

I Get A Random New Occupation Every Week

Chapter 2

The two turned around and saw a young man talking.

He was wearing a casual suit and a Vacheron Constantin watch, appearing very high-profile.

Lin Yi had some impression of the man in front of him. He seemed to be the young master of the Navigation Group, known as Li Yunhang.

1

The Navigation Group was a little bigger than Chaoyang Group, and he had been madly pursuing Ji Qingyan for the past six months.

However, Ji Qingyan never had the slightest feelings toward him. Though he seemed helpless, the other party had not given up and continued pestering her until today.

“Why are you here?” Ji Qingyan asked coldly.

“I originally wanted to come here to discuss some matters, but it just so happened that your car has broken down. Coincidentally, I just bought a Lamborghini Huracan that costs more than two million dollars. If you want to use a car, you can just take my car.”

10

Ji Qingyan’s Maserati wasn’t as expensive. It was only worth a million yuan, half as much as Li Yunhang’s Lamborghini.

2

However, she still had the right to show off.

Even so, Lin Yi felt that this was rather strange.

How did Li Yunhang happen to appear right after Ji Qingyan’s car broke down?

He was probably behind this whole thing.

3

“Forget it, my colleague has a car too. I’ll just take his car.”

As she spoke, Ji Qingyan gave Lin Yi a look. "Let's go."

"Okay."

"President Ji, I heard what you guys said just now. He's just a small employee in your company. He only drives a domestic car. It can't be compared to my Lamborghini."

1

"So what if it's a domestic car?" Ji Qingyan said. "It's fine as long as I like it."

Ji Qingyan didn't want to bother with Li Yunhang anymore and walked toward Area C alongside Lin Yi.

As soon as they reached Area C, Ji Qingyan and Li Yunhang both froze.

They were all attracted by the Silver Pagani Zephyr.

2

Ji Qingyan was a little puzzled. Whose car was this? Why was it parked here?

If there was a big shot around, why didn't she know about it?

"President Ji, this Pagani Zonda seems to be worth more than 28 million yuan. It couldn't be that you just bought it, right?"

Li Yunhang was trying to trick Ji Qingyan.

This car was enough to buy ten Lamborghini Hurricanes. If it really was hers, then it would be a little awkward.

1

"This car isn't mine. You're overthinking things."

Li Yunhang instantly became confident again. "That's why we should take the Lamborghini. No matter what, it'd be faster than his domestic car."

"I'm not interested in sports cars. I like to take domestic cars."

Ji Qingyan looked at Lin Yi. "Where's Your car? Let's go now."

"It's over there." Lin Yi pointed at the Pagani.

However, Ji Qingyan and Li Yunhang misunderstood. They thought that Lin Yi was referring to the shabby Shari.

2

After all, Lin Yi was just a small employee, so how could he afford to drive such a luxury car.

“Haha, it’s a shabby Shari. Looking at the sorry state of this car, it’s probably more than ten years old. It’s probably not even worth as much as one of my tires.”

Li Yunhang was about to burst into tears. “President Ji, with your condition, I don’t think you’ve ever sat in such a shabby car in your life.”

“What’s wrong with the Shari? It’s fine as long as it can fetch you around. Don’t tell me your Lamborghini can fly in the sky?”

4

As she spoke, Ji Qingyan walked toward Lin Yi’s shabby Xia Li in her high heels.

“Let’s go, get in the car,” Ji Qingyan said as she stood by the passenger seat.

Lin Yi didn’t say anything as he pressed the car keys in his pocket.

Di Di!

The Pagani’s headlights lit up, and the gull wing door opened automatically, giving both Ji Qingyan and Li Yunhang a fright.

Was the owner here?

“President Ji, you’re standing at the wrong place. This Pagani is mine too.”

“What did you say? This Pagani is yours?” Ji Qingyan asked in shock.

3

He was just a small employee in the sales department. How could he afford to drive such a luxurious car?

It was not possible, right?

“It really is mine. Otherwise, I wouldn’t be able to open the door.” Lin Yi said with a smile.

As she walked to the passenger seat of the Pagani, Ji Qingyan still couldn't believe it.

As the boss, even she didn't drive such a good car. How could he own it?

"Bro, driving a Huracan and trying to hit on our President Ji? That's a bit lacking."

5

Lin Yi meaningfully patted Li Yunhang's shoulder and got into the driver's seat.

Li Yunhang was dumbfounded. He felt a burning pain on his face.

You can't slap my face like that!

"Ji Qingyan, didn't you say that you don't like to ride in sports cars? Why did you get into his car?" Li Yunhang asked hesitantly.

2

"I don't like other people's sports cars. I just like riding in his sports car!"

1

The door closed with a smack.

It was as if he had slapped Li Yunhang in the face again.

Inside the car, Lin Yi was a little nervous. After all, it was his first time driving a sports car, so he wasn't used to it yet.

Fortunately, he had watched a lot of sports car test driving videos online, so he knew how to drive this thing. Otherwise, he would lose face in front of Ji Qingyan.

7

"Lin Yi, aren't you a sales employee? Why are you driving this car?"

Questions filled Ji Qingyan's mind, and she simply could not figure out what was going on.

"Ah, I just wanted to experience the life of an ordinary person, that's why I came to work. I didn't expect to be fired for no reason."

3

Lin Yi sighed. "Ok, I'll stop pretending. I'm actually a rich second generation kid. My next job is to drive Didi and experience the life of an ordinary person."

3

Ji Qingyan was stunned for a second before she burst out laughing.

"Don't tease me. Do you really think I'd believe you?"

"No one will believe me if I tell you the truth. I won't explain further."

"Alright, hurry up and drive. I still have urgent matters to attend to."

2

"No problem. Don't forget to give me a five-star review after this," Lin Yi said.

"I think you're too deep in character and really think you're a Didi driver."

"Why would I lie to you? See for yourself."

Lin Yi took out his phone, and Ji Qingyan was shocked when she saw it. Was he really the owner of a Didi car?!

Was he really a rich kid who was going out to experience life? Was that not a little too weird?

"You're really the owner of a Didi car?"

"Of course, President Ji, do you want to place an order to support me? You'll be my first passenger."

1

Ji Qingyan laughed. "Looks like I'll have that honor."

As she spoke, Ji Qingyan took out her phone and signed up for the Didi app. Under Lin Yi's guidance, she registered an account and placed an order.

According to the rules regarding the nearest delivery order, Ji Qingyan's order was snatched up by Lin Yi.

Thus, he began his journey as a Didi driver.

He stepped on the accelerator and a roar that sounded like it came from a monster sounded. Such strong waves made Ji Qingyan a little scared and she subconsciously fastened her seatbelt.

Lin Yi Glanced at Ji Qingyan.

“What are you looking at? Hurry up and drive,” Ji Qingyan scolded.

“No problem.”

As they drove, the 28 million Paganini Zonda instantly became the focus of attention on the road.

1

“F * ck, it’s the Paganini Zonda! I heard that it’s worth 28 million!”

5

“Look at the woman in the passenger seat. She’s even prettier than the car.”

1

“As expected, only the rich can have beautiful women.”

3

...

Lin Yi drove Ji Qingyan to her destination amidst the envious glares of the crowd.

“Thank you for bringing me here.”

Lin Yi was no longer his employee, so she had to be more polite.

1

“It’s okay, when you go back, if you’re not willing to take a taxi, remember to place a request for me. Didi’s driver will be at your service.”

“Add me on WeChat. Will it be convenient for me to contact you?”

“Of course.”

The two of them added each other on WeChat and Lin Yi drove off.

At the same time, the system notification sounded in Lin Yi's mind.
