

Real Daughter 51

Chapter 51 Rejected

“Alright, I understand.” Lin Yin smiled and looked at the serious Yang Xue. In any case, she had no intention of interacting too much with Gong Ze. There was no harm in avoiding him.

At this moment, Shi Dai and Ji Yun, who were standing on the field, were not so well.

“How did this happen?” Shi Dai seemed to be still immersed in the fear just now. Her eyes were filled with tears and her fists were clenched tightly.

“Who knows how that b*tch convinced Gong Ze? She looks like a vixen. She might have used some disgusting methods.” Ji Yun felt very upset when she saw that her plan had failed.

“Impossible! How could Gong Ze like that kind of b*tch? She must have said something that made Gong Ze misunderstand us.” Shi Dai had actually always been interested in Gong Ze, but because the girls who confessed to Gong Ze did not have a good ending, she had been suppressing her feelings.

Shi Dai thought of Gong Ze’s expression when he looked at her just now and broke down and cried. “Ji Yun, what should I do? Gong Ze must hate me to death now.”

Ji Yun looked at the sobbing Shi Dai with an ugly expression.

Thinking of Gong Ze’s cold and fierce gaze, Ji Yun couldn’t help but shiver. “Sigh, why don’t we change classes? If we appear in front of Gong Ze again, I’m afraid we’ll have a very ugly ending.”

“I’m not changing. In the future, Feifei will have to face that b*tch alone when we change classes.” Shi Dai’s expression was ugly. She had chosen this class not only because Su Fei was around, but also because she could be closer to Gong Ze.

“Then what should we do?” Ji Yun was also a little angry. She regretted going against Lin Yin. She felt that her life in the future would not be easy.

“Anyway, it’s almost entirely self-study sessions in the afternoon. Shall we go to the Su Family to look for Feifei? Let’s go see her and think of a solution together.” Shi Dai could not make up her mind. When she was with Su Fei, Su Fei was almost always the one who thought of a solution. Shi Dai actually did not have any ideas herself.

“Alright, let’s go find Feifei and think of a way to deal with that b*tch together!” Ji Yun agreed with Shi Dai’s idea and the two of them went to the Su Family villa together.

Shi Dai and Ji Yun pressed the doorbell. Aunt Li, who was tidying up the house, came out to open the door.

“We’re Feifei’s friends. Take us to her.” Shi Dai was used to being the eldest daughter, so she was not polite at all to Aunt Li, who looked like a servant.

Aunt Li saw that these two girls were the same age as Su Fei and brought them to the hall.

“This morning, before Mr. and Mrs. Su left, they instructed us not to let anyone go upstairs to disturb Miss Su. We servants only placed all the food at the door.” Aunt Li was in a difficult position.

Su Zhen’s attitude in the morning was very clear. He did not want anyone to see Su Fei.

“We’re Feifei’s friends. How are we the same as you servants?” Shi Dai’s tone was clearly dissatisfied. She ignored Aunt Li’s obstruction and pulled Ji Yun to the second floor.

When she reached Su Fei’s door, Shi Dai was about to enter when she realized that the door was locked.

With no choice, Shi Dai could only knock on the door and shout into the house, “Feifei, it’s me. Ji Yun and I came to see you!”

Hearing the sound outside the door, Su Fei, who was sitting beside the dressing table, was shocked. She had wanted to use concealer to cover the bruises on her face, but she realized that no matter how hard she tried, it was still visible.

Su Fei checked the lock nervously, cleared her throat, and said weakly, "Dai'er, I'm really uncomfortable. You and Ji Yun should go back first."

Hearing Su Fei's weak voice, Shi Dai became even more anxious. "We have to see you before we can be at ease. Feifei, open the door first."

Su Fei frowned. She could not let them see her like this. "No, I have a very contagious cold. I can't open the door. It'll spread to you."

Shi Dai was about to say that they did not mind when Ji Yun stopped her. "Alright, Feifei, rest well."

Ji Yun pulled Shi Dai away and was held by Ji Yun. Shi Dai was a little dissatisfied. "Why are you pulling me? It's just a cold. What's there to be afraid of?!"

"Let's go. We shouldn't cause trouble for Feifei." Ji Yun didn't want to take the risk at all. "We should quickly think of a way to resolve the trouble. Feifei is so sick, there's no way we can discuss it with her."

Shi Dai thought about it and felt that she shouldn't let Su Fei worry anymore, so she left the Su Family with Ji Yun.

"What should we do now?" Shi Dai was unhappy. They had spent a lot of effort to scheme against Lin Yin, but she was not affected at all. Instead, the three of them were either sick or injured.

Chapter 52 Pity

"We'll go home first and call the school for sick leave." Ji Yun pondered for a moment and said, "Pretend to be sick for a few days and wait for Feifei to recover."

"That's the only way." Shi Dai frowned tightly and rubbed her still painful knee. Thinking of Gong Ze's cold gaze, her hatred for Lin Yin deepened.

Not long after Shi Dai and Ji Yun left, Su Zhen's eldest son, Su Lin, also rushed back to the Su Family villa.

“Aunt Li, is Feifei upstairs?” Su Lin had rushed home after learning from Su Zhen that Su Fei was sick.

Aunt Li was also in a difficult position when she saw Su Lin. He had always lived in a villa in the suburbs. Why was it that the more Sir and Madam refused to let Su Fei see anyone, the more people wanted to see her?

Seeing that Aunt Li did not answer, Su Lin could not wait any longer. He quickly walked towards Su Fei’s bedroom on the second floor.

“Feifei, open the door. Brother is back.” Su Lin knocked on the door worriedly. He had learned about Su Fei’s background from his father. Because there were too many trivial matters at work, he had comforted Su Fei on the phone. However, he did not expect Su Fei to be sick in just a few days. It must be the trash that crawled out of the slums that made Su Fei sad.

Seeing that Su Fei did not respond, Su Lin felt even more uneasy. He hit the door hard and shouted anxiously, “Feifei, open the door quickly. Brother knows that you’ve been wronged. Tell Brother who bullied you so that I can help you teach her a lesson!”

Su Lin was about to break in when he saw a small crack in the door. He hurriedly pushed open the door and saw Su Fei in a long shirt, pants, and a thick mask.

Without thinking, Su Lin pulled her into his arms.

“Feifei, are you alright?” Su Lin’s voice was filled with concern.

Su Fei’s expression was very ugly. She was hugged tightly by Su Lin, and many of the wounds on her body hurt intensely, but she did not dare to show a strange expression.

Su Fei endured the pain and bit her lip as she gently pushed Su Lin away. She said in a choked voice, “Brother, let go of me first. I’m very sick. Don’t catch it.”

When Su Lin heard the sound of Su Fei's frail voice, he felt even worse. He held her hand and said fervently, "It's fine. Brother isn't afraid. Feifei, did the girl who came back bully you?"

Hearing Su Lin's words, Su Fei let go of his hand and lay on the bed again, wrapping her body tightly with the blanket.

"No, they're all fine." Although Su Fei said that, tears could not stop falling from the corners of her eyes.

"Don't be afraid. Have Dad and Mom started to treat you badly too?" Su Lin's heart ached when he saw Su Fei cry.

His sister, whom he had doted on since she was young, was actually bullied to this extent by a poor girl who came out of nowhere. Su Lin could not take this lying down.

"No, Mom and Dad are fine. It's just that..." Su Fei stopped talking and gently wiped the tears from the corners of her eyes. Su Fei was a little worried that the concealer on her face would be wiped off.

"It's just that my existence might make Lin Yin uncomfortable." Su Fei's aggrieved expression made Su Lin feel very upset.

"Lin Yin? That dirty thing from the slums?" Su Lin asked in disbelief. "Dad and Mom are really muddle-headed. That kind of person will only taint the name of the Su Family. We shouldn't have brought her back!"

"Brother, don't say that. She's Mom and Dad's biological daughter after all." Su Fei looked at Su Lin worriedly. "Don't get into a conflict with Mom and Dad because of me. It's fine. I've thought about it. After I graduate, I'll move out of the Su Family and rent a house outside. I can't stay here for no reason and make Lin Yin uncomfortable."

"Where can you go? The one who should get out is that wild girl, Lin Yin!" Su Lin frowned tightly. Although they had yet to meet, his impression of Lin Yin was already extremely bad.

“Brother, you should treat Lin Yin better. She can’t accept me, but she can definitely accept you, her biological brother.” Su Fei slowly lowered her head and said in disappointment, “Blood ties won’t change no matter what. No matter how well I do, I can’t compare to Lin Yin’s identity as their biological daughter.”

“I don’t want to be good to that wild girl. You’re the only sister I, Su Lin, have in this life. I’ll only be good to you.” Su Lin looked at Su Fei affectionately. It exceeded the kinship between siblings, but he had yet to realize it.

“Brother!” Su Fei looked at Su Lin with eyes filled with gratitude and surprise. After thinking for a moment, she said slowly to Su Lin, “Brother, can you do me a favor?”

Chapter 53 Disguise

“No matter what, I’ll help you do it!” Su Lin’s expression was very serious, as if he would risk his life even if Su Fei asked him to die.

“Lin Yin is very guarded against me. Brother, I hope you can build a good relationship with her.” Su Fei saw Su Lin’s troubled expression and continued, “If we target Lin Yin, Dad and Mom will only think that I’m insensible. I don’t want to lose you guys.”

Seeing Su Fei’s dejected expression, Su Lin sat closer and asked softly, “Alright, I’ll listen to you. What do you want me to do?”

“I need you to be close to Lin Yin. I hope you two look like a family without any barriers.” Su Fei’s eyes gradually turned ruthless. “I want her to trust you completely and be defenseless against you.”

Su Fei noticed Su Lin’s gaze and put on an innocent expression. “Only then can we get to know her better. When the time comes, I can please her. Perhaps we can get along peacefully and become a real family.”

Looking at Su Fei’s yearning eyes, Su Lin’s heart was pierced. Even though he had yet to see Lin Yin, his disgust for her had reached its peak. “You don’t have to please anyone. You’re the only Miss Su!”

Su Fei could not hide the joy in her heart. She did not want Lin Yin to have an easy time either. Su Lin's attitude was exactly what she wanted, but she did not want to show it and ruin her image in Su Lin's heart. "Brother, what are you going to do?"

Su Fei pretended to be puzzled.

"It's nothing. You just have to know that I won't let anyone snatch what's yours."

With Su Lin's guarantee, Su Fei relaxed a lot. She yawned and said in a soft voice, "Brother, I still want to rest for a while. She'll be back in a while. You can go downstairs first."

Su Fei looked at Su Lin with a very obedient expression. Fortunately, he was thinking about something and did not notice the scar on her face that was simply covered.

"Alright, rest well. Don't worry, I'll handle this matter well." Su Lin rubbed Su Fei's head and walked out of the bedroom reluctantly.

Su Lin had just walked down the stairs when he noticed the girl taking off her shoes at the entrance.

Her fair skin, exquisite silhouette, and bright and clear eyes looked noble and lively. He was a little stunned. After the girl entered, Su Lin was still standing on the stairs in a daze.

Lin Yin noticed that someone was looking at her. She looked up and saw a face that she had a deep impression of.

A dizzying nausea came from the bottom of her heart. Lin Yin frowned slightly and looked at Su Lin on the stairs. She ignored him and walked straight to the small backyard garden.

"Miss, you're back from school." Aunt Li was trimming the flowers and plants. When she saw Lin Yin, she said enthusiastically, "There's fruit juice and snacks in the kitchen. Sir and Madam aren't back yet. Go eat something first."

When Lin Yin heard Aunt Li's words, her expression improved a little. Fortunately, there was someone she liked in this house. Otherwise, a day would really feel like years.

"No need. I'm not hungry at all." Lin Yin glanced at Su Lin, who was still standing in the living room, and felt a little rejection to interact with him. She thought for a moment and asked, "Aunt Li, I can help you do something. I don't want to go upstairs yet."

Lin Yin did not want to meet Su Lin, so she planned to hide in the small garden.

"No need. Miss, how can you do such rough work? I can do it myself." Aunt Li looked at Lin Yin with more love. Why couldn't Sir and Madam notice such an obedient and sensible child?

"Aunt Li, just let me help. I'm not that precious. Besides, I've already been in school for a day. It's very boring." Lin Yin's tone was in a rare coquettish tone.

Only in front of this kind middle-aged woman did Lin Yin feel like a child.

"Alright, Miss, help me water the flowers." Aunt Li couldn't refuse Lin Yin and handed her the small kettle beside her.

Aunt Li trimmed the flowers and plants while Lin Yin watered them. The scene of the two of them together was warm and harmonious.

"Aunt Li!" A voice that ruined the mood came from the hall. When Aunt Li saw the man walking over, she greeted him politely, "Young Master."

Lin Yin sighed in frustration. Why was there always an annoying person like that to affect her mood?

"This is?" Although Su Lin had guessed Lin Yin's identity, he still asked deliberately.

Lin Yin ignored him. Aunt Li explained, "Young Master hasn't returned home in a long time. This is the biological daughter that Sir and Madam brought home, Miss Lin Yin."

Chapter 54 Disgusting

Su Lin sized up the girl in front of him carefully. Although she was beautiful, she had no upbringing at all. She was indeed a poor person.

Su Lin was still waiting for Lin Yin to talk to him, but Lin Yin was unwilling to look at him.

Aunt Li, who was standing at the side, saw that Lin Yin clearly intended to ignore Su Lin. She quickly said to Lin Yin, "Miss, Young Master has always lived in a villa in the suburbs and doesn't usually come home."

Seeing Aunt Li's worried expression, Lin Yin glanced at Su Lin.

"Sister Lin Yin, welcome home. You've suffered outside for so many years." Su Lin remembered his promise to Su Fei, and the girl in front of him did not look as annoying as he had imagined.

"What's there to suffer outside? I'm just a child from a poor background. I'm used to it." Lin Yin saw Su Lin's hypocritical expression and recalled the pain she had suffered in her previous life. Although her poor life was hard, her life in the Su Family made her lose her life.

Su Lin could tell that Lin Yin seemed to be a little hostile to him. He quickly put on an especially concerned expression and said to Lin Yin, "You're home. From now on, you're the only daughter of the Su Family. No one will dare to bully you again. You don't have to worry about being wronged again."

A trace of coldness appeared in Lin Yin's eyes. Wronged? The wrongs she had suffered in her previous life were all thanks to the Su Family. The Su Family did not just bully her. They wanted her to die!

Seeing that Lin Yin did not react, Su Lin walked forward and wanted to touch her hair, but Lin Yin avoided him in disdain.

A trace of dissatisfaction flashed across Su Lin's eyes. Lin Yin saw it all.

“Don’t touch me! Your mother already said that I only have the bacteria brought from the slums on me!” Lin Yin looked at Su Lin with an unfriendly expression. She had long seen through Su Lin’s hypocrisy. She would never flatter him again in this life. She just wanted to see if Su Lin could continue pretending.

Aunt Li was a little worried that Lin Yin would be targeted by Su Lin, so she quickly went forward to smooth things over. “Young Master, go rest in the hall. I’ll prepare dinner immediately.”

When Su Lin saw Lin Yin’s reaction, he was very dissatisfied. No wonder Feifei was bullied. The girl in front of him was filled with the hostility of those that lived at the bottom of society. How could an innocent and beautiful girl like Feifei come into contact with such a person?

Covering the dissatisfaction in his heart, Su Lin forced an unnatural smile at Lin Yin.

Lin Yin snorted. She was looking forward to how long her brother, who was used to acting, could pretend for in this life.

The Su couple returned very late. During the day, Su Zhen specially brought antique calligraphy and paintings to apologize to Ma De with Chu Yun, but they were chased out by the Ma Family’s bodyguards. He even said that their daughter was only worthy of having an affair with a servant. If she was sent over, she would dirty the Ma Family’s house.

Su Zhen was furious, but there was nothing he could do.

Su Fei still did not leave the bedroom. There was only the Su couple, Lin Yin and Su Lin at the dining table.

“Mom, isn’t Sister coming down to eat?” Lin Yin asked despite knowing the answer.

“She, she can eat in the room.” A trace of nervousness flashed across Chu Yun’s face. Su Fei’s injuries would probably take about half a month to heal.

Su Lin looked at Chu Yun, who had an unnatural expression, and was puzzled. Why did he feel that his mother was a little afraid of the little girl in front of him?

“Come, Yinyin, eat more meat. You’re too thin.” Su Lin pretended to be intimate as he picked up a piece of braised pork for Lin Yin, but Lin Yin threw it onto the plate containing the food waste.

“I’m sorry, it’s too oily. I’m a little disgusted.”

Lin Yin was much happier when she saw Su Lin’s dark expression. If she could anger Su Lin to death, she would definitely be so happy that she would not be able to sleep.

“Little Yin, you can’t be like that even if you don’t like it. Su Lin is your brother after all!” Su Zhen was already in a bad mood. When he saw Lin Yin’s rudeness to Su Lin, he was even more dissatisfied with her.

“Oh, then Brother, eat more chili. You don’t look too good.” Lin Yin deliberately picked up a large piece of chili and placed it in Su Lin’s bowl.

Because she had treated Su Lin as family in her previous life, she could clearly remember all his preferences. The thing he hated to eat the most was chili.

Su Lin’s expression turned even uglier, but he could not flare up. He could only grit his teeth and eat the chili Lin Yin had given him.

Chu Yun threw down her chopsticks angrily and shouted at Lin Yin, “Little Lin doesn’t like chili the most!”

“I didn’t know.” Lin Yin ate the food in front of her without changing her expression, not caring about the strong hostility of the other three people towards her.

The atmosphere at the dining table was very bad, but Lin Yin didn’t seem to be affected at all. Instead, she ate a lot.

Chapter 55 Can’t Pretend Anymore

After dinner, the Su couple went upstairs quickly because they were in a bad mood. Lin Yin was about to return to the bedroom when Su Lin, who was on the sofa, stopped her. "What does Yinyin like? I'll bring you a welcome gift next time."

Lin Yin looked at Su Lin in front of her. Although he was smiling, the way he looked at her was filled with disgust and dissatisfaction.

Lin Yin felt that she was really gullible in her previous life. Such poor acting skills could actually move her again and again.

In her heart, Su Lin had once been the person who treated her the best and the best brother in the world. But now, Lin Yin only felt that the man in front of her was weak and disgusting.

"No need. Buy it for Su Fei." Thinking of her past in her previous life, Lin Yin's heart still ached, as if she was reminding herself to stay awake at all times.

"Yinyin, you're my biological sister." Su Lin's tone was a little exaggerated. He did not know why the girl in front of him was so hostile to him.

"Is that so?" Lin Yin smiled bitterly. In her previous life, she had been moved to tears by Su Lin's words. "Then I hope you can come home less, lest I feel disgusted the moment I see you!"

Ignoring the stunned Su Lin, Lin Yin walked back to the bedroom.

After closing the door, Lin Yin heard the sound of glass shattering downstairs. Could he not pretend anymore? It seemed that Su Lin's acting skills were far inferior to that in her previous life. That was good too. It was much better to fall out with him than to be hypocritically cared for by him. If Su Lin kept pretending to care, Lin Yin was worried that she would vomit in front of him.

After a good night's sleep, Lin Yin felt relieved when she thought of Su Fei, who was covered in wounds, Su Zhen, who had offended people in the field of business, Su Lin, who had his hypocritical mask torn off, and Chu Yun, who was filled with resentment but did not dare to flare up.

It seemed like life in the Su Family was not that monotonous. In her previous life, she was useless and timid. In this life, she had to get back everything.

After greeting Aunt Li, Lin Yin arrived at West Axis Academy. She did not expect to be troubled again.

“Hey!” Zheng Chao blocked Lin Yin’s way and asked her, “Why isn’t Su Fei in school? Did you do something again?”

“Isn’t she your fiancée? If you have a mouth, ask her yourself!” Lin Yin frowned slightly. Seeing trash like Zheng Chao had ruined her good mood for the entire day.

“What are you saying?!” Zhao Zhi, who was beside Zheng Chao, was a little angry, but he was a little afraid of Lin Yin and did not dare to go forward.

“If you don’t understand human language, quickly disappear from my sight!” Lin Yin circled around Zheng Chao, but he grabbed her bag again. She was about to resist when a sweet female voice sounded behind her.

“I was wondering who it was. Who do you think you are to bully a female classmate?!”

Lin Yin looked in the direction of the voice. A gray-haired girl in a black leather jacket stood behind Zheng Chao and looked at him unhappily.

Lin Yin was a little surprised by the girl’s attire. She clearly had a sweet voice, but she was dressed strikingly. She had exaggerated blue eye shadow, brownish-black lipstick, and the ear studs on her ears sparkled. It was impossible to count how many there were.

Under the heavy makeup, the girl’s facial features could not be seen clearly. The first impression she gave was that she was dressed in strange clothes.

“Lu Yan? Why is it you?” Zheng Chao was originally very angry that someone was being nosy, but when he saw the girl’s face behind him, he was obviously worried. “It has nothing to do with you. You can leave first.”

Zheng Chao didn’t dare to provoke the girl called Lu Yan. He grabbed Lin Yin’s arm forcefully, afraid that she would escape in the chaos.

Lu Yan was about to step forward to stop him when she saw the girl who was being pulled by Zheng Chao suddenly turn around and kick Zheng Chao’s calf hard. She reached out and grabbed his arm before she fell to the ground.

“Ah!” Zheng Chao’s scream sounded.

Lu Yan looked at the girl in front of her in surprise. She was curious about why her petite body had so much strength. “Impressive. Have you trained before? How did you do it?”

Lin Yin kicked Zheng Chao on the ground and said to Lu Yan, “What training do I need to deal with such trash?”

“You!” Zheng Chao got up from the ground and was about to rush towards Lin Yin when Lu Yan blocked him. “What do you want? I’ll report you for harassing a girl!”

Zheng Chao did not dare to touch Lu Yan. He looked at Lin Yin fiercely and turned to Zhao Zhi. “Let’s go! We’ll deal with this wretched girl in the future!”

Afraid that she would be late for morning class, Lin Yin also walked towards the teaching building. Lu Yan, who was beside her, hurriedly followed. “You don’t have to be afraid. If he dares to find trouble with you, come and tell me!”

Chapter 56 Making Friends

Lin Yin looked at the strange girl in front of her and smiled. “Thank you for your kindness, but I can settle it myself. If he dares to harass me, I’ll beat him up every time I see him!”

Lu Yan's eyes lit up a little. She suddenly felt that school wasn't that boring. "What's your name? Why haven't I seen you before?"

"My name is Lin Yin. I just transferred here." Before Lin Yin could finish speaking, she saw the girl in front of her looking at her in surprise.

"You're the biological daughter that the Su Family found?" Lu Yan looked at Lin Yin's bright and exquisite face and shook her head. She sighed and said, "That shouldn't be the case. I've seen the Su Family couple at a banquet. With their looks and temperament, how could they give birth to a beautiful daughter like you?"

Lin Yin realized that the girl in front of her was not as difficult to get along with as she looked. Instead, she was very straightforward and was a girl with a good personality.

"Thank you. What's your name?" Lin Yin smiled at the girl kindly.

"Lu Yan. If anyone bullies you in the future, tell me. No one in the entire West Axis dares to offend me!" Lu Yan winked playfully at Lin Yin. She had a good impression of this girl she met for the first time.

Lin Yin could tell that Lu Yan's family background was probably much better than Zheng Chao's and hers. Otherwise, with Zheng Chao's personality, he wouldn't be so afraid of Lu Yan's existence.

The two girls chatted as they walked and actually walked to the door of the same classroom.

"We're actually in the same class. We're too fated!" Lu Yan was a little surprised to see that Lin Yin was in the same class as her. It seemed that school life would not be too boring in the future.

"Yes, what a coincidence. But why didn't I see you a few days ago?" With Lu Yan's outfit, it was impossible for Lin Yin not to notice her.

"I just felt bored going to school, so I skipped class for a few days." Lu Yan smiled in embarrassment and continued to say to Lin Yin, "Unfortunately, I was captured by my youngest uncle..."

Lin Yin noticed the nervousness in Lu Yan's tone and asked, "Are you very afraid of your youngest uncle?"

"It's not fear, it's respect!" Lu Yan was still a little afraid. She looked around and whispered to Lin Yin, "I don't dare to badmouth him. He's very scary. He can mobilize the school's surveillance cameras at will. I can't escape at all."

When Lin Yin saw that the rebellious girl in front of her had suddenly become much more obedient, she was a little curious about the terrifyingly strict youngest uncle she was talking about.

"Let's go. It's never good to skip school. You'll graduate in a year. You should listen to class well in the future." Lin Yin pulled Lu Yan into the classroom and realized that the moment Lu Yan appeared in the classroom, her classmates started to remain silent.

Lin Yin turned around and looked at the girl beside her in confusion.

Maybe they judged a book by its cover too much. Lu Yan only looked scary, but she was not fierce at all. She was actually very cute.

Lin Yin was just about to stand up for Lu Yan when she saw the cute girl in her heart ordering her deskmate beside her fiercely, "You, sit there! I want to sit with Lin Yin!"

Lin Yin's deskmate hurriedly stood up, as if they would be eaten by Lu Yan if they stayed any longer. Lin Yin shook her head helplessly. Lu Yan probably was the only one that would find herself cute like this.

Lin Yin noticed Yang Xue's gaze. Just as she looked over, she realized that Yang Xue had turned around in shock. Lin Yin picked up the small mirror by the table and looked at it. She realized that there was nothing wrong with her and looked at Lu Yan, who was lying on the table. She roughly understood.

It seemed that this new deskmate of hers was not to be trifled with.

After the morning class ended, Lin Yin adapted very quickly.

In her previous life, she could already have good results. In this life, she decided not to hide her talent anymore. She wanted to surpass everyone in terms of results. Su Fei, Shi Dai, and Ji Yun did not appear. Lin Yin felt exceptionally relaxed. She glanced at Lu Yan, who was still sleeping beside her, and Lin Yin gently nudged her. "Wake up. It's time to eat lunch."

Lu Yan looked at Lin Yin with sleepy eyes. When she heard that they were eating, she straightened up reluctantly.

Lin Yin realized that Yang Xue was looking over from time to time. Seeing that she wanted to say something but hesitated, she said to Lu Yan, "I still have a friend. Let's go together."

"Sure." Lu Yan didn't care at all. When she saw a timid little girl called over by Lin Yin, she asked in confusion, "Are you in our class too? Why don't I remember you?"

Chapter

57 Heartless to the End

Hearing Lu Yan talk to her, Yang Xue nervously clenched her sleeves and stammered, "I, I don't like to talk much and I'm also inconspicuous. It's normal that you don't remember."

Lu Yan saw the girl's nervous expression and was a little curious about how Lin Yin became friends with a girl that's as timid as an ant. However, she didn't say anything and the three of them arrived at the canteen.

As soon as she reached the second floor to get the food, Lin Yin heard Jiang Qi's ear-piercing scolding. "Who do you think you are? You still want to be friends with me? If you don't have money to eat, get lost!"

Lin Yin and Yang Xue looked over curiously, but Lu Yan said disapprovingly, "This is a normal phenomenon in West Axis Academy. Ignore them. Let's go to the other side."

Lin Yin glanced at Jia Qing, who was about to cry from Jiang Qi's scolding, and did not intend to pay attention to her. The three of them were about to leave when Jia Qing saw Lin Yin. She seemed to have seen her savior and shouted, "Lin Yin!"

Lin Yin wanted to ignore Jia Qing. To her, Jia Qing and Su Fei were essentially no different. They were both hypocritical and selfish, and both were disgusting.

However, Jia Qing did not want to let Lin Yin off. She hurriedly ran in Lin Yin's direction and grabbed her arm tightly.

"Lin Yin, I don't have enough money in my meal card. Can you help me?"

Lin Yin thought of her previous life. When Jia Qing was with her, she almost never spent money. Lin Yin kept helping her, but Jia Qing completely betrayed her for some insignificant benefit.

Lin Yin's face turned cold. She shook off Jia Qing's hand and said coldly, "Get lost. Am I very familiar with you?"

Jia Qing saw Lin Yin's cold gaze and was a little timid. After seeing Lu Yan and Yang Xue beside Lin Yin, she had a plan.

She gathered her emotions and her eyes were filled with tears. She cried at Lin Yin, "Lin Yin, we grew up together. Why are you doing this to me? Is it because you're richer than before? You're so ruthless, aren't you afraid that no one will dare to be friends with you in the future?"

"Ruthless?" Lin Yin could hear the deeper meaning in Jia Qing's words and found her funny.

Lin Yin took a step forward and said to Jia Qing coldly, "Being friends goes both ways. You're slandering me for no reason. It's already very benevolent of me not to hit you!"

Jia Qing took a few steps back timidly. She didn't know why a person would suddenly change so much. Lin Yin's powerful aura made her feel unfamiliar and afraid.

"Hmph, look at how poor you are. Get lost quickly. You want to make friends in West Axis? Dream on!" Although Jiang Qi couldn't stand Lin Yin, she hated Jia Qing even more.

Jia Qing noticed that the surrounding people were pointing at her as if she had been humiliated. She looked at Lin Yin angrily and turned to leave the canteen quickly.

“Let’s go. I’m hungry.” Lu Yan didn’t care about the gazes of others at all. She pulled Lin Yin and Yang Xue to the food counter.

“Brother Chao, why is Lu Yan so close to that wretched girl?” Zhao Zhi and Zheng Chao sat in the corner of the second floor and witnessed the entire process of Lin Yin and Jia Qing’s argument.

“Lin Yin is quite smart. She probably knows about Lu Yan’s family background and wants to cling to her.” Zheng Chao looked at Lin Yin with hatred.

What was the use of being beautiful? She humiliated and ignored him again and again. Zheng Chao could not take this lying down.

“Then what should we do? Lu Yan is a big shot that none of us can afford to offend. If we offend the Lu Family, not to mention West Axis, we can’t even stay in the city!” Zhao Zhi had no intention of offending Lu Yan.

It was not only West Axis Academy. Everyone in the city knew the Lu Family’s ability. If they offended their family, they would probably never be able to make a comeback in their lives.

“Who said that we’re going to offend Lu Yan?” A sly look appeared in Zheng Chao’s eyes as he slowly said to Zhao Zhi, “Although the Lu Family is very strong, Lu Yan is too well protected. She’s very simple-minded. She has always hated fake and snobbish people. As long as we make her think that Lin Yin approached her on purpose, Lu Yan will definitely hate Lin Yin. At that time, we don’t have to do anything. Lin Yin won’t be able to stay in West Axis!”

When Zhao Zhi heard Zheng Chao’s words, his eyes lit up. He quickly praised obsequiously, “Our Brother Chao is still the best. That wretched girl Lin Yin is dead meat this time!”

Chapter 58 Peanut Allergy

Zheng Chao thought of Lin Yin's perfect face and a smile appeared in his eyes. He muttered to himself, "I don't want her to die. I just want to see her lying on the ground and begging me lowly! She came from a worthless background to begin with. The arrogance on her body hurts my eyes."

Although Zhao Zhi Bu did not understand Zheng Chao's thoughts, he still carefully catered to him from the side. The relationship between the two of them vividly displayed the situation of the entire West Axis Academy.

In West Axis, only people with good family backgrounds had the right to speak. The poor only needed to cater to and accept and were not worthy of their own thoughts.

After the lunch break, the first class in the afternoon was physical education. Lin Yin was very smart and had good stamina. Although Lu Yan didn't like to study, she was also very good at physical education.

Hence, such a scene appeared on the field. Lin Yin and Lu Yan, who had already run 800 meters, surrounded Yang Xue, who was only halfway there. As they ran with her, they encouraged her.

Although Yang Xue was very touched, she could not run fast because of her limited physical fitness.

"I can't take it anymore. I can't run anymore." Yang Xue's voice was a little weak. She had never been able to pass the physical fitness assessment, and her overall results had been pulled down a lot.

"Come on, there's only one lap left." Lin Yin couldn't help but be worried when she saw Yang Xue's pale face.

Lu Yan looked at the listless Yang Xue and smiled. She deliberately said, "Yang Xue, if you can't hold on, I'll tell Gong Ze that you like him!"

"No, no, I can do it!" Yang Xue seemed to have suddenly been injected with chicken blood. She suddenly accelerated and finally finished the entire process.

Under Lin Yin and Lu Yan's surprised gazes, Yang Xue rushed to the finish line in one go.

“What’s going on? What magical power does Gong Ze have to scare Yang Xue to this extent?” Lin Yin handed Yang Xue a small bottle of warm water and asked Lu Yan beside her.

“You don’t know this, do you? There’s a legend in West Axis that anyone who confesses to Gong Ze will end up very badly.”

Lu Yan thought of Gong Ze’s annoying face and shook her head. She explained to Lin Yin, “Actually, that brat is very narcissistic. He rejected almost everyone who confessed to him. Then, his subordinates will verbally provoke the girl who confessed to him and say she’s overestimating herself. The other girls who secretly like Gong Ze will hate the girl who confessed. It’s strange if that girl isn’t unlucky in the future. She’s hated by so many people.”

“Lu Yan, I’m begging you. Don’t scare me. I don’t have the guts...” Yang Xue recovered a little and quickly said to Lu Yan.

“Alright, she was teasing you.” Lin Yin comforted Yang Xue and asked Lu Yan, “Are you familiar with Gong Ze? I’ve seen him before. I don’t think he’s as scary as the rumors say.”

Lin Yin could tell from Lu Yan’s tone that she was familiar with Gong Ze. She was a little curious about the relationship between the two of them. The school bully and the delinquent girl sounded quite compatible.

“Our childhood was unfortunate. Our family has some ties with the Gongze Family.” Lu Yan seemed to have recalled some unpleasant memories and said to Lin Yin, “That kid was quite cute in the past. I don’t know if he’s in his rebellious stage now, but he’s getting harder and harder to get along with now. I can’t be bothered with him!”

Lin Yin looked at the heavy smoky makeup on Lu Yan’s face and wondered who was more rebellious.

“Let’s go change our shoes. There’s still self-study in the afternoon,” Yang Xue said to Lin Yin and Lu Yan after completely recovering.

The three of them arrived at the corridor together. As soon as they entered, they heard a commotion.

“Who the f*ck is so ignorant?! Are you trying to kill our boss by giving our Brother Ze a cake with peanut butter?”

Zhou Ling angrily threw the cupcake in his hand to the ground. Beside him was Gong Ze, who was drinking water and rinsing his mouth.

There were many students gathered around. Everyone was very curious about who dared to harm Gong Ze. Most of the students in the school knew about his peanut allergy.

“Get out here! Don’t let me catch you. I don’t care if you’re a man or a woman. I’ll cripple you first!” Zhou Ling had been by Gong Ze’s side since junior high school. He not only admired Gong Ze, but he also had a deep relationship with him. He would never allow anyone to hurt Gong Ze.

“Zhou Ling! I’m not f*cking dead. Stop shouting!” Gong Ze was also a little afraid. When he thought of the love letter beside the cake, his eyes were a little troubled.

“Brother Ze, the person who gave you the cake did it on purpose! If she likes you, how could she not know that you’re allergic to peanuts?! In the entire West Axis, including all the teachers, how many people don’t know that you’re allergic to peanuts?!” Zhou Ling was a little agitated. The peanut cake and love letter were placed in Gong Ze’s locker.

Chapter 59 Differential Treatment

Normally, Gong Ze would definitely throw it away. For some reason, after reading the love letter today, he actually took a bite of the cake for the first time. Fortunately, he reacted in time. Otherwise, something big would have happened.

Because of Zhou Ling’s commotion, many students gathered around. Lin Yin and the other two also looked at them.

When Lin Yin saw Gong Ze, she met his gaze. It was fine for Lin Yin to have an impression of Gong Ze. She nodded at him slightly, but she realized that Gong Ze was frowning angrily and was no longer looking at her.

“Did I offend him in any way?” Lin Yin was puzzled when she heard Zhou Ling’s voice again.

“Brother Ze, isn’t this love letter signed?” Zhou Ling snatched the love letter from Gong Ze’s hand while he was in a daze.

“Lin Yin?” Zhou Ling read the name on the love letter very loudly. When the surrounding people heard Lin Yin’s name, they began to discuss.

“It’s Lin Yin again. How much trouble has she caused since she transferred to West Axis?!”

“Lin Yin likes Gong Ze too? Dream on. Look at her background!”

“Isn’t Lin Yin also the daughter of the Su Family? She’s not bad-looking and is quite pleasing to the eye when she’s with Gong Ze.”

“Tsk, how could Gong Ze like her? This time, she still wants to harm Gong Ze. She’s definitely dead!”

...

Lin Yin and the others noticed the commotion in the crowd and everyone’s gazes.

“What are you looking at?!” Lu Yan noticed everyone’s discussion about Lin Yin and looked a little dissatisfied.

Zhou Ling noticed Lin Yin and walked over with a fierce gaze. He was about to grab Lin Yin when Lu Yan stopped him.

“Sister Lu Yan, don’t you have a good relationship with Brother Gong Ze? She wants to kill our boss, but you’re still protecting her?” Zhou Ling didn’t dare to offend Lu Yan and was in a difficult position.

“Which eye of yours can tell that I have a good relationship with Gong Ze? Besides, when did Lin Yin harm him?” Lu Yan didn’t like it when someone associated her with Gong Ze. When she thought of her childhood, Lu Yan felt uncomfortable.

“Then what’s this? It’s a love letter placed with peanut cake!” Zhou Ling couldn’t win against Lu Yan, so he handed the love letter in his hand to her.

“Alright.” Gong Ze saw the confused Lin Yin and walked over to Zhou Ling. “Lin Yin has only been transferred to West Axis for a few days. It’s normal for her not to know.”

Hearing their conversation, Lin Yin roughly understood what had happened. She was about to speak when Lu Yan beat her to it. “Gong Ze, stop dreaming. How could our Lin Yin write such a disgusting thing for you?! It’s obvious that someone framed her!”

When Gong Ze heard Lu Yan’s words, he was a little unhappy. However, when he saw Lin Yin’s expression, he realized that things were not that simple.

Lin Yin took the love letter from Lu Yan’s hand and looked around. She slowly said, “I really didn’t know that you were allergic to peanuts, but I didn’t write this love letter.”

With that, Lin Yin took a piece of paper and a pen from the bookshelf on the other side. She copied the words from the love letter and handed it to Gong Ze. “Look, this isn’t my handwriting at all.”

Gong Ze looked at the two pieces of paper in his hand. Although the handwriting of the previous love letter was neat, the center of the characters was a little heavy. Lin Yin’s handwriting looked much more delicate and slender. It was indeed impossible for it to be written by the same person.

“Who knows if you wrote it like this on purpose...” Zhou Ling muttered unhappily. He felt that anyone who was suspected of hurting Gong Ze should be caught and beaten up.

“Shut up!” Gong Ze recalled the cake he had eaten when he saw that the love letter was signed by Lin Yin. His expression turned ugly. He gritted his teeth and said, “I want to see who’s so bold to scheme against me!”

Gong Ze’s expression was terrifyingly dark. The surrounding students also dispersed, afraid of angering Gong Ze.

"It's easy. I can find out who did it." A smile appeared on Lin Yin's face. If Su Fei, Shi Dai, and the others were all here, it would be harder for her to find who it was. It was much easier to find the person who could target her now.

Following Gong Ze and the others, Lin Yin walked back to the classroom.

"Only someone who also has PE class can appear in the corridor at that time," Lin Yin analyzed seriously.

"Then it must be our class." Lu Yan was also very curious about who was so bold as to offend Lin Yin and Gong Ze at the same time. She had seen with her own eyes that these two people did not show any mercy when they fought.

"Yes, only our class has PE class." Lin Yin walked to the back of the class where the homework books were placed and flipped through them one by one.

Chapter 60 Horrible End

"How long will it take to find them like this?" Zhou Ling felt that Lin Yin's method was not reliable. It was better to beat up everyone they suspected.

"I found it!" Lin Yin handed Zhao Zhi's homework to Gong Ze.

There were only a few people who had a grudge against her. A few of them were not around. Zhao Zhi had even had a conflict with her in the morning, so she had long suspected that he was the one who did it.

"It's true. The handwriting is exactly the same!" Yang Xue looked at Zhao Zhi's workbook and then at the handwriting on the love letter. "It should have been written neatly on purpose, but you can still tell that it was written by the same person."

"How f*cking disgusting!" Zhou Ling tore Zhao Zhi's homework apart angrily and turned to Gong Ze. "Boss, I'll bring people to beat that kid to death now!"

“There’s no hurry. Gather some people to wait for school to end. I want him to be afraid of coming back to school!” Gong Ze’s expression was dark. Even Lin Yin was a little worried for Zhao Zhi. Another person she hated would probably disappear tomorrow.

The atmosphere in the classroom in the afternoon had been very depressing. Everyone was afraid that Gong Ze would vent his anger on them, so no one dared to speak loudly. On the other hand, Lin Yin looked like she didn’t care and received everyone’s admiring gazes.

This was the first person who could sit in the classroom as if nothing had happened after offending Gong Ze.

No one affected her. Lin Yin focused all her energy on her studies and spent the afternoon reviewing all the textbooks in Year Three. Lin Yin felt that with her current level, she could definitely get into an ideal university.

When they returned to the Su Family after school, Su Fei still did not go downstairs to eat. Su Lin also returned to the villa in the suburbs. Su Zhen and Chu Yun were not in the mood to argue with Lin Yin. Lin Yin was free. After dinner, she returned to the bedroom and started reading.

The next day, when she arrived at school, Zhao Zhi was indeed nowhere to be seen in class. She heard from Yang Xue that there were photos of Zhao Zhi being beaten up badly on the school forum. Moreover, Gong Ze seemed to have used the Gong Family’s power to get Zhao Zhi’s parents to visit and apologize. They even promised to discipline Zhao Zhi well and make him never appear in front of Gong Ze again.

Because of Zhao Zhi, Zheng Chao’s actions had become much more restrained. His previous plan to deal with Lin Yin could only be temporarily abandoned.

Without the eyesore, Lin Yin’s school life was much easier and time passed much faster. A week later, when Lin Yin returned home, she saw Su Fei, who was obviously thinner at the dining table.

“Sister, you’re back from school,” Su Fei greeted Lin Yin warmly.

Her injuries had yet to heal, but after applying a lot of expensive ointment, her face had returned to normal.

Lin Yin looked at the fake smile on Su Fei's face and felt disgusted. However, when she thought about how Su Fei hated her so much and could still welcome her with such a smile, it was really not easy.

"Aren't you very sick? Have you recovered?" Lin Yin smiled at Su Fei and sensed that she was running her fingers through her hair unnaturally. She must have injured the corner of her eye previously and was habitually covering it for fear of being discovered by Lin Yin.

"Alright, Sister, we had a misunderstanding previously. In the future..." Su Fei had heard that Shi Dai and Ji Yun had been threatened by Gong Ze and wanted to pretend to build a good relationship with Lin Yin before thinking of a way.

Unexpectedly, she was interrupted by Lin Yin. "Su Fei, there are no outsiders here. You don't have to continue acting in front of me!"

Lin Yin lowered her body slightly and whispered into Su Fei's ear, "I know everything about you. If you still want to harm me, I'll return everything to you with interest!"

Su Fei's body was trembling, but she still pretended to be innocent and said to Lin Yin, "Sister, what do you mean? Aren't we family? What can be going on with me? Don't spout nonsense. If Dad and Mom hear this, they'll be worried again."

"Oh, is that so?" Lin Yin walked behind Su Fei and pressed Su Fei's shoulder hard. She said coldly, "How could that old pervert let go of such a pitiful you? Or do you not think it's scary? Do you want to experience it again?"

"You're spouting nonsense!" Su Fei broke free from Lin Yin's control crazily. Her eyes were filled with tears as she roared at Lin Yin, "Why are you doing this to me?! I treat you as my sister, but you go against me again and again!"

"Sister?" Lin Yin sneered and looked at the disheveled Su Fei disdainfully. "I'm just returning what you did to me to you. Why? It's just begun. Can't you accept it?"

“Lin Yin! What are you doing to Feifei?!”
