

## Real Daughter 491

### Chapter 491: Humiliating Su Zhen

Su Zhen did not know what provoked Lin Yin to be like this. He asked in confusion, "Isn't that so? Su Fei was the one who was hurt in the matter with Ma De. On the cruise ship, Su Fei and I were the ones who were hurt. You were unscathed. What right do you have to treat the Su Family like this? During the time you stayed in the Su Family, I treated you well. If this isn't repaying kindness with ingratitude, what is?!"

Lin Yin slowly walked to Su Zhen's bed and said sinisterly, "Then did you think that perhaps this was a sin you committed in your previous life? That's why I'm here to ask you for a debt in this life."

Su Zhen felt that it was too ridiculous and mocked, "Lin Yin, what nonsense are you talking about? What past life and this life? I'm telling you, don't talk nonsense here!"

There was a smile on Lin Yin's lips, but there was no warmth in her eyes. Instead, they were as vicious as a poisonous snake.

"You don't believe me? It's okay. You just need to know that your current ending is to atone for your evil deeds in your previous life! Of course, you've done a lot of evil deeds in this life. Although I hate Su Fei, I can't deny that you've completely destroyed Su Fei, just like me in my previous life. Once you sink into the mud, you can't wash away that dirty nightmare in this life."

Su Zhen was unwilling to believe what Lin Yin's previous life was. He only said fiercely, "Lin Yin, I advise you to restrain yourself. Otherwise, when my son, Su Lin, comes out, you won't have it easy!"

Lin Yin looked at Su Zhen mockingly and pityingly and sneered, "Are you still thinking about that useless son of yours? Let me be honest with you. Your son won't be able to come out for at least ten years. Don't worry, I'll send more evidence in. I'll let him stay in jail for a longer time. I'll make sure you won't be able to see the Su Family rise again in this lifetime, let alone have a son to take care of you in your old age. You won't be able to enter your Su Family's ancestral grave. When you go underground, your Su Family's ancestors will poke at your backbone and scold you for being unfilial! Hahaha!"

Su Zhen was so angry that his eyes were suddenly bloodshot. Even his breathing became heavier.

He reached out angrily to hit Lin Yin, but because he could not move his legs, Su Zhen fell to the ground.

But even so, he used all his strength to grab Lin Yin in front of him. He wished he could drink her blood and eat her flesh. Only by biting Lin Yin to pieces could he relieve the hatred in his heart.

Lin Yin retreated easily. She looked at Su Zhen, who was lying on the ground and trying his best to climb up and grab her, and sneered. "You're overestimating yourself! Hmph! Enjoy the good times in the hospital now. I'll pick you up later and change the place for you to enjoy."

With that, Lin Yin seemed to turn around and leave happily. However, the moment she turned around, there was relief and pain on her face.

Some revenge did not mean that once you took revenge, you would completely let go and live happily.

The days and nights of being imprisoned and injured by Ma De in her previous life had planted an indelible shadow in Lin Yin's memory. That was not something that could be forgotten easily.

The pain, humiliation, and embarrassment would follow her for generations.

Therefore, it was already a bargain for a person like Su Zhen to die simply.

She would not let Su Zhen off just like that. She would let Su Zhen suffer the same fear she had suffered day and night.

Lin Yin opened the door of the ward and said to Sun Biao, "Continue to get someone to keep an eye on Su Zhen. Don't let him escape."

Sun Biao nodded and left the hospital with Lin Yin.

When the Zheng and Shi families found out that Lu Zheng had been locked up by Old Master Lu, their thoughts of not daring to touch Su Fei instantly became active.

Mr. Zheng said, "We'll take advantage of Lu Zheng's absence to get someone to secretly deal with Su Fei. This way, no one will know when the time comes."

"I agree. It just so happens that the Su Family has fallen. Without the protection of the Su Family and Lu Zheng, what else can Su Fei do? Su Fei, this vicious woman, treats our child like this. Let's take advantage of this opportunity to end the battle quickly!" Mr. Shi echoed.

Hence, the adults of the two families hit it off and sent people to capture Su Fei.

However, they did not expect Su Fei to slip away so quickly. They searched for a day but could not find Su Fei.

Just as they were vexed, Ji Yun suddenly walked over and said, "I know where Su Fei is."

Everyone was instantly overjoyed, but Mr. Zheng still asked, "How did you know? We investigated for an entire day but couldn't find anything.."

#### Chapter 492: Beating Su Fei Up

Ji Yun knew who had sent the message in her hands. She did not hide it and said directly, "Someone sent me the news, so I knew."

Mr. Shi asked hesitantly, "Is the news of this stranger reliable?"

Ji Yun smiled and said, "We'll know if it's reliable or not when we secretly investigate. I guess Lin Yin sent this news to us. This time, Su Fei set up a trap for Lin Yin. How could Lin Yin let Su Fei off just like that?"

Therefore, I don't doubt the source of the news. I think Lin Yin wants to use us to torture Su Fei. She knows very well that Su Fei will definitely not have a good time in our hands."

The surrounding people agreed with Ji Yun. However, although Lin Yin wanted to use them to make things difficult for Su Fei, they appreciated it.

Otherwise, if they couldn't find Su Fei, wouldn't their child have suffered such harm for nothing?

The group quickly went to the small hotel that was written on the message, blocking Su Fei and Chu Yun in the hotel.

Soon, the cries and cries of an old and a young girl came from inside. However, very quickly, the cries for help disappeared, leaving only whimpers that could be heard if one listened carefully.

At this moment, Mrs. Zheng held a large bottle of animal aphrodisiac hormone and pinched Su Fei's face hard, wanting to pour it into Su Fei's mouth. At this moment, Mr. Zheng suddenly stopped Mrs. Zheng and said, 'Wait!'

Su Fei instantly heaved a sigh of relief, her bruised face filled with relief.

Without thinking, Su Fei knew what Mrs. Zheng wanted her to eat.

Mrs. Zheng asked in confusion, "What's wrong? Su Fei caused our son to suffer so much. Shouldn't we make her pay the same price?"

The Shi couple at the side also asked in confusion, "That's right, President Zheng. What do you mean? We have to let Su Fei, this vicious thing, have a good taste of the harm our Dai Dai has suffered!"

Su Fei looked up at the Shi parents and said sadly, "Uncle, Auntie, Dai Dai's matter was an accident. The person inside was originally Lin Yin. Dai Dai suffered on behalf of Lin Yin!"

At the side, Mother Shi slapped Su Fei hard and said in a malicious tone, "Don't think you can fool us with just a few words. You can fool a silly girl like Dai Dai, but you can't fool us! What did Lin Yin do? Zheng Chao's drugging, those reporters, and that closed door were all done by you!"

The more Mother Shi spoke, the angrier she became. She slapped Su Fei a few more times.

At this moment, Father Zheng said, "My Zheng Chao has gone crazy now, but our Zheng Family can't not have an heir. With my son's current situation, no daughter of a good family will marry into our Zheng Family. Instead of buying a woman to carry on the family line, why don't..."

As he spoke, Mr. Zheng turned to Su Fei and said coldly, "Why don't we make her give birth!"

When Chu Yun heard that these people wanted her daughter to give birth to the crazy Zheng Chao's child, she let out a protesting cry.

Mrs. Zheng kicked Chu Yun, who was tied up at the side. Then, disdain flashed in her eyes as she said unhappily, "This woman is not clean. I'm unwilling to give birth to our Zheng Family's child. I'd rather buy a clean and poor girl. This way, other than giving birth, she might be able to take care of our son."

Mr. Shi and Mrs. Shi suddenly stopped talking at this point.

This was because Zheng Chao and his wife's thoughts had previously landed on their daughter. They even shamelessly said that since the two children had already done that kind of intimate thing, they might as well get married.

How could they be willing? They just treated their daughter as if she had been bitten by a mad dog. As long as no more people knew about this, Shi Dai would still be the daughter of the Shi Family.

If Shi Dai and Zheng Chao got married, her life would really be ruined.

Therefore, when Mr. Zheng set his sights on Su Fei and Mrs. Zheng set her sights on the human trafficking business, they naturally did not say anything.

After Zheng Chao's matter was resolved, they would be less worried. Otherwise, they would always be afraid that the Zheng couple would keep an eye on their daughter..

#### Chapter 493: Chu Yun's End

Mr. Zheng frowned and said, "Even a girl from a poor family might not be willing to be with a lunatic with mental problems who can hit someone at any time. What are you thinking?!"

When Mr. Zheng mentioned his son, his heart ached. He did not want to use mentally ill or lunatic to describe him. but he really had no other choice.

Otherwise, he would have gone overseas to find a surrogate. That would have been fine, but he did not want to let Su Fei off so easily.

Hence, Mr. Zheng said, "Since Su Fei did this to Ah Chao, let Su Fei compensate our son with her own self. I think Ah Chao will be very happy to see Su Fei! Let Ah Chao find out how she tortured him himself! As for what happened after that, we'll talk about it when the time comes!"

Mrs. Zheng was convinced by Mr. Zheng and said firmly, "Yes, let our son take revenge himself. However, this little girl is very smart. It won't be good if she hurts our son. Hubby, go find some medicine that can immobilize people. It's safer this way!"

Mr. Zheng nodded.

The Shi family also agreed with the Zheng family's decision. If their daughter was bullied by a lunatic, then as the culprit, Su Fei should be bullied by a lunatic for the rest of her life and raise children for a lunatic for the rest of her life. She would be violated forever.

Su Fei said loudly, "This is illegal imprisonment. This is illegal!"

Mrs. Zheng smiled. ‘When you locked our Ah Chao up, why didn’t you say that it was illegal? Why didn’t you say that it was illegal?’

Su Fei was speechless. She opened her mouth to call for help, but before she could say anything, Mrs. Zheng stuffed her mouth with a cloth.

Mrs. Zheng looked at the medicine in her hand, then her gaze turned to Chu Yun, who was lying on the ground. Malicious thoughts instantly assaulted her.

She held the medicine bottle and walked to Chu Yun’s side. She said evilly, “It has something to do with you as a mother to raise such a vicious daughter.

Since she can’t drink it anymore, drink it for her!”

As she spoke, Mrs. Zheng took out the cloth from Chu Yun’s mouth and poured all the medicine into her mouth under Chu Yun’s frightened and resistant gaze.

While taking Su Fei away, they also took Chu Yun away.

However, Su Fei would be brought to the Zheng Family, and Chu Yun would be thrown into the slums in the suburbs, where there were the most homeless people.

The Su Family had been down and out of business recently, but Chu Yun had been a rich lady for most of her life. Even if she was old, she was much more charming than most women in these slums.

Hence, just as the Zheng and Shi families were about to leave, they could already hear the lewd humiliating sounds of the vagrants, the sound of clothes being torn apart violently, and Chu Yun’s terrified and miserable screams.

Su Fei was sad that her mother would still suffer such humiliation at her age. She closed her eyes, unwilling to listen.

However, Mother Shi refused to let her. She grabbed Su Fei's hair fiercely and did not let Su Fei close her eyes. She let her watch helplessly as her mother was surrounded by those dirty people and violated powerlessly.

"Does your heart ache? Su Fei, let me ask you, will your heart ache when you see your family being hurt?! Let me tell you, this is how we feel when we know that something happened to Dai Dai! And you deserve everything that happened today!" Mrs. Shi said fiercely.

Su Fei's heart was filled with hatred. If Lin Yin had gone in obediently this time, she wouldn't have suffered like this.

If Lin Yin was harmed by Zheng Chao, the entire Zheng Family would definitely die.

Nothing would happen to Shi Dai either.

Then she would not have been tortured so badly by the Zheng and Shi families now, and her mother would not have to suffer such humiliation!

It was all Lin Yin's fault!

Su Fei could not understand why things would turn out like this when everything was clearly within her calculations.

However, no matter how Su Fei thought about it, she could not go back to the past.

The moment the car started, Su Fei heard Chu Yun's voice turn from the initial resistance and cry for help to a lustful voice. It could be seen now how domineering the medicine was. It could actually make a noblewoman, who was usually high and mighty, moan so loudly under those dirty vagrants and shamelessly ask for more.

Laughter and ridicule rose and fell in the car. As the car started, the lewd and disgusting sounds slowly disappeared..

## Chapter 494: Ridiculing Su Fei

Su Fei was brought to a basement of the Zheng Family, just like when she imprisoned Zheng Chao. At this moment, she was also imprisoned by the Zheng Family in a dark place, and it was in an iron cage.

Su Fei thought that Zheng Chao would not be back so soon. She should be safe for the next few days because other than taking a large amount of beast medicine, Zheng Chao had also had his face and neck cut by Shi Dai. These wounds were not so easy to heal.

She wanted to use this time to think about how to get out.

She did not want to have children with a disgusting lunatic like Zheng Chao. She was someone who was going to marry Lu Zheng in the future and become the eldest daughter-in-law of the Lu Family.

Perhaps in the future, when she married Lu Zheng, under her strategic planning, Lu Zheng would be able to surpass Lu Ming and become the head of the Lu Corporation.

Su Fei had a beaten-up face. As she dreamed, she knocked around the cage.

She really did not expect that the Zheng Family would dare to humiliate her like this and lock her in a cage like a beast.

A familiar voice suddenly sounded in the empty basement, scaring Su Fei. She turned around abruptly and looked in the direction of the voice.

When she saw that it was Ji Yun, Su Fei heaved a sigh of relief. She leaned against the iron cage and looked at Ji Yun with a pleading expression. "Ah Yun, can you let me out? On account that we were once good sisters, can you let me out? We said before that we would never betray each other, do you still remember? You can't ignore your oath, right?"

Ji Yun walked closer to Su Fei and sneered. "Good sister? Never betray each other? Su Fei, don't you feel guilty when you say these things? When you locked Shi Dai in that private room, why couldn't you remember that you and Dai Dai were good sisters? Why couldn't you remember that you would never betray each other?"

Su Fei was in the wrong and immediately explained, "I really didn't know that it would be like this that day. I was just afraid, so I forgot that Dai Dai was still inside. Later, I also got someone to save her. It was just a little late, but I really tried my best. I was even naked and rushed out of the front desk to look for someone without caring about my face. Dai Dai can only blame her bad luck for this. Otherwise, as long as she persevered for a little longer, I would be able to find someone to save her!"

Ji Yun was so angry that her eyes turned red. She had never seen someone so shameless as to absolve herself. "Su Fei, are you shameless? If you hadn't called Dai Dai for help, Dai Dai wouldn't have encountered such a thing. If you hadn't locked the door, Dai Dai would have been able to escape on her own. It was you who caused her to fall into such a state. You're actually saying that she's unlucky. Are you human?!"

Su Fei straightened her neck and said, "That's between Dai Dai and me. I'll make it up to her in the future. But at least I didn't do anything to you, right? We sisters have our own opinions. I unintentionally let Dai Dai down. I'll make it up to her in the future. Then between you and me, you shouldn't have let me down. You also said that we would never betray each other."

Ji Yun laughed so hard that tears were about to fall from her eyes. She mocked Su Fei, "Su Fei, I realized that you're really shameless. Even if you don't care, you can still say some twisted logic that's eye-opening. Su Fei, let me tell you the truth. I'm just forcing myself to be friends with you on Dai Dai's account. What never letting you down? Let me tell you, a person like you doesn't deserve anyone's oath. A selfish person like you deserves to be betrayed by everyone and have a miserable ending!"

Su Fei's desire to please Ji Yun instantly stopped.

Ji Yun had never been close to her, so she naturally knew.

Therefore, since Ji Yun had no intention of saving her now, why should she lower herself to beg Ji Yun?

When Ji Yun saw Su Fei suddenly straighten up and stare at her coldly, she naturally knew the change in Su Fei's heart.

Yes, she did not intend to let Su Fei off this time. She wanted Su Fei to suffer the consequences of her actions.

"Su Fei, you've abandoned the only sister in the world who treats you the best. In the future, you won't meet such a good sister who will always treat you well," Ji Yun said as she looked at Su Fei sympathetically.

Su Fei was silent because she did not know what to say to counterattack Ji Yun because she knew very well that Ji Yun was right.

Shi Dai was not very smart and was one-track-minded, but she was still good to her sisters.

Therefore, she had never thought of harming Shi Dai to this extent. She was really stunned at that time. She was in a hurry to lock the door because she did not want Zheng Chao to run after her..

Chapter 495: Unsaved

But now, it was too late to say anything. Shi Dai was already like this. No matter how she explained, no one would believe her.

Ji Yun's gaze began to sharpen as she said fiercely, "You brought this on yourself. It's your retribution for harming Dai Dai. Also, I'm not afraid of you taking revenge on me even if I say it out loud. I asked Zheng Chao's parents to prepare this cage in advance. In my opinion, you're no different from a beast. A beast cage is most suitable for a beast like you."

Su Fei instantly put away her guilt towards Shi Dai and looked at Ji Yun threateningly with great anger. "Ji Yun, don't let me go out. Otherwise, I'll kill you!"

Ji Yun smiled mockingly. "Go out? Su Fei, you still want to go out? Don't tell me you think that your godfather will save you? He can't even protect himself now, so how can he have the time to care about you? When he remembers you, he'll only get the news that you jumped into the sea and committed suicide."

Su Fei widened her eyes and asked loudly in confusion, "Ji Yun, what do you mean? Tell me clearly!"

Ji Yun looked at Su Fei's obviously flustered face and sneered. "What do you mean? Don't tell me you think we didn't make any preparations for locking you up?"

Seeing that Su Fei was getting more and more flustered and afraid, Ji Yun But now, It was too late to say anything. Su Fei was already like this. No matter how she explained, no one would believe her.

Ji Yun's gaze began to sharpen as she said fiercely, "You brought this on yourself. It's your retribution for harming Dai Dai. Also, I'm not afraid of you taking revenge on me even if I say it out loud. I asked Zheng Chao's parents to prepare this cage in advance. In my opinion, you're no different from a beast. A beast cage is most suitable for a beast like you."

Su Fei instantly put away her guilt towards Shi Dai and looked at Ji Yun threateningly with great anger. "Ji Yun, don't let me go out. Otherwise, I'll kill you!"

Ji Yun smiled mockingly. "Go out? Su Fei, you still want to go out? Don't tell me you think that your godfather will save you? He can't even protect himself now, so how can he have the time to care about you? When he remembers you, he'll only get the news that you jumped into the sea and committed suicide."

Su Fei widened her eyes and asked loudly in confusion, "Ji Yun, what do you mean? Tell me clearly!"

Ji Yun looked at Su Fei's obviously flustered face and sneered. "What do you mean? Don't tell me you think we didn't make any preparations for locking you up?"

Seeing that Su Fei was getting more and more flustered and afraid, Ji Yun smiled even happier. "We created the news that you were chased after because of the Su Family's bankruptcy and accidentally fell into the sea and died. I don't think anyone in this world will know that you're still alive. Naturally, no one

will come to save you. So, you want someone to save you? That's impossible, because no one will go looking for a dead person to save a dead person!"

Ji Yun knew how to accurately strike at Su Fei's defenses. She knew how to break Su Fei's hopes and how to make Su Fei afraid in this basement.

Once a person lost hope, the harm she suffered would be endless, and the pain would multiply.

Therefore, Ji Yun would not allow Su Fei to lead such a good life.

Obviously, Su Fei's reaction had proven the validity of Ji Yun's thoughts.

When Su Fei thought about how there was no hope of her future being saved and how she had to serve Zheng Chao like a beast for the rest of her life, fear surged in her heart.

Su Fei suddenly threw away all her dignity and knelt in front of Ji Yun, begging, "Ah Yun, you can't treat me like this. Think about it. Dai Dai treats me so well.

If she finds out that I was locked up by you and treated like this, she'll hate you.

Ah Yun, let me out, okay? I promise you, I'll use the rest of my life to make up for Dai Dai, okay? Let me out!"

"That's impossible! I've said it before. You killed one of your best sisters. No one will be stupid enough to avenge you because you were hurt. Dai Dai will only know that the evil person jumped into the sea and died. Oh, right, there's also your mother, right? She's crazy. She won't remember that she has a daughter. And your brother, Su Lin, has a ten-year prison sentence. When he comes out, you'll probably have been played rotten," Ji Yun said to Su Fei with a

smile.

“You can’t do this! Ji Yun, you’ll suffer retribution. You swore that you wouldn’t let your sisters down. You’ll suffer retribution like this!” Su Fei shouted incoherently.

Ji Yun was only here to give Su Fei a psychological blow and destroy all her hopes. Only then would Su Fei suffer even more in this helpless life in the cage!

With that, Ji Yun ignored Su Fei’s loud shouts and turned to leave.

When Su Fei imprisoned Zheng Chao and the others back then, she had never thought that she would one day be treated like Zheng Chao.

No! She was even more miserable than Zheng Chao. Zheng Chao still had his parents to save him. There was still hope, but she had no hope.

Su Zhen was crippled, Su Lin was in jail, and his mother, Chu Yun, had gone crazy. Lu Zheng, whom she could rely on previously, was no longer reliable.

If it was in the past, when Su Fei suddenly disappeared, perhaps this little fool, Shi Dai, would not give up and look for her everywhere. If she knew that she was here, Shi Dai would definitely cause chaos in the Zheng Family and come to save her!

But now, it was gone. No one would come to save her!

Su Fei hit the iron cage that trapped her in despair, but she could not change anything in the end. She could only wait in fear..

## Chapter 496: Mu Family Old Mansion

At this moment, the Mu family’s living room was solemn. The Old Master did not speak, and no one present dared to speak.

Old Madam Mu sat on the solid wooden armchair on the other side, while Mu Ning sat obediently beside Old Madam Mu, holding her breath as she looked at the ground.

On the other hand, Mu Cheng sat down with his three sons. Their expressions were also serious.

After a while, Old Master Mu asked, "Are you sure that girl is Mu Tian?"

Old Master Mu was talking to Mu Heng, clearly questioning Lin Yin's identity.

Mu Heng took out the paternity report with Lin Yin and handed it to Old Master Mu. He said firmly, "I'm sure Yinyin is Tian Tian. I personally got someone to do this paternity test."

Mu Xiao also said, "Grandpa, Yinyin is our sister. We're all very sure about this. Yinyin's blood type is the same as Mu Ran's. Her appearance is also a little similar to mine, especially her eyes. With Big Brother's paternity test, there won't be a mistake."

Old Madam Mu snorted. "Who knows if this report has been swapped? With our Mu family's background, it's not difficult for someone to take the risk to come in and fake a paternity test. Not just any Tom, Dick, or Harry can be a descendant of the Mu family. If that kind of girl with bad character is really of the Mu family's bloodline, I'm afraid our Mu family will be completely embarrassed by her."

When Mu Ran heard Old Madam Mu call Lin Yin a Tom, Dick, or Harry and

doubt her character, he couldn't help but say, "Grandma, you've never interacted with Yinyin at all. How can you say that Yinyin's character is bad?"

Old Madam Mu was already angry at being forced to return to the old residence. Now that Mu Ran had spoken, she found a way to vent her anger.

Old Madam Mu glared at Mu Ran and said, "I don't need to get along with her. From the way you're defending her now, I can guess that her character is bad! A normal girl from a good family won't let you

become like this. You question elders and even interrupt them! When did you learn to be disrespectful to your elders? She's really rude! How outrageous!"

When Old Madam Mu said this, she looked at Mu Cheng and Mu Heng meaningfully.

Mu Heng naturally knew that the old lady was talking about him. The old lady was still blaming him for getting the bodyguards to forcefully send her and Mu Ning back to the old residence and embarrass her.

This kind of pampered young lady from a high-class family still had an overbearing and unyielding aura even when she was old. To be honest, it made Mu Heng feel a little frustrated.

However, the education he had received since he was young prevented him from saying disrespectful words to an elder. This indeed annoyed him a little.

Mu Ran did not care about this. He stood up angrily and said, "Grandpa, if you called me back today just to let me hold a meeting with you and reprimand Yinyin for her bad character, then I'm sorry. I'm very busy and don't have time to accompany you here to make things up!"

"Mu Ran!" Mu Cheng shouted in a low voice. "Where have you learned the rules? Is this your attitude towards your elders? We can slowly explain things that your elders don't understand. You have to change your rash temper."

Mu Ran was so angry that he wanted to retort his father, but he was stopped by Mu Heng the next second.

At this moment, Mu Xiao said, "Grandma, you know that Mu Ran has been like this since she was young. It's a little unfair for you to use Mu Ran's actions to judge Yinyin's character now. Besides, Yinyin is your biological granddaughter after all. She still has your blood in her. Grandma, you're so intellectual and elegant. Yinyin can inherit some of Grandma's good qualities no matter what. With the connection of these bloodlines, Yinyin's character naturally won't be bad. "

Mu Xiao's words touched Old Madam Mu's heart, and her expression was filled with joy.

"In your family, only Xiaoxiao is sensible. The others are really a mess!" Old Madam Mu did not forget to snort.

In Old Madam Mu's opinion, Ye Wen was a lunatic. Mu Cheng was the guardian of a lunatic. He must be crazy to guard a lunatic every day.

As for Mu Heng, he was polite every time they met, but he was actually cold-blooded and did not even smile. Looking at him brought about a bad mood.

And that Mu Ran was a troublemaker. He could jump out and go against you no matter what he was unhappy about..

#### Chapter 497: Ye Wen Is Missing

Therefore, only Mu Xiao, who would smile and call her Grandma when they met, could make her happy a little.

Old Master Mu did not participate in the dispute between Old Madam Mu and his sons and grandchildren. He only asked Mu Cheng in a steady voice, "How do you plan to deal with it? When are you going to bring her back?"

Mu Cheng sighed and said, "I haven't thought of how to persuade Yinyin to come back. She hasn't accepted her new identity yet, so she's still hesitating."

Old Madam Mu, who was at the side, was instantly dissatisfied when she heard that. "What do you mean by still hesitating? Why? Does she not like the Mu family's status? I think she's just pretending to be innocent and playing hard to get. Son, I think you don't have to care about her at all now. Trust Mom. As long as you don't take the initiative, she'll beg you to accept her."

"Grandma!" Mu Ran stopped her loudly. "Can you not always speculate about others maliciously? Especially since that person is your biological granddaughter. Don't you think you're going overboard?"

Mu Ran really didn't like Old Madam Mu describing Lin Yin with such sharp words. This would make Mu Ran feel that Lin Yin's fear of returning to the Mu family was the right decision.

Because no one would be willing to enter a house that was filled with malice, criticism, and nitpicking.

Mu Ran's loud voice angered Old Madam Mu. She said loudly, "Mu Ran, you're looking down on me, your Grandma, more and more, right? You're talking to Grandma so loudly for a sister who hasn't returned!"

Old Master Mu finally felt annoyed and said to Old Madam Mu, "You're already dozens of years old. Why are your words so impolite? You have to remember that you're an elder. You can't let others laugh at your words. You like to meditate and comprehend buddhist rites. You like Zen. I'll get someone to send you a few scriptures later. Take a good look and relieve your boredom."

Old Master Mu really did not like to talk about his wife in front of others. They were husband and wife, and his wife's face was also his.

However, Sun Yun was really too noisy. If he didn't come out to stop her, the matter would be endless.

Old Madam Mu instantly quietened down after hearing Old Master Mu's words, but she was still angry.

Old Master Mu turned to Mu Cheng and said, "Since you've confirmed that she's a child of the Mu Family, bring her back early. Arrange for the family rules that she should learn. Regardless of whether she learned anything bad outside, since she's a member of the Mu Family, she has to abide by the Mu Family's rules."

Mu Cheng replied, "Okay, Dad, I understand."

He had agreed. As for what he would do in the future, in Mu Cheng's opinion, it was his own business.

Mu Ran was a little dissatisfied. Lin Yin had been outside for so many years and didn't eat a grain of rice or drink a mouthful of water from the Mu family. In the end, as soon as she returned, they started asking her to learn some family rules. If it were him, he wouldn't have come back either.

However, Mu Ran fell silent this time because Mu Cheng had already gestured for him to shut up.

Old Master Mu nodded and said, "Since the few of you are back today, stay at home for a meal. Let's gather as a family. I've already gotten someone to prepare the dishes. You can go back after eating."

Mu Ran looked like he had nothing to live for. After his gaze turned to Mu Ning, who had been silent the entire time, he rolled his eyes and took out her phone, secretly scrolling through the videos in boredom.

He had no choice. When he was with the older generation, he could only watch videos secretly. Otherwise, he would always be criticized.

Mu Cheng and Mu Heng were chatting with the Old Master about some things in the corporation, while Mu Xiao occasionally chatted with Old Madam Mu about meaningless things.

Just as everyone was waiting for dinner, Mu Cheng's phone rang. Facing Old Master Mu's stern gaze, Mu Cheng still picked up the call because this call was from the Mu Family villa.

Mu Cheng listened for a few moments before his expression suddenly changed drastically and he questioned, "What did you say? You said that Madam is missing? How could she be missing?!"

Mu Cheng's words made everyone's expressions change.

As soon as Mu Cheng hung up, he bade Old Master Mu farewell and the three Mu brothers left with Mu Cheng.

Mu Ning watched the Mu father and son leave and said worriedly, "Grandpa, Grandma, why don't I follow them to take a look? I'm afraid that something will really happen to Mom."

Old Madam Mu said angrily, "She's already treated you like that, yet you're still worried about her and call her Mom. I wonder if that lunatic will feel guilty.."

#### Chapter 498: Ye Wen Looking For Someone

"Sun Yun, there are some things that should be said and some things that shouldn't be said. You have to know it clearly in your heart. Even if Ye Wen is crazy now, as her mother-in-law, you shouldn't call her a lunatic! Don't forget the dignity of the Mu family," Old Master Mu said solemnly.

Actually, Old Master Mu really had a headache about Sun Yun. He had taught her for his entire life, but she still could not understand.

Therefore, once a person's character was developed, it was really difficult to change.

Back then, he was too arrogant. He thought that with his methods, he would definitely be able to transform this famous arrogant young lady in the Capital into the mistress of the Mu family whom he was satisfied with.

It seemed like he had still failed.

Therefore, he hoped that Lin Yin, his granddaughter who had been wandering outside for more than ten years, would have a good character. Otherwise, it would really be a headache.

Of course, there was also Mu Ning. Old Master Mu glanced at Mu Ning, making her nervous.

In Mu Ning's opinion, Old Master Mu was a very traditional and righteous person. He was someone who placed the family's style and family interests first, so Old Master Mu would not side with her just because she had accompanied him for more than ten years.

Hence, she had always been obedient in front of Old Master Mu. She dared to scheme against Old Madam Mu, but she did not dare to provoke Old Master Mu at all.

Old Madam Mu felt a little embarrassed when Old Master Mu called her by her full name. She did not answer and left angrily with Mu Ning.

As soon as the Mu family returned, they gathered a lot of people to look for Ye Wen.

At this moment, Ye Wen, who was walking barefoot on the streets, was hugging the doll in her arms. She tilted her head and looked at this strange world. In a daze, she suddenly remembered what she wanted to do.

Ye Wen retracted her gaze from the sky. When she saw someone pass by, she grabbed that person and asked in a daze, "Have you seen my Tian Tian?"

That person pulled his clothes back from Ye Wen's hand with a look of disdain. After saying no, he left.

Ye Wen was not discouraged. She just carried the doll and continued to walk on the busy street. She asked everyone she met, "I'm looking for Tian Tian, my daughter. Did you see her?"

After being called crazy by many people, Ye Wen's mental state was clearly not right. She began to become manic.

Just as someone was about to call the police to arrest Ye Wen, a few men surrounded her.

One of the men asked Ye Wen, "Are you looking for Tian Tian?"

Ye Wen's eyes lit up. She pulled the man and said in surprise, "Yes, yes, yes. I'm looking for Tian Tian. Do you know where she is? I can't find her!"

The man smiled at the people beside him and said, "I know where Tian Tian is. Come with me and I'll let you find Tian Tian, okay?"

Ye Wen hugged the doll happily and nodded fiercely at them. "Alright! Look for

Tian Tian! I'll go with you! Look for Tian Tian!"

The surrounding people, who had originally planned to call the police, were still hesitating if they should call the police when they saw Ye Wen take the initiative to leave with the men. In the end, Ye Wen left with the men.

"She looks like a fool? She doesn't look young anymore. No one wants her," a man beside him said softly.

"What do you know? This person is full of treasures. We can earn a lot from just any organ. Didn't they say that the contact from Country D would come over? Let's prepare more goods. The risk for us is much lower this time when the goods are handed over in the country." The person sized up Ye Wen with an unfriendly gaze, but Ye Wen was still smiling at him foolishly.

The man beside her instantly understood. "Didn't you say that I'd forgotten about this? I understand. It's mainly because we only bought and sold girls previously. I just couldn't think of it at the moment."

On the other hand, Lin Yin brought Sun Biao to where Chu Yun was.

Before she saw Chu Yun, Lin Yin saw the place where she had lived for more than ten years, a slum outside the Capital.

There were many homeless people, unemployed people, local hooligans, unwanted children, desperate people, and people who came to the Capital to work.

The people here were extremely diverse, so many human traffickers and organ traffickers would look for these people here.

Because no one cared, no one would investigate even if they died, so it saved a lot of trouble.

"I didn't expect the Zheng and Shi families to be so ruthless. They really threw someone who had been the wife of a wealthy man almost her entire life into such a dirty place. Hmph, life is really unpredictable!" Lin Yin sneered..

#### Chapter 499: Madness

Sun Biao also sighed at the side. "Isn't that so? So, it's better for people not to do evil. Otherwise, when retribution comes, it's difficult for even their families to avoid it."

Sun Biao had been working for Lin Yin recently. He knew a little about the Su Family.

In his opinion, the reason why Chu Yun had what she had today was because Su Fei had done too much evil and implicated her mother.

If Su Fei hadn't wanted to scheme against Lin Yin this time, she wouldn't have been counterattacked. In the end, she harmed her biological sister and even implicated her mother.

When Lin Yin heard Sun Biao's words, she only smiled and did not say anything.

Su Fei had indeed done evil, but she had also been hurt before. She had been given away as a benefit by the Su father and son.

However, these injuries had nothing to do with her, Lin Yin, or Yang Xue at that time. However, Su Fei wanted to hurt her and Yang Xue, so she could only counterattack.

"Let's go and see Chu Yun," Lin Yin said.

Sun Biao nodded and showed Lin Yin the way.

Sun Biao knew that Lin Yin wanted to see what happened to everyone in the Su Family. Otherwise, she wouldn't have asked him to keep an eye on everyone in the Su Family.

Actually, Lin Yin did not hate Chu Yun as much as she hated the rest of the Su Family, because Chu Yun did not love her in her previous life. She just watched Su Fei bully her.

If she was Chu Yun's biological daughter, she would naturally resent her, just like how she hated Chu Yun very much when she was just reborn.

Later, when she found out that Chu Yun had long known that she was not her biological daughter, Lin Yin was relieved.

If she was not her biological daughter, how could Lin Yin ask Chu Yun to treat her like her biological daughter?

Therefore, at the moment, Lin Yin was still relatively calm when facing Chu

Yun.

Walking on this familiar and muddy street, Lin Yin sighed with emotion as she looked at the place she had lived in for more than ten years.

Back then, she was thrown into an orphanage. When she was four years old, the orphanage was gone. Hence, she was thrown into this slum and adopted by her crazy adoptive mother. It was not until four years later that her adoptive mother died of illness that she started to hide and wander.

Her bare feet were pierced by glass. She drank the water in this smelly ditch when she was thirsty. She fought with wild dogs for a piece of leftover bone, fought with children who were much stronger than her for a steamed bun, and was almost beaten to death for a place to sleep...

Fortunately, she was lucky. Otherwise, she would really die in that dirty ditch and become the wild dog's meal.

Before the two of them reached where Chu Yun was, they heard the faint sound of an argument from a wall away.

Lin Yin didn't care because this kind of thing was very normal in this place.

At this moment, in the small house opposite Lin Yin, Ye Wen was looking at the men opposite her angrily. There was still dried blood in her mouth. She questioned loudly, "You're lying to me! You took my Tian Tian away, right? You won't let me see Tian Tian, right?! Return Tian Tian to me!"

The man who was bitten looked at the lunatic in front of him angrily and shouted, "You lunatic, how dare you bite me!"

As he spoke, the man looked at the lackey beside him and said, "What are you waiting for? Tie this lunatic up!"

Those people rushed towards Ye Wen. Due to Ye Wen's madness, it took them a long time to subdue her.

The man kicked Ye Wen fiercely, but it still could not dampen her anger. Ye Wen bared her teeth at the man and said fiercely, "Return my Tian Tian to me! Return her to me!"

Her bloodshot eyes left no doubt that as long as the two of them let go, this crazy woman would definitely bite the person in front of her like a vicious dog until they died.

The man snorted and threw the doll that Ye Wen had always cherished towards the outer wall. After cursing the crazy woman under his breath, he prepared to get someone to send Ye Wen and the others to the car.

"Tian Tian! Tian Tian!"

When Ye Wen saw that her beloved Tian Tian had been thrown out, she immediately roared heart-wrenchingly. Her voice resounded throughout the street with great penetration!

Lin Yin, who was separated by a wall, instantly stopped in her tracks and asked

Sun Biao, "Did you hear anyone calling Tian Tian?"

Sun Biao carefully identified it and nodded. "Yes, someone's shouting. I think it's a woman calling for Tian Tian."

Lin Yin had an uneasy feeling that made it impossible for her to continue forward..

#### Chapter 500: Lullaby

She stopped and waited for a while. Then, as if she wanted to confirm something, she turned around and walked in the direction of the voice. However, before she could take a few steps, she saw a familiar doll.

Lin Yin's eyes widened. She immediately went forward and picked up the doll.

At this moment, the doll was already a little dirty, but it did not stop Lin Yin from recognizing that this doll was the one Ye Wen was holding when she suddenly appeared when she went to the Mu family that day.

Lin Yin's heart tightened and she immediately said to Sun Biao, "Inform the other people to come over immediately! Immediately! Immediately!"

As soon as Lin Yin finished speaking, she familiarly entered through a big hole beside the wall.

As Sun Biao ran behind Lin Yin, he called for help!

After Lin Yin walked around the wall, she carefully recalled where the sound had come from. Then, she turned around and walked towards a dilapidated house.

Through the broken glass window, Lin Yin saw Ye Wen struggling uncontrollably, but her mouth was already sealed.

A man beside her said impatiently, "Why did you throw her doll? She's a lunatic. If you coax her a little, she'll be obedient."

Lin Yin looked at the doll in her hand and then at the wall where the doll had been thrown.

After calculating the angle, Lin Yin threw the doll back into the house with a broken roof.

Then, Lin Yin immediately pulled Sun Biao into the house beside her. Lin Yin was familiar with this place, so she was not afraid of playing hide-and-seek with these people.

The moment the doll fell to the ground, the group of people in the room were frightened and hid in the dark to see if anyone was going to attack them.

The moment Ye Wen, who was still struggling with all her might, saw the doll, she immediately crawled to the doll's side while those people relaxed. She picked up the doll with a pained expression and shook it like a baby.

Perhaps she had discovered something that she was not used to, Ye Wen tore off the tape on her mouth and looked at the doll in her arms lovingly. She coaxed her gently, "Baby, be good! Don't cry, don't cry! Our Tian Tian is an obedient baby. She's Mommy's obedient baby."

In order to coax the doll to sleep, Ye Wen even sang a lullaby.

"Go to sleep, go to sleep, my darling baby! Mommy loves you and will always like you..."

Her gentle voice attracted everyone's attention and also attracted Lin Yin, who was in the dark.

Lin Yin nestled in a gap at the side and looked at the woman who was gently coaxing the child through a hole in the wall.

Her sweet voice was pleasant to the ears. When the light landed on the woman, it seemed to soften and carry a halo that made people unable to look away.

Lin Yin didn't know how long she listened. It was only when she felt a cold wetness on the back of her hand that she sobered up a little. She looked down and saw that the wetness was her tears.

The lullaby was once a luxury that she could only dream of.

Unexpectedly, in a corner of this world, there was such a person facing a lifeless doll and singing it to her, who could not hear it from afar.

Seeing that there was no movement, the human traffickers returned to normal.

One of them said, "It's a false alarm. Maybe someone threw it back from the wall next door."

Another person said, "It's good they threw it back. Give it to this crazy woman so that she won't cause trouble when we bring her away later."

Sun Biao, who had been behind Lin Yin, gently pushed her and asked, "Boss, what are we going to do now?"

Before Lin Yin could answer, her gaze suddenly landed on a wall beside her. There were a few people sitting there too.

Most importantly, there was a ragged person lying on the ground. Even if that person was motionless, Lin Yin could still recognize her at a glance. It was Chu

Yun.

Lin Yin frowned. Why was Chu Yun here?

If people of this age wanted them too, it meant that these people were very likely to be captured and killed before they sold their organs.

Lin Yin panicked, and the people over there were already preparing to transport these people away.

The car was already parked at the entrance.

Lin Yin hid in the dark and memorized the license plate number of the car, as well as calculated the possibility of her rushing forward to save Ye Wen. In the end, Lin Yin gave up on following them to save them..
