

Real Daughter 381

Chapter 381: Confrontation

Lu Yan sneered and scolded softly, "Vixen. Not only did she seduce my uncle, but she's also still trying to seduce others."

Yang Xue pulled Lu Yan aside and gestured for her to lower her voice. "There's no need to provoke her."

Lu Yan agreed obediently. Then, the two of them went to the changing room to change into swimsuits.

Lu Yan had just changed into her swimsuit and put her things away when she went to the door to wait for Yang Xue. She did not expect to bump into Su Fei.

"Cousin, we're going to play water polo later. Do you want to come along?" Su Fei asked with a smile.

When Lu Yan heard that Su Fei was still claiming to be her relative, she was furious. She shouted, "Su Fei, why are you so shameless? Who's your cousin? If you continue talking nonsense, don't blame me for beating you up again."

A new suitor looked at the fierce Lu Yan and immediately went forward to protect Su Fei and questioned, "How dare you be so arrogant? You're so violent!"

Lu Yan looked angrily at the unfamiliar man beside Su Fei. She was so angry that her eyes were burning. "What do you know? You just met her and you want to come and save her? You'd better open your eyes. Don't be mesmerized by a vixen."

Yang Xue, who had just walked out, hurriedly pulled Lu Yan back. She was afraid that Lu Yan would provoke Su Fei and that would not be good.

Although she did not know if Zhao Zhi had committed suicide, she had a faint feeling that Zhao Zhi's death was definitely related to Su Fei.

On the day the college entrance examination ended, Zheng Chao, Zhao Zhi, and the others were all taken away by Su Fei's godfather.

Even if Su Fei's godfather was Lu Yan's uncle, that uncle didn't seem to treat Lu Yan very well.

In addition, Su Fei was a ruthless person who played dirty. Lu Yan would definitely not be able to win.

Therefore, she couldn't let Lu Yan offend Su Fei now. At the very least, she had to wait for Lin Yin to come.

Su Fei was not angry that Lu Yan called her a vixen. Instead, the boys beside her looked a little unhappy.

Shi Dai, who was at the side, said with a displeased expression, "Lu Yan, we're all classmates. Don't be so harsh."

Lu Yan looked at Shi Dai with a faint smile and said with a pitiful expression,

"Only an idiot like you can be friends with someone like Su Fei."

Su Fei's originally gentle smile suddenly changed. Her tone was cold as she said, "Lu Yan, on account that you're Godfather's niece, I've been tolerating you. It's okay for you to insult me, but what right do you have to insult Shi Dai?"

When Shi Dai heard Su Fei defend her, the guard she had against Su Fei because of the grudge instantly dissipated.

Lu Yan pushed away Yang Xue, who had been holding her hand, and smiled sarcastically. "Was I insulting Shi Dai? I was just trying to persuade her not to get close to a black-hearted vixen like you."

Lu Yan admitted that she was a little mean now, but she was just angry that Su Fei was trying to claim to be her relative. She was even more furious that day when Su Fei instigated Lu Zheng to attack her.

Most importantly, it was one thing for the Lu Family to have such a flirtatious uncle, but Su Fei used her identity as a goddaughter to show off everywhere and embarrass herself.

This made Lu Yan feel that the Lu Family's reputation had been ruined by Su Fei and her shameless uncle.

Shi Dai stood in front of Su Fei and said coldly to Lu Yan, "I don't need you to persuade me out of goodwill. Also, in my heart, Feifei is my good sister. If you dare to say that Feifei is a vixen again, I won't be polite to you."

Seeing that Shi Dai had protected her again after such a long time, Su Fei smiled.

It actually felt good to have true friends when everyone was betraying her.

Lu Yan did not expect that Shi Dai was simply an impenetrable fool. She would actually protect someone like Su Fei, who was obviously problematic. It was really an eye-opener for her.

"Shi Dai, you'd better remember what you said today. Don't regret it in the future," Lu Yan said to Shi Dai as if she was looking at a fool.

Shi Dai's expression turned solemn and she said firmly, "Don't worry, I won't regret it!"

Not far away, Ji Yun sighed and shook her head. How could she have such a silly friend? She could not be saved.

Lu Yan sneered and turned around to leave with Yang Xue. However, Su Fei stood in front of Lu Yan and Yang Xue with a displeased expression. "You scolded someone. Shouldn't you apologize first before leaving?"

"Apologize? You're a vixen. Shi Dai is a fool. What did I say wrong? Why should I apologize?" Lu Yan questioned fearlessly..

Chapter 382: Hitting Yang Xue

Su Fei raised her hand and waved. A few bodyguards in black surrounded Lu

Yan.

Yang Xue, who was at the side, was instantly frightened. She pulled Lu Yan behind her and said to Su Fei with a smile, "Su Fei, there's no need to let the bodyguards interfere with the small conflict between classmates, right?"

Su Fei ignored Yang Xue and just stared straight at Lu Yan. She said loudly, "I, Su Fei, am indeed not someone with a particularly good character. I don't care what others say about me, but if someone uses me to attack my friend, I won't show mercy."

Su Fei's words made the surrounding people look at her in a new light.

Those who did not know Su Fei instantly had a good impression of her.

How could such a person who was true to her personality and was loyal to her friend be a vixen?

Therefore, Su Fei was directly defined as a loyal girl with a personality, and Lu Yan was the provocateur who caused trouble and spoke badly.

Lu Yan looked at the bodyguards surrounding her and Yang Xue and said sternly, "Don't forget that you guys are the Lu Family's bodyguards. Lu Zheng is my uncle. If you dare to touch me, try it! Be careful or I'll get my youngest uncle to teach you a lesson. Get lost!"

Lu Yan really did not expect that Su Fei would bring bodyguards with her when she came out to play.

Moreover, she had clearly seen that Su Fei had only brought one bodyguard with her in the morning. Why were there suddenly so many bodyguards now?

Seeing Su Fei's smug look, Lu Yan regretted it. If she had known earlier, she would have brought bodyguards too. Let's see who was afraid of whom!

When the bodyguards heard Lu Yan's words, they only looked at each other. In the end, they still silently blocked Lu Yan's path.

It was true that they were the Lu Family's bodyguards, but they were now under Lu Zheng. Since Lu Zheng asked them to protect Su Fei, they could only listen to him. Otherwise, they would definitely be punished when they returned.

Seeing that the bodyguard still did not move, Lu Yan was so angry that her face turned red.

Su Fei walked in front of Lu Yan with a smug expression and smiled. "I won't make things difficult for you. I'll give you a chance not to apologize. Have a water polo match with me. If you win against my team, I'll let you go!"

Lu Yan glared at Su Fei in front of her. "Who wants to play water polo with a

vixen like you? I feel disgusted!"

"Then apologize. Otherwise, today..." Su Fei paused, then turned her gaze to Yang Xue and smiled brightly. "You humiliated my friend, so I'll humiliate your friend. Today, either you apologize, or I'll start with Yang Xue and let you experience how I feel!"

Lu Yan's eyes widened. She did not expect Su Fei to be so shameless.

Pulling Yang Xue behind her, Lu Yan said angrily, "Su Fei, come at me if you have the ability. If you dare to touch Yang Xue, I won't let you off."

Su Fei smiled and called the bodyguards beside her to pull Yang Xue away. Lu

Yan was so angry that she gritted her teeth, but she still did not protect Yang

Xue.

Facing Lu Yan's clamor, the smile on Su Fei's face did not diminish. Then, in front of Lu Yan, she directly slapped Yang Xue.

This slap shocked everyone.

In the past, Su Fei was gentle and had always been the good person that sat on the fence. She had never slapped someone so bluntly in front of everyone.

Shi Dai was also slightly stunned. She had never seen such a domineering Su Fei before.

Although Su Fei was defending her, for some reason, she panicked.

"Su Fei, I'll fight it out with you!" Lu Yan was so angry that she struggled hard in the bodyguards' hands, but she still couldn't break free from the shackles of the two bodyguards. She was so angry that her eyes turned red.

"Fight or apologize. If you haven't thought it through, then I'll continue?" Su Fei threatened.

She didn't dare to touch Lu Yan openly, but she still dared to touch a small family like Yang Xue who didn't have any backing.

Su Fei raised her hand and was about to continue slapping Yang Xue's face when Yang Xue closed her eyes and waited.

Lu Yan looked at Yang Xue's red face and immediately said, "Okay! I'll compete with you. If I lose, I'll apologize."

Satisfied, Su Fei let go of Lu Yan and Yang Xue.

Lu Yan pulled Yang Xue back with a pained expression. "I'm sorry. I implicated you."

Yang Xue touched her slightly swollen and hot face and shook her head with a smile. She whispered, "I'm fine. It's just that Su Fei has been wanting to play water polo with you. She must be holding back something bad. Stall time for a

while. I'll go find Yinyin."

Seeing that Yang Xue was about to turn around and leave, Su Fei naturally knew where Yang Xue was going. She immediately said, "Yang Xue, why are you leaving? Let's play together."

She wouldn't let Yang Xue find help, especially that difficult fellow, Lin Yin..

Chapter 383: Violent Volleyball

Su Fei looked around coldly and smiled. "I hope everyone can keep their phones. I don't want anyone bad to come and disturb the competition between me and Lu Yan."

Those who didn't know Su Fei might not know what she meant, but all the students in the class knew that Su Fei was warning them not to inform Lin Yin.

Everyone was puzzled. It was just a must-have competition. Why didn't she want them to inform Lin Yin?

Could there be something wrong with this competition?

Soon, everyone knew what was wrong.

On Lu Yan's side, other than Lu Yan and Yang Xue, there were also four shop assistants who were temporarily borrowed from the side.

On Su Fei's side, in addition to Su Fei and Shi Dai, four employees had also been loaned over.

However, at the beginning, there was clearly an unequal strength between the two sides.

Lu Yan and Yang Xue's strengths were average. The other four people did not have much strength either.

On Su Fei's side, Su Fei and Shi Dai did not have much strength, but the four people they borrowed were all good.

What was even more shocking was that the four of them were not playing water polo at all. Their strength and power could be said to be an attack.

No wonder Su Fei had warned them not to look for Lin Yin. After all, according to the current situation, only Lin Yin would not be at a disadvantage against Su Fei and could even suppress her.

Lu Yan, who was hit by the volleyball, had just stabilized herself in the water. Before she could open her eyes, the other party was already aiming at Lu Yan.

Yang Xue shouted in shock, "Lu Yan, be careful!"

As she shouted, Yang Xue ran in Lu Yan's direction.

Lu Yan wiped the water from her eyes with her hand. Just as she opened her eyes, she saw that a ball had already hit her head like a whirlwind.

Lu Yan only felt her head buzz. In the next second, she fell into the water again.

Yang Xue hurriedly helped Lu Yan up. However, before Lu Yan could stabilize herself, the other party actually served another ball and hit Lu Yan ruthlessly.

Again and again, even Yang Xue was hit a few times.

Yang Xue already understood what Su Fei was up to. If Su Fei hit Lu Yan, it would be hard for Su Fei to say anything when the Lu Family came to ask for an explanation.

However, if it was a competition and there were any injuries, it could only be explained as an accident.

Besides, Su Fei had never done anything. It was all the fault of them. When the time came, Su Fei could push the blame away cleanly.

Su Fei was clearly taking revenge on Lu Yan for hitting her that day.

The students beside her whispered in fear.

“Let’s go find Lin Yin. I think someone will die if this continues.”

“This Su Fei really dares! Lu Yan is a member of the Lu Family. In the past, when Su Fei saw Lu Yan, she was always careful. Now, she’s actually so valiant and bullied Lu Yan in front of everyone.”

“Now that Su Fei is Eldest Master Lu’s goddaughter, the relationship between the first and second branches of the Lu Family is not very good. Su Fei now has Eldest Master Lu as her backing, so she naturally dares.”

“You mean that it might be Eldest Master Lu’s idea for Su Fei to deal with Lu

Yan like this?”

“I didn’t say that. Don’t harm me!”

“Then what should we do now? We’re classmates after all. Are we just going to watch Lu Yan be beaten up so badly?”

“Oh my god! Lu Yan must have a lot of bruises on her body now. It’s too tragic!”

Shi Dai looked at Lu Yan, who was beaten up miserably by the ball, and asked worriedly, “Feifei, are you really fine like this? The Lu Family is not to be trifled with.”

Although she heard that Lu Yan’s parents and her family were not on good terms, Lu Yan was still bleeding the blood of the Lu Family. If something really happened, Su Fei would probably suffer.

Su Fei thought of Lu Zheng and Lu Jin’s relationship and said disdainfully, “It’s fine. My godfather will protect us.”

The remnant redness was like blood. It shone on Lu Yan, who was constantly standing up in the water and being knocked down by various fierce volleyballs.

Lin Yin, who had just ended the video call in the hotel, stretched and moved her neck a few times. She put on her swimsuit and prepared to meet up with Lu

Yan.

Unexpectedly, she saw a familiar figure as soon as she left.

“Zhang Ling, why are you here?” Lin Yin asked in surprise.

Zhang Ling was also very surprised to see Lin Yin. “Boss? Why are you here?”

“I’m here on a graduation trip!” Lin Yin smiled. “What a coincidence. Why? Are you here to talk about cooperation?”

Although Lin Yin said that, she had just video-called Jiang Chen and did not remember any recent projects nearby.

Zhang Ling walked into Lin Yin and smiled. "President Mu brought me here. He said that it's a new resort project and asked me to come over to inspect it.."

Chapter 384: Meeting Mu Heng

"Brother Mu Heng is here too?" Lin Yin did not expect that Mu Heng would bring Zhang Ling here.

"Yes, I'm waiting for him. I'm going to take a look at the surroundings," Zhang Ling replied.

"In that case, I'll go down first. Lu Yan and Yang Xue are still waiting for me," Lin Yin said as she waved the swimsuit in her hand.

As soon as Lin Yin finished speaking, Mu Heng came out. When he saw Lin Yin, a smile appeared on his face. "I heard your voice from the room."

Lin Yin also smiled at Mu Heng. "Brother Mu Heng."

Mu Heng looked at the things in Lin Yin's hand and asked, "Are you planning to go to the beach to play?"

"Yes, my classmates have already gone over. I have to hurry over too," Lin Yin replied.

Mu Heng nodded. "Then go ahead and have fun."

Lin Yin nodded and left after saying goodbye to Zhang Ling.

Mu Heng looked at Lin Yin's back as the young girl's beautiful figure slowly walked away.

Actually, he didn't need to personally handle this resort project, but when he found out that Lin Yin happened to be at this resort, he wanted to come himself.

He didn't want his two younger brothers to have a conflict because they liked Lin Yin, so he felt that he had to find an opportunity to confirm Lin Yin's feelings.

No matter which one Lin Yin chose, he would help her deal with the other one.

Suddenly, Mu Heng seemed to have thought of something. He turned around and asked Zhang Ling, "Yinyin said that she brought a swimsuit just now?"

Zhang Ling nodded and said, "That's right. She's going to the beach to play in the water, doesn't she have to wear a bathing suit? Aiya, our boss is so good-looking. If she wears a bathing suit, I don't know how many people will have nosebleeds."

Mu Heng frowned slightly, having an inexplicable strange feeling that his treasure had been coveted by someone.

Then, Mu Heng found an excuse. This was the girl his two silly brothers liked. He had to protect her and not let the other wolves take her away.

"Let's go to the beach!" Mu Heng said decisively.

"President Mu, aren't we going to go for inspections? I just told boss. If we change our route to the beach now, I'll be slacking off in front of my boss. How awkward would that be!" Zhang Ling pulled Mu Heng, who was about to leave, and said.

"The beach is also part of the resort project. It's not considered a slack," Mu Heng said seriously.

Zhang Ling's eyes lit up. "Then, you said it, President Mu! I'll go get my swimming trunks now. Wait for me!"

Before Mu Heng could speak, Zhang Ling had already entered and exited. He took the beach essentials and even brought a set for Mu Heng. He smiled and said, "Since we're going to the beach for an inspection, we naturally have to feel it as tourists, right?"

Mu Heng glanced at the washbag and swimming trunks that had been handed to him indifferently and turned to leave without even raising his hand.

Zhang Ling, who had been neglected, pursed his lips at Mu Heng's back and muttered softly, "Hmph, I won't give it to you even if you beg me later!"

With that, Zhang Ling followed Mu Heng with two bags.

On the other side, Lin Yin brought her things to the beach and looked around for a while. She didn't see Lu Yan and Yang Xue, but she saw her classmates surrounding somewhere and looking at something.

Lin Yin went forward and asked, "Class monitor, did you see Lu Yan and Yang Xue?"

Lin Yin's sudden voice instantly frightened the group of people who were focused on the water polo game.

Especially when they turned around in unison and saw that it was Lin Yin, their expressions became a little strange.

Lin Yin instantly sensed that something was wrong and immediately pushed through the crowd. What she saw was Lu Yan being hit in the chest by a ball and falling heavily into the water. Even Yang Xue fell.

Lin Yin glared at the person opposite them who had picked up another ball, as well as Su Fei and Shi Dai, who were also in the water.

“Stop!” Just as Su Fei was admiring Lu Yan’s miserable state with a satisfied expression, a familiar voice carrying monstrous anger reached Su Fei’s eardrums.

Su Fei panicked for some reason. Sure enough, when she turned around, she saw Lin Yin, who was already approaching Lu Yan and Yang Xue.

When Yang Xue saw Lin Yin, she, who had been holding back her tears, instantly burst into tears. She cried, “Yinyin, you’re finally here. Lu Yan is about to be beaten to death.”

Lin Yin took a few steps into the water and helped Lu Yan up. She asked worriedly, “Ah Yan, how are you?”

When Lu Yan saw that it was Lin Yin, she also looked aggrieved. She stretched out the bruise on her arm to Lin Yin and said miserably, “I’m competing with

Su Fei. I can’t beat them..”

Chapter 385: Each Destiny

Lin Yin turned to look at Su Fei opposite her without saying anything, but Su Fei inexplicably felt that the deterrence in Lin Yin’s eyes hit her accurately, making her shiver.

Su Fei puffed out her chest and warned herself to be tougher. Then, she said to

Lin Yin, “Lin Yin, we’re still playing volleyball. It doesn’t seem good for you to come in suddenly.”

“Are you playing water polo? Or are you hitting someone?” Lin Yin looked at Su Fei coldly.

Even in the hot summer, everyone could feel the coldness in Lin Yin’s words.

Su Fei smiled faintly and said, "Lin Yin, what are you talking about? It's a competition. It's inevitable that there will be some bumps and bruises. There's no need to go overboard, right?"

After saying that, Su Fei's gaze landed on Lu Yan beside her. She smiled and said, "Lu Yan, since the competition was interrupted by Lin Yin, does that mean the competition is over? I think the outcome is obvious. You lost, so you have to apologize to Shi Dai. Accept your loss, right?"

Lin Yin stood in front of Lu Yan, blocking Su Fei's view of Lu Yan. A smile suddenly appeared on her lips. "Since I'm the one who disturbed the competition, why don't I continue on behalf of Lu Yan? What do you think?"

The smile on Su Fei's face froze for a moment before she said generously, "We're all classmates. We don't want to fuss over it too much. Let's stop here, lest it affects our friendship as classmates."

Lin Yin said to Yang Xue, "Bring Lu Yan up first."

Watching Yang Xue and Lu Yan walk towards the shore, Lin Yin turned around and saw that Su Fei also wanted to leave to the shore.

Lin Yin immediately said, "The bet is still the same. If I lose, I'll apologize to Shi Dai on behalf of Lu Yan. How about that?"

Su Fei quickly waved her hand and said, "Yinyin, what are you talking about?! I already said that we'll let this matter go. In the future, just don't be so arrogant when Lu Yan does things. We're not such calculative people."

"No need! Lu Yan is so rude. You don't have to pretend to be generous. Let's compete!" Lin Yin continued without giving Su Fei a chance to refuse. While they were talking, Lin Yin had already gotten the ball that had just hit Lu

Yan.

Looking at Lin Yin spinning the volleyball with a relaxed expression, Su Fei felt inexplicably flustered. Then, she said, "I think you're missing two people now. This is unfair to you. It's getting late. Isn't there a bonfire barbecue later? We..."

"Su Fei, do you not dare to fight me? You were inferior to me before, but you don't even have the courage to fight me now. I didn't expect that the eldest daughter raised by the Su Family for more than ten years would be inferior to a wild girl from the slums like me. It seems like you're just like this. You're not worth mentioning. Trash!" Lin Yin shouted.

Su Fei's chest heaved a few times. She looked at the arrogant Lin Yin opposite her and then at her lineup.

There was only one person on Lin Yin's side. It was impossible for the four useless shop assistants to help Lin Yin.

Even if Yang Xue could still participate in the competition, there was no difference.

Since Lin Yin overestimated herself, don't blame her for using the same method she used to deal with Lu Yan to deal with Lin Yin.

After all, there were not many opportunities to hit someone so openly.

When Su Fei spoke again, she was more confident. "Yinyin, I didn't want to be so serious, but since you insist on competing, I can only force myself. But let me say this first. My team members are all good. If we accidentally hurt you, don't blame us."

Lin Yin smiled. "The arena is like a battlefield. It's up to fate!"

Seeing that Lin Yin did not know what was good for her, Su Fei smiled coldly in her heart. She did not believe that Lin Yin could defeat the four generals she had specially found.

These four people were good at violent volleyball. Before she came here, she had specially found someone to deal with Lu Yan.

Lin Yin stretched her muscles a few times and took off her sunscreen. Her appearance in her swimsuit instantly caused the surrounding people to gasp.

The men who had been looking at Su Fei previously were all attracted by Lin Yin, making Su Fei extremely unhappy.

She would ruin Lin Yin's vixen-like face one day.

The people beside her were all sighing. The men's hearts ached when they thought that such a beautiful girl would be beaten up like the two girls just now.

However, no one dared to go up and help. After all, they could not stand the brutal fighting method just now. They could only let the beauty suffer. When the competition was over, they would go up and ask about her..

Chapter 386: Teammate Mu Heng

Zhang Ling and Mu Heng, who had followed them, pushed through the crowd and saw the two teams confronting each other. Zhang Ling asked curiously, "What happened?"

A tourist beside him told him everything in a low voice. Zhang Ling frowned as he listened, and Mu Heng's expression did not look good.

Lu Yan was a member of the Lu Family. Su Fei actually dared to use Lu Zheng's power to attack Lu Yan. She was really bold.

While Zhang Ling and Mu Heng were asking around, the water polo game had officially begun.

The four people on Su Fei's side were indeed quite strong. They attacked Lin Yin directly, hitting every ball with full strength.

Lin Yin, who was still familiarizing herself with the feeling, had been at a disadvantage in dealing with attacks. Su Fei was extremely nervous, afraid that she would not be able to kill Lin Yin.

Just as Su Fei was complaining that the four of them were not skilled, Lin Yin's eyes suddenly turned sharp. She jumped up and gathered her strength to hit the ball that tore through the air.

The volleyball immediately changed direction, broke through the airflow, and smashed straight at Su Fei, hitting her forehead. Su Fei leaned back and fell into the water, choking on several mouthfuls of water.

"Beautiful!" Zhang Ling's cheer suddenly appeared in the crowd.

The people around them were also secretly cheering. Just now, they had watched these people bully the two girls ruthlessly. Now, they have suffered retribution.

Shi Dai helped Su Fei up in a panic. She saw that Su Fei's nose was bleeding and she was dizzy. She looked worried.

Lin Yin looked opposite her coldly and the corners of her lips curled up slightly. Then, she scooped up another volleyball from the side and slapped it ruthlessly at su Fei.

When the volleyball hit Su Fei's chest again, everyone turned to look at Lin Yin, only to see her continue to look for the ball at the side. She looked like she would only stop if she killed Su Fei.

Zhang Ling threw a ball at Lin Yin from the shore.

Shi Dai said loudly, "Lin Yin, this is not how volleyball competitions are played!

This is against the rules!"

At this moment, a voice came from the crowd on the shore. "This is how you hit them. It was the same when you hit the two young ladies opposite you just now. Before the other party stood up, you attacked. If you want to talk about breaking the rules, you were the ones who broke the rules first."

Someone spoke, and the voices beside him rose one after another.

"That's right. Why didn't you say that it was against the rules when you hit her just now? Now that you're beaten up, you're saying that it's against the rules?" "Since you can start it yourself, bear it yourself. Don't have double standards here."

"When you're so ruthless to others, you have to think of retribution."

Hearing the people on the shore hitting her when she was down, Shi Dai was furious. Before she could say anything to refute, Lin Yin's ball continued to attack and hit Su Fei's face. Su Fei fell into Shi Dai's arms in a sorry state.

Shi Dai shouted at the four people standing at the side in exasperation, "Are you guys blockheads? Can't you see that the other party is attacking? Hurry up and counterattack!"

Seeing that their employer was bullied like this, the four of them tried their best to compete with Lin Yin. Facing four people alone, Lin Yin inevitably found it a little difficult and was hit a few times.

Everyone thought that Lin Yin would give up. Unexpectedly, even though she

was hit, Lin Yin did not let go of Su Fei, who had already hidden to the side.

Zhang Ling looked at the four people hiding at the side of Lin Yin and was furious. He was about to pick up the bag beside him to change into a swimsuit to help Lin Yin.

Unexpectedly, someone had already stepped into the water before him.

Who else could it be but Mu Heng?

Zhang Ling widened his eyes and looked at his feet. There was indeed a bag missing.

Mu Heng was really sneaky. He actually took the opportunity to change to please his boss.

The surrounding water rippled a few times. Mu Heng arrived beside Lin Yin and said in a low and steady voice, "Yinyin, I'll help you."

Lin Yin smiled at Mu Heng and the two of them quickly entered a battle stance.

With Mu Heng's help, Lin Yin felt much more relaxed, but this way, Su Fei was in trouble.

Mu Heng was as ruthless as Lin Yin. Even when he attacked Su Fei, he did not have any to have tender, protective feelings for the fairer sex. His strength was terrifying.

However, unlike Lin Yin, Su Fei was not the only target of Mu Heng's attack. The four people who had just attacked Lin Yin were not spared.

When the first person fell, the people on the shore were shocked. Then, they watched as the unconscious person was dragged away. When the last of the four people fell, everyone gasped..

Chapter 387: Admit Defeat

How was this volleyball? With such a bloody playstyle, there were not enough people to play.

Su Fei watched in fear as her people were carried away one by one. She did not even dare to make a sound.

Seeing Lin Yin hand the ball to Mu Heng, Su Fei was scared out of her wits.

That Mu Heng was simply a maniac. He could knock someone out with a ball.

Mu Heng looked at Su Fei, his eyes filled with coldness. This woman was the mastermind who instructed those people to hit Lin Yin. He couldn't let her off like this.

Su Fei looked at Mu Heng's raised hand and the volleyball in his hand that was like a bullet about to be fired. She was so frightened that she immediately said,

"I admit defeat! I admit defeat!"

Mu Heng and Lin Yin said in unison, "Too late!"

Su Fei watched as the ball smashed towards her like a phantom. She was stunned.

Then, she felt a headache until she went numb. Then, her vision darkened and she lost consciousness.

Facing the fallen Su Fei, Mu Heng did not even blink. He just said gently to Lin Yin, "Go up. It's not good to stay in the water for too long."

Lin Yin nodded.

When the two of them went up, Su Fei was already on the other side. Other than Shi Dai, who followed her, the rest had already been carried away.

Everyone looked at Mu Heng, who was approaching, and took a few steps back. For some reason, they felt that Mu Heng still had the murderous aura from annihilating those people just now.

Even Lin Yin had a murderous aura that made people rear her.

Lin Yin didn't have the time to care about how these people were feeling. She just went forward and asked Lu Yan and Yang Xue, "How are the two of you? Do you want to go to the hospital for a checkup?"

Yang Xue said, "Lu Yan wants to go to the hospital. Those people were too heavy-handed just now. It's just that she's worried about you, so she's unwilling to leave."

"Let's go to the hospital for a good checkup. Yang Xue, you have to be checked too," Lin Yin said.

Lu Yan still had some difficulty changing her clothes in the changing room. Fortunately, after she went to the hospital for a checkup, there were no serious injuries. It was considered a blessing.

On the other hand, Su Fei was in trouble. She had a slight concussion and her nose bridge was swollen like a little bun.

Su Fei cried in Lu Zheng's arms and said tearfully, "Godfather, you have to stand up for me. Lin Yin clearly knows that I'm yours, but she still dares to be so vicious like this. She must think that Lu Ming is better than you, so she dares to hit me."

Lu Zheng's expression instantly turned ugly.

Originally, his inferiority to Lu Ming was just a competition between his peers. Now that everyone in the younger generation knew it, even Lin Yin dared to be so arrogant, Lu Zheng could not tolerate it.

Besides, he had come here to deal with Lin Yin this time. From the looks of it, he was still a little benevolent to her.

"Don't worry, I'll definitely seek justice for you," Lu Zheng said with a ruthless expression.

Su Fei held it in Lu Zheng's arms and nodded obediently. "Godfather, you're all

I have left. I can only rely on you."

Shi Dai stood at the door in a daze and looked at the two of them who were acting intimately. Then, she quickly hid outside the door.

She kept telling herself that Su Fei and Lu Zheng were just godfather and goddaughter. They were definitely not lovers like Lu Yan said.

Yes, she was Su Fei's friend. She had to believe what Su Fei said, not outsiders.

Didn't she usually wheedle with her father occasionally? This was normal.

Shi Dai, who had mentally prepared herself, returned to her normal expression and left.

She did not know why she wanted to leave, but she felt that it was right not to go in.

With Su Fei's accident, the originally happy graduation trip became a little more gloomy. The entire class was less interested in the bonfire and barbecue in front of them.

Lu Yan forgot about the pain after her scar healed. Even though she was covered in bruises, she still wanted to go out and play with everyone. This made Lin Yin's worried heart relax a lot.

It was good enough that she was not seriously injured and could still eat and drink.

On the other hand, because Yang Xue was worried about Lu Yan's injuries, she followed Lu Yan step by step. After the entire barbecue, Lu Yan did not move at all. She was quite considerate and thoughtful.

Lu Yan was caught between laughter and tears. "Xiao Xue, I just have some bruises on my body. You make me look like a serious patient."

"It's a small injury. Don't ignore it. What if it becomes serious?" Yang Xue said with a disapproving expression. Then, she turned to look at Lin Yin.. "Don't you

think so, Yinyin?”

Chapter 388: Silly Su Fei

Lin Yin also agreed and replied, “Xiao Xue is right. We should indeed be careful.

Ah Yan, just listen to Xiao Xue obediently.”

Lu Yan wailed and let Yang Xue chatter beside her.

Lin Yin watched the two of them leave and couldn't help but smile in her heart. Then, she followed.

After returning to the hotel room and washing away the smell of smoke, Lin Yin picked up her phone and replied to Lu Ming's message.

Lu Yan did not tell Lu Ming about what happened today. She felt that Su Fei had already suffered a slight concussion from the beating, so she felt a little better.

Lin Yin respected Lu Yan's thoughts and naturally wouldn't mention them. After she said goodnight to Lu Ming, she went to sleep. Early tomorrow morning, everyone still had to watch the sunrise.

Although there were some accidents, it was not easy to change the itinerary that they had already booked, so everyone could only continue according to the itinerary.

The next day, when the sky was still dark, Lu Yan had already knocked on Lin Yin's door excitedly with Yang Xue.

When the three of them went down, there were already many people gathered in the hotel lobby. They were all up to watch the sunrise.

Lin Yin and the other two found the location of their classmates and gathered together. They happened to hear the class monitor call out names.

In the end, Su Fei was missing. The class monitor called, but Su Fei did not pick up.

Shi Dai looked at Lin Yin deeply with an angry expression and said, "Feifei was injured. She might not even be able to participate in this graduation trip. Some people are just vicious."

Lu Yan went forward and argued rudely, "Who was the one who was so vicious first? She reaped what she sowed!"

Shi Dai was not to be outdone. "You were the one who hurt her first. You're spouting nonsense and ruining her reputation!"

Lu Yan snorted and said, "If you don't want others to know, then don't do it. Besides, I've never seen such a shameless person. She still came out to show off after doing dirty things and ruin our Lu Family's reputation. If I don't scold her, who should I scold? If you're really so kind, you can let Su Fei be your cousin."

Shi Dai's face turned red. She said softly and weakly, "Feifei isn't such a person!"

Lu Yan sneered. She felt that Shi Dai was really pitifully stupid. She had been deceived by Su Fei and was still so naive to defend Su Fei.

The class monitor persuaded them for a while before the two of them quietened down.

Then, he said, "Since Su Fei can't come, we can only leave first. Otherwise, it'll be too late. Let's go!"

Lu Yan glanced at Shi Dai and left with the rest.

Shi Dai was indignant, but she did not know how to seek justice for Su Fei. She followed behind resentfully.

Ji Yun sighed and said, "Shi Dai, I think you should listen to Lu Yan's words.

Loyal words are unpleasant to the ear. You should understand this logic." Shi Dai looked at Ji Yun in disbelief. "You actually believe Lu Yan's words? She clearly said it on purpose to slander Feifei because she's not on good terms with Feifei. Can't you tell?"

Ji Yun looked helpless. Shi Dai was innocent, but she was also sincere. This was also why Ji Yun was willing to hang out with Shi Dai.

Ji Yun looked helpless. Shi Dai was innocent, but she was also sincere. This was also why Ji Yun was willing to hang out with Shi Dai.

Previously, she had interacted with Su Fei because of Shi Dai.

In her opinion, friends could be a little stupid, but they could not be as smart, hypocritical, and extremely selfish as Su Fei. Otherwise, one would not even know how they died one day.

Unfortunately, Shi Dai was really stupid.

She did not know where Su Fei got the good fortune to befriend such a good person like Shi Dai.

"Let's go! Let's hurry up and follow them." Ji Yun did not want to continue discussing Su Fei with Shi Dai and could only change the topic.

Shi Dai frowned and looked back at the lobby where Su Fei was still nowhere to be seen. She felt a little disappointed.

No matter what others said, Su Fei was still her sister who she had grown up with.

Now, they had agreed to go on a graduation trip together. Without Su Fei, Shi Dai was still a little disappointed.

Ji Yun turned around and pulled Shi Dai away. "Stop looking. Su Fei won't come if you continue looking."

"Do you think I should take care of Feifei and not go out to play?" Shi Dai said guiltily.

Ji Yun rolled his eyes in her heart. Perhaps Su Fei was having a sweet time with her godfather.

"Didn't Su Fei say that her godfather will find someone to take care of her? Doesn't she have a few bodyguards and a nanny by her side? Why are you going up? Are you causing trouble?" Ji Yun said bluntly..

Chapter 389: Sunrise

Ji Yun did not believe a word of what Su Fei had explained to Shi Dai yesterday. It was not only because her brother had once said it, but also because she had seen Zhao Zhi and Su Fei fooling around in front of so many people at the nightclub.

Moreover, she suspected that Zhao Zhi's death was not that simple.

During this period of time, her brother had been in a bad mood. She only found out after asking that Zheng Chao and Zhao Zhi's parents had been begging Su Fei to let them go.

Ji Yun was very glad that because of their sudden intrusion that night, her brother did not continue to stay in Zheng Chao's private room, so he dodged the bullet.

Fortunately, her brother had usually met Zheng Chao and the others by chance and had never really violated or humiliated Su Fei.

Otherwise, why would she be in the mood to come on a graduation trip today?

She would probably become one of the people who went to beg Su Fei to let him

Shi Dai opened her mouth and left with Ji Yun without saying anything.

Ji Yun was right. There were so many people around Su Fei now, so she should not lack her care. If she went to accompany Su Fei, she might be a burden.

The group arrived at the foot of the mountain. It was still dark. The tour guide instructed everyone to hold the lights in their hands while leading them up the mountain.

When the first ray of sunlight shone on the person standing at the top of the mountain with a slightly tipsy warmth, everyone revealed a joy that came from the bottom of their hearts.

As soon as this vacation ended, this group of students cultivating in the ivory tower would step into a new society with their new identities.

Some students began to shout their hopes for the future into the morning light that was filled with new hope.

Lu Yan looked at the two good sisters beside her and shouted, "I want to be good sisters with Yinyin and Yang Xue for the rest of my life. I also want to be an outstanding director!"

Yang Xue looked at the surrounding students who were shouting and chased away the shyness in her heart. She raised her voice and shouted, "I hope everyone is healthy and safe. Our friendship will not dissipate!"

Lin Yin was infected by these youthful and passionate words. She said softly to the rising sun, "I hope that the people I love will be safe and happy for the rest of my life. Everyone will be repaid for good and evil."

Lu Yan smiled and pushed Lin Yin. "Yinyin, you're too soft. You have to shout it out. That'll be satisfying!"

At the side, Shi Dai looked at Lin Yin and the other two who were fooling around and felt a little disappointed. If only Su Fei was here now!

Shi Dai looked at the sunlight for a while before praying silently, "I hope Feifei can recover as soon as possible. The three of us can return to how we were before. I also hope that my good sister and I will be happy and carefree for the rest of our lives."

Ji Yun listened to Shi Dai nagging and praying softly at the side and smiled slightly. Then, she smiled in her heart. "I hope that big fool Shi Dai won't be killed by Su Fei."

Ji Yun felt that although his family was not rich, at least they did not have to worry about food and clothing.

In the past, she would be obsessed with her family background taking another step forward. However, after seeing Su Fei's current situation, she suddenly felt that it was good to be satisfied at the moment.

Her results were only average, but she could go to an okay university.

Therefore, Ji Yun, who thought that she did not lack anything, gave this opportunity to make a wish to the rising sun to Shi Dai. She hoped that Shi Dai would not continue to be deceived by Su Fei.

In just a moment, the originally gentle morning sun had already risen above the level of the distant sea, and the light began to heat up.

Everyone took out the cooking utensils and tents they had carried over in the morning. After eating some simple food for breakfast, they started the early stages of the camping construction. They were going to stay here for the night.

On the other side, Zhang Ling, who was climbing the mountain with Mu Heng, muttered, "President Mu, even if we want to inspect, we have to find a better time, right? If we miss the sunrise, there are no other projects at this time. What are we inspecting? When the summer sun rises, we'll be dried out."

Mu Heng continued to move forward silently. God knew that it was very difficult for him too.

He had limited time and had to fly overseas tomorrow, so he had to find time to talk to Lin Yin today.

Otherwise, it would be dishonorable if he returned from overseas and found out that his two younger brothers had fallen out with each other because of a woman.

It would be best if Lin Yin chose well. He would use the excuse that he had something on to take away the one who was not chosen by Lin Yin so that the remaining one could quickly cultivate their relationship and quickly settle the matter..

Chapter 390: Spicy Food

“President Mu, don’t be silent! My piglet is not here in the deep mountains and forests. If you don’t talk to me, I’ll be so bored!” Zhang Ling continued to chatter.

“Shut up. Can you be quieter?” Mu Heng said with a headache. If he had known that he had brought Jiang Chen out, how would he have known that a person who only interacted with pigs was actually a chatterbox. He had miscalculated.

If it didn’t work, he could bring Guan Nan out. At least it would be quiet, lest he was disturbed now. It was really annoying.

The worst thing was that Mu Heng had wanted to take a shortcut to catch up to

Lin Yin and the others, but now, the two of them seemed to be lost.

Mu Heng did not tell Zhang Ling. He was afraid that Zhang Ling would nag even more if he spoke.

Fortunately, Zhang Ling, who was following behind, only pursed his lips and quietened down.

As the sun rose, Zhang Ling, who had been following Mu Heng on the mountain path for the entire morning, vaguely smelled the fragrance of food. Almost subconsciously, Zhang Ling's stomach growled.

"President Mu, there are people nearby. Shall we go ask for something to eat?" Zhang Ling said with sparkling eyes.

Mu Heng's eyes lit up. If there was someone, it might be Lin Yin's classmate.

Mu Heng and Zhang Ling immediately walked in the direction of the fragrance of food. Fortunately, it was really Lin Yin and the others.

Zhang Ling ran forward to hug Lin Yin and cry about Mu Heng's evil deeds. In the end, he was ruthlessly pulled back by Mu Heng.

Zhang Ling was so angry that he shouted at Lin Yin, "President Lin, President

Mu is too unkind. I didn't even have breakfast early in the morning before

President Mu dragged me to this mountain for inspections. In the end, there was no water or food for the entire morning. He was even so domineering that he didn't talk to me to relieve my boredom. He's simply heartless!"

Zhang Ling looked at Mu Heng fiercely, then raised the hand that Mu Heng had grabbed and showed it to Lin Yin. He complained, "Now, it's not easy for me to see you, President Lin. I haven't even said a few words to you, but he actually wants to be rough in front of you. How preposterous!"

Lu Yan laughed unkindly at the side. The others also pursed their lips and looked at Zhang Ling with pity.

Lin Yin smiled and shook her head. Then, she said, "Alright, Zhang Ling, if you're hungry, you can eat with us. You can try the skills of the three of us."

Lu Yan quickly picked up the delicacies she had personally made. Then, she looked at Zhang Ling proudly and said, “Yes, let’s eat together! Zhang Ling, come and try my stir-fried garlic mushrooms first? These mushrooms are very fresh. We picked them on the mountain this morning.”

Zhang Ling looked at the tempting dishes in Lu Yan’s hand in surprise. She did not expect that a young lady who did not do any chores could actually make such beautiful dishes. They must be very delicious.

Zhang Ling quickly shook off Mu Heng’s hand and approached Lu Yan with green eyes. “CEO Lu, you’re the best. I won’t stand on ceremony then!”

Lu Yan was just worried that no one would test the dishes for her. When she saw Zhang Ling’s hungry look, she was so happy that she stuffed the entire plate into Zhang Ling’s hand and said happily, “You’re welcome! Eat as much as you want!”

After Lu Yan finished speaking, she even thoughtfully handed her chopsticks over. She smiled as she watched Zhang Ling pick up a large portion and stuff it into his mouth.

Just as Lu Yan was nervously waiting for praise, Zhang Ling’s expression changed drastically. Then, he looked at Lu Yan with a bitter smile and did not speak for a long time.

Lu Yan was so nervous that her heart was about to jump out. “Zhang Ling? What’s wrong? Is it so delicious that you’re touched to death?”

Zhang Ling stared at Lu Yan and shook his head helplessly.

Lu Yan frowned slightly, but then she immediately relaxed and said happily, “I know. What I made must be delicious. That’s why you have tears in your eyes and are amazed by my good cooking!”

Zhang Ling could no longer hold it in. His mouth was visibly red. He opened his mouth and shouted, “Water, give me water! It’s spicy! It’s so spicy!”

Yang Xue quickly handed Zhang Ling a bottle of water. Everyone watched helplessly as Zhang Ling finished the entire bottle of water in one go.

Lu Yan turned to look at Lin Yin thoughtfully and asked uncertainly, “So, I don’t cook well?”

Zhang Ling, who had just finished drinking water, had a spicy red face and sausage-like lips. Her eyes were red as she said with tears in her eyes, “CEO Lu, I’ve always been conscientious when I came to the Shisheng Corporation and

I’ve never let the Shisheng Corporation down.. Why did you set me up like this?!”
