

Real Daughter 481

Chapter 481: Smashing the Camera

She immediately went forward and took off her only shirt, covering Shi Dai.

Then, she got up. Ji Yun picked up her phone in her underwear and took a photo of the reporters.

Su Fei was so frightened that she immediately turned around. Under the puzzled gazes of the reporters, Ji Yun warned loudly, "If private photos of me and my sister appear on the Internet today, I'll deal with every single one of you present! Even if I use up all my energy for the rest of my life, I won't let you off."

After the warning, Ji Yun immediately called 120.

The dirty-looking man in front of her could not die. Otherwise, Shi Dai would probably be imprisoned for the rest of her life in front of everyone.

Shi Dai did not say a word the entire time. She just hid in the corner silently, as if this could protect her last bit of dignity.

The manager of the clubhouse hurriedly went forward to chase the reporters out.

"Stop!" Ji Yun shouted!

After the call, Ji Yun finally took the time to turn around and look in Su Fei's direction.

Everyone stood rooted to the ground in confusion. Su Fei, who had originally planned to leave with everyone, could only stop.

At this moment, Su Fei knew that if she went forward, she would definitely be implicated.

Anyway, Shi Dai had only lost her innocence now. Her life was still intact. It was no big deal, so Su Fei felt that there was no point in her staying here.

Especially now that Ji Yun was also present, it would not look good if they fell out.

Su Fei did not turn around and waited to leave with the reporters.

Everyone looked at the girl in only her bra walking straight in their direction. They pushed aside the people on the first three floors and walked to a girl covered in a blanket. Then, she pulled the girl's arm and slapped her hard the moment she turned around.

The force from the palm stunned everyone.

Su Fei's ears were also ringing from Ji Yun's beating.

Ji Yun said coldly, "I knew you would be here!"

Ji Yun did not know what had happened, but she brought her luggage to the Shi Family's house that night and was about to leave with Shi Dai the next day when she heard from the Shi Family's parents that Shi Dai was out to play.

Ji Yun recalled the location sharing she had set with Shi Dai when she made the appointment with her yesterday.

Initially, they were just afraid that they would get lost on vacation and it would be difficult to find her, so they coordinated with each other to make it easier for each other to find her. She did not expect that she would need to look for Shi Dai today.

Hence, Ji Yun used this to look for Shi Dai. She had wanted to give her a surprise, but she did not expect such a thing to happen.

She did not know what this matter was like, but her intuition told her that with Su Fei at the scene, Shi Dai's matter must be related to Su Fei.

Su Fei took the slap without any retort or other angry words. She only took the slap silently.

Today, Shi Dai had indeed fallen into such a situation to save her, so she would treat this slap as her repayment to Shi Dai.

No one knew what was going on, but when they saw Su Fei draped in a blanket, they felt that there was news, so the reporters picked up their cameras again.

Afraid that things would get out, Su Fei immediately pushed everyone away and left in a hurry.

At this moment, Ji Yun did not have the time to care about Su Fei and could only let her leave.

Those authors did not take photos of Ji Yun only wearing underwear.

They knew very well that they could film the young lady who killed someone.

However, if this girl in front of her, who had taken off her clothes to save her sister some dignity, was photographed and posted online, the people who would be scolded by the public would probably be reporters like them.

Ji Yun walked towards the reporters and said coldly to one of them, "Take out the camera and let me see!"

How could the reporter be willing? He immediately hid the camera in his hand behind his back and smiled awkwardly. "I didn't take anything. There's no need for me to show you, right? I promise you that I'll definitely mosaic your sisters when the time comes, okay?"

Ji Yun's eyes were fierce. She did not trust others, so Ji Yun was about to go up and snatch the camera.

How could that reporter let Ji Yun snatch the material he had painstakingly captured? Even the reporters beside him began to leave anxiously.

This woman took off her clothes just like that. If she had the camera in her hand, she would definitely smash it.

The reporters were about to run out. Ji Yun was anxious, but in the next second, the reporters who had run out suddenly retreated back to their rooms..

Chapter 482: Zheng Chao

Ji Yun looked in the direction in front of the reporters and saw Lin Yin forcing them back into the private room.

While the reporters were frightened by the people Lin Yin brought, Ji Yun snatched as many cameras as she could.

What's more, she snatched and smashed them. It was straightforward and neat.

The reporters looked at their cameras and their hearts ached. However, under the pressure of Lin Yin and the others, they did not dare to say a word.

In their eyes, Lin Yin and the others were with Ji Yun.

After Ji Yun smashed all the cameras, Lin Yin signaled for Sun Biao and the others to make way.

After the reporters left, the private room became much more empty.

Lin Yin took off Sun Biao's black T-shirt and threw it to Ji Yun. "It stinks a little.

Make do with it."

Sun Biao's accusing gaze drifted to Lin Yin, who immediately said, "I'll give you a bonus to buy clothes when we get back!"

Sun Biao immediately shut up.

Ji Yun nimbly put on the T-shirt and looked up at Lin Yin. She said sincerely,

"Thank you!"

Lin Yin turned to look at Shi Dai, who was locked in the corner. There was a hint of sadness in her eyes. Then, she said, "Thank me? I thought you would hate me. After all, I was the one who plotted against Su Fei. According to Su Fei's plan, the person hiding in the corner should be me. According to my counterattack plan, the person hiding in the corner would be Su Fei. Therefore, Shi Dai suffered for Su Fei."

Ji Yun smiled mockingly and said, "Lin Yin, you don't have to test me. Although I sometimes bully the weak and I'm not a person of good character, I'm not a fool. I naturally know who the instigator is. This matter has nothing to do with you."

Sun Biao said, "You're quite understanding. Let me tell you, we didn't drug the man lying on the ground. It was that Su Fei. We didn't invite those reporters. It was that Su Fei who called them over."

Then, Sun Biao looked in Shi Dai's direction and said, "We didn't call your good friend over. When we left, there was only that Su Fei and this beast who had taken some unknown drugs in the room. Also, it's not that we didn't want to save her. We were outside until the reporters came. We wanted to see what happened to Su Fei, but we didn't expect it to turn out like this."

Sun Biao tried his best to help Lin Yin clear her name. Although he didn't think that the girl in front of him could do anything to Lin Yin, one less enemy meant one less enemy.

As Lin Yin's bodyguard, he would reduce as much danger and hidden danger as possible for her. This would be safer.

Ji Yun nodded silently.

Seeing that Ji Yun's expression was not good, Lin Yin only asked softly, "Do you need us to do anything?"

Ji Yun looked at the man beside her who she did not know if he was dead and said, "Can you help me deal with this person?"

Lin Yin shook her head helplessly and said, "No, but I can tell you something. This man is Zheng Chao. You know him."

Lin Yin would help with small matters, but she would not help with such matters like getting rid of an entire person so that Shi Dai would not have to go to jail.

She did not think that Ji Yun and Shi Dai were worth her help. She was not a saint.

Ji Yun looked at the man at the side in disbelief. She had never expected that this man who was so thin and dirty would be Zheng Chao.

With that, Lin Yin left with her men.

To be honest, Lin Yin did not feel very good about not getting Su Fei today.

"Boss, I have to say that this Su Fei is a character. She sold her sisters just like that. She's cold-blooded," Sun Biao said.

Lin Yin said calmly, "Yes, she's ruthless!"

Ji Yun, who was still in the private room, slowly walked to Shi Dai's side. She squatted down and gently hugged Shi Dai. "Dai Dai, it's okay. It's okay."

However, no matter how much Ji Yun wanted to comfort her, she could not hide the fact that Shi Dai had already been bullied by Zheng Chao.

The original young girl was now like a ravaged withered flower, she was lifeless.

Ji Yun was extremely sad. Then, she got someone to get a clean blanket and wrapped it tightly around Shi Dai. Then, she was about to help Shi Dai leave..

Chapter 483: Psychosis

The security officer immediately stopped the two of them and pointed at Shi Dai. He said awkwardly, "We don't know if the person inside is dead or alive, so this girl can't leave."

Ji Yun had no choice but to call Shi Dai's parents. She definitely could not hide this matter from Shi Dai's parents. Moreover, Shi Dai's parents had to deal with the rest.

Unexpectedly, Shi Dai's parents arrived earlier than the ambulance.

When Shi Dai's parents arrived at the event location and saw her like this, Mrs. Shi instantly hugged her daughter and cried uncontrollably.

Mr. Shi pulled Ji Yun aside to ask about the situation. Ji Yun said truthfully, "Su Fei wanted to kill Zheng Chao and Lin Yin, so she drugged Zheng Chao and planned to make him lose his mind and violate Lin Yin. In the end, Lin Yin didn't come. Zheng Chao went crazy and wanted to bully Su Fei. For some reason, Dai Dai and Zheng Chao were together. In the end, Dai Dai was bullied by Zheng Chao. Later, she even cut Zheng Chao with a porcelain piece. Su Fei even brought reporters and almost exposed this matter."

Mr. Shi was so angry that his eyes were red. He even wanted to kill someone. He had raised his daughter until now, but he did not expect her to be bullied by the Su Family and the Zheng Family!

"I knew Su Fei was not a good person! I told you before not to interact with a girl like Su Fei who has so many thoughts. Dai Dai, why didn't you listen to Mom?!" Mrs. Shi said angrily, her heart aching.

Mr. Shi was so angry that he wanted to go up and give Zheng Chao a few more kicks, but Ji Yun stopped him.

Ji Yun said in a heavy tone, "Uncle, Zheng Chao deserves to die, but he can't die now. So many people saw Dai Dai hurt him with a porcelain piece. If he dies in Dai Dai's hands, Dai Dai will go to jail."

Father Shi was furious. He ran to Zheng Chao's side angrily and did not kick him down. Instead, he squatted down to feel Zheng Chao's pulse.

Sensing that there were still traces of a slight pulse, Mr. Shi was angry and indignant.

He wished that the person in front of him would die immediately, but he could not let him die now.

Mr. Shi felt extremely aggrieved.

However, this matter could not be covered up because the truth always comes out.

While the Shi Family and Ji Yun were sending Zheng Chao to the hospital, the news of the eldest daughter of a certain company being bullied and almost killing the criminal still spread.

The girl in the photo was pixelated, but it still could not stop everyone from talking. There were people everywhere trying to find out which family she was from.

As Zheng Chao, who was on the ground, was dirty, only his wound was censored, but his face was not.

As for why? It was understandable.

The dirty man on the ground looked like a vagrant, so everyone felt that he did not have any backing, which was why they dared to send it out without censoring it.

They were just bullying the weak and afraid of the strong.

However, the person who posted the photo did not expect that the dirty man was not a homeless person.

The Zheng couple originally thought that it was some gossip and did not care much. However, when they saw the man lying on the ground on the news, the couple was stunned.

Although this man was disheveled and thin to the point of almost disfigurement, how could parents not recognize their own child? The two of them immediately rushed to the hospital according to the news.

As soon as the Zheng couple arrived at the hospital and asked about Zheng Chao's ward, they rushed over.

In the end, they saw Mr. and Mrs. Shi in Zheng Chao's ward. Mr. Zheng asked in confusion, "Mr. Shi, Mrs. Shi, why are you here?"

When Mr. and Mrs. Shi saw Zheng Chao's parents arrive, their expressions turned a little ugly.

Mrs. Zheng seemed to have suddenly understood. She asked in shock and uncertainty, "The girl who wanted to kill my son is your daughter? Is she?"

Not to be outdone, Mrs. Shi said loudly, "Your son was the one who went berserk and bullied my daughter!"

The two mothers instantly exploded. They reached out their hands and were about to strangle each other when the doctor appeared in time to stop the fight.

The doctor looked at the people beside him coldly and asked, "Zheng Chao's family?"

Mr. and Mrs. Zheng immediately responded.

The doctor said expressionlessly, "The injured person consumed a large amount of animal aphrodisiacs. Coupled with excessive blood loss in the later stages, the functions of various parts of his body are severely damaged. Currently, his endocrine functions are still in a chaotic state and he needs to be hospitalized for treatment. Moreover, according to the situation just now, it's very likely that a mental illness will be triggered in the later stages. He will be so excited that he won't be able to sleep. He might even be mentally deranged or delirious.."

Chapter 484: The Truth

Mrs. Shi's eyes widened and she blurted out, "Doesn't that mean he's crazy?"

How can that do? He violated my daughter. I want him to go to jail!"

Mrs. Zheng's heart ached when she heard that her son was about to become a lunatic. When she heard Mrs. Shi's words, her eyes immediately turned red with anger. She said sternly, "What do you mean my son violated your daughter? It was clearly your daughter who was cheap and fed my son that crazy medicine. Otherwise, why would my son do such a thing?!"

At the side, Ji Yun suddenly widened her eyes and said loudly, "Dai Dai didn't drug her. Su Fei drugged Zheng Chao and tried to make him violate Lin Yin. In the end, Lin Yin didn't come. When Su Fei went in to check, she was caught by

Zheng Chao. Dai Dai was locked inside by Su Fei because she wanted to save Su

Fei and was implicated."

When Ji Yun said this, she gritted his teeth.

The situation was urgent at Twilight Clubhouse, so she had heard many things from the bodyguard beside Lin Yin.

At that time, she had always thought that Su Fei and Shi Dai had entered that room together. Later, Su Fei had escaped, but Shi Dai had not been able to escape in time and had encountered such a thing.

But now that the news had spread, she saw a photo.

In the photo, the black cloth was wrapped tightly around the door handle. Ji Yun recognized the pattern on the black cloth. It was a pattern that Shi Dai had specially designed for Su Fei.

At that time, she was the one who accompanied Shi Dai to custom-made this dress for Su Fei!

Therefore, just now, she had gone to investigate the phone call that Shi Dai had left in the house and had also gotten someone to investigate the surveillance cameras of Twilight Clubhouse.

After Su Fei called Shi Dai, Shi Dai rushed to that private room, so Shi Dai was going to save Su Fei!

From the surveillance cameras, Shi Dai's footsteps at that time were unsteady. With her sharp eyes, one could tell that Shi Dai was a little drunk.

Su Fei was a good sister that Shi Dai had to stagger over to save even when she was drunk. And such a good sister actually pushed Shi Dai into the abyss and even locked the door that might allow her to survive!

Hatred filled Ji Yun's heart as she continued, "Su Fei drugged Zheng Chao with a large dose of beast medicine and even asked Zheng Chao to provoke Lin Yin with the goal of killing Zheng Chao. I can tell you clearly that Lin Yin is not only the girl in the heart of the Third Master of the Lu Family, but she's also the biological daughter of the Mu Family, the only girl of the Mu Family!"

Ji Yun had long forgotten about Mu Ran's manager's words. She wanted to join forces with the Zheng and Shi families to kill Su Fei!

Ji Yun's words shocked and angered the surrounding people.

Zheng Chao's mother lay in front of the unconscious Zheng Chao's bed and cried her heart out. "What a vicious little b*tch. She actually caused our son to be like this. Old Zheng, I want Su Fei to pay with her life for our son! I want her to live a life worse than death!"

Mr. Zheng was also trembling with anger. How could he have forgotten about

Su Fei, this vicious little b*tch? During this period of time, Zheng Chao had been in Su Fei's hands!

Now that Zheng Chao had suddenly appeared and was drugged, who else could it be but Su Fei?

Therefore, the Zheng couple believed Ji Yun's words without a doubt.

Lin Yin had always been the favorite of the Third Master of the Lu Family. Now that Lin Yin became the daughter of the Mu Family, they naturally believed it as well.

Therefore, according to Ji Yun, Su Fei not only wanted Zheng Chao to die, but she also wanted the Zheng family to be buried with him.

This was because once Zheng Chao really harmed Lin Yin, it would only take a few seconds for the Lu and Mu families to make the Zheng family disappear from the Capital.

On the other hand, Mr. and Mrs. Shi were swarmed by the expected hatred and shock.

They had always known that Su Fei was not a good person, so they had long instructed Shi Dai not to hang out with Su Fei.

Otherwise, with Shi Dai's dim-witted and single-minded personality, something would happen sooner or later. Therefore, it was within their expectations that Shi Dai would be harmed by Su Fei to this extent.

However, they did not expect that one of the eight aristocratic families, the Mu Family, actually had a biological bloodline outside. What was even more shocking was that this bloodline was actually Lin Yin.

After Mother Shi calmed down, she clenched her fists angrily and said fiercely, "Su Fei. She caused our Dai Dai to be in such a state. I won't let her have it easy.

I'll make her wish she was dead!"

Mr. Shi was so angry that the veins on his forehead popped out..

Chapter 485: Cheap

At this moment, everyone present had already aimed their hatred at the culprit, Su Fei. They even opened their mouths to plan how to deal with Su Fei.

Ji Yun said, "Uncles, Aunties, if there's a need, I'm willing to help. Remember to look for me. I came out because I was afraid that you wouldn't know the truth and would fight with each other and let go of the real murderer. I'm going back to Dai Dai's ward to accompany her now. I'm afraid that she'll be afraid when she can't find anyone when she wakes up."

Everyone nodded at Ji Yun. Mrs. Shi went forward and held Ji Yun's hand.

"Please take good care of Dai Dai. We won't let Su Fei have it easy."

Ji Yun nodded. Zheng Chao was the only son of the Zheng Family, and Shi Dai was not doted on in the Shi Family. She was still a child of the Shi Family, so Ji Yun believed that they were determined to deal with Su Fei.

After leaving Zheng Chao's ward, Ji Yun walked towards Shi Dai's ward. However, the scene of her pushing open the door almost scared Ji Yun's heart out.

After leaving Zheng Chao's ward, Ji Yun walked towards Shi Dai's ward. However, the scene of her pushing open the door almost scared Ji Yun's heart out.

Ji Yun carefully stepped forward. Just as she was about to secretly pull Shi Dai back, Shi Dai suddenly turned around and looked at Ji Yun with empty eyes. She said faintly, "Ah Yun? You're here! Look, the stars in the sky are very beautiful. Do you still remember the meteor shower that you, I, and Feifei once watched?"

As Ji Yun approached Shi Dai with small steps, she nodded and replied, "I remember. Of course I remember."

Shi Dai smiled, but tears welled up in her eyes. Her laughter was filled with despair and desolation. "At that time, we said that we would be good sisters for the rest of our lives and would never betray each other in the future. We said it! Feifei also said it! When Feifei and I reconciled, Feifei also said that she wanted me to believe her! I believed it, I really believed her!"

When Ji Yun heard Shi Dai's words, her heart ached.

Even though she had broken her oath and did not treat Su Fei as a good sister, Shi Dai trusted and treated Su Fei with all her heart.

Now that she had been betrayed by her trusted sister, how could Shi Dai let it

As Ji Yun was sad about Shi Dai's encounter, she had already reached out and touched Shi Dai's sleeve.

Without Shi Dai's guard up, Ji Yun grabbed Shi Dai's arm and pulled her hard to the ground. The two of them fell together.

Ji Yun heaved a sigh of relief, but Shi Dai smiled foolishly.

She lay on the ground and looked at the white ceiling, laughing so hard that tears were about to come out.

"I thought that we were sisters. I didn't expect that I was just an item that she could push out to block disasters at any time! Hahaha!" Shi Dai laughed as tears rolled down her self-deprecating eyes.

"Ah Yun, do you know? At that time, Zheng Chao had already lost his mind and became very stupid. I cut him and I escaped. But I couldn't open that door! I couldn't open it no matter what! I could clearly escape! But I couldn't open that door!" Tears fell, every tear confirming the despair of Shi Dai's hopes being dashed.

Ji Yun lay beside Shi Dai and held her trembling hand tightly. Tears of heartache welled up in the corners of her eyes.

"She locked the door with the dress I gave her and locked the door where I could've escaped! Hahahaha! Don't you think it's ridiculous? It turns out that I was the one who harmed myself. I was the one who was cheap! You and Mom clearly told me a few times not to come into contact with her, but I was cheap!" Shi Dai cried and laughed in despair.

Ji Yun looked in the direction of Shi Dai's cell phone with tears in her eyes. As expected, there was no sign of the cell phone. It seemed like Shi Dai had also seen that photo just now.

Ji Yun held Shi Dai's hand tightly and choked. "Dai Dai, you're not the one at fault in this matter. You're just too innocent, too sentimental, and too trusting. Su Fei is the culprit. She's the one who should be blamed, not you!"

"No, I was the one who was cheap! I even specially found a master to custom-make a dress for her. In the end, she used the dress I gave her to lock the door to my escape and destroy my entire life! This is too laughable! I harmed myself! Hahaha!" Shi Dai said..

Chapter 486: Su Fei Escapes

Ji Yun was so angry that she pulled up Shi Dai, who was laughing wildly on the ground, and said angrily, “Even if she didn’t wear the dress you gave her today, it would still be something else! Su Fei is the one who harmed you! Why can’t you hear me?! I said that Su Fei was the culprit! Do you understand?! Is that clear?!”

At the end of Ji Yun’s sentence, she almost roared in anger.

Shi Dai stopped mocking herself and only looked at Ji Yun in front of her with red eyes from crying. Then, she pursed her lips and hugged Ji Yun as she waneu.

Ji Yun also hugged Shi Dai uncomfortably, her hand comforting her from behind.

Su Fei, who had worked all night for nothing, returned to the villa angrily. As soon as she entered, she saw Chu Yun waiting for her at the door with a worried expression.

A figure stood in the dark. At first, Su Fei was a little frightened.

Ever since they were warned by the bald man, Su Fei and Chu Yun did not dare to turn on the lights at night, afraid that they would be chased out again.

But at this moment, Su Fei felt that she really had to leave quickly.

Now, she still did not know what happened to Lu Zheng, he hadn’t been appearing.

And she had failed to scheme against Lin Yin and even hurt Shi Dai.

Moreover, after what happened tonight, whether Zheng Chao died or not, the Zheng Family would find out about this through Shi Dai.

With Lin Yin's methods, Su Fei felt that it was impossible to frame Lin Yin for this now. That was very likely. When the time came, the Zheng and Shi families would target her.

Lin Yin would not let go of this opportunity to kick her when she was down.

Therefore, Su Fei had to leave quickly before the Zheng and Shi families knew Lu Zheng's true situation. It was safer to hide.

Without waiting for Chu Yun to speak, Su Fei said with a serious expression,

"Mom! Pack up immediately. We'll go out and hide for a while. Right now."

Chu Yun immediately turned around and packed her things. The money from before had been snatched away by that baldie. All the money that the mother and daughter had now was from Zheng Chao.

Su Fei and Chu Yun nimbly packed up some essentials and money and left the villa in a hurry.

The moment the two of them drove away, a car behind them began to lock onto their car and followed them secretly.

As for the Lin Yin that Su Fei was talking about, she was secretly pushing open her home door and tiptoeing towards her bedroom like a thief.

Seeing that she had already walked to the door of her bedroom, the dim light in the room suddenly became bright. Lin Yin narrowed her eyes and looked at the man who had turned on the lights.

Mu Ran frowned at Lin Yin's sneaky look and asked, "Yinyin, where did you come back from?"

Lin Yin thought for a moment. She couldn't say that she was going to fight Su Fei, right?

Hence, after laughing dryly, Lin Yin said seriously, "I'm just going out for a walk!"

Mu Ran looked at Lin Yin's obvious guilty expression and asked suspiciously, "Is that so?"

Mu Ran suspected that Lin Yin had secretly gone on a date with Lu Ming in the middle of the night. He knew that Lu Ming was up to no good.

Damn Lu Ming. He had never let go of Lin Yin in the past, but now, he's not letting go of his biological sister!

Faced with Mu Ran's doubts, Lin Yin could only bite the bullet and say, "Of course it's true."

Mu Ran was a little angry, but he suddenly felt that the current atmosphere was inexplicably warm.

Especially when he saw Lin Yin's cute appearance of being petty with him, it was like a warm scene of a brother controlling a cheeky sister.

Thinking of this, Mu Ran suddenly felt much happier.

He puffed out his chest proudly and adopted his brother's appearance. He said with a serious expression, "Then I'll believe you. In the future, you can't sneak out at night, understand?"

Lin Yin nodded subconsciously. It was only when Mu Ran allowed her to enter the room that Lin Yin realized that she had been a little too obedient.

However, this feeling was not bad!

Lin Yin smiled and washed up, preparing to rest well because she might have something to do tomorrow.

The next morning, Lin Yin was woken up by the banging outside. She hurriedly opened the door and went out. She saw that the kitchen, which had always been tidied up by Lu Ming, was in a mess by Mu Ran..

Chapter 487: Kitchen

Lin Yin looked at Mu Ran, who was also confused, and asked, “Brother Mu Ran, what are you doing?”

Mu Ran propped up one leg, holding a spatula in one hand and a broken eggshell in the other. The eggshell was still dripping egg on the ground.

The ground was filled with egg, and almost all of Lin Yin’s eggs were on the ground. It was a mess.

Seeing that Lin Yin was looking at the mess on the ground, Mu Ran subconsciously used his bandaged foot to pull at the eggs awkwardly.

His original intention was not to let Lin Yin see the egg all over the ground and wanted to hide it, but the outcome was even worse. Even the soles of his feet were covered with.

Mu Ran smiled at Lin Yin in embarrassment.

He wanted to show Lin Yin his strength and ability as a brother, but now, it didn’t seem to be very effective.

Lin Yin held her forehead helplessly and shook her head. In the end, she sighed and said, “Brother Mu Ran, come out first!”

She clearly looked like an older brother yesterday, but she did not expect that in just one night, the noisy personality would appear again and take over Mu Ran’s body.

Mu Ran smiled with an ugly expression. Then, he avoided the egg and walked out, limping.

Lin Yin wouldn't expect a young master who didn't know how to work to clean it up. She could only clean it herself.

Ever since she moved in, Lin Yin had not used this kitchen much. It was usually Lu Ming who used it. Every time, Lu Ming would clean the kitchen, so Lin Yin rarely cleaned it up.

She did not expect that the first time she cleaned the kitchen was to clean up after her cheap brother.

Mu Ran squatted down in embarrassment and wanted to help. Lin Yin immediately said, "Stop! Brother Mu Ran, you should sit on the sofa and rest well. Otherwise, it'll be even more troublesome later."

Mu Ran got up dejectedly and sat on the sofa. Then, he picked up his phone and ordered a super sumptuous breakfast before silently sending a message to her assistant.

When the assistant received Mu Ran's message, he was a little confused. He got up and went to his manager's office. He asked curiously, "Brother Wei, has our Brother Mu Ran accepted any cooking-related variety shows or movies recently?"

Wei Yuan had not made things clear to Mu Ran because of Lin Yin to begin with, and he had not been able to find Mu Ran for the past two days and was in a bad mood.

At this moment, when he heard Zhao Nan's question, he asked sternly, "You're Mu Ran's assistant. Shouldn't you know very well what variety shows or movies he has? Why are you still asking me?"

Zhao Nan instantly felt Wei Yuan's bad mood. He thought that Wei Yuan was probably still angry because he could not find Mu Ran, right?

After secretly sticking out his tongue, he said, "I was afraid that you had just accepted a new job or something and hadn't told me yet, so I came to ask. Otherwise, why would Brother Mu Ran ask me to

find him a reliable culinary teacher? He said that he wanted to improve his culinary skills, the professional kind.'

Wei Yuan also looked at Zhao Nan curiously and asked in disbelief, "Mu Ran wants to learn culinary skills? What's he thinking? Why would he learn culinary skills for no reason?"

Zhao Nan said innocently, "I just didn't know, so I asked you, Brother Wei!"

Wei Yuan was so angry that he was about to roll his eyes. He pointed at Zhao Nan and said, "Ask him! Also, ask when he's coming to the company. Tell him that I have something to tell him!"

Zhao Nan was honest and really asked.

In the end, he received Mu Ran's reply: I want to be a qualified brother who can take care of his sister's stomach! Tell Brother Wei that I'm not free recently. Something big has happened!

When Wei Yuan saw the message Mu Ran sent to Zhao Nan, his eyes widened and he muttered, "Am I late? Mu Ran has already acknowledged her sister?"

Zhao Nan asked in confusion, "What's late? What sister? What acknowledgement? Brother Wei, don't scare me. Did Brother Mu Ran have a scandal? That can't be. If something happens to him, I'll lose my job! Brother Wei!"

"Shut up!" Wei Yuan said angrily.

Zhao Nan pouted indignantly and said to herself, "Aren't you making a fuss yourself?"

Zhao Nan asked carefully, "Brother Wei, then, should I arrange a culinary teacher for Brother Mu Ran?"

Chapter 488: Morning

Wei Yuan frowned and waved at Zhao Nan. "Go, go! Don't appear here and disturb my thoughts."

After Zhao Nan left, Wei Yuan continued to think about Mu Ran.

If Mu Ran and Lin Yin had already acknowledged each other, it would not be troublesome to deal with this matter. They could just say that the two of them already knew each other's identities.

Previously, he was worried that Mu Ran would not know about this and there would be a problem when he was asked by the reporters. Now that Mu Ran already knew about this, with Mu Ran's intelligence, he would not be so stupid as to not answer, right?

At the thought of this, Wei Yuan's mood instantly improved.

Hence, Wei Yuan happily sent a message to Mu Ran: "Mu Ran, how are you getting along with your sister?"

Mu Ran, who was vexed and blaming himself on the sofa, received Wei Yuan's message. His eyes instantly widened, and he replied in disbelief, "How did you know that I recognized my biological sister?"

When Wei Yuan saw Mu Ran's reply, he smiled until his eyes narrowed into a line. He replied, "I'm your manager. What don't I know? I rushed to look for you that day to tell you about this. It's just that you ran away before I could finish speaking. I didn't even have a chance to explain it to you. I was afraid that someone would monitor my phone, so I didn't send a message to say this."

Mu Ran recalled what Wei Yuan had said that day that his two brothers wanted to bring Lin Yin home and his mood instantly turned bad.

Mu Ran gritted his teeth and replied, "Next time, get to the point! Otherwise, I won't be polite!"

Mu Ran was so angry that he tapped loudly on the screen of his phone when he typed.

If it weren't for Wei Yuan, this incompetent person, he would have known a day earlier that Lin Yin was his sister and wouldn't have been so conflicted that he would have been depressed.

Just as Lin Yin finally cleaned up Mu Ran's mess, the doorbell rang.

It was the luxurious breakfast Mu Ran had ordered. Lin Yin smiled and said, "Your taste is about the same as your brother's. You like this place too."

Mu Ran looked at Lin Yin in surprise and asked, "You had breakfast with Brother?"

"That's not it. When I was still in the Su Family, he happened to pass by in the morning and delayed my breakfast, so he compensated me with breakfast," Lin Yin said with a smile.

Mu Ran sneered. "Passing by? He's obviously looking for you. Big Brother won't just be passing by."

As she spoke, Mu Ran opened the various lunch boxes and placed the delicious food in front of Lin Yin. He looked at Lin Yin curiously and asked, "Is Big Brother the first to know your true identity?"

Lin Yin shook her head and said, "No, it's Brother Mu Xiao! He knew about this when he was in his third year of high school. At that time, because my blood type was the same as yours, he suspected it, but he never did a paternity test. Later on, on this graduation trip, Brother Mu Heng suspected me and privately did a paternity test, and things turned out like this."

Mu Ran sat on the sofa angrily and sulked. "The two of them really don't care about their brotherhood at all. Especially Mu Xiao. It's been so long, but he's actually been secretly hiding you and not letting us know. He's so vicious that he deserves to be killed!"

Lin Yin was amused by Mu Ran's cuteness.

“Alright, didn’t you say yesterday that you won against them? Don’t be angry. Hurry up and eat,” Lin Yin comforted.

When Mu Ran thought of this, she felt a little better. So what if Mu Xiao and Mu Heng found out so early? Wasn’t he the one accompanying Yinyin now?

Mu Ran happily picked up a small bun and placed it in Lin Yin’s bowl. “Yes, yes,

Yinyin, eat quickly too.”

Previously, Mu Ran liked to eat with Lin Yin and was keen to pick up food for her.

Now that he knew that Lin Yin was his sister, Mu Ran picked it up even more happily. He liked to see Lin Yin eat until her cheeks were puffed up. She was especially cute, like a child.

However, thinking of this, Mu Ran felt a little disappointed. If Lin Yin hadn’t gotten lost back then, he would have been able to see what Lin Yin was like when she was young. She would definitely be cuter than she was now.

Then Mom wouldn’t go crazy either. Their family would be very happy. When he went to school, he would probably put the little Lin Yin in his school bag and bring her to school to let everyone see how cute his sister was..

Chapter 489: Lin Yin’s Scheme

The more she imagined how happy their family would be if Lin Yin was not lost, the angrier Mu Ran became at the nanny.

It was a pity that the nanny was dead. Otherwise, he would definitely let that nanny feel his wrath.

Lin Yin looked at Mu Ran in confusion and asked, "What are you doing? Why are you gritting your teeth?"

Mu Ran immediately put on a smile and said, "No, I just suddenly thought of a hateful person, so I was a little distracted."

As she spoke, Mu Ran continued to pick up food for Lin Yin. This was the first breakfast the siblings had after they reunited. Mu Ran cherished it.

Mu Ran even took a photo and sent it to his two brothers arrogantly, almost making the other two run over on the spot to drag Mu Ran out to teach him a lesson.

After eating, Mu Ran didn't let Lin Yin do anything. He wanted to make his image of a good brother more perfect and clean it up himself.

As he cleaned up, Mu Ran said, "Yinyin, don't go out alone when it's too late in the future. It's too dangerous. When you're going out, call me along. Let me tell you, when I came here this morning, I saw a report of a girl being bullied by a

tramp at the Twilight clubhouse. I heard that she's a girl from a rich family. I wonder how she's doing now. Look, it's so dangerous!"

Lin Yin coughed uncomfortably. She did not dare to say to Mu Ran now, "Brother Mu Ran, you don't have to hear it. I was there yesterday. If you want more detailed information, I can tell you. I can even tell you where the culprit is now."

If that was the case, Mu Ran would probably have thrown down the lunch boxes in his hand and run to Lin Yin's side to check her wound.

After Mu Ran finished packing, he received a call from the Mu family. Hearing his grandfather's serious voice on the other end of the line, Mu Ran frowned slightly. After looking at Lin Yin, he replied in a low voice, "Okay, I'll go back later."

Seeing that Mu Ran seemed to have something on, Lin Yin said, "Brother Mu

Ran, do you have something to do? Shall I drive you there?"

Lin Yin thought about how Mu Ran's ankle was injured and it was inconvenient for him to drive. If something happened, she would send him over. It just so happened that she had to go to the company and deal with some other matters.

Mu Ran shook his head and said, "There's no need. I'll get my assistant to pick me up later. I'll come and accompany you tonight after I'm done with my matters today."

Lin Yin was about to refuse when Mu Ran seemed to have guessed what Lin Yin was going to say. He immediately pouted and said aggrievedly, "I went home alone and my foot was injured. How pitiful!"

Lin Yin really couldn't do anything about Mu Ran. He could only nod at him and say, "Okay!"

Mu Ran instantly beamed.

After Mu Ran was picked up by her assistant, Lin Yin drove to Shisheng Corporation.

After dealing with some company business, Sun Biao came over and reported to Lin Yin, "Su Fei and Chu Yun are hiding in a small hotel now. Then, Su Zhen is still in the hospital, but his leg is broken. He'll probably spend the rest of his life in a wheelchair. I've been following Su Lin for a while. According to the current situation, there's a minimum of ten years."

"What's the situation with the Zheng and Shi families now?" Lin Yin asked.

"The two families have been in the hospital all this time. I don't know what they'll do next. However, Zheng Chao woke up, but he's stupid, or a psychopath. The one called Shi Dai is fine. Our people said that she's been in the ward quietly," Sun Biao replied.

Lin Yin smiled and said, "Get someone to follow the Shi and Zheng families, or rather, Ji Yun. If they have any need to deal with Su Fei, go and help them. For example, where they are right now. Also, leak the news that Lu Zheng is being locked up by Old Master Lu to those families and let them understand Su Fei's current situation."

Everyone only knew that Lu Zheng had been deposed from his position in the Lu Corporation, but they did not know that Lu Zheng had already been locked in the ancestral hall by the Old Master to be punished.

With Lu Yan, this small detective in the Lu Family, Lin Yin found out without any effort.

Sun Biao agreed.

"Oh! By the way, send someone to secretly follow the two sisters, Meng Shu and Meng Wan. Meng Shu used me to deal with Su Fei, and Meng Wan wanted to kill me. Since I can't find the person behind it, I'll catch these two people and play with them.."

Chapter 490: Looking for Su Zhen

Sun Biao immediately made a call and instructed.

Then, Lin Yin brought Sun Biao to the small hospital where Su Zhen was. Seeing Su Zhen lying paralyzed on the hospital bed, Lin Yin smiled.

Su Zhen did not expect Lin Yin to come to the hospital to see him. He, who did not know Lin Yin's motive, looked at Lin Yin warily and asked, "What are you doing here?"

Lin Yin found an empty chair and prepared to sit down. Sun Biao immediately called out to Lin Yin and thoughtfully took out a tissue to wipe the chair for her.

“Boss, this place is very dirty. Let me wipe it for you.” After wiping it, Sun Biao smiled at Lin Yin and said, “Boss, please sit!”

Lin Yin shook her head in amusement and sat down slowly. She looked at Su Zhen with a composed expression and asked politely, “President Su, how’s your recovery these past few days?”

Su Zhen didn’t know what Lin Yin wanted to do here now, and he didn’t dare to respond, so he could only stare at Lin Yin and wait for her to continue.

Lin Yin smiled casually. She looked at Su Zhen’s terrified expression and asked

Sun Biao to leave first.

Sun Biao said worriedly, “Boss, you’ll be safer with me here.”

Lin Yin sized up Su Zhen rudely and said sarcastically, “He’s just a cripple. What can he do to me? Don’t worry, I’m fine.”

Sun Biao had no choice but to follow the instructions and go out to guard the door.

When Su Zhen heard Lin Yin say that he was crippled, he was furious and said, “Lin Yin, if you’re here to laugh at me, leave quickly after you’ve seen enough.

Otherwise, I’ll call the nurse.”

Lin Yin clicked her tongue lightly and said, “You’re already so old and your leg is crippled. Why are you still so hot-tempered? But you were right about something just now. I’m here to laugh at you. It’s just that I haven’t seen enough yet, so I want to see it again until I’m nappy.”

Su Zhen finally knew that Lin Yin was clearly here to humiliate him. Therefore, he planned to not entertain Lin Yin. This way, Lin Yin would not be interested and would probably leave soon.

“You’re not talking? It’s fine! Then I’ll talk! I think you know who the mastermind was for your Su Corporation’s bankruptcy last time, right? Yes, it’s me. I have to tell you something else. All of your projects violated the rules this time. It wasn’t an accident, but it’s also me!” Lin Yin smiled.

Su Zhen’s eyes widened as he looked at Lin Yin in disbelief. He had always thought that the Zheng Family was plotting against them, but he did not expect it to be Lin Yin.

Lin Yin looked at Su Zhen in surprise and mocked, “Don’t tell me you still don’t know? Then you’re really stupid, as stupid as Zheng Chao’s family. Those idiots from the Zheng Family were overjoyed with a few good projects and dared to take on any project. Therefore, I bribed the Zheng Family’s project director and asked him to bring Zheng Chao everywhere to sign all kinds of problematic projects. Later on, they shared these projects with you. Everything was really going according to my plan.”

As she spoke, Lin Yin seemed to have suddenly thought of something and said to Su Zhen happily, “Originally, I wanted to send the Zheng Family and the Su Family in together, which is to send Zheng Chao and Su Lin in together. I didn’t expect Su Fei to run out at this moment and kidnap Zheng Chao. As for the

Zheng Family, in order to please Su Fei, they gave all those projects to the Su Family and happened to escape. Don’t you think your Su Family is too unlucky?

Hahaha!”

Su Zhen did not expect such a thing to happen in these projects. This was indeed something he had not expected.

“Why? What did our Su Family do to you? First, you made the Su Corporation change hands, and now you want to kill our Su Family. Why?!” Su Zhen questioned loudly, unable to figure it out.

“Why? Why are you asking such a stupid question? Don’t tell me you think I don’t know that you wanted to give me to Ma De back then? Don’t tell me you think I don’t hate you for bringing me onto the cruise ship for an auction?” Lin Yin stood up and questioned Su Zhen.

Su Zhen roared indignantly in a low voice, "But you're fine, right? You shouldn't hate me or the Su Family. You're clearly unscathed."

"Unscathed? Hahahaha! Unscathed!" Lin Yin smiled until her eyes turned red.

In her previous life, she had been tortured by Ma De until she didn't even look like a human.. How could that be called unscathed?
