

WHO IS THE REAL DAUGHTER: MISS LIN TAKES NO NONSENSE AFTER HER REBIRTH

Chapter 2: Life Isn't Worth It

"I did eat the poison myself. I thought you were doing this for my own good. There's a slow-acting poison in the supplements you give me every day. I've been eating it for seven to eight years. You might as well kill me!"

She thought that she would not hurt anymore, but at this moment, pain and helplessness still swept over her like a storm.

She knew that she had been schemed against and humiliated, she knew that she had been poisoned and harmed, but her biological parents were still so cold. Standing in the crowd, their gaze looked like they wanted to kill her a thousand times.

Lin Yin thought of her mother in the slums. Although she was mentally ill and had very little time where she was awake, her mother would still carefully protect her. She would save money to buy her a school bag that everyone else had and repair her old shirt until there were no visible patches. However, she died early. The young Lin Yin did not enjoy a few years of maternal love and grew up like a weed. Her precious childhood memories gave her a moment of warmth.

"Mom, I can see you soon."

Lin Yin's indifferent expression softened and she revealed a warm smile. It had been a long time since she felt so happy.

"She's lying!"

"She's still laughing! She's a jinx! Look at what she did to Su Fei's wedding?!"

"Lin Yin, you lying scum!"

Lin Yin opened her eyes, her beautiful eyes filled with anger. After being a yes-man in the Su Family for so many years, this was the first time she looked at her biological parents like this. She walked forward step by step. Su Zhen was forced into the corner by her. Chu Yun grabbed his sleeve nervously, his expensive suit was almost torn.

"Do you know that I'm your biological daughter or not? I've suffered in the slums for many years. Have you ever looked for me? When Su Fei fell sick at the age of six, you knew that she wasn't your biological daughter. Have you ever looked for me?"

“We brought you over and raised you for so many years. We didn’t let you down!” Su Zhen snapped fiercely.

“I just want a little light. Just a little. Why are you so cruel to me?”

“I didn’t ask for anything. I just want a little love.”

“Do you think of me as your family? I’m just a nanny, a servant...”

“When you guys came to pick me up, I was really happy. I was so happy that I couldn’t sleep all night. I finally have someone to love me.”

“But why are you giving me hope? Why do you suddenly want to look for me?”

“My life is not worth it. It’s really not worth it. It’s dirtying your eyes.”

She was barely breathing, but her voice resounded throughout the hall, making everyone fall silent. The cleaning lady standing at the side pitied this poor girl and looked at the Su Family with disdain.

There was no longer any emotion in Lin Yin’s voice. She was making a statement, not wagging her tail and begging, but this version of her made one’s heart ache even more.

“Are you done fooling around? You’ve already angered Grandpa to death. Do you still want to anger Dad to death?” Su Fei finally found the right line.

The corners of Lin Yin’s lips twitched. She was doing it again. She really loved acting.

“Ah Yin, I’m begging you. Don’t provoke Dad on purpose anymore. Come at me. You’re dissatisfied with me. Tell me. Don’t embarrass the entire family on purpose on such an occasion.” There was a gentleness in Su Fei’s voice that was unique to the daughter of a rich family, making her words more convincing. Public opinion began to lean towards the gentle and understanding Su Fei.

“That’s right. It was this Lin Yin who angered Old Master Su the last time! She doesn’t know what’s good for her!” A voice came from the crowd.

It didn’t matter anymore. Nothing mattered anymore. Who were they? Who were they to judge? Lin Yin wouldn’t cause any more trouble.

Lin Yin turned her head slightly and smiled. “What else?”

“I beg you to treat Mom and Dad better. No matter how much you hate me, even if you snatch Brother Chao away, I won’t say anything. Really, I beg you.” Su Fei’s voice became even more sincere. Lin Yin’s heinous persona stood tall again.

Lin Yin smiled and listened to her. She turned around and prepared to leave the hotel. She didn't want to see the Su Family again. She was born into the Su Family, but other than being related by blood, she had nothing to do with them.

She had lived in the slums before. She was dirty and despicable. Even if she was their biological daughter, she was still pressed into the mud and could never get up.

Even people as noble as them would give birth to beasts.

"What are you going to do?!" Zheng Chao seemed to be still deeply in the anger of being coveted. He tried to stop the culprit from leaving so that he could cut ties with her.

Having been in the slums for many years, it was difficult for her to survive without being ruthless. Lin Yin turned around, pulled off the heel on her arm, and pierced it into Zheng Chao's thigh. Zheng Chao instantly let out a piercing scream like a frightened chick.

Lin Yin glanced at the owner of the heel. "Your shoe isn't dirty anymore. I washed it clean with the blood of a noble."

"Security, come and arrest this lunatic!" Chu Yun pointed at Lin Yin and shouted for security.

"I'm a lunatic. I'm just like my mother from the slums. Hahaha..." Lin Yin laughed loudly. "Even if she's a lunatic, she's thousands of times better than you!"

"You're really crazy!" The Zheng Family also screamed, "In-law, are you just going to watch your crazy daughter kill my only son?!"
