

## Radom Noew 61

### Chapter 061

"F\*ck, we're all on the same side. Stop bragging, okay?" Qin Han said.

"Let me tell you, the people I found are all as good-looking as celebrities. You can't find such good resources even if you tried."

"Forget it. No matter how good-looking they are, they're still internet celebrities. They can't compare to the people around me."

"Don't just say that, just send me a photo if you can."

"Just you wait."

Lin Yi hung up the phone and turned to Ji Qingyan, who was in the fitting room.

"President Ji, do you have a selfie picture?"

"Selfie?"

"Yes, send me the selfie you're most satisfied with."

Ji Qingyan paused as she changed her clothes.

Why did Lin Yi want her picture?

He wasn't going to make it his wallpaper, was he?

"Wait a moment, I'll look for it for you."

Ji Qingyan picked up her phone and sent Lin Yi a picture she was satisfied with.

"Can you see the picture?"

It was a selfie under the Sun.

However, her smile was even brighter than the sun.

"It's too good."

Lin Yi then sent the picture to Qin Han.

"F\*ck, f\*ck, f\*ck! You're cheating, you found the picture online, right?" Qin Han replied.

"I've been in and out of nightclubs for so many years. How can your little prank fool me?"

"You can choose not to believe it if you want."

"If that isn't a photo that was posted online, I will f\*cking live stream myself eating shit while standing on my head."

At this moment, Ji Qingyan walked out of the fitting room and asked curiously,

"Why do you want my selfie?"

Ji Qingyan's heart was filled with a trace of anticipation.

If he really used her photo as his wallpaper, it would be so embarrassing.

"Someone invited me out to play and said that he found a lot of A-list celebrities. I'm going to use your photo to take down those evil perverted people."

"O-oh."

Although she was not using her photo as a screensaver, Ji Qingyan was still very happy inside.

At the very least, it was an affirmation of her good looks.

"What did they say?"

"That guy said that I'm using online pictures to fool people and that if it's true, he'll livestream himself eating sh\*t upside down."

Ji Qingyan felt a chill run down her spine. Boys like that were too funny.

"Then what should we do? Should I send you another one?"

"No." Lin Yi said, "Come over here, let's take a selfie together and make him eat his sh\*t upside down."

"Do I need to touch up my makeup? Do you think this dress will work?"

"What's wrong with it? With your looks and figure, it's more than enough to kill those female internet celebrities." Lin Yi waved his hand. "Come here quickly."

"O-okay."

Ji Qingyan went to Lin Yi's side, a little nervous.

"Are you made of cement? Act natural." Lin Yi said. "Besides, don't be so far away from me. Don't worry, I won't faint. It's okay to come closer."

"What are you talking about?" Ji Qingyan rolled her eyes at Lin Yi.

"The main thing is that I've never taken a selfie with a man before. I don't know what pose to use."

"You just need to be closer to me."

Ji Qingyan obediently leaned against Lin Yi's side. She felt that her action was not too bad.

It looked quite intimate too. She would be able to believe it if she was the other party.

The photo was taken, but Ji Qingyan noticed that Lin Yi didn't make another move.

"Gangster, what are you looking at?"

Ji Qingyan rolled her eyes at Lin Yi and changed her position. She did not stick too close to him anymore.

"You only know how to talk nonsense. There's no door to your mouth." Ji Qingyan pinched Lin Yi.

The two of them got into position and took a photo together.

“Not bad, not bad.” Lin Yi said with satisfaction. “In terms of temperament, you are unrivalled. Those so-called female internet celebrities probably can’t even hold a candle to you.”

Ji Qingyan’s face was a little red. She pretended to be nonchalant and said, “Tsk, you guys are just vain. What’s there to compare?”

“A man lives on his face, but a tree lives on its skin.”

Lin Yi then sent the photo of the two of them to Qin Han.

“F\*ck, it’s real!”

“Of course, we have different tastes. If the people you find don’t reach this level, don’t call me.” Lin Yi said.

“Oh right, don’t forget to tell me when you eat sh\*t on your head. I’ll give you a rocket to support you.”

“Are you trying to trick me?”

Lin Yi didn’t reply when he saw that Ji Qingyan was ready.

The two went downstairs together. It was getting late, so they had to send her back.

Ji Qingyan fiddled with her phone when they reached the garage, preparing to place the order.

“There’s no need to place the order. It’s just a ride.” Lin Yi said.

The mission progress was now at 17/20. If nothing unexpected happened, he would be able to complete the mission by tomorrow.

There was no need to shear Ji Qingyan’s wool anymore.

It was as if he could not afford to feed himself anymore.

“You said it was a life experience, so of course I have to pay for it,” Ji Qingyan teased.

“What if one day, you can’t afford a house and blame me for not paying for the car?”

“You are a big fat sheep who even took the initiative to come to my house. I have to shear off this wool even if I don’t want to.”

He’d be one step closer to completing his mission once he accepted Ji Qingyan’s order.

He would be able to return to Yang City after that.

“What kind of adjective is that? You’re the big fat sheep.”

Lin Yi laughed as he brought Ji Qingyan back to the villa.

2

“Let’s go in and have a drink of water,” Ji Qingyan said.

“There’s no problem going in, but your parents won’t suddenly appear again, right?” Lin Yi asked.

“I’ve already given them psychological trauma.”

“Don’t worry, I checked with them before I came back. They’re practicing their calligraphy at home, so they won’t come over,” Ji Qingyan said.

“So you came prepared. You want me to go in too, right?”

“What are you talking about?” Ji Qingyan looked shy. “You just happened to be around. I didn’t ask on purpose.”

“Okay, okay, okay.” Lin Yi unbuckled his seatbelt. “Let’s go. I want to ask you some questions.”

“What questions?” Qingyan asked curiously.

“Let’s talk inside.”

“Okay.”

Lin Yi sat down comfortably on the sofa after entering the house.

“You must be tired after driving all day.”

“A little,” Lin Yi said. “I’m also a Buddhist driver. If I were a full-time driver, I’d be even more tired.”

1

“That’s for sure. It’s not easy to live like this.”

Ji Qingyan walked to the fridge. “What do you want to drink, coffee or alcohol?”

“Uh...”

Lin Yi hesitated for a second. “Water’s fine.”

“I’ve already taken out my stockings.” Ji Qingyan said. “You’re such a bad person. They’re all new stockings. What’s there to be afraid of in the fridge? Your suggestiveness is too strong.”

“I didn’t mean that. I just wanted to drink water.”

“Tsk, I think I know what you’re thinking” Ji Qingyan said.

“Men like to touch the stockings on women’s legs, but they don’t like new stockings in the fridge. It’s weird.”

“If you wear them on your legs, I won’t be touching stockings, I’ll be touching your legs.”

Ji Qingyan brought a glass of water to Lin Yi.

“That’s a load of nonsense. I just can’t beat you. Tell me, what did you want to ask me?”

“It’s not a big deal.” Lin Yi said.

“I want to set up a charity foundation for orphans, left-behind children, poor students, and other marginalized groups. Do you have anyone who knows about this? Are there any special requirements in terms of policies and procedures?”

## Chapter 062: The Beauty in the Shari

Ji Qingyan wasn't surprised by Lin Yi's words at all.

He was an orphan, and now that he had money, it made sense for him to want to give back to society.

This was the rarest thing about Lin Yi, and it was also the thing which Ji Qingyan found most special about him.

"The relevant departments are still very supportive of a public welfare organization like this, and they will extend a certain amount of support in terms of policies," Ji Qingyan said.

"Even so, the relevant departments will have a set of very strict procedures during the later stages of operation when it comes to this sort of organization. If there isn't a good CFO and COO running it, problems will no doubt arise."

"What problems?"

"For a public welfare organization, most of the money comes from public welfare donations. In order to prevent the founders from pocketing the money, there must be very detailed announcements of the income and support. Even if you buy a packet of instant noodles for the children in the mountainous areas, you must clearly write it out. This is relatively difficult."

Ji Qingyan lowered her head. "People aren't machines. There will always be things that we can't take care of. If there's a mistake, we'll be blamed by society."

"If I don't accept donations from society and use my own money, would there be such a problem?"

"No, there won't be, because these are your personal actions. It has nothing to do with anyone else. No one will have the right to blame you."

"But you have to think carefully. This is a huge project, and even the government can't handle it properly. It'll be impossible for you to solve these problems by yourself."

Ji Qingyan paused before continuing,

"Even if you are rich and can throw out a few hundred million, this amount of money is nothing to charity. It might not be effective at all. I'm not against you doing charity. On the contrary, I'm very supportive of it, but you have to think it through."

"I understand what you're thinking," Lin Yi said. "Then do what you can and just try your best."

"You're amazing. I'm not as good as you," Ji Qingyan said sincerely.

"You're being too modest."

"I'm not being modest. I don't have such high awareness."

"Don't forget, I used to be in the sales department." Lin Yi said with a smile.

"I remember when I first came to the company three months ago, Yu Lili told me in a meeting that you weren't allowed to sell out the two buildings in Star City Homestead AB. In the end, I found out that you

used these two buildings as low-rent apartments and rented them out to the migrant workers in Zhong Hai. It cost more than 200 dollars a month, which was almost like giving them away for free.”

“You people are too gossipy.”

Lin Yi smiled. “I don’t know much about this. You should help me find out more.”

“Alright then. If you really want to do it, I’ll give you 10 million. After that, we’ll work together.”

“Alright!”

After finishing his business, Lin Yi got up from the sofa.

“I’m leaving first. You should rest early too.”

“You’re already so rich, running Didi is just for entertainment. There’s no need to make yourself so tired. Why not go out for a walk when you have nothing to do?”

“Don’t worry, I’ve already made up my mind. I’ll work another day tomorrow and leave the day after tomorrow.”

“Leave the day after tomorrow? Will you be leaving Zhonghai in the future?” Ji Qingyan asked nervously.

“I’m going back to Yangcheng to take a look around. The last time I went back was half a year ago. I already miss them .”

Ji Qingyan rolled her eyes. “I don’t think I have anything to do the day after tomorrow.”

“Your hint is too obvious. You’ve already made yourself clear—Just say it if you want to come along.”

Ji Qingyan was embarrassed. “Who said I want to come along? I finally got some free time to myself, and I still have to go shopping.”

“Suit yourself.” Lin Yi waved his hand and prepared to go home to sleep.

“Hey.”

Ji Qingyan called out to Lin Yi from behind. “Be good and go home later. Don’t just fool around with your friends.”

“I don’t like those used girls. I’d rather take more orders for Didi if I had the time.”

“That’s more like it.” Ji Qingyan opened the door to send Lin Yi off. “Drive carefully on the road.”

“Got it.”

Lin Yi drove back to Jiuzhou Pavilion and took a comfortable bath before returning to his room to sleep.

In the morning, Lin Yi drove to the Peninsula Hotel.

He ordered some sea cucumber, bird’s nest porridge, crab roe buns, and a simple breakfast. Then, he played a few games before going out to play Didi.

Compared to before, Lin Yi’s luck was off the charts. He only took three orders and received two five-star reviews.

[Mission completed. Reward: 200,000 experience points.]

[Job completion: 85%. Reward: 500 million dollars!]

“F\*ck!”

Lin Yi exclaimed when he saw the reward given by the system.

The reward was getting more and more amazing! This was so exciting!

He soon received the reward from the system on his bank card without any delay.

However, what Lin Yi cared about the most was the 85% job completion. Once he received another 5% , he could change jobs ahead of time.

But then again, in just two more days a week would have passed. There wasn't much point in reaching 90% done ahead of time.

However, the most important thing was that he had to gun for the 100% final reward.

Changing jobs wasn't the goal. Completing 100% job completion rate was the most important thing.

At his current rate, as long if he worked another week, it should not be a problem for him to get to 100% job completion rate.

He would just have to take things one step at a time.

It was just like what Ji Qingyan said, they were just experiencing life, so why would they tire themselves out so much?

Ring, Ring, Ring...

Lin Yi's phone rang. It was Zhou Haitao.

“Lin, I've already contacted Pagani's engineer yesterday. He'll be at Zhong Hai today, and he can start the repainting work.”

“Alright then, I'll drive the car to the Peninsula Hotel and leave the keys at the front desk. You can send someone to pick up the car.”

“Alright, Boss Lin.”

After driving the car back to the hotel, Lin Yi had a casual lunch. He left the car behind and took a cab to Chaoyang Group.

The Pagani was sent for repainting, and his poor Shari came in handy again.

The Shari was still in the car park, covered in a thick layer of dust. He had to clean it up later.

Ring, Ring, Ring...

Lin Yi's phone rang. It was Ji Qingyan.

“Where are you?”

"I'm in the company parking lot. What's up?"

"I'm at McKayle. I bought a lot of stuff. Come pick me up."

"Later. The car's dirty, so I'll go clean it up first."

"Come pick me up first. You can go wash it later. I have too much stuff right now."

"I don't mind," Lin Yi said. "You're a girl, but if you don't even mind being dirty, then what's there to be afraid of?"

McKayle wasn't too far from Chaoyang Group, and it was only a ten-minute drive away.

Ji Qingyan stood by the side of the road, wearing black wide-legged pants and high-heels. Her black hair was tied behind her head, and she looked like a model.

"Get in the car." Lin Yi said

"Huh? You drove Shari here?" Lin Yi asked

"What's wrong? You don't want to ride in a car made in China?" Lin Yi asked

"Stop talking nonsense."

Ji Qingyan opened the car door and put the things in the back seat. "Let's go back to the company first."

"Okay, I'll go wash the car first. I'll send you back later." Lin Yi said

"Okay, I'll listen to you."

Lin Yi drove the car and prepped to find a car wash company.

After Pagani fixed the car, Lin Yi sent it to Zhou Haitao, asking him to clean it up before storing it in the garage.

After driving for a few minutes, Lin Yi saw a relatively large car shop and drove over.

At this time, the employees of the car store were all gathered in front of a Silver Aston Martin V8.

"Bro, this car of yours isn't cheap, right?" The fat boss said. "My car wash store can't even pay for such a good car in even a year."

The owner of the car was not old, he was only in his twenties. He wore a short-sleeved shirt and held a cigarette in his hand. Together with the tattoo on his arm, he looked very cool.

"It is indeed not cheap. It cost me more than two million. After that, I spent more than 500,000 on the coating. To tell you the truth, I have spent more than three million on the car in just over a month."

"Awesome bro, you're really willing to spend money." The boss said, "With this car, once you drive it on the road, you'll have a good chance of turning heads."

"Do you even need to say that?" The young car owner said proudly.

"I'm not afraid to tell you that I bought this car for the purpose of hooking up with girls. Every day, when I stop at the entrance of the bar, the girls will pounce on me without even needing me to say anything."

“That good?”

“Of course.” The owner of the car said with a cigarette between his fingers.

“Women nowadays, especially pretty ones, are all snobbish. You drive a supercar, and they tell you it’s hot as soon as they get in, but if you drive a lousy Shari, they won’t even look at you. That’s reality.”

Just then, Lin Yi drove the car to the entrance of the car wash.

“Boss, please wash the car.”

What a coincidence. He was just saying that a little Shari wouldn’t be able to get a woman, and now here she was.

After greeting her, Lin Yi and Ji Qingyan unbuckled their seatbelts and got out of the car.

The moment they saw Ji Qingyan...

The world went silent.

Why would such a woman get out of a Shari Car?

Moreover, it was such a shabby Shari?

### **Chapter 063: It Was a Little Much**

After getting out of the car, the two stood to one side, waiting for the boss to wash the car.

“Bro, is this Shari yours?”

Lin Yi paused for a moment when he heard the V8 owner’s question. What kind of question was that?

“I couldn’t drive it if it’s not mine.”

“I’ve driven a Shari before, why couldn’t I meet such a beauty?”

“Uh...” Lin Yi thought about it. “Your question is a little out of expectation.”

“Bro, you’re attractive beauties with a Shari, so your operation must be a little out of expectation too, right?”

Ji Qingyan smiled but didn’t say anything. Women had to give men enough face outside.

“This question is indeed a little vague, but in summary, it can be summed up in one point,” Lin Yi said seriously.

“What point?”

“It depends on your face.”

The V8 owner was speechless.

F\*ck, do you have to be so honest?!

Can’t you be a little more whimsical? You can even lie to me!

After washing the car, Lin Yi got into it. Meanwhile, Ji Qingyan sat elegantly in the passenger seat before they left together.

“F\*ck!”

The V 8 owner kicked the tyre of his car. “What the f\*ck do I need you for?!”

The owner of the car wash took out a cigarette silently. “Xiao Liu, go to the garage and take out my used Shari to be repainted.”

“Brother, you’re not good-looking enough. It’s useless to repaint it.”

“You don’t want to work anymore, do you?”

...

“By the way, did you say that you’re going back to Yangcheng tomorrow?” Ji Qingyan said when they reached the group parking lot.

“What’s wrong?”

“I booked your flight for you. It’s at 10:12 am, is that okay?”

“Thank you, President Ji.”

“Don’t mention it. Didn’t you help me before? Let’s just call it even.” Ji Qingyan combed her hair as she spoke. “I’ll go up first. Bye bye.”

After sending Ji Qingyan back, Lin Yi returned home.

Even though his job completion rate had reached 85%, he still had to drive for Didi.

However, he had to wait until after he came back from Yangcheng. The Shari was indeed a little broken, and it wasn’t suitable for him to run Didi with it.

Otherwise, if he received a bunch of bad reviews, he might as well not run at all.

Lying by the pool, Lin Yi picked up his phone and turned on the game, Pesticide, ready to kill some time.

If Ji Qingyan was here, he’d probably be able to swim a few laps, and the scene would probably be even more beautiful.

He picked a character to enter the game, and Lin Yi picked a Ju Youjing, ready to play solo.

He looked at his teammates’ lineup and found that it wasn’t too bad. As long as they weren’t too unskilled, they had a good chance of winning.

(Ten minutes later...)

Seeing his own tower being pushed, Lin Yi had the urge to curse.

Ju Youjing, “Luban, you should head home and go to bed. Don’t play this game anymore.”

Luban No.7, “What’s wrong with me? I’ll be able to buy equipment after killing a few more units.”

Juju Youjing, "It's only been ten minutes and you've been killed nine times. You still have the nerve to say that? Have zombies eaten your brain? Stop fighting and quickly hang up."

The Descendant, "Let's not talk about the game. Let's be civilized."

Xiang Yu, "Don't get too excited, God. Look at her name. It's very likely that she's a girl."

Ju Youjing: "What girl? She's probably a guy who picks at his own feet."

No. 7 Luban said, "You're the one who picks at your feet. I haven't played in some time. My skills are normally much better than this."

Ju you jing said, "Stop bragging and go to the fountain before logging out. Otherwise, you won't even have a chance at redeeming yourself."

No. 7 Luban said, "I'm not bragging. I'm diamond in Ionia."

Ju You Jing said, "A diamond in District 1 is nothing. I've been in Zu'an for six years and have two parents, yet I haven't come out to brag yet. Stop wasting time. Hurry up and log out."

Xiang Yu, "Big Brother is awesome. I played a round in Zu'an and lost both my parents."

Hou Yi: "I played three rounds and my ancestral grave was blown up. In the end, I switched to farming. The atmosphere here is still better than there."

Luban seven: "If I log out, you guys will be 4V5 and end up losing!"

Ju Youjing: "If you stay logged in, it will be a 4V6."

No. 7 Luban was speechless.

No. 7 Luban, "Without me, I don't believe you guys can win!"

"Enemy Sun Ce has been killed!"

"Enemy Nuwa has been killed!"

Juyoujing, Double Kill!

"Enemy Sun Wukong has been killed!"

Juyoujing, Triple Victory!

"Enemy Big Qiao has been killed!"

Juyoujing, Four Transcendents in a row!

"Enemy Lanling King has been killed!"

Juyoujing, Five-time Extraordinaire!

The cheers from his teammates flooded the screen when they saw Lin Yi's pentakill.

Xiangyu: "F\*ck, God is awesome!"

Hou Yi, "God, Please add me as a friend."

Liu Chan, "Let's continue."

In a high-end residential area in Zhonghai, a woman in a white shirt was staring at her phone in a hundred-square-meter house.

The woman had a plump figure and long legs. Her messy long hair covered most of her face, making her look charming.

The woman's name was Suger. She was the director of the Youth League Committee of Zhonghai Normal University. Besides school affairs, her favorite hobby was playing video games.

However, few people knew about Suger's hobby.

"He turned the tables on them?"

Although it wasn't a high-ranking game, he was still able to turn the tables with five kills even though he was so far behind in terms of in-game money. This was already very impressive.

Ju Youjing, "Let's add each other as friends. Let's play together."

Other than No. 7 Luban from before, everyone else's skills were pretty good. If they worked to score points, they probably would not be a burden to the team.

Invincibility was always so lonely. In a few days, the third king would appear.

No. 7 Luban, "I added you as a friend. Let's do it together."

Ju Youjing, "What's there to do together? I'm not bringing you along."

He left the last sentence on the public screen and exited the game.

After exiting, he received a few friend requests and a private message.

Pleated skirt, "If you carry me in Pesticide, I'll carry you in LoL. Let's do a trade."

Looking at this private message, Lin Yi guessed that it was the Luban No. 7 from before.

Invisible chicken wings, "You're too heavy, I can't carry you."

Pleated skirt, "I'm only 99 pounds!"

Invisible chicken wings: "If you don't weigh more than 100 pounds, you're either flat-chested or short, you don't need an ugly girl."

Lin Yi ignored Suger and started the next queue along with the other three.

On the sofa, Suger threw her phone to the side angrily.

"What are you so cocky for? I don't even want to play with you, I can play in solo queue by myself."

Half an hour later...

She saw three consecutive defeats.

Suger held her phone and muttered to herself, "Should I go ask him again?"

Quietly, Sugar went to another app and checked Lin Yi's record.

He found out that not only had Lin Yi won three matches in a row, he was also the MVP in every match.

She was instantly in a bad mood.

Pleated skirt, "God, please take me."

Invisible chicken wings, "I already told you, I can't bring you along."

Pleated skirt, "Will you bring me along or not?"

Suger threw out her trump card and begged.

Invisible chicken wings: "Don't brag."

Pleated skirt, "..."

#### **Chapter 064: the wind-chasing youth who liked to act cool**

Inside Villa Number One of Jiuzhou Pavilion.

Lin Yi logged out of the game and muttered to himself,

"These schemeful men are really unscrupulous in trying to get a high score!"

The next morning, Lin Yi got up and packed up before driving to the airport.

According to the plan, the plane would fly in the afternoon, and he should be able to make it to the orphanage before 1:00.

Lin Yi took a look at the ticket and realized that the ticket that Ji Qingyan had booked for him was actually first class.

That was quite a generous offer.

He picked up the ticket, queued up, and boarded the plane.

When Lin Yi found his seat, he noticed that there was a wi-fi logo next to it, indicating that he didn't have to turn off his phone. He just had to turn on the flight mode.

This way, he could play games while connected to the wi-fi.

.Ring, Ring, Ring..

Just as Lin Yi was about to turn on the flight mode, his phone rang. It was Ji Qingyan.

"Are you on the plane yet?"

“Yeah, I’ve already found my seat,” Lin Yi said. “You’re quite particular. You even bought me a first-class seat.”

“It looks like you’re satisfied with my arrangement.”

“There’s a slight flaw.”

“What flaw?”

“It’s not by the window,” Lin Yi said. “I prefer to sit by the window.”

“The window seat is reserved for the other pretty girls, in case you get bored on the plane.”

“Thank you for your kind words.”

“By the way, I want to ask you something.”

“What is it?”

“What’s the name of the orphanage you were in before?”

“Blue Sky Welfare Institute,” Lin Yi replied casually. “Why are you asking?”

“Nothing, I have a meeting later, so I got to go now.”

Lin Yi was confused by the busy tone on his phone.

What the hell was she doing?

Ji Qingyan hung up the phone, and Lin Yi got ready to play games to kill time.

“Yang Yang, look, the little brother over there is so handsome,” a girl in shorts said.

The girl’s name was Feng Xinying. She was heading to Yangcheng for a vacation with her best friend, Li Yuyang, and her brother, Feng Haoyu.

“Where? Where?” Li Yuyang asked.

“In our row, the one sitting by the side.”

“Oh my god, he looks so good,” Li Yuyang said.

“I’ve been in first class so many times, and all I’ve met are greasy middle-aged men. This is the first time I’ve seen such a handsome little brother.”

“Can the two of you be more normal? The second you see a handsome man, you’re charmed to such an extent. How can you be so useless?” Feng Haoyu said indifferently.

“But he’s really very handsome,” Li Yuyang said.

“Brother, are you jealous? Is that why you said that?” Feng Xinying said, “If that’s true, we can discuss it privately and respect your wishes.”

“What’s there to be jealous about?” Haoyu crossed his legs and said without trying to lower his voice.

“Let’s not even mention our family business, even the company I founded has a valuation of over 100 million. My capital is much stronger than his. Why would I be jealous of him?” Haoyu said.

“And look at him. He’s sitting in first class, yet someone helped him buy the ticket. Other than his looks, how else can he compete with me?”

Lin Yi turned to look at him, but didn’t say anything as he continued fiddling with his phone.

There were plenty of haters like him on the streets, and Lin Yi could not be bothered with them.

“Bro, can you keep your voice down? They’re all looking at you,” Xinying complained.

“That’s how I talk. Besides, I’m telling the truth. Why should I keep my voice down?” Feng Haoyu said nonchalantly.

“Don’t tell me you can’t even tell the truth these days?”

“Brother Yu, I’m not stopping you from telling the truth. It’s just that it’s so impolite,” Li Yuyang said.

“Brother, I think you’re just jealous. Money is earned in the second half of life. The boss of Huawei only started his business when he was in his forties, and now he’s a tycoon. However, Beauty is inborn, and it can’t be changed. So you’re just plain jealous.”

“What do you two girls know?” Feng Haoyu was embarrassed. “Let me tell you, this society is realistic. Being good-looking does have its advantages, but the most important thing is money!”

1

Feng Haoyu rolled up his sleeves and revealed the Rolex watch on his wrist.

“And you girls are just immature. One day, when you grow up, you’ll realize that good-looking skin is all the same, but a rich second generation is one in ten thousand.”

“Hey hey hey bro, if you want to act tough, do it yourself. Don’t drag me into it,” Lin Yi said.

“I’m sorry, my sister and her friends are immature. I was teaching them a lesson, and I accidentally used you as an example. Don’t mind me,” Feng Haoyu said with a smile.

“And I’m not acting tough. I’m just stating facts. Money is indeed more important than looks.”

Lin Yi smiled. These pretentious boys were cute no matter how he looked at them.

“Are you sure?”

“Of course. Don’t you believe me?” Feng Haoyu crossed his legs and replied.

“How about we compete and ask the first-class flight attendant for WeChat at the same time. Let’s see who she’ll choose to give it to.”

Lin Yi shrugged and narrowed his eyes.

“Let’s give it a try then. I don’t care. I’ll just take it as a way to pass the time.”

Seeing the two people in the front row making a bet, the passengers in the first-class cabin all watched with interest.

“That handsome guy is going to get embarrassed today,” a man in his thirties said.

“Why?” His female companion asked.

“The stewardesses in first-class cabins are all people who have seen the world. Their eyes are very sharp. They can tell the status of the passengers at a glance. People like them are very mature. Naturally, they wouldn’t choose any weak-looking guys, so he will definitely lose.”

“That is not absolute, right? There might just be an anomaly.”

The man shook his head. “An anomaly is unlikely. Even if these stewardesses do not mind the poor and love the rich, if a person can’t even afford a first-class ticket, who would choose to suffer alongside him?”

“You are right. After all, his first-class ticket was bought by others.”

The man’s comments were echoed by the others.

In this society, being handsome could not buy you a meal, but money could.

Who would not like a rich second generation?

“Brother, you’re too much of a bully,” Feng Xinying said.

“Really?” Feng Haoyu shrugged and said innocently,

“He was the one who was unconvinced. Can you blame me?”

He turned around and saw a pretty stewardess tidying up her things.

“Stewardess, please come over.”

The stewardess stopped what she was doing and walked over gracefully.

“Hello, Sir. How can I help you?”

Hao Yu moved his wrist and revealed his Rolex watch. He pointed at Lin Yi and said.

“It’s like this. This friend and I want to ask for your wechat, but you can only choose one of us.”

The stewardess’ face was burning. She had just been transferred to the first-class cabin, and she did not expect to be asked out by two high-quality men at the same time.

Is my luck in love improving?”

“Sir, I’m sorry. Our airline has rules. We can’t just add a passenger on WeChat.”

“It’s okay. We took the initiative to ask you for it. You just have to choose one of us,” Feng Haoyu said.

“According to your airline’s rules, passengers’ requests can not be easily rejected, right?”

Seeing the Rolex on Feng Haoyu’s hand, the stewardess felt a little dizzy.

One was rich, and the other was handsome. It was so hard to choose!

However, soon, the stewardess made her decision.

A handsome man could not provide her a meal, and he might even be a scumbag.

If she really wanted to improve her lifestyle, she would have to choose the rich man on the left.

If she was lucky enough to have a spark with him, then she would not have to worry about the rest of her life.

She would not have to work as a stewardess anymore.

Despite this, at this moment, the stewardess unexpectedly spotted a shiny watch in Lin Yi's sleeve!

It looked familiar, as if she had seen it in an advertisement before.

After thinking for a few seconds, the stewardess suddenly remembered.

Was that the Patek Philippe's 175th Anniversary Edition?

It seemed to be selling for 17.5 million!"

#### **Chapter 065: I'd like to call you the strongest when it comes to picking up girls!**

The air stewardess' heart was pounding.

Her instincts told her that Lin Yi was not wearing a fake watch.

She also had a diamond accessory, so she could tell that the diamond on the watch wasn't fake.

Moreover, anyone who could sit up in first class would not have a lowly status, so naturally, they would not wear fake branded items.

If that was the case, then it would be easy to decide.

"Sir, do I really have to choose one?"

Due to the rules, the stewardess asked again.

"Of course."

"Okay." The stewardess quietly took out her phone and prepared to add a friend of WeChat.

At the same time, Feng Haoyu pulled out his QR code and prepared to let the stewardess scan it.

With his identity, he had to let her take the initiative to add him.

"Sir, What's Your Wechat number? I'll add you now," the stewardess said with a smile.

Hmm?

Everyone in the first-class cabin was dumbfounded.

What the hell was going on?!

She did not add a rich kid, but instead added someone who could not even afford a first-class ticket?!

Was she crazy?!

“Okay, hold on.”

Lin Yi took out his phone and asked the stewardess to scan the code before adding each other on WeChat.

Xinying smiled when she saw the stewardess sending a message to Lin Yi.

“Bro, your theory doesn’t seem to be working anymore.”

Feng Haoyu was embarrassed. What the hell was going on?!

“Stewardess, are you sure you want to choose him?”

“Yes, when it comes to love and bread, I will choose the former.”

What the F\*ck!

Feng Haoyu felt like he was going to vomit blood.

“You’re new here, right?”

“Yes, I just transferred to first class today.”

“So that’s what this is about.” Feng Haoyu’s mood was much better. “This is none of your business. You can leave now.”

Newcomers like them had yet to clearly see the cruelty of society.

If it was someone older and more experienced, they would definitely choose him!

After the stewardess left, Lin Yi shook his phone. “Are you going to surrender?”

“Surrender my \*ss!”

Feng Haoyu said, “What does a little girl like her know? We’re going to play two out of three. Let’s find someone more experienced this time.”

“Why humiliate yourself?”

“I’m teaching you a lesson. I’m letting you know that beauty isn’t worth anything in front of money.”

Lin Yi could not help but give this pretentious guy full marks.

“Bro, turn around and look. A pretty lady is coming up,” Feng Xinying said.

Everyone in the first-class cabin turned around and saw a tall woman walking over from behind.

The woman was wearing a 90% length sleeve over a one-shoulder top, and a brown skirt that reached her knees. She had a pair of large sunglasses on her nose, but it was hard to describe her beauty.

Huh?

Lin Yi was stunned when he saw the woman coming up.

Wasn't that Ji Qingyan?

Why was she here?

No wonder she said that the window seat was reserved for a pretty lady.

She was talking about herself!

She was so smug.

"What the hell! What kind of god-like beauty is this?"

Feng Haoyu felt his heart beating like it was spring.

"Bro, we'll get her WeChat today. Do you dare?"

"There's nothing to be afraid of. I'm just scared that you can't afford to lose."

"Haha, if I lose to you again, I'll admit that you're awesome," Feng Haoyu said confidently.

"No problem."

At that moment, Ji Qingyan walked over as well. She saw Lin Yi sitting beside her without any expression on her face, pretending that he did not know her.

"Beauty."

Just as Ji Qingyan was about to sit down, Feng Haoyu said.

"The man beside you and I want to add your WeChat..."

"What WeChat?"

Lin Yi got up and wrapped his arms around her waist, pulling her into his arms.

"You don't stand a chance with a woman like this. Give it up." Lin Yi said.

"What?!" Ji Qingyan was shocked. It was just a trick, so what was the point of all this?

There were so many people here.

"F\*ck, what are you doing? Hugging her without saying anything? Aren't you being too much of a hooligan?!" Feng Haoyu snapped.

"Because I have the ability to make her fall in love with me in just one second."

"Stop bragging and wait for her to call for security."

"Haha..."

The passengers in the first-class cabin burst into laughter.

"This kid is just lusting after women. He can't control himself when he sees such a beauty."

“He’s going to get slapped.”

“He actually did such a thing. He’s too quick and confident. Who does he think he is?”

Feng Xinying and her best friend, Li Yuyang, shook their heads. This was awkward.

Feng Haoyu, on the other hand, was very proud. This kid’s behavior was simply courting death!

“What are you doing? There are so many people here.” Ji Qingyan blushed and said shyly.

“F\*ck!”

Upon hearing Ji Qingyan’s coquettish voice, the passengers in the first-class cabin were dumbfounded.

What kind of scene was this?

She was not angry?

What the hell!

“Nothing, I just wanted to see just how charming I am.”

Lin Yi tightened his grip as he spoke.

There were so many people here, and it was too embarrassing.

“Alright, let go.”

Ji Qingyan whispered. Then, she broke free from Lin Yi’s embrace and sat down beside him.

A strange atmosphere filled the first-class cabin.

What the f\*ck? It only took one second for her to fall for him!

In terms of picking up girls, I’d call you the strongest!

“How about it, are you still going to compete?”

“What the f\*ck is there to compete with? You’re awesome!” Feng Haoyu said.

“As long as you’re convinced.” Lin Yi said with a smile.

“I just think you’re awesome, but I’m not convinced.”

“Why? You can say it if you’re not convinced. I’ll make you completely convinced.”

“I may not be as handsome as you, but I’m richer than you. Why shouldn’t all the pretty girls throw themselves at me?!” Feng Haoyu said.

“Cough cough cough...”

Lin Yi said, “You said you weren’t as handsome as me, and I think you’re right. You know your own position very well. But you said you’re richer than me, so I’ll have to talk to you about that.”

“What? You still want to compete with me when it comes to money?” Feng Haoyu was a little disdainful. This was his strong point. How could he let Lin Yi challenge him on this?

“I can compete with you. Besides, I have nothing better to do.”

Ji Qingyan was speechless. What was wrong with these people now?

Did they think that they could do whatever they wanted just because they were rich?

Feng Haoyu waved his Rolex and said arrogantly,

“See, this is a Rolex. I spent more than a million dollars to buy it. Every time I travel, I travel in first class. I bought all of it myself. And you, you travel in first class, yet you still need others to buy tickets. How can you compete with me?”

Everyone else in the first-class cabin was laughing as well.

Feng Haoyu was telling the truth. It’s not like he meant to belittle him.

A person who needed someone else to buy a ticket to fly first class actually wanted to compete with a rich second-generation?

Was he not putting himself in the line of fire.

“First of all, I can afford a first-class ticket myself. Even if I buy it myself, it’s not a problem,” Lin Yi said with a smile:

“But with your looks, I don’t think you’ve ever experienced the treatment of someone taking the initiative to buy you a first-class ticket, right? Sigh, I can’t even stop them.”

Ji Qingyan pinched Lin Yi quietly.

It was just a plane ticket, how did it turn into something so negative?

Feng Haoyu had a weird look on his face. What the f\*ck do you mean you cannot even stop them?

Do you think you’re a fucking saint?!

“I know, I can’t convince you with words alone, so I have to show you something else.”

Lin Yi slowly pulled up his sleeves as he spoke.

The Patek Philippe 175th Anniversary Edition wristwatch was thus revealed.

### **Chapter 066: It’s Really Soft, I Couldn’t Feel Any Lumps**

Everyone in the cabin widened their eyes when they saw Lin Yi’s watch.

“This watch looks a little familiar!”

“I remember clearly, that is the Patek Philippe’s 175th-anniversary model. It’s said that there’s only one in the entire Asia-Pacific region, and the price is as high as 17.5 million!”

“My God, it’s so expensive!”

After learning the price of the watch, everyone was stunned.

It cost 17.5 million, why are you still flying First Class?

Should you not be sitting in a private jet?

Even if it's to experience the hardships of the common people, there was no need to go this far!

"Your... your watch, it's so expensive..."

Feng Haoyu was so scared that he could not speak.

The price of the watch had already exceeded his understanding.

"It's only 10 million dollars, it's not that expensive. Don't make a fuss."

"F\*ck, 10 million dollars isn't that expensive? Are you kidding me?"

"Looks like you're convinced." Lin Yi smiled. "Then I won't talk about anything else."

"Don't worry, I'm convinced."

Feng Haoyu wanted to die. Not only was he crushed in terms of looks, but he was also no match for Lin Yi in terms of wealth.

He was not giving him a chance at all!

Soon, the plane took off, and everyone's attention returned to their own matters.

"What are you going to Yangcheng for? Don't tell me you really want to go with me."

Ji Qingyan's time was precious. Lin Yi did not think that she was in the mood to play.

"No, I'm not. I'm going to the branch office there. I just happened to catch you going back to Yangcheng at the same time. It's that simple."

"I see."

Ji Qingyan then added arrogantly, "But I don't have anything to do today. I can accompany you to the orphanage for a walk."

"No problem."

Feng Haoyu felt an itch in his heart when he saw the two of them whispering to each other.

If he had not met Lin Yi, there might have been a story between him and this exquisite woman.

Damn it, he did not check his horoscope before he left today. Why did he choose to go to Yangcheng at this time?

The two walked out of the airport together after getting off the plane, ready to take a taxi to the orphanage.

"Bro, I want to ask him for his WeChat," Feng Xinying said. "If I don't get it now, I probably won't be able to meet him again."

"What's the point of asking for his WeChat? Not only is he handsome, he's also rich. He's obviously a scumbag," Feng Haoyu said.

“If you dare ask him for his WeChat, I’ll teach you a lesson.”

“Oh... oh.”

Lin Yi turned back and looked at Feng Haoyu. “Is it my fault that I’m rich and handsome? What right do you have to call me a scumbag?”

“You guys don’t even know each other, yet you just went up to her and hugged her waist. After that, you claim you’re not a scumbag? What kind of man would do that?”

Ji Qingyan could not help but laugh. They had been on the road for so long, and he still did not understand the relationship between the two.

This rich kid was so dumb that he was a little cute.

Lin Yi hugged Ji Qingyan’s waist again. “We fell in love at first sight. We are going to get married, so you might have misunderstood.”

“F\*ck, do you think I’m stupid?” Feng Haoyu said. “Let’s go.”

The thought of Ji Qingyan being taken away by Lin Yi made Feng Haoyu feel like he had lost half of the meaning of his life.

It hurt his self-esteem too much.

“He’s already gone, so you should loosen your grip. You took advantage of me on the way here.”

“I needed to do it for the script.” Lin Yi said with a smile. “But then again, it’s really soft. I couldn’t feel any lumps.”

“What are you talking about?” Ji Qingyan pinched Lin Yi. “Wait here, I’m going to the bathroom.”

“Huh? Didn’t you go on the plane? Are you crazy?”

“You’re the one who’s crazy.” Ji Qingyan said embarrassedly. “You messed up my underwear, I have to go and fix it.”

“Oh, I see. Go now, I’ll be gentler next time.”

A few minutes later, Qingyan walked out of the airport bathroom and hailed a cab, ready to head towards the orphanage.

Half an hour later, Lin Yi paid for the cab and got out.

There was a three-story building across the road with a white plaque at the entrance.

The words ‘Blue Sky Welfare Institute’ were written on it.

There was also a small playground which was not too big, measuring only slightly larger than a basketball court. This was where the children of the orphanage played.

“Although the housing prices in Yangcheng aren’t as expensive as those in Yanjing and Zhonghai, such a large piece of land must be worth at least tens of millions,” Ji Qingyan said with some emotion.

“Sometimes, I feel that mother Wang is a silly person. If she sold the land, she could live the life of a rich woman, but she just has to stay here and guard it. Her clothes are all from street vendors, and none of them cost more than 100 dollars.”

“Great love is silent. Although I have more money than her, my state of mind is much worse.”

“Alright, let’s not stay here and mope around. Let’s go in first.”

Ji Qingyan looked at her watch. “Let’s wait a little longer.”

“Hmm? Do you have something going on?”

Ji Qingyan nodded and took out her phone.

“Hello, master, when will you arrive?”

“I’m right across from the Blue Sky Welfare Institute. I’m wearing a white 90% sleeve top and a brown dress. You’ll see me when you arrive.”

Ji Qingyan hung up after a few words.

“Are you waiting for someone?”

“Yeah, I’m waiting for someone. They’ll be here soon.”

“Okay.”

She was in a hurry to go in, but since she’d already given the order, she decided to wait a little longer.

Ten minutes later, Lin Yi saw a white van parked in front of him. A dark-skinned middle-aged driver poked his head out.

“Miss, is your name Ji Qingyan?”

“Yes, that’s me,” Ji Qingyan said. “Sir, can you drive the car to the opposite side and park it at the entrance of the welfare institute?”

“Okay.”

The driver started the car, and Lin Yi looked at Ji Qingyan. “You bought something?”

“It was not easy for you to make time to come back. It’s not good to be empty-handed, so I prepared something for you.”

Lin Yi could not help but laugh. No wonder he asked about the situation of the orphanage before boarding the plane. This was the reason.

“Thanks.”

“Why are you talking about this?” Ji Qingyan said. “Let’s go.”

Lin Yi took out a key from his pocket and unlocked the door. He opened the door so that the truck could enter.

At this moment, Ji Qingyan saw that the children of the orphanage were all playing on the playground.

Twenty boys of different ages were chasing a football back and forth.

The rest of the girls played on the other side, their smiles as bright as flowers.

“Yi Bro.”

Lin Yi had just stepped in when he heard the children of the orphanage running toward him like a swarm of bees.

“It’s been more than half a year. How did you get so fat?”

Lin Yi smiled as he hugged the little girl.

“Wang said that I’ll lose weight when I grow up. It doesn’t matter if I’m a little chubby now.”

Ji Qingyan giggled, moved by the little girl’s naivety.

“You only know how to eat every day. You give a lot of excuses,” Lin Yi said as he pinched the little girl’s cheeks.

“Hehe, Brother Yi, who’s this sister? She’s so pretty.”

“Then you can call her pretty sister.”

“Okay.”

“Hey bro, get someone to help. There’s a lot of goods here,” the truck driver said at the entrance.

The van’s door was opened, and the children from the orphanage all ran to the van.

However, they all stopped in front of the van. No one dared to make a move.

“Pretty Sis bought these for you guys. Go help carry the stuff.”

Ji Qingyan’s face was a little red. She did not expect Lin Yi to be so sweet.

“Thank you, Pretty Sis.”

The children of the orphanage then went to help carry the things.

Seeing their smiling faces, Lin Yi was very satisfied.

1

“Yi, why didn’t you tell me you were back? I didn’t even prepare food for you.”

A middle-aged couple ran out of the three-story building.

Cuiping’s figure was fat, and she had short hair. The smile on her face was especially kind.

The man beside her was her husband, Zhao Quanfu, who had been guarding the orphanage.

“I wanted to give you a surprise, so I came back quietly.”

Wang Cuiping and Zhao Quanfu’s eyes fell on Ji Qingyan.

“Your surprise is quite major. I just urged you to find a girlfriend quickly, and you already brought her back for me.”

“No, she took the initiative to follow me...”

“Exactly. We just met not long ago, and he already brought me here while saying that he wanted me to meet you guys.” Ji Qingyan said with a smile.

### **Chapter 067: Children Need Nutrition. They Need to Be Fed**

Lin Yi was stunned.

When did I say I was going to bring you here?

You were the one who asked to come, alright?!

You little brat, how dare you ruin my reputation?

“It’s nice to meet you, it’s nice to meet you.” Cuiping smiled from ear to ear. “We’ll be a family from now on. We’d have to meet each other sooner or later.”

“Yeah, that’s what he said to me.” Qingyan said with a straight face.

Lin Yi, “...”

She was playing me!

“You guys are too much. You should have just come, why did you also buy stuff? It’s too expensive,” Cuiping said gratefully.

“It’s nothing valuable. I didn’t know what the orphanage lacked, so I just bought some stuff.”

Cuiping looked at Ji Qingyan, feeling like she was liking her more and more.

She did not mind Lin Yi’s background, and she was also so caring.

It was rare to find such a good girl.

“Hey, Old Zhao, go get the goods from the car. I’ll bring them in first.”

“Okay, go in. I’ll be up in a while.”

A few minutes later, Lin Yi and Ji Qingyan were brought to the third floor.

However, as soon as they went up, they heard the sound of crying.

“Mom, why is someone crying? Is it a child from the orphanage?” Lin Yi asked.

“I don’t know who it was. After giving birth, the child was left at the entrance of the orphanage. I didn’t even see the person before they ran away. Thus, I had no choice but to bring the baby in.”

“It was abandoned right after it was born?”

“Yeah, it’s probably not even a year old yet.”

Ji Qingyan’s heart was moved when she heard the two of them talking.

She liked children very much and could not accept such things.

When she heard such news, her heart ached.

“Aunt Wang, why don’t we go and take a look? I feel uncomfortable when I hear children crying.”

“Then let’s go and take a look first.” Wang Cuiping said helplessly, “If I cry like this every day. I’m afraid that my throat will be damaged from crying.”

When they walked to the third floor, they found a middle-aged woman who looked a few years younger than Wang Cuiping.

The woman’s name was Liu Juan, and she was a nurse in the orphanage. Although she wasn’t doing it for free, her monthly salary was only 1,000 dollars, which was completely out of proportion to the heavy workload.

2

“Yo, Yi is back.”

Liu Juan, who was originally anxious, beamed when she saw Lin Yi. “You’re really something. You even brought your girlfriend back.”

“I’ve not been busy recently, so I came back to visit.”

“Take care of yourself when you work outside. Don’t tire yourself out.”

“Got it, Auntie Liu.”

“Old Wang, come and help me for a while. I’m exhausted from cradling the baby. I’ve already warmed up the milk several times, but it’s not drinking,” Liu Juan said.

“Okay, I’ll give it a try.”

Cuiping carried the child on the small bed. The baby looked especially pretty, especially her big eyes, which were like the stars in the sky.

“Sure, let me take a look. Maybe I’ll be able to help.”

However, reality was often harsh.

The child was still crying in Cuiping’s hands. It did not seem like it wanted to drink milk at all.

In the end, it made Cuiping’s arms sore, but there was still no effect.

“Auntie Wang, do you want me to give it a try?” Ji Qingyan asked tentatively.

“No way, can you do such a thing?” Lin Yi asked doubtfully.

“Haven’t you ever seen a pig run before?” Ji Qingyan said. “I’ve seen other people take care of the child before, so it’s a good opportunity for Auntie Wang to rest.”

Seeing that Ji Qingyan was willing to help, Cuiping did not treat her as an outsider and handed the child to her.

Surprisingly, when Ji Qingyan held the child in her arms, she miraculously stopped crying!

Even Ji Qingyan had never thought that she would have such great magic powers.

“See? She stopped crying when she is in my arms,” Ji Qingyan said proudly.

“Not crying is not the main point. The main point is to have her drink the milk.”

“The child has already stopped crying. Do you think this is difficult for me?”

Ji Qingyan was full of confidence. Since the child liked her so much, it was naturally not a problem to also feed her the milk.

Taking the bottle from Wang Cuiping’s hand, Ji Qingyan got ready to feed her.

When she brought the bottle to her mouth, the child started crying again, even louder than before.

Seeing that the situation was not right, Ji Qingyan put the bottle aside and prepared to pacify the child first.

Miraculously, when the bottle was taken away, the child stopped crying.

Ji Qingyan was devastated.

“Then let’s hold her for a while. She’ll probably be able to eat when she’s hungry later,” Wang Cuiping said.

Ji Qingyan’s motherly love was overflowing. “Okay, Aunt Wang, you guys go and rest first. I’ll hold her for a while.”

“That’s fine. I’ll go get some water for you guys. You rushed over earlier didn’t even have a sip of water in the between.”

“Thank you, Aunt Wang.”

Wang Cuiping left, leaving Ji Qingyan patting the child in her arms, looking like a mother.

“Grandma, Grandma...”

The child was almost one year old and could already speak simple words.

2

Hearing the child’s words, Ji Qingyan immediately went to get the bottle.

This little girl finally knew how to eat. Otherwise, she would not know what to do.

However, just as Ji Qingyan took the bottle and was about to feed her, she suddenly saw the child in her arms, using her tender little hand to grab her.

“Grandma...”

Ji Qingyan was stunned. She didn't expect the child to want to eat her...

"No, sis doesn't have that..."

Ji Qingyan wanted to stop her, but she was afraid of hurting the child. She was at a loss for what to do.

Lin Yi watched the show calmly. It was quite exciting.

"Turn around, don't look!"

"Alright, I know you're easily embarrassed, so I'll go out first." Lin Yi said. "The child is still young, she needs nutrition. She needs to be fed."

"How... How am I supposed to feed her? I don't even have that!"

"It's okay, I believe in you. I'll definitely do it."

"It has nothing to do with whether you believe it or not."

Ji Qingyan was both embarrassed and anxious. She was a young girl, and it was embarrassing for her to be grabbed by a child that wanted to suckle, not to mention that Lin Yi had seen it!

She did not know where to hide now.

"Aunty Wang, Aunty Liu."

Ji Qingyan was at her wit's end, and she could only call for reinforcements.

The little guy looked harmless, but she was quite strong.

It was so painful.

Hearing Ji Qingyan's cry, Cuiping and Liu Juan walked in.

Seeing Ji Qingyan's clothes all crumpled up, they instantly understood what was going on.

They were all experienced people, so they all guessed what had happened just now.

Ji Qingyan's face turned red, and she wished that she could find a hole to hide in.

This was too embarrassing.

"Alright, you guys go out first. I'll deal with her. You just came back, so don't waste your energy on this matter," Liu Juan said.

The three of them then left helplessly.

When they reached Wang Cuiping's office, they closed the door. The room had a much quieter atmosphere.

"Little Ji, don't take it to heart," Wang Cuiping comforted her.

"You've never been a mother before. There are some things that you don't understand. This is the child's instinct. You are so big that it could not help but grab it."

## Chapter 068: Donate \$100 million

“Uh...”

“Oh, I see...” Qingyan said awkwardly

“Yeah, why else would you say that a mother’s love is great?” Cuiping said with a smile. “Looking at something like this, you can see why children never look for their father.”

“Mom, you’re right,” Lin Yi said.

Qingyan’s face was burning up as if it was on fire.

However, if she was put in the same situation again, she felt it would still be better to go back and hug the child. Comforting the baby was the most important thing.

Ring, Ring, Ring...

Cuiping’s phone rang.

“Come down, Ning Yue is back with her boyfriend,” Quanfu said.

“Really? It’s only been one day. That’s great.”

Cuiping hung up after that.

“Who’s coming again?” Lin Yi asked

“Ning Yue’s back. Let’s go down and take a look.”

“That’s quite a coincidence.”

Lin Yi and Ji Qingyan followed behind.

“Who’s Ning Yue? Is she one of the orphanage’s children?” Ji Qingyan asked.

“Yeah.”

Lin Yi nodded. “Her name is Guo Ningyue. She’s a year younger than me. We both left the orphanage together, but she went to university in Yang City while I went to Zhong Hai.”

“I see.”

Guo Ningyue wasn’t as tall as Ji Qingyan, but she was not short either.

She was wearing a white knee-length dress, black high heels, and her long, wavy hair made her stand out.

The person standing next to her made Lin Yi frown slightly.

He looked to be in her thirties, had a big belly, and looked like a nouveau richer who was seemingly much older than Guo Ningyue.

“Sister Ningyue, what delicious food did you bring for us?” The children of the orphanage said.

“They’re all in the car. Come and move them.”

Guo Ningyue waved her hand and called the children around her.

“Slow down, all of you. This is a BMW 7 series. It costs more than a million dollars. Don’t touch it. If it gets dirty, I’ll have to clean the car,” the man next to Guo Ningyue shouted.

Ning Yue pushed the man beside her, complaining, “They’re all kids, what’s the point of saying all that?”

The man said with a fake smile, “It’s my fault, it’s my fault.”

When the kids took all the toys out of the car, Ning Yue walked over while holding the man’s arm.

“Bro, you’re back too.”

Seeing Lin Yi, Ning Yue’s smile became bright. She let go of the man’s hand, lifted the hem of her dress, and ran toward Lin Yi.

“I’m not busy at the moment, so I came back to visit.”

Ning Yue’s gaze fell on Ji Qingyan as she asked with a smile,

“Brother, this is sister-in-law, right? Can you introduce her to me?”

“Ji Qingyan.”

Ji Qingyan reached out her hand and said in a dignified manner, “Hello, Lin Yi has told me a lot about you. We finally met today.”

Lin Yi glanced at Ji Qingyan.

She really knew how to talk. After saying that, their relationship instantly became closer.

“Hehe, hello, sister-in-law.” Guo Ningyue said, “Sister-in-law, you’re so pretty. You’re really letting my brother off easy.”

“If it wasn’t for his constant pestering, I wouldn’t have agreed to him.”

Lin Yi, “...”

Playing me again.

“Hello, Miss Ji. I’m Ningyue’s boyfriend, Wang Tao. It’s our first time meeting, but I hope we will meet more often.”

Wang Tao’s eyeballs almost fell out of his sockets as he looked at Ji Qingyan.

If she was 100 points, then Guo Ning Yue would only be 80 points at most!

A top-quality product like this was hard to find both in the heavens and under the earth.

Pa!

Lin Yi slapped Wang Tao’s hand away. “We’re not outsiders. It’s fine if we just shake hands, there’s no need to be so formal.”

Wang Tao's face turned ugly. 'What the f\*ck, you're ruining my opportunity!'

"Hehe, you're right. We're all on the same side. There's no need to be so polite."

Wang Tao hid his emotions well. He had heard Guo Ningyue mention this person before.

He seemed to be a small-time white-collar worker who had relied on his good looks to find such a top-notch girlfriend.

However, if he used all his strength and gave her the temptation of a little money, wouldn't this conquest be easy?

"Mr. Lin, I heard about you from Ning Yue before. You look talented, I wonder where you work?" Wang Tao asked with a smile.

"Didi, what's up?" Lin Yi asked

"Didi?!"

Cui Ping, Guo Ning Yue, and the others were surprised.

Was Lin Yi not working in a real estate company? Why did he go to Didi?

"So, you're a Didi driver, juh?" Wang Tao laughed as he puffed out his stomach. "That must be hard work. You must constantly be tired, and you don't make much money.

"Haha, but we're all the same. I own a steel mill, and I only make a few million a year. It's all hard work." Wang Tao continued.

"What are you talking about?" Ning Yue was a little unhappy.

They weren't blood-related, but they'd been living together since they were kids, and their relationship was better than that of certain blood-related siblings.

It was only natural that she was not happy when Wang Tao said that about Lin Yi.

"Yeah, yeah, yeah. I'll watch my mouth," Wang Tao said with a smile.

"Lin Bro, listen to my advice. Zhong Hai is a place for rich people. People like you who can't make something of yourselves should stop living there. Why don't you come back to Yangcheng and work at my factory? For Ningyue's sake, I'll give you an extra thousand dollars a month, and I'll make sure you live a better life than you did in Zhong Hai."

Lin Yi narrowed his eyes as he smiled at Tao.

Was acting tough good for one's health?

Why did everyone like to act tough?

"You might earn more than me, but we bought a truckload of stuff when we came here. It's worth at least twenty times more than what you brought," Lin Yi said with a smile.

"W-what did you say? A truckload of stuff?" Wang Tao asked.

"It's in the corner. Take a look for yourself." Lin Yi said

Wang Tao's expression changed slightly when he saw the mountain of toys and snacks.

"So, you bought all those things?" He asked.

"That's right." Lin Yi shrugged. "They're not expensive, but they should have cost more than what you bought."

What the f\*ck?

Tao cursed in his heart. He thought that the orphanage bought those things themselves, but it turns out that they were the ones who bought them.

"Brother Lin, why are you doing this?" Wang Tao asked with a smile.

"If you drive for Didi, you won't make much money. It would have cost at least 10,000 dollars to buy so many things. Wouldn't you have to save for a few months to save up that much? Why do you have to pretend to be well off?"

"I did need to save for a period of time, but at least it is better than people who pretend not to be well off."

Wang Tao narrowed his eyes as looked at Ji Qingyan, who was standing beside him, and said,

"Hehe, my car is a BMW 7 series, and there isn't much space in the trunk, so I didn't buy many things. But I came with money, and I'm prepared to take out 100,000 dollars to donate to the orphanage."

"Donate 100,000 yuan!"

Wang Cuiping was shocked. The orphanage had been established for so long, and this was the first time it had received so much in donations.

"100,000 is a bit too much. It won't be easy for you guys either. We're already very grateful toward you guys for buying so many things." Wang Cuiping quickly remarked.

"Aunt Wang, you don't have to be humble for my sake. The steel factory I run has a profit of several million a year, and there's a chance that it'll break through the ten million mark this year. This small amount of money is nothing to me," Wang Tao said.

"Unlike Brother Lin, who doesn't earn much from Didi. You have to save up for a few months just to buy something."

"Mom, they're already donating the money. Just keep it," Lin Yi said with a smile. "No matter how small a mosquito's leg is, it's still meat."

"Lin Bro, it doesn't sound good when you say that. A Mosquito's leg? It's 100,000 dollars. It's not a small amount," Wang Tao said.

"You've been working hard in Zhong Hai for a year, but you probably couldn't even save that much money. Hehe, even if you could, you wouldn't be willing to donate it, right?" Wang Tao said.

"Don't say that. We came here with the intention of donating money."

“I think it’s better to forget it. With the size of the orphanage now, donating a few hundred dollars would be useless. It’s better to keep it for your own use. It’s quite tiring to drive for Didi. Keep the money and buy some nutrition to replenish your body.”

Wang Tao held the cigarette in his mouth and pinched his waist. His eyes kept glancing toward Ji Qingyan.

This guy was really angry. He did not even want to hear a few words from Lin Yi.

You want to compete with me for money? Are you my f\*cking opponent?

I’m definitely going to steal your woman!

“You’re right. There’s no point in donating a few hundred dollars,” Lin Yi said.

“That’s why people have to see reality and recognize their own weight.”

“No, no, no. What I mean is, I won’t donate a few hundred dollars. I’ll just donate a hundred million.”

### **Chapter 069: When Will Your Billion Dollar Donation Arrive?**

Pfft!

Wang Tao nearly vomited blood.

“What did you say? You want to donate 100 million?”

It was not just Wang Tao. Everyone who heard this thought that they had misheard.

If you said it was 1 million, people might still believe you.

However, was 100 million not a bit over the top?

“Yeah, what’s wrong? Is the amount too big to be donated?”

“Haha...”

Wang Tao laughed so hard that he was about to cry.

“Stop teasing me, okay? Do you know how much 100 million is? How dare you talk nonsense? I’ve been running my own business for so many years, and I’ve never saved so much money. How can you have so much money just by driving a car? You must be dreaming.”

“Alright, Yi, it was not easy for you guys to come back. Let’s not talk about this for now. The kitchen’s done with the dishes. Let’s go eat first.”

Cuiping knew that Lin Yi was trying to protect his dignity. He must be angry.

“Aunty Wang, let’s not eat yet. We haven’t finished talking about the donation yet. I want to see how he plans to donate 100 million.”

“From your tone, it sounds like you think I can’t afford that much money.” Lin Yi said with a faint smile.

“Haha, how would I dare to doubt you?” Wang Tao laughed contemptuously, “If you can donate so much, then I’ll donate one billion. I’m a boss, after all. I earn more than you guys, so I have to donate more.”

Wang Tao’s face was neither red nor white.

Even if Lin Yi donated 10,000 dollars, he would believe it.

However, 100 million in cash was like a mountain. How could he have so much money?

He had to be spouting nonsense, trying to act cool in front of Wang Tao and his woman!

Haha, but this time, he had met a realist like himself.

He had to show Lin Yi just how big the world was today!

“Then I’ll thank you on behalf of the orphanage.”

As he spoke, Lin Yi picked up his phone and called the account manager of the construction bank.

“I’ll send you a card number later. Do transfer 100 million in cash to them.”

Lin Yi found a photo of Cuiping’s bank card in the photo album and sent it to the account manager.

All that was left was to wait.

Cuiping and Quanfu were both in disbelief.

Lin Yi never lied. Was he really going to transfer 100 million?

Cuiping’s heart was pounding, and her blood pressure was rising.

Ding!

Cuiping’s phone rang. She picked it up and saw that it was a text from the bank.

She could not even stand properly when she saw the string of zeros on it.

“Yi, you really transferred 100 million?” Wang Cuiping asked.

“Yeah, I’ve been running around trying to get you guys some money.”

“Impossible!

“How could he have so much money?!” Tao exclaimed

Lin Yi took Cuiping’s phone and said, “The message is here, take a look for yourself.”

Wang Tao was in a bad mood when he saw the string of zeros.

What kind of country was this? How could he donate 100 million in one go?

“I’ve kept my promise, Mr. Wang. When will your billion-dollar donation arrive?”

Ji Qingyan covered her mouth as she laughed. Even she was tricked twice in front of Lin Yi. Wang Tao was child’s play.

“This...”

Wang Tao was extremely embarrassed. His small factory was only raking in a few million a year. How was he supposed to get a billion in cash?!

The slap on his face was like a clap of thunder!

“You can’t afford it?” Lin Yi asked.

“Weren’t you acting pretty rich just now? You’re already a factory owner, so why aren’t you as rich as me?”

Wang Tao’s forehead was covered in a cold sweat. He wanted to crawl right into the ground to hide himself.

“Well, I still have something else to do, so I’ll take my leave first.”

Wang Tao got into his car and drove off dejectedly.

“Wang Tao!” Ning Yue called.

“So be it. He doesn’t look like a good person. You won’t be happy if you stay with him,” Lin Yi said.

“Got it, Bro.”

Ning Yue didn’t dare to disobey Lin Yi, so she let Wang Tao be.

“Yi, tell mom the truth. What’s with all this money? You’ve only been in Zhong Hai for a few years. How did you get so much money?”

Cuiping felt her phone burning in her hands.

“I started a small business and made some money. You guys can spend it with peace of mind. Don’t think too much.”

“This 100 million isn’t a small amount, yet you gave it all to us. What are you going to do now?” Cuiping said.

“I can’t take this money. Zhonghai isn’t like Yangcheng, where there are plenty of places to spend it.”

“Mom, just take it. I still have enough to spend.”

Lin Yi put his arm around Cuiping’s shoulder. “Let’s go eat. I’m hungry.”

“Okay then, let’s eat first. I’ll make beef stew for you to satisfy your hunger.”

“You know me best.”

After the meal, Ji Qingyan and Guo Ningyue went to have fun with the children of the orphanage on the playground.

Lin Yi did not expect someone like Ji Qingyan to be able to jump on rubber bands.

That was pretty impressive.

“Yi, it was not easy for you to come back. Stay here for a few more days before you leave,” Cuiping said later.

“Sure, I’ll stay here for a few days.”

Lin Yi originally had other plans and was prepared to leave after dealing with it.

“I’ll go clean up your room now. You and Ningyue, stay here. Don’t leave.”

“No need. I’ve already booked a hotel, so I won’t take up any space in the premise.” Ning Yue said

Lin Yi didn’t mind. He was afraid that Ji Qingyan would not be able to get used to it.

No matter what, she’d come along with him. He had to find a place for her.

“Alright then. You’re doing well now, so I won’t force you.”

They chatted for a while longer before Lin Yi left with Ji Qingyan and found a five-star hotel to stay in.

The next morning, Ji Qingyan finished washing up and asked while having breakfast in the hotel,

“What are your plans for today?”

“I saw the news yesterday where it said that there’s a car exhibition in Yangcheng. I’m going to take a look there.”

“Don’t you have a Pagani? Why are you still buying cars?” Ji Qingyan asked.

“I mainly want to buy a few for the orphanage so that I can take the children out to play in the future.”

Ji Qingyan nodded. “That’s true.”

“What about you? Didn’t you say you were going to the branch office? When are you going?”

“I’m not in a hurry for that small matter. I’ll focus on you first.”

After eating, the two of them took a taxi and arrived at the Yangcheng International Convention Center.

As one of China’s top four first-tier cities, although Yangcheng’s prosperity was still a little inferior to that of Zhong Hai, it was still one of the top cities in China.

The Yangcheng Auto Show was especially well-known in China and the entire world.

That was why the annual auto show attracted the attention of the rich.

Through the billboards outside, one could see the luxury car brands from all over the world participating in the show.

As long as one had money, it would be a simple matter to buy a car they liked here.

Lin Yi heard someone calling him as soon as they got out of the car.

“Yo, Lin Yi, you’re here for the car show?”

**Chapter 070: Don’t Give Me a Chance to Act Cool**

Lin Yi turned around when he heard the voice behind him.

He saw a woman in a short white dress and heavy makeup, as well as a man in a suit and glasses standing beside her.

Lin Yi knew the woman who had spoken. Her name was Xu Yan, Lin Yi's college classmate.

After graduation, Lin Yi chose to develop in Zhong Hai while Xu Yan returned to her hometown, Yangcheng.

"What a coincidence that we're meeting here." Lin Yi greeted.

"It is indeed quite a coincidence." Xu Yan said with a smile.

"Yanyan, is this your university classmate? Shouldn't you introduce him to me?" The man beside Xu Yan said.

"He is my university classmate, Lin Yi. This should be his girlfriend."

The man nodded and took out a business card from his pocket.

"Let me introduce myself first. My name is Zhou Ning. I'm the general manager of Yangcheng Chuangxing import and Export Trading Co. , Ltd. This is my business card."

As he spoke, Zhou Ning handed the name card to Ji Qingyan.

Zhou Ning's thoughts were devious.

On the business card, he had included his own contact information. Once Ji Qingyan accepted the business card, she would have a way of contacting him.

Out of courtesy, she took Zhou Ning's card and handed it to Lin Yi.

She had no intention of accepting it herself.

"Lin Yi, didn't you stay in Zhong Jai after graduation? What are you doing now?"

"Didi."

"Didi?" Xu Yan was surprised. "You were the campus belle back then. Why did you go to Didi after graduation? I remember you said you were going to Zhong Hai to do something big."

"Isn't it good to drive for Didi? I've always treated it like a career."

Pfft!

Xu Yan couldn't help but laugh. "Lin Yi, you haven't changed at all. You're still so humorous. What kind of career do you have at Didi?"

1

"Yan Yan, Zhong Hai isn't an easy to make it in. Your university is just an ordinary 211 institution. In a city like Zhonghai, it's naturally not very popular. It's the most expensive place in China. If you don't have some real skills, it's not easy to survive there."

“You have a point, but I don’t think there’s a need to stay in Zhong Hai if you are driving for Didi. It doesn’t matter where you drive it after all.”

Xu Yan rejoiced in her heart.

Back in school, because of Lin Yi’s good looks, she had pursued him relentlessly.

Fortunately, he did not agree back then.

Otherwise, he would not have been able to give her the happiness she wanted. The woman beside her probably only wanted to play with him because of his good looks.

Marriage was a big deal. If it were not for his good looks, she would never have considered getting together with a guy who drove for Didi.

“That makes sense, but everyone has their own aspirations. You can’t be too impulsive when choosing where to develop.” Zhou Ning said.

“I also stayed in Zhong Hai in the past, but I hit a wall everywhere I went. Now that I’ve returned to Yangcheng, my business is thriving. The annual sales of the company I founded have already exceeded 100 million. If I had stubbornly stayed in Zhonghai, I definitely wouldn’t have achieved as much as I have today.”

“That’s why I said that you’re a potential diamond.”

Xu Yan hugged Zhou Ning’s arm and said shyly.

“Lin Bro, you’re Xu Yan’s friend. We’ve already gotten to know each other. Do you have any plans to come back to Yangcheng? I can arrange jobs for the two of you. You can come to my company where you will receive an annual salary of 100,000 dollars. The work won’t be tiring. I’ll definitely make more money than you driving Didi.”

“I’m fine driving didi. Thank you for your kindness.”

Lin Yi waved his hand. “We’ll be leaving first.”

“Hey, hey, Lin Yi, don’t be in such a hurry to leave. I remember when we were in school, you were a famous car fan in class. Why don’t we go around together? You can give us some ideas,” Xu Yan said.

“Yeah, it’s fate that we met today,” Zhou Ning said:

“I used to drive an Audi A8. It’s okay to drive it in the city, but once we get to a place with bad road conditions, my A8 will be a bit of a strain. Don’t look at it as a million-dollar car, it’s not even as good as a hundred-thousand-dollar SUV when I’m driving it off-road.”

“That’s fine too.” Lin Yi casually agreed as he led Ji Qingyan into the car exhibition.

“But I’ve been thinking about it. I think the Range Rover is pretty good, but the Lexus LX570 is pretty good too. I don’t know which one to choose.” Zhou Ning said with a smile.

“Honey, didn’t you say that you wanted to buy a BMW X5 or a Toyota Roadster? Why did you change your mind now?” Xu Yan asked curiously.

"I thought about it just now. The X5 and d\*ck are only worth about a million. My business is getting bigger, so it's better to change to a higher class car. Otherwise, it'll be a joke when we go out to discuss business while driving it around."

"That makes sense. People nowadays are quite materialistic. It'll be more convenient to drive a good car when we discuss business in the future."

"That's what I was thinking."

Zhou Ning smiled at Lin Yi. "Brother Lin, you're an expert in this field. Give me some ideas."

"If you have the money, buy them both. There's nothing to worry about."

"Uh..."

Zhou Ning looked embarrassed. "I already have one. There's no need to buy so many, and there's not enough space in the garage."

"Then there's nothing to worry about. Just choose the cheaper one."

Ji Qingyan could not help but laugh. He really did not give this man a chance at all.

"Ahem, ahem, ahem..."

Zhou coughed lightly. "I've already said it just now. I'm not short of money. My company's sales have already exceeded 100 million. Naturally, I won't be short of profits, but people at our level care about quality and enjoyment."

"Didn't I just say that if you're not short of money, just buy two?"

"Actually, it's not a big problem to buy two, but the villa I just bought only has two garages. The economic conditions are fine, but the reality of the situation does not allow me to do this."

Zhou Ning felt good. He initially did not want to show off the new villa.

However, Lin Yi had led the conversation in that direction.

Was this not an opportunity for him to show off?

"Then build another garage. Won't that perfectly solve the problem?"

Zhou Ning did not know how to respond.

"Hehe, Brother Lin, there are many things that you can't touch on at this level. You can't just build a garage." Zhou Ning said with a smile.

"I'm not afraid of spending money, but what I want is quality and enjoyment. Otherwise, people will laugh at me."

"Let's not talk about quality and enjoyment for a car that only costs one million. It's honestly better to just ride a scooter."

Zhou Ning's face darkened. He had the urge to curse.

What the f\*ck? You drive for Didi, and you actually look down on a car worth more than a million?

Was this the legendary keyboard warrior who hated the rich?

This was really interesting. He actually dared to talk trash in reality?

It looks like I'm gonna have to teach him a lesson today.
