

Real Daughter 351

Chapter 351: I Want You

Looking at Lin Yin's vexed expression, Lu Ming smiled and held her hand.

"Let's go home!"

Lin Yin felt a little awkward, but she still obediently let Lu Ming lead her.

Lu Ming held Lin Yin's hand and was very excited. This was the first time Lin Yin obediently let him hold her hand outside.

After the college entrance examination, Lin Yin had a rare period of leisure.

Soon, it was the first annual meeting of the Shisheng Corporation.

This was the first time she had participated in the corporation's large-scale annual meeting as the chairman and the highest-ranking person in charge, so Lin Yin was still quite cautious.

Lu Ming was happy to help Lin Yin look at the clothes and then raise his opinion, although every opinion was good-looking.

Lin Yin smiled at Lu Ming and asked curiously, "Lu Ming, haven't you been busy recently? You've been at my place every night? Don't you want your business anymore?"

After interacting with her for this period of time, Lin Yin could already call Lu Ming out naturally, which satisfied Lu Ming.

Lu Ming said happily, "It's just family business. How can it be as important as yours?"

Lin Yin glanced at Lu Ming angrily. Lu Ming had become more and more proficient at saying sweet nothings recently.

Lu Ming gently rubbed the back of Lin Yin's hand and said, "Can I be your male companion tonight?"

Lin Yin retracted her hand angrily and smiled. "It's not a social ball. Why would

I need a male companion?"

Lu Ming did not achieve his goal. His strong arms passed under Lin Yin's arms and he picked her up and placed her on the kitchen counter beside him. He said seriously, "Even if our relationship has yet to be officially confirmed, I still want everyone to know that you have a powerful escort and suitor like me by your side."

Lin Yin burst out laughing. "Lu Ming, why didn't I realize that you're quite confident? Who would say that they're a powerful escort?"

Lin Yin's uncontrollable smile infected Lu Ming. The corners of Lu Ming's lips curled up slightly as he said happily, "I have to be confident in anything related to you. Yinyin, you can only be with me for the rest of your life. I won't allow anyone to snatch you away from me, and no one can snatch me away, so I have to have this confidence!"

Lu Ming's words were domineering and firm. He stared at Lin Yin in front of him with burning eyes, as if he wanted to fill the world in Lin Yin's eyes domineeringly and not let anyone else squeeze in.

Her heart was touched by Lu Ming's words.

However, in the end, Lin Yin still said with a hint of distrust, "A lifetime is so long. You might not feel that way in the future. You might meet a girl who's prettier, better, and more to your liking than me. At that time, you'll think that I'm tasteless and abandon me to be with someone else..."

Lin Yin's self-deprecating expression made Lu Ming feel bad. He held Lin Yin's cheek with both hands and covered Lin Yin's lips with his thumb, preventing her from saying things that could hurt Lin Yin and him.

"Yinyin, I've met girls who are prettier than you, and I've met many outstanding women. I've also met many women I think suit my needs, but no one has ever been like you. Just a slight expression of yours can make my heart palpitate for a long time." Lu Ming's voice was not loud, but every word was sincere and firm.

Lu Ming paused for a moment. His originally clear eyes were instantly tainted with thick black desire and lust.

Lu Ming's Adam's apple rolled uncontrollably under Lin Yin's gaze. His voice was hoarse as he chuckled. "In fact, my desire and lust for you was unexpected. I think I have strong self-control, but every time I see you, I can't help but have the urge to hug you and show you love from under."

Lin Yin's eyes widened. She had never seen anyone confess like this.

Under Lin Yin's shocked expression, Lu Ming hugged her.

His hot palm grabbed Lin Yin's fair neck tightly and he said in a sexy voice beside Lin Yin's pink earlobe, "For example, I want you now! Very, very much.."

Chapter 352: I Love You

Lin Yin, who was in his arms, struggled in fear. Lu Ming was caught off guard when Lin Yin pushed him away.

Lin Yin looked at Lu Ming with a red face and said angrily, "You... you're despicable! You hooligan!"

Lin Yin, who had always been eloquent, did not know how to face Lu Ming now. Even her vocabulary was pitifully low.

Lu Ming swallowed the saliva in his throat and smiled at Lin Yin. “Anyway, one day, I’ll have to commit this despicable and hooliganistic sin against you. If you want to say that about me, I’ll accept it. Yinyin, believe me. In my life, I’ll only be a hooligan to you and do despicable things to you.”

Lin Yin felt that her face was so hot that it was about to explode. She was at a loss and reached out to cover Lu Ming’s unbearable mouth.

However, before her hand approached Lu Ming’s handsome face, Lin Yin froze in midair in embarrassment, not daring to touch Lu Ming’s face.

Lu Ming’s deep eyes gathered more desire. His gaze was tightly wrapped around Lin Yin’s shy and timid eyes. Then, he leaned forward and licked Lin Yin’s palm gently.

Lin Yin was so frightened that she immediately retracted her hand. However, the electric-like touch instantly attacked Lin Yin’s limbs and bones, making her body go limp and weak for a moment.

Lin Yin hurriedly retreated, but she was pressed closer to Lu Ming by the large palm that suddenly appeared at her waist.

Lu Ming suppressed the surging lust in his eyes and said in a slightly hoarse voice, “Yinyin, I love you!”

Lu Ming’s voice was not loud, but it was deafening to Lin Yin’s ears. Even Lin Yin’s heart trembled.

Whether it was in her previous life or this life, no one had ever said the word love to her so seriously and firmly.

Even Lu Ming was half-joking and half-serious when he said it previously, unlike this time, he spoke so cautiously, it seemed like a vow.

However, Lin Yin still couldn’t believe that Lu Ming would really love her for the rest of his life, so Lin Yin lowered her eyes evasively and her gaze drifted to the ground, not daring to look up at Lu Ming.

After confessing, Lu Ming did not receive any feedback from Lin Yin and was still a little disappointed.

However, he comforted himself in his heart. It was fine. Yinyin was still young. He had a lifetime to make Yinyin fall in love with him.

Lu Ming raised Lin Yin's chin in amusement and said dotingly, "Alright, I won't tease you anymore. Don't you still have to attend the corporation's banquet? It's about time. Hurry up and prepare. I'll send you over later. I want to attend as your male companion."

At this moment, Lu Ming was a little tougher.

Lin Yin patted Lu Ming's hand that was holding her waist tightly with a red face. Lu Ming chuckled and let go of Lin Yin.

Lin Yin fled under Lu Ming's happy laughter.

However, it was still hard on Lu Ming. He was not talking nonsense just now. He really wanted Lin Yin.

He looked down at the restless object between his legs and felt bitter. Then, he resigned himself to fate and returned to the next room to cool down that hot place.

The event location of the first annual meeting of the Shisheng Corporation was already bustling with activity, especially since many people knew about Lin Yin's relationship with the Lu and Mu families and wanted to come and build connections. Many small companies even came uninvited.

Li Sheng shook his head helplessly and said to Jiang Chen, "President Jiang, the number of people who came tonight has far exceeded our expectations. The hotel manager has already asked me to increase the budget."

Jiang Chen smiled and said, "This is a good thing. Anyway, isn't the

Corporation not short of money now?”

Jiang Chen was really happy. He did not expect himself to be with such a powerful boss.

When he first started his business last year, Lin Yin was still a third-year student without much money. In the beginning, they were often short of

money.

In the end, in less than a year, Lin Yin was already the chairman of the Shisheng Corporation. Everyone was no longer as reserved as when they first started their business.

Happy, Jiang Chen took a piece of cake and fed it to the pig in the arms of the person beside him.

Zhang Ling had just lowered his head when he saw Jiang Chen, that troublesome fellow, feeding his beloved pig random things again. He was so angry that he kicked Jiang Chen’s butt. “Jiang Chen, you’re feeding my child random things again.”

Caught off guard, Jiang Chen staggered forward from Zhang Ling’s kick. He looked back at Zhang Ling angrily and gritted his teeth. “You brought the little baby over and you’re not giving it anything good to eat.. You’re discriminating against pigs! “

Chapter 353: Tit for Tat

Zhang Ling covered his little piggy’s ears and glared at Jiang Chen. “What do you know? I’m bringing it to see the world. As for these fattening things, it can’t eat them. It has to maintain its figure.”

Jiang Chen covered his butt and moved back. He said sarcastically, “That’s right. In order to satisfy your bad taste, the poor little piggy can’t even eat delicious food. Sigh, can this pig be called a pig if it’s not fat? Someone is clearly obliterating the nature of a pig!”

“Jiang Chen, don’t spout nonsense if you don’t understand. Otherwise, be careful that I stop your new project!” Zhang Ling threatened.

Jiang Chen instantly exploded. He gritted his teeth and threatened fiercely, “How dare you! If you dare to stop my project, I’ll go and cause trouble for your project!”

In an instant, the two executives of the Shiseng Corporation, who were about to meet everyone, started fighting where the guests could not see.

Li Sheng shook his head helplessly. He was already used to the confrontation between the two of them. Then, his gaze turned to the field, looking for Lin Yin.

In the end, they did not find Lin Yin. Instead, they found Su Zhen’s family.

Over the past few days, because of Lu Zheng, the business of Su Zhen’s company instantly improved.

Su Zhen’s expression towards Su Fei improved. When he brought Su Fei and Su Lin to socialize, he returned to his usual dignity.

Su Zhen swirled his red wine glass and chatted happily with his former business partners.

“President Su is indeed a dragon among men. You’ve made a comeback so quickly,” the CEO beside him said with a smile.

Su Zhen said with a smile, “Sigh, this is because the heavens have eyes. People with luck will never fall.”

Su Zhen’s words made the people beside him laugh. As they chatted, there was a rustling sound at the entrance of the banquet hall. Everyone’s gazes turned to the door.

Lin Yin was dressed in a neat professional suit and entered the banquet hall with Lu Ming.

Jiang Chen and the other two immediately went forward to welcome her. Many executives of the Shisheng Corporation and some guests who wanted to curry favor with the Shisheng Corporation also went forward to congratulate Lin Yin.

Su Zhen's family looked at Lin Yin, who was surrounded by stars, and felt upset. They even wished they could tear the fake smile on Lin Yin's face apart so that they could seek justice for their recent unhappiness.

Lin Yin smiled at Su Zhen's family of three and brought everyone around her to Su Zhen with the attitude of an absolute victor. She smiled and said, "President Su, we're honored that you came to visit the Shisheng corporation.

Lin Yin's greeting made everyone turn to look at Su Zhen.

However, Su Zhen was calm and did not have the anger of having his company snatched away at all. He maintained his calm attitude in front of Lin Yin which was impressive.

"President Lin, you have humbled yourself to invite us. How can our Su Family not come? Moreover, President Lin has such good methods. Even if I die, I still have to crawl over and learn some tricks," Su Zhen said sarcastically.

Lin Yin smiled and said softly, "Then you have to study hard, President Su. Otherwise, you won't be so lucky next time."

Su Zhen's smile deepened, but the coldness in his eyes became colder. "It takes one to know one. President Lin, you have to be careful. Luck won't always stay with some people."

Lin Yin had Lu Ming's support, but didn't Su Fei also get close to Lu Zheng

now{

Even if Lu Ming's momentum was stronger than Lu Zheng's, Lu Zheng was still Lu Ming's elder brother after all. He was more than ten years older than Lu Ming. Their ten-year age gap made Lu Zheng comparable to Lu Ming.

Therefore, Su Zhen believed that with Lu Zheng's existence, the Su Family would soon be on the same level as Lin Yin's Shisheng Corporation.

When the time came, it was not impossible for Su Fei to pillow talk and suppress Lin Yin.

As for Lu Ming who was behind Lin Yin, Su Zhen smiled.

According to Su Fei, Lu Zheng had mentioned that it was impossible for Lin Yin to marry into the Lu Family because the Lu Family already had someone they liked as Lu Ming's wife.

Lin Yin, hmph, she would definitely be an unpresentable lover in the end.

She was just a lover. He did not believe that Lu Ming would fall out with his brother for Lin Yin..

Chapter 354: Ungrateful

When the people beside them heard Su Zhen and Lin Yin's tit for tat, they were speechless. They had thought that Lin Yin and Su Zhen would at least maintain peace on the surface.

Unexpectedly, the two of them stopped pretending and fought in front of so many people, threatening and warning each other. It seemed like the Su Family and Lin Yin would have a showdown.

They just didn't know who would have the last laugh.

After all, she had heard that the Su Family had recently gotten close to Lu Zheng, and Lu Ming was behind Lin Yin.

Even though everyone knew that Lu Ming was stronger than Lu Zheng, who could say for sure about the matters of the wealthy families?

Su Fei looked at Lin Yin with a smile and said, "Yinyin, although Dad isn't your biological father, the Su Family treated you sincerely when you were in the Su Family. All your food and clothes are better than mine. I think people still have to be grateful. What do you think?"

Su Lin snorted and looked at Su Fei, but he glanced at Lin Yin from the corner of his eye and said, "Feifei, not everyone values relationships like you. Some ingrates can't be raised well. It's simply playing the lute to a cow to talk to her about being grateful."

Su Lin's words pointed to Lin Yin being ungrateful. Everyone looked at Lin Yin. After all, what Su Lin said made sense.

Even if Lin Yin was not the eldest daughter of the Su Family, Lin Yin had already enjoyed being the eldest daughter of the Su Family during this period of time. Even if she was not grateful, she should not have repaid kindness with ingratitude. She had directly destroyed the Su Corporation and even established herself as the king.

Such an action was really like a farmer and a snake.

When Su Fei heard Su Lin's undisguised words, she rolled her eyes in her heart.

However, she still held Su Lin's hand good-naturedly and said to Lin Yin, 'Yinyin, don't take it to heart. Brother has always been such a straightforward person. You know very well that he can't hide anything in his heart. I believe that Yinyin, you're not such a person. You'll definitely remember the Su Family's gratitude, right?'

Lin Yin smiled as she watched Su Fei pretend to be a good person. Then, she said sarcastically, "Gratitude? Su Fei, others don't know the Su Family's love for their daughter, but don't you know? Could it be that you think that Su Zhen sending his daughter out to seek benefits is precious love(Is it worth you repaying him?"

Su Fei was instantly shocked. She was so frightened that she was sweating profusely, afraid that Lin Yin would tell everyone what had happened on the cruise ship.

Fortunately, Lin Yin had some reservations and did not directly point it out.

Looking at the many guests around her, Su Fei knew that now was not a good time to go against Lin Yin. After all, Lin Yin had something on her, but she had nothing on Lin Yin.

Lu Ming looked at the Su Family of three in front of him with impatience in his eyes. He said coldly, "Yinyin, the ceremony is about to begin. Don't waste your time on unimportant people."

Li Sheng, who was at the side, hurriedly said, "President Lin, according to the procedure, the emcee will be going on stage later. You have to go on stage to say a few words later. Also, President Jiang and President Zhang have to go on stage. "

Lin Yin looked up at Su Zhen and the others and smiled. "President Su, I'll get busy first. Take a good look and help yourself."

With that, Lin Yin led everyone away. Instantly, the area around the three Su Family members became cold and cheerless.

Everyone who had been exchanging pleasantries with the Su Family left with Lin Yin. They could see clearly that Lin Yin was irreconcilable with the Su Family.

Therefore, they had no choice but to take Lin Yin's side.

After all, behind Lin Yin was a living Lu Ming, but Lu Zheng, the backer of the Su Family, was not present.

Su Zhen looked coldly at everyone who left.

Su Lin spat at those people without caring about his image. "Pfft, they're all a group of snobbish people who take advantage of the situation. When our Su Corporation rises again, I won't even look at them when they beg me." Su Fei quickly pulled Su Lin back and said angrily, "Brother, lower your voice."

Although she had hooked up with Lu Zheng now, Su Fei knew very well that she still needed a powerful family to back her up. Only then could she stand by Lu Zheng's side longer and not be treated as one of those prostitutes who climbed into his bed.

This way, she could beat Lu Zheng's current wife down and successfully rise to power.

However, ever since Su Lin lost the Su Corporation, he did not restrain himself at all. Instead, he was even more unscrupulous than before. This gave Su Fei a headache..

Chapter 355: His Girl

A person who could not hide his emotions could easily be caught.

Su Lin thought that Su Fei was afraid of Lin Yin and comforted her softly, "Feifei, you don't have to be afraid of Lin Yin. Don't you still have Lu Zheng as your godfather now? Lu Zheng is Lu Ming's elder brother, and Lin Yin is just a lover that Lu Ming doesn't acknowledge. What are you afraid of? One is a daughter, and the other is a lover. Lin Yin won't dare to do anything to you."

Su Lin did not know about Su Fei and Lu Zheng's true relationship. He only thought that Lu Zheng liked Su Fei and accepted her as his daughter.

Su Fei did not want to explain too much about such an unbearable thing. Since Su Lin thought so, she would just follow him.

After all, a goddaughter sounded better than a mistress on the surface.

However, Su Fei was still so angry at Su Lin's stupidity that her heart ached.

Goddaughter?

How could Su Lin be so naive? A middle-aged man suddenly took in a goddaughter. Could it be that he wanted to find a daughter to dote on because he had overflowing fatherly love? It sounded fake!

On the other hand, Su Zhen had long seen through her. He would even let her interact more with Lu Zheng and even help her investigate the background of Lu Zheng's current wife.

She could not understand how such a smart Su Zhen could give birth to such a

stupid son.

In the past, when her life was good, Su Fei had never realized how stupid Su Lin was. In her opinion, it was fine as long as Su Lin treated her well.

Besides, at that time, the Su Corporation had yet to collapse. No matter how stupid Su Lin was, there would be someone to back him up.

However, it was different now. The Su Family's resources were limited. If Su Lin was still so stupid and implicated her, it would be difficult.

As she thought about it, Su Fei became wary and disdainful of Su Lin.

On the other side, Lin Yin was already standing in the middle of the shiny stage. She was dressed in clean professional attire. Under the light, she looked like a person with authority. Her deterrence and aura made the people below exclaim and submit.

Lu Mingyu looked at Lin Yin, who was speaking confidently on stage, with pride overflowing from the bottom of his heart. His girl was so outstanding.

Lin Yin's gaze always landed on Lu Ming, who was alone in the crowd.

Shen Yu walked through the crowd and whispered to Lu Ming.

Lu Ming greeted Lin Yin silently. After receiving Lin Yin's smile, he left.

Their interaction was so subtle that no one beside them could sense it.

Lin Yin left the stage with a round of applause. Then, Jiang Chen, Zhang Ling, and some of the Corporation's executives officially met everyone from the Corporation.

Lin Yin stood below the stage and looked at the person on stage with a smile. Li Sheng suddenly whispered in Lin Yin's ear, "President Lin, Eldest Master Lu is here."

Lin Yin was slightly surprised and looked in the direction of Li Sheng's gaze. Su Fei was holding Lu Zheng's arm affectionately and provoking Lin Yin arrogantly.

Jiang Chen and Zhang Ling looked at each other and quickly arrived beside Lin Yin. They could tell that Lu Zheng did not come with good intentions.

"President Lin, you didn't invite our Lu family to such a grand occasion. Why? Are you looking down on our Lu family?" Lu Zheng's eyes were cold as he looked at Lin Yin sinisterly.

He had not forgotten how Lin Yin protected Lu Yan and embarrassed him in front of Lu Ming.

Lu Yan ran over from behind, panting. She guarded Lin Yin and looked at her uncle covetously.

When she saw Lu Zheng in the car just now, she felt uneasy.

Lu Zheng was petty and liked to hold grudges. He had suddenly appeared here today to cause trouble for Lin Yin.

Therefore, after Lu Yan sent Lu Ming a message, she came in a step slower.

Lin Yin patted Lu Yan, who was grabbing her arm nervously, and smiled at Lu

Zheng. “CEO Lu, you must be joking. As a small company, how would the

Shisheng Corporation dare to invite the Lu Corporation?”

Lu Zheng sneered and looked at Lin Yin high up in the air. “Is that so? You don’t dare to invite Lu Corporation, but you dare to invite my third brother. CEO Lin, you have a big goal, don’t you? Or did my third brother actually snatch this Shisheng Corporation for you?”

The predecessor of the Shisheng Corporation was the Su Corporation. Lu Zheng learned a lot from Su Fei.

In his opinion, how could a young girl like her have the ability to be the chairman of such a large corporation? Lu Ming must be behind this.

Perhaps Lu Ming had spent the Lu Family’s money to snatch this Shisheng Corporation for Lin Yin..

Chapter 356: Trash

At the thought of this, Lu Zheng became even more confident. If it was the Lu Family’s money, wouldn’t the Shisheng Corporation be the Lu Family’s business?

Since it was the Lu Family’s business, as a member of the Lu Family, he was the master. Lin Yin was just a beggar that the Lu family gave something to. What right did she have to stand in front of him so naturally?

Lin Yin should be bowing down to him and currying favor!

Lu Yan looked at her uncle indignantly. She straightened her neck and said loudly, "Yinyin doesn't have intentions for Uncle, Uncle has intentions for Yinyin"

Lu Yan knew very well what had happened between Lu Ming and Lin Yin. It was obvious that Lu Ming had thought of ways to seduce Lin Yin through her.

But according to Lu Zheng, wasn't he saying that Lin Yin deliberately climbed into Lu Ming's bed, so Lu Ming helped Lin Yin destroy the Su Family and gave it to Lin Yin?

Lu Zheng turned to Lu Yan viciously and sneered. "What do you know? The best hunter knows how to disguise himself as prey."

Hearing Lu Zheng's words, Su Fei felt a little guilty, but when she remembered that Lin Yin had also used such a method to seduce Lu Ming, Su Fei felt calmer.

A woman's beauty was meant to conquer men. What could be wrong with her seducing Lu Zheng?

Su Fei seemed to have been suddenly reminded by Lu Zheng's words. Then, she looked at Lin Yin in surprise and asked, "Yinyin, is what my godfather said true? Did you rely on Lu Ming to snatch Dad's Corporation? Yinyin, I always thought that this was your own strength. I didn't expect it to be like this.

Yinyin, how... how can you betray yourself?"

Su Fei's words were indescribable, and everyone instantly understood what she meant. Lin Yin relied on her body to serve Lu Ming and obtained Lu Ming's funds to buy the Su Corporation.

Jiang Chen, who was at the side, could not help but say angrily, "What nonsense are you talking about? President Lin obtained everything by himself.

There has never been any involvement of the Lu Family. This Shisheng

Corporation has nothing to do with the Lu Family.”

Su Lin said sarcastically, “Why would the person who took someone else’s money take the initiative to say that he took someone else’s money? I think you’ve all been deceived by a two-faced person like Lin Yin.”

Su Fei quickly stopped Su Lin and frowned. “Brother, don’t say that. Perhaps Third Master Lu forced all of this on Yinyin and it wasn’t Yinyin who took the initiative to ask for it. Don’t you think so, Yinyin?”

Lu Yan’s eyes widened as she looked at the people opposite her in disbelief.

Yang Xue was so angry that her lips trembled. These people did not have any evidence at all. It was simply too much to say that a girl who worked hard was someone who used her body to exchange for money.

At that time, when Lin Yin had just started doing business with Jiang Chen, Yang Xue knew how poor she was. At that time, Lin Yin didn’t have enough money, so she and Lu Yan lent Lin Yin money.

Later on, this money became shares. Now that she had also earned a lot of money with Lin Yin, the living conditions of her family improved.

At this moment, seeing so many people slandering Lin Yin, Yang Xue was furious. She, who had always been timid, also stood forward and said to Su Fei and the others, “You’re not capable of doing that yourself, and when others can it’s because they sold their bodies? How lame and disgusting are you?”

Su Fei did not expect that the little bun, who had once been silent in class, would dare to speak to her so loudly today.

Su Fei sneered in her heart and said disdainfully, “Yang Xue, your family is poor. You might not understand things at our level. Do you know how much it costs to buy 70% of shares of such a big corporation? That’s an astronomical figure you can’t imagine. Our entire Su Family might not have that much cash. Do you think Yinyin can have so much cash alone?”

Lu Yan said indignantly, "That's because your Su Family is useless. They're all trash. How can they compare to our Yinyin?"

As soon as Lu Yan finished speaking, Lu Zheng quickly took a step forward and raised his hand to slap Lu Yan's face.

With a bang, the entire banquet hall was so silent that one could hear a pin drop.

Lu Yan widened her eyes and looked at the man in front of her who had taken the slap for her. Her heart was pounding like a deer.

Zhang Ling rubbed his red face and asked, "Chairman Lu, are you alright?"

Lu Yan used to be a shareholder of Jiang Chen's company. Now that the Shisheng Corporation and Jiang Chen's company had merged, Lu Yan naturally became a shareholder of the company..

Chapter 357: Confrontation

Lu Yan shook her head at Zhang Ling and said, "I'm fine!"

Lin Yin looked at Lu Zheng coldly and questioned, "Mr. Lu, today is the first annual meeting of Shisheng Corporation. Aren't you going too far by coming to Shisheng Corporation's territory to publicly beat up our shareholders?"

Lu Zheng was not affected by Lin Yin's words at all. He still said domineeringly, "Not to mention that Lu Yan is my niece, it's only right for an elder to teach a junior a lesson. Even if Lu Yan is a shareholder of your Sheng Corporation, I'll still hit her. Since Lu Ming gave the entire Sheng Corporation to you, it's our Lu Family's business. I, the Lu Family, am the owner of the Corporation." Lu Zheng's words were quite shameless.

Lin Yin sneered at Lu Zheng and said, "Lu Zheng, on account that you're Lu Yan's elder, I've always been polite to you. Since you don't want your face today and insist on coming to Shisheng Corporation to cause trouble, don't blame me for being rude."

Lu Zheng looked at Lin Yin and said with mockery and disdain, "Being rude?"

Alright, I want to see how rude you can be as a sugar baby!"

Lin Yin's gaze froze, and even the smile on her face was cold.

Su Fei quickly walked out to face Lin Yin and advised, "Yinyin, the Lu Family is not a family you can afford to offend, not to mention that you're still relying on the Lu Family to raise you. Don't be rash. If you provoke Lu Zheng, the Corporation you just obtained will probably be gone."

Lin Yin laughed coldly and glanced at Su Fei with a sharp gaze. She smiled and said, "I have a strange temper and I am going to try. Sun Biao, throw Lu Zheng out!"

As soon as Lin Yin finished speaking, Sun Biao, who had been guarding at the side, immediately surrounded Lu Zheng and the Su Family. He shouted politely and coldly, "Mr. Lu, please!"

Lu Zheng did not expect Lin Yin to be so bold as to chase him out.

Even everyone's eyes widened. They looked at the obviously daring Lin Yin and broke out in cold sweat. They had to admit that Lin Yin really dared to!

When Su Fei's family saw Lin Yin and Lu Zheng arguing, they were overjoyed.

Originally, Su Fei wanted Lu Zheng to come over and stand up for her today, so she told Lu Zheng that Lu Ming might have given Lin Yin the money to buy Su Corporation's shares.

Unexpectedly, now that Lin Yin and Lu Zheng had a dispute, Lin Yin would probably be irreconcilable with Lu Zheng after today.

It seemed like Lin Yin would not be able to jump around for long.

Lu Zheng's expression was cold. No outsider had ever dared to disrespect him in public. This Lin Yin was really hateful.

Lu Zheng snorted and shouted, "Come in! "

The next moment, a group of people entered through the door of the banquet hall, forming a confrontation with Sun Biao and the others. The atmosphere at the event location instantly became tense.

Yang Xue grabbed Lu Yan's arm and looked across in panic. Lu Yan, who was behind Zhang Ling, also looked nervously at Lu Zheng.

Li Sheng and Jiang Chen stood on both sides of Lin Yin. Sun Biao and the others were at the front.

"Lin Yin, I'll teach you, an uneducated fellow, how to respect your elders today on behalf of your parents!" Lu Zheng said ruthlessly.

"Lu Zheng, aren't you stretching your hand too far?" A sharp voice came from the door.

Right on the heels of that, another voice sounded. "Lu Zheng, you can't even stand up on your own, yet you still want to teach others? Save it!"

Everyone held their breaths. The person with a cold face and a terrifying aura was Mu Heng, the young master of the Mu Family who controlled the largest investment bank in the country.

The person beside Mu Heng looked unfamiliar, but just by looking at the similarity between his eyebrows, everyone could guess that he was definitely from the Mu family.

The Mu family looked like they were here to support Lin Yin. It seemed like the Lu family and the Mu family were going to fight. This was the first time they had seen such a scene.

Lin Yin's fake smile instantly became sincere. She smiled and said, "Brother Mu Heng, Brother Mu Xiao, you're here."

The moment Mu Heng's dark eyes, which were originally filled with anger, saw Lin Yin, they instantly softened. He smiled and said, "Yes, I naturally have to congratulate you on a good day."

Mu Xiao also smiled and nodded. However, soon, his gaze turned to Lu Zheng and he said sarcastically, "Lu Zheng, I didn't expect you to be so good a teacher outside.. You want to educate someone just like that?"

Chapter 358: Protected

Lu Zheng's expression was not very good either. He retorted, "I didn't expect the two young masters of the Mu Family to be guests of the chairman of the Shisheng Corporation."

Mu Heng and Mu Xiao's expressions were instantly covered in dark energy as they stared fixedly at Lu Zheng.

"Lu Zheng, you have to think before you speak. Otherwise, I can't guarantee what'll happen to you!" Mu Heng's gaze froze, as if he was about to attack Lu Zheng at any moment.

Seeing the Mu brothers' protection of Lin Yin, Lu Zheng was puzzled and a little afraid.

Although he and Mu Heng were both the eldest sons in the family, they were different.

Mu Heng was definitely going to be the heir. Although he was the eldest son, he might not be the heir. Therefore, in terms of strength, Lu Zheng was one level lower than Mu Heng.

However, he thought about how he was already inferior to Lu Ming in the Lu family. Now that he was out, he still had to be threatened by the Mu family. How embarrassing would that be?

Lu Zheng stood up and retorted to Mu Heng in front of everyone, "Of course

I've thought it through. Otherwise, how do you explain you suddenly defending Lin Yin like this? I won't believe it if you say you don't want anything in return!"

Mu Xiao was so angry that his fists hardened. He took a step towards Lu Zheng, scaring him so much that he subconsciously took a small step back.

Mu Heng was a little surprised that the usually calm Mu Xiao would be so agitated today. He quickly pulled Mu Xiao back and used his eyes to calm him down.

Then, Mu Heng smiled at Lu Zheng and said, "I'm one of the shareholders of the Shisheg Corporation. If I don't protect the chairman of our corporation, do I have to protect an outsider like you who educates people everywhere?"

Mu Heng's words caused an uproar. They did not expect Mu Heng to be one of the shareholders of the Shisheng Corporation. No wonder Lin Yin was so capable. It seemed that Lin Yin might not be backed by the Lu Family, but the Mu Family.

Lu Zheng looked at Mu Heng suspiciously. "Impossible. My third brother was the one who bought this Shisheng Corporation for Lin Yin. How can it have the shares from the Mu family?"

Mu Heng suddenly felt that there was a reason why the Lu Family did not choose Lu Zheng, their eldest son, as the heir. Instead, they nurtured Lu Ming.

When they came to provoke others, they did not even investigate the true background of their opponents. They came over rashly and spoke nonsense without knowing the immensity of heaven and earth.

If such an idiot became the head of the Lu Family, they would lead the Lu Family astray sooner or later.

“Lu Zheng, do you really think the world belongs to your Lu Family? You came out for a trip and peed, and you’re taking someone else’s things for yourself? Does your family know that you’re so shameless?” Mu Xiao mocked mercilessly.

Mu Xiao’s words made the guests beside him laugh.

Lu Zheng’s face turned red from Mu Xiao’s words. “Mu Xiao, don’t speak too harshly. Our Lu Family is not afraid of your Mu Family.”

“You can’t win against me and you’re unjust. Now you’re using your Lu Family to scare me. This is the first time I’ve seen a clown like you. You’re embarrassing yourself!” Mu Xiao’s face was filled with mockery and disdain.

Lu Zheng was instantly embarrassed after being mocked by someone who was more than ten years younger than him.

He had wanted to stand up for his little lover today, but he did not expect to be disturbed by the two brats of the Mu family. He had become the one who had lost face.

No matter who gave Lin Yin this Shisheng Corporation, Lu Zheng could not take this lying down.

His eyes revealed a fierce gaze as he said sinisterly to Mu Heng and Mu Xiao, “Lin Yin offended me just now. I want to teach her a lesson. The two of you better mind your own business!”

Mu Xiao stood in front of Lin Yin with a smile on his lips, but his eyes were as cold as ice as he looked at Lu Zheng.

Mu Heng, who was silent at the side, also stood silently in front of Lin Yin. Lu Zheng could not touch Lin Yin unless it was over his dead body.

Being protected by her two brothers, Lin Yin’s heart was filled with sour warmth.

Su Fei, who was beside Lu Zheng, was filled with hatred. Lu Ming was clearly gone. She thought that Lu Zheng would definitely help her vent her anger and make Lin Yin suffer.

Unexpectedly, the Mu family appeared to protect Lin Yin. This made Su Fei so angry that she gritted her teeth.

Su Zhen was shocked. He really did not expect that Mu Xiao, who he thought was only a medical genius, was actually a member of the Mu Family.

His originally smug mood because Su Fei had hooked up with Lu Zheng instantly darkened.

The Mu brothers were both protecting Lin Yin. It would be much harder for him to snatch the Corporation back from Lin Yin later..

Chapter 359: Unfilial

“Since the two of you don’t know how to appreciate kindness, don’t blame me for being rude!” Lu Zheng said coldly.

With that, Lu Zheng called out to the person beside him, “Take Lin Yin away!”

Initially, Lu Zheng did not want to take Lin Yin away, but after being humiliated like this, Lu Zheng had to counterattack. Otherwise, his dignity as the eldest young master of the Lu Family would be trampled on.

Therefore, he had to vent his anger today.

The bodyguards beside him rushed forward and instantly fought with Lin Yin’s bodyguards.

The guests at the side dispersed. They were only here to attend the banquet. They did not expect to see Lu Zheng attempting to catch someone in public.

Mu Heng retreated with Lin Yin and the others to avoid being implicated.

Mu Xiao took advantage of the chaos to quietly move closer to Lu Zheng. Then, when Lu Zheng was not paying attention, he went forward and inserted a needle into Lu Zheng's arm.

Almost instantly, Lu Zheng felt his right arm go numb. The strong numbness made stars flash in Lu Zheng's eyes, and then his right arm went numb.

Lu Zheng was so frightened that he quickly looked at his right arm. For a moment, Lu Zheng felt that his right arm was missing.

Lu Zheng shouted at Mu Xiao, who was already holding his neck, "Mu Xiao, if you dare to touch me, I'll make your Mu family suffer. You'll be unable to bear the consequences."

Mu Xiao only smiled coldly. Then, he picked up a needle and inserted it into a certain spot on Lu Zheng's left arm.

Hence, Lu Zheng could not feel both his hands.

Mu Xiao smiled and said, "Lu Zheng, you'd better get your people to stop. Otherwise, your arms will be crippled later. Tell me, if you become a person with crippled arms, what right do you have to fight for the position of the Lu Family's heir?"

Mu Xiao said it with a smile, but Lu Zheng felt his heart turn cold. He was so afraid that his entire body trembled.

He could not become disabled!

Lu Zheng immediately shouted, "Stop! Everyone, stop! Stop!"

The people from both sides instantly stopped.

Su Fei looked at Lu Zheng worriedly and asked, "Godfather, are you okay?"

With that, Su Fei looked at Mu Xiao angrily and questioned, "What did you do to my godfather? Let go of him quickly, or you'll be unable to bear the consequences of failure."

Now was the best time for Su Fei to express her true feelings. It was just a few words of worry for Lu Zheng. Su Fei was not stingy with her words.

Mu Xiao looked at Su Fei with a faint smile. "What's wrong? Naturally, I have to cripple his hand and soak it in a glass jar to admire it."

Su Fei's eyes widened. She had never expected Mu Xiao to be so insane. Her aura instantly weakened. "You can't do this. It's illegal."

Mu Xiao swept his gaze around and asked the surrounding guests arrogantly, "Lu Zheng is willing to cripple his hands and contribute his body for the study of medicine in our country. Everyone saw that, right?"

Mu Xiao had dragged everyone around him into the water. The guests beside them regretted it so much that they wished they could poke their eyes blind. This was better than being threatened by the Mu family.

Lu Yan looked at Lu Zheng worriedly.

Although Lu Zheng had not treated her well since she was young, he was still her uncle and her father's biological brother. Naturally, she could not bear to see him like this.

"Yinyin, is Brother Mu Xiao really going to cripple my uncle's arm and soak it with medicinal herbs?" Lu Yan asked worriedly.

Lin Yin smiled and whispered, "Don't worry, it's fine. Brother Mu Xiao was just joking to scare your uncle. He knows his limits."

Hearing Lin Yin's words, Lu Yan was relieved. She frowned at Mu Xiao and Lu Zheng, who were surrounded by everyone.

Su Fei did not expect the people around her to be so cowardly. They actually

nose to ignore IVIU xiao's puD11C assault.

On the other hand, Mu Xiao looked at Su Fei strangely and asked, "Since you're so worried about your godfather, why don't you replace him? I think your young hands will be more pleasing to the eye than your godfather's. Don't worry, it won't hurt. I'll paralyze you and cut you. Other than blood splashing, there won't be any pain."

Su Fei did not expect Mu Xiao to have designs on her. She panicked and glanced at Lu Zheng with flickering eyes before lowering her head in fear.

Su Fei's expression displeased Lu Zheng, but he did not say anything about Su Fei.

Mu Xiao mocked, "What? You're not happy? You keep calling him godfather, but you're not even willing to sacrifice your hands for your godfather.. Sigh, this is unfilial, right?"

Chapter 360: Arm Hurts

Su Zhen's eyes darkened. It was not easy for Su Fei to get close to Lu Zheng. It was what made the Su Family have hope again.

If Su Fei was unwilling, after this matter, regardless of whether Lu Zheng was fine, he would definitely not continue to help the Su Family.

Moreover, Su Zhen was confident that Mu Xiao would not really chop off Su Fei's arms in front of so many people.

Su Zhen leaned slightly behind Su Fei and whispered, "Feifei, quickly say that you're willing to suffer for Lu Zheng. Believe in Dad. Mu Xiao won't dare to cut off your arms."

Su Fei's eyes widened slightly as she turned to look at Su Zhen in disbelief.

Su Lin whispered with an expression of disagreement, "Dad, what if Mu Xiao doesn't follow the usual path and chops off Feifei's arms?"

Su Zhen looked at Su Lin in disdain and said, "Only an idiot like you would believe Mu Xiao's words. Mu Xiao is clearly sowing discord between our Su Family and Lu Zheng. Can't you tell?"

With that, Su Zhen continued to convince Su Fei. "Feifei, think about it. It's just a matter of a few words. Once you say it, Lu Zheng will take it to heart. After all, you're someone who's willing to lose your arms for him. In the future, your life will definitely be better. "

Su Fei was not confident, but she was more inclined to Su Zhen's words. She did not believe that Mu Xiao would really dare to chop off her arms.

Hence, Su Fei made up her mind and shouted at Mu Xiao and Lu Zheng, who were looking at her, "Alright, as long as you let go of my godfather, I'm willing to bear it for him. Take these arms."

Mu Xiao's gaze shifted to Su Zhen. He knew that the Su Family had already guessed that he would not really do such a bloody thing in public.

Mu Xiao smiled and said to Lu Zheng, "Lu Zheng, you're so lucky to have such a considerate goddaughter."

Lu Zheng looked at the girl opposite him, whose beautiful eyes were filled with tears. His heart softened. He did not expect Su Fei to be willing to lose her arms for him. He was touched.

Mu Xiao looked at Su Fei and smiled. "Since you asked for it yourself, come and get your godfather!"

Su Fei was extremely flustered. She did not know Mu Xiao very well, so she was still very afraid of this gamble. She was afraid that if anything happened, her life would be ruined.

Perhaps Lu Zheng would pity her in the beginning, but he might get annoyed after a long time and still abandon her.

Su Fei was conflicted and could not make a choice. Su Zhen pushed Su Fei hard from behind.

Su Fei staggered a few steps in Lu Zheng and Mu Xiao's direction.

Su Fei, who had run out anxiously to save him, made Lu Zheng's heart tighten.

It turned out that the people who loved him would run to him without caring about their lives to save him.

It was rare for Lu Zheng to be emotional for a while. He looked at Su Fei and said, "Feifei, you don't have to worry about me. I don't believe Mu Xiao will dare to do anything to me."

It was just that it was a little late to say this. Mu Xiao's needle had already pierced Su Fei's arm twice before anyone could investigate.

The next second, Su Fei cried out in pain. Lu Zheng, whose arm had regained its freedom, went forward to hug Su Fei with a pained expression and asked anxiously, "Feifei, what's wrong?"

His arm had only been numb when Mu Xiao stabbed him just now. Why was Su Fei in so much pain?

Mu Xiao must have pulled a cheap trick again.

The angry Lu Zheng turned to Mu Xiao and questioned, “Mu Xiao, you’re despicable! What cheap trick did you pull?”

Mu Xiao smiled at Lu Zheng, who was holding Su Fei. “I didn’t do anything. I think this lady loves you deeply and wants to suffer for you, so she cursed herself for suffering. It seems like it’s really effective! As expected, the end of science is metaphysics. There’s still a reason why there are witch doctors.”

Although everyone did not know what Mu Xiao had done, when they heard Mu Xiao’s gloating words, they secretly reminded themselves not to provoke the Mu family. Otherwise, they might get some strange illness.

On the other side, Su Fei was already shouting at the top of her lungs. She knew that Mu Xiao would definitely not save her, so she could only beg, “Godfather, send me to the hospital quickly. It hurts so much! Send me to the hospital!”

Su Fei never expected that she would really suffer just because she wanted to show Lu Zheng her loyalty.

She seriously suspected that if her arm continued to hurt like this, it might really be crippled..
