

## I Get A Random New Occupation Every Week

### Chapter 15: Didn't My Car Only Have Two Seats?

"What did you say?"

"Your car only has two seats?"

Forget Xia Hongyuan and his wife, even Xia Xinyu couldn't accept it.

All cars have four seats, no?

How could it only have two seats?

Was Didi now in the motorcycle business?

Before this, because of Lin Yi's looks, Xia Hongyuan decided to give him a chance even if he was working for Didi.

Now, it turned out he was actually riding a motorcycle.

Xia Hongyuan could not accept this!

His own daughter could not be with such a person!

"If that's the case, then let's take a taxi. We don't need your car anymore."

"Okay."

Lin Yi didn't care. Xia Xinyu had already placed the order anyway. He would give her a five-star rating later and it would be done.

1

Xia Xinyu wanted to kill herself. She really wanted to shoot herself in the foot right now.

She would definitely be scolded when she got back at night.

After leaving the house, Lin Yi walked to the front, and the three of them walked to the back, ready to take a taxi.

"You damn girl, did you grow eyes on the back of your head? You actually found a motorcyclist as your boyfriend!" Xia Hongyuan lectured.

"If we didn't call him to our house in advance, we would still be left in the dark. If others learned that I found a motorcyclist as my son-in-law, they would laugh at me!"

"Alright, stop talking." Xia Xinyu was already on the verge of tears.

She thought that with a handsome man, this matter could be concealed from the world.

She didn't expect things to turn out like this. Although he was handsome, he was indeed a motorcyclist.

It was natural for his parents to object.

"Your father is right. Hurry up and tell him clearly. In short, I won't recognize such a son-in-law!" Mother Xia said angrily.

"Even if it's a domestic car, I wouldn't say anything. What future can I have with a motorcyclist?!"

Di Di –

The three members of the Xia family heard the sound of a horn.

They looked up and froze on the spot.

"This... This should be a sports car!" Xia Hongyuan stuttered.

"This is the Pagani Zonda! There are only a few of these super cars worth more than 20 million in China."

Xia Xinyu was very surprised. Tianyi Homestead was just an ordinary neighborhood. It was the first time she had seen such a good car parked here.

Seeing Pagani's gullwing door open, Xia Xinyu was filled with a feeling of longing.

If only she could ride such a good car for once in her life.

"Baby, Baby, what's going on? That Lin Yi, doesn't he ride a motorcycle? Why is he walking towards that car?" Xia Hongyuan said in surprise.

Xia Xinyu was also very surprised. Not only did Lin Yi walk over!

He also got in the car!

"Lin Yi!"

Hearing someone call him, Lin Yi, who was closing the door, glanced at Xia Xinyu.

“What’s wrong?”

The three people from the Xia family hurriedly ran over, “Is... is this your car?”

“Yeah, I wouldn’t be in here if it wasn’t mine.”

“Aren’t you riding a motorcycle? Do... do you also drive a sports car?” Xia Hongyuan was almost too puzzled to ask.

“Who said I’m a motorcyclist? Can a motorcyclist register on Didi?”

“You said it yourself. Your car has two seats.”

“Isn’t my car a two seater?”

Xia Xinyu felt like an idiot.

Sports cars had two seats. This was the most basic form of common sense. Why did she not think of it?

2

However, who would have thought that you would drive a supercar while working for Didi!

“If there’s nothing else, I’ll be leaving first.” Lin Yi waved his hand. “Remember what we talked about on the phone? Give me a five-star rating.”

“Hey hey hey, son-in-law, you’re already here, so don’t be in such a hurry to leave. Let’s find a place to have a meal and talk about our daily life.” Xia Hongyuan said with a smile.

“Didn’t you guys have something to do?”

“It’s fine, it’s fine. It’s just an ordinary colleagues’ gathering. It’s fine if we don’t go.”

“Then there’s nothing else I can do. I still have other things to handle. I’m sorry.”

“It’s alright, it’s alright. If there’s anything you need to do, go ahead and take care of it.. If you get too busy, I’ll get Xiaoyu to help you.”

As he said that, Xia Hongyuan even gave Xia Xinyu a push. “Don’t stay at home all the time. Help him out.”

Xia Xinyu got into the car half-heartedly. After all, she was the one who had called for the car, so she had the right to take it.

Seeing the luxurious interior of Pagani, Xia Xinyu felt like her eyes weren't big enough to take it all in. Moreover, the seat below her was a little hot.

"Where are you going? Are you going to the destination listed the order?" Lin Yi asked.

1

"I'm not going anywhere. Where do you want to go? I just want to experience it, and then I'll get out of the car."

"I'm going to the mall to buy something, but you have to change the destination, or else the order won't be completed."

"Okay, which mall do you want to go to?"

"Times Square."

"Okay."

Soon, Lin Yi received a message to change the destination on his phone and drove toward Times Square.

"You drive such an expensive car, and you definitely don't lack money, so why are you still driving for Didi?" Xia Xinyu asked in the car.

"To experience life, what's the point just living everyday as if waiting for death?" Lin Yi said in a high-class manner.

"You're amazing," Xia Xinyu said sincerely. "There are a lot of second-generation rich kids who aren't as good as you, living a luxurious life every day. It's not easy for you to think of so many things."

2

"Everyone has their own aspirations. You can't force it."

"Yeah, you're absolutely right."

"Brother Yi, I have a small request. Can you agree to it?" Xia Xinyu asked carefully.

They were the same age and they did not know who between them was older and who was younger, but Xia Xinyu had already taken the initiative to call him brother.

1

"What request?"

“I’m a female streamer. Can I stream in your car for a while?”

If she could stream in such a good car, it would definitely increase the popularity of her streaming room.

“It doesn’t matter to me,” Lin Yi said. “Just give me a five-star review after the event.”

1

“Okay, no problem!” Xia Xinyu said happily. “As soon as the order is completed, I’ll give you a good review immediately.”

“Deal.”

Xia Xinyu took out her phone and started the livestream. After ten minutes, there were already dozens of people in the livestream room.

“Xiaoyu, where are you? Are you the co-partner of a tycoon?”

“Haha, Stop Fooling Around Upstairs. Xiaoyu is a 10,000-year-old single dog. How could a tycoon like this be interested in her?”

“Maybe it’s the passenger seat of a Wuling Hongguang (TL Note: A type of mini Chinese electric car).”

Xia Xinyu was speechless when she saw that everyone in the live broadcast room was mocking her.

Was she really that bad to them?

“Let me tell you, the car I’m riding in this time isn’t a Wuling Hongguang. It’s a real luxury car. The kind that you’ve never seen before in your life!”

“Haha, stop bragging. Show me the logo!”

“You’re wrong. She’s a woman. She doesn’t have the guts to do so.”

1

“No, you’re wrong. She’s a cross-dressing boss. I saw her once that night.”

1

“Tch, didn’t you just want to see the logo? There’s no harm in showing it to you!”

Xia Xinyu slowly turned her phone and aimed it at the steering wheel.

After that, the entire live broadcast room fell silent.
