from the phone.

“Greetings, Didi Driver. Due to your violation of the rules of the platform, we’ve decided to suspend your service.”

“Huh? Suspend your service?”

Lin Yi and Tian Yan were confused when they saw the notification on their phones.

Why did they suspend their service?

Lin Yi looked down and realized that it wasn’t Didi Company that had announced it to him.

It was a company called Jericho.

Lin Yi looked up and realized that the company in front of him was Jericho!

What a coincidence.

“What’s the relationship between this Jericho Company and Didi?” Lin Yi asked.

“This company is our operator in the coastal area. All activities here are managed by this company.”

Tian Yan felt like she was about to die from anger. What the hell was Jericho doing?!

They were ruining everything at this critical moment!

Lin Yi rubbed his chin as he seemed to understand what was going on.

Yesterday in the car, I scolded a woman called Xu Yang, and then she complained to the platform.

That is when I got a call warning me.

However, the other party was also stunned. It is probably because of this that he had been suspended today.

“Director Lin, don’t worry, I’ll take care of it.”

This Jericho really did not want to do business anymore. They even dared to block Director Lin’s car.

He was really out of his mind!

“Calm down first, I’m the victim here. Look at how angry you are.” Lin Yi said

“It’s mainly because these people are too lawless. There’s no order at all!” Tian Yan said.

“I’ll get the company to check the phone number of their person-in-charge right now. They’ll be disqualified as agents as soon as possible!” Tian Yan continued.

“It’s better to convince people with logic,” Lin Yi said.

“I have phone records here. give them a call first and see what’s going on.”

“Then I’ll have to trouble you, Director Lin.”

Lin Yi took his phone and found the phone records from yesterday.

“I’m Lin Yi. You’re the one who banned my operating status, right?”

The other party was obviously stunned for a moment, but they soon realized who Lin Yi was.

“That’s right, it was me. Aren’t you awesome? Not only did you scold the passenger, you even dared to scold me. I’m going to ban you today. Let’s see what you’ll do after that!”

“That passenger scolded me first, alright?”

“What’s wrong with scolding you?” The guy asked in response. “Don’t you know your own status? The customer is God. You have to suffer even if he scolds you. Do you think you’re a big shot? Get the f*ck out of here. Don’t use Didi in the future.”

1

“You’d better watch what you say. The Vice President of Didi is by my side.”

“Stop bragging, okay? Who Do you think you are? How can you bring our vice president out there?”

“I’m Tian Yan. I’m downstairs at the Jericho Company. You have three seconds to come down. Otherwise, don’t blame me for being rude!”

“Tian Yan?”

The other party paused for a moment and then burst into laughter.

“Awesome, you actually dared to find someone to pretend to be Boss Tian. I’m f*cking impressed.”

Lin Yi hung up the phone speechlessly after this. "How does Didi choose your agents? Did you guys look for a bunch of retards?"

"Director Lin, calm down. I'll go deal with this right now."

"Let's go. If the two of us don't go up, we probably won't be able to solve this problem."

"Don't worry, Director Lin. I'll definitely give you a perfect answer."

With that, the two of them got out of the car together and walked into the Jericho Company.

...

In the conference room, a few executives of Jericho Company were busy having a meeting.

"What's going on? Why are they quarreling?"

The person who spoke was a middle-aged man named Lu Wenda, the general manager of the Jericho Company.

He was slightly chubby and sat in the main seat of the meeting room with his eyes closed.

"Yesterday, a Didi driver scolded a passenger, and the other party called the head office to complain. Today, I banned that kid's operating license."

The person who spoke was Luo Yuanfa, the director of the Jericho Operations Department.

Other than those two, the other executives of the company were also here.

"Did the other party make a phone call to try to reason with you?"

"Yes." Luo Yuanfa smiled and said, "And that kid also said that he found Didi's vice president and thought that he could bluff me. After being scolded by me, he hung up the phone on his own accord."

"Alright, it's just a little punk. Don't bother with him," Lu Wenda said.

"As long as this incident doesn't repeat itself, there's no need to discuss this nonsense. Just seal it off directly. It's not worth wasting time on them."

"Got it, Chief Lu."

Lu Wenda straightened his expression and said.

"Let's continue the meeting. I just heard some news. An unknown rich man has bought 21% of Didi's shares. As the saying goes, a new official is always in the limelight. The platform is likely to make relevant changes. Everyone, be prepared."

"Got it, Chief Lu."

"Little Luo, this is especially true for your operations department. You have to keep your spirits up. We are Didi's biggest operator along the coastal region. We can't make any mistakes during this period."

"Don't worry, Chief Lu. I'll definitely take care of the drivers below us." Luo Yuan said with a smile.

Just then, the door to the meeting room was pushed open and Lin Yi and Tian Yan walked in.

“Who are you? How dare you barge into our conference room!”

Lin Yi smiled. “Didn’t you ban my license? Let me talk to you.”

Chapter 35: Seamless Integration

Lu Wenda glanced at Luo Yuanfa.

“Luo, this is your operation department’s business. Go handle it.”

Luo Yuanfa turned around and looked at Lin Yi.

“Kid, you have some guts. You actually came to our company. Still, let me tell you, even if you came here, it’s useless. I’ll seal you up. You have to endure it even if you don’t like it! Get lost, or I’ll call security!”

Lin Yi shrugged and sat down on the sofa.

“Tian Yan, you handle it.”

Tian Yan looked at Lu Wenda, Luo Yuanfa, and the others with a cold face.

“Right now, as the Vice President of Didi, I’m disqualifying Jericho Company from partnering with us!”

“You... you’re the Vice President of Didi?!”

Tian Yan snorted and threw her business card on the table!

Upon seeing Tian Yan’s card, Lu Wenda, Luo Yuanfa, and the others widened their eyes and felt their jaws hit the floor.

They were all badly frightened.

What... what was going on?

Why was even the vice president alarmed when a person’s operating license was revoked?

“President Tian, please listen to my explanation,” Luo Yuanfa said,

“This person is suspected of insulting passengers and has caused a bad impact on our company’s reputation. Otherwise, we wouldn’t have done this.”

“So what if he insulted the passengers?” Tian Yan said coldly.

“Let me tell you. The person standing in front of you just bought 21% of Didi’s shares yesterday. He is the second largest shareholder of the company. Do you need us to say anything else?”

As soon as these words were said, it fell on the attendants’ heads like thunder.

1

They knew that someone had bought the company’s shares.

They never expected that it was this man in front of them!

“Tian... President Tian, you are not joking with us, right?” Lu Wenda said with fear and trepidation.

“He is just a Didi driver, how could he be a shareholder of the group?”

“Then I have to say, Director Lin is using Pagani to drive for Didi. What else do you want to say?” Tian Yan questioned.

“Director Lin has a chivalrous mind and refuses to be mixed up with those good-for-nothing sons and daughters. He ventured out to experience life, but he was actually banned by you people without so much as a question. From today on, your operator license is revoked. Pack up your things and leave!”

“Luo Yuanfa, look at what you’ve done!” Lu Wenda cursed. “Go apologize to Director Lin, or I’ll kill you!”

Luo Yuanfa’s head buzzed as he crawled toward Lin Yi.

“Mr. Lin, please don’t lower yourself to my level. Just treat me like a fart.”

“Weren’t you acting all high and mighty just now? Why are you so scared now?” Lin Yi said.

“What do you mean customers are gods? So what? You want me to just roll over and die? With your behavior, you must have bullied a lot of people over the years.”

Luo Yuanfa didn’t say anything because there was no room for argument.

“As one of Didi’s shareholders, it’s better to deal with this seriously.” Lin Yi said lightly. “Just like Tian Yan said, pack up and leave.”

Ring, Ring, Ring...

At this time, Lin Yi’s phone rang.

Upon seeing the caller, Lin Yi didn’t hang up and instead said,

“Tian Yan, you take care of the rest, I’ll go down first.”

“Got it, Director Lin.”

Coming out of the meeting room, Lin Yi picked up the phone.

“Wang, you wanted to see me?”

The person called Wang was known as Wang Cuiping, the director of the orphanage.

She was the one who took care of Lin Yi, and all the children in the orphanage called her that.

In other words, if it wasn’t for Cuiping, Lin Yi would have died a long time ago.

“Yi, are you busy with work now?” Cuiping asked with a smile.

“Everything’s fine. You and Uncle Zhao are fine, right?”

“We’re fine too. You don’t have to worry about me,” Cuiping said. “I want to ask you something. There’s a girl named Liu Sisi, you should know her, right?”

“Liu Sisi? What’s wrong with her?” Lin Yi asked

Lin Yi was a little confused. Mother Wang probably didn’t know about him and Liu Sisi, so why was she asking about her?

“A few days ago, this girl called me and said that you guys broke up. She wanted me to talk to you.”
Cuiping said

Lin Yi finally understood what was going on.

Liu Sisi knew about his history.

She should know that there was no hope of getting back together with him, so she called Wang and wanted her to talk to him about it.

“You watched me grow up. You know my character, I wouldn’t do things without reason.”

“You’re still so stubborn, Kid.”

It was obvious that Cuiping had expected such an outcome.

“I know I can’t persuade you, and I can’t get involved in the affairs of young people, but you’re not young anymore. You need to start thinking about marriage.”

Lin Yi smiled. “Wang, I’m guessing that’s not the only reason you called me today.”

Cuiping knew Lin Yi, and the opposite was also true.

She would not have called him just because of Liu Sisi.

There must be something else.

“It’s nothing, actually.” Cuiping said with a smile:

“I have a good friend. Her daughter’s about the same age as you, and she’s single as well. I just wanted to set you up with her, so I took the time to meet her first.” Cuiping said with a smile

“No way! You’re trying to force a connection!” Lin Yi said with a smile.

“It’s mainly because my friend has taken a liking to you. She told me a long time ago, and I waited until now to call you.” Cuiping teased. “I only called you because I had no other choice.”

“It’s just a meeting, so what’s the big deal?” Lin Yi said.

“Wang, just say the word, and I won’t hesitate even if there’s a fire pit dead ahead.”

“You little brat, what are you talking about?” Cuiping lectured. “I’ll send her contact information to your phone later, and you guys can meet up when you have time.”

“Okay.”

“I know you’re busy with work right now, so come back when you have time. I miss you already.”

Lin Yi’s nose twitched. “Got it. I’ll come back to see you in a few days.”

“You don’t have to make a special trip. Just come back when you’re free. Don’t delay your work.”

“I got it.”

“Alright then, that’s all for now. I won’t disturb your work.”

Lin Yi hung up the phone and shook his head helplessly. This Liu Sisi really did not want to give up!

Soon, Lin Yi received a WeChat message from Wang Cuiping.

It was the specific information for the blind date.

Her name was Song Yunhui. She worked in a bank and there was a photo of her attached to the back. Because she was using an extremely powerful beauty filter, it was impossible to tell what she really looked like.

Since Mother Wang had said it herself, Lin Yi had to give her respect. He had to find some time to meet her.

Ring, Ring, Ring...

At that moment, Lin Yi’s phone rang again. It was Ji Qingyan.

“Are you busy? Is business good?” Ji Qingyan asked with a smile.

“Business is bad. We haven’t finished the deal yet.”

“The most important thing is the experience. It doesn’t matter if you make money or not.”

Lin Yi nodded. “You should have a reason for calling me at this time.”

“It’s not a big deal. It’s my grandpa’s birthday tomorrow, and I want us to go shopping together tonight. I want to buy some clothes, and I’ll buy you some as well.”

Chapter 36: Your Porsche Is in the Way

“Sure, I’ll pick you up tonight. I want to buy some clothes too.” Lin Yi said

He’d bought a few sets before, but they were not enough. He needed to buy more.

“Then it’s a deal.” Ji Qingyan beamed.

“Deal.”

After hanging up, Lin Yi leaned back in his chair. He was a fake boyfriend, but it was not good to go empty-handed. He had to bring some gifts.

What would an old man like?

Antique calligraphy?

That was a good choice.

At the same time, Tian Yan walked out of the Jericho company gracefully.

“Director Lin, I’ve taken care of everything.”

“You’ve restored my license too, right?”

“Yes, and I’ve also informed the company to give you the highest permission level within the app.”

“What’s the use of the highest permission level?”

“It’s just some auxiliary functions, but one of them is very practical. The user can search for your license plate number and specify the order, and then you can decide whether to accept it or not.”

“This function is quite practical.”

“It’s our honor to be praised by chairman Lin,” Tian Yan said politely.

“If you have any other questions, you can ask me. I’ll do my best to help you.”

“Then I do have something,” Lin Yi commented. “Do you know anything about antiques?”

“Antiques? Director Lin, are you going to give it as a gift?”

“Yes, an elder is celebrating his birthday. I’m planning to give him something.”

Tian Yan rolled her eyes and said.

“Director Lin, please wait a moment, I’ll make a call and ask about this.”

As she spoke, Tian Yan unbuckled her seatbelt and made a call outside the car. She only came back a few minutes later.

“Director Lin, is one of Zhang Daqian’s painting okay?”

Lin Yi was not a scholar, but he had heard of Zhang Daqian’s name.

Any painting of such an expert would cost at least ten million.

It wasn’t just a ‘yes’—it was a strong ‘yes’!

“You can get one of Daqian’s painting?” Lin Yi asked.

“Our President Cheng got a copy of Mr. Zhang’s ‘Painting of the Peach Blossom’ at the Sotheby’s auction house. I’ll get someone to send it over if you like it.” Tian Yan answered.

“Alright, how much is it? I’ll send it over to you,” Lin Yi said.

“Director Lin, you’re joking. How would I dare to take your money? As long as you like it, it’s yours.”

“No, a deal is a deal,” Lin Yi said.

“But I don’t think you would take it even if I gave you the money. Tell CEO Cheng that I’ll exchange 1% of my shares for his painting. No matter who comes out of the winner from this deal, at least the debt will be settled.”

2

“To u-use 1% of the shares to trade!”

Tian Yan was dumbfounded. With Didi’s current market value, 1% of the shares was worth at least 500 million dollars!

No matter how expensive the painting was, it couldn’t possibly be worth 500 million dollars.

This handsome and overbearing Director Lin was too generous!

“Yeah, let your boss know that I’ll be using this painting tomorrow. Yangcheng isn’t far from Zhong Hai. It should be delivered before noon tomorrow, right?”

“No problem, we’ll arrange for someone to send it over.”

“Get Someone to send it to the Peninsula Hotel and give it to one of Wang Tianlong’s men.” Lin Yi stretched lazily and said.

“If you have nothing else to do, you can go back too. There’s nothing for us to talk about. You guys can just stick to the original business model. I won’t interfere too much.”

Seeing how easy Lin Yi was to talk to, Tian Yan could not believe her ears.

It was a rare sight in the workplace for everyone to keep their jobs when a new boss walked in.

“Lin, our president wants to invite you to Yangcheng as a guest, so I....”

“Yangcheng...”

Lin Yi mumbled, “I’ll go there soon, but I’m not sure when. Go back first and wait for news from me. I’m just an ordinary person, so you don’t have to keep following me around.”

The orphanage he lived in was in Yangcheng, and Lin Yi had to go back.

It had been more than half a year since he graduated, and he had not been back yet. Something was not right.

“Then I’ll go back first. I won’t waste Director Lin’s precious time,” Tian Yan said with a smile.

“Okay.”

As she watched Lin Yi drive away, Tian Yan felt that Lin Yi was not somebody ordinary.

He was different from the other rich kids—he had a unique aura about him.

All of a sudden, Tian Yan felt her face burning up, and she jumped in shock.

“How could I have those kinds of feeling? That’s impossible...”

Ring, Ring, ring..

Just as Tian Yan was feeling nervous, her phone rang in her bag.

She was surprised to find that it was Lin Yi calling.

Tian Yan's heart started beating rapidly.

They were done with business matters, but Director Lin was still calling her. Could it be for something else?

Tian Yan got even more nervous at the thought of it.

"Director Lin, you wanted to see me?"

"Pay for the fare just now. Remember to give me five stars and a good review."

Tian Yan was a little flustered. "Okay, I'll pay now."

Soon, Lin Yi received a five-star review from Tian Yan on his phone.

He looked at the mission board again and realized that the completion rate was already at (9/10).

If he accepted one more mission and got a five-star review, the mission would be completed.

He looked at the time and realized that it was already noon. Thus, Lin Yi went back to the Peninsula Hotel lazily and had a meal on the side of the road, preparing to accept the mission.

In truth, Lin Yi did not care whether he accepted the remaining mission or not. He was going to look for Ji Qingyan at night anyway, so he just needed to continue milking this cow.

However, they were quite familiar with each other, and Lin Yi felt that it was better to practice moderation with her.

Therefore, he decided to use Ji Qingyan as a safety card.

"Time to accept the order. From the Wanda Plaza to the Peninsula Hotel."

'What a coincidence, I'm going to my own territory.'

Lin Yi didn't think too much about it.

He headed toward Wanda Plaza according to the location on the map.

Wanda Plaza was bustling with activity. People were coming in and out of the plaza every day.

At that moment, a young man and woman walked out of the mall.

"Brother Fei, didn't you buy a Porsche? Why didn't I see it?" The woman said as she held onto the man's arm.

"There were too many people here. I didn't park here," The man called Brother Fei said.

"If these poor people saw a luxury car like a Porsche, they would definitely crowd around and take photos. If they accidentally touched my car, my heart would ache."

1

"You're right. A luxury car like this, which costs millions, would definitely attract a crowd if it was parked in a public place."

“Let’s go. I hope that when we leave later, we won’t attract a crowd,” Brother Fei said.

“Before you came to look for me, I had just parked my car when a group of girls came over to take photos. There were also quite a number of girls who wanted to ask me for my WeChat. If I hadn’t scolded them, they probably wouldn’t have let me go.”

“It’s normal for those girls to want to get close to you because you drive a Porsche.”

While they were talking, the two had already walked to the parking lot and found that there were many people standing in front of their car taking photos.

“How annoying. I parked my car so far away, but there are still so many people taking photos. These poor people haven’t seen the world.”

“Let’s go. We don’t need to pay any attention to them. Let’s get in the car and swallow these poor people up!”

“Okay, I’ll follow your plan.”

The two of them then walked toward the Panamera.

“What are you taking photos of? Stay away from my car. You can’t afford to damage it!”

“What are you yelling for? It’s just a Porsche, what’s there to be proud of?” Someone retorted.

“Hehe, this isn’t a cayenne, it’s a Panamera. I bet you guys can’t afford to eat or drink for the rest of your lives if you scratch it. Get away from my car!” Fei yelled.

“Hey, dude in front, your Porsche is blocking the road. Can you give way?” Lin Yi said.

Chapter 37: What’s The Hurry?

“F*ck, what are you shouting for? It’s a Panamera, can I not block you for a while...”

“Th-that is a Pagani!”

Upon seeing Lin Yi’s car, Brother Fei immediately shut his mouth and apologized profusely.

1

“I’m sorry, I’ll get out of the way now.”

“Brother F, that sports car driver is so arrogant,” the woman said.

“How can he not be arrogant? That’s the Pagani Zonda. The price is more than 20 million!”

“How... how can it be so expensive?!”

The woman’s eyes lit up!

Such an expensive car cost enough to buy ten Panameras.

“Haha, finally, someone is here to take care of this pretentious criminal.”

“If he drives a lousy Panamera, he thinks the sky is the limit. However, compared to Pagani, he is just a pile of trash!”

“I look down on this kind of villain who has so much ambition. They only have a little bit of money, but act like they’re a king. It’s fucking disgusting!” Fei and his girlfriend drove to the side to make way for Lin Yi’s car.

Many people took out their phones to take photos when they saw Lin Yi’s car approaching.

“Don’t just look at the car, look at the driver. He’s so handsome.”

“Handsome and rich. God is too biased.”

“I want to ride in a sports car like this too. I’ll die without regrets!”

After the road was cleared, Lin Yi drove a few dozen meters ahead and arrived at the designated location.

At this time, a slender woman was making a phone call.

“You’re here so soon.”

“Don’t worry baby, I just finished shopping. I’ll be there soon.”

“Don’t worry, I didn’t drive home. I called for a Didi and I’ll be there soon. Wait for me at the hotel. I bought a lot of new lingerie. I’ll show it to you if you do well.”

The woman looked around after hanging up. She’d been waiting for a few minutes, so why wasn’t the car here yet?

At that moment, Lin Yi arrived in front of the woman in his Pagani.

“Are you Mrs. Yang with the card number ending 3838?”

“How did you know that?”

“I’m the driver you called for. Get in.”

Tianxin was a little confused. Was Didi really that awesome?

The company was actually launching a luxury car plan?

Moreover, the driver was quite handsome.

Unfortunately, his status was a little low-class, otherwise she would be able to chat with him.

Sitting in the passenger seat, Tianxin smiled. “Your Didi company is pretty good. To think that you’d come up with such a creative marketing method.”

Lin Yi shook his head with a smile. This woman was probably the same as Xu Yang from before.

They thought that this car was Didi’s.

“Why can’t this car be mine?”

“Yours?” Tianxin smiled disdainfully. “Little Bro, don’t joke around. Which second-generation rich kid would come back to drive a Didi? Do you think I’m one of those inexperienced girls?”

“Haha...”

Lin Yi smiled and didn’t say anything else.

He’d better focus on driving. He just needed to get another five-star rating and he’d be able to complete the mission.

Thinking about it now, the full-career experience system was pretty good.

He had completed ten missions so far.

Xu Yang’s mission had left behind a bad rating, which was not counted toward the mission.

As for the remaining nine five-star reviews, six of them were from Ji Qingyan, Wang Ying, Tian Yan, and Xia Xinyu.

In other words, eight of the five-star reviews were taken care of by acquaintances. He had received a five-star review from Xia Xinyu based on his own ability.

Moreover, it was because she had asked him to pretend to be her boyfriend.

As for the other orders, the customers he met were not easy to get along with.

It seemed that modern society was still very hostile.

It was indeed very hard for Didi drivers who lived at the bottom level of society.

After all, not everyone could work the way he did without caring about others’ expressions.

“Hey, hey, hey, what are you doing? Why did you change routes? Are you trying to charge me more money? Don’t you know that I’m in a hurry?”

“I’m not taking a detour, I’m taking a shortcut. The address on the map is too far away.”

The Peninsula Hotel was his territory, and Lin Yi knew the shortcut, so he decided not to follow the navigation on the app.

He did not think that he would be misunderstood.

“Bullshit!” Tianxin said. “I think you’re going on a detour!”

Lin Yi was speechless. He thought he was being kind.

“Fine, I’ll follow the original route. Is that good enough?”

“What do you mean ‘enough’? You took a detour just now, do you know how much time was wasted?” Tianxin said. “Do you think I’m that easy to fool?”

“You can believe whatever you want,” Lin Yi was speechless as he cursed in his heart. “Why are you in such a hurry?”

Lin Yi noticed that there seemed to be a brand logo of a sexy lingerie on Tianxin's pocket. Liu Sisi had also worn this brand before.

It did not seem to be cheap.

Lin Yi thought about it. This woman had just bought lingerie, and now she was going to a hotel. Was it not obvious what it was for?

Lin Yi felt a chill at the thought of it.

It was not nice to think about such a shriveled body.

Compared to Ji Qingyan's voluptuous body, this woman was lightyears away.

"Alright, there's no need to go any further. Just park at the side entrance."

'She's afraid of people seeing us!' Lin Yi thought to himself.

The gullwing door opened, and Tianxin got out of the car.

Lin Yi sat in the car and thought about it. It felt like his hopes for a five-star review was doomed.

These people were too hard to please.

Soon, a notification came from his phone, informing him that he had received a five-star review.

Huh?

Lin Yi was very surprised to see this five-star review.

He had made such a scene, and he still got a five-star review?

The Yang woman wasn't that good-looking, but she still had some redeeming qualities.

However, Lin Yi soon realized that something wasn't right.

He'd already received a five-star review, and the system mission should've been completed by now. Why was there not any reaction at all?

He looked at the system mission and found that it was still (9/10), the same as before.

"System, is there something wrong with you?" Lin Yi asked. "I've already completed 10 5-star reviews, so why haven't I completed the mission?"

[The previous passenger gave the host a star, not a 5-star.]

"Bullshit, I even got a 5-star review notification on my phone."

[The host's application has been tampered with. Everything is based on the system.]

"Tampered with?"

Lin Yi rolled his eyes as if he understood what was going on.

He picked up his phone and dialed Tian Yan's number.

Tian Yan answered Lin Yi's call again.

"Lin, you wanted to see me? I haven't left the station yet. I can go back at anytime."

"There's no need to come back. I just wanted to ask if you guys changed the evaluation system." Lin Yi asked. "Is it true that any of my passenger's evaluation is now a five-star rating?"

"Director Lin, how did you know about this?"

"There's no need to do that. You guys should change it back to the way it was before," Lin Yi said.

"I want to experience the life of an ordinary person. I don't want any privileges."

Chapter 38: Bikinis Are More Suitable for You

1

"Got it. I'll inform the technical department to adjust your privileges," Tian Yan said.

"Okay, get the people under you to do it."

After this, Lin Yi hung up the phone and got ready to work.

Two hours later, Lin Yi received four orders, obtaining three four-stars and one three-star for his work.

All four of them thought that the car belonged to Didi and didn't think that it belonged to Lin Yi.

The second-generation nouveau riche did not look the part and was only treated as a driver. He did not get any bonus for the trips.

Lin Yi Sighed and muttered to himself,

'It looks like driving Didi isn't a good job either. It's quite difficult to get a five-star rating.'

He looked at the time and saw that it was already past four in the evening. Ji Qingyan was about to get off work, so he had to go pick her up.

He had no choice but to continue with her plan to pick her up.

Ring, Ring, Ring...

His phone rang, and he saw that it was Wang Ying.

"Sister Ying, what's up?" Lin Yi asked

"Yi, tell me the truth. Do you have any connection to the CEO?" Wang Ying asked.

"Uh..."

Lin Yi Thought for a moment. "We're friends. What's Wrong?"

"I heard from the personnel department that the president wants to promote me to the position of sales director. Did you put in a good word with the president?"

"I just mentioned it in passing." Lin Yi smiled. "With Sister Ying's strength, she's more than enough to become the sales director."

"Looks like I didn't dote on you for nothing. I'll treat you to a meal when I'm free."

"I'm afraid I can't do it over the next few days. I have a lot of matters to handle. We can celebrate after you officially take up your new position."

The sales director was a very important position in Chaoyang Group. Whether Wang Ying could become the sales director also depended on the other company executives.

However, with Ji Qingyan around, it should not be too much of a problem.

"Okay, then it's settled." Wang Ying said with a smile.

"Okay, it's a deal."

After hanging up, Lin Yi looked at the time and realized that it was almost time. Hence, he slowly drove toward Chaoyang Group.

He stopped beside his little Shari and wiped the dust off.

Although it was a little broken, it had always been there for him during his most difficult times.

He had to treat it well.

It didn't take long for Ji Qingyan to walk out of the elevator. Her blue tuxedo dress and French white shirt made her look smart and capable.

"A document was suddenly sent up to my desk at the last minute. Sorry I worried you since I was a little late."

"It's okay, I just got here too."

"Are you hungry? If you're hungry, eat first. If you're not, let's go shopping first." Ji Qingyan said.

"What about you?"

"I'm fine either way. I'll follow your preference."

"Women can't say that. It's easy for people to misunderstand."

"Tsk." Ji Qingyan said, "Then let's go shopping first. We'll eat together after. I've already placed an order, so hurry up and grab it."

As she said that, Ji Qingyan's order popped up in the app.

Lin Yi reacted quickly and snatched the order.

At that moment, Lin Yi felt that the five-star review was waving at him again.

He looked at the address of the order and saw that it was Times Square. With that, Lin Yi sped away.

Soon, the two of them arrived at Times Square. Ji Qingyan carried her bag and prepared to get out of the car.

“Hey, Hey, Hey, you haven’t given the five-star review yet,” Lin Yi said.

Ji Qingyan smiled proudly. “You can get a five-star review if you want, but it will depend on your performance today.”

“I finally understand. You’re asking me to carry your bag.”

“Smart.”

Lin Yi wasn’t in a hurry. With Ji Qingyan’s personality, a five-star review wouldn’t be out of the question.

Ji Qingyan wasn’t as purposeful as Lin Yi when shopping.

She wanted to shop for clothes, but she also wanted to shop around other stores .

She had not bought any clothes yet, but she had bought a lot of cosmetics.

“Eh? I think there’s a swimsuit shop up ahead,” Lin Yi muttered.

“You want to buy a swimsuit?”

“I have a big swimming pool at home. I should at least enjoy it.”

“You’re right. Let’s go take a look,” Ji Qingyan said enviously.

Even though she lived in a villa, it was nothing compared to Lin Yi’s Jiuzhou Pavilion.

At the very least, there wasn’t an outdoor swimming pool.

“Are you going to choose swimming trunks for me?”

Lin Yi asked when he saw Qingyan come in.

“I’m not going to buy them for you.” Qingyan said. “There are women’s clothes here too. Let me take a look.”

Lin Yi rubbed his chin.

“You’re right. You said earlier that you wanted me to feast my eyes. After buying the swimsuit, I think you’ll be able to fulfill your promise.”

Qingyan blushed. “You’re just trying to trick me. If I’d known that the Jiuzhou Pavilion was yours, I wouldn’t have said that.”

“But you could have just said something else. I didn’t force you.”

“Tsk, you’re just being unreasonable.” Ji Qingyan said. “Hurry up and go in. It’s a public place. Don’t talk about this kind of thing in public.”

Lin Yi smiled when he saw Ji Qingyan’s shy expression. “Sure, let’s talk in a private place.”

“Sir, Ma’am, how can I help you?”

The salesgirl said warmly as they entered the shop.

“We’ll look around by ourselves first. We’ll call you if we need your help,” Lin Yi said.

“Okay.”

Lin Yi went shopping very quickly. He picked out a few suitable sizes and got ready to pay.

After all, it was his own swimming pool and no one would be watching him, so the style wasn’t that important.

If it were not for the fact that he was afraid of immorality, Lin Yi would not have a problem not wearing swimming trunks at all.

Lin Yi quickly picked out his swimming trunks, but Ji Qingyan was surprisingly slow. She kept picking and choosing, and after more than ten minutes, she still could not find a suitable set.

“Let’s go, I’m not going to buy it anymore.” Ji Qingyan said.

“Why aren’t you buying it?”

“I can’t find a suitable one.”

“You can’t go that far. There are so many styles, and you still say that you can’t find a suitable one?”

“The looks are fine, but the sizes are not complete.”

“Ma’am, the swimsuits in our shop have all the normal sizes.”

Obviously, the salesgirl didn’t want to let Lin Yi and Ji Qingyan off so easily.

“What’s a regular size?” Lin Yi asked casually.

“Regular sizes are ABC Cups. They’re all full size.”

Lin Yi glanced at Ji Qingyan. “Don’t tell me you’re a D Cup?”

Ji Qingyan’s face turned red. She was a little embarrassed.

“You’re going to die. There’s an outsider here. Why do you keep saying everything?”

“Uh, let’s go. Let’s go to another store.”

After paying, the two walked out of the shop and went to the swimwear shop next door.

“They seem to have more styles than the previous one.”

“Wait for me outside. I’ll try my best to come out as soon as possible.”

Lin Yi nodded and said, “President Ji, I think with your figure, a bikini is more suitable for you.”

“In that case, I won’t buy a bikini.”

Ji Qingyan snapped proudly before walking into the swimsuit store.

After about two minutes, Ji Qingyan walked out with a white handbag.

It was obvious that she had bought the swimsuit that she liked.

“Let’s go to the fourth floor.”

“The fourth floor?”

Lin Yi Thought for a moment. “I seem to remember that the sixth floor is where the international brands are sold.”

“I’m not buying normal clothes, I’m going to buy a dress. There are a lot of people coming tomorrow, so I won’t be wearing formal clothes,” Ji Qingyan said.

After setting their target, the two of them went to the fourth floor.

Lin Yi noticed that not only were there ladies’ dresses, there were also a lot of niche brands.

Although the brands weren’t loud, the styles were quite pleasing.

After walking for a few minutes, the two of them stopped in front of a store.

“Lin Yi, what do you think of the dress that’s changing color?”

Chapter 39: Who Said I’m Not Buying? I Don’t Have a Choice

“It’s alright, let’s give it a try.”

The two of them walked into the shop together, and Ji Qingyan pointed at the evening gown on the mannequin.

“I’d like to try this on.”

“Sure, please wait a moment.”

From the way they were dressed, it was obvious that they were rich people, so the shop assistant was willing to serve such customers.

If they were ordinary people, they might not have been so willing.

Soon, the dress was taken down, and Ji Qingyan took it to the fitting room. During this time, Lin Yi waited outside while feeling bored.

“Lin Yi, come here for a moment,” Ji Qingyan called from the fitting room.

“You’re changing. It’s not good for me to go in.”

“I’m not afraid, so what are you afraid of?”

Lin Yi thought about it and realized that she was right!

She was not afraid even as a woman, and he was a man, so what was there to be afraid of?

In the fitting room, Ji Qingyan’s back was facing Lin Yi as she covered her chest with her hands.

“Help me fasten the zipper at the back, I can’t do it myself.”

The dress that Ji Qingyan chose had a backless style, and the zipper could only be fastened from the bottom.

The back was pure white, and it shone like jade.

“Aren’t you revealing a little too much?”

Ji Qingyan chuckled and pointed at the chair beside her. “There’s a shawl too, it can be used to cover my back.”

Lin Yi glanced at it and saw that there was indeed a light-colored shawl on the chair.

However, his gaze was attracted by Ji Qingyan’s underwear.

“President Ji, are you sure you are a D cup? Why do I feel like you are actually an E Cup?”

2

“Don’t look at it so openly.”

Ji Qingyan grabbed her lingerie over with one hand. How could she forget about it when she was changing?

Even so, Lin Yi didn’t care about it and helped Ji Qingyan to zip up.

“It’s done.”

Coming out of the fitting room, Ji Qingyan stood in front of the big mirror while holding the hem of her dress as she turned slightly.

“How is it? Does it look good?”

“Very good.”

Ji Qingyan was so amused that she staggered back and forth. “Which teacher taught you such poor English? It’s so terrible.

“It’s enough to express what I mean. Don’t worry about the details.”

Ji Qingyan smiled and nodded. “Since you said it looks good, then I’ll choose this one.”

“No problem.”

The female employees were also amazed by Ji Qingyan.

Even if they wore it on themselves, it definitely would not look as good.

“Madam, I feel that this evening gown is tailor-made for you. It fits you too well.”

“Thank you. I’ll go change first. Please help me pack it up later.”

“Okay, no problem.”

“Hubby, this evening gown is really beautiful. I want one too. It’s perfect for your company’s opening day the day after tomorrow.”

The person who spoke was a young woman in a black wrap dress. Beside her was a man in his forties with a pot belly. He had an air of arrogance about him.

"It's no big deal."

The middle-aged man looked at the saleswoman. "Get me a dress of the same style."

"I'm really sorry. This gift is a custom-made one from our store. If you want it, you have to make a reservation first. It'll be ready in about a month."

"I'll have to wait a month?"

The middle-aged man was unhappy. "Can you hurry it up? We need to wear it the day after tomorrow."

"I'm really sorry. That can't be done. Because of our promise of guaranteed quality, it'll take at least a month to make it."

"You don't have to play this game with me. It's just about money. I'll give an extra ten thousand dollars if you'll tell your designer to quickly make a set for me."

The salesgirl was about to cry.

"Sir, this evening dress is made by an Italian designer. It's completely handmade. It can't be delivered to you the day after tomorrow."

The middle-aged man pursed his lips. He had already said so much, but the other party still had not given in. He reckoned that there was really no way to pressure them into hurrying up.

"You heard it too. It's true that it can't be made the day after tomorrow. Let's change to another style."

"No, this is the one I like."

With that, the young woman walked over to the salesgirl and said, "This dress costs more than 80,000 dollars, right?"

"Yes," the salesgirl said.

"Judging from their looks, I don't think they can afford it. Let them take it off, then just put it in my bag."

"Who says I can't afford it?" Ji Qingyan asked with a cold face.

"It costs more than 80,000 dollars. Can you really afford it?" The woman crossed her arms in front of her chest and looked indifferent.

"Of course," Ji Qingyan said, "And I can afford it on my own."

The woman was furious. "What do you mean? Are you saying that I'm a sugar baddy?"

2

"You know exactly what's wrong with you."

The woman was frightened by Ji Qingyan's strong aura and took half a step back.

"Honey, this woman is a bully. Help me stand up to her."

The middle-aged man looked at Ji Qingyan with a teasing look.

“I know you’re not short of money, but let me tell you, as long as I say the word, this evening gown will still be mine.”

“On what basis?”

The middle-aged man touched his pocket and took out a golden card.

“See, I’m a gold member of Times Square and have the right to buy it by force. Now you should understand, right?”

Seeing the golden card in the middle-aged man’s hand, the salesgirl was surprised.

According to the membership system of Times Square, one had to spend at least five million dollars to become a golden member.

Not only were there discounts when shipping, but they had the right to buy things first!

Therefore, even if the lady in front of her could afford this dress, she still had to sell it to the other party first!

Ji Qingyan did not say anything. She was a regular customer of Times Square, and she understood the membership system.

Even though she had her eyes on this evening gown first, he was a golden member, so she could not buy it even if she wanted to.

“Hehe, what are you waiting for? Hurry up and take off your clothes,” the young woman said proudly.

Ji Qingyan’s face was cold as she walked toward the fitting room in her skirt.

“Wait, where are you going?” Lin Yi said.

“I’m going to take off my clothes. You can help me unzip.”

“Okay.”

The two went to the fitting room as Lin Yi helped Ji Qingyan unzip before walking out.

Seeing that Lin Yi and Ji Qingyan were scared, the middle-aged man and the woman beside him became very arrogant.

“As a person, you have to understand that there’s always someone better than you. Although your conditions aren’t bad, you’re still not on the same level as us. Next time you go out, keep your eyes open so that you don’t lose face.”

Lin Yi smiled and did not say anything. Instead, he stood at the side and waited for Ji Qingyan to come out.

A few minutes later, Ji Qingyan changed her clothes, handed the dress to the shop assistant, and prepared to leave.

“Why are you leaving?” Lin Yi said.

“I’m not buying the dress. What are you still doing here?”

“Who said you are not buying it? I have to buy it.”

Ji Qingyan tugged at Lin Yi. “They’re golden members of Times Square. They have the right to buy it first. Even if I choose the item first, it’s useless.”

“They’re just golden members, what’s so great about that?”

“Haha, golden members aren’t that great, but they can still take this dress from your hands.”

After hearing this, Lin Yi took out a platinum card from his pocket.

“Since your golden members have the right of first refusal, then my diamond members should be even better, right?”

Chapter 40: Blood Is About to Spurt Out!

The shop became extremely quiet when everyone saw the shining card.

They all knew that the minimum net spend to become a diamond member in Times Square was at least 10 million!

It was said that there were only a few diamond members in the whole of Zhong Hai. Who would have thought that they would run into one today!

“Let’s take the dress,” Lin Yi said. “Such good-looking clothes have to be worn by good-looking people. Some people are too unattractive, and they give off the aura of a city-countryside mongrel. It would be a waste of money for them to take these clothes.”

Ji Qingyan was a little embarrassed since there were so many people here at this moment.

The salesgirl looked at the middle-aged man. “Sir, I’m really sorry. This gentleman has a diamond membership, so I can’t sell this evening dress to you guys.”

“Yes, yes, yes, we won’t buy it.”

The two of them were extremely embarrassed. They thought that they would be able to do whatever they wanted here with a gold membership, but they didn’t expect to meet a tough guy.

It was a slap to their face!

Soon, the salesgirl packed up Ji Qingyan’s evening dress.

Because he was a diamond member, he even ended up getting a 30% discount.

It was a good deal.

“Lin Yi, it’s all thanks to you today,” Ji Qingyan said.

“It’s nothing. I didn’t want to take it out at first, but he was a little too cocky.”

Ji Qingyan looked at Lin Yi with a smile and whispered, "Since you stood up for me, I'll fulfill my promise tonight and let you feast your eyes."

4

"Then I'll have to trouble you to fulfill your promise."

After buying the dress, the two of them went to a suit store. While there, Ji Qingyan said,

"Let's go check out a suit. I'll be paying today."

"You're buying clothes for me and also want to give me a visual feast later. I'm a little embarrassed."

"Tsk, let's go check out the clothes first." Ji Qingyan said, "Don't forget, you still have a mission at hand. You have to act well in the play tomorrow."

"Don't worry, I know what I'm doing."

After a while, the two went to a niche men's clothing store called W& AMP;Y. Not only did Ji Qingyan choose a suit for Lin Yi there, she also bought a pair of leather shoes, a shirt, and a tie.

1

When Lin Yi came out of the fitting room, Ji Qingyan's eyes lit up, and she was stunned!

How did this guy grow up so much?

He looked like a completely different person in a suit.

The female staff at the side was even more dazzled as she almost jumped onto Lin Yi.

"He's practically a walking mannequin!"

"He can even make a debut like this!"

"He's so handsome, the heavens won't tolerate him!"

Lin Yi looked at himself in the mirror. From what he remembered, this was his first time wearing a suit and it felt pretty good.

However, at that moment, Lin Yi saw Ji Qingyan squatting by his feet, helping him tidy up his pants.

This scene made Lin Yi feel quite strange.

"How do you feel?"

After tidying up her pants, Ji Qingyan asked, "I think it's pretty good."

"Since you said it's pretty, then I can't go wrong with it. Let's take it."

"Okay."

Ji Qingyan handed her bank card over. "Use my card."

Lin Yi changed his clothes and carried his bags to the food court in Times Square. He ate something and then prepared to go home.

In the parking lot, they found a large group of people taking photos of his car.

“This car is too cool. There are probably only a few in all of Huaxia.”

“And it’s a local car from Zhong Hai. Only Young Master Qin and Young Master Wang have the ability to buy it.”

“Hehe, stop taking photos. I know the owner of this Pagani,” a man wearing shorts and a tattoo on his arm said.

His words immediately attracted the envious gazes of many young women.

Since he knew the person driving the Pagani, he had to be someone special too.

“Handsome, can we chat on WeChat?” A long-haired girl said.

“No problem.”

At the same time, a few bold girls came up to ask for his WeChat.

The tattooed man didn’t reject anyone. He added all of them as his heart bloomed with joy.

This was so f*cking exciting. He bragged about this, and so many girls wanted to add him on WeChat.

He had to eat more kidneys for the next month to make up for this scam.

“Cough cough cough. Bro, I don’t think I know you.”

The tattooed man looked at Lin Yi and asked, “Who are you? Do I know you?”

“Didn’t you say you know the owner? This Pagani is mine.”

The tattooed man was stunned. “You... You are the owner?”

Lin Yi pressed the key in his pocket, and the xenon headlights of the Pagani lit up. The gull wing door opened, and the crowd cried out in surprise.

It really was the owner of the car!

Slap!

A second later, the long-haired girl slapped the tattooed man in the face. “Liar!”

Slap! Slap! Slap!

Another series of slaps rang out. The girls who had added the tattooed man’s WeChat all slapped him across the face, making his face look like a pig’s head.

1

“Serves you right!”

Ji Qingyan said quietly after getting into the car.

Lin Yi smiled. They were all women, and Ji Qingyan hated scumbags to the core.

This time, Ji Qingyan did not place the order because she did not know where to set the destination to.

If she set the destination for her own home, the swimsuit she just bought would be useless.

If she set the destination for Lin Yi's Jiuzhou Pavilion, it would make it seem like she really wanted to go.

Therefore, Ji Qingyan simply held her phone and decided not to place the order. Lin Yi could just take her anywhere he wanted.

Lin Yi did not think too much about it either as he dragged Ji Qingyan back to the Jiuzhou Pavilion.

Inside the pavilion, all the lights were lit up, as if it was daytime.

Lin Yi changed into his swimming trunks when they reached the edge of the pool. He was going to go swimming for a while.

However, Lin Yi's swimming skills weren't very good. He learned it in physical education classes during his university days, and he only knew how to do the basics.

Seeing Lin Yi beside her, Ji Qingyan couldn't help but look at him.

This guy's figure was too good, right?

Abdominal muscles, mermaid lines, why were they all on his body?

"If you want to look, you might as well do it openly. Why are you sneaking around like that?" Lin Yi said. "I think you're the one enjoying the feast today, not me."

"Who's looking at you?" Ji Qingyan turned her head and snapped.

"I'll go down first. Help yourself."

As he said that, Lin Yi suddenly plunged down, splashing water all over Ji Qingyan's body.

"Lin Yi, I think you did it on purpose." Ji Qingyan stomped her feet angrily.

"How did I do it on purpose?" Lin Yi was confused.

"You splashed water all over me. Stop acting!"

"Didn't you already buy a swimsuit? You can just change into it. The clothes will be dry tomorrow and you can still wear it."

Ji Qingyan did not say anything because this small incident gave her a way out.

Although she had promised Lin Yi that she would keep her promise, it was still a little embarrassing for her to change into a swimsuit right now.

Now that her clothes were wet, she had no choice but to change.

With that, Ji Qingyan carried her clothes back to Villa Number One.

During this time, Lin Yi was at the edge of the pool. He took his phone and told the people at the property to send over fruits and other snacks to eat later.

When she changed into his swimsuit and walked out, Lin Yi could not take his eyes off her.

“Damn it, I’m going to get a nosebleed!”
