### Chapter 41: Reward, Wangjiang Dock!

2

Ji Qingyan's swimsuit was not a one-piece, but it was not a bikini either.

Lin Yi noticed that Ji Qingyan's back was even more perfect than he had imagined.

Especially her straight thighs, there wasn't a single blemish to be found.

It was definitely a perfect figure.

Apart from that, there was also a layer of gauze shawl on her body, making her look even more elegant.

"I've changed into my swimsuit. I've fulfilled my promise."

"I like people like you who keep their promises."

Lin Yi climbed up from the pool as he spoke.

Ji Qingyan was about to enter the water, so there was no need for him to swim. Instead, he just sat there and enjoyed the view.

Ji Qingyan took off her shawl and touched the water in the pool.

"It's warm..."

"It's self-heating," Lin Yi said as he sat on the bench. "If you want to take a bath, I'll get you the shower gel right now."

"You're the only one who can come up with the idea of taking a bath in the pool."

After testing the temperature, Ji Qingyan got into the pool in a much gentler fashion than Lin Yi.

Ji Qingyan's swimming skill was better than Lin Yi had imagined, as she seemed just like a mermaid.

Lin Yi sighed as he sat on the bench and looked at her graceful swimming.

This was the life!

The only thing that was unfortunate was that it would be better if they were at an outdoor beach.

At this moment, Lin Yi saw Ji Qingyan's phone.

He remembered that he had not completed the previous order.

"I want to use your phone," Lin Yi said.

Ji Qingyan surfaced and combed her hair.

"Go ahead, the password is 950824."

Holding Ji Qingyan's phone, Lin Yi saw that the screensaver was a selfie of her, gesturing a 'V' with her hands. It was a little cute.

Lin Yi logged into the Didi app and gave himself a five-star rating.

At this moment, the system notification sounded.

[System mission completed. Reward: 100,000 experience points!]

[Job completion: 75% . Reward: Wangjiang Dock!]

Lin Yi almost jumped up when he heard the notification in his head!

It gave him a shock!

Lin Yi still had some impression of this Wangjiang Dock.

It was a state-funded dock, but after recovering the cost, it was sold to a private owner.

Now, it was in his hands!

Most importantly, Wangjiang Dock was not far from Jiuzhou Court. There was a beach in the middle of it, and it was only a few minutes' drive away!

Lin Yi checked the details of the dock with his phone.

He found out that Wangjiang Dock had quite a background.

When the Wangjiang Dock was built, the government wanted to turn it into the largest cruise ship terminal in Huaxia to stimulate the tourism industry in Zhonghai.

Wangjiang Dock did not disappoint. When it was built, it became China's largest cruise ship terminal.

It covered an area of 180,000 square meters and had 120 berths. However, five years had passed since it was built, and it had now become the second-largest cruise ship terminal in China.

Even so, it could not erase its status in the hearts of tourists.

The system was really generous!

It actually sent such a big gift, so Lin Yi had to go check it out tomorrow.

However, Lin Yi was more concerned about the 75% completion rate!

According to this number, he was not far from unlocking the next class.

Lin Yi thought about it. According to the current rate, it was not a big challenge to unlock the next class in a week.

Even so, Lin Yi had already made up his mind. He still had to work toward 100% completion!

That represented the ultimate reward. He could not give it up unless it was absolutely necessary!

Just as Lin Yi was thinking about these things, Ji Qingyan swam to the edge of the pool and walked up while holding the handrail.

Lin Yi was a gentleman. He handed a towel over and wiped the water off Ji Qingyan's body.

"I haven't swum in a long time. I've only swum a few laps and I'm already out of breath."

"Our pool is free for you to use. You can come here more often in the future." Lin Yi said with a smile.

"That's more like it."

After wiping the water off their bodies, the two returned to Villa Number One together.

Ji Qingyan did not mention anything about going home. It was obvious that she was planning to stay here.

"Eh? What happened to your blanket...?"

Upon returning to the second floor, Ji Qingyan was a little surprised to see the blanket in Lin Yi's bedroom.

The blanket was very old, and there were a few patches on it. Using something like that did not fit Lin Yi's identity at all.

"I brought the blanket and pillow from the orphanage back then. I'm used to it, so I didn't want to throw it away." Lin Yi said

"You... you're an orphan?!"

Lin Yi shrugged nonchalantly. "I heard from Mother Wang that I was sent to the orphanage when I was born. I've been in the orphanage for so many years."

"I'm sorry for bringing up your sad past."

"Don't be so sensitive. I'm not sad at all." Lin Yi said.

"Mother Wang treats me like her own son, and I have a lot of friends in the orphanage. I don't lack love, and my values are normal. It's different from the orphans on TV."

"Alright then, as long as you're not angry."

Ji Qingyan was wrapped in a towel, holding her clothes in her hands.

"I'm going to bed. Good night, Don't sleep in late tomorrow. You still have to take me to work."

"No problem."

Lin Yi made an OK gesture.

When it comes to a fat sheep like you, I can't wait to take you to work every day!

After washing up, Lin Yi went back to rest.

He found a friend request on WeChat with a verification message below.

"Hello, I'm Wenhui Song."

"Wenhui Song?"

Lin Yi mumbled, "Why does that sound so familiar?"

A few seconds later, Lin Yi remembered who this person was.

Was it not the blind date that Mother Wang had tried to introduce to him?

He did not think too much about it and approved the friend verification.

"Hello." Wenhui sent him a message on her own accord.

"Hello." Lin Yi replied.

"I'm off tomorrow. When will you be free? My family wants to meet you too." Wenhui said

"Any time is convenient." Lin Yi replied

He had to give face, otherwise it would be hard for Mother Wang to explain herself later.

"Shall we meet at Tianyue Teahouse at nine in the morning?" Wenhui asked

"Tianyue Teahouse? Is that the Tianyue Teahouse on Wenxing Road?" Wenhui asked

"Yes, that's right."

"Okay."

Lin Yi rubbed his chin after they agreed on the time and place.

Tianyue Teahouse was not cheap at all. A simple pot of tea cost hundreds of yuan, yet they really dared to set such a meeting place.

The next morning, both of them woke up at the same time. After washing up, Ji Qingyan got into Lin Yi's car.

Since they had a clear destination, Ji Qingyan placed the order after getting into the car.

She was not as hesitant as she was the night before.

Lin Yi had just gotten into the car when he heard Ji Qingyan say.

"Oh right, I bought some pajamas and mailed them to you. Remember to pick them up later."

## **Chapter 42: Shameless**

"I don't think that's a good idea," Lin Yi said. "You bought me a suit yesterday, and pajamas today. You're making me feel bad."

Ji Qingyan covered her mouth as she chuckled. "You're so petty. I bought it for myself so I have something to wear at your place. I don't want to wear yours anymore. It's not comfortable at all."

2

"Uh... Okay, I was just overthinking it."

Ji Qingyan got out of the car, but did not forget to remind Lin Yi,

“I won’t message you anymore since I’m going to work. Pick me up at three in the afternoon. It’s Grandpa’s birthday today, so I can’t be late.”

“Okay, I’ll see you then.”

Lin Yi looked at his watch as Ji Qingyan left. It was already half-past eight.

If he went to the dock now, he would not have time to go on the blind date.

Ring, Ring, Ring...

Lin Yi’s phone rang.

“Wang.”

“Yi, I heard that you two have an appointment?”

“Yeah, we’re on our way.”

“That’s good then.” Wang Cuiping lowered her voice.

“I’ve asked around for you. This girl looks pretty good and she has a good job. Don’t waste the opportunity, I still need to drink your wedding wine.”

“I got it.” Lin Yi said with a smile.

“I’ll secretly prepare 20,000 Yuan for you. If it really works out, I’ll give you this 20,000 Yuan for your wedding.” Cuiping sighed. “It’s not much money, but mom can only give you this much.”

“What are you talking about? I’m already working to earn money, how can I still take your money?”

Lin Yi knew the situation in the orphanage.

It was all thanks to the help of society that they were able to survive until today.

They were already living beyond their means. If they were to give him another 20,000 yuan, it would be like adding salt to their wounds.

“These are the rules. If you guys really end up together, I have to show something.”

“Alright, let’s not talk about this. I’ll go back to see you in a few days.”

“Alright, bring me back some good news.”

“No problem.”

After hanging up, Lin Yi took a deep breath, wiped the tears from the corner of his eyes, and headed towards Tianyue Teahouse.

1

Ring, Ring, Ring...

Just as he hung up, his phone rang again.

“Am I a busy person now? Looks like I need to prepare another phone to learn some time management, otherwise I’ll never have enough time.”

“Hello.” Lin Yi said as he picked up the phone.

“Hello, Mr. Lin. Last night, you bought our Wangjiang dock. I’m the manager of the dock, Bi Songjiang.”

“I’ll be there in a while. You should still be at the dock, right?”

“Yes, yes, I’m calling because of this. If it’s inconvenient for you to come here, we can go and report to you.”

“No need, I’ll go myself.” Lin Yi looked at his watch. “But I have something else to do, so I’ll see you in two hours.”

“Okay, okay, okay, we’ll wait for you here.”

“Okay.”

After hanging up, Lin Yi drove for a while and arrived at Tianyue Teahouse.

Tianyue Teahouse was quite famous in Zhong Hai, and people with a bit of status liked to come here to drink tea and discuss business.

“Hello, Sir, how may I help you?”

A waiter wearing a cheongsam smiled as he saw Lin Yi come in.

“I’m here to look for someone called Song Wenhui. She must have reserved a table here.”

“Are you Mr. Lin Yi?”

“Yes, I am.”

“Miss Song already told me that you can go straight to the third floor.”

“Okay, thank you for your hard work.”

The third floor of the teahouse was empty, probably because of the day. There was only one table with people sitting at it.

Meanwhile, there were five people sitting at the long table. It seemed that there were quite a number of them.

Lin Yi could vaguely tell that the person sitting in the middle should be Song Wenhui. He did not know who the rest of them were.

“Yo, it’s Lin Yi, right?”

The middle-aged woman sitting next to Song Wenhui said when she saw Lin Yi coming up.

“It’s me.”

“Let me introduce myself first. I’m Wenhui’s mother, Yin Juan. This is my son and Wenhui’s younger brother, Song Wenwu. The rest are Wenhui’s aunt, Yin Cui, and second aunt, Yin Hua.”

Lin Yi nodded to greet them.

It seemed that men didn’t have much status in the Song family.

“Lin Yi, I’ve heard about your situation from Cui Ping. I heard that you work in a real estate company. In that case, wouldn’t it be cheaper to buy a house from you?” Wenhui’s mother was straightforward.

“It would be cheaper, but I don’t work there anymore,” Lin Yi said.

“Is it because the pay isn’t good anymore?”

Yin Juan and the others were happy to hear that. After all, they made a lot of money.

“It’s not due to a job change, it’s due to the company’s decision.” Lin Yi said

Their faces changed. This was not a good sign!

“What are you doing now? You can’t be unemployed, right?” She asked.

“That’s not the case. I usually run Didi, and I’m earning barely enough to make a living,” Lin Yi said with a smile.

The Song family’s faces did not look too good.

Yin Juan muttered to herself, “What’s going on with Cui Ping? She said he was working at a real estate company, and now he driving for Didi? She’s lying!”

“Mom, calm down first,” Song Wenhui said in a low voice. “His job isn’t very decent, but he’s pretty good-looking, and there’s news about the relocation of the orphanage’s land. Let’s talk about it first.”

“Alright, I’ll give him another chance for the sake of the next generation,” Yin Juan said.

Judging from the current situation, if it was not for Lin Yi’s outstanding looks, they would have probably have left.

“Let’s talk about it then,” Yin Juan said with a fake smile.

“Yeah.”

“You should know our Wenhui’s situation. She’s very decent to be working in a bank, and there are a lot of guys chasing after her. You’re pretty good-looking, but that’s not enough to sustain a living.” Wenhui said with a smile

“Aunty is right.” Lin Yi said with a smile.

“How I just make it clear to you. I’m hoping that you can buy a three-bedroom apartment in Zhong Hai with a floor area of at least 100 square meters in cash.”

“In cash?” Lin Yi felt like had misheard wrong. Were these people dreaming?

“Looking at the current prices of houses in Zhong Hai, the cheapest one near the outer ring cost around 50,000 yuan per square meter. The land was around 100 square meters, while the build-up was around 150 square meters. The full amount was around 7.5 million yuan. Including other procedures, such a place would cost around 8 million yuan. It would be difficult for young people to pay for it in cash!”

“If you don’t pay in full, you’ll have to pay the mortgage in the future. How much pressure will you be under? When we get old, you’ll have to pay for our medicine and treatment. If you use our salary to pay the mortgage, who’ll support us in the future?”

1

Yin Juan changed her position and continued.

“And 100 square meters is just my minimum requirement. You two have one room, your child one room, and I’ll have one room with his father. If you look at it this way, we aren’t asking for much.”

2

Wenhui saw that Lin Yi didn’t agree to it directly, so she spoke up:

“My parents have raised me for so many years. It should be normal for me to bring them to live with me, right? If you really like me, then such a thing shouldn’t be a problem for you, right?”

#### **Chapter 43: Tell Me How You’re Going To Pay For It**

Lin Yi almost laughed out loud, but held it in. “Is there anything else you want?”

“Don’t worry, I’ll tell you if there is.” Yin Juan said with a smile.

“We’re just a normal family. We’re done talking about the house, so we won’t make things too difficult for you. The betrothal gift is 888,000 dollars for luck.” Lin Yi said.

1

“Isn’t that a little too much?” Lin Yi asked.

“Is that too much?” Yin Juan said in shock. “Wenhui’s colleague paid 1.66 million for the betrothal gift a few days ago, and we only asked for 888,000. That’s not a lot.”

“No, I mean, according to the rules here in Zhong Hai, the betrothal gift will be returned to the person who gave it. I’m afraid you’ll feel pressured.” Lin Yi said

“Huh? What kind of custom is that?” Yin Juan said. “We don’t have such a rule. The bride price is given to the family.”

“Bride price is given to the family?” Lin Yi was stunned. What kind of idiotic rule was that?

“Yeah, it’s the money given to the family. We’ve raised our daughter for more than twenty years. It shouldn’t be a problem to give us some money as compensation, right?”

1

“Isn’t that the same as selling your daughter?” Lin Yi said with a smile.

“So you’re saying that if I spend money and marry her, I can treat her like a nanny or a fertility machine?” Lin Yi asked.

“What are you talking about?!”

Yin Juan slapped the table. “Our Wenhui married you to enjoy life. It’s already good enough that she can go to work. Do you still want her to also do housework?”

“Alright, go on. What else do you want?” Lin Yi said.

“The only thing left is the car. In this aspect, our requirements aren’t very high.” Yin Juan said.

“Buy a BMW 5 series, Mercedes-benz E-class or Audi A6. As long as it’s more than 500,000 dollars, you can decide what brand you want to buy.”

“Wait, I have to emphasize this.” Wenwu said. “If you want to buy these three types of cars, you have to import them. You can’t drive the domestic ones at all. They’re rubbish.”

Lin Yi nodded with a smile as he looked at Wenhui.

“What do you think?” Wenhui asked

“I think, with my conditions, that’s not too high, right?”

“I have a colleague who just graduated from a college. She’s living in a villa now and drives a car worth more than a million dollars. My conditions are better than hers. It shouldn’t be too much to ask for these things, right?”

“That’s right. Our Xiaohui’s conditions are right here. It’s definitely not too extreme to make such a small request,” agreed Song Wenhui’s aunt.

“I also have a request. When we get married, the hotel must be a five-star hotel. When all our relatives and friends come, the quality mustn’t be too low,” added Song Wenhui’s second aunt.

“Yes, yes, yes. This is very important. I forgot to mention it just now,” the other aunt added.

“According to your request, this whole set will cost at least 10 million. You all know my situation. Do you think I can take out this amount of money? Do you think I’m printing money in Zhong Hai?” Lin Yi asked.

Lin Yi’s fingers tapped on the table and said calmly,

“Do you want a spaceship? I’ll get one for you too.”

“What are you talking about?” Yin Juan said.

“I know you just graduated, so you probably won’t be able to afford it, but you can ask your family for it. Young people nowadays don’t get married without relying on their family.”

“My parents are dead, so how can I ask my family for help? Do you want me to rob a tomb?”

“We’re not talking about your biological parents. I heard that the orphanage is moving, and the land will be sold, so that’s where the money will come from.” Yin Juan said with a smile.

Lin Yi's face turned ugly. Everything they said before was just for fun, and he did not take it to heart.

However, he did not expect these people to have their eyes on the orphanage. No wonder they were in such a hurry to set up a blind date with him.

After a long time, the orphanage was moving.

"Lin Yi, I have a small request." Song Wenhui said.

"What request?" Lin Yi raised an eyebrow.

"I hope that after we have a child, the child will have the same surname as me." Wenhui said

"Say that again?" Lin Yi asked

"Ah, Wenhui doesn't mean anything by it. You're an orphan anyway. If you have a child, you'll have the same surname as the Song family. Although Wenhui is a woman, she still has to carry on the family name, don't you think so?" Yin Juan said.

"What's the matter? Is your son impotent or a transvestite? Can't he complete the mission of carrying on the family line?"

"What the hell are you talking about! Do you believe..."

Lin Yi picked up the teacup on the table and splashed the tea directly on Song Wenwu's face!

"Believe what? Do you really think I have a good temper?"

Ah!

Song Wenwu was screaming from the heat, and Lin Yi slowly stood up.

"I came here today to deal with you guys, so that we can have a good time together. But you guys are planning to rob my mother's orphanage. All of you are adults now, so don't you have any shame?"

"You want to buy a house and a car?"

"Are you worthy of it?"

1

Lin Yi turned around and left after saying those words.

It was not worth wasting so much time with a bunch of idiots.

Meanwhile, the Song family couldn't be bothered with Lin Yi anymore, their attention was on Song Wenwu.

"Son, you're fine. I'll send you to the hospital now."

"No need, it's just a cup of tea!"

Song Wenwu exclaimed fiercely, "F \* ck, how dare you throw tea at me? I won't forgive him!"

"He's gone, how are you going to chase him?"

Song Wenwu walked to the windowsill and saw the scene outside the teahouse.

“We won’t be able to catch up.”

Song Wenwu picked up the flower pot. “I’ll f\*cking smash him to death when he comes out!”

At that moment, Lin Yi walked out of the teahouse with his car keys. Song Wenwu immediately threw the flower pot at Lin Yi.

However, he purposely changed the angle when he threw it.

He was not afraid of injuring Lin Yi, but he would be finished if he really died.

Lin Yi had barely walked out of the teahouse when he saw the flower pot falling from the sky.

Bang!

The flower pot broke into pieces. Fortunately, Lin Yi reacted quickly and took a step back, otherwise, he would have been injured.

“What the hell is going on?”

Lin Yi frowned. Although the flower pot didn’t hit him, the pieces flew out and hit his car.

Before Lin Yi could figure out what was going on, he heard song Wenwu scolding from the third floor.

“F\*ck, you dodged fast. Be careful when you go out in the future. Don’t let anything fall on you and kill you!”

Lin Yi smiled and said lightly, “Do you know that the consequences of doing such a thing are very serious?”

“So what if it’s serious? I’ll hit you with a flowerpot again!” Song Wenwu scolded. “How dare a stinky guy throw tea at me! He’s tired of living!”

“But I drive a good car.”

“Don’t think I don’t know that your car is a shabby Shari. You, driving that luxury car? Are you trying to f\*cking bluff me?!”

Lin Yi did not say anything as he pressed the car keys in his pocket.

The Pagani’s gullwing door immediately opened like an eagle’s wings, as if it was about to soar.

“The flowerpot didn’t hit me, but the pieces that flew out and hit my car. Can you tell me how you are going to pay for it?”

#### **Chapter 44: When You Get Struck By Lightning, It’s Easy to Implicate You**

“Pagani?”

Song Wenwu and his family were dumbfounded when they heard what Lin Yi said.

They poked their heads out and found that there was really a Pagani parked below!

“Is... is this car yours?”

“That’s right,” Lin Yi said.

“The original price of this car is 28 million. It needs to be repainted. Including the labor and material costs, it’ll be about 2 million. Will you pay in check or cash? Alipay or wechat?”

She was dumbfounded!

The Song family was dumbfounded.

Was he not a Didi Driver and an orphan? How could he afford such an expensive car?!

“Alright, don’t just stand there. Go down and take a look!” Wenhui said anxiously.

She regretted it so much. If she knew that Lin Yi was so rich, she would not have made so many requests.

As long as she was with him, all these things would be hers.

“Yes, yes, yes, go down and take a look!”

Song Wenwu was dumbfounded as he ran out with his family.

There was a large crowd outside the teahouse.

The sports car had been scratched. This was a massive bill he would have to foot.

At that moment, the song family knew that it was not an illusion.

That sports car was really Lin Yi’s!

There was also a flower pot fragment underneath. The scratch on the door was not big, but it was undoubtedly damaged.

“Lin... Lin Yi, is this really your car?” Song Wenhui asked nervously.

“If it’s not mine, is it yours?”

“Think about how to compensate me for the damage. I didn’t ask you for much,” Lin Yi said.

“This guy’s pretty nice. It’s a Pagani Zonda, after all. It needs to be patched up with foreign paint, and he even needs to send a professional engineer to repair it. It’d be pretty good if he could get all done for only two million.”

“Supercars sure are different. If it was a domestic car, it’d be done for 100 bucks.”

“Can’t help it. That’s the value of supercars.”

The song family was petrified when they heard the discussion.

Even if they were to sell their kidneys together, they would not be able to raise so much money!

“Lin Yi, calm down first. My brother was impulsive.” Wenhui said.

“We thought about it just now and decided not to ask for so many things. I think you’re a good person. I don’t care about material things. Although you were fired, I’m willing to fight with you.”

“You’re thinking too much.” Lin Yi got back in the car. “Go back and get the money. If you can’t get two million within a week, you’ll have to wait for the court’s summons.”

Lin Yi drove off as he spoke.

The Song family looked at Lin Yi’s taillights and wanted to cry. They wanted to die.

They had missed out on such a rich man for nothing!

What a sin!

After leaving the teahouse, Lin Yi looked at the time and realized that it was only ten o’clock. Thus, he decided to go to Wangjiang Dock.

He had to collect the reward from the system first.

As for the car, he could just send it to Zhou Haitao when he had time.

There should be a professional repainting team in the racing field, so it should not be a problem.

Buzz Buzz Buzz...

Lin Yi’s phone rang. It was a wechat message from Mother Wang.

“Son, call me back when you’re done.”

Lin Yi called back with his phone.

“Mother Wang, were you looking for me?”

“How’s the blind date going? Any progress?”

“It didn’t go well.” Lin Yi smiled. “But that friend of yours doesn’t have a good character. Quickly block her wechat and contact details, or she’ll get you involved when she’s struck by lightning.”

Lin Yi could tolerate a lot of things since could not let Mother Wang lose face.

However, those people actually had their eyes on the orphanage. Lin Yi could not tolerate this.

“What’s wrong? Calm down. Why are you still so angry?”

“It’s nothing. I just don’t think she has a good character. Just do as I say.”

“Okay, I’ll listen to you. I’ll keep an eye out for good girls when I meet them.”

“You don’t have to worry about my marriage. I’m an adult now, I can handle it myself.” Lin Yi said with a smile.

“Then hurry up. You’re one of the first kids I sent out. Go out and make a name for yourself.”

“Yes, Sir!”

“Alright, I have to go help with the cooking. You should go too.”

“Yeah, I’ll be back to see you in a few days.”

“Tell me in advance before you come back. I’ll make you some good food.”

“Okay.”

Lin Yi was in a great mood after hanging up the phone.

It was the greatest happiness in life to have someone who cared about him no matter where he went.

Lin Yi then drove to the Wangjiang Dock.

Rows of yachts were docked at the pier. There were many tourists who rented boats on the shore, and there were even girls wearing bikinis.

The waves, white waves, and bikinis formed another scene of Wangjiang Dock.

There were many cars parked at the parking lot of the dock, and there was no lack of luxury cars around.

There were even three Lamborghinis there.

Thinking about it carefully, this was understandable. An ordinary boss did not have the ability to come here to rent a yacht and play.

These were all rich people’s games.

Because it was a weekend, there were twice as many people visiting as usual. Lin Yi was forced to wait for a few minutes before he found a parking space.

Even so, Lin Yi was not in a hurry to find Bi Songjiang after getting out of the car. The place was his property now, so he decided to take a look at the facilities first.

“Handsome, can you add me on WeChat? We’re going to a barbecue party later, do you want to come?”

As Lin Yi was strolling around, he saw a girl in a bikini standing in front of him.

She was wearing a white chiffon dress, making the bikini faintly visible.

“No.”

Her looks were at most 60 points, and Lin Yi did not think much of her.

“What are you trying to show off for? I don’t even want to add you.” The woman in the Bikini said disdainfully as she turned around and left.

Lin Yi was speechless.

Not adding you on wechat was already considered showing off?

Lin Yi shook his head and continued to wander around the dock. He soon found some problems.

He had to mention these things to the dock management when he met them later.

“Manager Miao, when we went out to sea just now, we broke the seat of the boat.”

The person who spoke was a tall girl. She was wearing a coat and a black swimsuit underneath. She spoke in a delicate and sweet manner, giving off a numbing feeling.

In front of her stood a slightly plump man in a suit. He looked a little like the manager of the dock.

The man’s name was Miao Changyu. He was the manager of the operations department of Wangjiang Dock.

“If I remember correctly, you rented yacht No. 6, right?” Miao Changyu said.

“Yes, yes. At that time, you were the one who signed the rental procedures for us.”

“Aiya, this is not easy to handle.” Miao Changyu said with difficulty, “The seats of Yacht No. 6 are all real leather, and they were newly bought. Now that they are broken, it will be difficult for me to report this.”

“Manager Miao, please help me think of a way to resolve this. I didn’t do it on purpose.” The tall woman grabbed Miao Changyu’s arm and said coquettishly.

“Okay, okay, okay. I won’t make you accompany me, so let’s forget about this matter.” Miao Changyu patted the girl’s butt and said with a smile, “But you must be careful next time.”

#### **Chapter 45: Lin Yi’s Ambition!**

“Thank you, Brother Miao. Let’s add each other on WeChat and keep in touch in the future.”

“Sure.”

After adding each other on WeChat, Miao Changyu patted the girl’s butt again. “If you have any problems in the Wangjiang Dock area in the future, come to me. I’ll help you settle it.”

“Got it, Brother Miao.”

“They broke something in the dock but you just let her go?” Lin Yi asked.

The two people who were about to leave had ugly expressions on their faces when they saw Lin Yi.

“What does that have to do with you?” The tall woman said disdainfully as she wrapped herself in her towel.

“I’m not talking to you.”

Miao Changyu was the one in charge of this.

“Bro, I’m the operating manager of Wangjiang Dock. Whether they pay or not has nothing to do with you, right?”

“So you still know your responsibilities?” Lin Yi said. “If she doesn’t pay, then you should pay for it yourself.”

“F\*ck, this is so f\*cking interesting.” Miao Changyu cursed. “This is our internal affair, what does it have to do with you? Aren’t you meddling too much in own business?”

Just then, another woman walked over. It was the person who asked for Lin Yi’s WeChat.

“Jiajia, what’s Wrong?”

“I met a psychopath. I already talked to Brother Miao, but he jumped out and asked me to pay for it. Do you think he’s crazy?”

The bikini girl’s expression immediately turned to disgust.

Because they went out to sea together just now, she was also responsible for this.

“Are you crazy? What, do you think you can meddle in other people’s business just because you’re handsome?”

Lin Yi shrugged and looked at Miao Changyu. “I’m too lazy to argue with them, but if won’t can’t handle this properly, then you have to think about the consequences.”

“F\*ck, I won’t make them f\*cking pay! What kind of person are you? Who do you think you are?”

“Then just wait and see.”

Lin Yi didn’t waste any more words and walked towards the office building of the Wangjiang Dock.

When Lin Yi arrived at the office building, he found that it was clean and tidy. Even the tiles under his feet could be used as a mirror.

“Sir, do you have any business here?”

“I’m Lin Yi. I’m looking for your manager, Bi Songjiang.”

“Lin Yi?”

The female receptionist was obviously stunned. “Are you Boss Lin who just bought our Wangjiang Dock?”

“Yes.” Lin Yi smiled.

“Hello, Boss Lin.”

The female receptionist bowed deeply to Lin Yi, feeling a little dizzy.

She thought that the new boss would be a fat middle-aged man, and was even afraid that he would have feelings for her, so she deliberately wore pants today.

If she knew that he was so handsome, she would have worn black silk and a short skirt!

“Let’s go. Take me to Bi Songjiang.”

“Okay, President Lin, please follow me. Manager Bi is waiting for you in the conference room.”

Under the guidance of the female receptionist, the two of them went to the conference room on the third floor.

The two of them soon arrived at the conference room. When they saw Lin Yi come in, Bi Songjiang immediately went up to greet him.

“Hello, President Lin. We have been waiting for you for a long time.”

The system had sent a photo of Lin Yi to Bi Songjiang when they purchased the Wangjiang Dock, so he recognized him at a glance.

“I was delayed by something.”

“It’s okay, it’s okay,” Bi Songjiang said. “We just rushed over.”

Lin Yi nodded. “Then let’s cut the small talk and get down to business.”

“Okay, okay, okay, President Lin, this way please.”

Bi Songjiang ushered Lin Yi to the main seat.

Lin Yi’s gaze swept over the executives one by one as he said lightly.

“I don’t think everyone is here yet.”

Lin Yi didn’t know how many managers there were, but he did not see the person who had quarreled with him earlier.

“Boss Lin, please wait a moment. We are only short of the operations manager. There are too many people present today, and he’s busy with work, so he’s a little late.”

Lin Yi leaned against the back of the chair and held his head with one hand.

“There’s no rush. We will have a meeting when everyone is here.”

“I’ll ask someone to hurry him up again.”

After that, Bi Songjiang looked at the female secretary beside him. “Little Liu, go and hurry him again. Ask Manager Miao to come over quickly.”

“Got it.”

Upon seeing that Lin Yi’s expression was not very pleasant, everyone in the meeting room was silent.

This was the typical example of a newly appointed official burning the candle at both ends!

Within a few minutes, they heard footsteps and faint sounds of conversation coming from outside.

“Manager Miao, why are you so late? Director Lin is already here. You’re the only one left,” the female secretary said.

“Don’t mention it. I met a retard on the way and wasted a lot of time. Otherwise, I would have come earlier.”

“Let’s go over quickly.”

“Okay.”

The conference room door was pushed open and Miao Changyu and the female secretary entered one after another.

“Manager Miao, you’re so ostentatious!”

Miao Changyu looked up and instantly felt his legs go weak.

“You... you’re director Lin!”

“Why, do you recognize me now?”

Miao Changyu’s face was ashen, as if he had lost his bones. If he had not been holding on to the wall, he would not have been able to stand properly.

“Director Lin, I’m willing to pay a fine for what I did just now. Please give me another chance!”

“I’ve given you a chance, but you don’t cherish it. You can’t blame anyone else. Leave your work permit and leave.”

“Director Lin, please, if I lose my job...”

“I don’t want to hear any other explanations,” Lin Yi said in a low voice. “Manager Bi, tell security to kick him out.”

“Got it, Boss Lin.”

None of the executives present understood what was going on.

However, Boss Lin had fired Miao Changyu as soon as he took over the position, and he extend him any leeway. This was not a good sign.

Miao Changyu was kicked out, and the meeting room quieted down. The executives were all nervously waiting for Lin Yi’s next instructions.

“I just checked around the dock and found that some of the equipment is old. I’m going to modify the dock soon, and I hope you can come up with a plan as soon as possible in the near future.”

“Lin, among all the docks in Huaxia, our Wangjiang Dock is ranked second. All the equipment is pretty good. There’s no need to upgrade it.”

Bi Songjiang was very honest. He meant that they had enough equipment and there was no need to spend any money right now.

“I understand what you mean, but you just said that our Wangjiang Dock is ranked second in Huaxia.”

Lin Yi paused. “Are you willing to submit to others?”

The executives were all excited at this. Bi Songjiang replied.

“President Lin, are you going to turn Wangjiang Pier into the largest pier in Huaxia?”

Lin Yi shook his head. “No.”

“Then what do you mean?”

The executives were all confused. What did President Lin Mean?

They couldn't figure out his intention at all!

"I want to turn Wangjiang Pier into the largest yacht pier in the world, and it has to be of a unique grade, so that others won't even have the chance to catch up!"

#### **Chapter 46: The First Step of the Grand Plan**

Lin Yi's words were like thunder, shocking the executives at Wangjiang Dock!

After learning that the dock was going to be acquired, they thought that the new boss would be a middle-aged tycoon.

However, they were seeing a totally different type of person!

No one thought that the new boss would be so ambitious!

Even so, they did not know that this was just a part of Lin Yi's grand plan.

This was just the beginning.

"I'll say two things now," Lin Yi said.

"First, come up with an upgrade plan as soon as possible. If you have the confidence, design it yourself. If you don't, contact a professional design company. You don't have to consider the budget. You have to turn Wangjiang Dock into a world-class cruise ship wharf!"

"Got it! Boss Lin!" The executives said excitedly.

"Second, the basic level employees at the pier will get a 20% raise, and all the executives will get a 10% raise. Don't think it's unfair. Without the efforts of the basic level brothers and sisters, none of you would be safe."

"Got it, Boss Lin!"

"I've said what I need to say. You can handle the rest yourself. If there are any problems, you can report directly to me."

"Understood, Lin."

Lin Yi walked out of the meeting room after giving his orders.

He already had three properties under his management.

Peninsula Hotel, Zhonghai International Racing Track, and Wangjiang Dock.

As for the nine regions pavilion, that was his place of residence, so he did not count it.

Compared to Peninsula Hotel and the racing track, Wangjiang Dock was definitely the most impressive.

Hence, his priority was still to upgrade Wangjiang Dock.

Even though it was a huge project that cost a lot of money, the three industries under his name all had money coming in, so it was not a problem for him to complete the upgrade for the time being.

Apart from that, he still held 20% of the shares of Didi Company, which was a huge amount of money, and more than enough to support the current development.

At least, that was the plan.

After sorting out his thoughts, Lin Yi walked to the parking lot and prepared to leave.

However, he noticed that there were many people taking photos in front of his car.

Lin Yi frowned slightly when he saw those people taking photos.

He realized that the two women who were confronting him earlier were also among them.

“Are you done taking photos?”

The two women who were taking selfies saw that it was Lin Yi who was talking, and their faces instantly turned ugly.

“It’s you again! Why are you always haunting us? Aren’t you being annoying?”

“Haunting you?” Lin Yi was speechless. “This is a public place. Where I am has nothing to do with you, right?”

“Then what does it have to do with you that we are taking selfies here?” The girl named Jiajia said.

“Is this your car that you are taking selfies with here?”

“How do you know it’s not our car?”

The girl called Jiajia said, “You have a problem with us taking selfies with our own car? Isn’t that too much?”

The girl who had asked for Lin Yi’s wechat was a little nervous when she heard this. She whispered,

“Jiajia, isn’t that a little over the top? This isn’t our car.”

“What’s there to be afraid of? The owner isn’t here anyway, and they don’t know whose car it is.”

“You’re right.”

Lin Yi almost laughed out loud. “You’re saying this is your car?”

The girl named Jiajia put her hands on her waist and said disdainfully,

“That’s right, open your eyes and take a good look. This car is called Pagani Zonda, a sports car worth tens of millions. I don’t think a poor guy like you has ever touched the steering wheel of such a car in your entire life.”

“Is this man insane? They’re taking pictures of their own car, and he’s coming here to pick a fight? Has he been hurt by a woman before? Does he want to fight pretty women whenever he sees them?”

“It’s a psychological illness.”

“I think he’s a rich person hater. He might be a classic example of a keyboard warrior on the Internet.”

“What a pity. He’s so handsome, but he’s a cynic.”

The girl named Jiajia put her hands on her waist as she looked at Lin Yi with disdain.

“Hehe, what else do you want to say? I advise you to leave quickly. Don’t embarrass yourself here.”

“I feel like this car doesn’t belong to you.” Lin Yi said.

“There are all kinds of birds in this big forest.” The girl named Jiajia crossed her arms in front of her chest. “If it’s not my car, does it belong to you?”

“That car is mine.”

Lin Yi took out the car keys from his pocket and pressed it. The car door opened, giving the two ladies a fright.

In an instant, everyone shut up.

“I’m really sorry for delaying your photo-taking session here.”

“Haha, exciting, a large-scale face-smacking scene!”

“That is too f\*cking embarrassing!”

“These plastic surgery girls are too good at bragging. I’m so embarrassed that I’m getting cancer.”

The two girls were so embarrassed that they wanted to find a hole to hide in.

They wanted to give him a blow to regain some pride, but in the end, they were the ones who lost face!

The two lifted up their veils and covered their faces as they left the crowd awkwardly.

They did not have the gall to stay any longer.

Under the envious gazes of the crowd, Lin Yi got into his car and prepared to continue taking orders.

Ring, Ring, Ring...

At this moment, Lin Yi’s phone rang. It was a message from Wang Tianlong .

“What is it?”

“Boss Lin, it’s like this. Someone just sent a painting to me and asked me to pass it to you.”

“Alright, I got it. I’ll head over now.”

[System mission: 205-star reviews, reward 200,000 experience points (11/20)]

1

Lin Yi did some calculations when he saw the mission.

With another 200,000 experience points, his class completion rate would reach 85%, and he would be one step closer to starting a new class!

However, Lin Yi was not in a hurry to accept the order. He was still some distance away from completing the mission, and it was not too late to pick it up at a later time.

After all, it was not easy to get a five-star rating.

He first went to the Peninsula Hotel, picked up the gift, and ate lunch at the same time.

After he drove back to the Peninsula Hotel, he found Wang Tianlong checking on the hotel's fire safety.

He was doing it himself, and he was being very responsible about it.

"Director Lin, I'll go get the painting for you now."

Lin Yi nodded. "Just send it to the second floor. I'll go get something to eat while I'm there."

"Okay."

Lin Yi ordered something on the second floor of the hotel, ready to finish his lunch.

It did not take long for Tianlong to jog over with a one-meter-long brocade box.

"Director Lin, the painting is here."

"Open it and let me take a look."

"Okay."

Tianlong called someone over to open the brocade box.

Lin Yi could not understand what was so good about the painting, but it was Zhang Daqian's original work. He could not hurt the man's pride since it was given to him as a gift.

"Okay, put it away."

Just then, Lin Yi's phone rang. It was Ji Qingyan.

"Where are you?"

"I'm eating. What's wrong?"

"Do you remember that I bought a blue chiffon shawl?"

"Yes, why?"

"I think I left it at your place." Ji Qingyan said.

"Come and pick me up. We'll go after we get the shawl."

#### **Chapter 47: Only You Can See It, No One Else Can**

"Alright, I have to go back and change too. Wait for me in the parking lot in thirty minutes time." Lin Yi said

"Okay."

Lin Yi hung up the phone and put the painting back in his car, ready to pick up Qingyan.

Within half an hour, Lin Yi arrived at the parking lot of Chaoyang Group.

Just then, Ji Qingyan walked out of the elevator as well, and the two drove back to Jiuzhou Pavilion.

“Hurry up and change, we’ll be leaving soon,” Ji Qingyan said.

Lin Yi took out his suit when he reached the fitting room.

Just as he was about to put it on, he heard the sound of running water in the bathroom.

“She even needs to take a shower? Is this woman a germaphobe?”

Lin Yi did not worry about it anymore, as he changed into his suit and shirt and prepared to leave.

It was 20 minutes later when Ji Qingyan came out of the shower.

Her voluptuous figure was wrapped in a white towel, and there was steam rising from her shoulders. She was a stunningly beautiful woman.

“You’re really built like a clothes hanger. This is the first time I’ve seen someone wearing a suit like this.”

“You’re also the first person I’ve seen wearing a towel like this.”

“Rascal, you only know how to take advantage of me.”

Ji Qingyan walked over. “Wait a moment, I’ll help you tidy up.”

As she spoke, Ji Qingyan walked to Lin Yi and squatted down to help him tidy up his pants.

“Not bad, not bad.”

Ji Qingyan stood up and continued to dry her hair. “Give me a moment, I’ll be done soon.”

“Okay.” Lin Yi nodded. “By the way, where is your grandfather’s birthday party?”

“It’s at East Lake Villa, on the outer ring. You should know about it, right?”

“I know, I drove by it once before.”

Although it was a villa, due to its geographical location, the price of the East Lake Villa was not too expensive. It was not even as expensive as Ji Qingyan’s cloud water villa.

The only advantage was that it had a good view and its own courtyard.

It was more suitable for people of old age to retire and stay there.

Ji Qingyan went back to her room to change her clothes while Lin Yi waited for her downstairs.

At this time, Lin Yi’s phone rang. It was an unknown number.

“Hello, is this Mr. Lin Yi?” A gentle voice came from the other end of the phone.

“It’s me.”

“Mr. Lin, I’m the owner of Patek Philippe Times Square. The 175th Anniversary Watch You ordered from us three days ago has arrived in the shop. I’m going to send it over. Is it convenient for you to receive it now?”

“I’m going out soon. You can send it to the property in Jiuzhou Pavilion.”

“Mr. Lin, because the goods are so expensive, we have to personally hand it over to you, so...”

“Uh, then get someone to send it to the East Lake Villa.”

1

“Got it, Mr. Lin.”

After hanging up, Lin Yi continued fiddling with his phone to kill time.

Ten minutes later, Ji Qingyan walked down the stairs after into her changing blue evening dress.

1

There was a diamond necklace on her neck, accentuating her cool temperament.

However, her mountain peaks were even more dazzling than the diamond necklace.

Sensing Lin Yi’s aggressive gaze, Ji Qingyan lifted her shawl to block his view.

“Stop looking and help me fasten the zipper.”

“I was wondering why you looked like you were about to jump out of your dress. You didn’t fasten the zipper.”

“Couldn’t you look somewhere else? You just had to look there.”

“It’s mainly because it’s too prominent. I didn’t want to look there either.”

“You only know how to smooth talk ladies.”

Lin Yi walked over with a smile and helped Ji Qingyan zip up the back of her dress. He soon found that the two mountains were completely wrapped inside.

“That’s right. Just hide it.” Lin Yi said with satisfaction.

“You mean that only you can see it and no one else can? Is that what you mean?” Ji Qingyan said, pinching her waist.

“Smart, that’s exactly what I mean.

“You’re too beautiful.”

“Let’s go, don’t flatter yourself.”

After a while, the two of them drove toward East Lake Villa.

Because it was located east of the outer ring, the price of a house in East Lake Villa could not be considered expensive anymore.

To be able to buy a house here was not considered a luxury.

At this moment, the courtyard of East Lake Villa was gradually filled with many guests.

There were the connections that the Ji family had accumulated over the years, as well as many of the younger generation members of the family.

At this moment, all of them had rushed over to congratulate the Ji family's old master on his birthday.

In the courtyard, the most eye-catching person was the old man who was dressed in a red tang suit as he stood at the entrance to the villa. Although he was leaning on a walking stick, he looked rather healthy.

The old man's name was Ji Yongqing, and he was the star of the banquet today.

"Grandpa, I wish you the best of luck every year. I pray that the more you live, the younger you'll become."

The woman who spoke was dressed in a white gown, and she was pouring tea for Ji Yongqing with a cup in her hand.

Lin Yi had seen the woman pouring tea for Ji Yongqing before. It was Yang Tianxin, who had given him a bad review the day before.

Apart from that, there was a middle-aged couple and a young man beside her.

The middle-aged couple's names were Feng and Anrong. They were Tianxin's parents.

The remaining young man was around thirty years old. He wore a black suit and looked very talented.

The man's name was Zhengping. He was Tianxin's boyfriend.

"It's just a birthday, and you all came back just for it. Especially Zhengping, he came all the way back from Yanjing. That was too hard," Yongqing said with a smile,

"Grandpa, Zhengping's business in Yanjing has already stabilized. I heard from him that he wants to work hard and take over the market in Zhonghai now," Yang Tianxin said proudly.

"Oh, that's amazing," Ji Yongqing said. "Yanjing and Zhonghai are the richest cities in China. If you can take over both of these markets, it will be amazing."

"Thank you for your praise, Grandpa."

Yang Feng and Ji Anrong stood on the side, seemingly quite satisfied with their future son-in-law.

Fu Zhengping could be considered a young genius in all of China, much less Zhonghai.

"Old Ji, your grandson-in-law is amazing," an old man with half-white hair walked over and said.

"His car is the most valuable one among the people who came here today, and he is also a good-looking person. He will definitely have a bright future. If I encounter trouble one day, you have to help me."

"Grandpa Liu, you are too polite. Because of your friendship with my grandfather, if you really ever encounter a problem, just say the word and we will definitely help," replied Yang Tianxin.

“Then I will thank you in advance.”

“Look at Old Ji. He really has a good granddaughter. She really knows how to bring him honor,” another old man remarked.

“I don’t have such luck in my life.”

Faced with the praise from everyone, Yang Tianxin smiled.

An unprecedented sense of satisfaction arose within her.

Seeing that everyone’s attention was on their own daughter and son-in-law, Yang Feng and Ji Anrong also felt proud. They smiled at Ji Antai and asked,

“Antai, why is Qingyan still not here? What time is it?” Ji Anrong said.

“I just made a call. She’s on her way. She’ll be here soon,” Ji Antai said.

“I heard that Qingyan has a boyfriend. He’ll be coming this time, right?”

“Yes, they drove here together.”

“Does Qingyan have a boyfriend? Why didn’t she tell me? What does she do at home?” Ji Yongqing asked.

“They’ve only known each other for a short while. I’m not too sure about the details, but his conditions should be good. Moreover, he’s a good-looking person, so she should be very compatible with Qingyan,” Ji Antai said proudly.

“As long as they’re compatible, it’s fine,” Ji Yongqing said with a smile.

“Now that both of them are settled, I won’t have to keep thinking about them anymore.”

Ji Anrong and the others did not mind. No matter how good her boyfriend was, he would not be able to match up to Zhengping.

At this moment, Yang Tianxin tugged at Fu Zhengping’s sleeve and said in a low voice,

“When my cousin and her boyfriend come here later, you have to behave well and not embarrass me. Ever since I was young, I’ve never been able to outshine her in anything. Whether or not I can overshadow her today is up to you.”

“Tianxin, why didn’t you say so earlier? I have a friend who bought a new Bentley worth more than six million yuan. If I had known earlier, I would have driven his car here,” Fu Zhengping said with a smile.

“It doesn’t matter. That Lamborghini of yours is not bad either. No matter what, it’s still worth more than four million yuan.”

Buzz, Buzz, Buzz —

At this moment, everyone heard a series of rumbling sounds, which attracted their gaze.

They were shocked to discover that there was a silver supercar parked at the entrance!

“My God, this car seems to be the Pagani Zonda. It sells for more than 20 million in China!”

“Which big shot is it? He actually drove such a luxurious car here!”

#### **Chapter 48: The Goods Have Been Delivered. Please Sign For It**

The Ji family were only considered a medium-sized family in Zhong Hai. Because of this, the guests were all surprised to see a top-class luxury car like the Pagani Zonda here.

Only the top-class hedonists in Zhong Hai could drive such a car.

They did not expect the Ji family to have such connections. It was truly amazing.

The gullwing door soon opened, and Lin Yi and Ji Qingyan got out of the car one after another.

The guests were all surprised to see Ji Qingyan.

“Isn’t that the young lady of the Ji Family?”

“Isn’t she too beautiful? She’s like a fairy in the sky.”

“So, this car belongs to the boyfriend of the young lady of the Ji family. That’s too much.”

“With the young lady of the Ji family’s looks and talent, it’s only natural for her to have such a boyfriend.”

Everyone’s attention was on Ji Qingyan.

The Yang couple’s faces were not looking too good at this moment. They were smiling just a moment ago, but their expressions soon turned stone cold.

Tianxin’s expression was even more conflicted as she kept looking at Lin Yi.

Both his face and the car he was driving looked familiar, as if she’d seen him somewhere before.

Tianxin suddenly remembered that he’d taken a taxi yesterday, and the driver was the same person!

Haha..

Tianxin’s expression turned delighted at the thought.

She had actually found a boyfriend who drove a Didi—Ji Qingyan, you’re really something, aren’t you.

After getting out of the car, Ji Qingyan walked in with Lin Yi.

“Grandpa, we’re late,” Ji Qingyan said embarrassedly.

“It’s okay. I’m just happy that you guys could drop your work and come over.”

Ji Yongqing’s gaze then fell on Lin Yi. “Granddaughter, this is the first boyfriend you’ve brought home. Introduce him to Grandpa.”

“This...”

Ji Qingyan did not know how to start. She had never asked about Lin Yi before.

He only said that he was a Didi driver, but it was not appropriate to say that at a time like this.

“Haha, Qingyan, don’t you know what to say?” Tianxin asked with a smile.

“If you don’t know how to introduce him, I can help you.”

Lin Yi was surprised to see Tianxin.

Was this not the passenger he had picked up the day before?

Moreover, she even gave him a bad review.

“Lin Yi?” Qingyan paused. “You know Lin Yi?”

“Not really, I’ve only met him once.” Tianxin crossed her arms in front of her chest.

“Grandpa, let me tell you, this guy is a Didi driver, not some rich guy.”

“What?! He’s a Didi Driver?”

It wasn’t just Ji Yongqing\_ everyone was surprised.

How could Ji Qingyan have a Didi driver boyfriend with her looks and knowledge?

“That’s right.” Tianxin said with a smile.

“Speaking of which, it’s quite a coincidence. I didn’t drive yesterday, so I hired his car when I went shopping. Guess what? He told me it was his and tried to seduce me.”

“I can’t believe this is happening!” Ji Yongqing’s face turned ugly.

It did not matter what Lin Yi was doing, but he dared to lie to his granddaughter. This could not be tolerated!

“What nonsense are you going on about?” Ji Qingyan said.

“This car belongs to Lin Yi. So what if he drives Didi to experience life?”

“Qingyan, you’ve been in society for so many years, but aren’t you being a little too naive?” Tianxin said sarcastically.

“Didn’t you think it through? Which one of those young masters in Zhong Hai isn’t a model? Which one of them would come out to drive for Didi? It sounds like a novel plot!”

1

“If you really think that Lin Yi is a Didi driver, then how do you explain this car?”

Tianxin spread her hands. “If you really want an explanation, then let your cousin-in-law tell you.”

“Him?”

“Your cousin-in-law is Didi’s general agent in Yanjing. He’ll explain everything to you.”

Lin Yi was a little surprised. He did not expect this man to be Didi's agent.

If that was the case, he should be his subordinate.

Under everyone's gaze, Fu Zhengping stood up.

"Since last month, didi's headquarters have launched luxury car business, ranging from millions to tens of millions of luxury cars. It's to expand into the high-end market. Mister Lin should be a driver in the luxury car business." Fu Zhengping pushed up his glasses and continued.

"I just didn't expect him to use his position to seduce female passengers. I'll inform the headquarters to investigate this matter."

"So that's what happened!"

After learning Lin Yi's identity, everyone present looked at him with disdain.

"Swindlers nowadays are too rampant. How could they do such a thing?"

"I didn't think that even the young lady of the Ji family would be fooled."

"It's all thanks to Miss Yang and her boyfriend. Otherwise, we would have been fooled too."

Ji Antai was embarrassed. "Daughter, what's going on?"

"Dad, let me explain. Lin Yi is definitely not a scammer!"

Tianxin smiled, "Qingyan, don't explain. If there's no evidence, why would I lie? If you really don't believe me, just look at her phone. There should be her registration information in the app."

"So what if I drive for Didi? Is that against the law?" Lin Yi asked.

"Of course not." Tianxin said.

"But it's wrong for you to come out and lie to people. And you, Qingyan, you graduated from a famous school and have a lot of experience in society. How could you let a chauffeur lie to you? Tsk tsk tsk, this is the face of the Ji family!"

"I've already explained that Lin Yi isn't a liar. Whether you believe it or not is up to you!"

"Alright, Qingyan, stop talking." Ji Yongqing said.

"Hurry up and make him leave. I don't want to see him again!"

Ji Yongqing was a very open-minded person. He was not too particular about the social status, but he could not stand his granddaughter being deceived!

Creak—

At this moment, the sound of brakes could be heard.

Everyone saw a black Volkswagen sedan parked at the entrance of the villa.

A man and a woman alighted from the car. They were both wearing suits, but they did not look very high-end. Instead, they looked like they were in work uniforms.

“Who is this? Dressed in such rags to attend the birthday banquet?”

The man and woman didn't care about the others pointing at them. They simply asked politely,

“May I ask if Mr. Lin Yi is here?”

“I'm here.”

Lin Yi recognized the woman who spoke. She seemed to be the owner of Patek Philippe. Although he couldn't remember her face clearly, he still had some impression of her.

Upon seeing Lin Yi in the crowd, the female member picked up the small box in her hand and walked over quickly.

“Mr. Lin, let me introduce myself again. I'm the manager of the Patek Philippe Times Square store. This is the 175th-anniversary wristwatch you recently bought. Please sign for it.”

#### **Chapter 49: You Don't Have To Lie For Me Anymore**

“Okay.”

Lin Yi took the pen and signed his name on the document.

After signing, the female store manager opened the password-locked box in her hand. There was a very exquisite gift box inside.

When the gift box was opened, a shining wristwatch was displayed in front of everyone.

“It's... it's really 175th Anniversary Edition Patek Philippe's !”

Upon seeing the diamond inlaid on the wristwatch, everyone was rendered speechless!

“As far as I know, the price of this wristwatch is as high as 17.5 million. How could it appear here?!” Fu Zhengping exclaimed in shock.

“Sir, it's like this. Three days ago, Mr. Lin spent 17.5 million to buy this 175th anniversary piece wristwatch. Because this wristwatch has always been stored in the headquarters, it was only given to Mr. Lin today.”

“He actually spent 17.5 million to buy a watch!”

Yang Tianxin's eyeballs almost fell to the ground!

Could it be that she had really misunderstood him?

Could it be that he really came out to experience life as a rich second generation?

At the same time, the other people present also reacted.

There might really have been a misunderstanding here.

Since the store manager personally came to deliver the goods, there naturally would not be any mistakes!

There was no doubt that he was the one who bought the watch!

Spending 17.5 million on a watch was even more extravagant than spending 20 million on cars!

Therefore, the Pagani Zonda at the door should not belong to Didi's, but Lin Yi!

"Alright, that's all for you guys. You can go back now." Lin Yi waved his hand.

"Alright, we won't bother you anymore."

The two of them then left and drove away.

Ji Qingyan took a deep breath.

She was used to Lin Yi's rich behavior since he was able to buy nine villas in the Jiuzhou Pavilion in one go.

Holding the watch in the box, Lin Yi put it on his hand. The weight was not too heavy, but it was quite comfortable.

"Old Ji, your granddaughter is amazing. She found such a good son-in-law. Your Ji family will be on a higher level in Zhong Hai in the future."

"I knew it. With Miss Ji's ability, why would she find a mediocre man to be her boyfriend? I didn't expect him to be such a well-hidden person."

"The rise of the Ji family is just around the corner!"

Ji Qingyan felt a little embarrassed when she heard the compliments from others.

There was a trace of joy in her heart.

"Then thank you for your kind words." Ji Yongqing agreed and looked at Tianxin.

"Tianxin, you guys seem to have made a mistake. Lin Yi can afford a watch worth more than 10 million yuan. He should be able to afford this car. Please apologize to him."

"Grandpa, what's there to apologize for?" Tianxin said. "It's just a misunderstanding."

"Tianxin is right." Anrong stepped forward.

"This Lin Yi is rich, but he doesn't care about you at all. I don't think he actually cares too much inside, and he might even dump her in a few day's time."

"What do you mean? !" Qingyan snapped bluntly. "You can't eat any grapes, so you're claiming my grapes are sour?"

Even though they were pretending to be boyfriend and girlfriend, Qingyan did not allow others to talk about Lin Yi like that.

"Qingyan, don't you see that?" Anrong said.

"I thought this watch was a gift for Grandpa, but I didn't expect it to be worn by himself. He came to the birthday banquet and didn't even prepare a gift. It's obvious that he doesn't care about you."

“My mom is right,” Yang Tianxin said.

“Look at our Zhengping. He started to prepare a congratulatory gift for Grandpa one month in advance, unlike you guys who don’t take Grandpa seriously at all.”

“Zhengping, I think it’s about time. Take out the congratulatory gift you prepared,” Yang Feng said with a smile.

“Got it, Father-in-law.”

Fu Zhengping returned to the car, took out the gift he prepared, and showed it to everyone.

“This is the bronze coins from the pre-Qing dynasty. I’ve collected a whole set!”

“Mr. Liu’s eyesight is really good. He recognized this thing at a glance.”

Fu Zhengping said, “I know that Grandpa likes these things, so I spent more than a month to collect them. The emperor didn’t let down those who had good intentions, and he finally let me collect them. Otherwise, this gift would have been incomplete.”

“Then you are really thoughtful,” the old man surnamed Liu said.

“This set of pre-Qing copper coins is rarely circulated in the world. In all of China, there might not be more than 50 complete sets. According to my estimation, the value of this set of copper coins is at least 2 million. In a few years time, it will definitely rise in value.”

“Qingyan, did you see that? This is a gift prepared with great care,” said Yang Tianxin.

“So what if you found a rich boyfriend? He doesn’t take you seriously and isn’t willing to spend a penny on you. It’s simply a waste.”

“Exactly. If you find a man, you have to find someone who is good to you. Otherwise, what’s the use of going out and having a good time every day?” Remarked Ji Anrong.

“Mother-in-law, Tianxin, it’s not a big deal even if he bought a Zonda and a watch worth more than 10 million dollars. With my net worth, I will be able to afford these things if I work hard,” Fu Zhengping said.

“Who said Lin Yi didn’t prepare a gift?!”

After saying that, Ji Qingyan took out a small box from her bag. Then she opened it to reveal a jade ring inside.

“Grandpa, this is a gift Lin Yi prepared for you. He put a lot of thought into it.”

Lin Yi smiled when he saw the antique jade ring. Ji Qingyan was quite a nice girl.

She actually said that she prepared her gift for him so that he would not lose face.

How thoughtful of her.

“Qingyan, your boyfriend drove a luxury car worth more than 20 million yuan with a watch worth more than 10 million yuan, yet he gave you such a cheap item?” Tianxin said.

“Who said it was a cheap item? Lin Yi spent a lot of effort to get it!”

“Haha, let’s ask Old Mister Liu if it’s a cheap item. He’s an expert in this area.”

The old man who spoke earlier walked over.

“The quality of this ring is not bad. It’s indeed a good item, but in terms of collection value, it can’t be compared to the pre-Qing copper coins. The market price of this is around 500,000 dollars. It also will not appreciate as much as that set of coins.”

“It’s only worth around 500,000 dollars,” Tianxin said in a weird tone.

“Qingyan, I’m so sad for you. You’re only worth 500,000 dollars in his eyes. Sigh...”

“What do you mean by only worth 500,000 dollars?” Qingyan asked.

“Gifts are given with sincerity. It took Lin Yi a long time to get this jade ring, and it’s enough to show his sincerity.”

“It’s only worth 500,000 dollars. Even if you put your heart into it, it won’t be worth much in Grandpa’s collection,” Tianxin replied.

“It’s not about the money...”

“Alright.”

Lin Yi patted Qingyan on the shoulder. “This was your gift to begin with. You don’t have to cover for me.”

## **Chapter 50: You’re a Fake!**

“Lin... Lin Yi...”

“Lin Yi...” Qingyan was anxious. Why was he telling the truth?!

“Haha, Qingyan, why are you doing this? Your boyfriend doesn’t seem to appreciate your kindness,” Tianxin said.

“Lin Yi’s just too busy. Why can’t I prepare a gift for him?” Tianxin asked.

Tianxin shrugged, “Of course you can. What I’m trying to say is that he doesn’t care about you at all. Be careful not to get toyed with. I saw a lot of people on the Internet, and they were all knocked up by second-generation rich kids, so they had to raise the children on their own. I was worried that you’d go down the wrong path, and that’s why I reminded you.”

“You!”

Lin Yi put his arm around Qingyan’s waist and smiled. “Why are you arguing so much? There’s no need for that. Besides, I prepared a gift. I didn’t come empty-handed.”

“You... you prepared a gift?”

Ji Qingyan was surprised.

She knew everything about Lin Yi’s life these past few days.

He picked her up from work during the day and for the next two nights, she stayed at his house. He did not prepare any gifts during that time!

"I came to congratulate Old Mister Ji. It would be rude not to bring a gift."

"But..."

"There's no buts," Lin Yi said.

"Wait for me here. I left the present in the car. I'll bring it over right now."

Lin Yi returned to the car and took out the painting of the Peach Garden before handing it over to Ji Yongqing.

"Old Mister Ji, this is the present I prepared for you. I hope you like it."

Ji Yongqing took the gift from Lin Yi and opened it curiously.

As the scroll was opened, Ji Yongqing's dazed eyes widened.

"It's Zhang Daqian's 'Peach Garden'!"

"What! It's the 'Peach Garden'!"

Old Man Liu rushed over and was shocked when he saw it.

"It really is Zhang Daqian's 'Peach Garden'! As far as I know, the price of this painting is at least 200 million yuan. Mr. Lin is giving out such a generous gift!"

Upon learning the price of the 'Peach Garden Painting', Ji Qingyan's beautiful eyes widened.

Lin Yi actually gave such an expensive thing!

They were just a fake couple!

"Mr. Liu, are you sure you saw correctly? Is this painting really worth 200 million? I don't see anything special about it, it feels very ordinary."

"This is Mr. Zhang Daqian's original painting. The meaning behind it is naturally not something that ordinary people can see," the old man answered.

"Furthermore, that 200 million I gave is already a very conservative estimate. If I were to take it to the auction house, it is very likely that it will be sold for a high price of 300 million. The value of the piece is immeasurable!"

Upon hearing such an explanation, the people who came to celebrate the birthday were secretly amazed.

Where on earth did the eldest daughter of the Ji family find such a boyfriend?

He casually gave out 200 million as a congratulatory gift.

This was too extravagant!

Yang Tianxin's face alternated between red and white.

She had started to prepare more than a month in advance for the birthday banquet.

It was all so that he could surpass Ji Qingyan at this time!

Now, it was all ruined by this damn man!

“Hehe, old Mister Liu, I know that you are an aficionado of the antique world, but this time, I’m afraid you have made a mistake,” Fu Zhengping said with a smile.

“Made a mistake?” The old man surnamed Liu said, “How did I make a mistake?”

“There are some things that you may not know. In truth, two years ago, this painting was bought by our Didi’s CEO, Mr. Cheng Shuang, for 180 million yuan. When I went to his house as a guest, CEO Cheng personally said that this is his most precious treasure. Someone once offered him 230 million yuan, but he didn’t sell it. But now, this painting ended up appearing here. I don’t think I need to say anything else.”

Fu Zhengping had already made it clear, so there was something wrong with his brain if Mr Liu still did not understand what he was saying!

It was obvious that this was a fake!

“Haha...”

Yang Tianxin laughed out loud.

“Qingyan, as the eldest granddaughter of the Ji family, we all thought that your boyfriend would be able to give out some shocking gifts. However, we did not expect that he would actually use a fake to fool us. This is really making us laugh our heads off.”

“Qingyan, it’s not that Auntie is criticizing you, but isn’t your boyfriend a little too horrible? How could you use a fake painting to deceive your grandfather during such an important occasion? The Ji family’s face has been completely humiliated by you!”

Ji Antai’s brows furrowed tightly.

It was indeed disgraceful for such a thing to happen at his father’s birthday banquet!

After a long silence, Ji Qingyan spoke up.

“No matter what, I believe that Lin Yi wouldn’t lie about a fake painting. He’s not that kind of person!”

Lin Yi smiled. This little Missy Ji Qingyan was quite loyal and had always been on his side.

She was really not that bad.

“Qingyan, your brother-in-law has made things clear. Don’t you believe him?” Tianxin asked.

“I think you have been drugged by him!”

Fu Zhengping stood up and said with a smile,

“Qingyan, I have seen this painting at CEO Cheng’s house. I can swear on my heart and assure you that this painting is definitely fake, because the real one has always been at CEO Cheng’s house.”

Fu Zhengping was the person in charge of Didi in Yanjing, and now, he had to integrate its business in Zhonghai.

Presumably, he also had some say in Didi's head office.

Therefore, it was unlikely that his words were false.

Moreover, it was such a grand occasion, so it was even more unlikely that he would lie.

"Sigh..."

The old man surnamed Liu shook his head. "I was wrong about this. I have been in the antique world for so many years, but I couldn't even tell that it was a fake painting. I'm so ashamed."

"Mr. Liu, people make mistakes. It's normal for everyone to make mistakes sometimes."

"Mr. Fu is right," someone echoed.

"Who would have thought that he would be so bold as to lie about a fake painting on such an occasion?"

"If Mr. Fu hadn't seen through his trick, we would all have been fooled."

"Sigh, he managed to win Miss Ji's heart, but he can't even bear to give her a gift. What kind of person is he?"

"Alright, everyone, let's not talk too much," Fu Zhengping commented.

"Mr. Liu, according to the rules of the antique world, if we find a fake, what should we do?"

"When we encounter a fake or a fake, we usually destroy it on the spot."

1

"Then I'll do a good deed today and destroy this forgery! It'll teach him a lesson!"

"Are you sure you want to do this?" Lin Yi asked with a smile.

"Of course, don't think you're so great just because you have a few stinking dollars!"

Fu Zhengping walked up and took the 'Peach Garden' from Ji Yongqing's hand. With a 'hiss', he tore it up on the spot!

1

"Haha, this is so satisfying!"

Lin Yi narrowed his eyes, a smile on his face.

"This is going to be fun."
