

## Real Daughter 101

### Chapter 101 Improved Results

Before leaving Shenglin Bay, Lin Yin found Auntie Song and asked her about Lu Yan when she was in the Su Family's old residence.

Aunt Song couldn't remember what had happened in the past, but from her conversation with Lin Yin, she confirmed that Lu Xiao and Lu Yue's relationship with Lu Yan was very bad. Lu Yan's change in personality was probably related to the two of them.

West Axis Academy welcomed the final exam in a tense atmosphere. Although most of the rich children did not pay attention to their academic results, the final exam could affect their chances of being guaranteed admission to Nuo Pu University after graduation. Many people still paid attention to this.

On the day the results came out, Lu Yan hesitated and did not dare to go forward.

"Lin Yin, do you think I can leave the last place?" Lu Yan had always been very confident, but she was a little worried on the day of the results.

"Don't worry, there's no problem." Lin Yin comforted Lu Yan as she looked at the rankings.

Lin Yin's results were still firmly in the first place, and she had pulled ahead of second place by more than ten points. Lin Yin continued to read. Yang Xue's results had always been very stable, around 30th place. Such a score was enough for her to attend a good university.

After reading a few more lines, Lin Yin finally saw Lu Yan's name.

"Lin Yin, did you see that?" Lu Yan was still a little nervous.

"Yes, congratulations. Not only did you get rid of the last place, but you also entered the top 200." Lin Yin smiled at Lu Yan.

There were about 300 students in the third year of West Axis Academy. Not only did Lu Yan get rid of the last place, but her results were already ranked in the middle.

“Really?” Lu Yan looked at the rankings in surprise and realized that she was ranked 160th.

“That’s great. Thank you, Lin Yin!” Lu Yan hugged Lin Yin’s arm excitedly. She understood that without Lin Yin, she wouldn’t have been able to get such results.

“Why are you thanking me? This is all the result of your own efforts.” Lin Yin’s gaze was very gentle. The thought of helping Lu Yan in her heart intensified. A simple and kind girl like Lu Yan shouldn’t suffer those bad things.

Yang Xue watched as Lu Yan’s results improved and was happy for her. When she saw Su Fei under Lu Yan’s name, her eyes revealed a hint of surprise.

“Su Fei actually regressed so much this time!” Because Su Fei always targeted Lin Yin, Yang Xue’s impression of her was not much better. She looked at Lin Yin and continued, “Her previous results were about the same as mine. This time, she scored so badly that she shouldn’t be in the mood to target you anymore, right?”

When Lin Yin heard Yang Xue’s words, she also discovered Su Fei’s name on the rankings. However, she felt that the reason why Su Fei’s results had fallen so much was because she had placed all her attention on scheming against her.

“So what if she’s targeting me? She’s reaping what she sowed.” Lin Yin didn’t care at all. She had seen through Su Fei’s methods, but Su Fei wasn’t the only person who had hurt her in her previous life. Lin Yin would find them one by one to settle the score.

When Lu Yan found out about the results, she hurriedly told her parents the good news. After school, she pulled Lin Yin along and said happily to her, “My mother is very happy to know that I’ve improved so much. She invited you to my house as a guest to thank you.”

Lin Yin didn’t know much about Lu Yan’s parents, but seeing that Lu Yan was very excited, she didn’t reject her.

Lin Yin followed Lu Yan to the Lu Family's villa. The Lu Family's villa had a European architectural style. The exterior and interior were very exquisite and looked very luxurious and magnificent.

As soon as she entered the courtyard, Lin Yin smelled something burning.

"Yan Yan is back." A bespectacled man with a refined voice stood up from the sofa and walked towards Lin Yin and Lu Yan.

"Dad! Did Mom go into the kitchen again?"

Lu Yan covered her nose and pulled Lin Yin beside her. "This is Lin Yin, my best friend. She's also the one who's been tutoring me."

Lu Yan's father, Lu Jin, smiled gently and said to Lin Yin, "You're Little Yin? I always hear Yan Yan mention you."

Lin Yin could tell from the man's facial features that he was 50 to 60% similar to Lu Ming, but compared to Lu Ming's cold aura, Lu Jin was gentler and his facial features were much gentler.

"Hello, Uncle." Lin Yin nodded obediently.

Lu Jin felt that although the girl in front of him was young, she gave off a steady and capable feeling.

"It's all thanks to you that Yan Yan's results improved so quickly this time." Lu Jin smiled. When he heard the sound of porcelain breaking from the kitchen, he looked over nervously and explained to Lin Yin, "Yan Yan's mother is in the kitchen. I'll go take a look."

Chapter 102 Lu Yan's Mother

Seeing Lu Jin leave quickly, Lin Yin asked Lu Yan, "Does Auntie usually like to cook?"

Lu Yan shook her head and explained, "How is that possible? My mother is very busy with work all day. She only cooks in the kitchen when she's happy." Lu Yan's expression was a little awkward. She thought for a moment and whispered to Lin Yin, "She's happy but the servants at home are miserable. They're on tenterhooks and have to clean up the kitchen."

Lin Yin followed Lu Yan to the kitchen near the garden.

"I don't believe that cooking is so difficult!"

An impatient female voice came from the kitchen.

"Let's not do it for now. Yan Yan's friend is already here. Come with me to meet her first." Lu Jin's voice was very gentle and his attitude was very patient.

"Mom, Lin Yin is here." Lu Yan shouted into the kitchen.

Lin Yin saw a young woman with shoulder-length hair walk out of the kitchen.

"Hello, Auntie." Lin Yin nodded slightly at the woman. She could tell that the woman in front of her had taken good care of herself. She looked like she was in her late twenties, but her aura was a little strong.

She was wearing a fashionable and elegant black tight dress. Her lips were red, and her eyes were a little stern.

"You're Lin Yin. You're so beautiful." This was the first time Ren Xue had seen Lin Yin. She felt that there was a magical power about her that made one want to understand her.

"Thank you, Auntie. You're also very beautiful. You look like Lu Yan's sister." Lin Yin praised Ren Xue politely.

However, she heard Ren Xue say mysteriously, "I'm her stepmother to begin with. It's normal for me to be young."

Lin Yin was a little stunned by the woman's words. She heard Lu Yan say helplessly, "Mom, stop fooling around."

Lu Jin also explained to Lin Yin, "Little Yin, don't mind her. Lu Yan's mother usually likes to joke."

"It's fine. I like Auntie's personality very much." Lin Yin looked at the completely different couple in front of her and was a little curious about the story between them.

"That's right. Come, Little Yin. Let's talk. Don't worry about them." Ren Xue warmly held Lin Yin's arm and pulled her towards the hall.

Looking at Ren Xue leave, Lu Jin said helplessly to Lu Yan, "I'll go see how the food is prepared. Go and see your mother. Don't scare Lin Yin."

"Don't worry, Dad. I can't even scare Lin Yin. She's very accepting." Lu Yan saw her father's troubled expression and pulled him back. "Let's go. I'll go with you to take a look. We'll call them for dinner later."

On the other side, Ren Xue led Lin Yin to the sofa. "Little Yin, are you interested in being a model?" Ren Xue looked at Lin Yin's exquisite facial features with admiration.

"Auntie, I'm still in school." Lin Yin was a little curious about Ren Xue's job. She didn't look like a full-time housewife or an elite in the workplace. "Are you a model?"

"No, I'm a fashion designer." Ren Xue picked up a golden business card from the table and handed it to Lin Yin with a smile.

Lin Yin glanced at the business card and read the name on it in surprise. "You're the French designer, AVY!"

Ren Xue was also a little surprised that Lin Yin had heard of her. "How did you know? I haven't been in the limelight since I returned to the country."

Lin Yin knew about AVY because in her previous life, this designer who had returned from France had held a fashion exhibition that shocked both their country and the world. Her designs were exaggerated and bold, and her style was unique, attracting a lot of attention.

“I like your design style very much.” Lin Yin knew that Ren Xue had yet to hold the fashion show that made her famous, so she could only explain it like this.

“Really?” Ren Xue was very happy and sat closer to Lin Yin. “I liked you the moment I saw you. It seems like we’re quite fated.”

Lin Yin realized that she was very casual with Ren Xue and she was more like a friend than an elder. She recalled Lu Yan’s previous words and asked in confusion, “I heard Lu Yan mention that you don’t seem to accept her dressing style?”

Lin Yin paused and noticed Ren Xue’s slight frown. She continued to ask, “You don’t look like an old-fashioned parent. Why are you so resistant to her dressing?”

Ren Xue straightened up slightly and placed her hands with black nails on the coffee table. Her bright red lips parted slightly. “She doesn’t like to dress like that at all. I don’t know what triggered her, but she burned all those beautiful princess dresses overnight. Looking at her current appearance, it doesn’t suit her at all.”

### Chapter 103 Eating Together

Although Ren Xue’s thoughts were open-minded, she could tell that Lu Yan didn’t really like her current dark style. She was originally a lively and cute child. She didn’t know if she had changed so much because she reached the rebellious stage.

Hearing Ren Xue’s words, Lin Yin fell into deep thought. It seemed that Lu Yan’s change was indeed very strange.

“Everything’s ready. Come out and eat,” Lu Yan shouted from outside the door.

She followed Ren Xue out of the hall and saw the long table that had been set up in the dining room.

There were many exquisite cutlery and food on the dining table, and there were many servants and chefs in uniforms standing around.

“Lu Ming should be here soon, right?” Ren Xue asked Lu Jin and pulled Lin Yin to sit at the side.

“Yes, he said on the phone that he would be there soon.” Lu Jin nodded and walked out of the door. “I’ll go out and take a look.”

“Huh? My little uncle is coming again?” Lu Yan pouted. She felt that Lu Ming had appeared too many times recently that it was a little suspicious.

“Don’t you have the best relationship with your uncle? In the past, he was busy with work and never came. Didn’t you still clamor to see him?” Ren Xue was a little surprised by Lu Yan’s attitude.

“I suspect that his motives are impure and very suspicious!” Lu Yan glanced at Lin Yin and explained to Ren Xue.

Ren Xue noticed Lin Yin’s awkward expression and her eyes turned. “Little Yin, you’ve seen Yan Yan’s uncle too?”

“I’ve seen him a few times, but I’m not familiar with him.” Before Lin Yin could finish speaking, she heard a familiar low male voice behind her.

“Didn’t you say that you would treat me as your brother? Why did it become that we’re not too familiar with each other?”

As soon as Lu Ming entered, he heard Lin Yin hurriedly cut ties with him and felt a little upset.

“Little Uncle, if Lin Yin calls you brother, won’t she become my aunt?” Lu Yan pouted unhappily. “Then I’ll be the youngest. I don’t agree!”

"I heard you did well." Lu Ming's eyes darkened. "Do you still want the car?"

"Yes!" Lu Yan nodded obediently and did not say anything else.

Ren Xue noticed the subtle atmosphere between Lu Ming and Lin Yin and couldn't help but smile to ease the atmosphere. "Come and sit. The dishes will be cold soon."

Ren Xue stood up and gave her seat to Lu Ming before sitting on the other side.

Lu Ming sat beside Lin Yin naturally and ignored her embarrassment. He continued to talk to her. "I heard that your birthday is coming. What gift do you want? Take it as a thank-you for taking care of Little Yan."

"How did you know that my birthday is coming?" Lin Yin was a little surprised. She didn't think Lu Ming had time to ask about her birthday.

"Oh, I heard it from Little Yan." Lu Ming's slender fingers controlled the exquisite cutlery. Seeing that Lu Yan was about to speak, he glanced at her coldly.

"I told him. I'm really too free." Lu Yan angrily stuffed a large piece of meat into her mouth and chewed hard.

Ren Xue couldn't help but laugh. "Little Yin, the Su Family will hold a banquet for your birthday, right? I'll send you a gift too."

Lin Yin shook her head and said to Ren Xue, "There's no need. I actually didn't do anything. You don't have to trouble yourself to prepare a gift for me."

"It has nothing to do with this. I just like you. Can't I give you a gift?" Ren Xue noticed Lu Ming's expression and deliberately added, "Little Yin, Auntie really likes you. Auntie hopes that you're my daughter and you can accompany Yan Yan."

Lu Ming's expression darkened even more. When Lu Yan heard Ren Xue's words, she said to Lin Yin excitedly, "Lin Yin, can you be our family too? We'll be biological sisters in the future."

Lu Jin noticed that Lin Yin's expression was a little unnatural and said, "Don't mess around. Lin Yin's parents are still alive. Why are you acknowledging them as relatives?! Lin Yin, don't mind them."

"It's okay, Uncle. Auntie and Lu Yan have good intentions." Lin Yin felt that the Lu Family was not as scary as the rumors said. The atmosphere in the family was also very harmonious.

The meal was quite pleasant, but Lin Yin felt Lu Ming's gaze on her from time to time and felt a little uncomfortable.

Ren Xue also noticed Lu Ming's abnormality. After dinner, she called Lin Yin to the workroom on the second floor alone.

"Little Yin, come and help Auntie try on some clothes."

Lin Yin knew about Ren Xue's job and did not refuse.

She saw Ren Xue pull open the curtain with a mysterious expression.

"It's so beautiful." Lin Yin's praise came from the bottom of her heart. The dark purple dress in front of her had a mysterious and gorgeous beauty. The dress was embedded with countless precious gems that shone under the light. The overall texture of the dress was light, but it gave off a shocking beauty.

Chapter 104 Received Gift

"This is the work I'm most satisfied with recently. I put in a lot of effort. Come and help me try it."

The first time Ren Xue saw Lin Yin, she felt that her aura was similar to her design. She was equally noble and elegant, but no one dared to approach her.

Lin Yin carefully changed into a dress and stood in front of Ren Xue. She realized that her eyes were filled with surprise.

“It’s too beautiful. This is the feeling I want!” Ren Xue looked at Lin Yin, who was like a mysterious princess in an ancient castle, and nodded in satisfaction.

“Take it as my birthday gift to you. Little Yin, this dress should have belonged to you.” Ren Xue liked the girl in front of her very much and felt that Lu Yan could be taught a lot just by being with her.

“No, this dress is too expensive. It wasn’t easy for you to design it.” Lin Yin wanted to change out of the dress, but Ren Xue stopped her.

“I hope you can wear it on your birthday.” Ren Xue adjusted the details of the clothes and said to Lin Yin, “Good work should be worn by the right person. Don’t reject me, okay?”

Lin Yin was moved by Ren Xue’s sincerity. She looked at her beautiful and dazzling self in the mirror and felt a little sad. In her previous life, she had been in a sorry state at her birthday banquet. In this life, she should fight for everything that belonged to her.

“Okay, thank you, Auntie.”

Lin Yin changed out of her dress and carefully put it away.

Lu Ming took the initiative to send Lin Yin home and bid farewell to Lu Yan and her parents. Lin Yin got into Lu Ming’s car.

“My second brother and sister-in-law are not bad people. How is it? Do you know Little Yan better?” Lu Ming didn’t use the driver. As he drove, he spoke to Lin Yin, who was in the front passenger seat.

“Yes, Uncle and Auntie are very enthusiastic. I originally thought that the Lu Family was like you, always pulling a long face, but Lu Yan’s father is very gentle and friendly.” Lin Yin held the dress Ren Xue had given her with a smile on her lips.

"I always have a straight face?" When Lu Ming heard Lin Yin's words, he turned to look at her.

"Not really." Lin Yin noticed Lu Ming's slightly tense face and explained with a smile, "Maybe it's because you haven't gotten married yet. You always have an aura that keeps strangers away."

Lu Ming looked at Lin Yin with a deeper gaze. "You're right. My second brother wasn't so easygoing in the past. Perhaps people change."

The car quickly arrived at the Su Family's house. Lu Ming stopped Lin Yin before she got out of the car and took out a beautifully wrapped box from the seat behind her.

"It's a birthday gift. Since you didn't say what you wanted, I had no choice but to give it to you." Lu Ming handed the box to Lin Yin.

Lin Yin was about to refuse when she heard Lu Ming say in a serious tone, "You can accept my Second Sister-in-law's gifts. Why? Miss Lin, are you still going to treat her differently?"

Lin Yin smiled helplessly. She held the gift box from Lu Ming in one hand and the bag containing the dress in the other. "Okay, I'll accept it. Thank you, Little Uncle."

Lu Ming wanted to say something, but Lin Yin had already gotten out of the car and left.

Watching the girl leave, the corners of Lu Ming's lips curled up slightly. He only started the car again when he couldn't see Lin Yin.

Lin Yin was in a good mood. Su Zhen and Chu Yun were not at home. She walked straight up the stairs, but she heard Su Fei's sarcastic voice from behind.

"Dad and Mom have something on today. Sister, where did you go? Why are you back so late?"

Lin Yin looked behind her and saw Su Fei and Su Lin standing behind her.

“Do I need to report to you where I go?” Lin Yin’s tone was cold, and the ruthlessness in her eyes made Su Fei take a few steps back.

“Little Yin, Feifei is just concerned about you.” Su Lin stood beside Su Fei and deliberately asked Lin Yin with concern, “Who sent you back just now?”

Su Lin saw the car that sent Lin Yin back. The identity of someone who could drive such a limited-edition car was probably not that simple.

“How much better do you think you are than Su Fei? Stop asking about me!” Lin Yin looked at the two people who were close and felt a little disgusted. “Aren’t Dad and Mom not at home? Why are you back?”

Su Lin was a little nervous and stood a little away from Su Fei. He said to Lin Yin, “Isn’t it your birthday soon? I came to see what you need.”

Lin Yin could tell that Su Lin was lying and did not expose him. “Just control your sister. I don’t need it.”

Su Lin’s expression was ugly, but he still pretended to be normal and said, “Little Yin, you’re my sister too!”

Su Lin walked closer to Lin Yin and asked softly, “Little Yin, do you still have any friends from the past? You can tell me. I’ll help you invite them.”

Chapter 105 Participating

When Lin Yin heard Su Lin’s words, she was slightly stunned. She recalled her experience in her previous life and looked at Su Lin with a probing gaze.

Could it be that the person who schemed against her in her previous life was Su Lin? Lin Yin trusted Su Lin completely in her previous life and she was not guarded against him at all.

“No need. I’ll personally invite my friends.”

Lin Yin turned around and walked back to the bedroom, closing the door heavily.

!!

“Brother, what should we do?” Su Fei asked worriedly.

Su Lin was very dissatisfied with Lin Yin’s attitude towards him. He snorted and whispered to Su Fei, “Don’t worry, there’s a friend Lin Yin knows before she returned to the Su Family in West Axis. I’ve already arranged for someone to do it. Just wait for the news.”

Su Lin and Su Fei walked down the stairs together and looked at Lin Yin’s room, their eyes filled with ruthless schemes.

“When that day comes, let’s see if she can still be as arrogant as she is now. I want her to be the shame of the Su Family. Let’s see who can tolerate her then!”

Su Fei looked at the serious Su Lin and was looking forward to it. She had also done something to the gown she had retrieved. As long as Lin Yin wore that gown, she would be embarrassed in front of everyone.

She couldn’t help but look forward to the birthday banquet. In Su Fei’s heart, Lin Yin’s sorry state had already been played out a thousand times in advance.

When she returned to the bedroom, Lin Yin carefully put away the dress that Ren Xue had given her. She had originally planned to buy a gown. She would never wear the clothes that Su Fei and Chu Yun had prepared for her.

“This is prettier than all my clothes.” Lin Yin looked at the purple dress in the cabinet in satisfaction and felt that Ren Xue’s design ability was indeed world-class.

She suddenly remembered Lu Ming’s gift, so she walked to the bed and opened the beautifully wrapped gift box.

She tore off the outer packaging and saw a velvet black box inside. She gently opened it and Lin Yin was stunned by the diamond necklace in the box.

“This is too expensive.” Although Lin Yin didn’t know much about jewelry, she could tell at a glance that the necklace in front of her was expensive.

It was filled with diamonds and gems. The necklace was exquisitely made and looked luxurious and low-key. It suited her taste.

Lin Yin couldn’t help but take the necklace out of the box and put it on carefully. Looking at herself in the mirror, Lin Yin was also in a daze. The sparkling necklace made Lin Yin’s facial features look even more exquisite.

She took off the necklace hesitantly, still feeling that Lu Ming’s gift was too expensive.

Lin Yin found the private number Lu Ming had left for her in the drawer and dialed it. It had only rung twice when Lu Ming picked up.

“The gift just now...”

Before Lin Yin could finish, Lu Ming interrupted her. “Do you like it?”

“I do, but...”

“That’s good. If you don’t like it, I’ll give you something else.” Lu Ming’s tone was firm.

“Isn’t it too expensive?” Lin Yin still said it. She didn’t think her relationship with Lu Ming was worth such an expensive gift.

“Little Yan only improved a little, but she got a car worth almost 10 million yuan from me. This is just a necklace. Just accept it.” Lu Ming’s voice was very magnetic and deepened on the phone.

“Thank you.” Lin Yin didn’t know how to refuse. Perhaps Lu Ming didn’t care about this at all.

After hanging up, Lu Ming heaved a sigh of relief by the French window. For some reason, he was afraid that the young lady would reject him again.

He didn’t tell the truth. The necklace he gave Lin Yin was from the jewelry auction. It was several times more expensive than the car he gave Lu Yan, but Lu Ming felt that Lin Yin would definitely look good wearing that necklace.

Lin Yin and Lu Ming ended the call and carefully placed the necklace back in the box with the dress.

Lin Yin was about to wash up when she heard her phone ring.

Seeing that the caller ID was Mu Ran, Lin Yin smiled and answered the call.

“Little Yin, I don’t think you’ll call me if I don’t take the initiative to contact you.” Mu Ran’s voice was a little tired, but it was still very pleasant.

“I was afraid that you’d be too busy with work. I saw on the news that you entered another production?” Lin Yin lay on the bed and felt very relaxed chatting with Mu Ran.

“It seems like you still care about me.” Mu Ran smiled. “I heard that it’s your birthday?”

“How did you know?” Lin Yin sat up in bed, curious about how everyone knew that she was celebrating her birthday.

“There’s identity information on your social media account. You filled it in yourself. Don’t you remember?” Mu Ran’s tone was still smiling.

Chapter 106 The Suitable Candidate

“I just didn’t expect a big star like you to pay attention to my account.” Lin Yin deliberately teased Mu Ran.

“Little Yin, actually, Brother Wei and I both think you have the potential to be a celebrity.” Through the few days of filming with Lin Yin, Mu Ran felt that Lin Yin was completely capable of being an actress.

“Forget it, Brother Mu Ran. Not everyone can withstand the feeling of being the center of attention, and not everyone can be as good as you,” Lin Yin said truthfully.

Mu Ran had been in the industry for many years. Not only was he very capable, but he also had no scandals at all.

!!

“Okay, I’ll take it as a compliment.” The smile in Mu Ran’s eyes deepened, and his voice was gentle. “Little Yin, I’m not sure of my schedule yet, but I’ll try my best to be there on your birthday.”

“I’m already very happy that you remember. It doesn’t matter if you can come or not. This birthday banquet is actually not that important to me.” Lin Yin’s tone was relaxed, but Mu Ran suddenly fell silent.

He had heard that the Su Family was publicizing their two daughters’ birthdays. Lin Yin had been claimed back to the Su Family after she became an adult. She probably did not have many friends in the circle. He wondered what the Su Family would think of her.

“Okay, Little Yin. I wish you a happy birthday in advance.” Mu Ran hung up the call with Lin Yin and looked at Wei Yuan, who was deliberately sticking close to him. He chuckled and asked, “Brother Wei, what’s my schedule like next Friday?”

Wei Yuan had just eavesdropped on Mu Ran and Lin Yin’s calls and roughly understood his plan. He asked nervously, “You’re not going to Lin Yin’s birthday banquet, are you?”

“Can’t I?” Mu Ran’s expression was calm.

“Of course not! Little ancestor, do you think no one can recognize your face? The Su Family’s influence is not small. There will definitely be many reporters that day. Are you planning to make the headlines?” Wei Yuan persuaded with a bitter expression. “Send a gift. It has the same meaning.”

“How can it be the same? If so many people came that day and none of them sincerely wished Little Yin well, she would definitely be unhappy.” Mu Ran knew what these so-called wealthy families were like. If Lin Yin’s friends couldn’t hold on, she would definitely be teased.

“I really can’t. Your and Lin Yin’s micro movie is about to be released. If you appear at Lin Yin’s birthday banquet now, Lin Yin will definitely be recognized when the movie is released. Aren’t you causing her trouble?”

Wei Yuan noticed Mu Ran’s slight frown and knew that his words had shaken him. He hurriedly added, “If you really have no choice, find someone to go for you. When the time comes, properly explain it. Miss Lin will definitely understand.”

Hearing Wei Yuan’s words, an idea suddenly appeared in Mu Ran’s mind. Actually, in order to support Lin Yin, he might not have to personally appear. There was someone who was much more important than him in the business world.

Mu Ran thought for a moment before making a call.

“What is it?”

A deep male voice sounded impatiently from the phone.

“Brother, are you free on Friday?” Mu Ran’s voice had a tinge of fawning, which was rare.

“What did you do?”

Mu Heng put down his work. After all, Mu Ran did not have such an attitude often.

“I’m not causing trouble. I have a very important friend’s birthday on Friday. Can you send a gift for me?” Mu Ran’s voice became softer and softer. This was indeed an inappropriate request to ask of Mu Heng.

“If you have a girlfriend, bring her home. Do you think I’m that free?” Mu Heng sighed. He usually indulged Mu Ran, but he had never made such a strange request.

“No, that friend of mine is the youngest daughter of the Su Family. I want you to help her.” Mu Ran did not want to beg Mu Heng, but his second brother was still overseas and he did not have any more suitable candidates.

“The Su Family?” Mu Heng’s eyes darkened. The secretary had received an invitation from the Su Family, but even if it was Su Zhen’s birthday, he was still not qualified to make him appear.

Seeing that Mu Heng did not agree, Mu Ran took a deep breath and made up his mind. “Brother, I can film the product endorsement you mentioned before. The lowest price in the market. Just to help me send a gift. It’s worth it isn’t it?”

Mu Heng’s eyes lit up. Previously, Mu Ran was extremely unwilling to endorse his company’s products. He did not expect him to be so easy to talk to this time.

“Okay, you can prepare the gift yourself. I can go on Friday.” Mu Heng was not only doing this for Mu Ran’s endorsement, but he was also a little curious about what kind of girl would make Mu Ran so concerned.

Chapter 107 Top-notch Makeup

“Sigh, he’s just a profiteer.” Mu Ran hung up. Although he was a little unwilling, he had resolved Lin Yin’s birthday banquet after all.

“Are you going to let your brother go?” Wei Yuan was a little surprised to hear Mu Ran’s call. “How much face can the Su Family have? I’m afraid President Mu will make the headlines if he goes.”

“Then should I go?” Mu Ran looked at Wei Yuan.

Wei Yuan immediately waved his hand. “Alright, I’ll just keep you.”

!!

Wei Yuan was nervous. It seemed that Lin Yin was indeed different in Mu Ran’s heart. He had to be careful. If Mu Ran had a scandal with a high school student, it would be troublesome.

...

The entire Su Family had been preparing for the birthday banquet. Su Zhen was even more concerned and had long invited chefs and horticulturalists from all over the world. It was obvious that he took Friday’s banquet very seriously.

On the day of the banquet, Chu Yun brought Su Fei and Lin Yin to the city’s most famous styling studio for makeup early in the morning.

Su Fei had previously begged Chu Yun to book a relatively famous stylist for her. In order to overshadow Lin Yin, Su Fei had put in a lot of effort.

Lin Yin did not care about this. She had been secretly observing Su Fei and Su Lin’s actions. Today, she wanted to give them a big gift.

Chu Yun and Su Fei used the same makeup artist, while Lin Yin was received by a young girl who looked like an apprentice.

“You don’t have to be nervous. Just make it simple.” Lin Yin comforted the little girl in front of her when she saw that her hands were trembling.

“Okay.” This was the first time the young lady had seen such a beautiful person. She was just like a celebrity on television. Her skills were not as good as the person who put makeup on Su Fei and Chu Yun. She was a little worried that it would be a pity for Lin Yin’s beauty.

Chu Yun put on her makeup first and was very satisfied when she saw Su Fei and Lin Yin. In her heart, only Su Fei was worthy of using a gold-medal makeup artist that costs much more.

“Oh my God, what are you doing to my goddess’s face?”

An exaggerated exclamation sounded from the door.

Everyone in the room turned around at the same time and saw a man dressed in exquisite brands with an artistic aura.

“Teacher Ou!”

The employees in the shop nodded and greeted her. Chu Yun knew the man in front of her. She had heard the noblewomen in the industry mention him before. Ou Jie was recognized as a teacher in the entire makeup industry and was also the personal stylist of many celebrities.

Ou Jie didn’t care about the gazes of others. He walked straight behind Lin Yin and said to the young lady who was stunned on the spot with a makeup brush, “You should go style some other people with your skills. You’re not qualified to style someone like this goddess.”

The little girl was already in awe of Ou Jie. Hearing him say this, tears welled up in her eyes.

Lin Yin hurriedly explained, “Actually, it’s alright.”

Ou Jie patted Lin Yin’s shoulder gently. He took out a business card from his pocket and handed it to Lin Yin. “Look for me anytime for makeup next time. I don’t want to miss such a good creative opportunity.”

Lin Yin put away her business card. Su Fei, Chu Yun, and the employees present were a little surprised. Even some big-name celebrities had to queue if they wanted to make an appointment with Ou Jie, but the young lady in front of them had been promised by Ou Jie that she could contact him at any time. Everyone was a little confused.

“Brother Jie, aren’t we here to pick up something?” The male assistant who came in with Ou Jie was in a dilemma. They had clearly arranged to put on makeup for a magazine model today. He did not know why Ou Jie was suddenly interested in a little girl at the shop.

“Call her and tell her that I have an important guest in my shop. They’ll have to wait a while.” Ou Jie had already started working on Lin Yin’s face. After the few times they had worked together during the previous shoot, Ou Jie was already very familiar with Lin Yin’s makeup style.

“Miss, please turn your head slightly.”

When Su Fei heard the makeup artist’s words behind her, she reluctantly retracted her gaze from Lin Yin and went crazy with jealousy.

Lin Yin looked at Su Fei, who was gritting her teeth, with a look in her eyes. It was good too. She would tidy up nicely and attract more attention. It would be even more exciting when she was embarrassed later.

Su Fei suppressed the dissatisfaction in her heart. Chu Yun looked at Lin Yin’s increasingly bright makeup and felt a little uncomfortable. She clearly wanted to give her the worst, but Lin Yin always had the ability to turn the situation around.

“My goddess, what do you think?”

Ou Jie styled Lin Yin and admired his work in satisfaction.

Lin Yin looked at the beautiful girl in the mirror and the corners of her lips curled up slightly. “Brother Jie, your standard is getting better and better.”

Lin Yin's voice was not loud, and only Ou Jie beside her could hear her clearly.

## Chapter 108 Tampered

After he finished styling Lin Yin, Ou Jie was about to leave when Chu Yun stopped him.

"Teacher Ou Jie, look at Lin Yin's sister's makeup and see if there's anything that needs to be adjusted." Chu Yun looked at Lin Yin's overly eye-catching face and was a little anxious. If the two girls appeared like this, wouldn't Lin Yin steal all the limelight from Su Fei?

"Oh?" Ou Jie had planned to ignore her, but when he heard Lin Yin's sister, he looked at Su Fei curiously.

Su Fei noticed Ou Jie's gaze and hurriedly put on a sweet smile.

!!

When Ou Jie saw Su Fei, he was obviously disappointed. Weren't they sisters? Why was the difference so big?

"Madam, it also depends on luck when you have a child. With a rare person like Lin Yin, you should be content. I really don't have time. I'm sorry." With that, Ou Jie walked out of the door with his assistant.

Chu Yun stood there awkwardly. Su Fei's expression was even uglier.

"Mom, let's go get the clothes." Su Fei's voice was trembling. She didn't look at Lin Yin and pulled Chu Yun out of the door.

Lin Yin didn't care. She just felt that Su Fei was a little ridiculous. She couldn't even withstand such a small blow. What right did she have to fight with her?

When they reached the custom-made clothes shop, Chu Yun brought over the gowns that Su Fei and Lin Yin had customized.

The two of them tried on their clothes. Su Fei looked at the exquisite pink ball gown and finally smiled.

She glanced at the simple white short dress on Lin Yin and felt a little better. Compared to the exquisite dress on her, everyone could tell who the daughter of the Su Family was.

Moreover, she had already bribed the sales assistant at the clothing store to tamper with the dress. If she moved a tad bit more vigorously, the dress would slip. As long as she accidentally bumped into Lin Yin at the banquet, she would embarrass herself in front of everyone.

Lin Yin had no intention of wearing this dress. She tried it on briefly and changed out.

Chu Yun said unhappily, "You ignorant thing. Wear it well. Don't embarrass the Su Family."

Lin Yin ignored her. When she was trying on the clothes, she had checked this white dress and realized that the position of the sewing was a bit too perfunctory. Logically speaking, such a problem would not happen in such a luxurious clothing shop, so it could only be because someone had tampered with it. Lin Yin did not want to waste their schemes and planned to let them have a taste of their own medicine.

Lin Yin walked out of the clothes shop and sat in the car first.

Su Fei, who was still in the shop, said to Chu Yun aggrievedly, "Does Sister not like that dress? If there's really no choice, I'll exchange with her."

Chu Yun frowned. She couldn't stand Lin Yin's attitude of ignoring her the most. She said angrily, "Exchange what? I want everyone to see who's worthy of being the daughter of the Su Family!"

When they returned to the Su Family, the venue had already been decorated. Everyone was preparing for the arrival of the guests.

Su Zhen was pleasantly surprised to see Su Fei and Lin Yin, who had packed up. Lin Yin's exquisite makeup made her look even more outstanding.

“You and Feifei go upstairs and change first. The guests will enter later.”

Su Zhen looked at his two daughters and had a clear plan in his heart. If Su Fei married into the Zheng Family and Lin Yin married into the Lu Family, the Su Family’s business would definitely be like the sun in the sky.

Not long after Lin Yin and Su Fei went upstairs, Su Lin rushed over.

“Where did you go, child? You’re gone so early in the morning.” Chu Yun looked at her nervous son and wiped the sweat off his forehead.

“Mom, I have something to deal with. Where’s Feifei?” Su Lin had arranged everything and could not wait to share it with Su Fei.

“She’s upstairs.” Chu Yun looked at Su Lin and was very satisfied.

Su Lin did not alienate her because of Su Fei’s background. Instead, after knowing the truth, he cared more about Su Fei. It seemed that their many years of relationship was still stronger than that ridiculous blood relationship.

Su Lin knocked on Su Fei’s bedroom door and walked in to see Su Fei, who had already changed.

“Feifei, you’re really beautiful today.”

Su Fei put on a pink dress and carefully matched it with suitable jewelry.

“Brother, you didn’t see Little Yin. She’s also very beautiful.” Su Fei couldn’t help but be jealous when she thought of Lin Yin’s face.

“What’s the use of being beautiful? It’ll only be even more embarrassing later!” Su Lin’s gaze was cold as he said softly to Su Fei, “Don’t worry, I’ve already arranged it. After today, I’ll see if Lin Yin still has the face to stay in the Su Family.”

Chapter 109 Guests Enter

“Will Dad be angry if we do this?” Su Fei’s face was filled with concern for Su Lin.

“Feifei, I’m just letting everyone see Lin Yin’s true colors. What’s there to be angry about?” Su Lin was already fully prepared. He and Su Fei could escape unscathed.

“Let’s go. The guests should have arrived.” Su Lin looked at the beautiful Su Fei in front of him and subconsciously held her hand. “Almost everyone who came is here to celebrate with you. Let’s go down first.”

Su Fei nodded slightly and walked out of the room with Su Lin.

!!

There were many luxury cars parked outside the Su Family’s house. Su Zhen was also busy socializing with some business partners. When he saw Su Fei coming down from the second floor, he smiled and introduced her to the person beside him. “This is my eldest daughter, Su Fei.”

“Feifei!”

Zheng Chao was a little excited to see Su Fei dressed up. Although his right foot was still a little inflexible, he quickened his pace.

Su Fei looked at Zheng Chao with disdain, but when she saw Zheng Feng and Zhou Ping beside Zheng Chao, Su Fei still greeted them politely. “Hello, Brother Zheng Chao, Uncle Zheng, Auntie.”

“Feifei is really getting prettier.” Although Zhou Ping was a little dissatisfied with her previous conflict with the Su Family, she was still very satisfied with the obedient and cute Su Fei in front of her.

“Feifei, happy birthday!” Shi Dai and Ji Yun also dolled up to attend. Su Fei felt even more proud.

Not far away, the girl in a dark blue short dress did not look too good. When she saw Su Fei, she muttered softly, “She’s dressed like a strawberry cake. She’s so ugly.”

Yang Xue pulled Lu Yan’s arm and whispered, “We’re in the Su Family now. Lower your voice and don’t cause trouble for Lin Yin.”

“If it weren’t for Lin Yin, I wouldn’t have bothered to come over.” Lu Yan tugged at her dress unhappily. She was really not used to this outfit.

“You look good in this today.” Yang Xue looked at the completely different Lu Yan in front of her and was a little surprised. Without the smoky makeup of the past, Lu Yan’s clean face looked especially cute.

“It’s all because my mother said that if I don’t dress up like this, she won’t let me attend!” Lu Yan rolled her eyes and looked at the group of people around Su Fei with some disgust. “Why don’t I see Lin Yin? Isn’t it her birthday today? Why is Su Fei the only one who looks like the protagonist?”

“It’s good that Lin Yin doesn’t come down.” The young man’s voice sounded from behind.

Looking in the direction of the voice, Lu Yan and Yang Xue saw Gong Ze in a brown suit.

“What do you mean?” Lu Yan had a headache when she saw him.

“Didn’t you hear what those people were talking about?” Gong Ze was originally here for Lin Yin, but as soon as he arrived at the Su Family, he heard many people criticizing Lin Yin.

“They all feel that Lin Yin’s background is inferior to Su Fei’s. Everyone is here for Su Fei, and no one cares about Lin Yin.”

“Who said that? You didn’t just tear their mouths apart?” Lu Yan was so angry that her cheeks puffed up. She looked around and it seemed like they were really the only friends of Lin Yin.

“Can you be more steady?” Gong Ze sized up Lu Yan and said slowly, “I thought you suddenly changed after dressing up like this. Why are you still so impulsive?”

Lu Yan was furious. She wanted to attack, but Yang Xue held her down tightly. She persuaded softly, “Lu Yan, as Lin Yin’s only friends, we can’t embarrass her anymore!”

Lu Yan held back her anger. After some thought, she took out her phone and recorded a short video of the scene. She typed a message and sent it to Lu Ming.

Lu Ming, who was still in the company, had just finished his work. He wanted to look at the time, but he saw Lu Yan’s message.

“Little Uncle, if you don’t come to celebrate Lin Yin’s birthday, she’ll be so aggrieved! It’s Lin Yin’s birthday. Everyone is here for Su Fei!”

After reading the message, Lu Ming said to Shen Yu, “Let’s go to the Su Family immediately.”

“Didn’t you say that you have a video conference later?” Shen Yu was a little puzzled. Lu Ming had always put work first.

“Postpone it. The matter at the Su Family is more important.” Lu Ming stood up and walked out of the company.

Previously, he was still hesitating if his identity was suitable for him to celebrate with Lin Yin, but when he saw Lu Yan’s messages, Lu Ming couldn’t sit still no matter what.

Lin Yin, who was still in the bedroom, cut the white dress she had brought back from the clothes shop into pieces with scissors and put them in a paper bag. She opened the cabinet and changed into the purple dress that Ren Xue had given her.

Chapter 110 Stunning Everyone

Looking at herself in the mirror, Lin Yin felt that everything in front of her was unreal.

Compared to her previous life, now she was like a princess in a castle, elegant and mysterious.

Lin Yin's slender neck was unadorned. Seeing the necklace Lu Ming had given her, Lin Yin was in a difficult position. This necklace was too eye-catching.

Just as she was hesitating, Lin Yin saw a familiar tall figure through the second-floor window.

!!

The corners of her lips curled up slightly. Lin Yin took out the necklace and put it on carefully.

"Since you're here, I'd better wear it..."

On the first floor, Su Zhen chatted enthusiastically with everyone. Su Fei and Su Lin also chatted politely at the side.

"President Su, Mr. Lu Ming is here." The servant at the door rushed in and whispered in Su Zhen's ear.

"Who?" Su Zhen originally thought that Lu Ming would not appear personally. After all, Lu Ming had never liked such an occasion. It seemed like Lin Yin still had a place in Lu Ming's heart.

"Let's go, quickly go out and welcome CEO Lu!" Su Zhen had a smile on his face. When the people beside him heard Su Zhen's words, they looked over curiously.

"Who did President Su say was here?"

"CEO Lu? Could it be the CEO Lu I know?"

“Why would CEO Lu attend the birthday of the daughter of the Su Family?”

“That’s right. Lu Ming didn’t even give the Yue Family in the capital face before!”

...

Lu Ming’s appearance caused quite a stir. Everyone was guessing Lu Ming’s true intentions.

“CEO Lu! It’s really our Su Family’s honor that you can come!” The moment Su Zhen saw Lu Ming, the smile on his face bloomed.

“I heard that it’s Miss Su’s birthday, so I came to join in the fun.” Lu Ming and Su Zhen exchanged a few pleasantries and walked into the hall.

Su Fei looked a little unhappy when she saw Lu Ming.

“Why is Lu Ming here?” Su Lin was also a little surprised. The Su Family’s business was not big enough to deal with the Lu Family. Lu Ming’s appearance surprised everyone present.

“It’s all because of Lu Yan,” Su Fei and Su Lin explained softly. They looked at Lu Yan with more hostility.

Lu Ming attracted the attention of almost everyone present. Su Fei looked at the extraordinary Lu Ming and felt a little nervous.

She walked towards Su Zhen and Lu Ming and said, “It’s Feifei’s honor that Mr. Lu can attend my birthday banquet.”

Lu Ming’s gaze did not stop on Su Fei. He noticed the probing expressions of the people around him and deliberately raised his voice to ask Su Zhen, “Isn’t it Miss Lin Yin’s birthday? Who is this?”

Su Zhen looked a little embarrassed. He glanced at Su Fei warningly and explained to Lu Ming, "She's also my daughter."

Su Zhen asked Su Fei, whose face had darkened, "Where's your sister? Why isn't she down yet?"

Su Fei was so angry that Lu Yan almost laughed out loud.

"My little uncle is not bad. Su Fei's face is almost green."

Yang Xue also had a smile on her face. "Now that everyone thinks that Su Fei took the initiative to embarrass herself, they're much more curious about Lin Yin."

"But why isn't Lin Yin out yet?" Lu Yan looked around anxiously.

Gong Ze looked up inadvertently and happened to see the fairy-like girl on the second floor. "She's here."

When Lu Yan and Yang Xue heard Gong Ze's words, they followed his gaze and were so shocked that they couldn't close their mouths.

"Yang Xue, Lin Yin must be a fairy." Lu Yan already knew Lin Yin's looks very well, but when she saw Lin Yin in a purple dress, she was still deeply attracted to her.

Not only Lu Yan, but everyone present was attracted by this mysterious young lady.

The girl who slowly walked over from the second floor was like a noble and elegant princess from a fairy tale.

The sparkling purple dress complemented her fair skin. The gems on her body and the necklace on her neck shone together, making people not dare to look at her directly. Her long black hair was slightly tied up. It was clearly carefully designed, but at this moment, it blended with the girl's temperament. She was cold, beautiful, charming, and dangerous.

Because of Lin Yin's appearance, the discussion in the hall stopped. No one could describe the beauty of the girl with words.

Lu Ming looked at the girl in front of him and his gaze gradually darkened. He knew too little about the girl in front of him and did not know that her beauty could be so shocking.

Lin Yin looked at Lu Ming, who was beside Su Zhen, and slowly walked towards him. She said softly, "Thank you for your gift. I like it very much."

Lu Ming looked at the girl in front of him and was stunned.

For the first time, he felt his heart race. Lu Ming smiled to hide the panic in his eyes. "It suits you. It's beautiful."
