

WHO IS THE REAL DAUGHTER: MISS LIN TAKES NO NONSENSE AFTER HER REBIRTH

Chapter 10: Setting the Trap

Having Lin Yin win twice in a row, Su Fei's spirit to fight was ignited.

She wanted Lin Yin to become a clown that complemented her. She wanted Lin Yin to get lost from this house on her own accord. No one could snatch away the position that belonged to her!

So what if she temporarily had the upper hand?

Lin Yin, who came from a quagmire, was not worthy of integrating into the upper-class society!

Su Fei sat on the bed in the small bedroom, her hands gripping the bedsheets tightly. Thinking about how Lin Yin had crawled out of the poor, she must not have had much experience. A plan surfaced in Su Fei's mind.

The next morning, Su Fei knocked on Lin Yin's door.

Looking at the familiar furnishings in the room, those were all things that once belonged to her.

Just that gorgeous princess bed alone was custom-made by New York designers.

There was also a big window in the room where one could take in all the beautiful scenery. Her new room was much inferior.

Su Fei was secretly annoyed, but she had to smile. "Are you used to staying here last night?"

"I'm fine. It's just that there's a bad smell in the room that keeps me awake all night."

"How can my room smell bad?" Su Fei was shocked.

"It's probably because I'm allergic to this smell." Lin Yin waved a freshly opened bottle of perfume in her hand.

That was Su Fei's favorite perfume. A spritz of it was equivalent to a few dozen U.S dollars. It was normal for a country bumpkin to not appreciate such a good thing.

Su Fei's eyes flashed with pride and smugness, but she still pretended to be a gentle sister. "If you don't like it just throw it away. I didn't know that Sister was allergic. Maybe Sister's not used to the smell of expensive perfume."

How could the emotions in Su Fei's eyes escape Lin Yin's eyes? She said in disgust, "It stinks. I just want to sneeze smelling it."

"You..." Su Fei was so angry she couldn't speak.

Seeing the flash of anger on Su Fei's face, Lin Yin sneered in her heart.

She couldn't take it anymore? She hadn't even returned 0.001% compared to what she had done to her in her previous life. She had to persevere more!

There was still a long way to go. They had to settle their scores slowly!

"Why are you looking for me?" Lin Yin asked as she threw the perfume into the trash can.

Su Fei had just calmed down, but after seeing Lin Yin's actions, her anger started to rise again.

She quickly took a deep breath and suppressed the anger in her heart. She pretended that nothing had happened and said, "I'm here to tell Sister to have breakfast with me. Let's go down together."

Su Fei took Lin Yin's hand and used her other hand to tuck a ruby bracelet under Lin Yin's pillow.

Lin Yin didn't believe that Su Fei was so kind. Thinking about her actions just now, she already had some guesses.

Shaking off Su Fei's hand, Lin Yin said expressionlessly, "I'll go down after I change. You can go first."

After being humiliated time and time again, the anger in Su Fei's heart was on the verge of exploding. She could only barely suppress it when she thought of what would happen to Lin Yin later.

"Then don't keep Mom and Dad waiting too long." Su Fei forced a smile on her face and left in a hurry, as if there was a fire burning behind her.

Lin Yin sneered and closed the door. After a while, she found the ruby bracelet. It was bright red and looked very pleasing.

Without hesitation, Lin Yin changed her clothes and threw the bracelet at Su Fei's door on the way to the dining room.

She wanted to deal with her with such a clumsy trick? Ridiculous!

After stepping down a few steps, Lin Yin heard Su Fei's aggrieved voice.

"Brother gave it to me... If Sister wants it, she can ask me. Why did she take it away when I wasn't paying attention..."

When Chu Yun saw Lin Yin, she could no longer control her anger. She could not stand her precious daughter being so aggrieved. "Get over here!" Chu Yun roared at Lin Yin.

Lin Yin walked slowly. She raised her eyebrows and asked in confusion, "You asked me to get lost yesterday, but you asked me to get here today. Is this my activity in this house?"

She was still so self-righteous after doing something wrong. Chu Yun was so angry that her face turned red and white. "Why did you steal your sister's things?"

Su Fei pretended to persuade her and sniffled. "Mom, don't scare Sister. She didn't mean it. Maybe she just likes it too much."
