

Real Boss 38

Chapter 038 Obedient third young master

Tan Rou found the Blue Whale Hotel with the address that Zhuang Liu had sent her.

The moment Tan Rou entered the concierge, the bellboy went up to her politely and said, "You must be Miss Tan, right? Third Young Master has instructed me to lead the way for you."

Tan Rou smiled lightly. Zhuang Liu was very thoughtful. He was indeed a very gentle person.

The bellboy led Tan Rou to the VIP elevator.

Coincidentally, the moment Tan Rou entered, a pair of man and woman walked out of the common elevator beside her.

Tan Rou was thinking about treating Zhuang Liu. She lowered her head and did not have any ideas.

And that man was Zhou Wu, who had been released from detention. He held a young girl in his arms and turned around to take a few more glances at the elevator.

The girl hugged Zhou Wu sweetly. "Brother Zhou, what are you looking at?"

Zhou Wu licked his lips. He could still vaguely see the scars on his face. He narrowed his eyes. "The road between enemies is narrow. Fancy meeting her even here."

The girl still did not understand. "Do you know her?"

Zhou Wu snorted. Their history was way beyond just knowing each other! Just thinking about what had happened made him feel cowardly. Previously, he had already been released from detention. He wanted to come out and have a good time.

Zhou Wu did not expect that as soon as he came out of the bar, he would be blocked in the alley by the casino's people, and he would be beaten up again.

Before Zhou Wu could react and question how were they not arrested by the police, he was beaten until he was lying on the ground, struggling for his life.

The attack seemed to be premeditated. Every punch was deliberate, and it made Zhou Wu feel so painful that he wanted to curse. Not long after, the police cars surrounded the alley entrance, and only then did they arrest those people.

Zhou Wu went to the police station again. But because of the previous grudges, the case was just dropped in the end.

Zhou Wu did not believe that it was a coincidence. Maybe it was because of Tan Rou, that b*tch, who used some dirty tricks behind the scenes, causing him to be so unlucky. After leaving the police station, he went to the hospital again.

Zhou Wu patted the girl's face. "Be good. You leave first. I still have something to do."

The girl left reluctantly.

Zhou Wu took out his phone and dialed the number. He smiled evilly and said, "Sister jing, want to take guess who did I just meet at the Blue Whale Hotel?"

Tan Jing was a little impatient. "If you have something to say, say it quickly. Don't waste my time."

Zhou Wu ignored her attitude and said slowly, "I saw that b*tch Tan Rou enter the elevator of the Blue Whale Hotel with my own eyes. She even boarded the VIP exclusive elevator. Where did she get the money? She might have hooked up with some old man..."

Upon hearing this, Tan Jing hurriedly asked, "Are you sure you saw it clearly?"

The Blue Whale Hotel was a famous five-star hotel in the country. How could the current Tan Rou have so much money? She was even a VIP. This time, was she really meeting a rich man?

Tan Jing almost could not hold back the joy in her heart. She quickly said, "You stay there and watch. I'll be there right away."

Zhou Wu put away his phone and saw the bellboy who was just accompanying Tan Rou walk past. He walked up and asked, "That woman just now seems to be a friend of mine. I want to go and say hi. Which floor did she go to?"

The bellboy frowned. The man in front of him was a hooligan and didn't seem to be Miss Tan's friend. "I'm sorry, sir. That's our VIP. We can't divulge the VIP's privacy."

Zhou Wu smiled disdainfully. He didn't want to tell him, right? The only ones who could take the VIP elevator were those staying in the presidential suites. He could always camp outside there.

Tan Rou was sent to Zhuang Liu's exclusive presidential suite. The moment she pushed open the door, she saw Zhuang Liu and Xiao Mo beside him.

Zhuang Liu smiled gently. "Xiao Rou, you're here."

Tan Rou felt that it was a little strange. This was only the third time they had met. Zhuang Liu might have called her too intimately, but in his mouth, it sounded very natural and pleasant.

Tan Rou didn't say anything and nodded. "You guys came really early."

Zhuang Liu smiled. "How could I let you wait for us? Don't take it to heart. For the sake of convenience, I chose to hold it at my hotel. I didn't make things awkward for you, right?"

After all, there were differences between men and women, and choosing a hotel was a little weird. Zhuang Liu was afraid that Tan Rou would think too much.

Although he had some selfish motives and wanted Tan Rou to come to his home ground, he also understood how important a girl's reputation was, so he kept Xiao Mo in the room.

Tan Rou shook her head. "I won't." They had a clear conscience, so there was nothing to be afraid of.

Tan Rou walked forward and explained her plan to Zhuang Liu in detail, asking for Zhuang Liu's opinion. After all, this plan was a little unconventional and required Zhuang Liu's cooperation.

Zhuang Liu nodded without any objections. "I believe you. Don't worry, I will definitely cooperate." After saying that, he deliberately narrowed his eyes and revealed an obedient smile.

Xiao Mo, who was beside him, was speechless. He cursed in his heart, 'Hey, Third Young Master, can you restrain yourself a little?' If he had a tail, he would probably have already started wagging it!
