

Real Daughter 241

Chapter 241: Unconscious

Lin Yin stood up almost instantly and rushed towards the small door crazily. She did not even stop when her arm was cut.

Sun Biao followed closely behind and dealt with the person who had injured Lin Yin.

The moment Lin Yin pushed open the door, the strong smell of blood filled everyone's noses.

The small figure was hanging not far from the ground, swaying slightly.

The intertwined blood gathered into a stream and flowed into a pool of blood along the boy's toes that were barely touching the ground, pouring into a small puddle.

Long Ming, Sun Biao, and the others who entered were also shocked by the scene in front of them. They were filled with frustration. Why were they late?

Lin Yin rushed forward and used her knife to cut the rope that bound Dong Dong. She did not have any expression, but her eyes were red.

It was only when her fragile body fell into Lin Yin's arms that Lin Yin said in a trembling voice, "Dongdong, Sister Yinyin is here to look for you. Don't be afraid. I'll bring you to the hospital."

The medical staff following behind hurriedly went forward to check on Dong Dong, but they quickly shook their heads.

Lin Yin didn't care what the medical staff was doing and just cut the rope that bound Dong Dong's wrist.

When the rope left Dong Dong's thin wrist, everyone present gasped.

Her wrist was dripping with blood. Amidst the badly mangled flesh were ghastly white bones.

The rope dug through the flesh and revealed the bones!

The medical staff packed their things and was about to get up to bandage Lin Yin.

However, Lin Yin stopped them. “Why are you getting up? You’re doctors! Hurry up and save him! I asked you to save him!”

The medical staff said with a troubled expression, “I’m sorry, I’m sorry for your loss!”

“Are you kidding me? You haven’t started saving him yet? Sorry for my loss? He’ll wake up if you save him!” Lin Yin hugged the body that was starting to turn cold in her arms and said in disbelief.

Long Ming advised with a sad expression, “Miss Lin Yin, calm down first. You have to treat your injuries quickly.”

Seeing Long Ming’s actions, the medical staff quickly squatted down beside Lin

Yin.

Tears rolled down Lin Yin’s red eyes. Her breathing was instantly chaotic, as if she could not breathe.

A suffocating feeling that was enough to drown Lin Yin locked her in place. Her heart ached so much that she couldn’t breathe.

The next second, Lin Yin lost consciousness and fainted!

Sun Biao hurriedly went forward to support Lin Yin and called out anxiously,

“Boss?”

The medical staff hurriedly performed emergency treatment and the group was transferred to the hospital.

Dong Dong’s body was also brought to the hospital. After treatment, he was placed in the hospital’s morgue.

When Lu Ming got off the plane and rushed over, it was already two hours later.

Looking at Lin Yin, whose fever had subsided a little but was still unconscious, Lu Ming held Lin Yin’s hand with heartache.

“What did the doctor say?” Lu Ming asked.

“If the fever goes down tonight, she might be fine. It’s just that the wound on her hand is a little deeper and there might be a scar,” Long Ming said.

Lu Ming looked up and saw only Long Ming and a man he did not know by the bed. Lu Ming frowned and asked, “Where’s Yinyin’s family?”

Long Ming replied, “I just informed Miss Lin Yin’s father. He said that he’s busy and will get Miss Lin Yin’s mother to come. He even gave us Miss Lin Yin’s mother’s number. We called Miss Lin Yin’s mother and she answered and hung up. We couldn’t get through to her after that.”

Lu Ming’s expression turned colder.

“Deal with the people we brought back today first. Ask about the ins and outs of the entire matter and lock everyone involved up first. You and Shen Yu will deal with the rest,” Lu Ming instructed Long Ming coldly. Long Ming agreed and went away.

Sun Biao was left standing in the ward in a daze.

“You can leave too! I’ll just watch over Yinyin,” Lu Ming said to Sun Biao.

Sun Biao was stunned, wondering if this was a good idea.

Lin Yin was his boss. Now that his boss was unconscious and he was not familiar with this man, logically speaking, he should be here to protect his boss.

Lu Ming frowned unhappily and looked at Sun Biao without saying a word.

Sun Biao also looked at Lu Ming and said professionally, “I’m Boss’s bodyguard, so I have to guard her here unless she wakes up and lets me leave.”

Lu Ming snorted unhappily. “You didn’t protect her well when you needed to..

Now, you remember that you’re a bodyguard?”

Chapter 242: Can ‘t Wake Up

Lu Ming’s words made Sun Biao a little embarrassed, but what he said was the truth.

“If you want to stay, stand further away,” Lu Ming said angrily.

Sun Biao knew that he had indeed not protected her well this time, so he did not say anything and retreated to a corner. It was so quiet that it was as if he did not exist in this room.

Lu Ming stayed up all night. It was not until five in the morning that Lin Yin’s temperature returned to normal.

Lu Yan knew about Lin Yin's injury early in the morning and rushed to the hospital.

Looking at the pale Lin Yin lying motionless on the bed with gauze wrapped around her arm, she was so sad that she was about to cry.

"Uncle, what's going on?" Lu Yan asked in a choked voice.

"Keep your voice down. Yinyin hasn't woken up yet. Don't disturb her." Lu Ming looked a little tired and his voice was a little hoarse from staying up late.

Lu Yan quickly covered her mouth.

At this moment, in the Su Family, Su Zhen asked as he ate breakfast, "How's

Yinyin? Is she better today?"

Chu Yun was stunned by Su Zhen's question. "What's better?"

Su Zhen frowned. "Didn't Yinyin enter the hospital yesterday? Could it be that you didn't go?"

Su Zhen had a drinking party last night. It was already late at night when he returned, so he did not ask about this.

Only then did Chu Yun remember that something like this had happened yesterday. She did not pay much attention to it and forgot about it later.

"I was busy yesterday too. I was so busy that I forgot. It's just a fever. It's not a big problem," Chu Yun muttered softly, feeling a little guilty.

Hearing Chu Yun's words, Su Zhen was so angry that he slammed his chopsticks on the table and said angrily, "Is there a mother like you? Yinyin is close to the Lu and Mu families now, and we still have to rely on Yinyin to pull strings. Why can't you be clear at all?!"

Chu Yun was unconvinced by Su Zhen's words, but she did not say anything. She was angry. This wretched girl was restless every day. She was either fighting on the news or getting into trouble and being sent to the hospital. She never stopped.

"In a while, I'll go over and take a look first. You and Su Fei can go and take a look later. No one from the family appeared. How improper!" Su Zhen stood up

abruptly and prepared to leave.

When Su Zhen arrived at the hospital, he happened to encounter a doctor making a ward round.

"What do you mean?" Lu Ming looked at the doctor seriously and asked.

The doctor adjusted his glasses and said, "Logically speaking, she should be awake after her fever subsided. This situation is indeed abnormal. She probably has to be observed for another day to determine the situation. If she still doesn't wake up, you might have to consider checking her brain." Lu Ming's expression became even more solemn.

Su Zhen pushed away the few people in front of him and asked anxiously, "Doctor, what do you mean? Are you saying that there's something wrong with my daughter's brain? She can't wake up?"

Su Zhen's words instantly made everyone dissatisfied.

Su Zhen ignored everyone's gazes. Now, he only wanted to confirm if Lin Yin could wake up.

If Lin Yin never woke up again, wouldn't his dream of relying on Lin Yin to get closer to the Lu and Mu families be gone?

The doctor said with a heavy tone, “We can’t rule out this possibility. The current situation is very likely that the patient doesn’t want to wake up.”

Su Zhen was a little dejected. Lin Yin was unwilling to wake up herself. What was this wretched girl doing?

Su Zhen asked in disbelief, “How can she not be willing to wake up? That’s impossible.”

When Lu Yan heard that Lin Yin might not wake up, she became even angrier at su Zhen.

Why didn’t Yinyin want to wake up for no reason? It must be because her family treated her badly and she had no expectations for life.

“Why not? Her parents don’t love her. Is there anything worth living for? If I meet parents like you, I don’t want to wake up and see you guys. Look at the time yourself. It’s been a night. Is there anyone in your family here? Even my uncle, an outsider, is here to help take care of her,” Lu Yan said angrily.

Hearing Lu Yan’s words, Su Zhen was silent in embarrassment at first. Then, when he heard that Lu Ming had actually taken care of Lin Yin for the entire night, he found it unbelievable.

Su Zhen looked at Lu Ming awkwardly and said, “It’s been hard on you last night, CEO Lu.”

Su Zhen did not dare to say anything else, afraid that if he said anything, the furious young lady in front of him would probably retort ten times.

Lu Ming did not even look at Su Zhen. He looked at the pale girl on the bed with pity.

Not willing to wake up?

Lin Yin’s feelings for the little boy seemed to be very deep..

Chapter 243: Opportunity to Contact Lu Ming

Su Zhen was guarding by the side. He had planned to return to the company after taking a look.

But now that Lu Ming was guarding here, it was inappropriate for him to leave as Lin Yin's father.

Besides, he could use this opportunity to make his presence known in front of Lu Ming.

After sitting at the side and waiting for a while, Chu Yun did not bring Su Fei over. Su Zhen's expression did not look good.

Hence, she stood up and called Chu Yun.

At home, Chu Yun was originally unwilling to go to the hospital to see Lin Yin, so she kept delaying. She even asked Su Fei to go to school.

However, after receiving Su Zhen's call, she immediately asked the chauffeur to send her to school.

Chu Yun's mind was filled with the thought that Lin Yin was unconscious and might never wake up again, and Lu Ming was in the hospital.

Wasn't this a perfect opportunity?

Usually, it was very difficult for Su Fei to come into contact with someone like Lu Ming. Now that the opportunity was in front of her, it would be unreasonable if she did not work hard.

Su Fei was called out of the classroom by Chu Yun with a puzzled expression. She asked, "Mom, what's wrong?"

Chu Yun asked Su Fei to get into the car and said excitedly, "Lin Yin might not wake up in the future and become a vegetable. Lu Ming is in the hospital now. Your father wants you to quickly dress up and go to the hospital to take care of Lu Ming. No, no, no. He wants you to go to the hospital to take care of Lin Yin. When the time comes, you two will develop feelings for each other and good things will come."

Su Fei's eyes lit up. Didn't Lin Yin rely on her relationship with Lu Yan to see Lu Ming often, so the two of them had an ambiguous relationship?

Then if Lin Yin was unconscious for a period of time, she could indeed take this opportunity to get along well with Lu Ming. She might really be able to snatch Lu Ming away from Lin Yin.

After all, no matter how much Lu Ming liked Lin Yin now, it was impossible for him to like a vegetable forever.

Su Fei perked up. The mother and daughter went straight to the styling room and did exquisite makeup. Then, they brought Aunt Li's nutritious lunch to the hospital.

When Su Zhen saw Su Fei and the other woman enter, he immediately stood up. After closing the door of the ward, he sized up Su Fei with a satisfied expression.

"Dad, where's Lu Ming? Why don't I see him?" Su Fei ignored Lin Yin on the bed and asked.

"He just went out with his assistant to get off the phone. You have to be smart later, understand? I don't know when your sister will wake up. You have to interact with Lu Ming well during this period of time. Don't disappoint me!" Su Zhen said his thoughts truthfully.

If Lin Yin really became a vegetable in the future, Lu Ming would definitely not wait for her.

Therefore, while Lu Ming still had some feelings for Lin Yin during this period of time, she asked Su Fei to nurture her relationship with Lu Ming. What if it worked?

Su Fei was also filled with pride. As long as she worked hard during this period of time and became Lu Ming's woman, she would not have to worry about anything in the future.

The fawning her father had for Lin Yin during this period of time would become hers in the future. The preferential treatment he had given Lin Yin before would also be hers.

Those people in school would not dare to mock her in the future.

She would not let go of such a good opportunity.

Su Fei said gently to Su Zhen, "Dad, don't worry. I know what to do."

Chu Yun also held Su Fei's hand with a gratified expression and said happily,

"Feifei is so smart and beautiful. She can definitely win Lu Ming."

At this moment, the tightly shut door was suddenly pushed open.

If not for the fact that she was afraid of disturbing Lin Yin, Lu Yan would have kicked the door open.

Her eyes were burning with fire, and she wished she could burn this heartless family to death.

Lu Ming did not expect to hear such disgusting words when he went out to answer a call.

Su Zhen's family of three looked at their expressions and thought to themselves, Oh no, I'm afraid we've been exposed.

Su Zhen hurriedly went forward and smiled. "CEO Lu, Yinyin's mother is here to see Yinyin."

Lu Yan snorted coldly and entered the house aggressively. When she passed by Su Fei, she bumped into her rudely.

“To see her? Are you here to see if our Yinyin is dead so that you can make way for Su Fei?” Lu Yan did not give her any face and directly exposed the disgusting face of the Su Family..

Chapter 244: Vixen

Chu Yun hurriedly smiled apologetically and tried to smooth things over. “What are you saying? I’m Yinyin’s mother, so I’m naturally here to care about her.”

As she spoke, Chu Yun’s expression became sad. She was about to approach Lin Yin with a tear, but Lu Yan stopped her.

Chu Yun could only stand awkwardly at the end of Lin Yin’s bed and cry. “Aiyo, my poor Yinyin, why did you encounter such a thing? As a mother, my heart hurts. Yinyin, I brought your sister to see you. You have to wake up early.”

Su Fei also said sadly, “Yes, Sister, you have to get better early. Mom was so worried last night that she fainted. I stayed at home to take care of her for the entire night and didn’t sleep. I only had time to come and see you now.” Su Fei found an excellent excuse for them to arrive late.

Lu Yan was so angry that she laughed. She placed her hands on her hips and scolded rudely, “Is that so? After taking care of her for the entire night, I see that you look radiant. You look like you slept soundly the entire night. Also, you’re dressed exquisitely. You specially went to style yourself, right? Yinyin’s condition is unknown when she’s lying in bed. You’re dressed gorgeously like a vixen. Those who know will say that you’re here to see a patient. Those who don’t know will think that you’re a lady from a nightclub who came out to attract guests in the middle of the day!”

Su Fei lost all her face from Lu Yan’s scolding, but Lu Yan was a member of the Lu Family, so she didn’t dare to be angry.

She just thought hatefully that when she became Mrs. Lu Ming, she would teach this rude little b*tch a lesson.

“Brother Lu Ming, you’ve misunderstood me. I thought that Sister would want to see some bright colors and beautiful things in a boring place like the hospital, so I specially dressed up. As the saying goes, good people are seen in proper clothes. I’m here to see an important person, so I should dress up well,”

Su Fei defended herself.

Listening to Su Fei’s awkward explanation, Lu Yan was speechless.

Lu Ming, who had been silently guarding Lin Yin, didn’t even look at Su Fei and said coldly, “Miss Su, you should call me Mr. Lu like the others. There are some titles that people like you can’t call.”

These so-called family members of Lin Yin actually ignored Lin Yin’s life and wanted something that did not belong to them here. They even cursed Lin Yin to not wake up. They were really hateful.

Since they didn’t care about Lin Yin’s life so much, he didn’t have to treat this family as Lin Yin’s family.

Lu Yan said with a look of relief, “That’s right. What status do you have? You still dare to come knocking on our door. You’re a rotten thing that can’t even compare to a strand of Yinyin’s hair. Disgusting!”

“You!” Su Fei did not expect Lu Yan to be so disrespectful to her. She was also furious.

At the side, Su Zhen hurriedly shouted, “Alright, the two of you go out first. Yinyin hasn’t recovered yet. Don’t disturb her.”

As he spoke, Su Zhen winked at Chu Yun.

Chu Yun was also angry that that wretched girl Lu Yan did not say anything good. However, when she thought about how Lu Yan was a member of the Lu Family, she could only silently pull Su Fei out.

Su Zhen heaved a sigh of relief when he saw the two of them leave.

He had wanted Su Fei to get close to Lu Ming, but he did not expect it to backfire.

From the looks of it, he couldn't rush it. He had to see Lin Yin's situation first.

As for Su Fei and Lu Ming, he would slowly plan.

He knew men.

The group stayed in the hospital for three days, but Lin Yin still showed no signs of waking up.

Su Zhen was anxious. Lin Yin was not awake, and Su Fei had not made any progress. If Lu Ming lost his patience with Lin Yin in a few days, he might not come.

The worry in Lu Ming's heart grew deeper day by day. He held Lin Yin's hand and asked the doctor beside him, "How's the test?"

The doctor sighed and said, "Her body is normal and there's no damage to her brain. We can completely judge now that the patient is mentally unwilling to wake up. I suggest transferring her to the psychiatric department. If possible, ask an expert to diagnose her. "

"Psychiatry?" Lu Yan asked in disbelief. Then, she held Lin Yin's hand anxiously and said with a sobbing tone, "Yinyin, what are you unhappy about? Wake up and tell us. Don't hide and be sad alone."

"Is there no other way?" Lu Ming asked in a low voice.

"I have a suggestion. You can contact Mu Xiao, an authoritative expert in the psychiatry department, to give it a try," the doctor said.

Lu Yan's eyes instantly lit up.. Mu Xiao!

Chapter 245: Celebrity Doctor

Wasn't Mu Ran's brother called Mu Xiao?

It should be the same person, right?

Lu Ming picked up his phone and called Mu Xiao.

As soon as the call connected, Lu Ming said, "Mu Xiao, I want you to help me save someone."

Mu Xiao's teasing voice came from the phone. "CEO Lu asked me to save someone, so I have to raise my conditions."

Lu Yan panicked and said loudly, "Brother Mu Xiao, is that you? Hurry up and save Yinyin! If you don't come over, Yinyin won't wake up!"

Mu Xiao's voice instantly turned serious. He asked anxiously, "Save who? Yinyin? Is it Lin Yin? What happened to Lin Yin?"

"It's Lin Yin! She's unconscious and won't wake up!" Lu Yan said into the microphone.

On the other end, Mu Xiao instantly panicked and hurriedly asked, "Where are you? Send me your location immediately."

After hanging up, Lu Ming sent the location to Mu Xiao.

Mu Xiao arrived very quickly. Everyone could even see the thin sweat on Mu Xiao's forehead.

Even though Mu Xiao rushed over, it caused a commotion in the hospital.

Usually, if any hospital could hire an expert like Mu Xiao, they would have to conduct special research conferences.

Therefore, when they learned of Mu Xiao's sudden arrival, the doctors and nurses from the relevant departments wanted to come over to see him and take the opportunity to show their faces.

They especially wanted to see how Mu Xiao would treat the patient who was said to be in a vegetative state.

Unfortunately, as doctors, they could only sit obediently in the department and continue to treat the patients. It benefited those who were resting today.

Some people even came out of bed and ran over to take a look.

Hence, such a strange scene appeared in a ward in the hospital. Many people in pajamas, home clothes, and slippers poked their heads into the ward.

Su Zhen was surprised. It was just a doctor. Why was he so sensational? It was as if a celebrity had arrived.

However, when he thought about how such a doctor would come over so anxiously to treat Lin Yin, Su Zhen's thoughts deepened.

It seemed like his daughter was really liked by men. If Lu Ming didn't give him some benefits when she woke up, he really wouldn't send Lin Yin to the Lu Family so easily.

That was what was rare is dear. There was only one Lin Yin in this world. There were many people who wanted Lin Yin, so the highest bidder naturally got it.

At the thought of this, Su Zhen felt much better.

Su Fei, who had been hiding in the corner, was extremely jealous. Why was even the doctor who treated Lin Yin so Dowerful? She wondered what magic

Lin Yin had.

She probably smelled like a vixen, Su Fei thought fiercely. It would be best if Lin Yin never woke up again!

Then as Lin Yin's sister, these people should take care of her in the future, right?

On the other hand, Mu Xiao looked at Lin Yin's examination information with a solemn expression.

"Why did she faint in the beginning?" Mu Xiao asked.

"Kidnapped. She saw a child being kidnapped and brutally killed, so she was afraid and didn't dare to wake up." Su Fei's voice came from the corner.

Su Fei told him what she knew.

She wanted to be in the limelight for saving Lin Yin and let everyone know that she still cared about Lin Yin.

Lu Ming said coldly, "I think it's because she can't accept seeing someone important die tragically in front of her."

Sun Biao looked at the people in the ward and said, "Doctor, there are too many people here. Why don't we clear them out?"

Mu Xiao turned to look at Sun Biao. Sun Biao's gaze indicated that there was something he had not explained.

Mu Xiao nodded and said to the people beside him, "All of you can leave. It's enough to leave a few people here."

Su Zhen's family of three left under Lu Ming's cold gaze. Long Ming also brought Lu Yan out.

In an instant, only Sun Biao, Mu Xiao, Lu Ming, and the director of the psychiatry department, who was his assistant, were left in the ward.

Sun Biao said truthfully, "Actually, Boss asked us to be on standby a long time ago. We also knew long ago that the first thing to do after becoming Boss's bodyguard is to save a little boy."

Sun Biao's words stunned Lu Ming and Mu Xiao.

"You're saying that Yinyin knew that something would happen to that little boy?" Mu Xiao asked in disbelief.

Sun Biao hesitated for a moment before nodding. "That should be the case.."

Chapter 246: Entering Lin Yin's Consciousness

Lu Ming was deep in thought. No wonder Lin Yin asked Long Ming to follow that child.

However, Lin Yin was cautious and divided them into two groups. One group was a detective who was good at hiding and had agile brains. They were used to monitor the boy's movements from a distance and not let anyone notice that there was a change in the boy's life.

The first batch were bodyguards who carried out the fights, just in case.

However, she did not expect that something would happen in the end.

At that time, Lu Ming thought that Lin Yin asked Long Ming to report on the boy's situation and asked Long Ming to bring food to the boy because they had known each other before and did not want the boy to starve. That was all.

He did not expect such a thing to happen.

"So, even though she clearly knew that she could be saved, she still let that little boy lose his life. Yinyin probably isn't just sad and doesn't want to face reality, but she also blames herself. She might think that it's because of her that she didn't consider it carefully enough and killed the little boy," Mu Xiao said with a sigh.

This way, it was completely a mental illness. Just like his mother, this mental illness had to be treated with heart medicine.

The medicine for her mother's heart was his sister, and the medicine for Lin Yin's unconsciousness was that boy. However, that boy was already dead.

Now, he could only think of a way to stimulate Lin Yin's desire to wake up.

"Then what should we do next?" Lu Ming asked about the next step. No matter what, he would not let Lin Yin sink into regret and not wake up.

"Talk to her," Mu Xiao said to Lu Ming.

"Yinyin, wake up. Dong Dong's murderer is still at large. If you don't wake up, Dongdong will die in vain. Only when you wake up can you avenge Dong Dong, "

Lu Ming said in Lin Yin's ear.

Mu Xiao frowned and shook his head. "No, there's no fluctuation on the instrument at all. It means that no matter what we say now, she's blocked and won't listen."

Mu Xiao was very sad. It had not been easy for him to find his sister, but such a thing had happened.

"I have an instrument over there that can communicate with the patient's consciousness. I'll get someone to move it over and it should arrive in the afternoon. The most important thing now is to make Yinyin willing to communicate. The rest will be easier to resolve," Mu Xiao said.

The wait was too long. The group hurriedly finished their lunch. When the machine arrived, it was almost dusk.

Mu Xiao patiently installed the instrument alone. This instrument had not been used many times. After the experiment, only five or six people had tried it so far.

Therefore, Mu Xiao was worried about letting others install the equipment.

When Lin Yin's head was covered in wires of various colors, Lu Ming was chased out by Mu Xiao.

"The treatment environment needs to be quiet. All of you can leave," Mu Xiao said.

Then, Mu Xiao left behind the junior who had helped bring him the equipment, and the two of them began the treatment.

At this moment, Lin Yin was still locked up in her small world. Dong Dong was there. They had agreed to go to the northern grassland together.

In an instant, everything in front of her was green, and Dong Dong was riding on a horse on the grass under the blue sky.

Lin Yin was puzzled. When could Dong Dong ride so well? Suddenly, a voice came from the sky.

"Yinyin... Yinyin, can you hear my voice?"

Lin Yin looked up in confusion. When did the heavens know how to speak? Or was there someone in the sky? A god?

She hesitated for a moment before asking in confusion, “Who are you? Why are you in the sky?”

“Yinyin, I’m Brother Mu Xiao.” Mu Xiao heard the voice in Lin Yin’s mind and was very excited.

Brother Mu Xiao?

Lin Yin’s consciousness was in a daze for a moment before she suddenly realized that the world had changed. The originally green grass was gone, and so was Dong Dong.

Why did Dong Dong disappear again? Why did he always disappear suddenly? Why was this happening?

Then, a voice came from nowhere and criticized Lin Yin.

“Why didn’t you protect him well? You knew he would die. Why didn’t you protect him well?”

“He didn’t have to die so early. It’s because you’ve come back to life, so he died earlier than in his previous life. You killed him. It’s you! You’re a murderer!”

“You shouldn’t have been reborn. You should have died the moment you were reborn.. That way, he wouldn’t have died! You killed him!”

Chapter 247: Waking Up

“Yinyin, what you have to do now is not to blame yourself. You have to wake up and avenge Dong Dong,” Mu Xiao said anxiously.

The voice from the sky was getting closer and closer to Lin Yin. Lin Yin shook her head and said, "I killed Dong Dong. I'm the murderer. If it weren't for me, Dong Dong wouldn't have died. You don't understand."

Mu Xiao didn't know why Lin Yin kept insisting that she was the murderer, so he could only say evilly, "You're avoiding it and are free, but what about Dong Dong? His corpse is still in the morgue and no one has claimed it. You killed him and even let his corpse be dumped like this after he died. Is this how you treat Dong Dong?"

Lin Yin's expression fluctuated.

Mu Xiao felt the signal from his assistant and knew that Lin Yin's consciousness was starting to waver.

He continued to provoke, "The beasts who killed Dong Dong are still at large and are not held accountable at all. Is this the outcome you want? Do you want Dong Dong to die tragically for no reason? Then who will avenge Dong Dong from the pain and torture he suffered when he was alive? Could it be that you're placing your hopes on his father that sold him?"

Lin Yin's resentment gradually accumulated. The monstrous hatred clung to her mind and turned into a suffocating chain that tightly locked her consciousness.

Beads of sweat began to appear on Mu Xiao's forehead. "You might not know, but that bastard father of Dong Dong's is still using Dong Dong's death to extort Sun Biao and the others. Do you really want to watch that little child suffer and be maimed to death? In the end, his incomplete body will still be used by his bastard of a father? Yinyin, Dong Dong is waiting for you. Waiting for you to seek justice for his miserable life!"

No matter what the truth was, Mu Xiao could only fabricate an explosion of hatred for Lin Yin.

All her hatred instantly erupted and broke through the barrier that Lin Yin had erected for the voices of the world.

Lin Yin's dark eyes, which were filled with hatred, instantly opened. Tears fell from the corners of her eyes and instantly soaked the pillow.

Mu Xiao opened his eyes as well. He took a few deep breaths and immediately got up.

Seeing Lin Yin's wide eyes, he felt relieved and sat at the side to ease his mental exhaustion.

Lu Ming, who was outside, heard the sound inside and pushed open the door anxiously.

Lin Yin's red eyes and tears fell on him like knives. He gently helped Lin Yin up and hugged her. "It's okay, Yinyin."

Lin Yin couldn't help but cry loudly in Lu Ming's arms, as if she wanted to vent all the pain in her heart.

When the people outside heard Lin Yin's shrill cries, they hurriedly wanted to go in and take a look.

Sun Biao neatly closed the door, blocking those who wanted to enter.

"What are you doing?!" Su Zhen questioned bluntly. "I'm Yinyin's father. Can't I go in?"

Sun Biao glanced at Su Zhen indifferently and said coldly, "You're the boss's father, not mine. I won't listen to you."

His boss was crying. How could he let outsiders see such a scene? It would damage his boss's reputation.

"You!" Su Zhen raised his index finger at Sun Biao, wanting to argue. In the end, after seeing Sun Biao's trembling muscles, he retracted his hand resentfully.

He did not know where Lin Yin had found this stupid bodyguard. At this moment, it was his chance to show his image as a father in front of Lu Ming, but it was ruined by this stubborn person.

In the ward, Lu Ming comforted Lin Yin in his arms with slightly red eyes. Lin Yin, who was crying her heart out, made his heart ache so much that he could not speak.

Lin Yin's voice gradually weakened. In the end, she just lay quietly in Lu Ming's arms, calming her aggravated emotions.

Mu Xiao walked out silently. Su Zhen hurriedly went forward and asked, "How is Yinyin now? Can we go in and take a look?"

Lu Yan also looked at Mu Xiao anxiously.

"She's awake, but her emotions aren't very stable yet. She needs a quiet environment. You guys can go back first. Don't surround her here. You can visit her when she's better," Mu Xiao instructed.

When Su Zhen heard that Lin Yin was fine, he felt relieved.

Su Fei was so angry that she clenched her fists. Why was Lin Yin so tough? She was almost a vegetable, but she could still be woken up?

In that case, she would not have the chance to interact with Lu Ming again.

Lin Yin, this little b*tch, was born to snatch things from her. She was destined to die a horrible death in the future. It was best if she was in a vegetative state again..

Chapter 248: Tears While Eating Porridge

Lu Ming stroked Lin Yin's head. It was not until Lin Yin retreated from Lu

Ming's arms that Lu Ming sighed slightly and said, "Yinyin, are you hungry? What do you want to eat?"

Lin Yin's eyes were still red and she looked much calmer, but her eyes were as cold as ice, making one shiver.

She pulled out the IV from the back of her hand and lifted the blanket to go settle the score with those beasts, but Lu Ming pushed her back down.

Lu Ming looked at the blood seeping out of the back of Lin Yin's hand because she had used force. He quickly took a tissue and pressed it to stop the bleeding.

"Yinyin, I know you want revenge now, but you have to recuperate first.

Otherwise, you'll collapse before those people fall," Lu Ming advised earnestly.

Lu Ming rubbed Lin Yin's head and gently stroked her knotted hair. "I've already gotten someone to bring those people back for you. Be good and listen to me, okay?"

Lin Yin swayed her weak body and did not say anything, but she listened to Lu Ming. She sat obediently on the bed and let Lu Ming tidy her hair which had not been combed for a few days.

Mu Xiao came in with the porridge and said, "You just woke up. Your stomach is still empty. Eat some porridge to warm your stomach up first."

Lu Ming naturally took the porridge from Mu Xiao's hand, opened the lid, and stirred it gently with the spoon. Then, he scooped it up and blew on it slowly.

After the porridge warmed up, he fed it to Lin Yin.

His movements were gentle, as if he was serving a fragile and exquisite doll.

Lin Yin's gaze landed on the porridge. Lu Ming thought that Lin Yin still felt that it was hot, so he picked it up and blew on it twice. After making sure that it was not hot, he brought it to Lin Yin's mouth.

Lin Yin's tears fell on the porridge. She remembered that when she was beaten up and was in the hospital back then, Dong Dong had also patiently helped her blow on the hot steam of the porridge.

Every time, Dong Dong would wash his dirty palm white. Then, he would clumsily hold the lunch box that was bigger than his hand and gently scoop up the porridge. He would blow it until it was cold and place it by her mouth. He would say in a childish voice, "Sister Yinyin, eat. I'll blow it for you."

Now that she was in the hospital again, the boy who fed her porridge back then was now separated from her.

Mu Xiao picked up a tissue from the side and wiped Lin Yin's tears, thinking that Lin Yin must have thought of something and felt the emotions because of this scene.

"Yinyin, eat the porridge obediently. After that, I'll bring you to see those people, okay?" Lu Ming coaxed patiently.

Lu Ming saw Lin Yin's slightly parted lips and gently placed the porridge in the spoon into her mouth.

After a bowl of porridge, Lin Yin's complexion slowly improved. Only then did Lu Ming get someone to change Lin Yin into the clothes that Lu Yan bought.

As soon as she changed her clothes, Su Zhen and the others squeezed in.

"Yinyin, you're finally awake. Do you know that I've been scared to death these past few days? Fortunately, God bless you. You're fine." Su Zhen acted like a father who was worried about his daughter.

Lu Yan, who was at the side, wanted to say a few words to stab Su Zhen, but when she saw Lin Yin's pale and expressionless face, she held it in.

Yinyin had yet to recover, so she could not cause trouble now.

Su Zhen had thought that Lin Yin would be touched at least a few times, but she did not react at all, as if she did not hear his concern.

“Bring me there!” Lin Yin said after a long time.

Mu Xiao originally did not agree to Lin Yin meeting those people who hurt Dong Dong now, afraid that Lin Yin would be agitated again.

However, in order to make Lin Yin eat porridge, Lu Ming had already made this promise. He could not go back on his word, or it might cause Lin Yin to resist.

Mu Xiao nodded at Lu Ming.

Only then did Lu Ming hold Lin Yin’s hand and say patiently again, “Yinyin, promise me not to be agitated when you see them in the future, okay?” Lin Yin nodded.

Lu Ming pushed away the group of people beside him and pulled Lin Yin out.

Chu Yun said sarcastically, “It’s just a illness. Why are you so pretentious? You actually ignored our concern as parents.”

Chu Yun’s words made Mu Xiao unhappy. He gave Chu Yun a cold warning look.

Su Zhen, who was at the side, hurriedly pulled Chu Yun back and scolded, “The child is sick, so it’s inevitable that she’s not in a good mood. Can’t you understand as a mother? Is there a mother like you?”

Chu Yun’s expression darkened after being scolded by Su Zhen in front of so many people.

Su Fei looked at Lu Ming holding Lin Yin’s hand and the jealousy in her heart spread endlessly.

If not for Lin Yin's appearance, she might have been the one Lu Ming was holding..

Chapter 249: The Father Who Sold His Son

Lin Yin, this shameless thief.

When Lu Yan saw Su Fei's resentful gaze, she instantly stood in front of Su Fei and warned, "Put away your vicious gaze. Otherwise, one day, I'll dig it out for you."

Su Fei shrank her neck from Lu Yan's warning and quickly lowered her head, not daring to look in Lin Yin's direction.

Lu Ming was afraid that Lin Yin would be agitated again after waking up and her body would not be able to take it. He specially got someone to take a long detour before bringing Lin Yin to the place where many people were imprisoned.

Lu Ming pointed at a house and said, "This is Dong Dong's father. Beside him are the main hooligans who participated."

Lin Yin walked to the door of the room where Dong Dong's father was locked up and pushed it open.

When she saw the man cowering in the corner, the violent cells in Lin Yin's body that wanted revenge began to clamor wantonly.

This man was the source of Dong Dong's miserable life.

"Since you don't love him, why did you give birth to him?" Lin Yin's low voice came from her chest as she asked Jiang Ming with red eyes.

When Jiang Ming saw that it was Lin Yin, he knew that it was the Lin Yin his son often played with. He immediately approached Lin Yin like a pug.

An unpleasant rancid smell floated into the air with Jiang Ming's actions.

Lu Ming kicked Jiang Ming, who was trying to approach Lin Yin. "Get lost!"

Jiang Ming had been so hungry for the past two days that he didn't have much strength. Now that he was kicked, he instantly saw stars and cried out, "Lin Yin, I'm Dong Dong's father. You and Dong Dong are so close. Can you bear to see me like this? For Dong Dong's sake, save me."

Lin Yin clenched her fists tightly, the veins on the back of her hand popping out. Her eyes were calm as she looked at Jiang Ming as if she was looking at a dead person. Her tone was light, like a ghost that appeared in the middle of the night with a cold aura. "You also know that you're Dong Dong's father? Among these people, you deserve to die the most!"

When Jiang Ming heard Lin Yin's words, his eyes widened. He thought that Lin Yin was here to save him, but from the looks of it, she seemed to be here to seek justice for Dong Dong.

Jiang Ming immediately straightened his neck and said, "Dong Dong is my son. I gave him life. As his father, I naturally have the final say in his life. I'm just asking him to serve a few people. He wouldn't lose anything and there's money."

Lin Yin smiled sinisterly. In the dim light, she looked especially terrifying.

"Dong Dong is dead. He was tortured to death, and you're the murderer."

Jiang Ming did not expect Dong Dong to die and was stunned on the spot. "Damn it, that b*tch lied to me. She clearly said that he was just going to play with a few men. If he dies, the price will be different. When I go out, I won't stop until they pay me a few hundred thousand yuan. Lin Yin, you're close to Dongdong. You have to come with me when the time comes. There's strength in numbers."

"B*tch?" Lin Yin quickly caught the keyword in Jiang Ming's words. "Who's the b*tch you're talking about?"

"I don't know. She just called and said that a few people had their eyes on Dong

Dong. She asked Dong Dong to accompany them for a day and they'll give me 2,000 yuan. If I had known that he would die, I would have asked for 500,000 yuan," Jiang Ming said indignantly.

2000 yuan?

Lin Yin laughed softly. It turned out that just 2,000 yuan could buy a fresh life.

It turned out that his biological son's life was not as good as the 2,000 yuan!

Lin Yin felt sad for Dong Dong. Why would such a kind and sunny child meet such a father?

He was just a child. Why did the heavens treat him like this?!

This was not fair!

Lu Ming pulled Lin Yin's fist that was almost bleeding from clenching it. He turned to Long Ming and said, "Long Ming, go investigate."

Long Ming nodded solemnly and left.

Lu Ming pulled Lin Yin out of the room and pressed her into his arms. He rubbed Lin Yin's back hard, trying to ease the hatred in her heart.

Lu Ming had seen too many evil and dark things in this world, but if possible, he hoped that his girl would never know these dirty things.

However, from the looks of it, things did not go according to plan, so all Lu Ming could do was comfort Lin Yin silently and be her strongest support. When she pushed open the other door, Lin Yin did not expect to meet an old acquaintance.

In Lin Yin's previous life, Chu Ning had brought these people and killed Dong Dong in front of her. She did not expect it to be the same in this life.

"Haozi, long time no see!" Lin Yin stood at the door and greeted him coldly..

Chapter 250: Dying Is Too Easy

There were five or six people tied up in the house. When the bald leader heard his name, he subconsciously looked at Lin Yin.

"Do we know each other?" Haozi asked Lin Yin in confusion.

The few of them had been having fun in the dance hall when they were suddenly kidnapped and brought here. They were locked up for two days without any food or water, and no one came to tell them what had happened.

In the beginning, they would knock on the door and scream, but those people tied up five to six of them without a word.

Lin Yin's evil and cold voice sounded in a low voice, and her face was inexplicably tainted with a bloodthirsty expression. "We'll get to know each other in a while."

Lu Ming's heart trembled slightly. This Lin Yin seemed a little abnormal.

Before Lu Ming could react, a cold light that belonged to a cold weapon flashed quickly in the room.

The next second, Haozi's palm was pierced by Lin Yin's sharp blade. His heart-wrenching scream resounded throughout the room. The five people beside him were so frightened that they retreated to the corner.

Lin Yin, whose face was stained with blood, looked like a demon with blood on her hands. Her entire body emitted a murderous aura.

Lu Ming wanted to pull Lin Yin back to her senses, but Lin Yin slapped Lu Ming's hand away and cut Haozi's limbs a few times.

Amidst Haozi's wails, Lin Yin said sinisterly, "If I cut your tendons, you'll be more obedient later."

No one knew what Lin Yin was going to do, but in the next moment, Lin Yin's actions frightened everyone.

Lin Yin cut open Haozi's wrist, revealing his white bones.

"You have to try what Dong Dong has tasted!" Lin Yin smiled until her entire body trembled.

Lu Ming pulled Lin Yin back and imprisoned her in his arms. He said worriedly, "Tell me what you want to do. I'll get someone to do it."

Such a bloody scene was already shocking, let alone doing it personally.

"They should die the way Dong Dong died! This is called redemption!" Lin Yin raised her eyebrows and looked at Lu Ming crazily.

"Okay! I'll let them die like Dong Dong. Can you go out first?" Lu Ming advised Lin Yin carefully.

He had already sensed that something was wrong with Lin Yin's mental state.

Therefore, what happened next was even more unsuitable for Lin Yin to do.

The person beside her was so frightened that he immediately begged for mercy. "This has nothing to do with me. I didn't hurt that child. I didn't do anything!"

The other four people immediately went forward and kowtowed to Lin Yin for mercy. "It was all done by Haozi. We were just watching from the side. We really didn't attack."

This girl was too terrifying. With that slash, she looked like a butcher, and they were pigs waiting to be slaughtered.

Lu Ming held Lin Yin's hand and wanted to snatch the knife from her hand.

Lin Yin held onto it tightly and refused to let go. Lu Ming could only coax her softly, "Yinyin, believe me. I won't let them off. Let go, okay?"

Lu Ming's eyes locked onto Lin Yin's. His gaze was reassuring.

Lin Yin loosened her grip slightly and the sharp blade was snatched away by Lu Ming.

Lu Ming threw the knife into the middle of those people and asked Shen Yu to throw a few more knives over. He got someone to untie the ropes on the other five people and said coldly, "How did that boy die? Do the same to this person.

If I know that you went easy on him, you'll bear it for him."

They looked at each other.

Lin Yin's cold voice sounded again. "Smash all ten of his fingers and feed them to the dogs."

Dong Dong had suffered in his previous life. In this life, Haozi had to repay it.

Those people's hearts turned cold. They did not expect this girl to be so ruthless.

“Why? You guys are not doing anything, are you going to bear it for him?” Lu Ming’s voice sounded cold.

The few of them quickly picked up the knives on the ground and attacked Haozi.

Hearing the shrill cries beside him, Lu Ming turned Lin Yin’s face away.

His warm fingers gently wiped away the blood on Lin Yin’s face and he said gently, “Yinyin, let’s go. This scene is too dirty. I don’t want you to see it.”

At the mention of Dong Dong, Lin Yin’s expression softened and she nodded obediently.

However, after the two of them came out, Lin Yin said, “We can’t let the others off either. They can’t die either. It’s too easy on them.”

Lu Ming nodded in understanding and stroked Lin Yin’s head dotingly. “Okay, I’ll make them wish they were dead..”
