

## Radom Noew 351

### Chapter 351: Cao Jingqiu's Misgivings

The woman in sunglasses froze when she saw the shiny Lykan car keys.

She felt like the scene before her wasn't real.

Lin Yi pressed the car keys and opened the scissors door, proving that what he said was true.

"Do you want to come? I'll take you for a ride."

"You... Aren't you a Didi driver?"

Even though the woman in sunglasses was used to the finer things in life, it was hard for her to accept the fact that Lin Yi was the owner of the car over such a short period of time.

"Yeah, I use this Lykan to drive for Didi. I guess I really am self-reliant."

"I should have just kept my mouth shut."

"It's life. If you have nothing else to say, you can just spread your legs and enjoy it in silence." Lin Yi waved the car keys. "Do you want to get in?"

"I don't get paid for doing nothing. I can't afford to sit in this kind of car."

"Just place the order. I'm still a Didi driver."

"I said I don't get paid for nothing, but didn't even say anything polite in response. You're not a gentleman at all."

"I'm rich and handsome. What's the point of being a gentleman? No matter how I act, clothes are still going to end up being taken off."

The woman in sunglasses laughed so hard that she rocked back and forth. This man was really unconventional.

"I'll just be delaying you from driving for Didi. I still have work to do in the afternoon, so I'll see you later if fate permits."

Lin Yi got out of the car and got into his Lykan under the envious gazes of the crowd.

In the rearview mirror, the woman in sunglasses watched Lin Yi leave, a question suddenly popping into her mind.

What was he doing in Xiangyang Industrial Area by himself without even driving?

...

Cao Xiangyu parked his car in the parking area of the Cisco Building and walked into the building in high spirits.

The people moving about all greeted Cisco's crown prince one after another.

“President Cao is here.”

Liu Chu, dressed in casual clothes, greeted Cao Xiangyu.

Although Cao Xiangyu was in charge of the business in the factory area, he held the position of vice president in the company. Even so, he didn't have much real power.

“Hey, isn't that President Liu? I haven't seen him for a long time. Is the research institute still busy?”

Seeing Liu Chu, Cao Xiangyu became much more enthusiastic.

He was the president of the research institute and the developer of the chip 1.0 technology. It could be said that he was the biggest contributor to Cisco's current situation.

He was also the person Cao Xiangyu would focus on in the future!

“We are constantly making strides with the chip 1.0 technology. We are striving to widen the gap between us and our competitors and gain a firm foothold in the industry.”

“Cisco is really lucky to have an employee like Director Liu,” Cao Xiangyu praised:

“Do you have time nowadays? I heard that there is a fishing village near Zhong Hai. The food is pretty good there. Do you have time to visit it?”

“That's great. I will definitely be there since President Cao has invited me.”

“It's settled then. I will call you after I finish organizing the work at hand.”

“Okay.”

After chatting for a while, Cao Xiangyu got on the elevator and went to the president's office.

“Dad, I have some good news to tell...”

He pushed the door open and stopped talking abruptly.

This was because Cao Jingqiu was also sitting on the sofa.

Cao Jingqiu was dressed in a slightly fierce manner. She wore black baggy pants with a white sling and a printed chiffon shawl.

If she went to a bar in this dress, people would not even have the desire to hit on her.

“Jingqiu is here,” Cao Xiangyu said with a smile. “Why didn't you tell me earlier? We could have come over together.”

“The factory is so busy nowadays. How could I dare to bother you?”

“You are my sister. How can you call it a bother if you come to look for me?” Cao Xiangyu patted his chest and said.

“In the future, if you have anything to do at the company, just call me. I'll send you over. Ever since we started working, we've stopped spending time together as siblings. We can't let our family relationship deteriorate because of work.”

“Thank you, Brother.”

“You’re welcome.” Cao Xiangyu said with a smile.

Even so, he kept pondering a question in his heart. Was it his father who asked her to come here, or did she come on her own initiative?

If it was the latter, then it wouldn’t be a big problem.

However, if her father had invited her to come here, then things wouldn’t be good. Was he going to entrust her with greater responsibility?

If so, then what about himself?

It seemed that he had come at the right time today. If he had waited for a few more days, then it might have been too late.

“Xiangyu, you didn’t finish your sentence earlier. Do you have good news to share? Say it now,” Cao Jiadong said with a smile.

“Dad, it’s like this,” Cao Xiangyu said impatiently.

“Now, I have complete control over the production line at Sci-Tech.”

“Really?” Cao Jiadong was surprised. “Didn’t they send someone over to manage their operations?”

“They sent someone over initially, but I kicked them out due to various reasons. I also roped in some technical talents to support us,” Cao Xiangyu patted his chest and said.

“It can be said that Cisco’s production pipeline now belongs to the Cao family. As long as I say the word, they will do as I ask!”

“This is really good news. You did a good job,” Cao Jiadong said with satisfaction.

“Dad, don’t be so happy yet. I have more good news to tell you.”

“What is it? Tell me slowly.” Cao Jiadong lit a cigarette and listened with interest.

Seeing her father’s expression, Cao Jingqiu frowned slightly but did not say anything.

“Not only did I seize Sci-Tech’s assembly line, but their warehouse is now also under my control. All of it is being managed by our people. They are not allowed to interfere.”

“Really? Are Sci-Tech’s people that generous?”

“This matter was indeed very difficult to navigate. I fought with them for a long time and used many methods to gain control over their warehouse.” Cao Xiangyu sighed. “After working for so many days, I can finally have a good sleep tonight.”

“Now, the assembly line and the warehouse are all under our control. If they want to take on other contract manufacturing projects, they’ll have to rely on us,” Cao Jiadong said.

“That’s right. At that time, I also had the same idea. That’s why I worked day and night on this matter. Now, I am finally seeing the results,” Cao Xiangyu said.

“The most important thing is that the other party was too shrewd. Fortunately, I had made sufficient preparations for this. Otherwise, I really wouldn’t be able to handle this matter.”

“You’ve done well. Continue to work hard.”

“Don’t worry, Father. I will not only ensure the quality of the tasks that are entrusted to me, but I will also exceed expectations. I will definitely not let you down.”

Cao Jiadong nodded his head in satisfaction. “It’s been hard on you during this period. When the project with Didi is completed, you can join the company.”

Cao Xiangyu was delighted. He wished he could hug Cao Jiadong and kiss him.

He had come at the right time. Otherwise, his dad might have left for another business trip.

Thinking of this, Cao Xiangyu looked at Cao Jingqiu proudly and cursed in his heart:

“Little b\*tch, you think you can compete with me? You’re miles away!”

“Who’s in charge of Sci-Tech now? Is it that person called Wang Tianlong?” Cao Jingqiu said.

“Why are you asking this? Do you have other concerns regarding this?”

Cao Jingqiu tilted her head. “I don’t have any concerns. I just think it’s a little strange.”

### **Chapter 352: A Firm and Reliable Ally**

“What’s so strange about that? It all worked out, right?”

Cao Xiangyu said with a cold face.

“Do you know how much effort I put into this matter? Look at my white hair. I really wrecked myself in order to take down Sci-Tech.”

Originally, Cao Xiangyu was already filled with hostility toward Cao Jingqiu.

Now, he had just gained the upper hand, and she had already stepped out to criticize him.

How detestable!

Cao Jingqiu’s expression was unmoved. “Who is the person who signed the contract with you? How could he do such a stupid thing?”

At this point, Cao Jingqiu did fuss about her reputation anymore.

If there was no problem, then everyone would be happy. However, if there was really a problem, it was very likely that Cisco would not be able to bear the consequences.

“Jingqiu, you just graduated from college and don’t know anything about this. Don’t get involved,” Cao Xiangyu said.

“This is the result of my hard work. It has nothing to do with whether the other party is stupid or not.”

Cao Xiangyu didn't reveal Lin Yi's name, and he didn't intend to.

He knew Lin Yi's character. Calling him an idiot would be a compliment.

If the information surrounding Lin Yi was leaked to her, she would definitely contact Lin Yi in secret and sabotage the project, ruining his plans and hindering his advancement.

Therefore, he couldn't let her know everything about Sci-Tech.

Perhaps this was fate. If Cao Xiangyu had revealed Lin Yi's name at this time, Lin Yi's plan might have completely collapsed.

However because of Cao Xiangyu's greed, the crisis was averted.

They were solid allies.

"Jingqiu, are you worrying too much about this?" Cao Jiadong said.

"We have Sci-Tech's assembly line and warehouse in the palm of our hand. In other words, it's become a second Cisco. How could there be a problem?"

Cao Jingqiu did not say anything. If she was asked to point out what was wrong, she would not be able to do so. She just felt that this matter was too strange.

It was just an OEM contract, and the other party had actually handed over the entire factory.

Even the dumbest person in the world would not do such a thing.

Cao Xiangyu saying that this was the result of his hard work made Cao Jingqiu even more suspicious.

He had always been a person with great ambition but little talent. There were probably not many people in this world who he could fool.

On the surface, there didn't seem like there were many issues, but if she really pursued this matter, she would soon spot a lot of flaws.

"Alright, just pretend that I didn't say anything. I'm not on the same side as you guys. You guys can handle it yourselves."

Cao Jingqiu picked up her handbag and stood up. "I'll be leaving first. You guys can chat slowly."

"You girl, why are you still leaving? I still have things to say," Cao Jiadong said.

"Wait until I'm in a good mood. I'll come back and chat with you then."

Opening the office door, Cao Jingqiu left cheerfully and pridefully, leaving the father and son in the office.

However, at this moment, Cao Jingqiu's mind was filled with thoughts of Cisco and Sci-Tech. After all, this was her family's business. Even if she wanted to establish her own business, she could not completely ignore this.

Cao Jingqiu took a deep breath as she got back to her car. She rubbed her temples and muttered to herself,

“Why do I have a family like this?”

...

After a whole afternoon of driving, Lin Yi drove to Chaoyang Group at about 4:30 pm to pick up Qingyan from work.

“You’re not coming back?”

“Sure, wait for me there. I’ll come over now.”

It was almost time to get off work, but Lin Yi didn’t wait for Ji Qingyan. Instead, he saw Wang Ying rushing out of the elevator.

She looked like she had something urgent to say on the phone.

“Why are you in such a hurry? Are you going on a date?”

Wang Ying raised her head when she heard someone talking. She realized that it was Lin Yi, and she knew that he was here to pick up Ji Qingyan.

“You’re even making fun of me.” Wang Ying said with a smile:

“I have something to do, so I won’t talk to you anymore. Call me if you need anything.”

“What are you in such a hurry for? Why didn’t you see me even after I parked my car here?”

“I’m just in a hurry. I didn’t even look around. Why are you picking on me?”

“What’s making you so anxious?”

“It’s not a big deal. I can handle it myself. You don’t have to worry about it. Wait here for President Ji. I won’t talk to you anymore.”

“Tell me what’s going on first. If it’s not a big deal, I won’t bother about it.”

“It’s all because of Lulu. Didn’t she say that she wanted to enroll in a training class? Previously, she paid a deposit of 2,000 yuan, and teacher said that when she signed up, she could pay for the remaining 5,000 yuan. After she signed up, she didn’t expect that the 7,000 yuan tuition fee would only be for the beginner class. There were only two classes in total, and each class only lasted for one hour. If she wants access to the rest of the classes, she has to sign up for the advanced class.”

“And the price of the advanced class is 87,000. Families like ours can’t afford such a fee. Lulu doesn’t want to go anymore and wants them to return the deposit. However, the other party said that they wouldn’t return it. Lulu and the others negotiated with the other party for an entire afternoon, but there were no results, so I have to go over and take a look.”

“What kind of teacher is this? How dare she ask for such a price?”

“I heard that she’s a teacher from the Zhonghai Drama Academy.”

“A university teacher is capable of such a thing? Isn’t this obvious fraud? Lulu and the others should call the police.”

“They have already called the police, but they said that this is a civil dispute and that they are only responsible for enforcing the law. They said that they should deal with it on their own.”

“This is obviously a case of the teacher taking advantage of them.” Lin Yi said with a smile.

“I know, right? 7,000 yuan for two hours of classes, and you didn’t even say anything beforehand. This teacher was obviously lying.”

Lin Yi looked up at Wang Ying. “Then what are you going to do once you get there?”

“I’ll keep talking to them. I can’t let them take the money without putting up a fight.” Wang Ying said

“Do you think reasoning with them will work?”

Wang Ying was at a loss for words. She didn’t know what to say.

She knew that she might not be able to do much, but she didn’t want to trouble Lin Yi.

“I don’t mind going with you, but you’re here to pick up President Ji. I can’t delay your business.”

“What business is that supposed to be?” Lin Yi said.

“You lead the way. Let’s go and check this teacher out together.”

“Are you sure? Won’t President Ji be angry?”

“Why would she be angry?”

“I’m relieved to hear that.”

Wang Ying got into her BMW, and Lin Yi followed behind. He called Ji Qingyan.

“I have something to do tonight, so I won’t pick you up. You can drive yourself home.”

“Are you going to be busy later?”

“Not really, I’ll be done in a while.”

“Then I’ll work overtime at the company. Come and pick me up when you’re done,” Ji Qingyan said.

“That busy? Do you really need to work overtime?”

“Didn’t I tell you before that there’s a land tender pending? I’m constantly busy with this matter,” Ji Qingyan said. “The tender is happening in less than a month. I have to hurry.”

“Just do it slowly. There are so many people in the company. You don’t have to do it yourself, right?”

“This project is very important. I don’t trust others to do it, so I have to do it myself,” Ji Qingyan said with a smile.

“If President Lin stops giving me projects one day, won’t I starve to death?”

“I think you’re being naughty again.”

“Hehe...”

Ji Qingyan laughed. "I want to eat the egg fried rice from the nearby alley. When you come to pick me up, buy me a serving. Oh, and add an omelet."

"One omelet is two yuan. It's such a waste to add it."

### **Chapter 353: The Class Gap in a Big City**

Lin Yi hung up the phone. He didn't know how long they'd be talking for, so he might as well hang up first.

Lin Yi then called Guo Rui.

She was a teacher at the school, and it'd be more appropriate for her to handle this matter.

The two soon arrived at an old neighborhood under Wang Ying's lead.

Wang Lu and her classmates were sitting in front of shop lot at a loss.

However, Liu Changning, whom they had met before this, wasn't here.

"Lin Bro, you're here!"

Now that she understood Wang Ying and Lin Yi's relationship, Wang Lu had changed her way of addressing Lin Yi to Lin Bro.

Lin Yi smiled at Wang Lu, Du Yuxuan, and the others. He said, "You say you're an adult every day and want to experience the life of an adult at a nightclub. Why can't you do the same now?"

"Lin Bro, these people are such jerks. We really can't handle them," Wang Lu said with a smile. "We're still flower buds."

"Right, right, right, Uncle. We haven't even gone to college yet. We don't have the ability to handle this," Du Yuxuan said.

Lin Yi looked up and saw the signboard of the store that read 'Deyi Entrance Examination Training School'. However, the door was locked, and no staff could be seen inside.

"Where did they go?"

"They left just now. We didn't stop them."

"Okay, don't worry. I have a friend coming over. She'll take care of it."

"Okay."

If Wang Ying had said this, they wouldn't be so confident.

However, it was different with Lin Yi.

He was someone on the same level as Qin Han, and it wasn't a problem for him to handle such a small matter.

About ten minutes later, a white Mercedes-Benz E-class drove in from outside the residential area.

After parking the car, Guo Rui took off her sunglasses and walked in.

Guo Rui's dressing was as mature and classy as usual. She wore a dark-colored one-piece dress with flesh-colored stockings and high heels, giving off a virtuous and beautiful vibe.

Although she was old, Guo Rui's temperament made Wang Lu and the others feel a deep sense of respect for her.

They stared at her with their eyes wide open.

"Why did you call me here in such a hurry?" Guo Rui asked with a smile.

"This training institution is run by a teacher from your school, and it's suspected being a scam institution. Shouldn't you deal with it?"

Wang Lu and the others were secretly surprised when they found out Guo Rui's identity.

Brother Lin knew people from the Zhonghai Drama Academy?

This was too impressive.

"Let's talk over there."

Guo Rui took Lin Yi to the side. Although the school forbade teachers from teaching outside, this kind of thing was common in the education world.

If that was really the case, it was better to keep a low profile so as not to ruin the school's reputation.

"Let's keep this a secret for now. I'll see what's going on first." Guo Rui said.

"Over the past few years, the school has been strict about giving classes outside of the school. They've already expelled a few faculty members over this. Logically speaking, this kind of thing shouldn't be happening."

"Could it be an imposter?"

"It's possible," Guo Rui said. "But we'll have to see what's going on before we can be certain."

"Then this issue is even more interesting than I expected."

"What are you guys doing!"

Just as Lin Yi was preparing his next move, he heard someone yelling.

"Lin Bro, she's the one who cheated us out of our money!"

Lin Yi looked up and saw a middle-aged woman walking over from behind.

The woman was wearing a pair of shorts and a pink half-sleeve, and she didn't look like an art teacher at all.

Compared to Guo Rui, they were like heaven and earth.

There were two dark-skinned men beside her, and they looked as if they were related to her.

“This village girl? Is she the one who cheated you out of your money?”

“Yes, yes, that’s her,” Wang Lu said.

“Her name is Zhang Xuemei. When we signed up, we discussed taking all the courses for the 7,000 yuan in our wallets, but now she says that we can only take two hours of classes. She is obviously cheating us!”

“What’s wrong with two hours of classes?” Zhang Xuemei shouted.

“Let me tell you, I’m a lecturer in the performing arts department of Zhonghai Drama Academy. 7,000 yuan for two hours is not considered expensive.”

“If you like the price, then join. If you don’t like it, then get lost. Do you think we have time to entertain everyone?” The young man scolded.

“Let me tell you, you all signed an agreement. If you want to go to class, then pay the rest of the money. If you don’t want to go, then get out of here quickly. Don’t disrupt my business.”

“We don’t want to go to your class. We just want the deposit back!”

“You country bumpkins, don’t you understand what I’m saying?” Zhang Xuemei said.

“We have an agreement. Do you really think I’ll refund your deposit just like that?”

Zhang Xuemei dared to make such a big fuss because she knew that Wang Lu and the others were from a small third-tier city. That was the reason why she was so unscrupulous.

Lin Yi looked at Guo Rui. “What do you think we should do about this?”

Guo Rui shrugged. “They’ve already signed an agreement, so they’re protected by the law. Of course, we can’t get the money back.”

“Looks like you guys have some understanding people here too. I’ll cut to the chase then. Hurry up and open the door, don’t block the way,” Zhang Xuemei said impatiently.

“Don’t worry, of course we don’t want you to issue a refund, but as colleagues, shouldn’t we get to know each other first?”

“Huh? What did you say? Colleagues?”

Guo Rui nodded with a smile. “Let me introduce myself first. I’m Guo Rui, a professor at the Zhonghai Drama Academy. Are you a teacher in the acting department? Let me introduce myself.”

“You... you’re a professor of the Drama Academy?”

Guo Rui’s revelation made Zhang Xuemei’s smile instantly disappear. She was so embarrassed that her expression twisted.

“That... that’s really quite a coincidence. It’s actually a teacher from the same school.”

“It’s indeed quite a coincidence.” Guo Rui smiled and said, “But now, the school forbids teachers and staff from teaching to the public. Don’t you know that?”

“This...”

Zhang Xuemei was so embarrassed that she didn't know what to say.

A few local students from small third-tier cities actually found a teacher from the Zhonghai Drama Academy.

Was this normal?

“I already know of your identity. I'll inform the police to deal with it later.”

“Miss Guo, it's useless to call the police. We've already done it before,” Wang Lu said.

“It's different if I call them. They'll deal with it quickly.”

The girls were secretly shocked and envious.

They were brushed off when they called the police, but when Miss Guo called, the matter would deal with quickly.

This was the difference status made in a big city.

Lin Yi stood at the side, smiling at Guo Rui.

No wonder she could become a university professor. There weren't many people who could do something like this with a mild temperament.

“You... don't go too far,” Zhang Xuemei said. “I've been running a training school for so many years, and I have connections.”

“I'm just doing my job,” Guo Rui said. “You should be glad that I'm the one handling this. If it were the gentleman next to me, your fate would be even worse.”

“I... I don't care who he is. In any case, don't go too far. Be careful, or I'll find someone to deal with you!”

Guo Rui pointed at the Lykan behind her.

“Is your so-called network worth as much as that 60-million-yuan sports car?”

“What... what did you say? That sports car is yours?!”

“Of course.”

Zhang Xuemei collapsed to the ground and cried.

However, it didn't affect the final result.

After the police arrived, Guo Rui revealed her identity and Zhang Xuemei and the other two were taken away.

The deposit that everyone had paid was also returned on the spot.

This made Wang Lu and the others realize the strength of the upper class once again.

An ordinary boss's surname couldn't be compared to this.

## Chapter 354: Bow to Evil Money

"Thank you for your help, Professor Guo," Lin Yi said with a smile.

"Don't be sarcastic," Guo Rui said.

"With your ability, you could handle this matter in under a minute. I'm just wasting my time."

"There's something else I want to talk to you about," Lin Yi said, looking at Wang Lu.

"They're all seniors, and they want to apply to your school after the college entrance exam. Can you think of a way to help them?" Lin Yi asked.

"Since you've asked me of this, I have to give you some face." Guo Rui said.

The girls were excited. If Teacher Guo had said it like that, then they would definitely have a chance!

After all, she was a professor at the school!

Then again, Brother Lin was able to get Teacher Guo to say something like that. Wasn't that even more impressive?

"I have a friend who runs a training school. She is pretty good. I'll introduce them to her," Guo Rui said.

"After your grades come out, if you're not confident in your grades, you can apply to my Quyi Academy. When the time comes, I'll help you guys switch your department. Your first priority should be to enter the school. From there, the rest will be easy to handle."

"Really? You can just randomly switch departments after you enter?"

"Others can't, but with your Brother Lin's reputation, such matters won't be a problem."

"Brother Lin is awesome!"

"We love you!"

"Autograph please, autograph please!"

"Be careful, your future teacher is here."

"Hehe..."

"I have to go pick up my kids. Give them my phone number later. Just tell them to contact me for the follow-up. You don't have to worry about it."

"Okay."

Seeing Guo Rui leave, Wang Lu silently said 'Brother Lin is awesome' a hundred times in her heart.

He could even take down a young woman with a child!

Amazing!

“Sister, I just realized that Lin Bro seems to have a special relationship with Teacher Guo,” Wang Lu said quietly.

“So what if it’s special? What’s the big deal?” Wang Ying didn’t care.

“I agree. Lin Bro is so outstanding, it’s normal for him to have more women.”

Lin Yi then left Guo Rui’s phone number and chatted with Wang Ying for a while before driving to the alley on Zhongxuan Road to buy egg fried rice for Ji Qingyan.

“Uncle Kong, two egg fried rice, make them high quality and add two fried eggs,” Lin Yi said.

“Brother Yi.”

Kong Jing, who was cleaning the table, ran over when she saw Lin Yi. “You haven’t visited for a long time.”

“I’ve been busy with work recently, so I couldn’t come over. The college entrance exam is over, right? Have the results come out yet?”

“The results haven’t come out yet, but I estimate that I scored 680. Teacher Gu said that I should be able to get into Tsinghua and Yan universities, but I still want to go to Fudan to study medicine, since it’s close to home.”

“680 isn’t bad. As for which university to go to, you can decide for yourself. After all, you still have to walk your own path in the future.”

“Yes, yes, Brother Lin, you’re the best. My parents only want me to apply to Tsinghua and Yan University, but I don’t even want to go.”

“Uncle Kong, Aunt Liu, you guys are old thinkers. Fudan isn’t bad either, and some courses they offer are even better than those in Tsinghua and Yan University.” Lin Yi persuaded.

“Alright, I’ll listen to you,” Kong Jing’s mother said. “We haven’t studied before, so we don’t know anything. I’ll have to trouble you to give us some advice.”

“No problem.”

Lin Yi patted Kong Jing’s head. “Let me know when the acceptance letter comes.”

“Yes, yes, I understand, Brother Yi.”

After chatting with the family of three for a while, Lin Yi took two plates of egg fried rice and went to the Chaoyang group to look for Ji Qingyan.

Ji Qingyan was overjoyed when she saw that Lin Yi had added two extra fried eggs to the egg fried rice he had bought for her.

“Lin Yi, you’re so nice. I only asked you to add one egg, but you added two. Not bad, not bad.”

Lin Yi was speechless. “One of them is mine. You get the other one.”

...

In the next twenty days or so, apart from driving for Didi, Lin Yi spent most of his time thinking about how to trick Cao Xiangyu.

The results were impressive, and it was very effective.

However, something happened that made his heart skip a beat.

He spotted Cao Jingqiu when he was explaining things to Wang Ran.

She didn't notice him, but Lin Yi noticed that Cao Jingqiu was getting involved with Cisco.

Lin Yi didn't know how much authority she had at Cisco.

Despite this, from Cao Xiangyu's actions, Lin Yi could see that he had no chance of even competing against Cao Jinqiu.

Cao Xiangyu, that idiot, had already started his attack.

Not only did he increase the number of patrols around the factory, he even added dozens of surveillance cameras. If nothing else, he was probably guarding the place against Cao Jingqiu.

From this point, Lin Yi could see that Cao Xiangyu's guard against Cao Jingqiu had reached an extreme level.

Lin Yi even suspected that this idiot Cao Xiangyu would one day kill his sister to prove himself.

After lunch at the Peninsula Hotel, Lin Yi picked up his phone and called Cao Xiangyu.

"Brother Cao, how are you managing the factory? My secretary reports to me every day. There's a woman who goes to the factory every day and spouts nonsense. Everything we develop is confidential. What if someone plagiarizes our goods?"

Lin Yi didn't mention his name. Although Cao Xiangyu was a bit stupid, he immediately knew who he was talking about.

"Brother Lin, I know about this. Don't worry, I've already figured out a solution. Only those with work permits can enter the factory freely in the future. Otherwise, I won't let even a fly enter."

"I trust Brother Cao's methods. Otherwise, he wouldn't be able to support such a big factory. I'm just telling this to you in passing to avoid any future problems."

"Thank you for your kindness, Brother Lin. I'll treat you to a meal after I've settled this matter."

"No problem, I'll leave this to you then."

Lin Yi called He Yuanyuan after he hung up on Cao Xiangyu.

"Boss, what's up?"

"I need you to get us a hotel room."

"Lin Yi, what nonsense are you talking about?!"

"Hmm?"

Lin Yi paused for a moment when he heard the voice. Wasn't that Ji Qingyan's voice?

"You're at Chaoyang Group?"

"Of course, I'm here to ask my senior something. I didn't expect you to ask me to get us a room. What a jerk."

"Everyone in the world has the right to call me a jerk, but you don't. Don't pretend to be a pure and beautiful girl."

"F\*ck, f\*ck, f\*ck, I quit."

"Alright, stop bickering every time you two meet." Ji Qingyan interrupted.

"This is the first time I've seen the boss and his employees bicker to this extent. You two are really something."

"If it wasn't for the five million annual salary, I would have definitely quit."

"I'll give you an additional one million year-end bonus at the end of the year." Lin Yi said.

"The boss is a good person, and I pray that the boss has a safe life. If you have any new tasks, just assign them to me. I'll make sure to complete them with quality and speed, and I will do them wholeheartedly."

Ji Qingyan, "..."

He Yuanyuan, you're such a disgrace to Yan University!

"Have you heard anything about Fenglan Culture recently?"

"It's just a small company we invested in. I don't have the time to care so much about them."

"Find time to arrange some jobs for them. In short, the more the better. Just don't let them stay idle."

"Boss, do you have any new tricks up your sleeve?"

"This is a normal business technique. It's not a trick. This is an insult to my character."

"Hehehe..." He Yuanyuan sneered. "You don't even have a character to speak of in the first place. What is there to insult?"

"Your year-end bonus is now 2 million yuan."

"Boss, you have a noble character and are extremely moral. You are a great person who has escaped the pursuit of low-class interests."

### **Chapter 355: I Want to Buy a Villa**

"In view of your excellent performance, I've decided to withdraw my original intention to send you to Africa," Lin Yi said.

“I’ve already told you what I need to tell you. I’ll give you the reward for completing the task I gave you before this. In short, don’t let her be idle.”

“No problem. I’m the best at torturing people. Just leave it to me.”

Lin Yi hung up the phone after giving his orders. He felt like everything was going well.

He had Cao Xiangyu guarding against Cao Jingqiu at the Sci-Tech factory.

He Yuanyuan was torturing her at Fenglan Culture.

Hehehe...

His heart ached for Cao Jingqiu for a second.

Leaning back in his chair, Lin Yi felt that he shouldn’t have anything to worry about in the near future.

He had his spies everywhere, and Cao Jingqiu wasn’t able to cause any damage for the time being.

Thinking of this, Lin Yi pulled up the system page.

He’d driven more than 3,000 kilometers in half a month, and added to the mileage from before, he’d driven a total of 4,789 kilometers.

If he drove as fast as he could, he’d be able to complete the mission in a day, or at most, two days.

Lin Yi rubbed his palms together at the thought of being a doctor.

His nurses were coming!

Ring, ring, ring...

Lin Yi’s phone rang at that moment.

Lin Yi’s heartbeat sped up when he saw the number on the screen.

He’d waited so long for this day to arrive!

Director Shen was finally coming back!

“You must have gotten anxious from waiting.”

He’d just picked up the phone when he heard Shen Tianzhuo say with a smile.

“No rush, no rush. Good things take time.”

“I’ve been talking to the team about this for the past few days. Fortunately, everything is settled. We’ve already booked the plane tickets and will be arriving at Zhonghai around 1 pm tomorrow.”

“How many people will be coming back this time?” Lin Yi asked.

“Including me, there are a total of 12 people in the team, but some of them have brought their families and children with them. They also have plans to settle down in Huaxia in the future, which makes for a total of 22 people.”

“Okay, I’ll pick you up tomorrow.” Lin Yi said.

“Okay, see you at the airport tomorrow.” Shen Tianzhuo said.

He’d just returned to the country, so he didn’t know much about the situation here. Therefore, he still needed time to find his bearings.

Lin Yi hung up the phone and prepared to carry out some of his previous plans.

He could ignore the others, but he had to arrange a house and a car for Director Shen.

It was a pity that Chaoyang Group didn’t develop any villas, as now the profits from this purchase will have to go to outsiders.

He looked around online and soon decided to drive to the Longjing Villa residential area.

The Longjing Villa was a relatively high-end villa area in Zhonghai.

It was a grade higher than Yunshui Villas, but it was still inferior to Jiuzhou Pavilion.

After all, the title of the number one luxury property in Zhonghai belonged to the latter for a reason.

After parking the car, Lin Yi walked into the sales office.

“Oh my God, look, that little brother is so handsome!”

“He looks like a celebrity! Bah bah bah, even a celebrity isn’t as handsome as him!”

“Right, right, right, even a celebrity isn’t as handsome as him! I’m in love with him.”

Seeing Lin Yi come in, the salesgirls all revealed their infatuated expressions. Even the middle-aged lady in her thirties fell in love with Lin Yi’s looks.

“Hey, hey, hey, are you guys okay? Why is it that when a handsome guy walks in here, you all lose the ability to stand straight?”

The men looked at the girls around them with disdain.

“He’s just handsome, what’s the big deal?”

“Wang Shengtao, I think you’re jealous of him,” a long-haired saleswoman said. “Besides, you know damn well that being handsome is a pretty big deal.”

“There’s really no helping shallow people like you” Wang Shengtao said,

“Usually, people like him act like they are king of their own seas, and they are all scum.”

“Based on his looks alone, we are willing to be fish in his pond, regardless of how big a scumbag he is!”

Wang Shengtao was speechless. “You guys are hopeless.”

“Alright, Old Wang, the clients are here. It’s your turn to receive them.”

Usually, some sales offices had a strict reception system.

The main reason for this was to ensure that the order they received clients was fair. Otherwise, if all the clients were received by one person, it would eventually lead to a fight.

"I'm not going. Whoever wants to receive him can go," Wang Shengtao said disdainfully.

"Have you forgotten what the manager said? Everyone is a potential client. What if he is here to buy a house? Don't you want the commission?" The male colleague beside Wang Shengtao said.

"Look at him, he's not here to buy a house. Even if I go and talk to him, it'll be a waste of time."

"Shengtao, if you're not going, I'm going," the long-haired woman said.

"Qianqian, I'm warning you in advance, don't get your hopes up. It's not worth it to waste your time."

"I can't talk with people like you who hate handsome people. You're just too jealous."

After that, Feng Qianqian tidied up her clothes and walked toward Lin Yi,

"Sir, are you looking to buy a house?"

"I'm planning to."

"Our Longjing Garden units are all high-end properties. Although the price is a little more expensive than other buildings, I can assure you that the money will be well spent."

Lin Yi looked at the sand table and said shyly, "I think I came to the wrong place."

"What did I say? After learning the price of properties in our residential area, he said that he came to the wrong place. It's obvious that he can't afford it."

"Old Wang, you have a good eye. You can tell that he has no money at a glance."

"More than 99% of people with good looks like them don't have the spirit to work hard. Most of them have to rely on their girlfriends to support them. That's why I'm sure that he can't afford our house. Even if we went to receive him, it would be a waste of time. I don't know what Qianqian is thinking. Can a handsome face put food on the table?"

Lin Yi glanced at Wang Shengtao but ignored him.

"Sir, don't bother with them. If you think our houses are expensive, I can recommend a few small units to you. There's also a corresponding discount. It's a good deal."

"I don't think your house is expensive, you just don't have the units I want."

Pfftt!

Wang Shengtao and his male colleagues couldn't help but laugh out loud.

"He's too good at bragging. The houses in our Longjing Garden are well-known for their complete layout. They are large enough to fit anything you could possibly want, yet he actually said that we don't have the layout that he wants. What a joke."

"He's just looking for an excuse to cover up his embarrassment. It's too embarrassing to say that he can't afford it."

“You’re right. The people who came to look at the houses before also used this kind of excuse.”

“We can’t help it. Our houses are too high-end. Those who can afford to buy a house here are all high-end white-collar workers in Zhonghai. A gigolo like him would never be able to afford it.”

Seeing that her male colleagues were attacking Lin Yi, Feng Qianqian tried to help,

“Sir, you don’t have to pay attention to them. Even if there isn’t a house type that you like, it’s okay if you want to look around. It’s okay if you don’t want to buy it.”

“I remember that you sell villas here. Why aren’t their miniature models being displayed here?”

### **Chapter 356: There’s No Need to Hear More, I’ll Take It**

Feng Qianqian and the others were taken aback. No one expected Lin Yi to say something like that.

“Sir, what did you say? You want to buy a villa?”

“Yes.” Lin Yi nodded. “I remember you guys developed villas, but all I can see are flats. Sorry, this is not quite what I was looking for. I must have remembered incorrectly, I’m really sorry.”

“Haha...”

Not only did Wang Shengtao and his male colleagues laugh, but everyone else in the sales department also laughed mockingly.

“This guy is too interesting. He can’t even afford a flat, yet he says that he’s here to look at villas. Isn’t this a joke?”

“He’s too prideful. The sales department’s consultant already gave him a way out. If it were me, I’d just leave, but he still tried to dig up such an excuse. I really don’t know what he’s thinking.”

At that moment, Wang Shengtao walked over with a smile.

“Sir, I wouldn’t have said anything if you left just now, but I need to talk to you about buying a villa.”

Lin Yi raised an eyebrow and glanced at Wang Shengtao. “What do you want to talk to me about?”

“You’re not wrong. We do have villas in Longjing Garden, but they’re all sold on the second floor. Didn’t you want to buy a villa? If you do, I’ll take you up there to take a look.” Wang Shengtao said with a smile.

“Haha...”

The men started laughing. This was going to be interesting. They could not wait to see how this ended.

“Then let’s go. Take me there to take a look,” Lin Yi said to Feng Qianqian.

Feng Qianqian frowned slightly, not knowing what to do.

The cheapest houses in the house were all worth more than 200 million. It would be a waste for her to bring him there to show them to him.

She didn't mind wasting some time on Lin Yi, but if she did bring him up, it'd be exactly what Wang Shengtao wanted.

What should she do?

She really didn't want him to embarrass himself.

"Why aren't you leaving?" Lin Yi turned to look at Feng Qianqian.

"Okay, okay, okay. I'll bring you up now."

Feng Qianqian had no choice but to bring Lin Yi up to the second floor when she saw that Lin Yi was determined to go.

She was thinking about how she could help him out.

She couldn't let him embarrass himself.

Behind Wang Shengtao and Feng Qianqian were the rest of the crowd, who all followed them upstairs.

They had nothing to do anyway, so they decided to go and watch the show.

Seeing the decorations on the second floor, the people who came up to watch the show were all amazed.

"The decorations on the second floor are too luxurious."

"Sure enough, the place that sells villas is different from the place that sells flats. They are on two completely different levels."

"As far as I know, the cheapest villa here is more than 200 million yuan. They are all prepared for the rich. Ordinary people like us can only come here to look around."

"I guess this kid didn't expect the houses in Longjing Villa to be so expensive."

"This is the price of bragging. You have to pay for it sooner or later."

Wang Shengtao's lips curled into a smile when he heard the discussion.

"Sir, didn't you want to see the villas? All eight villas in Longjing are here. Which one do you like? I can show them to you."

"I don't need you to show them to me," Lin Yi said as he pointed at Feng Qianqian. "Let her do it."

Feng Qianqian looked bitter as she introduced.

"Sir, we have a total of eight villas in Longjing. The most luxurious one is villa number one, priced at 360,000,000..."

"Alright, there's no need to tell me more."

Wang Shengtao held back his laughter.

"Why don't you need to hear any more? There are seven more to go. Are you scared of the 360,000,000? Is that why you don't want to hear the rest?"

“No, because I’ve decided to buy this one.”

Lin Yi took out his bank card and handed it to Feng Qianqian.

“The password is 0000000. Go prepare the procedures.”

Silence!

The sales office on the second floor was completely silent upon hearing Lin Yi’s words. One could hear even a pin drop on the floor.

Feng Qianqian was dumbfounded. She even forgot to take the bank card.

“Sir, what did you say? You want to buy Villa No. 1?”

“I came here to look at villas. Now that I’ve taken a liking to one, what’s so hard to understand?”

“Okay, okay... I’ll go swipe your card right now and run through the formalities.”

Everyone froze on the spot when they saw Feng Qianqian leave. They felt like they were hallucinating.

He didn’t even look at a house worth 360 million yuan before using his card to buy it. Was this for real?

Was he sure that there was so much money on his card?

After about 20 minutes, Feng Qianqian walked out with the receipt and bank card.

There were several contracts in her hands.

At the same time, there was a middle-aged woman beside Feng Qianqian.

“Hello, Sir. I’m the sales manager of Longjing Garden. Congratulations on buying Villa No. 1. I hope you don’t mind my not welcoming you.”

“It’s nothing. It’s not a big deal. There’s no need to apologize.”

The female manager revealed the most gentle smile in her life.

“Sir, please keep the card. The contract has been printed out. You just need to sign it.”

Hiss...

Hearing this, everyone present found it hard to believe.

She had even prepared the contract, which meant that the payment was successful!

F\*ck!

This was a house worth 360 million. Wasn’t it a bit too extravagant to buy it just like that?

One even had to pick up a cabbage and feel it without buying it.

Seeing Lin Yi buy a house worth more than 300 million, the women’s eyes became even more unbridled.

They wouldn’t be able to stop themselves even if their husbands were by their side.

Lin Yi took a pen and signed his name on the contract.

At this point, the house was his property.

However, when Director Shen came back, he had to transfer the house to his name to show his sincerity.

“Wang Shengtao, now you see it. Mr. Lin is not only handsome, but also rich. Even if you work hard for 100 lifetimes, you can’t compare to him.”

“Just now you mocked Mr. Lin for being poor. I don’t know who gave you the courage to do this.”

“You guys are just plain jealous!”

Wang Shengtao was so embarrassed that he could not speak. He regretted it so much that he wanted to die.

Why did he have to act pretentious and mock him?

Lin Yi was handsome and rich. He was not worthy!

If he had not mocked him just now, this business deal would have been his. He would have been able to get a commission worth hundreds of thousands!

Now, it was all gone!

“Wang Shengtao, you mocked Mr. Lin just now!” The female manager said, “I don’t think you want to work here anymore!”

“Manager Ma, I... I know I was wrong. Please give me one more chance. I won’t do it again.”

“There are no more chances. Pack up and leave!”

“This...”

Wang Shengtao walked away helplessly.

He didn’t blame Lin Yi, but he hated himself for trying to act cool.

Lin Yi smiled. What was the point of this whole face? Then, he thought to himself,

‘I’ve finished buying the house, so now it’s time to buy the car.’

### **Chapter 357: “I’m Not Actually a Rich Kid.”**

Lin Yi took the contract and left under the watchful eyes of countless people.

When they saw the red Lykan, he showed them how big the gap between the rich and ordinary people was.

300 million yuan house, 60 million yuan car.

It was very possible that ordinary people would never be able to reach this height in their entire lives.

On the way back, Lin Yi thought about it. There were 22 people returning to the country this time, so a lot of things had to be arranged in advance.

Thinking of this, Lin Yi called Lu Ying.

He told her about Shen Tianzhuo's return in detail.

This was going to be a huge project, and Lu Ying had to prepare in advance.

Besides that, Lin Yi was afraid that Lu Ying would be too busy, so he sent Wang Ran over.

He arranged for her to stay at the Peninsula Hotel for the time being. He could take his time with the rest.

After this, Lin Yi followed the GPS and drove to the Mercedes-Benz 4S store.

However, at that moment, Lin Yi's phone rang.

"You have a new order, from the Mercedes-Benz 4S store on Liaohai Road to Zhongcai Garden."

"Isn't this the place you want to go?"

Lin Yi accepted the order and arrived at the Mercedes-Benz 4S store on Liaohai Road a few minutes later.

There was a young man and woman standing in front of the 4S store.

The man was wearing shorts and a half-sleeve shirt, and the woman was wearing a long dress with a bag in her hand. She looked like a beautiful young lady.

"Honey, look, a sports car is coming!" The woman pointed at Lin Yi's Lykan and said excitedly.

"F\*ck, isn't that the Lykan Super 7?" The man said, "There are only seven of these cars in the world, and I think there's only one in all of Huaxia."

"If only I could ride it once," the woman said enviously.

"Don't dream about sports cars. Just obediently ride in the Didi ."

"I saw a news report before. It said that there is a rich second generation who drives a sports car every day and gives rides on Didi. We might be seeing it first-hand today."

"I saw that news report. It must be one of Didi's gimmicks. I can't believe you actually believed it. You are too gullible," the man said disdainfully.

"If he really drives for didi, I'll let you leave in his car."

"You are only saying that because you know he can't possibly be driving for Didi."

"Haha, smart." The man laughed.

Creak.

Lin Yi's Lykan stopped in front of them. "Are you Miss Huang with the tail number 4711?"

Huang Li and her husband were both stunned when they saw the Red Lykan.

“You... how do you know my phone number...”

“I’m the Didi driver you ordered.”

“You... you really are the Didi driver!”

Huang Li took a deep breath, feeling that her life was like a drama right now.

It was just a casual remark, and she didn’t even take it seriously.

She didn’t think that she would be right!

“If I wasn’t the Didi driver, I wouldn’t know your phone number, right?”

Lin Yi glanced at the two of them. “Are you both looking to get in? If you are, I might have to cancel the order because my car is only a two-seater.”

“No, it’s fine...”

Huang Li said, “Just give me a ride as my husband will take a taxi.”

“That’s not nice.”

Lin Yi was a little embarrassed. This whole thing made him look like a homewrecker.

“Lili, you’re just going to leave me here?” Huang Li’s husband was a little unhappy.

“Didn’t you say that if this car was our Didi, you’d let me leave in it? Didn’t I agree to this? Wasn’t I obedient enough?”

Lin Yi, “???”

Why did it sound like she was cheating on him?

“Stop thinking about it. He’s one of the drivers for Didi’s luxury car business, not the rich kid you think he is.”

“That’s not possible. He’s so handsome, so how could he be a full-time driver? He must have nothing better to do, and that’s why he came out to experience life.”

“I thought you were gullible before but this is really next level.” Huang Li’s husband said,

“The rich kid has nothing better to do? Seriously?”

Huang Li curled her lips and cursed in her heart. “What’s so impossible about that? Maybe he is one of those young models who got tired of playing around in the club and came out to hook up with a beautiful woman.”

“Cough cough cough...”

Lin Yi coughed a few times. “I’m really not a rich second generation.”

“Ah?!”

It was Huang Li's turn to be surprised. "You're really not a rich second generation? Are you genuinely one of Didi's contract drivers?"

Lin Yi laughed. "I said I'm not a rich second generation, but that doesn't mean I'm a contract driver."

"Hmm? What do you mean? Who can afford a car worth more than 60 million if not a rich second generation?"

"I'm not a rich second generation, I'm a rich first generation."

"You're a rich first generation!"

Huang Li and her husband were so shocked that they could not close their mouths!

Although a rich second generation was rich in and of itself, the first generation was even much more terrifying by comparison!

"Look, what did I say? I told you he wasn't one of Didi's full-time drivers. Now you should believe me."

Huang Li's husband was already on the verge of tears. Why did he have to be so mean?!

"Hubby, I'm going back in his car first. You can think of a way to head back later."

"Ms. Huang, I have something else to do. I need to buy something. Can you wait a few minutes for me?"

"Okay, I'm fine with that."

At the same time, a few female saleswomen in the 4S shop were so excited that they almost jumped up when they saw Lykan parked outside.

"Forget what I was saying, I want to go out and take a look. It's the first time I've seen such a handsome man."

"Little Chen, weren't you receiving Mr. Wang? He might confirm it when he comes out of the bathroom later. Don't tell me you don't want this deal?"

"It's just a Mercedes-Benz E-class. It's not as important as looking at handsome men," Zhang Yuchen said.

"Mercedes-Benz E-class cars are bought every day, but handsome men at this level are hard to come by even in a hundred years."

Zhang Yuchen's female colleague was delighted. "If you say so, then I'll help you take care of the customer."

"Please, you can go right ahead. It's not a big deal," Zhang Yuchen said indifferently.

"But let's make it clear in advance. If Mr. Wang really does sign for the purchase, then I'll get the commission."

"Of course it'll be yours," Zhang Yuchen said. "I'm going to see a handsome guy."

Her colleague shook her head with a smile as she watched Zhang Yuchen leave.

“You youth. You’re giving up your business just to see a handsome guy. The Mercedes-Benz e-class is worth more than 500,000 yuan. If he buys it, the commission will be a few hundred yuan, which is enough for you to buy a lipstick from Poplar Forest. But whatever, your loss is my gain.”

Lin Yi was about to get out of the car after talking to Huang Li outside the 4S store. He wanted to settle the matter of buying Shen Tianzhuo’s car.

However, the moment he got out of the car, he saw Zhang Yuchen looking at him from not too far away.

“Pretty Girl, you’re a salesperson at the 4S store, right?”

Zhang Yuchen was stunned. She’d snuck out to look at a handsome guy, so why was he talking to her?

This... this was way too blissful!

“Y-you’re talking to me?”

“I don’t think there’s anyone else besides you,” Lin Yi said with a smile.

“Yeah, that’s right.”

Zhang Yuchen’s heart was pounding as she nervously walked up to Lin Yi. Why was he getting more and more handsome as he got closer? What kind of god-like beauty was this?!

“Sir, is there anything I can help you with?”

“I’d like to buy a few cars.”

“Ah? You want to buy some cars?”

Zhang Yuchen was confused. She’d only come out to look at the handsome guy and luxury car, so why did business suddenly land at her feet?

Lin Yi nodded and handed over his bank card.

“I’d like to buy a Mercedes Maybach, the best model, and five Mercedes S-class Mercedes-Benz with the best specs, all in black. The password is 0000000, just swipe the card.”

### **Chapter 358: It Just So Happens That There’s No One Here**

“You... you want to buy a Mercedes-Maybach and some S-classes, all with the top specs?”

Zhang Yuchen felt her heart stop beating.

This was the first time he had seen someone buy a car like this.

“Yes, you heard me right.”

The reason why he wanted to buy a Mercedes-Benz was that Director Shen’s car was an Mercedes E-class during the time he worked at Microsoft.

He might as well continue to buy this brand for him.

As for the remaining S-classes, he would give one to Sun Fuyu and Lu Ying each. The remaining three would be passed to the research institute. Whoever needed it would drive it. It would be used for daily use.

“Firstly, Sir, the top-quality Mercedes-Benz Maybach will cost 3.6 million yuan, and the Mercedes-Benz S-classes will cost 1.8 million yuan each. Altogether, the total will be 12.6 million yuan...”

“Ah? 12.6 million yuan?”

“Sir, do you think that the price is a little too high?” Zhang Yuchen asked.

“In truth, I personally feel it’s a little too high. I don’t think there’s a need to buy the top-quality models. A middle-spec model is already pretty good.”

“That’s not what I meant.” Lin Yi waved his hand.

“I remember that the top-quality S-class one is close to 3 million yuan. Why is it selling for 1.8 million now? Did it drop that much?”

“Sir, the three million model you mentioned is the AMG version.”

“That’s the one. I want five AMG models,” Lin Yi said. “I feel like the normal version is a little lacking.”

“You... you want five S-class AMG models?!”

Zhang Yuchen felt like she couldn’t even speak properly.

It was also the first time she felt the huge gap between the consumption habits of the rich and ordinary people.

The earlier nouveau riche had talked until the cows came home before he bought the E-class, and he even took the opportunity to try to get her WeChat.

On the other hand, look at this man who bought so many cars without even entering the building.

This was a true rich man.

“The price of a top-of-the-line S-class AMG is now 2.86 million, so five sets will be 14.3 million. Including a top-of-the-line Maybach, the total price will be 17.9 million.”

Lin Yi nodded. “That’s the right price. Go swipe my card and prepare the contract.”

“Okay, okay...”

She held Lin Yi’s bank card in her hands with trepidation, feeling that everything before her eyes wasn’t real.

She walked into the shop and happened to see her colleague and a middle-aged man walking out.

The middle-aged man snorted coldly when he saw her.

“Miss Zhang, I was here to buy a car from you, but you don’t seem to be willing to serve me, so I can only tell you regretfully that I’ve already bought that Mercedes-Benz E-class, but the commission money will not be entering your pocket.”

“Little Chen, we had a deal. Although it was you who served Mr. Wang previously, I’m the one who got the sign off for the sales contract. You can’t challenge me for the commission money,” Zhang Yuchen’s colleague said.

“It’s just a Mercedes-Benz E-class. What’s so great about it?”

“Hehe...” the colleague named Wang smiled. “This is a car worth more than 500,000 yuan. It’s considered a good car even in Zhonghai.”

Zhang Yuchen’s colleague shook his head. This girl Yuchen would regret her decision just now.

Now, it was too late even if she regretted it.

According to the company’s rules, whoever signed the contract with the client would get the commission. She couldn’t contest this rule.

“It’s just an E-class. What’s so cool about that?” Zhang Yuchen took Lin Yi’s bank card. “Do you see this?”

Both of them were stunned. Zhang Yuchen’s colleague asked, “What’s up with that card?”

“The handsome guy outside bought a Mercedes-Benz Maybach and five S-class AMGs with a total price of 17.9 million yuan. A Mercedes-Benz E-class with a price of more than 500,000 yuan is less than a fraction of that value. I’m not interested at all.”

“What did you say?! The guy outside bought six cars?!”

“That’s right. And he didn’t waste any time at all. He paid the full price with his credit card, unlike someone who bought an E-class car in installments.”

Zhang Yuchen’s colleagues were dumbfounded.

According to the 1% commission benefit, a car worth 17.9 million RMB meant she got 179,000 RMB just from the commission alone!

If she hadn’t acted, this customer would have been his!

The commission would’ve been his, too!

It was all gone now!

Meanwhile, the customer looked embarrassed as he wiped the cold sweat off his forehead and left the Mercedes-Benz 4S store in shame.

Twenty minutes later, Yuchen prepared six car contracts and handed them to Lin Yi for him to sign.

With a wave of the pen, Lin Yi signed his name and said to Yuchen,

“Help me send these six cars to the Zhonghai International Racetrack later. Find a man named Zhou Haitao, he’ll be there to receive you, but you have to do before 10:00 am tomorrow.”

“Yes, sir. There’s an available car in the garage. We don’t need to wait to send it at 10:00 am tomorrow. We can arrange to do it now.”

“Alright then, I’ll leave the car delivery to you guys.”

Lin Yi looked at Huang Li as he held the six car contracts.

“I’m done here. Let’s go.”

“Okay...”

Huang Li and her husband saw the whole process.

The heroic Lin Yi once again changed their worldview.

Rich people and ordinary people really lived in two different worlds, leading completely different lives.

When he came to the Mercedes-benz 4S store, he could only look at the cheapest car, and he had to take out a loan.

Yet, the other party casually spent more than 17 million on the cars.

On the other hand, he probably wouldn’t be able to earn so much money in his lifetime.

Seeing his wife leaving in Lin Yi’s car, Huang Li’s husband felt a myriad of emotions in his heart.

He looked up at the sky and suddenly saw a bright green flash above his head, filling him with vitality.

“Bro, can I add you on WeChat?” Huang Li asked when they reached their destination.

“You can forget about adding me on WeChat. I still have things to do.”

“Oh, okay.” Huang Li said, not willing to give up just yet.

Lin Yi did some calculations in his mind. After buying a car and a house, everything was settled.

All that was left was to pick up Director Shen when he returned to the country.

Later on, Lin Yi drove to pick up Ji Qingyan from work.

Ring, ring, ring...

Just as he was waiting for Ji Qingyan to come down, Lin Yi received a call from her.

“Are you busy tonight?”

“No, what’s wrong?”

“I don’t want to go home right now. I want to work overtime at the company. If you’re free, can you come over and accompany me?”

“Wait for me upstairs.”

“Okay.”

When he arrived at Ji Qingyan’s office.

They found her concentrating in front of the computer, her slender fingers tapping on the keyboard like she was playing the piano.

There were documents all over the desk. With Ji Qingyan's personality, it was obvious how busy she was to let her desk devolve into this state.

"Find a place to sit. I'm a little busy with work, so I'll leave you alone."

"Go focus on your own stuff."

Lin Yi pushed open the kitchen door. "What do you want to eat? I'll go make it now."

"Egg fried rice will do." Ji Qingyan looked at Lin Yi with delight. "If you can add more scallions and a poached egg, it'll be even more perfect."

"Sure, just wait."

Lin Yi wasn't only preparing food for Ji Qingyan. He was also a little hungry himself, so he prepared a plate of golden egg fried rice to fill his stomach.

Twenty minutes later, two sets of egg fried rice were served.

"Come here and eat first. I'll be busy later."

"I want to eat at my desk." Ji Qingyan said cutely.

"Don't waste your time on other tasks. Eat well during the meal. Don't mess around."

"Oh, okay."

Seeing Lin Yi's egg fried rice, Ji Qingyan, who was already hungry, suddenly felt that she had a huge appetite.

"Lin Yi, you're a genius. Even your egg fried rice tastes so good," Ji Qingyan said with satisfaction.

"Your mouth must be filled with the taste of scallions. Don't kiss me later."

"Why? Do you dislike me? In that case, I'm going to kiss you."

"Well, come on then. There's no one around. Don't restrict yourself."

### **Chapter 359: Meeting an Acquaintance**

Ji Qingyan paused for a moment before realizing that she'd been tricked by Lin Yi again.

"You're such a hooligan, I don't want to kiss you."

Lin Yi smiled as he looked at Ji Qingyan's cute face. He found it interesting as well.

"You've been working overtime both at home and at work lately. What project are you so busy with?"

"It's the plot of land I told you about. In three days, the public tender will be held," Ji Qingyan said.

"There are still some procedures and equipment parameters that haven't been settled, so we have to hurry up."

“These things shouldn’t be too big of a problem. The bidding documents for the construction industry are almost as thick as the Xinhua dictionary. No one can do it perfectly. There are bound to be mistakes. It won’t be a problem even if we have to make some corrections in the early stage.”

“It used to be okay, but not anymore.” Ji Qingyan ran her fingers through her hair. “There’s a new mayor in town, and she’s the one who’s in charge of this project, so we have to be more serious, or we’ll be eliminated.”

Lin Yi nodded noncommittally. He understood the logic of a new official coming into power.

Ji Qingyan’s seriousness was not without reason.

“Do you know who the competitors are?”

Ji Qingyan shrugged and sighed.

“I only know a few small companies that aren’t as big as Chaoyang Group. I’m confident that I can compete with them, but this project is very big. Not only will companies from Zhonghai participate, even companies from other provinces are interested in this project, so I have to be as perfect as possible. Otherwise, any small flaw could turn into a fatal mistake.”

“Do you need me to call He Yuanyuan over?”

“No, no, no. Don’t be like that. This is my company’s business, so I don’t need your help. I still have a computer available. If you have nothing to do, you can entertain yourself. Don’t worry about me.”

“Then I won’t bother with you.”

“Okay.”

That night, Ji Qingyan was busy until 10 o’clock before the two of them drove home.

The next morning, he drove her to work as usual.

However, they didn’t drive a sports car, but a Rolls-Royce Phantom.

The sports car only had two seats, so it wasn’t convenient to fetch people around.

As for why Lin Yi didn’t drive a sports car, Ji Qingyan didn’t ask.

There were so many cars, so it was only right that he gave them all a chance.

He couldn’t be too biased.

After sending Ji Qingyan to the company, Lin Yi got back into the Rolls-Royce and continued to drive for Didi.

Although he was less than 200 kilometers away from completing the mission, he had a lot of things to do today, so it was unlikely that he would be able to finish the last 200 kilometers.

Sure enough, every ultimate mission would have a small twist at the end.

It wasn’t a big problem at all. At most, his mission would be delayed by a few days.

After a few random trips, Lin Yi drove to the Zhonghai International Racetrack.

He heard the roar of the sports car as soon as he entered the gate. It was very lively.

He looked around the circuit and found Qin Han and the others there.

The supercar club they talked about before was quite something.

“What’s going on? Isn’t the circuit reserved? Why are there outsiders coming in?”

In the stands, a woman with a seductive figure whilst dressed in cool clothes said.

“Could it be a streamer who snuck in? Is he here to secretly take photos of Young Master Qin practicing driving?” A woman wearing suspenders said.

“It’s possible. The current Internet celebrity streamers don’t have any morals. They are capable of doing anything.”

“Brother, how did you get in?” In the stands, a man with dyed yellow hair said.

“I walked in.”

“You think I don’t know you walked in?”

The yellow-haired man was a little unhappy after being mocked by Lin Yi. “This isn’t a place where you can freely enter. We’re practicing our driving in the SR Club. Outsiders aren’t allowed to visit.”

“I’m not really visiting, I was just casually passing by.” Lin Yi smiled.

“Besides, this is my territory. Calling me an outsider is a bit too much.”

“What did you say? This is your territory?”

The yellow-haired man smiled. “Don’t tease me, okay? This show-off has no skill at all.”

“Old Lin!”

As the two were talking, they suddenly heard Qin Han’s voice.

Even Liang Jinming and Gao Zongyuan saw Lin Yi.

“Brother Lin.”

Seeing Qin Han and the other two walk away, the other members of the club put down what they were doing and looked towards the entrance of the car park.

They were extremely curious about the tall man.

Someone who could make Young Master Qin take the initiative to greet him must have a high status.

“Brother Qin, who’s this?”

The yellow-haired man asked in a low voice.

“He’s the Lin Yi I told you about. He’s my good friend, and the racetrack belongs to him.”

Hiss...

The yellow-haired man and the other two women were so shocked that they couldn't close their mouths.

What the f\*ck!

This is really your territory!

You came here so low-key, and we couldn't tell at all that you were on the same level as Young Master Qin!

"Old Lin, why are you here? Are your hands itchy?" Qin Han asked.

"I came to handle something. I saw you guys playing here, so I came to check things out."

"You have so many important things to do every day. Come and race a few laps." Qin Han pointed at the group of people behind him and said.

"These people brag about their skills every day. Come and teach them a lesson."

"I'll do it when I have time." Lin Yi waved his car keys. "I came out with the Phantom today. I'm going to pick someone up later, so I can't dilly-dally."

"What the f\*ck? Who's so arrogant that you have to personally welcome them?"

"A super awesome person. The two of us are trash in front of him."

"What?" Qin Han asked suspiciously. "I saw a Maybach and a few S-classes parked in the garage when I got here. You didn't buy them to pick them up, did you?"

The people who weren't familiar with Lin Yi were all speechless.

He bought so many good cars just to pick them up?

They weren't expensive cars, but there were a lot of them. The total would be close to 20 million yuan.

This was way too decadent.

"Smart." Lin Yi smiled.

"Alright, you guys stay here and play. If you need anything, you can just tell Zhou Haitao. I'll come over to race with you guys one day."

"There's something else I really need to tell you." Qin Han said.

"In a few days, the people from the CCS Supercar Club from Yanjing are coming over. I'm not sure if we can beat them. If you're free, come over and support us."

"You just started your club and you're already fighting with others?"

"What do you mean fighting? Those people are too pretentious. They're always yelling at me. How can I let them get away with it?"

"Have you set a date yet?" Lin Yi asked.

“Not yet, but the initial date we’re thinking of is for next month. You have to come by then.”

“You’ve already said it, so I have to come.”

“Then it’s a done deal.”

After chatting with Qin Han for a bit, Lin Yi went to look for Zhou Haitao.

In the office, Zhou Haitao stood up to welcome Lin Yi.

“President Lin, you’re here.”

Lin Yi nodded. “The drivers have been prepared, right?”

“Everything’s been arranged. We can leave at any time, and they’ve even driven for bureau leaders before, so their skills shouldn’t be a problem.”

“Alright, we’ll set off now.”

Under Lin Yi’s arrangements, the Rolls-Royce took the lead and sped all the way to the Zhonghai Hongqiao Airport.

Just as he entered the terminal, Lin Yi saw a familiar figure.

The woman standing in front was wearing a black cropped shoulder sleeve, dark green slacks, and a Swarovski puzzle bracelet on her wrist. In the sprawling terminal building, she clearly stood out like a shining ray of light.

Although he could only see her back, Lin Yi was sure that the woman standing in front was the owner of the Audi A6 that day!

“Pretty Girl, are you also here to pick someone up?”

### **Chapter 360: Liang Ruoxu’s True Identity**

Liang Ruoxu’s expression turned cold when she felt someone tap her on the shoulder.

She turned around and found out that the person who patted her on the shoulder was the owner of the Lykan car that day.

“What are you doing here?”

Liang Ruoxu took off his sunglasses and mask as a show of courtesy.

“I’m here to pick someone up.”

“Pick someone up?” Liang Ruoxu looked at Lin Yi. “Are you picking up your girlfriend? What kind of woman is worth you coming all the way here to pick up?”

“Can’t I be picking up a man?” Lin Yi asked.

“That’s possible, but I have a feeling that it’s more likely to be a woman.”

“Are you the same, picking up your old lover?”

“I don’t think any normal words can come from your mouth,” Liang Ruoxu said. “I’m here to pick up my friends since they are coming back from abroad.”

“That’s good. Let’s wait together, so I don’t get bored.” Lin Yi said.

Liang Ruoxu smiled and didn’t say anything. She put on his mask and sunglasses again, making her look like an assassin.

Lin Yi rubbed his chin. This woman was cold and aloof, even turning a blind eye to his good looks.

Could she be a cross-dressing boss? However, from the looks of it, she seemed to be a real woman.

Liang Ruoxu furrowed her brows when she felt Lin Yi’s slightly invasive gaze. Her face was cold.

“Don’t keep looking around, it won’t be good for you.”

“Hehehe...”

Lin Yi smiled awkwardly. “Sorry, occupational disease, occupational disease.”

Liang Ruoxu took a step to the side and moved a meter away from Lin Yi.

Although her face was hidden by the mask and sunglasses, there was an indifferent coldness in her eyes.

It made the distance of a meter seem like a hundred meters.

If one didn’t know, one wouldn’t be able to tell that the two knew each other.

At that moment, the airport’s broadcast rang.

“Ding Dong...”

“Flight CU2344 from Washington to Huaxia’s Zhonghai has landed. Please prepare to receive the crew.”

Lin Yi took a deep breath when he heard the voice on the broadcast.

Director Shen finally came back after waiting for so long.

About twenty minutes later, Lin Yi saw Shen Tianzhuo walking out with twenty people.

The place was filled with people of all races, but most of them were Chinese.

Maybe it was because of the long journey, but there was a hint of exhaustion on Shen Tianzhuo’s face. At the same time, it was filled with the joy of returning home.

The mood was just as round as in his hometown, and the air was still as sweet as in his hometown.

Lin Yi was just about to step forward when he noticed that Liang Ruoxu was walking towards the VIP entrance as well. This seemed to be quite a coincidence.

“Why are you following me?”

Liang Ruoxu stopped after taking a few steps and turned around to ask.

“I’m going to pick someone up too,” Lin Yi said. “If you don’t believe me, I’ll walk ahead and you can follow me.”

Liang Ruoxu didn’t say anything else. She felt that she was getting a little sensitive, so she continued walking toward the VIP entrance.

At the same time, she was thinking, ‘Do I look like someone that easy to date?’

Lin Yi stood outside the gate after he walked toward the VIP entrance, waiting for Shen Tianzhuo and the others to come out.

To his surprise, Liang Ruoxu took out a red ID card from her bag and waved it in front of the security staff.

The latter’s expression tensed up as she opened the gate and welcomed her in.

Lin Yi, “???”

Who was this girl?

Was she so capable?

At that moment, Liang Ruoxu turned back to look at Lin Yi with a smug smile.

Lin Yi didn’t take the provocative smile to heart. After all, picking up SHen Tianzhuo was a serious matter.

However, at that moment, Lin Yi was surprised to find that Shen Tianzhuo was walking toward Liang Ruoxu with a suitcase in his hand!

What the hell was going on?

Was the person she was supposed to pick up also Shen Tianzhuo?

“Mayor Liang, it’s an honor for you to come to the airport to welcome me despite your busy schedule.” Shen Tianzhuo said politely as he stretched out his hand.

Lin Yi, who was standing outside the gate, was at a loss.

This woman was the mayor?!

You’re f\*cking kidding me!

Lin Yi thought about it. She didn’t think that he was flirting with her, did he?

He wasn’t going to be charged with anything, was he?

This was so f\*cking scary!

“You’re too kind, Professor Shen. Your return will have a far-reaching impact on the high-tech industry in Huaxia. It’s only right that I come to pick you up,” Liang Ruoxu said very politely.

“I’m not that special. As long as there’s something I can do for my country, my return won’t have been meaningless.”

There was a hint of mist in Shen Tianzhuo's eyes.

For wanderers, home always held the most special place in the depths of their hearts.

"Professor Shen, you're too modest." Liang Ruoxu smiled.

"I've already prepared a banquet for you and your team. There are too many people here, and it's not a good place to talk."

"I'm afraid I can't make it today. I've already made an appointment with someone. I might not be able to go to your banquet," SHen Tianzhuo said apologetically.

"Someone's coming to pick you up?"

Shen Tianzhuo pointed at Lin Yi outside the gate. "We already made an appointment. He's coming to pick me up."

"It's him?!"

Liang Ruoxu widened his beautiful eyes, disbelief written all over her pretty face.

Never in her wildest dreams would she have thought that the cheeky man would have come to pick up Shen Tianzhuo.

Was there some kind of relationship between them?

"Hehehe..."

"I'm really sorry, Director Shen has to come with me today."

An awkward expression appeared on Liang Ruoxu's face.

'He is trying to piss me off, isn't he?'

"Mayor Liang, this isn't the place to talk. Let's head off first."

"Okay."

The group arrived at the underground parking lot after exiting the gate. Two brand new Toyota Coasters were parked there.

"Professor Shen, get in the car first, I'll send you to your destination."

"Beauty, I've already prepared a car, it's parked not far away." Lin Yi said with a smile.

Liang Ruoxu looked up and saw six Mercedes-Benz and even a Rolls-Royce Phantom parked dozens of meters away.

These cars added up to more than 20 million yuan. The rich second generation of a rich family really knew how to put on a show.

Liang Ruoxu combed his hair and smiled self-deprecatingly. "Looks like I didn't need to do this."

"Do you want to come? Shall we have a meal together?" Lin Yi invited her.

“Then I’ll do as you say.”

Liang Ruoxu accepted Lin Yi’s invitation because of Shen Tianzhuo.

Shen Tianzhuo was very important to the development of science and technology in Huaxia.

With his current status, she had to treat him well and show him proper sincerity and a welcoming attitude.

Such was society’s respect for a scientist.

After deciding on the next step of the plan, Lin Yi welcomed Shen Tianzhuo, Liang Ruoxu, and his team into the car.

Naturally, Lin Yi was the driver.

“Why do I feel like you two know each other before?” Shen Tianzhuo said with a smile after getting into the car.

“We did meet once,” Liang Ruoxu said with a smile. “I just didn’t think that Mr. Lin and you would have such a strong relationship.”

Shen Tianzhuo looked at Lin Yi. “Didn’t you introduce yourself to her?”
