### Chapter 341: Go and Flatten LI Qingfeng

Liu Changning knew that he was being teased by the bartender, but he still pretended to be calm and said,

“We want a private room, a bigger one. Help us get one.”

“The deposit for the big private room is 20,000. Just scan the code and pay.”

Hearing the number 20,000, Wang Lu and the others were secretly shocked.

They hadn't done anything yet, but they were already being asked for a deposit of 20,000 yuan. Zhonghai was indeed a big city!

20,000 yuan wasn't a small amount, but to Liu Changning, it was still acceptable.

After graduating from high school, he immediately started driving an A6. With such a family background, he naturally wouldn't be short of 20,000 yuan.

After paying the deposit, the group walked to the second floor under the guidance of the waiter.

“Let's go to the dance floor after we chill in the room for a while,” Du Yuxuan said:

“Look at those little brothers and sisters. They seem to be having a good time.”

“Yeah, yeah, I want to go too. It's fun to watch,” Wang Lu said.

Wang Ying shook her head. This kid was getting more and more wild.

“You guys go in first.” Lin Yi said when they reached the door. “I'm going to the bathroom.”

Everyone nodded without saying anything.

Lin Yi went up to the fifth floor after he got out of the bathroom.

This was where Yao Donglai and Liu Qiang worked. He happened to be here today, so he told them about Li Qingfeng.

He kicked open the office door and saw the two of them sitting in the office bragging.

“Boss Lin is here!”

The two of them stood up and welcomed Lin Yi to the sofa.

“Boss, are your friends here with you? Which room? I'll get someone to send something over,” Yao Donglai said.

“I came with someone else, but I'm not paying for anything. It's okay to send a few items, but we can't keep taking advantage of you when you're trying to run a business.”

That was what Yao Donglai and Liu Qiang admired the most about Lin Yi. He understood a lot of things very well.

He was unlike other bosses, who didn't know how to do anything other than let their underlings take the fall for them.

"Boss Lin, we know you're thinking of us, but sending in some fruit plates and beer won't cost much. We can still afford it."

"We're all on the same side, so there's no need to play these games." Lin Yi waved his hand.

"I came here because I have something to tell you. Didn't I tell you to take care of a guy called Li Qingfeng today? That guy hasn't changed a bit, and he said he wants to send someone over to take revenge on me. Get ready, make sure he learns his lesson, and ensure he doesn't show off in front of me in the future."

"Qiang Bro and I went there personally, and he's still not convinced?" Yao Donglai said playfully. "He's been doing well lately. He doesn't even give us any respect anymore."

"People die for money, and birds die for food. He definitely won't be willing to give up so much money at once," Lin Yi said.

"I'm just here to remind you guys to clean up this mess when you have time. Don't let him show up ever again."

"Got it, Boss Lin. I'll arrange for someone to come over tomorrow."

Lin Yi nodded. "You two take care of it. I'll leave first."

Back in the room, Lin Yi found that Wang Lu and the others were already using this place as a karaoke room.

Each of them was holding a microphone, enjoying themselves.

'What a waste,' Lin Yi thought to himself. 'Although it's similar to a karaoke place, this kind of place is normally reserved for rich young masters. They typically use it to play multiplayer games, but you guys are actually singing in here. This is too naive.'

Ring, ring, ring...

Lin Yi's phone rang at this time. He took it out and saw that it was Qin Han calling.

"Old Lin, I heard that you went to Metropolis."

Qin Han said before Lin Yi could say anything.

"I'm here. I just got here." Lin Yi smiled.

"You're too well-informed. You heard the moment I arrived."

"Baldy Qiang told me." Qin Han said.

"Old Lin, I don't mean to be rude, but you didn't even call me when you went to Metropolis."

“There are outsiders with me, so that’s why I didn’t call you.” Lin Yi said. “Don’t worry, I still remember I’m supposed to treat you guys to dinner.”

“F\*ck f\*ck f\*ck, what are you waiting for? Let’s just do it today.” Qin Han said. “I’m with Old Liang and Old Gao, we’re coming to look for you.”

“No way. It’s not like you’ve never been to Metropolis before. Why are you so excited?”

“Then you’ve misunderstood. We’re not rushing over because you’re in Metropolis,” Qin Han said slyly.

“Then what’s the reason? Wang Ran doesn’t even work here anymore.”

“It’s because I trust your judgment,” Qin Han said.

“The women who can stay by your side must be pretty good-looking. Haha, wait for me there. We’ll head over now.”

“What a bunch of old perverts.”

Lin Yi didn’t say anything when he saw that he couldn’t stop Qin Han.

Besides, no one would object if someone like Qin Han came over.

“Uncle, is your friend coming over?” Du Yuxuan asked.

Lin Yi nodded. “He found out I was here, so he wants to come over. I couldn’t stop him.”

“That’s great. It’ll be more lively with more people,” Du Yuxuan said.

“Why did you invite more people? We won’t even be able to fit in the room anymore,” Liu Changning said reluctantly.

If it was up to him, he wouldn’t even want Lin Yi to stay here.

Now that he invited his peers, Liu Changning was even more reluctant.

“Didn’t you invite your cousin over as well? You said it would be crowded, but why can’t uncle invite some people over to play as well?” Du Yuxuan said.

“That’s right.” Wang Lu said, “If you’re afraid of spending money, we’ll split it with you later.”

“Lulu, what are you talking about?” Liu Changning smiled awkwardly.

“Although our family isn’t very rich, we can still afford to spend such a small amount of money. Besides, my cousin is richer than me. We don’t have to worry about him when he comes.”

The reason why Liu Changning called his cousin over was that he realized that with his level of skill, he couldn’t handle the scene in Metropolis.

His hometown was a small third-tier city. The nightclubs there were completely incomparable to Metropolis.

With his experience. It was still difficult to handle such a place, so he had to call his cousin over.

“Let’s go down and walk around. It’s boring to stay in the room the whole time,” Du Yuxuan said.

“I want to go to the dancefloor with those little brothers and sisters.”

“I want to go too.”

After saying that, Wang Lu glanced at Wang Ying. If Wang Ying didn't say anything, she wouldn't dare to go.

“Since we're already here, just go if we want to.”

Since they were already here, she should just let it be. She couldn't ruin their mood either.

“Oh yeah!” Wang Lu cheered and jumped up. She called out to the others and said,

“Let's go down and take a look. I can't wait any longer.”

“I think we should wait,” Liu Changning said.

“My cousin often comes to such places to play. He will be here soon. When the time comes, let him bring us down so that we won't be bullied by others.”

### **Chapter 342: The Mr. Lin They Were Talking About Seems to Be Myself**

“This shouldn't be necessary. Uncle is here. With him around, what are we afraid of?” Du Yuxuan said.

“You don't understand, right? Metropolis is a high-end nightclub. There are many kinds of people here. He's just a small white-collar worker. If something really happens, he won't be able to deal with it. It's better to wait for my cousin to come.”

The others didn't say anything else after seeing how insistent Liu Changning was. After all, he was the one who paid for the room, so they had to give him face.

A few minutes later, the door to the room was pushed open.

Two men and three women came in from outside.

The five of them weren't very old, being about the same age as Lin Yi.

They were dressed fashionably, and it was obvious that they were nightclub regulars

“Cousin, you're here.”

Seeing the man who came in, Liu Changning went up to greet him.

“Let me introduce everyone. This is my cousin, Lin Hexiang.”

After saying that, Liu Changning introduced the others to Lin Hexiang, effectively combining the two group together.

However, when he saw Wang Ying, Lin Hexiang's eyes lit up.

This woman's temperament was different from the others in the nightclub.

She looked like a good housewife.

This kid Liu Changning was really good. He actually brought a woman of such high quality. It seemed that he had to work harder.

“Students, there’s no point in staying in the private room. I’ll bring you down for a walk. The college entrance examination has just ended. You must release the pressure in your hearts.”

Lin Hexiang’s arrival gave Liu Changning some confidence. He laughed and said,

“Everyone, feel free to play today. If there’s anything you don’t understand, just ask my cousin. He will definitely ensure you have a good time.”

“That’s right. I often come to Metropolis to have fun. I know many people here, and I’m also quite familiar with the boss here. You don’t have to worry about anything, just do what you want.” Lin Hexiang laughed and said.

The girls were eager to give it a try, and Lin Hexiang led them out of the room.

Lin Yi and Wang Ying walked behind, the latter whispering.

“I didn’t know there’d be so many people here. I’m afraid we’ll be going back very late today. If you’re tired, just leave, don’t worry about me.”

Lin Yi’s hand pinched Wang Ying’s waist, and he smiled.

“That idiot Lin Hexiang’s eyeballs almost popped out when he saw you. Do you think I can leave without worrying?”

Wang Ying was a little embarrassed by Lin Yi’s teasing. She whispered,

“I didn’t expect our Little Yi to be so protective of his meal.”

“Naturally.”

“Don’t worry, I won’t let them succeed. I’ll keep this meal just for you.”

“Good, I like hearing that.”

Slowly, the group arrived at the dance floor downstairs.

“Why are there two dance floors here?” Wang Lu asked when they reached the first floor.

“You don’t know?” Lin Hexiang said.

“That small dance floor is usually used by newbies. Veterans like us go to the big dance floor to have fun. I’ll take you there now.”

Wang Lu and the others nodded. Some of them were not nervous at all.

They were all people who were preparing for the middle school arts exam and had some dancing skills. When faced with such a scene, they were not worried at all.

“What’s going on? Why are these people making way for us?” Du Yuxuan asked curiously.

Lin Hexiang was also a little puzzled. Why did these people automatically make way for him when they saw him?

“Look, Mr. Lin is here.”

“So he is the husband of your dreams. Legends of him have been circulating all throughout Metropolis. I didn’t expect to see him in person today.”

“I must record such an exciting moment. It’s too exciting.”

Hearing the discussions of the people next to him, Liu Changning became excited.

“Cousin, are these people talking about you when they say Mr. Lin?”

“If I’m not mistaken, that should be me,” Lin Hexiang said with a smile.

“After all, I often come here. One time, I even bought a drink for all the people here. They should recognize me.”

“Cousin, you’re a little modest. There are only two people with the surname Lin here, and the other is just a white-collar worker. He hasn’t even been to a nightclub before. How could anyone know him?”

“What you said makes sense.”

Lin Hexiang smiled and waved his hand at the others. He didn’t expect to receive such an exciting treatment just for a casual visit.

Lin Hexiang took out a golden card and handed it to the waiter.

“Waiter, open a booth for me.”

“Yes, sir. Please wait a moment.”

“Cousin, I saw the words ‘Metropolis’ on this card. Is it a membership card for this club?” Liu Changning asked.

“This is the highest-quality membership card in Metropolis. You can only apply for it after you deposit 100,000 yuan,” Lin Hexiang said with a smile.

“When I came to support the opening ceremony, I conveniently got one. No matter what you order, you’ll receive a 70% discount. It’s very cost-effective.”

“Aren’t you a little too reckless? You bought a 100,000 yuan card just like that?”

“It’s just 100,000 yuan. It’s not a big deal. I’ll earn it back in a few days.”

“Cousin, you’re the best. I have to learn from you in the future.”

“What’s with all the praise? It’s not a big deal.” Lin Hexiang waved his hand arrogantly, “Everyone, please order whatever you want on the menu. Don’t stand on ceremony with me. Since I’m here today, I have to do my best as the host. I promise that everyone here will get to eat, drink, and have fun.”

The few girls nodded their heads and expressed their gratitude toward Lin Hexiang.

Although he was not as handsome as Uncle Lin, they still had to thank him for spending his money.

“Look, what did I say? When my cousin came, everyone was shocked, right?” Liu Changning said pretentiously.

“Everyone calls my cousin Mr. Lin. This is not a title that everyone can enjoy.”

“Alright Changning, we’re all here to play, and we’re all on the same side. There’s no need to show off my identity. It’s meaningless.”

“Cousin, no wonder you can earn so much money. Your low-key personality isn’t something anyone can replicate,” Liu Changning said with a laugh.

“If it were me, I’d be eager to show it off every day.”

“You’re still young. When you’re older, you won’t have such thoughts.” Lin Hexiang crossed his legs. His expression was carefree, as if he was giving pointers.

“Alright, stop flattering me. Let’s have a few drinks first. I’ll bring you guys to the dance floor later.”

“Okay, okay, okay. I can’t wait either.”

At the same time, there was a commotion around the booth.

“F\*ck, f\*ck, f\*ck, move aside, don’t block my path.”

Hearing someone shouting from behind, the onlookers automatically made way.

They saw several people walking toward them with different things in their hands.

“Mr. Lin, I didn’t know you would come here to hang out. I didn’t prepare anything in advance. I just ordered a bottle of Ace of Spades. Have a taste.”

“Mr. Lin, this is my brother. He just stole this ’82 Lafite from our dad’s liquor cabinet. Have a taste.”

“Brother Lin, we don’t have much money. We ordered a fruit plate for you. Don’t mind it,” a short-haired girl said with a smile.

“Mr. Lin, we don’t have much money. We can only send you two cases of beer.”

“And our...”

It didn’t take long before the table in the booth was filled to the brim with stuff. There was a mountain of stuff on the table, and they wouldn’t be able to finish it even if they drank until the next morning.

Lin Yi smiled. These people had good taste. They actually took the initiative to send stuff over.

He’d better pay for the whole table later. He couldn’t be too stingy.

Seeing the stuff on the coffee table, Liu Changning was dumbfounded.

His cousin’s aura was too overwhelming.

He had just sat down for a few minutes, yet people were actually taking the initiative to send things over.

Awesome!

Super awesome!

“Did everyone see that? Check out this huge spread.” Liu Changning straightened his back and said.

“If it weren’t for my cousin, you guys would never have seen such a big spread in your entire lives.”

Du Yuxuan and the other girls were also very surprised.

Zhonghai was the richest city in Huaxia. Liu Changning’s cousin was really something to be able to have such a big reputation in such a city.

Seeing that the girls in front of him were all looking at him with envy, Lin Hexiang said with a smile,

“You guys are too polite. I just came here to play with my cousin and a few of his classmates, yet you guys are giving me wine and fruit platters. It’s making me feel embarrassed.”

“Who the f\*ck are you? Don’t be so smug. We’re not talking about you. Stop acting cool.”

Lin Hexiang paused. None of the people in the booth had any status or reputation. Who else here deserved such treatment other than himself?

“If you’re not talking about me, who else could it be?”

“Well, I think the Mr. Lin they’re talking about is myself,” Lin Yi said with a smile.

### **Chapter 343: So You Guys Are Here to Watch Me**

“W-what did you say?!”

Lin Hexiang almost jumped up in fright.

He couldn’t imagine how much power Lin Yi had here.

“That’s impossible. You’re just a white-collar worker, and you came to Metropolis in my sister’s car. How could you know so many people?!” Liu Changning said.

Lin Yi rubbed his nose and smiled.

“I don’t really know these people, but they all know me.”

“They... They all know you?”

Everyone present, apart from Wang Ying, couldn’t understand why Lin Yi was so powerful.

This was too impressive.

“Lulu, is uncle really a white-collar worker?” Du Yuxuan asked in a low voice. “That’s not possible.”

“I... I don’t know either.”

“Alright, stop prying. Your Uncle’s identity isn’t as simple as you think,” Wang Ying said.

“A secret identity!”

The girls’ eyes were full of stars.

In her eyes, Lin Yi was the classic male lead in the novel.

He was an ordinary clerk in the day, not revealing himself, but at night, he would become another person, a person who could shake the whole world.

Furthermore, he was handsome. He was too awesome.

“Liu Changning, you seem to have made a mistake. The one who is really awesome isn’t your cousin, it’s this Uncle,” Du Yuxuan said.

“Uh...”

Liu Changning smiled awkwardly, not knowing what to say.

“Sister, if my future brother-in-law has such a powerful identity, why didn’t you tell me?” Wang Lu said, “Does the Lykan near your house also belong to my future brother-in-law? You have to tell me the truth.”

Her sister lived in a middle-class residential area. There shouldn’t be such an expensive luxury car parked there.

Therefore, her sister was probably lying to her.

“Stop fooling around. That car is worth more than 60 million yuan. Who can afford it?” Liu Changning said sourly.

“It is indeed his.” Wang Ying said, “I was afraid that you would start acting vain, so I initially didn’t tell you.”

Liu Changning and the other boys were dumbfounded. It really was his?

This was too heroic!

“Why aren’t you dancing even though it is the middle of the night? What are you all gathered here for?”

Everyone turned around when they heard someone talking.

“Young Master Qin is here!”

The people around Lin Yi made way for him when they saw that it was Qin Han.

“Hello, Young Master Qin.”

Lin Hexiang bowed and greeted Qin Han when he saw him enter.

“Let me introduce him to everyone. This is the famous Emperor of Zhonghai, Qin Han. I don’t think you’ve seen him in person, but you should have heard of him online.”

Wang Lu, Du Yuxuan, and the other girls looked at him with shining eyes when they learned that this was Qin Han.

Qin Han was a super popular person on the internet. They must have been living under a rock if they didn't know about him.

"Sister Ying, you're here too."

Seeing Wang Ying, Lina walked over enthusiastically and held her arm, like a close sister.

Wang Ying still had some impression of Lina.

Previously, she was blackmailed by the BMW driver, and it was Lina who stood up to help her.

"Look, what did I say? It was a good idea to come to a nightclub like this to have fun with Old Lin," Qin Han laughed.

"Lin Bro is awesome. The girls around you are much better than the ones we found," Gao Zongyuan said.

"Not only are they better, they're also younger," Liang Jinming said. "Lin Bro is the best."

"Alright, stop talking nonsense." Lin Yi pointed at Wang Lu.

"This is your Sister Ying's sister. The rest are her classmates, they're not just random people."

"So we're all on the same side. That's even better." Qin Han smiled.

"Let's have fun today. Tonight's drinks are all on Master Lin!"

"Oh yeah!"

"Mr. Lin is awesome!"

"Mr. Lin, I love you!"

"F\*ck, you're prostituting me again," Lin Yi scolded with a smile.

"It's mainly because you have too much money. I'll help you spend it. If you don't need it, you don't need it. Why else are you going to do with so much money?"

"Alright, you have a point."

It was just a bill, and it didn't cost much. Lin Yi really didn't care about such a small amount of money.

Meanwhile, Wang Lu and the other girls looked at Lin Yi with admiration.

This was the real life of the upper class.

They didn't know if they would be able to step into this circle in the future.

Bang!

Just as everyone was cheering, the entrance to Metropolis was kicked open.

The people inside were shocked.

They turned around and saw dozens of people rushing in from outside. They were all fierce-looking. They didn't look like they were here to dance, but to fight.

"Get the f\*ck out of my way!" The leader of the group, a short-haired man, shouted loudly with a baseball bat in his hand.

"Call Yao Donglai and Liu Qiang out!"

Lin Yi turned around and frowned.

He didn't know the others, but he remembered one of them clearly.

He had seen him on the day he had met Li Qingfeng.

On that day, Cao Jingqiu said that the guy wouldn't change his nature and wanted to get back at him.

Lin Yi didn't expect him to be here so soon.

"What's this guy doing here?"

Qin Han had a cigarette in his mouth, a serious look in his eyes.

"You know these people?" Lin Yi asked.

"Standing at the door, that middle-aged man with the cigarette in his mouth. You see him?"

"Yeah."

"His name is Zhang Ao. He is one of Wang Mazi's two subordinates," Qin Han said.

"Don't judge him by his looks. He looks like a girl, but he can really fight. I heard that he is facing a manslaughter charge, but I don't know if it's true or not."

"How does he compare to Yao Donglai and Liu Qiang?" Lin Yi asked.

"He's a level higher than them," Qin Han said. "Although Baldy Qiang and Yao Donglai are not small figures in Zhonghai, there are still a fair few people in Zhonghai who are about the same level as them."

"On the other hand, Wang Mazi and Zhang Ao are already established figures. You should understand what I mean by this, right?"

"I understand now that you put it that way," Lin Yi said. "In other words, people like Yao Donglai and Liu Qiang cannot compare."

Lin Yi could see some clues from Qin Han's attitude.

When he had previously met Liu Qiang before this, he was spouting all kinds of vulgarity.

Now, as he was faced with Zhang Ao, even though he was still cursing, he was being much more controlled. This was enough to show that these guy's status in Zhonghai was much higher than Yao Donglai and Liu Qiang's.

That last sentence was enough to explain the problem.

"Looks like it's not going to be a peaceful night." Lin Yi said with a smile.

“Isn’t that good? There’s a show for us to watch.”

Liang Jinming and Gao Yuanzong leaned back in their seats and said with a smile, “I didn’t expect to be able to catch a special show. This is so exciting.”

“So, it turns out you three came here today to watch me in a show,” Lin Yi said with a smile.

#### **Chapter 344: Here’s the Money. Take It**

“Ah?! What did you say?”

Qin Han sat up. “What does this have to do with you?”

“Right.” Liang Jinming said. “I heard from Brother Qin that you know Yao Donglai and Liu Qiang, but there’s no need for you to get involved in this, right?”

Lin Yi pointed at Li Qingfeng. “See that fatty beside Zhang Ao? His name is Li Qingfeng, and he’s here for me. Yao Donglai and Liu Qiang are extras for them to vent their anger.”

“F\*ck, this is heaven-defying!”

“Don’t worry, take your time.”

“Make way!”

At the same time, Yao Donglai and Liu Qiang hurried down the stairs with their men.

However, when they saw Zhang Ao, their expressions became very serious.

Li Qingfeng was nothing, but Zhang Ao was a tough one. Or rather, Wang Mazi, who was standing behind him, was the one that they couldn’t afford to offend.

“Brother Zhang, you’re the best. You brought so many people to support us. Brother, I’ll arrange a big room for you. If you don’t think it’s enough, I’ll clear the whole floor for you,” Yao Donglai said with a smile.

“Since you’re here, let’s gamble a bit as well.”

“Old Yao, don’t mess around with me.” Zhang Ao threw the cigarette butt away.

“You know what’s going on. You’re the one who messed up Old Li’s company, right? You even cheated him out of a few million yuan. That’s not fair.”

“This...”

“Yao Donglai, Liu Qiang. We have known each other for some time, but we have to talk about this matter properly,” said Li Qingfeng.

“I’ve been in the underworld for so many years, and I’m not a pushover. Don’t blame me, Li Qingfeng, for ignoring the code of conduct in the underworld if something doesn’t change right now.”

“Then what do you want us to do?” Asked Yao Donglai.

“Hand over the person who cheated me out of money today. Secondly, if you give me another million yuan, we’ll call it even,” said Li Qingfeng.

“You know how Zhang Bro is. Don’t make a scene.”

“Old Li, that’s a bit too much.”

“I’m too much?” Li Qingfeng laughed coldly.

“You guys ripped me off for no reason. I didn’t say you were too much then, but now you’re here complaining.”

“You!”

“Alright, cut the crap.” Lin Yi said lightly. “You’re just here to find me, right? I’m here as well. Just come here and talk.”

Li Qingfeng tiptoed and looked over when he heard Lin Yi’s voice.

There were a few young men sitting in the booth in front of Mr. Fa, but their backs were all facing him.

However, he could tell that the person who spoke was the man who had extorted him during the day!

Even so, Lin Yi didn’t turn his head at all. His back was facing Li Qingfeng and Zhang Ao, and he didn’t let them see his face.

“Let’s go and take a look.”

Zhang Ao said with an unfriendly expression.

Here they were calling out for blood, but this guy was still sitting in place without flinching. This was pretty impressive.

Zhang Ao led his people and walked over alongside Li Qingfeng.

Wang Lu and the other girls were so scared that they didn’t even dare to breathe. They stood aside quietly.

They were just here to experience the life of a nightclub. Why did this happen?

This really cast a shadow over these young girls who were visiting a club for the first time.

“Brother Zhang, it’s this kid. He cheated me out of several million yuan. I’ll have to trouble you to make the decision for me.”

Zhang Ao didn’t respond. His face was full of surprise.

“Isn’t this Young Master Qin?”

“Oh, so it turns out you still remember me.” Qin Han crossed his legs and said indifferently, “Old Lin is my brother. What do you want to do about this?”

Li Qingfeng didn’t know much about the rich second generation in Zhonghai, and he had always looked down on them. These rich second generation only knew how to spend their family’s money.

Therefore, he didn't have any impression of Qin Han.

However, Zhang Ao was different. He had heard of Qin Han's name before.

"Young Master Qin, don't worry about this matter. We have our own rules to follow. There are two ways we can go about this, but I must ask that you don't interfere," said Zhang Ao.

"What? Do I, Qin Han, not even have any shred of reputation anymore?"

"This isn't a matter of reputation, it's just the rules of the underworld. You have to follow the rules when you're out here, right?" Zhang Ao said.

"Otherwise, people like us would have made a fortune by now just by going around robbing civilians every day."

Qin Han was about to speak when Lin Yi patted his leg and stopped him.

"He's already here, yet you want to settle things with just one sentence. It's against the rules to make him come all the way here for nothing. There's always room for negotiation, so let's talk slowly."

Liu Changning stood on the side, trembling. Although he didn't like Lin Yi in his heart, the way he spoke and his attitude was really cool.

He was just like the big boss of those gangs.

"It's good that you're willing to talk. Things are not the way they were before, and we don't like fighting anymore. Let's talk slowly."

"Okay, I'll give you a chance." Lin Yi looked up at Li Qingfeng and said with a smile.

"Actually, I've already told Yao Donglai and Liu Qiang to pick a time to kill you. I didn't expect you to rush here tonight. It looks like the king of Hell wants you to live a little longer. I'm all ears now, so tell me what you think."

Li Qingfeng shivered, feeling a little scared.

It was a good thing that he had brought Zhang Ao here tonight, or else he wouldn't have been able to see the sun tomorrow.

"My request is very simple. Give me back the 15 million, and then give me two million for the mental damage you caused, and we'll call it even."

Lin Yi poured himself a glass of wine and took a sip.

"11.2 million of the 15 million is for the construction done by Chaoyang Group. You want that back?"

"I made it very clear. I'll pay up the money I owe Chaoyang Group, but I'm a little short on cash. I need this money to support my other projects. I'll pay you back when I have more money."

"If I remember correctly, that's what you said four months ago, and it stayed the same until today. When will you have the money?"

"What if one day you get hit by a truck on the road and die? How are we going to get the money then?"

In Liu Changning and Wang Lu's eyes, Lin Yi's words were just a hypothetical situation.

However, to Li Qingfeng, this was a blatant threat.

With these people's methods, it wasn't difficult for them to cause a traffic accident.

"This is the nature of the construction business. The capital turnover cycle is quite long, and four months isn't considered a long period. As long as you return the money, I'll have enough funds to support the next project. I'll be able to return the money to you soon," Li Qingfeng said.

"What about you?" Lin Yi looked at Zhang Ao. "Do you have anything to say?"

Zhang Ao shrugged. "You guys can handle the money-related matters yourself. I'll only show up if a satisfactory conclusion cannot be reached."

Lin Yi raised an eyebrow. "In other words, you're supporting him in not paying back the money, right?"

"I already said that it's up to you guys to handle the money-related matters. It's none of my business."

"Zhang Ao, that's a bit too much." Qin Han said.

"You don't even want to pay back the money you owe?"

"Young Master Qin, I'm just following the rules. I hope you can understand."

When Li Qingfeng first looked for Zhang Ao, he had already made it clear to him that no matter how much money he got back, he would give him 30% of the final amount.

For this reason, he naturally wanted as much as possible, so he wouldn't interfere in this matter.

"Alright, I'll handle this. Don't say anything else."

Lin Yi looked at Li Qingfeng and said,

"You want me to return the 15 million to you, and then pay you an additional two million for mental damage. You also want Yao Donglai and Liu Qiang to hand you another one million. That's a total of 18 million, right?"

"That's right."

Lin Yi's expression froze as he looked at Li Qingfeng.

"Are you sure you won't regret taking this 18 million?"

"Why would I regret this? It's all money I deserve."

With Zhang Ao here, Li Qingfeng's back was straight, and he wasn't afraid of Lin Yi.

"Okay."

Lin Yi took out his checkbook and wrote the 18 million on it, then pushed it to Li Qingfeng.

"Here's the money, take it."

**Chapter 345: I Don't Like Revenge**

Li Qingfeng's face lit up. He didn't think that Lin Yi would give up so quickly.

It seemed that bringing Zhang Ao to settle things was the right decision.

Even though he still had to give him 30% of the reward, the price was worth it.

"Wait."

Li Qingfeng was just about to get the check when he was stopped by Zhang Ao. He looked at Lin Yi and said.

"Mr. Lin, I've met a lot of people like you before. If Li Qingfeng dares to take the check today, I believe that you won't let him off so easily. You will definitely go after him again, so I have to remind you that if you go after Li Qingfeng again because of this, I, Zhang Ao, will be there."

The rules Zhang Ao was talking about were very clear in this regard.

If today were just a one-time deal, Li Qingfeng wouldn't have an easy time in the future.

According to the rules of the underworld, Zhang Ao will end up being held responsible for this matter.

If Lin Yi were to cause trouble for Li Qingfeng again in the future, Zhang Ao wouldn't be able to ask for any more money until this matter was finally resolved.

Naturally, if Li Qingfeng had other matters that required his attention, then Zhang Ao could demand extra.

This was the so-called rule.

"Don't worry, I, Lin Yi, won't be so stingy. I would never do something as shady as to find someone to settle accounts for me."

"That's for the best, of course."

Zhang Ao's face was full of impatience.

He could get 30% of the 18 million back, and in just a few hours, he'd earned 5.2 million. This way of earning money was simply irresistible.

"I won't stand on ceremony then, since you're so straightforward, Mr. Lin," Li Qingfeng said.

"It wasn't a pleasant experience, but we've gotten to know each other. If you need anything in the future, just ask me, and I'll do my best to help you. I won't."

Lin Yi didn't say anything and merely smiled.

Qin Han lit a cigarette and leaned against the booth.

He didn't know what Lin Yi was up to, but he had a feeling that he wouldn't give in so easily.

Otherwise, he wouldn't be Lin Yi.

Bang!

The moment Li Qingfeng went to get the check, Lin Yi picked up a bottle of Ace of Spades a from the table and smashed it on Li Qingfeng's Head!

Ah!

Li Qingfeng covered his head with his hands and collapsed to the ground.

Blood and wine flowed onto the ground, and he couldn't even stand up.

"Actually, my personality is quite similar to yours. I don't like to take revenge the next day, so today's matter has to end tonight."

Qin Han, Zhang Ao, and the others were all shocked.

No one expected Lin Yi to grab a bottle of champagne and hit him.

"Mr. Lin, what do you mean by this? You've already taken out the money. Don't you mean to give it to me?" Zhang Ao said.

"How can anyone take my money?"

"I, Zhang Ao, am standing right here. Don't I deserve my cut?"

"The door is behind me, take your people and get out of here. Don't stop me from drinking."

Everyone in Metropolis was scared silly.

No one expected Lin Yi to be so ruthless.

The man was Zhang Ao, and the boss behind him was the famous Wang Mazi.

Now that such a big issue had happened, there was no way to quietly resolve the mess.

"F\*ck, I, Zhang Ao, have been around for so many years. Do you think I'm a vegetarian?!"

Zhang Ao was burning with anger. He didn't care about anything else and swung his fist at Lin Yi.

Zhang Ao's skills were indeed as Qin Han had claimed. From the angle of his attack, it could be seen that he had practiced this punch many times before.

However, Lin Yi wasn't bad either. With the help of the Sage's wisdom, he had memorized countless combat techniques. Therefore, he was confident in dealing with Zhang Ao.

Lin Yi turned sideways and dodged Zhang Ao's fist.

Then, he used his left hand to grab the latter's arm and pulled him towards him.

He was holding the same bottle in his right hand that he had used to smash Li Qingfeng, and thrust it into Zhang Ao's stomach!

Ah!

Zhang Ao covered his wound with his hand, his eyes wide open.

"You, you..."

“Boss!”

Seeing Zhang Ao injured, his underling ran over to help him up.

Now was not the time for revenge. They had to send their boss to the hospital, or else he could lose his life.

“Don’t move. If anyone dares to help him, I’ll call a car tomorrow and arrange for their whole family to be dealt with,” Lin Yi said as he pointed at everyone with half a bloody bottle.

Qin Han’s mouth twitched slightly.

Old Lin was really something. He could do such an arrogant thing.

Liang Jinming and Gao Zongyuan also gave him a thumbs up.

Brother Lin was a ruthless person.

“Yao Donglai,” Liang Jinming called out, “Go and get a few bottles of Ace of Spades for Brother Lin. These things are much easier to use than baseball bats.”

Yao Donglai’s expression fell. You rich kids are really lawless. If you continue to fight like this, someone will eventually die.

Zhang Ao’s little brother was so scared that he didn’t dare to move.

He wanted to take the truck and arrange to take out his whole family. Who could bear this kind of threat?

Zhang Ao covered his wound and lay on the ground. His face had lost all color, and even his breathing became difficult.

“Send... send me to the hospital...”

“Didn’t you ask me for money earlier? Now you don’t want it?” Lin Yi said faintly.

“No, no, send me to the hospital, Please...”

Zhang Ao knew his current state. If this dragged on, he would lose too much blood and die.

Money wasn’t important right now. The only thing that mattered was getting through this.

He threw aside the half bottle and shook off the blood on his hand. Then, Lin Yi looked at the others and said,

“Aren’t you going to f\*cking leave? Are you staying here to wait for me to invite you to dance?”

Zhang Ao’s lackeys shivered as they stepped forward and helped him and Li Qingfeng up before running away from the club.

The area quieted down, but it was still a mess.

The people present didn’t want to party anymore. They looked at Lin Yi and Qin Han quietly, not knowing what they were going to do next.

“Old Lin, don’t worry. I’ll help you settle this,” Qin Han said righteously.

“If I still needed you guys to help me settle this, I wouldn’t have had the guts to do that to him,” Lin Yi said with a smile.

“Whatever happens, happens. You guys don’t have to worry about it. If they come looking for me then we’ll deal with it then.”

“How can I do that? It’s true that WangMazi isn’t easy to deal with. It’s better to deal with him as soon as possible.”

“There’s really no need for that. I can’t just have you guys clean up my mess for me. What a headache that would be for you.”

Lin Yi stood up, stretched, and looked at Wang Ying and the others.

“It’s getting late. Let’s go back. If you hadn’t had enough fun, we can come back when we have time.”

“Yeah, yeah, let’s go.”

Wang Lu, Du Yuxuan, and the others were a little scared. They’d thought that this place was quite interesting before.

They probably wouldn’t dare come back after what happened today.

Looking at the blood on the ground, Wang Ying sighed.

She and Lin Yi were from two different worlds.

She had to clarify her position in the future.

### **Chapter 346: Return the Favor and Break the Rules**

Lin Yi and the others walked out of Metropolis under the watchful eyes of the crowd.

“I had invited you guys to have some fun today, but I didn’t think that something like this would happen. I’ll pick a time to invite you guys out for a gathering in the future.”

“We’re brothers, this is just a small matter.”

Qin Han waved his hand as he watched Lin Yi and the others leave. Then, he turned around and said to Liang Jinming and Gao Zongyuan,

“Pay attention to this for the next few days. That old fart, Wang, still has some power around here. Be attentive and don’t cause any trouble.”

“Got it, Brother Qin.”

Qin Han turned back to look at Yao Donglai and Liu Qiang. “Metropolis should close for the next few days. If Wang Mazi sends people to cause trouble, you will suffer some pretty heavy losses. Old Lin and I can’t be here all the time to protect you.”

Qin Han clearly knew that no matter who was at a disadvantage, neither side would be able to make the other party give in.

This was because none of the participants in this mess were easy to deal with. In terms of strength, they were evenly matched. It was not to the extent that either side could completely crush the other, so they each had to minimize their losses.

“Thank you for your reminder, Young Master Qin. We know what to do.”

“Alright, that’s all for now. We’ll be leaving first.”

Qin Han and the others drove off after arranging the affairs in Metropolis, continuing their hunt for the next place to party.

...

After leaving Metropolis, Lin Yi and the others went their separate ways and returned home with the two sisters.

“Brother-in-law, you were so attractive just now,” Wang Lu said eagerly.

“Just like in the TV shows. If I become a star in the future, I’ll definitely recommend you to the director to play the role of the mafia boss. A gentle and refined person like you will definitely become popular as soon as you appear on the screen!”

“Don’t give your brother Lin any bad ideas,” Wang Ying said. “The money he makes in the entertainment industry isn’t even enough for him to buy a car every year.”

“That’s true,” Wang Lu said. “With Brother Lin’s strength, he can’t live on other’s mercy.”

Lin Yi smiled and didn’t continue the conversation.

“Alright, you two are home. I’ll head back first.”

“It’s already past 12. Just stay here for the night.” Wang Ying said. “I’ll share the master bedroom with Lulu.”

“Sis, what are you talking about? If you share a room with me, what’s the point of Brother-In-Law staying here?”

“What nonsense are you spouting?” Wang Ying scolded.

She was her sister, after all, so she was a little embarrassed by this.

“Nonsense?” Wang Lu said. “How about this? I’m going to stay in a hotel while you two stay at home. I’m eighteen, and we’re both adults. Don’t worry, I understand.”

“Understand my \*ss. Go back upstairs and get to bed.”

Lin Yi smiled. “Alright, you two head to bed. We’re not far from my house, so I’ll go back first.”

“Okay, then get home safe.”

“Yeah, I know what I’m doing.”

“Bye, Brother-In-Law.”

After seeing Lin Yi off, the two went upstairs. Wang Ying took off her clothes and prepared to wash up and rest.

“I’m telling you, don’t call Lin Yi brother-in-law any more.”

“Huh? Why? He’s already staying at your house, doesn’t that count as him being my brother-in-law?”

“I’m a few years older than him, and I’m a divorcee. Do you think I’m worthy of him?”

Wang Lu pouted. “Brother Lin is indeed very outstanding.”

There was nothing to say about his looks. Furthermore, he was rich. Most importantly, he had a heightened sense of responsibility, so there were no obvious flaws to his person.

On the other hand, although her elder sister was good-looking, she seemed to be lacking in other aspects.

Just as her elder sister had said, she had even been divorced before. Looking at it this way, there were not many advantages to dating her.

“Sister, don’t tell me the two of you are in that kind of relationship?” Wang Lu asked tentatively.

“Little brat, don’t ask so many questions. Hurry up and take a bath and go to bed.”

“Hehe, I’ll know when you say that.” Wang Lu smiled and said, “Brother Lin is so outstanding. Even if it’s that kind of relationship, I can still accept it.”

“Go, go, go take a bath. Don’t pry into the affairs of adults!”

“Okay.”

...

Zhonghai City First Hospital.

Zhang Ao’s subordinates had been waiting outside the operating theater.

However, a middle-aged man in linen pants and a white robe was sitting on a bench at the side.

The middle-aged man’s appearance was horrifying. His face was full of pits and scars, and he was very unattractive.

The man’s name was Wang Bing. He used to be a container worker at Zhonghai Yangshan Wharf.

In the end, he was recognized by the boss because of his ruthlessness and became the head of security. He was responsible for the security of the whole wharf.

Due to the nature of his work, Wang Bing got to know many people. In the end, he established his own business and made a name for himself in Zhonghai.

After more than 20 years of development, he had become the number one figure in the underground world of Zhonghai. Anyone who saw him would call him Brother Wang.

However, behind his back, everyone called him Wang Mazi.

There was a tanned man standing beside Wang Mazi. He was 1.9 meters tall, and there was a light stubble on his chin. The edges and corners of his chin were clear, and even when he breathed, he seemed to have a ruthless air about him.

The man's name was Yan Biao, and like Zhang Ao, he was Mazi Wang's right-hand man.

However, his strength was greater than Zhang Ao's. He was even more ruthless than the latter!

"Boss, I've finished interrogating my men. The person who did this is called Lin Yi. He should be from a decent family, and he calls Qin Han his brother," Yan Biao said.

"Qin Han even came out to protect him when he was in trouble.

"Qin Han is a smart man. If he was just an ordinary friend, he probably wouldn't have interfered in our affairs. Thus, their relationship shouldn't be ordinary."

Wang Bing had met Qin Han once when they were having dinner, so he knew a little about him.

He never felt that Qin Han was one of those rich second generations who had lost his mind to worldly pleasures.

He still had a brain.

"Do we need to inform the Qin family about this?" Yan Biao asked.

"This is Qin Han's business. We don't have to involve the family yet," Wang Bing said. "We can handle it ourselves."

"But I've thought about it. This Lin Yi is Qin Han's brother, and his skills aren't bad. He must secretly hold a lot of power. Shouldn't we be more cautious?"

"What do you mean by cautious?" Wang Bing asked faintly.

"It doesn't seem appropriate to attack him directly," Yan Biao said. "I also see a lot of women around him. Should we start with these people?"

"Ah Biao, you've been by my side for seven or eight years, right?" Wang Bing sighed.

"It's been eight years."

"It's already been so long. Why hasn't there been any progress at all?" Wang Bing said.

"We've already reached this stage, yet, when we encounter some problems, we still use such dirty methods to resolve them. We won't be able to achieve anything big in our lifetime if this continues."

"Boss, didn't you teach me to only look at the results and not the process?"

"When I said this, it was because we hadn't established ourselves in Zhonghai yet. It's different now. If we continue to play the same game as before, we won't be able to move up in the world." Wang Bing held the mala beads in his hand and said slowly,

"When someone hits you, you get someone to beat them up. This is called returning the favor."

“When someone beats you up, you take a hoe and throw it at their ancestors’ graves. This is breaking the rules. This is what villains do. Do you understand?”

“I understand, Boss,” Yan Biao said.

“I’m going to investigate this person now. We must make him give us an explanation.”

“Don’t be anxious. The company has a bidding project with the Zhao family now. If there is any trouble in the near future, it will affect the company’s reputation and affect the bidding results. We will close this bid in half a month. It won’t be too late to act then.”

“Okay!”

### **Chapter 347: Tear It Down, I Want to Raise Some Koi**

It was already past nine when Lin Yi opened his eyes the next morning.

There was a WeChat message on his phone. It was from Ji Qingyan.

Ji Qingyan: “Did you oversleep yesterday? You don’t need money, so why are you so tired? Call me when you wake up.”

Lin Yi guessed that he probably didn’t pick her up for work in the morning and she had guessed that he was asleep.

If she didn’t hear from him by noon, she would have probably called the police.

Lin Yi called her back after he saw her message, so she wouldn’t miss him too much.

He heard a few more extra words from her over the phone.

She almost said ‘I’ll raise you myself’ to stop Lin Yi from working so hard.

After washing up, Lin Yi went out for a simple breakfast and continued driving.

After driving for such a long time, Lin Yi was finally familiar with this profession.

His efficiency had increased a lot, and he could meet all kinds of people every day.

Occasionally, Lin Yi felt that this job wasn’t too bad, as it even trained his mind.

He took seven orders by one o’clock in the afternoon, and drove another 100 kilometers, steadily increasing his efficiency.

Ring, ring, ring...

Just as Lin Yi was about to accept another order, he received a call from Wang Ran.

“Teacher Lin, I want to report something to you.”

“Okay, go ahead.” Lin Yi parked his car by the side of the road, ready to listen to Wang Ran’s report.

Although she was still lacking in business skills, her work ethic was undeniable. Every day, she would compile the major and minor events of the day into a document before sending it to him.

If it was an urgent matter, she would call him immediately, just like today.

“At Cisco, the trial production phase has ended. Two containers came in today, and they are filled with raw materials. It seems that they are preparing to produce the entire line.”

Lin Yi nodded. From Wang Ran’s previous reports, Lin Yi guessed that this day was fast approaching. According to the timeline, it was just a few days off from his expectations.

“Other than that, is Cao Xiangyu doing anything else?” Lin Yi asked.

“I overheard him on the phone yesterday. Cisco seems to be thinking of increasing contract manufacturing, but I don’t know when it’s going to happen.” Wang Ran said.

“Alright, I got it.” Lin Yi said.

“Wait for me at the factory. I’ll head over now. Oh, and there’s something else I need you to do. Contact two excavators and bring them to the factory. We need them fast as I’ll need them later.”

“Got it, Teacher Lin.”

Although she didn’t know what Lin Yi wanted the excavators for, Wang Ran didn’t dare to ask further and simply nodded in agreement.

Lin Yi looked around, found a parking spot, parked the car, and took a taxi to Xiangyang Industrial Area.

The Lykan was too much. If he drove there in it, he wouldn’t be able to explain himself, and he wouldn’t be able to scam the other party any longer.

As an actor, one had to be more professional.

Forty minutes later, Lin Yi’s cab arrived at Xiangyang Industrial Area.

As usual, Lin Yi stayed at the entrance of Cisco’s factory for a while longer.

However, today, he discovered something different.

Two Toyota Coasters drove out of Cisco’s factory and headed far away.

This discovery made Lin Yi suspicious.

Normally, only officials would buy such a car. Could it be that the higher-ups were here to inspect the factory?

Lin Yi thought about it and found that this might be the case.

Cisco’s chip 1.0 technology had already been recognized by the industry. As a high-tech industry that could bring out the best in Zhonghai, it seemed reasonable for the higher-ups to inspect the situation here.

Lin Yi rubbed his chin. If an official really came to inspect the place, Cao Xiangyu would have another chance to show off.

When Lin Yi arrived at the Sci-Tech factory, he found a couple of excavators parked at the entrance. Wang Ran was indeed quite efficient.

He could hear the roaring inside the workshop when he arrived at the factory. He could also see that many people were walking about in a hurry.

There were even people running in with two pancakes in their hands, as if they were so busy that they didn't even have time to eat.

It was the complete opposite of the cold and cheerless scene from a few days ago.

Wang Ran was fiddling with her computer when she arrived at the office. She looked like a real white-collar worker.

"Teacher Lin, you're here." Wang Ran stood up and said.

"The excavator is here. Is there anything that needs to be renovated?"

"I'm not looking to renovate, I'm looking to demolish." Lin Yi said with a smile. "Tell the excavator to demolish the few warehouses over there."

"Ah!? Tear down the warehouses?"

Wang Ran's expression froze in an instant. She couldn't understand why Lin Yi would do that.

"Just do as I say. When we try to do it, someone will stop us."

"Okay."

Wang Ran still didn't understand. The warehouse was right in front of them, and the excavator was at the entrance of the factory. They could tear it down immediately if they wished. Even if someone tried to stop them, it would be too late.

The two of them walked out of the office. The excavator drivers were also getting into position at that moment. Once they received the order, they could immediately start working.

"Boss, hurry up. I have something to do later. Hurry up and demolish the four warehouses behind us. Then, dig a two-meter deep pit in the location."

"Boss, those are such good warehouses. It would be a pity to demolish them," the honest driver replied.

"What's there to be sorry about? I want to dig a big hole to raise koi fish in the future. When the feng shui changes, I'll have as much money as I want. Why would I care about these warehouses?"

"No way, you want to tear down the warehouse to raise koi fish?"

The excavator driver was dumbfounded. Wasn't this too wasteful?

With your behavior, you definitely won't be able to raise koi fish well!

"That's right, tear it down now. If the effect is good, I'll tear down this factory in the future as well. If I raise more, I might be able to become the richest man in the world."

The excavator drivers were speechless.

They had lived for so many years, but they had never heard of a rich man who made his fortune by raising koi.

“Alright, hurry up and get to work.” Lin Yi said.

“My secretary told me you charge 1,500 a day, right? If you’re quick, I’ll give you another 500 a day.”

“Boss, I saw it from the moment we met. You definitely got what it takes to be successful at farming koi. You’ll definitely become the world’s richest man in less than five years.”

“I like what I’m hearing. Get to work. Tear down all four warehouses. Hurry up.”

“Okay.”

The two drivers entered their cockpits enthusiastically. They were so focused that they were confident that they would be able to tear down four aircraft carriers, much less the four warehouses in front of him.

Lin Yi brought Wang Ran to the side to supervise the work.

Wang Ran’s heart ached a little. It would be a pity if they tore it down. Didn’t Teacher Lin say that someone would stop them? Who would come?!

Could it be Cao Xiangyu?

He was at Cisco, so he probably didn’t even know about this. He couldn’t possibly come in time!

Ring, ring, ring...

Lin Yi’s phone rang at this moment.

As expected, it was Cao Xiangyu calling.

Wang Ran was surprised.

“Teacher Lin, Cao Xiangyu called!”

### **Chapter 348: Money Is Everything**

“Why are you so excited?” Lin Yi said. “Calm down.”

“Is he here to stop you from tearing down the warehouse?”

“Of course, or else he wouldn’t have called me at this time.”

“But how did he know that we were going to tear down the warehouse?” Wang Ran was curious.

“Guess?”

Wang Ran thought for a moment and finally came to a realization.

“Don’t tell me he’s got people keeping an eye on us?”

“Smart.” Lin Yi smiled.

“Right now, even the guard at the door might have been bribed by that idiot. Whether it’s you or me, he knows every move we make here.”

Lin Yi hung up the phone without answering.

“Teacher Lin, why aren’t you picking up? Pick up!” Wang Ran couldn’t help but urge.

She had been waiting for this call for a long time. If he didn’t pick up, it would be a waste of her energy.

“What’s the rush? If you’re so impatient, how are you going to do big things in the future?”

“Oh, I got it, Teacher Lin.”

Ring, ring, ring...

At the same time, Cao Xiangyu called again.

However, this time, Lin Yi didn’t hang up nor pick up. He just let it ring.

Three more calls followed, but Lin Yi still didn’t pick up.

A few minutes later, the two excavators drove to the warehouse and found an open space to start working.

Two thousand a day was a once-in-a-century job. Whatever it was, I’ll tear it down today!

“Hey, hey, hey wait! Don’t move!”

Just as the digger was about to make his move, he heard a desperate shout.

It was Cao Xiangyu and his secretary. They ran over from the entrance.

However, their clothes were a little messy.

Cao Xiangyu’s belt wasn’t fastened, and his pants were unzipped. His secretary was tidying her shirt as she ran. Nobody knew what they were doing before this.

“Yo, Brother Cao is here.” Lin Yi said with a smile.

“Brother Lin, what are you doing? I called you a few times just now, why didn’t you pick up?”

Lin Yi took out his phone and pretended to be surprised.

“I was talking to my secretary just now, and I didn’t have time to think about my phone. Were you looking for me?”

“What are you trying to do by mobilizing so many people and bringing two excavators here?”

“Brother Cao’s memory is really bad. Didn’t I tell you before when we were having dinner at the dining table? I want to tear down the warehouse and dig a big fish pond to raise koi fish to change my luck. Recently, my luck hasn’t been very good. I went to Aomen, and the 500,000 that you gave me was gone in less than two days. If I don’t think of a way to get some money, I won’t be able to survive in the future.”

The corners of Cao Xiangyu's mouth twitched. You're too much of a scammer.

He'd lost 500,000 yuan in less than two days?

His father had so much money, but he'd never squandered it like this.

"Brother Lin, your memory's too bad. Didn't we agree at the dinner table that the warehouse would be left for us to use? Why'd you go back on your word?"

"Ah? Did I say that?" Lin Yi said. "Why don't I remember?"

"You did say that. How could Brother Cao lie to you?"

Although he was smiling, Cao Xiangyu was cursing Lin Yi in his heart.

What a fickle person. He didn't keep his promise.

"I remember now. I did say that." Lin Yi pretended to be troubled.

"Brother Cao, you have to understand my difficulties. I don't have any money in my pocket. If I don't destroy this warehouse to raise koi, I might lose everything.

"But don't worry. When my luck changes, I'll build a few more warehouses for you and let you use them as you please."

Cao Xiangyu had the urge to curse. With your character, you won't be able to make a fortune in your next life. If I were to rely on you, I'd suffer a fate worse than death.

"Brother Lin, if you focus on money, then your perspective will become too narrow." Cao Xiangyu took out a cigarette and wanted to pass it to Lin Yi to ease his mood.

"According to science, smoking too much can lead to premature ejaculation, so I quit early." Lin Yi said.

"Uh..."

Cao Xiangyu's expression was a little unnatural, even a little awkward. Lin Yi seemed to have hit the nail on the head.

"So, there's... there's such a thing..."

"Of course, it's absolutely true. If you don't believe me, you can ask my secretary. I do it every day and night with her." Lin Yi said.

Wang Ran's face turned red, but she didn't say anything.

Her shy expression seemed to be a tacit agreement in Cao Xiangyu's eyes.

At the same time, he cursed Lin Yi even more in his heart.

He was obviously an ignorant bastard, so how could he do much better than me?!

"Hehehe..."

Cao Xiangyu smiled awkwardly and put the cigarette back into the carton.

“Let’s not talk about this. Let’s continue our previous topic.”

“Yes, yes, yes, let’s continue the topic.” Lin Yi said.

“I love money a little. Why is it so small?”

“I understand your difficulties, but you can’t demolish the warehouse. There’s always a path in front of the mountain. You can’t use such an extreme method to overcome them.”

“Then Cao Bro, give me some ideas. How can I get money?” Lin Yi said angrily.

“I’m not in the mood to listen to a f\*cking love story. I just want to get the money!”

“That’s easy. Just call me, Brother Cao. I’ll naturally help you if you’re in trouble.”

Cao Xiangyu took out his checkbook and wrote Lin Yi a check for 100,000 yuan.

“Brother Lin, take this money and spend it. If it’s not enough, you can tell me again. I’ll ensure you never run out of options.”

“It’s not enough, I’m running out of options.” Lin Yi said.

Cao Xiangyu, “...”

‘What the f\*ck!’

“Is 100,000 yuan not enough?” Cao Xiangyu asked.

“Didn’t I tell you just now? I went to Aumen two days ago, and not only did I lose 500,000 yuan, but I also owe 200,000 yuan to a loan shark. This is not enough for me to pay off my debt.”

Lin Yi handed the check to Cao Xiangyu. “You should take this money back. It’ll be faster to raise koi fish. I need the money urgently, so please understand.”

Lin Yi looked at the two excavators.

“Bosses, hurry up and do it. Don’t hesitate, get it done.”

“Okay.”

The two excavators were extremely excited when they heard Lin Yi’s order.

At the same time, they cursed at Cao Xiangyu’s eighteen generations of ancestors in their hearts.

Where the hell did this fatty come from? He’s trying to destroy my source of income! Get lost.

“Don’t, don’t, don’t, Lin Bro. It’s just a debt of 200,000 yuan. We’re brothers, I’ll help you settle it.”

Lin Yi wanted to say that they couldn’t be brothers due to his handsome face, but he held it in for the sake of money.

“If that’s the case, I have to thank you, Brother Cao. If it wasn’t for your 200,000, I’d be finished.” Lin Yi said.

“Sure, sure. It’s not a big deal.”

Cao Xiangyu took out his checkbook again and wrote another 100,000 yuan check for Lin Yi. He handed it to Lin Yi along with the previous one.

However, just as Lin Yi was about to take it, Cao Xiangyu's hand retracted.

"Brother Cao, what do you mean? Are you not willing to give it to me? Then I'll have to tear down the warehouse."

Cao Xiangyu smiled at Lin Yi.

"That's not what I meant. I'm prepared to give you the 200,000 as well, but I have a condition. I hope you can agree to it."

### **Chapter 349: I'm a Professional at Plucking Wool**

"What conditions? Brother Cao, just say it. I'll definitely agree to anything I can do."

The corners of Cao Xiangyu's mouth curled up, revealing a disdainful smile.

As expected, this kind of person didn't care about anything else.

As long as he showed the money, forget one condition, even a hundred wouldn't be a problem.

"In order to prevent this from happening again, I'd like you to hand the management of the warehouse over to me, Bro."

"No way, that's a bit too much. If I hand over the management of the warehouse to you, wouldn't you be the factory director?"

"Look at what you're saying. We just want to help manage the warehouse. After all, the goods inside are all Cisco products. If anything were to happen one day, Brother Lin won't be able to explain himself. I'm doing this for your own good."

Lin Yi rubbed his chin and pondered,

"Brother Cao is right. The goods inside are all yours. If something happens to them, I won't be able to explain myself. I might even have to take legal responsibility."

"Exactly. I'm putting myself in your shoes too. I'm thinking from your point of view. Otherwise, I wouldn't have done such a thankless thing." Cao Xiangyu said.

"In order to take care of you, I'm willing to shoulder the responsibility. This is just to make things easier for you."

"If that's the case, then I really have to thank you for your good intentions, Brother Cao."

"Sure, sure, sure. We're brothers, after all."

"Then let's quickly sign a contract and settle this matter. From now on, the warehouse in the factory will be under your control. The people of Sci-Tech will not be responsible for the business done here. Any problems will be yours to deal with. It will have nothing to do with us."

Cao Xiangyu's face lit up. Calling him an idiot wasn't an exaggeration at all.

Taking 200,000 yuan today was equivalent to buying four warehouses. Sigh, calling him an idiot would be a compliment at this point.

"Let's go, let's go sign the contract now."

The group of four returned to Wang Ran's office. The task of drafting the contract fell to Lin Yi and Wang Ran.

Lin Yi made more than ten suggestions during this time, pushing responsibility away from himself.

Cao Xiangyu lit a cigarette and looked at Lin Yi with a smile.

Wang Tianlong leaving the factory to his brother-in-law was a stupid decision.

It wouldn't take long for him to squander it all away.

"President Cao, smoke less," the secretary reminded him in a low voice.

Cao Xiangyu's expression was furious, he nearly opened his mouth to shout, "Are you motherf\*cking Emperor Lao Tze?!"

However, he then remembered what Lin Yi said just now.

Thus, he shut up and stomped out the cigarette butt.

Half an hour later, Lin Yi handed the four-page contract to Cao Xiangyu.

"I have already signed it. Once Brother Cao signs the contract, it will immediately take effect. After that, we won't worry about the warehouse anymore."

"Okay, okay, okay. I'll sign it now."

Cao Xiangyu took the pen and signed his name.

He was extremely excited.

Now, the production line of Sci-Tech was solely in his hands, and their warehouse also now belonged to him.

According to this situation, more than 80% of the entire industrial area was under his control.

The only things he did not control now were the canteen and toilets.

Cao Xiangyu couldn't help but snicker at the thought. He was going to tell his dad about this later.

It could be considered a complete comeback.

Lin Yi rubbed his chin, silently confirming that the production lines and warehouses were now in Cao Xiangyu's hands.

Apart from the canteen and toilets, there didn't seem to be anything else he could influence.

Judging from the current situation, he would have to do more work on the canteen and the toilet next time.

This was naturally just an act though. If he didn't do at least this much, he would look unprofessional.

"Brother Cao, the contract has been signed. We have reached an agreement. From now on, our production line and warehouse will be handed over to you. I wish Brother Cao a prosperous business. When you make a fortune in the future, don't forget about me."

"Don't worry, there won't be a problem. I'll make sure you always have food on your table from now on. We're brothers, and Brother Cao is the most loyal person there is."

"I'll remember that. If you have any problems in the future, I'll ask you for help."

"No problem."

Cao Xiangyu stood up with a smile. "I still have something else to do. I won't talk to you any longer."

"Okay, okay, okay. Go do your work, Brother. I won't stop you from getting rich."

Wang Ran approached Lin Yi carefully as Cao Xiangyu and his secretary left.

"Teacher Lin, the warehouse belongs to us. Why should we let them take care of it?" Cao Xiangyu asked

"Didn't I tell you just now? The warehouse is theirs. What if something goes wrong? Are you going to take the responsibility or should I?" Lin Yi asked.

Wang Ran puffed up her cheeks. Although such a risk did indeed exist, from what she knew, all the warehouses in the area were managed by their own people. No one was so afraid of shouldering responsibility that they would willingly hand it over to others.

"That's true, but I think we would have been fine as long as we are mindful of our safety and fire procedures." Lin Yi said with a chuckle

"You can't be sure of that. It's such a big warehouse, and it is filled with Cisco's products. Who can guarantee that it'll be safe?" Lin Yi said with a chuckle.

"Uh..."

Wang Ran had a bad feeling that something might really happen to the warehouse one day.

"Alright, you can continue to stay here. Keep me posted."

"Got it, Teacher Lin."

Lin Yi took the 200,000 yuan check and left happily after scamming Cao Xiangyu.

Although he had a huge amount of money in his hands, Lin Yi still felt a deep sense of loneliness the moment he left the company. It was as if he had been abandoned by the world.

There wasn't a single car on the road, and he couldn't even get a f\*cking taxi.

Lin Yi preferred to take a taxi compared to taking Didi.

He could get in just by waving his hand, and he could get out as soon as he arrived at the destinations. He didn't have to bother with reviews either, so it was all very convenient.

Lin Yi walked forward and arrived at the entrance of Cisco's factory, only to find that Cao Xiangyu's car was gone as well.

This was a bit difficult.

At that moment, Lin Yi saw a black car coming from afar. It was a new Audi A6.

Lin Yi waved his hand and the Audi A6 stopped.

The window rolled down and Lin Yi saw a female driver sitting in the driver's seat. Her looks and figure were stunning.

The woman was wearing a white uniform. She had long black hair and the hair was slightly wavy. She looked mature and sexy, but she still maintained her composure and aura.

Lin Yi could tell at first glance that this woman wasn't simple.

"Beauty, can you give me a lift?"

"You want a lift?" The female driver frowned. She didn't think that the man in front of her would make such a request.

"There's no way I can go back without a taxi. Don't worry, I'll pay for it. But judging from your outfit, you don't lack money, so I'm a bit embarrassed right now."

### **Chapter 350: Criminal Law Has Nothing to Do With This**

"I didn't mind giving you a ride, but your cutesy act instantly gave me a bad impression of you," the woman in sunglasses said.

"Can't you just drive with your eyes closed?"

The woman in sunglasses glanced at Lin Yi with a smile on her face.

"Where are you going?"

"Downtown is fine."

Lin Yi got into the passenger seat. The woman in sunglasses didn't say anything, but she didn't start the car either. Instead, she simply parked across the road from Cisco.

"Why aren't you going?"

"I want to take a look around here. Are you in a hurry to go back?"

"What's there to look at in this godforsaken place?" Lin Yi looked at the woman in sunglasses. "Are you here to invest in them? That doesn't seem like the case."

"Why not?" The woman asked with interest.

“Who would come to invest whilst driving an A6? It’s not pretentious enough at all.”

“Aren’t I allowed to keep a low profile?” The woman asked with a smile.

“You don’t understand,” Lin Yi said,

“If you really came here to invest, they’ll think you’re an idiot. In the end, both parties won’t be able to come to an agreement. If you really want to be successful, you should wear Hermes. That’s the way to do it.”

“Are you giving me pointers?”

“Seeing that you’re so kind to give me a ride, I won’t charge you the consultation fees.”

“Regardless, I’m the one currently driving an Audi. Isn’t it weird for you to give me pointers as the one hitching a free ride?”

“Don’t say that. The river flows east for thirty years, and the river flows west for thirty years. In truth, I’m also a rich person. I have a mansion and countless sports cars. You’re making me very sad by assuming this of me.”

“You have a mansion and countless sports cars, but you still want to get a free ride in other people’s cars?”

“That’s because I’m even more low-key than you.”

“Alright, stop talking nonsense.” The woman in sunglasses smiled. “You should save your flowery words for those girls who are only just starting to find romance.”

“You make me sound like a scumbag when you say that. Does being handsome make me a scumbag? You are going too far.”

“It’s a pity not to be a scumbag when you’re so handsome. Unfortunately for you, we have certain laws protecting women’s rights. It’s going to be a cold winter for scumbags like you.”

‘What the f\*ck!’

Lin Yi cursed in his heart. I haven’t even started hitting on you yet, and you are mentioning the law.

I haven’t even launched my attack yet and you’ve already put up your walls.

“What are you doing here?” The woman in sunglasses asked.

“I’m an investor,” Lin Yi said casually.

“You don’t look like an investor.”

“Why?”

“You don’t even have a car, and you don’t know how to act like an investor. Who would want to talk to you?”

“Hehehe...”

“You’re already using what you’ve just learned.”

“Seems like it.” The woman in sunglasses combed her hair. “Are you here to apply for a job?”

“Yeah, I’m here to look around.”

Lin Yi had a feeling that this woman wasn’t simple, so he didn’t reveal his identity.

“Which factories did you go to?”

“Cisco and Sci-Tech.”

“You went to Sci-Tech?” The woman in sunglasses asked, her interest piqued.

“Sci-Tech’s done. Their assembly line was passed to Cisco, and the warehouse was also just handed over to them. Apart from the canteen and toilet, there’s nothing left of them.”

“What are Sci-Tech’s people doing? Isn’t that the same as handing over your factory to someone else?”

“Who knows? I’m just a scumbag, and I don’t care about such things.” Lin Yi said, shrugging.

“Then, what did you see? Tell me.”

“I still think that Sci-Tech’s director is better than Cisco’s, even though the company has been messed up like this.” Lin Yi said.

“Why? Based on what?”

“The secretary of the Director of the company is very beautiful. She seems to be a university student, all pure and innocent. On the other hand, Cisco’s secretary is different. She’s like a young lady flaunting her body in the bathing center. It’s obvious who’s better.” Lin Yi said.

The woman in sunglasses rubbed her temples.

She thought that since he was from the industrial area, he would understand the situation here.

She didn’t expect him to be a common youth. If she had known earlier, she wouldn’t have pick him up.

Even so, it wasn’t like she didn’t get anything. She at least learned a bit about the current situation of the company, so she reluctantly gave him a ride.

After stopping at the industrial park for a while, the woman in sunglasses stopped looking around and drove away.

“Where exactly are you heading?”

“You don’t need to go anywhere specifically for me. I’ll just find a place where I can get a taxi,” Lin Yi said. “Or I can just follow you to your destination, and then I’ll get a taxi from there.”

“Don’t worry. You’re already in my car, so it’s not a problem for me.”

“Take me to the newspaper building then.”

Lin Yi’s car was still a few dozen meters away from the building. Thankfully, there was one well-known building nearby, otherwise, she wouldn’t know how to get to it.

“I know where that is.”

Lin Yi gave Wang Ran a few more instructions along the way, mainly to keep an eye on Cao Xiangyu.

The main idea didn't change much. If the other party did anything wrong, Lin Yi would just attack him directly.

He also told Wang Ran to be mindful of the canteen and the toilet. Those would be of great use to Lin Yi in the future.

Lin Yi received a call from Ji Qingyan after telling Wang Ran his plans.

The call wasn't very significant. She just asked him what he was doing, if he was tired, if he had eaten, and then she hung up.

Sugar also called him at this time to invite him to play blackjack together, but Lin Yi rejected her without hesitation.

The woman in sunglasses smiled when she saw Lin Yi calling and chatting on WeChat all the way.

This man's methods were quite good.

“What do you do?” The woman in sunglasses asked.

“I drive for Didi to earn some cold, hard money.”

“That's not bad. At least you are self-reliant. In comparison, it's better than working here,” the woman in sunglasses said.

“It's too tiring to keep driving for Didi. A factory job is more comfortable, and you don't need to use your brain. When you're free, you can even hook up with the director's secretary. Life here would be too good.”

“Everyone has the right to choose their own paths. What you're doing isn't wrong.”

“Exactly,” Lin Yi said with a smile. “Life is meant to be enjoyed.”

The woman in sunglasses nodded and smiled without saying anything.

After driving for a while, she pointed at the building in front.

“We're here.”

“Can you drive a little further? There's a big crowd in front.”

The woman in sunglasses looked forward and saw a red sports car parked on the side of the road. It was very eye-catching.

The people standing nearby were also looking at the car.

“That car seems to be Lykan Super 7.”

“Yeah, it's a Lykan.”

“Are you going to look at it too?”

“Look at it?”

Lin Yi paused. “Yeah you can say that.”

The woman in sunglasses drove over and stopped behind the Lykan.

“That’s normal. Even a woman like me would like a car like this, let alone a man like you.”

“If you like it, you can just get in. It’s not a big deal.”

“Are you going to break into it? Don’t forget we have laws which will punish you for doing so.”

Lin Yi took out the Lykan car keys. “The car is mine. The law won’t bat an eye at this.”
