

I Get A Random New Occupation Every Week

- Chapter 615 - 631

Whose Business Are You Snatching -

At this moment, Zhang Xiaoyu's maiden heart was overflowing, and she began to speak incoherently.

"What kind of godly appearance is this? Isn't he too good-looking?"

"Whose handsome boy is this? I can't believe he actually snuck out. Doesn't he know that the ladies outside are all beasts?"

"Tell this little brother to wait a few minutes for me. There's a shovel I can use to bury my husband."

Lin Yi's appearance made the few female viewers in the live-stream explode instantly, instantly reaching self-climax.

Zhang Xiaoyu had the urge to go berserk.

If she had known that she would meet a handsome man when she went out, she would have dressed better.

Lin Yi looked at Zhang Xiaoyu and felt that there was something wrong with this girl's brain.

He did not pay much attention to her. He picked up his takeaway and prepared to go upstairs.

"Hey, hey, hey, wait a minute." Zhang Xiaoyu stopped Lin Yi in time and deliberately tidied her hair.

"Little Brother, do you live in Lijing Villa too? I live in this building. Why haven't I seen you before?"

"I'm here to deliver this food. I don't live here, so I'd be surprised if you saw me."

"Huh? You're a delivery boy?"

Zhang Xiaoyu originally wanted his phone number to chat with him, but she did not expect this little brother to be a delivery boy.

With his looks, wouldn't it be a pity for him to just deliver food?

"Wait!"

Just as Lin Yi was about to leave, Zhang Xiaoyu called out to him from behind.

"Are you delivering food to Zhang Xiaoyu?"

"Yes? How did you know?"

"Me, me, me, me."

Zhang Xiaoyu nodded crazily. Even her heart was racing.

This little brother was actually delivering food to her. Wasn't it too much of a coincidence?

"F*ck, the host is in heat! Isn't she throwing himself at him?"

"The love god's revenge is irreconcilable!"

"Isn't he just a little more handsome than me? Is there a need to act like this?"

"I want to ask, which website will they be uploading their special videos on in the future?"

"What happened to the large-scale face-slapping scene? Why did it become a meeting of friends?"

At this moment, Zhang Xiaoyu could no longer care about the nonsense in the live-stream.

She only had one goal, and that was to get Lin Yi's phone number!

"Since you ordered it, take it."

After handing the item to Zhang Xiaoyu, this delivery would be considered a success and he could return to the shop.

"I want to ask, I added an extra 200 yuan for delivery. Your boss said that he could drive a sports car to deliver the food. Why did he send you here?"

"I'm the boss," Lin Yi said, "I made all these things you ordered."

"Ah, you're the boss?!"

Hearing this news, Zhang Xiaoyu and the people in the live broadcast room were stunned.

Who would have thought that such a handsome boy would be the boss of that shady shop?!

Moreover, he was a part-time chef!

“What happened to slapping him in the face? Don’t tell me you won’t pursue the matter just because he’s handsome?”

“Host, these are double standards. If you don’t hit him in the face, we’ll leave!”

“I just can’t stand people who are more handsome than me.”

Zhang Xiaoyu panicked a little when she saw that the people in the live-stream were all trying to leave.

If she lost all of them, she would suffer a huge loss.

“Can’t I be the boss?” Lin Yi asked.

“Yes, yes, but didn’t you say that you wanted to drive a sports car to deliver food?”

“Do you have to be so serious? It won’t affect the taste of the dishes.”

Zhang Xiaoyu thought to herself. Sure enough, driving a sports car to deliver food was just a gimmick he used to cheat her of her money.

However, he was so handsome that it was fine to cheat her. After all, it was only 200 yuan.

However, if she let him leave just like that, she would not be able to explain herself to the people in the live stream.

What should she do?

Beep beep beep!

Lin Yi turned around and left. He pressed the car key, and the lights of the Koenigsegg Agera RS lit up. The scissor doors also opened.

Through the camera, everyone saw Lin Yi get into the white Koenigsegg Agera RS and leave.

Hearing the roar of the Koenigsegg Agera RS engine, Zhang Xiaoyu and the people in the live broadcast room shut up.

“He... he really drove a sports car here!” Zhang Xiaoyu said in disbelief, “Don’t tell me you guys still want to leave now?”

“F*ck, why is he more handsome and richer than me? I can’t accept it!”

“It seems that burying my husband was the right choice.”

“Let’s not talk about this. I’m going to buy my boyfriend a bottle of Dichlorvos.”

“Isn’t his restaurant called Delicious? I can’t take it anymore. I have to visit!”

...

When he got out of the car, Lin Yi was shocked.

There was a long line at the door, and most of them were boys.

Lin Yi opened the door and entered the shop. Ji Qingyan was sitting at the bar, waiting for him to return.

“What’s going on? Why are there so many people waiting outside?”

“They’re all here for a meal, but when I told them that the boss wasn’t around and would only be back after a while, they decided to wait outside.”

“Perhaps the lady boss is too charming.”

“Hehe...”

Ji Qingyan smiled in embarrassment. She neither admitted nor denied it. She was extremely smug.

“Invite them all in,” Lin Yi said, “Let’s get to work.”

“Uh-huh.”

Later, when it was time for dinner, the shop was busy again, and business was unusually brisk.

In the end, in order to deal with the increased customer flow, Lin Yi decided to only sell egg-fried rice and vegetable noodles. This way, he could serve the dishes faster.

Moreover, this was more efficient because the ingredients used were all the goods he had stocked up on, while he was low on other ingredients. Thus, he could not make anything else.

It was soon past eight o'clock in the evening. Although there were still a few customers who were coming in, Ji Qingyan already decided to close the shop.

Today's income was already more than 20,000 yuan.

This was good enough. If they continued doing this, Lin Yi would die of exhaustion.

After work, Lin Yi looked at the system page and realized that the mission progress had reached (45,130/100,000).

At this rate, he would be able to complete the mission in three days at most.

After closing the restaurant, Ji Qingyan began counting the ingredients in the kitchen.

"Lin Yi, other than vegetables, there's not much meat and seafood left. According to today's traffic, there won't be enough tomorrow."

"Alright, call Wang Tianlong tomorrow and ask him to send some over."

Because they had already experienced the process of getting up early to buy groceries, Lin Yi didn't plan to go tomorrow.

Although the two of them decided to close the shop, Zhengyang Street was still very lively.

Students who came and went would pass by here.

Opposite the store was a barbecue stall. There were more than ten tables neatly arranged outside, but there was only one table that had any customers.

Three middle-aged men sat around the table. On the table were golden roasted lamb legs and more than ten empty beer bottles.

"F*ck, what's wrong with the shop opposite? It's so expensive. Why are there so many people queuing up every day? I don't have anyone visiting me."

The man who spoke was called Zhou Peng. He had big arms and a round waist. He wore a black T-shirt and sat on a chair like a mountain of meat. Almost all the girls who passed by would take a detour.

"Stop making noise. Our dumpling restaurant is the same. Business has been bleak these past few days."

The man who spoke was called Chen Yansong. He sat opposite Zhou Peng. He had a slimmer figure and was shirtless, giving off a very shrewd feeling.

“During the day, a few girls came to my shop for dinner. They said that they had to save money this month. Then, they went to that shop and ate a few more times.”

“How can that be? Is the food in that restaurant that delicious?”

“Delicious my ass,” Chen Yansong scolded. “The main reason is that the boss of that shop is very handsome. He charmed those young ladies and they are all fighting to eat inside.”

“No way. I saw many boys queuing up in the afternoon.”

The person who spoke was called Duan Jiabao. He sat beside Zhou Peng and was the owner of the milk tea shop next door.

“Because there’s a woman in the shop. She’s also very beautiful. The boys who go there to eat are all targeting that woman.”

At the mention of Ji Qingyan, Chen Yansong felt as if he had opened a conversation box.

“During the day, I looked out of the window at their shop and realized that the woman was really good-looking. She looked like a fairy.”

“Now is not the time to talk about this. We have to think of a way to salvage our business. Otherwise, we’ll all starve,” Zhou Peng said.

“I think we should talk to them and ask them to shorten their opening hours and give us a portion of the profits,” Duan Jiabao said.

“Or, think of an extreme way to make them move away!”

Zhou Peng and Duan Jiabao were both interested and hurriedly asked,

“What extreme method are you talking about?”

“Let’s make things difficult for them.” Chen Yansong said.

“For example, find some local hooligans to eat in their shop and scare those students. Or find some firefighters to check their shop and torture them to death. After some time, they will eventually leave on their own.”

“That solution might work.” Zhou Peng said.

“Let’s go over and talk tomorrow to see what he has to say. If this continues, the entire Zhengyang Street will be monopolized by him. None of us will survive.”

“Then let’s do it!” Duan Jiabao said. “I’ll contact more people and give him a show of strength. That way, we won’t have to waste our breath.”

At 8:30 p.m., they finished cleaning the store.

Ji Qingyan sat at the table, enjoying a rare moment of peace.

“Why are you daydreaming?” Lin Yi walked over.

“I want to go to the night market and look at those who stalls which sell daily necessities. Although they’re very cheap, the quality seems to be quite good.”

“Do you only look at daily necessities? Don’t you eat?”

“Um...”

Ji Qingyan looked embarrassed. “I didn’t eat dinner tonight. It’s normal for me to eat less, right?”

“I’ll make something for you. It’ll be healthy, hygienic, and delicious.”

“You’ve been tired all day. Stop working and rest.”

“I’m not tired.”

“There aren’t many ingredients left in the shop, and it’s quite costly to cook a meal for me.”

“It’s fine. Wang Tianlong will send more ingredients over tomorrow.”

“Lin Yi!”

Ji Qingyan was infuriated. Placing her hands on her waist, she said, “No, I told you that you’re tired, so you’re tired. Hurry up and pack your things and leave!”

Lin Yi, “...”

Under Ji Qingyan’s coercion, the two locked the door and walked towards the night market arm in arm.

Seeing that the two of them had closed the shop so early, Zhou Peng gritted his teeth in anger.

'Damn it, he doesn't even want to do business. What kind of attitude is this?'

...

The next morning, Lin Yi received a call from Liang Ruoxu as soon as he arrived at the shop.

"Did you go to the store?"

"I just got here."

"I'll be there in about half an hour. Help me cook a bowl of noodles for my breakfast."

"Will you pay?"

"There you go again."

Half an hour later, Liang Ruoxu walked in. She was not wearing his usual uniform.

She was wearing blue jeans and a beige trench coat. Moreover, she had on small black boots and light makeup. This made her look dignified and imposing.

Liang Ruoxu's attire was always the same, making her look the complete opposite of Ji Qingyan's.

Ji Qingyan's makeup had always been exquisite. Coupled with her temperament, no matter the time of day, there would always be a sharp aura around her that made people fearful.

However, Liang Ruoxu was different. She did not deliberately pursue exquisiteness. Instead, she seemed a little casual.

Her makeup and dressing made her look mature and old-fashioned.

There was nothing she could do about this because of her work needs.

"The decor is not bad," Liang Ruoxu commented after entering.

"Do you want to invest in me, Beauty Liang? I'll count you in."

As he spoke, Lin Yi brought the noodles to Liang Ruoxu and a plate of pickled vegetables.

"The pickles in your shop seem to cost a lot."

“It’s fine. Your identity is special. I’ll give you a chance to write a promissory note. I’ll save it until the end of the month before I go to your municipal committee to collect.”

“If they find out that I eat 179 yuan for a bowl of noodles and 39 yuan for a plate of pickled vegetables, just wait for me to be punished, then you can send me a boxed lunch at the police station in the future.”

“That’s why I don’t want to take this career path. I can’t even go to the Huaqing Lake.”

“Alright, stop spouting nonsense.” Liang Ruoxu said.

“My mother contacted a few companies for you. When the time comes, get someone to integrate them into your platform.”

“What for?”

Liang Ruoxu took out two pieces of paper from her bag and handed them to Lin Yi.

Lin Yi saw that there were more than thirty companies listed on the A4 paper.

Penguin, Alibaba, and JD.com were all familiar companies.

It could be said that any one of the enterprise on the paper could be considered a giant in the industry.

“What is this?”

“Didn’t you want to develop a new mobile phone system? My mother informed their leaders and they will support the development of the corresponding software,” Liang Ruoxu said as he ate.

“What the f*ck, is this for real?”

“Of course, I can’t eat your noodles for free.”

Lin Yi glanced at the list on the A4 paper. Although there were only thirty companies on it, there were at least three hundred apps under them.

Although this number was only a drop in the bucket for the vast app market, there were more than 70 essential life applications included. It should be enough to satisfy most people’s daily needs.

Seeing this list, Lin Yi realized that Shen Shuyi’s ability was far beyond his imagination.

After approaching them, even people like Erma and Mr. Qiang would have to nod in agreement. From this, it could be seen how powerful Shen Shuyi was in the capital market.

By comparison, those who stood shoulder to shoulder with Lin Yi were just so-so.

“By the way, my mother gave you some advice. Do you want to hear it?”

“What advice? Please tell me.”

“She said that the mobile phone market has stabilized. If you want to make a splash, the most direct and effective way is to spend money. Next is to expand the market into third world countries.”

“Yeah, I’ve thought of all that.” Lin Yi nodded.

“Apart from that, there’s something else I need to tell you.” Liang Ruoxu said.

“The higher-ups are interested in establishing an incubation center for high-paying industries in Zhonghai. Do you want this project?”

“This project is a little too hot for me. I don’t dare to accept it.”

Some of these projects which were closely related to official business was equivalent to being shackled.

Lin Yi wouldn’t do such a thing, nor did he want to.

“Calm down,” Liang Ruoxu said. “The higher-ups won’t be involved in this matter. Consider it a reward for you.”

“Reward?”

“In reality, the higher-ups had already sensed a crisis a long time ago. We’ve only reached the top of the world in the service industry, but we’re still very weak in the basic scientific research field.” Liang Ruoxu combed her hair and said.

“However, at that time, the level of economic development was unequal and did not allow too much investment in this regard, so it was simply put on hold. However, a few years back, the ZTE crisis exposed this problem again, so the higher-ups did not want to wait anymore.”

“Is that why you are doing this?”

“That’s right. Furthermore, it’s time for us to act,” Liang Ruoxu said.

“Now, the smartphone market in China has been monopolized by IOS and Android. If there is a conflict one day and Apple and Google stop updating the Chinese market, the problem will be serious. Of course, the possibility of this happening minimal, but we have to be prepared. We can't be led by the nose by others. Therefore, you have a good opportunity and are sharing the same thoughts as the higher-ups.”

“Then, what does the higher-ups plan to do with this incubation center project?”

“Whatever you want, I'll give it to you. Furthermore, I can guarantee that none of the policies will be sloppily enacted. They will definitely be fulfilled,” Liang Ruoxu said.

“But the usage period is 20 years. During these 20 years, all benefits will belong to you. 20 years later, you will have to hand them over.”

“The predecessors plant the trees and the descendants enjoy the shade.”

Liang Ruoxu thought for a moment. “You can't say that. Even if you hand it over, you won't lose out. In the eyes of ordinary bosses, this incubation center is still yours. If you can build a certain reputation, I feel that the benefits will outweigh the disadvantages.”

“Alright, I'll think about it.” Lin Yi didn't agree immediately.

For a long time, he did not want to participate in such a thing.

However, there seemed to be no other way right now.

Since they had already taken the initiative, he had to give them some face.

“Alright, take your time to think about it. It's not anything urgent.”

Liang Ruoxu appeared very calm, but she was very puzzled.

This was definitely a profitable deal. Was there a need to think?

Creak...

Just as the two of them were talking, the door of the store was pushed open and six people walked in.

The leaders were Zhou Peng, Chen Yansong, and the others.

“I can only cook fried rice and noodles now. You'll have to wait for a while if I want to eat anything else,” Lin Yi said.

“Bro, we're not here to eat. We have something to talk to you about,” Zhou Peng said.

“You are looking for me?”

“Let me introduce myself first. I’m Zhou Peng, the boss of Hongda Seafood Barbecue opposite. This is Chen Yansong, the boss of Xin Xin Dumpling Restaurant. This is Duan Jiabao of Happiness Milk Tea. This is...”

Zhou Peng introduced the six people who came in one by one, and Lin Yi learned their identities.

Liang Ruoxu tilted his head and glanced at the person who came in before continuing to eat.

“Why are you guys looking for me?”

“Look, we’re all doing business on Zhengyang Street. We are mindful of harmony to make money, but ever since you opened your business, we don’t have any business,” Zhou Peng said.

“No more business?” Lin Yi said, “I didn’t steal your business. Your business isn’t good. This has nothing to do with me, right?”

“Look at what you’re saying. If it had nothing to do with us, we wouldn’t have come here.” Zhou Peng said.

“Your restaurant’s food is so expensive. Nowadays, these students save money and don’t spend it because they want to come here to eat. Naturally, we don’t have a business because of this.”

Lin Yi felt that the people in front of him were a little strange.

“Then what do you mean? Do you want me to close down to support your business?”

“How can we ask for that? You need to support your family too.” Zhou Peng said.

“Look, can you shorten the opening hours appropriately and leave us a way out too?”

“I can’t agree to that. We’re all running our own businesses. If the taste of our food isn’t good, we should do some introspection, but you guys actually asked me to shorten the opening hours. What are you guys thinking? Are you kidding me?”

“Brother, don’t speak so arrogantly. We didn’t mean anything by it.” Zhou Peng said.

“You know why your business is booming. Let’s not talk about it anymore. It won’t be good if things get unpleasant.”

This time, Lin Yi was even more confused.

“Then why don’t you tell me why my business is booming?”

Zhou Peng and the other two looked at each other.

“I’ve already asked around. You have such a beautiful woman in this shop. Usually, you seduce those men and women to eat. Am I right? You even cheat students of their money. Do you think there’s any point in doing business like this?”

“Seduce?” Lin Yi’s expression turned cold.

“Isn’t that true?” Zhou Peng said, “When we came in, we saw you talking and laughing with this woman. Aren’t you going to admit it?”

“She’s my friend. Can’t we talk?”

“Friend?”

“Hehe...”

Zhou Peng looked disdainful. “According to what you said, is every woman who comes to your restaurant to eat your friend? Is every man who comes to your restaurant also considered that woman’s friend?”

Whoosh!

Lin Yi raised his leg and kicked Zhou Peng, “Didn’t I give you enough face?”

Everyone in the room was stunned.

Other than Liang Ruoxu, no one expected Lin Yi to hit someone.

Especially when the other party was Zhou Peng, who weighed more than 200 pounds.

Wasn’t this kid a little too strong?

Liang Ruoxu did not say anything and continued to eat in silence.

Ji Qingyan had always been his exclusive property, and he could not tolerate anyone insulting her.

Seeing that something had happened in the shop, Liang Ruoxu quietly picked up her phone and sent a WeChat message to the head of the Zhonghai Public Security Bureau.

People like him who relied on threats and malicious competition could not be allowed to roam free.

“Kid, how dare you hit me? Do you have any respect for the law?” Chen Yansong said.

“You’re lucky I didn’t kill you.”

“F*ck, why are you wasting your breath on him? I’ve opened a shop on Zhengyang Street for more than ten years, and it’s always me who hits others. This is the first time I’ve seen someone dare to hit me first!”

Zhou Peng’s anger was written all over his face.

He had such a big physique and had been active in the underworld for so many years, but he was actually ambushed by a little brat. He could not accept this.

Getting up from the ground, Zhou Peng picked up the chair beside him and smashed it fiercely.

“Brother Peng, Brother Peng, calm down.”

Seeing that Zhou Peng was about to make a move, Chen Yansong and Duan Jiabao stepped forward to stop him.

They had known Zhou Peng for many years and knew his temper and skills.

Although he had restrained his temper a lot over the years, he still had a trace of his earlier ruthlessness that would lead to him cutting people down on the streets with a knife.

Now that he had been kicked in public, he had been completely embarrassed. If they did not stop him, someone would die.

“F*ck, don’t stop me!” Zhou Peng glared and scolded.

“I’ve worked in Zhengyang Street ever since I was young. This is the first time I’ve seen someone dare to attack me. I won’t let him off today!”

“Brother Peng, you have to take it easy. Don’t get yourself into trouble because of this.”

“Don’t worry, I’m just teaching him a lesson. I’ll be gentle.”

Zhou Peng ignored the others and threw the chair at Lin Yi.

Chen Yansong and the others sighed.

This person was really fearless.

Zhou Peng's temper was already considered good enough to be able to talk to you calmly.

However, he actually dared to hit him. Did this guy really think that no one could handle him just because he was good-looking?

Whoosh!

Just like before, Lin Yi didn't say anything else.

After dodging Zhou Peng's attack, he kicked him again.

The people in the room were stunned again. It was a sneak attack just now, but not this time. How did Lin Yi defeat him?

This kid looked skinny, but why was he so strong?

Zhou Peng fell to the ground, and the two front teeth in his mouth were knocked out.

"Sh*t, sh*t, sh*t!"

Zhou Peng covered his mouth. He was dumbfounded and did not dare to act rashly.

"Brother Peng, are you alright?" Chen Yansong and the others quickly walked over and helped Zhou Peng up.

"I'm fine. I won't die from this."

After being beaten up by Lin Yi, Zhou Peng and the others reevaluated Lin Yi and said,

"Kid, you really managed to show off today, but let me tell you, our modern society has long passed the era of fighting and killing. Don't think that you're powerful just because you can fight. If we expose your business, someone will soon come to close down your shop."

"You're welcome to call the police. Let me see who dares to arrest me."

"You're really f*cking arrogant. In that case, let's wait. If I don't shut you down within half a month, my surname won't be Zhou."

"Brother Peng, don't be in a hurry to leave." Chen Yansong took out his phone. "Let me record this woman. Perhaps she can be used as evidence in the future."

"Yes, yes, yes. Record all the evidence." Duan Jiabao said.

“Look outside. There are still many female students waiting to come in for dinner. Record them all as well.”

“Don’t worry, it won’t fall behind.”

Zhou Peng covered his face and said, “Although I can’t beat you, you’ve earned a lot of money from doing something wrong. Don’t even think about it.”

“What a bunch of idiots. No wonder you can’t do any business.”

“You can scold us however you want. In any case, we’ve already finished recording. Although we might not be able to use it, don’t even think about living in peace. I’ll see who dares to come to your place for a meal in the future!”

Creak...

Creak...

Creak...

“Come, come, come. Make way please.”

The sound of brakes was heard outside, followed by hurried footsteps and voices.

A dozen police officers rushed in from outside.

Zhou Peng and the others were surprised to see the police enter.

“What’s going on? We haven’t called the police yet. Why are they here?” Zhou Peng asked.

“Someone must have reported him,” Chen Yansong said in a low voice. “A restaurant like this that’s run by illegal means definitely wouldn’t last long.”

“Looks like they’ve angered everyone. Someone called the police before us.”

“This is karma!”

Lin Yi wasn’t afraid at all when he saw the police. He just didn’t understand who had called them over.

Liang Ruoxu?

Or was it someone else?

“Mayor Liang, it turns out you’re eating here,” a middle-aged man said with a smile.

His name was Chen Bingqiang, and he was the chief of the Zhonghai Police Department.

“These few people used improper methods to threaten others into closing their businesses. The situation is quite serious. You guys should deal with it.”

“I understand. I’ll handle this matter seriously.”

“Huh?”

Zhou Peng and the others’ heads buzzed.

What was going on?

‘This woman is the mayor?’

“I can handle it myself, why bother the police? This isn’t good,” Lin Yi said.

“Chief Chen is more qualified than you to handle this matter.”

“But their time is very precious. Coincidentally, I have nothing to do right now. Won’t this matter be resolved if I beat them up one by one?”

“Um...”

Chen Bingqiang wiped the cold sweat off his forehead. ‘I’m still here. It’s a little inappropriate for you to say that.

‘Please give me some face.’

“You only know how to fight every day. If everyone were like you, wouldn’t society constantly be in chaos?” Liang Ruoxu said coquettishly.

“Alright, you’re good-looking. Whatever you say makes sense. Hurry up and take these people away. We still have to open for business later.”

Seeing that the two of them had finished speaking, Chen Bingqiang waved his hand.

“Take these people away.”

“Comrade, you can’t do this. They’re the ones who set up the side service and lured the female students over for a meal. Why aren’t you arresting him?” Zhou Peng said.

“Just because he’s good-looking, you’re saying that she’s doing side services? What kind of logic is that?”

Chen Bingqiang warned him and did not say anything else. He got someone to handcuff Zhou Peng and the others.

At the same time, outside the store, other than those who wanted to eat, there were also many shopkeepers next door who came out to watch the commotion.

“What’s wrong with that shop? Even the police cars are here?”

“Zhou Peng and the others went over in the morning to negotiate with the owner of that shop. They probably didn’t come to an agreement. Zhou Peng reported them.”

“His business is doing well. What’s there to report?”

“It’s a side service. A while ago, there was a piece of news saying that a restaurant hired a lot of beautiful waitresses. When they went to work, they wore slings and short skirts. Less than a week after it opened, someone reported it. I guess their family is the same.”

“I remember now. There was indeed a thief who looked good on a woman in their shop. Perhaps it’s really as you said.”

“That’s why I said that although Zhou Peng is a little rude and unreasonable, he did a good deed. Otherwise, we wouldn’t have been able to survive. He would have snatched all our customers away.”

“Great, the police are here. Zhengyang Street can finally quieten down... F*ck, what’s going on? Why is Zhou Peng being arrested?”

When they saw Zhou Peng and Chen Yansong, they saw that all of them were handcuffed and were walking with their heads drooped down. The shop owners who were watching the commotion outside stared at each other, not knowing what was going on.

Zhou Peng went to report him. Why did he end up being arrested?

What kind of operation was this?

Soon, Zhou Peng and the others were taken away by the police, and their shops were also sealed.

It could be said that he had been crushed to death without leaving any chance of recovery.

About half an hour later, when they saw that Lin Yi’s shop was open again, the onlookers outside were all speechless.

Why didn't reporting him work?

What was the background of the owner of this shop?

After reopening, the store's business was not affected at all. In fact, it became busier than before.

Firstly, it was because the word of mouth continued to ferment, bringing about more customers.

Next was because of the live stream host, Zhang Xiaoyu.

Yesterday, many people in her live stream learned about this delicious shop.

Coupled with Lin Yi's super good looks, many women came to check it out. Moreover, they never under-ordered, spending an average of 500 yuan.

There was even a table of rich women who spent more than 8,000 yuan just to support Lin Yi.

If it wasn't for Wang Tianlong sending people to deliver more ingredients, Lin Yi wouldn't have been able to do it on his own.

After lunch, there were fewer customers in the store.

Although there were still people who came to visit, Lin Yi was able to serve them all.

He even got some time to rest.

In the kitchen, Lin Yi opened the system page and was surprised to find that the mission progress had already reached (84,390/100,000). If he used his strength, he could complete the mission today.

Thinking of this, Lin Yi calculated the time. Tomorrow would be his seventh day in this profession.

After midnight, a new class would be unlocked. He wondered what class he would be experiencing in the future.

Putting the system aside, Lin Yi took out the paper that Liang Ruoxu had given him. When he saw the thirty companies on it, he couldn't help but fall into deep thought.

A few seconds later, Lin Yi took out his phone and called Shen Shuyi.

However, after thinking for a while, the call was automatically declined.

Lin Yi didn't think too much about it. Perhaps the other party was busy and planned to talk about it later.

However, not long after, Shen Shuyi called back.

"Aunt Shen, are you busy?"

"Hey, I'm surprised you're talking to me in such a tone. Is there something wrong?"

"I want to know what this so-called high-paying incubation center is all about."

"Didn't Little Mi tell you about this?"

"Yes, but I feel like she didn't tell me everything."

On the other end of the phone, Shen Shuyi laughed. "You want to know the deeper details, right?"

"You could say that. I want to know what the higher-ups' attitude toward this project is."

"Calm down first. Sometimes, the attitude of the higher-ups is actually gentler than you think. After all, we're a humane country. In private, many people are very grateful to you for what you've done."

"Aunt Shen, let's not talk about such pleasantries. It's so boring."

"You brat, you really don't have any patience," Shen Shuyi said.

"Let me tell you some inside information. The semiconductor industry will be a key construction project in the next five-year plan, so taxes and policies surrounding it will be further relaxed."

"The so-called incubation center is just the first step. The higher-ups want to use this opportunity to build a high-tech industrial chain similar to Sili Valley."

"It is not appropriate to establish this in Zhonghai. Zhongguancun already has very mature ecosystem to support it. That is the real Sili Valley of Huaxia."

"This is a one-goal, two-path plan. Yanjing's Zhongguancun has more radiation in the north. The southeast coast needs an economically important town like Zhonghai to drive it. That's why we came up with this plan."

"Apart from that, Little Mi should have told you about the specific details. For the first 20 years, it will be yours, but after that it will be repossessed by the state. However, if this plan is successful, it's possible the higher-ups won't want it anymore. However, this is just my guess. I can't say for sure."

Lin Yi nodded and said thoughtfully,

“But why was this offered to me? Mr. Ren of Huawei is much more capable than me.”

“First of all, when a project comes out, many people will line up to do it. The business situation in Huaxia is gradually stabilizing. If the higher-ups support a particular company, it will definitely rise with the wind and further create a monopoly. This is something the higher-ups are unwilling to see.”

“Secondly, you and Mr. Ren can’t be compared,” Shen Shuyi said.

“The 5G in Huawei’s hands and the photolithography machine in your hands are the national treasures of large countries. With the two of you supporting their local development, we are keeping pace with the global technology standard. Otherwise, we would have surely fallen behind.”

“At this stage, although Mr. Ren of Huawei is more suitable than you, you are younger than him. This is an advantage that no one can take away from you.”

After a few seconds of silence, Lin Yi said,

“Do I have a chance to say no?”

“Of course,” Shen Shuyi said.

“However, there’s one thing you have to understand. If you achieve success with the photolithography machine, then you and your descendants will receive a medal that will guarantee your survival. I don’t dare to say anything else, but at the very least, I can guarantee that the Lin family will prosper for the next hundred years.

“Apart from that, setting up such an incubation center will also be of great help to your development of the phone system. These are obvious advantages. You can decide for yourself, and I will respect your choice.”

“If that’s the case, let me study this matter properly.”

“That will work,” Shen Shuyi said.

“Now, the higher-ups have already reserved a place for you. We’re just short of listing it. If you really have any ideas of participating, hurry up and act. You can ask Little Mi for the specific information.”

“Okay.”

After chatting for more than twenty minutes, Lin Yi hung up.

The road had already reached this point, so there was no reason to refuse.

Otherwise, it would affect his research. Therefore, he might as well take advantage of the situation.

Lin Yi took a photo of the two pieces of A4 paper and sent it to Sun Fuyu's phone.

There was a lot of work to do here. He had to communicate and contact these companies as soon as possible.

"Is anyone there?"

Just as he finished chatting with Sun Fuyu about the system, a voice came from outside. Moreover, the voice was a little familiar.

Putting his phone in his pocket, Lin Yi stood up and walked out.

"Brother Lin?!"

"Lulu?"

It was none other than Wang Ying's sister, Wang Lu, and her classmate, Du Yuxuan, who had entered the Drama Academy with her.

"Brother Lin, are you the one who opened this shop?"

"Who else could it be?" Lin Yi chuckled.

"I heard a few days ago that there's a small new restaurant on Zhengyang Street. The boss is apparently especially handsome. I didn't expect you to open it, Brother Lin. What a coincidence."

"Then why didn't you come over a few days ago?"

"Brother Lin, you might not know this, but Lulu is different now. She's going to be famous soon."

Du Yuxuan took Wang Lu's arm and joked.

"What's wrong? You're only in your first year of university. Don't tell me someone wants to sign you?"

"It's not that someone wants to sign me. It's that our school is rehearsing a play. The participants are normally all juniors and seniors, but the first and second years have also been given a spot." Wang Lu couldn't help but smile, revealing her two canine teeth.

"The freshman spot has actually fallen to me. I've been so busy these few days rehearsing with my senior brothers and sisters. It wasn't easy for the school to give me half a day off before I had the chance to go out and visit the shop. Hehe, I didn't expect it to be Brother Lin's shop."

"That's a good thing. Looks like you didn't slack off."

"Brother Lin, let me tell you. There are many people in our freshman year who are vying for this spot. In the end, Lulu stood out and became an influential figure in our batch." Du Yuxuan said.

"Hehe, I was lucky."

"Did you thank Guo Rui?"

Lin Yi didn't know how talented Wang Lu was, but none of the students who could get into Zhonghai Drama Academy would be bad.

In such a place where pros were abundant, Wang Lu didn't have much of an advantage.

She was able to stand out in such an event because of Guo Rui's help.

"My sister said the same thing. Perhaps Ms. Guo helped her from behind," Wang Lu said.

"Thus, I bought some things and wanted to send them to Ms. Guo, but after meeting her, Ms. Guo said that this had nothing to do with her, so..."

"Oh, if that's the case, then it's quite impressive."

"Hehe..."

"Alright, let's not talk about this for now. Everything on the menu is available. Order whatever you want."

Because of Wang Ying, Lin Yi still doted on Wang Lu.

However, on second thought, he realized he had not seen Wang Ying for a long time.

"Then I'll have the signature egg fried rice."

"Me too," Du Yuxuan said.

"Apart from the egg fried rice, everything else on the menu is pretty good too. I'll cook steak for you two. Eat it with egg fried rice to make a Huaxian-Western combination," Lin Yi said.

“Forget it, Brother Lin. We’re not anyone special. Just fried rice will do.”

Wang Lu wasn’t an unreasonable person. Since she came here to eat, Brother Lin definitely wouldn’t ask her to pay.

Therefore, she could not ask for everything.

“Alright, I’ll make it for you now.”

Ten minutes later, Lin Yi brought out two portions of egg fried rice.

“Brother Lin, your cooking is too good. It’s definitely worth 189 yuan,” Wang Lu praised after taking a bite.

“If you like it, come over when you have nothing to do. It’s not a big problem to feed you three meals a day.”

“Brother Lin, you’re so humble.” Wang Lu said.

“You’re already driving a Lykan. It won’t be a problem for you to support all the girls in our school, let alone myself.”

“There are thousands of girls in our school. Do you want to tire Brother Lin out?” Du Yuxuan said.

“Have you been learning how to act or training to get a driver’s license? How can you drive this conversation better than myself?”

“I couldn’t control myself when I saw Brother Lin.”

Just as the three of them were chatting and laughing, two girls walked towards the store.

“Janice, are you sure you want to go into that store?”

The girl who spoke was called Wang Qi. She had long hair and was wearing denim shorts and a white T-shirt. She was quite good-looking.

However, compared to Song Yuting, who was beside her, she was slightly inferior.

Among the freshmen of Zhonghai Drama Academy, Song Yuting was the most good-looking.

Her figure was slender and was the perfect example of the standard actress’ figure.

In comparison, Wang Lu's figure was about the same as Wang Ying's. They both had a curvy physique and were considered to be more voluptuous.

Wang Ying was a high-class white-collar worker and didn't have much of a need for a figure. However, Wang Lu would definitely need to lose weight in the future.

"Why not?" Song Yuting asked.

"Many people in school say that the food here is delicious. I finally have time today, so I have to try it."

"But before class ends, I heard from Wang Lu and Du Yuxuan that they want to come to this restaurant for a meal. It won't be good if we meet them."

"What's wrong with that? Can't I visit as well?" Song Yuxuan said.

"I heard that the owner of that shop is very handsome. I have to go and take a look."

"But you've already taken her spot for the performance. The teacher will inform her very soon. How awkward will that be?" Wang Qi said.

619 The Origin of the Word "Catfight"

"What's there to be embarrassed about?" Song Yuting said indifferently.

"The school only gave us one spot. Whoever has the ability will get it. If she isn't good enough, isn't it normal for her to lose her place?"

"That's true, but I still feel a little awkward."

Wang Qi was very aware of why Song Yuting could replace Wang Ying to be selected at this time.

Her father was the CEO of a listed company and had offered plenty of money to help her buy this spot.

Once Wang Ying found out about this, the two of them would definitely have a big fight.

Now, she could only hope that Wang Ying would not find out about this at this time.

This way, they could avoid a war. Otherwise, they would find it impossible for them to get along with each other despite seeing each other frequently.

"Alright, stop thinking about those useless things. Let's hurry up and eat. My father will come and pick me up in a while."

“Don’t rush me.”

The two of them quickened their pace and arrived at the entrance of the store. They pushed the door open and entered.

“Hiss... Boss is really handsome,” Wang Qi couldn’t help but say.

At first, she didn’t believe it when everyone said that the boss was handsome.

Now that she saw was seeing him in person, he was simply divine.

Hearing the voice, Wang Lu and Du Yuxuan subconsciously turned around.

Surprisingly, she saw that the other customers in the shop were none other than her classmates, Song Yuting and Wang Qi.

“Qiqi, you guys are here to eat too?” Du Yuxuan greeted.

“What a coincidence.”

Wang Qi said awkwardly, “Many people said that the food here is delicious, so we came over to take a look. I didn’t expect to meet you guys.”

“Then let’s sit down and eat together,” Du Yuxuan said casually. She was not as enthusiastic as she had imagined.

Because of they had competed for the single role in the play, Wang Lu and Song Yuting did not have a good relationship.

As Wang Lu’s best friend, she naturally had to stand on her side.

Wang Lu ignored Song Yuting, and the latter ignored her and sat down.

Lin Yi felt that the atmosphere was a little off, but he didn’t take it seriously. He still had a business to run.

“What would you like to eat?”

Song Yuting was not afraid at all when she saw what was on the menu.

Compared to this high-end three-star Michelin she often ate it himself. A bowl of egg fried rice at 189 yuan was not very expensive.

However, when they were ordering, Song Yuting glanced at Wang Lu and ordered a few things as if she was showing off.

“Two servings of egg fried rice.”

“One fried crab.”

“A black pine mushroom abalone soup.”

“And one Supreme Braised Pot .”

“Oh, and a bottle of Sunrise Land peach sake.”

“I’m sorry...”

“Yuting, didn’t you order a little too much? Can the two of us finish it?” Wang Qi said.

“Didn’t they say that the food here is delicious? It’s rare for us to come out, so we have to try everything. We can’t just order two servings of egg fried rice and be done with it, right?”

“Um...”

Wang Qi didn’t know what to say. Wasn’t this deliberately challenging the other party?

“And bluefin tuna sashimi and fruit salad.”

“Alright, just wait.”

Lin Yi turned around and went to the kitchen. Du Yuxuan whispered, “Lulu, ignore her. Let’s eat our food.”

Song Yuting did not say anything, but she despised her in her heart.

“Did you guys see the menu? It’s such an expensive place. You can normally only eat egg fried rice here.”

“This shop belongs to my brother. The more people order, the happier I am.”

Song Yuting’s hand trembled.

Her brother?

What the hell was going on?

Du Yuxuan couldn’t help but laugh. This was a little exciting.

Soon, Song Yuxuan’s expression returned to normal and she stopped fussing over such trivial matters.

In any case, she had already gotten what she deserved. Spending a little money for a meal was nothing.

About twenty minutes later, Lin Yi brought everything out.

“Thank you, Boss,” Wang Qi said.

“You’re welcome.”

As an internet celebrity shop on Zhengyang Street, Song Yuting and Wang Qi couldn’t help but immediately take a bite when the dishes were served.

The taste of it made the two of them exclaim for a while.

This was especially true for Song Yuting. She felt that the taste of the food in small shop was even better than that of the three-star Michelin restaurants outside.

What this handsome man made was different from those flirtatious sl*ts outside.

After the dishes were served, both sides ate with their heads lowered. Neither side paid attention to the other, and outsiders could not tell that they were even classmates.

Lin Yi was too lazy to worry too much. Such conflicts were common among female university students.

Otherwise, the word ‘catfight’ would never have been created.

Ring!

Wang Lu’s phone rang.

“Teacher Liu,” Wang Lu said respectfully after picking up the phone.

“Switched?”

“I-I understand.”

The call lasted less than a minute. After hanging up, Wang Lu’s expression changed drastically. Lin Yi and Du Yuxuan both felt that something was wrong.

“What’s wrong? What was changed?” Du Yuxuan asked.

“My role has been changed,” Wang Lu said coldly.

“That’s unlikely.” Du Yuxuan said.

“You’ve been rehearsing for a week and didn’t do anything wrong. Why were you replaced?”

“You’ll have to ask her.”

Following Wang Lu’s gaze, Lin Yi and Du Yuxuan looked at Song Yuting.

“She took it?”

“Huh? What are you talking about?” Song Yuting said innocently, as if she didn’t know anything.

“Stop pretending. I don’t believe you wouldn’t know about this!” Wang Lu said coldly.

“Lulu, what are you talking about? I really don’t know anything about this,” Song Yuting said.

“Sis, you’ve been practicing this play the whole time. Even if you don’t act well, they wouldn’t have given me this opportunity. Why are you randomly accusing me?”

“Stop pretending. You look disgusting!” Du Yuxuan said.

“Hey, hey, hey, what are you saying?” Song Yuting said.

“When it comes to these kind of things, it’s all a competition. You were removed because you’re not capable enough. Why are you still blaming others? Don’t you know to introspect?”

“Your father must have given a gift to the teachers in school. Don’t think that we don’t know the truth!”

Du Yuxuan said angrily, “You know very well what’s wrong with you!”

“What do you mean given a gift?” Song Yuting said, “Don’t slander me.”

“Yuting, stop talking. No matter what, we’re classmates. There’s no need to do this,” Wang Qi whispered.

“They started it. I have no time for them,” Song Yuting said.

“Mr. Liu is really too much. I clearly don’t want this opportunity, but he still forced it upon me. I’ve been so busy recently that I don’t have time to practice acting. I probably won’t even have time to shop in the next month.”

“You!”

“Alright, alright. It’s such a small matter. There’s no need to quarrel,” Lin Yi said.

“Since she doesn’t want it, you can just fight for it.”

“Brother Lin, this isn’t a matter we can fight about. If her family wasn’t rich, the school wouldn’t have removed me.”

“But she doesn’t want to take the role, right? In that case, she should give the opportunity to others.”

“Boss, that’s not right,” Song Yuting said.

“At first, the school asked me to participate, but I didn’t want to act. It was too much of a waste of time, so the school teacher chose her. I guess she saw that her standard wasn’t good enough, so she looked for me again. Do you think I can refuse? To ensure the quality of the play, the school won’t let me refuse.”

“It’s fine. I’ll make a call and help you settle it.”

With that, Lin Yi picked up his phone and called Guo Rui.

“Ms, Guo, I’m calling regarding your school play. They originally chose Wang Lu. Why did they swap her out?”

“Alright, go and ask about it. That student named Song Yuting doesn’t really want the role, so she wants to reject it.”

“No problem. Come to the shop when you have time. I’ll treat you to a meal.”

After talking to Guo Rui, Lin Yi hung up and looked at Song Yuting with a smile.

“I’ve taken care of this for you. You don’t have to play this role anymore. You’ll have time to shop now.”

“Um…”

Song Yuting and Wang Qi were stunned.

No one expected Lin Yi to make this call.

“Who is Ms. Guo?”

“Guo Rui, a professor from your school. You should know her, right?”

“Guo Rui?”

Song Yuting and Wang Qi muttered. They were unfamiliar with this person.

They were both from the Performance Department, and Guo Rui was a professor from another department.

Even if they were in the same school, basically no one knew the faculty from other departments.

It was not unusual for the two of them not to know about Guo Rui.

“Who is this person? Why haven’t I heard of her before?” Song Yuting muttered.

“Maybe she’s a teacher from another academy.” Wang Qi said.

“You don’t have to take it seriously. How can a small teacher be so important? He’s probably just saying it casually. Whether or not it can actually affect you is another matter.”

“I agree.”

Song Yuting poked the bottom of the bowl with her chopsticks. Initially, she thought that the boss of this shop was very handsome and she could eat delicious food here.

She did not expect him to do such a thing. If she had known earlier, she would not have come here to eat.

Thinking of this, Song Yuting sent her father a WeChat message, asking him to pick her up. She didn’t want to eat anymore.

“Brother Lin, can you really snatch the spot back?” Du Yuxuan asked.

“How is this considered snatching?” Lin Yi said.

“She didn’t want to act, so I did her a favor and fulfilled her wish, so don’t claim that I snatched it.”

“Hehe, what you said makes sense,” Du Yuxuan said with a smile.

“Tsk, you make it sound so nice,” Song Yuting said.

“Although I’m not interested, not everyone can fulfill this role well. The school leaders are not blind. How can they casually give this role to others? It’d be a mockery to the school. Besides, you only know an unknown little teacher. How much influence can you have?”

Ring!

Song Yuting's phone rang at this moment.

"A call from Mr. Liu?"

The two of them subconsciously became nervous. It couldn't have really changed, right?

Logically speaking, it shouldn't be possible. Her father had given him tens of thousands of yuan. If he didn't even have the ability to do this, it would be too ridiculous.

"Mr. Liu."

After picking up the phone, Song Yuting whispered.

"Why?!"

"But... I know..."

The call was quickly ended. From her expression, Wang Qi could already guess what was going on.

"Yuting, they didn't really change it, did they?"

"Yeah." Song Yuting looked at Lin Yi and Wang Lu coldly. "You guys are too despicable!"

"Despicable?" Lin Yi smiled, "Didn't you say that you don't want to act? I'm just helping you. What right do you have to call me despicable?"

"You!" Song Yuting slammed the table angrily. "Whether I want to act or not has nothing to do with you, but let me say this. I will definitely get this role back!"

"If you have the ability, fight for it with your own ability. How can you just rely on your family?!"

"Why? Are you guys not convinced?"

Song Yuting said, "My family is rich. This is my advantage. Your family is poor. How can you blame others?"

"Alright, Yuting, stop talking. Let's go." Wang Qi tried to smooth things over.

"Let's go. I don't want to stay here anymore," Song Yuting said. "I want to see who can snatch this role away from me!"

Creak...

At that moment, the door opened and a man in a blue shirt and slacks walked in.

“Dad, you’re here.”

Seeing the middle-aged man coming in, Song Yuting responded.

“Are you done eating? I’ll buy something and bring it back to your mother later. She hasn’t eaten yet.”

“Don’t buy anything here, their food doesn’t taste good!” Song Yuting said.

“Dad, let me ask you, my role in the play has been reassigned. What’s going on?!”

“Huh? It’s been reassigned?” Song Yuting’s father said.

“That’s impossible. I’ve already discussed it with your dean. How could this happen?”

“It’s all his fault!”

Song Yuting pointed at Lin Yi and said, “He was the one who did this to me. He wouldn’t leave me alone. You have to help me get this spot back!”

“Alright, alright, alright. Calm down. Isn’t it just a role in a performance? I’ll call and ask later...”

Song Yuting’s father stopped mid-sentence.

“President Lin?”

“Yes?”

This form of address stunned everyone present. Why did he call him President Lin?

“And you are?”

Lin Yi thought about it and didn’t seem to know this person.

“Director Lin, I’m Song Shichao from Tengda Technology. I participated in the Chip 2.0 press conference you held previously. I admire you, President Lin. The younger generation will all eventually surpass us, and I am not afraid to admit that I’m inferior.”

Song Yuting looked at her father in shock.

“Dad, do you know each other?”

"I know President Lin, but President Lin doesn't know me." Song Shichao smiled awkwardly and said.

"It just so happens that we met today, so let me introduce you. President Lin is the president of Lingyun Group. Longxin Research Institute and Didi are both wholly owned subsidiaries under President Lin. Their net worth is hundreds of billions. Among the younger generation of Zhonghai, he is definitely the best."

"Worth... worth hundreds of billions?"

Everyone in the small shop was stunned, including Wang Lu and Du Yuxuan.

They all knew that Lin Yi was rich, but they didn't know that he was so rich!

What kind of concept was 100 billion?

They had never seen so much money even in their dreams.

"A net worth of 100 billion might be a little understated. In short, President Lin's ability and financial resources are not something we can imagine." Song Shichao flattered.

"Since President Lin wants you to vacate the role, then don't fight for it anymore."

Song Yuting's expression collapsed.

His own company's market value was only a few hundred million yuan. It might not even be a fraction of the other party's. There was no way to compare the two!

Even if she wanted to fight for it, she wouldn't stand a chance.

"Got it."

Song Shichao bowed and handed over his business card. "President Lin, I hope we can have a chance to work together in the future."

"Alright." Lin Yi took the business card and nodded.

After exchanging some pleasantries, Song Shichao and the other two left the store.

"Brother Lin, you're too amazing," Wang Lu said with a smile.

"I didn't know that there was a billionaire by my side."

"It's all nonsense. Don't be so excited." Lin Yi smiled. "How's your sister recently? She's doing well, right?"

“Yes, yes. She’s doing quite good. Brother Lin, don’t worry about her.”

After dinner, Wang Lu was in no hurry to leave. She helped Lin Yi with his work for a while until Ji Qingyan arrived.

When school eventually ended at night, the shop’s business became busy.

Although their income had increased, she felt as though she had lost something.

There was no longer that leisurely feeling, and they had less time to spend together.

However, in her opinion, this might be Lin Yi’s so-called life.

It was the smell of the human world.

It was soon almost eight o’clock in the evening, and there were fewer and fewer customers in the shop because it was time to close.

It had been like this for the past few days. Ji Qingyan did not want Lin Yi to be too tired, so she would arrange for him to close his shop at the appropriate time.

[Mission completed. Reward: 200,000 proficiency points.]

[Profession Completion Rate, 60% Reward, Perfect Physique.]

The notification in his mind made Lin Yi stop what he was doing.

Lin Yi had already expected that he would be able to complete the mission today.

However, he did not expect this reward.

The system’s rewards were getting more and more flirtatious.

The lithography machine and phone system were both money pits. Wouldn’t it be good to give him some money and leave him in peace?

I’m already perfect. I don’t need this at all.

As if hearing Lin Yi’s ridicule, the system said,

[Perfect Physique is a special bodily function, not a one-sided external manifestation.]

“Yes?”

Lin Yi’s expression froze. This reward seemed to be different from what he had imagined.

“It can change my body’s functions? The Bone Density Potion from before should be similar to this, right?”

[Yes.]

“What kind of changes can this perfect system bring me?”

[It can remove the impurities in your body and make you a healthier person.]

“You’re f*cking kidding me. Can’t you just give me some money? I don’t want some bullsh*t perfect physique. I just want to make money.”

As soon as Lin Yi finished speaking, he felt a change in his body.

Bean-sized beads of sweat dripped from his forehead as if he had just exited a sauna.

Lin Yi could tell that the sweat was probably the impurities in his body.

This was because he could clearly feel that his body was more agile than before, and his overall attributes had increased.

This should be the effect of the perfect system.

“System, this thing is not bad.”

The system didn’t say anything and automatically disappeared.

“Why are you leaving just like that? Since you’re already here, why don’t you stay for a meal? Why are you being so distant with me?”

621 I’ve Also Trained

Lin Yi waited for a few minutes, but there was no response from the system.

The next phase of the mission was not issued. According to past experience, it might be triggered midway through the process.

This was a little difficult.

“What are you daydreaming about again?” Ji Qingyan waved her finger in front of Lin Yi. “It’s almost done. It’s time to close the shop and go home.”

Lin Yi nodded. “Let’s go.”

After packing up, the two of them returned home and ended the day’s work.

The next morning, Lin Yi received a call from Liang Ruoxu as soon as he arrived at the shop.

“Have you thought about the incubation center yet?” Liang Ruoxu said, “I happen to have nothing to do today. Shall I bring you around?”

“Alright, where should we meet?”

“Come to my house,” Liang Ruoxu said. “By the way, are you in the shop?”

“Yes, why?”

“Bring me a serving of egg fried rice and your pickled radishes too.” Liang Ruoxu said.

“Drive your Shari. Don’t drive a sports car.”

“I’m already in the shop. I’m driving a Lykan today. My tricycle is parked in the back. Choose either one.”

“Um... Let’s go with the Lykan.”

Thinking of the shameful experience a few days ago, Liang Ruoxu still chose the Lykan.

“Why are you so troublesome? Just wait at home.”

With that, Lin Yi made a plate of egg fried rice and a plate of carrots and pickles before driving towards her house.

Liang Ruoxu was in her usual half-dressed attire, appearing like a virtuous housewife.

If she had not taken the initiative to reveal her identity, no one would have thought that she held a high position and that few people could compare to her.

“Did you bring food? The meeting last night lasted until past nine o’clock. I haven’t even eaten yet.”

“Here.” Lin Yi handed the fried rice and pickled vegetables to Liang Ruoxu.

“Not bad, not bad. It’s not cold yet. Otherwise, I would have to heat it up again.”

“Of course it wouldn’t be cold. In order to keep it warm, I put it in my pants the entire time. The temperature of my pants is the same as your meal.”

“Go away.”

Liang Ruoxu ignored Lin Yi's nonsense and took the things in his hand. She couldn't wait to open it and eat breakfast."

"How did you cook this rice? It's actually so delicious," Liang Ruoxu said as she ate, not caring about her image.

"By hand."

As he spoke, Lin Yi opened the fridge. "Why did you put the stockings in the fridge again? Are you deliberately not letting people drink water?"

Liang Ruoxu's expression was gloomy. "There's cold water in the kettle. Pour me a cup too."

Lin Yi poured two cups of water, one for himself and one for Liang Ruoxu.

"The place is ready to go, right?"

Liang Ruoxu nodded. "It was set up a long time ago, but we haven't lost yet. Because of this policy, we've been waiting and watching. Now that the opportunity has come, all the plans are ready to be put on the agenda. We had a meeting yesterday to study this matter."

"What's the result of the study?"

"We're moving toward the privatization of our industries," Liang Ruoxu said. "That building will be given to you for free for 20 years. During that period, all the profits will belong to you. The only requirement is that the company that accepts the contract must be from a high-tech industry."

"Really? All the profits will belong to me?"

In the beginning, Lin Yi thought that he might only have the right to use it. He didn't expect that even the profits would be given to him.

"Mhmm, consider it your reward," Liang Ruoxu said.

"After all, the benefits you bring to the country are far more valuable than a building. What's more, you can reduce the rent and attract start-ups. The price for them should be just to develop an app for the new system. However, this is only my personal opinion. You have to decide how to do it."

"That's a good idea. It's a free policy anyway. It'd be a waste not to take it."

"That's what I mean."

After finishing her meal in satisfaction, Liang Ruoxu returned to her room to change her clothes. When she came out, Lin Yi was shocked.

She was wearing a white sweater and loose blue pants, revealing her fair ankles.

Even her hair was tied into a ponytail, making her look like a university student.

“Why are you looking at me like that?”

“You’re already in your thirties. Why are you dressed like this? Are you pretending to be young?”

“Say that again.” Liang Ruoxu was furious. “I’m only thirty. Who’s in their thirties?”

“What I’m trying to say is that this doesn’t match your status.”

“I’m a public official. It’s even more inappropriate for me to go out with a private company boss like you.”

As she spoke, Liang Ruoxu even put on her mask and sunglasses to cover her face up.

She was like a mummy.

“Let’s go. I’ll show you around.”

After leaving the house, the two of them got into the car.

Following Liang Ruoxu’s directions, they arrived at the newly established high-paying industrial incubation center.

The location of the incubation center was 190 South Beach Road.

He had come here once when he was on a taxi ride, but he did not pay much attention to the environment.

The two of them found an empty space to park. From here, they could see a forty-story building not far away. Lin Yi said.

“The place is not bad. It’s not as good as Lingyun Building, but it’s almost there.”

“Not to mention Zhonghai, in the entire Huaxia, which office building can compare to Lingyun Building?” Liang Ruoxu complained.

“You’re really strange. Sometimes you’re so high-profile, and sometimes you’re so low-key.”

"It only cost me eighteen billion to buy Lingyun Building. It's not a lot of money." Lin Yi patted Liang Ruoxu's shoulder earnestly. "You're too narrow-minded and closeted. It'd be difficult for you to ever become great."

"Stop insulting me," Liang Ruoxu said.

"Let's go in and take a look."

The two of them walked side by side towards the office building in Xinluo City.

"Why do I feel like we're having an affair now? Moreover, it's as though we're both married."

"I'm going to kill you. Don't talk nonsense. Leave quickly."

The interior of the building was simpler than Lin Yi had imagined.

There were not many fancy designs. It was more practical than anything.

There were no major problems in terms of layout and decor either, instead giving off a very good feeling.

Apart from that, the property management had also moved in. In layman's terms, they had already reached the point where they could carry their bags and live there.

Lin Yi was a little surprised to see people passing by as they strolled around.

"What are these people doing?"

"He probably heard the news and came here to inspect."

"Are they so well-informed?"

"Some people have a keen sense of business. Coupled with the fact that there has never been a shortage of entrepreneurs in Zhonghai, many people will know if there are any movements," Liang Ruoxu said.

"Just like last night, when we had a meeting to discuss the privatization of the company. I reckon that this news might have been leaked. Many people even expected the reduction in salary and rent. Therefore, it's normal for these people to come here in advance."

"What a hardworking group of people."

"Do you feel that you're much more lazy than before?" Liang Ruoxu smiled at Lin Yi.

“After becoming a billionaire, you probably don’t have the same drive as before.”

Lin Yi shrugged helplessly. “Drive? I normally succeed in everything easily.”

Liang Ruoxu, “...”

“You’re just dandy when you’re not talking, but when you talk, I feel like you’re asking for a beating.”

“Hehehe, you’re just jealous. Comrade Liang Ruoxu, your thoughts are very dangerous.”

“Dangerous my *ss.”

Liang Ruoxu pinched Lin Yi’s waist, “Get down to business.”

“How dare you attack me?” Lin Yi said indifferently.

“With your small physique, it’s better not to show off to me. When you’re not carrying a gun, it’s best to keep a low profile.”

“Do you think I stayed in the courtyard for nothing?” Liang Ruoxu said.

“I’ve learned kickboxing. Don’t look down on me.”

Lin Yi suddenly remembered that when he was at Normal University, Liang Ruoxu had unintentionally displayed her skills. It seemed she had indeed trained it in before.

“You’re a woman too.”

Liang Ruoxu was a little unconvinced. She suddenly turned around, grabbed Lin Yi’s arm, and lifted him on her shoulder, preparing to throw him over her shoulder to let him have a taste of her strength.

However, as soon as she exerted her strength, she suddenly realized that something was wrong.

His body was rooted to the ground like a small mountain. No matter how much strength she used, she could not move him at all.

“Huh? Why is his lower body so stable?” Liang Ruoxu asked in surprise.

Her actions were a little comical.

Lin Yi suppressed his laughter. “What are you doing?”

Liang Ruoxu's expression turned awkward. This was a tactic that she had tried many times before

Although her skills were not as good as Lin Yi's, the chances of success were still very high if he was caught off guard.

This was the first time she had met someone as sturdy as Lin Yi.

What kind of freak was he?

Ah!

Lin Yi grabbed Liang Ruoxu's arm. The latter screamed as he pinned her against the wall, rendering her unable to move.

"Hurry up and let me go," Liang Ruoxu said embarrassedly.

Lin Yi leaned over and whispered in Liang Ruoxu's ear.

"Come, try to resist. Let me see how capable you are."

Feeling Lin Yi's warm breath on her lips, Liang Ruoxu felt her body go limp.

This action was too seductive, making Liang Ruoxu, who was still inexperienced, find it difficult to control herself.

"Stop fooling around. Someone will be here soon."

"This is the top floor. It's empty."

"Lil' Wan, I heard from my dad that the higher-ups have sent down documents to turn this place into a high-paying industrial center. The city has already finished its meeting and will be finding a tenant soon."

Surprisingly, Lin Yi and Liang Ruoxu were stunned when they heard the voice. They quickly stopped what they were doing.

They did not let the people walking over see them.

Liang Ruoxu pinched Lin Yi angrily, "Luckily, I reacted in time. If others saw this, I would lose everything."

"What's wrong with that? We're all adults. They would understand."

"The hell they would."

The guilty Liang Ruoxu pretended to be calm because someone had arrived.

“Have you chosen a place?”

“Yes.”

“I think the top floor is pretty good,” Lin Yi stopped teasing Liang Ruoxu and voiced his thoughts.

Originally, he had planned to set the company’s address at Lingyun Building after Longxin and Sci-Tech went public.

However, now that he had taken over this business, it was not a bad idea to set up a new company here.

“You decide. It’s the same anywhere you pick. I’ll help you with the follow-up procedures.”

“Alright, it’s settled.”

For Lin Yi, standing on the top floor would be a good sign, but he had no particular obsession with the floor.

“Hey, man.”

Just as the two of them were leaving, they unexpectedly heard someone talking behind them.

They were the four people who had just come up to them.

There were two men and two women. Other than one of the men, the others were dressed casually, appearing similar to Liang Ruoxu.

The boy in the lead was dressed in trendy clothes. His hair was permed, and he was wearing a loose black T-shirt and a silver metal necklace. He was wearing a pair of brown and white AJ1 ‘Inverts’ under his feet. He looked like a hipster.

However, among the four of them, the most outstanding one was the girl standing beside him.

She was wearing the same baseball cap as Liang Ruoxu. Her long black hair rested on her shoulders, and her black jeans and small boots accentuated the curves of her legs.

Just these two legs alone were attractive enough.

The man’s name was Zhou Ze, and the woman’s name was Xu Wan.

The remaining two were called Han Fei and Wang Zhen. The four of them were students of Zhonghai Institute of Technology, and had all received master's degrees there.

Although Xu Wan was good-looking, she was also a perfect example of diligence. She got her current achievements with hard work.

Zhou Ze was guaranteed a master's degree with his family's connections.

After all, Zhonghai Institute of Technology was just an ordinary 211 school. It was not difficult to receive a postgraduate degree there.

Everyone knew how outstanding Xu Wan was.

In the second year of her master's, she settled her thesis in advance and even published an SCI. With the support of the school, she embarked on the path of entrepreneurship and produced some achievements.

However, in order to have a better future and to formalize her company, she came here to choose a place.

"Were you looking for me?"

Lin Yi's expression was indifferent and cold.

If not for them, the story might have developed in a different direction.

"I want to ask, are you also here to rent an office?"

Lin Yi nodded. "What's wrong?"

"To be honest, we also want to set up the company here. Let's study it thoroughly and not disturb each other," Zhou Ze said.

"This doesn't seem to work. I've taken a fancy to this floor. You guys can choose from the other floors."

He took a fancy to this floor?

How big of a company was this?

Lin Yi and Liang Ruoxu ignored Zhou Ze and walked elsewhere, ready to continue inspecting.

If there was anything unsatisfactory, they had to make the necessary changes.

In short, from now on, this was Lin Yi's territory. He would do as he said.

Seeing the two of them leave, Zhou Ze snorted.

"Isn't that person too good at bragging? He even wants to book an entire floor?" Wang Zhen complained.

"But I can feel that the man doesn't seem to be in a good mood. He even speaks with anger," Han Fei said.

"You girls are too innocent. You can't even see the truth." Wang Zhen said.

"When we came up just now, didn't you see that he and that woman looked flustered and had been tidying up their clothes?"

"What's wrong with that?"

"It's obvious that he was doing something bad when we bumped into him."

"No way." Han Fei's expression was one of surprise. "You can do that in a place like this?"

"If it's fine in the car, why can't you do it here as well?" Wang Zhen said, "It's more exciting in a place with a wide field of vision."

"Your mentality is really perverted," Han Fei said. "What's so exciting about that?"

"That's because you haven't matured fully yet."

"Don't talk nonsense. Hurry up and think about the serious matter." Han Fei said.

"That person wants to book the entire floor. Let's settle for the next best thing and go downstairs to take a look around."

"Don't listen to his bullsh*t. Most companies won't come here. Those who come here are all small and medium-sized companies. Who has the ability to book the entire floor? That is a sick joke," Zhou Ze said.

"That's true. In that case, should we fight?" Han Fei asked.

"Of course. I'll talk to my family later and ask my father to dig out some connections. It's best if we can sign the contract in advance and choose a good spot," Zhou Ze said to Xu Wan.

"If it's too troublesome, then forget it. Although I prefer the top floor, I'm not fixated on it."

“Lil’ Wan, you’re disheartening. We’re all competing fairly. We can’t be cowards,” said Wang Zhen.

“The company has just been established. We have to choose a good place. This means that it’s thriving, so we have to fight for it!”

“I agree that this makes sense. In that case, let’s fight for it. What if there’s a way to get it first?” Han Fei added.

“That’s right. We’re all practical people. We can’t lose to a gigolo.”

“Gigolo?” Han Fei was surprised. “Wang Zhen, what are you talking about?”

“Isn’t it obvious?” Wang Zhen said.

“The man just now looked like a celebrity, and the woman was wearing a mask and sunglasses. She covered herself up tightly. It’s obvious that she’s a married woman who came with her little lover to a public location.”

“That’s a little slanderous,” Xu Wan said. “We don’t have any evidence, so we can’t boldly slander others.”

“Lil’ Wan, you’re a little naive,” Zhou Ze said.

“Didn’t that woman say just now that she would help that man with the procedures? It’s obvious that she’s buying a property for her lover. Otherwise, how could a woman like her handle the procedures?”

Hearing Zhou Ze’s words, Xu Wan recalled their conversation and realized that she had indeed said this.

Xu Wan shook her head helplessly. It was a pity that this property was being given to the boy.

In today’s society, looks were also an advantage.

If he went out to find a job, he would be able to live well even in a place like Zhonghai.

Why didn’t he work hard to improve?

What a pity.

“Let’s call it a day. I’ll go back and ask my father to pull some strings and try to sign the rental contract in advance.”

“Brother Zhou, I’ll leave this to you.” Wang Zhen said confidently.

“I have a feeling that as long as we get the top floor, our small company will be able to prosper in the future.”

“I think so too. It’s over.”

623 Be Gentle, Don’t Be Naughty

After leaving the building, Lin Yi drove Liang Ruoxu to the office.

However, when they were two hundred meters away, Liang Ruoxu asked Lin Yi to stop the car, afraid that others would start to gossip about them.

After sending Liang Ruoxu off, Lin Yi drove back to the store.

After completing the first stage of the mission, Lin Yi’s mood improved drastically.

‘I’ll sell as much as I can.’

After opening for business, customers soon came knocking.

Lin Yi realized that a large proportion of the people who came to eat were there because of his reputation.

Moreover, there were also many rich ladies. The cost of each table was hovered at about 1,000 yuan, which was not a small amount.

“Boss, I forgot to bring my wallet today. Can I still eat egg fried rice with you?”

“Not unless you are an E cup.”

“I don’t have E cups. Can you pay with my body?”

“All the girls in the room want to pay with their bodies. Who do you think you are... Hmm?”

Lin Yi, who was cooking, felt that something was wrong.

This person’s tone and tone sounded so familiar.

She turned around and saw Wang Ying standing at the door.

Wang Ying was dressed like a mature woman. She was wearing a white shirt and a lady’s suit. Below that, she was wearing flesh-colored stockings and a work skirt. She also had on a pair of black high heels.

It was obvious that she came straight from the company without changing her clothes.

“Sister Ying, why are you here?” Lin Yi smiled. “Didn’t you say that you would come back in a few days after you were done with your work?”

Wang Ying had long known that Lin Yi had opened a shop here, but she hadn’t come because she had a lot of work to do.

However, the previous day, Wang Lu had told Wang Ying what had happened.

Today, she couldn’t help but run over during her lunch break.

“It’s mainly because I didn’t expect your business to be so popular. Lulu said that you couldn’t handle it alone, so I thought of coming over to help you.”

As she spoke, Wang Ying placed her bag on the fridge and whispered to Lin Yi,

“Before I came, I checked with Secretary Qiu. She said that President Ji is meeting Director Guan, who is in charge of Yaluo Design, to talk about Wangjiang Dock. She won’t be coming over anytime soon, so we won’t be caught.”

“You’re a perfect lover.”

Wang Ying smiled charmingly. “If I didn’t know this much, then I would really have nothing to offer you.”

“Don’t say that. Anyone who looks at this chubby but not fat figure would like it.”

“Don’t worry, others can only look at it, but you can eat whatever you want.” Wang Ying kissed Lin Yi on the cheek without any hesitation.

Lin Yi hugged Wang Ying’s waist and pinched her butt.

“Full marks.”

“Be gentle, don’t be naughty,” Wang Ying rebuked. “Hurry up and cook. I’ll help you.”

“Have you eaten lunch? Order whatever you want. I’ll make it for you.”

“Don’t worry about me. We’ll talk after we’re done with the guests outside.”

“How can that do? Since you’re here, I can’t let you starve.”

“Don’t worry, I won’t stand on ceremony with you,” Wang Ying said. “I can eat later. Let’s get down to business first.”

“Alright, if you’re hungry, let me know. Don’t be shy.”

“Yeah.”

In Lin Yi’s eyes, Wang Ying had perfectly inherited the good traits of traditional Huaxian women.

She was willing to endure hardship first and enjoy her life later.

Although she was beautiful and had a round figure, when she met someone she liked, she would focus on her family and her man.

This trait was too rare.

Wang Ying’s arrival relieved a lot of the pressure on Lin Yi.

Her knife skills were much better than Ji Qingyan’s, and it made Lin Yi feel much more relaxed. He was only responsible for the actual cooking.

Due to this reason, the restaurant’s turnover rate was much faster.

However, it was still difficult to resist the endless number of enthusiastic customers, so there was a long queue outside. There were at least twenty customers waiting patiently in line.

Some of them wanted to eat Lin Yi’s food, while others wanted to enjoy Lin Yi’s looks for free. Their motives were not easy to determine.

At this moment, on Zhengyang Street, two white-skinned foreigners were walking toward the store.

Their names were Lewis and Nathan. They were from Neeva, Meiguo., and were graduate students at Zhonghai Institute of Technology.

In a sense, they were Lin Yi’s schoolmates.

“Hey, Lewis, I heard this new restaurant is delicious. Do you want to try it?”

“F*ck, I know this shop!” Lewis cursed.

“A few days ago, I met a Huaxian girl and was about to succeed. In the end, she said that she liked the boss of this shop and blocked my WeChat number. I couldn’t contact her anymore.”

“I’ve heard that, too. A lot of the girls at school are saying that the owner of the shop is very handsome, but I think that’s an exaggeration,” Nathan said.

“I don’t think that Huaxia boys are as good-looking as you.”

“I agree. I can only say that their taste is too poor. Not to mention myself, any random white man is better than these Huaxian people.”

Lewis shrugged. After venting, he was no longer very angry.

“She actually gave up on me for a restaurateur. This will be her greatest regret.”

“That makes sense. Don’t worry so much about it,” Nathan said.

“This restaurant looks pretty good. I wonder if I can eat authentic steak here.”

“You’re too naive. This isn’t Meigu. It’s very difficult to find authentic steak here,” Lewis said.

“And there’s no real red wine either. I wouldn’t be in a place like this if my dad didn’t work here.”

“Although the Huaxian steaks aren’t very good, the good thing is that the food is cheap and the girls are very beautiful. The school even gave me a lot of care. I’ll treat my time here as a vacation,” Nathan said.

“After all, we are very respected here.”

“Oh my God, no way. There’s actually a queue?” Lewis said.

When the two of them reached the entrance of the store, they realized that there were more than 20 people waiting outside. They were all waiting to go in to eat.

“There’s actually a restaurant where you need to line up on Zhengyang Street? This is the first time I’ve seen this kind of thing.” Nathan was a little surprised. “Maybe we’re in the right place. Their food might really be delicious.”

Lewis shrugged. “That’s possible, but I don’t really want to wait in line. I’m not that patient.”

“How about we go to another one?”

“Nah, let’s not change.”

Lewis rubbed his nose and said teasingly, “Actually, I’d love to go in and see what the owner of this shop looks like.”

“Hey, calm down. You look like you’re going to hit someone,” Nathan advised.

“Although you learned boxing from your family, the security in Huaxia is very strict. It’s best not to cause trouble here.”

“Don’t worry.” Lewis waved his hand and said indifferently,

“I have no intention of fighting, and I don’t have the habit of attacking the weak, so you don’t have to worry. I’m just here to have a simple meal and evaluating how trashy their steak is.”

624 You’re Here to Show Off?

“That’s a good idea.”

“Unfortunately, there are too many people queuing outside. I don’t want to wait.”

“That’s easy,” Nathan said with a smile. Then he walked to the front of the row and stood next to a young couple.

Seeing Nathan walking over, the young couple froze for a moment before recognizing him and Lewis.

They were also students of Zhonghai Institute of Technology and knew about Lewis and Nathan.

“I’m Nathan, an international student from Meiguo. We want to eat here. Can the two of you give up your seats for us?”

“Give up our seats?”

The boy didn’t look too good. His girlfriend was standing right next to him.

If he gave up his seat just like that, he would lose face.

“We’ve been queuing for more than half an hour. Why should we give up our seats to you?”

Nathan was stunned. He hadn’t expected this boy to refuse his request.

“Don’t you know who I am?” Nathan said. “Don’t forget that Lewis’s father was a professional boxer.”

“So what?” The boy said, not to be outdone.

“If you want to eat, go to the back and queue up. Don’t even think about taking our place.”

"You guys are pretty impressive for turning us down," Lewis said. "If you don't mind, I want to talk to you. Do you dare to come with me?"

"Why wouldn't I dare? I'm not afraid of you!"

"Don't lower yourself to their level." The girl held her boyfriend's hand, afraid that they would fight.

Lewis and Nathan were both notorious. If they really fought, his boyfriend would definitely not be their match.

If the school found out about this, they might even punish him.

"Let's go. We'll eat another day. Ignore them."

"No, we'll eat here today!"

"Aiya, be good and follow me!"

The woman stomped her feet angrily and pulled her boyfriend away with all her might.

Lewis and Nathan both laughed smugly.

"Hehe, how timid."

After the young couple in the front left, the duo shamelessly stood at the front.

The people standing at the back all revealed looks of disdain.

However, based on the principle that it was better to avoid trouble, none of them argued with the duo.

Soon, customers came out of the shop and Lewis and Nathan swaggered in.

"Boss!"

When they entered the store, Lewis called out to him, causing everyone in the store to look at them with disgust.

Although this was an external restaurant, the rules were similar to the school canteen. You were supposed to wait your turn to have your order taken, but these guys were hollering for attention. They had no manners at all.

Disgusting.

Hearing someone talking outside, Wang Ying wiped her hands with a towel.

“You go ahead. I’ll go out and take a look.”

Lin Yi nodded and didn’t say anything.

“What would you like to order?” Wang Ying walked out and asked.

Lewis had come here to see Lin Yi.

However, when he saw Wang Ying, he could not take his eyes off her. He was stunned.

Meiguon was not a place where thinness was idolized. Instead, they were more attracted to the plump and healthy type.

Although Wang Ying’s figure was not as exaggerated as Ouzhoun and Meiguon women, she was thin where she should be thin and thick where she should be thick. This was very attractive to both of the guys.

“Hey, beautiful, we want two Prime-grade steaks. You should be able to prepare those, right?”

“Yes.” Wang Ying said, “Do you need anything else?”

Ever since she became a sales manager, Wang Ying often went to high-end restaurants. She knew that Prime-grade steak was the best.

The two of them were a little surprised to be able to order Prime-grade steak here.

They had been in Huaxia for more than half a year, but he had never eaten authentic Prime-grade steak.

“Do you have red wine here?” Lewis asked.

“Yes, but red wine isn’t on the menu. You can go to the wine cabinet and choose for yourself.”

“Beautiful lady, I hope you can choose a bottle for us. I want to see if you’re professional,” Lewis teased.

“Sorry, I don’t know anything about red wine. Take whatever you want to drink.”

Even though she was disgusted, Wang Ying hid it.

This was because she was afraid of affecting Lin Yi’s business.

Lewis shrugged. “Then I’ll go and pick a bottle at random.”

After ordering, Wang Ying returned to the kitchen and continued helping Lin Yi with his work. The two of them worked together very well.

“The steak is ready. It’s ready to be served.”

“I’ll go now.”

Wang Ying put the steak aside and put on her coat to prevent the two foreigners from gawking at her.

After delivering the food, Wang Ying returned to the kitchen and took off her coat in one go.

She did this so quickly, that Lin Yi didn’t notice.

After an unknown period of time, there was an argument in the shop. It was so loud that even the kitchen could hear it.

“This is a public place. Can you not smoke here?” A long-haired girl fanned the cigarette in front of her and gave a look of disdain.

“There’s no no smoking sign here. Smoking shouldn’t be a problem, right?” Lewis said.

“But this is a public place, and the shop isn’t big. If you do this, you’ll affect others.”

“That’s got nothing to do with us,” Lewis said. “It’s just a Huaxian restaurant. Why all the rules?”

“Boss, someone is smoking here. Come and take care of it.”

After cooking, Lin Yi walked out and smelled the strong smell of cigarette smoke.

“Boss, someone is smoking here. The entire room is filled with the smell of smoke,” the long-haired girl said.

Lin Yi didn’t respond directly. Instead, he said to Lewis and Nathan,

“Smoking isn’t allowed in the shop, you can go out if you want,” Lin Yi said.

“There are so many rules in your shop. We can do this in other shops,” Lewis said.

“Besides, we haven’t eaten yet. Are you going to chase us away?”

“If you want to eat, put out your cigarette.”

“But I’m only halfway through my cigarette. It would be a pity to stamp it out,” Lewis said with a smile. He had no intention of extinguishing it.

“Then go out and smoke.”

“But there’s still half of the steak I ordered...”

“Are you f*cking grinding your teeth with me?” Lin Yi cursed.

Lewis was stunned by Lin Yi’s scolding and didn’t react immediately. He didn’t think this male boss would scold them.

This also made the female customers in the shop excited.

The shop owner was so manly. He was too charming.

“Both of you, either put out your cigarettes or go out and smoke. Don’t make me waste my breath here.”

Lewis leaned back in his chair and crossed his legs. He held a cigarette in his hand and looked at Lin Yi playfully.

“What if I want to eat and smoke at the same time? What can you do to me?”

“Then I can only satisfy your request.”

Lewis smiled and looked at the girl at the next table.

“Do you see that? Other people can’t smoke here, but I can. That’s the difference. So, I hope that you can all be quiet. Their steak and red wine are not bad. Don’t disturb the mood of our meal...”

Lewis stopped mid-sentence.

He was surprised to see Lin Yi snatch the cigarette from his hand and press it on the remaining half of the steak, making a sizzling sound.

Before they could understand what was going on, they saw Lin Yi grabbing Lewis’ hair and pressing it straight onto the plate!

Ah!

Lewis screamed as the plate containing the steak shattered.

The people eating in the shop were all shocked. Lin Yi’s attack was too sudden for them to react.

“Let go of me!”

Lewis struggled with all his might.

He wanted to break free from Lin Yi’s grip, but he soon realized that it was useless.

“Didn’t you want to smoke while eating? I’ve created an opportunity for you. Let’s begin.”

“Do you Huaxians only know how to launch sneak attacks? If you have the ability, fight me openly!” Lewis struggled.

“Sure.”

Lin Yi let go of Lewis, the latter’s face covered in steak soup.

At this moment, he was like a ferocious tiger as he got up from his chair and glared at Lin Yi.

“How dare you attack me? You’re courting death!”

Lewis swung his fist at Lin Yi.

With E-class combat strength and a perfect body, Lin Yi’s combat abilities were all top-notch.

From Lin Yi’s perspective, an attack of this level was not even as significant as a drizzle.

He grabbed Lewis’ wrist and pulled the latter in front of him.

At this moment, Lewis felt like he was not in control of his body.

This man was stronger than he had imagined!

The moment Lewis lost his balance, Lin Yi kicked him in the back and threw him to the ground.

“Oh my god, the boss is actually so powerful?”

Some of the people in the room knew Lewis and Nathan and were aware that they were not to be trifled with. They did not expect him to be beaten up by the handsome boss of the shop today.

This was too satisfying!

Lewis got up with difficulty and looked at Lin Yi with fear.

“Are you here to show off?” Lin Yi said coldly.

“I’m a Meiguon. How dare you hit me? This isn’t over!”

“How many more Meiguons will you send?”

Lin Yi kicked again, breaking Lewis’s nose bridge.

Ah!

Screams resounded in the store. Lewis covered his nose in pain and rolled on the ground.

“Aren’t you going to say you’re Meiguon again?”

“No, let’s not talk about this anymore…”

“What about you?” Lin Yi looked at Nathan.

“I-I won’t say anymore. I-I’m not a Meiguon. Don’t do anything to me.”

“Stop wasting time,” Lin Yi said impatiently, “Pay up, don’t delay my business.”

“Yes, yes, yes. We’ll pay now.”

“A total of 140,000, card or cash.”

“140,000?”

Lewis and Nathan weren’t the only ones shocked. Everyone else in the store was stunned.

Although the dishes were a little expensive, the bill shouldn’t be this expensive, right?

The boss was so handsome. It was impossible that he would openly extort someone, right?

“The steak is 2800. The rest is for the red wine. That was a four-year-old Romanee Conti. Do you think it’s worth the price?”

The two of them were completely dumbfounded. They had just casually ordered a bottle of red wine, but it was actually so expensive?

Lin Yi’s words shocked everyone in the shop.

There was actually such an expensive wine.

Ordinary people could not afford it at all!

“We don’t have that much money.”

“You don’t have that much money?” Lin Yi said, “Were you here to dine and dash?”

“No, that’s not what we meant. Give me a few days, and we’ll get your money. Don’t do anything to me,” Nathan said.

Nathan almost peed his pants when he saw how badly Lewis had been beaten.

His body was not as strong as Lewis’. If he was beaten up, he would probably have to go to the hospital to recover.

“Lin Yi.”

Wang Ying walked out of the kitchen. “Control your temper. It’s not good for us to take matters into our own hands. Let’s call the police and let them handle it.”

“That works too.”

Lin Yi agreed casually. This was the most reasonable solution now.

If he left them here, it would definitely delay his business.

If they left, the money for the meal would also be lost. Thus, it was best to let the police handle it.

Wang Ying took out her phone and called the police. Since she was in the right, the police would definitely get justice for her.

“Boss, it’s not appropriate for you to call the police,” said a long-haired girl in a dress.

“Huh? Why is it inappropriate?”

“They’re foreign students. The police will definitely side with them,” the girl said.

“I remember that there was once when these international students fought some locals. They were brought in for less than 30 minutes before they swaggered out whilst even making the other party pay.”

“I don’t think such a thing would happen,” Lin Yi said.

“If that’s the case, I can testify to the legitimacy of the story,” a boy said. “I think it’s better to settle this in private and let the two of them gather the money now.”

"I agree. Otherwise, they'll accuse you of opening an illegal shop and demanding sky-high prices. Not only will you not get the money, you might even be fined."

Lewis, who was paralyzed on the side, smiled.

Based on the current situation, calling the police was the best outcome for him.

He and Nathan were international students from Meiguon. They wouldn't dare to make a big deal out of this, and the police would definitely speak up for him.

At that time, he would have a chance to take revenge.

"We can't just settle it ourselves. Let's call the police," Lewis volunteered.

"Boss, you can't call the police," the girl in the shop said.

"That's our business. Keep your mouth shut."

Whoosh!

Lin Yi kicked Lewis again.

"Why the hell are you talking to my customers like that?"

"Yes, yes, yes. I said something wrong." Lewis was so scared that he didn't dare to make a sound for fear of being beaten up.

"Boss, listen to us. We can't call the police."

"It's fine. Justice is in the hearts of people. I'm in the right here, so there's nothing to be afraid of."

That was true, but the students in the shop were still a little worried.

The boss was still too young and had never experienced such a thing before, so he did not know the severity of this matter.

Not long after, sirens were heard outside the door. The police officers from the district police station walked in.

"I see the police coming in."

Lewis and Nathan rushed over as if they had seen their savior.

"Mr. Policeman, this Huaxian man hit us and even gave us fake steak and wine to fool us. He wants 140,000 yuan from us. You have to intervene in this matter."

The students in the restaurant who were watching the commotion frowned coldly. Things had turned out as they had expected.

These people were clearly the ones who started it, but they were actually pointing fingers now.

How shameless.

“Police colleagues, that’s not what happened.” Wang Ying stood up and explained.

“They smoked in the shop first, then didn’t listen to our instructions, so there was a conflict. Other than that, although the things in our shop are expensive, they’re all genuine. It’s only normal that they were sold for 140,000 yuan.”

“Genuine? Do you think this is a three-Michelin star restaurant?” Nathan said.

“I can swear on God’s name that the steak is fake, and so is the red wine. The total costs would not exceed 50 yuan, yet you actually want 140,000 yuan. This is too much. This is fraud. God will not forgive you!”

Hearing Nathan’s shameless words, the other students couldn’t stand it anymore.

“Officers, you can’t trust him. The boss didn’t wrong them. They started smoking first.”

“Yes, we can all testify to this. They started it.”

“Stop, stop, stop. Everyone, be quiet,” the male police officer said. “We’ll investigate this matter thoroughly.”

“There’s no need to investigate.” Lin Yi said to Lewis and Nathan.

“I called the police here to save my time so I can focus on my business. Isn’t it a little unethical for you to act one way in front of others and another behind their backs?”

“You hit me first. You’re to blame. We’re innocent!” Lewis said.

“Why didn’t you dare say that before the police came? Why? Do you think someone can back you up now that they’re here?”

“I was afraid to fight you because I couldn’t beat you. Now that the police are here, they’ll help me.”

Lin Yi was so angry that he laughed. “I’ve lived for so many years, but this is the first time I’ve met a coward like you. You actually make your excuse sound so elegant and refined.”

“There’s nothing to be ashamed of. In any case, the police will deal with you!”

Lin Yi walked over to the two police officers and smiled. “Do you know who I am?”

“I do.”

The male officer looked nervous and uneasy.

Even if we don’t know the director, we would know you!

Liang Ruoxu had already informed them of Lin Yi back when Zhou Peng came to cause trouble.

Although things looks calm on the surface, everyone in the district police station was secretly watching the developments, afraid that something major would happen.

“Then go out first and come in when I call you.”

“Alright, we’ll go ahead. Just let us know when you need us.”

After saying this, the two police officers turned around and left. Lewis and Nathan stood rooted to the ground in confusion.

They had no idea what was going on.

Why did they leave just like that?

The other onlookers were no different.

‘You sent the two police officers away with that one sentence?’

Was the police station owned by the handsome boss?

Lin Yi looked at Lewis and Nathan.

“Do you two think I should go through the motions or just do it in one shot?”

“You... you can’t do this. We’re Meiguons. It’s wrong of you to attack us. You’ll be held responsible.”

“Held f*cking responsible? Do you think I’m scared?”

Lin Yi grabbed Nathan’s head and kicked him in the face, breaking the bridge of his nose.

Nathan covered his nose and lay on the ground, howling. Lewis was so frightened that he put his head in his hands and begged for mercy.

“Don’t do it. We admit our mistake. We’ll pay you. Don’t do it.”

“What a bunch of cowards.”

Lin Yi cursed and called the two police officers in.

“Mr. Lin, are you done? Can we take them away?”

“Bring him back and continue beating him up. You can’t skip these procedures.”

“I know, I know.” The police officer wiped his cold sweat and said.

“Also, they will have to compensate 200,000 yuan for their meals and the losses my shop suffered. If they don’t pay, don’t release them.”

“Okay, okay, okay. We’ll do as you say.”

“Yeah.” Lin Yi waved his hand, “Let’s go.”

As Lin Yi had instructed, the police took Lewis and Nathan away.

The customers in the restaurant saw how awesome Lin Yi was.

When the police came here, they had to speak politely and give the boss plenty of respect. This was too amazing!

“Alright, our noon today service will end here for today,” Lin Yi said, “We’ll continue at three in the afternoon. Sorry, everyone.”

“It’s okay,” the girl said in admiration. “Boss, you’ve helped us vent our anger. I’m so happy.”

“Boss, I didn’t expect you to be so good at fighting. Do you have abs? Can I touch them?”

“Sure. Wait, why are you sticking your tongue out?”

“Haha…”

The people in the shop left one after another.

However, Wang Ying didn’t leave. Instead, she helped Lin Yi clean up the shop and wiped the blood on the ground before leaving.

There was still some time before three in the afternoon. Lin Yi took this time to enjoy a moment of leisure.

The next stage of the mission would definitely be triggered during work, so he could not stop.

At three in the afternoon, Lin Yi took down the “Closed for business” sign and prepared to receive customers.

Not long after, the store’s door was pushed open.

At the same time, there was a string of laughter.

“Lil’ Wan, let me tell you. This shop is especially popular in our university town now. Moreover, the boss is very handsome. It just so happens that I’m not busy today, so I came over to try it.”

Hearing someone enter, Lin Yi walked out of the kitchen.

He realized that the two girls who came in looked strangely familiar.

She seemed to have met the two girls in the building in the morning.

Xu Wan and Han Fei were equally surprised.

They had never thought that they would meet that gigolo here.

‘Is he the boss?’

He was so handsome.

It seemed possible.

626 You’re an Old Hooligan Yourself

“You, you’re the owner of this shop?” Han Fei asked in disbelief.

“Can’t that be the case?”

Lin Yi didn’t have any hostility towards the two of them. He had almost forgotten what happened in the morning.

“Of course.”

“Everything on the menu is available. Order whatever you want.”

They looked at the menu. The food wasn't cheap, but they could both afford it.

"Two servings of egg fried rice, one serving of pork ribs corn soup, and one serving of pickled radish."

"Sure."

Seeing Lin Yi return to the kitchen, Han Fei whispered into Xu Wan's ear.

"Lil' Wan, what's going on? He's a chef in a restaurant, but he also wants to rent a unit in the incubation center? It's a totally different field, right?"

Xu Wan thought about it and asked, "Is he going to open a canteen there?"

"Eh? That is possible." Han Fei said.

"Usually, a building like this would have a cafeteria. Coincidentally, he's also a chef. This syncs up."

"If that's the case, we might not stand a chance," Xu Wan said.

"The space for the canteen usually takes up an entire floor. They aren't cheap either."

Han Fei nodded and agreed with Xu Wan.

"That woman with sunglasses and a mask is really rich. She spent a lot of money on him."

"It can't be helped. He's so good-looking."

"You can't say that." Han Fei said, "You're also really pretty, yet don't you rely on your own ability to succeed?"

"Everyone has their own ambitions. There's no need to judge others," Xu Wan said softly.

"He can be considered to be self-reliant by opening a restaurant here. Isn't he also relying on his ability to make a living?"

"Although he's self-reliant, he definitely doesn't earn as much as a rich woman." Han Fei said.

"Otherwise, with his income, even if he works hard for the rest of his life, he won't be able to cover the rent for an entire floor of the incubation center."

"Keep your voice down. Don't let anyone hear you."

Not long after, Lin Yi brought the food they ordered.

“Boss, you also went to the incubation center today, right? Did you take a fancy to that place?” Han Fei asked.

“What happened?”

“We’ve also taken a fancy to the top floor, so we want to ask if there’s any room for negotiation.”

From Han Fei’s point of view, if he wanted to open a canteen in the building, he could only do so from the top floor.

It would be good if he was open to negotiation, since there would be no need for Zhou Ze to contact him.

“No, try the other floors,” Lin Yi said without looking up.

“Alright, then we can only compete fairly.”

Han Fei felt that even though the rich woman beside him was rich, Zhou Ze’s family was not bad either.

If he used his connections early enough, it would not be a problem for him to get the top floor.

Tsk, isn’t he just protected by a rich woman? What’s there to be arrogant about?

Lin Yi glanced at Han Fei and felt that this woman was quite interesting.

She even wanted to compete with him?

‘The entire incubation center belongs to me. How can you fight me for it?’

Due to issue surrounding the rental of the top floor, neither of the girls were in the mood to eat.

As a result, the two of them ate very quickly. After paying, they left in a hurry.

“This man is too good at pretending. Isn’t he just a little good-looking? Why is does he act like that? He doesn’t even look up or open his eyes when he speaks. It’s as if he doesn’t take us seriously.”

“We’re just a small start-up company, not some big conglomerate. Why should he take us seriously?”

“Aren’t we just starting out? It’s normal for the company to be small.” Han Fei said.

“But we built this from scratch and didn’t do anything crooked. He has a rich woman behind him, so I look down on him. What a waste of his face.”

“Do you have to be so indignant?” Xu Wan said.

“The celebrities you’re pursuing also have rich women supporting them. Aren’t you also one of their high-profile supporters?”

“That’s different. Someone was deliberately slandering that celebrity. On the other hand, we saw what is going on between him and that woman. Moreover, this guy wants to book the entire floor. The issue is clear to see.”

“I’ve already said that everyone has their own ambitions. Let’s not get too involved and just focus on own thing. Besides, the egg fried rice he makes is quite delicious. I haven’t gotten my fill of it.”

For a long time, Xu Wan did not have a good impression of these people who relied on their looks to make a living.

However, she also knew that this was someone else’s business. She could not interfere, nor did she have the right to comment too much.

“In truth, I don’t care if he has a rich woman or not, but his arrogant face is really infuriating. It’s as if the entire building belongs to him,” Han Fei said.

“I’ll call Zhou Ze later and ask him if he can rent the unit on the top floor. I’ll then slap his face with the rental contract. Hmph!”

...

Not long after the two of them left, the store’s business also picked up again.

However, not long after, the store’s door was angrily pushed open.

A middle-aged man walked in with two students.

“Where’s the boss?”

“Director Li, the boss is the only one in this restaurant. He’s probably cooking inside,” said a long-haired girl.

“Let’s go. Follow me to find him.”

The middle-aged man's name was Li Zhiwei, and he was the director of the academic affairs department of Zhonghai Institute of Technology.

After learning that two international students from the school had been beaten up, he brought his students over.

"Mr. Li, the boss has a bad temper. Will he listen to you?" The female student asked.

"I am still someone to be respected." Li Zhiwei said, "Just bring me over."

"Got it, Teacher Li."

Li Zhiwei was brought to the kitchen and saw Lin Yi cooking.

However, he only saw his back and didn't recognize Lin Yi.

"Excuse me. You're the owner of this shop, right?"

Hearing someone speak, Lin Yi turned around.

To his surprise, it was Li Zhiwei, the administrative director of the school.

"Lin Yi? Why are you here?"

"I'm the boss of this place, so of course I have to be here," Lin Yi said, "Teacher Li, are you very free today? Are you here to support me?"

Lin Yi and Li Zhiwei were old acquaintances.

When Lin Yi was in school, he was often involved in many "big cases" at Zhonghai Technology. Due to this, he often went to Li Zhiwei's office for tea.

However, Lin Yi's results were not bad. Moreover, every time he committed a crime, he did not do anything serious enough to warrant expulsion.

Due to this reason, the two of them had often butted heads in terms of both wit and courage.

This relationship lasted until Lin Yi graduated.

The two female students were a little surprised. They didn't expect the handsome boss to graduate from Zhonghai Technology.

In other words, wasn't he their senior?

"It's even better that you're the boss here." Li Zhiwei said.

“Hurry up and call the police station. Don’t force those two graduate students to pay anymore. After that, apologize to them. I’ll help you make peace with them and this matter will be considered over.”

“Huh?” Lin Yi said, “What are you talking about? Did you not get enough sleep last night?”

“Lin Yi, how can you talk to me like that? I’m a teacher!”

“Teacher? I think you’re dreaming.” Lin Yi said.

“Do you not have to pay for your food? Do you not have to pay for damaged goods?”

“Don’t you know what you’re selling? Isn’t it obvious that you’re lying when you claim a bottle of red wine and two steaks costs 140,000 yuan?”

“If they pursue the matter, you’ll have to bear the consequences. Can’t you tell that I’m trying to protect you?”

“I can’t agree with you.” Lin Yi said.

“A massage from a masseuse at the bathhouse cost 80 yuan per bath. Meanwhile, the girls in the club are 8,000 yuan per night. It’s not the same thing, so it’s naturally not the same price. You’re an old hooligan yourself, so why don’t you understand this simple logic?”

‘Um...’

Lin Yi’s two juniors widened their eyes.

This handsome senior was too fierce. He even dared to say such things to a teacher?

Li Zhiwei’s face turned red. He thought that Lin Yi’s arrogant personality would reduce after experiencing the beatings of society.

Unexpectedly, he became even more impudent.

“Lin Yi, you’re a graduate of Zhonghai Technology after all. You’ve been in school for so many years, so don’t you know how to respect your teachers?”

“You want to talk to me about respecting teachers? In that case, I’ll have to talk to you about the laws and regulations.” Lin Yi said.

“I remember that a while ago, Zhonghai issued the Administrative Measures and Certain Regulations for Foreign Students. Now, you’re still acting like a bootlicker. Why? Is it

because the regulations aren't included in our criminal law that you don't take it seriously?"

Back when he was at Zhonghai Normal University, the incident surrounding the foreign students had caused quite a big stir.

For this reason, the Huaxian Sea Education Commission issued relevant regulations to avoid similar incidents.

However, given the current situation, the implementation of these regulations was not complete.

Otherwise, Li Zhiwei wouldn't be like this.

Li Zhiwei's expression kept changing. He never thought that Lin Yi would mention the regulations issued a while ago.

This made him not know how to answer. Even his tone and expression were not as unyielding as before.

"Lin Yi, the reason why I'm telling you this is because I'm afraid of any negative repercussions." Li Zhiwei said.

"Moreover, you have to know that our school has more than a hundred international students. Lewis is also the president of the International Students Association. If this matter blows up, do you know how serious the consequences will be?"

"International Students Association?" Lin Yi muttered, "We didn't have such an organization when I was in school."

"It's new."

"Lucky for them I guess. Otherwise, they would have long been subdued and this wouldn't have happened."

Li Zhiwei, "..."

"Are you hearing my advice? If anything happens, you won't be able to bear the consequences!"

"Don't talk to me about the consequences." Lin Yi said.

"When we were in school, we interacted a lot. You know my f*cking temper. In short, this is no different from back then. If I don't see the 200,000 yuan, I'll lock them up for the rest of their lives."

“You!”

“Cut the cr*p,” Lin Yi said, “If you want to eat, find a place to sit down. I’ll give you a 90% discount for our teacher-student relationship.”

“You brat, I really can’t do anything for you!”

Shaking his head and mumbling, Li Zhiwei left.

This scene showed the customers in the restaurant Lin Yi’s manly side.

This kind of stubborn attitude was really cool!

“Boss, can I add you on WeChat?” A girl with long black hair asked.

“I already have a lady boss. There’s no need to add me on WeChat.”

“Aiya, the lady boss isn’t here.”

“In order to come to your place for a meal, I had to spend my entire allowance for this month. Can’t I add you on WeChat?” Another girl said.

“The payment code in the shop should belong to the lady boss, right? This way, all the income in the shop will fall into the lady boss’s pocket. Let’s add each other on WeChat, then I’ll transfer it to you privately and you can keep it as your own money.”

“Boss, please add me on WeChat!”

Creak...

Just as many girls were begging Lin Yi to add them on WeChat...

Ji Qingyan walked in from outside and stared straight at Lin Yi.

Seeing the beautiful lady boss enter, all the girls stopped and said awkwardly,

“Lady Boss, don’t misunderstand. I just want to add Boss on WeChat. I don’t have any other intentions. I just want to help him out when I have nothing to do.”

“Yes, yes, yes. For example, when your child goes to kindergarten in the future, we can help refer him. How good would that be?”

Lin Yi heaved a sigh of relief. No wonder they could get into university. Their reflexes were pretty good.

Ji Qingyan was speechless.

Just what did Lin Yi do to warrant such fangirling?

There were so many employees in Lingyun Group. Did they still need these customers to help them refer their child?

In any case, Ji Qingyan had arrived, and the girls left with smiles on their faces.

Ji Qingyan did not take it too seriously either.

There would also be people who would come over for no reason to hit on her and ask for her WeChat.

At five in the afternoon, He Yuanyuan also rushed over and took over some of the work.

It was soon almost eight o'clock in the evening, and the customers in the shop gradually decreased.

This was because Ji Qingyan had put up an 8 pm closing sign.

Lin Yi made a few simple dishes and prepared to finish the dinner service.

"Lin Yi, I heard that you fought with someone during the day?" Ji Qingyan asked.

"I met two cowards and kicked each of them. They were then sent to the police station."

Lin Yi recounted what had happened to the two of them, and He Yuanyuan danced with joy.

"Well done. Those foreign students are all despicable. When we were in school, our senior sister was constantly harassed."

"Oh? Did such a thing happen?"

"Why are you bringing this up all of a sudden?" Ji Qingyan asked. "It's all over now."

"Let her talk. I want to hear what happened."

"When Senior was studying for her PhD, a Meiguon student from Yan University had been crazily pursuing Senior. He either gave her flowers or other gifts. He even said that he wanted to use his family's connections to help Senior start a business. If Teacher Zhang hadn't appeared and chased that person away, she might have actually transferred to Tsinghua University to continue her PhD."

"Damn it, he was quite bold."

"That's right." He Yuanyuan said seriously.

“Moreover, back then, Senior was the school belle of Yan University. This matter caused a huge commotion, but Senior ignored him. Don’t misunderstand.”

Ji Qingyan raised her head proudly, as if to say, ‘I was also very popular back then.’

“That person didn’t harass your senior sister again, right?”

“It ended there.” He Yuanyuan said, “With Teacher Zhang’s protection, he didn’t dare to act rashly. Slowly, he eventually stopped.”

“He’s smart.”

Ji Qingyan smiled beautifully. This feeling was really good.

“Oh right, how are things going with Longxin and Sci-Tech?” Lin Yi asked.

“There are only two procedures that we have to work on. They’re being changed as we speak. In short, there aren’t many problems to concern ourselves with.” He Yuanyuan said,

“Everyone know these are subsidiaries of Lingyun Group. The relevant departments have already given the green light, so it won’t be long before it goes public.”

Lin Yi nodded. “There’s a high-paying incubation center in the city now. I’m going to set that as the address of the new company.”

“An incubation center?” He Yuanyuan muttered, “Is it the one at 190 South Shore Road?”

“Do you know everything?”

“I heard some rumors a long time ago. It seems like the place is finally ready.” He Yuanyuan said.

“But I don’t think that’s necessary. Such places are only for small companies. If Longxin is situated there, it will unknowingly lower its status.”

“That’s right, but that place is mine now. There’s no need to waste the space.”

“Huh?”

He Yuanyuan almost spat out the noodles in her mouth.

“That incubation center is yours? When did you buy it? Isn’t all your money in my account? Why didn’t I know about it?”

Ji Qingyan was also a little puzzled. She had been inseparable from Lin Yi for the past few days. When did he buy that incubation center?

Could it be that he had hidden some money?

“If your senior sister doesn’t even know, how would you know? I don’t have anything going on with you.”

“Senior Sister and I have been classmates for so many years. She knows me well. Even if we sleep together one day, she won’t misunderstand.”

“Wait, don’t flatter yourself,” Lin Yi said.

“With your figure and looks, you don’t deserve me at all. Even if it’s just an example, it’s an insult to me. Besides, what your senior trusts isn’t your character, but your looks and figure. You can’t threaten her.”

“Senior Sister, look at him talking about me again. Aren’t you going to intervene?”

“The two of you are always like this the moment you meet. If I step in to resolve your conflicts every day, I won’t have time to do anything else.”

With that, she looked at Lin Yi. “Tell me what happened. When did you buy that place?”

“I didn’t buy it. It’s a gift from the higher-ups,” Lin Yi said.

“Isn’t Director Shen researching photolithography machines? In addition, chips and phone operating systems are some of the weakest links in our country’s high-tech industry. Therefore, the higher-ups are interested in supporting Longxin to lead the high-tech industry in Huaxia. This is why they gave it to me.”

“But I only have ownership for the first 20 years. I have to give it back after that.”

“That’s still not bad.” He Yuanyuan said.

“The next 20 years will be enough for us to do a lot of things. Moreover, when Lingyun Group goes public, this title will be indispensable. Coupled with the dividends from the stocks, we can soon enter the ranks of billionaires. Tsk, tsk, tsk. Just thinking about it fills me with satisfaction.”

Ring!

Lin Yi was about to speak when the phone in his pocket rang. It was an unknown number.

“Hello, you are?”

“Hello, Mr. Lin. I’m Shi Shaoxing, the director of Zhengyang Police Station. I’ve already gotten the results after what happened during the day, but I need you to come here to sign the documents and collect the money. Is it convenient for you to come over now?”

“Yes, I’ll be there in half an hour.”

“Okay, okay, okay. We’ll wait for you here.”

“Okay, thank you.”

After a few simple words, Lin Yi hung up.

“Do you need help?”

Ji Qingyan and He Yuanyuan put down their chopsticks at the same time, as if they were not going to eat anymore.

“The police station called and said that the two international students had already gathered the money. They asked if I had time to collect it.”

“Let’s go now. We’re almost done eating,” said Ji Qingyan.

“Have a few more bites. There’s still more than half of your bowl of noodles left.”

“It’s already past eight. If I eat any more, I won’t be able to digest it tonight.”

“It’s fine if you don’t want to digest it. You’re already taken, so why do you care so much?” Lin Yi said, “What, are you thinking of someone else?”

“Don’t spout nonsense,” spat Ji Qingyan before lowering her head to take a few more bites.

However, after thinking about it, she felt that Lin Yi’s words made sense.

He Yuanyuan rolled her eyes. She did not want to watch the two of them flaunt their affection and went to clean up.

After they finished eating, they tidied up the store, locked the door, and went to the nearby Zhengyang police station.

Unexpectedly, Lin Yi saw more than ten people surrounding the entrance of the police station.

These people had different skin colors and were dressed fashionably. When they saw Lin Yi and the other two coming over, they looked at them strangely.

“What’s going on with these foreign students? Why are they all gathered together?” He Yuanyuan asked softly.

“They’re probably from Zhonghai Technology and are here to pick up Lewis and the others.”

“Perhaps these people gathered the money to compensate you together.”

“It doesn’t matter who provided it. Our only goal is to get the money. We don’t have to worry about anything else,” Lin Yi said casually, not caring about the foreign students standing at the door.

However, at this moment, the window of a BMW 7 Series not far away slowly rolled down.

In the driver’s seat sat a foreign man with blond hair and blue eyes. His gaze carried a hint of lust as it fixed on Ji Qingyan and He Yuanyuan.

628 Revenge Operation

At the same time, the three of them arrived at the police station.

Lewis and Nathan’s faces were bandaged, and they looked particularly miserable.

They both looked at Lin Yi with a trace of fear.

“Mr. Lin, you’re here.”

Seeing Lin Yi, Shi Shaoxing greeted him with a smile, not daring to be negligent at all.

“It’s done, right?” Lin Yi said.

“It’s all settled. The compensation has been collected.”

Shi Shaoxing picked up a bag from the ground and handed it to Lin Yi.

“Mr. Lin, the money is here. Please count it.”

“I don’t have to worry about that. I won’t bother counting it again. Isn’t there a document for me to review? I’ll sign it now.”

“Okay, okay, okay.”

Shi Shaoxing took out the documents that he had prepared in advance.

Lin Yi looked at the content and saw that it was all procedural, so he didn't pay much attention to it and signed his name.

At this point, this matter was over.

Seeing Lin Yi sign his name, Shi Shaoxing heaved a sigh of relief.

It was rare for someone of Lin Yi's level to be so easy to talk to.

"Did the two of you realize that you were wrong?" Shi Shaoxing looked at Lewis and Nathan.

"Got it," the two of them said unwillingly.

"Too soft," Lin Yi said.

"Got it!" The two of them raised their voices and stood up straight in fear.

"That's right. If you're in the wrong, you have to admit it. If you're beaten, you have to stand at attention. Since you're here, you have to abide by our rules. Don't do anything stupid."

Neither of them spoke, but it was obvious that they were both angry and not really convinced.

Despite this, Lin Yi didn't want to pursue these details.

There was no point in arguing with such people.

The three of them then walked out of the police station.

"Since we have nothing to do, why don't we go to the night market?"

"That's a good idea. I've been squeezed dry by the capitalists. I urgently need to go to the night market to replenish my energy," He Yuanyuan said.

Lin Yi glanced at Ji Qingyan. "You didn't eat when I told you to. It looks like you were just waiting to go to the night market."

"Hehe..."

She smiled shyly and dragged Lin Yi to the night market.

At the same time, Lewis and Nathan came out of the police station.

Upon spotting the two of them, the people standing guard outside went up to them.

“Were you actually beaten up this badly? Lewis, your father is a professional boxer. How many people were there on the other side?”

Seeing their miserable state, their foreign students were surprised and horrified.

“Don’t mention it. There was only one person, the man who went out just now. He was very good. I was not his match.” Lewis said angrily.

In his opinion, losing to a Huaxian was very embarrassing.

“Looks like that man must have practiced Huaxian kung fu. Otherwise, with your strength, defeating him would not have been a problem.”

“Alright, let’s not talk about this for now. Brandon is still waiting for me over there.”

With that, Lewis walked toward the BMW 7 Series parked not far away.

At the same time, the people in the car also got out.

The man’s name was Brandon, and he was a PhD student at Fudan University in Zhonghai. He was also the president of the Zhonghai International Students Association.

The postgraduate associations of the major schools in Zhonghai were all under his jurisdiction.

He was also responsible for handling Lewis and Nathan.

“Hey, brother, how did you get beaten up like this?” Brandon had a cigarette in his mouth. His long golden hair flowed in the wind, making him look very carefree.

“Don’t mention it. I didn’t know such a thing would happen. Otherwise, I would have brought more people along.”

Brandon nodded and looked in the direction where Lin Yi, Ji Qingyan, and the others had left in.

“I need to ask you something. Do you know who the two women who were with that man were?”

Lewis recalled Ji Qingyan and He Yuanyuan’s faces and shook his head.

“No, I don’t. I saw a woman in his shop during the day, but it wasn’t either of them,” Lewis said.

“But those two women are gorgeous. I’ve never seen a more beautiful woman, especially the one in jeans.”

“Haha, she is indeed beautiful,” Brandon said.

“If I’m not wrong, that woman in jeans should be my senior back then. She was the school belle of Yan University. It’s been many years since we last met. I didn’t expect her to be living in Zhonghai. What a coincidence.”

“Oh my, you actually know each other?”

“Of course I do,” Brandon said. “But I was stopped by a teacher in the process of wooing her. Otherwise, I would have taken her down by now. I didn’t expect to be with another man now. It’s a pity.”

“What’s so pitiful about that? Just think of a way to snatch her back. It’s very simple.”

“This senior of mine isn’t that easy to woo, so I can’t be too anxious.”

Brandon said, “This matter has caused quite a stir. Many people are discussing it online. Not only in Zhonghai, but many foreign students throughout Huaxia are also paying attention to this matter. I have to think of a way to deal with it.”

In terms of severity, what happened today was far inferior to the incident with the foreign students at the Normal University.

However, the location where it had happened was different, and the result were also different.

Zhengyang Street was a commercial street near the university city. Tens of thousands of students passed by it every day.

In addition, the students in the university town did not have a good impression of these international students. As a result, this matter quickly spread online and even became quite popular.

At this point, the internet was filled with cheers. They were feeling quite satisfied with the result.

It was precisely because of this that the students from Zhonghai were very angry. The two groups of people had already become enemies.

As a result, Brandon spent the entire afternoon dealing with this matter, but things were still looking dim.

Their resistance and speeches were quickly drowned in the sea of people and ignored.

“He’s very powerful. If we want to teach him a lesson, we have to bring more people over,” Lewis said.

“I think teaching him a lesson would be letting him off too lightly,” Nathan said.

“We have to make him kneel down and apologize to us. Moreover, we cannot let him continue to set up shop here. Otherwise, we won’t be able to survive in school and will be mocked to death.”

Nathan was a typical wolf in sheep’s clothing.

During the day, he only dared to cut the queue because of Lewis’s support.

However, after Lewis was defeated, he was the first to admit defeat.

Now that Brandon was here, he was arrogant again, but he didn’t dare to let out a fart in front of Lin Yi.

“Yes, Nathan is right! We have to teach him a lesson!”

Surprisingly, the speaker was not a European, but a yellow-skinned Asian.

His name was Shiro Ishii, and he was an international student from Japan.

Before he came to Huaxia, he was very normal. However, after he arrived here, he became a little abnormal.

That was because Huaxia girls did not like him. They would rather find a Huaxia boy who was comparatively inferior than be with him.

Because of this, his mentality became abnormal.

It was especially bad when he met those outstanding boys. At these times, the jealousy in his heart would rise to maddening amounts, such that he could not control it at all.

“Then tell me, what’s the best solution?” Brandon asked with a cigarette in his mouth.

“I think we should burn down his shop and then capture him and beat him up. We will show him how powerful we are!”

“That’s a good idea!” Nathan said. “Burn his shop and teach him a lesson!”

“I also think this is a good idea,” the other international students said.

“Nonono...”

Brandon wagged a finger and said,

“I know that you all look down on these Huaxian people, and so do I. However, if we start a fire, it will immediately escalate the matter. If it implicates other shops, we have to take responsibility. We can’t do this unless we have no other choice.”

It was not without reason that Brandon could become the president of the Zhonghai International Students Association.

At this moment, he was still rational.

“Then what should we do? Just teaching him a lesson would be letting him off too easily,” Lewis said.

“That’s easy,” Brandon said with a cigarette in his mouth.

“We’ll find a few people tonight and destroy his shop. Wouldn’t that achieve our goal?”

Lewis and the others’ eyes lit up. This was indeed a good idea.

This was because setting a fire was indeed a little too extreme. If it led to multiple shops burning down, none of them could escape responsibility.

If he sent someone to destroy his shop, there would be no such problem.

“It’s decided. I’ll make the arrangements later. Let’s go eat for now.”

“Alright! Let’s do it!”

629 She Wasn’t Hurt, She Was Missed

At the night market at the end of Zhengyang Street, Lin Yi carried the bag of money as he brought the two women around.

Ji Qingyan and He Yuanyuan had a special fondness for food.

Along the way, neither of them stopped talking for even a moment.

“Senior Sister, I feel that the night market here is much bigger than the one in Yanjing.” He Yuanyuan said.

“The night market at the east gate of our school has so few things. It can’t even compare to this.”

“That’s why we’ve visited this place a few times,” Ji Qingyan said with a smile.

“I know I’m a third wheel, but can you guys stop flaunting your affection?” He Yuanyuan said.

“I wouldn’t be here today if it weren’t for the fact that someone was treating me.”

“If you hadn’t come, you wouldn’t have been able to eat such delicious food.”

“You’re right. I haven’t been to the night market for a long time. This is much better than the stuff sold at the east gate.” He Yuanyuan complained.

“Both markets sell snacks, but why is the difference between the two so big?”

“It’s only natural.” Lin Yi said.

“That’s Yan University, not an ordinary school, so there aren’t any fancy things around it. It’s already pretty good that there’s even a night market that we can stroll around.”

“But the students of Yan University are human too. They have to eat as well.”

“You people don’t know how to live,” Lin Yi said.

“Yan University is full of top students. Who would have the time to go strolling around?”

“If you don’t believe me, you can look at this. When it comes to a school like Fudan University, there isn’t even a small hotel in the vicinity. Now, look at this university town. There are various hotels available from between 20 and 2,000 yuan. Every festive season, there will be scalpers reselling the hotel rooms at a higher price, but you will have no choice but to accept it.”

“Well, that seems to make sense.”

“Boss, you’re so smart. Why did you only study in Zhonghai Technology? Even if you didn’t go to Tsinghua University, you should at least be able to get into a 985 university.” He Yuanyuan said,

“Is it because you fell in love at a young age and didn’t focus on your studies?”

Ji Qingyan pricked up her ears and waited for Lin Yi’s answer seriously.

“Love my *ss. I was still a pure boy back then,” Lin Yi said.

“At that time, there were too many children in the orphanage and funds were tight. I didn’t have time to focus on my studies when I was in my third year of high school, so I didn’t learn enough. It is that simple.”

“Auntie is really amazing. She supported the orphanage for so long.”

In the past, Lin Yi did many things that He Yuanyuan could not understand.

Now that they had interacted more, she slowly understood the latter.

The three of them continued shopping and walked out of the snack street to the place where daily necessities were sold.

“Senior Sister, there are stockings and cartoon underwear up ahead. Do you want to take a look?”

“I’d prefer not to buy clothing here. The quality doesn’t feel too good.”

“It’s useful precisely because the quality is not good.” He Yuanyuan said.

“If you buy good quality goods, you won’t be able to tear them apart for a long time no matter how hard you try. This will only delay your fun.”

Ji Qingyan blushed. “What nonsense are you spouting? Can’t you shut up and eat your food.”

He Yuanyuan chuckled. Her senior sister’s shy expression was really pleasing to the eye.

It was getting late. The three of them strolled around for a while before preparing to go back.

“Huh? The car in front looks familiar.”

Following Lin Yi’s gaze, Ji Qingyan and He Yuanyuan saw a white Alfa parked by the roadside.

This kind of car was not expensive. After the add-ons, it was only more than a million yuan. However, the people who bought this kind of car could be described as high-class.

“Do you know that car?” Ji Qingyan asked casually.

“I think it’s Old Qin’s car. Why is that sl*t here?”

“Let’s go over and take a look.”

The three of them walked over. Lin Yi looked at the car plate and realized that it was indeed Qin Han’s car. He took out his phone and was about to call him.

However, just as he took out the phone, he heard someone shouting behind him.

“What are you looking at? Step further away.”

Lin Yi saw that the person who spoke was a young man with gray hair.

He was dressed very fashionably in a loose sweater and canvas pants, with a silver necklace hanging around his neck.

“I know the owner, can't I look at it?” Lin Yi smiled.

“Stop talking nonsense. This is Young Master Qin's car. How could you know him?”

“Wei Chi, what the fuck are you doing?”

Lin Yi was about to speak when he heard Qin Han's voice.

Coincidentally, Lin Yi saw him walking out of a hotpot restaurant with a woman clinging to his hand and Gao Zongyuan next to him.

“Brother Qin, this person surrounded your car and looked at it furtively for a long time. He even bragged that he knew you. I was about to chase him away.”

“You idiot, get lost. He's Lin Yi. Do you doubt the fact that knows me?”

“F*ck, this person is Brother Lin?”

The gray-haired young man looked at Lin Yi in disbelief.

Because he often hung out with Qin Han and the others, he had heard of Lin Yi's name. He had only heard of him before, but he didn't expect to see him in person today.

“Brother Lin, I'm really sorry. I was blind and didn't recognize you. Don't hold it against me.”

“It's okay, you didn't do it on purpose,” Lin Yi said.

Seeing the gray-haired guy apologize, He Yuanyuan realized that her boss had a firm foothold in the circle of rich second-generation heirs in Zhonghai. No matter where he went, people would call him Brother Lin.

Senior Sister would be Big Brother's woman from now on.

He Yuanyuan sighed. ‘That is my dream!

‘Why didn't I become Big Brother's woman? Instead, I became more and more like Big Brother.

'Sigh...'

"Old Lin, what's going on? Why are you here?" Qin Han asked.

"I opened a shop here, and the two of them came over to help out. After closing the shop for the day, I had nothing to do, so I came here to look around. I didn't expect to bump into you."

"F*ck, no way, Brother Lin? You opened a shop here?" Gao Zongyuan was surprised.

"Just to experience life. Otherwise, I'd feel stuck."

"Brother Lin, why didn't you say so earlier? You didn't even give us a chance to support you," Gao Zongyuan said.

"It's just a small shop. I opened it for fun. 89 Zhengyang Street. You're welcome to visit anytime."

"Done!"

"Then let's stop chatting and go to Metropolis. We haven't had a drink together for a long time," Qin Han said.

"Someone like me who now has a family and a job has to basically say goodbye to that kind of place. The two of you can go ahead."

Gao Zongyuan glanced at He Yuanyuan. "Brother Lin, it's important to relax. Sister-in-Law is here too. Let's go take a look together."

"I feel like you're up to no good."

Ji Qingyan covered her mouth and chuckled. She understood what Lin Yi meant.

Gao Zongyuan seemed to have taken a fancy toward Yuanyuan.

"Let's forget about Metropolis. I'll book a table for another day. It's a little late today."

"That's fine. Metropolis is indeed not a place to chat." Gao Zongyuan said with a smile.

After talking for a while, the two groups parted ways.

"Don't be like a quail, express your opinion," Lin Yi said to He Yuanyuan on the way back to the store.

"I'm not as tall as Senior Sister, but I'm not short either. I don't look like a quail," He Yuanyuan said.

“The last time we were at the company meeting, Old Gao kept glancing at you. He seems to be interested in you. What do you think?” Lin Yi said.

“Although he’s a little flashy, his character is not bad. If you don’t like him, Elder Liang’s character is also not bad. Just tell me who you like. I’ll help set you up.”

“No, I’ll do this myself. I have to find my own Prince Charming.”

“You’re not interested in Old Qi, are you?” Lin Yi asked.

“You two work overtime in the office every day. Did sparks start to fly? Don’t set my Lingyun Building on fire.”

“How is that possible? Brother Qi and I are serious colleagues. Don’t spout nonsense,” He Yuanyuan said.

“Now, Brother Qi has an ambiguous relationship with the vice president of one of the departments. If Brother Qi’s marriage opportunity is ruined because of you, you’ll become an eternal sinner.”

“F*ck, no way. Old Qi actually has an office romance. You really can’t judge a book by its cover.”

“This is called a crooked stick. When you were dating Senior Sister, weren’t you also an employee of Chaoyang Group?”

“Don’t be ridiculous. I only started dating her after I left.”

She rolled her eyes. “Can’t the two of you be more normal?”

“Okay, okay, okay. Stop talking.”

Once they reached the entrance of the store, the three of them got into their cars.

Lin Yi and Ji Qingyan returned to Jiuzhou Pavilion, and He Yuanyuan returned home.

“Why do I feel like there’s something wrong with He Yuanyuan?” Lin Yi sat on the sofa.

“I thought that a girl like her would be very concerned about finding a partner. I didn’t expect her to be so resistant.”

“You don’t understand Yuanyuan. There are many things about her that you don’t know,” said Ji Qingyan.

“What happened to her? Did she get hurt by a scumbag?”

Lin Yi felt that this was possible because she always said that he was a scumbag.

“She wasn’t hurt, she was missed.”

“Missed?” Lin Yi said.

“From what you’re saying, why do I feel like there’s a love story here?”

Ji Qingyan untied her long hair and sat down on the sofa.

“Yuanyuan fell in love at a young age when she was in high school. You don’t know this, do you?”

“Damn, no way.” Lin Yi was surprised.

“She could get into Yan University even though she fell in love at such a young age? Impressive.”

“That’s not all.

“At that time, her high school boyfriend was also good at studying, but he was a little worse than Yuanyuan. He was the kind of person who could only get into Tsinghua University if he worked hard. On the other hand, Yuanyuan was the kind of person who consistently did well. Therefore, during the college entrance examination, Yuanyuan purposely didn’t answer the second big question in her Mathematics exam. She intentionally lost ten marks just to get into the same school as that boy.”

“And so, how many marks did they get?”

“That boy scored 672 while Yuanyuan scored 673.”

“Just one point short? That’s pretty good. They should have both gotten into the same school.”

Lin Yi deeply understood the difference between a top student and a bad student.

A top student could get as many marks as they wanted. On the other hand, a bad student’s marks all depended on who was sitting to the left and right of them.

This was the f*cking difference in their results.

She shrugged helplessly. “No.”

“No way, that can’t be.”

“It might not seem like much to you, but to the two of them, one point was equivalent to 1,300 kilometers.”

“That year, Yan University’s minimum admission score was 673 points. Yuanyuan barely made the minimum admission score and entered Yan University. That boy went to Harbin University and studied computing.”

Ji Qingyan sighed and rested her cheek on her hand, her heart heavy.

“And then? It ended just like that? With He Yuanyuan’s personality, she shouldn’t have been able to move on,” Lin Yi said.

“How could it end so easily?”

“Back then, I met Yuanyuan in Yan University’s foreign language club and our relationship was very good from the start. One day, she told me about these things. I remember that after the first semester ended, during the winter break, the two of us went to the northeast together and went to Harbin University of Technology... Hu...”

Tears welled up in Ji Qingyan’s eyes at this point. “I remember that day, it was snowing heavily in the Ice City. The streets were covered in snow and the scenery was especially beautiful. Coincidentally, the two of us saw that boy as soon as we walked through the front door.”

“And then, what did he say? Did he give her a hug? Or did they dump you and go to a hotel to happily have sex?”

“Neither,” said Ji Qingyan. “That boy only said ‘long time no see’. Just like that, it seemed like there was nothing more between them.”

Ji Qingyan lamented, “If not for that one point difference, they would probably have a happy ending now.”

“Not necessarily.”

“Why.”

“Because their love is separated by mountains and seas, but mountains and seas can still be leveled.”

“Perhaps people are different.”

“From then on, Yuanyuan put all her attention on her studies and rejected the pursuits of many outstanding boys. In the end, she took her postgraduate examinations in a different major and became a teaching assistant alongside myself. We studied for a master’s degree and a doctorate together, but we’ve been single until now.”

“That life is not easy. You can lead a horse to water but you can’t force it to drink. No one else can help her.” Lin Yi said, “Let her be alone for now.”

“But I still feel that it’s not a good idea to keep dragging it out.” Ji Qingyan brushed her bangs to the side. “Back then, I thought that there would be some sparks between her and Brother Qi whilst working at Lingyun Group. I didn’t expect there to be no reaction at all.”

“With Old Qi’s steady personality, if Yuanyuan had taken the initiative to start something, it might have been possible. But it’s too late now. Someone has already beaten her to it.”

“That’s why I’m quite anxious. I hope that Yuanyuan can start a good home in the future.”

“Sigh, I didn’t expect this loud-mouthed girl to have such a story!”

Ji Qingyan’s expression was sorrowful. She did not know when the knot in He Yuanyuan’s heart would be undone.

Later that night, Lin Yi returned to the study while Ji Qingyan went back to her work.

When it was almost midnight, the two of them went back to rest.

If it was any other time, had Qin Han invited Lin Yi to Metropolis, it was unlikely that Lin Yi would have refused.

However, Lin Yi would be unlocking a new profession at midnight. He didn’t want to miss this moment, so he chose to go home.

At midnight, when the three clock hands overlapped at twelve o’clock, the system’s voice sounded in his mind.

[New Class Activated (Yes/No)]

[Experience Job: Online Streamer.]

[Profession Completion: 0%]

[Host, please receive a professional gift bag. 10 million yuan, solar cell phone.]

“Hmm? An online streamer?”

This profession was quite interesting. Lin Yi rubbed his chin and said.

It seemed that the system was at the forefront of trendsetting.

Ever since he started working, Lin Yi had basically never watched a live broadcast.

However, when he was in school, he had seen some of them and understood a little about them, but not much.

Other than the newbie gift bag, the system did not reveal much.

It would probably explain things to him clearly when he fully started his new profession.

...

The next morning, Lin Yi and Ji Qingyan went to work as usual. Their days were uneventful.

However, when Lin Yi arrived at the shop, he realized that there were many people gathered in front of the shop, pointing and talking about something.

No matter how he looked at it, they didn't look like they were queuing up to eat.

"Boss, you're here."

Seeing Lin Yi coming over, the people surrounding the door made way.

"We're not open yet, why are you guys here so early?" Lin Yi smiled.

"Boss, we're not here to eat. Something happened to your store. Come and take a look."

"Something happened?"

Lin Yi's expression froze as he picked up the pace.

He was surprised to see that his shop had been attacked.

The iron shutter door outside had several large pits and paint splashed on it. Broken glass was also scattered all over the ground.

Lin Yi jumped in through the window and found that the inside of the store was in an even more sorry state.

The tables and chairs had all been smashed. The ingredients in the kitchen were scattered all over the ground. In the wine cabinet, the old expensive wine had all been smashed to pieces. Fragments of glass were everywhere, making for a desolate scene.

Even the Maneki-Neko that Ji Qingyan had bought was not spared.

Lin Yi's mood was exceptionally calm.

From the situation at the scene, he could tell that the suspect had entered through the back door.

As for who did it, Lin Yi could roughly guess.

The people in the vicinity were all ordinary people. Their backgrounds were not as impressive as Zhou Peng's, so they naturally did not dare to do such a thing.

Other than Lewis and Nathan, whom he had beaten up the day before, no one else would have done this.

Thinking of this, Lin Yi didn't know whether to laugh or cry.

"Who the hell gave you cowards the guts?"

631 Analyze It

"Damn, Old Lin, what's going on?"

Hearing someone speak, Lin Yi looked up and saw Qin Han's head poking in from outside.

Liang Jinming and Gao Zongyuan were beside him.

"Someone smashed the shop." Lin Yi smiled and opened the shutter door, letting the three of them in.

"Who has the guts to smash Brother Lin's shop?" Liang Jinming cursed.

"My dad knows people from the city bureau. I'll make a call now and have them identified right now."

"No, I know who did it."

Lin Yi told the three of them what happened yesterday, and Gao Zongyuan lit a cigarette.

"Are these foreign students tired of living? I'll get someone to do them a favor."

"Why are you so angry?" Lin Yi said calmly, "This kind of thing needs to be handled slowly."

With that, Lin Yi looked at Liang Jinming. "You don't have to call anyone. It'll be meaningless if others get involved."

"Brother Lin, do you want to settle this privately?"

"What else? Do you want me to just arrest them and have them pay some compensation? Do you think this is fun?"

"Nope."

"Then it's settled." Lin Yi looked at the three of them. "Do any of you know people in the renovation line? Get someone to take care of this. This is a mess. We won't be able to open for business in the future."

"Leave this to me," Gao Zongyuan said. "I know a few people. My family does this as well. I just need to say the word to have it fixed."

"Alright, I'll leave this to you."

Such a small matter could be done easily if Lin Yi just told Guan Ya.

Recently, however, Ji Qingyan and Guan Ya had been discussing the second phase of the Wangjiang Dock project.

If she was told about this, Ji Qingyan would also find out soon enough.

It was better to deal with it slowly and tell her later. Otherwise, she would not have the mood to work for the entire day.

Very quickly, the person Gao Zongyuan called over arrived at the store.

"Brother Lin, Brother Qin, Brother Gao, Brother Liang."

The young man in the lead was called Zhong Zhenwen. He had dyed red hair and was dressed very trendily.

After seeing the four of them, he was very polite and greeted them one by one, but they were still a little reserved.

Although they were all rich second-generation heirs, this guy was far from the top of the pyramid.

"Wenwen, I'll leave the shop to you. Try to fix it as soon as possible."

"Brother Lin, don't worry. My family are experts in this. It won't take up too much time."

“Ask your subordinates to do it overnight,” Gao Zongyuan said. “I’ll pay for it.”

“Brother Gao, look at what you’re saying. We’ve known each other for so many years. How can I take your money? Just treat this as me helping Brother Lin. It should be done by tomorrow morning.”

“Alright, just hurry up. Don’t delay Brother Lin’s business.”

Gao Zongyuan looked at Lin Yi.

“Brother Lin, leave the shop to me. How do you think we should handle the rest? Do you need to arrange for some people to take care of them?”

“No need. I’ll go to Zhonghai Technology first and talk to them.”

“Then what are we waiting for? Let’s go together and kill these b*stards.”

A group of four people walked out of the store. They could still see many people standing on their tiptoes and peering at the store from afar, wanting to know what was going on.

However, most people did not think too much about it and thought that it was done by their peers.

After all, this shop had been open for more than a week and had become a famous shop on Zhengyang Street that was a hot topic online. It was only normal for others to be jealous.

However, there were still a small number of students who vaguely guessed that it was very likely done by those international students. They were all paying close attention to the development of the situation and wanted to know how the handsome boss would deal with this matter.

Not long after, the four of them arrived at Zhonghai Institute of Technology.

This was the first time Lin Yi had returned to his alma mater after graduation.

Lin Yi was familiar with everything on campus.

In particular, the lush forest was filled with the smell of youth.

When he arrived at school, Lin Yi didn’t dilly-dally and instead went straight to Li Zhiwei’s office.

“Lin Yi, why are you here?”

Seeing Lin Yi enter, Li Zhiwei stood up, "Isn't everything settled?"

"It's settled, but my shop was trashed last night. I want to talk to Lewis and the others."

"Your shop was trashed?"

Hearing this news, Li Zhiwei was also surprised. He had never thought that such a thing would happen.

'You don't suspect Lewis and the others, do you?'

"What else? Did you do it?"

"Lin Yi, although this is a little coincidental, I think you're being too rash," Li Zhiwei said.

"I know the gist of what happened yesterday. You've both signed the settlement, which means it's over. Knowing Lewis, it's unlikely they'd do something like this. I'm guessing someone else did it."

"You have a point. Then analyze it for me. Who else could it be but Lewis and the others?"

"You're joking. I'm not a criminal investigator. How can I help you identify the suspect?"

"Then why are you still f*cking insisting that Lewis didn't do it? Why can't you identify the suspect since you're so confident in this?"

Li Zhiwei slammed the table, "Lin Yi, how can you say that? I'm your teacher at the end of the day."

"I know. I'm giving you face and came to talk to you about this. Otherwise, I would have attacked them directly."

Li Zhiwei also knew that after the students graduated, they would no longer be under his control.

Moreover, with Lin Yi's personality, it was impossible for him to use his status as a teacher to try to suppress him.

At this moment, she could only reason with him and try to appeal to his emotion.

"Then think about it. Both of them have been beaten into submission by you. How would they have the guts to smash your shop? Who would intentionally court death and do such a thing?"

“You don’t have to break down this nonsense. Call the two of them over and we’ll talk about this in person.”

“What a coincidence. The two of them called me last night and asked for a week’s leave, so they might not be in school now.”

“You mean you can’t contact them?” Lin Yi said.

“They’re all gone. I can’t help even if I wanted to.”

“Are you intentionally protecting them?” Gao Zongyuan couldn’t stand it anymore.

Brother Lin’s temper was really good. After talking to him for so long, he didn’t get any useful information.

“Lin Yi, tell your friend to watch his words. This is a school, not a place for him to behave atrociously.”

“My friend’s temper is like that.” Lin Yi said indifferently.

“But I don’t want to waste time with you anymore. I’ll give you an hour. Tell them to look for me in the shop. Otherwise, they should be ready to bear the consequences.”

“I’m your teacher. How dare you talk to me in such a threatening tone? Have you forgotten about the school’s nurturing?” Li Zhiwei said.

“Also, they’re not in school now. It’s impossible for me to get them. If you have the time, you might as well call the police to look for the real criminal. You can’t say that the two of them did it based on your own suspicions.”

“No wonder you’re the fourth-in-command of the school. Most people can’t compare to you in terms of smoothing things over.”

Lin Yi stood up and looked at Li Zhiwei.

“But I’m a man of my word. If I don’t see them in an hour, you’ll be forced out of here.”

With that, Lin Yi waved his hand and walked out of the office with the four of them, returning to his shop.

The cleaning and renovation work was in full swing.

The people Gao Zongyuan found were quite reliable, and the construction progress was very fast.

In less than an hour, the store had been cleaned up.

“Brother Lin, I feel that this matter might not be simple.” Liang Jinming said.

“You beat them up yesterday. Logically speaking, they shouldn’t be so bold,” Liang Jinming said.

“Normally, things shouldn’t turn out like this. However, I feel that they must have found people to back them up.”

“Could they have gotten their parents?”

“That doesn’t seem possible.” Lin Yi said.

“These guys had come over to smash someone else’s shop when there was a conflict. Most adults wouldn’t do such a lowly thing,” Lin Yi said.

“There should be someone stronger than them helping them out, but I can’t guess who it is. Let’s wait for news from Li Zhiwei.”

“But I don’t think that old bootlicker will cooperate obediently. It’s better for us to do this by force.”

“Don’t be anxious. This kind of thing is more interesting to play out slowly.”

About an hour later, Li Zhiwei’s secretary entered his office.

“Director Li, are we just going to ignore this matter? What if Lin Yi pursues the matter?”

“Other than calling the police, what else can he do?” Li Zhiwei said disdainfully.

“They still don’t have any evidence to prove that Lewis and the others did it. It’s useless even if the police come.”

“Director Li, do you think Lewis and the others did this?”

“Who else could it be?” Li Zhiwei asked.

“Fortunately, I reacted quickly and tricked Lin Yi into leaving. Otherwise, this matter would have blown up.”

“But I saw how Lin Yi aggressive was. He didn’t seem to plan to give up easily and even threatened you just now...”

“He’s just like that. If he’s really that capable, why would he come to Zhengyang Street to open a shop?” Li Zhiwei said disdainfully.

“Which capable person would cook for themselves? It’s all nonsense, so you don’t have to take him seriously. Just ignore him.”

“Got it, Director Li.”

With that, the female secretary walked out of the office.

Li Zhiwei did not take this matter to heart anymore. Instead, he called Lewis.

“Lewis, Lin Yi came to look for me just now. He already suspects you. Don’t come back to school for the next few days. Come back after the storm calms down.”

“Teacher Li, you have to understand my problem. I left school not because I was afraid of him, but because I had other things to do.”

“It doesn’t matter what is going on in your life. Just don’t come back for the time being. I know Lin Yi. He’s not one to suffer in silence. After such a big thing happened, he definitely wouldn’t just let it go.”

“We’ll take care of this. Just stay out of it.”

“Alright, do as you see fit. Just don’t go overboard.”

After giving a few simple instructions, Li Zhiwei hung up.

He placed his hands under her chin and frowned. He lit a cigarette uneasily as if he was thinking about something.

From Lewis’s words, it was obvious that he did not want to give up either. There would be more acts of vengeance later.

This Lin Yi was really too much. Why did he offend them for no reason?

He was an overseas student with an extraordinary status. Did he think this was someone he could offend?

Even if you punched hard and had the upper hand for that moment, wouldn’t you still be the one to suffer in the end?

It was fine if he was arrogant when he was in school, but why was he still like this after graduation?

‘I hope you can learn your lesson this time and keep a low profile in the future. There are some people you can’t afford to provoke!’

Creak...

Li Zhiwei had just hung up when he saw his secretary walk in.

“Why are you back?”

“Director Li, Principal Chen wants to see you.”

“Principal Chen is looking for me? What did he say?”

“He didn’t say what it was about, but didn’t the school provide your report to the Education Bureau a few days ago? This might be about the vice principal position.”

Li Zhiwei slapped his forehead. “Look at my memory. How could I have forgotten about this?”

After tidying up the things on the table, Li Zhiwei hurriedly got up and went to the principal’s office.

“Principal Chen, you were looking for me.”

A middle-aged man in his fifties was sitting in the office.

He was wearing a white shirt, a black suit, and a pair of black leather shoes.

The man’s name was Zhuang Chen. He was the vice-principal of Zhonghai Institute of Technology.

Seeing Zhiwei Li enter, Zhuang Chen looked up and said indifferently,

“What have you been doing these days?”

Hearing this, Li Zhiwei was delighted. He had guessed correctly.

“Didn’t I take on a project last year? Recently, I’ve discovered something new. I’m preparing to organize the experiment results and publish them in a scientific journal.”

Chen Zhuang nodded calmly.

“What else did you do?”

This question stumped Li Zhiwei.

Other than scientific research projects that could have led to a promotion and bonus points, he couldn’t think of anything else of significance.

“The rest are just trivial matters. There’s no need to mention them.” Li Zhiwei said with a smile. He could no longer hide the excitement in his heart.

“Since you can’t remember what you did, I’ll get straight to the point.”

Chen Zhuang pushed the documents on the desk toward Li Zhiwei.

“Go back and pack your things. You don’t have to come to work tomorrow. However, since you’ve worked in our school for so many years, we’ll cover the rest of this month’s salary.”

‘Huh?’

This news was like a bolt from the blue to Li Zhiwei.

He was stunned for a few seconds, unable to react.

“Principal Chen, what’s going on? Why have I been fired?”

“Who am I supposed to ask?” Zhuang Chen said.

“The leader of the Education Bureau called me just now and specially mentioned this matter. Furthermore, it was a direct order. He didn’t even give me the reason.”

Li Zhiwei’s face was ashen. He had thought that he would be promoted and get a raise, but he did not expect to be fired instead.

Suddenly, Li Zhiwei thought of something.

Lin Yi had said before he left that he would be forced to leave if he didn’t get Lewis and the others.

Could this have something to do with him?

The more Li Zhiwei thought about it, the more he felt that something was wrong. Perhaps that was the case. In any case, he had to call Lin Yi to confirm this.

At this point, it was better to believe it than not!

He quickly took out his phone and found Lin Yi’s number.

He prayed in his heart that he had not changed his phone number.

Soon, the call went through and Lin Yi’s voice was heard.

“Lin Yi, what’s going on? Did you have anything to do with me being fired?!”

“Didn’t I just tell you that if you didn’t find Lewis, you’d be the one forced to leave? Why didn’t you believe me?”

Lin Yi's answer completely dumbfounded Li Zhiwei, and his body trembled.

He didn't expect Lin Yi to have so much power.

"Don't be rash. Let's talk things out. I'll help you contact Lewis now."

"If you knew this was going to happen, why did you do it in the first place?"

With that, Lin Yi hung up and didn't say anything else to Li Zhiwei.

Li Zhiwei did not dare to waste any more time and hurriedly called Lewis.

"Lewis, come to the school. Something happened."

"What could have happened at school?"

Lewis was a little confused. He was not in school. Were the school teachers just trying to vent their anger on him?

This was no possible.

"Don't ask anymore. Hurry up and find Lin Yi or I'll be finished."

"We'll talk about it later. I don't have time to go back now," Lewis said fearlessly.

"But you can tell him that since he beat me up that this isn't over!" Lewis said. "I'll make sure he regrets it!"

"Aiyo, stop fooling around. I'm begging you. Come back quickly. I really can't waste any more time with you..."

Lewis hung up mid-sentence.

He did not take Li Zhiwei seriously at all.

Seeing Li Zhiwei put down his phone, Zhuang Chen asked in surprise,

"What happened? Why are Lin Yi and Lewis involved? Didn't Lin Yi already graduate?"

"Principal Chen, I'll talk to you about this later. Let me settle this first."

After saying that, Li Zhiwei hurriedly ran out to look for Lin Yi's shop.

As long as they made peace, there was still room for negotiation.

Li Zhiwei ran all the way to Lin Yi's store. His shirt was covered in sweat by the time he arrived.

"What are you doing here?"

Lin Yi asked when he saw Li Zhiwei sweating profusely.

"Lin Yi, we were still teacher and student. You can't be so ruthless."

"Why are you still playing the emotion card with me at a time like this? It's not appropriate, right?"

"I—"

Li Zhiwei was so anxious that he wanted to cry but had no tears.

"I already called him, but Lewis won't listen. There's nothing I can do."

Lin Yi shrugged. "Then there's nothing I can do. I'm not in a hurry anyway. I'll take my time."

"Lin Yi, listen to me." Li Zhiwei said earnestly.

"In truth, Lewis was able to study in our school because of his family's wealth. Moreover, he's the president of our school's International Students Association and has many connections with the people from the International Students Association of other schools. If he contacts these people and decides to target you together, the nature of the matter will change. How will your career develop in the future?"

"Don't say such useless things." Liang Jinming said.

"Those little brats can't influence my Brother Lin's career."

Smack!

Gao Zongyuan lit a cigarette and said to Li Zhiwei,

"What about you? Give them a heads up first. It's best if they take the initiative to come over and admit their mistakes. If we're not in the mood to wait, none of them will be able to escape."

Li Zhiwei's expression collapsed as if he had been drained of his soul. He did not know how to explain this matter.

Lin Yi was a troublemaker to begin with. Why were his friends like this too?

He had said so much, but why wouldn't they listen to a single word?

There were almost 100,000 international students in Zhonghai. If this matter blew up, the government would intervene.

Even if you have some connections, you can't compete with so many people!

"Damn, what's going on? Why are there so many Ruxians outside?" Qin Han said with a cigarette in his mouth.

Hearing this, Lin Yi and the others looked up.

He realized that there were dozens of people standing outside, and they were all foreigners with different skin colors.

In addition, these people were holding banners and other things in their hands. It was similar to the protest marches featured on the news.

"What are these people doing? Are they here to seek justice?" Lin Yi said.

"It's over, it's over! They brought their people right to our door!" Said Li Zhiwei.

"They must be here because of what happened."

"So be it. Why are you panicking? Let's go out and take a look first." Qin Han stood up and said.

"Those idiots were interesting enough alone. Now, they brought the whole foreign student community over."

"Why can't they just do as the Romans when in Rome?"

Lin Yi took the lead and walked out.

Upon closer inspection, there were at least forty to fifty people gathered outside. In addition, there was also a large group of onlookers.

Such a huge crowd had never formed in Zhengyang Street before.

There were even many people who took out their phones to record this moment.

"Oh my god, look, the handsome boss is out."

Seeing how carefree Lin Yi was with one hand in his pocket, the surrounding girls all revealed infatuated expressions.

The handsome Lin Yi was irresistible to them.

“Last night, his store was trashed. They must be behind it.”

“Good luck, handsome boss. Teach them a lesson!”

“Hmph, don’t think that we’re afraid of you just because you have more people! We’re all supporters of the handsome boss!”

There were more and more onlookers gathering. Soon, it became so crowded that not even a drop of water could pass through.

“Someone trashed this shop?”

The person who spoke was a long-haired girl. She was wearing blue jeans and a light gray lady’s suit. She had a pair of black boots on her feet and gave off a very capable feeling.

This person was Xu Wan, whom Lin Yi had met before.

“I heard about it. Yesterday, the boss of this shop beat up two international students. Now, they brought some people to protest.” Han Fei said.

“They trashed someone’s shop and now they’re here to protest. Isn’t that a little too much?”

“What’s wrong with that? Although these foreign students are not good, he hit them first.” Han Fei said.

“After such a huge incident, I wonder if that woman will once again come forward to protect him.”

Xu Wan pursed her lips. She had planned to come here for a meal after she was done with work during the day, but it seemed like she wouldn’t get the chance.

“This is not something we should worry about. There are still many things waiting for us at the company. Don’t just stand here and watch the show.”

“Sigh, what a pity. I wanted to watch the show.”

Xu Wan and Han Fei didn’t stay in the store for long. They took a quick look and left.

Lin Yi’s gaze landed on the foreigners in front of the store.

Among them was an acquaintance.

It was none other than Nathan, whom he had beaten up yesterday.

Beside him was his Japanese classmate, Shiro Ishii.

“Nathan, Shiro Ishii, why are you two alone? Where did Lewis go?”

Seeing the two of them, Li Zhiwei stepped forward and asked.

Nathan shrugged. “I don’t know where he went either.”

“Stand back. You’re blocking my view.”

Li Zhiwei was completely terrified. He nodded and bowed at the back.

Facing Lin Yi again, Nathan straightened his back, not afraid at all.

He was a completely different person from the previous night.

“Did you call so many people here to try to scare me?” Lin Yi said lightly.

“We’re here to protest!” Nathan pointed to his bandage and said to the international students behind him.

“Everyone, take a look. My injuries were caused by this Huaxian!”

“We protest. This is immoral!”

“Objection!”

“Objection!”

The protests from the foreign students were like a chorus. Nathan and Shiro Ishii took the lead while the others followed suit.

Then, Lin Yi kicked Nathan, and the protest stopped.

“Oh my god, he’s too handsome. He didn’t say a word and just went straight up to fight. As expected of a Huaxian man! I like men like him,” a girl in a short black silk dress said.

“You like guys like that in bed too, don’t you?”

“That’s right. I like those who don’t talk much and do it right away.”

“You’re a strange woman.”

Nathan was knocked to the ground, causing the remaining students to jump back in fear.

Lin Yi looked down at Nathan. "Didn't you want to protest? Continue."

"You, you actually dare to hit someone on the street!"

Nathan pointed at Lin Yi, trembling in fear.

"You started it this time. We didn't do anything. When the police come, they'll definitely arrest you!"

"Arrest me? Isn't this what Meiguo is like? Whenever there's a protest, Meiguon soldiers will beat the protestors up." Lin Yi said.

"Did my kick make you feel homesick?"

"Pfft, haha..." The onlookers laughed.

"The boss is so funny."

"Such a handsome and funny boy is really a treasure."

At this moment, Li Zhiwei walked up and begged.

"Lin Yi, I think we should forget about this. It's not good for anyone if we make a big deal out of this."

"You talk too much." Lin Yi scolded, "These people are spoiled by all you sons of b*tches."

After being scolded by Lin Yi, Li Zhiwei felt extremely awkward.

There were many students from Zhonghai Institute of Technology around. He had been completely embarrassed.

Even if he could return to school in the future, it would be difficult for him to start working again.

"Don't say that. I'm just following the rules."

"What the f*ck are the rules? You've f*cking ruined the good image of the Huaxians in this community. Get lost. I'm annoyed just by looking at you."

This time, Li Zhiwei was completely speechless. He did not even dare to fart.

He thought that after being kicked to the ground by society, Lin Yi's arrogance would disappear.

Unexpectedly, he was even more arrogant now.

Lin Yi even dared to scold Li Zhiwei.

Nathan, Shiro Ishii, and the others were so frightened that they didn't dare to speak.

Their eyes were wary, and they no longer showed their previous arrogant attitude.

At this moment, with every step forward Lin Yi took, Nathan and the others would take a step back.

It was like a lion glaring at the flock of sheep in front of it.

"Let's talk things out," Shiro Ishii said.

"We're all civilized people. We're here today to reason."

Piack!

Lin Yi slapped Ishii Shiro's face.

"Speak to my *ss! Your father and mother sent you here to study. It's fine if you don't study hard, but you even come out to try to suppress others. Do you have the skills to back up all that talk?"

"I, I didn't..." Shiro Ishii stammered.

"Stop... stop hitting me..."

Lin Yi ignored him and looked at Nathan.

"Tell me, who did this?"

"Okay, Brandon got someone to do it."

"Brandon?"

Lin Yi muttered, "Who is that?"

"He's the president of the Zhonghai International Students Association. He's in charge of handling matters relating to international students. He was the one who got someone to destroy your restaurant. It has nothing to do with me."

These foreigners did not have the tenacious and unyielding character of the Huaxians.

Before Lin Yi could even warm up, Nathan caved in and told him everything he knew.

Hearing this, the onlookers outside realized the seriousness of the problem.

No one expected that this matter would involve the entire Zhonghai Students Association.

Things seemed to be getting out of hand.

It was easy to sweep matters under the rug if it was only a local issue.

However, once he attracted the attention of the officials due to this being an international affair, the handsome boss might be the one at a disadvantage.

Lin Yi didn't care about this problem. He picked his ear and said calmly,

"Alright, call him now and ask him to come and see me."

"Okay, okay, don't do anything."

Trembling, Nathan pulled out his cell phone and dialed Brandon's number.

"Hey brother, how's the situation over there? Did you scare him so much that he didn't dare to come out?" Brandon said with a smile.

"Boss Brandon, he just beat us up. He said that you should come and see him."

"He actually attacked you?!" Brandon was surprised. "He's too bold!"

"He really hit us. I can't fight back. Boss Brandon, come quickly."

There was a moment's silence on the other end of the line. Then, Brandon said quietly,

"The person who hit you should be the person from yesterday."

"Yes, that's him."

"Okay, put him on," Brandon said.

"I'm on loudspeaker now. He can hear you now."

"Hey, Huaxian." Brandon switched to a teasing tone and said,

"I heard from other sources that your name is Lin Yi. You seem to be very good at fighting. Even Lewis is no match for you."

"So what?"

"You beat up our international student. I hope you can stand up to apologize and compensate me. For the sake of my senior, I can let you off and give you a chance to redeem yourself."

Lin Yi and the others looked at each other.

The pretentious segment at the beginning was quite ordinary. There was nothing outstanding about it.

However, who was this senior he was talking about? This puzzled the four of them.

"Who's this senior you're talking about?"

"Ji Qingyan and He Yuanyuan, of course." Brandon smiled.

"That's why I said that you're very lucky to have gotten to know my two seniors. As long as you make a public apology, I won't pursue this matter."

Lin Yi frowned, his expression cold.

"You used to be from Yan University, right? When you were in school, you pursued Ji Qingyan, but Teacher Zhang stopped you."

"I didn't expect you to know so much. Senior must have told you about it," Brandon said.

"At that time, Teacher Zhang was very famous in Yan University. I didn't dare to say anything, so I gave up on pursuing Senior. After that, I successfully transferred to Fudan University, but I didn't expect to meet Senior here. I think this was all part of God's plan. I met her here and it reminded me of that beautiful memory."

"In that case, you don't have to be so kind for her sake. Let's settle this alone." Lin Yi said.

"You just sent a bunch of cowards over. Did you think this would work?"

"The reason why I sent them over is because I don't need to do anything to deal with people like you. Beating up an international student is a very serious matter in Huaxia. Your own Huaxian officials will step in to deal with you and protect our rights. I think I'll be seeing you in prison soon. I feel like Senior will take the initiative to beg me for your release then."

Lin Yi was so angry that he laughed. "These idiots you sent have been here for more than half an hour. They didn't even dare to let out a fart after being beaten by me, but no one has come to meddle in this matter until now. Don't you understand what this means?"

Brandon fell silent at Lin Yi's words.

He seemed to realize that something was wrong.

"Alright then. Looks like you're more powerful than I thought. But it doesn't matter. If you really want to resolve this matter, come to Fudan University in an hour. I'll wait for you at the basketball court. Do you dare to accept?"

The corners of Lin Yi's mouth curled up into a ghost-like smile.

"See you."

After Lin Yi hung up, Qin Han smiled as he lit a cigarette.

"Brothers, don't just stand there. Let's go."

"Let's go, let's go meet those little brats." Liang Jinming said, "They are really bold to dare to offend my Brother Lin."

Gao Zongyuan patted the dust off his body. "Today, I'll show them who's the grandson and who's the boss in this small land."

"Don't be anxious. Let me call Duan Yongchun so that they won't get in the way."

...

An hour later, at Fudan University's basketball court.

In a school like Fudan U, the basketball court was not very busy.

But today, this place had become even livelier than the library.

There were people as far as the eye could see standing under more than 20 basketball hoops, and there were many more spectators on the sidelines.

However, upon closer inspection, more than 70% of these people were foreign students.

Moreover, this scene confused many Huaxian students.

"What's going on? Why are there so many people here today?"

“Is there going to be an event? This seems to have happened before.”

“It doesn’t look like it. Look at these people. Most of them are boys. Which one of them wouldn’t bring a girl to an event? And look at these people. All of them are big and burly. They look like they’re coming to fight.”

“Damn, I remember now. Something happened yesterday at Zhengyang Street. Someone beat up two international students. I heard that this matter was quite a big deal. This gathering should be because of that.”

“That seems to be possible. Look at Brandon’s side. There’s a guy with a bandage on his body. He’s the one who was beaten up, right?”

“If that’s the case, won’t this matter blow up? With so many people gathered here right now, things won’t be good.”

“That’s none of our business. That person called Brandon is very powerful. Not only is he the president of our school’s International Students Association, but he’s also the president of the International Students Association in Zhonghai. Now that an international student has been beaten up, he would no doubt act.”

“This is going to be interesting.”

At the same time, the heads of the international student associations of the various schools gathered around Brandon.

“Hey, Brandon, it’s been an hour. Why aren’t those people here yet?”

The person who spoke was called Zach, from Zhonghai Foreign Language Institute. He was the vice president of the Zhonghai International Students Association and Brandon’s deputy.

“Let’s wait a little longer,” Brandon said with a chuckle. “He’ll be here.”

“How can you be so sure?”

“There’s no doubt.” Brandon shrugged. “My senior sister is a very powerful person. Any boy who can catch her eye must be extraordinary. He wouldn’t be so gutless.”

“I think you’re being too optimistic,” Zach said nonchalantly.

“The Students’ Association in Zhonghai is a huge organization. If he tries to learn anything about us, he will realize that we are not to be trifled with. I think that he might be afraid.”

"It doesn't matter," Brandon said with a cigarette in his mouth. "Even if they don't come, I'll go to them. But my goal is to get my senior sister to step in."

"Hey, Brother, why do you keep mentioning that senior sister of yours?"

"Because you don't know how beautiful my senior sister is," Brandon said.

"I swear, she's the most beautiful woman I've ever seen. When I was in Yanjing, if that old woman didn't stop me, I would have definitely wooed her."

"So you want to use this opportunity to make your senior sister appear and prove your strength in front of her?"

"Of course," Brandon said, internally dancing with joy. "I'm sure you'll be fascinated by my senior sister's beauty when you meet her."

"I can't wait," Zach said. "Why don't we go over now? I don't think they will dare to come."

"Zach is right," Lewis said.

"They definitely won't dare to come. It's better to go and find them directly."

"I think it'll make for an interesting scene," Zach said.

"More than twenty of us will park our cars in front of his shop. I think he'll be too scared to go out."

"That's where you're wrong," Brandon said. "Do you know why I asked them to come here?"

Zach, Lewis, and others shook their heads, not quite understanding Brandon's intention.

"Look at the campus. It's full of Huaxian students. I want to use this opportunity to build our reputation in the school. In the future, I can use it to fight for greater benefits for us international students."

"You're right," Zach said. "But we can't just wait here. If they don't dare to come, when will we do it?"

Brandon looked down at his watch. "It's only been an hour. Give him another five minutes. If he still doesn't come, we'll go over!"

"I'll tell the others to get ready."

"Okay."

Seeing that the remaining students were all looking eager, the other Huaxia students suspected that their initial guess might be right.

These people seemed to be ready to cause trouble.

“There are so many of them. Who can face them?”

“I heard that the person who hit the foreign students was the owner of a shop on Zhengyang Street. Not only did he beat them up, but he also asked for 200,000 yuan in compensation. If he didn't do that, they wouldn't be acting like this now.”

“This shop owner is finished. He probably didn't expect to have offended a huge organization.”

“That's right. Brandon and the others are not short of money. When they were in school, they drove cars worth more than a million yuan and often changed rides. Now that he has appeared, the other party will definitely be in trouble.”

“That's right. There are many people here. Their families seem to be quite rich. When I passed by the parking lot just now, it was filled with their cars. The cheapest car inside was worth more than 300,000 yuan.”

“He has money and people. That shop owner is going to suffer!”

Boom boom boom!

While everyone was discussing, they suddenly heard a series of explosions coming from not far away.

To their surprise, they realized that supercars were driving toward the basketball court!

“F*ck, the red car at the front of the queue looks like a Lykan from Fast and Furious 7!”

“The one behind is also awesome. It's a Bugatti Veyron!”

Seeing the sports car driving towards them, the people on campus and on the basketball court were all dumbfounded. Time seemed to have stopped at that moment.

Lykan!

Bugatti Veyron!

Aston Martin One-77!

Lamborghini Sixth element!

In addition, McLarens, Paganis, Koenigseggs, and Ferraris followed closely behind.

They all stopped at the entrance of the basketball court.

Not to mention ordinary Huaxian students, even Brandon and the others were dumbfounded.

Where did all these supercars come from?

At this moment, everyone's minds were filled with question.

What kind of godly lineup was this?

All the rich second-generation heirs of Zhonghai must be gathered here, right?

The supercars stopped one after another, and Lin Yi and the others got out of the cars.

Lewis peed his pants when he saw Lin Yi. "He... He's the one who hit me!"

"It's him!"

Brandon and Zach's expressions changed drastically.

Brandon had guessed that Lin Yi might come, but he didn't expect him to bring so many people!

Moreover, they were all driving supercars!

"Lewis is standing behind you. You should be Brandon, right?" Lin Yi raised his eyebrows.

"That's me."

"Didn't you ask me to come over? I'm here now." Lin Yi patted Brandon's shoulder and said calmly.

"You got someone to destroy my shop and you still want to look for my girlfriend. You're f*cking bold."

"Mr. Lin, let me explain. This is a misunderstanding."

Brandon's face was pale and he could not speak properly.

These people were all driving supercars. Not to mention their wealth, even in terms of strength, they were not their match!

“How is it a misunderstanding?” Lin Yi said, “Isn’t your International Student Association quite impressive? What, do you think you can do whatever you want here?”

“No, no. It’s my fault. I’ll find a way to compensate you.”

“You think I need money?”

“Then... then what do you think we should do? We will definitely do as you ask.”

Whoosh!

Lin Yi kicked Brandon, sending him flying and falling to the ground.

Despite this, none of the others students dared to step forward.

All of them lowered their heads. No one even dared to help Brandon up.

The others present were all terrified.

These rich second-generation heirs were really awesome!

Kill those bastards!

“Weren’t you acting tough on the phone? Why aren’t you saying anything now?”

Brandon and the others remained silent, not daring to say anything.

“Since you’re not talking, let me say a few words.” Lin Yi said.

“I feel that there’s no need for your so-called International Student Association to continue existing. Dissolve it today.”

“Dissolve the International Student Association?”

Brandon, Zach, and the others widened their eyes. They didn’t expect Lin Yi to say such a thing.

“Do you have a problem with that?” Lin Yi said condescendingly, “If you have a problem with that, just say it. Huaxia is very democratic.”

“We... we have no objections.”

“If you have no objections, then do it quickly,” Lin Yi said, “I don’t want your International Student Organization to be around anymore tomorrow.”

“I-I understand.”

Lin Yi squatted down and patted Brandon's face.

"Kid, since you're in Huaxia, you have to abide by Huaxia's rules. This is not a place for you to show off, understand?"

"Got it."

"Okay, let's call it a day."

Lin Yi called out, "Tonight, all expenses will be paid for by Young Master Qin!"

Qin Ha, "..."

'F*ck, I'm begging you to have a heart!'

"Oh yeah!"

"Let's go!"

Under Lin Yi's lead, the rich second-generation heirs got into their cars and left the school.

As for compensation, Lin Yi didn't want it at all.

Firstly, he did not lack that bit of money. Secondly, there was no need for it.

Bringing so many people here with great fanfare, beating the students up, and then taking their money was too lowly.

He was already in his twenties and had long recovered from his eighth-grade syndrome.

Under everyone's envious gazes, the supercars drove away from the school.

A few minutes ago, the basketball court was still filled with people. Now, it was empty.

Brandon and the others dismissed the ordinary international students and left the basketball court awkwardly with a few important people.

"Brandon, what should we do now? Are we really going to disband the association? If this happens, no one will fight for our rights!"

"Impossible!" Brandon said fiercely.

"I will not dissolve the association!"

"Then we have to find a way to fight them."

When he said this, Zach himself felt guilty.

The other party had so many people, and none of them were easy to deal with. It was indeed very difficult to fight against them.

“With our current strength, it will definitely be very difficult to fight against them, so we have to find someone else to do it.”

“What are you thinking?”

“Let’s find the school leaders first and tell them about this. Let’s have them resolve it.”

“Good!”

After making up their minds, Brandon and the others walked toward the director’s office.

...

Two elderly men were sitting in the director’s office.

The two of them were dressed similarly. They were wearing short-sleeved shirts, suits, and pants. This was the classic outfits for veteran cadres.

Lin Yi knew one of them. It was none other than Duan Yongchun.

“Old Duan, I don’t know Lin Yi, but after such a big thing happened, are we just going to sit back and ignore it? We have to take a stand.”

The person who spoke was called Zeng Fanlu. He was the principal of Fudan University, and the real leader of the school.

“Listen to my advice. Let nature take its course. Let’s not interfere. Lin Yi’s abilities and means are beyond our imagination.”

After a moment of silence, Zeng Fanlu said,

“What if I want to get involved in this?”

“Your fate depends on how you do that. If you stand on Lin Yi’s side, there won’t be a problem, but if you speak up for the foreign students, it’s hard to say what will happen.”

“I know he has a good relationship with Mayor Liang, but is he really capable of attacking me?”

“Old Ceng, we’ve known each other for so many years. I’ll tell you the truth. Lin Yi is really an unfathomable person. Although he looks like he only has a connection to Liang

Ruoxu on the surface, his network and abilities are more powerful than we can imagine,” Duan Yongchun said.

“Think about it. If he really didn’t have any ability, how could he gather so many people? How many people in Zhonghai have such appeal?”

Zeng Fanlu sighed. “You’re right. He’s an extraordinary figure in Zhonghai.”

“That’s right. Let’s just get by and turn a blind eye to this matter.”

“Alright, I’ll listen to you.”

Zeng Fanlu stood up and picked up the clothes hanging on the hanger.

“Are you free tonight? Come to my place and have some tea.”

“Alright, I bought two sets of fishing rods recently. They’re pretty good quality. I can bring one over for you.”

“Then what are we waiting for? Why don’t you show me?” Zeng Fanlu laughed.

“Coincidentally, this weekend’s meeting is canceled. Let’s go fishing then.”

“Sounds good to me, haha.”

Clang! Clang! Clang!

The two of them had just gotten up to leave when they heard a knock on the office door.

“Come in,” Zeng Fanlu said as he put down his coat.

The office door was pushed open and the two of them were surprised to see Brandon and the others coming in.

His expression could not help but change slightly. He had already guessed their intentions.

“What’s the matter?” Zeng Fanlu pretended to be calm.

“Principal Zeng, you should know what happened just now, right?”

“Oh? What happened?” Zeng Fanlu asked.

“I’ve been discussing things with Principal Duan and didn’t notice anything else.”

“Just now, a group of people came to our school to cause trouble and even threatened me into dissolving the International Student Association. Does Principal Zeng not care about this matter?!”

Zeng Fanlu looked up at Brandon.

“Are you speaking to me in a challenging tone?”
