

## Radom Noew 81

### Chapter 081

"No way."

Lin Yi said, "You don't even know how to cook. How am I going to eat your food?"

"Do you have to look down on me like that?" Ji Qingyan said. "I'm not good at Chinese food, but Western food is fine. I'll cook you a steak when we get back."

"Why not just cook me some noodles? It'll save you the time."

"It's just noodles." Ji Qingyan said.

"I know how to make spaghetti. You've helped me so much, so I should be thanking you."

"Since you've said that, I'll give you a chance to feed me your cooking."

"Tsk, you should cherish this chance. No one else had a chance to eat it even if they wanted to," Qingyan said proudly.

After leaving the airport, Lin Yi found his poor little Shari in the parking lot and returned to the Yunshui Villa alongside Qingyan.

As soon as she entered the door, Ji Qingyan changed into a new set of home clothes. Her jade-like calves were exposed, making her look like a stay-at-home woman.

2

While cooking, Ji Qingyan received a few more calls, as if she was arranging an investigation into Zhao Nanping.

This swift and decisive action also allowed Lin Yi to reacquaint himself with Ji Qingyan.

She was really meticulous when it came to work.

About half an hour later, Ji Qingyan brought two steaks, two plates of pasta, and a fruit salad to the table.

2

"It's done. Come and try my cooking."

Lin Yi didn't stand on ceremonies. He took a bite and found that it was pretty good.

However, western food was about the ingredients. As long as the quality of the meat was good, the steaks would not be too bad either.

"It's not bad."

"Then eat more." Ji Qingyan cut her steak in half and placed it on Lin Yi's plate. "I don't eat much, this is for you."

"That's true, eat less." Lin Yi complained. "How fat are you?"

“I’m only 94 pounds, I’m not fat.”

Lin Yi didn’t continue the conversation on such a boring topic. Instead, he asked.

“I saw you on the phone just now. Are you dealing with Zhao Nanping?”

Ji Qingyan nodded. “If nothing goes wrong, I’ll be able to collect all the evidence surrounding Zhao Nanping by tomorrow morning.”

“That fast?”

“Of course. If I can’t even do that, I’d be too incompetent as the CEO.”

“I really underestimated you.” Lin Yi smiled.

“Of course,” Ji Qingyan said with her head held high. “If I couldn’t even do that, the company’s management system would have collapsed long ago. I wouldn’t be able to sit here so comfortably.”

“That makes sense.”

Ring, Ring, Ring...

Just as the two were talking, Lin Yi’s phone rang. It was Qin Han.

“Why is this guy calling me?”

Lin Yi picked up the phone after mumbling to himself.

Before Lin Yi could say anything, Qin Han started shouting:

“F\*ck, that’s awesome. You just bought the Chiron 1 and just threw it away. That’s awesome!”

“Yeah Yeah? What are you talking about?”

“Stop pretending. You’re already famous. I’ll send you a video. You’ll know when you see it.”

“Okay.”

“What’s wrong?” Asked Ji Qingyan when Lin Yi hung up.

“He said I’m famous on Douyin. I’ll go see what’s going on.”

Soon, the Qin youth sent him a message, and Lin Yi opened it.

He found out that it was a video of his car crash, and the title of the video was very eye-catching.

“A Bugatti Chiron 1 worth 43 million, rear-ended BMW 7 Series. The owner walked away, saying that he doesn’t want it anymore.”

“More than three million likes, more than 400,000 messages?” Ji Qingyan was surprised.

“These people are making too much of a fuss. It’s not like I hit a Boeing 747. Why would they make such a big fuss?” Lin Yi was speechless.

“You don’t think a Chiron 1 is worth much, but to an ordinary person, they probably won’t be able to earn that much money in their entire lifetime.”

“You’re right.”

“This is really an unintentional act. It’s become inexplicably popular.”

“Sigh, it’s hard for an outstanding person to keep a low profile.”

“Tsk, you even pant when I call you fat.” Ji Qingyan said, “Look at what the netizens are saying below.”

The comment section below the video had already become a large-scale confession scene.

“Girls, help me up, or I’ll be going through menopause soon.”

“I can still have children! My butt is so big, I can definitely have a son.”

“Little Bro, are you in a relationship? My husband can kill himself right now.”

“Who buys DDVP? My boyfriend has a cold, I want to give him some.”

“F\*ck, please give me your contact information.”

Seeing all kinds of comments in the comments section, Ji Qingyan couldn’t stop smiling.

“It doesn’t seem like it’s a good thing to be too outstanding,” Lin Yi said.

“Don’t flatter yourself,” Ji Qingyan said.

“Hurry up and eat. Don’t talk nonsense with these people online.”

“Then who am I talking nonsense with?”

“You can’t talk nonsense with anyone. Hurry up and eat,” Ji Qingyan said with a red face.

At this time, Qin Han’s call came again.

“Old Lin, isn’t it exciting? Your popularity is now at the top of Douyin’s list, and there’s also trending searches about you on Weibo. The latest Chiron 1 has been destroyed. This is definitely the world’s first accident involving one.”

“Alright, hurry up and keep it low profile. I don’t want to be chased by others when I go out in the future.”

“F\*ck, I’ve never seen someone like you. We all want to get some popularity and then advertise our own face. But you, you don’t even care about the free traffic.”

“I’m not interested in money, so I don’t care about traffic.”

“F\*ck, you really know how to act cool.”

“If you’re done, I’ll hang up. I’m eating.”

“Don’t. I have something to tell you,” Qin Han said. “Three months ago, I got a McLaren P1. Now, I’ve finished the modifications. Do you have time tomorrow to come out and race? I want to redeem myself.”

“As far as I know, the P1 only cost about 10 million.”

“Although it’s not as expensive as your car, I spent more than five million on the modifications. I’ll definitely crush you in terms of performance,” Qin Han said. “If I can’t beat you this time, I won’t play with cars anymore.”

“No problem.”

After chatting with Qin Han, Lin Yi finished the steak on his plate.

“I’ve finished my meal too. Thank you for your hospitality.”

“Aren’t you going to sit for a while? I’ll go make a cup of tea,” Ji Qingyan said.

“No tea, you should get some rest too. There’s still a lot of work to be done tomorrow.”

“Lin Yi.” Qingyan got up and followed Lin Yi.

“What’s wrong?” Lin Yi turned around and asked.

Qingyan hesitated. “Thank you for today.”

“Don’t mention it, don’t take it to heart.” Lin Yi said nonchalantly.

“Close your eyes, I’ll give you a reward.”

“What reward? Why are you being so mysterious?”

“Don’t ask so many questions, just close your eyes first.”

Lin Yi didn’t think too much and closed his eyes.

It was at this moment that Lin Yi felt Ji Qingyan’s lips on the corner of his mouth.

Hmm?

Lin Yi opened his eyes abruptly. He did not think that Ji Qingyan would be so bold.

Ji Qingyan blushed. This was her first kiss, and she was letting him off easy today.

Just as she was about to let go, she saw Lin Yi kissing her hard and hugging her in his arms!

Wuuuuu...

Lin Yi sealed her lips, and Ji Qingyan could only mumble. She could not break free from his restraints.

Suddenly, her body froze on the spot as if she had been petrified!

She was only wearing a cotton dress, and the feeling of intimacy made her feel suffocated.

About half a minute later, Lin Yi let go of her, a smile on his face. He was enjoying it.

On the other hand, Ji Qingyan was holding her chest with one hand, breathing heavily as she tried to calm herself down.

“It tastes pretty good. Remember to use mango-flavored lipstick next time. I prefer mango.”

At that moment, Ji Qingyan’s mind was blank. When she came back to her senses, she realized that Lin Yi had already driven away.

Ji Qingyan stomped her feet angrily.

“Hooligan, so what if I touch it? What are you pinching for?”

“Besides, where am I going to get mango-flavored lipstick?”

## **Chapter 082: The Ultimate Mission**

Ring, Ring, Ring...

Lin Yi received a call from Ji Qingyan when he was not too far away from the car.

“Hooligan!”

“You kissed me first! What right do you have to call me a hooligan?”

“That was a reward for you, who told you to touch me like that?!”

“Kissing is so boring, you have to do the whole thing. That’s the way it’s supposed to be.”

“Tsk, what a load of nonsense,” Qingyan said.

“Come pick me up at work tomorrow.”

“No problem, just wait for me at home.”

The next morning, when Lin Yi drove over, he found that Qingyan was already ready.

A white pencil dress and a blue shirt made her look like a big sister.

The two of them understood what had happened the night before, but they did not mention it to each other, instead pretending that nothing had happened.

“Watch your phone, I’m going to place my order,” Ji Qingyan said.

“I’m watching.”

Lin Yi drove his broken Shari to the office after the order was taken.

Although the Shari was on the verge of destruction, it was very comfortable to ride in. Even though the Zonda was more expensive, it wasn’t as comfortable as this broken Shari.

It was more pretentious than comfortable.

After arriving at the company, Ji Qingyan picked up her handbag and prepared to get out of the car.

“Take care, President Ji. Don’t forget to give five stars and a good review.”

“I haven’t gotten even with you for bullying me last night. Don’t even think about getting a five-star review.”

“Strawberry-flavored lipstick doesn’t smell good. I haven’t given you a bad review either.”

“You’re still talking!” Ji Qingyan said with a red face. “Don’t mention it again.”

“Then, are you thinking of switching to a mango-flavored lipstick?”

She rolled her eyes at Lin Yi. “Got it. I’ll see if there’s any for sale.”

She spat and got out of the car while carrying her handbag before entering the elevator in the parking lot.

A few seconds later, Lin Yi received a five-star review from her on his phone.

At the same time, the system notification rang in his mind.

[System mission: Travel 5000 kilometers safely (1089/5000). Reward: 150,000 experience points.]

“Damn, this mission is difficult!”

Looking at the progress of the mission, Lin Yi realized that over the previous week, he had driven nearly 1100 kilometers, and still had 3900 kilometers left to go.

According to his personality as a Buddhist...

He would need at least a month to complete the mission.

Lin Yi thought about it. He was not one of those experienced drivers who specialized in driving Didi. Otherwise, he would need at least half a month to complete the mission even if he had to take orders day and night.

Moreover, there might be other hidden conditions.

It was very likely that not all orders could be counted as part of the mission. Only orders that received 5-star reviews could be counted as part of the mission.

The mission itself was not difficult at all, but it was a waste of time.

It would take at least half a month.

If that was the case, the mission could be put aside for now since the new job had already started.

There was still time to complete the mission after the old job finished cooling down a week later.

Lin Yi rubbed his chin. Compared to the mission before him, the previous mission was not difficult at all.

However, Lin Yi could understand this.

He would be rewarded with 150,000 experience points.

With 150,000 experience points, his job completion would reach 100%, and he would receive the ultimate reward.

The ultimate reward would obviously be better than the other rewards, and it was only natural that the difficulty would increase.

Thinking of this, Lin Yi was relieved. He drove home first and quietly started his new job, but he did not know which school the system would assign him to be a lecturer in.

Tsk, tsk, tsk. Lin Yi's lips curled into a smile as he muttered to himself,

"I never thought that I would be able to sneak into a school to be a teacher. How exciting."

Thinking of this, Lin Yi turned his car around and prepared to leave.

However, he was surprised to find a police car parked in the parking lot of Area C!

Lin Yi frowned slightly. If nothing else had happened, the police car should be here to arrest someone.

Moreover, the person they should be here to arrest should be Zhao Nanping.

He picked up his phone and dialled Ji Qingyan's number.

"I saw a police car in the parking lot. You should be the one who called it over, right?"

"That's right, it's a comrade from the financial crime department. He's in my office right now. After I explain the problem, we'll be making our move."

"Alright then, I won't bother you anymore. I'll leave you to deal with your matters first."

Lin Yi cut to the chase and hung up after understanding the situation.

He had to admit that this little Missy Ji Qingyan was pretty tough.

Zhao Nanping probably would not have thought that Ji Qingyan would act so quickly.

After understanding the situation, Lin Yi prepared to leave.

However, at that moment, he heard the clatter of high heels.

He looked in the rearview mirror and saw a curvy woman walking over from behind.

She was wearing a gray business suit, flesh-colored stockings, and high heels. She was very eye-catching.

This person was Lin Yi's former colleague, Wang Ying.

At the same time, Wang Ying saw Xia Li in front of her and recognized Lin Yi's car at a glance.

Her face lit up, and she subconsciously quickened her steps.

Lin Yi unbuckled his seatbelt and got out of the car when he saw Wang Ying coming over.

"Yi, why are you here?"

"I had a colleague from another department call my car, so I came." Lin Yi said

Lin Yi wasn't lying. Ji Qingyan was the president of the company, so she was technically one of Wang Ying's colleagues.

It was just that the level of this personnel was a little high.

“Sister Ying, are you going out?” Lin Yi asked

Wang Ying shook the briefcase in her hand.

“Kang Jing’s house, Phase 3, is ready for sale. I’ll go talk to my colleagues over there and work out a sales plan for the future. I’ll have to show it to the President after that.”

“Sure, Ying Jie. This job should be for the sales director, right? From the looks of it, you should have been internally appointed . When will the appointment letter be issued?” Lin Yi asked.

Wang Ying Smiled embarrassedly after hearing what Lin Yi said.

“Don’t laugh at me, okay? It’s all thanks to you that I got to where I am today. If it wasn’t for your relationship with the president, I wouldn’t have been promoted to this position. The appointment letter should be coming soon, but I don’t know exactly when .”

“It doesn’t matter. It’s just a matter of time.”

“That’s true.” Wang Ying looked at Lin Yi.

“When are you free? I’ll be treating you to a meal. Since you’ve helped me so much in secret, you have to give me a chance to thank you.”

“I have more time these few days. Sister Ying will get the chance to do it.” Lin Yi smiled.

He was about to live a nine-to-five life as a university lecturer.

His spare time had also become more regular, so there was no problem with this at all.

Wang Ying frowned slightly.

“Not in the next few days. My husband is back from a business trip. In a few more days, he’ll be going to the northeast for about half a month. I’ll ask you out then.”

### **Chapter 083: Your Broken Car Doesn’t Have Good Air Conditioning**

“Eh, Sister Ying, it’s easy for people to misunderstand what you’re saying.”

“I’m not even afraid of being a married woman. What’s a young man like you afraid of?” Wang Ying said with a smile.

“Oh right, didn’t you drive a supercar before this? Why did you change back to a Shari?”

“The Pagani was scratched and I sent it to be repaired. I’m driving this for the time being.”

“That’s great. I’ll take your car and leave. I don’t need to call for another car.” Wang Ying said.

“Then get in. I have nothing else to do.” Lin Yi said.

Da-da-da-da.

Lin Yi and Wang Ying were about to get in when they heard footsteps behind them.

Lin Yi looked back subconsciously. He saw that it was Fu Minjia, the director of the public relations department.

“Hey, isn’t that Wang Ying?” Fu Minjia walked over with a smile when she saw Wang Ying.

“Director Fu.” Wang Ying greeted with a smile.

Wang Ying’s position had been decided internally, but the official documents had not yet been finalized. Right now, was still an ordinary employee in the sales department.

Fu Minjia was a level higher than her, so they still had to greet each other when they met.

“Lin Yi’s here too, what a coincidence.”

Wang Ying was once known as the most beautiful young lady in Chaoyang Group, and Lin Yi was publicly acknowledged as a handsome man.

Even though Fu Minjia was in another department, she knew who Lin Yi was.

Lin Yi nodded with a smile to greet her.

“Wang Ying, where are you going?” Fu Minjia asked.

“The third phase of Kangjing Homestead has been completed. I’m going to discuss the sales plan with my colleagues over there.”

“That’s quite a coincidence. I’m going to Kangjing Homestead too, so you don’t have to go. Head back and do your own thing.”

“Huh? I don’t have to go?”

Lin Yi and Wang Ying were both surprised. This was not an ordinary sales task.

It was a job for the director.

In other words, whoever took the job would be the director of the sales department.

Right now, Fu Minjia had stepped in. What was going on?

“That’s right, you don’t have to go. Stay in the company,” Fu Minjia said. “And I’ll take over the sales department from now on. We’ll be colleagues in the same department from now on.”

“Oh, I’ll have to trouble you then.”

Wang Ying, who was originally happy, had a depressed expression on her face as she prepared to return to the company.

“Wait.” Lin Yi stopped Wang Ying and looked at Fu Minjia.

“Who said you’re going to be the sales director?”

“Of course, it was Director Zhao. Who else has that kind of power?” Fu Minjia smiled. “If you don’t believe me, I can ask Director Zhao to tell you himself.”

Wang Ying walked over and whispered in Lin Yi's ear.

"Little Yi, there are some things you don't know. Fu Minjia is one of Director Zhao's followers, and he has a lot of power in the company."

Although the company belonged to Ji Qingyan, the other executives also had a lot of say. It could be said that the Chaoyang Group was not an autocratic company.

Otherwise, Wang Ying's appointment letter would have been given to her a long time ago.

"The person you're talking about should be Zhao Nanping, right?" Lin Yi said with a smile.

"He can't even protect himself. Why should we be afraid of her?"

"Lin Yi, what nonsense are you talking about?" Fu Minjia snapped. "To publicly slandering the vice president of the company... Do you believe that I'll get someone to chase you away?"

"Little Yi, let's not argue with her. It's just a directorship, it's no big deal." Wang Ying said in a low voice.

"That won't do. I have to get justice for you."

"Hehe, Lin Yi, you're really something. You don't even have a job here, yet you want to stand up for others. I'm almost impressed." Fu Minjia crossed her arms in front of her body and looked at Lin Yi with disdain.

"Do you want to use Wang Ying's connections to get a job in the sales department? Let me tell you, as long as I'm in the company, you won't be able to come back!"

Lin Yi leaned against the car and said,

"You're the director of the public relations department. Do you have that much power?"

"I don't have that much power, but my words carry weight in Chaoyang Group. It'll be impossible for you to come back to work!"

"No need to hide it. I know that your backer is Zhao Pingnan," Lin Yi said.

"But I'll say it again. He can't even protect himself. You better be careful."

Fu Minjia's face turned pale. "How dare you slander Director Zhao again and again. I'll call him right now and ask him to deal with you!"

"Alright, go ahead. I'll see if she has the ability to do so."

"Hurry up and leave!"

Before Fu Minjia could make the call, she heard an order.

Wang Ying and Fu Minjia were shocked. They did not know what was going on, so they turned around to look.

They saw two policemen walking over with Zhao Nanping in handcuffs.

"Director... Director Zhao, What's wrong with you!"

Fu Minjia widened her eyes. She could not believe that Zhao Nanping would be arrested.

What did he do?

Zhao Nanping sighed when he saw Fu Minjia. "I'm finished. Take care of yourself."

"Alright, stop talking nonsense. Let's go."

Fu Minjia was dumbfounded when she saw Zhao Nanping being taken away by the police officers.

She had not even been promoted yet. Why did Zhao Nanping get arrested?

If that was the case, she would have suffered a huge loss. He had even r\*ped her in the office that morning.

"Look, what did I say? He can't even protect himself, you just didn't believe me," Lin Yi said with a smile.

"I... I'll go back first. You guys go to Kang Jing's housing estate."

Fu Minjia was very smart. Now that Zhao Nanping had fallen, she had no one to rely on. Thus, she had better stay in the public relations department from now on.

"Little Yi, you didn't do all this, did you?" Wang Ying asked in disbelief.

Taking down Yu Lili and Li Jiangdong was not a big deal, but now, even vice president Zhao Nanping had fallen. How close was Lin Yi to the president?

Moreover, this was not something that could be achieved just by having a good relationship.

"I don't have that kind of ability. Zhao Nanping wasn't clean to begin with. Isn't it normal for President Ji to take care of him?"

"You're right," Wang Ying said. "Just the improper relationship with his subordinates is enough for President Ji to take action against him."

"Alright, let's not talk about this anymore. I'll send you to Kangjing Homestead."

"Okay."

The two of them then got into the car together. After this, Wang Ying took out her phone and said.

"Yi, I've placed the order. Hurry up and snatch it."

"Ying Sis, it's not that big of a deal. I'll just give it to you for free."

"That's different. If I keep taking you free rides, you won't be experiencing life, you'll just be helping the poor."

"Alright then, I'll do as you say."

Lin Yi didn't think too much into it. One more deal and he would be one step closer to the ultimate reward.

Ring, Ring, Ring...

Lin Yi's phone rang just as he drove out of the parking lot. It was an unknown number.

"Sister Ying, answer it for me, I'm driving."

"Probably a sales call," Wang Ying mumbled as she picked up the phone. She turned on the public speaker to make it easier for Lin Yi to answer.

"Lin Yi, I'm Fu Minjia. Please give me a chance. Don't fire me."

"Don't fire you?" Lin Yi was surprised. "You got fired?"

"I just got back to the company when I received a notice from the personnel department saying that I got fired. Please give me another chance." Fu Minjia cried.

"As long as you give me another chance, I'll do anything you want me to do, even if it means being your woman. You can do whatever you want."

"You're overthinking it. Your firing has nothing to do with me. I don't have the habit of saying bad things about people behind their backs. Ying Sis, hang up. I'll be blocking you now." Lin Yi said with a smile.

"Got it."

Wang Ying hung up obediently and blocked Fu Minjia's phone.

"This Fu Minjia... She always looks so dignified, but I didn't expect her to say something like that."

"You can't judge a book by its cover, can you?" Lin Yi said with a smile.

Wang Ying nodded and took off her coat.

Lin Yi did not think much of her figure when she was in her uniform, but it was different when Wang Ying took off her coat.

Her assets were round, as if they were going to pop out, and he could even see hints of her bra.

"What's wrong? Why did you take off your coat?" Lin Yi asked

"I feel a little hot. If I take off my coat, it will cool me down."

"Sister Ying, don't be silly. I'm driving a Shari, not a Pagani. Why do you feel hot?"

"Your broken car doesn't have good air conditioning."

Wang Ying joked and then pulled on the seatbelt of the passenger seat

#### **Chapter 084: "It's Not Trespassing, All Nine Villas Are Mine."**

Lin Yi smiled and did not say anything else.

He simply drove and enjoyed the scenery of the mountains.

About thirty minutes later, Lin Yi drove to Kangjing Homestead.

Wang Ying put on her jacket again and said, "I'll call you."

“Yi, I’ll call you after my husband leaves for his business trip.”

“Okay, I’ll wait for your call.”

Lin Yi received a five-star review not long after Wang Ying left, and his mission progress increased by another 21 kilometers.

Although there was still a big gap, it was still a step closer.

Lin Yi’s phone rang as he drove back to Jiuzhou Pavilion. It was Qin Han.

“Where are you? Come out for a ride.”

“I’m at Jiuzhou Pavilion. My car will be delivered in a while. I can’t go now.”

The cars he bought at the Yangcheng Auto Show would be delivered by the organizers at the agreed time today.

If he wanted to race, he had to wait for the car to arrive. Even he floored his little Shari, it probably would not be able to outrun Qin Han’s P1.

“Not bad, you actually got visitation rights to the Jiuzhou Pavilion.” Qin Han said with a laugh.

Qin Han did not think too much about it. Lin Yi thought that he was a guest in Jiuzhou Pavilion, but he did not think that it was Lin Yi’s property.

After all, the cheapest house was more than 800 million dollars. It was not something an ordinary person could afford.

At the very least, he himself did not have the strength to afford it.

“Alright, I have nothing to do anyway. I’ll go look for you first.”

“Alright, come on.”

Back at home, Lin Yi took a comfortable bath in his bathtub and opened up the system page.

“New class opened!”

-LSB- old class closed (completion 85%), new class unlocked.]

[Host, please receive the opening gift pack.]

“Receive.”

[10 million USD has been transferred into the host’s account!]

[Please confirm the use of all attribute enhancing potions!]

[Please confirm the receipt of the Sage’s Wisdom! ]

“Receive!”

Lin Yi noticed the changes in his body instantly.

It was as if countless memories were flooding into his mind. Mathematics, physics, chemistry, foreign languages, and all other forms of knowledge and memories were all integrated into his mind.

Lin Yi was certain that the Sage's Wisdom was at work.

Under the system's influence, Lin Yi discovered that his understanding and understanding of the world had changed.

He seemed to be able to see some things more clearly.

However, Lin Yi also discovered that the Sage's Wisdom was not the peak of all human wisdom, but it was still more than enough to deal with his university-level tasks.

Apart from the Sage's Wisdom, Lin Yi noticed that his body had also undergone obvious changes.

His muscles had become tighter, and his abdominal muscles were close to perfection.

Apart from that, Lin Yi also discovered that his strength, sensitivity, and other attributes had all increased!

If nothing went wrong, this should have affected all his attributes.

"How exciting!"

Lin Yi was overjoyed at the changes in his body.

Compared to the monetary reward, Lin Yi preferred the current feeling.

After all, some things could not be bought with money.

Ring, Ring, Ring...

At this time, Lin Yi's phone rang. It was an unfamiliar number.

"Hello." Lin Yi greeted after picking up the phone.

"Hello, is this Mr. Lin Yi?" A pleasant voice came from the other end of the phone.

"It's me."

"I'm the committee teacher of Zhonghai Normal University. You've passed all our interviews and can officially start your job tomorrow."

It was Zhonghai Normal University!

Lin Yi was not surprised to receive the call. It had all been arranged by the system, as expected.

"Okay, I got it. I'll be there on time tomorrow."

After hanging up, Lin Yi put his phone aside.

He had thought that the system would send him to a very impressive university, like Fudan or Zhonghai Jiaotong University.

He didn't expect it to be an ordinary Zhonghai Normal University, which was not even 985 or 211.

Was he supposed to lead this ordinary university to the top?

This seemed to be a possibility.

Ring, Ring, Ring...

Qin Han called.

“Where are you? Why don’t I see you?”

“I’m at home. Where are you going to meet me?”

“F\*ck, why didn’t you say so you went home? I already ran to Jiuzhou Pavilion,” Qin Han scolded.

“My home is in Jiuzhou Pavilion, okay?”

PFFT!

Qin Han almost vomited blood. “What did you say? Your home is in Jiuzhou Pavilion?”

“It’s just a house. Is there a need for such a big reaction?”

“These are the most luxurious villas in Zhong Hai. The cheapest ones are at least 800 million dollars. How can a normal villa compare to it?”

“Enough, stop talking nonsense. Come in and mention my name to the security checkpoint. No one will dare to stop you.”

“No problem.” Qin Han said. “Which Villa are you in?”

“Number one.”

“Wait for me.”

After learning where Lin Yi lived, Qin Han and a few of his friends walked in together.

Although he was also a second-generation billionaire, this was Qin Han’s first time here.

The other villas were all filled with potted green plants.

As for Jiuzhou Pavilion, it was more like a tropical rainforest with a few houses built inside it.

Not to mention the other aspects, just the scenery alone was enough to show the sheer difference in lifestyle.

“Young Master Qin, what exactly does your friend do? He can actually buy a house in Jiuzhou Pavilion. This is too much.”

A girl wearing a mini skirt said.

“I don’t know his background, but his spending habits are different from ours, so it’s not surprising that he can buy a house in Jiuzhou Pavilion.”

“Young Master Qin, I don’t quite understand.”

“Let me tell you this. The number one villa in Jiuzhou Pavilion is worth 1.2 billion dollars. Many rich people in Zhong Hai can afford it, but they feel that it’s not worth spending 1.2 billion dollars on a house, so they choose not to. However, my friend is completely hedonistic, unlike us normal folk who have to consider other factors. You should understand what I mean, right?”

“I get it.” The miniskirt girl said.

“He should be the type to spend money without blinking, regardless of the consequences.”

“You’re right.”

The miniskirt girl originally had some expectations for Lin Yi.

However, to put it bluntly, he was a rich second generation who focused on extravagance and debauchery. He did not seem to be as rational as Young Master Qin.

With his spending habits, no matter how many assets his family owned, he would squander it all in a few years.

After passing through the garden, Qin Han and the others arrived at Villa Number One.

They found Lin Yi standing at the door.

“You guys are too slow,” Lin Yi said.

“Oh my God, his abs are too beautiful!”

Lin Yi’s lower body was wrapped in a towel and his abs and atlas belt were exposed. The two girls in the group were stunned.

“The problem is that this place is too big. It was not easy to find Villa Number One.”

“Actually, you could just go to any villa.”

“Shut up, bro. If I went into any other villa, I would be breaking and entering.”

“It’s okay. All nine villas are mine. It’s not considered breaking and entering.”

### **Chapter 085: Why Do You Need to Consider the Price-Performance Ratio?**

“F\*ck, what did you say? ! All nine villas are yours?”

Qin Han was no longer calm.

He knew that Lin Yi was rich, but he did not f\*cking know that he was that rich!

“That’s right.”

“F\*ck, are you so rich that you have nowhere to spend it? You actually bought all nine villas. That’ll cost at least a few billion.”

“What’s the point of not spending money? You can’t lay eggs even if you keep it.”

“I finally know what it means to be generous, I’m impressed.” Qin Han said.

“Buying nine villas in one go. Is that what normal people do?”

“It’s fine as long as you’re impressed.”

At this time, Lin Yi received an unknown phone call, saying that his car had arrived.

“Wait for me for a while, I’m going to change my clothes. The car has arrived, so let’s go for a few laps later.”

“Sure.”

Lin Yi went to the second floor to change while Qin Han and the others walked around downstairs for a tour.

Qin Han was someone who had seen all manner of luxury before, but he was still shocked by the decorations in Villa Number One.

This was too inhumane.

“Young Master Qin, you’ve changed to a P1. It completely surpasses the Zonda in terms of performance. This time, you’re going to avenge yourself.” Qin Han said with a smile.

“That’s for sure.”

“He bought a Bugatti a few days ago. I wouldn’t dare to run laps with him if it was a Chiron 1, but I don’t think much of a puny Pagani.”

“Young Master Qin, can I sit in Young Master Lin’s car later?” The girl in the miniskirt asked.

“Haha, I think you just want to give yourself to him.”

“Ah, it’s not like that,” the girl in the miniskirt said.

“You don’t have to ask me about this. You have to ask Lin Yi’s permission.”

Not long after, Lin Yi changed his clothes and came down from upstairs.

The two girls who were accompanying him stared at him with their eyes wide open.

Did he have to be so handsome?

They would be willing to be played without consequence if they got the chance to be with such a man.

“Let’s go, the car’s here. I’ll go pick it up.”

The group arrived at the entrance of the pavilion.

Qin Han was surprised to see four trucks parked outside the pavilion.

“Hello, you must be Mr. Lin,” a man in a suit said.

“That’s me.”

“Mr. Lin, the cars you bought at the Auto Show have all arrived. Please check them.”

“Okay.”

“Wait, Lin Yi.” Qin Han said.

“What’s going on? Isn’t that your Pagani inside?”

“Of course not. The Pagani is still in the garage. They haven’t finished repainting it yet.”

Qin Han thought that the car was Lin Yi’s Pagani, but it turned out to be something else.

“That doesn’t make sense.” Qin Han said.

“Didn’t you already crash your new Chiron 1? What are you getting now?”

“What’s Your IQ?” Lin Yi retorted.

“Who said I only bought one car?”

“F\*ck!” Qin Han’s eyes widened. “Including the Chiron 1 you destroyed, you bought five cars in one go?”

“There’s no limit to the number of cars you can buy. It’s normal to buy more and drive them in different places.”

This was too humiliating.

“Unload the cars.”

“Got it, Mr. Lin.”

The driver got down and opened the first container.

The Bentley Continental was revealed.

“After all this, it’s just a Bentley Continental. I thought it was a good car, and it gave me a fright.”

With Qin Han’s wealth, a Bentley Continental worth more than four million was indeed not that impressive. It could be bought easily.

Then, the second container opened.

“F\*ck, it’s a Rolls-Royce Phantom!”

Qin Han and the others were a little uneasy.

“This Phantom should be able to catch your eye, right?”

“It’s fine, it’s fine,” Qin Han said nonchalantly. “It’s only worth just over nine million.”

A car worth more than nine million was already considered a good car in Qin Han’s eyes.

It was at the point where he could only buy it after thinking about it.

“It sounds like you’re looking down on my Phantom.”

“I really don’t think much of it.” Qin Han said.

“Although this car isn’t bad, it’s still a bit lacking compared to my P1. No matter how good your skills are, you can’t beat me.”

“Don’t worry, take your time.” Lin Yi smiled. “There are still two cars that haven’t been unpacked.”

Qin Han shrugged. “So what if you haven’t unpacked them? Your Chiron 1 is already destroyed, and the other two cars are no match for me.”

In Qin Han’s eyes, Lin Yi’s best car was the Chiron 1.

The other cars were definitely not as good as the Chiron 1!

In front of a P1, they were all at the level of a younger brother.

Lin Yi smiled and looked at the driver. “Unpack them all.”

“Okay, okay, okay.”

Then, the third container opened.

A silver corner was revealed.

“It’s a Koenigsegg RS!”

Qin Han was no longer calm anymore.

“If I remember correctly, this car should be worth more than 30 million.”

“You know the market well.” Lin Yi smiled.

Qin Han’s face was covered in a cold sweat.

This pretentious act was a little too much.

Although the RS wasn’t as expensive as the Chiron 1, it was not bad in terms of performance.

With Lin Yi’s skills, it would be difficult for Qin Han to beat him with the P1 alone.

At this moment, the fourth container was opened, revealing the red Lykan!

“F\*ck!”

Qin Han widened his eyes. “That is the Lykan 7. The price of this car in the country is almost 70 million!”

“It’s only 60 million dollars. Can you not act so surprised? He’s a rich kid after all, and you’re acting like you haven’t seen the world.”

“F\*ck, a 60 million dollars sports car, and you’re still saying ‘it’s only?’”

“60 million dollars isn’t considered expensive,” Lin Yi said.

“I’m really impressed this time. You’re the best,” Qin Han said.

“But there’s something I have to tell you. Compared to Bugatti and Pagani, this Lykan doesn’t have the same pedigree. Although it sells for more than 60 million dollars, its performance is about the same as a RS worth more than 30 million dollars. The performance-to-price ratio isn’t very good.”

“Why do we need to consider the performance-to-price ratio?” Lin Yi said. “There’s no need for that.”

“F\*ck!”

Qin Han and his friends felt like they had been hit by billions of critical hits.

They could not communicate with Lin Yi using their normal thoughts.

They felt like they had been hit by an unprecedented dimension-reducing blow in front of Lin Yi.

The four cars in front of them, including the Chiron 1, added up to more than 150 million.

Did they think that supercars were cabbages?

“Little brother, can I go for a ride in your Lykan later?” The girl in the miniskirt asked.

“You can go for a ride, but you can’t say it’s hot. It’s not good to get into the car and take off your clothes.”

“Little brother, you’re so bad.” The girl in the miniskirt said, “The air-conditioning system of the supercar is not good. You’ll feel hot as soon as you get in.”

“Old Lin, if you think the two of them are okay, take them with you. They’re sisters. I guarantee they’ll be clean,” Qin Han said.

“Didn’t you want to race with me? I can only take one car.”

“Race for what? Besides the Continental and the Phantom, you can kill me with any car you drive. Only a fool would compete with you.”

### **Chapter 086: What Should My Lykan Wear?**

“You’re scared now? That’s not young master Qin’s style.” Lin Yi said.

“You’re trying to trick me,” Qin Han said. “If I’d known you’d bought so many cars, I wouldn’t have asked you about racing.”

Qin Han got into the car with his friends, but he did not forget to say before he left,

“I opened a new barbecue shop. Are you free tonight? Can you come over to support me?”

“You have a side business?” Lin Yi asked with a smile.

“I’m bored. I’m just having fun. It’s easier for me to make friends that way.”

“Okay, tell me the address later. I’ll be there tonight.” Lin Yi said.

“Then it’s a deal. You have to come.”

Before getting into the car, the girl in the miniskirt looked at Lin Yi. “Little brother, my name is Lina. Can I sit in your Lykan next time?”

“No problem.”

“Wear less next time, then you won’t feel hot anymore.”

“It’ll be cooler if I don’t wear anything.”

“How annoying.”

“Alright, let’s stop being horny and get in the car.”

After watching Qin Han and the others leave, Lin Yi drove the car back to the garage.

He realized that the number of cars he owned was not enough. At the very least, it was not complete yet. He would have to buy a few more if he saw a suitable car in the future.

After parking the car, Lin Yi drove the Lykan out.

These cars all used temporary license plates, so he had to get the license plates first.

He drove to the DMV. There was not many people inside, and there were only three people in front of him. Thus, it did not take long before it was Lin Yi’s turn.

“Do you have a pre-selected license plate number?” The staff asked.

With the development of the Internet, a lot of things could be done online.

It was the same with license plate numbers. On the 12123 official APP, you could choose the number and report it here.

However, Lin Yi didn’t make any preparations for that.

“No, just randomly choose the number.”

Lin Yi was an experienced driver, so he knew everything about this place.

Whether he tried to choose the number online or on the spot, there was little chance he would get the number he wanted.

If he really wanted to get a good license plate number, he would have to buy it through other channels.

It was almost impossible to get a good license plate number here.

“Start by pressing the space, end by pressing enter, and then go to the screen to select the number.”

“Okay.”

Lin Yi pressed twice, and dozens of numbers appeared on the screen.

Lin Yi had wanted to pick any random number, but he realized that the second last number on the third row was very eye-catching!

Hu! ANB666!

“F\*ck! NB666!” Lin Yi exclaimed. “What kind of godly license plate is this? When did my luck become so good?”

The staff was stunned when they saw Lin Yi's license plate.

He had encountered this one-in-a-hundred-million opportunity?

At this time, the other people from the DMV also came forward, their eyes wide.

Such an awesome license plate was worth at least a million!

Many of the car dealers turned their attention to Lin Yi.

Looking at the kid's outfit, he looked like an ordinary white-collar worker. They had to think of a way to get that license plate.

"Hello, I have to pick three more," Lin Yi said with a smile.

"Three more?"

"Yes, I have four cars that need plates."

Upon hearing that, the car dealers were eager to give it a try.

Four plates at one go. It was probably a car purchased by the company. Otherwise, who would buy so many cars at one go?

This was even easier!

After pressing the space and enter, more than ten new plates appeared in front of Lin Yi again.

"F\*ck, ANB888!"

Seeing this number, some of the people lost their composure again.

First it was NB666, then NB888!

How f\*cking awesome were you?!

Two plates worth at least two million!

Why did they not have such good luck?

Lin Yi rubbed his chin, feeling that things were never that simple.

The first plate could be explained by coincidence, but the second plate could no longer be attributed to sheer luck.

Perhaps since all of his attributes had been enhanced, at the same time, his luck had improved as well.

Even so, Luck had a time limit.

Otherwise, if he went to buy lottery tickets every day, it would not be long before his wealth surpassed even Jack Ma's.

In that case, he had to make good use of it.

At that moment, even the cleaning lady's gaze fell on Lin Yi.

Soon, Lin Yi began to draw the third license plate.

A666NB!

The fourth license plate, A888NB!

“F\*ck! Awesome!”

Seeing Lin Yi’s four license plates.

Everyone let out a cry of surprise.

NB666, NB888, 666NB, 888NB!

This was f\*cking awesome!

Soon, the logistics staff finished making the four license plates and handed them over to Lin Yi.

At that moment, he felt like he was not holding four plates anymore, but four million in cash.

“Hey bro, do you have time? Let’s talk.”

A bald man in jeans said.

“Talk about what?” Lin Yi asked.

“I think your four plates are pretty good. Are you selling them?” The bald man said, “I’ll pay one million for your four plates. That’s a sky-high price.”

“F\*ck, Yin Laosi, don’t you have a f\*cking conscience? You’re only giving him one million for his four license plates? Did you let a dog eat your conscience?”

At that moment, a long-haired man walked over and said to Lin Yi.

“Bro, ignore him. I’ll give you one million two hundred thousand for your four license plates.”

“Stop bullsh\*tting. You call one million two hundred thousand money?” Another man said. “Little Bro, I’ll give you one million five hundred thousand for your four license plates.”

Lin Yi was speechless. He did not care much about the license plates, but these people were daydreaming about buying four license plates with such a small amount of money.

“Stop arguing, did you come up here to trick him because you think he’s easy to bully?”

The one who spoke was a middle-aged man with a big belly and a briefcase. He scolded the three car dealers.

“Who do you think you are? What does this have to do with you?” Old Yin scolded.

“I am the general manager of the China Trading Group, Zhu Ziqiang. Who do you think I am?” Zhu Ziqiang scolded.

“You car dealers better be honest. If I report you, don’t even think about staying here anymore.”

Seeing Zhu Ziqiang’s tough attitude, the three car dealers stopped talking.

Their business was indeed not very clean, and they could not be too ostentatious.

“Little brother, these people are all car dealers. They just want to cheat you of the license plate in your hand. Don’t be fooled,” Zhu Ziqiang said with a smile.

“Don’t worry, I won’t.”

The two walked out together. Zhu Ziqiang said.

“Little brother, you came here today to get your license plates. They should be for the company cars, right?”

“Company’s cars? Why do you say that?”

“To get four license plates in one go... it must be for the company’s cars. Isn’t that obvious? Otherwise, who would be able to buy so many cars in one go for their own use?” Zhu Ziqiang said with a smile.

“Brother, I have a business idea that will make you a fortune. Do you want to do it?”

“What business?”

“These are just the company’s license plates. You secretly transfer them to me, and then I will be responsible for getting you four ordinary license plates so that you can go back and report it to your higher ups,” Zhu Ziqiang said.

“But don’t worry, I won’t cheat you in terms of price. I’ll pay two million for these four plates. The price will be absolutely fair.”

“That damn fatty is too rich. He actually paid two million for those four plates?” Yin Laosi said.

“F\*ck,” the long-haired man said. “Look at that kid. He’s so stupid. He’s so gullible.”

“What a pity.”

Lin Yi smiled when he heard the guaranteed price of two million dollars.

“You might have misunderstood. These four license plates aren’t for the company, they’re for my own use.”

“For your own use?” Zhu Ziqiang paused. “Could it be that Little Bro’s family is in the auto transport business?”

“You don’t have to worry about that.”

“Little brother, even if you use it for your own use, it doesn’t matter. But think about it, your scooter won’t be able to benefit even if it has such a good license plate.”

“What do you mean? Does your car have any use even if it has a good license plate?”

“Of course.” Zhu Ziqiang said, “See that Land Rover over there? That’s my car. It’s worth more than 1.6 million dollars. Now, all that’s missing is a good license plate. As the saying goes, good steel is used on the edge of a knife. If you drive a scooter but have such a good license plate, the traffic police will definitely suspect that you’re using an illegal set of license plates and will check on you every day. It

would be better to cash out and sell it to me. 2 million dollars is already quite a lot. Other people can't offer you such a price."

"If your Land Rover has such a good license plate, then what kind of license plate should my Lykan use?"

At this moment, the Lykan's scissor doors opened as Lin Yi spoke, as if welcoming its master!

### **Chapter 087: This Is Young Master Qin's Restaurant**

"What... what did you say? That Lykan is yours?"

Zhu Ziqiang was dumbfounded. That was a super sports car worth more than 60 million!

He could buy dozens of land rovers with the money.

That pretentious act today was a failure!

"Sorry to bother you, Little Bro."

Zhu Ziqiang left dejectedly. He did not even dare to look at Lin Yi after this.

It was too embarrassing.

Lin Yi put the license plate of NB666 on the car and left with the other three plates in hand.

Later, Qin Han sent Lin Yi a location and sent him a voice message.

"Old Lin, I sent you the address."

"Okay, I'll be there in a while."

Lin Yi turned on the GPS and drove to Qin Han's barbecue shop half an hour later.

Typically, a barbecue shop was not a high-end place.

However, because the owner was Qin Han, it was different.

He had built it with the appearance of a three-Michelin star restaurant.

The barbecue shop was very big, and was divided into three levels. From the decoration outside, it was probably already a ranked restaurant within Zhong Hai.

The parking lot at the entrance was filled with all kinds of cars.

There were millions of good cars and tens of thousands of private cars, which showed the blend of customers.

From Lin Yi's point of view, this was understandable.

Usually, when a restaurant opened, there would be a huge discount.

Sometimes, the discount would be as much as 50%, so naturally, there would be a lot of customers.

In reality, Lin Yi was only half right. The other reason why the barbecue shop was so popular was because of Qin Han's fame in Zhong Hai.

It was only natural that the restaurant owned by Young Master Qin would be lots of fun.

Just as Lin Yi was about to enter, he saw a middle-aged couple and three young people get out of the car in front.

Lin Yi did not think much of it at first. He thought that they were just customers, but he did not expect the woman in front to actually be Gu Jingshu.

Gu Jingshu was wearing a rather ladylike dress, looking exceptionally virtuous.

From her expression and movements, it seemed that the middle-aged couple were her parents.

“Uncle, Auntie, let’s go this way,” a man in casual clothes said.

“Little Qiao, thank you for your hard work. We came to Zhong Hai, and you personally received us. I’m really sorry for troubling you,” the middle-aged woman said.

“You’re welcome, Auntie. This is what I should do.”

“Jingshu, after we leave, you have to thank Little Qiao. We’re just here to take a look around but ended up troubling you,” Jingshu’s father said.

“Okay, let’s go in first,” Jingshu said indifferently.

Hearing their conversation, Lin Yi guessed their relationship.

The middle-aged couple were indeed Jingshu’s parents.

The man in casual clothes was probably her suitor.

The other man might be Gu Jingshu’s brother.

Just as Lin Yi expected, the man’s name was Qiao Zihao. His father was the head of the Education Bureau, so he became the director of Gu Jingshu’s school despite only being in his twenties.

The other boy was Gu Jingshu’s brother, Gu Jingwu. They went to Zhonghai together.

“Brother-in-law, this shop is decorated too luxuriously.”

“What nonsense are you talking about? He’s my colleague, not your brother-in-law.”

Gu Jingshu felt like she was going to die of annoyance.

Her parents came here to look around, but he actually found out about it. In doing so, he was ruining a good family banquet.

“Sister, don’t be embarrassed. Brother-in-law came to personally pick us up. Doesn’t this explain the problem?” Gu Jingwu said.

“What does that mean...”

“Jingshu,” Qiao Zihao said, “Don’t worry about the details. Uncle, aunt, and Jingwu are here today. Reunions are the most important thing, after all.”

“Okay, let’s go in first,” Hu Jingshu said reluctantly.

“Brother-in-law, the biggest hotel in our county is not as big as this barbecue shop,” Gu Jingwu said enviously.

“Let me tell you, this is not an ordinary barbecue shop. This shop is run by the famous Qin Han.”

“Qin Han? Isn’t he the richest second generation in Zhonghai?” Gu Jingwu asked, “I often see news about him on the Internet.”

“That’s right, that’s him.”

“My God, then it must be quite expensive to come here for a meal.”

“It’s not bad. Actually, I have a little relationship with Young Master Qin. It’s just a meal. He might not even charge me.”

Qiao Zihao had met Qin Han a few times, but they were not close to the extent that he could claim a free meal. He himself knew that.

However, Qiao Zihao did not care. When the time came, he would just say that he had voluntarily given the money. The others would be none the wiser.

This way, he could still raise his status, so why not just go with it?

“My God, Brother-in-law, aren’t you too amazing? You actually know Young Master Qin?!”

Gu Jingwu’s eyes lit up as he looked at Qiao Zihao as if he was a super idol.

“Dad, Mom, let me tell you. The owner of this shop is the richest second generation in China. Brother-in-law knows such a person. That’s amazing.”

Gu Jingshu’s parents were also a little surprised by Qiao Zihao’s connections.

To know such a person, their future son-in-law had to be really something!

If the two of them got together, they would be at ease.

“Lin Yi?”

Jingshu was surprised to see Lin Yi behind her. At that moment, she jogged towards him with joy.

“What a coincidence that we are meeting here.” Lin Yi said with a smile.

“Yeah, yeah. Did you come alone?”

Lin Yi nodded. “I didn’t have anything for dinner, so I thought I’d come over and have something to eat.”

“That’d be great. Come with us.” Jingshu said

“Umm, I think this is your family meal. I don’t think it’s a good idea for me to get involved.” Lin Yi said

“What’s wrong with that? It’s just a meal. It’ll be more lively with more people eating.” Jingshu said

“Alright then. I don’t mind if you don’t mind.” Lin Yi said

Qiao Zihao’s eyes narrowed at the intimacy between the two.

He felt slightly threatened by Lin Yi.

The Gu family walked over, and Gu Jingwu asked suspiciously:

“Sis, who’s this guy?”

“His name is Lin Yi, he’s my friend,” Gu Jingshu introduced with a smile, and then introduced her family to Lin Yi.

The Gu family did not look too good.

Jingshu and Qiao were already on the verge of getting married, so why was there a man here?

What was happening? What if Qiao misunderstood?

“Sis, today is our family banquet. It’s not good for you to invite an outsider.”

Jingwu said with a straight face, not having a good impression of Lin Yi.

It was obvious that this kid had a close relationship with his sister.

He had to help his brother-in-law get rid of this guy!

“What do you mean by an outsider?” Gu Jingshu said, “Lin Yi helped me a lot before this. He’s not an outsider.”

“Do you really want to invite him to dinner?”

“Of course.” Gu Jingshu said, “Lin Yi happened to be alone. Why can’t we just eat together?”

### **Chapter 088: Qiao Zihao Pretends To Be Cool**

“Hehe, it’s okay. Since we’re friends, let’s eat together. It’s not a big deal.”

Qiao Zihao said with a smile.

“Since Xiao Qiao said so, let’s bring him along,” Gu Jianguo, Gu Jingshu’s father, said.

Gu Jingwu stood to the side and whispered,

“Brother-in-law, why are you inviting him along? I suspect that this gigolo clearly came here on purpose to ruin your relationship with my sister.”

“It’s okay, I don’t care about him at all,” Qiao Zihao said.

“In terms of status and position, he’s miles away from me. How can he compare to me?”

1

Qiao Zihao patted Gu Jingwu’s shoulder earnestly. “Since you’re here, don’t be afraid.”

“Brother-in-law is the best,” Gu Jingwu said in admiration. “I think he’s just a gigolo. He doesn’t have any ability as is miles away from you.”

1

If it was possible, Jingwu would have kicked Lin Yi away with one kick.

His brother-in-law even knew the famous Young Master Qin, yet he still wanted to show his face here? What the hell!

“Lin Yi, let’s go. It’s getting late. You’re probably hungry.” Jingshu said as she held Lin Yi’s hand, acting particularly intimate.

Lin Yi was a little surprised. In his mind, Jingshu never seemed to be such a bold person before this! She was probably trying to piss off Qiao Zihao on purpose.

Qiao Zihao’s expression changed slightly. He and Gu Jingshu had never been this intimate before!

However, Qiao Zihao soon suppressed the anger in his heart.

Now, the Gu family was on his side, and his status was many times higher than Lin Yi’s. Other than having a good body, how else could he compare with him?

The group walked to the entrance of the restaurant and looked into the hall. It was already crowded, and it was not easy to find an empty seat.

At the same time, Qin Han and the others on the second floor happened to see Lin Yi standing at the door.

“Look, Young Master Qin, it’s Young Master Lin,” Lina said.

“Where is he?”

“He’s at the door, but there are several people around him.”

Qin Han looked in the direction Lina was pointing and saw Lin Yi standing at the door.

“Nice of him to bring people to support us,” Qin Han said, rubbing his chin. “But the woman in the middle, she looks really hot.”

“Hehe, I can tell that she’s from a good family just by looking at her outfit,” Lina said with a smile. “So that’s the style that Lin Likes.”

“No wonder he doesn’t have feelings for you sisters. It’s because he doesn’t like your style.” Qin Han said with a smile.

“Then I’ll change my style over the next few days. In that way, I think I’ll be able to match Young Master Lin’s taste.”

“Someone come over here.”

Qin Han called out and a waiter in uniform walked over.

“Young Master Qin.”

“Do you see those people at the door? They’re my friends. Treat them well and send them all the good stuff. Put this on my tab and serve them well.”

“Got it, Young Master Qin. I’ll go now.”

Qin Han had originally planned to receive Lin Yi personally, but he gave up on that idea when he saw that Lin Yi had a friend present.

Besides, there was still time for a toast later.

Qiao Zihao looked around at the entrance of the restaurant and saw that there really were not any empty seats left.

At that moment, the waiter walked over and smiled:

“Hello Sir, we’ve prepared a private room for you. Please follow me.”

“A private room?”

Qiao Zihao was a little hesitant. In a restaurant of this level, private rooms had a minimum consumption amount.

If the cost of their bill did not exceed 10,000 dollars, they would not be allowed to enter the private room at all.

For a moment, Qiao Zihao did not know what to do. Spending more than 10,000 dollars for a meal was indeed a little extravagant.

“The private room is too stuffy. Why don’t we go downstairs to the hall to get some air? Let’s find a seat on the first floor,” Qiao Zihao pretended to be calm and said.

“Yes, yes, yes. The private room is too expensive and not suitable for our consumption habits. You don’t have to recommend it,” Gu Jingshu’s mother said.

“Young Master Qin said that you are his friend, so he prepared a private room for you. If we prepare a table for you in the main hall, Young Master Qin will deduct my salary.”

“No way! Young Master Qin prepared it personally!” Gu Jingwu said in surprise, “Brother-in-law, you are too much. Seeing that you are here, the famous young Master Qin actually personally prepared a private room. It’s amazing.”

Qiao Zihao was also a little surprised. He had indeed met Qin Han a few times, but he did not expect him to still remember!

“I’m so sorry. We just wanted to have a simple family banquet, yet you had to arrange a private room for me. Young Master Qin is too polite.”

“Young Master Qin has always been hospitable. This is what we should do,” the waiter said politely. “Please follow me.”

“Let’s go.”

Qiao Zihao turned to Gu Jingshu’s parents.

“Uncle and Auntie, there’s nothing we can do now. We can only go to the private room. Seriously, I just wanted to secretly come to show my support. I didn’t want to make such a big fuss, but I didn’t expect him to find out.”

“That means you have a lot of respect for others, Brother-in-law.” Gu Jingwu looked at Lin Yi with disdain. “If it was someone else, not only would they not get a private room, they might not even get a seat.”

Lin Yi was speechless. Qin Han must have seen him, and that’s why he arranged for it to be this way.

However, Qiao Zihao acted like it was all.

Under the guidance of the waiter, the group went to the private room on the third floor.

“Brother, let me ask. I’ve seen the promotion of your restaurant. Generally speaking, the private rooms on the third floor are all big private rooms, right?” Qiao Zihao asked.

“Yes, our Young Master Qin just told me that you guys are distinguished guests, so he specially cleared out the Peony Hall for your use.”

“The Peony Hall?” Qiao Zihao asked in surprise.

“If I remember correctly, the Peony Hall should be the most luxurious private room here, right?”

“Yes, sir. According to our rules, the peony hall is usually used by the municipal party committee leaders. Ordinary people can’t enter it,” the waiter said very politely.

Hiss...

The Gu family members gasped.

What kind of reputation did their future son-in-law have? How could he let the other party prepare such a good private room?

If they ate here, would they not be on the same level as the leaders of Zhonghai City?

This was too awesome!

“Brother-in-law is awesome!” Gu Jingwu was so excited that he did not know what to say.

He came here and did not say a word, but Young Master Qin took the initiative to arrange such a luxurious private room!

How much prestige did he have?

How close was the relationship between brother-in-law and him?

From the looks of it, if he and brother-in-law had a good relationship, their future would definitely not be bad!

Just thinking about it made her excited!

Facing such a situation, Gu Jingshu was also a little surprised.

Even if Qiao Zihao's father was a leader of the bureau, there was still a certain gap between him and Qin Han's family background.

With such a huge gap in class, would their relationship really be so good?

Under the guidance of the waiter, the group of six arrived at the Peony Hall.

As soon as they entered, the Gu family members were attracted by the magnificent decoration inside.

The entire room was more than 100 square meters in size, with screens, antiques, and jade ornaments decorating the room. Each one of these decorations was worth a lot!

What was even more amazing was that a small artificial hill had been built here. Water flowed from the top as koi fish swam underneath. It looked near perfect.

"Dad, look at how amazing brother-in-law is. He didn't even need to say anything to get us such a luxurious private room. I want to be as amazing as brother-in-law in the future!"

"Hehe, then you have to learn more from your brother-in-law."

"I will!" Gu Jingwu said confidently.

Seeing the luxurious peony hall, even Qiao Zihao felt taken aback.

"Young Master Qin is too polite. Our relationship is so strong, but there's no need to do this. He even prepared the best private room for me. It's making me feel bad."

As he spoke, Qiao Zihao took out 200 dollars. "This is your tip."

"Sir, you're too polite. You're Young Master Qin's good friend. I can't take this."

"It's okay if I ask you to take it," Qiao Zihao said.

"Thank you, Boss."

Seeing Qiao Zihao handing over the tip in a cool manner, Gu Jingwu secretly gestured.

He found that no matter how hard he tried, he was not as handsome as his brother-in-law, so he had to spare some effort to learn from him.

He was simply too handsome!

### **Chapter 089: Young Master Qin Will Come To Propose a Toast**

The few of them took to their seats as Qiao Zihao ordered some dishes and placed them all on the table.

"Brother-in-law, you're too polite. You actually ordered so many good dishes. I've never eaten anything like Japanese beef or Filet Mignon steak before," Gu Jingwu said.

"Today, uncle and aunt came. No matter what, we have to order some good things. Ordinary dishes can't be served to this table."

"Then I will thank you for your hospitality, Brother-in-law."

“You’re welcome. You called me brother-in-law. It’s what I’m supposed to do.” Qiao Zihao said with a smile.

As he spoke, Qiao Zihao glanced at Lin Yi and could not help but look at him with disdain.

Haha, look At yourself. You still want to compete with me?

Do you have the strength to do so?

“Lin Yi, try this. See if it suits your appetite.”

Gu Jingshu picked up a piece of Japanese beef and put it on Lin Yi’s plate.

Gu Jingshu knew Lin Yi’s identity.

In the eyes of ordinary people, Japanese beef and beef were good food, but with Lin Yi’s identity, he was probably sick of it.

“I’m not picky with food. Anything is fine.”

“Then try this Filet Mignon steak. It looks quite fresh,” Gu Jingshu said. “Oh right, you have to eat it with vegetables, otherwise you’ll get sick of it.”

The Gu family members looked at Gu Jingshu as she kept putting food on Lin Yi’s plate. Their expressions were a little awkward.

This daughter of theirs was really something.

Xiao Qiao was still here. Why was she so warm to an outsider?

“Jingshu, don’t always think about your friend. Just let him eat by himself. Give Xiao Qiao some meat,” Gu Jingshu’s mother said.

“Doesn’t he have hands? He can do it himself.”

“What are you talking about?” Gu Jianguo said unhappily.

“Uncle, don’t be angry. It’s just a small matter,” Qiao Zihao said with a smile.

“Zihao, Jingshu has been spoiled by us since she was young. You have to bear with her more in the future.”

“Uncle, don’t worry. Leave Jingshu to me. I am not upset.”

“Look at that, Zihao understands the big picture,” Jianguo praised. “The kids from rich families are really different. They’re much more experienced than us.”

Lin Yi could not help but laugh. This kind of behavior was like being cheated on, yet he could still hold it in. He was a real man.

“Exactly. If brother-in-law didn’t have such a big heart, he wouldn’t have become good friends with Young Master Qin,” Jingwu said.

“That makes sense. You should learn from him.”

“Yeah, I’ll definitely learn from Brother-in-law.”

Seeing Lin Yi and Jingshu’s intimate actions, the Gu family sighed in their hearts.

If they had known that this kid was so tactless, they would not have let him come with them.

Such a high-class restaurant was not a place he could come dine in!

“Jingshu came here to work. At first, I was a little worried, but now that you are taking care of her, I don’t think about it anymore,” Gu Jianguo said.

“Dad, you can steady your uneasy heart. With my brother-in-law’s family connections, my sister’s career in the future will definitely be smooth sailing. She might even be able to enter the Education Bureau,” Gu Jingwu said while eating his steak.

“In comparison, a certain someone is a lot weaker. He’s not on the same level as my brother-in-law.”

“Speaking of which, I’d really like to ask, “Mr. Lin, you look great. May I know where you work?”

Lin Yi raised his head. He did not think that Qiao Zihao would change the topic to him.

“I work at a university.”

University?

Everyone was a little surprised, especially Gu Jingshu.

Was Lin Yi not the boss of the Peninsula Hotel?

Why was he still working at a university?

Could it be that he had nothing better to do? Was he going to pursue an official career in the future?

Lin Yi’s career made the Gu family think highly of him.

After all, the profession of a teacher was still highly respected.

Qiao Zihao looked at Lin Yi and asked lightly,

“May I know which university Mr. Lin is working at? What exactly is your job?”

“Zhonghai Normal University. I’m the Secretary of the College League Committee.”

“Secretary? What subject is he teaching?”

The Gu family members were stunned. They did not know what this position was for.

“Uncle and aunt, you’ve misunderstood,” Qiao Zihao said.

“Although it sounds very high-class, to put it bluntly, it’s just a job that requires you to run around doing errands.”

“I see. It doesn’t seem like a good job either,” Gu Jianguo said. “Compared to your directorship, it’s nothing.”

“That’s true. What kind of job is running errands?” Zihao said with a smile.

“Lin Yi, my family still has some connections in the Education Bureau. Do you need me to ask the school leaders to promote you?”

“No need.”

Jianguo frowned slightly. How hard was it to survive in society these days? If he did not cherish such a good opportunity, his future development would probably be very limited.

He could ignore this today, but he had to talk to Jingshu about this when he got back. He could not let the two of them have any more contact in the future.

“Haha, Lin Yi, you rejected me so directly. Could it be that your family has something to rely on?” Qiao Zihao said with a smile:

“Where do your parents work? I feel that they have arranged your work well.”

Qiao Zihao was confident that not only was Lin Yi’s work inferior to his, but his family background was also no different.

Now that he thought about it, it seemed like it was a good thing to invite him to join them for dinner.

Without comparing himself to others, how could he stand out from the crowd?

“I don’t have parents.”

Everyone in the room was a little surprised when they heard that.

“So you’re an orphan.” Qiao Zihao said, “Then it won’t be easy to survive in society from now on.”

“You don’t have to worry about that.”

Dang dang dang...

At this moment, there was a knock on the door of the private room, interrupting their conversation.

“Come in.”

At this moment, the waiter pushed the door open and walked in.

In his hands were several plates of dishes and red wine.

“These are the French truffles and foie gras that our Young Master Qin sent over by air. Also, this bottle of Romani Conti has been warmed in advance. You can drink it directly.”

Qiao Zihao was a little surprised. He had not expected to not only get such a good private room prepared for him, but Young Master Qin had also taken the initiative to deliver such extraordinary dishes!

Qin Han thought too highly of him!

“Okay, I understand. Thank you,” Qiao Zihao said calmly, enjoying the feeling of being praised.

It was likely that Young Master Qin had taken a fancy to his family's resources and status in the education world. Otherwise, he would not have taken the initiative to treat him so enthusiastically.

"Sir, if there are no other requests, we will take our leave first. Young Master Qin just said that he will come over to propose a toast later."

"He still wants to propose a toast?"

Qiao Zihao was a little dizzy. The famous Young Master Qin actually wanted to propose a toast to him!

Was this not a little too exciting?

"Okay, okay, okay. I got it. You guys take your leave first."

"Brother-in-law, you are so impressive. You just came over to have a meal, but Young Master Qin still wants to personally propose a toast? This is not treatment that ordinary people can receive!" After the waiter left, Gu Jingwu said enviously.

"Moreover, a red wine like Romani Conti doesn't seem to be cheap. It costs at least tens of thousands of dollars a bottle."

"It's fine, it's fine." Qiao Zihao laughed and said, "I'm embarrassed about this matter. We're all on the same side, so there's no need for formalities."

"Brother-in-law, your relationship with Young Master Qin is too close. It seems that I still have to work hard to get ahead. Otherwise, at my current level, even if I meet Young Master Qin, I might not even be able to look him in the eye."

"Don't belittle yourself. As long as you work hard, you will be like me in the future," Qiao Zihao said with a smile.

"Let's make some preparations too. Young Master Qin will be here soon."

"Okay, okay, okay."

The Gu family members were a little nervous. After having lived for so many years, this was the first time they were meeting such a person.

At this moment, the door of the private room was pushed open and Qin Han walked in from outside.

### **Chapter 090: Don't Get Me Wrong, the Brother-in-law I'm Talking About Isn't You**

Qin Han walked in.

Everyone except Lin Yi, including Qiao Zihao, was a little nervous.

"Lin Yi, what are you doing? Didn't you see Young Master Qin enter? Get up!"

Seeing Lin Yi sitting there as if nothing had happened, Qiao Zihao snorted coldly.

"Why should I get up just because he's here?"

Qiao Zihao's face turned ugly. Was this guy here to mess things up?

What kind of person did he think he was? He didn't even stand up when Young Master Qin walked in!

He was so f\*cking pretentious!

The Gu family members shook their heads. This Lin Yi was too much.

Even country bumpkins like them knew how to stand up and toast, yet he was still sitting there eating.

There wouldn't be any big developments in the future.

Qiao Zihao didn't say anything when he saw Lin Yi insist on sitting alone. He simply raised his glass and smiled.

"Young Master Qin, you're too kind. We're just having a casual meal, but you arranged for a private room and are now making a toast. You're making me feel embarrassed. Let's have a good drink when I set up a table one day."

Gu Jingwu's eyes lit up when she saw Qiao Zihao chatting happily with Qin Han.

His brother-in-law was too handsome. She only needed to be half as handsome as his brother-in-law in the future.

Huh?

Qin Han was a little stunned. What was going on?

He was hosting this for Lin Yi. Why was this guy standing up?

"Who are you? Do you think you're worthy of me making a toast to you?"

Huh?

Qiao Zihao was stunned. "Qin, Young Master Qin, what are you talking about? Aren't you here to make a toast to me?"

"Who are you?" Qin Han said. "I'm doing all this for Lin Yi. Why don't you take a p\*ss and look at yourself? Besides, I don't even know you. Why should I give you a toast?"

Everyone's head buzzed as they looked at Lin Yi in disbelief.

It turned out that they were wrong!

Qiao Zihao's reputation was not that big!

At this moment, they all looked at Lin Yi!

Was he not just a high school administrator? Moreover, he was an orphan with no power or influence. How could he have such a big reputation?

"Come, come, fill your glasses, I'll drink to you." Qin Han smiled. "Old Lin, many city leaders came today. Don't hold a grudge against me for being late."

"Don't worry. I'm not that particular."

“That’s good.”

“Erm, Young Master Qin, I don’t know how to drink. Can I just drink fruit juice?” Gu Jingshu said nervously.

With Qin Han’s popularity and status in China, Gu Jingshu never thought that she would one day be able to drink with such a person in the same private room. She was so nervous that her brain felt short of oxygen.

“Forget about the juice. Drink less, I’ll pour it for you.” Qin Han said

“No, no, no, Young Master Qin. I’ll do it myself.”

“How can that be? You’re Lin’s woman. I have to pour you this cup of wine.”

Gu Jingshu’s face was red, and her heart was pounding. It was a good feeling to be misunderstood.

Lin Yi knew that Qin Han was up to no good when he saw the sly smile on his face.

However, he was too lazy to pursue the matter.

He helped Gu Jingshu to fill up half a glass, then raised his glass and said.

“Old Lin is my good friend. You guys came here today to give me face. In the future, whenever you mention Lin Yi’s name, all of your meals will be free!”

The Gu family members were speechless!

As long as one mentioned Lin Yi’s name, all of their meals would be free. This was a huge deal!

After a toast, Qin Han patted Lin Yi on the shoulder. “Old Lin, you have a guest here. I won’t disturb you anymore. Order whatever you want.”

“Alright, go do your thing. Don’t worry about us.”

Qin Han left after saying goodbye, but he gave Lin Yi a meaningful look as he left.

Lin Yi had goosebumps all over his body.

What the hell was he up to again?

Qin Han left, and the room was completely silent. The atmosphere was extremely awkward.

Qiao Zihao was so nervous that he wanted to die.

“Um, don’t look at me,” Qiao Zihao said awkwardly. “It was just a misunderstanding. I didn’t expect Lin Yi to have such a big reputation.”

Gu Jingshu rolled her eyes at Qiao Zihao and cursed in her heart.

“There are many things you didn’t expect!”

“Alright, let’s not talk about anything else.” Gu Jianguo said. “Jingshu, Lin Yi’s plate is empty. Can you cook something for him?”

Because of Qin Han, the Gu family's attitude towards Lin Yi had dramatically changed.

Although they did not say anything, they had already dismissed Qiao Zihao.

Although Lin Yi's family background was not as good as Qiao Zihao's, his relationship with Qin Han was so good that he could do no wrong in the future.

"I'm not eating anymore. I'm done eating."

Lin Yi was a little absent-minded. He kept fiddling with his phone because Qin Han had sent him a WeChat message.

Qin Han, "Old Lin, I've observed it. The woman sitting next to you should still be a virgin. I've created an opportunity for you. We'll hit a home run tonight."

Lin Yi, "Hmm? What are you talking about?"

Lin Yi could guess that Gu Jingshu was still a virgin, but what opportunity did Qin Han create?

Qin Han, "Didn't I just pour that woman a glass of wine? I added a little seasoning during the process. No side effects too, so it's really exciting!"

Lin Yi, "F\*ck! You're really bad at this!"

Lin Yi finally understood what was going on. No wonder he wanted to pour Gu Jingshu a glass of wine. It's because he was waiting for this.

"Well, since Lin Yi isn't eating, let's go," Qiao Zihao said.

He did not want to stay here for another minute after what had happened!

It was too f\*cking awkward!

"Alright, we're almost done eating," Jianguo said.

"Uncle and Auntie won't be leaving tonight, right?" Lin Yi asked, "I'll arrange a place for them to stay."

Lin Yi was also in a hurry to leave because Jingshu's face was red. Something was wrong.

What the hell did that son of a b\*tch Qin Han put in there?!

How did it work so well??

"Lin Yi, I won't trouble you with this. I'll arrange everything for uncle and Auntie," Qiao Zihao said.

He had lost so much face today. If he did not find a way to restore his dignity, then he would not stand a chance in front of Jingshu!

He had to prepare his own place!

"Director Qiao, let Lin Yi make the arrangements," Jingshu said.

It was obvious that Jingshu did not want to have anything to do with Qiao Zihao anymore.

"It's just a place to stay. It doesn't matter who makes the arrangements. Besides, I know a hotel that's pretty good."

"Could the hotel you're thinking of be the Peninsula Hotel?" Lin Yi asked.

"Peninsula Hotel?" Gu Jingwu was surprised.

"As far as I know, the Peninsula Hotel is a super five-star hotel. It even has a ranking in Zhong Hai!"

"That's right, I'm talking about the Peninsula Hotel." Lin Yi said with a smile.

"No way, such a good hotel? I can brag about it when I go back."

Gu Jingwu was so excited that he could not figure out what was going on. "Dad, Mom, let's go to the Peninsula Hotel."

"Yes, yes, yes, let's go to the Peninsula Hotel," Qiao Zihao continued. "Actually, my first thought was to go to the Peninsula Hotel. The two of us wanted to go together."

Qiao Zihao felt his heart bleeding when he said that.

With their status, they wanted to find a three-star hotel to stay in, but Lin Yi wanted to build a five-star Peninsula Hotel!

If they did not say that, they would really be outclassed!

With the size of the Peninsula Hotel, three rooms would cost at least 7,000 dollars!

Fortunately, he was a member, so it should be cheaper.

Otherwise, he would lose even more.

Lin Yi smiled. This Qiao Zihao was really something. Why did he have to pretend to be wealthy?

"Alright then. We're new here, so we'll listen to your arrangements." Gu Jianguo said with a smile.

After leaving the barbeque shop, Qiao Zihao led the way.

"Uncle, Auntie, get in the car. I'll drive you."

"Director Qiao, it's getting late. You should go back. I won't trouble you," Jingshu said.

"Yes, yes, yes. Just take Brother-in-law's car," Jingwu said.

"Jingshu, look at Little Wu. He said he'd take my car. Let me drive you."

"Wait, don't misunderstand. I'm not talking about you, I'm talking about Lin Yi. Don't flatter yourself."
