

Real Daughter 201

Chapter 201: Investigating the Past

Lin Yin did not expect that the simple act of wanting to confirm her birth would be related to Mu Ran's assassination.

"Then what did you find? Did Zhou Li instruct Zhou Wei to assassinate you?" Lin Yin asked curiously.

On the other end of the line, Mu Ran snorted softly and said angrily, "There's no direct evidence to prove that Zhou Li ordered it, but after listening to Second Brother's analysis, I think it's very likely that Zhou Li hated my father for snatching away the person he liked, so he found someone to take revenge on me. I never expected that one day, I would be the one to repay my father's love debt."

Lin Yin couldn't help but laugh when she heard Mu Ran's aggrieved tone. "A son pays his father's debt. It seems like Brother Mu Ran, you're very important to your father."

"Hmph, who cares?" Although Mu Ran said that, Lin Yin could tell from Mu Ran's voice that he was in an extremely good mood.

After hanging up on Mu Ran, Lin Yin picked up the photo of Chu Yun with a solemn expression.

Now, it could completely prove that she was not a child of the Su Family.

Moreover, from Chu Yun's behavior, it was obvious that Chu Yun knew about this very well. She was even very afraid that Su Zhen would know about this. Did that mean that Su Zhen did not know that she was not his biological daughter?

Since Chu Yun knew that she was not his biological daughter, why did she have to fake the paternity test and bring her back?

Lin Yin thought about it and couldn't think of a reason.

Unable to figure it out, Lin Yin got up and went downstairs to get some water. She bumped into Aunt Li, who had also gotten up.

“Miss, are you hungry? I’ll cook you some supper. What do you want to eat?” Mom Li said as she yawned.

Lin Yin glanced upstairs. Su Fei was not back yet. In the past two days, Su Zhen had the intention of letting Su Fei interact more with Jiang Nian, so he let Su Fei return late.

Lin Yin smiled mockingly. Jiang Nian’s family background was not bad, but his reputation in private was not very good. She did not believe that Su Zhen had not heard anything about this.

It seemed that as long as it involved the Su Family’s interests and face, even the daughter he had brought up by his side for more than ten years was insignificant.

“Aunt Li, I can’t sleep. Talk to me. I want to know more about my family,” Lin Yin said to Aunt Li.

Aunt Li did not expect Lin Yin to talk to her about her family. After being stunned for a moment, she felt pity for Lin Yin. After wandering outside for more than ten years, it was understandable that she wanted to fight for kinship by understanding her family.

Aunt Li nodded, her eyes curved gently. She smiled and said, “Miss, I’ll tell you whatever you want to know.”

After Lin Yin asked a few questions about Chu Yun and Su Zhen’s hobbies, she discreetly changed the topic and asked, “How did my parents find out that Su Fei wasn’t their biological daughter? How did they find out that they brought back the wrong child?”

Aunt Li blurted out, “Because of the college entrance examination’s physical examination, Second Miss’s school found out that her blood type was O-type, and Sir and Madam were both AB-type, so Madam felt that something was wrong. As soon as she went to do the test, she realized that Second Miss’s blood type didn’t match the two of them. Just like that, she realized that they brought back the wrong child.”

“Did Mom discover that Su Fei wasn’t her biological daughter first? Su Fei and Mom and Dad both did a DNA test, right?” Lin Yin asked.

“That’s right. At that time, Madam was very anxious. After the paternity test was done, she was sad for a long time and got someone to investigate everywhere. In the end, Madam found you, Miss,” Mom Li said sincerely.

Lin Yin looked at Mom Li’s expression and did not seem to be lying. However, such a proactive Chu Yun made Lin Yin feel that something was wrong. She even felt that Chu Yun was planning something.

Lin Yin frowned. If she was not Su Zhen and Chu Yun’s biological daughter, then Su Fei was not Su Zhen and Chu Yun’s biological daughter either. Then where did the real eldest daughter of the Su Family go?

Why didn’t Chu Yun bring the real eldest daughter of the Su Family back? Instead, she brought back a person who was not related to her by blood?

Lin Yin thought about it and finally had two guesses.

One was that Chu Yun had an affair and gave birth to Su Fei, who was not of Su Zhen’s bloodline. Then, she realized that she could not hide it from Su Zhen, so she took the initiative and pretended that they brought back the wrong child. She casually found a child of the same age and tampered with the paternity test. This could explain why Chu Yun took the initiative to do the test and look for the child.

The other was that Chu Yun had not given birth at all back then. Or perhaps the child died the moment it was born.. In order to enter the Su Family, she faked her pregnancy and brought back an unrelated child to raise?

Chapter 202: Jiang Family Engagement

“Aunt Li, do you remember when my mother gave birth back then?” Lin Yin continued to ask.

Aunt Li frowned and pondered for a while before saying, “I remember that Madam’s condition wasn’t good at that time. She had to recuperate in the hospital for a few months and only returned after giving birth. At that time, I had to stay at home to take care of Sir’s meals and life. There was someone specially taking care of Madam, so I didn’t pay much attention.”

Aunt Li's words made Lin Yin feel that both her guesses were possible.

She had been in the hospital for so long. Perhaps she really wasn't pregnant, so she casually brought a child back. It was also possible that she really gave birth and sent it to her lover to be raised. Then, she carried one back. This also explained why she didn't bring her biological child back.

Could Chu Yun's lover be the Zhou Li in the photo?

If it was, it would be exciting. It would be another melodramatic love triangle.

Lin Yin continued to chat with Aunt Li before getting up and returning to her room.

The next day, Su Zhen talked to Su Fei, who had returned late last night, about the engagement with the Jiang Family.

"Feifei, I see that you've been getting along well with Jiang Nian recently. I plan to discuss it with your Uncle Jiang in two days and get the two of you engaged first," Su Zhen said to Su Fei with a smile.

Su Lin, who had finally returned home, heard Su Zhen's words and the chopsticks in his hand landing on the marble dining table, attracting the attention of the surrounding people.

The corners of Lin Yin's lips curled up. His sweetheart was going to be with someone else. Su Lin still did not hide his thoughts.

As expected, when Su Zhen saw Su Lin's expression, he frowned so much that his wrinkles could kill a fly. Before he could speak, Su Lin hurriedly said, "Dad, I disagree."

Su Lin's expression instantly darkened. With a bang, he slammed his chopsticks on the table and said unhappily, "Parents make the decision for their children's marriage. What right do you have to disagree?! I asked you to come back today to inform you, not to seek your opinion."

Su Fei quickly persuaded him gently, "Dad, don't be angry. Brother was just afraid that Jiang Nian wouldn't treat me well, so he was anxious. After all, I'm his sister. As my brother, it's inevitable that he'll be worried."

Hearing Su Fei's words, Su Zhen's anger subsided slightly, but his voice was still low as he said, "It's good that you know you're siblings. As an older brother, you have to pay attention to your words and actions. As a younger sister, you have to pay attention to your limits."

Su Zhen's words were already very rude, scaring Su Fei so much that she felt uneasy.

It was not that she had not heard of the rumors.

But now, Dad's heart was already on Lin Yin's side, and Mom's attitude towards Lin Yin had changed in the past two days. She might soon stand by Lin Yin's side like Dad.

Therefore, Su Fei knew that she could only rely on Su Lin in the Su Family now.

In the past, Su Lin doted on her. She had always thought that it was because they were siblings. However, after knowing that she was adopted, her brother's actions became even more ambiguous. Only then did she suddenly realize that Su Lin had feelings for her.

Life without the Su Family as her backing was too difficult. Therefore, even though she knew that Su Lin was interested in her, she did not avoid him. She even teased him intentionally or unintentionally, wanting Su Lin to protect her.

Only by relying on the Su Family could she find a good husband and continue to live such a rich life.

Su Fei's eyes moved quickly as she said to Su Lin, "Brother, I know you're worried about me, but Dad also loves me, so I believe that the Jiang Family that Dad chose for me has definitely been carefully considered. They won't harm me. Brother, don't be angry with Dad because of me. Dad has always valued

you. You have to understand Dad."

Su Lin wanted to say something, but Su Fei's pitiful pleading stopped him.

On the other hand, when Su Zhen heard Su Fei's words, he felt a little better. He turned to look at Su Lin and said, "Learn from your sister and understand my painstaking efforts towards you. How can I harm you?"

Chu Yun, who was at the side, held Su Fei's hand with a pitiful expression and said, "My Feifei has always been considerate. Your actions and the way you deal with things are like your father's and mine. It's not in vain that your father and

I taught you for so many years."

Chu Yun looked at Su Fei with satisfaction and stroked her head lovingly..

Chapter 203: Biological Son

In Chu Yun's opinion, the Jiang Family was a good family. If Su Fei married over, she could live comfortably and have no worries about food and clothing for the rest of her life.

Moreover, she heard that Jiang Nian's appearance was considered dignified. He was about the same age and had a healthy body. He was much stronger than the crippled Zheng Chao from the Zheng Family.

Su Fei and her parents were happy, but Su Lin was still in a low mood.

Su Lin was indignant. His family did not understand Jiang Nian's character but how could he not?

After working with Jiang Nian for a while, he had long seen Jiang Nian's character clearly. He was a playboy who could stay in various clubhouses and hotels 28 days a month.

If Jiang Nian's father did not request for him to be home two days a month, Jiang Nian would probably be out every single night.

Thinking of how Su Fei was going to marry Jiang Nian, who was under the skirt of all kinds of escort girls. Su Lin felt so uncomfortable that his heart was about to burst.

Su Lin looked up at Su Fei, who was smiling like a flower, with a sad expression. His innocent and pure sister would be bullied by a libertine like Jiang Nian. His heart ached like a knife.

This was not right. Su Fei should have stayed in his arms for the rest of her life like she did when she was young.

Lin Yin ate her food silently. Occasionally, she would look up to admire Su Lin's painful and struggling expression. While she was happy, she also felt like it increased her appetite.

After dinner, Su Lin followed Su Zhen to the study and said directly, "Dad, that kid Jiang Nian is not it. He's a playboy. Feifei will definitely suffer if she goes over."

Su Zhen's good mood from being coaxed by Su Fei was instantly ruined by Su Lin.

Su Lin said sternly, "Which young master of a large family isn't like this? Su Lin, if you continue to pester me, don't blame me for sending Su Fei out. When the time comes, she won't even be able to be someone's proper wife. The other party might even be an old man in his seventies or eighties."

"Dad! How can you be so overboard?!" Su Lin's voice suddenly rose.

Su Lin did not expect Su Zhen to treat Su Fei like this. Could it be that Su Fei was treated like this just because she was adopted?

If that was the case, would he one day be abandoned by Su Zhen? After all, he was also adopted.

"I'm overboard? No matter how overboard I am, it's still for you!" Su Zhen roared angrily.

He had worked hard to pave the way for Su Lin. He did not expect Su Lin to disobey him and scold him for an adopted daughter.

Su Lin suddenly smiled desolately. "For me? Hahaha! You make it sound so nice. Isn't it for Lin Yin? For your biological daughter, Lin Yin, that's why you treat Feifei like this."

Su Lin ignored Su Zhen's gradually red eyes and said without a care, "Is it because Feifei isn't your biological daughter that you sold Feifei in exchange for business benefits? Your kinship is so thin that I'm beginning to wonder if you'll push me, your biological son, out to exchange for benefits one day?"

"Shut up! What nonsense are you talking about? I'm your father! You're simply presumptuous!" Su Zhen was so angry that his face was ferocious. He gritted his teeth and suppressed a furious voice from his chest.

"Father? You can even sell the daughter you've raised for more than ten years. You have the cheek to say the word father?" Su Lin's tone was still indignant.

Su Zhen suppressed the anger in his heart and said word by word, "Su Lin, you've simply lost your mind for a woman. You're my biological son. Why do you have to compare yourself to an adopted daughter?"

After all, he was his biological son. In the end, Su Zhen calmed down slightly and said earnestly, "Little Lin, you have to know that no matter what decision I make now, it's for your own good. You're the only man in our Su Family and the future heir of the Su Family. Be it Lin Yin or Su Fei, they're both ladders that I'm about to give away to seek benefits for you."

Su Lin's heart skipped a beat. He did not expect his father to not even let go of his biological daughter, Lin Yin, just to pave the way for him.

Su Lin's emotions began to ease, but his expression still could not bear to say,

"I won't say a word even if Lin Yin dies. But Feifei, I..."

Su Zhen interrupted Su Lin and said, "It's just a woman. Why aren't you thinking clearly? When you lead the Su Family to become stronger, you can have any woman you want. If you want ten women who look exactly like Xiao Fei. There will be many women outside who have plastic surgery lined up for you to choose from.."

Chapter 204: Marriage Meeting

Su Lin clenched his fists tightly and did not say anything in the end.

Lin Yin, who was carrying fruits outside the house, smiled. Then, she turned around and went downstairs to put the fruits back in the kitchen.

Aunt Li asked curiously, "Aren't Sir and the others eating?"

Lin Yin shook her head and said, "It's too noisy. I don't dare to go up."

Then, Lin Yin returned to her room. As soon as she closed the door, a sinister and bloody smile instantly appeared on her face.

If he wanted her to become a ladder for the Su Family, he would have to see if Su Zhen had the ability.

The next day, Jiang Hui brought Jiang Nian to the Su Family. The two families talked about Su Fei and Jiang Nian's engagement.

Su Fei was like a shy beauty. She sat on the side of the sofa and occasionally glared at Jiang Nian, who was always flirting with her secretly.

Lin Yin looked at the motionless and calm Su Lin with a smile and thought to herself, He's indeed Su Zhen's son. With benefits, he doesn't even want his beloved Su Fei anymore. This is probably the so-called genetic inheritance, right?

The Su Family and the Jiang Family chatted happily. Both sides planned to hold a simple engagement ceremony. The two families would have a meal and the news would be released to let everyone know that the two families were engaged.

At the end of the day, it was still a matter of distributing the benefits of their recent collaboration, so they planned the engagement just like that.

When Su Fei found out that her engagement party was so perfunctory and shabby, she instantly felt uncomfortable and looked at Chu Yun with an aggrieved expression.

Chu Yun also felt that it was inappropriate. The dignified Miss Su had such a shabby engagement banquet. If word got out, how could she face others in the future?

Chu Yun smiled and quickly said, "No matter what, our Jiang Family is a reputable family. It's embarrassing to smooth it over so shabbily, right? Why don't we postpone it for a while? Let's prepare well and get it done."

Mrs. Jiang was not very satisfied with Su Fei, a second-hand good who had been rejected. She said in a sarcastic tone, "Mrs. Su, it's fine for girls to get one grand engagement. It's inevitable that she'll embarrass herself if she gets another one. This is what makes people laugh at her. What do you think?"

Mrs. Jiang's words hit Su Fei's face like a physical blow. Su Fei instantly felt a burning pain on her face. Everyone present naturally knew that Su Fei and Zheng Chao had broken off their engagement. Instantly, the entire room was silent.

Su Fei looked at Su Lin with slightly red eyes, wanting Su Lin to stand up for her. Wasn't this usually the case?

However, Su Lin did not look up. It was as if he did not hear Mrs. Jiang at all.

Su Fei was anxious. The gazes of everyone present made her extremely embarrassed. She needed someone to block these mocking gazes for her.

Chu Yun's heart ached for her daughter and she said angrily, "Young Master Jiang is not inferior either. I heard that he broke off an engagement before. They're about the same. It's meaningless for Mrs. Jiang to say this."

Chu Yun's words instantly displeased Mrs. Jiang. "How can girls be compared to boys? A girl's reputation is the most important. We're doing this for Su Fei's sake, so we want it to be simple to prevent Su Fei from being pointed at. Mrs. Su, you're ignoring our painstaking efforts."

Chu Yun also knew this, but holding an engagement banquet secretly like this was too unfair to her daughter.

She wanted a grand engagement banquet to let everyone know that her daughter was outstanding and worthy of more outstanding people fighting for her.

Jiang Hui, who was at the side, tried to smooth things over. "What are you talking about? Society is so open-minded now. Why are you so close-minded?"

Hurry up and move to the back."

As his in-law, how could Jiang Hui not know about Su Fei? It was just that the two families were colluding for benefits, and his son liked Su Fei, so he had no objections.

Su Zhen, who was beside her, also hid the embarrassment in his eyes and smiled. "Young people are different from the older generation. It's time for us to develop with the time. I think it's good to do it simply. As long as the two children love each other, it's better than anything else. Everything else is just a formality. Isn't that right, President Jiang?"

Jiang Hui smiled and replied, "Of course. Feelings are the most important."

Seeing that they had warmed up, Su Fei could only force a smile. Like a robot, she smiled with everyone.

After everyone dispersed, Su Fei followed Su Lin out.

Seeing that Su Lin was about to drive away, Su Fei immediately opened the car door and got in..

Chapter 205: The Warmth Of The Past

Before Su Lin could speak, Su Fei started crying. She said aggrievedly, "Brother are you ignoring me because I'm getting engaged to someone else?"

Su Lin looked at Su Fei's teary eyes and his heart instantly softened. After all, this was the sister he had doted on for more than ten years. She was the girl he loved. He really could not bear to part with her.

However, no matter how reluctant he was, there was nothing he could do. Just as his father had said, he did not have the ability. Even if he stopped him, Su Fei would still get married in the end. Besides, wasn't Su Fei quite satisfied with Jiang Nian?

When the discussion about marriage just started, he had seen Su Fei and Jiang Nian exchanging glances. Therefore, he did not want to look up at this dazzling scene.

However, when he heard Su Fei's soft cry like a kitten, he still felt pity for her.

Su Lin reached out and wiped the tears off Su Fei's face. He said gently, "Nonsense. How can Brother ignore Feifei? Brother will always be by Feifei's side, loving and doting on her. How can he bear to ignore Feifei?"

Su Fei scoffed at Su Lin's words in her heart. He said it nicely, but when she was mocked just now, Su Lin did not come out to protect her like before.

Su Fei hated Su Lin for his inaction just now, but she still cried on the surface and inadvertently fell on Su Lin, who was in the driver's seat.

When Su Lin saw Su Fei crying uncontrollably, he naturally coaxed her nicely for a while. His soul was about to be snatched by such a delicate Su Fei.

"Alright, don't cry anymore. It's my fault. I apologize to you. I deserve to be hit." Su Lin said. In order to coax Su Fei, he really slapped himself.

Su Fei quickly stood up and grabbed Su Lin's hand. She looked at Su Lin's face with heartache and said, "Brother, don't be like this. My heart aches for you."

As she spoke, Su Fei leaned closer to Su Lin's face and frowned, her heart aching. "Does it hurt? Brother, I'll blow on it."

Looking at Su Fei, who cared about him, Su Lin's heart softened. He secretly hated his inaction and incompetence.

Lin Yin, who had just left, looked at the two of them in the car with a smile. Then, she knocked on the window evilly, scaring the two people inside so much that their hands and feet turned cold.

Lin Yin turned to the front and raised her eyebrows at the two of them before leaving elegantly. Su Lin was so angry that he gritted his teeth and wished he could tear Lin Yin into pieces.

Su Fei gently held Su Lin's fist and said gently, "Brother, don't be rash. After all, Sister is the biological daughter of the Su Family. If you provoke her like this and Dad punishes you, I'll be worried about you."

Hearing this, Su Lin doted on Su Fei even more. She was clearly the one who was the most aggrieved, but she was always worried about him. How could he not love such a Su Fei?

Hence, Su Lin gritted his teeth at Lin Yin even more, His tone was filled with disdain as he said, "There's no need to be afraid of that lowly thing from the slums. Feifei you just have to remember that I will always protect you. Even if it's Lin Yin, I can still protect you,"

Su Fei nodded obediently at Su Lin. Fortunately, she still held Su Lin back.

Lin Yin took the car to the opposite side of the slum where she had once lived and looked at a dilapidated house in the slums.

Although the past days were cruel and dark, there were always one or two different lights that warmed one's heart,

Lin Yin watched for a while before arriving at Shenglin Bay, When Lu Yan saw Lin Yin arrive, she couldn't hide the smile on her face. "Why are you so late today?"

Lin Yin let Lu Yan hold her arm and smiled, "Su Fei is discussing marriage with the Jiang Family today, I'll stay and watch for a while."

Lu Yan looked surprised. "A marriage proposal? So early? She hasn't graduated from high school yet."

Lin Yin sneered. If not for the fact that she was young, with Su Zhen's personality, he would have sold Su Fei for a good price if he met a good buyer.

"Don't care about others. We have to continue working hard today. The countdown for the college entrance examination is starting." Lin Yin pulled Lu

Yan into the study.

Lu Yan had a bitter expression, but she still obediently followed Lin Yin.

Soon, it was Su Fei's engagement banquet. Lin Yin did not expect that when the Jiang family said simple, they really meant simple. It was smaller than small ordinary banquets. There were probably only about ten tables.

After the entire engagement banquet, Su Fei's expression was filled with a forced smile, like a bride that was forced. This made Lin Yin happy..

Chapter 206: Goddess of Stocks

Lin Yin was hiding in the corner when a figure suddenly appeared in Lin Yin's line of sight. Her eyes changed from cold and light to sinister.

Chu Ning, Brother Chu Yun's daughter, her good cousin.

In her previous life, Chu Ning was a really nice cousin. Every time Lin Yin was bullied, Chu Ning would always help her out, touching Lin Yin in her previous life. She thought that she had finally met someone who treated her well.

In the end, because of Chu Ning, Lin Yin lost an important person.

She did not expect that because of Su Fei's engagement, she would meet someone earlier than she did in her previous life.

As if sensing Lin Yin's gaze, Chu Ning turned around and saw her. Then, she smiled and walked towards Lin Yin.

Chu Ning said in a bright voice, "You must be Cousin Lin Yin, right? I'm your cousin, Chu Ning. I was still overseas for your birthday banquet the last time and didn't have time to attend. However, I heard that you're very good-looking. I'm finally able to see you today. You really look like Aunt. You're good-looking."

Lin Yin swirled the cup in her hand and listened to Chu Ning's obvious nonsense. Her eyes curved into crescents. "You are also a wonderful person. You're very beautiful, especially your hands. They're beautiful."

When Lin Yin said this, her tone was cold, startling Chu Ning.

Especially when Lin Yin looked at her hand, she seemed to want to cut her hand off to admire it.

Chu Ning shook her head and shook off the strange thoughts in her mind. She pulled Lin Yin affectionately and chatted with her.

Lin Yin only listened quietly, thinking that the scene she and Chu Ning met was different, but Chu Ning was still good at talking. She kept talking, just like the first time the two of them met in her previous life.

"I heard that Cousin is very good at stocks?" Lin Yin suddenly said calmly.

Chu Ning, who was originally talking frankly, was slightly stunned. She said with an unnatural expression, "Aiya, there's nothing special about what I'm doing."

Lin Yin curled her lips slightly and was not stingy with her praise. "How can it be nothing special? I just returned and I heard people in the circle talking about Cousin. They said that it's rare for the daughter of a rich family to be so smart. The shares are in your hands and you're obedient. I also heard from those young masters that they should find a girl like Cousin when they get married. You're lucky and is the standard for wealthy families."

Chu Ning asked in surprise, "Really? Then why didn't I hear about it?"

Actually, when Chu Ning first stepped into the financial industry to play with stocks, she wanted to establish the persona of a financial socialite and hook up with some wealthy families. After all, the Chu Family had some money, but this money would not fall on her as a daughter.

Chu Ning had known since she was young that she could not rely on anyone. She could only rely on herself, so she only wanted to earn money and nothing else.

Even if such a financial socialite persona could not attract high-quality children of wealthy families, there would always be some children who muddle-headed or greedy for beauty and honor.

As long as she caught one, the rest of her life would be stable.

Therefore, for the sake of such a persona, she had a few accounts in the market. When one of them rose, she would get someone to secretly spr and she got the title of the goddess of stocks.

It was just that a few years had passed and she had yet to find a man sh satisfied with.

Moreover, she couldn't hold on anymore because she was really short o money.

Lin Yin nodded under Chu Ning's surprised expression and said, "Of cot true. As for why Cousin didn't hear about it, it's because girls are jealous and don't want to discuss this matter. As for men, many of them aren't of Cousin, so they're naturally unwilling to talk to her about this. There Cousin can't hear it."

Chu Ning was pretentious, liked to listen to good words, and liked to be flattered. No matter if it made sense or not, as long as it was praising C Ning, Chu Ning would not suspect anything, so Lin Yin would naturally her.

As expected, when Chu Ning heard Lin Yin's words, the smile on her face widened. She even nodded in agreement.

"But Cousin, I heard that the direction of the stock market can actually be deduced by divination. I happened to know a very powerful Feng Shui master recently and earned some money. I wonder if you're interested? You're so powerful, I think you'll definitely have something to talk about with the Feng Shui master." Lin Yin looked at Chu Ning with a smile.

Chu Ning's eyes flickered. Was there really such a powerful person?

If Lin Yin didn't lie to her, she could give it a try. Anyway, she was already at the end of her rope. It was fine to give it a try..

Chapter 207: Engagement Accident

Moreover, she had heard about using divination to predict the direction of the stock market. Although it was a little fantastical, there were many things in this world that could not be explained, right?

If she could really find a powerful master, she, Chu Ning, would make a comeback.

At the thought of this, Chu Ning cleared her voice and raised her arrogant head slightly. She said with slight contempt, "Actually, I did some research on divination before, but later on, I had other methods, so I put it aside. I don't know how skilled the Feng Shui master you mentioned is. After all, divination is not simple."

Lin Yin pursed her lips of champagne and smiled. "Then he's definitely not as good as you, Cousin. Aiya, tell me, how can I let some lousy Feng Shui masters show off in front of you? Sigh, forget it. Forget it. He doesn't have the opportunity to meet you."

Chu Ning was instantly anxious. She quickly grabbed Lin Yin's hand and said, "You can't say that. Since it's someone Cousin Lin Yin Imows, I still have to give your face. Let me take a look. Coincidentally, I'm free tomorrow. I'll meet the Feng Shui master you mentioned and treat it as your birthday gift."

"Thank you, Cousin. I'll arrange it for you when I get back today." A dazzling smile appeared on Lin Yin's face.

Such a gorgeous smile should be beautiful, but for some reason, Chu Ning felt a chill run down her spine.

Chu Ning avoided Lin Yin's gaze and rubbed her arm slightly, thinking that perhaps it was because the air conditioner was too cold or that she had been a little weak recently.

"Then I'll contact the Feng Shui master now. Cousin Chu Ning, help yourself," Lin Yin said.

Chu Ning nodded repeatedly. Seeing Lin Yin turn around and leave, Chu Ning felt the temperature slowly warm up. She cursed at the crazy air-conditioning system. Then, she smiled brightly and went to find someone to socialize with.

Lin Yin looked back at Chu Ning's back. Her cold face, which had been hidden in the dark, slowly bloomed, like a spider lily blooming on the road to hell. It was extremely dazzling.

Just as Lin Yin came back to her senses, there was a slight commotion in the banquet hall. Everyone was looking for Su Fei.

Lin Yin frowned slightly. She was not at Su Fei's engagement party. Where was she? Could she be with Su Lin?

Lin Yin's thoughts were extremely accurate. At this moment, Su Fei was leaning against Su Lin and crying until she was out of breath.

"Brother, although I think that the second engagement should indeed be simpler, I still feel aggrieved," Su Fei cried.

Su Lin comforted his sister with a heartache, "It's fine. On the day of your wedding, I'll hold the biggest wedding for you, the kind that all the girls are envious of. Alright, be good. It won't be good if your eyes swell from crying like this."

Su Fei nodded obediently. She was just here to gain her brother's pity. She still knew what day it was today.

Su Lin looked at Su Fei, whose face was red from crying, and felt a sense of temptation. His blood surged, and he leaned forward, wanting to plant a kiss on Su Fei's lips.

Just as Su Lin's lips landed on Su Fei's raised lips, the wall beside him suddenly collapsed.

Hence, the scene of Su Lin hugging and kissing Su Fei appeared in front of all the guests.

"What are you doing?" Jiang Nian roared angrily.

At this moment, Jiang Nian felt like he had been made a cuckold. On such an occasion, he, Jiang Nian, had lost all his face and the Jiang Family's face.

Su Fei pushed Su Lin away in a panic and explained anxiously, "I'm getting engaged today and I'm a little nervous. My brother is just comforting me."

Su Fei's words made the guests laugh.

"Comfort? Is this how an older brother comforts a younger sister? Which older brother comforts a younger sister with a kiss?"

"Aiyo, if I didn't know better, I would have thought that Young Master Jiang took her by force and that the bride had a hard life meeting her lover!"

"This is the second time you're getting engaged. Why are you still nervous? Find a better reason next time."

Jiang Nian was so angry that his fists hardened. Jiang Hui said angrily to the gloomy Su Zhen, "Su Zhen, is this the good pair of children raised by your Su Family? Huh? Hmph! Our Jiang Family can't match up to this marriage. Let's

Jiang Hui turned around and left. Mrs. Jiang grabbed Jiang Nian, who was so angry that his eyes were red, and left..

Chapter 208: Family Law

The departure of the three members of the Jiang Family did not stop the surrounding guests from whispering and mocking. Su Zhen felt that he was in a fit of anger, burning his eyes red.

At this moment, the face of the Su Family was completely ruined by Su Fei, this shameless little b*stard. The cooperation he had painstakingly begged for was also ruined by these two shameless children.

Su Zhen took two steps forward and slapped Su Fei's face.

Caught off guard, Su Fei fell to the ground. Blood seeped out of the corner of her mouth, her face was red and swollen, and her ears were buzzing.

Su Lin was shocked. He quickly squatted down to help Su Fei up and shouted at

Su Zhen, "Dad! I took the initiative in this matter. It has nothing to do with Feifei. If you want to hit someone, hit me."

Su Zhen did not expect that Su Lin would still protect Su Fei, this little b*stard. This made Su Zhen lose his rationality from anger and he asked the bodyguards to tie the two of them up and bring them back to the Su Family.

As soon as they returned to the Su Family, Su Zhen took out the family law. A fierce black whip lashed out at the two people on the ground. Amidst miserable cries, the two of them were soon covered in blood.

Especially Su Fei. The entire back of her clothes had been torn, and even her breathing had weakened.

Chu Yun cried her heart out at the side. She even tried to snatch the whip from Su Zhen's hand. After she failed, she lay on Su Fei.

Even so, Su Zhen did not soften at all. He even blamed Chu Yun. "Su Fei is like this because you've spoiled her. You've embarrassed our Su Family."

Lin Yin stood on the second floor and looked coldly at the scene below. This whip had made her suffer a lot in her previous life. Now, she would let Su Fei and the others have a taste of it.

Lin Yin didn't know when this farce ended. She only knew that in the middle of the night, Aunt Li brought the doctor over and they argued until almost dawn before the world quietened down.

On the other hand, the engagement banquet between the Su and Jiang families caused an uproar that night. The relationship between the Su Family's son and adopted daughter became the talk of the town. When people met, they had to ask, "Hey, do you know about the Su Family?"

The next day, when she woke up, the villa was so quiet that it was as if no one existed. Lin Yin called out softly, "Aunt Li?"

Aunt Li, who had been hiding in the dark, quietly came out and whispered beside Lin Yin, "Miss, what do you want to eat? I'll send it to your room."

"Why do I have to eat in my room? Can't I eat in the dining room?" Lin Yin asked with a smile.

Aunt Li glanced upstairs and said in a low voice, "Sir is probably still angry. I'm afraid that if he's in a bad mood, you'll be implicated too."

Lin Yin looked at Aunt Li gratefully with a smile. However, before she could react, Su Zhen's clearly angry voice floated down the stairs. "The family has become like this. As a member of the Su Family, you still have the cheek to smile!"

Yesterday's incident had embarrassed him completely, and the collaboration with the Jiang Family had gone down the drain. Even the Jiang Family was pressuring him to spit out the land in the western suburbs of forest bay, that they had been working on recently.

How could he bear to spit out the fat meat that he had already eaten? Hence, the Jiang Family began to join forces with the other families to surround the Su Family.

Although there was not much of a problem, these troubles were enough to overwrought him. He could not even eat.

However, the moment he came out, he saw that Lin Yin was still smiling. This instantly angered him.

These children were all worrisome. Other people's children were here to repay their kindness, but his children seemed to be here to take revenge. Biological and non-biological children were the same.

When Lin Yin heard Su Zhen's obvious question, she was not angry. She only smiled faintly and said, "Dad, things have already come to this. If you're angry, it'll only take a toll on your health. The most important thing now is to resolve your current predicament, right?"

As Lin Yin spoke, Su Zhen was already standing in the cafeteria. He picked up the water that Mom Li had poured and poured it into his mouth. Then, he sized up Lin Yin. "What's your plan?"

Lin Yin sat opposite Su Zhen and said with a smile, "Dad, doesn't the older generation have a tradition called child brides? Therefore, we can completely lead the matter between Brother and Su Fei in this direction. At the very least, we can pick up the face of our Su Family first.."

Chapter 209: Persuasion

Su Zhen thought about the feasibility of Lin Yin's method.

Lin Yin continued, "It's really inappropriate for such a thing to happen to between a biological son and stepdaughter, but it's understandable for such a thing to happen to a child bride. Why don't we say that because your biological daughter was lost, that's why you treated the adopted child bride as your biological daughter?"

Seeing that Su Zhen had no objections, Lin Yin continued, "Because they had raised her for so long, the Su Family doted on Su Fei to the extreme. Therefore, when Su Fei liked Zheng Chao back then, the Su Family naturally gave Su Fei their biological daughter's engagement. Previously, Su Fei broke off the engagement, so this matter was brought up again. Su Fei and Su Lin were also interacting with each other with their parents' consent to nurture their relationship."

Su Zhen frowned. This was a good idea. At least their Su Family's face was saved a little.

But even so, it could not wash away the fact that Su Fei was ultimately engaged to the Jiang Family.

Su Zhen said in disagreement, "Who doesn't know that the engagement banquet yesterday was a marriage between the Su Family and the Jiang Family? The Jiang Family has also lost all their face. They wanted to kick us out of the project of West Suburbs Forest Bay."

Lin Yin smiled. "That's right. Dad, you said it yourself. The Jiang Family has lost all their face, so I think Jiang Nian must want to take off this cuckold, and the Jiang Family also wants to get rid of the reputation of being played by the

Su Family."

Su Zhen's eyes flashed with confusion as he continued to listen to Lin Yin.

"There weren't many guests here yesterday. There were only about ten tables, and they weren't full yet. Moreover, there were even fewer guests who saw Brother and Su Fei kissing. The engagement venue didn't follow the previous customs of the circle and have engagement flowers of unmarried couples.

There weren't any banners or signs at the event location that said Su Fei and Jiang Nian's engagement banquet, right?" Lin Yin analyzed.

Su Zhen's eyes lit up slightly. That's right. At that time, because the two families were in a hurry to cooperate and it was Su Fei and Jiang Nian's second engagement, all the engagement ceremonies were simple.

Moreover, because Mrs. Jiang was dissatisfied with Su Fei, she did not prepare many things that they should have. If they did not mention anything, no one outside would know who was getting engaged.

“If this engagement banquet is the engagement banquet of the Su Family and the Jiang Family, then the Su Family and the Jiang Family will be embarrassed. What if it’s not an engagement banquet?” Lin Yin’s eyes lit up as she looked at Su Zhen.

Lin Yin saw the calculative look in Su Zhen’s eyes and took the opportunity to say, “Dad, why don’t we cooperate with the Jiang Family and let Su Fei acknowledge Uncle Jiang as her godfather? Yesterday’s banquet was a filiation banquet. Then, isn’t it normal for Jiang Nian to pretend to be angry because his god-sister was snatched away by Su Lin?”

“And it’s even more normal for Brother to kiss Su Fei. Because Su Fei was raised as a child bride and was originally prepared for Brother. What’s wrong with kissing her a few times?” Lin Yin tried her best to explain her opinion in detail.

Su Zhen thought that if the Jiang Family could really cooperate, this would be a very good idea. As for the guests from yesterday, it was not impossible to contact them properly when the time came.

Lin Yin stood up and continued to pour Su Zhen a glass of water. She asked,

“Dad, you’re worried that the Jiang family won’t be willing, right?”

Su Zhen let out a long sigh and nodded. “Since yesterday, the Jiang Family has been targeting the Su Family in all sorts of ways. This is a matter of face. What you said makes sense. You helped the Jiang Family resolve the face problem on the surface, but the Jiang Family knows the truth. I’m afraid they can’t take this lying down. ”

“Then compensate the Jiang Family. Most conflicts in the world can be resolved with benefits.” Lin Yin smiled at Su Zhen’s dilemma.

Lin Yin had originally planned to let the Su Family and the Jiang Family have a marriage alliance so that their interests would be tied together. When something happened to the Jiang Family, the Su Family would be finished.

However, he did not expect that his good plan would be ruined by Su Lin and Su Fei, this adulterous couple who could not stand loneliness.

In this situation, it was obviously impossible for the Jiang Family to have any more dealings with the Su Family, let alone business dealings.

Since that was the case, why don't he change his plan?

When Su Zhen heard the word compensation, his expression darkened. "How? The Jiang Family is insatiable. Once we propose compensation, they will definitely ask for an exorbitant price."

"Dad, didn't we earn a little money from the West Suburb Forest Bay project? Let's get our capital back and compensate the Jiang Family with the money we earned. I think the Jiang Family will consider such sincerity," Lin Yin said.

"Impossible!" Su Zhen rejected.

He had earned a lot from the land in the West Suburbs Forest Bay this time. He was unwilling to give it all to the Jiang Family..

Chapter 210: Child Bride

Lin Yin had long guessed that Su Zhen would have such a reaction. She said unhurriedly, "Dad, I have a reason for saying this. Early this morning, when I was chatting with Lu Yan, I heard some rumors. That piece of land might be in trouble."

Su Zhen's eyes widened. "What trouble?"

Lin Yin frowned slightly. "I'm not very sure about that either. It's just that Lu Yan said that she heard it from her Uncle. She knew that our family had investments, so she told me."

Su Zhen's eyes darkened. Since it was spread by the Lu Family, there was a high chance that it was true.

If there was really a problem with that piece of land in the western suburbs, not only could he resolve his current predicament, but he could also avoid future losses.

However, he thought that with this news, not only could he escape unscathed, but he could also take away the money he had earned during this period of time. It was even because that piece of land was not bad at the moment and could be sold for a good price.

In the end, because of Su Fei's despicable behavior, he had to lose so much money. He was indignant.

Lin Yin caught Su Zhen's expression and sneered in her heart. For someone like Su Zhen, it was indeed a very difficult decision to take money out of his pocket.

"Dad, things have already come to this. The most important thing is to stop the losses in time. Just treat it as if the West Suburb Forest Bay this time is

Brother's trial business. At the very least, we won't lose anything, right?" Lin Yin stood up and said.

Su Zhen finally sighed. "Alright, let's go ahead with this."

Seeing Su Zhen get up, Lin Yin stopped him and said, "Since Su Fei is a child bride, you have to do your best. You have to follow the adoption procedure. It's better for Dad to go through the procedures. In case someone doesn't know in the future and thinks that Brother and Su Fei are biological siblings. At the same time, you have to make a statement. Otherwise, the Su Family will still be dragged down."

"Alright, I'll get someone to do it later," Su Zhen said.

Although he was not very satisfied with this outcome, Su Zhen felt that it was a more acceptable outcome.

The Su Family's reputation was saved in front of everyone. They did not have to continue facing gossip and could also withdraw from the West Suburb Forest Bay project.

Su Zhen looked at Lin Yin with a gentle expression. Having such a smart daughter warmed his heart.

If Su Lin was as smart as Lin Yin, he would not have to work so hard and be mentally and physically exhausted.

"You haven't had breakfast, right? Aunt Li, hurry up and prepare breakfast for her," Su Zhen said to Lin Yin warmly before shouting for Aunt Li.

When Aunt Li, who had been hiding in the kitchen, heard Su Zhen's voice, she quickly served breakfast to Lin Yin and Su Zhen.

"Come, eat more. Hang around with the Lu Family more in the future. If you hear anything fun, talk to Daddy about it when you come back, understand?" Su Zhen smiled and picked up a small bun for Lin Yin.

Lin Yin looked at the buns in the bowl and replied with a smile, "Okay, I understand, Dad. I suddenly remembered that it's almost time for me to go out with Lu Yan. I won't eat breakfast. I'll go to Lu Yan's house to eat with Lu Yan."

Hearing that Lin Yin was going to the Lu Family, Su Zhen smiled until wrinkles appeared on his face. "Okay, okay, okay. I'll get the chauffeur to send you there."

Su Zhen's actions were extremely fast. In the morning, he reached an agreement with the Jiang Family.

The Su Family compensated the Jiang Family with all the profits from the West Suburb Forest Bay project. At the same time, they accepted the Jiang Family's punishment and withdrew from the West Suburb Forest Bay project.

Su Fei's adoption procedures were completed in the afternoon.

The Jiang Family was one step ahead of the Su Family. In the evening, they made a statement, indicating that yesterday was not Su Fei and Jiang Nian's engagement party, but the Jiang Family's acknowledgment of Su Fei as their goddaughter.

The Su Family released a statement right on the heels of that. Su Fei had been raised like a child bride since she was young. It was just that later on, their

relationship deepened and they couldn't find their biological daughter, so the

Su Family treated Su Fei as their biological daughter. Coincidentally, Su Fei and Zheng Chao fell in love, so the Su Family gave Su Fei the engagement that originally belonged to their biological daughter.

In order to break the rumors of discord between the Su Family and the Jiang Family, Su Zhen and Jiang Hui even attended a banquet that night. During this time, the two of them had a smile on their faces, as if everything was as they had said.

A curious person went forward and smiled. "President Su, you hid it well. When the real and fake daughter incident was exposed, you didn't say anything about this child bride."

Jiang Hui looked at Su Zhen as if he was watching a good show.

Even though he had received Su Zhen's monetary compensation, Jiang Hui still gritted his teeth in hatred. Just because outsiders did not know did not mean that the Su Family did not fool the Jiang Family..
