

## Real Daughter 411

### Chapter 411: Confrontation

Mu Heng shouted with a dark expression, "Zhou Hai, let those girls go and I'll let you leave safely!"

Mu Heng didn't dare to say that they were here to save Lin Yin. Otherwise, he was afraid that those people would catch Lin Yin and threaten him.

Zhou Hai smiled evilly at Mu Heng. "I can leave if I want. I don't need you to let me go!"

"Zhou Hai, this is not your country. I'll tell you the truth. As long as your helicopter is activated, you'll immediately be surrounded by our military fighter jets. I advise you to be sensible and not waste everyone's time," Mu Heng said.

Zhou Hai smiled even more brightly. "Do you really think I'm a fool? If I give you this bunch of hostages. When I get on the helicopter later, I'll probably be killed along with the helicopter, right?"

Another voice sounded from behind Mu Heng with a deterrent force. "As long as you let her go, I'll protect you from China in the name of the Lu Family!"

Zhou Hai's gaze landed on Lu Ming, who was walking over from behind. He smiled and said, "I didn't expect that it would actually shock the Lu Family!"

Looks like I must have caught some amazing young lady, right?"

Zhou Hai's gaze swept across the girls and finally looked at Lin Yin lightly. The corners of his lips curled up slightly before he turned his gaze back to Lu Ming.

"I'm very tempted by your suggestion, but even if you use the Lu Family as a guarantee, I don't believe you. So what now?" Zhou Hai said casually.

Mu Heng and Lu Ming's expressions were ugly when they saw Zhou Hai's fearless expression.

The rebel gang was very powerful and dabbled in the business of both light and dark, especially the human trafficking business.

It could be said that 80% of the human trafficking business in their country came from the hands of the rebel gangs. There was no lack of organ trafficking, prostitution, commissioning murder, and so on.

This Zhou Hai had a vicious personality and countless people had died at his hands. He was known as the Hades Zhou in their country.

If Lin Yin fell into Zhou Hails hands, she would be better off dead than alive.

Therefore, Lin Yin could not be taken away by Zhou Hai. Mu Heng and Lu Ming exchanged glances. The two of them understood what the other party meant.

Lu Ming just continued to take a step forward, and Zhou Hai immediately grabbed Lin Yin. The dark muzzle of the gun was instantly pressed against Lin Yin's temple, scaring Lu Ming into stopping in his tracks.

Zhou Hai looked at Lu Ming and smiled sinisterly. Did Lu Ming and Mu Heng think that by acting like they didn't care about Lin Yin, he wouldn't know how important she was? They were too naive!

Lu Ming said coldly, "Then what do you want?"

Zhou Hai bit his lower lip in disdain and sneered. "If I want to leave, I want to take these girls with me. After all, I spent a lot of money to buy them." Mu Heng said coldly, "We can pay for this. Name a price!"

Zhou Hai looked at Mu Heng and smiled. "The Mu family is indeed rich!"

Mu Heng was not surprised to see that the other party had already recognized him. After all, his face often appeared in financial magazines. He was just afraid that Zhou Hai would find out about his relationship with Lin Yin and use her to control him. This was too dangerous for Lin Yin.

“Cut the crap and bid!” Mu Heng said impatiently, not daring to look at Lin Yin again.

“Five million per person. There are a total of eight people. Forty million!” Zhou Hai said.

Lu Ming asked coldly, “Are you sure there are only eight?”

Zhou Hai said with a puzzled expression, “Of course there are eight.”

Then, as if he suddenly reacted, he pulled Lin Yin and said, “Don’t tell me you think she’s also a girl I bought? Then you’ve misunderstood. I didn’t buy her. She’s my woman and doesn’t count. She has to follow me back, warm my bed, and give birth to my babies!”

Zhou Hai’s words made Lu Ming and Mu Heng’s faces darken.

“As long as she’s a citizen of our country, I won’t allow you to take her away illegally!” Lu Ming’s voice was already filled with murderous intent.

Zhou Hai’s grip on Lin Yin’s neck slowly tightened threateningly. He said arrogantly, “Does that mean there’s no room for discussion? Then I won’t talk nonsense with you here. Someone, stuff the remaining women into the cargo hold and leave immediately!”

With that, Zhou Hai smiled provocatively at Lu Ming and Mu Heng. “You can get the military’s fighter jets to intercept me, but as long as something happens to me, I’ll let these women die with me and my brothers..”

Chapter 412: Block

Mu Heng was so angry that his temples were throbbing. He wished he could shoot Zhou Hai on the spot, but Lin Yin was still in the other party’s hands. They were in a passive position now.

Moreover, Zhou Hai was right about one thing. If he brought Lin Yin and the girls to the helicopter to leave, other than forcing them to stop, they really did not dare to use any attack measures.

The corners of Zhou Hails mouth curled into a smile as he said fearlessly, "We plan to leave. I hope you can inform the military you mentioned. Otherwise, these girls will die with us!"

"Zhou Hai, don't be too arrogant. Otherwise, I might not even care about these hostages and kill you!" Mu Heng's tone was cold.

Zhou Hai's lips curled into a smile. "What are you afraid of? I'm confident that you won't dare to attack!"

Lu Ming's eyes were slightly red. He smiled at Zhou Hai and said, "Yes, you can bet, but Zhou Hai, you have to think carefully. Can your rebel gang afford to bet?"

"Are you threatening me?" Zhou Hai narrowed his eyes.

Lu Ming's face was cold and hard, and his eyes were sharp as he replied, "Yes! I'm threatening you with the Lu Family's power! As long as anything happens to these girls today, from now on, our Lu Family and your wild gang will fight to the death!"

Mu Heng also stood up and said, "In the name of the Mu Family, I'm here to warn you. If you hurt these girls, you'll be killed no matter how far away you are!"

Zhou Hai did not expect Lu Ming and Mu Heng to go against their rebel gang to save a few girls.

Lin Yin had been quiet in Zhou Hai's hands. After seeing Mu Heng give her a look, she began to observe her surroundings from the corner of her eye.

Mu Heng casually put his hand behind his back, and Lin Yin instantly understood.

Zhou Hai pulled Lin Yin and retreated towards the helicopter. At this moment, there was a commotion behind Zhou Hai.

Zhou Hai suddenly looked back. At some point, a group of people had already climbed up from the cliff behind the helicopter.

There were not many people, only five of them, but it also disrupted Zhou Hai's team.

The moment Zhou Hai looked back, Lin Yin's tied hands suddenly pulled off

Zhou Hai's hands and bit him hard, successfully escaping Zhou Hai's restraints.

Xiao Ming grabbed Zhou Hai and said anxiously, "Boss, let's leave quickly!"

However, just as Xiao Ming finished speaking, Mu Heng and Lu Ming's teams rushed forward. For a moment, the scene was chaotic. No one dared to shoot, afraid that they would accidentally injure their own people. The gunfight that they originally thought had instantly turned into a hand-to-hand battle.

The girls who were captured also fled for their lives.

Zhou Hai was indignant and wanted to go forward to pull the escaping Lin Yin back. At this moment, Lu Ming and Mu Heng had already taken advantage of the chaos to rush towards Zhou Hai. Lu Ming pulled Lin Yin back, and Mu Heng punched Zhou Hai, causing him to stagger.

Xiao Ming immediately went forward to support Zhou Hai and pulled him onto the helicopter.

Zhou Hai had never suffered such a loss before. He raised his gun and aimed it at Mu Heng, who actually dared to hit him.

When Lin Yin saw this, her eyes widened. She immediately pushed Lu Ming away and stood in front of Mu Heng the moment Zhou Hai fired.

A gunshot sounded and everyone was stunned. Mu Heng hugged Lin Yin, who

was slowly falling, and shouted hoarsely, "Where's the doctor? Let the doctor come over!"

Lu Ming hurriedly went forward to cover Lin Yin's wound. Even his hand was trembling.

Zhou Hai did not expect that he would accidentally hurt Lin Yin. He was stunned for a moment before he was forcefully pulled into the helicopter by Xiao Ming.

At such a time when everyone was nervous, it was the best time to escape. Therefore, Xiao Ming immediately led his brothers to protect Zhou Hai and started the helicopter to leave.

At this moment, Lu Ming and Mu Heng had no time to care about anything else. Their attention was on Lin Yin.

When they found out that Lin Yin had injured her aorta, their expressions darkened. Then, the two of them looked at the other helicopter that Zhou Hai had not taken away.

Mu Heng carried Lin Yin and walked towards the helicopter with Lu Ming following closely behind.

When Lin Yin was sent to the hospital, her face was already terrifyingly pale from the blood loss. This made Lu Ming and Mu Heng extremely afraid that something would really happen to Lin Yin.

Mu Heng sat on the bench in front of the resuscitation room, the image of Lin Yin saving him flashing in his mind. He felt extremely guilty. He clearly wanted to save Lin Yin, but he was the one who injured Lin Yin in the end. Mu Heng could not accept this..

Chapter 413: Rh-Negative Blood

He covered his face with his hands, as if he wanted to hide the sadness in his heart.

The door of the resuscitation room opened. Lu Ming and Mu Heng quickly got up and went forward to ask about the situation.

“The patient has lost too much blood and needs a blood transfusion!” the nurse in the resuscitation room said.

“Doctor, I’m O-type. It’s all-purpose blood. You can draw mine,” Mu Heng said as he rolled up the sleeves of his shirt.

The nurse shook her head with a solemn expression and said, “The injured person is one of the rare few with Rh-negative blood. It’s best if we can infuse them with the same Rh-negative blood. Otherwise, it’s easy to cause hemolysis.”

Mu Heng was slightly stunned. He did not expect that two people in his family had Rh-negative blood. Now, Lin Yin was the same.

Mu Heng did not think too much about it. He picked up his phone and called Mu Xiao. “Mu Xiao, you have a lot of resources at the hospital. Hurry up and get someone to send over some blood sources with Rh-negative blood.”

Mu Xiao, who was rushing over from the other end of the phone, was shocked when he heard Rh-negative blood. He asked anxiously, “Is something wrong with Yinyin?”

Mu Heng did not expect Mu Xiao to guess so accurately and immediately knew that something had happened to Lin Yin.

“In order to block the bullet for me, she was shot. She’s lost too much blood and needs a blood transfusion. Get someone to find the blood source first. I’ll call Mu Ran over for a blood transfusion now. He happens to be of the same blood type,” Mu Heng said.

Mu Xiao, who was opposite her, retorted anxiously, “Mu Ran can’t. He can’t

give Yinyin a blood transfusion. Don't call Mu Ran. I'll deal with the blood source."

Mu Xiao hung up. Mu Heng was puzzled. Why couldn't Mu Ran?

He turned around and looked at Lu Ming, who was also contacting the blood source. Then, he asked a nurse beside him, "If both of them have Rh-negative blood and are healthy, under what circumstances can't they transfuse blood to each other?"

"Blood transfusion is not recommended between ordinary relatives because their blood is relatively similar and some genes are the same. Forceful blood transfusion might cause serious damage to the recipient, especially if they are immediate family," the nurse said.

Mu Heng's gaze turned to the resuscitation room. As his guesses kept surfacing, his uneasiness intensified.

After a while, Mu Heng's thoughts connected. Could Lin Yin be the sister the Mu family had been searching for for a long time?

Moreover, Mu Xiao might have known about this long ago, but he had been hiding it from everyone.

Otherwise, it would be very difficult to explain why Mu Xiao did not let Mu Ran transfuse blood to Lin Yin just now. When he said Rh-negative blood, Mu Xiao's first reaction was to think that Lin Yin was injured.

Mu Heng was so nervous that his Adam's apple bobbed a few times. His gaze was fixed on the door of the resuscitation room.

Soon, the person sent by Mu Xiao sent the blood packet over. Coupled with what Lu Ming had contacted, it was just enough to satisfy Lin Yin's current need for blood.

Lu Ming and Mu Heng looked at the door of the emergency room nervously. It was not until two in the morning that the lights in the emergency room dimmed.

Lu Ming and Mu Heng quickly surrounded her and followed Lin Yin to the ward.

Lu Ming listened to the doctor's advice while Mu Heng's gaze landed on Lin Yin's pale face.

Then, while Lu Ming was not paying attention, he quietly pulled out a strand of Lin Yin's hair.

The matter was weighing on his heart and he felt uncomfortable. He had to find out if it was as he had guessed.

If Lin Yin was really his sister, Lin Yin couldn't be with Mu Ran. Otherwise, wouldn't it be a mess?

Lu Ming returned to Lin Yin's bed and glanced at Mu Heng, who had a strange expression on his face, before looking away.

Seeing that Lin Yin was no longer safe and Lu Ming was guarding her, Mu Heng took the hair he had just pulled off to do an analysis.

After Mu Heng handed Lin Yin's hair and his hair to the nurse in the reproductive department, he turned around and bumped into an acquaintance.

Mu Ning's gaze shifted from the department sign to Mu Heng's face. She smiled as she sat in the wheelchair. "Brother, why are you here?"

Mu Heng frowned slightly and said coldly, "Why are you here?"

Mu Ning was not angry at Mu Heng's obvious dislike. Anyway, after so many years, the three Mu brothers had always treated her indifferently.

"I came here to play. I was accidentally bitten by a snake, so I came to the hospital for treatment." Mu Ning briefly explained why she was there.

It was only then that Mu Heng saw Mu Ning's swollen leg. His expression softened a little as he said, "Then take care of yourself. I still have something on. I'll leave first."

With that, he turned around and left..

#### Chapter 414: Waking Up

Mu Ning looked up at the fertility department sign for a long time before smiling.

When Mu Xiao rushed to the hospital, the sky was already bright. He pulled Mu Heng and asked, "How's Yinyin?"

Mu Heng gestured at Mu Xiao softly and pulled him out of the ward. Then, he said, "Her life is no longer in danger. You don't have to worry."

Mu Xiao heaved a sigh of relief and said with a relieved expression, "That's good!"

Mu Heng looked at Mu Xiao's expression. He did not expect to see Mu Xiao so worried about someone in his life.

Then, Mu Heng's expression turned serious. He asked Mu Xiao, "Mu Xiao, are you hiding something from me?"

Mu Xiao did not react to Mu Heng's sudden question. He asked in confusion,

"Brother, what are you talking about?"

Mu Heng looked at Lin Yin, who was lying in the ward, and asked, "Who exactly is Lin Yin? Why can't Mu Ran donate blood to Lin Yin? What are you hiding from us?"

When he said that Mu Ran could not be given a blood transfusion, Mu Xiao thought that with Mu Heng's vigilant personality, he would definitely think of something.

As expected, he was right. Mu Heng was suspicious.

Mu Xiao sighed slightly and said, "Brother, I'll tell you everything about this after a while."

Mu Heng frowned. "Can't you say it now? Why wait for a while? What are you up to?"

Mu Xiao said helplessly, "Brother, don't ask anymore. I promised someone about this. If I don't tell you now, just let me be a gentleman. Don't worry, after this summer vacation, I'll tell you everything you need to know."

Seeing that Mu Xiao was determined not to say anything, Mu Heng did not continue to interrogate him.

The two of them returned to the ward where Lin Yin was and sat silently at the side, waiting for her to wake up.

When Lu Yan and Yang Xue found out that Lin Yin had been saved and sent to the hospital, it was already noon.

As soon as the two of them entered, they saw three usually elegant men with stubbles and dark eye circles. They looked tired. Lu Yan first asked softly, "Uncle, is Yinyin still not awake?"

Lu Ming looked up and nodded weakly. "Not yet."

Almost instantly, Yang Xue's tears fell. This discomfort was worse than when the doctor told her one of her ribs was fractured.

Lu Yan and Yang Xue surrounded Lin Yin, their faces filled with worry.

“That human trafficker is too detestable. Uncle, did you get someone to catch them? I’m going to pull out their tendons and bones!” Lu Yan lowered her voice and said angrily.

“Don’t worry, Uncle will remember this,” Lu Ming said.

When Lu Yan heard that those people actually ran away, she gritted her teeth in anger.

Shen Yu came in from outside and whispered to Lu Ming, “Boss, your brother and Su Fei have been brought over. What do you think we should do?” Lu Ming looked at Lin Yin and finally said, “Lock her up first. I’ll go over later.” Shen Yu acknowledged and went down.

When Lu Yan heard Shen Yu’s words, she thought that if Eldest Uncle was really the one behind this, things would be huge. Moreover, she felt that she

had let Lin Yin down. After all, Lu Zheng was also a member of the Lu Family.

Lin Yin felt dizzy. The events of her previous life kept appearing in her mind, mixed with all kinds of emotions that made her suffer.

Seeing the electrocardiogram fluctuate violently, Mu Xiao and the others were extremely nervous. Mu Heng hurriedly went out to call the doctor.

However, before the doctor arrived, Lin Yin’s eyes suddenly opened. Her forehead was covered in sweat, but her fingertips were terrifyingly cold.

Lu Ming gently rubbed the tip of Lin Yin’s hand and looked worriedly at Lin Yin, who had clearly woken up, not daring to speak.

Lu Yan asked worriedly, “Yinyin, you’re awake? Are you feeling unwell? Does your wound hurt?”

Lin Yin turned around and saw Lu Yan and Yang Xue's worried expressions. When she turned around, she also saw Lu Ming and Mu Xiao, who were also worried about her.

After a while, Lin Yin spoke, but her voice was hoarse from lack of water. "I'm fine!"

Mu Xiao quickly poured a glass of water and brought it to Lin Yin's mouth with a straw. He said gently, "You just woke up. Don't be in a hurry to speak. Drink some water first to moisten your throat."

Lin Yin nodded slightly and lowered her head to drink water slowly..

#### Chapter 415: Not a Sister

When Mu Heng brought the doctor in, he was also happy to see Lin Yin wake up.

Lin Yin was checked all over by the doctor. After confirming that she was fine, the group of people beside her relaxed.

Yang Xue looked at Lin Yin sadly and said, "Fortunately, Yinyin, you're fine.

Otherwise, I would have to spend the rest of my life in regret."

Lin Yin smiled and said, "Xue, are you cursing me? Aren't I fine now? Why are you talking about this?"

As she spoke, Lin Yin looked around and said, "The doctor already said that I'm fine. Don't all surround me with a long face. It'll affect my mood, okay? Why don't you guys go do your own things first?"

Lin Yin was really not used to such a group of people guarding her, as if they were looking at a national treasure. They stared at her intently. It was too awkward.

Lu Ming thought of Lu Zheng and Su Fei, who were still locked up. He stood up and said, "Then Yinyin, rest first. I'll go deal with some things first."

Lin Yin nodded and said, "Okay."

Mu Xiao looked at Lu Ming and stood up. "Lu Ming, I'll go with you."

With that, Mu Xiao instructed Lin Yin carefully and left with Lu Ming.

He had heard Shen Yu's words previously. He guessed that Lin Yin's kidnapping by human traffickers might be related to the Lu Family.

Mu Heng looked at Lin Yin and said guiltily, "Yinyin, I caused you to be injured, but don't do this next time. I..."

Before Mu Heng could finish, Lin Yin interrupted, "Brother Mu Heng, It was instinctive at that time. Don't take it to heart. Besides, I'm fine now. You don't have to care so much."

Mu Heng sighed in his heart. Lin Yin had taken a bullet for him. How could he not care? How could he not take it to heart?

However, Mu Heng did not know how to respond to Lin Yin's words. He could only nod and say, "I know. It's just that in my heart, your life is more important. I don't want anything to happen to you. Don't be so impulsive next

time."

Although it was a strange feeling, that was what Mu Heng thought.

Seeing that Lin Yin was injured, he wished he was the one who was injured.

Lin Yin smiled and nodded. "I understand, Brother Mu Heng. I'll be careful next time."

Mu Heng sighed slightly and asked Lin Yin and the other two what they wanted to eat. He would prepare it.

Mu Xiao, who was following Lu Ming, looked at Lu Ming's ugly expression and asked, "If this is really your brother's doing, what are you going to do?"

Mu Xiao's words made Lu Ming's expression turn even uglier. Then, Lu Ming said, "Do what needs to be done. I definitely won't interfere with the prosecution of someone who helped a human trafficker traffic girls."

Lu Ming's words made Mu Xiao feel relieved. In his opinion, even if Lu Zheng really did such a thing, if the Lu Family wanted to protect him, Lu Zheng might really not be punished at all and still be carefree.

If that was the case, if the Mu Family forced Lu Zheng to confess, they would definitely go against the Lu Family. That was why Mu Xiao asked in advance.

Now that he had Lu Ming's guarantee, Mu Xiao had fewer worries. After all, both the Lu Family and the Mu Family were big families. It would not be good if the two families quarreled.

Lu Ming seemed to have suddenly thought of something. He turned around and asked, "You three brothers have a sister called Mu Ning?"

Mu Xiao's expression darkened when he heard Mu Ning's name. He asked coldly, "How do you know about Mu Ning?"

Lu Ming said, "One of the girls Zhou Hai captured is called Mu Ning. She said she's your sister."

Mu Xiao frowned. "She's not my sister!"

Lu Ming did not understand why Mu Xiao's expression was so filled with disgust.

Even if she was not his sister, he should not have such a disgusted expression, right?

However, despite Mu Xiao's disgust, he still asked curiously, "Why was she caught by Zhou Hai?"

"I don't know. I only know that she was caught and poisoned by a snake. Then, she was thrown into the forest by Zhou Hai to fend for herself. But she should be fine now," Lu Ming said calmly.

Mu Xiao did not understand. Why was Mu Ning here instead of staying by his Grandma's side?

Could it be that Mu Ning knew Lin Yin's identity and came to investigate?

Then, Mu Xiao shook his head. He had only found out about Lin Yin's identity through her blood type. Mu Ning had never interacted with Lin Yin, so how could she know?

Mu Xiao thought that perhaps it was because the three of them were close to Lin Yin that Mu Ning came over to take a look out of curiosity?

Chapter 416: Accountability

Maybe it was just a coincidence?

Looking at Mu Xiao's distracted expression, Lu Ming was only curious for a while before he retracted his curiosity.

An unimportant person was not worth his trouble.

As soon as the two of them arrived at the place where Lu Zheng and Su Fei were imprisoned, they heard Lu Zheng knocking on the door and shouting, "Dogsh\*t, do you know who I am? I'm Lu Ming's brother. How dare you arrest me! Even if Lu Ming is in front of me, he has to listen to me!" "Hurry up and let me out. Otherwise, you'll die without getting buried!" Lu Ming only smiled coldly and got someone to open the door.

Lu Zheng, who had smashed the door hard, almost fell out. He looked up at Lu Ming hatefully and said evilly, "Lu Ming, you brat, how dare you imprison me? If Grandpa finds out, I'll see how you explain yourself."

Lu Ming approached Lu Zheng with a murderous aura, scaring Lu Zheng so much that he retreated step by step until he collapsed on a chair in the room.

"Lu Ming, let me tell you, don't do anything rash. Otherwise, if Grandpa finds out, you'll be punished by the family law!" Lu Zheng looked up at Lu Ming and said.

Lu Ming looked at Lu Zheng coldly and asked, "Were you the one who kidnapped Lin Yin?"

Lu Zheng widened his eyes and looked at Lu Ming. "Lu Ming, are you crazy? What has Lin Yin being kidnapped got to do with me? I didn't do it. Don't come looking for me!"

"Is that so?" Mu Xiao asked coldly.

Lu Zheng turned to look at Mu Xiao and said, not to be outdone, "Yes. Also, this is our Lu family's business. Why are you here?"

Mu Xiao smiled calmly, but his eyes were terrifyingly cold.

"Lin Yin is my sister. You got someone to kidnap my sister. Doesn't it concern me?" Mu Xiao said.

Lu Ming turned his head slightly to look at Mu Xiao. Did Mu Xiao really only treat Lin Yin as his sister?

Lu Zheng frowned slightly and shouted, “Mu Xiao, stop talking nonsense here. Who kidnapped Lin Yin? Besides, where did your Mu family get a girl? Where did you get a sister? Nonsense! Oh, I know. Did you come to take revenge on me and slander me because I snatched your brother’s project last time?”

“Lu Zheng, I don’t have time to listen to your nonsense. I’ll ask you again. Were you the one who kidnapped Lin Yin?!” Lu Ming’s voice was cold.

Lu Zheng shrank his head and straightened his neck. “I said it wasn’t me. It has nothing to do with me.”

Lu Ming smiled, then turned to look at Su Fei and asked, “Miss Su Fei, tell me, is Lin Yin’s kidnapping related to you and Lu Zheng?”

Su Fei’s hopes of hiding herself were dashed. She could only whisper, “It has nothing to do with me. We really didn’t know that there would be a kidnapping.”

Lu Ming sneered and said, “Looks like you’re going to hold out hope until faced with the grim reality. In that case, don’t blame me for being impolite.”

“Lu Ming, if you dare to touch me, Grandpa won’t let you off! You know that Grandpa hates brothers killing each other the most.” Lu Zheng warned Lu Ming loudly.

“Then Grandpa also said that the descendants of the Lu Family don’t fool around outside. Brother, count for yourself. How many women have you played with outside all these years? Do you have the cheek to say such things?” Lu Ming sneered.

Then, Lu Ming called out to Shen Yu and said, “Go get some torture tools

Shen Yu acknowledged and went down.

Lu Ming looked at Lu Zheng in front of him and said, “Big Brother, don’t blame me for being ruthless. Since you’re unwilling to tell the truth, I can only use force.”

Lu Zheng was instantly terrified. He pointed at Lu Ming and scolded in a trembling voice, "Lu Ming, if you dare to touch me, I won't let you off. I'm your big brother! Your big brother!"

Su Fei, who was at the side, was also very flustered. She did not expect that Lu Ming, this ruthless person, would not even take Lu Zheng, his biological brother, seriously. Then wouldn't an outsider like her, who had nothing to do with him, have an even worse end?

Su Fei immediately begged, "Second Master Lu, Lin Yin's kidnapping really has nothing to do with me. I really don't know anything. Please let me go! I'm innocent."

However, no matter how Lu Zheng and Su Fei threatened or begged, they could not stop Shen Yu from moving the torture tools into the room.

"Brother, I think you know the taste of these torture devices better than I do, right? So, I advise you to be clear when you speak!" Lu Ming threatened..

#### Chapter 417: It Has Nothing to Do With Me

However, Lu Zheng was not a fool. He knew very well that once he said that he was related to Lin Yin's kidnapping, Lu Ming would have a reason to take his confession and legitimately prevent his grandfather from helping him.

At that time, even his mother would come forward. With Lu Ming's temper and the Mu family's current attitude, they probably could not protect him.

Therefore, Lu Zheng could only insist that it had nothing to do with him.

Lu Zheng wailed loudly at the side, "Lu Ming, you vicious little bastard. Did you want to kill me long ago, so you casually fabricated a crime for me to chase me out of the Lu Family so that you can monopolize the Lu Family's assets?"

Lu Ming narrowed his eyes dangerously, then the corners of his lips curled up. With a wave of his hand, Shen Yu and the others lifted Lu Zheng up and pulled him onto the torture rack.

Lu Zheng struggled with all his might and cursed. In the end, there were only painful cries.

Mu Xiao watched silently from the side. He did not expect Lu Ming to really dare to be ruthless. Mu Xiao thought about if he were to torture his older brother and felt that this scene was too thrilling.

Lu Ming's gaze landed on Su Fei, who was trembling at the side. He asked gloomily, "Miss Su Fei, it's your turn. You can choose if you want to say it or wait until you've been tortured."

Su Fei was so frightened that her entire body trembled slightly. She did not even dare to look in Lu Zheng's direction.

Seeing that Su Fei did not answer, Lu Ming smiled and said, "It seems like Miss Su Fei likes to be tortured before answering questions. It's fine. I have patience."

As soon as Lu Ming finished speaking, Shen Yu and the two people beside him went forward with a few long needles to hold Su Fei down.

Su Fei was so frightened that she shouted, "Second Master Lu, I really didn't do it. Lin Yin's kidnapping has nothing to do with me. Please, let me go!"

"Miss Su Fei, you know that's not what I want to hear!" Lu Ming said expressionlessly.

The next second, Shen Yu's long needle pierced into Su Fei's fingertips. The heart-wrenching pain from her fingers made Su Fei cry out loudly.

After a few consecutive times, Su Fei couldn't take it anymore and said, "I'll talk! I'll talk!"

Lu Ming waved Shen Yu and the others away. He looked down at Su Fei and said coldly, "Miss Su Fei, I've been in the business world for so long and have seen too many different people, so I can tell at a glance

if someone is lying. I hope you don't lie about what you're about to say. Otherwise, you know very well what will happen to you."

Lu Zheng's cries of pain that were gradually weakening rang in her ears. Su Fei's heart was filled with fear for Lu Ming.

At this moment, she did not dare to continue to be hopeful. She knew that she had to say something important.

Hence, she said, "I originally wanted to teach Lin Yin a lesson, so I begged

Godfather to help me. However, our plan was to get someone to break into Lin Yin's room in the hotel and frame her for prostitution. It's not kidnapping.

Really, I swear! As for the kidnapping, I just knew in advance and didn't stop it. If you don't believe me, you can ask Godfather!" Lu Zheng replied weakly, "Feifei is right. We didn't kidnap you."

"Who is that person?" Lu Ming asked coldly.

Su Fei shook her head and said, "I really don't know about that. I just secretly went to Lin Yin's room when Lin Yin and the others went hiking and prepared to arrange for someone to hide in Lin Yin's room. But I didn't expect anyone to enter Lin Yin's room. Then, I heard them planning to bring Lin Yin to the red-light district of another country to sell her. Later, Godfather and I thought that since someone had made a move, it would be easier for us."

Lu Ming waved his hand and stopped the punishment for Lu Zheng. He asked Lu Zheng, "Brother, tell me, is it true?"

Lu Zheng panicked at Lu Ming's question. In the end, he said firmly, "That's it. The kidnapping has nothing to do with me. I just knew and didn't tell you about it."

Lu Ming stared fixedly into Lu Zheng's eyes and smiled coldly. "Brother, when you lie, your eyes always flicker. It's been so many years, but you haven't changed."

Lu Zheng's eyes widened. He did not expect Lu Ming to know that he was lying just by looking at him.

"Big Brother, it seems like you like to continue being tortured? In that case, I'll fulfill your wish!" As Lu Ming spoke, he was about to wave his hand to let those people continue.

Lu Zheng quickly said, "I'll say it, okay?"

Only then did Lu Ming put down his hand that was already in the air and stand at the side, looking at Lu Zheng coldly..

Chapter 418: Someone Else

Lu Zheng touched his arm which smelled like human flesh after being electrocuted and said angrily, "Initially, we just wanted to ruin Lin Yin's innocence and slander her for prostitution. Later, I thought that Lin Yin was an eyesore here, so I wanted to send her away. Coincidentally, someone took a fancy to Lin Yin and knew that I was dealing with her."

At this point, Lu Zheng looked up at Lu Ming carefully before continuing, "So they came looking for me and asked me about Lin Yin's weakness. Later, I asked Su Fei and told those people that Lin Yin cared about a classmate called Yang Xue. Then they promised me that they would send Lin Yin far away.

That's what happened."

Su Fei really did not expect that there would be such a thing.

No wonder Lu Zheng had asked her what Lin Yin cared about. Su Fei thought about how she had answered back then. Yes, she had answered Yang Xue and

Lu Yan.

Presumably, Lu Zheng only mentioned Yang Xue in the end and was not ruthless enough to mention Lu Yan.

Lu Ming could tell that Lu Zheng was really not lying this time. However, Lu Ming was furious and kicked Lu Zheng's shoulder.

"You b\*stard with dirty thoughts. She's just a little girl. Why are you scheming like this?!" Lu Ming scolded angrily.

Lu Zheng knew that he was being unreasonable and did not dare to say anything. Now, his only thought was that his grandfather could save him.

With Lu Ming's personality, he did not need to extort a confession by torture at all. Therefore, if Lu Ming insisted on extorting a confession, he was going to show it to the elders in the family so that they would not protect him and plead for him.

But he really couldn't stand the feeling of the electric shock. It hurt too much.

The matter had reached a preliminary conclusion. Lu Ming turned to look at

Mu Xiao and said, "Looks like there's still a big fish behind."

Mu Xiao's expression was filled with anger. He couldn't think of who would treat Lin Yin like this.

Logically speaking, Su Fei and the Su Family were the most suspicious, right?

Mu Xiao turned to Lu Zheng and asked coldly, "What characteristics do those people have?"

Lu Zheng had a bitter expression on his face. He shook his head and said, "I really don't know. It's just that from that accent, they sound like they were from Country D. I really don't know anything else. I just feel that I didn't have to do anything because someone's helping me deal with her. It's just convenient."

Mu Xiao snorted and said to Lu Ming, 'You can deal with your Lu Family yourself.'

With that, Mu Xiao left. He had to quickly find out who was hiding behind. Otherwise, Lin Yin would be surrounded by schemes and be in danger.

Lu Ming looked at Lu Zheng, who was sitting on the ground, with an unfathomable expression.

Lu Zheng said nervously, 'Third Brother, I just told them about Lin Yin's weakness. The specific kidnapping has nothing to do with me, right? You can't blame me for this.'

Su Fei also begged for mercy. 'Yes, this is not Godfather's fault. It has nothing to do with me.'

Lu Ming looked at Su Fei and Lu Zheng with a faint smile. 'But you guys are scheming. '

Su Fei became anxious. 'But we didn't do it, did we? You can't convict me like this!'

Lu Ming only glanced at Su Fei with cold eyes. He didn't say anything else and

said to Shen Yu, 'Teach these two a good lesson. Let them know who they can and can't provoke!'

With that, Lu Ming ignored Lu Zheng and Su Fei's curses and pleas behind him and turned to leave.

Since this matter had nothing to do with Lu Zheng and Su Fei, there was someone else hiding behind it.

The person who had the strength and financial resources to hire the rebel gang to kidnap her with a helicopter and was still hiding in the dark was a dangerous existence to Lin Yin. He had to help Lin Yin eliminate him.

Lu Zheng did not expect Lu Ming to be so ruthless. He did not even inform his grandfather and directly attacked. He hated Lu Ming to death.

As for Su Fei, she did not expect that she would have to suffer like this before she could do anything this time. Her hatred for Lin Yin deepened.

On the other side, Mu Heng was walking towards Lin Yin's ward with the takeout when he met Mu Ning again.

Mu Heng did not look happy at Mu Ning's greeting.

Mu Ning looked at the bag in Mu Heng's hand and said sadly, "Brother, who are you buying food for? Grandma, Dad, and Mom don't know that I'm injured. I'm alone in the hospital now and no one is taking care of me.. I..."

Chapter 419: Planning to Recognize Family

"In that case, find a nurse," Mu Heng interrupted Mu Ning without hesitation.

He knew very well what Mu Ning wanted to say, but he did not want to hear it.

Mu Ning's eyes turned slightly red. She looked at Mu Heng and choked. "Big Brother, I know you don't like me, but can you be gentler to me on account of my injury?"

Mu Heng only glanced at Mu Ning's leg indifferently before retracting his gaze and saying, "I'm not a doctor. I can't treat your injuries."

With that, Mu Heng ignored Mu Ning's hurt feelings and walked around the wheelchair she was sitting in and left.

Mu Ning turned her wheelchair and looked at Mu Heng's cold back. She looked calm, but she was filled with hatred.

She did not understand what she had done wrong. Why did the three brothers of the Mu family hate her so much that they did not even acknowledge her identity?

In fact, because of their objection, no one outside knew that the Mu family had a young lady like her. How could Mu Ning be happy?

In order to build a good relationship with the three of them, she carefully tried to please them every time they met. In the end, they were always cold to her.

The Mu brothers really had the same temper. They were smelly and rigid.

When Mu Heng's bad mood arrived in front of Lin Yin's ward, it instantly dissipated, replaced by joy.

Her expression was completely different from when she first met Mu Ning.

Mu Heng smiled and carried his things into Lin Yin's ward. He greeted Lin Yin and the two people beside her kindly to eat something.

Lu Yan sighed. "Sigh, thanks to Yinyin, I can actually eat something personally bought by the future head of the Mu Family. If word gets out, I can show off for three days."

Yang Xue couldn't help but laugh. In the end, she pulled at her wound and coughed non-stop.

Lu Yan hurriedly covered her mouth and nodded seriously. However, in the end, Lu Yan still said to Mu Heng, "Big boss Mu, the roasted whole lamb you gave that day was delicious."

Mu Heng smiled and handed the porridge in his hand to Lu Yan. He smiled and said, "When you're all better, I'll treat you to some."

Lu Yan smiled until her eyes narrowed.

‘Yinyin, do you like sweet or salty food?’ Mu Heng asked Lin Yin.

‘I’m fine with anything!’ Lin Yin replied casually.

Mu Heng handed a portion of chicken porridge to Lin Yin and said, ‘It’s all warm.’

‘Thank you, Brother Mu Heng!’ Lin Yin smiled.

Looking at Lin Yin’s still pale face, Mu Heng still felt guilty. Hence, for the next two days, Mu Heng almost put down his work and stayed by Lin Yin’s side at all times, more dutiful than a nurse.

Lin Yin thought of the girl who had been bitten by a snake. When she asked Lu Ming to investigate, Lu Ming said that he had already been sent to the hospital and she was fine now.

Knowing that the girl was fine, Lin Yin heaved a sigh of relief.

Mu Ran only received the news the next day and came over. The moment she arrived, she quarreled with Mu Heng and cried beside Lin Yin’s bed for a long time.

It was difficult for a sick person like Lin Yin to comfort a big child like Mu Ran.

She looked at Mu Heng and Lu Ming, who understood the situation with the doctor, Mu Xiao, who was cutting fruits, and Mu Ran, who kept telling Lin Yin jokes and arguing with Lu Yan.

Lin Yin suddenly felt that it was actually not bad to reunite with her family early. Why don’t she go for a genetic match with Mu Xiao after she was discharged?

Lin Yin was still a little uncertain, but she could not deny that it felt good to be cared for by her family.

The ward was noisy. In the evening, Lu Ming couldn't stand it anymore and started to chase them away. In the end, Lin Yin only left a nurse beside her and chased everyone out.

However, Lu Ming and Mu Heng were still worried about Lin Yin's safety, so they left many people outside the ward to guard her.

In the dead of the night, Mu Ning drove the wheelchair to Lin Yin's ward alone.

Neither the Lu Family nor the Mu Family's bodyguards knew Mu Ning. Both of them looked at her warily.

Mu Ning smiled at the bodyguards at the door and said, "You don't have to be nervous. I'm the girl Miss Lin Yin saved previously. I want to thank her. Can you help me go in and tell her? Tell her about the girl who was bitten by a snake."

The bodyguard told Lin Yin according to what the girl said. Lin Yin thought that since they had met, there was no harm in meeting her..

#### Chapter 420: Mu Ning's Visit

Mu Ning drove the wheelchair slowly into Lin Yin's ward.

Lin Yin's ward was worlds apart from hers.

Her ward was cold and empty. It was still the same as before. If it weren't for the person lying on the bed, she wouldn't have been able to tell that there was a patient inside.

No one had ever sat on the chair beside her bed.

However, it was different with Lin Yin. There were several bouquets of flowers, and baskets of fruits were piled in the corner. There were cut fruits beside the bed, and there was even a selfie of that narcissist Mu Ran.

On the table beside her, there were all kinds of snacks and toys to relieve her boredom. Mu Ning did not have to think to know that this must have been obtained by her unruly third brother.

Lin Yin saw that Mu Ning had been sized up the moment she entered and did not interrupt. When Mu Ning was done looking and her gaze landed on her, Lin

Yin asked, "Is the injury on your leg better?"

Mu Ning's clear eyes were smiling as she said gently, "I'm much better. It's all thanks to the medicine you begged for me that day. Otherwise, I might have died there that day."

Although Mu Ning thanked her, Lin Yin felt that there was something wrong with Mu Ning's tone when she said the word 'died', but she didn't know what was wrong.

Before Lin Yin could speak, Mu Ning continued, "My brother and the others know that you saved me, so they're very grateful to you. You should have seen them in the past two days, right? They'll definitely accompany you these few days and help me repay you for saving my life."

Lin Yin was a little surprised. She had not seen any other man other than the Mu family's three brothers and Lu Ming these few days, so she asked in confusion, "Your brother?"

Mu Ning smiled sweetly. "That's right. Mu Heng is my elder brother, Mu Xiao is my second brother, and Mu Ran is my third brother. My name is Mu Ning, and I'm the fourth child of the Mu family."

Mu Ning's words made Lin Yin's expression change. She asked, "Why haven't I heard that Mu Heng and the others have a sister?"

Mu Ning smiled. "The people outside really don't know about this. There was indeed a daughter of the Mu family back then. She was the fourth, but she was killed. However, Brother and the others think that Sister isn't dead yet and have been looking for her."

"Later, in order to treat Mom's illness, my family adopted me. For the sake of my safety, my family never revealed my identity outside. They were afraid that I would be killed by evil people like that sister I've never met."

Mu Ning made a silent gesture and said, "So, don't tell anyone about my identity! You can't even tell my brother and the others, or they'll be worried about me. It won't be good if they attack you to protect my identity. Besides, they'll be angry and punish me by not allowing me to come out to play."

When Mu Ning said this, the smile on her face did not disappear for a moment. It was obvious that she looked like a doted on little princess.

Lin Yin grabbed the blanket tightly with both hands. Blue veins gradually appeared on the back of her fair hands. She felt a little uncomfortable and said in disbelief, "So, they adopted you and replaced their original biological daughter, right?"

Mu Ning pouted slightly and said, "Not really. Mom and Dad still think of Sister occasionally. It's just that you know that kinship is accumulated over time.

Without spending a long time together, it's not easy to nurture a relationship. It's inevitable that it'll fade a little, so they rarely mention Sister now. Dad and brothers rarely mention Sister in front of Mom."

As Mu Ning spoke, her gaze suddenly met Lin Yin's eyes. She smiled and said, "Otherwise, I wouldn't be the eldest daughter of the Mu Family but the second daughter. It wouldn't be the fourth child, but the fifth. Actually, I think it's good to be the fifth child, but Grandma feels that we can't let a dead person occupy the position. It's inauspicious. Brother, Dad, and Mom have tacitly agreed, so I can only accept it. However, I still feel that I've let Sister down."

Lin Yin lowered her head and asked in a small voice, "What will you do if the

Mu family's biological daughter doesn't die and comes back?"

Lin Yin's question made a sharp glint flash across Mu Ning's eyes. Then, she said in a low mood, "Then I'll naturally be very happy. After all, I'll have an older sister who will dote on me. However, I hope that she can get along with me. Otherwise, you know that my family dotes on me as their biological daughter. If Sister and I don't get along, I'm afraid that my family will protect me and hurt Sister's heart. That won't be good.."
