

## Real Daughter 121

### Chapter 121 Company Boss

Hearing Yang Xue's words, Lin Yin was very touched. Her family's conditions were clearly not that good.

"Yang Xue, thank you so much. Does Auntie know about the money?" Lin Yin thought of Yang Xue's mother.

"Don't worry. I mentioned to Mom that you were short of money. She took the initiative to help, but our family can't fork out more. I hope we can help you."

Yang Xue was a little worried that Lin Yin wouldn't accept it. After all, her conditions weren't as good as Lin Yin's and Lu Yan's, but as friends, she really wanted to help.

"Okay, thank you. I'll consider your and Lu Yan's money as shares. We'll do it together and earn money together in the future."

Lin Yin knew that Lu Yan and Yang Xue did not help her for any benefits. It was precisely because of this that she especially cherished these two pure friendships.

Lin Yin transferred the money to Jiang Chen and went to the studio Jiang Chen had rented with Lu Yan and Yang Xue in the afternoon.

"Boss!" When Jiang Chen received Lin Yin's remittance, he completely believed that Lin Yin was the benefactor of his life.

Hearing Jiang Chen call her that, Lin Yin was a little uncomfortable, but she did not refute.

Lu Yan and Yang Xue also found it novel. Under Jiang Chen's constant introduction, they completely understood his work plan.

“It sounds quite reliable.” Lu Yan actually didn’t understand what Jiang Chen was talking about with Lin Yin at all, but she had an inexplicable trust in Lin Yin.

“Jiang Chen, I’ll have to trouble you in the future. I’ll only help you with money now. You have to do everything else yourself.” Lin Yin could tell that Jiang Chen was very enthusiastic about work.

“It’s enough, Boss.” Jiang Chen’s gratitude to Lin Yin was sincere. Without Lin Yin, he wouldn’t have had a chance to put his abilities to use. “I’ll run the company well as soon as possible. When the time comes, we’ll hire more employees and the situation will be much better.”

Lin Yin and the others looked around Jiang Chen’s studio and realized that he had arranged everything well, so they left in relief.

Jiang Chen was a genius in business, so Lin Yin was very assured about the company. What Jiang Chen needed was time.

When she returned to the Su Family, Lin Yin had just entered when she saw Su Zhen walking towards her with a smile.

“Little Yin, it’s Old Master Yue’s birthday tomorrow. All the famous people in the business world will attend.” Su Zhen rubbed his hands excitedly and said to Lin Yin in a fawning tone, “Daddy will bring you there tomorrow. You can see the world too.”

“The Yue Family...” Lin Yin’s body froze slightly as bad memories surged into her heart.

“That’s right. It’s the Yue Family of Jin Chuan. Their strength is comparable to the Lu Family.” Su Zhen could tell that Lu Ming was interested in Lin Yin, but he was not stupid enough to rely on just one person.

Unlike the Lu and Mu families, the old master of the Yue family had military merits. If he was related to the Yue family, Su Lin would have a chance to enter politics in the future.

Su Zhen did not want to miss such a good opportunity. He had heard that the youngest son of the Yue Family always hung out with women. If he could like Lin Yin, he would have another choice.

At the thought of this, Su Zhen's turbid eyes darted around. He smiled at Lin Yin and said, "Little Yin, Dad contacted the most famous styling team in the country for you. When the time comes, pay more attention to the youngest son of the Yue family, Yue Chi. Try to build a good relationship with him."

When Lin Yin heard Yue Chi's name, it was as if a thorn had pierced into her heart. She looked at Su Zhen, who had a greedy gaze, and a trace of coldness flashed across her eyes. Her good father really didn't forget to betray her at all times. He did in her previous life and in this life.

However, in her previous life, she had no choice at all. She was knocked unconscious and sent to that pervert Yue Chi. In this life, Su Zhen was willing to discuss it with her, but his goal was the same.

The Lu and Mu families could not satisfy Su Zhen's ambition. He wished he could sell Lin Yin like she was an object and fight for more value.

"In your eyes, I am only useful to help you build good relationships?" Lin Yin's gaze was cold and lifeless.

"Child, what nonsense are you talking about?" Su Zhen pretended to be intimate and patted Lin Yin's shoulder. "Dad just hopes that you can get to know more friends and marry into a good family in the future."

Lin Yin sneered and said calmly to Su Zhen, "Alright, I'll build a good relationship with Yue Chi. Don't worry."

Hearing Lin Yin's words, Su Zhen nodded in satisfaction. "As expected of my biological daughter. She's better than those b\*stards outside!"

Lin Yin knew that the person Su Zhen was talking about was Su Fei. After the last birthday banquet, the Su Family quickly received the news that the Zheng Family had broken off the engagement. Su Zhen was even very angry because of this and complained that Su Fei was useless and could not even keep Zheng Chao.

Chapter 122 Preparing for Revenge

Su Zhen had already placed all his hopes on Lin Yin, and Lin Yin was prepared to give him a big gift.

She had to see Yue Chi. The humiliation of her previous life was still vivid in her mind. Lin Yin would hate Yue Chi to the core sooner or later. Previously, she didn't know how to approach him, but she didn't expect an opportunity to come knocking on her door.

The next morning, Lin Yin was woken up by the styling team Su Zhen had invited.

Su Zhen had also put in a lot of effort. The clothes and accessories he had prepared for Lin Yin were all top-notch in the country. Chu Yun was a little jealous that Su Zhen valued Lin Yin so much.

"Old Su, you're too biased. What's so good about Lin Yin that you have to spend so much effort on her?" Chu Yun looked at the expensive clothes and accessories on Lin Yin and felt a little upset. Not to mention Su Fei, even she had never received such treatment.

"Keep your voice down!" Su Zhen was afraid that Lin Yin would hear Chu Yun's words, so he hurriedly pulled her aside and scolded in a low voice, "What do you know?! As long as Lin Yin can catch a big shot, this money will come back sooner or later!"

Su Zhen looked at Lin Yin's increasingly beautiful appearance in satisfaction and said to Chu Yun, "As long as she can hook up with a big shot, our entire Su Family will have to rely on her in the future. Therefore, you have to treat her better in the future so that she won't be distant from us."

Chu Yun was still a little dissatisfied. She thought for a moment and probed Su Zhen, "Old Su, we're going to the Yue Family today. Let's bring Feifei and Little Lin along. It's a pity not to go with such a good opportunity."

Chu Yun knew that it was not so easy to enter the Yue Family's door. This was a once-in-a-lifetime opportunity. There would definitely be many big shots present.

"Do you still think they haven't embarrassed me enough?" Su Zhen had a headache at the mention of Su Fei and Su Lin. If Lin Yin hadn't been too dazzling at the birthday banquet, their Su Family probably wouldn't even have been able to receive the Yue Family's invitation.

Chu Yun lowered her eyes and thought for a moment. She did not give up and asked, "Then let Feifei go alone. The Zheng family's marriage has been annulled. Let her tidy up nicely and see if there's another chance."

Su Zhen thought for a moment and agreed to Chu Yun's suggestion. He warned her, "Then make the arrangements. Don't let Su Fei be too ostentatious. If she sees a suitable person, she has to fight for it herself. Don't embarrass the Su Family anymore."

Chu Yun was a little dissatisfied with Su Zhen's words, but this was a rare opportunity for Su Fei. She could not say anything else and could only nod in agreement.

Anyway, as long as Su Fei seized the opportunity and found a stronger support, would she be afraid that her future days would not be as good as Lin Yin's?

"Miss, your temperament is too good. These clothes are very suitable for you." The young woman who styled Lin Yin couldn't help but praise her. This was the first time she had seen such a young girl with such a powerful aura.

"But at your age, brighter colors might be more suitable for you. Isn't this set too depressing?" The woman looked at Lin Yin in a black dress and felt a little nervous. She felt that the temperature around her had dropped a lot.

Lin Yin looked at herself in the full-length mirror. She had black hair, red lips, and a neat black fishtail dress that outlined her elegant and exquisite outline. "I'll take this one."

"This is light pink and light blue, it looks gentler. Do you want to try it?"

The woman looked at the cold and arrogant girl in front of her and was a little worried. President Su had clearly instructed her to dress Miss up more pleasantly, but although the current Lin Yin was very beautiful, she had an aura that was enough to force others back.

"Gentle?" Lin Yin stared into the woman's eyes through the mirror, scaring her back a few steps. Lin Yin said faintly, "I don't need it. This is enough."

Lin Yin's original intention was to take revenge. She didn't care about how she looked in the eyes of others.

The woman didn't dare to make a sound and let Lin Yin decide.

After Lin Yin was done packing, she rushed to the Yue family with Su Zhen. Chu Yun called Su Fei over. Lin Yin could tell that although Su Fei still hated her, the fear in her eyes was not fake.

"Little Yin, introduce your friends to Feifei later. She's your sister after all." Chu Yun sat between Lin Yin and Su Fei. Although she was unwilling, her tone towards Lin Yin was much gentler.

"Oh? Didn't she get lost from the Su Family?" Lin Yin looked like she was watching a show.

"I'm sorry. Brother was too impulsive. We know our mistake." Su Fei bit her lip. She had the intention to kill Lin Yin, but she didn't dare to make it too obvious in the car.

During the time they left the Su Family, Su Lin and Su Fei had suffered greatly. They had already sold everything they could exchange for money.

Chapter 123 Lu Yan's Sister

Therefore, when Su Fei received Chu Yun's call, she seemed to have seen hope. Su Lin did not stop her. They had already understood that their lives would not be easy without the Su Family.

"Little Yin, it's good for us that Feifei is doing well. Introduce some friends to her."

Although Su Zhen's attitude towards Su Fei was not good, he did not want to waste all his years of nurturing. He also hoped that she could be attached to a rich family.

"I'm not a pimp. I can't do the human trafficking." Lin Yin sneered. She saw Su Fei's trembling body and said in satisfaction, "There will be many people later. Don't you have a lot of skills? Go find them yourself."

!!

Lin Yin's words were very unpleasant, but no one in the car, including Su Fei, dared to argue with her.

Lin Yin hated their hypocrisy. They could be shameless for the sake of so-called power.

When they reached the Yue Family's door, Lin Yin got out of the car first.

Su Fei was unwilling to get out of the car for a long time. Compared to the glamorous and dignified Lin Yin, she was very shabby now. The clothes on Lin Yin were expensive, and she was still wearing an outdated design from last year.

Su Fei was indignant. What should have belonged to her had been snatched away by Lin Yin.

Chu Yun noticed Su Fei's emotions and sighed softly. She comforted her, "Feifei, in Mom's heart, you're definitely not inferior to Lin Yin. Work harder and snatch everything from Lin Yin."

Su Fei looked at Chu Yun and seemed to have received some comfort.

"Lu Ming is a good candidate. You have the same age advantage as Lin Yin. As long as you're more proactive than Lin Yin, you might be able to beat her to it. Do you understand?"

Chu Yun knew that the reason why Su Zhen cared about Lin Yin was because of Lu Ming and the Mu family's attitude towards Lin Yin. Therefore, as long as Su Fei could gain Lu Ming's favor, Su Zhen's thoughts would return to her.

"I understand, Mom." Su Fei was already jealous of Lin Yin. Even if Chu Yun didn't say anything, she would still do her best to snatch everything from Lin Yin.

Lin Yin didn't have the time to care about Chu Yun and Su Fei's thoughts. Her goal today was that pervert, Yue Chi, that bastard who humiliated people for his own pleasure.

“Lin Yin!” Lu Yan saw Lin Yin walking in from the door and ran towards her.

“Lu Yan, why are you here too?” Lin Yin knew that the Yue Family would definitely invite the Lu Family, but she didn’t expect Lu Yan to come too.

“I did it for you,”

Lu Yan looked around and whispered to Lin Yin, “I heard that the youngest son of the Yue Family is an out-and-out hooligan. He saw the news about you and wanted to get close to you. I’m just worried.”

“Is that so?” A trace of ruthlessness flashed across Lin Yin’s eyes. It seemed that there was no need for her to take the initiative to attack. Some people were going to come knocking on her door.

“You don’t know, but after your family’s birthday banquet last time, you became a celebrity in the circle. Many people have ulterior motives towards you. You have to be careful.” Lu Yan understood how those rich young masters acted in private. She didn’t want Lin Yin to get into trouble because of this.

“Oh, this is Miss Lin Yin, right?”

A sharp female voice sounded from behind. Lin Yin realized that Lu Yan’s body was clearly a little stiff.

Looking in the direction of the voice, a young girl in elegant clothes was standing behind Lin Yin and Lu Yan.

“Lu Yan, aren’t you going to introduce me?” The young girl seemed to be asking Lu Yan, but she had a commanding aura.

“You should introduce yourself before you ask anyone else. It’s the most basic courtesy. Don’t you know?”

Lin Yin tightened her grip on Lu Yan’s hand. She could feel Lu Yan’s disgust and fear for this girl.

When the young girl heard Lin Yin's words, she was not angry. Instead, she looked at her more searchingly.

"I'm Lu Yue, Lu Yan's sister. Nice to meet you, Miss Lin Yin." The girl had a good temperament and her fingers were slender.

Lin Yin didn't shake her hand and only said calmly, "I'm Lin Yin, Lu Yan's best friend."

Lu Yue looked at Lin Yin and realized that she was standing tightly beside Lu Yan. She sneered and lowered her body to whisper in Lu Yan's ear, "After so many years, you're still the same little piece of trash who always needs protection."

Lu Yue's voice was very soft and only Lu Yan could hear her clearly. After saying that, Lu Yue smiled at Lin Yin and turned to leave.

Lin Yin saw that Lu Yan's expression was obviously wrong and asked worriedly, "Are you okay? What did she say to you?"

"I'm fine." Lu Yan took a deep breath and calmed herself down. She said to Lin Yin, "I just remembered something unpleasant. I'm fine now."

Chapter 124 Enemy Meeting

Lin Yin could tell that Lu Yan's disgust for Lu Yue was a biological emotion that she could not control. It seemed like Lu Yan's psychological barrier was probably related to her compelling sister.

"Little Yin, Little Yan."

Lin Yin helped Lu Yan rest at the table and saw Lu Ming walking over not far away.

Lin Yin and Lu Ming nodded and greeted them. Lu Ming said with concern, "There are many people here. If you're not feeling well, I'll get someone to send you back."

!!

The Yue Family's banquet was on a completely different level from the Su Family's. Lu Ming also needed to socialize with some business partners. He was afraid that he wouldn't be able to care about Lin Yin and Lu Yan and would make them suffer.

"It's okay, Little Uncle. I'll be fine with Lin Yin." When Lu Yan saw Lu Ming, she felt much more relaxed. When she was very young, Lu Ming was someone who especially cared for her in the Lu family.

Lu Ming stood with Lu Yan and Lin Yin for a while before a frivolous voice sounded from behind.

"My brother said that he couldn't find CEO Lu. So CEO Lu is here."

Seeing the man's frivolous smile, Lin Yin clenched her fists tightly.

Yue Chi, I've found you!

"Isn't this Miss Lin Yin? No wonder CEO Lu is hiding here. So he has a beauty as his companion."

Yue Chi narrowed his eyes and sized Lin Yin up carefully, his eyes greedy and rude.

Lu Ming hated this youngest son of the Yue Family. He was not like the eldest son of the Yue Family, Yue Han, who was smart and decisive. Lu Han was Lu Ming's business partner.

Yue Chi's existence was simply the only stain on the Yue Family. However, because the Yue Family was too powerful, most people were angry at Yue Chi but did not dare to say anything. Even Lu Ming would give Yue Han some face and not make things too difficult for Yue Chi, but the premise was that he did not provoke him.

"Miss Lin Yin is much prettier than the photos on the Internet. Since I am able to see Miss Lin Yin, I didn't come for nothing."

Yue Chi reached out to Lin Yin with a warm and sincere attitude.

Lin Yin had the intention to approach him. Just as she was about to respond, a strong hand suddenly landed on her shoulder.

Lin Yin was half in Lu Ming's arms. She heard the man beside her say warningly, "Little Yin doesn't like others to approach her. Young Master Yue, it's better for you to stay away."

Yue Chi couldn't afford to offend Lu Ming, so he could only stop resentfully. Before he left, his eyes were still reluctant to leave Lin Yin.

"What is he? As expected, he has ulterior motives towards our Lin Yin," Lu Yan said softly when she saw Yue Chi walk away. If Lu Ming wasn't around, Lin Yin would probably have been taken advantage of.

At this moment, Lin Yin was in trouble. She had originally wanted to get close to Yue Chi so that she could find an opportunity to take revenge, but with Lu Ming's interference, this matter probably couldn't be done.

"Yue Chi is an out-and-out playboy. You'd better stay away from him." Lu Ming had heard of some of Yue Chi's ridiculous incidents. Because the old master of the Yue Family cleaned up his mess, Yue Chi's actions became even more out of line.

"I know."

Of course, Lin Yin knew Yue Chi's character, but if she didn't get close to him, she wouldn't have the chance to find his flaw.

Lin Yin had always wanted to find an opportunity to separate from Lu Ming, but she didn't know if Lu Ming had discovered something. Lu Ming followed her closely the entire time and was a dutiful escort.

Lin Yin's face was gloomy. On the other hand, Su Fei, who had been looking for an opportunity, was also depressed. Lu Ming was with Lin Yin almost the entire time, so how could she have the chance to look for him alone?

Su Fei held the champagne glass tightly in her hand. She turned around angrily and left, but she accidentally bumped into someone.

"I'm sorry!" Su Fei looked at the man's expensive suit in front of her and was extremely nervous. Everyone in the venue was either rich or noble, and she could not afford to offend any of them.

Yue Chi had always wanted to find an opportunity to get close to Lin Yin, but because Lu Ming had always been present, he had never succeeded.

He was already depressed, and now that he was splashed with wine, he could not control the anger in his heart. "Are you f\*cking blind!"

Su Fei trembled at the man's roar and tears flowed down her face.

Yue Chi noticed the timid girl in front of him and his eyes became playful.

"Which family are you from? Why haven't I seen you before?" Yue Chi felt that the woman in front of him was probably a plaything kept by some boss. From her temperament, she didn't look like a young lady from a rich family.

"I'm... from the Su Family." Su Fei was afraid. Although she knew Su Zhen's previous instructions, she could not help but reveal the Su Family's identity.

"The Su Family?" Yue Chi's eyes lit up. He saw Lin Yin standing with Lu Ming in the distance and asked impatiently, "The Su Family where Miss Lin Yin is?"

Chapter 125 Follow Closely

When Su Fei heard the man's words, her face turned even paler. It was Lin Yin again! Why was everyone looking at Lin Yin?!

“Yes, I’m Lin Yin’s sister.” Su Fei could tell that the man in front of her was also interested in Lin Yin, so she could only use her to help her out.

“Sister.” Yue Chi glanced at the woman in front of him. Seeing that her temperament was worlds apart from Lin Yin’s, he remembered that the Su Family had made a fuss about getting their daughter wrong. Yue Chi understood that the girl in front of him was probably that imposter.

Yue Chi helped Su Fei up from the ground and pretended to be concerned. “You’re not frightened, right? I was just anxious. Miss Su, don’t mind me.”

Su Fei smiled. Although the man in front of her was not as handsome as Lu Ming, he was not a small fry judging from his clothes. Su Fei wanted to build a good relationship with him.

“Are you my sister’s friend?” Su Fei deliberately put on a confused attitude. The man in front of her was also very pleased and treated her much better.

“I’m interested in getting to know Miss Lin Yin, but she doesn’t seem to have much time.” Yue Chi thought of a way to get close to Lin Yin and said politely to Su Fei, “This is my business card. If you have the chance, please help me ask Miss Lin Yin out to meet her.”

Su Fei took the business card and saw the bold words on it. “Yue Chi? So you’re the young master of the Yue Family. It’s all my sister’s fault for being insensible. I’ll definitely bring her here to apologize to Young Master Yue another day.”

Su Fei learned about the Yue Family’s situation through Chu Yun. Although Yue Chi was ignorant and incompetent, as the youngest son of the Yue Family, no one dared to offend him.

Seeing the exceptionally sensible Su Fei, Yue Chi was very satisfied. However, compared to Su Fei’s obedience, he still could not forget Lin Yin’s arrogant and cold appearance. If he could get such a woman, things would be even more interesting.

“Thank you in advance. I’m very interested in Miss Lin Yin.”

Su Fei complimented Yue Chi a few more times. It was not until he left that Su Fei took out the business card again.

Looking at Lin Yin, who was still standing with Lu Ming in the distance, Su Fei made up her mind. As long as she made Lin Yin and Yue Chi involved with each other, Lu Ming would probably avoid Lin Yin. At that time, it would not be so easy for her to get close to Lu Ming.

Lin Yin still did not know that others had ill intentions towards her. At this moment, she was already a little annoyed by Lu Ming. Wasn't this man usually very busy? Why did he have time to accompany her everywhere now?

"Little Uncle, a few people called you over to chat just now. Go ahead. Lu Yan and I will be fine here."

Lin Yin couldn't take it anymore. With a great Buddha like Lu Ming by her side, how could someone with ill intentions dare to approach her?

"No, I promised Second Brother that I would take good care of Little Yan." Lu Ming noticed that Lin Yin was deliberately avoiding him. He was not angry, but he did not let her succeed.

Lu Yan glanced at her little uncle and realized that he had the ability to lie through his teeth. Everyone present could tell his intentions. He was still using her as an excuse at a time like this.

Receiving Lu Ming's gaze, Lu Yan shrugged indifferently. Anyway, as long as he was interested in Lin Yin, he couldn't do anything to her.

Lu Yan suddenly felt that it would be good if Lin Yin could be her aunt. Then, wouldn't her status in the Lu Family skyrocket in the future? As her uncle's wife's best friend, Lu Yan felt that her uncle would be much easier to talk to in the future.

The banquet was about to end. Because of Lin Yin's existence, Su Zhen received praise from many people. They said that he had really gotten a good daughter and would definitely be able to achieve great things in the future.

Su Zhen was smug and found Lin Yin much more pleasing to the eye. Looking at Lu Ming, who had been with Lin Yin, Su Zhen was also very relieved. He felt that if this continued, it would be a good ending for Lin Yin to marry into the Lu Family.

When the Su Family returned home, Su Fei looked like she wanted to leave, but she had no intention of leaving.

“Mom, I’d better go back to Brother’s place.” Su Fei looked at Chu Yun with tears in her eyes and stole a glance at Su Zhen’s reaction.

“Stay here! Can’t the Su Family spare a room for you?” Chu Yun pulled Su Fei back and said to Su Zhen, “Old Su, can you bear to see the child leave so late?”

Su Zhen had drunk some wine at the banquet and was in a good mood. He looked at the silent Lin Yin and said, “Little Yin, let’s forget about that matter. No matter what, you and Feifei are sisters. Don’t be too distant.”

Lin Yin knew that Su Fei had no intention of leaving at all. She definitely could not stand the hardships of being with Su Lin.

Chapter 126 Childhood Secret

“When did I have a sister?” Lin Yin didn’t want to see their hypocritical acting. With that, she went upstairs and left.

Su Fei suppressed her anger and still had a smile on her face. She said sweetly to Su Zhen, “Dad, I know I was wrong. I’ll get along well with my sister in the future and strive to make her accept me as soon as possible.”

Seeing Su Fei’s weakness, Su Zhen nodded in satisfaction. “You’re more sensible. Little Yin has a bad temper, so be more accommodating. You’re her sister after all.”

Su Fei could not stand the change in Su Zhen's attitude towards her. In such a short period of time, Lin Yin had actually replaced her position in Su Zhen's heart. Su Fei could not believe it. If she continued to let Lin Yin stay in the Su Family, she would probably be completely kicked out sooner or later.

But on the surface, Su Fei was still very respectful. She knew that in Su Zhen's heart, Lin Yin was like a money tree.

The next morning, Su Fei enthusiastically prepared breakfast for Lin Yin.

Lin Yin looked at Su Fei, who was especially solicitous to her, and knew that she was probably up to something again.

"Sister, it's the holidays now. How about we go shopping together?" Su Fei hugged Lin Yin's arm warmly, as if they were already on good terms.

"There's no one else now. There's no need for you to continue acting." Lin Yin didn't understand how a person could hide so deeply. She clearly hated her to the core, but she could still call her sister on the surface.

"Sister, I really regret it. Don't misunderstand. I'll definitely treat you well in the future."

Su Fei's expression was very sincere. If Lin Yin didn't know her well enough, she might really be moved by her.

"Alright, then stay away from me in the future. Don't upset me."

Lin Yin did not give Su Fei any chance. Her and Jiang Chen's company was gradually on the right track, and she was not in the mood to act with Su Fei.

With that, Lin Yin walked out of the Su Family's door. She had an appointment with Lu Yan and planned to continue tutoring her.

Su Fei stood in the hall and watched Lin Yin leave. She gripped the phone in her hand tightly. She had already promised Yue Chi to find an opportunity to ask Lin Yin out, but with her current relationship with Lin Yin, it was impossible for her to ask her out.

It seemed like he had to use some special methods to trick Lin Yin out.

Lin Yin had already rushed to Shenglin Bay. She did not relax her supervision of Lu Yan, hoping that Lu Yan could really learn something.

“Teacher Lin, I feel that the holidays are even harder than school.” Lu Yan played with the pen in her hand. She knew that Lin Yin was doing this for her own good, but she really couldn’t stand such high-intensity learning.

“Rest for a while. With your current level, it shouldn’t be a problem for you to get into the top 100.” Lin Yin handed the fruit juice that Aunt Song had prepared to Lu Yan.

“Lin Yin, actually, I’ve always wanted to thank you properly.” Lu Yan took a sip of fruit juice and her expression became serious. “Before I met you, I always felt that everything was very boring. You were the one who gave me hope for life again.”

Lu Yan’s words were not exaggerated. She felt a very powerful force from Lin Yin. When she was with Lin Yin, Lu Yan always felt that life was not that boring. Lin Yin could always give her surprises.

“You’re important to me too.”

This was the first time since Lin Yin was reborn that she was willing to open her heart to someone. Her heart was filled with hatred, but Lu Yan made her feel the only warmth left in this world. This girl who looked like a punk was the cleanest and simplest person in her eyes.

Lin Yin saw Lu Yan’s slightly red eyes and asked tentatively, “Lu Yan, can you talk to me about what happened when you were young?”

Lin Yin noticed Lu Yan blinking uneasily and continued, "It's fine if you don't want to say it. It's just that the last time I saw Lu Yue, I felt that her attitude towards you was a little bad."

Lu Yan lowered her head and hesitated for a moment before she slowly said, "It's not that I don't want to say it, but it's been too long. I'm afraid no one will care."

Lin Yin placed her hands on Lu Yan's shoulders and said seriously, "I care. I care about all your emotions and want to understand all of you."

When Lu Yan heard Lin Yin's words, she seemed to have made up her mind. She finished all the juice in front of her and sighed softly, talking about her childhood.

"I'm the youngest in the youngest generation of the Lu Family. My parents have always been busy with work. I've always spent my childhood with the servants and my brothers and sisters at home."

Lu Yan's tone was very calm, but Lin Yin could see the sadness in her eyes.

Chapter 127 Bullied

"My uncle's two children, Lu Xiao and Lu Yue, are the closest relatives to me." When Lu Yan mentioned Lu Xiao and Lu Yue's names, her expression was clearly a little nervous.

"Lu Xiao is bold. Lu Yue is very beautiful and outstanding. I've always treated them as very powerful people when I was young."

A bitter smile appeared on Lu Yan's face as she said faintly, "But they've always treated me as a little fool who doesn't know anything. They ordered me around and treated me like a small animal."

Lin Yin's expression became uglier and uglier. She could tell that Lu Yue and Lu Yan did not have a good relationship, but she did not expect Lu Yan to be bullied in the Lu Family.

"Doesn't your family know?" Lin Yin felt that Lu Yan's parents didn't seem to care about her, and they definitely wouldn't let Lu Yan be bullied.

“They were busy with work at that time. I was too young to think that they were bullying me.”

Lu Yan sighed. “Sometimes, when they go overboard, the servants and Aunt Li will stop them, but I still follow behind them and happily let them order me around like a servant.”

“Lin Yin, do you think I’m really stupid?” Lu Yan couldn’t tell what she had done wrong to make Lu Yue and Lu Xiao so hostile to her.

“What do you know at your age? It’s normal to follow older children.”

Lin Yin felt that Lu Yan was not at fault for Lu Yan’s childhood experience at all. If she wanted to blame someone, she could only blame the adults who did not care enough and Lu Xiao and Lu Yue who had ill intentions.

“That’s right. After school, I gradually understood that they were bullying me, so my relationship with them gradually became distant.”

Lu Yan seemed to have suddenly thought of something even more painful. Her eyes darkened a lot. “But after I went to school, everyone who approached me wanted to build a relationship with the Lu Family. I don’t understand. They’re just a group of children. Why would they complicate interpersonal relationships?”

Lu Yan scratched her head in pain. “When I was in the fifth grade of elementary school, a little girl who was closest to me actually stole my mother’s ring when she was a guest at my house. At that time, I was even criticized, saying that I shouldn’t befriend everyone.”

Lu Yan’s eyes gradually filled with tears as she roared in a low voice, “But how would I know who my real friends are? I treat everyone sincerely, but they all think that I’m stupid, easy to deceive, and easy to bully.”

Lin Yin recalled the photos of Lu Yan that Lu Ming had shown her in the past. She was indeed a very innocent girl, but she had been hurt by too much malice.

Lin Yin took out a few tissues and handed them to Lu Yan. She heard her sob as she continued, "I've known Gong Ze since I was young. My mother thinks that I'm too innocent, so she asked her good friend, Gong Ze's mother, to ask Gong Ze to take care of me more."

Lin Yin thought of Gong Ze's slightly roguish face and asked worriedly, "Did he take care of you?"

Lu Yan nodded. Tears fell from the corners of her eyes and ruined the makeup on her face. "He took good care of me. After I went to school, Gong Ze almost occupied my entire life."

There were still tears on Lu Yan's face, but the corners of her lips curled up slightly. "I'm like a little tail. I followed him every day and called him brother. Although he looks cold on the surface, he still takes good care of me. He will suddenly appear when I'm afraid and support me without hesitation when I get into a fight."

Lin Yin believed Lu Yan's words. She could tell that although Gong Ze looked like he had a bad temper, he was actually very gentle.

"I relied on Gong Ze more and more." Lu Yan sniffled and her eyes turned cold. "But he's actually always hated me."

Lin Yin was a little surprised. She knew that the current relationship between Lu Yan and Gong Ze did not look that good, but Gong Ze's previous attitude towards Lu Yan did not seem like he hated her at all.

"How can you tell he hates you?"

Lin Yin felt that the person who would affect Lu Yan the most was probably Gong Ze. A big brother she trusted completely hated her. Lu Yan was very sensitive to begin with, so she definitely couldn't stand such a blow. However, Lin Yin didn't think that Gong Ze would hate Lu Yan. There must be a misunderstanding.

"On the second year of junior high, Lu Yue and Gong Ze got together."

Lu Yan's tone was very calm, but there was a sense of disheartened loneliness.

"What?" Lin Yin was surprised to hear such an answer. Based on her previous interactions with Gong Ze, she could not tell that he was someone who would fall in love at a young age.

Chapter 128 Remove Your Disguise

"I've seen it a few times. Lu Yue and Gong Ze were alone and looked very happy. Although it's been a long time, I can't forget the scene in my mind." Before Lu Yan could finish speaking, Lin Yin interrupted her.

"That doesn't mean that they were together." Lin Yin felt that things weren't that simple.

"I heard it with my own ears." Lu Yan was a little agitated and her voice was trembling. "Gong Ze personally told Lu Yue that he hated being pestered by me every day. When he saw me, it was as nauseating as seeing a fly..."

Lu Yan's expression was very ugly. Saying this to Lin Yin was like tearing open the wound buried in her heart again.

!!

"Lu Yue also told me personally that I pestered Gong Ze and made him very troubled. He also hates girls like me who have to rely on others for everything."

Lin Yin recalled Lu Yue's bossy attitude towards Lu Yan and asked, "Have you talked to Gong Ze about this in person?"

"No, ever since this happened, Gong Ze has been deliberately avoiding me. Our relationship has always been neither close nor distant, but we no longer have the trust we had before." The makeup on Lu Yan's face was completely ruined. At this moment, she looked like a stray kitten.

"Then why did you dress up like this?" Lin Yin wiped her face with a tissue and felt that Lu Yan's actions were still a little childish.

What was there to be angry about when she was bullied? She could have just stepped on all the people who looked down on her.

“Not entirely. I just feel safer this way. Many people don’t dare to take the initiative to talk to me when they see me dressed like this. It saves a lot of trouble.” Lu Yan didn’t care so much about her outfit.

“If I want to see you return to your original appearance, can you give it a try?” Lin Yin looked at the half-gone makeup on Lu Yan’s face and felt that her simple and clean appearance was cuter.

“But isn’t it good for me to be like this now? I’m already very satisfied that you and Yang Xue are willing to be friends with me.”

Lu Yan didn’t want to remove her makeup. The heavy makeup on her face was like a disguise. She didn’t want to expose her true self in front of strangers.

“I originally thought that you didn’t interfere because you liked to transform into this, but if it’s to protect yourself, there’s no need.” Lin Yin pulled Lu Yan up and walked towards the bathroom. “You’re already strong enough. Besides, I can protect you. No one will dare to say anything bad about you.”

Lu Yan wanted to refuse, but when she heard Lin Yin’s words, the dust in her heart seemed to have been swept away. She was also looking forward to her change.

After working in the bathroom for a while, Lin Yin removed Lu Yan’s makeup and pulled her hair into a ponytail. She simply applied lipstick on her.

Lin Yin looked at Lu Yan’s simple and clean baby face and nodded in satisfaction. She walked out of the bathroom.

Lu Yan looked at herself in the mirror and felt a little uncomfortable. She frowned and said to Lin Yin, “Is this really good? Why do I feel like I’m naked?”

“By the way, clothes!” Lin Yin felt that something was missing. When she heard Lu Yan’s words, she looked at her clothes.

She was covered in riveted skeleton elements, black, white, and gray. It was simply out of place with Lu Yan’s baby face.

“Let’s go buy clothes.” Lin Yin pushed Lu Yan to the door, but she suddenly thought of her bank card which had long been reduced to zero because she started a company.

“Lin Yin, let’s talk about it in the future. The two of us can’t gather enough money for a piece of clothing now.” Lu Yan had long received an advance on her allowance. Before Lin Yin earned any profits, she would probably have to live a hard life.

“You can use this card.” As soon as Lu Ming entered, he heard the conversation between the two girls. Although he didn’t know how Lu Yan used up her pocket money, he could still give her the money to buy clothes.

Lin Yin and Lu Yan seemed to have seen their savior. Lu Yan took the black card from Lu Ming’s hand and was a little excited. Although Lu Ming had always been very generous, he had never given her a card with no limit.

“Thank you, Little Uncle. You’re simply an angel.”

Lu Ming looked at the little girl with glowing eyes and knocked her forehead with a smile. “Haven’t you always treated me as a demon? How did I suddenly become an angel?”

Lin Yin helped him out. “Thank you, Uncle. I plan to accompany Lu Yan to change her dressing style. This card of yours is really timely.”

Lu Ming understood what Lin Yin meant. Previously, he had asked Lin Yin to change Lu Yan. It seemed like Lin Yin had never given up on caring about Lu Yan.

“Buy something you like too. Take it as a holiday gift from me to the two of you.”

## Chapter 129 Enemies On A Narrow Road

Lu Ming had long noticed Lu Yan's clean face. He admired Lin Yin's ability. After all, Lu Yan refused to remove her makeup even after the entire Lu Family threatened and tempted her.

However, Lin Yin had only known Lu Yan for about half a year, but Lu Yan could trust her completely. It was unknown if Lin Yin was too sincere or if this little girl's methods were too brilliant.

"Thank you, Uncle."

After Lin Yin finished speaking obediently, she left Shenglin Bay with Lu Yan.

"When will this girl change her way of addressing me..."

Lu Ming knew that the reason Lin Yin called him Uncle was because she wanted to keep a distance from him. However, the more she wanted to escape, the more Lu Ming didn't want her to get what she wanted.

There were many pairs of eyes around Lin Yin. Lu Ming did not allow anyone to covet the person he liked.

Lu Ming suddenly thought of Mu Heng's face and felt a little frustrated. From what Lin Yin had said before, the person she knew was Mu Heng's younger brother, Mu Ran.

Mu Ran and Lu Ming knew each other, and he felt that Mu Ran was much easier to get along with than Mu Heng. They had met a few times at work in the past, and Mu Ran had always been polite to Lu Ming.

Lu Ming thought of Mu Ran's perfect face and couldn't help but worry. A girl of Lin Yin's age would probably be unable to resist boys like Mu Ran. It seemed like he had to pay more attention in the future.

Lin Yin pulled Lu Yan along and bought a lot of things along the way. Lu Yan looked at the light blue dress she was wearing and was a little uncomfortable. Although the dress was very good-looking, it was too different from what she had worn before.

“Lin Yin, do I really have to wear this?”

Lu Yan tugged at the corner of her dress, her expression uneasy.

“It’s really beautiful and it suits you. Trust me.”

Lin Yin felt that the current Lu Yan looked like a young lady. She no longer had the smoky makeup and exaggerated clothes from before. The current Lu Yan looked like a flower that was about to bloom. She was pure and beautiful and not polluted by the secular world.

Although Lu Yan was not used to it, she still trusted Lin Yin very much. She knew that Lin Yin would definitely not harm her, so she was willing to believe that she would change her.

“Isn’t this Miss Lin Yin?”

Lin Yin and Lu Yan turned around at the same time and saw Lu Yue and a girl with blonde hair and cold eyes beside her.

“Who are you?” Lin Yin had already recognized Lu Yue, but because she knew what she had done to Lu Yan in the past, her attitude towards her could not be good at all.

Because of Lin Yin’s attitude, Lu Yue’s expression was clearly a little unnatural. If not for the fact that the circle had a high evaluation of Lin Yin and that Lu Ming seemed to care a lot about Lin Yin, she wouldn’t have bothered to take the initiative to express goodwill to her.

“I’m Lu Yan’s sister. You...” Lu Yue saw the girl beside Lin Yin and widened her eyes in surprise. Why was her sister so normal today?

“Isn’t this Lu Yan? How did she become like this?” The blonde girl also recognized Lu Yan. She had a good relationship with Lu Yue, so her attitude towards Lu Yan was not very friendly.

Lu Yan was clearly a little nervous. The past memories made her subconsciously fear Lu Yue. It was as if seeing Lu Yue was like seeing her past timid and weak self.

“Why? What’s the matter?” Lin Yin could tell that Lu Yan was nervous and deliberately protected her behind her.

“It’s nothing. As expected, a person’s aesthetic standards will be changed by their friends.” Lu Yue smiled and deliberately expressed goodwill to Lin Yin. “With a beautiful girl like you, Lu Yan finally looks a little human.”

Lin Yin tried her best to suppress the anger in her heart. After all, Lu Yue was from the Lu Family. She was not strong enough to compete with her now.

“Is that so? Then do you want to get to know me too? After all, you don’t look that good.”

Lin Yin’s tone was very disdainful, but no one could refute her. After all, her appearance was much better than Lu Yue and the yellow-haired girl.

“You!” Lu Yue had been pampered since she was young. She was a little embarrassed by Lin Yin’s humiliation.

“Let’s go. Don’t we still have to buy things?” The blonde girl looked like she was unwilling to argue with Lin Yin and the others. She pulled Lu Yue and left quickly.

Lu Yue was filled with anger. She felt very uncomfortable being pulled by the blonde girl. “Yue Ning, why are you pulling me? That Lin Yin is very arrogant. I’ve already given her enough face, but she still dares to talk to me like this!”

The blonde girl shook her head and looked at Lin Yin and Lu Yan, who had already walked away behind her. She said, "There's no need to tangle with them. With Lin Yin's family background, if she wants to stand out, she can only marry into a good family. We're not the same kind of people as her."

#### Chapter 130 Yue Family Relationship

Yue Ning clearly looked down on Lin Yin, but there was something else in her words.

"Lin Yin has been very famous recently and there are many people who like her. There's no need for us to become enemies with her." Yue Ning was young, but she was clearly much calmer than Lu Yue.

"Seriously, she still relied on her face!" Lu Yue was depressed, but she had to agree with Yue Ning.

"That's right. My cheap brother has been very infatuated with her recently. He seems to have contacted her sister, but she doesn't seem to be interested in Yue Chi. Who knows? Anyway, Yue Chi is usually interested for three to five days."

!!

Yue Ning was Yue Chi's cousin. Although her parents were not as powerful as Yue Chi and Yue Han's parents, as long as they were related to the Yue Family, no one dared to underestimate them.

When Lu Yue heard Yue Ning's words, she suddenly had an idea.

Although the Yue Family was imposing, Yue Chi's reputation was a mess. He was far inferior to his uncle.

Lu Ming usually did not get close to women. If he really liked Lin Yin, she would probably not have a good life in the future.

However, Yue Chi was different. He had never been satisfied with women. Many girls who had been with him had disappeared for no reason. There were rumors that he had sent them overseas, and there were also rumors that he had sent them to a brothel. Anyway, their endings would not be good.

“Isn’t it good if she’s with your brother?” A smile appeared on Lu Yue’s face. To her, if Lin Yin fell into Yue Chi’s hands, she would see how she could still be arrogant in front of her in the future.

“What’s so good about it? Yue Chi has never treated women well.” After Yue Ning finished speaking, she understood what Lu Yue meant. She had no grudge with Lin Yin, but she didn’t care what happened to Lin Yin.

“Help me ask your brother for Sister Lin Yin’s contact information. Tell him that I have a way to send Lin Yin to his side.”

As Lu Yue had practiced dance all year round, she was very elegant, but the expression on her face was a little mean. Her already indifferent facial features looked very uncomfortable.

Yue Ning did not know what Lu Yue wanted to do, but she could still help her get a contact number.

Lin Yin and Lu Yan had already left the mall. Lin Yin’s attitude towards Lu Yue just now made Lu Yan feel relieved and her mood improved a lot.

After getting into the Lu Family’s car, Lu Yan said to Lin Yin excitedly, “This is the first time I’ve seen Lu Yue so embarrassed. She’s always been arrogant. She deserves it today!”

Lin Yin was very happy with Lu Yan’s change, but after seeing Lu Yue today, Lin Yin felt that Gong Ze’s taste was probably not that bad. Lu Yue looked very scheming. The conflict between Lu Yan and Gong Ze was probably caused by someone.

“If you don’t like her, just retort. Lu Yan, you don’t have to care so much. You’ve already done very well.”

Lin Yin thought of the yellow-haired girl beside Lu Yue and asked, “Who’s the girl beside Lu Yue? Do you know her too?”

“Oh, she’s Yue Ning, the youngest daughter of the Yue Family. She seems to be studying acting and has always had a good relationship with Lu Yue.”

Lu Yan did not have much contact with Yue Ning because her uncle had told her before that other than the Old Master of the Yue Family and Yue Han, there was almost nothing good in the Yue Family.

“Yue Ning?” Lin Yin was deep in thought. “Then she’s Yue Chi’s sister?”

“Yes, Cousin. Just like my relationship with Lu Xiao. What’s wrong?”

Lu Yan felt that Lin Yin seemed to be especially interested in the Yue Family and couldn’t help but remind her, “My little uncle said that other than the Old Master of the Yue Family and Yue Chi’s eldest brother, Yue Han, the people in the Yue Family are all average, especially that Yue Chi. He’s simply a hooligan.”

“Yes, I understand.” Lin Yin asked, “Have you heard some rumors about Yue Chi? What kind of person is he in everyone’s eyes?”

Lu Yan didn’t have many friends. Some of the things she knew were told by her family, and some were publicly proven.

“I’m not too sure either. It seems like Yue Chi is a playboy. The girls who are with him don’t have a good ending.”

Lu Yan thought for a moment and added, “I still heard my mother mention it unintentionally. Yue Chi seemed to have given away all the girls after they broke up. Some of them were sent overseas. I don’t know how he dealt with them.”

Lin Yin’s expression darkened. Only she really knew what Yue Chi had done to those girls!

Yue Chi was obsessed with torture and abuse. Some girls with poor physiques were tortured until they were crippled by him, and some were sold to underground trading venues. In the end, their lives were unknown.

In her previous life, Lin Yin was considered lucky to have escaped from the basement while Yue Chi was overseas. Otherwise, she would have died miserably.
