

## Real Daughter 251

### Chapter 251: Happy Chu Ning

When Lin Yin received the information about the person who contacted Jiang Ming, she couldn't stop laughing.

It was actually Jia Qing. Hahaha!

The woman who contacted Jiang Ming to sell Dong Dong to Haozi and the others. That woman was actually Jia Qing.

Lin Yin waved the paper in her hand and smiled in her heart. So she was really the culprit.

In her previous life, because Chu Ning wanted to control her, she got Haozi and the others to kill Dong Dong.

In this life, she had changed her way of interacting with Chu Ning.

In the end, because she had a grudge with Jia Qing, Jia Qing hated her, so she found Haozi and the others to kill Dong Dong.

Even if she had changed something, why didn't the outcome change?

Why was it like this?

Could it be that no matter what she did, she could not change the outcome of her causing Dong Dong's death?

Lin Yin turned to look at Lu Ming and said with a crazy smile, "So I'm the source of trouble. If it weren't for me, Jia Qing wouldn't have hated me and wouldn't have attacked Dong Dong. But she was clearly

supposed to deal with me. Why didn't she come? I was right here! Why did she have to deal with Dong Dong?!"

Lu Ming hugged Lin Yin worriedly. "Yinyin, don't be like this. You're not at fault, but those evil people. Even without you, they're still doing evil."

Lin Yin went crazy for a while before pushing Lu Ming away. As if she suddenly felt that Lu Ming was right, she nodded and said, "Yes, evil people can't be let

off.'

Lu Ming was even more worried. He was afraid that Lin Yin would not let herself off and do something to hurt herself.

A heavy rain washed away the smell of blood in the hut, leaving only the smell of mud after the rain.

After the autumn rain, the sky turned colder.

Lin Yin got out of the car and saw Chu Ning's glamorous new company.

Chu Ning twisted her slender waist in her high heels and introduced her to Lin Yin with a smile, "Cousin Yinyin, isn't my new company very imposing? There are more than ten people now. In order to thank you for your help, I've prepared a big gift for you!"

Lin Yin listened to Chu Ning speak calmly. It was obvious that Chu Ning had indeed earned a lot recently.

"Cousin, have you been very happy recently?" Lin Yin suddenly asked.

Chu Ning twisted her waist and looked back. Her nails that were painted with blood-red nail polish pinched together. She smiled sweetly and said, "Of course I'm happy. Who isn't happy when they made money?"

Lin Yin's indifferent expression was filled with interest. If Chu Ning was happy, she was naturally happy too.

Especially when she saw Chu Ning's fair and slender fingers, she was even happier.

If such a beautiful finger was smashed and crushed, it would definitely be especially beautiful and bright red.

She wondered if it would be brighter than Chu Ning's red nails.

Chu Ning brought Lin Yin to her office where she could see the sea.

The word 'luxury' was obvious from the renovation of this office.

The male model-like secretary knocked on the door. Chu Ning sized up the secretary's figure and said softly, "What is it?"

The male model-like secretary walked in respectfully and stood not far from Chu Ning. "Boss, a few clients said that they want to meet you personally to discuss the collaboration."

Chu Ning said nonchalantly, "Cooperation? Do they need me, the boss, to personally meet someone of their status? Is this your first day as a secretary?"

Don't you know who you should turn away and who you should inform me of?"

The secretary quickly apologized. "I'm sorry, Boss. I know I was wrong."

Chu Ning snorted. "If you know your mistake, you have to admit your punishment. Wait for me after you wash up tonight."

The male model-like secretary looked up at the indifferent Lin Yin and replied, "I understand."

After the secretary left, Chu Ning turned to look at Lin Yin and smiled. "Yinyin, this is the first lesson I'm teaching you. Women need to be rich to have the right to speak."

Lin Yin snorted. "I've learned something."

Chu Ning looked at Lin Yin's dead fish-like expression and felt extremely bored.

She took out a jewelry box from the drawer and placed it in Lin Yin's hand. "This is for you. I auctioned it off previously. Take it as your reward for pulling the strings."

Lin Yin did not take the jewelry box and only said calmly, "Cousin, why are you so polite? It's too philistine to use materialistic things as compensation for some relationships, right?"

Chu Ning was pleased by Lin Yin's words and laughed exaggeratedly. "Yinyin, you're right.. How can we tarnish our relationship with those secular things?"

Chapter 252: Civil Investment

If Lin Yin didn't want it, Chu Ning wouldn't force her. No matter what, this jewelry was worth hundreds of thousands. She saved it.

"Since you don't need the jewelry I gave you, what do you think of my secretary just now? He has a figure and an ass. Moreover..." Chu Ning paused slightly and revealed a wretched expression. "He's good in bed too. I've tried it for you. 'I won't taint what Cousin likes,'" Lin Yin said calmly.

However, there was one thing that she did not say, and that was that she found it dirty.

Chu Ning really liked what Lin Yin had said. She knew her limits. Such a sister was much better than Su Fei, who had a fake bloodline.

After leaving Chu Ning's company, Lin Yin sent Bai Tong a message to increase his efforts.

Upstairs, Chu Ning quickly received Bai Tong's notice: The time is right. The plan can be advanced.

By the time Chu Ning finished reading, Bai Tong had already withdrawn the message.

In the beginning, Chu Ning was not used to Bai Tong's actions. How could he withdraw a message just like that?

Bai Tong explained that deducing the stock market was to reveal the secrets of the heavens. Therefore, once the information was sent, it had to be withdrawn immediately to reduce the punishment of revealing the secrets of the heavens.

With Bai Tong's explanation, Chu Ning, who had already tasted the sweetness, immediately complied.

This habit continued to this day.

Therefore, the chat interface between Chu Ning and Bai Tong was almost empty.

When Chu Ning received Bai Tong's notice, she immediately gathered the company's personnel for a meeting and began to gather the funds of many investors in the name of the goddess of the stock market to invest.

In order to get rid of the reputation of private fund-raising, Chu Ning even got her lawyer to draw up an exemption treaty.

Many investors had long been convinced by Chu Ning's divine ability. When they heard that the goddess of the stock market was raising funds and was preparing to gather the money of the investors to invest, more people participated.

As soon as Lin Yin returned, Su Zhen went up to her and said, "Yinyin, you're really amazing. Something really happened to the Jiang Family's land in the West Suburb Forest Bay . I heard that Jiang Nian

brought a woman to that construction site and that woman died. Now, her corpse is accidentally discovered. I heard that it's the mistress of a high-ranking official. Now that that high-ranking official is holding the Jiang Family still, the construction site has stopped."

Lin Yin's lips curled up slightly. "Isn't that good?"

Su Zhen simply cherished Lin Yin. If Lin Yin could go out and socialize more, she might be able to obtain more information to develop the Su Family business.

Moreover, with Lin Yin's current relationship with Lu Ming, she might be able to resolve some of their previous troubles.

"Yinyin, there's a banquet tomorrow. Follow Dad over and get to know more people. Next, Dad plans to let you learn how to manage the company with your brother occasionally," Su Zhen said.

"Whose banquet is it?" Lin Yin asked.

"The Ma Family. Didn't you offend the Ma Family previously because of your sister? We have to go to this banquet. You have Lu Ming's relationship. Ma De definitely won't do it for someone's sake," Su Zhen said with a straight face.

During this period of time, Lu Ming would come to see Lin Yin from time to time, which made Su Zhen very confident. Lu Ming already had deep feelings for Lin Yin.

Even if he wasn't the kind of person who loved her deeply, he was at least the kind of person who was willing to spend a lot of money just to win the smile of a beauty.

Lin Yin's eyes darkened slightly before she smiled brightly. "Okay, I'll be there tomorrow."

Su Zhen was happy to see Lin Yin agree. He had not raised this daughter for nothing and she knew how to share her father's burden.

Lin Yin touched Xia Zhen's number on the phone and the corners of her lips curled up. She had let Jia Qing escape for so long. It was time to take it back and give her a good ending.

When Xia Zhen found Jia Qing, she had a look of disdain.

Didn't Lin Yin say that she was an 18-year-old girl in her prime?

Could it be this little beggar-like girl in front of her?

Jia Qing looked up at the person standing in front of her and reached out her dirty hands to beg Xia Zhen. "Kind person, give me some money for food."

Xia Zhen turned around and left. Would Ma De want someone with such a dirty appearance?

Even though that old man Ma De was so old, he was still picky. He only wanted virgins, he didn't want those who weren't good-looking enough, and he didn't want those who didn't have a good figure.

However, thinking about the money she had received, Xia Zhen could only reluctantly accept it..

Chapter 253: Hundreds of Thousands A Night

"How old are you? Have you had a man?" Xia Zhen asked as usual.

Although that person had given her money, as the informant, she still had to understand the girl in her hand first.

Seeing that Xia Zhen had no intention of paying, Jia Qing ignored her.

During this period of time, she was really unlucky.

Her home was suddenly taken away and she had no place to live. The only money she had on her was given to Jiang Ming when she instigated Jiang Ming to sell Dong Dong to take revenge on Lin Yin.

She had thought that she was an adult and could work. She did not expect that no one wanted her at all.

There were even a few times when she was clearly already at work, but she was still chased out by her boss without even giving her a salary.

She had made a fuss a few times, but in the end, she was beaten up until she was covered in injuries, so she gave up on the idea of working.

She had no choice but to beg.

When Xia Zhen saw that Jia Qing was ignoring her, she smiled. She did not expect this little beggar to have such a temper.

“Do you want to live a rich life of eating your fill forever, going out in luxury cars, wearing brands, and being served by the maids and servants at home?”

Xia Zhen tempted.

Xia Zhen’s words were quite attractive to the current Jia Qing.

During this period of time, she had not been able to eat or clothe herself. She had had enough.

“What do you want me to do?” Jia Qing looked at Xia Zhen with pleading eyes and asked anxiously.

“What else could it be? It’s naturally about spreading your legs to serve a man. It’s just that the other party wants a virgin, so are you? If not, there’s no value.” Xia Zhen did not hide anything and told the truth.

It was mainly because Lin Yin gave her a tight deadline. She had to pack up her people and send them to the Ma Family's banquet tomorrow. She could only be so straightforward and did not want to waste time.

Many thoughts flashed across Jia Qing's eyes.

Her previous plan for the future was to take the college entrance examination well, go to a good university, be an outstanding woman, and find a rich young master to be a rich wife.

But now, she seemed to have no other hope.

If she just wanted to live a rich life in the future, what was wrong with sleeping with a man? It was just the same thing, right?

"Then, who is the other party?" Jia Qing asked.

Although she knew that she was serving a man, the quality of the man was the key to determining if this was a good job.

If a tall, rich, and handsome man came, it would not be a loss to be slept with.

Xia Zhen could see the greed and delusion in Jia Qing's eyes and sneered. "Get this straight. I'm looking for you to sell your body, not for you to choose the buyer."

Xia Zhen's words embarrassed Jia Qing.

"To be honest, your buyer this time is an old man close to 70 years old. However, he's still strong despite his age. There's no problem in that aspect. He really has money. There's no problem with a few hundred thousand yuan a night. It's just that that person has a little hobby and likes extreme games. You can decide if you want to go," Xia Zhen said.

Xia Zhen was not afraid that Jia Qing would not go and that she would not be able to complete the mission.

This was because Jia Qing had already taken the bait. A woman who begged along the street might be willing to sell herself even if it was just a little benefit.

Not to mention that she had thrown out so many benefits.

When Jia Qing heard that it was a few hundred thousand yuan a night, she became a little excited, and her face turned slightly red from excitement. "A few hundred thousand yuan?"

"That's right. As long as you serve him well, it won't be a problem for you to earn hundreds of thousands a night," Xia Zhen said with a nod.

Jia Qing clenched her fists and calmed down. She nodded hard and said, "Alright, I'll go!"

Xia Zhen smiled. A smart girl knew how to use her body to earn money.

However, this money was not easy to earn.

That Old Master of the Ma Family was not easy to serve.

When Lu Yan heard that Lin Yin was going to the Ma Family's banquet the next day, she immediately informed Lu Ming.

Lu Yan remembered her uncle's instructions and knew that Lin Yin's mood had been unstable recently, so she had to report Lin Yin's movements to Lu Ming at all times.

Lu Ming looked at the message from Lu Yan and said to Shen Yu, "Cancel all the activities tomorrow night. I'm going to the Ma Family's banquet."

Shen Yu was already immune to Lu Ming's actions these few days. He resigned himself to cancel all kinds of activities for Lu Ming.

Who would have thought that the boss, who had always been known as a career maniac, would one day go on strike just because he was lustful?

Chapter 254: Uncle and Brother

Jia Qing sat in the high-end dressing room and watched as she slowly transformed from an ugly duckling to a white swan under the makeup artist's hands. She was extremely excited.

As long as she could control that old man today, she would have a rich life in the future.

Jia Qing cheered herself on. She had to succeed this time.

With exquisite makeup and an expensive-looking gown, Jia Qing suppressed her excitement and got into the car that Xia Zhen had prepared to drive to the hotel where the banquet was held.

It was only when she walked into the magnificent banquet hall that she truly felt the authenticity of everything.

So this was not a dream. She was a girl from the slums, but she could enter such a luxurious banquet with dignity.

At this moment, there was a commotion in front of the crowd. A noble-looking man appeared at the door, and beside that man stood someone Jia Qing hated, Lu Yan.

At the school gate, Lu Yan scolded her a lot. However, when she thought about how Lu Yan was the daughter of a rich family, Jia Qing could only be angry with herself.

When she looked up at the man beside Lu Yan, the man who was surrounded by many fawners and flatters, Jia Qing's heart couldn't help but thump.

This man was Lu Yan's uncle, Lu Ming!

If she could be with such a man in this life, she would really die without regrets.

A rich, powerful, and good-looking man like Lu Ming was simply her ideal type.

However, when Jia Qing thought about how her mission today was to serve a perverted old man in his seventies, her eyes darkened and resentment rose.

At this moment, the man in her eyes suddenly turned around and smiled. She followed the man's gaze and saw Lin Yin. Her already resentful eyes were instantly filled with hatred.

It was Lin Yin again!

Seeing Lu Ming walk towards Lin Yin naturally with a doting expression, Jia Qing couldn't help but feel jealous.

Why was Lin Yin so lucky? After having such rich parents, even a genius like Lu Ming surrounded her. This was unfair. The heavens were unfair.

She and Lin Yin grew up in the same place. Since Lin Yin could cling to such a

man, why couldn't she?

As for the old man who was about to die.

Jia Qing looked at Lu Ming. With Lu Ming's status, he could protect her, right?

In this world, power suppressed power. As long as Lu Ming spoke, that old fart would probably not say anything.

Su Zhen hurriedly went forward to greet Lu Ming. "CEO Lu."

Then, in the next second, he pulled Lin Yin in front of Lu Ming and said, "Come! Say hello to CEO Lu. This child is already so familiar with you and doesn't know how to be more active. She's more shy, hahaha."

Lin Yin gently pushed away the hand that was holding her and smiled at Lu

Ming. "Uncle!"

Lu Yan smiled happily and pushed Su Zhen away. She squeezed beside Lin Yin and shouted at Lu Ming, "Uncle!"

Lu Ming's cold gaze landed on Lu Yan's face, full of warning.

Lu Yan felt a chill on her neck.

Lu Yan quickly chuckled and said to Lin Yin, "Yinyin, actually, I call Uncle Brother sometimes."

Lin Yin nodded slightly and said to Lu Ming, "Uncle Brother!"

The people around them couldn't hold it in anymore, but because of Lu Ming, they all turned their heads and covered their mouths to laugh.

Su Zhen looked at Lu Ming nervously, but Lu Ming only looked at Lin Yin helplessly and shook his head dotingly. Only then did Su Zhen relax.

Lu Yan blinked at Lu Ming, indicating that she had tried her best. Then, she pulled Lin Yin away in the next second. "Yinyin, let's go eat something delicious."

Su Zhen hurriedly went forward and said, "CEO Lu, my child is really playful. Don't take offense!"

Lu Ming only said calmly, "It's good that Yinyin is like this!"

Su Zhen nodded repeatedly and replied, "Yes, yes, yes. It's quite good."

After Lu Ming turned around and left, Su Zhen's gaze found Ma De. He went forward and greeted him with a smile, "President Ma, you're in good spirits today. My daughter was playful just now, so I chatted with CEO Lu for a while. After we finished chatting, I wanted to come and apologize to you."

Ma De had seen Lu Ming and Lin Yin's interaction just now.

Although he was already in his seventies, logically speaking, he was an elder.

However, the strength of the Ma Family and the Lu Family was there. Ma De really did not have the strength to fight Lu Ming..

Chapter 255: Jia Qjing Hitting on Lu Ming

Su Zhen was clearly pretending to be close to Lu Ming for him to see.

Ma De was a sensible person. He had already made the Su Family suffer these few days, so he said generously, "It's fine. As an elder, I can still argue with a junior like you. Apologizing just like that is serious."

Hearing Ma De's words, Su Zhen immediately understood. It seemed that the matter with Ma De had passed.

As expected, as long as one had strength and backing, many things in this world could be resolved perfectly without any effort.

Ma De and Su Zhen chatted for a while before their gazes turned to his little white rabbit today.

The young girl who was looking around and did not know that danger was coming.

When Jia Qing finally saw that Lu Ming was alone, she quickly took a deep breath. Then, she held her wine glass and lowered her head slightly, bumping into Lu Ming.

Lu Ming's body tilted slightly to the side. Jia Qing, who was about to fall on him, fell to the ground. The red wine glass in her hand shattered on the ground, attracting the attention of the surrounding people.

Lu Yan looked at Jia Qing, who was lying on the ground in a sorry state, and Lu Ming, who was frowning and dodging. She understood.

She stepped forward disdainfully and mocked Jia Qing, "Yo, you plan to scam my uncle? Then you've got your wishful thinking wrong. There are many girls who deliberately fall on men like my uncle, so he's trained to dodge and specially avoid shameless women like you."

Lu Yan still remembered the last time Jia Qing framed Lin Yin at the school gate.

Jia Qing, who was lying on the ground, was extremely embarrassed by everyone's pointing fingers and mocking words.

She looked up and blinked slowly as if she was looking at the autumn moon. She looked at Lu Ming with a pitiful, pure, and pleasant expression.

This was what Xia Zhen had asked someone to teach her at the last minute yesterday. She said that the old man liked it.

Since they were both men, Lu Ming would probably be soft-hearted because of her expression, right?

In the end, Lu Ming only glanced at her coldly and walked to Lin Yin's side.

Jia Qing's gaze was instantly fixed on Lin Yin, but when she met Lin Yin's extremely cold eyes, she couldn't help but shiver.

She quickly lowered her head. She didn't know if it was an illusion, but she felt like Lin Yin's eyes were looking at a dead person. This feeling frightened her. At this moment, Jia Qing's actions and actions were completely seen by Ma De.

His turbid eyes rolled slightly, revealing a cruel intent to kill.

Originally, he only wanted to enjoy this tender body. Now, he only wanted to tear apart this shameless slut's bones and throw her into the unmarked grave for the wild dogs to bite.

When Jia Qing saw that no gentleman had come to help her for a long time after she fell to the ground, she was filled with hatred.

What upper-class society? What rich family? When they saw a delicate girl fall, these men actually did not have any gentlemanly manners at all. They just let a girl like her be so embarrassed?

However, what Jia Qing did not know was that the reason why everyone did not help her up was firstly because she was about to hook up with Lu Ming. Now, who dared to help someone who had provoked Lu Ming?

The other reason was the brooch on Jia Qing's gown.

Many people present recognized that it was Ma De's exclusive prey brooch. As long as a girl wore this brooch, it meant that this girl was Ma De's doll today.

How could anyone touch a bed-warming tool used to accompany an old man?

Even if many people despised Ma De's method of treating girls as toys, no one would take the initiative to stop such a thing.

Outsiders would not care about the matter of such a trade.

There was really no other way. Jia Qing could only stand up slowly from the ground with red eyes.

At this moment, the servant tactfully led Jia Qing, who was splashed with red wine, to tidy up her clothes.

Jia Qing lowered her head and left awkwardly in front of everyone.

Jia Qing looked at herself in the mirror. As she washed the wine with water, she glared hatefully at herself in the mirror.

Why was it like this?!

She and Lin Yin were clearly girls who had walked out of the slums. How could Lin Yin be protected by outstanding men like a pearl?

She was already lying on the ground so pitifully, but Lu Ming's eyes did not have any pity.

This man was really hateful!

Did he think he was so great just because he had some money?

He actually dared to look down on her!

Chapter 256: Jia Qing Regrets

Just as Jia Qing was feeling indignant, an old man with a saggy face suddenly appeared in the mirror.

Jia Qing screamed in fear. She turned around and pointed at the old man angrily, questioning, "Who are you? This is the female washroom!"

Ma De's yellow-spotted eyes sized up Jia Qing's entire body without hiding anything. He sneered and said, "Who am I? I'm whoever you came for today! The washroom? No, no, no. This is the door to our new room.

Jia Qing was stunned for a moment and asked tentatively, "You're President

However, when Jia Qing's gaze landed on Ma De's wrinkled face, she felt nauseous.

Ma De and Lu Ming were simply one in the sky and the other on the ground.

They were both rich people, but why were there so many differences?

Then, when she thought about how she was going to sleep with such an old man with age spots all over his skin, Jia Qing was indignant.

Her first time was going to an old man that had one foot in the grave?

Ma De did not miss the disgust in Jia Qing's eyes.

The corners of his lips curled up as he reached out to Jia Qing and said, "Come,

I'll bring you to see the gift I prepared for you.'

Jia Qing felt disgusted by Ma De and did not want to be close to him.

However, when she heard that Ma De had prepared a gift, a struggle appeared in her eyes. In the end, she slowly placed her hand on Ma De's slightly dry hand.

Jia Qing secretly convinced herself that since she had already decided to come, she would make good use of this opportunity to open up the path of wealth in her life.

It was just sex. She would treat it as if she had been bitten by a dog.

Ma De's eyes revealed a ferocious glint. A greedy girl was easy to control. However, without a little fidelity and resistance, she seemed boring.

He still liked girls who were struggling. Only then would it feel good.

But it didn't matter. In a while, this girl would show the expression he wanted.

Ma De led Jia Qing to push open the wall of the washroom. Then, an antique room filled with red silk entered Jia Qing's eyes.

Jia Qing did not expect Ma De to be so perverted as to install a sex suite beside the bathroom.

"This is the new room I prepared for you. How is it? Do you like it?" Ma De led Jia Qing to the room.

The next second, the bathroom door suddenly closed. Jia Qing's heart skipped a beat uneasily with the sound of the door closing.

Ma De was so old that his hands almost only had bones, he touched Jia Qing's waist. Jia Qing tried her best to suppress the urge to escape and grabbed Ma De's hand to place it on her chest.

Since she had already decided to do this, Jia Qing had to use this opportunity to win the most rewards.

She did as Xia Zhen said and said to Ma De innocently, "President Ma, my chest is swollen and it hurts a little. Can you help me take a look?"

There was less interest on Ma De's originally interested face. Instead, there was a sinister expression.

He liked girls who were quiet, like a rabbit. One that he could not help but want to torture.

However, the one in front of him clearly diminished his interest.

However, it was better than nothing. He would play with this shameless woman who dared to seduce other men in front of him today.

Ma De placed his hand on Jia Qing's chest and rubbed it slowly. Then, he shook his head and said, "It's too big. I don't like it. I like those that I can hold with one hand like a bunny."

Jia Qing cursed in her heart. Damn old thing. It was already good enough that she was willing to accompany him, but he actually dared to be picky. It was really hateful.

While Jia Qing was still hating the old man for being picky, Ma De's hand suddenly grabbed her hair and he threw her to the ground.

Jia Qing screamed instantly and shouted, "President Ma, what are you doing?"

"What am I doing? Naturally, I'm doing something that I like. Didn't you already know before you came? Why are you asking when you already know the answer?" Ma De sneered.

Although Xia Zhen had said that before she came, she had never said that he was so rough.

Suddenly, Jia Qing regretted it. She quickly stood up and said to Ma De, "I'm sorry, President Ma. I, I'm not doing this anymore. I'm going back."

As she spoke, Jia Qing leaned against the wall that she had just entered and pushed hard. In the end, the wall that could still move just now did not move at all.

Jia Qing looked around the entire room, but she could not find the door..

Chapter 257: Jia Qing's Ending

The room was filled with red. Coupled with Ma De's cold expression, Jia Qing's legs were trembling.

She begged, "President Ma, can you let me out? A girl like me from the slums is not worthy of being with a big shot like you. Let me out. I'll find the most honorable girl to accompany you, okay?"

"Honorable girl?" Ma De repeated with interest.

"Yes, there's someone called Lin Yin in the banquet hall. She's my former friend. I'll help you call her over. It's more interesting to play with a rich young lady like her, right? She's also 18 years old and a virgin. You'll definitely like her," Jia Qing said in a panic.

When Ma De heard Lin Yin's name, his eyes became even more sinister.

He turned around and picked up a red whip. Under Jia Qing's terrified gaze, he swung it ruthlessly.

Just a moment later, Jia Qing's evening gown was torn into two. It was so painful that Jia Qing fell to the ground and rolled.

"Stupid b\*tch, how dare you ask me to find trouble with Lu Ming? Looks like you really want to die." Ma De's eyes were filled with violence.

The moment Jia Qing was about to escape, Ma De whipped this reckless woman.

It was not until Jia Qing was beaten until she was covered in blood and lay on the ground moaning softly that Ma De threw away the whip and hung Jia Qing up with a rope.

Then, he tore open the torn fabric on Jia Qing's body, took off her pants, and stabbed the ugly thing into the young girl's tender p\*ssy.

The tearing feeling almost split Jia Qing apart. Her entire body was in so much pain that even her muscles were contracting. Her lower body was ruthlessly stabbed for the first time by a foreign object.

At this moment, Jia Qing was filled with regret.

Why did she have to degrade herself like this? She was supposed to be the top student in school. She should have a beautiful future.

Instead of being whipped and abused by an ugly old man like now.

It was all Lin Yin's fault. If Lin Yin could have given her the money back then, she wouldn't have caused such a commotion and nothing would have happened to her parents. She wouldn't have been expelled from school and ended up in such a state.

Jia Qing endured the disgusting thing entering and leaving her body, but she hated Lin Yin to the core.

At this moment, she was being humiliated here, but what about Lin Yin? She was being protected by Lu Ming at the magnificent banquet.

Why!

The heavens were too unfair!

Jia Qing was immersed in hatred.

The next second, Ma De, who was unhappy, leaned down and opened his mouth to bite Jia Qing's nipple.

Amidst Jia Qing's heart-wrenching screams, Ma De gritted his teeth and his mouth was instantly filled with blood.

Ma De raised his head in satisfaction and spat out a bloody nipple from his bloody mouth.

Jia Qing was in so much pain that she was about to faint. She begged Ma De to let her go.

However, Ma De quickly lowered his head and bit off the other nipple, spitting it to the side.

"Stupid b\*tch, you dare to despise me and seduce others to embarrass me. Don't worry, today's punishment has just begun," Ma De said evilly with blood all over his mouth.

The physical torture and mental humiliation made this 18-year-old girl wish she was dead.

She felt innocent, but she had never thought that an innocent little girl had once been humiliated to death by a group of men because of her jealousy.

At this moment, in the banquet hall not far from this big red room, everyone was laughing and drinking.

The banquet lasted for two hours, and the horrifying action inside lasted for two hours.

Just as Ma De stood up with blood all over his face, the red curtains around him suddenly fell.

The guests who were still in the banquet hall turned around when they saw the red curtains on the side of the banquet hall suddenly fall.

The wall over there had turned into glass, and inside was a naked old man dismembering a hanging girl.

That old man was Ma De.

As for the girl who was on the verge of death and had broken limbs, she was covered in blood. Only her face was still clean.

Everyone also recognized that the girl was the girl who had just seduced Lu Ming.

In an instant, screams and terrified voices filled the entire banquet hall.

Lin Yin picked up the red wine at the side and swirled it indifferently. Then, she looked up slightly and was about to finish it in one gulp when Lu Ming stopped her.

Lu Ming took the wine from Lin Yin's hand and placed it aside. Then, he hugged Lin Yin and said softly, "It's over.."

Chapter 258: Secretly Greedy

Lin Yin smiled when she heard Lu Ming's words amidst the commotion.

Had it passed?

There was no way it could pass.

Jia Qing had ended up like this because of what she did. She was greedy, so she deserved it.

But Dong Dong, he was still dead.

He had clearly done nothing, but he still died.

This was the truth. There was no way to get past it.

When Xia Zhen saw this scene, she cowered.

She had introduced many girls to this old man. Even though she knew about Ma De's fetish and knew that Ma De had played many girls to death, she had never known that it would be so bloody.

Xia Zhen frowned in panic, but she met the eyes of Lin Yin who was in Lu Ming's arms.

Xia Zhen's scalp went numb.

Lin Yin's indifferent eyes looked too terrifying.

This matter must be related to Lin Yin.

Otherwise, how could the usually cautious Ma De be so bold as to play such a killing game at such a banquet?

Otherwise, why would Lin Yin suddenly look for her and ask her to specially look for Jia Qing to serve Ma De?

All of this was Lin Yin's revenge.

Xia Zhen retreated repeatedly. Back then, she was the one who found Su Zhen and said that she wanted to matchmake Lin Yin and Ma De.

Later on, she heard that it didn't work, but Lin Yin would definitely remember it.

Jia Qing was the girl who had framed Lin Yin for being rich and heartless.

Therefore, Lin Yin's team set up such a trap and made Ma De commit a crime in public. The evidence was conclusive and he received retribution.

As for Jia Qing, she was also killed and ended up dying a horrible death. She even suffered inhumane torture before she died.

Xia Zhen fled in fear.

The police arrived quickly and took Ma De away on the spot.

As for the crippled Jia Qing, she was also carried away by the ambulance. This matter instantly caused an uproar in Rong City.

The terrifying scene that day was also posted on social media by some of the people present in a short period of time. In almost a few minutes, it spread online and became a trending topic.

Even the official ban on such topics could not suppress such a terrifying video from circulating online.

Seeing such a bloody scene with his own eyes, Lu Ming was afraid that Lin Yin would have nightmares at night or do something dangerous, so he brought her to Shenglin Bay.

Su Zhen was naturally very happy. After thanking him profusely, he returned happily.

In his opinion, the development of the family was the most important.

As for the deaths of others, he did not care.

Especially when he knew that Ma De, who had made things difficult for him previously, would probably not have a chance to come out for the rest of his life or be sentenced to death, Su Zhen was even happier.

Sometimes, it was actually quite good to be a little heartless.

That night, Lu Yan was so frightened by that terrifying scene that she had a high fever.

Lu Ming stayed by Lin Yin's bed until she fell asleep. He heaved a sigh of relief.

During this period of time, he knew Lin Yin's every move very well.

Lin Yin had never avoided him and followed her plan step by step.

Jia Qing sleeping on the streets, the layout of the room in the banquet hall, the secret guidance to Ma De, the search for evidence of the girls who were killed by Ma De, as well as contacting the girls who were still alive after being violated by Ma De and contacting Xia Zhen to lure Jia Qing.

He knew all of this.

The person on the bed suddenly muttered something. Lu Ming got up to listen.

Lin Yin moved her lips and said softly, "Dong Dongy I'm sorry."

Then, tears fell from the corners of Lin Yin's eyes.

Lu Ming sighed and wiped away the tears. He pulled the blanket away and got into bed, hugging Lin Yin in his arms with heartache.

His hot palm landed on Lin Yin's back and comforted her gently.

Perhaps it was because the world was too cold, Lin Yin arched towards the warm place in front of her and curled up in Lu Ming's arms.

Lu Ming let out a long sigh. He had never been so melancholic and helpless in his life.

The morning light shone through the gauze curtains and danced in the room.

Lin Yin blinked in a daze.

The moment she opened her eyes completely, Lu Ming's beautiful face with dark circles entered Lin Yin's eyes.

The sunlight landed on that face and collided with golden particles, as if they enveloped Lin Yin with infinite warmth.

At that moment, Lin Yin felt as if the darkness and filth of this world were suddenly suppressed by the person in front of her. Her heart began to beat rapidly, suppressing the blood in her heart to flow to her limbs and bones. It was hot.

Lin Yin suddenly didn't want to get up. She closed her eyes and approached Lu Ming again. She would just think about it for a while and secretly be warm for a while..

Chapter 259 Warm and Beautiful

When Lin Yin woke up again, Lu Ming was already awake.

Seeing Lin Yin open her eyes, Lu Ming's deep eyes instantly lit up with a smile.

"Little lazy pig, you're up?" Lu Ming's voice was slightly hoarse from the morning and very sexy.

Lin Yin lowered her eyes in embarrassment and nodded. "Yes, Uncle. Let go of me first. I want to get up."

Lu Ming did not listen to Lin Yin. Instead, he placed his hand on Lin Yin's soft waist and tightened his grip on her body.

"Call me Brother Lu Ming. Don't call me Uncle, or I won't let you go," Lu Ming threatened evilly.

Lin Yin felt the heat of the large palm on her waist. The tips of her ears were slightly pink, and even her face was secretly dyed red.

When Lu Ming saw Lin Yin like this, he was a little happy. At least she looked better.

Seeing that Lin Yin did not speak for a long time, Lu Ming pinched the soft flesh on Lin Yin's waist, causing her to exclaim in shock.

Lin Yin looked at Lu Ming, who was smiling evilly, and shouted angrily, "Brother Lu Ming!"

She gritted her teeth like a cute little beast. She was extremely adorable.

Seeing Lin Yin's animated expression, Lu Ming felt a lot more relieved.

During this period of time, Lin Yin's expression was either indifferent and lifeless, or her eyes shone with bloodthirst. No matter which one it was, it made Lu Ming worried.

"What time is it?" Lin Yin slowly changed the topic.

Lu Ming gently tucked the stray hairs from Lin Yin's forehead behind her ear. "No matter what time it is, if you're tired, continue sleeping. I'll apply for leave for you."

Lin Yin shook her head and said softly, "No, I'll go to class today. It's not good to keep applying for leave."

"Okay, I'll listen to you." Lu Ming's eyes were filled with tenderness.

Then, Lu Ming stood up slightly and picked Lin Yin up. Under Lin Yin's soft cry, he brought her to the washroom.

"Hurry up and wash up. I'll go take a look at breakfast for you." Lu Ming gently stroked Lin Yin's cheek and planted a light kiss on her forehead.

The moment the bathroom door closed, Lin Yin's face slowly turned red.

Lin Yin covered her burning face and looked at herself in the mirror. Listening to the thumping of her heart, Lu Ming's gentle eyes for the past few days appeared in her mind.

There seemed to be something wrong with her.

Lin Yin dawdled for a while before she composed herself and opened the bathroom door.

However, as soon as the door opened, Lu Ming's gentle eyes met Lin Yin's. Lin Yin suddenly felt a little embarrassed. She lowered her head and scanned the ground. She asked softly, "Have you been standing there for a long time? Why didn't you call me?"

Lu Ming gently held Lin Yin's hand and smiled. "I'm willing to wait. I'll wait however long it takes."

At this moment, Lin Yin was extremely obedient. She followed Lu Ming down the stairs and into the cafeteria.

"You haven't had a good rest recently. I asked Auntie Song to make you some white ear fungus and bird's nest. It's perfect for breakfast. These are all your favorites. Hurry up and eat breakfast. I'll send you to school." Lu Ming scooped a bowl for Lin Yin and placed it in front of her.

After breakfast, Lu Ming's considerate words in the silence calmed the violent elements that had been jumping in Lin Yin's heart recently. They were gradually calmed down by this warmth.

When Lu Ming sent Lin Yin to school, he went to pick Lu Yan up first.

Lu Yan, who had a fever for the entire night, was a little late in the morning.

As soon as the two of them arrived at the classroom, they heard the discussion in the classroom.

When the ambulance took her away last night, it was said that Jia Qing was still alive. Later, she died in emergency treatment.

"Lu Yan, I heard that the two of you were also at the event location where Jia Qing was killed yesterday. Isn't that terrifying?"

"I heard that all four limbs seemed to have been cut off. Even her tongue was cut off. She's not dead yet. She only died when she reached the hospital."

"It's too scary. How could such a thing happen?"

"I've heard about that Ma De from the elders in my family. I heard that he likes to play such extreme torture games. I don't know why Jia Qing is related to a pervert like Ma De."

"I heard that it was introduced by a D-list celebrity called Xia Zhen. She's a pimp and has already been captured by the police. It's said that it costs a hundred thousand a night to sleep with Xia Qing."

"Some time ago, I saw the donation fraud regarding Jia Qing's family online. Now, it's like this again. Sigh, this matter is too lamentable."

Chapter 260: Su Lin Apologizes

Ma De's abuse of the girl happened in front of everyone. The evidence was conclusive. Coupled with the joint lawsuit of many other victims' families, more than a thousand victims' family members actually came to the court day.

There were countless young girls who disappeared for no reason from when Ma De was young to when he's 70.

Such a terrible incident shocked the entire society and Ma De was sentenced to death almost immediately.

However, before he died, many people bribed the prison guards. Some of the victims' families even went to prison through committing crimes, making Ma

De get a taste of what happened to the girls that were abused.

Xia Zhen, who was also in prison, had nightmares every day.

She had not expected Jia Qing's outcome, and she did not dare to say anything about Lin Yin.

Not only because Lin Yin didn't leave any evidence when she contacted her, but also because she was really afraid that Lin Yin would attack her.

If she could go back to the past, she would never tell Su Zhen about Ma De, nor would she matchmake Lin Yin and Ma De.

As for the father who personally sent their child into the hands of evil people, he died on the streets one day and was gnawed by wandering wild dogs until only his bones were left.

It was almost the end of the year. Su Zhen's business had been thriving during this period of time, and he was glowing.

Seeing Lin Yin return home, he was also happy.

After all, during this period of time, Lu Ming had almost put down his career to accompany Lin Yin. Su Zhen had used various methods to publicize it.

In business, there were some things that didn't need to be said. With Lu Ming's relationship, the Su Family was naturally like fish in water in the business world.

"Yinyin, school's over! Come, come, come. I asked Aunt Li to cook a lot of delicious food for you today. Come and eat with us," Su Zhen said to Lin Yin. Lin Yin looked towards the cafeteria. Su Fei, Su Lin, and Chu Yun were sitting neatly together.

Lin Yin didn't answer. She just walked silently to the dining table and sat down.

Seeing that Lin Yin did not answer Su Zhen, Su Lin was angered by Lin Yin's arrogant expression and said bluntly, "Lin Yin, what kind of attitude is this? Your father is talking to you, but you actually ignored me. What kind of upbringing is this?"

Recently, Su Lin had done a lot of projects. Moreover, with the help of the Lu Family, everything was almost smooth-sailing. Many people showed him respect.

Therefore, Su Lin could not stand Lin Yin's arrogant expression.

On the other side, Su Zhen glared at Su Lin and scolded angrily, "What are you talking about? Yinyin is your sister and a member of our Su Family. You actually said that your sister has a problem with her upbringing. Do you look like a brother? Apologize to Yinyin quickly!"

Su Zhen was angry at Su Lin, this son who could never see the situation clearly.

Su Lin had indeed grown a lot during this period of time, but it was still because of the Lu Family. In order to continue maintaining their relationship with the Lu Family, it was all thanks to Lin Yin.

Besides, he still had something to ask of Lin Yin later.

Su Lin was berated by Su Zhen, but he straightened his neck and refused to admit his mistake.

He was the future heir of the Su Family. It was definitely impossible for him to apologize to someone from the slums like Lin Yin.

Seeing that Su Lin was unmoved, Su Zhen held back his anger and became even angrier. He said loudly, "If you don't apologize to Yinyin now, I'll take back all the projects under you."

Between offending his son and offending Lu Ming, Su Zhen still wisely chose to offend his son.

Su Lin gritted his teeth in anger.

Chu Yun did not speak at the side. At this moment, Su Zhen was clearly in a fit of anger. Since the matter had nothing to do with her, she could not be bothered.

At this moment, Su Fei was only somewhere Su Zhen could not see. She placed her hand on the back of Su Lin's hand and comforted him silently. Su Lin looked at Su Fei's hand and gave himself a reason to compromise.

For Su Fei's sake, he wouldn't argue with Lin Yin.

Su Lin lowered his voice reluctantly. Under Lin Yin's gaze, he said in a muffled voice, "I'm sorry!"

Only then did Su Zhen turn to Lin Yin with a good expression and say, "Sigh, your brother has that temper. Don't take it to heart. At the end of the day, you're biological siblings. There's no overnight grudge, right?"

Lin Yin smiled faintly and said, "Dad is right. Why would I have a grudge against Brother?"

Su Lin had only killed her in her previous life. What deep hatred could there be? Lin Yin sneered in her heart.

When Su Zhen heard Lin Yin's words, he was also happy. "That's right. The Su Family still has to rely on you and your brother for support. So, you must remember to support your brother well in the future.."
