

Real Daughter 261

Chapter 261: New Project

When Su Fei heard that Su Zhen only mentioned Lin Yin and Su Lin and did not mention her at all, she felt even more jealous.

What ability could Lin Yin have? It was just that she was seen by rich and influential people and used her beauty to seduce them.

When she meets someone better than Lu Ming, her father would also side with her like this.

Su Fei told herself not to be angry. She had to take it slow.

She was a noble lady who had been educated by a socialite for more than ten years, and Lin Yin was just a piece of trash who had struggled to grow up in the slums.

She did not believe that she could not compare to Lin Yin, who had grown up in trash.

Lin Yin ate her food quietly. When Su Zhen finished speaking, she nodded and said, "Dad, you're right."

Su Zhen was very satisfied with such an obedient Lin Yin, so he told her what he wanted.

"Dad has taken a fancy to a piece of land recently and feels that it's very profitable. Yinyin please ask Lu Ming if this piece of land is promising. At the same time, when the time comes to bid, Dad also hopes that you can go with your brother. With you around, those competitors will give you some face."

Su Zhen said.

Lin Yin stopped eating slightly and asked, "Which piece of land did Dad take a fancy to?"

"The empty space at the old airport in Siming District," Lu Ming said.

Lin Yin's eyes flashed slightly before she smiled and said, "Alright, I have time these few days. I'll help Dad and Brother ask."

When Su Zhen heard Lin Yin's words, he was instantly overjoyed. He paused and said to Su Lin, "Look at your sister. She has a good personality. She's still thinking about you, her brother."

Su Lin only glanced at Lin Yin and Su Zhen and thought to himself that when Lin Yin was worthless, Su Zhen would not say that.

The meal was a little more peaceful for this family who each had their own thoughts.

Lin Yin sneered in her heart. She didn't need to ask Lu Ming to know that the old airport was definitely promising.

She naturally had to help that idiot Su Lin get such a good thing and let Su Zhen have a good taste of smoke coming from his ancestral grave.

The next morning, Lin Yin came to Dong Dong's grave and lined up the things he liked to eat when he was alive.

She sat at the side and rambled, "Dong Dong, Jia Qing has already received her punishment. Your father has also paid the price for his own matters. Haozi and the others are still living a life worse than death. In your next life, you have to remember that when you see these people, you can't be soft-hearted, understand? Of course, people like them might not have a next life."

A slightly pale smile appeared on Lin Yin's lips. She patted the dust beside the tombstone and continued to mutter to herself, "As for Chu Ning, who killed you in your previous life, it's going to be soon. She'll go down soon to apologize to you. Wait patiently for Sister Yinyin. When the time comes, Sister Yinyin will

burn her hand for you and reattach your broken finger from your previous life. Although it's a little dirty, I've helped you take a look. Her fingers are quite good-looking."

After staying silent for a while, Lin Yin went to Lu Yan's house.

Since she had said that she wanted to ask around for Su Zhen, Lin Yin naturally had to put on an act.

When Lu Yan saw Lin Yin, she was also happy.

Today was the weekend. Lu Yan's parents were not at home either, so Lu Yan played with her sister, Lin Yin, for the entire day.

When they returned to the Su Family, Lin Yin said under Su Zhen's expectant gaze, "Dad, I heard from the Lu Family that there seems to be a small problem with that piece of land, but they didn't say the details. But the other piece of land is not bad."

Hearing that there was a problem with the land he had taken a fancy to, Su Zhen was still disappointed. After all, it was the land he had surveyed for a long time.

However, since Lin Yin had said so, he could only give up. Then he asked, "Where's the other piece of land?"

"It's said that there will be more than one new school there in the future." Lin Yin said.

When Su Zhen heard this, his eyes instantly lit up. He was actually not very optimistic about that piece of land, but after hearing Lin Yin's words, his interest was very strong now.

"Yinyin, it's really Daddy's blessing to have you. When this piece of land comes to us and we earn money, Daddy will definitely reward you well," Su Zhen said happily.

Then, Su Zhen hurriedly went to look for Su Lin to explain the matter of these two plots of land.

Lin Yin looked at Su Zhen, who was leaving in a hurry, and took a deep breath.

She smiled. If she wanted a reward, she would get it herself..

Chapter 262: Accompanying the Auction

On the day of the land auction, Su Zhen called Lin Yin and Su Lin to the company.

“The mission this time is to take down that piece of land along the coast in Silin. Yinyin, follow your brother out to see the world this time. I’ll get Secretary Li to go with you,” Su Zhen said with a red face.

With Lin Yin’s news and her relationship with Lu Ming, Su Zhen was confident that he could bite off that fat piece of meat this time.

Su Lin said confidently, “Dad, don’t worry. I’ll definitely get this land for you.”

Su Zhen nodded in satisfaction and said to Lin Yin, “Yinyin, remember to interact more with those competitors when you get there later and let everyone know that you’re determined to get that piece of land. On account of Lu Ming, those with some strength won’t take it. Those without strength can’t compete with our family. You know what I mean.”

Lin Yin nodded silently.

Su Lin looked at Lin Yin in disdain. Women were indeed women. They used despicable methods like seduction.

It was really comfortable to think about it. As long as she lay down and spread her legs, she could cozy up to the Lu Family.

If she really wanted to do something, she still had to rely on men like them.

Su Lin equated Lin Yin with the women who climbed into his bed, feeling that Lin Yin was cheap and dirty.

As soon as she walked out of Su Zhen's office, Su Lin said arrogantly to Lin Yin, "Although Dad agreed to let you follow me out to see the world, I'm warning you. Once you go out, you'll represent the face of our Su Family. You still have to restrain yourself. Don't use the same trick to seduce a man when you see him. Don't embarrass yourself, understand?"

Lin Yin snorted and ignored Su Lin, walking away.

If she argued with an idiot, it would make her look stupid.

Su Lin was ignored by Lin Yin and stomped his feet in anger.

This Lin Yin was simply too arrogant. When he became the head of the Su Family, he would announce to the world that he would completely chase Lin Yin out of the house.

As soon as the three of them entered the venue, many people came forward to greet them.

"Yinyin, you're here. Why don't I see President Lu accompanying you?"

"Yinyin, come to Uncle's house to play when you're free. Uncle has a daughter who's about the same age as you. You two will definitely get along."

Su Lin sneered at the side. She was just a woman who seduced Lu Ming by selling herself. The CEOs of these companies had the cheek to lower their status to please her. It was really despicable.

Su Lin ignored Lin Yin, who was surrounded by everyone, and left.

The secretary, Li Sheng, glanced at Su Lin before saying to Lin Yin, "Miss, we have to go over."

Lin Yin smiled and nodded at the person beside her. Then, she sat down beside Su Lin with the secretary.

Su Lin turned around and sized Lin Yin up with a strange gaze. Then, he smiled disdainfully, making the secretary beside him speechless.

In such a situation, Su Lin did not use Lin Yin to build a good relationship. Instead, he treated Lin Yin like this. He really could not understand.

In business, it was not shameful to have a backer.

On the contrary, these connections were money. Why couldn't Su Lin understand?

If he had such a sister, he would have been overjoyed and provided for her every day.

The auction had yet to officially begin. Lin Yin just looked at her cell phone silently.

Suddenly, her cell phone vibrated. Lin Yin looked up at Su Lin guiltily. Su Lin happened to catch it, so Lin Yin became even more flustered.

Lin Yin subconsciously covered her cell phone and hurriedly said in a panic, "I,

I'm going to the washroom."

Su Lin's eyes flickered. When would Lin Yin explain to him what she was going to do? Could it be that Lin Yin had something on her mind?

As if to verify Su Lin's thoughts, Lin Yin's flustered back walked halfway before she turned to look at Su Lin, as if she wanted to confirm if Su Lin had followed her.

Such an abnormal Lin Yin instantly made Su Lin suspicious.

When Su Lin saw Lin Yin disappear at the entrance of the venue, he suddenly stood up and said, "Secretary Li, watch here. I'm going to the washroom."

Then, Su Lin followed Lin Yin quickly.

The moment he left the venue, there was a long corridor. Su Lin walked slowly in the corridor, carefully listening for Lin Yin's voice.

As expected, he heard Lin Yin's voice from the door on the other side of the emergency exit.

However, they were separated by the door after all, so he could not hear clearly. Hence, Su Lin gently pushed open the door..

Chapter 263: Treasure Land

Lin Yin's voice instantly entered Su Lin's ears clearly.

"It's fine! Don't worry, I've arranged everything," Lin Yin said loudly.

Suddenly, a clear male voice came from the microphone. Su Lin was puzzled. Could it be that Lin Yin's old flame was afraid of being discovered?

"I don't think it's good for you to do this. After all, they're your family. What if you go bankrupt?" the man said worriedly.

Lin Yin snorted and said, "So what? My father, that old antique, will definitely not give me his assets in the future. That's why I deliberately said that the land along the coast of Silin will make money because I want them to lose everything. Then, you guys go and bid for the land at the old airport which can

appreciate. We'll earn the money ourselves and let Su Lin have nothing!" "Aren't you afraid that they'll find trouble with you in the future?" The man's voice continued.

Lin Yin smiled disdainfully and said, "What's there to be afraid of? The old airport is a treasure land. When I earn money and they're poor, how can they still shout at me?"

As Lin Yin spoke, she looked at the surveillance footage of Su Lin in the corridor on another cell phone and smiled in her heart.

Su Lin was instantly shocked on the spot. He was about to push the door open and enter on the spot, but he held back in the end.

He did not expect Lin Yin to dare to scheme against him and the Su Family.

In that case, he had to slap Lin Yin's face this time.

Su Lin hurriedly turned around and returned to the venue. When Lin Yin returned, Su Lin pretended that nothing had happened.

Every company had their own focus in this auction.

When the auction reached the old airport, Su Lin suddenly raised his sign, scaring the secretary beside him into quickly stopping him.

"Mr. Su, what are you doing? President Su said that our target this time is that piece of land along the coast of Si Lin," Li Sheng said anxiously.

Su Lin only looked coldly at the stunned Lin Yin and said, "Secretary Li, just listen to me. I'm definitely confident in this piece of land."

This time, he wanted his father to see him in a different light.

Lin Yin quickly said, "Su Lin, don't be so self-righteous. Let's do as Dad instructed today. If anything happens, you can't afford it."

Su Lin smiled conceitedly and glanced at Lin Yin. "Since I dare to make this decision, I naturally can afford it. The old airport will definitely bring huge benefits. If you don't believe me, just wait and see."

Su Lin ignored Lin Yin and the secretary's obstruction and raised the sign in his hand again and again.

Secretary Li really had no choice. He picked up his phone and was about to send a message to Su Zhen when Su Lin snatched it away.

This was a surprise gift he wanted to give to his father. How could he let Secretary Li ruin it?

If Lin Yin wanted to earn money to cheat their Su Family, she could do it in her next life.

Lin Yin also sat at the side anxiously, as if she was also angry.

As if confirming Su Lin's thoughts, the price of the land at the old airport soared.

Su Lin said proudly, "Look, if there's no high value, why would these people bid so fiercely? Lin Yin, don't think I don't know what you're thinking."

Lin Yin also said angrily, "Su Lin, I don't know what you're doing now, but you can't use the Su Corporation's funds to satisfy your personal sense of achievement. You'd better stop now."

The secretary also persuaded, "Mr. Su, we should ask President Su for his opinion on this matter."

Su Lin snorted. "There's no need to ask. Today, when I take down this piece of land, my father will definitely thank me."

Seeing that the price had already increased to 900 million, the secretary really couldn't sit still anymore. She continued to persuade Su Lin kindly, "Mr. Su, this price has exceeded our budget too much. We really can't take it."

At this moment, the person who had been bidding raised his card again. "1 billion!"

Su Lin was shocked. Why did this person opposite him make things difficult for him?

He recalled what he had just heard from Lin Yin and immediately concluded that the person who had been snatching it from him was the person who was working with Lin Yin.

800 million yuan was already enough for this piece of land. Now, there was an additional 200 million yuan.

If Lin Yin insisted on snatching this land, she must have heard something big from Lu Ming.

Hence, Su Lin ignored the secretary's advice and raised his sign again. "One billion and one million!"

The secretary covered his head..

Chapter 264: For the sake of the Corporation

Lin Yin was so angry that she asked Su Lin in a low voice, "What are you doing? Do you know that this price has already far exceeded the value of this land? Are you emptying the entire Su Family to gamble on this land? Su Lin, stop now and don't bid anymore."

"Who do you think you are? How dare you point fingers at my decision? Let me tell you, Lin Yin, I'm definitely winning this piece of land today." Su Lin's eyes were ruthless.

The more Lin Yin didn't want him to win this piece of land, the more valuable it proved, so he definitely wouldn't give it to Lin Yin.

When the other party shouted 1.1 billion, the entire venue was in an uproar. It directly exceeded 300 million. Everyone was guessing what kind of fool the person who had never shown his face was.

Lin Yin heaved a sigh of relief and pulled Su Lin back. "Su Lin, don't bid for it anymore. Secretary Li, tidy it up. We'll leave now. It's not embarrassing if we can't win. It's better than going bankrupt for a piece of lousy land!" Unexpectedly, in the next second, Su Lin shouted heroically, "1.2 billion!" After shouting, Su Lin even glanced at Lin Yin provocatively.

Lin Yin was so angry that she turned around and left. The secretary looked helpless.

The person who had been bidding with Su Lin suddenly stopped.

Su Lin was instantly smug. What ability could a person who worked with Lin Yin have? Wasn't she still inferior to him?

In the end, Su Lin proudly accepted the attention of everyone present and bought the land at the old airport at a price 400 million yuan higher than the market price.

However, as soon as they returned to the Su Corporation, files were thrown at his face. "I asked you to bid for the land at Silin that's along the coast. What did you buy back for me?"

As he spoke, Su Zhen even said angrily to Lin Yin, "Lin Yin, tell me what's going on. I didn't ask you to follow him just to play. Look at the ground you bought."

Lin Yin sneered. "You shouldn't have asked me. You should have asked your good son why he spent 1.2 billion to buy a land with problems. He's even crazy and won't listen no matter what I say!"

Lin Yin's words did not change Su Lin's expression at all. He just wanted to see what else Lin Yin could say.

Su Zhen turned to the secretary. "You tell me!"

Li Sheng helplessly recounted what had happened at the auction venue and concluded, "Miss and I have been persuading him, but Mr. Su said that the land at the old airport would definitely bring a lot of benefits. Even if it exceeded the market price of 800 million yuan, he refused to let go. Mr. Su also said that you will be grateful to him."

Su Zhen was so angry that a mouthful of blood and phlegm stuck in his throat. He picked up the thing beside him and smashed it on Su Lin's pig head.

If he bought it at an ordinary price, Su Zhen felt that he could still be saved.

However, with an additional 400 million yuan, they might not be able to earn 400 million yuan even if they finished building homes. How could he not be angry?

Su Lin hurriedly dodged and said calmly, "Dad, don't worry. We won't lose anything. I have internal information. This land will definitely rise later. It's definitely a treasure land that can make a lot of money."

Su Zhen did not believe Su Lin's words at all. However, now that things had come to this, he could not kill his son to exchange for the 400 million, right?

The current solution was to earn back the money that they had spent as soon as possible. Otherwise, the entire corporation's capital chain would be pulled down by this piece of land.

Secretary Li also thought of this problem and said, "President Su, we have to get someone to deal with the money from this auction immediately. However, the Corporation's current cash flow might not be able to support such a huge expenditure. What's more, after the money from the land auction is released, there are still some fixed expenditures for the next few months. We have to think of a way to raise money."

Su Lin frowned and asked innocently, "Isn't it just 1.2 billion yuan in cash?"

Doesn't the company even have this money?"

Su Lin frowned and asked innocently, "Isn't it just 1.2 billion yuan in cash? Doesn't the company even have this money?"

Su Zhen was so angry that he slapped Su Lin. Su Lin looked shocked. "Dad, I'm doing this for the sake of the Corporation. I promise you that that piece of land will definitely earn money."

If not for the sake of snatching credit, Su Lin wished he could expose Lin Yin now so that his father would believe him.

However, in that case, if he really made money in the future, he wouldn't be able to say that he was well-informed and had a wide network.

After thinking about it, Su Lin still didn't say anything about Lin Yin plotting against the Su Family. He was just waiting for the day when he could hold his head high and his father would apologize to him..

Chapter 265: Don't Borrow Money

"Earn money? Don't mention earning money to me! It's already good enough that you didn't lose out when you bought a piece of land at such a high price. You're still talking about earning money to me," Su Zhen said angrily.

However, although she was angry, she still had to resolve the matter.

For the next period of time, Su Zhen went around borrowing money. He went to all his good friends' companies and banks, but he only borrowed 200 million yuan. It was just enough to pay for the auction.

This made Su Zhen very vexed. Without funds, not to mention that he did not have the money to start work on the new land, he could not even pay the salaries of the employees of the Corporation next month.

After a few days, Su Zhen looked much more haggard. He sat in the living room and sighed.

As soon as he saw Lin Yin return, Su Zhen hurriedly went forward and asked Lin Yin fawningly, “Yinyin, aren’t you on good terms with Mu Heng? Why don’t you come with me to find Mu Heng and ask him to borrow some money to let our company turn over for a while? Don’t worry, tell Mu Heng that we’ll pay interest according to the market price.”

Mu Heng was in the finance industry, so he should not care about such a small amount of money.

Lin Yin looked up at Su Lin, who was also sitting in the living room, and the corners of her lips curled up. “I won’t care about this matter. If anything goes wrong, you’ll blame it on me again.”

Su Zhen had no choice but to shout and ask Su Lin to come over and plead with Lin Yin.

Su Lin was originally unwilling, but he thought about how Su Zhen had indeed become much haggard because of money recently.

In addition, he was indeed worried that because he did not have enough money, he would not be able to work on the land he had painstakingly bid for. Then, he would not have a chance to prove that he was right.

Therefore, Su Lin still obediently walked to Lin Yin’s side and said to her nicely,

“Yinyin, help me. As your brother, I beg you.”

Su Zhen also licked his face and said, “That’s right, Yinyin. Help Brother and

Dad. You have a share of the Su Corporation, right?”

Lin Yin sighed slightly and said, “I’ll try to tell Brother Muheng tonight.”

Su Zhen nodded repeatedly and added, “If Mu Heng doesn’t have it, Yinyin, you can also try to look for Lu Ming. During this period of time, you should look for Lu Ming more often. Don’t be in a hurry to come back at night.” Lin Yin felt disgusted. Was this something a father should say?

Wasn't this clearly asking his daughter to sell herself for benefits?

It was really disgusting.

Su Lin despised Lin Yin in his heart, but he was also very happy.

Look, this was Lin Yin's life. The life of sacrificing for him.

Lin Yin didn't say anything. She turned around and returned to her room. Then, she picked up her phone and asked Jiang Chen to help her arrange a time to meet Mu Heng at the company.

Mu Heng was very surprised that Lin Yin would suddenly say that she wanted to see him, so he arrived at the company early the next morning. In the end, Lin Yin was even earlier than him.

Seeing Lin Yin close the meeting room door, Mu Heng asked with interest,

"Why did you suddenly ask me to come over?"

Lin Yin sat opposite Mu Heng and said calmly, "The Su Corporation has been in a financial crisis recently. Su Zhen asked me to borrow money from you or persuade you to finance it?"

Mu Heng raised his eyebrows. He was first surprised that Lin Yin would call Su Zhen by his name, then he asked in confusion, "So, you came today to ask me to lend you money or finance it?"

Lin Yin shook her head. "No, on the contrary, I hope you won't lend money to the Su Corporation or finance them. Even if anyone in my family comes to beg you or I call you later, I hope you won't give them a single cent."

Lin Yin's words made Mu Heng frown even more. "Did I hear wrongly? That's your family. Su Zhen is your father. Why are you doing this?"

Lin Yin didn't want to make things too clear and only said vaguely, "I'm doing this for your own good. I can only say that the Su Family isn't worth your money."

"Okay! Since my business partner has said so, I'll naturally listen," Mu Heng said with a smile.

As soon as Mu Heng separated from Lin Yin, he asked Guan Nan, "Has anything happened to the Su Corporation recently?"

Guan Nan lowered his head and thought for a moment. Then, he said, "There's indeed something quite fun. It's said that the son of the President of the Su Corporation bought a piece of land that exceeded the market price by 4,000,000 and successfully became the new idiot."

"Which piece of land?" Mu Heng asked.

"I heard that it's the piece from the old airport. It's indeed worth something, but it's not worth 1.2 billion, so many people are waiting to see Su Lin make a fool of himself." Guan Nan smiled..

Chapter 266: Lu Yan Misses You

Mu Heng smiled. It seemed like Lin Yin was playing some fun game. She actually didn't even care about her family.

He even had a feeling that Lin Yin seemed to want to destroy the Su Family. It was really a little strange.

Lin Yin had just sent Mu Heng off and had yet to walk out of the company when Lu Ming called.

"Yinyin, I heard that your brother bought a piece of land. Your family has some financial problems now. Do you need my help?" Lu Ming asked directly.

Su Zhen had been borrowing money everywhere for the past few days, and the matter of Su Lin spending a lot of money to buy land was also discussed by everyone.

Lu Ming could tell that the Su Family was already at the end of their rope. With this financial flow broken, it was very likely that they would face bankruptcy.

According to Lu Ming's previous personality, there was a high chance that he would directly make things convenient for Lin Yin's family so that the Su Corporation could safely survive the period of lack of funds.

However, when he thought of Lin Yin being hospitalized in a coma and the actions of the Su Family, Lu Ming felt disgusted.

Therefore, he decided to ask Lin Yin first.

"Don't worry about this. Even if my father wants to borrow money from you or ask you and your people to pay through other means, don't care. If I have no choice but to call you for help later, you have to reject it directly." Lin Yin also rejected Lu Ming's help.

Lu Ming simply replied, "Okay!"

In his opinion, Lin Yin was disappointed in her family and didn't want to care anymore.

She did not even want the rich life at home.

However, it didn't matter. Even if Lin Yin's family went bankrupt, there was still him.

As long as Lin Yin wanted to, he could create another corporation for her and let her be a big missy still.

'You haven't come over for the past two days. Why don't you come over tonight? Lu Yan is also here. She hasn't seen you for a few nights and she misses you a little. I'll get Aunt Song to make some soup for you guys and make the things you like to eat,' Lu Ming said.

Lu Yan missed her? Lin Yin frowned.

If she remembered correctly, it was Friday yesterday and she and Lu Yan had stayed in the classroom as classmates for an entire day.

Lin Yin suddenly found it a little funny. Lu Ming was already an adult. Why was he lying so carelessly?

However, Lin Yin still agreed because she suddenly wanted soup.

As soon as Lu Ming hung up, he called Lu Yan and said, "Lu Yan, come over to my place for soup tonight!"

Lu Yan was at a loss. "Uncle, what soup is that? Are you trying to poison me?"

It had been so many years. When did Lu Ming call her specifically to ask her to drink soup?

Lu Ming only said calmly, "If you don't come tonight, do as you see fit!"

Lu Yan: ‘

Lin Yin, who had just returned to the Su Family and was about to change, was stopped by Su Zhen.

"Yinyin, how's your asking about borrowing money or financing?" Su Zhen asked.

His eyes were already bruised, as if he had not slept well for a few days.

Lin Yin shook her head and said, "Mu Heng and Lu Ming both refused. I have no choice."

Chu Yun said sarcastically, "You usually talk as if you're on good terms. When you encounter trouble, aren't they all hiding far away? Hmph!"

Su Zhen didn't seem to believe Lin Yin. He asked Lin Yin to follow him to the study and said, "Call them now. Dad will hear what they have to say."

Lin Yin called Mu Heng first. A slightly cold voice sounded from the other end. "Yinyin?"

Lin Yin said in a low voice, "Brother Mu Heng, it's about the loan and financing

I told you about just now. Can you make an exception?"

On the other side, Mu Heng was stunned for a moment before he remembered Lin Yin's instructions just now. Hence, his tone turned colder as he said, "I've seen some of the Su Corporation's situation now. I'm not optimistic about those projects, especially the land this time. They bought it at such a high price, they won't be able to earn much money. I might even lose money." "Is there no other way? Can you help me again?" Lin Yin asked.

"Yinyin, it's not that I don't want to help you. It's just that our friendship and business should be separate. I hope you understand what I mean," Mu Heng said.

Lin Yin might not understand what Mu Heng meant, but Su Zhen understood that Mu Heng didn't want to remember their past and didn't help anymore..

Chapter 267: Not Helping

Su Zhen endured his anger and pushed Lin Yin, hinting for her to plead for mercy again. He even whispered, "You have to be softer and act coquettishly.

Do you understand?"

Lin Yin glanced at Su Zhen coldly and said into the microphone, "Brother Mu Heng, can't you help me think of a way?"

Mu Heng's tone turned cold. "Yinyin, Brother Mu Heng can't help you with this. I'm very busy now. If you continue to talk about this, I can only hang up."

Lin Yin turned to look at Su Zhen. After seeing Su Zhen sigh, Lin Yin thanked Mu Heng and hung up.

Su Zhen was indignant, so he asked Lin Yin to call Lu Ming.

Lin Yin also called Lu Ming obediently.

"Yinyin, what's wrong?" Lu Ming's gentle voice came from the other end of the phone.

When Su Zhen heard Lu Ming's gentle voice, he felt that there was hope. His eyes lit up as he hinted for Lin Yin to speak quickly.

Lin Yin rolled her eyes in her heart and said, "Brother Lu Ming, can you consider helping our Su Corporation?"

When Lu Ming heard Lin Yin call him brother, he wished he could agree immediately.

At this moment, no matter what Lin Yin said, he was willing to do it just because she called him Brother Lu Ming.

However, when he thought of what Lin Yin had just said, Lu Ming could only pretend to be cold and hard. "Yinyin, I thought I had already made this very clear to you. Why are you asking me again?"

As Lu Ming said something against his conscience to Lin Yin, he was reluctant to Dart with her because he Dretended to reiect her.

Lin Yin looked helplessly at Su Zhen, who was frowning beside her.

In the end, Su Zhen was still the same as before. He refused to give up and said, "Be softer. If you go to his house at night, say that as long as he's willing to help you, you're willing to do anything!"

Lin Yin was so disgusted that she wanted to vomit.

"Can I go to your place tonight? We'll talk about this later? As long as this succeeds, you can do whatever you want," Lin Yin said.

Su Zhen nodded at Lin Yin in satisfaction.

Unexpectedly, Lu Ming said coldly, "Lin Yin, what do you take me for? Let me tell you, Lin Yin, if you continue to speak like this, our friendship will be over." As soon as Lu Ming finished speaking, he felt terrible.

If Yinyin really meant to say such things, Lu Ming felt that he would definitely lose his mind from lust.

At that time, even if the Su Family was a bottomless pit, he might be willing to fill it.

When Su Zhen heard this, he hurriedly panicked and waved his hand at Lin Yin, telling her not to continue.

Lin Yin could only talk nonsense with Lu Ming before hanging up.

Lin Yin shrugged and said, "I'm helpless."

Su Zhen was also furious. They usually looked nice, but at the critical moment, no one was reliable

Hence, his attitude towards Lin Yin turned colder.

He had thought that he had relied on Lin Yin to climb up the social ladder, but now that he thought about it, it was nothing much.

“You can leave!” Su Zhen said coldly.

The corners of Lin Yin’s lips curled up. She left directly.

Su Zhen sighed. He had no choice but to gather some money and get that piece of land started as soon as possible.

There was something wrong with that piece of land. Lin Yin had heard it from Lu Ming.

Even he only knew such a secret through Lin Yin, so no one else should know.

It was better to start work first and pretend that there were no problems. Then, during the construction process, he would pull in some small companies to invest and share the risk.

Perhaps he would encounter a few suckers in the process, and he could transfer this piece of land out.

Helpless, Su Zhen sold a few projects in the company and borrowed some money to get the construction site to prepare to start work.

When Lin Yin went to Lu Ming’s place at night, Su Zhen, who had always been active, did not say a word.

In his opinion, befriending someone had to be useful. If it was useless, what was the point of befriending them?

He was even considering whether to bring Lin Yin to another CEO to estimate her value. She might even be better than Lu Ming and Mu Heng.

Lin Yin did not care what Su Zhen was thinking. She got into the car and asked the chauffeur to send her to the Lu Family.

Lu Yan was also very happy to see Lin Yin.. She pulled Lin Yin in and said,

“Yinyin, how do you plan to spend the winter break? Do you plan to go out and play?”

Chapter 268: I'll Only Give You Candy

Hearing Lu Yan's words, Lin Yin realized that time seemed to have passed quite quickly. It was almost the end of the year.

Lin Yin shook her head and said, “I have no plan. What about you?”

“I might go overseas with my parents and then return to the old residence for the New Year,” Lu Yan said.

However, at the thought of returning to the old residence for the new year this year, Lu Yan was a little unhappy. She hated seeing Lu Yue and Lu Xiao so much.

Lin Yin naturally knew what Lu Yan was worried about. She smiled and said, “If someone bullies you when you go back, just hit them back. What are you afraid of? In this world, if you're a little weaker, you'll be easily bullied.”

When Lu Ming, who was holding a handful of candy in his hand, heard Lin Yin's words, he sighed slightly. Then, he smiled and stuffed the candy in his hand into Lin Yin's hand. “Have some candy.”

When Lu Yan saw that Lin Yin had candy, she quickly reached out to ask for it. “Uncle, where's mine?”

Lu Ming pushed Lu Yan away from Lin Yin and said, “Don't you know how to get it yourself?”

Lu Yan looked at Lu Ming angrily. This man was indeed detestable. He valued his lover over his niece.

She suddenly stood up and went to look for candy.

Lin Yin was about to stop Lu Yan when Lu Ming stopped her. "Don't worry about her. She has a child's temper."

Lin Yin looked at Lu Ming, then took his hand and placed the candy back in his hand. She said, "I don't like candy. It's too sweet."

Lu Ming looked down at Lin Yin's fingers that were holding his two fingers and his heart skipped a beat. Then, he quickly took Lin Yin's hand that was about to retract.

Lin Yin was shocked and looked down.

Lu Ming's hand was huge. When he grabbed Lin Yin's hand, it was like an adult grabbing a child's hand.

This sensory stimulation made Lin Yin's heart beat faster and her face warm.

Lu Ming smiled and used his other hand to open the candy with his bare hand. He smiled and said, "It's not very sweet. It just has a very refreshing sweetness.

Try it."

Lin Yin looked up slightly and her gaze was tightly entangled by Lu Ming's deep gaze. Her thoughts were fixed on Lu Ming's smile.

Lin Yin was slightly stunned. It turned out that Lu Ming was so good-looking.

Lu Ming looked at the stunned Lin Yin and smiled as he gently stuffed the candy in his hand into Lin Yin's mouth.

When his rough fingertips brushed across Lin Yin's delicate lips, the two of them felt as if they had been struck by an electric current and their hearts trembled uncontrollably.

The tips of Lin Yin's ears turned red, and Lu Ming lingered on Lin Yin's lips reluctantly, rubbing them gently with his fingertips.

"Uncle, you're lying to me. There's no candy!"

Lu Yan's loud voice suddenly interrupted the romantic atmosphere between the two of them in the living room.

Lin Yin quickly turned her face away and pulled her hand out of Lu Ming's hand.

Lu Ming clenched his fingers that had just rubbed against Lin Yin in disappointment. Then, he stuffed the remaining candy into Lin Yin's pocket and said in a low and hoarse voice, "Keep the candy. It's only for you."

Lu Ming got up and walked towards where Lu Yan was shouting. "There's no more candy. Eat something else!"

A sweetness spread from the tip of Lin Yin's tongue to her heart. Even the sweet fragrance in her heart ignited the joy in Lin Yin's heart.

"No, I want it too!" Lu Yan ran out with a loud voice. "Yinyin, I want candy too!"

Lin Yin was slightly stunned and subconsciously said, "I've finished eating it!"

Lu Ming couldn't help but laugh. At the same time, he felt sweet. This meant that Yinyin cared about anything he gave her.

Even if it was just a small candy and he said that he would only give it to her, Lin Yin would really not give it to anyone else.

With that, Lin Yin was slightly stunned. When had she become so petty?

Then, she looked up and saw Lu Ming smiling at her teasingly. Her face turned red and her heart raced.

In the end, Lu Yan was coaxed by a bag of biscuits.

After dinner, Lu Yan was still awake. Lu Ming asked the chauffeur to send Lu

Yan back. "It's getting late. You should go back early."

Lu Yan felt that something was wrong for a moment. For most of the day, she had been forced over and hurriedly sent home.

However, just as she was about to ask a few questions, Lu Ming pressed her head and stuffed her into the car. He said, "Your parents miss you. Go back quickly."

Lu Yan widened her eyes and watched as Lu Ming closed her car door.

Lin Yin smiled and said, "Then I'll go back first."

"Are you in such a hurry? It's still early. Stay a little longer. I'll take you for a walk to digest your food," Lu Ming urged..

Chapter 269: Swing

Her attitude was almost different from when he was in a hurry to chase Lu Yan away.

Seeing that Lin Yin did not object, Lu Ming held her hand.

While Lin Yin was panicking slightly, Lu Ming had already pulled Lin Yin into the courtyard and walked slowly along the stone path.

The weather was a little cold, but Lu Ming's hand was hot, even warming Lin Yin's body.

"Is the candy good?" Lu Ming asked.

Lin Yin nodded softly.

"It's good that it's delicious!" Lu Ming said.

Lu Ming had gone to consult someone and personally made it for Lin Yin.

He didn't want to see that Lin Yin's life was always surrounded by traces of suffering. He wanted Lin Yin's life to be filled with beauty and sweetness.

The two of them quietly walked in front of a swing. Lin Yin asked in surprise,

"When was there a swing here? It wasn't there the last time I came."

Lu Ming stopped in his tracks and said embarrassedly, "Lu Yan said that it's too boring here. Young girls don't like it. I was afraid that you would be bored when you came, so I got someone to install one here."

There were hints of ambiguous feelings in the quiet air.

"Do you want to go up and play?" Lu Ming asked.

Lin Yin nodded and Lu Ming pulled her onto the swing.

When Lin Yin danced with the wind in the air, a relaxed feeling filled Lin Yin's chest.

Ever since her previous life, her life had never been so relaxed.

The hardships of living in the slums, then returning to the Su Family to be a lowly servant, then being shot to death, and even after she was reborn, the belief in revenge was like a string that wrapped tightly around her, making her nervous all day.

This was the first time she felt the relief of not thinking about anything.

Lu Ming looked at the imperceptible smile on Lin Yin's face and his chest was filled with joy.

As soon as the end-of-term exams ended, the new year was approaching.

On the day of the New Year's Eve dinner, the Su Family was also very lively.

The Su Family and the Chu Family gathered at the Su Family's villa and gathered together.

Even though Su Zhen had suffered a little on that piece of land, everything was still normal for now. This made Su Zhen relax a little. He even prayed in his heart that Lu Ming had misjudged this time and that there was actually nothing wrong with this piece of land.

Therefore, Su Zhen was also relatively happy on this day.

In the past, on New Year's Eve, the main characters were usually Su Fei and Su Lin.

Because of Su Zhen, the head of the family, Su Fei and Su Lin were praised as the most promising and outstanding children in the family.

However, there were some changes this year. Firstly, Su Fei was no longer the daughter of the Su Family, so the person everyone wanted to please had long become Lin Yin.

The other was Chu Ning, who had recently earned a lot of money and was known as the goddess of the stock market.

At this moment, everyone was praising Chu Ning.

“Ningning is successful. I heard that she earned a lot of money!”

“That’s right. I’ve followed and invested a little money. You don’t say, I’ve never lost anything.”

“I say, in this big family now, the most promising person is Ningning. Look, she doesn’t rely on anyone and can easily earn hundreds of millions.”

Facing everyone’s praise for Chu Ning, Su Zhen smiled coldly in his heart. Back then, when he was short of money to borrow, Chu Ning had only given him a million yuan.

Now that he heard everyone’s words, the dissatisfaction in Su Zhen’s heart was naturally obvious.

At the same time, Su Fei was unhappy.

In the past, she was the center of attention, but today, from the beginning of the family banquet until now, no one had come up to chat with her.

Instead, they were either surrounding Lin Yin or Chu Ning.

The few people who came to greet her were only greeting her because Su Lin was standing beside her.

This difference made Su Fei feel terrible, and her hatred for Lin Yin deepened.

It was not that Lin Yin did not receive Su Fei's resentful gaze. She only glanced at her coldly and did not take it to heart.

After the two families finished eating, they dispersed.

Su Zhen and Chu Yun also gave the children red packets as usual.

In terms of unimportant matters, Su Zhen was still very fair to his two daughters. Lin Yin and Su Fei each received 10,000 yuan.

On the other hand, Su Lin received a cheque worth a million yuan, making Su Lin overjoyed.

He looked at Lin Yin provocatively. No matter what he did wrong, he was still the most important heir in his father's heart.

Lin Yin was nothing!

Chapter 270: 10 Million New Year's Money

Chu Yun also gave a red packet and said happily, "Su Lin, you have a big red packet from your father, so I won't give it to you. As for Yinyin, your brother doesn't. In order to show fairness, Mom won't give it to you as well. As for Feifei, you've worked hard for the past six months. Mom will give you a red packet as compensation."

Su Fei's eyes lit up, and she glanced at Lin Yin smugly.

So what if she wasn't her biological daughter? Her mother only loved her and not Lin Yin.

Su Fei happily took the red packet from Chu Yun's hand. When she opened it, it was actually a cheque for 500,000 yuan. She was overjoyed.

In the past, Su Fei did not think that 500,000 yuan was a lot of money, but the hard times she had lived when she ran away from home and the lack of funds the Su Family faced during this period of time made Su Fei realize that she had to save some money.

If she was abandoned one day or the Su Family went bankrupt, 500,000 yuan would really be a lot.

Su Lin rubbed Su Fei's head and gave her a red packet in his hand. He smiled and said, "Feifei, this is Brother's red packet."

Su Fei happily took Su Lin's red packet. Then, seeing that Su Lin had no intention of giving Lin Yin a red packet, she deliberately asked, "Brother, how about the red packet for sister?"

Su Lin snorted and said, "Not just anyone can get my red packet."

Su Fei seemed to have suddenly realized that she shouldn't have asked. She quickly pulled Su Lin back and said, "Brother, don't talk nonsense."

Because Mu Heng and Lu Ming did not help him previously, Su Zhen had a lot of complaints about Lin Yin. Therefore, at this time, he did not want to stand up for Lin Yin.

Chu Yun couldn't wait for Lin Yin to be embarrassed.

Lin Yin didn't mind letting the Su Family enjoy this short life of wealth because they wouldn't be able to enjoy it soon.

It was almost midnight. Lin Yin felt bored and was about to go upstairs when her cell phone suddenly vibrated.

Lu Ming: Yinyin, come out to the door for a while.

Lin Yin was a little puzzled. Then, she opened the door and walked into the courtyard.

At this moment, a dazzling firework exploded in the sky.

Su Zhen and his family were also attracted by the fireworks and watched as they bloomed in the air.

When the sky fell silent again, beautiful music sounded.

After midnight, a line of words suddenly appeared in the air: Yinyin, Happy

New Year -Ming

It was pieced together by dozens of drones.

At this moment, Lu Ming's voice call came.

"Yinyin, Happy New Year!" Lu Ming's cheerful voice came from the phone.

A smile appeared on Lin Yin's lips, and her voice was a little sweet as she said, "Happy New Year to you too!"

Someone suddenly appeared at the entrance. "Miss Lin Yin?"

Lin Yin asked curiously, "You are?"

That person smiled and said, "I accepted Mr. Lu's request to give Miss Lin Yin New Year's money."

Before Lin Yin could move, the drone that had just been in midair suddenly began to slide slowly under the control of the person at the door.

A drone flew in front of Lin Yin with a red packet. Lu Ming's voice came from the microphone. "Yinyin, I'll give you New Year's money. Lu Yan has it too. You can't refuse."

Initially, Lin Yin was still thinking about how to reject him. Now that Lu Ming had mentioned Lu Yan, she said helplessly, "Alright, I'll accept it!"

Lin Yin took the red packet. It was thin, so it shouldn't be too much. Thinking of this, Lin Yin didn't feel any burden.

Lu Yan's voice sounded from Lu Ming's side. "Uncle, are you secretly talking to Yinyin on the phone? I want to say Happy New Year to Yinyin too. Let me talk for a while!"

Lu Ming was so angry at Lu Yan that his heart stopped. He hurriedly said to Lin

Yin, "Let's talk later!"

Lin Yin replied softly, "Okay!"

Everyone in the Su Family knew that Lu Ming had given Lin Yin New Year's money.

Su Fei's eyes were glued to the red packet. She said sarcastically, "It's just a red packet. Who knows? It's just 100 yuan. It's for auspiciousness."

Lin Yin was not angry. She opened the red packet and took out a piece of paper.

Su Fei quickly went forward to take a look and exclaimed, "Ten million?!" This amount frightened the Su Family and Lin Yin.

Which family gave their New Year's money like this? It was ten million yuan.

Su Zhen immediately felt upset.

Lu Ming could give Lin Yin 10 million yuan as New Year's money. At that time, he only wanted to borrow 200 million yuan, but Lu Ming was stingy.

With Lu Ming's wealth, it was impossible for him not to have it, so Lu Ming sincerely did not want to give it to him..
