

Real Daughter 471

Chapter 471: Teasing Mu Xiao

Lin Yin looked at Mu Ran, who clearly wanted to make things difficult for Mu Xiao. She smiled helplessly before taking out her key and entering.

Mu Xiao couldn't be bothered with Mu Ran. After pushing Mu Ran away, he was about to follow Lin Yin in. However, just as he reached the door, Mu Xiao was pulled back by Mu Ran.

Taking advantage of the space where Mu Xiao staggered back, Mu Ran nimbly flashed in and immediately closed and locked the door.

Mu Xiao widened his eyes and looked at the closed door in disbelief. He did not expect that he would be tricked by Mu Ran one day.

Mu Xiao went forward to knock on the door, but he was afraid of disturbing his neighbors. Mu Xiao slowly retracted his hand and said a little humbly outside the door, "Yinyin? Can you let me in? I can explain what happened today. That was really not my intention."

Inside, Mu Ran sneered and mimicked Mu Xiao's tone. "I can explain- That wasn't my intention-I'

Then, Mu Ran turned to Lin Yin and said, "Yinyin, don't believe what Mu Xiao said. He's a fox and can quibble."

It had always been Mu Xiao teasing him. Now that he had the chance, if he did not add insult to injury, he would be letting down his aggrieved heart all these years.

Mu Xiao had the urge to beat Mu Ran to death. This kid was clearly using his position to take revenge.

'Mu Ran, you're going overboard!' Mu Xiao gritted his teeth and said to the door.

Mu Ran said proudly, 'What can you do? Only I can come in. You can feed the mosquitoes outside!'

After Mu Heng finished his investigation, he came to Lin Yin's side and saw Mu Xiao standing at the door, silent and resentful. He asked uneasily, "What's going on? Is Yinyin not letting you in?"

Mu Xiao said angrily, "Mu Ran is causing trouble inside. I don't know if Lin Yin won't let me in, but Mu Ran definitely won't let me in. This kid has become bolder."

Mu Heng knocked on the door and said, "Yinyin, I've already found out about those criminals. Do you want me to enter and tell you the results?"

Mu Xiao looked at Mu Heng eagerly. He had a reason to go in. When the time came, he would teach Mu Ran, this young brat, a lesson.

When Mu Ran heard Mu Heng's voice outside, he turned to look at Lin Yin and asked, "Brother is here. Do you want to see the results of the investigation?" Lin Yin thought for a moment and nodded.

No matter who those people were after, whether it was her or the Mu family, Lin Yin really wanted to know.

Mu Ran got up reluctantly and opened the door. At the same time, he successfully met Mu Xiao's gaze, which had been hovering in the air for a long time. It was filled with gunpowder.

In the past, Mu Ran would still be afraid that the sly old fox, Mu Xiao, would scheme against him, but now that he had support, if Mu Xiao dared to play tricks on him, he would find Yinyin as his backer and cry to her. Let's see what Mu Xiao would do then!

Mu Ran suddenly felt that having a sister was quite good. She was considerate.

Mu Heng placed the results of the investigation on the table and took the water Lin Yin poured. After taking a sip, he said, "These people received 200,000 yuan from Su Fei and said that they wanted to kidnap you and bring you to Twilight Clubhouse."

Lin Yin frowned slightly and questioned, "But something's wrong. If they wanted to kidnap me, why did they slash at you from the beginning? Moreover, they kidnapped me in broad daylight. Isn't this too bold?"

Mu Heng looked at Lin Yin with admiration and continued, "Yes, I think it's strange too, so I investigated further. Only then did I find out that these people were originally sent by the wife of the Lu Family's Master Zheng, Meng Shu, to deal with Su Fei. They said that they wanted to cut off one of Su Fei's fingers, but Su Fei bought her own finger with 100,000 yuan and bribed these people to turn around and deal with you."

At this point, Mu Heng's eyes turned stern as he continued, "However, halfway through, another group of people participated. This group of people is here for the Mu family."

Mu Ran frowned at the side as he sorted out the relationship.. He even muttered softly, "Why, why is it so complicated? There are people who joined this kidnapping at the last minute? That can't be, right? One gang secretly wanted to kidnap her, but another gang found out and participated?"

Chapter 472: Someone Behind the Scenes

"Looks like you're not stupid. You know something's wrong," Mu Xiao said sarcastically. He had always remembered that Mu Ran had locked him outside just now.

"Heh, I'm not stupid to begin with! Yinyin, am I stupid?" Mu Ran asked angrily. Lin Yin smiled and said, "You're not stupid. Brother Mu Ran is the smartest."

After receiving Lin Yin's praise, Mu Ran even raised his chest a little. He puffed out his chest proudly and looked at Mu Xiao disdainfully.

Lin Yin shook her head in amusement and said, "So, President Mu, you mean that the person behind the scenes was targeting me and the Mu family from the beginning? During this period of time, Su Fei has been avoiding me. Now, she suddenly attacked me. Perhaps she thinks that I'm a threat to her life, so

she took a gamble? And the person behind the scenes wants to directly pin the suspicion of attacking us on Su Fei, or Meng Shu?”

Hearing Lin Yin still call him President Mu, Mu Heng sighed slightly in his heart. Then, he continued, “Specifically, it should be Meng Wan! Because that group of people was hired by Meng Wan, but this is the strange thing. Meng Wan doesn’t have any deep hatred for our Mu family. The only thing that can be related to this is that Meng Wan and you are love rivals.”

Lin Yin frowned. “Meng Wan? Meng Shu’s sister? The person that has a rotten crush on Lu Ming? So Meng Wan might have been used by someone?”

At this moment, Mu Ran was also frowning as she listened. She muttered,

“Who’s the monster behind this? It suddenly involved Su Fei, Meng Wan, and Meng Shu. In the end, we couldn’t even catch a glimpse of his shadow.”

Mu Xiao nodded and said, “It’s indeed very troublesome. We haven’t found the person who colluded with Lu Zheng and wanted to kidnap Yinyin to Country D last time. Now, such a person has appeared. Do you think the masterminds of these two incidents are the same person? This person is especially good at using others and can utilize all the power he can use to achieve his goal.”

Mu Ran blurted out, “So, isn’t that person’s goal our Mu family? Perhaps that person knew Yinyin’s identity long ago, so he attacked everyone related to the Mu family this time? And Yinyin was the focus of his attack?”

Mu Ran’s words made everyone present fall silent. According to the current situation, that was indeed the case.

Lin Yin was a little puzzled. She had never encountered such a thing in her previous life.

“Do you think it’s Mu Ning? She’s very sinister,” Mu Ran said hesitantly.

Mu Xiao was silent for a moment before saying, "It's not impossible. If Mu Ning knew Yinyin's identity long ago and didn't want her to return to the Mu family, it's reasonable for her to want to sell Yinyin overseas or kidnap and kill her.

What do you think, Brother?"

Mu Heng sighed. "I know what you guys are thinking, but according to the results of the investigation, Mu Ning has nothing to do with these things. We can't accuse her directly. Besides, she won't let us die together, right? Without the Mu family, she's nothing, right?"

Mu Heng was right. What they could know now was that there were two groups of people in this attack.

The first wave was aimed at Lin Yin. They wanted to kidnap Lin Yin. On the surface, Meng Shu was using Su Fei to deal with Lin Yin. As for the reason, it was possible that someone was using the dispute between Meng Shu and Su Fei to guide Meng Shu to use Lin Yin to deal with Su Fei to avoid Lu Ming blaming her later.

After all, Lin Yin was Lu Ming's current benefactor. If Lin Yin was injured by Su Fei, then Su Fei was indeed the person Lu Ming wanted to deal with. Su Fei would be injured even if she didn't die.

One group was aimed at the Mu family and wanted their lives. On the surface, Meng Wan hired someone to kill Lin Yin, but in fact, these people listened to the other masterminds and only used Meng Wan's name.

And behind these two groups of people was very likely the same person.

Mu Ran shook her head and said worriedly, "Yinyin, this is too dangerous. I'll stay with you for the next few days to protect you."

Mu Xiao mocked bluntly, "You? You can't lift your hand or shoulder anything.

What can you do? Yinyin might have to protect you when the time comes."

Mu Ran looked at Mu Xiao indignantly and said, "I'm not as powerful as you, but it's better than someone guarding a fake sister. Hmph!"

Mu Ran was really rubbing it in. Mu Xiao was so angry that he gritted his teeth..

Chapter 473: Going Back on Your Words

Mu Xiao pursed his lips and looked at Mu Ran, his eyes narrowing dangerously. He looked like he was about to lose control, but he still had to hold it in.

Mu Heng mediated from the side. "Mu Ran, that's enough. If you really anger him, you still have to ask me to help you."

Mu Ran puffed out his chest and said proudly, "There's no need. I have Yinyin."

Mu Heng and Mu Xiao looked at the despicable Mu Ran. One shook his head helplessly and the other gritted his teeth.

Seeing that the conversation was almost over, Lin Yin said, "I'll follow up on the rest myself. If there's nothing else, let's call it a day."

Mu Heng looked at Lin Yin and hesitated for a while before asking softly,

"Yinyin, when are you going back to see Mom? Today..."

Before Mu Heng could finish speaking, Lin Yin interrupted, "I think we should put this matter aside for now."

Lin Yin didn't want Mu Heng to continue because she really hadn't sorted out her emotions yet.

At the same time, after what had happened today, she still wanted to settle her own matters first. After all, Su Fei was still at large.

Just as Mu Heng and Mu Xiao stood up to leave, Lin Yin said, "The two of you can bring Brother Mu Ran back with you. His ankle is injured, so he probably can't walk back."

When Mu Ran heard this, her eyes immediately widened unwillingly. He grabbed Lin Yin's sofa and howled sadly.

"Yinyin! My feet are injured. If you let me go back, I'll die. Let me tell you, I'm not close to the two of them. They'll be good people in front of you. When they bring me away they'll definitely abandon the injured me halfway. Really,

Yinyin, I'm not talking nonsense. The two of them really have bad characters. The evil things they've done to me in the past are simply innumerable!" Mu Ran cried uncontrollably and even dramatized it, he hiccupped as he cried.

Mu Xiao widened his eyes and gritted his teeth in anger. This kid was framing him in front of Lin Yin?

Mu Heng also rolled his eyes at Mu Ran in speechlessness and disdain. Mu Ran was occasionally played by Mu Xiao, so he could understand if Mu Ran only mentioned Mu Xiao.

Most importantly, in order to achieve his goal of staying at Lin Yin's house, Mu Ran even made things up so casually for him, her big brother. She was indeed bold and arrogant.

Lin Yin sized up Mu Heng and Mu Xiao's faces suspiciously. Mu Xiao immediately wanted to explain, but he saw Mu Ran winking at him.

They had been brothers for decades. Even if their relationship was so-so, or rather, they loved and hated each other, Mu Xiao still knew what Mu Ran was up to.

It was nothing more than telling Mu Xiao that he wanted to use the ruse of self-injury to stay with Lin Yin and slowly persuade her to go home.

Mu Xiao swallowed this huge bitter fruit and forced a smile at Lin Yin. "Yes, this kid is disobedient. We've always dealt with him like this."

Mu Ran looked afraid and quickly crawled towards Lin Yin on the sofa. He held Lin Yin's hand pitifully and said, "Yinyin, you have to protect me. I'm so pitiful, weak, and helpless. If you don't let me stay here, I'll die in their hands."

Lin Yin looked at Mu Ran with a headache. In front of Mu Xiao and Mu Heng, she could be polite, distant, and cold, but in front of Mu Ran, she could not be cold.

Especially after knowing the knot in Mu Ran's heart all these years, Lin Yin always felt sorry for her.

Mu Ran, on the other hand, kept winking at Mu Heng and Mu Xiao, wanting these two irksome people to leave quickly so that it would not affect his relationship with Yinyin.

Mu Xiao and Mu Heng looked at each other speechlessly before bidding farewell to Lin Yin.

Before leaving, Mu Heng said to Lin Yin, "It's been hard on you!" Lin Yin smiled and shook her head.

The moment the door closed, Mu Ran almost applauded his perfect performance.

Lin Yin looked at Mu Ran helplessly and said, "Tell me, what's your motive for staying with me?"

Seeing that Lin Yin was asking seriously, Mu Ran stood up and said aggrievedly, "I just want you to acknowledge me as your brother. It wasn't easy for me to get a biological sister at my age. If my biological sister doesn't acknowledge me, I'll be so miserable. If word gets out, I'll lose face."

Lin Yin sat at the side and said seriously, "You also want me to go home with you to see Mom, right?"

Chapter 474: Mutual Heartache

The expression on Mu Ran's face froze for a moment. Then, she pursed her lips and said bitterly, "I'm sorry, Yinyin! When I was five years old, Mom went crazy. She didn't have many memories before, so I thought that maybe if you went back and met her, she would wake up. Then I could see if my normal mother would treat me better. She wouldn't be like this now. She would either be in a daze or go crazy when she saw me."

After Lin Yin heard Mu Ran's words, her eyes turned slightly red, but she didn't say anything.

She did not want to agree to anything easily. She was afraid of too many things.

She was afraid that the Mu family had never really wanted her back.

She was afraid that the Mu family would only treat her as a tool to treat Ye

Wen.

She was afraid that the Mu Family would despise her for being vulgar in the future when they found out about her past life in the slums, just like the Su Family in her previous life. They would despise her for not knowing the rules and etiquette. If she was brought out, she would either embarrass herself or become a laughing stock.

Even the small Su Family was like this, let alone a wealthy family like the Mu Family. Perhaps one day, she would suffer the disdain and disgust of her family just because she did not have proper etiquette at the dining table. How could she accept that?

Lin Yin had never been afraid of those unimportant people looking at her with disdain, but she was afraid that her blood-related relatives would be like those people. That would make her feel as uncomfortable as death.

Therefore, Lin Yin did not dare to say anything at this moment. She only said softly to Mu Ran, "The guest room is on your left. There are new washing tools in the cabinet in the bathroom. Wash up and sleep early. And don't let water touch your wound."

With that, Lin Yin turned around and was about to walk to her room.

However, just as she reached the door, Mu Ran's voice continued to come from behind. His voice was humble and pleading. "Yinyin, it's fine if you don't want to go home. Then can you acknowledge me as your third brother? At least I can have a sister to care about me, okay?"

Lin Yin stood there for a while without saying anything. After a while, she said in a low voice, "Rest early!"

Mu Ran was a little disappointed, but he still said gently to Lin Yin's back, "Okay! Good night!"

Seeing Lin Yin close the door, Mu Ran was so sad that her eyes turned red,

Actually, he understood Lin Yin's feelings very well, just like how he yearned for his mother's love, but because he had almost been strangled to death by his mother before, he was afraid of approaching his mother because he was afraid of being hurt again.

And Lin Yin seemed to be afraid.

She might also yearn for kinship, but she was afraid that the kinship she yearned for was just a scam. She was afraid that the family she loved did not love her and might even use her to hurt her. Therefore, she was hiding.

That was why she had asked him everything Mu Ning had said at the hospital.

It had to be said that Mu Ran's insight was quite good, and her interpretation of the human heart was quite accurate.

After all, Mu Ran was an actor. How could a person who was so sensitive that he could interpret the emotions of a person on a piece of paper be brainless?

There were some things that he just didn't want to think about. He didn't like having things in his head. He just liked to be so empty-headed and deliberately make himself stupid.

Through today's interaction and understanding, Lin Yin had figured out Mu Ran's personality.

As Lin Yin looked at herself in the mirror, she thought of the brother in the other room who made her heart ache.

Mu Ran was cold and silent in front of unrelated strangers, invisible and distant. Perhaps this was his true personality, he was deeply guarded against people.

In front of an acquaintance, he looked brainless, noisy, and even shameless. It was a disguise he used to hide the scars in his heart and prevent others from seeing through him.

An actor was indeed an actor. He acted so well that no one knew what he looked like.

In the same suite, the siblings' hearts ached for the relative next door.

After confirming that Mu Ran was almost asleep, Lin Yin got up, put on her comfortable clothes, and quietly left.

After Mu Heng left, she secretly sent him a message, asking him to send the kidnappers hired by Su Fei to Sun Biao. She wanted to interrogate them personally.

Therefore, this time, Lin Yin had to meet these people and Su Fei behind them.

The moment she opened the door, Lin Yin still felt a little guilty. This was the first time she had to be so sneaky in her house.

It was only when the door closed that Lin Yin heaved a sigh of relief..

Chapter 475: See You at Twilight

After driving to the unfinished building where Sun Biao and the others were, they turned a corner and saw the criminals who were trembling in the middle of Sun Biao and the others.

As soon as he saw Lin Yin appear, Sun Biao immediately went forward and shouted respectfully, "Boss, we'll listen to you. These people haven't been dealt with much and are still fine. We'll wait for you to deal with them personally!"

Lin Yin looked down at the few people curled up and asked indifferently, "Which one of you is in charge?"

A fat man was pushed out.

When the fatty saw Lin Yin, he trembled in fear.

"What did Su Fei say? Where did she ask you to kidnap me to?" Lin Yin asked coldly.

The fatty immediately became a lapdog and replied, "Yes, yes, yes. That b*tch asked me to kidnap you, Boss. She gave me 200,000 yuan and said that she wanted to kidnap you to some Twilight Clubhouse. Boss, we were blinded by greed for 200,000 yuan. Look, you're a magnanimous person. Spare us. We're just earning some money. That b*tch, Su Fei, is the culprit."

"Inform Su Fei now that I've been kidnapped now and will be sent over soon," Lin Yin said concisely.

"What?" The fatty did not seem to understand.

Sun Biao did not expect the fatty in front of him to be so stupid. He immediately went forward and said, "Are you deaf? Can't you hear? My boss asked you to inform your employer now that she has been kidnapped and is about to be sent to the Twilight clubhouse. If your ears won't listen, I don't mind twisting it off for you!"

Fatty covered his ears in fear and said with a trembling voice, "The cell phone is not in my hands. I can't inform her."

Sun Biao sneered and said, "With your character, how can you kidnap others?" "How do we contact Su Fei when the kidnapping is successful?" Lin Yin asked the fatty.

The fatty stuttered again, making Sun Biao so angry that he raised his fist and was about to hit him. The fatty immediately covered his head and said anxiously, "She said that when we reach Twilight, we have to call her using Twilight's landline. As long as I tell the bartender there to look for Miss Su's number, the bartender will help me call her and settle you down."

Lin Yin smiled and said, "Is that so? I thought you were still useful, but from the looks of it, you're useless."

Fatty's eyes widened instantly. He felt like he was going to be finished. That was what they said on television. A worthless person would be silenced.

Fatty immediately wailed.

Lin Yin said to Sun Biao, "Find a few people to serve them well. Get someone to send them back to Mu Heng tomorrow. Then, follow me to Twilight."

Sun Biao immediately nodded and called for a few people to bring them away. Then, he followed Lin Yin.

In the dark villa, Su Fei sat silently. It was not until the phone vibrated that Su Fei's expression in the darkness changed.

However, when she saw that it was a message from Shi Dai, disappointment and impatience flashed across Su Fei's heart.

Dai Dai: Feifei, why didn't you reply to my message just now? Are you unhappy?

On the other side, Shi Dai was in a low mood for the entire day. She was afraid that Su Fei would be unhappy that she was going out to play with Ji Yun at this time, so she chatted with Su Fei as usual early in the morning.

But after such a long time, Su Fei did not reply. In Shi Dai's opinion, Su Fei was angry.

Now that she couldn't sleep in the middle of the night, Shi Dai still contacted Su Fei.

Su Fei wanted to turn off her cell phone, but in the end, her eyes flashed and she replied, "I'm not angry. I just want to go to Twilight to relax. I'm just in a bad mood because I don't have anyone to accompany me."

Su Fei still did not know if Lin Yin had been successfully kidnapped by those people. Since there was no point in waiting, she might as well set up the trap first.

Besides, it would be safer to bring one more person.

Shi Dai immediately replied, "Then I'll go with you. I have a plane ticket tomorrow afternoon anyway. I can get up later tomorrow morning."

Su Fei replied indifferently, "Okay! See you at Twilight."

Then, her gaze turned towards the direction that led to the basement. Thick darkness enveloped her eyes.

Just as she was in the darkness, her phone rang. A message came from the other end: Honorable guest, the goods you asked for have arrived.

The corners of Su Fei's lips curled up. She hung up and stood up faintly..

Chapter 476: Someone's Life

When Su Fei arrived at Twilight, she saw Shi Dai guarding the entrance.

Su Fei turned around the corner and drove in the direction of the underground parking lot to avoid meeting Shi Dai.

After parking the car in the underground parking lot, Su Fei pulled out a large suitcase from the trunk with all her might and walked towards the VIP private room.

After arranging everything, Su Fei sent a message to the bartender.

Then, she continued to pull her suitcase down to the underground parking lot and stuffed it back into the trunk. Taking advantage of the blind spots of the surveillance cameras, she filled her suitcase with various snacks, drinks, and wine.

After all of this was done, Su Fei drove out of the underground parking lot and parked the car in the open-air parking lot. She got out of the car and waved at Shi Dai, who was still waiting at the door. " Dai Dai, I'm here."

When Shi Dai heard the voice, she turned around and saw Su Fei waving at her in a one-collared black dress.

Shi Dai was very happy. Because Su Fei was wearing the one-collared black dress she had once given Su Fei, she ran happily in Su Fei's direction.

Su Fei opened the trunk and said, "Hurry up and help me carry it. I bought a lot of things and wanted to bring them over to share with you. They're so heavy."

Shi Dai happily helped Su Fei carry the box. After opening it curiously, it was filled with all kinds of expensive wine and some snacks.

"Feifei, why did you bring this? There's this food in the clubhouse too," Shi Dai asked in confusion.

Su Fei said gently, "The wine in the clubhouse is not good. It's not as good as mine."

Shi Dai nodded and said, "That's true. Your wine isn't cheap. Since you brought it over, I'll drink with you tonight. We won't go home until we're drunk."

"But why does this box look dirty and have a strange smell?" Shi Dai sniffed curiously.

Su Fei immediately said, "When I was packing, those snacks fell to the ground.

They might have been stained with dust. Besides, there's so much food and drink. It's inevitable that it smells a little strange."

Shi Dai nodded and replied innocently, "That makes sense!"

Su Fei nodded and walked through the door of Twilight with Shi Dai.

As soon as Shi Dai entered, she was about to pull Su Fei to book a private room. Su Fei grabbed Shi Dai and said, "I've already booked it."

As she spoke, Su Fei pulled Shi Dai to the private room she had booked previously. After closing the door, Shi Dai took the microphone and started drinking while singing.

Seeing that Su Fei was not in a good mood, Shi Dai did not force Su Fei to sing with her. However, as soon as the song stopped, Shi Dai would drink with Su Fei, even more than Su Fei.

It was only when there seemed to be some noise outside that Su Fei's expression changed. She looked at the time on her phone and frowned slightly.

She muttered, "It can't be so fast, right?"

As if she wanted to confirm something, Su Fei got up and opened the door of the private room. Seeing that the person in front of the door was walking in a certain direction, she pulled them back curiously and asked, "What happened? What are you guys going to watch?"

That person sized up Su Fei slightly, frowned, pulled back their arm, and said, "They said that a lunatic drugged a girl of status and violated her. It seems like someone died."

Su Fei's eyes flickered slightly, wondering if she should call those people to confirm.

She turned around and thought about it. It was just a few steps away. In case something happened to Lin Yin and Lu Ming found her, she felt that it was better not to contact those people now.

Shi Dai, who was behind, was a little drunk. She walked forward and asked,

"Feifei, what's wrong? Did something happen?"

Su Fei replied, "It's fine. I'm going to the washroom. You can play here first."

Shi Dai nodded. After Su Fei left, she looked at the washroom beside her in a daze and muttered to herself, "Isn't this the washroom? Feifei, why did you go outside? Oh! Feifei definitely didn't see it. I have to get her back to the washroom. Yes!"

Just like that, Shi Dai left the private room with light footsteps and the belief that she wanted to bring Su Fei back to the toilet.

However, her mind might be a little muddled as she walked in the other direction where Su Fei had just left.

As for Su Fei, she followed the onlookers to the private room where she had placed Zheng Chao. It was also the private room where she had gotten someone to throw Lin Yin in..

Chapter 477: Mistake

Su Fei was overjoyed. That person had said that someone had died. Could something have happened to Lin Yin?

Then, was it a success?

Su Fei was overjoyed and immediately wanted to squeeze in and see Lin Yin die with her own eyes.

Unfortunately, those reporters had yet to arrive. Otherwise, the tragic scene of Lin Yin being tortured to death by Zheng Chao would be spread everywhere through the reporters' cameras.

Su Fei could no longer suppress the ecstasy in her heart. So what if Lin Yin won so many rounds in the beginning? Wasn't she the one who had the last laugh?

However, the onlookers stood outside and waited for a long time, but the private room did not open. In addition, the manager of the Twilight clubhouse brought people over to maintain order. Seeing that there was nothing to see, some people left.

The manager of the Twilight clubhouse knocked on the door curiously. Suddenly, someone said that a lunatic had raped and killed a girl with some status in this private room, but no one had seen the truth until now, right?

He did not know who spread this news. It sounded very ridiculous. If someone had really died, it would have caused a huge commotion, right?

He did not know who spread this news. It sounded very ridiculous. If someone had really died, it would have caused a huge commotion, right?

The Manager was anxious, but it was still quiet inside. There was no sound.

Hence, the Manager got someone to kick the door open. In the end, when they kicked the door open, it was empty. There was no one inside.

There were no signs of a fight inside, let alone rape and kill.

The Manager frowned and said loudly, "What's going on? Didn't nothing happen? Who spread the news that someone died?"

The attendant at the side was also speechless. As for who spread it, no one knew.

The onlookers did not expect it to be like this. They scolded the person who spread the news for being crazy and left.

The Manager asked, "Which guest booked this room? Are they not here yet?"

As he spoke, he picked up the tablet to see how the guests were doing. The waiter at the side replied, "The guests are already here. I just saw that the reservations have been written off and the money has been paid in advance."

The Manager was not sure what this customer was playing at, but since the customer had already come and even written off and paid, this room could only be left like this.

"Pay attention to it later. Make sure there's someone to serve the guests when they come," the Manager reminded.

The attendant nodded repeatedly. After the Manager left, the attendant looked inside curiously before leaving.

Su Fei, who had been hiding in the corner, appeared at the door with a puzzled expression.

After she drugged Zheng Chao, she personally pulled him into this private room with her luggage. How could there be no one?

Moreover, the bartender had also sent a message saying that he had already asked Fatty and the others to send Lin Yin in. It was impossible for there to be no one inside!

After the attendant left, Su Fei looked around and entered the private room.

However, the moment she entered, the door of the private room suddenly closed.

The attendant, who had returned, saw that someone had entered the private room and wanted to go forward to ask. When he saw the door closed, he hesitated for a moment before giving up.

Because in his opinion, there was no one inside. The woman had gone in herself and even closed the door forcefully. She looked like she was in a bad mood. What if he went up now and was implicated?

Hence, the attendant left quickly in silence. It was better to avoid unnecessary trouble.

At this moment, Su Fei, who was frightened by the sudden closing of the door, came back to her senses in horror and wanted to leave.

However, before her hand could touch the door handle, she was pulled back. Under the stage light of the private room, Su Fei immediately saw that the person in front of her was Zheng Chao, who she had drugged.

At this moment, Zheng Chao's eyes were bloodshot. His dirty hand pinched Su Fei's neck so hard that Su Fei could not even cry for help.

Zheng Chao's other hand grabbed Su Fei's collar and pulled her down forcefully. Even the pasties on Su Fei's chest were ruthlessly pulled down.

When he saw the full breasts on Su Fei's chest bounce out, Zheng Chao's face revealed an abnormally lewd and terrifying expression.

Under Su Fei's horrified gaze, Zheng Chao opened his stinky mouth which had not been brushed for nearly a month and bit at Su Fei's chest.

The pain of his teeth biting through her skin made Su Fei tremble in fear. She naturally knew the consequences of the drugs she used..

Chapter 478: Shi Dai Was Abandoned

Su Fei gritted her teeth and endured Zheng Chao lying on top of her like a vampire. She lost her mind and bit the flesh on her chest. Then, she calmly took out her phone and called Shi Dai.

Shi Dai, who was still in a daze looking for Su Fei to go back to the toilet, was pulled back from her thoughts by the ringtone of her phone.

She picked up her phone and saw that it was Su Fei. She immediately smiled happily and picked up the call. She smiled and said, "Feifei, haha, the bathroom is inside..."

Su Fei did not hear what Shi Dai was saying too clearly. She wanted to speak, but she could not.

Su Fei felt that she was in so much pain that her scalp was going numb. While

Zheng Chao was getting up slightly, Su Fei kicked Zheng Chao's lower body

hard.

His lower body was hit so hard that it hurt. Zheng Chao let go of Su Fei in pain. Su Fei finally had a chance to catch her breath. She immediately ran towards the door and shouted into her cell phone, "Dai Dai, save me! Room 502!"

As soon as Su Fei finished speaking, Zheng Chao, who had already followed her, pulled her hair and she fell to the ground in a sorry state. Her cell phone was also smashed to the ground.

When Shi Dai heard Su Fei's cry for help, she instantly sobered up. She immediately shouted at the cell phone, but there was no response from Su Fei.

Shi Dai was extremely anxious. With a half-awake and half-dazed mind, she looked up at the number of the private room beside her and immediately turned around to run towards 502.

At this moment, she did not realize the seriousness of the matter. She just thought that Su Fei might have encountered some small trouble and needed her to embolden herself.

When she pushed open the door of Room 502 and saw a disgusting man whose appearance could not be seen, he actually strangled Su Fei tightly and even pulled Su Fei's dress violently. Shi Dai was shocked.

She subconsciously looked around and was so anxious that she threw away the cell phone in her hand. She picked up the vase used for decoration and threw it at the man's head.

She subconsciously looked around and was so anxious that she threw away the cell phone in her hand. She picked up the vase used for decoration and threw it at the man's head.

Su Fei immediately got up and ran towards the door. Zheng Chao, who had wanted to chase after Shi Dai, seemed to have woken up a little. He turned to look at Su Fei, who had already run to the door.

He looked at Su Fei with bloodthirsty hatred and quickly chased after her, shouting, "Su Fei, I want you to die!"

Su Fei was really frightened. At this moment, Zheng Chao was like a demon that had crawled out of hell, making Su Fei tremble with fear.

Su Fei, who was still waiting for Shi Dai to come out with her, saw that Zheng Chao was about to catch up to her. She subconsciously turned around and ran out of the private room. She even closed the door and used the torn fabric on her body to wrap the door handle tightly from the outside, afraid that Zheng Chao would run out and catch up to her.

When Shi Dai's sharp voice screamed from inside, Su Fei vaguely remembered that Shi Dai was still inside!

However, Shi Dai only let out a cry. Because Zheng Chao, who had fallen into a deranged state again, grabbed Shi Dai's neck tightly like he had done to Su Fei just now, making her unable to make any sound.

Shi Dai's mind was still filled with the image of Su Fei holding her broken black dress and running away.

The suffocating feeling of being unable to breathe and the blurry pain of her flesh being bitten intertwined, making Shi Dai feel as if she had arrived in hell.

She tried to grab her phone, tried to call for help, but she couldn't find it.

At this moment, Su Fei stood at the door helplessly. After a while, when she came back to her senses, she remembered that she had to save someone.

She covered her body and ran towards the front desk in a panic. She did not dare to speak loudly, afraid that more people would be attracted by her voice and see her in such a sorry state.

At this moment, Shi Dai, who was in the private room, touched a porcelain piece while struggling. She was overjoyed. She grabbed the porcelain piece and slashed it in Zheng Chao's direction. A trace of blood suddenly appeared on Zheng Chao's face.

The sudden pain made Zheng Chao loosen his grip in pain.

Taking advantage of this gap, Shi Dai, who had a strong desire to live, used all her strength to push Zheng Chao away and rushed to the door of the private room.

When she placed her hand on the doorknob, Shi Dai felt a sense of joy that she was about to escape. However, when she turned the doorknob in her hand, the joy suddenly disappeared, leaving only dense panic..

Chapter 479: Reporter

Shi Dai turned it hard a few times in disbelief, but she could not open the door that could clearly be used to escape.

At this moment, Zheng Chao, who had already recovered from the pain, continued to approach Shi Dai. Shi Dai shouted anxiously, "Help! Is anyone outside? Help me! Help!"

However, in the end, she was still ruthlessly pulled by Zheng Chao's hair and thrown to the ground. While she was dizzy, her fragile neck was grabbed by the man again.

Shi Dai wanted to look for the porcelain pieces, but they were all a little far away from her. Without any handy weapons, she watched helplessly as she was pressed under this dirty man in front of her and violated again and again. Pain, hatred, and humiliation strangled her heart, making her unable to breathe!

Su Fei rushed to the front desk and immediately said to the attendant at the front desk, "Hurry up and call the security officer. My friend is being pestered by a man. He wants to rape my friend!"

Su Fei felt that Zheng Chao would not violate Shi Dai so quickly, so she was sure that she might be able to save Shi Dai!

The attendant at the front desk had just experienced an inexplicable rape rumor. At this moment, she looked at Su Fei and asked suspiciously, "Miss, are you sure you're not playing truth or dare?"

Didn't someone just say that a lunatic tried to rape a girl with some status?

In the end, didn't nothing happen when the Manager went over to take a look?

Therefore, the attendant was a little suspicious now. Were these customers playing around and making up things to tease workers like them?

Su Fei instantly panicked and questioned, "Can't you see that I'm like this? Do I look like I'm joking with you?"

Seeing that the attendant didn't believe her, Su Fei really had no choice. She looked around and saw that there weren't many people here. She let go and showed the attendant her bitten chest.

She really had no choice!

She had drugged Zheng Chao with the kind of medicine that made animals go

into heat. It was the kind that would make Zheng Chao lose his mind and keep doing piston exercises until he died.

In order to improve the effect, she even specially increased the dosage. Even ten animals could not withstand such a stimulating dosage.

Yes, she had never thought of letting Zheng Chao live. It would be best if Lin Yin was killed by Zheng Chao. The two of them would die together and die on the front page of the media in that shameful manner.

However, she never expected that the person who was being treated like this would be Shi Dai.

She did not want Shi Dai to die.

Therefore, she had to find someone to save Shi Dai as soon as possible. If she was late, with Zheng Chao's rough method, Shi Dai would die!

The badly mangled wound on Su Fei's chest frightened the attendant. She immediately turned serious and said, "I'll inform our Manager now."

The attendant immediately picked up the walkie-talkie and contacted the clubhouse Manager to explain the situation.

Meanwhile, another attendant thoughtfully draped a small blanket over Su Fei.

When the manager of the clubhouse received the attendant's feedback, his first reaction was the same as the attendant's. He asked hesitantly, "Are you sure this isn't a game the guest is playing? Did you say which room?"

The attendant looked at Su Fei and said, "It's 502!"

When the attendant said this, her voice was filled with guilt. What had just happened was also 502!

But when they rushed over, nothing had clearly happened, right? There was no one inside!

Su Fei was so anxious that she was about to go crazy, but she saw that the attendant in front of her was still dawdling.

Unable to wait any longer, Su Fei immediately snatched the walkie-talkie from the attendant's hand and shouted at the person opposite her, "Can you f*cking hurry up? Someone's going to die!"

When the Manager heard Su Fei's voice, she sounded really anxious. She did not sound like she was joking, so he decided to bring someone to take a look.

However, when he gathered a few security officers over, a group of reporters suddenly rushed in. The security officers who were about to go to Room 502 stopped these reporters before they could go.

The clubhouse Manager did not know what these reporters were here for, but there were so many reporters. He could not let them in.

Twilight Clubhouse was not a very high-class clubhouse, but there were still many nobles around. If the reporters found out anything, they would be doomed..

Chapter 480: Maintenance

He was afraid that no one with status would come to their place to spend money in the future.

Seeing that the security officers who were originally going to save Shi Dai were now stopping the reporters she had personally called over, Su Fei's heart was filled with despair.

She didn't know how things had turned out like this. She clearly wanted to scheme against Lin Yin!

Su Fei had invited too many reporters because she used the tipoff of Lu Ming getting cuckolded by Lin Yin.

When she saw those people rush over, Su Fei suddenly did not have the courage to follow them.

However, when she thought about how so many people had gone over, perhaps Shi Dai would be saved, but her reputation would probably be gone. She still had to follow them. Perhaps she could protect Shi Dai's face.

When the reporters ran to Room 502, they saw that the door was entangled by fabric, so they slapped the door handle crazily.

Because this was obviously different from the news they had received. The news was about a night meeting, but the scene in front of them clearly indicated that someone was plotting. Otherwise, why would they lock the door with cloth? There was clearly a problem.

Su Fei was so anxious that she wanted to strangle these reporters to death. What was the point of a group of people banging on a door handle wrapped in fabric? Shouldn't they go in and save her immediately?

As long as her clothes were still intact, she would rush forward and kick open the door.

At this moment, in the private room, the beast-like man had already quickly vented.

The moment he relaxed his grip slightly, Shi Dai had the strength to escape the man's control.

She quickly grabbed the porcelain piece that was still a distance away from her and hit Zheng Chao, who was clearly beastly and approaching her, a few times. She only stopped in a daze when the warm and smelly blood covered her hand.

Then, she carefully moved her feet, grabbed a porcelain piece with both hands, and hid in a corner.

At this moment, the door that had just been locked was opened, but Shi Dai did not even look up.

The door just now was the door of life for her, but now, it was not. It would be the door of death that would make her lose all her dignity and humiliation.

At this moment, Shi Dai was trembling with fear.

Outside the door, Su Fei's heart was already in her throat.

The moment the door opened, a strong smell of blood came out. Everyone tensed up and rushed in like a swarm of bees.

Even Su Fei, who was at the side, was pushed in by the reporters. Under the dim light, a naked girl held the porcelain fragments in her hands and shivered in the corner.

Her gaze was filled with fear and horror as she stared fixedly at the man who was lying not far away. More accurately, she was looking at the blood flowing out of the man's neck.

It was as if this was the only way to prove that she was safe.

The reporters were also shocked when they saw this scene. They had only come to catch some gossip, but they did not expect it to be the event location of a murder.

Especially when they saw that the girl was naked and there was blood on her thigh, they instantly understood what had happened.

The event location froze for a while before a reporter remembered to take photos. He immediately took a photo of the scene in front of him.

The flashing lights made Shi Dai's eyes uncomfortable. She looked up in a daze. In the rising and falling flashes, she saw her best friend's face. It was bright and unclear, with an expression that she could not understand.

Shi Dai did not rush forward to question her. She just lowered her head silently and buried it in her knees. She squatted quietly in the corner, not making a sound.

Su Fei wanted to go up and put a coat on Shi Dai, but her rationality persuaded her to stop.

If she also appeared naked in front of the camera and was publicized by the media, it would probably be very difficult for her to enter the Lu Family in the future.

Su Fei looked at Shi Dai's head which was lowered between her legs. She apologized in her heart, but her actions chose to protect herself.

"Get lost! You disgusting reporters who live off human blood, get lost!" A roar came from outside the door.

Accompanied by the intrusion of the voice was the owner's anger and the powerful force of the push.

The reporters were pushed around by Ji Yun and complaints instantly sounded.

When Ji Yun saw the girl curled up in the corner, covered in blood, her eyes instantly turned red..
