

Real Daughter 421

Chapter 421: DNA Test

Lin Yin's lips curled into an uncertain smile as she asked, "She's the biological daughter. How can you be sure that the Mu family will definitely protect you?"

Mu Ning looked at Lin Yin innocently and said, "You might not know, but there was a girl who looked especially like my mother, they kept her at home before the DNA test was complete. Later on, she accidentally injured me, and Grandma got someone to kick her out. Fortunately, it was later confirmed that she wasn't my sister. Otherwise, I would have committed a huge sin. Grandma and the others said that if Sister was really found one day, they wouldn't allow her to bully me."

Mu Ning's words were like thorns that pierced Lin Yin's heart.

In her previous life, she thought that the Su Family was her family, so she tried her best to please them, but she could not get any kinship.

She could understand Chu Yun's actions because Chu Yun knew from the beginning that she was not her biological daughter, but what about Su Zhen and Su Lin?

Su Zhen and Su Lin were kept in the dark and had always thought that she was a child of the Su Family. Even so, Su Zhen, her father, did not love her and even sent her out to exchange for benefits.

Su Lin, who had been pretending to love her, was also scheming against her for Su Fei. In the end, he even shot her for Su Fei, causing her to completely lose her life.

This outcome made Lin Yin's heart ache. Was there a reason for the three brothers of the Mu family treating her so well?

Perhaps they already knew her identity, but they did not say or admit it. Were they afraid that she would bully Mu Ning if they acknowledged her?

Lin Yin's thoughts were mixed. She knew that she was trying to split hairs, but she couldn't control herself and let her imagination run wild.

What made her feel even worse was that her family had found a substitute and given all their love to a substitute.

"What's wrong? Something's wrong with your expression. Do you need me to get a doctor to come take a look at you? It's all my fault. You haven't recovered yet, but I came over to disturb your rest," Mu Ning said anxiously. She even turned around to call the doctor.

Lin Yin quickly stopped Mu Ning and said, "I'm fine. Don't call the doctor."

Only then did Mu Ning turn around and look at Lin Yin. She said worriedly, "Are you really okay?"

Lin Yin nodded with a pale face.

Mu Ning heaved a sigh of relief and said, "This time, you saved my life and my brother's life. Our Mu family owes you two lives. If you have any requests, just

tell us. We'll agree to anything."

Lin Yin was really not in a good mood at this moment. Her voice was a little tired as she said, "I don't need anything. It's late. I want to rest."

Mu Ning said guiltily, "I'm sorry, I forgot the time. I'll leave now. You have to rest well. When you're rested, think about what you want. There's no hurry."

After Mu Ning left the ward, Lin Yin lay on the bed in a daze and stared at the ceiling.

She had originally wanted to acknowledge the Mu family, but after hearing what Mu Ning had just said, she instantly lost her intention.

However, Lin Yin was not the kind of person who listened to only one side of the story, so she planned to find out what the Mu brothers were talking about.

If the Mu brothers were like how Su Lin was once like, good brothers who protected the younger sister they grew up with, then she wouldn't want to squeeze herself in.

It was too tiring for her to squeeze into a home that did not welcome her.

She was even more afraid of having three brothers like Su Lin, a father like Su Zhen, and a mother who favored her adopted daughter.

Mu Heng received the report the next morning. When he saw the results, even his hands were trembling.

So Lin Yin was really his sister. She was really his biological sister.

Mu Heng held the report in his hand and spun in circles happily. Just as he was about to call his parents, he suddenly remembered what Lin Yin had said before. Lin Yin treated them as her biological brothers.

Mu Heng's hand that was holding his phone paused slightly. Could it be that Lin Yin knew about her background long ago?

Then why didn't Lin Yin say anything? Could there be something hidden?

And Mu Xiao definitely knew something.

Mu Heng put away his cell phone and looked for Mu Xiao. He threw the DNA test to him.

"Brother, what's this?" Mu Xiao picked up the thing Mu Heng threw at him with a puzzled expression.

After reading it, Mu Xiao became excited and asked in surprise, "Yinyin went for a test with you?"

"Alright, Mu Xiao. You really knew that Yinyin was our sister long ago, but you still hid it from us!" Mu Heng's eyes were about to spew fire..

Chapter 422: New Sister

Mu Xiao grabbed Mu Heng and looked around warily. "Brother, lower your voice. Yinyin doesn't want to acknowledge her family yet. If you say it casually and others find out, what if Yinyin gets angry?"

Mu Heng frowned in confusion. "Why not?"

"Maybe she's not ready yet?" Mu Xiao sighed. "Didn't she acknowledge the Su Family previously? In the end, it was a mistake and the Su family treated her like that, so Yinyin must be very nervous now. We have to give her more time to digest it."

Mu Heng nodded thoughtfully. His excitement just now was covered by his usual calmness.

In his opinion, since it was Lin Yin's request, he was naturally willing to respect it.

However, when he found out that Lin Yin was his biological sister and saw her again, the closeness in his tone could even be felt effortlessly by the people beside him.

Lu Ming looked like he was guarding against Mu Heng.

If it was Mu Ran from before, Lu Ming would not care at all. If it was Mu Xiao, Lu Ming would pay more attention.

However, if this love rival became Mu Heng, Lu Ming had to be extra careful.

Lin Yin looked at Lu Ming and Mu Heng, who were secretly competing at the side. She kept thinking about what Mu Ning had said, so she said, "Lu Ming, can you go out for a while? I have something to ask Brother Mu Heng and Brother Mu Xiao."

Lu Ming was slightly stunned. Then, he remembered that Lin Yin made both Mu Heng and Mu Xiao stay back together. It was probably not to nurture their relationship, so he left in relief.

Mu Heng sat beside Lin Yin and asked gently, "Yinyin, what do you want to ask

Lin Yin looked at Mu Xiao and asked calmly, "Brother Mu Xiao, I want to ask, after your sister disappeared, did your parents adopt a daughter, your new sister?"

Mu Heng frowned and blurted out, "Mu Ning came to look for you? What did she say?"

Mu Xiao did not expect Lin Yin to know about this. He quickly denied, "We don't have a new sister. Mu Ning was only adopted by our Grandma. It has nothing to do with us."

Lin Yin only looked at the two of them indifferently and said softly, "So, you do have a new sister, right? All these years, you've still been a family of six, right?"

Lin Yin, who had suffered once, realized that in the past ten years, she was the only one who had lost her family and lived alone. Her family had long found someone to replace her and was still living a harmonious life. Her heart was filled with desolation.

Her miserable past and what she had experienced in the Su Family made Lin Yin no longer have the courage to approach the Mu Family. She was afraid of repeating the same mistake.

Mu Ning was right. So what if they were biological? They had not been together all these years. How could there be kinship?

Instead of fighting for kinship with Mu Ning and being disappointed again, she might as well not want it now.

If Mu Heng didn't know that Lin Yin was his biological sister in the past, he would have thought that Lin Yin's question was baffling. But now that he was sure that Lin Yin was his biological sister, he immediately understood what she meant.

Mu Heng said anxiously, "Yinyin, you've always been our sister. There's no new sister. Mu Ning has never been here to replace you."

Mu Xiao also explained anxiously, "That's right, Yinyin. All these years, we've been looking for you. Our family of six has always included you. Mu Ning is completely unrelated to us."

Lin Yin smiled bleakly. In her previous life, Su Lin had said the same thing in order to get closer to her.

At that time, she thought that she had met the best brother in the world. Even if her parents did not treat her well, her brother treated her very well.

In the end, she realized that everything was just a lie that Su Fei had made up for her.

At that time, Su Lin did not know that they were not related.

It was also Su Lin who chose Su Fei, who had lived with him for 18 years, even though he knew that she was his biological sister.

Lin Yin was so afraid. She was really afraid that if they acknowledged each other as relatives, she would still have to watch helplessly as the person closest to her doted on others and neglected her.

She was even more afraid that if she got into a conflict with Mu Ning, the Mu brothers would shoot her in the chest.

Seeing that Lin Yin was silent, the usually calm Mu Heng and Mu Xiao were at a loss.

Before Mu Xiao could say anything, Lin Yin said, "I'm sorry. I'm a little tired and want to rest for a while.. Can you guys go out first?"

Chapter 423: why Do I Need You?

Mu Heng wanted to say something, but Lin Yin had already pulled up the blanket and covered it with her head. She lay down to rest, clearly not wanting to speak again.

Mu Heng could only shut his mouth and look at Mu Xiao helplessly.

The two of them walked out of the ward dejectedly, scaring Lu Ming.

Lu Ming looked at the two of them nervously and asked, "What's wrong? Did something happen to Yinyin?"

As Lu Ming spoke, he hurriedly pushed the two of them away and looked into the ward, but Mu Xiao stopped him.

Mu Heng said angrily, "Yinyin needs to rest. Don't disturb her now."

To be honest, Mu Heng looked at Lu Ming with displeasure.

Lu Ming's interest in Lin Yin was written all over his face, but Mu Heng was in a bad mood at the thought that his sister might be kidnapped by an old man like Lu Ming before she returned home.

Mu Xiao, who was at the side, agreed in a bad mood. "Yes, Yinyin needs to rest now. Lu Ming, you shouldn't go in."

Mu Heng looked at Lu Ming with disdain and said, "Lu Ming, are you very free? You're already so old. Why aren't you working hard? Why are you following a group of children?"

Lu Ming raised his eyebrows and looked at Mu Heng suspiciously. "Mu Heng, who are you talking about? If I remember correctly, we're the same age."

Mu Heng's heart skipped a beat. He retorted bluntly, "I'm different from you. We can't be compared."

He was Xiao Yinyin's brother, so he was naturally different from Lu Ming, this old cow who was preying on someone so much younger. It was better for a brother to be older to know how to dote on his sister better, Mu Heng thought proudly.

However, when he turned around and thought about how Lin Yin refused to acknowledge them, he felt very suffocated.

Lu Ming snorted and said, "How is it different? Aren't we all 10 years older than Yinyin? Hmph!"

Lu Ming looked into the ward and was about to push away the two irksome people in front of him when he was picked up by the two brothers, Mu Heng and Mu Xiao, and carried out.

Lu Ming said in surprise, "I always thought that only Mu Ran in your family would do such an unseemly thing. I've learned something today. It turns out that the two of you will do such an unseemly thing too."

The Mu brothers expressed that dignity was nothing. As long as they did not let their younger sister be eaten by Lu Ming, this old cow, they would do anything even if it was unseemly.

Lu Ming was dragged into the hotel by the Mu brothers and they even held a project meeting that did not exist just now. This made Lu Ming feel that the Mu family was blatantly snatching Yinyin from him.

However, when Lu Ming finally got rid of the Mu brothers and returned to the hospital, Lin Yin had already left.

Lu Ming felt that something was wrong and questioned the Mu family brothers who were chasing after him. "Did the two of you talk to Yinyin about something that made her unhappy just now? Otherwise, why would she suddenly leave on her own?"

Mu Heng and Mu Xiao looked at each other, feeling flustered. Then, the two of them ignored Lu Ming and turned around to chase after Lin Yin.

Seeing the two of them leave in unison, Lu Ming quickly followed them. He did not forget to ask Lin Yin where she had gone on his cell phone.

Lin Yin only replied simply: Home!

Lu Ming immediately flew the helicopter straight to the new district of the city.

Mu Heng looked at Lu Ming, who was in the lead, and looked at Mu Xiao sadly. "Why didn't you know to fly a helicopter over?"

Mu Xiao was speechless. "I don't know how!"

Mu Heng rolled his eyes. "What's the use of having you?"

Mu Xiao was unconvinced. "You know how to fly a helicopter, but did you fly it over?"

Mu Heng could not retaliate against Mu Xiao's words. He looked at Lu Ming, who had already left elegantly, with a depressed expression.

Lu Yan, who was abandoned, looked at the helicopter flying above her head and resentment surged out of her heart.

"Xiao Xue, Yinyin abandoned the two of us. Now, Uncle has also abandoned the two of us. We're so miserable!" Lu Yan said sadly.

Yang Xue hugged Lu Yan's arm with an amused expression and said, "It's fine. There's still my mother. My mother didn't abandon the two of us. The three of us will go back together!"

As soon as Lin Yin arrived home, Lu Ming followed her. He looked at Lin Yin reproachfully and asked, "You're still injured. Why did you leave the hospital?"

The weather is so hot. What if your wound inflames?"

Lin Yin was not in a good mood and only replied gloomily, "I came back because I wanted to.."

Chapter 424: Distance

Lu Ming didn't know what had happened to Lin Yin, but anyone with a discerning eye could tell that Lin Yin was in a bad mood.

After quietly accompanying Lin Yin for the night, Lu Ming was chased out by Lin Yin the next day.

However, as soon as Lu Ming left, the Mu brothers, who had suffered the entire night without Lin Yin replying to messages, knocked on Lin Yin's door.

Lin Yin only treated the two of them politely as guests.

"Thank you for coming to save me this time. If you need anything in the future, just tell me!" Lin Yin even said thank you very formally.

Mu Xiao was shocked. Before Lin Yin knew that she was from the Mu family, she was not so cold to them. At this moment, Mu Xiao had a bad feeling.

“Yinyin, do you care about Mu Ning’s existence? We can explain that. Mu Ning was really adopted by Grandma. Be it in Mom and Dad’s hearts or in the hearts of us three brothers, we only have you as our sister. We’ve been looking for you all these years,” Mu Xiao explained anxiously.

Lin Yin’s gaze suddenly turned to Mu Heng. If Mu Xiao said that, wouldn’t Mu Heng know her identity too?

At this moment, Mu Heng said, “On the day you were injured, I suspected your identity, so I’ve already done a DNA test. I’m sorry, Yinyin. At that time, I didn’t know about your agreement with Mu Xiao, so I did a test on my own. The test results also show that you’re our biological sister.”

Since Mu Heng knew, Lin Yin did not hide it anymore. She said bluntly, “I originally planned to do a paternity test on the day of the university report after the matter was settled. It’s just that now, I suddenly feel that there’s no point in acknowledging my family. I’m already used to being alone, so I plan to live well alone in the future.”

Mu Xiao instantly became anxious. Mu Heng frowned and said sincerely, “Yinyin, we want to bring you home. Dad, Mom, and the three of us have been waiting for you to come back and reunite.”

Lin Yin lowered her eyes and smiled. “I’m sorry, I’m used to living alone. It’s not suitable for me to enter an unfamiliar family.”

It was torture for Lin Yin to integrate into a family with no place for herself. She had tried it in her previous life, but she didn’t want it in this life.

Mu Xiao looked at Lin Yin and said sincerely, “Yinyin, think about it carefully, okay? We really want to bring you home.”

“Doctor Mu, I’ve said it before. I’m already used to being alone. Please don’t disturb my life anymore. I also wish your family happiness and joy.” Lin Yin’s pale face had an untrue smile.

Mu Xiao was stunned on the spot by Lin Yin’s address. Lin Yin no longer called him Brother Mu Xiao and called him Doctor Mu distantly.

Mu Heng looked at Lin Yin's indifferent expression and smile that did not reach her eyes and felt terrible. He did not know what had happened.

Previously, Lin Yin was still chatting and laughing with them and would even call him Brother Mu Heng with a smile. Why was she so polite now?

"Yinyin..." Mu Heng had just opened his mouth when he was stopped by Mu Xiao.

Seeing that Lin Yin did not look too good either, Mu Heng only sighed heavily in the end and was invited out by Lin Yin with Mu Xiao.

Mu Heng, who had been chased out, looked at Mu Xiao and said hesitantly, "Tell me, did Mu Ning say something to Yinyin? Otherwise, why is Yinyin so determined to cut ties with us in just a day?"

Mu Xiao's expression was dark as he said coldly, "Won't we know if she was the one when we go back and ask? Moreover, why did she go there? Could it be that she already knew Yinyin's identity?"

"Mu Ning said she was here to play. By the way, the group that kidnapped

Yinyin previously also kidnapped Mu Ning. When we were searching the mountain, Mu Ning was thrown aside to wait for death because she was bitten by a snake. In the end, it was Lu Ming who saved her," Mu Heng said.

Mu Xiao's eyes flickered as he questioned softly, "Is it such a coincidence? A lost Miss Mu and an adopted Miss Mu actually went to the same place to travel and were kidnapped by the same kidnapper?"

Mu Xiao's words also attracted Mu Heng's attention. For the past few days, he had been immersed in the fact that Lin Yin was his biological sister and did not notice if these two things were related..

Chapter 425: Protecting Mu Ning

Now that Mu Xiao said that, Mu Heng also felt that something they did not know had happened.

Especially regarding Lin Yin's kidnapping, didn't they all suspect that there was a mastermind behind it?

Could it be Mu Ning?

Perhaps Mu Ning knew Lin Yin's identity and was afraid that Lin Yin would go back and snatch the position of the eldest daughter of the Mu Family from her and Grandma's love, so she planned to make sure that Lin Yin could never return to the Mu Family?

At the thought of this possibility, Mu Heng and Mu Xiao looked at each other. Both of them saw worry in each other's eyes.

After Lin Yin went missing back then, their mother, Ye Wen, became a little mentally abnormal. Then, in order to relieve Ye Wen's symptoms, Grandma took the initiative to adopt a child from the orphanage and said that she was treating Ye Wen.

However, she did not expect that Mu Ning's arrival did not ease Ye Wen's symptoms. Instead, it agitated Ye Wen even more, causing Mu Cheng to bring his wife away from the old residence.

The two of them rushed back to the old residence and went straight to Mu

Ning's room, only to find Old Madam Mu, Sun Yun, guarding Mu Ning's bed.

As soon as she saw Mu Heng and Mu Xiao, Sun Yun's expression instantly turned cold. She shouted at the two of them sternly, "Your sister was kidnapped, and the two of you actually left her alone in that unfamiliar hospital?"

Mu Ning quickly stood up and held Sun Yun's hand. She said warmly, "Grandma, didn't I explain it to you? I was the one who didn't let Eldest Brother and Second Brother accompany me. I also felt that my

leg was swollen and ugly, so I didn't let Eldest Brother and Second Brother accompany me and came back first."

Sun Yun looked at Mu Ning helplessly and said, "You're just soft-hearted. They were the ones who ignored you, but you're still speaking up for them."

Mu Ning pulled Sun Yun's arm and said coquettishly, "Grandma, they're my brothers. How can they ignore me? You're thinking too much. My brothers treat me very well."

Mu Heng and Mu Xiao were expressionless as they listened to the old lady's favoritism for Mu Ning. They had seen many such scenes when they were young. They had ignored all of it since they were young.

On the other hand, Mu Ran was often scolded by the Old Madam and the Old Master for arguing with Mu Ning when she was young, causing Mu Ran and Mu Ning to have a deep grudge.

Therefore, as soon as Mu Ran had the ability to go out, she rarely returned to the old residence.

"Mu Nine. are you free later? I have something to ask you." Mu Xiao asked

Now that the old lady was here, Mu Xiao could not ask directly, afraid that the old lady would find out that they had found their biological sister.

After all, the old lady had always doted on Mu Ning as her biological granddaughter, even more than the three of them.

Therefore, if the old lady couldn't accept Lin Yin, and caused some trouble behind their backs and annoyed Lin Yin, Lin Yin might be even more unwilling to return to the Mu family.

Sun Yun's eyes turned slightly sharp as she asked coldly, "Can't you ask me in front of me? Are you thinking of bullying your sister behind her back again? Let me tell you, if I find out that you bullied Ah Ning behind my back, I won't let you off."

Mu Heng and Mu Xiao looked at each other. They knew that with the old lady around today, they probably could not continue to ask Mu Ning what she had said to Lin Yin.

However, they had already made a mental note of Mu Ning.

Lu Ming had just finished dealing with the work that he had missed for the past few days. Old Master Lu asked someone to send Lu Ming over.

Lu Ming did not need to think to know that it was definitely because Lu Zheng had been beaten up by his men and sent to the hospital.

As expected, as soon as Lu Ming arrived at Old Master Lu's study, he felt a low aura coming at him. The next second, Old Master Lu's serious and low voice questioned, 'Were you the one who beat your brother up so severely?' Lu Ming did not hide it and said frankly, 'Yes!'

Old Master Lu snorted angrily. "I heard it's still because of your little girlfriend?"

Lu Ming sighed slightly and said, "Grandpa, she hasn't promised me yet, so she's not my little girlfriend. If you're anxious, I'll work harder!"

Old Master Lu said angrily, "Don't change the topic. You actually beat your brother half to death because of a girl who has nothing to do with you. Did you take my words to heart? The prosperity of a family depends on brothers working together.. How am I going to go down and meet the ancestors of the

Lu Family after I die?"

Chapter 426: Explanation

Lu Ming sat at the side and explained patiently to Old Master Lu, "Grandpa, I know you don't like us brothers not getting along, but what Big Brother did this time is really a little despicable. He actually planned to find someone to ruin the young lady's innocence."

Old Master Lu frowned and finally said in a weak voice, "Didn't he fail?"

"So he hooked up with an overseas force and planned to sell such an innocent girl to a chaotic country like Country D. Grandpa, this can already be considered human trafficking." Lu Ming's voice was filled with fear.

If they had not arrived in time and let the rebels take Lin Yin away, they did not know what kind of hellish evil Lin Yin would have experienced.

Old Master Lu's face was filled with shock. Lu Zheng did not say anything about this, so he did not know.

Now that he knew, Old Master Lu was also furious. "Boss, he actually dares to be so inhumane!"

Hence, there was no need for Lu Ming to continue encouraging Old Master Lu.

Old Master Lu was so angry that he stood up and rushed to the hospital where Lu Zheng was. He taught Lu Zheng a lesson and directly removed Lu Zheng from his position in the Lu Corporation.

She even said that if Lu Zheng continued to be so lawless, Lu Zheng would not have a single cent of the Lu Family's future assets.

When Meng Shu found out that Lu Zheng had been stripped of all his positions by Old Master Lu, her eyes were filled with ruthlessness.

She blamed everything on Su Fei.

She had never cared about Su Fei's existence before because she knew very well what kind of person her man was.

Although Old Master had been stepping forward to suppress him, Lu Zheng's lust had never changed. Otherwise, he would not have cheated on her and gotten together with her back then. She had also successfully relied on her child to get to where she was.

Therefore, Meng Shu had always known that Lu Zheng was fooling around outside and did not want to care.

As long as Lu Zheng worked obediently, brought the money home, and inherited some of the Lu Family's assets. Her life would be quite worth it.

But now, Lu Zheng no longer had a position in the Lu Corporation. Old Master even said that he might deprive Lu Zheng of his inheritance. Meng Shu could not accept this.

After all, she still had two children. If Old Master despised her two children because of Lu Zheng, how would her children live in the future?

Therefore, Lu Zheng must not lose Old Master's heart.

Having made up her mind, Meng Shu went straight to Old Master Lu's study.

Old Master Lu only looked up at Meng Shu expressionlessly and asked, "What are you doing here?"

Facing Meng Shu, Old Master Lu did not like her at all. However, since Meng Shu was already married to Lu Zheng and had two children, Old Master Lu could only accept it.

However, it was impossible for him to be nice to Meng Shu.

Facing Old Master Lu's cold expression, Meng Shu was not angry. She had long been used to it over the years.

She had a worried expression on her face as she said to Old Master Lu,

“Grandpa, Ah Zheng was in the wrong this time, but he was also confused for a moment. Didn’t he take in a goddaughter previously? It was that Su Fei. She had a conflict with that girl called Lin Yin, so Ah Zheng thought that Lin Yin bullied Su Fei.”

Meng Shu stated the truth she knew. Then, she frowned and looked at Old

Master Lu before continuing, “Grandpa, you know that Ah Zheng isn’t very

motivated, but he absolutely dotes on his daughter. Just look at how he usually dotes on Lu Yue. Therefore, Ah Zheng dotes on Su Fei like she’s his daughter. Which father can stand it when his daughter is bullied? Look, something happened. ”

Meng Shu’s words directly characterized Lu Zheng’s actions as a father who stood up for his daughter.

In order to clear Lu Zheng’s name, she even defined Lin Yin as an abuser, and Su Fei became the pitiful child who had been bullied.

Old Master Lu only listened to Meng Shu’s words indifferently. Although he did not think that what Meng Shu said was necessarily right, Lu Zheng was still a descendant of the Lu Family. Meng Shu’s words indeed made Old Master Lu feel much better.

However, this time, Lu Zheng was involved in colluding with criminals from overseas and attempting human trafficking, so Old Master Lu did not plan to let Lu Zheng off so easily..

Chapter 427: Making a Comeback

Therefore, in the face of Meng Shu’s explanation, Old Master Lu only snorted and said, “No matter how you explain, you can’t hide the fact that he almost committed a crime. You don’t have to explain this to me anymore.”

Meng Shu did not expect the Old Master to be so unyielding this time. In the end, she could only leave the study first and think of other ways.

Su Zhen originally thought that Lu Zheng's matter would affect the expansion of his current project, but he did not expect that the Lu Family would not react. Su Zhen heaved a long sigh of relief.

During this period of time, with Lu Zheng's help, the new Su Corporation began to have a good start.

Moreover, because of Zheng Chao's matter, Zheng Chao's parents had given Su Zhen several good projects.

Taking advantage of this benefit, Su Zhen threw himself into getting investments and loans, trying to expand in a short period of time and build a new Su Corporation to wash away his previous humiliation.

When Su Fei was brought back from the hospital, Su Lin said to Su Fei proudly, "Feifei, our Su Family is about to make a comeback. Don't worry, Dad and I will definitely find Lin Yin to give you an explanation for the harm you suffered this time."

Su Fei looked at Su Lin's flushed face and confident manner. She was both happy and resentful.

"Do you still want me to wait? Can't you stand up for me now? Because of Lin Yin, I almost died in Lu Ming's hands." Su Fei's words were filled with resentment.

If not for her efforts, how could the Su Family have all of this?

She had almost been electrocuted to death these few days. Now, one of her legs had a small problem because of the long-term electric shock. The doctor said that she might be disabled.

Although the doctor had also said that it could not be seen on the surface, Su Fei could not stand the fact that she had become disabled like Zheng Chao.

Back then, she hated the disabled Zheng Chao so much. Now, she was so worried that others would find out about her flaws and hate her.

Especially when she was despised by Lu Zheng. She was afraid that when Lu Zheng found out, he would not marry her.

How unbearable a disaster was this? In the end, Su Lin actually said happily that he would stand up for her in the future.

Lu Zheng was suppressed by Lu Ming, but her father and brother were also suppressed by Lin Yin. How could Su Fei vent her anger?

Between her and Lin Yin, she could only be the person who could override Lin Yin and not the person who was suppressed by Lin Yin.

The Su Family knew that Su Fei had been taken away by Lu Ming for revenge because she and Lu Zheng schemed against Lin Yin.

When Su Fei was arrested, the Su Family was also very worried, especially Chu Yun, who was afraid that something would happen to her daughter.

But now that they saw Su Fei return unscathed, they thought that Lu Ming had let Su Fei go after a slight warning on Lu Zheng's account.

Unexpectedly, Su Fei almost died.

Chu Yun's eyes instantly turned red. She pulled Su Fei and sized her up. "Feifei, my poor child! Let's go and settle the score with Lin Yin now!"

However, Su Zhen's originally happy expression instantly turned cold. He felt that Su Fei's words were too willful.

He said in a berating tone, “Feifei, why are you so insensible? You clearly know that our Su Family has just risen again. If we face Lin Yin now, where will we get the chance to win?”

Su Lin also persuaded, “Feifei, you know our Su Family’s current situation. Be obedient. When we crush Lin Yin’s Shisheng Corporation later, Brother will definitely suppress Lin Yin in front of you and make her kneel down and apologize to you.”

During the period when the Su Corporation was bankrupt, Su Lin’s personality changed a lot.

Su Lin, who was originally arrogant, domineering, and condescending, had now learned to read people’s expressions and weigh the pros and cons.

He began to understand that if his family was not powerful and he did not have money, he would really be nothing.

Therefore, when Su Fei said that she wanted to take revenge on Lin Yin now, Su Lin chose to persuade her realistically, unlike before, when he rushed to Lin Yin’s side in a fit of anger to stand up for Su Fei.

However, facing Su Fei, his sister, Su Lin had to coax her because Su Fei was now the goddaughter of Lu Zheng. During this period of time, the Su Family had benefited a lot from the Lu Family. Otherwise, they would not have been able to make a comeback so quickly.

Su Fei looked at Su Lin, who was already hypocritical, and sneered in her heart.

It seemed that more than ten years of kinship was nothing much. Su Lin’s words were clearly choosing the Su Family and giving up on her feelings..

Chapter 428: Disdain

Su Lin saw that Su Fei's expression was not right and could only lower his posture. He pulled Su Fei and said softly, "Feifei, trust me, okay? I won't let you suffer for nothing."

Su Fei knew that it was useless to say anything else. She could only adjust her emotions and laugh softly. "Okay, I believe in Brother."

Chu Yun frowned at the side. If the Su Corporation really recovered its previous strength, it might be able to compete with Lin Yin's current Shisheng Corporation.

However, back then, the Su Corporation had taken decades to reach the scale before it went bankrupt. It would take decades for the new Su Corporation to regain its glory.

Therefore, Chu Yun also understood that it was better to rely on the Su father and son to stand up for Su Fei than to hope that Lu Zheng would recover from his injuries this time.

With the help of Chu Yun and Su Lin, Su Fei returned to her bedroom.

Looking at the cramped environment of the bedroom, Su Fei looked disgusted.

The Su Family's villa could not compare to the villa Lu Zheng had given her. If the Su Family's father and son had not brought Chu Yun to pick her up today, she would not have been willing to come to the Su Family's slightly shabby villa.

Indeed, once people enjoyed good things, they would become picky. It was easy to go from frugal to extravagant, but it was difficult to go from extravagant to frugal!

Su Zhen looked at Su Fei's departing figure and narrowed his eyes. Su Fei was still a little young and did not hide her emotions well.

Therefore, Su Zhen could tell at a glance that Su Fei's thoughts were no longer with the Su Family.

But so what? As long as Su Fei's surname was Su, she had to contribute to the Su Family. Otherwise, how could he raise someone else's daughter for nothing?

When Shi Dai came to see Su Fei, Su Fei was already lying down to rest. However, she remembered that she did not have any good friends who followed her, so Su Fei still asked someone to invite Shi Dai in.

Su Fei was wearing a silk nightdress, and her exposed skin was a little bruised. This made Shi Dai's heart ache.

Shi Dai held Su Fei's hand with tears in her eyes and scolded, "Lu Ming is really useless. He actually got someone to hit you. He's simply too much. It was clearly the people from Country D who kidnapped Lin Yin. What has it got to do with you?! The Lu Family is bullying others. They're too detestable."

Su Fei held Shi Dai's hand back and comforted her with a gentle smile. "Alright, don't cry. I'm fine, aren't I? It's my fault for what happened this time. I usually don't get along with Lin Yin, so as soon as Lin Yin disappeared, Lu Ming treated me as the murderer. The difference between the Su Family and the Lu Family is too great. I can only endure it. I just didn't expect that Lin Yin would keep mum about not clearing my name even though she had been saved."

Shi Dai looked sadly at Su Fei, who had obviously accepted it calmly. Then, her expression became even angrier. "That's right. Lin Yin is clearly back, and it proves that you didn't do it. She still deliberately didn't say anything and let Lu Ming torture you. She's the most vicious person. I'll settle the score with her!"

Su Fei grabbed Shi Dai, who had turned around to settle the score with Lin Yin, and said worriedly, "Don't go. Be it the current Shisheng Corporation or the Lu Family, your Shi Family can't afford to offend them. I'm afraid you'll be hurt. I've already been harmed by Lin Yin. I don't want you to be targeted for no reason like me."

Shi Dai turned around and looked at Su Fei, who was holding her. She felt suffocated and sat heavily by Su Fei's bed. She said hatefully, "Then should I let you suffer for nothing this time? The more I think about it, the angrier I am for you!"

Su Fei stroked Shi Dai's head and smiled. "Alright, I'm fine now, aren't I? I'm telling you, don't go looking for trouble with Lin Yin. It's fine if Lin Yin targets me, I can tolerate it. But I'm even more afraid that

you'll be bullied by Lin Yin. You're my best friend. I'm afraid that if something happens to you, I'll go to Lin

Yin and die with her."

Su Fei's words touched Shi Dai. She hugged Su Fei and could not help but say with red eyes, "Feifei, you're still as good to me as before."

Su Fei smiled at the innocent-looking Shi Dai in front of her and couldn't help but laugh. "Silly girl, we grew up together. If I don't treat you well, who should I treat well? Sometimes, I think you love me more than my family."

When Su Fei said this, her mood dropped. She was not lying.

The people from the Su Family were thinking about how to make use of her, while Shi Dai cared about her sincerely..

Chapter 429: Guarding downstairs

Shi Dai looked at Su Fei with red eyes. Su Fei treated her as the closest person to her, but she did not have the ability to stand up for Su Fei. She was extremely sad.

Such guilt and helplessness lingered around Shi Dai, so much so that Shi Dai secretly came to Lin Yin's new address a few times indignantly.

Shi Dai sat in the car, not knowing what to do. She seemed to be stubbornly waiting for Lin Yin to appear, or thinking about an opportunity to stand up for Su Fei.

She didn't know where Lin Yin lived, but she knew that it was in the building in front of her.

After waiting for an unknown period of time, Shi Dai suddenly saw two luxury cars parked downstairs. The people who got out were Mu Heng and Mu Xiao.

The image of the Mu brothers being inseparable from Lin Yin after she was injured flashed through Shi Dai's mind.

At that time, she only wanted to plead with Lin Yin and ask Lin Yin to find Lu Ming to let Su Fei go. However, she did not expect to be warned twice by Mu Heng and Mu Xiao before she could enter Lin Yin's ward.

Therefore, at this moment, Shi Dai knew with her toes that the Mu brothers must be here to look for Lin Yin.

However, what she did not understand was that the two of them waited below for a full half an hour without any intention of going up.

Lin Yin looked at Mu Heng and Mu Xiao downstairs from upstairs and had a headache.

After all, such two outstanding-looking, tall, and outstanding men standing downstairs every night would inevitably attract everyone's attention.

Just now, a young lady in the owner's group had taken a photo of the two of them and asked in the group who the two handsome men downstairs belonged to. They had been standing for three consecutive days.

Otherwise, Lin Yin wouldn't have known that these two fools waited downstairs every night, as if they could meet Lin Yin by chance. Unfortunately, Lin Yin hadn't even gone out of the house for the past few days.

Even the trash was taken away by the part-timers.

The discussions about Mu Heng and Mu Xiao in the group became more and more intense. There were even people who spread ridiculous rumors that the two of them were pursuing the girls in the district together, so they were competing to see who could last longer and who was more sincere.

Later on, they even said that a girl was two-timing and had hooked up with

two rich second-generation heirs, so she was now blocked at the entrance of the district by two men.

Lin Yin was speechless and received a message from Lu Ming.

Lu Ming: Yinyin, are Mu Heng and Mu Xiao harassing you? Should I get someone to chase them away?

At this point, even Lu Ming could not understand what the Mu brothers wanted to do.

If the two of them liked Lin Yin, with his understanding of Mu Heng and Mu Xiao, it was impossible for them to do such a childish thing.

However, if they didn't like Lin Yin, it was even stranger that the two of them were guarding Lin Yin's building.

Lin Yin looked at the two people who made small talk and sent Lu Ming a message. "No need. I'll settle it myself."

At this moment, the Mu brothers, who were being discussed by everyone, had no idea. The two of them were still discussing Lin Yin's kidnapping.

They came over every night because they were afraid that because the rebel gang of Country D had failed their mission, they would come and try to kidnap Lin Yin again.

Originally, they could have sent someone to protect Lin Yin, but in order to show their sincerity as brothers, they would come here every night to silently accompany Lin Yin for a while.

"I've sent someone to investigate, but we can't find any evidence of Mu Ning colluding with the rebel gang." Mu Heng leaned against his car and said to Mu Xiao, who was also leaning against it.

"She's always done things flawlessly. It's not surprising that she can't find out. Do you still remember how she slandered Mu Ran when she was six years old? A six-year-old girl was so meticulous that she even involved the ten-year-old Mu Ran. In the past ten years at the old residence, Mu Ran was schemed against by Mu Ning a lot. Now that she's grown up, she's naturally even more skilled," Mu Xiao said lightly, but he did not hide his disgust for Mu Ning.

Mu Heng nodded in agreement, so he was actually very worried about Lin Yin going home. He was afraid that Lin Yin would be targeted by Mu Ning.

Others might not know who Mu Ning was, but they knew.

She looked pure and cute on the surface, but she was full of tricks in her heart. Coupled with Grandma's indulgence and pampering, her personality was not as tolerant and magnanimous as she looked on the surface. Instead, she was extremely domineering and selfish.

Other than Mu Ran, who had been bullied by Mu Ning since young, Mu Heng and Mu Xiao only saw Mu Ning's true colors when they were older.

Therefore, the two of them gradually detested Mu Ning..

Chapter 430: Chase Her Away

Shi Dai, who was hiding in the car and observing, waited for an hour. Seeing that nothing happened, she cursed suspiciously. Two lunatics.

Just as she was about to drive away, she suddenly saw Lin Yin walking slowly towards the Mu brothers.

Shi Dai's eyes lit up. Then, she picked up her cell phone and pressed the button to record the video.

Lin Yin had bullied Su Fei, so if anything fun happened later, she could use it to threaten Lin Yin and avenge Su Fei.

With this thought, Shi Dai's mood improved.

It was as if Su Fei had treated her so well, and she had finally found evidence and actions that could prove that she could treat Su Fei well.

Seeing Lin Yin arrive in front of the Mu brothers, Shi Dai's eyes widened nervously.

Lin Yin looked at the two of them in front of her and said in a bad tone, "I've already told the two of you before that I don't like my life being disturbed. You guarding here like this has caused me trouble. So, can I trouble the two of you not to come over again?"

Mu Heng and Mu Xiao were both a little stunned. They had never been chased away in public.

It could be seen that Lin Yin was indeed very tired of them. The two of them were about to be hurt for a moment. This was their biological sister.

Seeing that Mu Heng and Mu Xiao both looked a little lonely and sad, Lin Yin subconsciously reflected on herself and wondered if she had done something wrong.

Su Lin was Su Lin, and the Mu brothers were the Mu brothers. Wasn't it a little too much for her to transfer Su Lin's feelings of lying and hurting her in her previous life to Mu Heng and Mu Xiao?

But even so, Lin Yin still did not want to experience such a thing again. After all, Su Lin had done a good job in keeping up a farce in her previous life.

As per Su Fei's request, Su Lin had indeed done a good job. It was not until the moment she was shot by Su Lin that Lin Yin realized that all of Su Lin's love was fake.

At the thought of this, Lin Yin hardened her heart and said coldly, "If you continue to be like this, I can only move. I can't afford to offend you, but I can hide."

Mu Xiao instantly became anxious and said to Lin Yin anxiously, "Yinyin, don't be like this. Alright, we won't come."

Mu Heng was also afraid that if Lin Yin really left their line of sight, it would be difficult for them to find her.

At the same time, he was even more afraid that the rebels would take advantage of the situation and kidnap Lin Yin again while they were in conflict with her.

Mu Heng said helplessly, "Yinyin, just stay here in peace. Your second brother and I won't be like this in the future. It's just that you have to be careful usually.

I'm afraid that the Rebel Gang won't give up."

A trace of guilt flashed across Lin Yin's heart. She had chased them away so rudely, but Mu Heng and the others were still worried about her safety.

Mu Xiao could tell that Lin Yin was conflicted. He forced a smile and said,

"Yinyin, it's so late. Go back quickly. Brother and I will leave immediately."

Lin Yin nodded slightly and turned to leave under the gazes of Mu Heng and Mu Xiao.

Seeing Lin Yin's back disappear into the corner, Mu Heng and Mu Xiao looked at each other weakly.

After seeing Mu Heng and Mu Xiao leave, Shi Dai secretly drove away.

To be honest, Shi Dai was a little disappointed. She had thought that there would be some dispute, such as a scandal of two men fighting for a woman or two men scolding Lin Yin for being two-timing. In the end, they left calmly and without any meaning.

The next day, when Shi Dai went to look for Su Fei, she happened to see that Su Fei was still sleeping, so she chatted with Su Lin.

Su Lin said politely to Shi Dai, "Feifei has been in a bad mood these past few days. Please help us persuade her as a good friend."

Shi Dai said matter-of-factly, "Brother Su Lin, don't worry. Feifei is my best friend. I'll definitely take it to heart and accompany her until she recovers."

Su Lin nodded and said gratefully, "Thank you."

On the other hand, when Shi Dai heard Su Lin's thanks, she said guiltily, "As Feifei's best friend, I actually couldn't help Feifei. Just thinking about it makes me feel so useless. Yesterday, I thought I could catch Lin Yin with some small evidence, such as character problems. I didn't expect nothing to happen.. Sigh! "
