

## Real Daughter 441

### Chapter 441: Confrontation

The girl looked at Lu Ming, who was behind Lin Yin. Lin Yin's gaze instantly turned cold and fierce as she looked at the girl in front of her, scaring the girl so much that she subconsciously took a step back.

The girl's aura weakened a little as she said, "We won't do anything to you. As long as you hand over the man behind you and record a video to admit that you're one of us and you're just deceiving this man, you're also pledging your allegiance to the organization."

The girls beside her looked at each other. They had never had to pledge their allegiance when entering this organization, but in order not to expose what they were doing now, they chose to remain silent.

Lin Yin sneered and said, "You want him? I'm sorry, I won't give it to you!" As Lin Yin spoke, she held Lu Ming's hand even tighter behind her.

Lu Ming looked down at the pair of soft hands holding his hand. A sweet warmth enveloped Lu Ming's heart. His heart fluttered even more. It was so beautiful he felt as if he was stepping on clouds, dizzy and happy.

Lin Yin looked across warily. Lu Ming was just like all the men in this shop. He could not be brought away. Who knew how these women would treat these fat sheep who had fallen into their trap?

The attendant watched as the situation in the shop erupted. She silently walked to the door and closed it.

The girl did not expect Lin Yin's attitude to be so tough, and her expression was ugly.

She had only drugged these men. If there was too much fighting here, it might wake up all the men who they had tricked over. Therefore, the girl did not want to have a conflict with Lin Yin.

However, looking at Lin Yin's cold expression, the girl had no other choice.

The girl ordered the other girls to bring the men away. Then, a few attendants in the shop took the place of the girls and stood in front of Lin Yin.

"I advise you to be smart. The man behind me is not someone you can touch," Lin Yin warned coldly.

Lin Yin thought that she would not attack if she could, in case something happened to the stupid Lu Ming.

The girl opposite her thought that Lin Yin was afraid that there were too many of them, so she became more confident. She smiled and said, "I told you, I won't do anything to you. I just want you to admit that you're swindling his money for our organization. This way, we'll be good sisters. At the same time, get this man to bleed and let us have some money to spend. This way, you can leave."

"How would I know? After I hand him over to you later, what will you do to him? What if you're human traffickers?" Lin Yin questioned.

However, just as Lin Yin finished speaking, the expressions of the attendants opposite her suddenly changed, making Lin Yin even more vigilant.

Lin Yin thought to herself, There's no way that such a coincidence happened? She was just talking nonsense. Could it be that she was really right? Did they encounter human trafficking?

The girl standing in front of the attendants did not notice the attendant's abnormality. She was caught between laughter and tears as she said to Lin Yin, "What are you thinking? We're just trying to convince them to spend money. We occasionally cheat these smelly men of their money. How can it involve human trafficking? If it was really human trafficking, we sisters would have been sold somewhere long ago."

Lin Yin looked at the girl in front of her as if she was looking at a fool. Then, she said coldly, "In short, you'd better let us go now. Otherwise, I can't guarantee that your shop will still be around after today."

The waiter who had just brought Lin Yin in said mockingly, "How arrogant. It's a matter of if the two of you can walk out of this door today."

As soon as the attendant finished speaking, those attendants suddenly rushed towards Lin Yin and Lu Ming, scaring the girl in front of her into hiding. This was the first time she had seen the attendants in this shop attack.

No matter how she looked at it, that aura was fierce. It really frightened her.

Lin Yin pulled Lu Ming with one hand and grabbed a wine bottle with the other. She knocked it heavily on the table and was about to swing the sharp wine bottle at the people who rushed up.

Suddenly, Lin Yin's wrist was grabbed by a strong force. Seeing that the person opposite her was already in front of her, Lin Yin's heart tightened. Just as she was about to break free, she saw two attendants who had rushed to the front fall back heavily..

Chapter 442: Sober

Lin Yin looked up and her slightly stunned eyes met a pair of deep but smiling eyes above her head.

"You're awake?" Lin Yin asked in surprise.

Lu Ming kicked away an attendant who was trying to approach the two of them. He gently took the broken wine bottle from Lin Yin's hand and said helplessly and intimately, "How can you do such a dangerous thing?" Lin Yin had goosebumps all over her body at Lu Ming's tone. It was too greasy.

Lu Ming pulled Lin Yin behind him and attacked the people opposite him with the broken wine bottle. After a few rounds, the attendants fell to the ground and moved back in pain.

The man in front of them was really brutal. He pierced the sharp glass shards into their bodies without blinking. Most importantly, they would not die.

When the door of the shop was pushed open, the originally armed police were also stunned when they saw the people lying on the ground.

Li Sheng followed behind the police and ran in nervously. He looked at Lin Yin and asked with concern, "President Lin, are you alright?"

When Lin Yin was looking at the menu just now, she thought that it was some shady shop, so she asked Li Sheng to call the police and bring someone over. She did not expect that the subsequent developments would exceed Lin Yin's expectations.

Lin Yin shook her head and said, "I'm fine."

Lu Ming pushed Li Sheng away and held Lin Yin's hand quite naturally.

Li Sheng widened his eyes and looked at it. He tactfully went to contact the

Lin Yin looked around guiltily and struggled hard. She said in disdain, "Lu

Ming, what are you doing? Let go of me quickly."

Lu Ming smiled shamelessly. "You want your hand? I'm sorry, I won't give it to you!"

Lin Yin was stunned for a moment. She looked up at Lu Ming, who was in a good mood, angrily. "You woke up long ago?"

"Not very long ago. I just vaguely remember what happened. I remember that you held my hand and refused to let go. Yinyin, you have me in your heart!" Lu Ming said happily.

His expression was like a dog that had obtained a bone. Her big eyes were about to narrow into a line of happiness.

“It was an emergency just now. Don’t think too much,” Lin Yin said unwillingly.

Lu Ming looked at Lin Yin, who was quibbling in front of him, and burst with joy. “So, even if you’re in danger, you have to protect me behind you. Yinyin, you like me.”

Lu Ming looked like he wanted Lin Yin to admit that she liked him.

Lin Yin frowned and said untruthfully, “You’re Lu Yan’s uncle, which means you’re my uncle. You just became a fool. Of course I have to save you. You don’t have to be polite.”

Lu Ming pulled Lin Yin into his arms and said with a lustful expression, “Then how about I marry you for saving my life?”

Lin Yin quickly retreated from Lu Mings arms and slapped Lu Ming’s hand away.

Her face was slightly hot and a suspicious red cloud rose. Lin Yin glared at Lu Ming and said, “You’re repaying kindness with ingratitude. If you have time, you’d better hurry up and learn, lest your skills are bad!”

Li Sheng suddenly popped his head out and asked with a puzzled expression, “CEO Lu, you still need to learn other skills?”

Lin Yin suddenly came back to her senses. She had been anxious just now, so she had spoken without thinking. She just wanted to win Lu Ming verbally.

Now that Li Sheng asked this, Lin Yin’s face flushed red.

Lu Ming couldn't help but laugh. His teasing gaze swept across Lin Yin's embarrassed face before he said, "Yes, I want to learn skills too. I want to learn a skill that can only be learned if me and President Lin work hard."

Lu Ming saying such things in front of Li Sheng and so many people made Lin Yin feel ashamed. Her face was so hot that it was about to bleed.

Li Sheng frowned in confusion and said in confusion, "What skill requires both

CEO Lu and President Lin to learn it together? Is it tennis? Or what? President

Lin, do you need me to help you arrange it with CEO Lu?"

Li Sheng was just joking. He thought that Lin Yin must be trying to please Lu Ming by going through so much trouble to discuss a collaboration with him.

Therefore, as Lin Yin's secretary, Li Sheng felt that he had to help Lin Yin facilitate this cooperation together.

Lu Ming said shamelessly, "You might not be able to arrange this. President Lin and I will have to arrange it ourselves. Of course, I've prepared everything. As long as President Lin agrees, we can start discussing this skill.."

Chapter 443: Slut Mode

"Lu Ming!" Lin Yin couldn't help but shout.

She was really embarrassed. How could Lu Ming be so thick-skinned to speak about such a shameful topic?

Lu Ming looked at Lin Yin, whose eyes were burning with anger, and immediately realized that he had gone overboard. His tone immediately softened.

“I was wrong! I won’t talk about it anymore! Yinyin, don’t be angry!” Lu Ming looked at Lin Yin pitifully with a fawning expression.

Li Sheng slowly retreated. The situation was not good now. It was better for him to negotiate with the police.

However, he still could not remember what technical projects the Shisheng Corporation needed to cooperate with the Lu Corporation recently.

Seeing Li Sheng leave, Lin Yin couldn’t help but extend her angry little claws and attack the soft flesh on Lu Ming’s waist. She twisted it hard, causing Lu Ming to grimace in pain.

As for Shen Yu, who was late, he saw this scene. He stood at the door in a daze, not knowing if he wanted to go forward and disturb his boss and Lin Yin’s interaction.

But no matter what, Shen Yu felt that next month’s salary was already saying goodbye to him.

At the thought of this, Shen Yu’s heart ached and his face looked a little desolate.

When she saw Shen Yu’s Lin Yin from the corner of her eye, she glared at Lu

Ming and warned, “If you spout nonsense again, I’ll ignore you!”

Lu Ming immediately lowered his head and raised three fingers at Lin Yin obediently. He pointed at the sky and swore, “I swear, I won’t talk nonsense again.”

Only then did Lin Yin retract her gaze and leave Lu Ming to watch the commotion.

Shen Yu approached Lu Ming uneasily and said in a weak and helpless voice, “CEO Lu, I know I was wrong. I’ll definitely investigate carefully next time and arrange it for you. ”

Shen Yu really did not expect such a thing to happen in the dating place he picked.

However, what Shen Yu did not expect was that Lu Ming would look at Shen Yu happily and say, “Your bonus for this month is doubled!”

Shen Yu looked at Lu Ming in disbelief. He suspected that he was hallucinating and asked hesitantly, “CEO Lu, what did you just say?”

Lu Ming raised his eyebrows and glanced at Shen Yu. He said heartlessly, “You didn’t hear? Then forget it.”

Shen Yu immediately waved his hand and said anxiously, “No, no. That CEO Lu, I heard it. I really heard it. Every cell in my body heard it!”

After Lu Ming gave Shen Yu a happy look, he walked towards Lin Yin.

Lin Yin and Lu Ming only left after cooperating with the police to make a statement at the police station.

Lin Yin sighed heavily. She was supposed to come to discuss business with Lu Ming today, but it was in a mess now.

Lu Ming walked up to Lin Yin and bent down to look at her at eye level. Under Lin Yin’s shocked expression, Lu Ming pinched Lin Yin’s soft cheek affectionately and smiled. ‘You’re so young. Why are you sighing?’

Lin Yin slapped Lu Ming’s hand away mercilessly and even looked around like a

thief. In the end, she rolled her eyes at Lu Ming and said, “Don’t touch me!”

Lu Ming straightened up a little hurt and looked at Lin Yin accusingly. "I just want to repay you. Why are you so fierce?"

Lin Yin's eyes widened as she looked at Lu Ming in disbelief. Even her voice was a few decibels louder. "I'm fierce to you? How am I fierce to you?"

Lu Ming sized up Lin Yin, who had her hands on her hips, and snorted pretentiously. "You're scolding me now!"

When Lin Yin saw the obviously abnormal Lu Ming in front of her, she was so angry that her teeth itched. She wished she could go forward and bite this sarcastic Lu Ming into pieces.

"Lu Ming, can you be normal? Have you forgotten your persona? You're the cold and heartless President of the Lu Corporation!" Lin Yin tried to pull Lu Ming back to normal.

Lu Ming's eyes moved for a moment before he said calmly, "I'm cold and heartless to outsiders. In front of you, I'll only be as passionate as fire."

Lu Ming's lively eyes, seductive gaze, and affectionate expression made him look like a vixen who was seducing someone.

Lin Yin felt that Lu Ming must have some slut button on him, and she had accidentally pressed that button today, so Lu Ming was now in slutty mode.

Lu Ming didn't think there was anything wrong with him looking like this. Instead, it made Lin Yin, this old-fashioned girl, so angry that her face turned red. She was so embarrassed that she couldn't show her face. It was very interesting..

Chapter 444: Longing for Care

Especially today, after Lin Yin publicly defended and protected him, Lu Ming was already so happy that he couldn't tell north from south. Even his true self was released.

For example, he really wanted to hook up with Lin Yin.

After the two of them returned home, Lin Yin had just entered when Lu Ming consciously stepped forward to follow her in. In the end, he was pushed out by Lin Yin and locked outside.

Lu Ming was not angry. He just told Lin Yin to rest well through the door.

Then, he happily opened the door of the house beside him and entered happily.

Lu Ming had a good night's sleep. On the other hand, Lin Yin tossed and turned in bed in the middle of the night. In the end, she couldn't help but sit on the bed and look at the night light angrily. She muttered, "Lu Ming, is he really sick? Why is he getting worse?"

Lin Yin didn't know when she fell asleep, but before she woke up the next day, the fragrance of food from the kitchen had already wafted through the door to Lin Yin's bedroom.

Lin Yin opened the bedroom door in a daze. When she staggered to the living room, she saw a busy back in the kitchen.

The familiar back view made Lin Yin, who had always been vigilant, not react. She stood quietly and watched.

When the morning light shone in, Lin Yin vaguely felt that there was a halo around Lu Ming.

The man in the halo slowly turned around. When he saw her, a bright light flashed in the man's eyes. Then, he approached her from the halo with a smile.

It was as if the only thing left in the world was the man walking towards her. It was hazy and beautiful.

Just as Lin Yin was in a daze, the beautiful world suddenly collapsed!

Lin Yin subconsciously reached out to stabilize her falling world, but the next second, she realized that her hand was around Lu Ming's neck. Lu Ming had already picked her up like a princess and gently placed her on the sofa.

Lu Ming said helplessly, "You didn't wear slippers when you came out. The air conditioner is on in the house and the ground is very cold. What if you get sick?"

Lin Yin's lips parted, but before she could say anything, her cold feet suddenly warmed. She looked down in a daze at the man who was kneeling on the ground and warming her feet with his palm.

Lu Ming wiped the bottom of Lin Yin's feet without any disdain and put on her slippers. Then, he stood up in satisfaction and said, "Breakfast will be ready soon. Hurry up and brush your teeth and wash your face."

Lin Yin looked at Lu Ming sluggishly, her previous life and current life flashing through her mind.

Before she was brought back by the Su Family, she was an orphan and lived alone.

Later, she was brought back by the Su Family and experienced the betrayal of her good friend, deception, betrayal, bullying, and finally, her tragic death.

It was as if she could always feel care and appreciation from Lu Ming.

Previously, Lu Ming had combed her hair for her. Now, he was warming her feet. Every time, Lu Ming protected her like she was a fragile treasure.

Lin Yin admitted that she was greedy for such care.

Therefore, when she was in the hospital previously, she had the thought of returning to the Mu family just because she felt the Mu brothers' concern.

Deep down, she still yearned to be cared for.

However, in the end, she was still afraid of disappointment.

If she did not look forward to it and have it, she would not be disappointed and lose it.

This was the only way Lin Yin could protect her heart from being hurt.

But in the face of Lu Ming's hot and blatant care, Lin Yin couldn't help but want to approach him. She didn't know how to face it. There was a hint of helplessness in her panic, but she couldn't bear to let go.

Lu Ming looked at Lin Yin, who was sitting on the sofa in a daze and not moving. He joked, "Why? You don't want to move yourself? Then I'll carry you there?"

Lin Yin came back to her senses slightly. Seeing Lu Ming's teasing expression, she immediately stood up and pushed away Lu Ming, who was about to hug her. She quickly ran to wash up.

When Lin Yin came out, Lu Ming had already scooped some millet porridge for her and was fanning it to cool it down.

When Lin Yin sat in her seat quite naturally and enjoyed the porridge that Lu Ming blew on, she suddenly realized that when had she become so used to Lu Ming's care and naturally enjoyed it?

Lin Yin frowned slightly. Lu Ming saw it immediately and asked worriedly, "What's wrong? Does your wound hurt? Or does today's breakfast not taste good?"

Lin Yin put down the spoon in her hand and said in a serious tone, "Don't be so considerate to me. I'm afraid I'll get used to enjoying it and I won't be used to it if you leave in the future.."

Chapter 445: Trafficking Nest

Although she yearned for it, Lin Yin was more afraid of losing it.

Lu Ming's hand that was holding the chopsticks paused slightly. He could feel Lin Yin's downcast expression when she said this and her faint desire to reject his kindness to her.

Lu Ming picked up a small bun and placed it in the bowl in front of Lin Yin. He said gently, "I did it on purpose. I just wanted you to be unable to leave me and get used to me being by your side. Then, I want you to rely on me and trust me."

Lin Yin suddenly recalled Su Fei's instructions to Su Lin in her previous life to do his best to treat her well and act like a good brother.

Su Lin was also doing it on purpose. He was deliberately treating her well, making her let down her guard against Su Lin and trust him completely.

Lin Yin's feather-like eyelashes fluttered nervously. She was afraid. She was afraid that Lu Ming would be like Su Lin and deliberately approach her and treat her well, making her wallow in this goodness and hurt her cruelly in the end.

Lu Ming sensitively sensed Lin Yin's sudden nervousness. He was puzzled and just continued anxiously, "But I won't leave you. Not for the rest of my life."

Lin Yin stared at the table and said without looking up, "The world has changed a lot. You shouldn't make promises, lest you regret it in the future."

"Yinyin, haven't we talked about this before?! I know you don't believe me, but I still have to say that you and I will be together for the rest of our lives until we're both gray-haired. I promise you because I want you to know my feelings for you clearly. At the same time, I'm very confident in myself because I can really do it."

Lin Yin did not comment on Lu Ming's words. She just picked up the spoon and ate the millet porridge silently again.

Lu Ming sighed slightly. He couldn't understand. Lin Yin was just an

18-year-old girl, but why did he always feel that melancholy from Lin Yin?

Was it because she had been hurt during her time in the orphanage, so Lin Yin didn't dare to love or accept love?

If that was the case, Lu Ming felt a headache coming on. But it didn't matter.

He had time. He could spend the rest of his life proving his promise to Lin Yin.

When his hair turned white, he would proudly say to the old Lin Yin, "Look, I'm not lying to you, right?"

Lin Yin and Lu Ming had just finished breakfast when Shen Yu sent them the follow-up development of the small shop yesterday.

Lu Ming was a little surprised. He looked up at Lin Yin and said, "That small shop yesterday actually involved human trafficking."

Lin Yin was also a little surprised. She had always thought that that small shop was at most an excuse to extort money. She did not expect such a thing to happen.

"Traffic who?" Lin Yin asked curiously.

Lu Ming looked at his cell phone and replied, "Those attendants and those girls are not considered to be in the same gang. Those girls thought that they were just there to make the men spend money. The restaurant drugged them to make those men pay quickly. But in fact, after these people left the restaurant, they would hazily book their own plane tickets to Country D and there would be no news of them."

Lin Yin frowned slightly. "Country D again? That's so strange."

Lin Yin had spent her life in the orphanage and the slums when she was young. The people there were complicated, so she often heard about missing people. It was said that they were caught doing illegal work or had their organs dismembered.

Especially when children who were parentless like them and homeless people in the slums went missing, no one pursued the matter.

However, she did not expect them to be so brazen.

Lu Ming nodded and said, "Country D is involved in human trafficking, but

Country D has a small population. It's expected that they would reach out to China. The people who were abducted from this nest are all men. I think it's related to the underground black market selling human organs. These men have all gone to a private hospital for a full-body checkup before they were tricked into coming to the shop."

"I didn't expect your secretary to be so amazing. He arranged a good place for us," Lin Yin said in amusement.

Lu Ming said in agreement, "That's right. There's already news about it. It's said that the President of Lu Corporation and the President of Shisheng Corporation took down a human trafficking den while having a date." Lin Yin almost choked on the porridge she had just eaten.

"Eat slowly. No one is going to snatch it from you. Why are you in such a hurry?" Lu Ming said as he picked up a tissue and wiped Lin Yin's mouth..

Chapter 446: Not Taking the Unspoken Rules

Lin Yin quickly took the tissue from Lu Ming's hand and looked at him aggrievedly.

Was she choking because she was rushing? She was clearly frightened by the word date.

"These media people talk nonsense all day," Lin Yin said angrily.

Lu Ming smiled and retorted, "That's not nonsense, right? We did go on a date yesterday, didn't we? Besides, with that ambiguous atmosphere, no one would believe us if we said we were going to talk business."

Lin Yin put down the tissue and glanced at Lu Ming before saying, "I was looking for you to discuss business yesterday. Isn't your Lu Corporation working with Su Zhen's new company? Do you want to consider changing suppliers? Our Shisheng Corporation can give you a better price."

Lu Ming leaned back in his chair with a satisfied expression and asked, "You want to destroy Su Zhen?"

Lin Yin did not hide her intentions and replied frankly, "Yes! I want to destroy the Su Family at all costs and make them lose everything."

Lu Ming had always known that Lin Yin was hostile to the Su Family, but this was the first time he had heard Lin Yin say with a sharp gaze that she wanted to destroy the Su Family and make them lose everything.

Lu Ming had investigated Lin Yin and the Su Family, but from the looks of it, there didn't seem to be much conflict.

Even if there was a conflict, it would end with Lin Yin's victory, so Lu Ming was wondering if he had missed something.

Lin Yin's gaze clearly had a deep hatred for the Su Family.

Seeing that Lu Ming did not answer, Lin Yin raised her eyebrows. "You don't agree? CEO Lu, you should know very well that our Shisheng Corporation has an advantage and strength compared to Su Zhen's new company."

Lu Ming shook his head. Just as Lin Yin thought that Lu Ming would reject her,

Lu Ming said, "You're a little late. I canceled the cooperation my brother gave the Su Family last night. So Yinyin, you don't have to compete with the Su Family. I'll give you whatever project you want."

Lin Yin did not expect Lu Ming to cancel the cooperation between the Lu Corporation and the Su Family last night. All of a sudden, she did not know what to say.

After holding it in for a long time, she said, "I'm not the kind of person who goes by the unspoken rules."

Lu Ming was stunned for a moment before he couldn't help but laugh. He apologized dotingly. "Yes, yes, yes. I was too narrow-minded. I'll get the project department to bid fairly for those projects. I believe our little Yinyin will win the project with her own strength."

Lin Yin was a little unnatural. She pouted in disdain and said, "Who's your little

Yinyin? It sounds so unpleasant."

When she said this, Lin Yin had an arrogant and delicate feeling that she could not even sense. Lu Ming could not bear to look away.

His little girl was really too cute.

Lu Ming was worried that Lin Yin's injuries were not fully healed, so he insisted on sending her to the company personally.

When Lin Yin got out of the car, Lu Ming specially lowered the window and reminded her carefully, "Pay attention to rest and eat well. I'll pick you up tonight."

Lin Yin immediately refused. “No, you don’t have to pick me up. Go do your own thing. I have a chauffeur.”

Lu Ming only smiled and did not take it to heart at all. He had to be more shameless when chasing girls.

After sending Lin Yin to work, Lu Ming arrived at the company in a good mood.

When Shen Yu saw his boss’s lustful expression, he felt completely at ease. It seemed like Lu Ming would not withdraw the double bonus.

To be honest, arranging a date for her boss was more profitable than other work tasks.

It was just a matter of setting a date venue, and his bonus had doubled. It was simply too satisfying.

Seeing that Lu Ming was in a good mood, Shen Yu went forward and took out the bill from yesterday for Lu Ming to sign and reimburse.

Lu Ming took the bill happily, but just as he was about to sign it, he suddenly saw another item below. Lu Ming raised his eyebrows slightly and pointed at the line with the hotel written on it. He asked, “What is this?”

Shen Yu immediately said, “CEO Lu, I made arrangements for you yesterday. My original arrangement was this. After you and Miss Lin Yin have a sweet dinner, I’ll get the chauffeur to bring you to this hotel. I’ve done a questionnaire online. This hotel is ranked among the top couple hotels.” Shen Yu replied with a proud expression.

In the past, Lu Ming had never done such a thing, so Shen Yu had no experience arranging a date for his boss. However, he was smart enough to consult netizens..

Chapter 447: Su Zhen’s Plea

Not only this hotel, but the small shop last night was also chosen by netizens.

It seemed like this batch of netizens was really amazing. Otherwise, he wouldn't have been able to successfully obtain the double bonus yesterday, right?

Shen Yu had thought that the reimbursement this time was a sure bet. Lu Ming would definitely increase the bonus when he saw his considerate arrangements.

Unexpectedly, Lu Ming only frowned and said calmly, "All of this month's performance bonus will be deducted."

Shen Yu's eyes widened as he looked at his boss in disbelief. "CEO Lu? This, this can't be, right?"

Lu Ming glanced at Shen Yu faintly and said, "You don't work well every day and your mind is filled with indescribable dirty thoughts. This is considered malfeasance. Fortunately, an accident happened yesterday. Otherwise, if we really went, President Lin of the Shisheng Corporation would probably think that our Lu Corporation is a group of despicable people who play with unspoken rules. You're ruining the company's image. Tell me, do you still have the audacity to take the performance bonus?"

Shen Yu looked bitter. What was even more bitter was that he realized that he could not refute Lu Ming.

Every day was too exciting. His double bonus was gone again.

Shen Yu wailed and wanted to plead for leniency, but Su Zhen came to find an explanation.

Lu Ming did not want to see him at first, nor was she someone important.

However, when he thought of Lin Yin's attitude towards the Su Family, Lu Ming wanted to help Lin Yin see what the Su Family was going to say and step on them.

Previously, when Lin Yin was in the Su Family, she did not have a good life either. This time, Su Fei even had the thought of ruining Lin Yin.

The entire Su Family was not a good thing.

Seeing Lu Ming, Su Zhen suppressed the resentment in his heart and asked, "CEO Lu, our Su Corporation and your company have been working very happily recently. The project was handed over to our Su Corporation in a timely manner. I wonder why CEO Lu wants to withdraw all the cooperation with our Su Corporation? You have to know that we signed a contract. If you change your mind at the last minute, it would be too lacking in the spirit of the contract."

Lu Ming didn't even look at Su Zhen in disdain. He didn't even look up and said lightly, "Do you still need me to explain how the Su Corporation got these projects? You should be glad that I didn't hold it against you for doing things under the table previously. Otherwise, you would be in jail now."

Su Zhen puffed out his chest and looked up at Lu Ming. He said indignantly, "The cooperation we discussed with Lu Zheng previously was in line with the procedures. Now that Lu Zheng doesn't have any authority anymore, CEO Lu canceled the cooperation with all of us partners and even said that we did things under the table. CEO Lu, you're just trying to frame us."

Lu Ming snorted coldly and raised his sharp eyes slightly. He looked at Su Zhen coldly and said arrogantly, "Since President Su thinks that I'm trying to frame you and you're accusing our Lu Corporation of violating the contract, you can sue me with the contract. I'm waiting for the law to punish me!"

"You!" Su Zhen did not expect Lu Ming to not leave any leeway.

But now, other than grabbing hold of the Lu Corporation's projects, Su Zhen had no other way.

The Zheng Family's projects had all been stopped for verification. Su Lin was also arrested and was waiting for him to get money to clear it.

If all of Lu Corporation's cooperation was canceled now, how could he have the money to save Su Lin?

Even the money he had borrowed previously was about to be made ducks and drakes of.

If the hard way didn't work, he could only use the soft way.

Su Zhen's wrinkled face immediately filled with a fawning smile. He begged Lu Ming humbly, "CEO Lu, just take it that I'm begging you. Can you be magnanimous and return these cooperations to our Su Corporation? As long as you can let us off this time, we'll agree to any conditions."

Lu Ming sneered and said humiliatingly, "President Su, I'm not interested in men."

Shen Yu, who was at the side, snorted and laughed rudely. He immediately forgot that his bonus had been deducted.

The smile on Su Zhen's old face instantly froze. He stood in Lu Ming's office in extreme embarrassment. Even his voice trembled in disbelief. "CEO Lu, please have some decency."

Shen Yu, who was at the side, knew very well that Lu Ming was deliberately trying to embarrass Su Zhen, so he said faintly, "Since you've already done it, don't be afraid of others saying it. Besides, sacrificing yourself for the family is a great virtue. There's no need to hide it."

The corners of Lu Ming's lips curled up slightly as he happily sent the video of Su Zhen being humiliated to Lin Yin..

## Chapter 448: Thrown Out

Su Zhen, this old thing, was heartless. Before he knew that Lin Yin was not his daughter, he had already sold her as an item in exchange for benefits.

Such a beast deserved to be humiliated.

Su Zhen was so angry that his face turned red. His eyes were filled with hostility as he lowered his voice and said, "CEO Lu, don't go too far!"

"Going too far? How can that be? In terms of going too far, I'm still far inferior to President Su, right? Ma De, who's almost 70 years old, and the cruise ship incident. President Su has betrayed his daughter time and time again. This is what it means to go too far!"

Su Zhen instantly understood. Lu Ming already knew what he had done to Lin Yin, so he was taking revenge for her.

Su Zhen's expression turned ferocious and ugly as he said sternly, "As the daughter of the Su Family, she should give everything she has for the Su Family. If the Su Family is good, she's good. It's a pity that Lin Yin isn't my daughter. Otherwise, if you want her, CEO Lu, I guarantee that I'll make her lie on the bed obediently and wait for you so that CEO Lu can have fun. It'll save CEO Lu from being like this now, unable to get the one you love! Hahaha!"

Lu Ming's humiliation had ultimately caused Su Zhen to lose it. The embarrassment of that night made Su Zhen want to regain some dignity from Lu Ming.

Lu Ming glanced at Su Zhen as he expected and was furious. However, it was not because Su Zhen mocked him for not being able to get Lin Yin, but because he did not expect Su Zhen to dare to humiliate Lin Yin so casually.

Su Zhen dared to say that. Once Su Zhen had the chance, he would definitely dare to do the same. As for whose bed he would send Lin Yin to, he did not know.

A beast was indeed a beast. One's nature could not be changed.

Lu Ming sneered at Su Zhen, his eyes filled with ruthlessness.

Shen Yu tactfully called the security officers up and specially instructed them to carry Su Zhen all the way from the Lu Corporation and throw him out of the

door of the Lu Corporation building.

In Shen Yu's opinion, Su Zhen was simply courting death by saying such reckless words in front of Lu Ming.

Su Zhen's bones almost fell apart from the fall. Even his knees left a bloody mark on the ground.

The pain woke Su Zhen up a little. Thinking of the predicament the Su Corporation was facing, Su Zhen regretted it.

He was clearly here to beg Lu Ming. Why was he so impulsive?

Su Zhen stood up and limped out of the Lu Corporation.

When Lin Yin received the video from Lu Ming, the corners of her lips curled up slightly. She did not expect Lu Ming to have such a vicious mouth. He directly poked Su Zhen's sore spot.

Li Sheng saw a faint smile on Lin Yin's face and thought that Lin Yin had found out that Su Zhen was facing bankruptcy again.

He immediately took out the information Lin Yin wanted and said, "President Lin, I've consulted Su Lin. The charges of bribing officials, fake contracts, cutting corners, and so on are already a sure bet. He probably won't be able to get out this time."

Lin Yin put down her phone and took the information from Li Sheng. Then, she asked casually, "Secretary Li, Su Zhen is your old boss. Do you think I'm vicious for setting them up?"

Li Sheng, who was standing at the side, instantly sobered up and quickly said, "President Lin, why are you asking this? I'm just an employee. Whether it's the previous Su Corporation or following you now, it's just a job for me. Other than being loyal, I don't have any other thoughts."

Li Sheng was not spouting nonsense.

He only sighed at the current situation of his old boss, the Su Corporation, but he would not sympathize with the Su Family or think that Lin Yin was despicable and vicious.

The business world was like a battlefield. It was a competitive relationship to begin with. There was no need to be merciful.

“That’s good! I was afraid that you would care about old times,” Lin Yin said with a smile.

Lin Yin understood this logic, so Lin Yin did not hide anything from Li Sheng about using the Zheng family to scheme against the Su Family.

After all, she needed someone to do things for her.

However, Lin Yin felt that she should give him some warning first. After all, Li Sheng had been with Su Zhen for several years.

Li Sheng said carefully, “President Lin, you can rest assured about this. I am not the kind of person to not have one’s heart in something. Since I chose to be President Lin’s secretary, I will definitely abide by the professional ethics that I should abide by. There’s no such thing as caring about old relationships..”

#### Chapter 449: The Su Family’s Debt

It was just a job to begin with. Li Sheng did not feel that he had to protect any friendship for Su Zhen, so Li Sheng did not feel any burden saying these words.

Lin Yin didn’t say anything, but she nodded. Then, she opened a drawer and took out some information to hand to Li Sheng. She said, “Send this evidence over too. At the same time, spread the news that the Su Family is going bankrupt and running away again. This time, I want Su Lin to go to jail and make sure the Su Family can’t get up again!”

In her previous life, Su Lin had lied to her with family ties and even shot her,

killing her immediately.

In this life, Su Lin should pay with his life.

Li Sheng respectfully took the document bag from Lin Yin's hand and went down.

Su Lin was still in jail and had not been convicted, but the Su Family had already fallen into chaos.

In less than two months, the Su Family faced the situation of their creditors blocking the door again.

Especially this time, in order to quickly strengthen the new Su Corporation, Su Zhen borrowed a lot from loan sharks.

Therefore, Chu Yun was already trembling in the basement. She secretly called Su Fei and asked her to bring people to save her.

Su Zhen had just gotten out of the car. As soon as he entered, he saw the thugs holding sticks and threatening the servants in the villa, as well as the mess all over the ground.

Su Zhen subconsciously turned around and ran, but unfortunately, he was still caught.

"Old thing, I heard that you're going bankrupt? How are you going to repay the money you owe us?"  
The thug grabbed Su Zhen's collar and asked evilly.

At this moment, Su Zhen was filled with regret. Back then, he thought that with Lu Zheng as his backing, his future development would definitely be smooth-sailing and there would be no problems. That was why he was so bold as to borrow money from a loan shark.

Who would have thought that Lu Zheng would be so useless? All his rights were taken away by the Lu Family.

Lu Ming also took all the projects he had obtained from Lu Zheng back for Lin Yin.

Now that all his money was in the project, he had long spent it. How could he have cash to return it?

Su Zhen pressed his palms together and rubbed them hard, begging, "I'll definitely return this money. Give me some time. I'll definitely be able to return it."

The thug snorted and pulled Su Zhen's hair hard, forcing him to look up. He said forcefully, "I don't believe you. The news has already spread outside that you're already in debt. If we came a little later, we would have nothing. Pay me back now!"

Su Zhen started to cry that he was poor, but before he could howl a few times, the rod smashed into his leg. In an instant, Su Zhen seemed to hear the sound of his leg bones shattering.

The pig-like scream lingered in the sky above the villa for a long time. Even Chu Yun, who was hiding in the basement, heard Su Zhen's shrill voice. She was so frightened that she hurriedly shrank even smaller.

Even so, Chu Yun did not forget to send Su Fei a message with trembling hands, asking her to come over later. She was afraid that if Su Fei came over, she would bump into the debt collectors.

Chu Yun hid in the basement from morning until late at night before she dared to sneak out.

The usually brightly lit villa was dark now. Chu Yun tiptoed in against the wall. After confirming that there was no danger, she dared to turn on the flashlight on her cell phone to observe.

The light on the cell phone was not very bright, but Su Zhen, who was lying on the ground as if he was dead, immediately begged for mercy in fear. "Don't hit me anymore. I'll return the money. I'll really return the money. Don't hit me. I might die."

Su Zhen's sudden voice almost scared Chu Yun out of her wits.

Chu Yun shouted angrily, "Su Zhen, are you trying to scare me to death?"

When Su Zhen heard a familiar voice, he stopped shouting and used all his strength to get up. He looked at Chu Yun under the light and said bitterly, "Ah Yun, it's you. Hurry up and help me up. My right leg hurts so much that I can't get up."

Chu Yun held the flashlight and looked around. After confirming that there was no danger, she went forward to help Su Zhen up. In the end, she realized that one of Su Zhen's legs was already broken.

Chu Yun used a Herculean effort to pull Su Zhen to the sofa at the side. After a while, the two of them were panting.

"Call the ambulance!" Su Zhen said.

Chu Yun quickly picked up her cell phone. Just as she was about to call the police, the cell phone in her hand was suddenly snatched away.

Chu Yun thought that the debt collectors were here again and shouted in fear, "I don't have money. Go and get it from Su Zhen. The Su Family's money is with su Zhen.."

Chapter 450: Don 't Owe The Su Family

Su Zhen looked at the person standing in front of Chu Yun and said with a straight face, "What are you shouting for? Chu Yun, we're husband and wife. A

calamity is coming. Is this how you're pushing me out?"

When Chu Yun heard Su Zhen's unhurried accusation, she also realized that there was no danger. She hurriedly looked up at the person who had snatched her cell phone.

When she saw that it was Su Fei, Chu Yun's nervousness suddenly dissipated. She looked at her daughter with a sad expression and said, "Feifei, you're finally here. You don't know, those debt collectors just now scared me to death. Your father's legs were broken by them."

Su Zhen's eyes were serious, and he still had the aura of a patriarch. He said to Su Fei in a commanding tone, "Why are you standing there? Hurry up and call an ambulance. If anything happens to me, don't even think about living well." Under the dim light from Chu Yun's phone, Su Fei's expression turned cold.

"Dad, what time is it now? You're still putting on airs in front of me. Can't you see the current situation?" Su Fei mocked.

This time, there was a high chance that Lin Yin was going to torture the Su Family to death. Su Fei thought that she was not a member of the Su Family. Why should she suffer with the Su Family?

"What an unfilial daughter. Our Su Family has raised you for 18 years, but you actually dare to say such heartless words!" Su Zhen reprimanded angrily.

"You raised me for 18 years. Hmph! When you sent me to that cruise ship, when Su Lin gave me to Zheng Chao, I no longer owed your Su Family. And this time, the Su Family made a comeback again. If I hadn't hooked up with Lu Zheng, do you think you would have so many projects so quickly? Su Zhen, I don't owe the Su Family anything. The Su Family owes me." Su Fei's eyes were filled with hatred.

If she had not been bullied on the ship back then, she would not have been despised by Zheng Chao and threatened by Zheng Chao and the others. She would not have had no dignity like those prostitutes.

She was the eldest daughter!

But what about during that time?

All her pride and dignity had been trampled on and she had even lost face in front of Lin Yin.

All of this was caused by that bastard Su Zhen.

If not for the fact that the Su Family was still useful and that she could plan to enter the Lu Family with a proper identity, she would have long asked Lu Zheng to destroy the Su Family.

However, since Lin Yin had targeted the Su Family this time and there was no way to salvage the situation, the Su Family would definitely end up miserably. Then, why should she save a useless Su Family?

Su Fei's eyes turned ruthless as she said coldly to Chu Yun, "Mom, let's go!"

Chu Yun glanced at Su Zhen, who was shocked and in disbelief, and stood up silently.

"Su Fei, how dare you rebel!" Su Zhen glared at Su Fei and her daughter angrily.

If his phone had not been snatched away by those debt collectors and he wasn't able to walk himself. He would not have asked these two people to send him to the hospital.

Su Fei laughed crazily at the side. "In the past, I've always wanted to please you. Especially when Lin Yin came back as the eldest daughter of the Su Family, I always wanted to prove that I was better than Lin Yin so that I could please you. At that time, you were a very powerful father in my eyes, so I listened to you. But now, I don't need you anymore. Su Zhen, you're a homeless dog now. Your retribution is here! Hahaha!"

Su Zhen felt that Su Fei must be crazy. Otherwise, how could she dare to say that about him?

Seeing that Su Fei could not be reasoned with, Su Zhen turned to Chu Yun and said in a softer voice, "Ah Yun, we've been husband and wife for decades. Are you sure you want to treat me like this?"

Chu Yun did not say anything. Instead, Su Fei, who was beside her, said, "Mom, think about it carefully. Your daughter was sold to several greasy middle-aged men by this beast. For the entire night, no matter how much I begged, they did not let me off. It was this father who raised me for more than ten years

who personally threw me into that dirty place and made me unable to wash myself clean for the rest of my life.”

Chu Yun’s eyes were dyed red as she stared at Su Zhen.

Chu Yun knew a little about this, but Su Fei had never mentioned it in detail, so Chu Yun was unclear.

Now that he heard Su Fei say it, Chu Yun’s heart ached.

They had been husband and wife for decades. Su Zhen knew at a glance that something was wrong with Chu Yun’s mood. He immediately said, “I’m also a victim in this matter. I sacrificed myself for the Su Family, didn’t I? Feifei, we’re all doing this for the good of the Su Family.. Only if the Su Family is good can we live a decent life, right?”
