

I Get A Random New Occupation Every Week

726 Large-Scale Showing Off on Stream

“Let’s go. Stop fantasizing. Let’s go take a look before it gets dark.”

“Okay.”

The three of them walked towards the cruise ship known as Starfish. Even Yan Ci was looking forward to it.

However, as soon as they entered, they heard a commotion.

They turned their heads and coincidentally saw Long Shuai and the others.

The accompanying assistant was still wearing the same clothes as before.

However, Long Shuai had changed into very casual beach shorts and black sunglasses. It was very appropriate for his live stream today.

“Brothers, we’ve already arrived at Phoenix Pier. This is the place where the private yachts are all displayed.” Long Shuai said.

“Also, I just talked to the boss here. I’ll bring you guys to the second-largest cruise ship here later.”

“Long Shuai, there’s a bigger cruise ship next to us. It looks so luxurious. Let’s go there and take a look.”

“That’s right. With your status as the number one streamer on the Internet, you definitely have to show off the best things. Although the cruise ship known as Moss is not bad, it’s not as good as the one beside it.”

Long Shuai smiled as if he had expected the people in the live stream to say this.

“Brothers, let me introduce you guys. The cruise ship next to us is called the Starfish. It’s the most luxurious and largest ship in Phoenix Pier. However, there is a rule in place today that it won’t receive anyone. Therefore, we can only take a step back and visit the Moss.”

“Since they have such a rule, there’s nothing we can do.”

“It’s already very impressive that Long Shuai can bring us around the Moss.”

“Of course. The title of the number one outdoor streamer on the Internet is not just for show.”

“To be honest, I know someone at Wangjiang Dock. I’ve already gotten him to agree to bring you guys up to take a look around after the tour tomorrow, but we can’t do it today.”

“It doesn’t matter. It’ll be the same for the Moss. I’ve never seen what the interior of a cruise ship looks like since I was young.”

“Everyone, don’t be anxious. I’ll bring you guys to take a sneak peek now.”

Zhang Xiaoyu curled her lips in disdain when she saw Long Shuai and the others live streaming.

“This guy is too good at bragging. He makes it sound like it’s true.”

Lin Yi smiled. This Long Shuai guy was quite interesting.

The live stream was very eye-catching. Although it was a little exaggerated, it was very eye-catching.

This should be Zhang Xiaoyu’s so-called live-stream talent.

“Long Shuai is about to board the ship. I want to sneak over and take a look.”

“I’ve realized that in terms of outdoor live broadcasts, Long Shuai seems to be more impressive. He knows everyone. Brother Mask, you seem to be a little lacking.”

Seeing that the popularity of the live stream was decreasing bit by bit, Zhang Xiaoyu panicked.

“Don’t go. Didn’t you say that you’re Brother Mask’s hardcore fans? Why are you all leaving now?”

“It’s mainly because they’ve boarded the Moss. We have to go and take a look.”

“Isn’t it just the Moss? It’s only the second most luxurious ship here. I’ll bring you to see the Starfish later. It’s much better than that ship.”

“Are you kidding us? Long Shuai has already said that the Starfish is not receiving any guests today. How are you going to bring us there?”

“Do you think he can compare to Brother Mask? He’s far from Brother Mask’s match.” Zhang Xiaoyu put her hands on her hips and said.

“Let me tell you, that Starfish cruise ship belongs to Brother Mask. No one else can enter it, but Brother Mask can come and go as he pleases. If you leave now, you’ll definitely regret it.”

Hearing Zhang Xiaoyu’s words, the people in the live stream laughed out loud.

“Xiaoyu, I see that you’ve changed.”

“How did I change?”

“You used to be a very honest person. Why have you become such a bad liar now? You can even tell such a lie? Do you think we’ll believe you?”

Zhang Xiaoyu, “?”

What kind of f*cking world did she live in?

'The other side kept bragging, yet you all believed it.

'I told the truth, but no one believed me.

'Am I that untrustworthy?'

"I'm leaving. You're too unrealistic. We're going to watch Long Shuai's live stream."

"Let's go, let's go to Long Shuai's room to check out the cruise. I think these guys can only take a walk around the periphery. In terms of stream quality, they definitely can't compare to General Long."

"That's what I thought too. Let's go. Let's not waste time here."

With this surge of activity, Lin Yi's popularity was cut in half.

Zhang Xiaoyu was so anxious that she stomped her feet. The popularity of the live room was already not as high as the other party's in the first place. Now, a lot of them had left. This was all her fault.

"Don't worry, just let them leave," Lin Yi said calmly.

"But these people are too infuriating."

"That's expected." Lin Yi said.

"We're people who rely on our strength to speak. We won't mess with those superficial things."

Yan Ci stood at the side and looked at Lin Yi.

This man was really a Buddhist. It was really not easy for him to get to where he was today with his zen-like and non-conflict personality.

"What's wrong with you guys? I'm already here now, but you're not letting me go up?"

The three of them were about to go to the Starfish when they heard a commotion coming from Long Shuai.

“I’m sorry, we have a rule here. Other than the relevant staff, no outsiders are allowed to board the ship. Please understand,” the staff guarding the ship said.

“Everyone, please open your eyes wide. Don’t you know who I am?” Long Shuai said angrily.

“I’m sorry, I don’t know you. Without the staff’s identification, we won’t let you in.”

“I’ll give you three seconds. If you don’t let us in, you’ll have to bear the consequences.”

“I’m sorry. No one can go in without the proper papers.”

“Hehe, I, Long Shuai, came here to help promote, but you actually wouldn’t let me in. Today, I’ll show you your rightful place.”

With that, Long Shuai took out his phone and made a call.

Lin Yi, who was standing not far away, smiled. “It seems like their live stream is going to fail too.”

“Brother Lin, he’s just acting,” Zhang Xiaoyu said.

“Acting?”

“They arranged this themselves. They set up their own conflicts. Previously, they swore that they could live stream on the ship. If they failed, it would greatly affect his popularity, so they pretended. This way, it would show that he was very powerful.”

Lin Yi nodded thoughtfully. “So that’s what actually happened.”

Soon, Long Shuai’s call went through and he said ostentatiously,

“Manager Sun, what’s going on? I came here to do a live stream, but the two guards below actually stopped me outside. Is this how you usually educate your subordinates?”

“Yes, I’m right here. I hope you can settle this matter in a minute, because my brothers in the live stream can’t wait anymore.”

727 Who’s the Real Badass?

With that, Long Shuai turned on the loudspeaker.

“Manager Sun, I don’t want to talk nonsense with them anymore. You should handle this.”

“What’s wrong with you? Long Shuai is my friend. How dare you stop him outside? Do you still want to keep your jobs? Hurry up and let him in!”

“We understand, Manager Sun.”

Then, the man on the phone said politely,

“Long Shuai, I’m sorry about this. After the event ends, I’ll deduct half of their monthly salary. This is too much.”

“Alright, I was just angry just now. Let’s be lenient when possible.”

“Alright, since you’ve already asked, I have to give you face!”

“Alright, I’m going to do my stream now. I won’t talk to you anymore.”
Long Shuai said,

“I recently heard about a six-star hotel in Yanjing. The buffet there is not bad. I’ll treat you to it.”

“No problem.”

Looking at Long Shuai’s acting, Lin Yi suddenly felt like he was learning about a whole new aspect of life.

What a genius.

“I think this person is not bad. Do you want him to join that wilderness survival show?” Lin Yi said to Yan Ci.

Yan Ci shook his head. "He is too exaggerated. This style is not suitable for our show."

"Wouldn't that be more suited for the program's effect?"

"The wilderness survival program is a very manly program. People like him who are eloquent and don't have true ability will only be cannon fodder if they join."

"In that case, the quality of your show seems to be quite high."

"Of course." Yan Ci smiled at Lin Yi. "Only a real man like you is suitable. If those young hunks go, they won't even know how they died."

Zhang Xiaoyu stared deeply at Yan Ci.

Hmmm...

How did she know that Brother Lin was a real man?

Did something unspeakable happen between the two of them?

But Brother Lin has a girlfriend and Director Yan has a boyfriend.

Looking at it again, this matter seemed to be quite exciting.

At the same time, Long Shuai's live stream started again.

The popularity of the live stream had already broken five million and entered third place on the platform's popularity rankings.

"Long Shuai is awesome. He actually knows so many high-end people."

"This is what happens when you look down on others. Show them who's the master and who's the apprentice."

"Why don't you take a look at your own status? How dare you show off to such a high-ranking person as General Long? I really don't know what you're thinking. Aren't you just asking to be humiliated?"

“This is nothing. I came from Brother Mask’s live stream. He just boasted shamelessly that he wanted to bring the people in the live stream to board the Starfish.”

“The Starfish? The biggest cruise ship here?”

“That’s right. That’s what he said. And he said he owned the cruise ship and could come and go as he pleased.”

“F*ck, isn’t he too good at bragging? Isn’t he afraid of being slapped in the face?”

“I just can’t stand him bragging, so I came to watch Long Shuai’s live broadcast instead.”

“I came from his live stream too. I’ve already thought it through. I won’t watch his live stream anymore. I’ve already switched it off. In the future, I’ll only be a fan of Long Shuai.”

Seeing that everyone in the live stream was slandering Lin Yi, Long Shuai smiled.

“Alright, alright. Since everyone knows that he’s bragging, just stop believing him. Why must you discuss it so heatedly here? After all, we’re all on the same platform, and I like to support small streamers. If in the future, when everyone mentions outdoor streamers, and they can only think of me, Long Shuai, that would be boring.”

“Long Shuai is still the best. He’s much better than those small streamers who only know how to brag.”

“Now, many people think that Long Shuai is bragging, so they imitate him. However, what they don’t know is that Long Shuai is really that awesome.”

“Long Shuai, Long Shuai, I think we just saw Brother Mask. Do you want to go over and greet him?”

“They’re here too.”

Long Shuai muttered and looked up. He saw Lin Yi and Zhang Xiaoyu not far away and waved his hand.

“Dude, are you here to stream too?”

“Can’t I do that?”

“Don’t be so angry. We’re all on the same platform. I just want to help you.”

“Help me?”

“Here’s the thing. I know most of the manufacturers at this yacht show. One phone call from me and I can get you on board to stream. But not the Moss, because this one is booked exclusively for my stream today.”

“There’s no need. We’re going to the Starfish later. Take your time streaming here.”

“Hahaha...”

Hearing Lin Yi’s words, the people in Long Shuai’s live stream laughed out loud.

“Look at what I said. Isn’t he very pretentious?”

“He’s indeed extremely pretentious. I regret not going to his live stream just now and watching him brag. Haha...”

“Long Shuai, we don’t want to board the ship anymore. We want to see him get slapped in the face.”

“That’s not good. After all, we’re on the same platform. Let’s spare him some face.”

“What’s there to save face for? There’s no need for this at all. The more you act like this, the more pretentious he will become. We have to go over and teach him a lesson. Otherwise, he’ll really think that he’s the best outdoor streamer on the Internet.”

“Alright, let’s go over and take a look. Actually, I’m also quite curious about how he’s going to smooth things over.”

“What do you mean by that? He’ll definitely end up being slapped in the face. Then, he’ll find an excuse to brush off the audience.”

“Haha, it doesn’t matter if he actually boards a ship or not. We just want to see how he gets slapped in the face.”

“Let’s go, let’s go now. I can’t wait.”

Long Shuai and Bai Bingyu looked at each other and smiled.

“We can board the ship later. Let’s go and watch the show first.”

“Let’s go.” Bai Bingyu crossed her arms and said.

“That little b*tch snatched my first place at the event a few days ago. Now, I finally have a chance at revenge.”

“Then let’s go. I’ll avenge you.”

Long Shuai led his men toward Lin Yi.

Lin Yi glanced at them. “What are you doing here? Do you want to board the ship too?”

“No, I’m here because the people in my live stream are curious. Why do you have the ability to board the Starfish?”

“What’s there to be curious about? Have you not been exposed to the world yet?”

“Well, I asked their leaders and they’ve already stated very clearly that the cruise ship is closed today and no one is allowed to board it. Therefore, the people in my live stream are very curious. How can you board it?”

“Why else would I say that you guys haven’t seen the world? You’re even curious about such things.”

Long Shuai shrugged. "Brother, you're really the most talkative person I've seen in so many years."

With that, Long Shuai made an inviting gesture.

"Come, come, come. Please show us how you board the Starfish."

"What a bunch of retards."

Lin Yi said helplessly and walked towards the Starfish with his hands in his pockets.

728 I'll Double It

Seeing Lin Yi leaving so calmly, Long Shuai's assistant pointed the camera at him and Zhang Xiaoyu.

Long Shuai moved closer to Bai Bingyu, looking puzzled.

"Is this kid crazy?"

"I don't know if he's sick or not, but he might be mentally unstable," Bai Bingyu said.

At this moment, Long Shuai's assistant quietly walked over and whispered,

"Long Shuai, Sister Bing, do you think he can really board the ship?"

"How is that possible? It even sounds like a joke." Long Shuai said.

"I tried to persuade their person-in-charge for so long before this, but I didn't get his approval. How could he do it?"

"But when he came here, he came in a G550. He should be quite extraordinary."

"These are two different things," said Long Shuai.

“It’s easy to take the G550 as long as you have money. However, the Starfish is different. The price of this ship is as high as 2.5 billion yuan, which is much more expensive than the G550. Moreover, at that time, I even brought our boss out, but it was still useless. No matter how powerful he is, can he compare to our boss?”

“That’s true. In this industry, our boss has quite a lot of influence.”

Long Shuai smiled. “Tell the cameraman to point the camera at the two of them. Don’t miss this good show.”

“Alright...”

At the same time, Lin Yi and the other two had already walked onto the escalator.

“I’m sorry, sir, but we’re not receiving guest today,” said the clerk guarding the escalator.

“Haha...”

The people in Long Shuai’s live stream burst into laughter.

“Look, he’s stopped.”

“Haha, a large-scale face-slapping scene. How embarrassing.”

“Long Shuai can’t even go up, yet you two small streamers want to go? You must be dreaming.”

Lin Yi tilted his head and looked at the staff guarding the area.

“Newcomer, don’t you know who I am?”

“Hehe...”

The staff sneered. “I’m sorry, I’ve worked here for three years. I’m an old employee, but I really don’t know you.”

As soon as these words were spoken, the people in the Long Shuai's live stream erupted again.

“What is this guy thinking? Why is he begging to be humiliated?”

“Haha, I'm dying of laughter. You actually accused him of being. Do you think everyone knows you?”

“F*ck, it's a good thing I came here in time. I even tipped him 20 yuan before this. Now that I think about it, I regret it.”

“He just doesn't have the strength to show off, but it's really exciting to see him being slapped in the face.”

The scene before them caused Long Shuai and Bai Bingyu to laugh.

“This brother is too interesting. Doesn't he know that my conflict was planned in advance?”

Bai Bingyu shrugged. “He probably doesn't know about that. He probably thinks you settled it on the fly.”

Long Shuai shook his head. “It's because I have a huge fanbase and the boss's connections that the ship's manager agreed to join the show. He's nothing. Sigh, I've already given him the template, but he still can't understand it. I don't think he's suitable to be a streamer anymore.”

“This has nothing to do with us. Just focus on the show,” Bai Bingyu gloated.

In this live broadcast, Long Shuai's opponent was Lin Yi, and Bai Bingyu's opponent was Zhang Xiaoyu.

Ever since she got first place in the event, a lot of the platform's resources had leaned toward her.

As a result, her status was challenged.

If she could embarrass her, then she would be the ultimate beneficiary.

At this moment, in front of the escalator, the staff looked at Lin Yi and said,

“Sir, please leave. No matter what, I won’t let you on board.”

Lin Yi took off his sunglasses and revealed his eyes. The staff member who spoke was stunned.

Although he was still wearing a mask, he recognized at a glance that the person standing in front of him was President Lin of Wangjiang Dock!

Lin Yi made a gesture of silence and put his sunglasses back on.

“That’s good. You have to always adopt a serious attitude toward work.”

Lin Yi patted the staff on the shoulder and boarded the ship with Zhang Xiaoyu and Yan Ci.

Seeing the three of them board the ship, the air seemed to freeze at this moment.

Long Shuai’s live stream exploded.

“F*ck, what’s going on? He actually boarded the ship?”

Seeing this scene, Long Shuai and Bai Bingyu were both stunned.

No one understood what was going on.

“Difficult. Could it be that they’ve already discussed this beforehand?”
Bai Bingyu asked in surprise.

“That’s impossible. There’s no way he could have done that. Even I couldn’t get access. How did he do it?”

At this moment, Long Shuai’s assistant walked over and whispered in his ear,

“Brother Long, what should we do now? The live stream is in a frenzy.”

Long Shuai looked at the live stream room with an ugly expression. It was just as the assistant had said.

“Long Shuai, what’s going on? Didn’t you say that the Starfish is not open to the public today? Why did Brother Mask go in?”

“Aiya, is your ability not good enough?”

“When you visited the Moss, you had to call others to solve the problem. Look at Brother Mask. He just took off his sunglasses and didn’t even show his face before the staff let them in. Is this the difference in power?”

“When he came just now, he took an ordinary flight, while Brother Mask came in a private plane. Now, he went to the Moss to stream, while Brother Mask went to the Starfish. Moreover, he didn’t even need to intimidate anyone. He settled it himself. The gap between the two is too big.”

“I’m not watching this anymore. I’m going to Brother Mask’s stream. I’ll lose out if I miss the exciting show.”

“Let’s go, let’s go to Brother Mask’s room. He can show us the really good stuff.”

“Boohoo, I misunderstood Brother Mask. He’s really awesome. Long Shuai only knows how to brag and show off.”

“Brothers, let me tell you. If you leave, you will definitely regret it. I prepared a red packet of 100,000 yuan and planned to send it to you later. If you leave now, you won’t be able to get it.”

“A lottery insulator. I’ve never won a prize in my life.”

“Tsk, why are you acting like Brother Mask won’t give out red packets of his own? He might even give out more than you.”

“Brother, from what you’re saying, I can tell that you’re new to my live stream. I’m prepared to book an island and then book two planes to give away to my fans as a reward. Do you think he’s richer than me?”

“But Brother Mask can go onto the Starfish, while you can’t.”

“Long Shuai, I can tell from this matter that you’re really not Brother Mask’s match. Don’t compete with him, lest you embarrass yourself.”

“Yes, yes, yes. There’s also the title of the number one outdoor streamer on the Internet. Don’t fight for it. This title belongs to Brother Mask.”

“Hehe, alright then. I won’t say anything else.” Long Shuai shrugged and said,

“I’ll make a promise to everyone now. If he really sends out any red packets later, then no matter how much he gives out, I’ll double it.”

729 Give Me a Million to Practice First

“F*ck, he’s going against Brother Mask.”

“This is going to be interesting.”

“But I still want to watch Brother Mask’s live stream. Let’s go, let’s go.”

“Don’t regret it if you leave now. I don’t dare to say anything about the other categories, but I don’t believe that there’s anyone better than me in the outdoor streamer category!”

“Hehe, if you’re really so awesome, why don’t you board the Starfish and show us around? What’s the point of saying all this?”

Seeing that the popularity of the live stream was plummeting, Long Shuai’s expression turned ugly as he cursed in his heart.

“You fickle people!”

“Long Shuai.”

Bai Bingyu tugged at Long Shuai's sleeve. "Now is not the time to talk about this. Let's think of a solution."

"Let's board the Moss first. I'll send some red packets later and we'll be able to recover our popularity." Long Shuai said.

"It was a miscalculation on my part that I couldn't board the Starfish. I'll just kill him with money later."

"That's a possible solution." Bai Bingyu nodded. "How much money do you have left? Is it enough?"

"I still have more than 1.4 million left. Wouldn't it be easy to crush him to death?"

"That'll be enough," Bai Bingyu said.

Two live streams in a day had been stolen by that masked man.

If he did not think of a solution, his title as the number one outdoor streamer would really be snatched away.

...

At the same time, Lin Yi had already boarded the ship with Zhang Xiaoyu and Yan Ci.

The afterglow of the setting sun shone on the people on the deck. The waves were surging, and flocks of seagulls were flying overhead.

The setting sun was lonely, and the sky was an autumn yellow. It symbolized endless beauty.

At the same time, Bi Songjiang walked out of the cabin with a group of executives.

Lin Yi waved his hand, signaling them not to come over.

Bi Songjiang, who was good at reading people's expressions, saw Lin Yi live streaming and stopped with the other high-end people.

He could not help but wipe the cold sweat off his forehead. The boss really knew how to have fun!

“Brothers, do you see this? This is the Starfish. It’s worthy of its luxurious name, right?” Zhang Xiaoyu said.

“Brother Mask, you’re awesome. I was blind just now! You’re the real number one outdoor streamer on the Internet.”

“Brother Mask, didn’t you say that this ship is yours? Can you show us the real thing?”

“No problem. After this event is over, I’ll ask Xiaoyu to organize an offline event and bring you guys up here to play,” Lin Yi said.

“Haha, thank you, Brother Mask.”

Zhang Xiaoyu looked at the popularity of the live stream and realized that it had already exceeded four million. Only then did she feel slightly relieved.

Things had finally returned to normal.

“I can’t believe there’s such a big pool on the boat.”

Zhang Xiaoyu said in surprise as she walked to the stern.

“It’s alright. It’s not as big as the one in my house.”

“But this pool is not small either.” Zhang Xiaoyu said.

“If we could have a swimsuit party here, it would probably be quite interesting.”

“Even Director Yan isn’t so excited. Why are you so obsessed with swimsuit parties?”

Zhang Xiaoyu glanced at Yan Ci and said weakly, “The wild lilies bloom in spring. One day, I will also get to stand out.”

“Looks like I really have to organize a swimsuit party and show you what true beauties look like.”

“Haha...”

The people in the live broadcast room burst into laughter. “Brother Mask, you’re so rich. Can’t you give Xiaoyu 100,000 yuan and help her get implants? She’s your personal assistant after all.”

“With Xiaoyu’s figure, 100,000 yuan is not enough. The materials alone will cost 100,000 yuan. It’ll be impossible to spend less than 200,000 yuan.”

“Comparisons are odious. Some people are born with a 200,000 yuan figure, while others are born flat. Sigh, c’est la vie.”

Zhang Xiaoyu turned around and looked at Yan Ci enviously. She really envied these big shots who walked around with a 200,000 yuan appearance.

“Brother Lin, the popularity of our live stream is about to exceed 5 million. Do you want to release a red packet?”

“Alright, I’ll let you decide.”

Lin Yi didn’t know how much he should send. Thus, he just let Zhang Xiaoyu handle it.

“Then send a red packet of 1,000 yuan first. Let’s take it slow. Everyone will get a share. Don’t be anxious.”

“Brother Mask, you guys can’t do this. The other party said that no matter how much you distribute, they will double it. It’s obvious that they want to crush you.”

Lin Yi smiled. “This is the first time I’ve seen someone who wants to crush me.”

“I used another phone to take a look at Long Shuai’s live stream. He seemed to have directly sent 2,000 yuan. We are easily able to match that, but we can’t lose in the overall battle.”

“Brother Lin, don’t be anxious. I’ll take a look at their live stream and figure out what’s going on.”

Zhang Xiaoyu took out her phone and entered Long Shuai’s room. She realized that it was as the netizens had said. A 2,000 yuan red packet had just been sent out.

“Brother Lin, what should we do now? He doesn’t seem to have any intention of giving up.”

“What else can we do? Let’s continue.” Lin Yi said indifferently, “If he sends 2000, we’ll give 4000. Let’s see who can last the longest.”

The atmosphere in the live stream room was ignited by Lin Yi’s words.

“Brother Mask is mighty and domineering. He wants to fight him to the death and let him know who’s the most awesome.”

Zhang Xiaoyu quietly approached Lin Yi and whispered,

“Brother Lin, if you are sure, we’ll pay double the amount they give out”

“Yeah.”

“What should we do if they send tens of millions? Are we going to send that much too?”

“Then I’ll buy Douyu.”

Zhang Xiaoyu’s eyes were filled with stars.

“Brother Lin, I like mighty and domineering men like you.”

“Then think about it in your heart. Don’t have any improper thoughts. I’m a man you’ll never get.”

“It’s fine. Just let me dream.” After saying that, Zhang Xiaoyu said to herself,

“I’ll send it now. Everyone, get ready. If you’re fast, you’ll reap the rewards.”

“Go ahead, it’s not much money.” Lin Yi smiled. “Don’t make such a big fuss, it’ll make you seem like you haven’t seen the world.”

“Hehe.”

Zhang Xiaoyu nodded and sent a red packet of 4,000 yuan.

Due to the stimulation of the red packet giveaway, the popularity of the live stream exceeded 5.5 million.

At this moment, a private message application appeared in Lin Yi’s live stream.

“Brother Lin, Long Shuai wants to communicate with you.”

“Sure, I have nothing to do anyway.”

Zhang Xiaoyu opened the private voice message and heard Long Shuai say,

“Dude, are you picking a fight with me?”

“What are you talking about? Didn’t you say you wanted to give out double the amount of red packets as me? I’m cooperating with you.”

“Hehe, we’re all on the same platform. It’s so boring to compete like this.” Long Shuai said, “Save yourself some face.”

“You don’t think I can afford it?”

“Your money wasn’t easy to come by. You don’t have to do this.”

“Alright, if that’s the way you want to do it,” Lin Yi said to Zhang Xiaoyu.

“Xiaoyu, give me a million to practice first.”

730 Long Shuai’s Red Packet Reception

“Brother Lin, what did you say?”

“One million,” Lin Yi said, “If you send a few thousand to tens of thousands at a time, how long will it take?”

Zhang Xiaoyu swallowed her saliva. Back then, Brother Lin had tipped her 500 super rockets. She was so excited that she couldn’t sleep at night.

Little did she know that in Brother Lin’s eyes, this was not even pocket change.

“Wait a minute, what are you two talking about? You want to give out a red packet of one million yuan?” Long Shuai glared at them.

“That’s right. I’ll give out one million yuan first. Then, you’ll have to give two million yuan. After that, I’ll give out another four million yuan. How about that?”

Long Shuai and Bai Bingyu gulped at the same time.

“You can’t even brag like that.”

“What’s there to brag about? It’s just a million yuan. It’s not like it’s an astronomical figure.”

At this moment, Zhang Xiaoyu said,

“Brother Lin, the one million yuan worth of red packets has been sent out.”

Seeing the red packets floating in front of the screen, the comments in the live stream exploded like a volcano.

At this moment, Long Shuai and Bai Bingyu were dumbfounded.

He really f*cking sent out a million yuan?

'I don't have that much money in my pocket!'

Even if they did, they wouldn't be willing to send them so much.

"F*ck, it's a red packet worth 1,000,000 yuan. This is the largest in Douyu history."

"Brother Mask is awesome. In the past, he always tipped the other streamers. Today, he finally grew the conscience of the host and gave us red packets instead."

"I swear to God, even if you live stream your sleep, I'll watch it every day."

Lin Yi was also amused. He then said to the people in the live stream,

"You should have received enough red packets from my side. Now, go to his live stream and receive a two million yuan red packet."

"Look, this is the situation. He even asked us to take the initiative to go to the live streams of other streamers. It's really not something ordinary people can compare to."

"Brother Mask, wait a moment. We'll be back after collecting it. It won't take too long."

"I feel like I'm going to be rich today. F*ck, haha..."

"Go, go. Go to his place and come back after receiving the red packet."

The people in Lin Yi's live stream flooded into Long Shuai's live stream.

At this moment, the bullet screen was filled with comments.

"Long Shuai, give us a red packet. Didn't you want to give us double the amount? We're all waiting."

"Why are you still dilly-dallying? Don't tell me you don't want to post it?"

“It’s not that he doesn’t want to, it’s just that he doesn’t have that much money.”

“That’s really possible. How can streamers like them compare to entrepreneurs like Brother Mask?”

“If he really gives out two million, he’ll probably have to sell his house.”

He saw that the screen was filled with comments mocking him.

Long Shuai forced himself to calm down. After all, he had been streaming for so many years and had seen this kind of storm before.

“Brothers, I strongly urge you not to be deceived by him. He’s just here to create a persona. He can’t compare to a real outdoor streamer like me.”

“Secondly, one or two million yuan is nothing to me. The meal I had with the Berardi prince in the Middle East a few months ago cost me more than a million yuan. Do you think I lack this bit of money?”

“Stop bragging. That meal didn’t seem to be on you.”

“If you’re really not short of money, hurry up and send out a red packet of two million yuan. Then, Brother Mask will send four million yuan. If you’re not capable, just don’t say anything.”

Long Shuai’s expression was ugly, and Bai Bingyu was also embarrassed.

He only had 1.4 million yuan in his pocket, and it was impossible for him to give it to them.

“Brothers, don’t worry. I’ll definitely send out the red packets, but not now. I can send 20,000 yuan as a warm-up first. Don’t leave, everyone. This bit of money is nothing to me.”

“20,000 yuan? Are you burning paper notes at a gravesite? Who are you trying to fool?”

“That’s right. Brother Mask directly threw out one million yuan. Logically speaking, you should have given two million yuan. What’s the meaning of only giving out twenty thousand yuan now?”

“If you don’t have money, just say you don’t. Why are you pretending here? This is so boring.”

“Let’s go, let’s go. I don’t want to watch his live stream anymore. Let’s go take a look at Brother Mask’s live stream. The Starfish Cruise is much more interesting than this.”

With this wave of momentum, the popularity of Long Shuai’s live stream was directly cut in half.

It had already fallen to just over a million, and the decline did not seem to be slowing down.

At this rate, it wouldn’t be long before it fell below one million.

“Hurry up and think of something. If this continues, we’re finished,” Bai Bingyu said.

Boss had asked him to live stream with Long Shuai to increase the popularity of the live stream.

Now, not only did his popularity not increase, but it also decreased so much.

If the boss found out about this, he would definitely be unhappy.

“I fell into his trap,” Long Shuai said fiercely.

“He must have predicted that I wouldn’t be able to send a red packet of 200,000 yuan, so he sent a million yuan first. This person is too sneaky.”

Bai Bingyu thought so too.

With Long Shuai’s capital and boldness, he could also casually send out a red packet of one million yuan.

Therefore, in this competition, the place where the money was distributed first would definitely have an advantage.

“No, no, no, no, no.”

After this series of moves, Brother Mask could be said to have gained both fame and fortune.

He was indeed very smart. Even Long Shuai had been tricked.

“Now is not the time to complain. We have to quickly think of a way to resolve this matter. Otherwise, you will be suppressed by him in the future.”

After a few seconds of silence, Long Shuai looked at Bai Bingyu and said,

“Lend me 600,000 yuan. I have to give out the 2 million yuan red packet today.”

“Are you crazy?” Bai Bingyu’s eyes widened. “You actually want to give out a two million yuan red packet?”

Long Shuai’s eyes narrowed, revealing a ferocious glint.

“If he dares to do this, it means that he’s certain that I can’t give 2 million yuan. However, I insist on giving him 2 million yuan today because I want to slap his face.”

Bai Bingyu frowned, weighing the pros and cons.

Although two million yuan was not a small sum, it was not a lot either.

If he gave out two million yuan, the other party would definitely not be able to send four million yuan. This way, the trend of the live stream would change.

Long Shuai could sit firmly on the throne as the number one outdoor streamer and retain all his fans. In the future, it would create endless economic benefits for him.

Even if this action was a little risky, it was worth a try.

“Wait a moment. I’ll transfer the money to you now, but don’t forget to return it to me.”

“Don’t worry, I don’t care about this small amount of money at all. I’ll give it to you when we get back.”

Soon, Bai Bingyu transferred the money to Long Shuai’s account.

With 2 million yuan in his hand, Long Shuai felt confident. He returned to the camera and straightened his back.

“Brothers, I originally wanted to slowly warm up and distribute the two million yuan, but you kept saying that I didn’t have money and couldn’t give out red packets. I didn’t like to hear that.

“Now, I’ve already prepared the money. In five minutes, I’ll send out the two million yuan red packet. If you’re late, you won’t be able to snatch it.”
