

WHO IS THE REAL DAUGHTER: MISS LIN TAKES NO NONSENSE AFTER HER REBIRTH

Chapter 13: Enemies On A Narrow Road

The salesperson had been exposed to the environment for a long time. Her attitude immediately took a 180-degree turn, and the smile on her face was almost obsequious. She almost rushed out with all her might, trying to pull Lin Yin back.

Lin Yin looked at her.

The person in front of her was the person who had worked with Su Fei in her previous life to make her buy an imitation.

At that time, Lin Yin had no idea and she had worn that jewelry to the banquet. In the end, it was rumored that she had no foresight and wore fake goods to the banquet, completely embarrassing her.

Su Zhen also felt embarrassed. From then on, he banned her from participating in all activities, causing her to be kicked out of this circle.

Lin Yin had never thought of her in this life, but she came looking for her herself. In that case, she would teach her a lesson.

Lin Yin raised her eyebrows and looked at her. "What else?"

"Miss, the latest model in our shop is especially suitable for you. I meant that those below 20,000 yuan are not suitable for you."

Lin Yin looked at her playfully. "And?"

"Could I bring you to see it?" The salesperson didn't dare to relax her smile at all. Her face was sore from smiling, but she still had to maintain it.

After all, she had just offended this big client who came out of nowhere.

Lin Yin felt disgusted. Back then, she had tried to curry favor with Su Fei like this. Now, she was sticking to her like a plaster and starting to curry favor with her.

"Then let's go take a look." Lin Yin stepped into the shop again.

When they entered the shop, there were several salespeople. Although Lin Yin was dressed shabbily, her perfect face did not need any decorations. Even ordinary clothes could not hide her beauty. They did not dare to neglect her at all.

She placed her slender fingers on the glass counter and knocked on it gently. Lin Yin leisurely chose a diamond necklace and brooch, her movements filled with natural confidence.

The other salesperson was quick to react. She came up to her with a smile and said, "Miss, let me help you bring it over."

"Thank you. Bring me the most expensive items on this counter."

When the salesperson at the door heard this, she was afraid that her client would be snatched away by someone else. She screamed, "Let me take it! This VIP is my client!"

Lin Yin looked at her and smiled. "Don't touch my things with your dirty hands."

The salesperson was stunned. She watched in disappointment as this big order slipped away in front of her eyes and became someone else's order. She was angry and anxious, but she could not flare up. She was so angry that she almost fainted.

When the salesperson took Lin Yin's card to settle the bill. Lin Yin could even hear her uncontrollable cries.

It was just a small lesson. Why was her cry so piercing?

Lin Yin did not analyze what she had chosen and directly paid the bill. The surrounding customers and salespeople looked at this strange customer who was dressed shabbily but was generous.

Perhaps she was some female celebrity that was used to being free and unrestrained. On a whim, she came shopping in her costume after filming. She did not bring her assistant and manager with her. She was really an easygoing person. The salesperson thought to herself as she packed.

Lin Yin strolled around this famous business center and changed out of her cheap clothes. At this moment, she was wearing a red and black dress. It was not overly decorated, but it complemented her beauty perfectly.

At this moment, she seemed to have been reborn.

This was the real her. She was confident and beautiful. Her eyes shone with a firm and confident light that matched her beautiful appearance.

She was not the weak, pitiful Lin Yin from her previous life who did not dare to have any desire for this world.

The people who passed by Lin Yin couldn't help but look at her a few more times. A couple passed in front of her and the guy glanced at her a few times. Lin Yin heard a loud sound. The girlfriend was probably punishing her boyfriend for being distracted.

Although Lin Yin had bought a lot of things, she only held the new bag she had just bought. The rest would be sent to her home.

After walking out of the Shenghua Building, before Lin Yin could react, a dog held by an exquisitely dressed woman bumped into her.

The woman had no intention of apologizing and was about to leave with the dog.

"You want to leave after bumping into someone?" Lin Yin stopped her. "Apologize to me."

The woman turned around and looked at her in disbelief. She replied bluntly, "You're not injured. Why should I apologize?"

Lin Yin walked up to her and sized her up before slapping her.

This sound seemed to be even louder than what she had just heard.

"You hit me? What right do you have to hit me?" The woman covered her face in shock, her face burning.

Lin Yin didn't answer and only smiled coldly.

Enemies were bound to meet on a narrow road. The salesperson she had met just now was just a small fry. Lin Yin did not care at all.

She was definitely related to the Su Family.
