

## Real Daughter 291

### Chapter 291: Why Didn't You Save Me?

Su Zhen hurriedly wiped the dirt off his body and quickly put on his clothes to escape this place that made him lose his integrity.

Su Zhen did not even see the two men guarding the door.

Shen Yu looked at Sun Biao and said, "Shall we go in and look?"

Sun Biao swallowed his saliva and nodded.

The moment the two of them entered, they choked on the fishy smell in the air. It could be seen that last night was really intense.

The few people on the ground were lying naked.

Shen Yu looked at the photo that Lin Yin had specially sent yesterday and quickly picked up what Lin Yin wanted. The two of them turned around and ran.

Su Zhen, who had fled in panic, met Su Fei, who had also run out in panic.

Su Fei looked at Su Zhen's disheveled appearance and could not hide the surging hatred in her heart.

She did not expect that while she was being bullied and humiliated, her father, who had raised her for 18 years, would actually have sex with another woman.

This made Su Fei even more resentful.

At this moment, Su Zhen pretended to be calm and said to Su Fei, "Where's Lin

Yin? Call her and we'll go back together."

Only then did Su Fei remember that Lin Yin had been brought here with her yesterday.

She sneered in her heart. So not only was Su Zhen willing to sell his adopted daughter, but he was also willing to sell his biological daughter.

At the thought of this, Su Fei felt a little better. If she wasn't clean, Lin Yin couldn't be any cleaner.

Su Fei came to the room where Lin Yin was yesterday without a word.

She pushed open the door and saw that it was empty. There was no one inside.

Even the covers on the bed were neat and tidy.

Su Fei looked at the scene in front of her in disbelief. She had clearly seen Lin Yin being brought into this room yesterday. Why was there nothing in this room?

Could it be that Lin Yin was fine?

No, that was impossible!

She had already been ruined. Lin Yin had to be like her and not be a clean person.

Su Fei was indignant and wanted to find evidence that Lin Yin had been abused.

She rushed to find someone to confirm if anything had happened to Lin Yin yesterday.

Su Zhen knew very well that Lin Yin should have been fine last night. After all, Jiang Ji had been tortured by that group of people for the entire night like him.

Su Zhen brought Su Fei straight to the bespectacled man.

When he saw Su Zhen, the bespectacled man was instantly furious. He looked at Su Zhen and scolded, "You old fart, why didn't you tell me that your second daughter is Lu Ming's woman?!"

Su Zhen's heart skipped a beat and he asked, "Lu Ming came yesterday?"

"He's here and took Lin Yin away. Fortunately, nothing happened to Lin Yin. Otherwise, I would have been killed by you!" the bespectacled man shouted angrily.

Su Fei asked in disbelief, "Lu Ming came yesterday? He even saved Lin Yin? Then why didn't he come to save me? How could he treat me so differently? I'm also a daughter of the Su Family! I'm also a victim! Why didn't he bring me along?!"

The bespectacled man looked at Su Fei and recognized her. He sneered. "You guys were already doing it next door yesterday. It's too late!"

Hearing the bespectacled man's words, Su Fei's face turned pale.

Lu Ming was actually listening to her being bullied next door and did not save

The resentment in her heart was like a growing vine that instantly tightened her heart.

Why did he treat her like this?!

Was Lu Ming not going to save her just because Lin Yin and she didn't get along?

Su Fei clenched her fists tightly, not letting go even though her palms were bruised.

She was indignant! Unwilling!

Why was she stepped into the mud while Lin Yin was still clean?

At this moment, the people outside were shouting that the boat had reached the shore. Then, they heard everyone shout, "The police are here. Run!" Su Zhen was shocked and quickly pulled Su Fei away.

He could sell his daughter, but he could not be caught. Otherwise, he would really lose all his face.

A boat full of people ran in a hurry. Fortunately, Su Zhen and Su Fei were lucky. The two of them took their phones and hurriedly escaped without being caught.

The two of them returned to the Su Family with heavy hearts.

Chu Yun, who had been anxious all night, saw her husband and daughter return. She went forward with a worried expression and asked, "Where did you go yesterday? Why are you back at this time? Where's Lin Yin?"

As she spoke, Chu Yun's gaze landed on Su Fei. When she saw the wound on Su Fei's neck, Chu Yun's heart skipped a beat.. She quickly asked, "Feifei, what's wrong?"

Chapter 292: Biological Daughter

Su Fei pushed Chu Yun's hand away and returned to her room with a dark expression. She rushed into the bathroom and turned the water on full blast, scrubbing hard at the various marks on her body.

It was as if this could hide the shameful marks on her body.

Chu Yun followed closely behind. When she saw that Su Fei had rushed to the bathroom without even closing the bedroom door, an uneasy feeling instantly lingered in her heart.

Could it be that she had guessed correctly last night and something bad had happened?

She knocked on the bathroom door and asked worriedly, "Feifei, what's wrong? Tell Mom."

Su Fei did not answer. Chu Yun had no choice but to sit in Su Fei's bedroom and wait.

It was not until an hour later that Su Fei opened the bathroom door and came out with a towel wrapped around her red and swollen eyes.

When Chu Yun saw the ambiguous marks on Su Fei's shoulder, she felt as if she had been struck by lightning and was stunned.

She pursed her lips and asked in disbelief, "Feifei, what's going on with you?"

Tell me? Who did it?!"

Su Fei's eyes were filled with hatred. She glared at Chu Yun and sneered. "What's going on? Didn't you already know yesterday? You still have the cheek to ask me what's going on? You clearly know that Dad wants to bring me out to sell myself. Why didn't you stop me?! Or did you discuss with Dad long ago that you wanted to push me out to fill the hole in the Su Family?!"

Her thoughts were confirmed, and Chu Yun was paralyzed on the spot.

Yesterday was only her understanding of her husband as a wife, so she suspected that Su Zhen's motive was impure.

However, she really did not expect Su Zhen to really do that.

Chu Yun looked at Su Fei and shook her head. "No, you're Mom's daughter. How could Mom sell you?"

As she spoke, Chu Yun got up with a pained expression to hug Su Fei.

On the other hand, Su Fei took a step back warily.

She smiled miserably. "Daughter? How can I be your daughter? Your biological daughter is Lin Yin! Why would you care about my life and death?! You should be very happy now, right? I was violated, but your good daughter, Lin Yin, is still fine and didn't suffer anything! You're happy, right? You're happy!"

As she spoke, Su Fei's expression gradually became crazy. "The Su Family is really too disgusting. A family tricked an outsider like me to sell my body for you to get rich! You're shameless! You'll die a horrible death!"

At this moment, Chu Yun's eyes were also misty with tears. She cried bitterly and said, "It's not me. I'm your biological mother. Why would I do such a thing to you? Lin Yin is not my biological daughter at all. You're my biological daughter."

Su Fei was shocked.

She asked in disbelief, "How is that possible? Then why did Lin Yin and your paternity test show that you're Lin Yin's biological mother? I know. Did I discover the truth now, so you made up a lie to lie to me? You want me to continue working for you. Let me tell you, that's impossible!"

Su Fei did not believe this. Chu Yun could understand, but Su Fei was indeed her biological daughter. She did not want Su Fei to think that she was a mother who sold her daughter for glory.

Now, she only had Su Fei as her daughter. She could not lose Su Fei.

"That paternity test was fake. I was the one who faked it. Lin Yin is not my daughter and your father's daughter. She has nothing to do with the Su Family and me!" Chu Yun explained anxiously.

Su Fei was so shocked that she retracted her tears. With hope, she probed,

“Then, am I your and Dad’s daughter? Is it like this?”

Chu Yun looked a little embarrassed. Then, she said, “No, your father is someone else, not Su Zhen.”

“So, I was born from you cheating on me with another wild man?” Su Fei’s voice suddenly rose.

Chu Yun hurriedly went forward and covered Su Fei’s mouth, afraid that Su Zhen would hear her, but it was clearly too late.

All of this had been heard by Su Zhen, who was outside the door. He kicked the door open angrily and pointed at Chu Yun as he scolded, “You whore, how dare you trick me like this!”

Su Zhen was so angry that it was as if he was suffering in the fire.

Chu Yun also looked at Su Zhen, who had barged in, in panic. She only wanted Su Fei to acknowledge her as her mother, but she did not expect Su Zhen to know about this.

However, when she thought about how Su Zhen had actually given her biological daughter to someone else to ruin, she was also furious..

Chapter 293: Making It Clear

“What about you? Aren’t you playing with me? When we were still in contact, you were already flirting with other women and even had a child. Once I got married, you brought an illegitimate child back. Aren’t you playing with me?!”

When Su Zhen saw that Chu Yun had made him wear horns and she actually dared to speak loudly to him righteously.

Anger rose in his heart. He picked up a vase beside him and threw it at Chu

Yun, cursing, "B\*tch, you still dare to talk about me? I'll beat you to death!"

Chu Yun was also furious. She casually took the crystal pendant beside her and hit Su Zhen. She even shouted, "You heartless beast. You can even let someone ruin the daughter you've raised for more than ten years. You're not human!"

Su Zhen punched Chu Yun, who had hit her, to the ground. "Daughter? That's your bastard child! I raised her for 18 years and fed her and let her grow up like a princess. If it weren't for me, could she have been the eldest daughter of the Su Family for so many years? Why? Shouldn't she pay me back with something? Do you really think that our Su Family is so nice that you don't have to repay us?"

Su Zhen could not tolerate the fact that he had raised a bastard for more than ten years for a man outside.

Su Zhen kicked Chu Yun's stomach a few times, as if he wanted to vent all his anger from being gang-raped by a few men yesterday.

Su Fei stood at the bathroom door and looked at the scene in front of her coldly.

So what if she was her biological mother?

If Chu Yun had not had an affair with a wild man outside, she would not have been a bastard and would have been the legitimate eldest daughter of the Su Family.

In the end, it was all Chu Yun's fault. Why couldn't she keep her nose clean? Why did she have to cheat?

As for Lin Yin not being a daughter of the Su Family, Su Fei was very happy.

How could Lin Yin be worthy of having something she didn't have?

But thinking about it, this Su Family was really interesting.

Su Lin was his father's illegitimate son.

She was her mother's illegitimate daughter.

In the end, they even brought back Lin Yin, who was not related to her parents by blood. How funny.

All of this was absurd and funny.

Su Fei did not want to look at the scene in front of her.

Su Fei returned to the bathroom silently and closed the bathroom door, letting the two people outside fight.

Lin Yin had just returned home and arrived at the door of her room when she heard a commotion coming from Su Fei's room.

She had only stood there for a while, but she did not expect to hear such an explosive thing.

Lin Yin had long known that she was not Su Zhen and Chu Yun's daughter, so she was not very surprised.

However, she did not expect that Su Fei was only Chu Yun's biological daughter, but not Su Zhen's daughter.

It seemed that her previous guesses were true.

Chu Yun's eyes were swollen from the slap. When she looked up, she saw Lin Yin standing at the door. She exclaimed, "Lin Yin!"

This shocked Su Zhen.

The loan yesterday must have gone down the drain, but the Su Corporation still needed someone to save it.

Therefore, Su Zhen still wanted to rely on Lin Yin to make a comeback. If Lin Yin found out that she was not a child of the Su Family, how could he control Lin Yin? How could he make Lin Yin work for him obediently?

Su Zhen was praying that Lin Yin would not hear what they had just said.

Chu Yun was also afraid that Lin Yin would hear about her background. She was very afraid that Lin Yin would look for her biological parents. If that happened, things would be huge.

Hence, she prayed in her heart that Lin Yin did not hear what had just happened.

Lin Yin crossed her arms and smiled at the scene in front of her. "What are you guys doing? Kickboxing?"

Su Zhen heaved a sigh of relief. Lin Yin probably did not hear what they had just said.

Hence, Su Zhen quickly put on a smile that he thought was very appropriate and said to Lin Yin, "Your mother and I are just training."

Lin Yin lowered her eyebrows and smiled. "The matter has been made clear. Mr. Su, don't force yourself to acknowledge me as your daughter. Thank you for taking me in during this period of time. I think it's time for me to return to my place."

Chu Yun's eyes instantly widened. She looked at Lin Yin and asked loudly, "Where are you going back?"

Lin Yin looked at Chu Yun deeply and asked lightly, "Where do you think I should go?"

Chu Yun immediately stopped talking. She didn't know what Lin Yin knew now, so she couldn't speak nonsense.

Seeing that Chu Yun suddenly stopped talking, Lin Yin smiled and said, "Looks like you still don't want to say it. But you'd better think about it carefully. My patience is limited. If you don't say some things as soon as possible, I might not want to hear them in the future.."

Chapter 294: Background Exposed

Chu Yun was shocked. What did Lin Yin mean by these words?

Could it be that Lin Yin already knew?

No! It can't be!

Chu Yun tried her best to control her terrified emotions.

Lin Yin sneered at Chu Yun and returned to her room to pack some things.

She did not have many things to begin with. At this moment, she had packed all her belongings in a tiny bag.

When Su Zhen saw the thing in Lin Yin's hand, he immediately asked, "Where are you going?"

Lin Yin turned to look at Su Zhen suspiciously and smiled. "Since I'm not your daughter anymore, I naturally have to leave. Why? Do you still want to ask me for child support? Do you want to sell me just like you sold Su Fei?"

Su Zhen's face instantly turned red from Lin Yin's words.

Lin Yin was beautiful, so she could naturally be used to exchange for benefits.

Lin Yin's worth had brought back a contract worth 300 million yuan yesterday.

Lin Yin looked at Su Zhen mockingly. "Mr. Su, I advise you to rest your mind. I haven't been in your Su Family for long. It won't cost you much. If you think that you're losing money by letting me eat a few worthless mouthfuls of your food, it's fine. I'll give you a big gift in a few days. You don't have to be polite."

Su Zhen trembled in anger at Lin Yin's words. In the end, he only said, "Get lost!"

Lin Yin sneered. She didn't care about staying.

Upstairs, Su Fei looked at Lin Yin as she walked out of the Su Family's mansion. She took out her phone and took a photo of Lin Yin, who was leaving miserably with her broken bag, and posted it on the school forum.

There was a caption attached: Lin Yin was chased out of the Su Family's villa. She is not the eldest daughter of the Su Family.

The school's forum exploded.

[Oh my god, Su Fei is not the eldest daughter of the Su Family, and Lin Yin is not the eldest daughter of the Su Family. Where did the real eldest daughter of the Su Family go?]

[Isn't this too strange? Could it be that there has never been a Miss Su?]

[Previous poster, grow some brains! If there's no such person as the eldest daughter of the Su Family, what was Mrs. Su pregnant with at that time? Was it a ghost?]

[Do you think it's possible that the child Mrs. Su gave birth to at that time was not from the Su Family at all? So, there's no Miss Su at all?]

[Thinking about it, Lin Yin is quite pitiful. She came from the slums and finally found rich parents. Now that she realizes that they're not her biological parents, she still has to go back and live such a hard life. How can she stand it?]

[So Lin Yin isn't a rich young lady but a wild child from the slums? Then I have a chance. I've long taken a fancy to that beautiful face. I wonder how much it costs to sleep with her tonight.]

[In the past, Lin Yin was the eldest daughter of the Su Family. We gave in to her. Now that she's not, can we take revenge? Just thinking about it makes me excited!]

Not only were there intense discussions on the forum, but the students in Lin Yin's class were also discussing.

Shi Dai looked happy and smiled at Ji Yun. "No wonder Lin Yin didn't come to school today. It seems like she doesn't dare to meet anyone. A pheasant is indeed a pheasant in the end."

Ji Yun's expression relaxed a little. She had offended Lin Yin before, but now, Lin Yin was not the eldest daughter of the Su Family, so she did not have to be afraid.

"In that case, can I return the humiliation I suffered previously?" Ji Yun said thoughtfully.

"That's right! As long as Lin Yin agrees to come to school, I'll teach her a lesson: I'll show her how powerful I am!" Shi Dai said fiercely.

As soon as Shi Dai finished speaking, an arrogant voice sounded.

"I want to see who's stronger, you or me!" Lu Yan looked at Shi Dai and Ji Yun with a murderous look in her eyes.

Shi Dai's heart skipped a beat. How could she have forgotten that Lin Yin and Lu Yan were good friends?

However, Lin Yin was no longer the eldest daughter of the Su Family. As a member of the Lu Family, why would Lu Yan protect a poor person with a low status?

In Shi Dai's opinion, these young ladies from aristocratic families made friends based on their status.

She didn't believe that Lu Yan didn't make friends with Lin Yin because Lin Yin was the eldest daughter of the Su Family.

Hence, Shi Dai asked tentatively, "Lu Yan, do you know that Lin Yin isn't the eldest daughter of the Su Family?"

Chapter 295: Her Own Nest

Lu Yan raised her eyebrows and glanced at Shi Dai. Her tone was cold as she said, "So what if I know? I, Lu Yan, will say this. No matter what Lin Yin's identity is, she's my best friend. If I find out that someone bullied Lin Yin, don't blame me for being ruthless!"

Lu Yan's words instantly made Shi Dai and Ji Yun stop thinking. They did not dare to speak about dealing with Lin Yin.

While Lin Yin was waiting for Sun Biao to pick her up, Lu Yan called.

Lu Yan asked worriedly, "Yinyin, are you okay now? Where are you? Do you want to come to my house tonight?"

Lin Yin smiled and said, "I'm fine. What's wrong?"

Lu Yan's tone was filled with heartache as she said, "You don't have to force yourself. I already know what happened to you. Previously, when I saw how they treated you in the hospital, I felt that they didn't seem like your biological parents. It's indeed like this now."

Lin Yin instantly understood. It seemed that someone had already spread the news that she was not the daughter of the Su Family.

This was good too. It saved her the trouble of informing them.

"I'm really fine. I'm waiting for Sun Biao to pick me up and bring me to my own house," Lin Yin said.

She was not forcing herself. She had long known that this day would come.

Hence, she bought a small apartment near the school early in the morning, just in case she had to sleep on the streets one day.

Lu Yan was persuaded by Lin Yin for a while before she gave up on coming to pick Lin Yin up.

However, the moment she hung up, Lu Yan still called Lu Ming worriedly.

When Lu Ming found out about this, he was shocked.

However, at the same time, he instantly understood the reason for Lin Yin's previous actions.

No wonder Lin Yin didn't want his help previously. It seemed like Lin Yin had known about her background long ago.

At this moment, Mu Heng also knew about this matter. He shook his head with a smile in his eyes. I see.

From the looks of it, not only was Lin Yin not related to the Su Family by blood, but she even had a grudge. Otherwise, how could she have rejected his help to the Su Family previously?

When Mu Xiao found out about this, he sent a message and asked, “Do you want me to bring you home?”

Lin Yin looked at the message and the corners of her lips curled up slightly. She replied, “There’s no need for that for the time being. I’ll return to my own place.

We’ll talk about the rest later.”

Seeing Lin Yin’s reply, disappointment flashed across Mu Xiao’s heart.

She had thought that Lin Yin would be able to go home earlier after the matter broke out, but it seemed like she had to continue waiting.

Mu Ran called and comforted Lin Yin nervously. Then, she asked, “Yinyin, why don’t you stay at my place tonight? I’ll get someone to pick you up!

Coincidentally, I won’t be around for the next few days. It’s just right for you to live in.”

Lin Yin still refused. In the end, Mu Ran could only instruct Lin Yin to be careful and send a video when she arrived at her new house to report that she was safe.

After Lin Yin replied to those who cared about her, her heart instantly warmed.

In her previous life, she was alone and helpless. In this life, she had so many people who cared about her. Thinking about it, she was quite happy.

Sun Biao drove the car and stopped in front of Lin Yin. Then, he got out of the car like a lackey to open the car door for Lin Yin.

“Boss, please!” Sun Biao said respectfully.

Lin Yin smiled and shook her head. When she first hired Sun Biao, she thought that just because of this name, Sun Biao should be a fierce person.

Unexpectedly, he was usually quite funny.

Lin Yin got into the car and arrived at her apartment.

After sending Lin Yin to the apartment, Sun Biao said, "Boss, I live next door to you. If you need anything, I'll come over with a call."

Lin Yin nodded and let Sun Biao return.

She opened all the windows in the apartment to dissipate the smell. Half a month ago, a cleaner came to clean it. It was not dirty, but there was a little dust.

Lin Yin was about to clean up when the doorbell rang.

Lin Yin was surprised. Could it be Sun Biao?

She cautiously looked through the peephole and saw Lu Ming's handsome face.

Lin Yin opened the door and asked with a puzzled expression, "Why are you here?"

Lu Ming coughed uncomfortably and said, "I was free just now, so I came over."

Seeing Lin Yin's narrowed eyes, Lu Ming could only tell the truth. "When you bought it, I also bought the two apartments beside you."

Lin Yin widened her eyes and said, "So, Sun Biao rented your property? No wonder he said the rent was cheap.."

Chapter 296: I'll Take It Off For You to See

"I didn't know why you bought a house at that time. I just wanted to be closer to you, so I bought it," Lu Ming said with a smile.

With that, Lu Ming walked straight into the house and said, "The smell in your house is still a little strong. Why don't you stay at my place tonight? There are two rooms anyway."

Lin Yin tilted her head and smiled. "It's still broad daylight. It's enough for the smell in my house to dissipate for a day. There's no need to go to your place."

Lu Ming sighed slightly and said, "Then can we have lunch together? It's too late for you to go to school now. I'll send you there after lunch."

Lin Yin nodded at Lu Ming's suggestion.

Lu Ming smiled and pulled Lin Yin to his apartment.

After settling Lin Yin on the sofa, Lu Ming placed drinks, snacks, and fruits in front of Lin Yin. He wanted Lin Yin to be more comfortable and come often in the future.

Then, he took out a bag and placed it in front of Lin Yin. "This is what you want!"

As Lin Yin ate the fruit, she took the food from Lu Ming and said, "Thank you!" Lu Ming flicked Lin Yin's forehead and said unhappily, "What are you thanking me for? You don't have to thank me."

As he spoke, Lu Ming picked up his apron and said to Lin Yin, "Watch the television first. I'll cook first."

Lin Yin looked at Lu Ming curiously. "Are you cooking personally?"

"Since you can come to my place to eat, I naturally have to cook personally to show my sincerity," Lu Ming said with a smile.

Lin Yin was flattered and smiled. Then, she looked at the man in the kitchen who was washing his hands and making soup for her.

To be honest, Lu Ming was really good-looking and handsome.

Even though he was wearing a pink apron, it did not affect his noble temperament at all. It was really pleasing to the eye.

Knowing that Lin Yin was looking at him, Lu Ming even made the most handsome posture he could think of. Even his back was straighter than usual.

Just to leave a handsome impression on Lin Yin.

Unfortunately, no matter how hard he tried, Lin Yin still turned around and refused to look at him.

Although he was a little disappointed, he believed that Lin Yin was still attracted by his handsome cooking posture at the beginning.

He could work harder in the future.

On Lin Yin's side, she curiously connected the storage card that stored the video to the television.

When the intense sound from the video sounded, Lu Ming rushed out of the kitchen and saw the unbearable scene on the television.

Lin Yin was also shocked. Why did it suddenly play automatically when she pressed it?

Lin Yin hurriedly pressed the remote control, but she didn't know where she pressed. The scene fast-forwarded to the most exciting part.

That high-pitched horny voice gave both of them goosebumps.

Lu Ming couldn't bear to look at it and turned off the television. Then, he looked at Lin Yin helplessly.

Lin Yin was so embarrassed that she pressed her toes against the floor and smiled. "I'm just looking to see if the video is damaged. Don't misunderstand."

"I didn't misunderstand. I think if you like to watch these, you can record it and admire it when the two of us are together!" Lu Ming said shockingly.

Almost instantly, all the blood in Lin Yin's body rushed to her face, burning.

"What nonsense are you talking about? I don't like to watch this." Lin Yin's voice trembled slightly as she was embarrassed.

Lu Ming felt that there was no need to hide something after saying it.

"Yinyin, you know I like you. In my opinion, the love between a man and a woman is filled with lust, so you don't have to be shy. Of course, I won't discriminate against your little hobby," Lu Ming said to Lin Yin with a smile.

Lin Yin felt that she could not clear her name even if she jumped into the Yellow River. She continued to explain, "I really don't have such a hobby. I just..."

"You don't have to say anything. I understand. In short, it's good for people to have desires, but you have to see something better. For example, my figure is better than the ones inside. If you really need it, I can take it off for you to see," Lu Ming continued.

The shy Lin Yin was too coquettish now, making Lu Ming want to tease her.

“Lu Ming, that’s enough! You’re not allowed to speak!” Lin Yin was so embarrassed that she called Lu Ming’s name..

Chapter 297: The Reward You Deserved

When Lu Ming heard his name jump out of Lin Yin’s mouth, he was slightly stunned. Then, he felt that his entire body was filled with joy.

It was just a name, but it made Lu Ming feel closer to Lin Yin. It was an equal form of address between partners.

Lu Ming, who was delighted by Lin Yin, finally said benevolently, “Alright, I’m going to continue cooking. You’re not allowed to continue looking. It hurts your eyes, understand?”

Lin Yin didn’t dare to look around anymore. She was afraid that Lu Ming would say something stupid again.

Seeing that Lin Yin had obediently put away the memory card, Lu Ming returned to the kitchen in peace.

When Lu Ming finished cooking, Lin Yin was still immersed in Lu Ming’s shocking words.

“What are you thinking about? Hurry up and eat!” Lu Ming said and put a lot of food in Lin Yin’s bowl.

Lin Yin lowered her head and ate the food Lu Ming had picked up in embarrassment. Then, she looked up and said in surprise, “I didn’t expect you to cook quite well. You’re usually so busy. How do you practice your culinary skills?”

Lu Ming smiled and said, "I studied abroad for a period of time when I was young. The food there doesn't suit my appetite, so I learned to make it myself.

Eat more if it's delicious. If you get fat, it'll feel better when I carry you." Lin Yin immediately lowered her head again. She was afraid of Lu Ming's mouth now.

In the past, she really did not expect Lu Ming to speak like this. It was quite embarrassing.

The meal was finished with Lin Yin's lowered head.

Lin Yin wanted to wash the dishes, but Lu Ming stopped her. "Just leave it there. There will be part-timers coming to clean up later. It's almost time. Go take a nap, then I'll send you to class."

Lin Yin nodded and was about to turn to leave.

Lu Ming grabbed Lin Yin and asked, "Where are you going?"

Lin Yin replied with a puzzled expression, "I'm going back to sleep!"

Lu Ming pulled Lin Yin towards a room with a disapproving expression. "Sleep here. The smell on your side is so strong. It's not good for your health."

Before Lin Yin could refuse, Lu Ming pulled her into a room.

A sweet room fit for a princess appeared in front of Lin Yin. Lin Yin was slightly stunned and asked, "Is your room so pink and tender?"

Lu Ming nodded naturally and said, "Isn't my room your room? I hope that you'll be my eternal little princess in the future, so I renovated it like this."

Lin Yin smiled uneasily. The next second, she was carried by Lu Ming and fell onto the bed.

Lin Yin felt a little uncomfortable and wanted to struggle a little, but Lu Ming said gently, "Be good and sleep well. Don't move!"

Lu Ming's voice was too gentle, making Lin Yin involuntarily obey.

After a while, Lin Yin fell asleep.

Lu Ming's lips curled into a smile as he hugged Lin Yin tightly with a satisfied expression.

When she woke up, Lin Yin was still in a daze. Then, her forehead heated up slightly.

Lu Ming planted a gentle kiss on her forehead and said softly, "Hurry up and wash your face. Wake up. I'll send you to school."

Lin Yin nodded with a slightly pink face. Then, she rushed into the bathroom and splashed water on her face to lower her temperature.

It was not until Lu Ming sent her to school that Lin Yin slowly regained her senses.

Seeing that Lin Yin had come to school, Lu Yan and Yang Xue, who had been worried about Lin Yin, also felt relieved.

After class in the afternoon, Lin Yin had just walked out of the school gate when she saw Lu Ming standing beside his ostentatious Maybach and waving at her.

Lu Yan walked up to Lu Ming with a sour expression and said, "Uncle, you're really biased. In the past, when you were waiting for me, you were always sitting calmly in the car. Now that you're waiting for Yinyin, you're standing outside the car casually. Hmph!"

Lu Ming looked at the angry Lu Yan and smiled. "After you graduate, I'll compensate you with a car you like, okay?"

Lu Yan widened her eyes in surprise and nodded like she was pounding garlic.

Then, she said to Lin Yin, “Yinyin, go quickly. I’m going home too.” As she spoke, Lu Yan looked at Lin Yin teasingly and walked towards her chauffeur.

“I’ll reward you with one too. What kind do you like?” Lu Ming lowered his head slightly and looked at Lin Yin dotingly.

Lin Yin quickly waved her hand and said, “There’s no need for me to. I won’t accept a reward for nothing.”

“Who said it’s useless? When you become my girlfriend, you’ll inevitably be tired. This is the reward you deserve,” Lu Ming said seriously..

Chapter 298: Su Zhen’s Video Exposed

Su Zhen did not manage to get the funds. The shares of the Su Corporation had been declining for the past three days and ended up falling every day. This made Su Zhen overwrought.

At this moment, a piece of news about a certain Corporation tycoon taking the initiative to perform in pornography in order to raise money quickly trended.

That extreme video instantly disgusted the netizens who had watched it. The netizens were all guessing who the tycoons on it were.

Soon, some netizens found out all kinds of information about Su Zhen.

The Su Corporation, which was about to collapse, seemed to have confirmed that it was indeed possible for Su Zhen to sacrifice himself to film such a video for the Corporation.

In a short period of time, the matter of the chairman of the Su Corporation filming a gay sex video to save the company became a joke.

There were even people who commented on Su Zhen's skills in bed in the video.

This news undoubtedly made things worse for the Su Corporation. All the shareholders knew that the Su Corporation could not do it.

Hence, be it the major shareholders or the small shareholders, they were all anxiously selling the shares of the Su Corporation.

In the Su Corporation's headquarters, there was a commotion and panic.

No one expected that the usually upright President Su would do this for the future of the Corporation.

However, although they were emotional, the disdain in their hearts did not decrease at all.

If Su Zhen was gay, they could accept it, but they could not stand that the chairman was so wild.

Not to mention that Su Zhen was already married and had children.

However, this was no longer their business. What they had to consider now was whether they could get compensation for the Corporation's collapse.

At the same time, they had to start looking for the next job. After all, they were also people who had to support their families.

When Su Zhen saw the news online, he was so angry that he smashed everything in the study.

Just now, the news that Lin Yin was not his biological daughter had just been exposed. Everyone was guessing if he had been cuckolded.

Then, there was news that the Corporation was about to close down.

Now that such a thing had been exposed, the situation of the entire Corporation was even worse.

Even the heavens wanted him to die!

Su Zhen was so angry that his face turned ashen. Even his body trembled uncontrollably.

At this moment, Lin Yin, who was sitting leisurely in the apartment, received the calls from many old shareholders of the Su Corporation who wanted to sell their shares.

Lin Yin had specially gone to talk to these shareholders before, but they did not believe that the Su Corporation would collapse, so they did not give in at all and even wanted to sell them for a high price.

Now that three days had passed and the share price of the Su Corporation had fallen by almost half, these people were naturally anxious.

“Miss Lin, I happen to need money to invest in other projects recently. You said the day before yesterday that you wanted to buy my shares. I’ve thought about it for the past two days and decided to sell them to you. According to the price you mentioned the day before yesterday, I can transfer them to you today,” Chairman Zhao said.

Lin Yin smiled. “President Zhao, timeliness is very important in business. The price the day before yesterday was based on the stock price the day before yesterday. If you want to sell it today, I can only give you half of the previous price.”

On the other end of the line, Chairman Zhao regretted it so much that his intestines turned green. He said in a fawning tone, “Why don’t you raise the price again? This starving camel is still bigger than a horse. Who knows, it might be revived as soon as you take over.”

“President Zhao, you’re also an old man in the business world. How can you be so naive as to say such unrealistic words? Let’s not beat around the bush. If you don’t sell it now, I don’t need it. However, you

have to think carefully. With the current situation of the Su Corporation, the shares in your hands will become useless paper in less than three days. Think about it yourself,” Lin Yin said.

On the other hand, Chairman Zhao was still calculative. He knew very well that if the Su Corporation did not have the capital to interfere, there was a high chance that there was no hope of survival.

However, Lin Yin’s attitude of acquiring the Su Corporation despite knowing that it was about to die made him wonder if there was a conspiracy.

After all, it was said that Lin Yin had Lu Ming and Mu Heng behind her.

With these two assets, there might really be something he did not know.

Chairman Zhao smiled and said, “Since you also know that there’s no hope for the Su Corporation, why do you still insist on buying the Su Corporation’s shares? I remember that you were the eldest daughter of the Su Family previously! Could it be that you and your father are deliberately burning the bridge after crossing it? You deliberately made the share price like this so that you can buy it back at a low price. At that time, the Su Corporation will really be an area where one person’s words go.. Is the news that you’re not the eldest daughter of the Su Family true or false?”

Chapter 299: Selling Stocks

It had to be said that Chairman Zhao was a smart person. He was thoughtful and had a tricky angle.

But this time, he was really thinking too much.

Lin Yin smiled and said, “President Zhao, you can suspect other things, but Su Zhen’s selling himself to raise funds can’t be faked. You can investigate this matter. The relevant personnel involved that day are still in jail. If he wasn’t forced into a corner, do you think Su Zhen would have sold himself to film a video?”

Chairman Zhao had also wanted to trick Lin Yin just now.

He naturally knew that there was indeed a problem with the Su Corporation, but he was also afraid that if these problems were caused by Su Zhen and Su Zhen wanted to buy their shares,

Lin Yin continued, "Also, I'm really not the daughter of the Su Family. I don't have any good relations with the Su Family, only deep hatred. I don't have to buy the shares of the Su Family Organization. At most, I can destroy the Su Corporation and achieve my goal of taking revenge. You know that I have the strength."

Lin Yin's words frightened Chairman Zhao.

If Lin Yin really had a grudge against the Su Family, President Zhao believed that Lin Yin could make the Su Corporation completely disappear from the market.

After all, Lu Ming and Mu Heng were standing behind Lin Yin.

At this moment, Chairman Zhao suddenly understood why Lu Ming and Mu Heng did not make a move when Su Zhen went around borrowing money.

If he was right, Lin Yin must have been the one who didn't want him to attack.

At the thought of this, Chairman Zhao instantly panicked.

However, the price Lin Yin offered was too low.

Director Zhao said solemnly, "Miss Lin, I'll think about it again."

Lin Yin hung up the phone, and Lin Yin retorted arrogantly to the next few calls.

The price she had given the day before yesterday was already very low. If she could get it at half price, it would be the best and she would save a lot of

money.

Of course, it would be even better if it could be lower.

After all, no one wanted to spend money unnecessarily.

When the market opened the next day, almost all the shareholders called Lin Yin. When a few of them called, Lin Yin's phone was busy.

It was also because of this that Lin Yin obtained 35% of the Su Corporation's shares at the most favorable price, which was equivalent to the shares in Su Zhen's hands.

Lin Yin was not in a hurry, but Su Zhen could no longer hold on.

When the bank saw the situation on the Su Corporation's side, they had already begun to urge the debt of the previous loans.

Even the creditors who had lent him money previously came to force him to pay them back.

The Su Family was already hiding at home and did not dare to go out. Su Zhen had even applied for a personal safety protection order, afraid that some irrational creditors would hire thugs.

At this moment, the secretary called. "President Su, someone is planning to buy our Su Corporation's shares. Do you want to have a chat?"

When Su Zhen heard that someone was actually going to snatch his things, he exploded.

The Su Corporation was built by him brick by brick. At this moment, someone actually wanted to take advantage of the situation.

Su Zhen roared, "Get that person to get lost. I won't give up any shares of the Su Family."

The secretary could only hang up dejectedly.

Not long after, Su Lin received an unexpected call.

"Zheng Chao, why are you calling?" Su Lin said angrily.

In his opinion, Zheng Chao must be here to laugh at him.

Unexpectedly, Zheng Chao said, "I want to see if there's anything I can help with. After all, I was engaged to Feifei before."

Su Lin sneered and said, "You help? Can you take out hundreds of millions of yuan in cash? If you can't, don't brag here."

"Although our family doesn't have any cash to lend you, I can provide you with an idea," Zheng Chao said calmly.

Su Lin's eyes flashed before he asked, "Tell me about it."

"There's no room for redemption in your family's current situation. As long as you have money, you don't have to worry about not having the next Su

Corporation in the future." Zheng Chao's voice came from the microphone.

Su Lin pondered for a moment. What Zheng Chao said made sense, so he asked,

"Just tell me what we should do."

On the other end, Zheng Chao smiled and said, "Actually, I believe you've thought of this method too. It's just that you're unwilling to use it until the end. That's to sell the shares to a fool and quickly gather a sum of money. Then, I'll distribute some of my family's projects to your family.. As long as we earn money, it'll be a new Su Corporation, right?"

Chapter 300: Chaos in the Su Family

Su Lin became vigilant and asked suspiciously, "Why are you helping me? Our families had some unhappiness when we broke off the engagement previously.

Don't tell me you're holding back and setting up some trap to let me fall into? Or do you want something from my family?"

On the other side, Zheng Chao smiled and said frankly, "You're still the smartest. I naturally want to exchange for something. You know that after I was beaten up last time, I had a little problem with my body. Now, ordinary iiltA ?????????????? Thorafnra T thinlz it'e ?????????? cirnrnl? ?tn me. This way, our families will be in-laws. I'm helping your family to help my own."

Su Lin's eyes instantly flashed with killing intent. This dog was indeed still coveting Su Fei.

However, Su Lin turned around and thought about it. If the Su Family fell, the few of them would become poor.

When the time came, who knew who Su Fei would be sold to by her father? It would definitely not be easy.

If she became someone else's lover, wouldn't her life be ruined?

After all, he and Su Fei were not fated to be husband and wife in this life. It was better to find a good in-law for Su Fei to be a rich wife. At the same time, he could resolve the crisis at home.

Killing two birds with one stone!

Su Lin said in a low voice, "I can promise you to persuade my father to marry Su Fei to you. However, the premise is that our family's crisis is over and the new Corporation is operating normally."

"Alright! I promise you! If you have no objections, I'll get someone to contact a few suckers," Zheng Chao said succinctly.

Su Lin was also very straightforward. "Okay! I'll wait for your news."

As soon as the call ended, a fierce smile appeared on Zheng Chao's face.

Although his family was the one who broke off the engagement last time, he could not take it lying down.

If he hadn't stood up for Su Fei, he wouldn't have been slightly disabled. He couldn't run or jump now.

Moreover, although Su Fei did not say anything at that time, he could see her disdain for him.

If he was disabled, no one else could have a good time either.

He couldn't deal with Lin Yin yet, but punishing Su Fei and the Su Family at this time was an excellent opportunity.

Therefore, when that mysterious person suddenly looked for him to do this, he agreed readily.

That afternoon, Su Zhen was taken away by the relevant departments because of tax issues.

Once such tax problems were investigated, they would basically find some faults.

Therefore, it was impossible for Su Zhen to come out in the short term. At the very least, he had to wait for the Corporation to find a few scapegoats before he could come out.

The Su Corporation suddenly lost its backbone. As Su Zhen's only son, Su Lin could only brace himself and go to the company to preside over the situation.

However, Su Lin could not take it either with the decline in the stocks and all kinds of debts.

Especially since the shares of the Su Family were all under Su Zhen's name. Now, all the shareholders did not agree with him handling the matter.

This made it difficult for Su Lin to take a step forward. After a policy was adopted, many forces were obstructing it.

Hence, Su Lin kept contacting Zheng Chao and asked him to quickly find the sucker who could take over the Su Corporation. He could not wait to sell the Su Corporation.

When Zheng Chao received Su Lin's call, he looked satisfied, but his tone was a little worried as he said, "The other party said that your Su Corporation's shares are all under your father's name. It's useless to talk to you, so they don't want to talk anymore. A few of them said that. Sigh, why don't you get your father to come forward? Or let your father transfer them to you, or let him sign a contract with you to hold shares on behalf of you?"

Su Lin instantly had a headache. Now that his father had already gone in, how could he still come out to talk about the transfer of shares?

"Help me contact him again. I'll think of a way to get my father to settle the shares now," Su Lin said with a sigh.

After hanging up, Su Lin learned from his secretary about some problems with the transfer of shares or substitute holdings.

In the end, Su Lin decided to persuade Su Zhen to transfer the shares to him before he sold them.

After all, with Su Zhen's stubbornness, it was definitely impossible for him to sell the shares of the Su Corporation.

After finding a time, Su Lin went to the prison to see Su Zhen. He said, "Dad, those people in the Corporation don't listen to my orders at all. They say that I'm just an outsider without shares. It's really difficult for me."

Su Zhen frowned. He knew very well that the wily old foxes in the Corporation were not easy to deal with.

However, he was in jail now and could not leave. He could only rely on Su Lin..
