

Real Daughter 281

Chapter 281: Rare Plants

Lin Yin had just gone upstairs when she heard Su Zhen's voice coming from the study.

The voice revealed disbelief and nervousness. Lin Yin smiled and returned to her room.

At this moment, after the exclamation just now, Su Zhen lowered his voice and asked, "What rare plant group? What the hell is that?"

The secretary was also very depressed. He said, "It's an endangered species that was just identified the day before yesterday. It just happened to appear at our construction site. Those botanists have already gone over to investigate." "Then what will happen? Can we start work normally?" Su Zhen asked.

The secretary sighed slightly and said, "At least until we cooperate with the relevant departments to transplant these plants."

Su Zhen heaved a sigh of relief. It was just a few plants. It should be fine.

"Go to the construction location now. I'll go over immediately. If there's anything, we'll talk about it later," Su Zhen said.

When he hurriedly walked out of the study, he happened to meet Su Lin. He was furious.

Su Lin looked at his father in confusion and asked, "Dad, what's wrong? Why do you look so pale?"

"You still have the cheek to ask me what's wrong? A rare plant group appeared in the old airport!" Su Zhen said angrily.

Su Lin frowned. "Then just dig them away!"

"What do you know? The entire transplant process will take a period of time. If the quantity is big and the work stops for a month or two, do you know how much we have to lose?" Su Zhen could not suppress his temper. Then, he pushed Su Lin away and walked towards the construction site.

Su Lin was also worried and followed Su Zhen.

However, when the father and son arrived together, they heard something that made them feel even more despair.

There was actually an ancient fossil group under the airport.

Almost at the same time, all the archeological experts rushed towards this land.

Botanists, archeologists, and some zoologists forcefully stopped all the processes happening on this land.

Su Zhen was on the brink of tears. At this rate, he would not be able to start work on this piece of land for another year or two.

At that time, Su Lin had spent 1.2 billion yuan to buy this land and it was talked about.

Now that everyone saw this situation, they clapped their hands and praised. They smiled in unison. Su Lin was lucky. With just a casual purchase of land, there were all kinds of rare species and ancient fossils.

For a moment, the Su Family became the target of ridicule.

Su Zhen was so angry that he was about to go crazy. He asked the secretary coldly, "Has the specific evaluation been completed? How long is the estimated suspension?"

The secretary said with a terrified expression, "Conservatively speaking, it will take two years."

Su Zhen fell onto the office chair. Even Su Lin, who was beside him, stood at the side with an extremely ugly expression.

Originally, the Su Corporation had already sold many projects for this piece of land.

They had invested a lot of money to develop this land.

Now that it was stagnant, all the money from before was made ducks and drakes of.

Now, even this piece of land could only be traded after two years. Wasn't this going to make his Su Corporation go bankrupt?

Su Zhen grabbed the ashtray beside him and threw it at Su Lin. His entire body trembled as he roared, "You prodigal! You prodigal!"

Su Lin said indignantly, "Didn't the government say that there was compensation?"

The secretary said with a bitter expression, "That compensation can't support our losses at all. Moreover, we urgently developed this land to get back the funds as soon as possible to ensure that the Su Corporation runs normally. If we delay for two years, I reckon..."

Before the secretary could finish speaking, Su Zhen was so angry that he continued, "There probably wouldn't be the Su Corporation then, you idiot!"

Su Lin did not expect things to turn out like this. When Lin Yin was on the phone with that person, she clearly said that this land was a treasure land. Why did it turn out like this?

Yes, Lin Yin!

Su Lin immediately said, “Dad, Lin Yin must have done this. At that time, Lin Yin went out and made a call. Then, she told that person that this piece of land was a treasure land, so she cooperated with that person to bid for it. And she’ll trick us into bidding for that piece of land by the Silin Coast to make us lose everything. That’s why I misunderstood.. Really, Dad, believe me!”

Chapter 282: Unable to Borrow Money

The secretary’s disdainful gaze instantly landed on Su Lin.

Su Zhen asked Su Lin to call Lin Yin out. Su Lin went out aggressively and slammed the door in front of Lin Yin.

Lin Yin suddenly opened the door and saw Su Lin swinging his fist to continue smashing the door. She dodged and Su Lin rushed in, falling flat on his face.

“Lin Yin!” Su Lin roared.

The corners of Lin Yin’s lips curled up. “Why are you shouting so loudly? Don’t you have any manners?”

Su Lin got up and said angrily, “Dad is looking for you. Go to the study room now!”

Lin Yin glanced at Su Lin mockingly, then slowly turned around and walked towards Su Zhen’s study.

As soon as they entered the study, Su Zhen asked coldly, “Your brother said that it was because of a call from you that he insisted on buying the land at the old airport.”

Lin Yin asked in surprise, “Phone? What phone call? Why didn’t I know?”

Su Lin pointed at Lin Yin angrily and said, “Lin Yin, don’t pretend. It’s you and others who want to scheme against our Su Family. You said that the old airport is a treasure land with good feng Shui and will definitely be able to earn money, so you found someone else to cooperate with to buy this land. You

even said that you want us to bid for the land along the Silin Coast, there's a problem with that land. Sooner or later, our Su Family will lose everything."

Then, Su Lin turned to look at Su Zhen and said, "Dad, I heard what Lin Yin said, so I wanted to bid on the land of the old airport."

Lin Yin looked at Su Lin innocently and said, "Su Lin, you've committed such a thing yourself. You can't spout nonsense to find someone to take the blame, right? What I've always told Dad is that there's a problem with the old airport and there's a profit in Silin Coast. Now that there's indeed a problem with the old airport, then Silin Coast..."

After Lin Yin paused for a moment, Li Sheng continued very well, "Miss, the spot for a new school in Silin Coast has been approved. It's developing well now."

Hearing this, Su Zhen's expression was extremely ugly. Lin Yin had indeed said that.

If he had done as Lin Yin said, it wouldn't be so difficult now.

Lin Yin turned to look at Li Sheng and smiled. "That's right. Secretary Li knew what I said back then. Moreover, Secretary Li saw how I advised you not to bid for the old airport. Otherwise, you could have asked the CEOs present." Li Sheng nodded silently. That was the situation at that time.

Su Lin was instantly speechless.

Lin Yin smiled. "Su Lin, you were the one who didn't believe me. You were the one who threw Dad's instructions to the back of your mind. You still want to blame it on others. Tell me, what did I say wrong?"

Su Lin's face turned red. He had no evidence and said stubbornly, "Lin Yin was the one who schemed against me."

Lin Yin shook her head helplessly and smiled. "Dad, I can't bear this responsibility."

Su Zhen couldn't say anything to blame Lin Yin and could only sit there and sulk.

In the end, it was Li Sheng who asked, "Miss, don't you have a good relationship with President Lu? Can you ask him to help and borrow us some money?"

At this moment, Su Lin sneered and said, "Secretary Li, don't count on it. The Lu and Mu families didn't help last time, so it's even more impossible for them to help now."

Li Sheng let out a long sigh and shook his head weakly.

It seemed that the Su Corporation would not be able to escape. He had to quickly think of a way to change to another company.

As soon as Secretary Li left, the entire Li Family fell into a dead silence. Even the servants walked carefully, not daring to make too much noise.

It was even more terrifyingly quiet in Su Zhen's study. Even Su Zhen's breathing could be heard clearly.

Tomorrow, he would work hard again. If he still could not borrow money like last time, he could only abandon some useless things.

The next morning, Su Zhen went out with all kinds of information and documents.

It was not until the night was dark that Su Zhen dragged his tired body back and sat alone in the study.

The Su Corporation was his life's work. He could not let his previous efforts go to waste. He had to protect the Su Corporation and use all means to protect it.

As long as he had the money to turn it around for a while, there was still hope.

The next day, Su Zhen was no longer as lifeless as he had been two days ago. Even though there were still some dark eye circles under his eyes, his expression looked much better.

Su Lin looked at Su Zhen and asked, "Dad, did you find someone who's willing to lend us money?"

Su Zhen did not say anything. He only said calmly, "Yinyin, Feifei, the two of you go and properly style yourselves. Accompany Daddy to a banquet tonight.."

Chapter 283: Cruise Ship Banquet

Lin Yin's eyes flashed. At this time, Su Zhen was still in the mood to attend the banquet and even brought his two daughters along?

Previously, Su Zhen had brought her to the banquet either to cling to the rich and powerful or to please someone.

Lin Yin knew very well that this was definitely a bad banquet.

"Dad, what banquet is it tonight? I was thinking that if it's something fun, I'll bring Lu Yan along," Lin Yin asked with a smile.

"No!" Su Zhen rejected it loudly almost instantly.

At such a banquet, if Lu Yan was brought along, wouldn't everyone on the ship be done for?

After shouting, Su Zhen realized that he had lost his composure.

Facing everyone's scrutinizing and suspicious gazes, Su Zhen quickly said, "Today's banquet is filled with some of Dad's old friends, and they're all famous big shots. It's not appropriate for outsiders to go. Don't let Lu Yan go." Lin Yin understood, but she didn't show it on her face. "Okay, I understand." On the other side, Chu Yun also sensed that something was wrong.

She and Su Zhen had been husband and wife for so many years. Sometimes, she could guess from his expressions.

After breakfast, Chu Yun pulled Su Fei and said, "Feifei, don't follow your father to the banquet tonight."

Su Fei asked in confusion, "Why? Dad said that all the people who came today are big shots. I want to go and see them."

Su Fei suspected Chu Yun's motive for saying this. Could it be that because she was not her biological daughter, Chu Yun did not want her to appear? Instead, she wanted to hand over such a good opportunity to Lin Yin alone.

At the thought of this, Su Fei felt uncomfortable.

She said that she loved her the most. When she met something good, she still thought about her biological daughter first. She was too hypocritical.

"Feifei, listen to Mom. Mom won't hurt you. Don't go tonight," Chu Yunyu said earnestly.

Compared to a chance to soar, Chu Yun still felt that Su Fei's life was more important.

Anyway, she felt even more uneasy about this banquet.

However, Su Fei, who was certain that Chu Yun was biased, was unwilling to listen to him. She said firmly, "Mom, I have to go tonight. Even if you don't let me go now, I'll go secretly later."

Chu Yun frowned and said helplessly, "Feifei!"

Su Fei interrupted Chu Yun. "Mom, don't persuade me."

Chu Yun looked at Su Fei's determined expression and finally compromised.

She prayed that she was thinking too much. Perhaps nothing would happen at night?

"Alright, if you want to go, then go. But promise Mom that if anything happens, you have to run away quickly, understand?" Chu Yun instructed worriedly.

Su Fei was very impatient and said lazily, "I understand."

When Lin Yin and Su Fei were brought to a luxurious cruise ship by Su Zhen, Lin Yin's heart tightened.

In her previous life, she had heard of such cruise parties being hosted by the wealthy.

On land, many people could not relax because of some reasons and hidden problems.

However, on the cruise ship, the surroundings were empty. It was a dark place that was suitable to magnify one's desires infinitely.

Lin Yin had heard of the wealthy family's cruise banquet in her previous life.

It was said that many of the girls accompanying them were young ladies from rich families.

Some were tricked over, some were sold by their parents in exchange for benefits, and some were snatched according to the specific requirements of some big bosses.

At that time, a girl was deceived and came over. The girl's parents were a little powerful, so they reported them.

There were indeed many people arrested on the cruise, but it was left unsettled because Lin Yin did not hear anything else.

It must have been settled by some big shot inside, so there was no news at all.

There was no news of the parents who reported the cruise ship either. Now that she thought about it, they might have encountered something unexpected.

Lin Yin's heart trembled slightly. Could it be that Su Zhen was really crazy enough to sell her and Su Fei to fill the hole in the Su Family?

Even though she had made some arrangements just now, Lin Yin was still worried and sent another message to Sun Biao and the others. This was because once they reached the sea, they might really not be able to contact anyone.

Lin Yin followed behind Su Zhen and watched as he handed out the invitation and accepted the various searches by the security officers. The tense atmosphere affected Lin Yin's mood through these checks..

Chapter 284: Can 't Leave

When the female security officer touched Lin Yin and the others and took away their cell phones and various electronic devices, Lin Yin could almost conclude that this ship was the cruise ship in her previous life that specially had all kinds of rich girls out to serve people.

Su Fei frowned and asked softly, "Dad, what kind of banquet is this? Why is it so strict? You can't even bring your cell phone?"

Su Zhen's expression was dark as he replied softly, "Of course it's like this at a big shot's banquet. Don't speak nonsense if there's nothing."

The words "big shot" directly limited Su Fei's intelligence.

She smiled excitedly in her heart. A big shot? Was it a big shot like Lu Ming?

Lin Yin had relied on someone like Lu Ming to obtain her father's favor and snatch her mother's heart.

If she could find a powerful big shot to back her up today, wouldn't she be able to continue receiving her parents' love in the future?

If she could find another big shot like Lu Ming to marry, wouldn't that be even better?

At the thought of this, Su Fei became a little excited. She looked forward to meeting a big shot later.

Compared to Su Fei's excitement, Lin Yin regretted coming over.

Her expression suddenly changed slightly as she said to Su Zhen, "Dad, my stomach seems to be a little uncomfortable. I don't want to go to the banquet anymore. Can I go back?"

Lin Yin knew that tonight's banquet was definitely not a good banquet, but she thought that her plan was about to succeed, so she did not want Su Zhen to receive any help at the banquet, so she followed him over to take a look.

But she really did not expect it to be this banquet.

Su Zhen's expression was dark as he said coldly, "There's a doctor inside later. Just go inside and get the doctor to take a look at you."

Lin Yin said with a bitter expression, "Dad, I still don't want to go. I'll go back first."

As she spoke, Lin Yin was about to turn around and leave when she was stopped by the security officers.

Several bodyguards in black appeared behind the security officers. One or two of them had already reached into their clothes, looking like they were about to take out their guns.

Su Fei sneered. "Lin Yin, what do you think this place is? You can't come and go as you please. These are all big shots. Even if your Lu Ming comes, he might have to go in obediently and be a good person."

The security officer said coldly, "Miss, as long as you step onto this cruise ship, you can only leave after the banquet ends."

Lin Yin looked at the few people behind the security officers and could only follow behind Su Zhen obediently.

Since she could not get off the ship, she would see which blind person dared to provoke her today.

Su Zhen's eyelids fluttered. He glanced at Lin Yin and continued walking.

He felt that Lin Yin probably knew something, but so what if she knew? As long as they boarded this ship, even he could not guarantee what would happen next, let alone Lin Yin, who was a good he would be selling.

Lin Yin and the others followed the waiter inside.

However, as soon as they arrived inside, the waiter said to Su Zhen, "Sir, please follow me."

Su Fei rushed forward and asked, "What about me?"

In Su Fei's opinion, this waiter must have brought Su Zhen to meet someone important, so she felt that she had to follow him.

The waiter said politely, "Miss, all the young guests are waiting in this room."

Su Fei turned to look at the room the waiter was pointing at and walked over curiously. She saw a lot of pretty girls, many feminine-looking pretty boys, and some muscular men.

Some were socializing enthusiastically, while others hid at the side in fear.

But without exception, these girls were all very good-looking and had good figures.

At this moment, two girls who looked like hostesses came out and made an inviting gesture to Lin Yin and Su Fei.

Su Fei glanced at Su Zhen, who had already been invited away by the waiter, and followed the receptionist into the room without hesitation.

Lin Yin looked at the receptionist and said, "I want to go to the washroom." The hostess said with a smile, "Miss, there's a washroom inside too. I can bring you there."

Lin Yin stared fixedly at the girl in front of her and smiled.. "What if I don't go in?"

Chapter 285: Auction

The receptionist was slightly stunned. She lowered her head and said, "On this cruise ship, only this room is open to young guests. This is the rule. I hope you won't make things difficult for me."

Lin Yin smiled at the usher and entered the room.

Although it was called a room, it could actually be considered a huge event venue.

The moment they entered, many people looked at Lin Yin.

Even Su Fei, who had just entered and was already chatting happily with the others, looked at Lin Yin with jealousy.

It would be good if Lin Yin didn't come. Otherwise, with Lin Yin's looks, even if there were big shots, they would be attracted away by her.

Lin Yin, this shameless woman, clearly already had Lu Ming. Why was she still here to snatch him?

Lin Yin didn't have time to care about Su Fei now. She took the red wine from the waiter and sized up her surroundings casually.

After scanning the various surveillance cameras everywhere, Lin Yin's gaze landed on a few large glasses in the venue.

If she remembered correctly, behind these one-way mirrors were the buyers and sellers for tonight.

All the boys and girls in the venue were sized up casually under those people's wretched gazes.

The seller could write down a base price and the buyer could auction for it. The highest bidder would win.

The highest bidder here would obtain it. It was not judged by everyone, but by the seller themselves.

In other words, the seller could choose the price that was most beneficial to them from a pile of bidders.

The price here did not only refer to cash, but also various business cooperation and connections.

Lin Yin was right. At this moment, Su Zhen was sitting in the seller's seat. When all the cameras at the event location turned to Lin Yin, the auction for Lin Yin tonight officially began.

Su Zhen looked nervously at the rising price on the screen and was abnormally excited.

He had just glanced at it. Among the people in the venue, Lin Yin's appearance was the best, so she would definitely be able to sell for a good price.

This ship was not only comparing the beauty of the men and women being auctioned, but also the reputation of these big bosses.

Therefore, with Lin Yin's appearance, she must be a spoil of war that these people will be winning for their pride.

When Lin Yin brought a contract of 300 million yuan to the Su Family, and it was a down payment of 200 million yuan, Su Zhen became excited.

Although Su Fei was not that valuable, she had also obtained a loan slot of 100 million yuan for Su Zhen. This made Su Zhen very satisfied.

This way, he would have almost 300 million yuan.

When he coaxed Lin Yin to take out the 20 million yuan, it would be a lot of cash.

At the thought of this, Su Zhen was filled with hope for the future of the Su Corporation.

The auction ended without the boys and girls knowing.

Then, many waiters appeared in the venue and brought these people who were being auctioned to their rooms.

The remaining people who were not chosen continued to socialize at the venue.

After they dodged the bullet, they would only treat this trip as a relaxing cruise and wait for the second time to be summoned to continue the auction.

Curious, Su Fei followed the waiter to a room.

The waiter said politely to Su Fei, "Miss Su, this is the room you're resting in.

Your special service will be delivered in a while. Please wait patiently."

Su Fei nodded, half-understood. She thought to herself that the service on this cruise ship was quite good. There was actually a special service.

"Really? There's a special service? Does everyone have it?" Su Fei asked proudly.

The waiter smiled and said, "Only the lucky guests chosen by our guests have special services."

Hearing this, Su Fei became excited. It seemed like she had caught the eye of a big shot today.

So she was being treated well now?

At this moment, Lin Yin followed the waiter to the room beside Su Fei.

Su Fei did not expect that someone would take a fancy to Lin Yin. She instantly felt uncomfortable and pushed the door open angrily.

After waiting for a while, there was a sound outside the door.

Su Fei wondered if someone had sent some special service over.

Su Fei stood up excitedly and was about to run over to take a look when she suddenly saw a fat bald man enter with a wretched expression. He even closed the door and locked it.

Su Fei was shocked and said sternly, "Who are you? Who let you in?"

The bald man smiled, revealing his yellow teeth. His small eyes narrowed into slits.. As he took off his clothes, he said, "I'm your husband for the night who bid for you!"

Chapter 286: Thank You, Matchmaker Su Zhen

Su Fei quickly hid behind the bed and scolded loudly, "What auction? What nonsense are you talking about? Let me tell you, I was fancied by a big shot tonight. Get lost quickly, or you'll be finished."

The bald man smiled brightly. "Your father sold you to me, so I'm the big shot you're going to serve tonight."

When Su Fei heard this person's words, she was stunned.

Just as she was in a daze, the bald man had already grabbed Su Fei and pressed her against him, tearing at Su Fei's clothes like a wild beast.

Seeing that the mouth full of yellow teeth was kissing her with a stench, Su Fei was so frightened that tears fell crazily. She turned her face to the side and shouted, "Let go of me! No! Please let go of me! Dad! Save me! Brother! Save me!"

But no matter how much Su Fei shouted and struggled, her clothes were still peeled off piece by piece, and she was bullied and ravaged.

At this moment, Lin Yin, who was next door, listened to the shouts from the side silently. Her gaze landed lightly on the balding man's face.

The balding man looked at Lin Yin with a green light in his eyes.

He had taken a fancy to Lin Yin the first time he saw her. She exuded a cold goddess-like aura and was simply mysterious and charming.

Now that he saw her in person, she looked even more beautiful and seductive than before through the glass. It was not in vain that he had bought her with a contract worth 300 million yuan.

Hearing the sharp cry next door, the balding man became excited. He rubbed his hands and smiled slyly. "Baby, let's start too? The cry next door makes me hard."

Lin Yin sized up the man in front of her with a disdainful gaze and smiled.

"What's your name?"

The Mediterranean man was slightly stunned. This young lady was interesting. She could still be calm in the face of danger and even dare to ask his name. The balding man smiled and said, "Baby, just call me Hubby. I like it."

As he spoke, the balding man bent down to hug Lin Yin with an unbearable expression, but Lin Yin pressed a golf club against the man's chest.

"I won't serve someone without a name!" Lin Yin looked down at the half-squatting person arrogantly.

"I... I'm Jiang Ji. Baby, I'm your Jiang Ji." Jiang Ji simply loved Lin Yin's queen-like attitude.

"Jiang Ji? Then what do you think of me?" A smile appeared on Lin Yin's lips.

This made Jiang Ji dizzy. He nodded repeatedly and said, "Great! You're the best! You're my queen!"

"In that case, will you listen to me?" Lin Yin blinked and pouted.

How could Jiang Ji, who was blinded by the sun, say no? He nodded and said, "I will, I will. I'll listen to whatever you say."

Lin Yin sighed slightly and said, "I was very sad that my father sold me, but now that I see that you're the one that bought me, I'm happy and want to thank my father for being a matchmaker. Are you going to help? Perhaps we can still be together after tonight."

"Yes, I'll help you no matter what you say!" Jiang Ji's face was filled with joy. At this moment, he wanted to agree to whatever Lin Yin said.

"My father is gay. It's been so many years, and he's been suppressing his sexual orientation. I thought that it just so happens that there are many people here today. I want to find a few people to accompany him and let him release himself," Lin Yin said with a smile.

Jiang Ji was slightly stunned. He did not expect Su Zhen, who had a wife and children, to be gay.

Jiang Ji had no intention of discriminating. Coupled with the fact that this was

Lin Yin's request, he immediately patted his chest and said, "Leave this to me. When we're done, I'll help my future father-in-law arrange it."

As he spoke, Jiang Ji was about to hug Lin Yin again. He was extremely anxious, especially when he heard the commotion next door.

In the end, he was stabbed back by the golf club in Lin Yin's hand.

"You just want to play with me for a while? But I want to play with you for the entire night. Go and arrange for my father first. That way, I can be happy with you for the entire night, right?" Lin Yin said.

Her voice was delicate and charming, making Jiang Ji's heart melt. He quickly said, "Okay, I'll arrange it now."

"Then come back quickly. I'll wait for you!" Lin Yin said worriedly, as if she was afraid that Jiang Ji would not come back..

Chapter 287: Respecting Future Father-in-law

Jiang Ji's heart itched like a kitten. He wished he could have sex with Lin Yin now.

In the end, he steeled his heart and said, "Alright, I'll be back soon. I'll definitely find a few fierce men for my future father-in-law to enjoy."

Lin Yin nodded and smiled. "I remember. My father doesn't like to move. Also, he has a thin face and likes to play coercion. You know, the feeling of being forced and taking the initiative is different."

Jiang Ji nodded in understanding and ran away anxiously.

After Jiang Ji left, Lin Yin's expression instantly turned fierce. She took the golf club and followed him out.

However, just as she opened the door, the waiter who had just brought her here blocked Lin Yin's path. "Miss, it's not time yet. You can't go out."

The man just now was a buyer. If he wanted to go out, the waiter could not stop him.

However, Lin Yin was here to sell herself. It would be their responsibility if she was released before it was time.

Lin Yin frowned and said, "I didn't want to go out. It's just that Mr. Jiang, who just came in, left something behind. I looked a little afraid, so I want to invite you in to take a look for me."

The waiter frowned and asked, "What is it?"

Lin Yin shook her head in fear and said, "I don't know either. Come in and take a look."

The waiter thought that it shouldn't be a problem for him to go in and take a look. It was fine as long as the goods didn't leave, so he followed Lin Yin in. She followed Lin Yin to the bed. Just as she bent down to see what was on the bed, the back of her neck hurt and she fainted on the bed.

Lin Yin quickly took off the waiter's clothes and changed into them. Then, she imitated the waiter and quickly tied her hair up.

She picked up the cosmetics in her bag and changed her skin color and makeup according to the appearance of the waiter.

Lin Yin, who had been a gorgeous beauty just now, was instantly covered in makeup and turned into an ordinary-looking girl.

After stuffing the waiter under the blanket, Lin Yin went out to look for Jiang Ji, who had just left.

Perhaps it was because the people on this cruise were quite confident in their security arrangements, but along the way, Lin Yin only saw a few patrolling bodyguards.

At this moment, Su Zhen was looking at Jiang Ji with five tall muscular men in confusion. He asked, "CEO Jiang, what do you mean?"

Jiang Ji smiled until his eyes were almost narrowed into lines. "Why are you calling me President Jiang? Call me Xiao Ji. When I'm with your daughter, you'll be my future father-in-law."

The corners of Su Zhen's mouth twitched. It was just one night. Did they have to call each other so intimately?

"Xiao Ji, hahaha, why did you call me here?" Su Zhen asked in confusion.

Shouldn't Jiang Ji be with Lin Yin at this time?

What was he doing here?

Jiang Ji looked at Su Zhen with a wretched expression and smiled. "Didn't I bring someone to be filial to you? Don't worry, I understand."

Before Su Zhen could figure out what Jiang Ji knew, Jiang Ji called out to the five men and said, "Do you remember what I said just now? The kind where the domineering President forces himself on you. If he says no, he means yes. Do you understand?"

Su Zhen looked at the five of them and nodded in unison, feeling even more puzzled. What were they doing?

Before he could react, he suddenly saw the five muscular men approaching him. He retreated in fear and shouted, "What are you doing? Don't come over! CEO Jiang, what are you doing?"

Jiang Ji ignored Su Zhen and said with a smile, "That's sarcasm. It means that he wants you all to get close to him."

Su Zhen's eyes instantly widened as he looked at Jiang Ji in disbelief.

When he realized that something was wrong, he turned around and was about to run when someone grabbed the waist of his pants.

With a tearing sound, Su Zhen's white underwear appeared in front of everyone.

Jiang Ji covered his mouth excitedly and turned around to open the door, preparing to leave.

Unexpectedly, as soon as the door opened, he saw a waiter with sallow skin standing in front of him. He said impatiently, "Get lost!"

In the end, not only did the sallow-faced waiter not scam, they even grinned at Jiang Ji with a strange smile.

Jiang Ji's scalp went numb from their smile. He raised his hand to push them away, but the sallow person opposite him covered their mouth and nose and sprayed something at him.

Jiang Ji yawned because of the spray. Then, he fell into a daze..

Chapter 288: Fortunately, It's Not Her

When the five people inside, including Su Zhen, saw this scene, they all ran towards the door.

Lin Yin smiled strangely and threw the medicinal powder in her hand at the people opposite her. Soon, they fell to the ground in a daze.

Lin Yin found the best angle inside and brazenly installed a surveillance camera.

Then, she left slowly and closed the door for this group of people. She stood silently outside the door.

Soon, there was movement inside. The sound of beasts mating was endless, shocking.

At this moment, a person with a gold chain rushed into a luxurious private room and reported anxiously to a bespectacled man who was still enjoying himself. "Boss, our ship has been surrounded."

The bespectacled man pushed the almost naked woman in his arms to the ground and narrowed his eyes dangerously. "Who dares to surround our ship?!"

The subordinate was so anxious that his head was covered in sweat. He shook his head and said anxiously, "I don't know which side it is, but they surrounded us almost instantly. They look like they're well-trained and all of them have guns."

Hearing that the other party had guns, the bespectacled man frowned, his heart filled with uneasiness.

Just as he called for everyone to get their guns and prepare to deal with the attackers, the door of the private room was kicked open.

Before they could react, everyone in the room, including the bespectacled man, had a black gun pointed at their heads.

The bespectacled man instantly panicked and hurriedly begged humbly, "Brothers, let's talk things out. Don't use weapons. Really, I'll cooperate with everything!"

At this moment, the man in black opposite made way for her. A cold figure walked in quickly with a cold aura.

The moment that person approached, it was as if a death god from hell had descended. The aura pressed down on the bespectacled man until he trembled. He had never expected that it would be Lu Ming.

"Where's Lin Yin?" Lu Ming's voice was as cold as ice.

The bespectacled man quickly thought about the girls today. Then, his eyes widened slightly as he looked at Lu Ming and said, "In Room 88!"

"Get some men and follow!" Lu Ming said.

Shen Yu grabbed the back of the bespectacled man's collar and said sternly, "Lead the way!"

The bespectacled man staggered and said pleadingly, "Mr. Lu, it's not my fault. Su Zhen wanted to sell his daughter. I didn't participate the entire time. I just provided a place. It really has nothing to do with me!"

Lu Ming poked the back of the bespectacled man's head with the gun. "If you continue to argue, I'll shoot you right now. You'd better pray that Lin Yin is fine now. Otherwise, I'll make you wish you were dead!"

The bespectacled man was so frightened that his legs were trembling. He led Lu Ming and the others to Room 88.

Lu Ming pushed the room open and saw that it was quiet inside. There seemed to be a figure under the blanket on the bed.

There were clothes all over the ground. It was obviously a gown.

Lu Ming's eyes instantly surged with a black aura. Beside him, Shen Yu looked at the arched position on the bed in fear and prayed in his heart that it could not be Lin Yin.

The bespectacled man wailed in his heart.

This person had been sent in for more than half an hour. What needed to be done was almost done.

It seemed like even the heavens did not want him to live well.

The bespectacled man struggled free from the collar and looked at Lu Ming, who did not dare to go forward and lift the blanket for a long time. He said, "Mr. Lu, this really has nothing to do with me. I really didn't know that Su Zhen's second daughter was yours. Su Zhen brought his daughter out to sell herself. It has nothing to do with me."

The bespectacled man saw that Lu Ming was silent and was about to say something.

The next second, he was kicked hard in the abdomen. A hot breath sprayed out of his mouth and he fell to the ground like a rag. His heart, liver, and lungs hurt badly.

Lu Ming retracted his leg and walked towards the big bed.

Every step was so heavy that Lu Ming could not breathe.

Even the hand that lifted the blanket was trembling.

It was only when he saw that the person under the blanket was not Lin Yin that he seemed to instantly lose all his strength. He leaned against the wall beside him and took a few deep breaths.

Lu Ming was really afraid just now. He was so afraid that he did not know what to do.

He even wondered if he should turn around and leave. He would pretend that he did not know and continue to get along with her.

Fortunately, it was not her!

Chapter 289: Finding Lin Yin

Lu Ming turned around and stared coldly at the bespectacled man on the ground. His thin lips parted slightly as he asked, "Where is Lin Yin?"

The bespectacled man was also a little stunned. He supported himself against the wall and stood up shakily. He looked at the person on the bed and realized that it was really not the seductive Lin Yin.

The bespectacled man looked puzzled. Seeing that Lu Ming was about to walk towards him with a murderous aura, the bespectacled man immediately said, "I, I'll check the surveillance cameras. I'll definitely be able to find Miss Lin

Yin."

As he spoke, the bespectacled man took out his cell phone and tapped on the screen with his trembling hand. He quickly turned to the surveillance video at the entrance of Room 88.

Shen Yu grabbed the cell phone from the bespectacled man and handed it to Lu

Ming.

Lu Ming looked at the video on his cell phone with a dark expression.

When he saw the balding man enter the room where Lin Yin was, the low pressure emitted by Lu Ming spread out uncontrollably, scaring the bespectacled man so much that his teeth were chattering.

Fortunately, the balding man left very quickly. Lu Ming instantly heaved a sigh of relief.

The bespectacled man beside him saw that Lu Ming's expression had softened, and he also calmed down for a while.

At this moment, the door of the room beside him seemed to open and close.

Soon, the people in the room heard a girl scream next door, followed by a few men's obscene insults.

Then, there were the various panting sounds of the man venting, the decadent sound of bodies colliding, and the unbearable moans and pleas of the woman being raped.

The bespectacled man was indescribably miserable now. He was afraid that Lu Ming would think of Lin Yin when he heard the voice beside him.

Lu Ming naturally heard it, but he did not care. All his thoughts were on Lin Yin now. What happened to the woman next door had nothing to do with him.

Lu Ming saw that after Lin Yin called the waiter in for a while, the waiter left.

Lu Ming frowned slightly and turned to look at the woman lying on the bed. He compared her to the waiter who went out and his frown instantly relaxed.

He continued to tune the surveillance cameras and located Lin Yin's room. He immediately brought her over.

Lin Yin, who was standing at the door in boredom, was eating grapes one by one. Her expression was as carefree as it could be. She did not look like a conscientious waiter.

When Lu Ming saw this scene the moment he arrived, his face was instantly filled with helplessness and doting.

It was true that he was afraid just now, but it was also true that he couldn't bear to criticize Lin Yin.

Hence, in the end, there was only a helpless sigh and indulgence.

Lin Yin had just stuffed a grape into her mouth when she saw Lu Ming standing in front of her with a group of men in black suits.

Lin Yin chuckled at Lu Ming and said, "What a coincidence. You're playing here too!"

Lu Ming looked at Lin Yin and said in amusement, "Unfortunately, I came specially to look for you. "

Lin Yin picked a big grape gratefully and handed it to Lu Ming. "Then, I'll treat you to a grape?"

Lu Ming's gaze fixed on Lin Yin's face. Then, he looked at Lin Yin and opened his mouth to bite the grape in Lin Yin's hand. He even took advantage of her and bit Lin Yin's finger lightly to vent his anger.

He had been so worried all the way that he was tense. In the end, Lin Yin was eating fruits leisurely.

Lin Yin retracted her hand angrily.

The people around them looked at each other, but no one dared to look at Lu Ming and Lin Yin.

At this moment, Sun Biao and the others rushed over, instantly blocking this small aisle.

Sun Biao pushed Lu Ming's men aside. As Lin Yin's bodyguard, he had to stand by her side.

In the end, she couldn't control her strength and knocked open the door of the private room that Lin Yin was guarding.

Almost instantly, the masculine and decadent voices in the room entered everyone's ears.

Everyone looked into the room and saw five muscular men pressing down on the two men and doing piston exercises.

That lewd scene instantly stunned all the men present who had never seen the world..

Chapter 290: Quite Important

Lin Yin was shocked. This scene was too exciting. In the end, her vision instantly darkened and she heard Lu Ming's low and magnetic voice. "This dirty thing is not suitable for you to look at!"

Sun Biao's intrusion did not wake the seven men who were currently engrossed in lust. Hence, Sun Biao quietly got up from the ground and silently closed the door.

Although he had heard about the things between men before, this was the first time he had seen it in real life.

Most importantly, it was actually five muscular men fighting two old men. This scene was too exciting.

However, Sun Biao felt that one of the men looked a little familiar.

He turned to Lin Yin and said in realization, "Boss, the one inside..."

Halfway through, Sun Biao stopped talking. The person inside was the boss's father. Was this something he could say out loud?

As a qualified bodyguard, he could not say anything.

However, Sun Biao still glanced at Lin Yin and instantly felt that rich people were really messy.

Her father was enjoying the service of the muscular man inside, and his daughter was standing guard at the door in waiter's clothes. It was too strange. Lu Ming grabbed Lin Yin's hand and was about to leave, but Lin Yin did not move.

Lu Ming asked in confusion, "What's wrong? Why aren't you leaving?"

Lu Ming was suspicious. Could it be that Lin Yin had some fetish, such as eavesdropping?

At the thought of this, Lu Ming shook off the dirt in his mind and told himself that Lin Yin was not such a person.

Lin Yin looked at the closed door and said, "I left something inside. I thought I'd go in and get it when they're done."

Lu Ming glanced at Shen Yu, then Shen Yu nodded in understanding and asked Lin Yin, "Miss Lin Yin, what is it? I can wait here for them to finish and help you take it out."

Lin Yin said worriedly, "No, I'd better stay here. My things are quite important and useful."

Lu Ming grabbed Lin Yin, who was about to continue standing at the door, and said, "Shen Yu will send you a video call when he goes to retrieve it later. You won't lose it."

Lin Yin looked at Lu Ming's determined expression and sighed. "Alright, I'll reluctantly believe you."

Lu Ming left Shen Yu there. Lin Yin thought for a moment and finally left Sun Biao there too.

Hence, the two straight men listened to the obscene commotion inside awkwardly.

Lu Ming left with Lin Yin. As for the bespectacled man and the others, he got someone to control them inside. He planned to report them and send them in after Shen Yu and Lin Yin got what they wanted.

Fortunately, Lin Yin was fine tonight. Otherwise, it wouldn't be as simple as just sending them in.

The next morning, Su Fei forced herself through her tiredness and opened her eyes.

When she saw that her naked body was covered in mottled liquid and various wounds, her heart was filled with hatred.

At this moment, if she still could not understand the true purpose of yesterday's banquet, then she was really stupid.

No wonder Chu Yun did not let her come yesterday. So that was what she meant.

Su Fei was filled with regret.

She hated her for not listening to Chu Yun yesterday, and she hated Chu Yun for not stopping her forcefully.

She hated Su Zhen for being crazy. He actually sold out the daughter he had raised for more than ten years.

The best first time of her life had been snatched away by those greasy men. Not just one, but several.

Su Fei used the bedsheets to wipe the dirt off her body.

At this moment, Su Zhen was also looking at the marks on his body in shock and the few men beside him.

And Jiang Ji, who should have appeared in Lin Yin's room yesterday, was actually lying naked at the side like him.

This man was not with Lin Yin. Why was he with him?

The crazy scene from last night suddenly flashed across his mind. All the memories clearly appeared in Su Zhen's mind at this moment.

That's right. Yesterday, Jiang Ji came over to give him five men. Later, a waiter appeared. Then, he, Jiang Ji, and the five men were drugged.

Then, the five of them slept with him and Jiang Ji as if they were women.

Su Zhen was so frightened that he hurriedly took a step back.

A foreign object suddenly slid out of the cave behind him, right on the heels of which was intense pain and some liquid flowing down from behind him.

Su Zhen turned around in panic. The thing under him was actually another man's penis..
