Chapter 091: "That's Awesome!"

Err..

Qiao Zihao looked awkward.

He had been calling him brother-in-law earlier, and now he was calling him something else. This was too arrogant!

"Well, you guys really need to take his car. Mine only has two seats."

Lin Yi did not pay too much attention to the details, but his car was not big enough for so many people.

"Only two seats?" The Gu family members were surprised.

Weren't all cars five-seater?

It seemed like only motorcycles had two seats.

"Lin Yi, I finally understand what's going on." Qiao Zihao said.

"I'm guessing that you only have a light relationship with Young Master Qin. You probably suck up to him a lot."

"Suck up?" Lin Yi said lightly. "Do I need to suck up to him?"

"Of course." Qiao Zihao regained his confidence. "You're a motorcyclist, so how could you be on the same level as Young Master Qin?"

After that, Qiao Zihao looked at Gu Jingshu's parents.

"Uncle and Auntie, in this society, connections aren't the most important thing. You need to have your own strength. No matter how rich Young Master Qin is, he won't spend money on this man, right?"

Jingshu's parents nodded. What Qiao Zihao said made sense.

In this society, everyone lived their own lives.

Lin Yi was an orphan in his twenties, and he only rode a motorcycle. In terms of ability, he was still far below Qiao Zihao.

After all, Qiao Zihao drove a BMW. It cost more than 500,000 dollars, so it was not cheap.

Seeing that Jingshu's parents were wavering, Qiao Zihao was pleased.

He thought that he would definitely lose, but he did not expect that he would be able to seize another opportunity!

Look at this guy. He was just an orphan, yet he still wanted to compete with me in terms of family background?

Dream On!

Di Di!

At this moment, the Lykan's headlights lit up. The red scissor door opened, and everyone was stunned!

It was too cool!

"Oh my God, this is the Lykan 7, right?" Gu Jingshu said with her eyes wide open.

"That's right. This car sells for 66 million yuan in China, and there are only seven of them in the world. It's not something that can be driven with money alone," Qiao Zihao introduced.

"As expected of Young Master Qin's barbeque shop. There's actually such a rich man here to support it. I've never seen so much money in my life."

"Indeed. Spending 66 million dollars to buy a car is not something that ordinary people can do," Qiao Zihao said self-deprecatingly. "I don't think I will ever have such a chance."

"I don't dream to buy a car like this anymore. I just want to sit inside," Gu Jingwu said enviously.

"If you want to sit, then sit. It's not a big deal," Lin Yi said.

"Brother-in-law, don't make a scene. The car door is already open, which means the owner is nearby. If I get in, won't I be scolded?"

"Lin Yi, what are you thinking?!" Qiao Zihao questioned. "People who can buy a car like this usually cherish their cars very much. How could they freely let others sit in it? I think you're deliberately making Jingwu look bad. You really don't have good intentions!"

"This car is mine. What's wrong with letting him sit in it?" Lin Yi smiled. "I should have the right to determine my passengers."

"What did you say?! This car is yours?!"

Lin Yi took out the car keys. "Isn't it just a car? Why can't it be mine?"

"Impossible! Isn't your car a two-seater motorcycle?"

"Can you find a third seat in my car?"

Qiao Zihao was dumbfounded!

He felt like he was a retard. Why did he ask such a stupid question?

Supercars had two seats.

"Brother-in-law, you're too awesome. You can actually afford a Lykan!"

Gu Jingwu did not know how to describe his feelings anymore.

It was simply awesome!

"It's just a car. Don't make a fuss. It's nothing amazing."

"Brother-in-law is awesome," Gu Jingwu said with a smile. "Can I sit in your Lykan?"

“Why should you sit in it? You guys can take a taxi. I’ll go with Lin Yi,” Gu Jingshu said.

At this time, Gu Jingshu was not in good condition either. She was holding her forehead, pretending to be calm.

The Gu family did not care about this detail because Gu Jingshu normally could not drink. She could typically only drink one cup.

It was normal for her to be in such a state after that.

Besides, Lin Yi was still by her side, so she did not have to worry about anything.

“Sis, please let me sit just this once.” Gu Jingwu begged.

“Alright, Little Wu, don’t cause any more trouble.” Gu Jingshu’s mother said, “Let’s take a taxi.”

“Okay.”

“No, I have a ready-made car here. Why do you need to take a taxi?”

Qiao Zihao opened the car door, ready to welcome Gu Jingshu’s parents.

This was his last chance, if he did not fight for it, he would really be finished!

Seeing Qiao Zihao’s enthusiasm, the Gu family could not refuse, so they got into his car.

After Qiao Zihao and the others left, Gu Jingshu could not hold on any longer.

“Lin Yi, help me, I can’t stand anymore.”

“Okay.”

Lin Yi reached out to help Gu Jingshu up. The latter’s entire body was leaning on him.

“You hold on for a while. I’ll help you get into the car.”

“Okay.” Gu Jingshu said in a muffled voice.

“Actually, I can drink a little, but I don’t know what’s wrong with me. I can’t hold on after drinking just half a cup, and I feel really hot.”

“Wait, don’t pull your clothes off. Let’s talk about it after we get into the car.”

“I don’t want to get into the car right now. I want to get some fresh air outside,” Gu Jingshu said.

“Alright, let’s find a step to sit down on.”

Lin Yi locked the car again. It was impossible for him to leave since he had to deal with Gu Jingshu first.

Just then, a white Audi A6 parked in the parking lot, and a young woman got out.

The two women were not old. One of them was wearing a long dress and had an outstanding figure. Her facial features were exquisite and three-dimensional, which made her especially eye-catching.

Her temperament was especially attractive.

The woman in the long dress was called Sugar, the Director of the Youth League Committee of Zhonghai Normal University.

The other one was Song Jia, a colleague of Sugar and the secretary of the Youth League Committee of Zhonghai Normal University.

“Sister Su, there should be fewer people coming at this time. Let’s go in quickly.”

“We just ate hotpot yesterday, and now we’re here to eat barbecue. Aren’t you getting tired of it?” Sugar said.

“This barbecue shop is different. It was opened by Qin Han. We have to come and have a taste.”.

“Qin Han? Who is that?”

“No way. You don’t even know the famous Qin Han? He is a second-generation rich kid who is as famous as Principal Wang!” Song Jia complained. “You are too lonely and ignorant.”

“My time is being taken up by work, I don’t have time to pay attention to these things.” Sugar said.

“Why are you still standing there? Let’s go.”

“Wait, Sister Su, look over there, there’s a little brother. He’s so handsome.”

Looking in the direction Song Jia had pointed at, Sugar instantly saw Lin Yi and Gu Jingshu sitting on the steps.

“What’s the use of being handsome? He’s obviously a scumbag.” Sugar said in disdain.

Chapter 092: Boss Lin, Can I Accept This Money?

“Scumbag? How did he become a scumbag for doing nothing?”

Song Jia was hesitant to label him. What a handsome little brother. What right did she have to say that he was a scumbag?

“Didn’t you see the woman beside him? It’s obvious that she was drunk. As for what will happen next, I don’t need to tell you,” Sugar said coldly.

“Um...”

Song Jia didn’t know how to refute him. “I guess so, but he’s really handsome.”

“Can you not be so infatuated? Being handsome doesn’t make you a meal. It doesn’t matter how you look in life. You have to find a genuine person,” Sugar said. “Don’t say that I didn’t warn you. Be careful not to be deceived in the future.”

“That’s true, but Sister Su can’t just stereotype like that, right? There are also good-looking and good-natured people,” Song Jia said.

“I don’t believe that,” Sugar said. “If you think he’s a good person, just watch what he does later.”

Neither of them was in a hurry. Thus, they kept observing Lin Yi's movements and soon saw Lin Yi go to the pharmacy next door.

"Why did he go to the pharmacy when he was fine?" Song Jia asked suspiciously.

"What else could he be doing? He must have gone to buy that thing."

Song Jia understood what was going on after Sugar said that.

Pharmacies typically sold TT, so he must have gone to buy that thing.

"Hey, Sis Su, you're the best. He was really a scumbag. I was not thinking clearly." Song Jia said in disappointment.

"Alright, don't bother with them. Let's go in and eat."

"Okay."

Sugar and Gu Jingshu then entered the barbecue shop. Not long after, Lin Yi walked out of the pharmacy as well.

"Lin Yi, where have you been? I'm a little hot," Gu Jingshu said in a daze. "Can I go to your car and take off my clothes?"

"You can go to my car, but you can't take off your clothes."

Lin Yi opened the medicine box in his hand and fed one of the pills to Gu Jingshu.

At the same time, he rubbed her temple with some balsamic oil.

Lin Yi did not know if this would work, but it was better than wasting time.

A few minutes later, under the effects of the balsamic oil, Jingshu's condition improved. At the very least, her face was not so red anymore.

"I'm sorry, I think I drank too much."

Up until now, Jingshu still didn't know what was going on. She thought that she had drunk too much and did not think about anything else.

"It's fine. Get in the car now. I'll send you to the hotel to rest for a while." Lin Yi said

"Okay."

Lin Yi helped Gu Jingshu into the car. In his heart, he was cursing all eighteen generations of Qin Han's ancestors.

I don't want to hit a home run at all. I don't want your f*cking assistance.

Lin Yi opened the window when he got in the car, trying to wake Gu Jingshu up.

"Lin Yi, thank you. If you hadn't shown up, I would have been annoyed to death by Qiao Zihao today," Gu Jingshu said as she held her forehead.

"It's no big deal." Lin Yi said. "Besides, you have to take care of Kong Jing when she's at work. I should be the one thanking you."

"I don't think I can take care of her for much longer." Jingshu said. "I get annoyed whenever I see Qiao Zihao, so I'm planning to go to another school. I don't want to be at Zhonghai First Highschool anymore."

"Do you need me to help you contact other schools?" Lin Yi asked

"That's not necessary. With my credentials, all the other high schools are fighting for me." Jingshu said

"You're good at this."

Lin Yi took out a bottle of water. "Drink more water."

"Yeah, thank you." Jingshu nodded. "But..."

"But what?"

"But I still feel a little hot." Jingshu tugged at her collar. She was in a much better state, but she was still not as clear-headed as before.

Lin Yi turned his head and saw a large patch of spring sunshine. Even her black panties were exposed.

"Don't move yet!"

Lin Yi held the balsamic oil with one hand and rubbed Jingshu's temples to calm her down.

At the same time, Lin Yi sped up and drove towards the hotel.

Although it took some time, Qiao Zihao and the others did not arrive too early. Instead, they waited for Lin Yi and Jingshu.

After they got out of the car, they saw that Gu Jingshu was holding her forehead. Thus, her mother walked over and asked,

"Jingshu, are you okay?"

"I drank too much. I have a bad headache," Gu Jingshu said weakly.

"Then let's go in and stay for a while."

"Okay."

The group of people entered the hotel. When they saw Lin Yi, the hotel security came up to welcome him respectfully.

"Big hotels are different. They are so polite to us," Gu Jingwu said. "If we went to other hotels, they would look down on us."

"I come here often and I'm a member here. That's why they are like this," Qiao Zihao said.

1

"I see."

The Gu family's impression of Qiao Zihao changed.

Although he was not as good as Lin Yi in every aspect, he was still pretty good.

Lin Yi did not know what to say.

It was already so late, yet he still did not forget to act cool.

Chen Beixuan had a successor in this man.

With his personality, if he did not reveal his identity, he would probably continue to act cool.

At the bar counter, Qiao Zihao took out his membership card. "Get three rooms."

"You don't have to pay for it," Lin Yi said.

"How can that be? I brought Uncle and Auntie here. I have to pay for it."

"Since you insist on paying, I won't argue with you."

"Haha..." Qiao Zihao laughed coldly. "Lin Yi, I think you just suggested paying out of respect. You never had any intention of paying."

"Do you think I'm the kind of person who needs that kind of money?" Lin Yi was speechless.

"Why not?" Qiao Zihao replied.

"Second generation rich kids like you like to play without paying. You don't want to pay for anything. Although I don't have as much money as you do, I'm willing to spend money for Jingshu's family. Would you do the same?"

"Don't talk about Lin Yi like that. He's not that kind of person," Jingshu said in a daze, her face flushed red again.

"Jingshu, you're a few years younger than me, so you don't have as much experience as me," Qiao Zihao said.

"I've seen a lot of people like him before, you can't be fooled by him."

"I won't allow you to talk about Lin Yi like that," Jingshu retorted. However, she did not have any firmness in her tone.

"Alright, there's no need to argue so much," Lin Yi stopped her. The most important thing now is to send her to her room, not to argue about these useless things.

"Haha, Lin Yi, I think I was right. You don't know how to refute me, do you?"

"I'm a dumb person, I can't argue with you. You can take it if you want."

"Some people are really interesting. They drive a luxury car worth tens of millions, but they can't even bear to part with a few thousand dollars. I feel ashamed on your behalf."

As he spoke, Qiao Zihao handed over his bank card.

"Swipe the card."

The female attendant at the front desk was a little hesitant and asked,

“CEO Lin, can I accept this money?”

Chapter 093: What If I Can't Control Myself Anymore?

“He's already offered the money, why wouldn't you accept it?”

“Got it, Boss Lin.”

“Wait, what did you say? You called him boss Lin?” Qiao Zihao asked in surprise.

The Gu family members were also very surprised, not knowing what was going on.

“That's right, Boss Lin is the owner of our Peninsula Hotel, so we naturally have to refer to him as Boss Lin.”

Boom!

Qiao Zihao stood rooted to the ground like he had been struck by a bolt of lightning. He almost fell to the ground.

“Lin, Lin Yi, is the Peninsula Hotel really yours?”

“She already called me Boss Lin. Doesn't that prove that it's my hotel?” Lin Yi said.

“If this wasn't my property, I wouldn't have said that I was staying here in the first place, right? But thank you for supporting my business so eagerly. I won't stand on ceremonies with you.”

Qiao Zihao's face was ashen as he finally understood.

Lin Yi did not say that he was staying here to show off, but because this was his hotel!

He did not need to pay to stay here!

“Aiya, I didn't expect this hotel to belong to my Lin,” Jianguo said.

“Okay.” Lin Yi nodded and opened up three rooms at the front desk.

“Zihao, we're already here. Little Yi will take care of the rest. I won't trouble you anymore,” Jingshu's mother said.

“Okay, okay...”

Qiao Zihao said awkwardly and then left the hotel without saying goodbye.

After getting into the car, Qiao Zihao panted heavily.

Now, he even wanted to die.

He thought that with the help of Gu Jingshu's parents, he could use this opportunity to take her down.

However, he did not expect to meet this damn guy. He completely crushed him from all angles.

He did not even have a chance to fight back.

It seemed that he had no hope of chasing after Gu Jingshu.

Because Lin Yi was by her side, Gu Jingshu's parents did not say anything.

After seeing the two of them go into their rooms, they went back to their own rooms.

Their daughter found such a good boyfriend. They could not wait for something to happen so that they could formalize a relationship.

After entering the room, Lin Yi called for a few waitresses.

He was not good at this kind of work, so he would let them do it. Furthermore, he would probably have no problems the next day if he did this.

After settling things, Lin Yi drove off alone.

After returning home and washing up, Lin Yi opened the game and prepared to play a few rounds of his video game.

He found that the 'pleated skirt' had sent him a few private messages.

Hundred pleated skirt, "Are you there?"

Hundred pleated skirt, "I'm playing the game."

Hundred pleated skirt, "Let's go fight a scumbag together!"

Invisible chicken wings, "Are you a pervert? Why are you fighting a scumbag when you're a scumbag yourself? Did the scumbag dig up your ancestral grave, or did he r*pe your anus?"

Hundred pleated skirt, "I saw a scumbag today. He got a girl drunk and brought her to a hotel. Don't you think he's a scumbag?"

Pleated skirt, "Again, I'm not a scumbag. I'm a girl!"

Invisible chicken wings, "Stop pretending. I can see the hair on your legs. Don't pretend to be a girl and disgust me."

At home, Sugar, who was curled up on the sofa, looked at his legs. Was there hair on her legs?

Pleated skirt, "Tsk, if you don't believe me, then go ahead."

Pleated skirt, "Hurry up and play the game. Carry me a few rounds."

Invisible chicken wings, "Let's play a few rounds, then I'm going to go to bed. I still have business to take care of tomorrow."

Pleated skirt, "No problem, thank you, God."

Forty minutes later, Lin Yi ended the two rounds with a one win and one loss.

Invisible chicken wings, "Your operation has refreshed my understanding of burdens. I'm so f*cking godly, yet we lost."

Pleated skirt: "God, don't be angry, I was wrong. I'll be obedient next time." She followed this with an aggrieved emoji.

Invisible chicken wings, "There won't be a next time."

Pleated skirt: "Don't, I'll send you a picture as compensation. I'll let you see if there's any hair on my leg."

Invisible chicken wings, "Don't disgust me, go to sleep."

Invisible chicken wings, "With your combat ability, you'll be a scumbag in the future!"

Lin Yi did not reply to the rest of the message and went straight to sleep.

Lin Yi opened his eyes at six the next morning.

Lin Yi wanted to sleep a bit more, but his circadian rhythm had not adjusted yet.

Secondly, he had to report to the university today, so he could not be late for the first day of work.

After washing up, he changed his clothes and prepared to leave.

He looked around the garage and finally decided to drive his stupid Shari.

There were so many people in the school, and it was a bit eye-catching to drive a supercar.

It was his first day of work, so he had to keep a low profile and see what the situation was like.

After all the preparations were done, Lin Yi went out. As soon as he got into the car, Ji Qingyan called him.

"Are you up? I want to take your car to work."

"I'm afraid I can't do that anymore. I'm not going to drive for Didi anymore. I'm going to change to another job."

"You've changed jobs?"

"Yeah."

Lin Yi was not short of money, and he was only driving for Didi to experience life.

Now that he had experienced it enough, it was normal for him to change to another job.

"What job did you change to this time? It can't be delivery or express delivery person, right?"

These two jobs did not have many barriers, and Lin Yi could easily handle them.

"I'm a teacher at a university. It's my first day of work today, so I can't send you to work."

"What did you say? You're a teacher at a university?"

Ji Qingyan's tone was shrill. She could not believe what Lin Yi said.

"I'm just going to work at a university. Do you have to give such a big reaction?"

“Even you said it yourself. It’s a university. Do you think anyone can just walk in there?” Ji Qingyan asked.

“Oh right, you haven’t told me which university you’ve gone to. What position exactly?”

“Zhonghai Normal University, the Secretary of the College’s Committee.”

“I see.”

Ji Qingyan was quite familiar with the university’s situation.

The staff of the school committee were not exactly committed to teaching, so they did not have very high requirements. It was understandable that Lin Yi could get a job there.

“Now that you’re working in a university, I won’t be able to take your car anymore, right?”

“That’s not what you said. I can still do it when I’m free.”

“Actually, it doesn’t matter. I can just drive myself,” Qingyan said.

“You’re just experiencing life anyway. When are you coming back to the company to experience a desk job? I’ll pay you double.”

“Didn’t I work at the company before? I’ve already experienced it.”

“That’s in the sales department.” Qingyan said with a smile.

“I can let you be my secretary this time. Are you interested?”

“Is it the personal type?” Lin Yi said. “If that’s the case, I might consider it.”

“You’re just dnady.” Ji Qingyan said proudly. “Alright, I won’t waste your time. Head to work now, so you won’t be late on your first day.”

“Alright, we’ll talk later.”

After hanging up, Lin Yi drove toward Zhonghai Normal University.

When Lin Yi arrived there, it was the busiest time of the day.

It was a beautiful sight to walk around in a school with so many boys and girls, looking at the beautiful white thighs.

1

Seeing Lin Yi walking towards them, the female students who were going about lost their composure.

“Look, that boy is so handsome.”

“Is he a student at our school? He looks a little mature.”

“He doesn’t look like a student. He might be a teacher.”

“If our school had such a handsome teacher, I would definitely attend class every day and never skip class again.”

Lin Yi walked through the crowd and followed the signpost to the school committee's office in the main building. He then knocked on the door.

"Please come in."

Lin Yi pushed the door open and entered after getting a response.

There were six desks inside, and four of them were empty.

One of the desks was clean, and there was nothing else on it except for the computer.

If everything went as planned, this desk should be his.

"Hello, my name is Lin Yi. I'm a newly-hired school committee member. I'm here to report for duty today."

"Okay, okay, okay. There's an empty desk over there. The director went out on an errand and will be back soon. You can just report to her later."

The person who spoke was a middle-aged man in his forties. He wore thick glasses and was very enthusiastic.

However, Lin Yi noticed that the other female teacher was looking at him strangely.

What was going on?

They should never have had any previous interaction, right? Why was she looking at him like that?

Was she attracted by his looks?

Song Jia, who was sitting by the window, widened her beautiful eyes. She never expected this.

Her new colleague was actually the scumbag that she had met the day before!

Was this not a little too much of a coincidence?

However, then again, although he was a bit of a scumbag, looking at him up close, he was really handsome!

What if she could not control herself anymore?

Chapter 094: Sugar's Show of Force

"I've already cleared your desk for you. Have a seat over there," the male teacher said.

"Let me introduce myself first. My name is Li Xingbang, and this is Song Jia. There are four other people who are currently busy. You can meet them when they come back."

"Okay, thank you, Teacher Li," Lin Yi said with a smile.

His new colleague wasn't too bad. They should be able to get along very well in the future.

"Teacher Song?"

Seeing that Song Jia was still in a daze, Li Xingbang probed.

“Brother Li, you called for me.”

“Why are you still in a daze?” Li Xingbang teased, “What’s the matter? When you saw that teacher Xiao Lin’s looks are outstanding, did you get any ulterior ideas?”

“No, no.” Song Jia said nervously, “Brother Li, you’re already an adult, yet you’re still making fun of me. That’s too unkind.”

Li Xingbang laughed out loud. “Teacher Lin just came to work and doesn’t know anything. Give him a brief introduction of the work of the school’s Youth League Committee.”

“Oh, okay.”

Song Jia answered randomly, she said, “The main work of the school’s Youth League Committee is to manage the student organization, be in charge of the ideological publicity, run student job creation organizations, and implement the various policies and guidelines of the school’s leadership. Other than that, there are some other jobs that I can’t explain in detail. You’ll slowly become familiar with them over time.”

“Okay, thank you.”

“That’s all for now. As for the specific job that I’ll arrange for you, it’ll depend on the director’s arrangements.”

“Got it.”

Then, Li Xingbang went to the filing cabinet and prepared a set of office supplies for Lin Yi.

“Xiao Lin, tell me the size of your clothes later, and I’ll apply for a set of work clothes for you.”

“Okay, thank you, Brother Li.”

“You’re welcome. We’ll be colleagues from now on.”

After a simple exchange, the people in the office began to busy themselves.

Song Jia held her phone and sent a WeChat message to Suge.

Song Jia, “Sister Su, when are you arriving at the office? Something big just happened!” Followed by a frightened expression.

Sugar, “I’ve already entered the school gate.

“What Happened?”

Song Jia, “Do you still remember that handsome guy we saw at the entrance of the barbecue restaurant yesterday?”

Sugar, “Your Infatuation has blinded you again, right? He’s clearly a scumbag.”

Song Jia, “But he’s the new member of the school’s committee who was hired yesterday! He’s already in the office.”

Suagr, “No Way. What a coincidence!”

Song Jia, "I couldn't believe it at first glance either, but I wasn't mistaken. It's really him."

Sugar, "Just find an excuse to get rid of him. I don't want a person with bad conduct to work in the school's Youth League Committee."

Song Jia, "But he already passed the interview, so we don't have the right to dismiss him."

Sugar, "Isn't there a probation period? I'll report it to the school afterwards and say that he didn't pass the probation."

Song Jia, "Sis Su, the probation clause in the contract is just a formality. There are so many teachers in our school, but we haven't seen anyone who didn't pass the probation period."

Suagr, "That's it, he's the first one."

Not long after, the office door was pushed open and Suge walked in.

Lin Yi quickly realized that he had a female boss this time.

She was tall and slender, with a voluptuous figure. Her eyes were like autumn water, and her eyebrows were like distant mountains.

Her white dress covered her exquisite curves perfectly, giving her the demeanor of a female executive.

Li Xingbang stood up after Sugar entered.

"Miss Lin, allow me to introduce you. This is Director Sugar from our school committee."

As he spoke, he turned to Sugar

"Director Su, this is the newly-hired School Committee's Secretary, Lin Yi."

"Okay, I got it."

Sygar glanced at Lin Yi indifferently, her beautiful eyes filled with disdain. She then walked back to her office in her high heels.

Hmm?

Lin Yi was a little confused.

Was Director Su on her period?

He had only just come to work, yet this was her attitude?

Did she look like her ex-boyfriend?

Sugar returned to her office, and Song Jia followed closely behind.

"Sister Su, have you thought about how to deal with it?"

"Do you need to think about it? Just find a random reason to get rid of him."

Song Jia curled her lips. Judging from Sister Su's attitude, she was determined to chase Lin Yi away.

In the office, Sugar took off her dress and took out the uniform from her wardrobe before putting it on.

“Sis Su, do you need me to help you with your buttons?”

“Don’t be so rude. Do you ever need help with your buttons?”

“It’s mainly because my assets are too small, so I don’t feel anything when buttoning up,” Song Jia teased. “It’s not like you, Sis Su. You can even pop the buttons just by flexing.”

“Go, go, go. You even dare to joke with me. Would you believe me if I said I’d deduct your salary?”

Sugar was also a little puzzled. Her food and clothes were not any better than normal people’s, so how did she grow so big?

If he did not wear a smaller size, he would not be able to wear his work uniform.

Song Jia chuckled and asked in a low voice,

“Sister Su, do you think what happened yesterday could be a misunderstanding?”

“A misunderstanding?” Suge asked. “You mean, he got that woman drunk, sent her to a hotel to rest, and then left alone?”

“Yes, that’s what I meant.”

“Are you really stupid or pretending to be?” Suge was speechless. “If it were you, would you do that?”

“I don’t think so.”

“That’s it then.”

“But he’s really handsome. He can still look good in the office,” Song Jia said as though she were smitten.

“If you don’t even have this bit of willpower, be careful that he doesn’t hurt you one day.”

Song Jia pursed her lips and complained in her heart, “He’s so handsome. It’s okay to be hurt once in a while, as long as there are no accidents.”

“By the way, how are the graduates from the Tourism Academy handling the internship employment?” Sugar asked.

“Only the students majoring in hotel management have yet to find a place for an internship. We’re trying to get in touch with them.”

“Aren’t there any suitable employers?”

“Yes, there are. However, those units don’t want to pay, and they take care of their own food and accommodation. We haven’t been able to reach an agreement,” Song Jia said helplessly.

“These people are too evil. Are they treating our students as coolies?”

“You can say that. In any case, we only have one major left who doesn’t have internships. The higher-ups have grilled me many times about this, and I don’t know how to deal with them.”

“Give me the specific list, and I’ll handle this.”

“Okay, I’ll send it to your email.”

After a simple discussion, Song Jia returned to her seat with a face full of regret.

With Sister Su’s temper, she definitely would not keep Lin Yi around.

Sigh... too pitiful.

Not long after, Sugar walked out with a few pieces of A4 paper and placed them in Lin Yi’s office.

“Teacher Lin, I have a task for you now,” Sugar said lightly.

Song Jia and Li Xingbang glanced at the A4 paper on the table and saw that it was a list of graduates from the hotel management major.

Both of them had a bad premonition in their hearts.

Was Lin Yi supposed to contact the internship unit?

Wasn’t that ridiculous? He had not even learned the details of the school committee’s work on the first day, and he was already asking him to contact the internship unit?

It was asking for too much!

Chapter 095: Sales Promotion for Mrs. Oral Liquid

“What mission?”

Lin Yi did not have many thoughts about this. He had come all the way here, so he naturally had to complete the mission.

There was not much to say.

“This is a list of 32 senior graduates from the hotel management major. The school needs to contact the internship unit because they are in a hurry. They have to secure a company to intern in within three days,” Sugar said.

“Understood.”

Lin Yi studied marketing when he was in university. Back then, the school also provided him with an internship position when he was about to graduate.

It was precisely because of his outstanding performance during the internship that he was able to work for Chaoyang Group.

“Although it’s an internship, the school still has its requirements,” Sugar said.

“The internship salary must not be less than 3,000 dollars, and it must also include food and accommodation. This is the most basic requirement.”

Lin Yi paused. This was very difficult.

He remembered that when he was an intern, the internship salary was only 1,000 dollars, and it did not include food and accommodation.

Zhong Hai Normal School was just a small undergraduate university, and it had such a high internship requirement.

You must be f*cking kidding me.

Song Jia and Li Xingbang were shocked. Wasn't Director Su being a little too difficult?

According to the rules of the school, only outstanding graduates with distinctions in more than half of their classes were qualified to get an internship.

Now, Lin Yi had to get internships for all 32 students, which was like doubling the difficulty!

Most importantly, asking for an internship salary of no less than 3,000 dollars was a little too much.

"I'll try," Lin Yi said casually. "But this task is a little difficult. It's my first day here, so I'm not familiar with the business process yet."

That was what he said, but this task was not difficult for Lin Yi at all. He could complete it in under a minute.

However, at the end of the day, it was his first day at work, and he was already being handed such a difficult task.

This woman had ulterior motives, did she not?!

If it were anyone else, they definitely would not have been able to complete it.

"I know, but the male teachers in the office are all busy, so I can only arrange for you to go," Sugar said calmly.

"All the male teachers are busy?"

Lin Yi turned around and gave Li Xingbang a meaningful look.

Suge, "..."

Song Jia, "..."

"Cough cough cough." Li Xingbang coughed a few times. "Miss Lin, what Director Su means is that you should not think too much about the other young male teachers."

"Oh, so that's what's going on. I was overthinking it."

"Little Lin, you just arrived and aren't familiar with the business. I'll come with you and show you the ropes," Li Xingbang said with a smile.

"There's no need to show him the ropes," Sugar said. "Li, I'll prepare some other tasks for you later. Just let him go by himself."

Li Xingbang shrugged and flashed a helpless expression.

He did not understand why director Su would have a problem with a new colleague.

“Oh right, there’s something important I need to tell you,” Sugar said.

“Go ahead.”

“It’s written in your contract. This job has a one-month probation period. This mission will be your entrance exam.”

‘Sh*t!’

Lin Yi’s face darkened. ‘Are you kidding me?’

“Director Su, will I be fired if I don’t complete this mission?” Lin Yi asked.

“That’s possible. It’s a school rule, after all. I’m just doing things by the book. I hope you can understand.”

‘Understand my foot!’

Lin Yi cursed in his heart. ‘Do I really look like her ex-boyfriend?’

He could not be that unlucky, could he?

“Alright, I don’t have anything else to say. Finish what you’re supposed to first, and we’ll talk about the rest when you’re done.”

With that, Sugar returned to her office, not giving Lin Yi a chance to question her.

Song Jia pursed her lips. Sister Su was too ruthless.

Lin Yi sat in his chair, bored. He had to persevere for his mission reward.

[System mission completed. Reward 200,000 experience points.]

The corners of Lin Yi’s mouth curled up when he heard the mission notification in his mind. He could get whatever he wanted!

This mission could be completed in minutes. All he had to do was call Wang Tianlong and ask him to settle it.

200,000 experience points was not a small amount.

Lin Yi had a feeling that the reward might explode again.

“Lin, I can’t help you with this. You have to rely on yourself,” Xingbang said.

“But I can give you some ideas.”

“Li Bro, go ahead.”

“With the size of our school, it’ll be impossible to find a large-scale hotel for an internship,” Xing Bang said.

“I suggest that you target a three-star hotel. That might increase the odds of success.”

“Three-star?” Lin Yi asked. “Isn’t that a little too low?”

“It’s not too low,” Li Xingbang said. “After all, our school isn’t 985, nor is it 211. It’s just an ordinary undergraduate school. Many hotels won’t be willing to accept it.

“But then again, if you encounter a suitable four-star hotel, you can try it, but the chances of that are slim. In general, it’ll be useless to go there, so just focus on the three-star hotels.”

Song Jia sat on the chair in boredom.

It was useless to tell him more.

Even Sister Su could not solve the internship problem regarding the hotel management majors. How could he have a solution?

No matter how hard he tried, he would still be fired in the end.

Sigh, what a pity for such a handsome brother.

“Okay, I got it. Thank you, Brother Li.”

“Don’t thank me. I didn’t help you much.” Li Xingbang looked at his watch. “You’ll be okay, just go do your work now.”

“Okay.”

Since he could finish the task any time he wanted, he might as well go out for a walk instead of staying here.

At this time, Sugar walked out of his office and handed a document to Song Jia, as if she had work to arrange for her.

“Director Su.” Lin Yi said before he left.

“Why, is there anything else?”

“A friend of mine opened a new health product store.”

“And? What does that have to do with me?” Sugar said lightly.

“There’s a sale on Mrs. Oral Liquid. Buy one box and get one free. I’ll buy some for you when I get back.”

Lin Yi opened the door and left.

After Lin Yi left, the office was completely silent. An awkward silence filled the room.

“I, I need to go to the toilet...”

Seeing that the atmosphere wasn’t right, Li Xingbang used his bladder as an excuse to escape from the office so that he would not be implicated.

Sugar was so angry her face turned pale!

He actually wanted to buy Mrs. Oral Liquid!

What did he mean by that?

“Su... Sister Su, calm down. He might just be concerned about you and sucking up to the leader.”

“What do you mean by concerned about me? I’m only 28! Why would I drink that thing!”

“It’s better to plan ahead. Drink early to start prevention early,” Song Jia said while holding back her laughter.

“I think you also don’t want to work here anymore!”

Chapter 096: “I’m Not Even As Pretentious As You.”

Lin Yi left the office and went to his poor little Shari.

At that moment, Bi Songjiang called.

When he went to the Wangjiang Dock for a meeting, he had told them to upgrade everything.

1

They probably had some updates now.

“President Lin, do you have time now?”

“What’s the matter? Just say it.”

“It’s like this. We sent out the bidding proposal the day after your meeting. There are two companies preparing to bid, and they will come with the proposal today. It’s such a big matter that it needs President Lin to decide on the final contractor,” Bi Songjiang.

“If President Lin doesn’t have time, I can inform them to come another day.”

“No need, I have time now.”

“I’ll wait for you at the office.”

“Okay.”

After hanging up, Lin Yi was not in a hurry to call Tianlong.

It would not be too late to inform him after he was done with the Wangjiang Dock matter.

After making up his mind, Lin Yi drove his Shari to Wangjiang Dock.

Looking at the entire dock from afar, Lin Yi’s lips curled into a smile.

The first step of expanding his territory was about to start here.

He walked around the parking lot and found a parking spot. Before Lin Yi could reverse his car, someone said,

“Be careful, don’t touch my car!”

“Are you talking to me?”

Lin Yi poked his head out and saw a woman in a black dress standing on his left. Her long black hair was curled into waves, her face was covered in makeup, and she had a pair of high heels on. She looked very worldly.

“Is there anyone else here besides you?”

Lin Yi looked around and saw an Audi A8 parked behind the woman. It was several grades better than his Shari.

“Don’t worry, I won’t touch your car,” Lin Yi said casually.

“I’m just afraid that you’ll touch it.” The woman held the document bag and said, “My car is worth more than a million. If you touch it, you won’t be able to afford to pay for it even if you sell yourself.”

Lin Yi laughed. Driving an Audi A8 and feeling superior?

“Isn’t it just an A8? I wasn’t as pretentious as you when I drove a Lykan.”

“Isn’t it just an A8? Lykan?” The woman laughed. “What, did I drive a million-dollar car and hurt your dignity? I think you’re only dreaming of driving a Lykan, you idiot!”

After she spoke, the woman in the black dress left in her high heels. Lin Yi didn’t know what to say. Were all people this confrontational nowadays?

Should he be a little more high-profile?

After parking the car, Lin Yi walked towards the office building at the dock.

At this time, there were more than twenty people sitting on both sides of the long table in the conference room. The atmosphere was heavy and tense.

“Director Guan, if I remember correctly, this is the third time we’ve bumped into each other because of the same project.”

The man who spoke was wearing a suit and a pair of rimless glasses. His smile was indifferent and full of confidence.

The man’s name was Ren Yongjun. He was the general manager of Zhonghai Ryder Design Co. Ltd. It was ranked the number one design company in all of China.

Sitting opposite Ren Yongjun was a woman in red. She was about 30 years old and had a beautiful round face. She looked somewhat cute.

The woman’s name was Guan Ya. She was the general manager and chief designer of Zhonghai Yaluo Design.

She was the other bidder for this project.

“Then it can only be said that the road between enemies is narrow,” Guan Ya said calmly with a hint of wariness in her eyes.

When it came to the national ranking of design companies, her company was at a disadvantage. Therefore, her chances of winning this bid depended entirely on luck.

“We’re old friends after all. Your resentment is too great.” Ren Yongjun smiled and said, “Didn’t I just snatch two of your bids? Now, when you run into me it’s like meeting an enemy.”

“Victory and defeat are common occurrences in war. Although we lost the previous two times, this time, we are fully prepared. Don’t be too confident.”

“I know that your Yaluo specializes in outdoor landscape design, and we specialize in indoor design. But this time, we have filled in our shortcomings of the outdoor design, so your advantage is completely gone.”

“I can’t agree with President Ren’s words,” Guan Ya said faintly.

“More than 60% of the outstanding outdoor designers in the country are all in our company. I’m afraid that your so-called solution still puts you some distance away from us.”

Ren Yongjun shook his finger and smiled.

“Naturally, there aren’t many talents to choose from domestically, but what about abroad? President Guan, don’t forget about this.”

“What do you mean?”

“To tell you the truth, we have spent a lot of money to invite Mr. Larry Keller to become our Chief Design Consultant.” Ren Yongjun said, “President Guan, as an outstanding person in the design world, you should know who Mr. Larry Keller is, right?”

“You actually invited Larry Keller!”

Upon hearing this news, Guan Ya could not sit still.

Forget her, even a newbie in the industry knew Larry Keller’s name!

The famous Palm Island in Dubai was personally designed by him!

If Ren Yongjun really invited him to be a design consultant, her advantage would be completely gone!

“That’s right. Don’t doubt my words. I never play games.”

The design team beside Guan Ya had an unnatural expression on their faces.

They did not have an advantage in terms of reputation, to begin with. If Larry Keller was in charge of the other side, it would be even harder to win this project.

At this moment, the sound of high heels could be heard before a woman wearing a black wrap dress walked in.

“Qianqian, why are you so late? The meeting is going to start soon,” Ren Yongjun said.

“I met a vagrant in the parking lot just now. I was afraid that he might bump into my car, so I watched him for a while.”

The woman’s name was Xu Qianqian. She was Ren Yongjun’s senior assistant and also a well-known designer in the industry.

She used to go to Tsinghua University with Guan Ya. However, due to her talent, she became famous even though her development was not as rapid as Guan Ya's.

"Forget it for now. Remember to be early next time. It's such an important occasion. If we're late, people will think that we're not professional."

"Got it, President Ren."

As she said this, Xu Qianqian looked at Guan Ya. "Yo, President Guan hasn't left yet? Do you still intend to stick around?"

"Don't think that just because you got Larry Keller that you have a guaranteed victory. How can a foreigner have a better understanding of China's market and the preferences of our people? We still have the advantage."

"You're still the same as before. You won't shed tears until you see the coffin. What's the point of all this struggling?" Xu Qianqian said with a smile.

"If I were you, I would have left a long time ago. I wouldn't want to lose face later."

"If you have the time, you should think about your own bidding proposal. Why are you talking so much?"

Xu Qianqian shrugged. "Then we'll see. We really haven't lost to Yaluo before."

At that moment, footsteps came from the corridor, and the door to the meeting room was pushed open. Bi Songjiang walked in alongside Lin Yi.

"Director Lin, this way please."

Chapter 097: Lin Yi's Ambition

Lin Yi arrived at the meeting room under Bi Songjiang's lead.

The people from both companies were surprised to see Lin Yi.

No one expected that the hidden boss in charge of Wangjiang Dock would be so young!

And so handsome!

"I... it's You!" Qianqian's eyes widened.

"Oh? Qianqian, do you know President Lin?"

Ren Yongjun's face lit up. He already had the advantage. If Qianqian had a personal relationship with Director Lin of Wangjiang Dock, the deal would be done and dusted!

Some people were happy while others were angry. The people on Guan Ya's side all had ugly expressions on their faces.

If Qianqian really knew the boss of the Wangjiang Dock, then their side would have no chance at all.

"This woman. Is she an employee of your company?" Lin Yi asked.

“Yes, yes, yes.” Ren Yongjun stood up and said, “Qianqian is a senior designer of Ryden design. She has received a lot of international bonuses and is very famous in the circle.”

Guan Ya’s face was ashen as she held her forehead in pain.

She had been rushing for the plan day and night. She never thought that she would lose in such a way.

“If that’s the case, you guys can leave first. We don’t need you here anymore,” Lin Yi said lightly.

“Huh?”

Everyone was stunned.

What was that? Didn’t they have a personal relationship? Why was he chasing them away?

Ren Yongjun’s expression froze as he tried to probe.

“Lin, I don’t quite understand what you mean. Our Ryden design has a lot of experience and is famous in the industry. We’ve even hired the famous Larry Keller as our chief consultant. We’ll definitely be able to complete this mission.”

“I believe that you guys have the ability, but this senior designer of yours is already driving an Audi A8. I’m afraid someone like me who only owns a Shari can’t afford to hire you guys.” Lin Yi spread his hands, “I can only say that I’m sorry.”

Ren Yongjun turned around abruptly, his eyes filled with anger.

“Qianqian, what’s going on?!”

Xu Qianqian was restless. She quickly got up and stood in front of Lin Yi.

“Director Lin, it’s my fault. I apologize to you and beg you to give us another chance.”

Everyone understood what was going on.

When Qianqian came, she mentioned that she had a conflict with a person.

Combined with Director Lin’s words, the person was probably Director Lin!

Guan Ya and her team of designers looked at each other in dismay.

They felt that this was a little unbelievable.

How could he drive a car like the Shari when he was already in charge of such a huge business at such a young age?

“Opportunity?” Lin Yi’s expression was cold. “People like you guys... I really doubt your professional ethics, so let’s stop here. Let’s not waste each other’s time.”

“Hmph, isn’t it just one project?” Xu Qianqian said. “If you don’t use our Ryden design, you’ll regret it!”

“You won’t regret it? Do you have diamonds on you?”

“You!”

Xu Qianqian's face was livid, she looked at Ren Yongjun and said, "President Ren, I don't think there's a need to take on this piece of business anymore. He's only driving a Shari and he probably won't be able to pay much for the design. Let's go. What's the point of serving a party like this?"

"Get lost!"

Ren Yongjun cursed, "From now on, Ryden doesn't want you around!"

Xu Qianqian was stunned. "President Ren, you..."

"You said that President Lin won't be able to pay much for the design?"

"President Lin drives a Shari because he's low-key! Do you think that everyone is as pretentious as you?"

"President Lin's Pagani is enough to buy 20 A8s. Other than being pretentious, what else do you know? Get lost!"

Ren Yongjun was so angry that he was out of breath. In the entire company, he was the only one who knew how big this project was. The design cost for the first phase alone was as high as 30 million dollar. There were still expansion projects for the second and third phases, in which the design cost was at least 100 million dollars!

If he did not fire Xu Qianqian, his company would have no chance at all!

"He... he has a Pagani..."

Qianqian's head was buzzing.

She finally understood that there were really people who kept a low profile in this world!

"Alright, you guys can leave too. I have nothing to talk to you about, Ryder," Lin Yi said lightly.

"Boss Lin, calm down and let me explain."

"I don't want to hear it anymore. Just go."

Seeing that Lin Yi had made up his mind, the people from Ryder design sighed and left.

The piece of meat that was in their mouths was gone just like that.

Ryder Design gave Guan Ya and the others a chance.

They were the only ones bidding now, so there should not be any accidents.

"Alright, it's just you guys now. Let's cut to the chase and get straight to the point," Lin Yi said.

"Got it, Boss Lin."

Guan Ya stood up and put the plan she'd prepared up on the big screen.

"If we want to turn Wangjiang Dock into the world's largest cruise ship pier, we need to do it in two steps."

"The first is to upgrade the existing facilities, and the second is to expand."

“The first phase of the project is mainly to upgrade and transform Wangjiang Dock into the best cruise ship pier and turn it into a new revenue stream for the city. This will affect Boss Lin’s reputation as well.”

Then, Guan Ya presented her design plan to Lin Yi in a very comprehensive manner.

After that, Guan Ya looked at Lin Yi and asked tentatively, “What do you think, Director Lin?”

“It’s a good idea,” Lin Yi said. “Although I really want to turn Wangjiang Dock into the largest cruise terminal in the world, it’s not something that can be done in a day. Let’s start with the upgrading first.”

“Thank you for your affirmation, Director Lin,” Guan Ya said. “According to our initial budget, the upgrade cost is around 200 million.”

Guan Ya did not beat around the bush and directly stated her price.

“If I give you 200 million, how far can you go?”

After hesitating for a few seconds, Guan Ya said, “If you don’t consider the scale and start only on the quality, you will be among the top five docks in the world!”

“If we give you 400 million, how much can you achieve?”

The people from Yaluo Design were secretly shocked!

This CEO Lin was too rich. Not only did he not bargain, he even doubled the price.

This time, it was Guan Ya’s turn to be nervous. Before this, she had never thought of such a possibility.

“Number one in the world!” Guan Ya answered confidently!

The infrastructure of Wangjiang Dock was very good. If they had 400 million in funding, it would not be a big problem for them to become number one in the world!

However, Guan Ya never thought that the young man sitting in front of her would have such ambition!

Even so, Guan Ya was still underestimating Lin Yi.

His ambition was not just to become the best in the industry.

“If I give you 800 million yuan, do you have the confidence to put Wangjiang Dock more than ten years ahead of the rest of the industry?”

Chapter 098: Which One is the Boss Going For

The office was completely silent!

Everyone was shocked by Lin Yi’s words!

Wasn’t this a little too crazy?

Guan Ya clenched her fists tightly. She knew that this was her chance!

Now that the conditions were good enough, the rest was up to her to seize this opportunity!

Lin Yi was not in a hurry. On the contrary, he was very satisfied with Guan Ya’s attitude!

If she agreed right away, then he would have to seriously consider whether to cooperate with them.

The silence lasted for more than three minutes. Guan Ya looked at Lin Yi with a burning gaze and enunciated each word clearly.

“If Lin can really come up with 800 million dollars, I’m confident that Wangjiang Dock will be ten years ahead of the industry, or even more!”

“Okay!”

Lin Yi said, “I’ll pay 200 million in advance, and I’ll pay according to the progress of the project in the later stages.”

Lin Yi had learned this method of payment from Chaoyang Group. Party A’s project funds were paid in batches, not in one lump sum.

“No problem. As long as Lin’s project funds can keep up, I’m confident that I can complete this mission.”

“Alright, that’s it for today then. You guys go back and plan the second phase of the project. Come up with the plan as soon as possible. Don’t drag it out for too long.”

“Alright, I’ll do it as soon as possible.”

Lin Yi nodded and got up. He left Wangjiang Dock under the escort of a group of executives.

Yaluo’s designers stayed in the meeting room. They had not calmed down yet.

This short meeting was like a roller coaster for Guan Ya. It was too exciting.

“Director Guan, do you know who this Lin Yi is? Isn’t his ambition a little too big?”

“It’s not just big, it’s already beyond our imagination.”

Recalling the conversation with Lin Yi, Guan Ya had a premonition that the man who had just left might change the world!

Lin Yi did some calculations in his mind as he left Wangjiang Dock and went to his Shari.

The system had rewarded him with 500 million, he had given the orphanage 100 million, bought cars in Yangcheng for 150 million, and had about 250 million on hands. He only had 50 million left after deducting the money he’d paid in advance for the project.

It was really an expensive job.

As expected, even with the system, he was still poor.

There were 80,000 characters in the world, and the word ‘poor’ was the most hurtful one.

After sorting out the matters in front of him, Lin Yi called Tianlong.

“Director Lin, you called me.” Tianlong said with a smile on the phone.

“Wait for me at the entrance of Zhonghai Normal University.”

“Is there another mission?”

“Yes, I’ll tell you the details when we meet,” Lin Yi said. “By the way, buy two boxes of Mrs. Oral Liquid before you come here. After that, you can get the financial department to reimburse you.”

“Got it, Boss Lin. I’ll go now.”

After giving out the orders, Lin Yi looked at his watch.

The Peninsula Hotel was not far from the university, so Tianlong Wang would be there soon.

He had to hurry up. If nothing unexpected happened, he would be able to settle this matter before noon.

..

Zhonghai Normal University, College Committee office.

Dang dang dang.

“Come in.”

Somebody knocked on the door, and a middle-aged man in blue uniform came in from outside.

“Teacher Li, didn’t you ask for a uniform this morning? I brought it for you.”

“Sure, thank you, Wang Gong.”

“You’re welcome.” The middle-aged man smiled. “Here you go. I’m leaving now.”

When she saw that the uniform had been sent over, Song Jia said.

“Li Bro, I think you should send this uniform back. Lin Yi won’t have the chance to wear it.”

“That’s not good. I already said I’d apply for his uniform. It would be bad if there’s no movement on that part.” Li Xingbang said awkwardly.

“Director Su gave him three days. To be honest, he’ll be gone in three days. It’d be a waste to apply for his uniform.”

Song Jia did not want Lin Yi to leave either, but if sister Su did not want him to stay, then he would have to leave.

There was no way an arm could beat a thigh.

“Sigh...” Xingbang sighed and agreed.

“Let’s keep it for now. We’ll have time to send his clothes back when Teacher Lin really leaves.”

It was Lin Yi’s first day at work, but Li Xingbang thought that Lin Yi was a nice guy. He was easy to get along with, and he did not want him to leave just like that.

“That’s impossible,” Song Jia said. “We’re not the only ones working hard on this. Even Director Su is trying to think of a way to take care of this. It’s been months, and we still don’t have a clue how. Lin Yi is a newcomer, and he doesn’t have any experience. It’s impossible for him to secure the internships right now.”

“Why do I feel like Director Su is purposely making things difficult for Lin Yi? It’s only their first day meeting, so there shouldn’t be any enmity between them.”

“I don’t know about that,” Song Jia Lied. “I only know that Director Su doesn’t want to keep him. If it’s possible, she doesn’t want him to stay in the office for the next three days either.”

“Sigh, although Lin is good-looking, he seems to be quite down-to-earth. He’s not impatient at all, and he’s perfect for the group committee. It’d be a pity if he leaves.”

Song Jia shrugged. “There’s nothing we can do about it. It’s only a matter of time before he leaves. No one can stop it now.”

Thud thud thud.

The sound of high heels could be heard as Sugar walked out of his office.

“Let’s go. It’s noon, so let’s go eat ,” Sugar called out to Song Jia.

“Yeah. Brother Li, do you want to come along?”

“Sure, I’ll pack my things. Let’s go together.”

“What’s with the uniform? Does someone want to change?” Sugar asked.

“Li Bro prepared it for Lin Yi,” Song Jia replied.

“Li, return the uniform later. Don’t waste it,” Sugar said. “Also, pack the office supplies on his desk. He’ll leave in a few days. There’s no need to prepare these things for him. It’ll just be a waste.”

Li Xingbang curled his lips. Song Jia was right.

Director Su really did not want to keep Lin Yi around.

“Got it, Director Su. I’ll pack up after eating.”

“Okay, let’s go eat now.” Sugar combed her hair and prepared to leave.

Just then, the office door was pushed open and Lin Yi and Tianlong walked in.

The three of them were a little surprised to see Lin Yi back. How long had it been since he had left.

Did he come back for lunch?

Besides that, Tianlong’s presence also made Sugar and the others suspicious.

Why did he bring an outsider into the committee’s office?

Did he have any manners?

Tianlong was a little nervous as he followed Lin Yi.

His eyes darted back and forth between Sugar and Song Jia.

One was pretty, petite, and cute, while the other was valiant and had a proud aura. They were both considered beauties.

Which one was the boss going after?

If he got it wrong, he'd be screwed.

Chapter 099: You Shouldn't Get Mrs. Oral Liquid For Free

"Lin Yi, this is the committee office. Outsiders are not allowed in here. Don't you know the rules?" Sugar said.

Lin Yi pursed his lips. It seemed like he had been correct in buying the Mrs. Oral Liquid!

"Didn't you ask me to contact the internship department? Now that I've contacted them, can't I bring the people with me?"

"What did you say? You've contacted the internship department?"

"Yeah." Lin Yi said as he sat on the sofa. "His name is Wang Tianlong, the general manager of the Peninsula Hotel. I don't understand the details of the internship for a graduate in hotel management, so you can just talk to him."

"What did you say?!"

"He's the manager of the Peninsula Hotel?!"

Sugar widened his beautiful eyes, disbelief written all over her pretty face.

The Peninsula Hotel was a super five-star hotel in Zhong Hai. It was a super luxury hotel that could be ranked among the top three hotels in the city.

Lin Yi found the manager of the Peninsula Hotel?!

Did I mishear?!

"Hello, let me introduce myself. I'm Wang Tianlong, the manager of the Peninsula Hotel. I'm in charge of all the hotel operations."

Wang Tianlong handed over a business card as he spoke, "I've long heard of your school's name, and I believe in the quality of your graduates. We can accept 32 graduates studying for a hotel management degree with a salary of 3,500, including room and board. What do you think?"

If Lin Yi was Qianlong, Tianlong Wang would definitely be the best candidate for he shen. At the very least, he would be a eunuch director.

1

The reason why they increased the salary by 500 was to give face to their boss.

It did not matter if they lost some money, but they could not delay the old man from picking up girls.

"Huh? They actually gave such a high salary?"

Sugar and the others were dumbfounded. They could not believe their ears.

In reality, their genuine requirements weren't that high. The company would either have to pay for the internship, or they would have to pay for food and lodging. Either way, the students had to be self-sufficient. They just did not want the students to pay for the experience themselves.

However, now, not only was the hotel paying 3,500 for the internship, but they also provided food and lodging!

Even if they graduated and went out to look for a job right now, they would not get a better deal than this.

Most importantly, it was the super five-star Peninsula Hotel!

To put it bluntly, to be able to go to such an enterprise for an internship was very attractive, even if they did not pay a salary!

"If your school is dissatisfied with something, we will continue to talk," Wang Tianlong said with a smile.

"No, no, no. We are already very satisfied with this result."

Sugar could not calm down for a long time.

She had been trying to look around for several months, but she found nothing suitable. He had gone out for an entire morning, and he had actually found the manager of the Peninsula Hotel, and the latter had even given him such a generous treatment.

This... This was too amazing!

"You guys can talk about the specific details yourselves. It's already noon. I'm going to eat."

"Bro Lin, wait for me, Let's go together," Xingbang said.

"Sure, I'd enjoy some company."

Lin Yi and Xing Bang left together, leaving Tianlong behind.

As for how they talked about it, that was up to them.

In short, once the internship contract was signed, the system's mission would be completed.

It was awesome.

The cafeteria used credit cards, so cash was not allowed. Even so, Xingbang bought the lunch.

The two had just finished buying the items when the system notification rang in their minds.

[Mission completed. Reward: 200,000 experience points.]

[Job completion: 20%. Reward: Zhonghai Longxin Research Institute.]

Lin Yi was a little dumbfounded. A research institute? This reward was a little special!

Lin Yi did not know much about these things, so he quickly searched it up on Baidu with his phone.

After checking, he discovered that this place was really something.

He found out that this was a research institute that studied computers and mobile phone chips, focusing primarily on the CPU.

It was originally a research institute organized by the state, but because the research results could not meet the market demand, its funding gradually decreased.

The way the research institute was acquired was somewhat similar to what had happened to Wangjiang Dock.

They were all bought by individuals before being acquired by the system.

Lin Yi thought about it for a while. China's chip industry had always been dated, and there was still a big gap between it and the rest of the world. If it was possible, working hard on this field seemed like a good idea.

However, the only problem was that this was a real technical job. It was not enough to just spend money, one had to really master real technology.

This was a bit difficult.

"Bro Lin, what are you thinking about? You've been staring blankly into space," Li Xingbang said with a smile.

"Nothing, I was distracted just now."

"Bro Lin, you're really something. You've only been working for half a day, and you've already solved this problem," Li Xingbang said in a low voice.

"Let me tell you, even Director Su couldn't do anything about the internship for the hotel management majors."

Lin Yi was even more certain that Sugar was making things difficult for him when he heard this.

She was an old fox who couldn't even handle it herself, yet she asked him to do it. She was simply bullying him.

If it were anyone else, they definitely would not be able to do it.

The two boxes of Mrs. Oral Liquid were really worth it.

Just then, Lin Yi saw Sugar and Song Jia walking towards him.

They were still holding the food they just bought, but their attention was focused on Lin Yi.

They wanted to know how Lin Yi managed to get Tianlong Wang. It was unbelievable.

"Director Su, are you done with the internship details?"

"It'll be done soon," Sugar said. "Manager Wang was very cooperative. He accepted all our requests without any rebuttal."

"Now I can be confirmed, right?" Lin Yi asked lightly.

Sugar frowned. Even though she did not know how Lin Yi did it, he still helped her solve a difficult problem.

He was not just putting on a show. He was really something.

“Sure, I’ll get Song Jia to help you with the procedures.”

Ring, Ring, Ring...

Just as Sugar finished speaking, the phone in her pocket rang.

“Teacher Shi, are you looking for me?”

The caller was Shi Li, another teacher from the school league committee. She had just returned from running an errand.

“Director Su, come and have a look. Your car seems to be...”

“Huh? What’s wrong with my car?”

“I can’t say for sure. You’d better come and have a look.”

“Alright, I’ll go over now.”

Confused, Sugar hung up the phone and said, “You guys go ahead and eat. I’ll go out for a while.”

“Sister Su, I don’t have much of an appetite. I’ll go with you to take a look,” Song Jia said.

“Let’s go.”

After walking out of the cafeteria, the two of them went to the parking lot together and noticed that the students were pointing at them.

Sugar saw that there were two big boxes next to her car, and they were connected to the car with tape.

1

When she got closer, she saw it was two boxes of Mrs. Oral Liquid!

Suddenly, Song Jia felt the air around her become a little cold, so she subconsciously distanced herself from Sugar.

“This damn guy! He actually put this thing next to my car!”

Chapter 100: What a Vicious Word

“Sis Su, calm down. This might not have anything to do with Lin Yi.” Song Jia said.

“Who else could it be? He’s the only one who said he’d buy this for me!” Sugar’s chest was heaving up and down, feeling like she was about to explode.

Song Jia looked at Sugar, feeling like even if Sis Su wasn’t going through menopause, she’d still be so angry that it would affect her hormones.

At this moment, a woman wearing shorts and a white half-sleeve top walked over.

This person was Shi Li, who had just called Sugar.

“Director Su, you’re not even 30 yet. How can you drink this?” Shi Li asked. “Besides, even if you drink it, you can’t drink it so brazenly.”

“Take it away! Throw it in the trash can!”

Sugar was both embarrassed and anxious. She was embarrassed to be seen with these boxes by so many people.

At this time, a Shari stopped beside Sugar, and Lin Yi stuck his head out of the window.

“Director Su, these two big boxes cost a lot of money. It’d be a waste to throw them away. Keep them for your own use.”

“You!”

After saying this, Lin Yi didn’t give Sugar a chance to speak as he drove away.

“Oh my God, he’s so handsome!” Shi Li said, smitten.

“Hey, Hey, Hey, Sister Li, you already have a husband. Don’t be like this.”

“Having a husband can’t take away my right to admire handsome guys.”

“Don’t worry, you’ll have many opportunities to admire him in the future.” Song Jia said with a smile.

“Because he’s our new colleague in the office, and these two boxes of Mrs. Oral Liquid were given to Sugar by Lin Yi.”

“No way, the handsome guy gave this to Director Su?” Shi Li was surprised. “Then it must be true love.”

“True Love?”

“Yeah, that’s what I call caring for Director Su from the bottom of their heart. This kind of man is worth marrying.”

“What nonsense are you talking about?” Sugar said embarrassedly. “Which one of you wants to take it away quickly? Just don’t make me look at it any longer.”

“Director Su doesn’t want it, so I’ll take it away from you. I’ll bring it home for my mom to drink,” Shi Li teased.

Suge, “...”

Am I the same as a middle-aged woman?

That being said, Shi Li did not take it away. She was just joking.

Lin Yi bought it for Director Su, so why would she take it away?

Thus, the three returned to the office. Sugar was so angry that she did not say a single word.

“Sister Su, calm down. Even though he bought you Mrs. Oral Liquid, it just means that Lin Yi cares about you a lot. Normal people don’t get this kind of treatment,” Song Jia consoled.

“Do you think I’m going through menopause?”

“That’s not necessarily the case, but people are under a lot of pressure right now. It’s not wrong to drink more Mrs. Oral Liquid to recuperate.”

“I think you don’t want your salary this month.”

“Don’t be like that, Sis Su. I’m just stating the facts.” Song Jia said with a smile.

“Why do I feel like something’s not right?” Shi Li said. “Lin Yi only just started working. Why does he have a conflict with Director Su?”

Song Jia recounted what happened yesterday to Shi Li, and the latter came to a realization.

“I really didn’t see it. He’s a scumbag.”

“Exactly. Otherwise, Sister Su wouldn’t be like this.”

“But then again, he’s so handsome. If he wasn’t a scumbag, he wouldn’t be able to live up to his face.” Shi Li said in a joking manner.

“Even if he was a scumbag, I would probably enjoy it very much.”

“It’s over, it’s over. Sister Shi, you’ve fallen for him.” Song Jia said, “For you to such things... what ever would your husband think?”

“What’s there to be afraid of? I’m just having an emotional affair, my body still belongs to my husband.”

Sugar looked at Shi Li speechlessly. “People like you are the most dangerous. Something will happen to you sooner or later.”

The latter chuckled. “It’s fine if something happens, as long as there is no accident.”

Sugar was speechless.

What kind of terrible phrase was that?!

“Su Sis, I think that should be enough.” Song Jia said.

“Lin Yi found an internship and helped us accomplish a big deal. Don’t be obsessed with his appearance.”

When the internship was mentioned, Sugar’s anger subsided.

She was relieved that the students now had an internship.

“Sis Su, I think Lin Yi is pretty good. His private life is none of our business.” Song Jia said. “A few days ago, Teacher Zhao from the physics department went to a club. Is he a bad person too?”

Hearing what Song Jia said, Sugar also felt that she was going too far.

After all, Lin Yi did not hurt them, and she did not have the right to target him.

“Alright, then test him again. I want to see if he can adapt to this job.” Sugar said. “After all, it’s hard work. You can’t just fish for three days and spend two days relaxing under the sun.”

“Sis Su, how do you want to test him?”

Sugar looked at Shi Li and said, “You have an elective tomorrow, right?”

“Yes, a university student’s career planning session.”

In universities, in order to enrich the students’ academic life, the school would arrange all kinds of elective courses.

The better the school, the more valuable the elective courses would be.

In a school at the level of a normal university, the quality of elective courses did not have much practical significance. It could be said that the coursework credits it gave was more important than the real world value it brought.

A course like “Career planning for college students”, in particular, had almost zero meaning. As long as they took an exam at the end of the semester, they would almost always pass it.

“The attendance rate for that course is less than 30% , right?” Sugar asked.

Shi Li shrugged helplessly.

“Most of the classes in the past were for catching up on sleep. Don’t arrange such a tiring class for me next semester. I’m going crazy.”

“Give this class to Lin Yi. You don’t have to take it anymore.” Sugar said.

“If the attendance rate is less than 95% , the grading will be classified as D grade. After getting his bonus deducted three times in a row, the salary will be halved. Put him under some pressure so that he’ll stop smiling at me like he’s the dean.”

“No way. Among all the elective classes in our school, the highest attendance rate is only 91% . Moreover, it’s a swimming class. Who would want to take a ‘University student career plan’ session?” Song Jia said.

“That’s right.” Shi Li said. “Our salaries aren’t high to begin with, and we only live on that little bonus. If you deduct it, how will Lin Yi be able to survive?”

“Yeah, they even bought two boxes of Mrs. Oral Liquid for you. That costs quite a lot of money.”

“I’m only 29! Don’t talk to me about Mrs. Oral Liquid!” After saying that, Sugar turned around and returned to her office. She was too ashamed to face anyone.

“Why do I feel like they’re enemies?” Shi Li complained.

“It does feel like that,” Song Jia said with a smile. “After all, Lin Yi is so handsome. which woman wouldn’t be tempted by him?”

At this time, the university’s internal forum was flourishing.

A post titled ‘The Great Exposure of the Mysterious Man’s Identity’ rose to the top in just a few minutes.

“Ji Sis, big news! The mysterious male god who’s been wandering around the school recently is called Lin Yi! He’s not a student of our school, he’s a teacher of the school committee!!!”

“F*ck, he’s actually a teacher at our school! This is too exciting!”

“The quality of the boys in our school wasn’t that good before, but now that the male god is here, they won’t even be given a second glance anymore.”

“I can’t, my time is near.”

“I’ll offer 50 dollars. Does anyone know anything else about this idol teacher ? Does he have any class arrangements? I really want to attend his class.”

“Most teachers in the league committee will take on an unimportant elective part-time. I think the idol teacher will also take on a part-time job.”

“I feel that it’s not very likely. Idol Teacher has only been here for a day. It’s unlikely that he will be taking any classes. We’ll have to wait a little longer.”

“Ahhh! I really want to attend Teacher Prince Charming’s class. My maiden heart!”

“Don’t worry, everyone. I’ll update you with more information about Teacher Prince Charming in the future...”
