

Real Daughter 531

Chapter 531: Biting Lunatic

Huo Bing shook his sleepy head and looked at the video of Huo Ge waking up. He muttered to himself, "This Huo Ge is really dead when he sleeps. He's not moving. Those who don't know might think he's dead."

Then, Huo Bing sneered and muttered to himself, "It's good that he's dead." It's enough for the Huo Family to only have him as an heir.

The morning light was bright, but the basement where Su Fei was was still dark.

In such darkness, something suddenly crawled over Su Fei's foot, scaring her so much that she immediately screamed.

As she fled in a sorry state in the cage, the darkness was suddenly filled with a dazzling light.

Su Fei narrowed her eyes in discomfort and raised her hand to block the dazzling light.

Zhou Ping looked at the feces and unpleasant smell in the cage and covered her nose in disdain. "I still don't agree. This Su Fei is too dirty. She's not worthy of my son."

Only then did Su Fei see the two people opposite her clearly. One was Zheng Chao's mother, Zhou Ping, and the other was Zheng Chao's father, Zheng Feng. There were two people behind them, but Su Fei did not know them.

Zheng Feng also looked at Su Fei in disgust. Then, he suppressed the urge to vomit and said, "Our son is crazy now. He's still thinking about Su Fei. What's wrong with you going along with him? She's just a woman."

As he spoke, Zheng Feng instructed the two people behind him, "Clean her up and clean up the basement."

The two people behind nodded. Then, Zhou Ping and Zheng Feng quickly left the basement.

They had never expected that the former eldest daughter of the Su Family would become such a dirty person.

But on second thought, their son might have led such a life when he was in Su Fei's hands. Instantly, they couldn't wait for Su Fei to suffer even more.

Su Fei watched as the Zheng couple left. When the two strangers opened the cage and let her out, she was still a little nervous.

Then, Su Fei was brought out of the basement and into a bathroom.

When she saw the various toiletries in the bathroom, Su Fei's eyes were about to turn red.

During this period of time, she had been eating, drinking, and pooping in that iron cage. She smelled so bad that she was about to vomit. Her entire body was so sticky that she could not stand it. Even her hair was matted up.

Now that she saw such a bathroom, Su Fei was really about to cry.

At this moment, Su Fei did not think about anything. She took off her clothes and gave herself a deep cleaning.

When Su Fei finished washing up, she awkwardly realized that she did not have a change of clothes.

Su Fei carefully opened the bathroom door, only to bump into a pair of dark and curious eyes.

Su Fei leaned back slightly and saw a person with a scar on his face. It was Zheng Chao.

Su Fei was instantly so afraid that she wanted to close the bathroom door, but it was too late. The person outside had already pushed open the bathroom door with all his might, and Su Fei, who was in the bathroom, was knocked to the ground.

Zheng Chao tilted his head and looked at the naked person on the ground.

Gradually, his eyes turned from curious to dark and ruthless.

“Su Fei!” When Zheng Chao shouted this name, it was filled with hostility. Su Fei’s eyes widened. Wasn’t Zheng Chao crazy? Why did Zheng Chao still remember her name?

Before Su Fei could get the answer she wanted, Zheng Chao pounced on her.

Su Fei had already made up her mind. If Zheng Chao wanted her body, she would treat it as sex. She would just enjoy it.

After all, he was just a lunatic. He might become obedient after being coaxed a few times.

However, the situation in front of her was completely different from what Su Fei had imagined. Zheng Chao was like a mad dog, biting fiercely at Su Fei. He bit wherever his mouth went and would not stop until he bit out a piece of flesh.

When Su Fei’s shrill cry spread outside, Zheng Feng heaved a sigh of relief.

It was unknown what Zheng Chao had experienced in Su Fei’s basement. With his originally flirtatious personality, no matter what kind of girl they found for Zheng Chao these few days, Zheng Chao could not get in the mood. He just squatted in the corner like a fool.

Therefore, when he heard the commotion inside, Zheng Feng felt relieved that the Zheng Family still had a future.

Although Zhou Ping was also very dissatisfied with Su Fei, she also wanted her son to have a child, so she could only do this now.

However, her voice was a little loud. Zhou Ping instructed the person behind her, "Tomorrow, clean up the guest room next door and renovate it with soundproof materials. Then seal all the windows. Since it's my son's little pet, we can't let her escape."

The people behind nodded in agreement..

Chapter 532: Angry

After Zheng Feng got someone to lock the door, the group left.

Su Fei's first shrill cry was followed by a dying groan. She did not stop for the entire night.

It was not until the second person in the world came to clean up the mess that they saw that several pieces of Su Fei's flesh had been bitten off and she was bleeding all over the ground.

The servants were frightened. They had thought that their young master had feelings for his original fiancée, so they were a little intense.

After all, Master and Madam had sent so many girls into Zheng Chao's room, and such a thing had never happened.

Therefore, they were indeed a little surprised to see Su Fei like this.

After confirming that Su Fei was not dead, someone quickly went to invite the Zheng couple over. When the Zheng couple arrived, they were also shocked.

Only then did the Zheng couple understand that their son did not have a crush on Su Fei and could not forget her. He clearly hated her to the core, so he only remembered Su Fei even if he went crazy.

Zhou Ping gently lifted the blanket on the bed and saw that her son was still sleeping soundly. She smiled and said, "Looks like our son is tired from playing all night. Let him sleep a little longer."

Then, Zhou Ping casually grabbed a piece of Zheng Chao's clothes on the ground and threw them on Su Fei with a look of disdain. She covered the hideous and terrifying wound on Su Fei's body and instructed, "Carry her into the basement first. Apply some medicine and don't let her die."

After Su Fei was carried down, Zhou Ping said with a pained expression, "How much has Xiao Chao been tortured by Su Fei? He didn't even forget to avenge himself when he went crazy."

Zheng Feng said from the side, "Revenge is secondary. Watch Su Fei's condition more during this period of time. If you find any signs of pregnancy, you have to take good care of the baby. The sooner she gives birth, the sooner we can be at

Zhou Ping nodded. Although she was unwilling, this was the only way.

While Su Fei was still recuperating in the basement, the news that the Huo Family of the capital was holding a banquet to invite the younger generation of the capital spread to the Mu Family.

Old Madam Mu had yet to drink the tea when she placed it heavily on the table. The tea splashed onto Old Madam Mu's hand.

Mu Ning immediately picked up a tissue and carefully wiped Old Madam Mu's hands. "Grandma, why are you angry? This is not a big deal. The Huo Family wants to invite the juniors, so the invitation would naturally be sent to Mom and Dad."

It would have been fine if Mu Ning had not said anything, but once she did, Old Madam Mu became even angrier. "It was sent to the old residence of the other aristocratic families, but only for the Mu family they sent it to Ye Wen. Isn't this a slap in my face?"

In order to appease the old lady, Mu Ning could only persuade her in a low voice, "Grandma Huo is old and can't care about these things. The person beside Uncle Huo has no status and doesn't have a wife to take care of now. It's inevitable that she doesn't understand these things. Grandma, don't be angry. Otherwise, if I'm angry because of someone unworthy, my heart will ache."

Old Madam Mu thought of the Huo Family and sneered. Then, she relaxed. "You're right. The Huo Family is up to no good. The wife was angered to death by a mistress who came knocking on her door. Now that mistress still wants to enter the family, it's simply a joke."

Mu Ning had heard a little about the Huo Family. It was mainly because Huo Huai brought Huo Bing out to socialize and discuss business all day, so it was difficult for the people in the capital not to know.

"That's right. Grandma, since you know that it's a joke, we'll just smile and let it go. If they can't do anything decent, why should we be angry, right?" Mu Ning advised with a smile.

Old Madam Mu's anger had long dissipated after being coaxed by Mu Ning. She looked at Mu Ning and said, "Fortunately, you're here. Otherwise, Grandma would be furious."

Mu Ning smiled sweetly.

Old Madam Mu continued, "Since the Huo Family has invited the famous younger generation from the capital to play this time, you should follow them.

I wanted you to go out and show your face at the Gong Family's ball last time. Unfortunately, the Gong Family didn't dare to invite you because they were worried about your mother's madness. Now, it's just nice for you to go. You can represent our Mu Family and let everyone see how outstanding my granddaughter is."

Mu Ning was pleasantly surprised when she heard this, but her expression quickly turned desolate.

Old Madam Mu asked in surprise, "What's wrong? Why are you suddenly unhappy? Do you not want to go? If you don't want to go, then don't. Grandma didn't say that you have to go.."

Chapter 533: Ye Wen Is Awake

Mu Ning quickly shook her head and said, “No, I naturally want to go. It’s just that I’m afraid that Dad, Mom, and Brother will be unhappy. Grandma knows that Brother and the others are never willing to admit that I’m their sister. All these years, they haven’t let me appear in public either. If I go this time, they’ll be unhappy.”

Old Madam Mu thought it was something, but after hearing Mu Nings words, her expression darkened. She said in a low voice, “What are you afraid of? With Grandma here to support you, since you’re my granddaughter, you’re a child of our Mu Family. We’ll go this time and we’ll go openly as the daughter of our Mu Family!”

Mu Ning frowned and said uneasily, “Grandma...”

Old Madam Mu immediately stopped Mu Ning from speaking. She held Mu Ning’s hand and said, “Ah Ning, with Grandma around, you don’t have to be afraid of anything. You’re our Mu family’s big baby. Your parents will know how good you are in the future.”

Mu Ning looked at Old Madam Mu with red eyes and was touched. “Grandma!”

As she spoke, Mu Ning hugged Old Madam Mu tightly, and Old Madam Mu patted her granddaughter in her arms lovingly.

It was only from this granddaughter, Mu Ning that she could feel the so-called joy of family.

On the Mu family’s side, Mu Cheng looked at the invitation letter in his hand and asked Mu Heng, who was in front of him, difficultly, “The Huo Family specifically invited the eldest daughter of the Mu Family. They’re clearly inviting Yinyin. I’m afraid that Yinyin won’t be willing. Why don’t we reject them?”

Mu Heng did not want Lin Yin to appear in front of these aristocratic families before her identity was announced, but Mu Heng still said thoughtfully, "Tell Yinyin. See what she wants. If she wants to go, we'll bring her to familiarize herself with the aristocratic families in the capital first. If she doesn't want to go, we'll reject her."

Mu Cheng nodded. "Then you can do it."

After Mu Heng replied, Mu Xiao came out of the room at the side. Mu Cheng immediately went forward and asked, "How's your mother? Is she better?"

During this period of time, although Lin Yin did not officially accept her identity as the daughter of the Mu Family, Mu Ran would drag her to the Mu Family to play every day, so Ye Wen looked much more stable.

Mu Xiao nodded at Mu Cheng with a smile on his face.

Mu Cheng wanted to rush in to look for his wife happily, but just as he got up, Ye Wen walked out.

Mu Cheng looked at Ye Wen, whose eyes were clear, and asked nervously, "Ah

Wen, you..."

Mu Cheng did not dare to ask because he was afraid of disappointment. However, Ye Wen, who was opposite him, smiled at him with a smile that he was once very familiar with. "Ah Cheng."

Mu Cheng went forward happily and hugged his wife. The man who had always been steady in front of his son was now red-eyed and choked slightly. "Ah Wen, you're finally back!"

Ye Wen raised her hand and pulled her husband into her arms. She said softly,

"I'm back. It's been hard on you all these years."

Mu Cheng hugged his wife and shook her head vigorously. "It's not hard. As long as you can come back, it's not hard at all."

Ye Wen smiled. The past of more than ten years was like an unconscious dream in Ye Wen's mind. She did not know anything in the dream and was silly. She had implicated her husband who had been taking care of her for more than ten years.

She had made her children not have a normal mother, especially Mu Ran, who had almost been strangled to death by her.

After Ye Wen comforted her husband, she looked up at her two sons beside her and shouted softly, "Ah Heng, Ah Xiao, I've let you down all these years."

Lin Yin was her child, but the two sons in front of her were also her children. She had lost her daughter, and all her children had lost a normal mother. Mu Heng and Mu Xiao smiled and shook their heads in unison. The two of them approached Ye Wen's open arms and the three of them hugged each other.

After a while, Ye Wen let go of the two of them and asked, "Where are Xiao Ran and Tian Tian?"

As soon as Ye Wen finished speaking, the sound of something heavy falling to the ground came from the door.

Everyone looked at the door and saw Mu Ran standing there in a daze, the script in his hand scattered on the ground.

As soon as he entered the house, Mu Ran heard Ye Wen's words. He looked at the scene in front of him in disbelief and could not believe that Ye Wen was asking for him just now.

Ye Wen looked at Mu Ran's dazed expression and smiled before approaching him..

Chapter 534: Investigation

Under Mu Ran's unbelievable gaze, Ye Wen gently pulled her youngest son into her arms and said gently, "Xiao Ran, Mom is back. Mom is sorry!"

Mu Ran's eyes turned red almost instantly. His eyes could not contain his surging tears as they rolled down.

All these years, Mu Ran had acted in too many crying scenes, but this was the first time he could not control his tears.

Tears landed on Ye Wen's shoulder and soaked her clothes. Ye Wen felt so guilty that tears streamed down her face. Just as she was about to speak, Mu Ran beat her to it and said, "It's okay. I don't blame you, Mom!"

Ye Wen's eyes were already blurry with tears. When she heard her youngest son's words, her heart ached even more.

The two of them hugged and cried for a while before stopping.

Ye Wen raised her hand and gently wiped the tears off Mu Ran's face. Mu Ran also slowly wiped the tears off Ye Wen's face with a tissue. Then, the mother and son looked at each other and smiled.

Mu Cheng was also happy when he saw this. Then, he looked behind Mu Ran and asked in confusion, "Didn't Yinyin come back with you today?"

Mu Ran shook her head and said, "Yinyin said that she had something on today and couldn't come, so I came back first."

When Ye Wen heard Mu Ran's words, she was a little disappointed. "Tian Tian has been called Lin Yin all these years, right?"

Mu Ran nodded and said, "Yes, her name is Lin Yin."

Ye Wen looked a little bitter. Then, she asked, "What about her adoptive parents? They raised Yinyin up. We have to thank them."

Although Ye Wen had memories of the past ten years, her memories of Lin Yin were only from these few days of interaction.

Facing Ye Wen's answer, the Mu father and sons fell silent.

Ye Wen asked in confusion, "What's wrong? Did I ask the wrong question?"

Actually, Mu Xiao didn't know much more about Lin Yin than his two brothers.

He knew Lin Yin's identity the earliest, so he investigated how Lin Yin had lived all these years.

However, the information they could find was relatively limited, because most of Lin Yin's life was in the slums.

The people in the slums come and go every few years. It was very mobile and the people were very complicated, so Mu Xiao could only find out about Lin Yin's situation in the past few years.

After Mu Heng and Mu Ran found out about Lin Yin's identity, they also went to investigate, but the information they found was almost the same as Mu Xiao's. It was mainly some information from the past few years.

Ye Wen was stunned on the spot. She asked in disbelief, "How did she live alone? How did she live alone as a child?"

Mu Ran did not dare to say it. He was afraid that if he did, he would feel so uncomfortable that he would want to cry.

It was really not easy for a teenage girl to fight her way out of a place like the slums and still be able to support her life and study.

This was also why Lin Yin was especially ruthless in her fights. If she wasn't, Lin Yin might not have lived until now.

Seeing that the men at home were silent, Ye Wen understood a little. Her mood, which had just improved, was faintly on the verge of breaking. "Give me Yinyin's past information. I want to see it!" Ye Wen said word by word.

She wanted to know what kind of life her daughter had led during her absence for more than ten years.

Mu Heng and Mu Ran turned to look at Mu Xiao in unison. Mu Xiao was a little troubled. "Mom, you've just recovered from your illness. It's better not to look at these things first. I'm afraid it won't be good if your condition relapses."

Mu Xiao was really afraid that if Ye Wen saw that Lin Yin had not been doing well all these years, she would feel too guilty and be mentally abnormal again.

Unexpectedly, Ye Wen did not listen to Mu Xiao's persuasion at all. She only looked at Mu Xiao steadily, as if she would not stop until she obtained Lin Yin's information.

Mu Xiao was hesitant. Ye Wen said directly, "If you don't tell me, I'll investigate it myself. I can find out what you can."

Mu Cheng, who was at the side, sighed and looked up at Mu Xiao, indicating for him to take it out.

Mu Xiao had no choice but to bring Ye Wen to his room and take out all the information about Lin Yin for Ye Wen.

"Why did it start at the age of 13? Why is it only recorded that she was in the orphanage for four years and nothing else?" Ye Wen asked in confusion.

“Yinyin only made a name for herself in the slums when she was 13 years old. When she became famous, naturally, people knew about her. There were no records of her before that. We couldn’t even find out what primary school she went to,” Mu Xiao said truthfully..

Chapter 535: Chu Family

Mu Xiao actually felt that this was a little strange. He had asked the school where Lin Yin was in junior high. The principal there said that Lin Yin was in first place when she entered the school through special recruitment.

Because she did not have a school record and the school really wanted this genius girl to increase their school enrollment rate, they pulled strings and got

a school record for Lin Yin.

Therefore, the school did not know how Lin Yin came.

After all, the slum was not small. If someone had been hiding there for a few years, as long as they hid well, it would indeed not be easy to find them.

When Ye Wen heard Mu Ran say that Lin Yin only had records after she became famous in the slums, her eyes couldn’t help but turn red again.

It was unknown what an underage girl had experienced in the past few years that she could be remembered as a fierce fighter at the age of 13.

Ye Wen looked at the information on the document, page by page. Every word was heartbreaking. She even saw that when Lin Yin mistook the Su family for family, her heart ached even more.

Soon, Ye Wen saw that something was wrong. She wiped the tears off her face and looked up at Mu Xiao. "Chu Yun? Chu Yun married Su Zhen? She was the one who changed Yinyin's paternity test and brought her back to the Su family as her biological daughter?"

Mu Xiao nodded and said, "This is indeed strange. I just saw this report recently, so I've been investigating this matter, but I can't find where Chu Yun is. I only found out that the Zheng and Shi families threw her into the slums and then she disappeared."

Mu Xiao had always thought that the Su family had only recognized the wrong child, so he had never thought in that direction.

Therefore, when this paternity test report appeared in front of him by accident, he was more careful to investigate. He did not expect to find out that Chu Yun had forged a paternity test.

Some memories vaguely appeared in Ye Wen's mind. Those memories were the memories of her and Lin Yin when they were kidnapped in the slums.

Although she was unconscious at that time and focused most of her attention on Lin Yin, it did not stop her from remembering that Lin Yin had once asked loudly if Chu Yun had abandoned the child back then and if there was someone behind her.

"It's Chu Yun! She was the one who carried Yinyin away back then!" Ye Wen's eyes suddenly turned fierce.

Mu Xiao asked in confusion, "Chu Yun? But why did Chu Yun carry Yinyin away?"

Ye Wen's eyes were filled with hatred as she said carefully, "Chu Yun is from the Chu Family. Back then, the Chu Family was not a bad family in the capital. They were attached to the Fu Family and the Zhou Family. Later on, the Fu Family and the Zhou Family fell, and the Chu Family was stepped on by everyone. Other than Chu Yun, the rest of the Chu Family disappeared for no reason. However, I have a grudge with Chu Yun. Chu Yun likes Zhou Li of the Zhou Family, and Zhou Li is close to me."

When she mentioned Zhou Li, Ye Wen's eyes flashed with sadness and guilt. "Zhou Li's sister, Zhou Ying, is my best sister."

Back then, when the Fu family had an accident, she was in the hospital protecting the baby, so she missed Zhou Ying's cry for help.

Ye Wen felt guilty about this. She could not save her good sister, causing her good sister to die in the sea of fire with her husband, Fu Chen, and the child in her stomach.

Mu Xiao frowned slightly. "So Mom, you're saying that Chu Yun might have taken Yinyin away to take revenge on you because she hates you?"

Ye Wen shook her head and said with a serious expression, "In the past, I would have thought so, but after the kidnapping that day, I don't think it's that simple. Chu Yun was instructed by someone. She has someone behind her."

"Then I'll investigate again. I just can't find where Chu Yun is now." Mu Xiao sighed.

Ye Wen was a little surprised. "How can I not know? Wasn't Chu Yun taken away by that kid from the Huo Family? He's the one who was kidnapped that day, Huo Ge. I remember Yinyin saying that Huo Ge used a fake identity and even mentioned the name Zhou Hai. I think Huo Ge's original identity should be Zhou Hai, and he's a human trafficker. Yinyin asked him for Chu Yun, but he refused and got someone to take her away. He might be preparing to sell her now."

Mu Xiao was shocked and immediately said, "I'll get someone to spy on the Huo Family and look for Chu Yun."

Ye Wen nodded. "Be careful. I don't think that Huo Ge is easy to deal with." After Mu Xiao agreed, he went out to discuss this with Mu Heng.

"So, is that Huo Ge really the Zhou Hai who kidnapped Yinyin previously? The infamous King of Hell Zhou from Country D?" Mu Heng asked in a deep voice..

Chapter 536: Looking for Lu Ming

Mu Xiao nodded and said, "Yes, that's what Mom said. Although she hasn't been thinking clearly all these years, her memory shouldn't be bad. Moreover, Yinyin has hinted to us before that person isn't Huo Ge, but Zhou Hai. It's just that we don't have evidence to prove it now. This is a little troublesome."

"Fortunately, Yinyin already knows about this and won't be deceived by Huo Ge. Our main mission now is to find Chu Yun and find out who the person behind Chu Yun is. I'm afraid that the person behind this will harm Yinyin when they find out that she's still alive," Mu Heng said worriedly.

Mu Xiao's mood was also rather heavy. "Country D is still eyeing Yinyin covetously. Lu Ming's love interests are also staring at Yinyin. If the person behind Chu Yun comes out to interfere again, won't Yinyin be in danger every

"I'll arrange for more people to be by Yinyin's side. As for Lu Ming's love interests, I'll personally tell Lu Ming to manage those women himself. As for investigating Chu Yun and her behind the scenes, I'll leave it to you," Mu Heng said.

Mu Xiao nodded and instructed, "Remember to tell Yinyin when you arrange for someone to follow her. Otherwise, with Yinyin's personality, if she's annoyed at being stared at, she might even shake off our people. This will be even more dangerous."

Mu Heng said cautiously, "I will. I'll talk to her later and tell her about the Huo

Family's banquet to see if she wants to go."

Mu Xiao said uneasily and worriedly, "I think Huo Ge is a little dangerous. He asked Yinyin to go this time. There might be a problem. Why don't we just ask Yinyin not to go?"

"I thought so too, but Mu Xiao, Yinyin is different. All these years, she has been making decisions for her life alone. I don't want her to lose her right to control her life just because she found her family. Even if it's just a small banquet, I want to respect her decision, just like how you respected her decision to not return to the Mu family for the time being," Mu Heng said seriously. Mu Xiao nodded and said, "I was worried. I understand."

After the brothers decided, Mu Heng called Lu Ming and asked him out for a chat.

Lu Ming could only stop what he was doing and plan to meet Mu Heng first.

After seeing what happened to Mu Heng, he would come back and think about how to turn the stars in the sky into eternity.

When Mu Heng saw Lu Ming's dark eyes, he was a little surprised. He smiled and said, "President Lu, how many nights have you not slept?"

Lu Ming smiled as he made tea for Mu Heng. "There's something I haven't completed. I can't sleep well."

After being chased out by Lin Yin that night, Lu Ming's mind had been racing. He wanted to help Lin Yin keep the stars that she liked, so he barely slept at night.

Mu Heng raised his eyebrows slightly and looked at Lu Ming with a slightly cold gaze. "You shouldn't sleep well. You're already so old, but you still provoked my sister for no reason and caused her to be hurt by your confidante."

Lu Ming looked up at Mu Heng in shock. "What do you mean?"

"Some time ago, Yinyin and we were attacked by criminals in the Mu Family. The mastermind behind this includes Su Fei, Meng Shu, Meng Wan, and the mysterious person behind the scenes who hadn't appeared yet. Be it Meng Shu or Meng Wan, they are all related to the Lu Family. I think you have to give our Mu Family an explanation for this, right?" Mu Heng's tone was indifferent and interrogative.

Lu Ming knew that Lin Yin had been attacked in the Mu family, but Lu Ming had been focused on studying how to preserve the stars for the past few days.

Moreover, he heard that the Mu family had already dealt with those criminals, so Lu Ming did not investigate this matter further. He only strengthened the training of Shen Yu and the others who did not perform well.

Therefore, when he heard Mu Heng's words, Lu Ming was indeed a little surprised. He did not expect that the criminal who attacked Lin Yin was related to the Lu Family.

Then, Lu Ming's eyes gradually turned ruthless. He said to Mu Heng with a dark expression, "I'll settle this matter and give your Mu family an explanation."

Mu Heng knew Lu Ming's personality. Since Lu Ming had made a promise, there was no problem with this matter.

However, Mu Heng did not plan to let Lu Ming off so easily. His tone was filled with naked objection. "Lu Ming, it was not easy for our Mu family to find Yinyin, so I hope you can stay away from her in the future. There's already a lot of danger by her side. I don't want her to be in more danger and trouble because of you.."

Chapter 537: Backing Down

Mu Heng paused for a moment before continuing, "Besides, your life belongs to the country. I respect your mission, but I don't want my sister to be a widow early in the future. Therefore, I hope that you won't continue to hang around Yinyin when she doesn't have any feelings for you. She's still young. I don't want to see a wild wolf by her side all day. I don't want to bully her and cheat her of her feelings."

Lu Ming's expression was a little ugly. When he knew that Lin Yin was a child of the Mu family, he knew that things between him and Lin Yin were not that simple.

"I'm not lying to her. I really like Yinyin." Lu Ming clenched his fists, but he could only say this to retort for himself.

It was a fact that he had caused Lin Yin to be attacked.

And he had other missions on his shoulders. It was indeed possible for him to leave this world early. At that time, he would really leave Lin Yin alone in this Lu Ming's passion seemed to have been splashed with a bucket of cold water, and all his expectations were instantly extinguished.

Lin Yin had already promised him that she would consider dating on the day she went to university. Now that Mu Heng said that, Lu Ming felt a little uncertain.

It was not that he was afraid that Lin Yin would reject his advances, but he was afraid of what Mu Heng had just said.

He was afraid that if he appeared beside Lin Yin, he would really bring danger to her.

Mu Heng sighed softly and said, "Lu Ming, take it that I'm begging you as an older brother. Yinyin is still young. She's about to go to university. She should happily spend her university life on campus, not fall in love with you and face more uncertain danger. When Yinyin is a little older, if you two really love each other, I naturally won't stop you."

Mu Heng didn't want to decide on Lin Yin's love life, but in his opinion, Lin Yin was still young and had a long future. She should wait until she is more mature before she could face a man like Lu Ming.

Therefore, before Lin Yin had feelings for Lu Ming, he felt that he could come out and remind Lu Ming first. At the same time, he could warn Lu Ming to control his love interests.

The seriousness on Lu Ming's face slowly dissipated. Then, he chuckled and said, "I understand."

Seeing that Lu Ming had listened, Mu Heng stood up and said, "Then I'll go back first."

Lu Ming smiled and stood up to send Mu Heng out. Coincidentally, the two of them met Lin Yin, who had just returned from work.

“Brother Mu Heng?” Lin Yin said subconsciously.

Mu Heng had just helped Lin Yin resolve her romance with Lu Ming, so Mu Heng was a little embarrassed to see Lin Yin.

However, when he heard Lin Yin call him Brother Mu Heng again, the embarrassment in Mu Heng’s heart was quickly washed away by Happy.

“Yinyin, you’re back? Coincidentally, I have something to tell you,” Mu Heng said as he approached Lin Yin.

Lin Yin looked at Lu Ming, who was behind Mu Heng. For some reason, Lin Yin felt that there was something wrong with Lu Ming’s mood today.

In the past, when Lu Ming saw her, his eyes always had the joy and enthusiasm of meeting her. But today, Lin Yin saw struggle and hesitation in Lu Ming’s eyes.

Lin Yin was curious. How could a decisive person like Lu Ming be troubled by something and have an emotion like struggle?

Mu Heng saw Lin Yin’s gaze turn to Lu Ming and was a little worried. He could tell that Lin Yin did not have deep romantic feelings for Lu Ming now, but it was undeniable that Lu Ming still had some influence in Lin Yin’s heart. Mu Heng interrupted Lin Yin’s gaze. “Yinyin, let’s go in?”

Lin Yin retracted her gaze. At the last moment when she opened the door and entered, Lin Yin’s suspicious gaze turned to Lu Ming again.

Usually, at this time, Lu Ming would follow her in directly. Today, he was more polite and did not rush in shamelessly.

No, it was obvious that Lu Ming had no intention of coming in at all.

However, Lin Yin was indeed not used to Lu Ming's sudden change in attitude.

Lin Yin smiled at Lu Ming and closed the door. The atmosphere between the two of them seemed to have suddenly become polite and distant without any warning.

Even after closing the door, Lin Yin stood behind it in a daze in confusion. Mu Heng looked at Lin Yin's dull and puzzled expression and asked softly, "Yinyin, what's wrong?"

Lin Yin only frowned slightly and shook her head. "Nothing."

With that, Lin Yin looked up and asked, "Brother Mu Heng, why are you looking for me today?"

Only then did Mu Heng tell her about arranging for someone to protect Lin Yin and the Huo Family inviting her..

Chapter 538: No Need

If not for Chu Yun, Lin Yin would have felt that there was no need to go to the Huo Family's banquet. She did not like to join in the fun.

However, after being deceived by that kid, Lin Yin felt that there was no harm in going. The main reason was that she wanted to avenge herself.

Ever since she was reborn, she, Lin Yin, had never been bullied like this.

"Yes! Why not?" Lin Yin raised her eyebrows, there was a hint of interest and an evil smile on her face.

Mu Heng had thought that Lin Yin would not like such an occasion and would not go.

However, he did not expect Lin Yin to go.

“Alright! I’ll pick you up when the time comes,” Mu Heng said. Then, he instructed, “However, you have to be careful of Huo Ge. I keep feeling that that kid has ill intentions towards you. Since we know that he’s Zhou Hai, stay away. That person is not a good person.”

Lin Yin nodded obediently at Mu Heng and said, “Yes, yes. I know. I’ll be careful.”

However, Lin Yin did not think so in her heart. Huo Ge had made her work for nothing for so long. She had to teach him a lesson.

Besides, based on Huo Ge’s attitude towards her, Lin Yin knew very well that even if she didn’t look for him, he wouldn’t let her off. In that case, it was useless for her to hide.

After accepting the Mu family’s invitation, Lin Yin sent Mu Heng away. She wondered if she should go over and greet Lu Ming, but when she thought of Lu Ming’s expression just now, Lin Yin suddenly felt that Lu Ming might have something on his mind, so she didn’t dare to go out and disturb him.

Her gaze fell on the kitchen that Lu Ming had been using. Her head was empty, and she did not know what she was doing in her current state.

It was not until Lin Yin heard the sound of the door opening and closing next door that she turned to look at the door.

Just as she thought that Lu Ming would open the door with the key with a smile as usual, she heard the footsteps stop at the door.

Lin Yin could feel Lu Ming standing at the door, but she didn’t know what stopped Lu Ming from pushing the door open.

After waiting for a while, Lin Yin’s anticipation gradually disappeared.

Because she heard Lu Ming's footsteps leaving.

Lin Yin didn't know if her current mood could be considered disappointing, but this feeling that she had already caught something but it's slipping away was uncomfortable.

After sitting in a daze for a while, Lin Yin suddenly smiled self-deprecatingly.

Like many times before, Lin Yin chose to be calm. Since there were some things that she couldn't ask for, she wouldn't ask for them. It wasn't anything important.

Lin Yin quickly adjusted her emotions and ate something before bringing her things to the company.

School was about to start. She had to make proper arrangements for the company so that she could enjoy her university time without worry.

She wanted to experience the university years that she had never experienced

in her previous life.

Lu Ming drove back to the Lu Family's old residence in a depressed manner. Then, he went straight to his eldest brother, Lu Zheng's courtyard.

When Meng Shu saw Lu Ming coming over, she was surprised. "Why do you have the time to come look for your older brother? Your brother is still copying Buddhist scriptures in the ancestral hall."

Ever since Lu Zheng colluded with foreign forces to kidnap Lin Yin last time, Old Master had locked Lu Zheng in the ancestral hall and made him copy Buddhist scriptures every day. He had yet to come out.

"I'm not here to look for Big Brother. I'm here to look for you and Meng Wan." Lu Ming's tone was low.

Meng Wan, who had just found out that Lu Ming was here, was overjoyed as soon as she reached the door of the living room when she heard from Lu Ming that he was here to look for her.

Lu Ming had never taken the initiative to look for her. This time, he came to her sister's courtyard and said that he was looking for her. She was naturally happy.

"Brother Lu Ming, I'm here!" Meng Wan floated to Lu Ming's side like a butterfly.

Just as Meng Wan's hands were about to touch Lu Ming's arm, Lu Ming immediately moved to the side, his face filled with disgust.

"Were the two of you the ones who sent the people to attack Lin Yin some time ago?" Lu Ming asked bluntly.

Meng Shu looked at Meng Wan in surprise. She did not expect Meng Wan to send someone to deal with Lin Yin.

However, how could the two of them admit such a thing?

Meng Shu was the first to speak. "Third Brother, did you misunderstand something? I have no grudge against Lin Yin. Why should I send someone to attack her?"

Meng Wan also hurriedly wanted to clear her name. "Brother Lu Ming, how could I attack Lin Yin? She's just a little girl. I won't be so bored as to find someone to deal with a little girl.."

Chapter 539: Questioning

Lu Ming looked at Meng Wan coldly and sneered with a cold gaze. "Is that so? Then do you mean that my subordinates don't have the ability to find out the truth, so they slandered you? Or did I deliberately wrong you?"

Meng Wan immediately explained anxiously, "Brother Lu Ming, that's not what I meant. I just feel that there's a misunderstanding. I don't mean to question you."

"I don't care what you mean! Meng Wan, I'll give you an hour to move out of the Lu Family. Otherwise, I'll get someone to invite you out," Lu Ming said coldly.

When Meng Wan heard that Lu Ming wanted to chase her out of the Lu Family, she instantly became anxious. "Brother Lu Ming, I really didn't do anything! You can't treat me like this!"

"This is the Lu Family!" Lu Ming emphasized to Meng Wan with a malicious gaze.

Seeing that Lu Ming was determined to chase her out, Meng Wan immediately turned around and begged her sister, "Sister, speak up for me. I'm your sister. There's nothing inappropriate about me staying by your side, right?"

"On account of you?" Lu Ming sneered. Then, he looked at Meng Shu with a wife-like gaze. "You still want to plead for her? After I deal with her, you'll be next."

Meng Shu looked at Lu Ming in disbelief and said in surprise, "Lu Ming, what do you mean by that? I'm your sister-in-law, your brother's wife."

"Not to mention that you're my brother's wife, even if it's my brother, as long as he dares to hurt my people, I'll still deal with him." Lu Ming's words were cold.

Seeing that Meng Wan was still not moving, Lu Ming waved at Shen Yu and the others outside. "Since the Second Miss of the Meng Family is unwilling to clean up herself, the few of you go up and help her pack her things. I don't want to see this woman in the Lu Family again in an hour."

With that, Lu Ming turned around and left.

Shen Yu and the others immediately surrounded Meng Wan. No matter how she shouted, they surrounded her tightly.

Seeing this, Meng Shu wanted to go up and help Meng Wan. Shen Yu immediately stood in front of Meng Shu with a solemn expression.

Meng Shu shouted at Shen Yu, "I'm the first wife of the Lu Family. How dare you stop me! Let me tell you, move aside immediately. My sister is not someone you can touch."

"I'm sorry, we're just following orders. Please don't make things difficult for us." Shen Yu said the word 'please' with a respectful expression, but he really did not take Meng Shu seriously with what he said.

"Alright, alright, alright! Just you wait. I'll go look for Old Master now. I'll see how he punishes you!" Meng Shu said angrily.

Then, she hurriedly ran towards Old Master Lu's courtyard.

However, when she arrived, Lu Ming was already at Old Master's place.

Meng Shu was about to complain when the Old Master asked coldly, "Were you sisters the ones who sent people to attack that little girl Lin Yin? You even implicated the Mu family?"

Meng Shu was shocked and immediately shed tears. She said with an aggrieved expression, "Grandpa, I really didn't do anything. How could I have conspired with Meng Wan to do such a thing? What about the Mu family? This is even more nonsense. Why would I provoke the Mu family for no reason?"

Lu Ming's expression was cold as he threw a stack of evidence at Meng Shu. "Take a good look before you quibble!"

Meng Shu picked up the information in her hand in confusion. When she saw the robbers' confessions, she immediately panicked.

Not only hers, but also her sister, Meng Wan's.

She did not expect that she would be implicated even though she had already done it so secretly.

The current Meng Shu could not care about Meng Wan. She could only clear her name first.

Meng Shu said innocently, "I'm not dealing with Lin Yin at all. The person I want to deal with is Su Fei. She used the identity of Lu Zheng's goddaughter to do something to destroy my family. I just want to find a few people to scare and teach Su Fei a lesson. What's wrong with me doing that? I'm just a woman who wants to maintain a complete marriage. I didn't hurt Lin Yin."

Lu Ming smiled coldly and said, "You're very smart. You know about the grudge between Su Fei and Lin Yin, so you sent someone to take Su Fei's life in Lin Yin's name. It was to make Su Fei think that Lin Yin wanted her dead and arouse Su Fei's thoughts of killing Lin Yin. Then, you sent someone over to Su Fei so that you could hurt Lin Yin.."

Chapter 540: Chased Out

Meng Shu shook her head, looking wronged. Her face was pale and her eyes were filled with tears. "It's not like that. I didn't want to kill anyone at all. I didn't dare to. I was afraid that Ah Zheng would come out and resent me for attacking Su Fei. That's why I asked someone to spout nonsense and say Lin

Yin was the one who instigated it. I thought that with you protecting Lin Yin, Su Fei definitely wouldn't dare to do anything."

Meng Shu rationalized all her actions. In the end, she was just a woman who had been interrupted by a mistress. She wanted to continue protecting her marriage, but she did not dare to attack the mistress openly. She was afraid that the mistress would take revenge, so she only let Lin Yin take the blame. That was all.

Seeing that Lu Ming's face was still dark, Meng Shu immediately turned to look at Old Master Lu and cried miserably, "Grandpa, I know my methods are not honorable, but I want to protect my family, my marriage, and my two children and their father. I really didn't expect Su Fei to kill someone. I really thought that Su Fei would be afraid of Third Brother and wouldn't attack Lin Yin."

Seeing Meng Shu tell the truth, Old Master was also angry. This eldest son's family was really foul.

"Then why did your sister, Meng Wan, bribe a group of people to hurt Lin Yin and the Mu family?" Old Master Lu asked angrily.

Meng Shu really did not know. She did not know why Meng Wan secretly hired someone to kill Lin Yin and even went all the way to the Mu family.

Therefore, in the face of Old Master Lu's question, Meng Shu could only shake her head gently and say, "I don't know about this. I think there's a misunderstanding. Wan'er is kind-hearted by nature. Even if she's jealous that Third Brother and Lin Yin are very close, she wouldn't dare to do such a thing that hurts people's lives."

"It's in black and white. The transfer records and the statements of those criminals are all on paper. Why? Do you want to deny it for your sister?" Lu Ming questioned in an unfriendly tone.

Old Master Lu's face darkened. "Our Lu family must give the Mu family an explanation for this. Otherwise, if someone finds out, they will think that there's some irreconcilable hatred between the Lu family and the Mu family. They actually want to kill the Mu family at the entrance of the Mu family." Meng Shu was shocked. She really did not expect things to develop to this extent.

At that time, she was only at a tea party in the Gong Family. She had accidentally heard that Su Fei and Lin Yin's relationship was very bad, so bad that she wished the other party would die, and Lin Yin was the girl Lu Ming held in his palm.

Therefore, she purely wanted to use Lin Yin to get Lu Ming to deal with Su Fei.

However, she did not expect that it would involve the Mu family.

What made her even more frustrated was that Meng Wan had also made a move. Moreover, the person Meng Wan hired was not targeting Lin Yin, but the Mu family.

Therefore, Meng Shu was very puzzled about this matter.

“Grandpa, there must be something fishy about this. I believe that Wan’er asked someone to deal with Lin Yin because Third Brother is jealous of her. But it doesn’t make sense for Wan’er to deal with the Mu Family,” Meng Shu explained anxiously.

“Meng Shu, you’re really avoiding the main point. Can’t you read? Meng Wan hired someone to kill Lin Yin and implicated the Mu family,” Lu Ming said word by word.

Meng Shu’s expression was a little ugly. No matter how much she wanted to argue for Meng Wan, she did not know what to say.

She was furious with her troublesome sister. Couldn’t she have been prepared to hide herself before she attacked?

Now, she didn’t know how to help even if she wanted to.

Old Master Lu snorted and said, “Ah Ming, deal with this matter yourself. Pack up what needs to be cleaned up and chase out what needs to be chased out. I’m worried about these things now. After this matter is settled, find a time to go to the Mu Family with me personally.”

Although Old Master Lu and Old Master Mu had never gotten along for the rest of their lives, there was no deep hatred between them.

The Lu Family had gone overboard with what happened today. He still had to apologize.

Amidst Meng Shu’s panic, Lu Ming responded and watched as Old Master Lu was helped into the inner room.

Meng Shu still wanted to plead for mercy, but she was so frightened by Lu Ming’s cold gaze that she did not dare to say a word.

Meng Wan thought that if Meng Shu went to Old Master's place, she would not be chased out. Unexpectedly, she was still thrown out of the Lu Family with her luggage.

Meng Wan still wanted to go forward and knock on the Lu Family's door, but she was taken away by the police the next second..
