

Radom Noew 451

Chapter 451: No One Can Speak!

“Lin Yi!”

Upon seeing Lin Yi, tears streamed down Ji Qingyan’s face as she ran behind him.

“Yo, Lin Yi, you’re pretty good. You actually found this place.” Zhao Zhengyang chuckled. “What, you’re still saying that none of us can leave? Why don’t you take a look at whose territory this is?!”

Whoosh!

Lin Yi didn’t say anything and kicked Zhao Zhengyang!

Even a martial arts practitioner like Yan Biao couldn’t withstand Lin Yi’s kick, let alone Zhao Zhengyang!

The huge dining table was knocked over by Zhao Zhengyang. At the same time, Wang Mazi slammed the table and stood up.

“Lin Yi, don’t go too far. Don’t think that I, Wang Bing, won’t dare to touch you! Zhang Ao, go!”

“Brothers, follow me!”

Because of his previous experience, Zhang Ao didn’t dare to act himself. Lin Yi took out a scalpel and pointed it at Zhang Ao.

“If you dare to come over, I’ll stab you to death!”

Hiss!

Looking at the cold blade, Zhang Ao gasped. What happened at the bar that day still left a lingering fear in his heart!

This man was bolder than anyone else.

His words were not an empty threat. He would really do it!

“Zhang Ao, what are you waiting for? Do it!” Wang Bing¹ shouted.

He only now knew that Lin Yi was terrifying when he was angry.

“F*ck, ask him if he dares to move!”

Lin Yi grabbed Wang Mazi’s collar and stabbed him in the abdomen with the scalpel!

‘Ah!’

Ji Qingyan screamed in fear, “Lin... Lin Yi, let’s go!”

“This is none of your business!”

Seeing that Wang Mazi's body was covered in blood, everyone in the private room was dumbfounded. Their legs went weak and they almost collapsed to the ground.

"You... how dare you attack me?!"

Wang Mazi held his abdomen and pointed at Lin Yi shakily.

Even now, he still couldn't believe that Lin Yi would dare to be so unscrupulous!

Lin Yi squatted down and stepped on Wang Mazi's wrist.

"You used this hand to touch her hand just now, right?"

"I-I know I was wrong. I'm willing to give you all my territory. Please..."

"Beg your *ss!"

Chak!

The scalpel pierced through his palm, and Wang Mazi's scream resounded throughout Dehui Restaurant!

Seeing the unconscious Wang Mazi, Zhao Zhengyang and Fan Qinan were so frightened that they collapsed to the ground and retreated to the corner while crawling on the ground.

Pulling out the scalpel, Lin Yi walked toward Zhao Zhengyang and Fan Qinan.

Grabbing Zhao Zhengyang's hair, Lin Yi pressed him to the ground.

"To be honest, I've always been too lazy to deal with a fool like you. Even so, why are you always looking for trouble with me? Do you think you have the strength to challenge me?"

"Lin Yi, let's talk nicely. You know how strong the Zhao family is. If you dare to attack me, it won't do you any good," Zhao Zhengyang said with a trembling voice.

"I know I was in the wrong this time. I can help you suppress Wang Mazi's matter. Let's call it even. What do you think? I won't dare to provoke you again. Please give me a chance."

"Do you think I'm afraid of that bastard? Or do you think that you can threaten me with your status as the eldest son of the Zhao family?"

"No, no, no. I didn't mean to threaten you. I really understand my mistake and want to use this opportunity to remedy it. Please give me another chance."

"I've given you many chances. It's time for the grudge between us to end."

Lin Yi stepped on Zhao Zhengyang's right hand. "You touched her with this hand just now, right? Then leave this hand behind."

Lin Yi held the scalpel and stabbed Zhao Zhengyang's right hand.

"Stop!"

Just as Lin Yi was about to stab him again, a cry of surprise sounded from outside the door.

He turned his head and realized that the people standing at the door were none other than Liang Ruoxu and the middle-aged man.

At the same time, Qin Han was also beside them.

“Old Lin, don’t be rash!”

Obviously, Qin Han also knew the seriousness of the matter.

Zhao Zhengyang and Wang Mazi had completely different identities.

If Lin Yi crippled Zhao Zhengyang’s hand, the Zhao family would definitely not let the matter rest!

Lin Yi looked at Liang Ruoxu.

“Today, I’m going to cripple one of his hands. No one can say anything to stop me!”

As soon as he finished speaking, Lin Yi’s scalpel was thrust downward!

‘Ah!’

Zhao Zhengyang’s scream resounded throughout Dehui Restaurant again.

Liang Ruoxu’s body trembled when she saw Zhao Zhengyang staring at her. This was the first time she had seen Lin Yi’s fierce side.

At that moment, he was like a lion that wanted to eat. No one could stop him.

Standing behind Liang Ruoxu, Mo Hongshan saw everything.

At first, she thought that Lin Yi was just a little similar to that man.

However, now, the two of them were no longer just alike. The ruthlessness flowing in their blood was identical!

Seeing Zhao Zhengyang and Wang Mazi lying in a pool of blood, Fan Qinan was so frightened that his face turned pale.

“This, this has nothing to do with me. You can’t attack me...”

Lin Yi stood up and walked over, ignoring Fan Qinan’s words.

“Did you just take a video on your phone?”

“No, no, I didn’t. You’re mistaken...”

“Do you think I’m blind?”

Just like before, Lin Yi stabbed Fan Qinan, and the latter fell to the ground, not even having the strength to struggle.

The private room fell completely silent. Even Qin Han was so frightened that he did not move.

Lin Yi’s ferocity had greatly exceeded his expectations.

This time, the grudge between them would not end until one of them died!

“You can go back first. I’ll handle this matter,” Liang Ruoxu said.

Lin Yi did not respond and left with Ji Qingyan.

Looking at their backs, Liang Ruoxu suddenly felt a little upset.

If it weren’t for Ji Qingyan, he wouldn’t have gone so crazy.

After leaving Dehui Restaurant, the two of them drove to Chaoyang Group. They did not speak on the way to Ji Qingyan’s office.

“Lin Yi, are you hurt?” Ji Qingyan asked timidly. She was so frightened by Lin Yi that she didn’t dare to speak loudly.

“What’s wrong with your brain for you to meet them alone?!” Lin Yi scolded.

“The man called Wang Bing said that you asked someone to hit his men with a truck. I was afraid that you would go to jail, so I went with the transfer documents.”

“I f*cking dared to touch them, so you think I’m afraid of taking responsibility? Why are you blindly meddling? Do you know how dangerous the incident today was? If you ever encounter anything, don’t you know to give me a call?!”

“I-I know I was wrong. S-Stop scolding me. I won’t do it again.”

Ji Qingyan pursed her lips and wiped her tears as she sobbed.

“I swear, you’ll anger me to death one day!”

“I... I won’t do it again,” she mumbled.

“Why are you covering your mouth?”

“I’m afraid you’ll scold me again.”

Chapter 452: Going Out

“Alright, alright.” Lin Yi waved his hand impatiently. “You were just being nice.”

“I just didn’t want you to be in danger,” Ji Qingyan said pitifully.

“Zhao Zhengyang and the others are a bunch of idiots. How could I be in danger?”

“The next time something like this happens, I’ll definitely call you first,” said Ji Qingyan with a pout.

“Alright, you can stay here. I’m leaving.”

“You haven’t had lunch yet, right? You can leave after lunch.” Ji Qingyan held Lin Yi’s hand.

“No, I’m really angry right now.”

“I’m a little hungry. Eat with me.”

“You still have the cheek to eat? Reflect on yourself first.”

Watching Lin Yi leave, Ji Qingyan muttered,

“I just want you to finish your lunch.”

After leaving Chaoyang Group, Lin Yi got into his car and called Liang Ruoxu.

“Where are you?”

“I’m back in the office.”

“How did things go?”

“Qin Han asked the legal department of Sino-Han Capital to send a lawyer’s letter to the Zhao family and the Fan family. This can be considered a preemptive strike. Then, I secretly sent a few words to warn those two families as well. They also recognize that they were in the wrong. This matter is over, but I can’t guess what the two families will do after this. They might give up or attack again.” Liang Ruoxu said.

“Even so, I’ve already dealt with Wang Bing and the others. These people won’t exist in Zhonghai anymore.”

“Alright, I understand.”

“That’s all for now. If there’s anything you can’t handle, remember to call me in time.”

“Yeah.”

“Alright, go ahead. I’ll hang up first.”

After hanging up, Liang Ruoxu exhaled heavily.

He kept thinking about what had just happened.

What puzzled her the most was Uncle Mo’s attitude.

Although he was not directly involved in this matter, his words implied that he wanted to help.

This was too strange.

Even if Lin Yi was Old Yang’s chief surgeon, there was no connection between the two.

There were many doctors in the country who had operated on various leaders. If everyone had received preferential treatment, wouldn’t those chief surgeons become rich?

Uncle Mo’s attitude was really intriguing.

...

In the underground parking lot of Chaoyang Group, Lin Yi leaned back in his chair, thinking about the two families.

Although the overall strength of Lingyun Group could not compete with the two families, it was impossible for them to touch him in the business field.

As for the pharmaceutical industry, there would be a huge reform in the future, so the Fan family naturally did not dare to act rashly.

With only the Zhao family left, he was not too worried..

Ring!

Lin Yi's phone rang. It was a call from Bi Songjiang.

"President Lin, the first phase of the dock renovation project is basically completed. We can put the second phase of our project on the agenda. When are you free, can you come over and take a look?"

"Already?"

These days, he had been busy with Cisco and the six pharmaceutical companies and had almost forgotten about Wangjiang Dock.

Now that the first phase of the expansion project was completed, he really had to inspect it.

At the same time, the three billion yuan order he gave Cisco was probably almost completed.

He had to find time to visit Cao Xiangyu. Otherwise, he would have worked so hard for nothing.

At the thought of this, Lin Yi stretched lazily and got out of the car. He then walked back to Ji Qingyan's office.

Crack...

Crack...

Pushing open the door, Lin Yi saw Ji Qingyan quietly eating a biscuit.

Seeing Lin Yi enter, she immediately hid the biscuits behind her back.

"You... why are you back?"

"Pack your things and get off work. I'll take you out for dinner."

"Didn't you say that I should be too ashamed to eat? I won't eat anymore."

"Stop messing around. Do you want to eat or not?"

"Eat!"

Putting down the biscuit, she said, "I'm going to change my clothes. I'm leaving now."

Ten minutes later, Ji Qingyan changed her clothes and left alongside Lin Yi.

After a simple dinner, the two of them returned to Jiuzhou Pavilion.

On the sofa, Ji Qingyan hugged Lin Yi's arm.

“Lin Yi, I know you did this for my own good, but don’t do anything so dangerous in the future.” Ji Qingyan’s eyes were filled with tears. She still had lingering fears when she thought of what happened during the day.

“I didn’t want to do this either, but do you think others would have reasoned with you?” Lin Yi said.

“The only civilization that can be destroyed is barbarism, and barbarism is human nature.”

“I understand what you mean. In that case, try your best to avoid dealing with these people in the future,” said Ji Qingyan.

“I know what I’m doing.”

“Hmph.”

Ji Qingyan did not dare to say anything else. She was a woman, and it was not appropriate for her to interfere too much in Lin Yi’s matters.

The next morning, the guilt-ridden Ji Qingyan woke up at four to make breakfast for Lin Yi.

There were a total of six Huaxian and Western breakfast dishes. It was quite sumptuous.

“So much food?”

“You must be tired from work, so you should eat more.” Ji Qingyan untied her apron. “What do you want to eat for lunch? I’ll send it to you.”

“Get back to work, don’t worry about me,” Lin Yi said, “Eat, I’ll send you to work later.”

“I can drive myself,” she said quietly.

“Alright then.”

After breakfast, Lin Yi drove Ji Qingyan to the office before heading to the hospital.

“Brother Lin, I have good news for you.”

As soon as they arrived at the department, Qiao Xin stood up and said, “There’s a patient in the afternoon who needs to undergo cardiac stent surgery. Director Li said that she won’t be following us anymore and asked you to operate on her. I’ll be your assistant.”

“Give me a few minutes.”

In modern medicine, a cardiac stent was an insignificant surgery that wasn’t very difficult.

However, it was still very good to use this to improve the mission progress.

“Is there anyone else Director Li is handling who needs surgery?”

“A few days ago, our department didn’t have enough manpower. Thus, Director Li personally put aside some patients who didn’t need urgent treatment. The next surgery is scheduled to take place in three days time. We just have to observe the patient’s condition for the next three days.”

“Sure.” Lin Yi nodded.

After the cardiac stent surgery today, the mission progress would be at 2/5. The remaining three surgeries would probably take a week to complete.

"I have a suggestion. Since the hospital isn't busy these few days, why don't we go out and play?" Wang Zeyi said, "I heard that Wangjiang Dock has been expanded. It's even better than before."

The young doctors in the department were a little eager to check it out.

However, no one dared to make a sound. They all aimed their gazes at Li Chuhan.

She was the boss of the department. If she didn't say anything, no one could leave.

"Don't even think about having a group holiday." Li Chuhan said, "But I can give you half a day off. If you want to have fun, go ahead."

"Director Li, can we really leave early?" Qiao Xin asked happily.

The doctors in the department also knew that it was impossible for them to take an entire day off to enjoy themselves because there were still patients to take care of.

It was already very good that she had given everyone half a day off.

"I'll take care of the patients in the department. Go out and relax."

Although Li Chuhan was cold, she was an easygoing person. As long as it didn't challenge her principles, it could be discussed.

"Ah?!"

Hearing that Li Chuhan wanted to stay in the department, Wang Zeyi's expression changed slightly.

"Director Li, if you don't go, there's no point in us going. Don't worry, since I invited you to play, I'll be responsible for the cost."

The doctors and nurses in the department could also tell that Wang Zeyi had organized this trip just to invite Director Li.

"This isn't about money. Who will care for the patients if I leave?"

"Director Li, how about this? You guys go and enjoy yourselves. I'll stay here and keep watch." The new deputy director, Zheng Binjiang, said, "I'm old and can't play with you young people. It's only right for me to stay here."

"Thank you, Director Zheng," Wang Zeyi said with a smile.

"Brother Lin, let's go play together. I'm going crazy from staying in the department every day," Qiao Xin said.

"Alright, let's go and check it out."

Coincidentally, the first phase of the project was completed, so he wanted to this opportunity to see how things were going.

"Director Li, Brother Lin is going too. Come with us."

Li Chuhan was silent for a few seconds. "Alright, let's go for a walk together."

Chapter 453: Buying a Swimsuit for Li Chuhan

Knowing that Lin Yi would follow, Wang Zeyi smiled and muttered to himself,

"This time, I want everyone to know that in the real world, being handsome is useless. Money is king!"

The entire cardiology department was in an uproar when they learned that Li Chuhan had given everyone half a day off and that someone had even invited them out to have fun.

This was the hospital, and such occurrences were rare, especially for the young nurses. Because of this, they were not in the mood to work the entire morning.

It was one thing to have fun, but before she left, Li Chuhan ordered everyone to handle the work on hand.

The working atmosphere in the cardiology department was very good. When they learned about the holiday, although everyone wanted to go, they were also aware that they could not risk losing their jobs in the hospital.

The older nurse took the initiative to pass on the fun and stayed on duty, instead giving the opportunity to the young nurses.

Li Chuhan did not show anyone favoritism. She gave each of the staff members who stayed behind 200 yuan as compensation.

Other than that, the people who worked the night shift had to return before nine in the evening to change shifts, but this rule did not have much of an impact on their plans.

At 9 pm, they would definitely be done playing. Therefore, it would not affect their return to work.

1

In short, everything was fine.

After work at 11:30 pm, the people from the cardiology department went to prepare their equipment for the trip.

1

At one o'clock in the afternoon, the people in the department gathered in the parking lot. Since most of them had cars, they decided to drive there.

"Director Li, let's go. It's been a long time since I went to the beach to play. I've had a new swimsuit for months. They can finally be put to use," Qiao Xin said with a smile.

"If you put all your attention on learning, your skills probably won't be much worse than Lin Yi's."

"How can I compare to Brother Lin? Brother Lin is a genius," Qiao Xin said.

"Director Li, where's your swimsuit? Let me see what style it is. Is it a one-piece or a two-piece?"

“Yes, yes, yes. Director Li, what kind of swimsuit did you prepare? You have such a good figure and usually wrap yourself up tightly. Today, we can finally see your true appearance,” said the young nurse, Yuan Siqi.

“What swimsuit? I didn’t prepare anything. I’ll just go over and relax. There’s no need for me to buy a bathing suit.”

Li Chuhan was just a little cold, but she wasn’t very conservative.

She wasn’t really against swimming suits, she just didn’t think they were necessary.

“It’s not easy for all of us to come out together. If we don’t go into the water and play for a while, won’t we be missing out?” Qiao Xin said.

“It’s okay, they sell them at the beach. I’ll buy you a set then.”

“Forget it. Just have fun. Don’t worry about me.”

“How can we do that? You’re the head of our department. If you don’t have fun, how can we be happy?” Qiao Xin winked at Li Chuhan and whispered.

“Director Li, didn’t you see how good the body of the sister who came to our department that day was? Many people are thinking about Brother Lin’s choices now. We can’t let her win.”

“I really can’t do convince about you guys.”

“Hehe, it’s settled then. I’ll help you choose a bikini later. I guarantee that you’ll be more beautiful than all those flirtatious women.”

“No, just a normal swimsuit will do. Forget the bikini.”

“Hehe, got it!”

Everyone soon gathered and the 20 people from the department drove their own cars toward Wangjiang Dock.

Other than that, there was also a van behind them. Wang Zeyi had brought it over on his own initiative.

It contained things to for them to play with, but most of it was foodstuff.

Twenty minutes later, when he opened the car window, he could already hear the sound of the waves.

When they reached the parking lot, they parked their cars.

Seeing that the expansion of Wangjiang Dock had been completed, Qiao Xin and a few young nurses exclaimed.

“Oh my god, Wangjiang Dock is so beautiful!” Yuan Siqi exclaimed.

“I’ve been here once and I feel that it was already very good. I didn’t expect it to reach the global standard after the expansion.”

“Indeed, it looks even more impressive.”

“There’s something you might not know.” Wang Ze smiled and said.

“Some time ago, Wangjiang Dock was acquired. The behind-the-scenes boss spent 800 million yuan to turn Wangjiang Dock into a world-class yacht center. That’s why it looks like this now. I heard that there will be Phase II and Phase III projects in the future. When that time comes, it will look even more luxurious.”

“Director Wang, you even know about this?” Yuan Siqi asked.

“My friend is a member of the yacht club. He often comes here to play, so I know a lot of things,” Wang Zeyi said proudly.

“Director Wang, I heard that people who play with yachts are either rich or noble. For you to be able to make such a friend, I’m guessing your family background is not bad.”

“Fortunately, it’s just an ordinary middle-class family. They’re not as powerful as everyone thinks.”

“In a place like Zhonghai, it’s already very good to be able to get into the middle class. Your net worth must be at least 18 million.”

“It’s not much, but don’t worry. I saved up a good amount now, and I’ll definitely make sure everyone is able to enjoy themselves. There’s no need to be stingy with your entertainment. I can still afford this small sum of money.”

“Hehe, then we won’t stand on ceremony with Deputy Wang.”

“You’re welcome.” Wang Ze smiled and waved his hand. “Let’s unload everything and roast something to eat. After we’re full, I’ll get a boat and we’ll go out to sea to play.”

“Can we even go sailing?”

“Of course. Since we’re already at Wangjiang Dock, we naturally have to go out to sea. Otherwise, wouldn’t we have come all the way here for nothing?”

“But chartering a boat isn’t cheap. The cheapest boat is 1,500 an hour.”

“It’s okay, it’s just a small amount of money.” Wang Zeyi said, “You followed me out, so I naturally have to let you enjoy yourselves.”

“Thank you, Director Wang.”

Wang Zeyi felt a sense of accomplishment when he saw the nurses from the department surrounding him.

In the hospital, everyone was wearing white coats, so they surrounded Lin Yi.

Now that they were out, they realized the importance of money.

In the future, the nurses in the department would probably become his subordinates.

At the thought of this, Wang Zeyi turned around and looked at Lin Yi. ‘You want to compete with me... Hmm? Where did they go?’

At this moment, Wang Zeyi saw that Lin Yi, Li Chuhan, and Qiao Xin had already walked to the side of the road and gotten into the car.

“Brother Lin, do you know where they sell swimsuits nearby? We have to choose a good set for Director Li.”

“Isn’t it just a swimsuit? Even a man like Lin Yi isn’t so excited. Why are you acting like this?” Li Chuhan said.

“Because many people say that Director Li has a good figure. I can’t help but want to take a look.”

Chapter 454: Take Off Lin Bro’s clothes!

“I don’t know what to do with you.”

“Let’s go, Brother Lin. Let’s go and find a place that sells swimsuits.”

“Let’s go. I know a place.”

Previously, when he was running errands, he had bought a swimming ring at a store. He should also be able to buy a swimsuit there.

“Let’s go.”

Lin Yi smiled as he drove. The sea was right next to the road. Seeing this scenery would improve one’s mood.

Lin Yi thought swimsuits were amazing.

It didn’t matter if the wearer was young or 99 years old, as long as she was a woman, she would not resist wearing it.

In some of the indoor water parks, many middle-aged aunties walked around in swimsuits. It was really a dress that could make people forget their shame.

In comparison, woman could not do the same with underwear.

When they got to the shop again, he found that the male pimp was no longer there. He had been replaced by a middle-aged woman. Lin Yi silently wondered if the police had been caught trying to crack down on prostitution.

“Director Li, I think that white set is quite good,” Qiao Xin said.

“No, it’s too revealing. Change it to something more normal.” Li Chuhan shook his head and refused.

“But I think Brother Lin will like it.”

“He’d prefer if I didn’t wear one at all,” Li Chuhan said. “Just pick one.”

“Um...”

Qiao Xin paused for a moment. “I’m still too young. Director Li is more experienced than me.”

Lin Yi also felt that Li Chuhan's personality was far beyond that of ordinary people.

Would she be like a robot when they were having sex? Would she be able to do it while reading medical reports?

'That's a possibility.'

"Sister, why don't you try this strap style to show off your figure?" The female stall owner pointed at a dark green swimsuit.

Li Chuhan took a look and felt that the style was not bad, so she nodded. "I'll take this one. Also, get me a shawl."

Qiao Xin chuckled. "Brother Lin, it's time for you to do your part."

"Stop fooling around. I'm the one buying this. Why would your Brother Lin need to spend money on it?"

"Of course Brother Lin has to spend money. This is called a viewing fee." Qiao Xin chuckled. "We can let Brother Lin watch for free, but you're the boss of the department. How can he enjoy the view for nothing?"

A rare blush appeared on Li Chuhan's face, but it quickly disappeared.

"Hmm..."

Lin Yi pondered for a few seconds. "I agree with you."

The swimsuit wasn't expensive. It cost 198 yuan. Lin Yi scanned the QR code and paid. Then, he drove back to the beach and met up with the others.

"Brother Lin, I'll have to trouble you to go out for a while. Director Li and I have to change into our swimsuits."

"That's fine."

Lin Yi got out of the car and waited outside.

"Oh my god, they're so big?! Director Li, you're really hiding it well!"

"Keep your voice down."

"This is capital." Qiao Xin grinned and said, "There are so many women eyeing Brother Lin. We can't show weakness."

"I really can't do anything about you girls. This is all nonsense."

A few minutes later, Li Chuhan and Qiao Xin got out of the car in their swimsuits.

Li Chuhan's skin was fairer than Lin Yi thought.

Although her legs were not as long as Liang Ruoxu's, they were well-proportioned and were not small.

"Brother Lin, Director Li and I are done. It's your turn now."

"You guys go over first. I'll look for you after I change."

“No, we have to stay here and watch,” Qiao Xin said. “I want to be the first to see Brother Lin’s figure. I wonder if he has abdominal muscles.”

“What abdominal muscles? This is the road. Let’s not just stand here.”

“Oh, oh, listen to Director Li.”

At this moment, the woman’s strange logic appeared.

You can’t wear a swimsuit on the road, but you can on the beach.

“Brother Lin, we’ll head down first. Come over quickly.”

“Okay.”

Lin Yi returned to the car, changed into a pair of swimming trunks and a tank top, and walked down the beach in flip-flops.

At this moment, the people below had already prepared the food for the barbecue and were waiting for Li Chuhan to come back to eat.

“Director Wang, I really couldn’t tell. You don’t even have a little tummy. If you practice more, would you have abs?” Yuan Siqi asked.

“Yes, but I haven’t been working out lately, so my abs aren’t obvious anymore. If I go to the gym for a month, my abs will come out.”

Wang Zeyi said ostentatiously.

“Oh my god, look, Director Li is back.”

“No way, they were so big? We were all fooled by Director Li!”

“No wonder she could become a director. She’s better than us.”

Wang Zeyi, who was roasting something, stared blankly.

Her figure and thighs were too good!

Li Chuhan really did not understand. All women had these things. She had also seen them when she examined her patients before surgery. What was there to be surprised about?

Wrapping her shawl around herself, Li Chuhan said, “Don’t look at me. Eat your food.”

The nurses chuckled. “Eh, where did Director Lin go? Why didn’t I see him?”

“He’s here, he’s here. Isn’t he walking toward us?” Qiao Xin pointed at Lin Yi, who was not far away.

“What’s going on? Why is Brother Lin wearing a singlet?”

“That’s right. Why don’t you show your good figure? I’m an A-competitor and I’m already wearing a swimsuit.”

“Director Lin is too stingy. He actually didn’t let us see it.”

“You little girls, can’t you leave some face for Director Lin? Seriously,” Wang Zeyi said.

“What did we do wrong?”

“Look at the beach. Can’t you tell who are the shirtless ones and who covers themselves up?”

Qiao Xin, Yuan Siqi, and the others looked toward the beach and noticed something interesting.

The shirtless people walking on the beach were all young people.

The men who covered themselves up were all middle-aged men.

“Now you should know that only those with good figures and abdominal muscles have the nerve to show off. Those with bad figures are covered with clothes.”

As he spoke, Wang Zeyi straightened his back and subconsciously sucked in his gut, making his abdominal muscles look slightly more obvious.

“That’s impossible. Director Lin isn’t fat. He shouldn’t have a big belly, right?” Yuan Siqi said.

“That’s hard to say. Doctors don’t have a regular schedule. They don’t have time to maintain their figures,” Wang Zeyi said.

“Moreover, as you know, Director Lin is still driving a Shari. He probably doesn’t have that much spare money to work out. It’s only natural that his figure isn’t good.

“I still don’t believe it, because Brother Lin doesn’t look fat at all.”

“Isn’t that simple? Let’s go over and take Brother Lin’s shirt off. We’ll know after taking a look.”

“That’s a good idea. Let’s go and take off Brother Lin’s clothes!”

“Haha, how exciting. Charge!”

Chapter 455: Your Path in Medicine Is Getting Wider and Wider

At this moment, Lin Yi looked at the dock and operations center not far away.

He thought that later, after eating something, he would go and look for Bi Songjiang to talk about the second phase of the project.

Even though the dock would be open late, staff like them usually got off work when there was nothing else to do.

Although he had also become one of the capitalists, he still had to have a conscience.

“Brother Lin! Brother Lin!”

Just as Lin Yi was thinking about these things, he suddenly heard Qiao Xin’s voice and saw more than ten nurses running toward him.

For a moment, it was hard to tell which side formed the bigger wave.

“What are you doing?”

“Hey, we want to see your abs.”

“Look at my abs?! What’s there to see?”

“Aiya, don’t be shy,” Qiao Xin said. “Hurry, hurry, hurry. Sisters, hurry up.”

The other nurses were still unfamiliar with Lin Yi. They wouldn’t dare to take off Lin Yi’s clothe.

However, Qiao Xin was different. The two of them had a good relationship. With her taking the lead, there was naturally nothing to be afraid of.

“You guys should stop. Can’t you see that Director Lin doesn’t even want to flash himself? Don’t force him,” Wang Zeyi said.

“I just want to satisfy my curiosity.”

“Everyone says that one shouldn’t expose one’s shortcomings when scolding others. One also shouldn’t slaps others in the face. I feel like you’re deliberately making Director Lin look bad.” Wang Zeyi said.

“If he really has a good figure, wouldn’t he have revealed it himself? Why would he need you to attack him?”

“Even if Director Lin has a big belly, we still want to see it. Who asked Director Lin to be so handsome?”

“Tsk, tsk, tsk. Actually, I’ve been coveting Brother Lin’s body for a long time in the department. Now, I finally have a chance to see it in person.”

Wang Zeyi, “...”

“Sisters, charge! Take off Brother Lin’s shirt.”

Lin Yi was speechless.

“Look at you guys, why don’t you even take off your pants?!”

Lin Yi was only wearing a white singlet. He couldn’t even last a round in front of the dozen crazy women.

Even if Lin Yi didn’t want to take it off, it would be torn apart.

At certain times, the singlet and stockings seem to share the same fate.

However, the moment she pulled off Lin Yi’s singlet, the dozen women were stunned.

His well-defined eight-pack abs.

The outlines on both sides of his navel.

V-shaped mermaid Line above the pelvis.

Qiao Xin and the others felt dizzy.

At that moment, even Li Chuhan’s face turned red.

She also worked out, but he had never seen anyone with such a figure in the gym.

How did he train?

“Brother Lin, your figure is too good.” Qiao Xin’s mouth watered.

“That’s right. With such a good figure, why are you still wearing clothes?” Yuan Siqi said.

“If my boyfriend had such a good figure, I wouldn’t let him wear clothes every day,” Nurse A said.

“I’m not an exhibitionist. What’s the point of revealing myself?”

“But on the beach, men with good figures like to show themselves.”

“If I show myself, they’ll all leave.” Lin Yi pointed at the people on the beach. “Now look at how many people have put on their clothes.”

The girls turned around and looked. “It seems to be true.”

Wang Zeyi stood awkwardly on the spot. How the f*ck did this happen? This was too freaking crazy!

“Brother Lin, can I touch it?”

“Just do it. Why are you licking your lips?”

“Is there a difference between a hand and a tongue? They’re both vital organs of the human body. In the medical sense, the touch of the tongue is still a touch.”

“Xinxin, your path in medicine is getting wider and wider.”

“Alright, stop fooling around.” Li Chuhan said, “There are so many people watching. Don’t embarrass the hospital.”

“Hehe, okay.”

Everyone gathered together under the parasol. After all the trouble, they were a little hungry. They had to resolve the problem surrounding lunch first, then continue to the other programs later.

“Qiqi, where did you do your double eyelids? I want to get it done too,” Qiao Xin asked while they were eating.

“I did it at Cambell Medicine,” Yuan Siqi said.

“In the beginning, I wanted to do it in our hospital’s plastic surgery department, but Director Li said that our hospital’s plastic surgery department was average, so I opted against it.”

“I’ll go take a look when I have time,” Qiao Xin said. “This way, my eyes will look bigger.”

“Cambell Medicine Beauty is indeed good. It’s quite famous in Zhonghai, but their prices are a little high. It’s quite unfortunate,” Yuan Siqi said.

“Moreover, I feel that there’s not much technical skill required in performing double eyelid surgery. With Director Li and Director Lin’s ability, if they bothered to learn this, they could very well open their own plastic surgery hospital in the future. It will definitely be more profitable than Huashan Hospital.”

“Really? Should I change my profession in the future?”

“It’s indeed not technical.” In order to not be left out, Wang Zeyi interrupted.

“I’ve been involved in this area before. The difficulty of aesthetics lies in keeping updated with modern aesthetic trends, just like how it would for graphic designers. If anyone has any questions about this topic, you can consult me.”

“Brother Lin, you’ve seen countless women. Your taste in them must be good, right?”

Wang Zeyi, “...”

I’m the most experienced here. Why are you asking him?

Moreover, he did not just organize this trip, but also spent his own money to make it a success. Why did Lin Yi become the protagonist?!

What the f*ck?

“Director Wang.”

Hearing Yuan Siqi calling him, Wang Ze straightened his expression and smiled.

“If you want to consult me about medicine and beauty, just ask me.”

“No, the beef on Director Lin’s plate has been finished. Roast some more for him.”

Wang Zeyi, “...”

You guys are fucking playing with me!

“What do you mean by seeing countless women? I’m a serious person. I’m just a little more prone to love.”

“Yes, yes. Love, love.” Qiao Xin moved closer to Lin Yi. “Brother Lin, the sister who came to deliver food to you that day, I think her double eyelids are especially beautiful. She’s so beautiful that I nearly cried.”

“Hers are natural, she didn’t go through surgery.” Lin Yi said, “But if you have such thoughts, I can help you achieve a similar look.”

“Ah? Brother Lin, you know about aesthetics?”

“What’s there to know?” Lin Yi said, “There’s no technical skill involved in cutting double eyelids. Our department can do it with the equipment we have.”

Hearing this, the eyes of the girls lit up. No one had expected Lin Yi to have such ability.

“Director Lin, other than double eyelids, do you know how to do other aesthetics procedures?”

“Of course,” Lin Yi said, “But double eyelids is the least technical procedure, so the success rate for this will be the highest.”

“Then we don’t want to do double eyelid surgery.”

“Then what do you want?”

“We want to completely change our eyes!”

Lin Yi was speechless.

You guys really know how to pamper yourselves!

Chapter 456: This Method of Yours Is Suitable for a Crematorium

“Please be decent,” Li Chuhan said.

There was nothing she could do about these people.

After all, these people were girls. Couldn't they be more reserved?

“Director Li, you don't won't be able to tell how hungry a man is when he's full.”

Li Chuhan lowered his head and looked at the others.

He felt that it was better for him not to speak.

At this moment, saying anything would look like he was showing off.

“What's the point of the double eyelids and the eye shape surgery?” Lin Yi said as he ate the beef, “I don't recommend you to do it.”

“Director Lin, I think you're saying this because you're afraid of being exposed,” Wang Zeyi interrupted.

“Why would I be afraid of that?”

“Because you can't do it.”

Lin Yi was speechless. “Silicone is flammable and explosive. It's not safe to put inside the body, so I don't recommend it.”

“No way, you can even think of such a reason?” Wang Zeyi said, “Silicone is something that's placed inside the body. When will it meet an open flame?”

The women, including Li Chuhan, were a little confused. The excuse of being flammable and explosive did not seem to work.

“Aren't you cremated when you die?” Lin Yi said.

“Your family members will be crying outside while you're in the furnace. What will happen then? Before you leave this Earth, do you want to prematurely fly to heaven? Aren't you afraid that the corpse will explode on the spot and spiral into the sky?”

“You!”

“Director Wang, your roasted beef is really good. Give me some more,” Lin Yi said, “With your skills, you are even fit to go to the crematorium to send people off.”

Hahaha!

Qiao Xin and the others couldn't help but laugh. Brother Lin was too humorous.

Under Lin Yi's persuasion, the women gave up on the surgery and started talking about other topics.

"There are many boats parked at the dock today. There is even a little red flag here. It's really beautiful," Yuan Siqi said.

"That's my friend's yacht club's boat. They're having an event today. I'll bring one over later. We'll go out to sea too."

"Hehe, thank you, Director Wang. This is my first time going out to sea."

"It's okay. I'll let you guys have fun."

Just as they were chatting, Lin Yi put down his plate and stood up. Seeing this, Qiao Xin asked,

"Brother Lin, where are you going?"

"I'm going out for a walk. You guys continue eating."

Qiao Xin and the other nurses wanted to follow, but seeing that Lin Yi had no intention of bringing them along, they all stayed.

Lin Yi swaggered towards the operations center in his flip-flops.

When he reached the third floor, he pushed open the door to Bi Songjiang's office.

"President Lin, you're here."

Seeing Lin Yi's outfit, Bi Songjiang was a little surprised.

"I came to hang out with friends."

"Do you need a boat?"

"No need, someone has already prepared one." Lin Yi said.

"I came over to check on the situation at the dock. How's the progress now?"

Bi Songjiang straightened his expression. "The first phase of the expansion project has basically been completed. Our Wangjiang Dock has already become the largest cruise ship pier in the country. The next two phases of the project will help us in our ambition of becoming one of the top docks worldwide."

"Has Yaluo Design come up with a plan regarding this?"

"We've only been a sketch for now. Director Guan said that when the finished design is out, he wants to meet us and hear your opinion."

"Alright." Lin Yi nodded. "Do you have enough funds?"

"Plenty." Bi Songjiang said.

"A few days ago, Director Wang of Chaoyang Group and President Guan of Yarrow Design discussed this matter together. Eight hundred million yuan in modification funds is more than enough. Coupled with the revenue from the docks, we'll have no issues regarding cash flow for now."

“That’s good. Let me know if you need money.”

After chatting about the general situation, Lin Yi stood up and left.

However, before he left, he saw the map on the wall and said thoughtfully,

“Old Bi, how about we build an artificial island out at sea?”

“Ah?!”

Bi Songjiang was shocked. “President Lin, are you sure you’re not joking?”

“Uh... Haha, just take it as a joke.”

Bi Songjiang was dumbfounded. You don’t look like you’re joking!

“Why the shocked expression? I didn’t mean anything by it.”

In the corridor, just as Bi Songjiang was sending Lin Yi off, he suddenly heard a commotion coming from the conference room beside him. It made the two of them stop in their tracks.

“What’s going on inside? Why are you making so much noise?”

“There’s a yacht club that wants to go out to sea, but they have some problems with their filing procedures. There’s no way that they can go out.”

“What does the filing procedure have to do with us? There’s no need to check this, right?”

“President Lin, it’s like this.” Bi Songjiang said.

“As you know, Wangjiang Dock was bought by the city before it was transferred to you. Therefore, a few days ago, the leaders of the relevant departments came to look for me and entrusted us to investigate this business on their behalf. At the end of the day, we are doing business and have to build a good relationship with the relevant departments, so I agreed to this.”

“Is it troublesome?” Lin Yi asked, “If it’s troublesome, reject it. Don’t worry about it.”

Because of his relationship with Liang Ruoxu, Lin Yi didn’t care about anything else.

“It’s not troublesome. It’s just an extra inspection procedure. As long as it’s complete, even if something goes wrong, it will have nothing to do with us.”

“Alright, you decide on this yourself.”

“Got it, President Lin.”

“F*ck, my club is planning to go out to sea today. What the f*ck are you talking about? Do you still want to work at this lousy dock? If you don’t want to work, I’ll get someone to fire you!”

Lin Yi and Bi Songjiang looked at each other. “Let’s go over and take a look. I want to see who’s so pretentious.”

Pushing open the conference room door, Lin Yi saw more than ten people standing inside. All of them were dressed casually and wore all kinds of fashionable accessories. They were arrogant and domineering, as if they were at home.

“President Lin, Manager Bi, you’re here.”

Seeing Lin Yi and Bi Songjiang, the middle-aged woman in charge of the procedures walked over with an aggrieved expression. Her eyes were red and filled with tears.

“What’s wrong, Wang Sis? I’ll help you if anything happens. Don’t cry,” Lin Yi asked.

“President Lin, their procedures are incomplete. I tried to reason with them, but they didn’t listen.” The middle-aged woman wiped her tears and said, “And their scolding is especially unpleasant.”

“Hey, are you in charge here?”

The man who spoke had dyed gray hair and a pair of sunglasses resting on his nose. He was half-sitting in a chair with his feet on the table. His expression was arrogant.

Lin Yi didn’t say anything and walked straight over.

Then.

He kicked the leg of the chair!

The chair was instantly kicked out from under him. The gray-haired man could not react in time and fell to the ground. His glasses fell to the side and he looked extremely embarrassed.

Lin Yi looked down at the gray-haired man.

“I’m the person in charge here. Just tell me if you need anything.”

Chapter 457: You’re Lucky That I Didn’t Kill You

Silence!

The meeting room was silent. No one spoke a word.

“Brother Yu!”

After being stunned for a second, everyone reacted and went to help the gray-haired man on the ground.

“F*ck, how dare you attack me, Li Junyu? I won’t let you off!”

With a curse, Li Junyu picked up the chair on the ground and threw it at Lin Yi!

“President Lin, be careful!” Bi Songjiang exclaimed.

“Careful my *ss. F*ck!”

Li Junyu threw the chair at Lin Yi, but Lin Yi tilted his head and easily dodged his attack.

At the same time, Lin Yi stretched out his leg and kicked the man's abdomen, causing the latter to scream and fly back.

Fortunately, his companion caught him.

If he hit the wall, he might have vomitted blood.

"You came to the wrong place. You think you can act like this just because you have some money," Lin Yi said, "Apologize to my employees."

"Apologize to your mother. Just you wait. Don't even think about working at this dock anymore."

Lin Yi tapped his ear impatiently.

"I know what kind of people you are. If you can't win, you start shaking people up. Coincidentally, I have some time. Hurry up and call for help. Every person counts."

"Alright, you're a real tough guy, right? I'll make a call now."

Li Junyu held his phone and dialed someone's number.

"Brother Yuan, where are you?"

"I'm already at the docks. Why are you guys dawdling? Haven't you completed the procedures?"

"Something happened. Their staff said that our documents were not up to standard. I had an argument with them and the person in charge even beat me up. Brother Yuan, come and take a look."

"The person-in-charge of a sh*tty dock dares to attack you? Don't they want to do business anymore?"

"This person is so pretentious. He even asked me to get my people. He doesn't take us seriously at all."

"F*ck, tell him that my name is Gao Zongyuan. Ask him if he knows me."

"Got it, Brother Yuan."

Li Junyu put his phone aside and shouted at Lin Yi,

"Let me tell you, my brother is Gao Zongyuan. If you don't know him, you can forget about doing business."

"Hmm? You're one of Old Gao's men?"

"Is it Longteng Machinery's Gao Zongyuan?" Bi Songjiang hurriedly asked.

"You're quite knowledgeable. You know my brother's background. Are you afraid now?"

Bi Songjiang's expression turned ugly. He stood beside Lin Yi and whispered,

"President Lin, Longteng Machinery isn't easy to deal with. It's better to avoid trouble. Let's forget about this matter."

"Why is that?"

“Longteng Machinery is the largest cable manufacturer in the world. They mainly focus on cargo ships and engineering machinery. Therefore, they have very strong connections in the maritime transport industry. We run a dock and can't afford to offend the people in this field.”

“Don't chatter about useless things. Hurry up and get him to apologize to me. Otherwise, your dock will be closed tomorrow!”

The people behind Li Junyu smiled disdainfully, waiting for Lin Yi to bow and apologize.

“Tell your brother that my name is Lin Yi. Ask him if he knows me.”

“Are you making me laugh? Who do you think you are that my brother will know you?”

“F*ck, Li Junyu, what the f*ck are you doing? Hurry up and open the speakerphone!”

Although there was no public broadcast, Gao Zongyuan's voice was loud enough that everyone in the room could hear him clearly.

Following Gao Zongyuan's instructions, Li Junyu turned on the speakerphone.

“Brother Yuan, you're on speakerphone now. Feel free to speak your mind.”

“Brother Lin, why are you still at Wangjiang Dock?”

Everyone was stunned.

Brother Yuan actually called this person brother?

“These idiots are your friends?”

“I had nothing better to do, so I set up a yacht club so I could go out to sea when I am bored. They're all from my club.”

Gao Zongyuan said, “Brother Lin, why are you still at Wangjiang Dock?”

“This is my property. Why can't I stay here?”

“F*ck, no way. Wangjiang Dock is yours?”

“I bought it a long time ago. You just didn't know it.”

“Awesome!” Gao Zongyuan said, “This is my brother's fault. I'll go and deal with them now.”

“Alright, stop making a scene. They're all your people, so I won't pursue the matter.” Lin Yi said.

“Wangjiang Dock is my territory. If you want to play in the future, just come over.”

If they weren't Gao Zongyuan's people, Lin Yi would definitely have already dealt with them.

However, because of Gao Zongyuan, he might as well forget it. No matter what, he could not slap his brother's face.

“Thank you, Brother Lin.”

“I still have something on. I'll leave first. Be careful when you go out to sea.”

“Okay.”

After a few simple words, Lin Yi turned around and left with Bi Songjiang.

After leaving, Lin Yi looked at the middle-aged woman and said,

“Sis Wang, I’ve taught him a lesson for you. Don’t pursue this matter any further, and just take it as giving me some face.”

“President Lin, please don’t say such things. I’m just a small-time employee. I can’t accept it.”

“What’s there to accept? Everyone is the same.” Lin Yi looked at Bi Songjiang and said, “I don’t need you to send me off. Arrange three days of paid leave for Sister Wang. Let her go home and rest for a few days.”

“Got it, President Lin.”

Lin Yi nodded and turned to leave.

At this moment, the conference room was silent, as if time had stopped.

“Yuan... Brother Yuan, is this Lin Yi person very impressive?”

“He’s more than impressive. You can’t find such a more impressive person in Zhonghai. You’re lucky that he didn’t kill you today.”

Li Junyu trembled in fear. “Really? He’s even more powerful than Brother Yuan?”

“Much more impressive than me.” Gao Zongyuan said.

“Something big happened in Zhonghai these two days. You all know about it, right?”

“Are you talking about Zhao Zhengyang and Fan Qinan being stabbed?” Li Junyu asked.

“I think Zhao Zhengyang lost a hand and Fan Qinan suffered a punctured intestine.”

“Yes, Zhao Zhengyang and Fan Qinan were stabbed by Brother Lin. If he hadn’t arrived in time, Zhao Zhengyang would have died in his hands,” Gao Zongyuan said.

“Brother Lin even dares to stab people like Zhao Zhengyang and Fan Qinan. With your family background, do you think he wouldn’t dare to kill you if you anger him?”

Hearing this, Li Junyu and his friend shuddered.

Did I just escape a calamity?

“Alright, all of you behave yourselves. I’ll go look for you now and bring you to apologize to Brother Lin. Say a few nice words and toast to him. Then, this matter will be settled.”

“Okay, okay, okay. We’ll wait for you here.”

...

At the same time, Lin Yi returned to the barbecue place. Qiao Xin and the others had already been playing on the beach for a while.

Although their sizes were not big, as long as they moved intensely enough, it would still bounce.

“Brother Lin, what are you doing? Directed Wang has already contacted the ship. We’ll go out to sea with his friend later.”

“I got back just in time.”

“Director Lin, we brought a lot of things. If we go out to sea, our stuff might get stolen. Someone will have to stay back and look after our stuff alone,” Wang Zeyi said.

“Thank you so much, Director Wang. You paid to bring us out to play and even took the initiative to stay behind. What a good person.” Lin Yi smiled.

“In comparison, I’m much worse. This is so unfortunate.”

Chapter 458: Women’s Logical Thinking and Imagination

“Uh-huh?”

Wang Zeyi was furious. I f*cking want you to stay here!

I’m not staying here!

“Um, Director Lin, you might have misunderstood. I didn’t say that I wanted to stay...”

“Director Wang, you’re such a nice person. Then we’ll leave our phones here. We’re wearing swimsuits, and there’s nowhere to put our phones. We’ll leave them on the beach,” Qiao Xin said.

“Thank you, Director Wang. When you have surgeries in the future, I will definitely cooperate with you,” Yuan Siqi said.

“Director Wang, you’re amazing. You spent a lot of money to rent a boat, but you aren’t enjoying it yourself. No one in the entire department can compare to you,” Nurse A said.

“Since someone is watching our stuff, I’ll leave my phone here,” Li Chuhan said.

Wang Zeyi was dumbfounded when he saw the phones the girls handed him.

‘When did I say I was staying here?’

I paid to rent a boat, and in the end I can’t enjoy it?

Wang Zeyi suddenly felt like he had been cheated. Moreover, he was the one who had paid for the whole thing.

“Well, in truth, I don’t mind staying here, but we’re going out to sea with my friends this time. If I don’t bring you guys there, what will you do?”

“You don’t have to worry about that, Director Wang. I can bring them around to have fun.”

“Yes, yes. We’ll just play with Brother Lin. Director Wang, don’t worry,” Qiao Xin said.

“Cough, cough, cough...”

Wang Zeyi deliberately coughed a few times. "There's something you might not know. My friends have good looks and family backgrounds. Moreover, many of them are single. I wanted to use this opportunity to introduce them to you. If I stay here, who will introduce you to them?"

Hearing this, the young nurses became eager.

This seemed to be a great opportunity to get out of singlehood.

"Speak of the devil, my friend is here."

Following Wang Zeyi's gaze, the nurses looked not far away.

Lin Yi also took a look and muttered to himself, "Why are Old Gao and the others here?"

Li Chuhan had seen her fair share of men, so she wrapped a scarf around herself and stood behind Lin Yi.

"Although these boys aren't as handsome as Director Lin, they are quite good-looking," Yuan Siqi said.

"They're indeed good-looking, but judging from their clothes, they must be rich children. They're not someone we can curry favor with. It's better for us to obediently kneel and lick Brother Lin's boots."

"That's true," Yuan Siqi said. "But what are they doing here? Are they here to see us?"

"Of course." Wang Zeyi smiled and said, "The person at the front is called Li Junyu. He's the leader of these people and my good friend."

"But why is he still holding alcohol in his hand? Could it be that he wants a drink?"

"They're probably here to propose a toast. We're all rich people, so you guys might not understand. Just do as I say later," Wang Zeyi said.

"I see."

Seeing Li Junyu walk over, Wang Ze greeted him with a smile.

"Old Li, I was planning to meet you later. Why did you bring personally your people over? I'm so embarrassed."

Li Junyu was also a little dumbfounded. He had indeed promised Wang Zeyi that they would go out together. After all, there were so many good-looking girls around him. It was better to bring them all along than not.

However, he didn't expect Wang Zeyi to be with Lin Yi.

After greeting Li Junyu, Wang Zeyi turned around and introduced him to everyone.

"Let me introduce you. This is my friend, the general manager of Zhonghai Fuxin Manufacturing. He's worth two billion!"

When they heard the figure of two billion, other than Li Chuhan, all the women present were stunned.

To them, this was an astronomical figure.

In their social circle, billionaires were already at the ceiling.

It was a little difficult to accept that someone with a net worth of two billion yuan had suddenly appeared today. They would need some time to readjust.

On the other hand, Li Chuhan didn't care. Zhonghai International Racetrack belonged to Lin Yi.

Two billion should not be enough to even cover the construction costs.

"Sister-in-Law, you're here too."

Seeing Li Chuhan, Gao Zongyuan smiled and went up to her.

The scene of Li Chuhan racing at the racing arena was still fresh in his mind.

Li Chuhan was embarrassed to be called sister-in-law.

This was the first time she had encountered such a situation. She stood on the spot uneasily and did not know what to say.

The others were also dumbfounded.

What was going on?

This man actually called Li Chuhan sister-in-law?

Who was his brother?

Director Li wasn't married either!

"Old Li, what's up with your friend?" Wang Ze laughed and said.

"Director Li and I haven't even started dating yet. Why are you calling her sister-in-law? You're making me feel embarrassed."

Gao Zongyuan glanced at Wang Zeyi. "Where the f*ck did you come from? What does this have to do with you?"

Wang Zeyi was dumbfounded by this and looked embarrassed.

"If it wasn't because of me, why would you call Director Li sister-in-law? Other than me, you don't know anyone else here, right?"

"Who do you think you are? You really know how to flatter yourself."

Gao Zongyuan cursed and said to Lin Yi,

"Brother Lin, what happened just now was their fault. I'll get them to apologize to you."

Hearing how Gao Zongyuan addressed Lin Yi, everyone understood that Brother Lin and Director Li had been secretly together for a long time!

Even so, what about the apology?

Li Junyu held a glass of wine and said, "Brother Lin, I was ignorant. Please don't lower yourself to my level."

Lin Yi waved his hand nonchalantly. "You're all Old Gao's friends. He's my good brother, so you're one of us. No discord, no concord. We don't need to drink. This matter is over."

"Thank you, Brother Lin. Thank you, Brother Lin."

Li Junyu and the people behind him bowed to Lin Yi as if they had been pardoned.

"Old Li, what's going on? Why are you apologizing to him?" Wang Zeyi asked in confusion.

"We made Brother Lin unhappy just now, so we naturally have to apologize."

"He's our department's temporary deputy director. Even if you offend him, with your status, you shouldn't act like this."

"Bullsh*t!"

Li Junyu's shout stunned Wang Zeyi and the others.

Weren't they good friends? Why were they scolding each other?

"Are you crazy?" Li Junyu scolded.

"I don't care what other identities Brother Lin has, but let me tell you, this Wangjiang Dock is Brother Lin's business. He's the head of the four young masters of Zhonghai. If you dare to say anything bad about Brother Lin, believe it or not, I'll beat you up!"

Hiss...

Hearing this, everyone present gasped!

"W-What did you say?! Wangjiang Dock belongs to him?"

Li Junyu raised his eyebrows. "What else? Do you think I'm joking with you?"

Qiao Xin and the other nurses were starry-eyed.

Could it be that Brother Lin had another hidden identity?

The plot of the idol drama was happening right before their eyes.

A rich young master was not satisfied with the current state of his life. In order to fulfill his dream, he secretly studied medicine behind his family's back before loudly proclaiming that this was not the life he wanted and leaving home in a carefree manner!

According to the typical plot developments of idol dramas, when his identity was exposed, the people around him would also soar.

At the thought of this, Qiao Xin and the dozen or so nurses felt a little dizzy.

Although she did not become the female lead, it was not bad to be cast in a supporting role!

It had to be said that a woman's rationality and imagination were really awesome!

If they were shown a male lead, they would actually be able to come up with an 80-episode-long television series in a few seconds.

Try it yourself.

Chapter 459: Running Away After Acting Cool. How Exciting

“He... he’s actually so rich?!”

“Brother Lin’s net worth is not something you can imagine. You are just a deputy director. In the future, don’t act so pretentious and keep a low profile in front of Brother Lin.”

Wang Zeyi was arrogant in front of Lin Yi, but he didn’t dare to say anything in front of someone like Li Junyu.

“Alright, alright, let’s not talk about this anymore.” Lin Yi waved his hand indifferently. “Aren’t you guys going out to sea to play? Bring my colleagues along. They’ve been cooped up in the hospital every day. Relax today.”

“Brother Lin, our plan today was for the club to sail out to sea together, but Sister-in-Law and your friends are all here. We are ready to change our plans. Why don’t we get a big ship and gather these people together? It will be more interesting to hang out like this.” Gao Zongyuan said.

“You f*cking want to scam us of our ships,” Lin Yi scolded jokingly.

“Just look Wangjiang Dock. The newly imported ship looks too good. Initially, Brother Qin and I were discussing whether we should have a swimsuit party one day and get that ship for fun. Now, Wangjiang Dock belongs to our family, so it’ll be more convenient for us to come out and play in the future.”

“Okay, wait. I’ll call Bi Songjiang and get that ship out.”

“Good!”

After a while, Lin Yi called Bi Songjiang to prepare the ship.

“President Lin, although you said that you don’t need a boat, we’ve already prepared it. I’ll get someone to bring it out now.”

“Okay.”

Ten minutes later, everyone heard the sound of a siren. Then, they saw the 30-meter-long yacht slowly driving toward them.

“Director Lin, is that ship the ship we’re about to board?”

“That’s the one. I think it was bought recently, but I forgot how much it cost. We have more than 30 people here, but it’s definitely big enough for us all to fit aboard.”

“This is too luxurious. I saw it when I first arrived, but I didn’t dare to imagine myself on it. I didn’t expect to really have the chance to go up and have fun on it.”

“Have you forgotten that Brother Lin is a super rich second-generation heir who’s not happy with his current situation? This just a boat to him. He’ll definitely satisfy us,” Qiao Xin said.

“Hehe, thank you, Brother Lin.”

“Brother Lin, let’s go. The ship is out. Let’s have a good time!”

“Yes, let’s go.”

“Director Wang, didn’t you want to stay and look after the bags?”

Seeing Wang Zeyi walk over with her, Qiao Xin asked.

“I didn’t say I wanted to look at the bag. You guys said it.”

Although he was scolded by Li Junyu, Wang Zeyi still wanted to fight for Li Chuhan.

“Old Wang, don’t go. Stay here and look after the bags. Otherwise, it will be awkward if you go,” Li Junyu said.

“Alright, alright,” Wang Zeyi said awkwardly.

“Thank you, Director Wang.”

“Director Wang, we’re going out to play. I’ll take a photo for you when we get back.”

Wang Zeyi’s face darkened.

Even if you took a photo before coming back, it would be useless.

As he watched everyone leave, the more Wang Zeyi thought about it, the more aggrieved he felt.

Even so, there was nothing he could do. Even someone like Li Junyu had to bow and grovel in front of Lin Yi. It was impossible for him to fight with him.

Soon, the group boarded the boat.

Seeing the luxuriously decorated yacht, Qiao Xin and the nurses were so surprised that they couldn’t close their mouths. Everything was new to them. After all, this was their first time in such a place.

On the boat, Li Junyu and the others took out all the food, drinks, and fruits.

Although they had eaten a lot on the shore, they still needed these things to relax the atmosphere on the ship.

“Are you close to Wang Zeyi?” On the boat, Lin Yi asked Li Junyu casually.

“Not really. We played together a few times.” Li Junyu said, “His father is the deputy director of the Drug Bureau. He has some power, but he seems to be retiring soon.”

“Deputy Director of the Drug Bureau?” Lin Yi muttered. When they were negotiating a few days ago, the negotiator from Zhonghai seemed to hold this position.

“Could his father be Wang Yanxing?”

“Huh? Brother Lin, how did you know?”

"I heard his name before, so I was just asking." Lin Yi patted Li Junyu's shoulder. "Alright, it's fine. Go and play."

"Brother Lin, it's my fault for what happened today. Please don't take it to heart." Li Junyu didn't forget to apologize to Lin Yi before he left.

"What a bunch of nonsense."

Li Junyu chuckled and returned to the cabin. He mixed with the group of girls and made a few jokes that amused them.

At the same time, Gao Zongyuan walked in front of Lin Yi and smiled.

"Brother Lin, if Brother Qin finds out that we brought so many nurses out to have fun, he'll curse our ancestors, so we have to hide it."

"I think he'll find out sooner or later."

"So what do we do?"

"What else can we do? Send a video to him now. Although he's not here, we have to let him experience the joyous atmosphere."

Lin Yi took out his phone and called Qin Han.

"Old Lin, why are you looking for me?" Qin Han sat in the car with a cigarette in his mouth and said pretentiously.

"You look like you're going out to have a good time."

"Recently, I've met a few new girls. They invited me out to the bar tonight. I know you're envious, but there's nothing I can do. There aren't many girls, so I must enjoy them alone." Qin Han sighed pretentiously. "It's not that we're brothers, but that the girls are too charming. I can't share them with you."

"It's just a few girls. I don't care."

Lin Yi pointed his camera at the cabin. "We have some too, and there are quite a few of them."

"F*ck, why are you all wearing swimsuits? Where are you guys?"

Lin Yi held his phone and scanned the area.

"Old Gao and I had nothing to do, so we called some girls over to have a swimsuit party at sea. Moreover, these girls are all nurses in the hospital. We even brought their uniforms."

"F*ck, you two b*stards, why didn't you call me to your swimsuit party!"

"It takes one to know one. It's not that we're brothers, it's just that the girls are too charming."

With that, Lin Yi hung up. Gao Zongyuan smiled and said,

"Brother Lin, this feeling of running away after showing off is really exciting."

“That’s what I was going for.”

“Brother Lin, there seems to be diving equipment on the ship. Do you want to go down and swim around?” Gao Zongyuan winked and said, “This is the best opportunity for us to help develop feelings with the girls.”

“It doesn’t matter if it develops feelings or not. I just like to dive.”

“In that case, let me dive with you.”

“Get lost.”

Looking around, Lin Yi saw Li Chuhan standing by the fence.

The sea breeze ruffled her soft long hair. She looked at the surging seawater with a smile on her lips. No one knew what she was thinking.

“Director Li? Do you want to go down and have fun?”

“Go down and have fun?”

“There are diving equipment on board.”

“But I can only swim, not dive.”

“It’s okay. I’ll take you.”

“I don’t think that’s a good idea. It’s tiring for you to bring someone along. I’ll just look at the seawater here.”

“Sister-in-law, we’re all on the same side. There’s nothing to be embarrassed about. I’ve already prepared everything for the two of you. This is the headgear. It’s straightforward and easy to wear. It’s done in a few minutes.”

Lin Yi secretly gave him a thumbs up.

Divine support.

Unable to resist Gao Zongyuan’s enthusiasm, Li Chuhan took the diving equipment from him. When everything was ready, he looked at Lin Yi nervously.

“I really can’t dive.”

“I’ve already said that I’ll take you. What’s there to be afraid of?”

Lin Yi grabbed Li Chuhan’s waist and the two jumped into the water.

Ah!

As soon as he entered the water, Li Chuhan screamed in fear.

At this moment, Lin Yi realized that Li Chuhan seemed a little more feminine.

When she encountered unfamiliar and unknown things, she still knew how to be afraid.

Li Chuhan hugged Lin Yi tightly.

This gave Li Chuhan a sense of security. Gradually, he became bolder and her grip loosened.

The cool seawater flowed across her skin, and colorful fish formed groups, outlining a magical underwater world.

The unknown underwater world was strange and novel to Li Chuhan. After adapting to the new environment, she began to look around and admire the unique beauty.

Holding Lin Yi with one hand, Li Chuhan pointed at the coral below curiously.

Her intentions were obvious. She wanted Lin Yi to bring her to take a look.

Lin Yi didn't hesitate and continued diving with Li Chuhan. He was going to take her to see the different forms of coral.

During this process, Lin Yi did not see the usual coldness in Li Chuhan's eyes. Instead, it was replaced by a little girl's joy and excitement.

Lin Yi realized that Li Chuhan wasn't born with this personality.

Rather, a door in her heart had been tightly shut and never opened.

Half an hour later, the diving equipment gave a notification that the oxygen could last for another ten minutes, reminding the two of them that it was time to return.

Originally, Lin Yi wanted to spend a few more minutes with Li Chuhan they were not diving very deep. He would be able to swim up in a minute.

However, Li Chuhan refused. After all, they were underwater, so it was better to be cautious.

However, when Lin Yi brought Li Chuhan up, he suddenly felt his arm tighten. He realized that Li Chuhan was looking at him nervously, as if she had encountered something terrifying.

Lin Yi asked with his eyes, and Li Chuhan nervously pointed at her swimsuit.

Lin Yi realized that Li Chuhan's swimsuit strap had popped open!

Chapter 460: Strange Knowledge Increased Again

Lin Yi remembered now.

In the afternoon, when they were buying swimsuits, Li Chuhan didn't overthink the decision. He just picked a basic one that used straps and left.

The two of them had been underwater for a long time. It was very likely that the seawater had undone her swimsuit strap.

Li Chuhan's expression became more and more nervous. She used her hands to hold onto her bikini. During this process, she could not avoid being flustered.

Fortunately, her swimming trunks were not washed away by the water. Otherwise, she would really be exposed.

Lin Yi signaled for Li Chuhan to calm down, then slowly dove down alone. He wrapped an arm around her butt and started tying her swimsuit.

Li Chuhan was so nervous that she was trembling. It was fine if he hugged her waist, but this position caused her brain to shut down. Her face was as red as fire.

Soon, Lin Yi redid her swimsuit, and Li Chuhan's nervous mood returned to normal.

About five minutes later, they returned to the surface.

"Brother Lin, there are still a few sets of equipment on the ship. Do you want to continue?" Standing on the deck, Gao Zongyuan said with a smile.

"No, no need," Li Chuhan said in a barely audible voice that only Lin Yi could hear.

"I'm not continuing anymore. Let's go up and rest for a while."

When the two of them boarded the boat, Li Chuhan felt a lingering fear when she thought of what had just happened. Her face also turned red.

This was the first time she had such intimate contact with a person of the opposite sex.

As an unmarried person, she had never thought that such a thing would happen.

"Director Li, why is your face red?" Qiao Xin asked as she ate her potato chips.

"It was her first time diving. She was a little nervous, so her face turned a little red," Lin Yi explained.

"So that's how it is." Qiao Xin didn't think too much about it. Then, she pulled Li Chuhan into the cabin to play the party game, Werewolf, with the others.

It was soon almost eight in the evening, and the sky was completely dark.

"Some of them are still on duty tonight. Let's go back now," Lin Yi said to Gao Zongyuan.

"I think it's about time. Let's call it a day. We'll meet again when we have time."

"Okay."

Although they still had to be on duty at night, the young nurses were very satisfied with this trip. It was not a wasted day.

When the yacht returned to the shore, the two groups separated.

"What plans do you have for tonight?" Lin Yi asked casually.

Gao Zongyuan took out his phone. "Haha, Brother Qin is already calling me. He wanted me to look for him after we were done. When we meet, I think he'll kill me."

"Go, go. I'll burn incense for you during Qingming, haha..."

The two of them teased each other for a while before parting ways.

Then, Lin Yi brought Li Chuhan and the others back to the gathering point.

Because he needed to watch the stuff, Wang Zeyi stayed here and didn't leave by himself.

"Director Li, you're back."

Seeing Li Chuhan and the others return, Wang Zeyi greeted them.

"Director Wang, you don't know this, but Brother Lin's boat was so luxurious. We experienced the life of a supporting actress in an idol drama," Yuan Siqi said.

Wang Zeyi's face darkened. 'I don't want to hear this at all!'

"Also, Brother Lin and Director Li went diving. The two of them went down with their arms around each other's waists. I'm so envious. I really wanted Brother Lin to hug me like this," Qiao Xin said.

Lin Yi couldn't help but laugh. Are you trying to anger Wang Zeyi to death?

"Well, diving is indeed quite fun, and I'm quite good at it. If Director Li likes it, I'll bring you to do it next time," Wang Zeyi said awkwardly.

"I appreciate Director Wang's kindness. However, the next time I want to do it, I'll look for Director Lin."

"Huh?"

Lin Yi was stunned. He didn't expect Li Chuhan to say something like that.

Did this mean something?

"Um..."

The atmosphere was a little cold, and Wang Zeyi didn't know what to say.

"Eh? What's going on?" Qiao Xin asked in surprise.

"What's wrong? Why are you so shocked?" Lin Yi asked.

"Brother Lin, I wanted to ask you what's wrong."

"I'm fine. Isn't everything normal?"

"You indeed appear normal, but Director Li does not."

"Me?" Li Chuhan was surprised.

"How am I not normal?"

"Director Li, I was the one who tied your swimsuit strap for you. I remember that at that time, I tied it for you in the shape of a bow, but now, one side is a bow, and the other side is tied into a dead knot. What's going on? Could it be that it was untied halfway?"

"Are you serious?"

The young nurses were in an uproar. They went to look at Li Chuhan and realized that it was really as Qiao Xin had said.

On one side was an exquisite bow, and on the other side was a dead knot that had been tied carelessly. With Director Li's personality, she shouldn't have tied the swimsuit strap like this.

"That's not right. I remember that before Director Li and Brother Lin dived, there were bows on both sides. After the two of them came out, you played Werewolf Kill with us in the cabin and didn't touch your swimsuit strap at all. What's going on?"

Qiao Xin crossed her arms in front of her chest with one hand and stroked her chin with the other.

"The swimsuit strap strangely changed shape. Did Director Li untie it herself, or was it someone else?"

"During this period of time, what exactly happened? All the clues were scattered, and only a few innocent-looking beauties were there to see this happen, but in reality..."

Thack!

Lin Yi flicked Qiao Xin's forehead.

"You need to stop making assumptions."

"Brother Lin, be gentler. It hurts."

"I know what happened." Yuan Siqi said.

"Director Lin and Director Li must have untied their swimsuit straps when they were diving."

"This position is really exciting!" Qiao Xin said.

"In the department, Director Lin and Director Li are skilled. I didn't expect them to be equally skilled in such matters as well. They are so experienced. I've really gained a lot of knowledge this time."

"Yes, yes. We have unknowingly become wiser in matters relating to the strange."

"Alright, stop talking nonsense. It's not what you think," Li Chuhan explained.

"Because we were underwater, we did not have enough oxygen, so I tied it up haphazardly. If any of you spout nonsense again, I'll mark your attendance as D this month."

"Okay, okay, okay. Let's not talk about it anymore."

Qiao Xin and the young nurses stopped talking and revealed expressions that indicated that knew everything.

"Alright, drive home if you don't have a shift at night. If you have a night shift, take my car back to the hospital."

"That's right, that's right. Today is my and Director Li's night shift. Everyone can take our car back," Wang Ze said without giving up.

"Director Wang, you've been here all afternoon. You must be tired. Go back and rest. I'll have Lin Yi cover the night shift for you," Li Chuhan said.
