

Real Daughter 551

Chapter 551: Here

When Lu Yan heard Lin Yin's answer, she knew that Lin Yin was patronizing her. After a delicate snort, she happily pulled Lin Yin's hand in.

The woman walking over from afar looked at Lin Yin and Lu Yan's backs as they left and greeted the three Mu brothers. "President Mu, I saw you from afar."

Mu Heng and the rest looked at the three women walking towards them and smiled. "It's President Hou. What a coincidence."

The other two girls looked a little younger than the leader.

The two of them stopped in unison when they looked at Mu Ran. Because Mu Heng was working with their sister, they knew each other.

Mu Xiao and the others had met before, so they knew each other.

However, it could not be said that they did not know Mu Ran, but it was indeed the first time they had seen him offline.

The two of them blushed, but they did not know how to address Mu Ran.

As Mu Ran's fans, they could call him Brother Mu Ran online without any burden, but offline, especially now, they did not dare to shout it out.

Seeing her two sisters' embarrassed expressions, Hou Min smiled at Mu Ran. "I didn't expect Third Young Master Mu and Best Actor Mu Ran to be the same person. It's too surprising."

Then, Hou Min looked at her two sisters and smiled. "Mu Ran, these are my two sisters, Hou Wan and Hou Ying."

Mu Ran showed Hou Min respect and smiled. "Hello, Sister Hou Min, Hou Wan, and Hou Ying!"

Hou Wan and Hou Ying were so excited that their eyes lit up. They greeted him repeatedly, "Hello! Hello!"

Hou Min looked at the entrance of the banquet hall and asked, "Is that girl just now a relative of the Mu Family?"

Mu Ran immediately replied, "No! That's our sister!"

Hou Min did not expect Mu Ran's reaction to be so big and was a little surprised. Then, she only smiled. After all, it was someone else's business, and she did not want to ask further. She just smiled and said, "Then let's go in together?"

At the side, Hou Wan and Hou Ying looked at each other. Sister? What sister? Could it be a lover?

The two of them were shocked and wanted their sister to ask quickly, but Hou Min stopped and did not continue asking. This made their hearts skip a beat.

The two of them were anxious to know the answer, but they didn't dare to ask directly, so they kept it in their hearts. It was uncomfortable!

Mu Heng rejected her tactfully. "The three of us still have something to discuss, so you guys go ahead."

Hou Min nodded at the three of them and called her two sisters, who were still guessing, in.

Hou Wan and Hou Ying had no choice but to follow their sister.

When Lin Yin, who had just entered, arrived at the banquet hall, no one looked at her.

Because most people were gathered in the small circle with Mu Ning as the center.

Before the Wei Family arrived, Lu Xiao, Lu Yue, and Lu Yan came from the Lu

Family. However, the parents of these three people did not hold power in the Lu Family. Lu Ming, who was really in charge, did not come, so there was no need to curry favor with them.

Naturally, everyone surrounded Mu Ning. After all, Mu Cheng was the only son of the Mu Family, so everyone tacitly agreed that Mu Ning was Mu Cheng's daughter. Moreover, Mu Ning was surrounded by the young masters and young ladies of other aristocratic families, the Lu Family, the Yue Family, the Wen Family, and the Huo Family.

However, Lin Yin's appearance was too outstanding. Coupled with the fact that she was an unfamiliar face, many gazes were quickly attracted by Lin Yin.

When Huo Ge saw Lin Yin enter, his originally unrestrained smile froze for a moment. Then, an evil smile appeared on his lips as he waved his happy head.

He put down the things in his hand and approached Lin Yin.

"You're here?" Huo Ge looked at Lin Yin with a smile.

Lin Yin raised her beautiful eyes slightly, her gaze sharp. She smiled and said,

"Yes, I'm here. I'm here to cause trouble."

Lu Yan looked at the two people in front of her in confusion. She felt that there seemed to be a grudge between the two of them.

She had never heard Lin Yin say that she was here to cause trouble.

‘Yinyin?’ Lu Yan called out softly in confusion.

Seeing that Lu Yan couldn’t say anything, Lin Yin could only smile and say, “I was just joking with Second Young Master Huo.”

Huo Ge naturally knew that Lin Yin was still unhappy about how he had deceived her previously, but he did not want to reflect.. What did Lin Yin’s anger have to do with him?

Chapter 552: Toad

Huo Ge glanced at Lu Yan, who was beside Lin Yin. He didn’t expect the little girl just now to be quite familiar with Lin Yin.

Lin Yin seemed to care about this little girl.

People who valued relationships were not good. They had weaknesses.

For example, weren’t they able to take Lin Yin away because of Lin Yin’s good friend, Yang Xue?

Huo Ge suddenly felt that it was actually not difficult to deal with Lin Yin. He could just start with the people around her. This would be much more convenient!

When Lin Yin saw Huo Ge staring at Lu Yan with an unfriendly gaze, she suddenly remembered that Huo Ge, that bastard, had captured Yang Xue to threaten her.

Lin Yin immediately pulled Lu Yan behind her and threatened with warning eyes, "You'd better not have any ill intentions, or I won't be polite. Also, keep your eyes open. She's from the Lu Family."

Lin Yin knew that her ability was limited, so she directly used the Lu Family as a warning.

Huo Ge did not expect this young lady to be from the Lu Family. He put away his thoughts.

After all, it was not appropriate for them to offend too many families at once. Otherwise, it would be troublesome if they were surrounded and attacked.

Seeing Lu Yan's suspicious gaze turn to him, Hugo immediately said with a smile, "Yinyin, what are you talking about? I don't have any crooked thoughts. I just have some thoughts about you."

When Lu Yan heard this, she immediately exploded. Someone was snatching someone from her uncle? How could that do? Yinyin was going to be her aunt in the future!

Lu Yan immediately stretched out her hands and stood in front of Lin Yin. She said loudly, "Damn toad! What are you thinking? Put away your thoughts. Yinyin is not someone you can covet!"

Lu Yan's words instantly attracted everyone's attention. Even the people around Mu Ning turned to look over.

Lu Yan's words instantly attracted everyone's attention. Even the people around Mu Ning turned to look over.

When they saw the girl's face behind Lu Yan, everyone's faces revealed stunned expressions. Then, they started discussing.

"Who's the girl behind Lu Yan? Isn't she too good-looking?"

"She doesn't look familiar. Whose young lady is she? Why does she look so symbolic?"

“Look at her clothes. There’s a D.Ning logo on them. This is D.Ning’s custom-made design!”

“It’s not fake. Look at that D.Ning logo. It’s embroidered with D.Ning’s unique embroidery. It can’t be fake.”

“It seems like this young lady’s identity is not simple to be able to make D. Ning come out of seclusion. It’s just that she looks very unfamiliar to me. Do you know whose family she belongs to?”

When Mu Ning saw that everyone’s gaze was attracted by Lin Yin, her heart turned cold, but she still had a smile on her face.

On the other hand, Wen Ying, Yue Ning, and the others, who had seen Lin Yin before, recognized her.

“I know her. Her name is Lin Yin. Weren’t you guys curious about the girl who was rumored to be with Third Master Lu? It’s her!” Yue Ning glanced in Lin Yin’s direction disdainfully.

She had taken a long time to recognize the dazzling girl just now. It was actually Lin Yin, whom she had seen previously. She did not expect Lin Yin, who was already a little good-looking, to be so attractive after dressing up.

Thinking of this, Yue Ning felt uncomfortable.

Even Wen Ying, who was at the side, felt a little upset. She was a big star, but she was not as eye-catching as a girl from a small family. It was too insulting.

Yue Chi looked at Lin Yin with a vicious coldness. Back then, he had been beaten up so badly because Lin Yin had meddled.

When enemies met, Yue Chi was naturally displeased with Lin Yin. Even Lin Yin’s peerless beauty could not make Yue Chi feel any pity.

The people beside her looked at Lin Yin curiously. They had long wanted to know what kind of girl could be protected by the Third Master of the Lu Family openly.

When they saw Lin Yin's appearance, everyone nodded in understanding.

"No wonder the Third Master of the Lu Family was bewitched. I'm a little attracted to her now and want to get to know her."

"In the past, I thought that the Third Master of the Lu Family was not a superficial person. Now, it seems like it's all about looks. Indeed, all men are the same."

"Speaking of which, why isn't Third Master Lu here today? Didn't they say that as long as Lin Yin appeared, Third Master Lu would basically accompany her?"

Chapter 553: Swan

"He's probably tired of her, right? Who is the Third Master of the Lu Family?"

"Can't he have any woman he wants?"

"That's right. No matter how good-looking a woman is, it's meaningless after you've played with her. Besides, with Third Master Lu's status, he still has to be matched with a girl of equal social status in the end."

"Isn't that so? That's why women still have to have a better family background. Just because she's good-looking, she's just a plaything."

As soon as these words appeared, some people from families who thought they were better than Lin Yin all looked at her with disdain.

Hou Wan muttered unhappily, "These people are really sharp-tongued. How can they say that about Brother Mu's sister?"

Hou Wan had heard of Lin Yin and knew about Lin Yin and Lu Ming, but she was also Mu Ran's fan. She believed that a girl who could make Mu Ran say that she was her sister would not be bad.

Hou Min also hid the disdain in her eyes, but her disdain was not directed at Lin Yin, but at those people who said that if a woman was beautiful, she was someone else's plaything.

These people had just said that they didn't know Lin Yin, but now they started to seem to know how many men Lin Yin had seduced. Then, they united and looked down on Lin Yin, as if this could make them look noble and pure. It was really disdainful.

Hou Min smiled and said softly, "So, you can't become one of them. You have to have your own brains and judgment. Don't listen to others. Women can also have their own careers. Women don't have to find a man to rely on for the rest of their lives. Women have to live their own lives."

Hou Wan and Hou Ying nodded at Hou Min.

The three generations of the Hou Family had been led by women. Therefore, even if Hou Wan and Hou Ying had the hearts of teenage girls to chase after celebrities, they had also been educated like boys.

Hence, they did not fall into the broken rule of finding a man to marry in their lives and being a rich wife at home in peace that would spend all their time raising children and assisting their husbands in their career advancement.

If they dared to have such thoughts, their elder sister, mother, and their grandmother would probably beat them to death.

Therefore, it was rare for the Hou Family to be able to get married to a big family. The men of big families were all proud and would not let the women in the family be in charge.

Therefore, the girls of the Hou Family had to spend more effort to fight for the interests of their families before they could occupy a seat in the Eight Great Families of the Capital.

When Huo Bing heard that Huo Ge was called a toad, he was a little happy. He went forward and smiled. "Huo Ge, what did you do? Why did you make Miss Lu Yan so angry that she even called you a toad?"

Huo Ge was not often in the capital, so when they heard him, everyone looked at him curiously.

The younger generation in the capital knew about the conflict between Old

Madam Huo and Huo Huai.

Old Madam Huo liked the child of Huo Huai's deceased wife, Zhao Ning, and Huo Huai liked the child of his lover, Huo Bing.

At the moment, Old Madam Huo had beaten Huo Huai, but Huo Ge had just returned to the country, and Huo Bing had already started studying at the company with Huo Huai.

Therefore, it was still unknown who controlled the Huo Family.

Huo Ge revealed an unruly smile and smiled nonchalantly. "I took a few more glances at my swan, so I was treated as a toad. However, I'm very happy! I admit that I'm mesmerized by the beautiful Miss Lin Yin."

Everyone looked at Lin Yin.

They had just been saying that Lin Yin seduced Lu Ming with her beauty, but they did not expect that in the next second, Lin Yin would seduce the Second Young Master of the Huo Family again.

Everyone even started to look forward to Lu Ming coming over later so that they could watch the show.

Unfortunately, their hopes were dashed. Lu Ming would not come tonight.

Huo Bing's gaze swept across Mu Ning when he heard Huo Ge's words, and the smile on his face widened.

His Grandma's wish for him to contact the eldest daughter of the Mu Family was probably going to fail.

In front of so many people, Huo Ge said that he was mesmerized by Lin Yin.

With the Mu family's status, they would not accept someone who spoke so frivolously to another girl in public, right?

Huo Bing smiled brightly. "Huo Ge, you'll scare the girl if you're so bold..

Alright, didn't Grandma ask us to bring Miss Mu to see her? Let's go together?"

Chapter 554: I'm Not Going

Huo Ge seemed to have suddenly remembered this. He turned around and smiled at Huo Bing. "I would have forgotten if you hadn't mentioned it. Alright, let's go in together."

Huo Bing turned around and invited Mu Ning politely. Mu Ning nodded without thinking.

In her opinion, Lin Yin had yet to officially return to the Mu Family, nor had she announced her identity as the young lady of the Mu Family. The young lady that Old Madam Huo wanted to see was naturally her.

Seeing Mu Ning nod, Huo Bing glanced at Huo Ge smugly and disdainfully.

In the end, Hugo did not hesitate to look at Huo Bing. Instead, he looked at Lin Yin with a smile and asked, "My Grandma wants to see you. Are you willing to go in with me?"

The surrounding people instantly looked at Lin Yin as if they were watching a good show.

Lin Yin only raised her eyebrows and looked at Huo Ge. Everyone was dazzled. Her arrogant look was breathtaking.

Lu Yan's heart was bleeding. She picked up her phone and secretly took a photo of Lin Yin. She hurriedly sent it to Lu Ming and even sent a message, [Uncle, if you don't come soon, Yinyin will be taken away by the wild wolves. That toad, Second Brother Huo, who has just returned to the country, is going to kidnap your future wife to see Grandma Huo!]

When Lu Ming received Lu Yan's message, his grip on his cell phone tightened.

But when he thought of what Mu Heng had said, his urge to go to the banquet to show his sovereignty over Lin Yin completely disappeared.

Lin Yin was in her youth and had her own exciting life. She shouldn't be imprisoned in their relationship so early.

He knew very well that Lin Yin did not have any feelings for him. He also knew that he was not a good match, so he did not dare to go. However, he still had expectations. He hoped that after Lin Yin grew up in the next few years and her thoughts matured, she would choose him.

Lu Yan saw that it had been a few seconds since she sent it, but Lu Ming didn't even reply with a comma. Lu Yan felt helpless.

Seeing that Huo Ge had invited Lin Yin, Huo Bing said doubtfully, "Huo Ge, are you sure Grandma asked you to bring Miss Lin Yin in to see her? Don't bring the wrong person later. Grandma will be angry."

Huo Bing's words were filled with obvious disdain for Lin Yin. The surrounding people could feel it.

“Why are you talking so much nonsense?! You bring your person, I’ll bring mine. It’s none of your business!” Huo Ge retorted without giving Huo Bing any face.

Huo Bing felt embarrassed after being rebuked by Huo Ge in public.

He snorted and left with Mu Ning. Huo Ge was still waiting for Lin Yin’s answer with a smile.

Lu Yan pulled Lin Yin anxiously, looking forward to Lin Yin’s rejection. Lin Yin patted Lu Yan’s hand gently and smiled. “Alright, I understand. I won’t

As she spoke, Lin Yin looked at Huo Ge with a smile, as if she was rejecting him.

Huo Ge was not angry. Instead, he smiled.

He knew that Lin Yin would probably go against him in the future after suffering a loss.

Gong Yue suddenly smiled and said, “Lin Yin, right? I think you’re right not to go. You know your place. Grandma Huo is not someone a girl from a small family can meet. She already said that she wants to see Miss Mu. If you really go in rashly and get scolded, you’ll be embarrassed.”

A sneer immediately came from the side. Mu Ning and Huo Bing stopped in their tracks and looked in Lin Yin’s direction.

Gong Yue felt better when she saw that Lu Yan’s expression was not good. She and Lu Yan just didn’t get along.

Now that Lu Yan was close to Lin Yin who came from a small family out of nowhere, she naturally wouldn’t treat Lin Yin well.

She was just a wild girl with no status. There was nothing wrong with stepping on her. She could even make Lu Yan unhappy. Why not?

Lu Yan pulled Lin Yin behind her and said impolitely to Gong Yue, "It's embarrassing if you don't know how to speak! Why? Do you want me to beat you up?"

Lu Yan did not pamper Gong Yue. It was not like she had never beaten her up before.

In the past, when she was still on good terms with Gong Ze, she was already on bad terms with Gong Yue.

Later on, when her relationship with Gong Ze was not good, she even fought with Gong Yue whenever they met.

It was mainly because Gong Yue's words were unpleasant. She worshipped the high and trampled on the low. She was eccentric and made people angry just by looking at her.

When Lu Yue saw Lu Yan appear, she sneered and said, "Lu Yan, didn't your parents teach you to be polite when you're a guest? You want to hit someone the moment you speak. That's all your upbringing is."

When Lu Yan saw Lu Yue come out, her eyes were cold.. "It's none of your business!"

Chapter 555 - 555: Bet

"As expected, after interacting with small families for too long, your words will become rough. Lu Yan, I advise you to interact less with those low-level people. Don't embarrass our Lu Family." Lu Yue glanced at Lin Yin arrogantly.

Lin Yin had no intention of going with Huo Ge, but seeing these people's faces, she suddenly changed her mind.

"Huo Ge, aren't you going to see your Grandma? I'll go with you!" Lin Yin smiled.

Lu Yue didn't want to say anything about Lin Yin, but seeing that Lin Yin was overestimating herself, she sneered. "Lin Yin, don't think that just because you're good-looking and have charmed Lu Ming and Huo Ge, you think your status has risen. The Huo Family's Grandma isn't someone you can control just by showing off a little."

Huo Ge did not expect this young lady from the capital to be so strong. She was humiliating her in public.

He instantly turned his attention to Lin Yin. He had no intention of helping Lin Yin at all. He even wanted to see her angry. Unfortunately, Huo Ge was disappointed. Lin Yin was not angry. She even stopped the angry Lu Yan from hitting her. Just as Huo Ge was waiting to watch the commotion, Lin Yin's gaze turned to Huo Ge. She widened her eyes and looked at him innocently. "Will Grandma Huo chase me out?" Huo Ge was stunned for a moment before he smiled and shook his head calmly. "Of course not. My Grandma likes good-looking people too." Lin Yin immediately turned to look at Lu Yue and Gong Yue. She shrugged and sneered. "What should I do? I think Grandma Huo might not chase me out because I'm pretty." Lu Yue sneered. She did not expect Lin Yin to be so shameless. Old Madam Huo was someone who might not even be nice to her biological grandson, Huo Bing. Would she be nice to an uninvited Lin Yin? Lu Yue suddenly had a scheming look in her eyes. She smiled at Lin Yin and said, "Then why don't we make a bet?" Lin Yin widened her big bright eyes and asked curiously, "Okay, what are we betting on?" "Let's bet if you'll be chased out of the Huo Family by Grandma Huo! If you're chased out of the Huo Family, you'll lose," Lu Yue raised her eyebrows and said confidently. In Lu Yue's opinion, someone like Grandma Huo who valued status would definitely not let someone like Lin Yin stay at such a banquet for the young people of the various large families. She even suspected that Lin Yin had used some abnormal method to sneak into the Huo Family's banquet and find a rich husband to hang on to. The surroundings suddenly became excited. The banquet had yet to officially begin, but there was already so much excitement to watch. Lin Yin looked at Lu Yue mockingly. "I'm reminding you out of kindness. Since I can come to this banquet, I naturally came openly. I'm a guest. Do you really think Grandma Huo will chase me away so disrespectfully?" "Do you not dare to gamble anymore?" Gong Yue immediately mocked. In the city, everyone knew that Old Madam Huo valued family background, especially after the lover Huo Huai brought back killed Zhao Ning. Old Madam Huo could not tolerate those unscrupulous, low-class women who clung to the rich and powerful. Therefore, Gong Yue also wanted Lin Yin and Lu Yue to bet because she knew that Lin Yin would definitely lose. She even thought of all the punishments for losing. Lu Yan grabbed Lin Yin. She didn't want Lin Yin to be impulsive because she knew Old Madam Huo's character very well. If she was really angry, Old Madam Huo would really chase her away. She might as well go up and beat the two of them up. Anyway, Lin Yin was very powerful. If she couldn't beat her, Lin Yin would save her. With Lin Yin around, her uncle would help her settle this matter. Seeing Lu Yan pull Lin Yin back, Lu Yue and Gong Yue became even more smug. Lu Yue sneered and said, "It's fine if you don't dare. I won't argue with someone like you who hasn't seen much of the world. After all, the situation is limited. Even if a child born into a poor family obtains some material wealth, they still don't have much knowledge. That's why they think that everything they want in this world can be exchanged with beauty." The group of people watching the show wanted to see if Lin Yin really had this

much courage. Lin Yin grabbed Lu Yan, who was gritting her teeth beside her, with a smile on her face, but it did not reach her eyes. "There's nothing to be afraid of. Today, I really want to use my looks to please Old Madam Huo. Tell me, what's the bet?" Lu Yue and Gong Yue looked at each other. Then, Gong Yue took two steps forward and smiled. "We don't want a girl like you to lose too badly. It won't be easy to clean up when the time comes.. Why don't the person who lost be the serving girl for everyone present tonight? It can be considered as serving the esteemed guests that are present here today!"

Chapter 556 - 556: Doting

"Gong Yue, don't go overboard. Do you believe that I'll hit your Gong Family?!" Lu Yan was so angry that she pointed at Gong Yue and threatened.

Who was she humiliating?

The people who came today were all the famous young people in the circle. If Lin Yin poured wine for these people, Lin Yin would probably be laughed at for the rest of her life!

But most importantly, with Lu Yan's understanding of Lu Yue and Gong Yue, they would definitely not let Lin Yin pour wine so simply. They would definitely play some tricks to embarrass Lin Yin when she poured wine.

Instead of letting Lin Yin suffer like this, she might as well fight the two of them! Who were they trying to disgust?! It was too infuriating!

"Overboard? Lu Yan, you're wrong! We're making a bet. It's not certain who will lose. We're treating everyone equally," Gong Yue said to Lu Yan. "That's right! It's not certain who will lose. So the ones who bet with me are the two of you? Are you sure?" Lin Yin asked calmly without any anger. Lu Yue and Gong Yue looked at each other and nodded at Lin Yin. "Yes!" "That's good! With so many people testifying here, I don't think the two of you will go back on your word." Lin Yin nodded and chuckled. Seeing that Lin Yin was still so ignorant, a pitying smile appeared on Lu Yue's face. "I was afraid you would go back on your word." The people beside her looked at Lin Yin's face, which seemed to not know the dangers of the world, and sighed at Lin Yin's ignorance. In their opinion, Lin Yin was definitely going to lose. Even Mu Ning, who was standing beside Huo Bing to watch the show, felt that if the Mu family did not appear in time today, Lin Yin would probably be in trouble today. She believed that with Lu Yue and Gong Yue's torture methods, pouring wine was a small matter. They might just slap her later. After all, in the eyes of Lu Yue and the others, it was already a blessing to slap those waiters who did not know

how to pour wine. She did not expect that before she could make a move, Lin Yin would cause a lot of trouble herself. She wondered if her three brothers and parents would be able to protect Lin Yin in time. She turned her gaze slightly and did not expect to see the three Mu brothers standing in the corner, looking at Lin Yin and the others. Mu Ning was slightly stunned. The three Mu brothers were clearly here and knew that Lin Yin had encountered difficulties. Why didn't they make a move? Most importantly, the three brothers were all smiling as they looked in Lin Yin's direction. Mu Ning was puzzled. Could it be that the three Mu brothers were just pretending to be siblings when facing Lin Yin? Could it be that they just wanted Lin Yin to treat Ye Wen's illness? Thinking of this, Mu Ning suddenly felt that she did not feel so uncomfortable anymore. The three Mu brothers might be the kind of people who were heartless. They might not be very close to a sister they had never interacted with. Mu Ning's heart couldn't help but ache for Lin Yin. So what if they were biological siblings? Wasn't Lin Yin the same as her, Mu Ning, who was not related by blood? Mu Ning sneered and looked away. In the corner, Mu Ran smiled and said, "Yinyin looks like she's having fun." "Isn't that so? Look at the slyness hidden in her eyes. She's so smart and cute," Mu Xiao said with a smile. Mu Heng also smiled at Lin Yin dotingly. Perhaps to the others at the banquet, this was a bet that Lin Yin would definitely lose, but in the eyes of the three of them who knew the inside story, Lin Yin would definitely win. After all, Old Madam Huo had personally instructed them to come, so they were naturally not worried at all. On the other hand, Lu Yan was worried that Lin Yin would be chased out as soon as she entered. It was too embarrassing. Therefore, Lu Yan planned to accompany Lin Yin in. At that time, even if she had to be shameless, she would ask Grandma Huo to give her face and not chase Lin Yin out. Lu Yue immediately saw through Lu Yan's thoughts. She stopped Lu Yan and smiled. "Lu Yan, you don't have to go in. I'm afraid you'll use your identity as a member of the Lu family to cheat!" Lu Yan looked at Lu Yue angrily and said fiercely, "Let go of your dog paws. Otherwise, don't blame me for being rude to you." Lu Yue was not angry and did not argue with Lu Yan. She just nimbly let go of Lu Yan's hand. Anyway, if Lin Yin lost later, Lu Yan would definitely feel terrible. She didn't even have to do anything. Lin Yin said to Lu Yan, "I'm fine. Don't worry, I won't lose!" When Lu Yue heard Lin Yin's words, she snorted disdainfully..

Chapter 557: Who Is she?

Lu Yan watched as Lin Yin turned around and left with Huo Ge. She had already made up her mind. If Lin Yin really went to pour wine for everyone, she would do the same. If anyone dared to not drink well and come looking for trouble, she would beat them up one by one. After that, she would get her uncle to save her.

Lin Yin looked at Mu Ning, who was walking not far in front of them, with an indifferent smile on her face.

Huo Ge lowered his head slightly and chuckled in Lin Yin's ear. "You're quite scheming. You clearly know that you'll win, but you still want to bet."

"Didn't they also think that they would win, that's why they bet with me too? It's just an eye for an eye! I'm a very fair person. I'll scheme as much as others scheme against me!" With that, Lin Yin looked at Huo Ge with an unfathomable smile.

Huo Ge shook his head and said, "Tsk, tsk, tsk. You're quite vengeful. Why are you so petty?"

"I thought I had already made things clear to you when you planned to scheme against me. Why? Didn't you hear me clearly back then?" Lin Yin retracted her gaze and looked straight ahead as she sneered.

"You're a little unreasonable, aren't you? Although our deal wasn't written in black and white, I only agreed to spare her life back then. You can't blame me," Huo Ge said innocently.

Lin Yin smiled and snorted. "Alright! I don't blame you! But your people kidnapped my... family and even kidnapped my friend before. They even wanted to capture me to Country D. Who do you think I should blame for this?"

Huo Ge straightened up and sighed. "Looks like there's no solution between us. Since the hatred has been established, we can only see who will win!"

Huo Ge admitted that he was a little interested in Lin Yin, but he would not bring danger with him.

Lin Yin was too wild and difficult to control. Once he brought Lin Yin back to

Country D, with Lin Yin's personality, she would probably not be easy to manage. Lin Yin was not someone who would obey.

In that case, when he regained his dignity and had enough fun, Lin Yin would die.

Huo Ge sighed. Why was such a beautiful girl so stubborn and calculative?

It was such a waste!

It was simply such a waste!

Such a good-looking person should be obedient and give in. Only then would she be loved.

On the other side, Huo Bing brought Mu Ning through the rockery and stream in the courtyard to Old Madam Huo's living room.

"Grandma, I've invited the eldest daughter of the Mu Family over for you." Huo Bing smiled at Old Madam Huo, who was lowering her head to make tea.

Old Madam Huo looked up slightly and saw Huo Bing bringing an unfamiliar young lady into the room.

She frowned slightly. "Who did you say she was?"

Huo Bing did not notice that something was wrong with Old Madam Huo's expression. He only said respectfully, "Miss Mu, Mu Ning!"

Mu Ning was a little nervous under Old Madam Huo's scrutinizing gaze. She quickly went forward and introduced herself respectfully. "Grandma Huo, my name is Mu Ning. I'm ranked fifth in the Mu family. You can call me the fifth child or Ah Ning."

"The fifth daughter of the Huo Family?" Old Madam Huo sized up Mu Ning with her sharp eyes and smiled. "I didn't know that there was a fifth daughter in the

Mu Family."

Mu Ning smiled appropriately. "I've always been raised by my grandparents and haven't come out much all these years. This is the first time I've come out to attend a banquet. When I heard that Grandma Huo wanted to see me, I boldly came to visit you."

Old Madam Huo picked up her teacup and sniffed it gently. Then, she sipped her tea elegantly.

When the tea in the cup was empty, Old Madam Huo gently put down the cup and said solemnly, "When did I say that I wanted to see the Mu family's... Fifth Daughter?"

Huo Bing did not hear the difference and said with a puzzled expression,

"Grandma, didn't you tell Huo Ge to bring the eldest daughter of the Huo Family to see you? Huo Ge was mesmerized by a girl called Lin Yin. I didn't want to disappoint you, Grandma, so I brought the daughter of the Mu Family to see you myself."

Old Madam Huo snorted. Her expressionless face looked especially serious, making the two people present a little helpless.

"I remember that I'm talking about the eldest daughter of the Mu Family and not some unknown fifth daughter, right? Huo Bing, you know that I don't like to see strange people," Old Madam Huo said bluntly.

Huo Gels heart skipped a beat. He looked at Mu Ning in disbelief and then at his

Grandma..

Chapter 558: Fake

What was going on with the Mu Family?

From not having a single lady to having some eldest daughter and a fifth daughter, how many daughters did Mu Cheng have?

Before yesterday, he had always thought that Mu Cheng did not have a daughter at all. If Old Madam had not said that she wanted to see her today, he would not have known about this at all.

If he had known earlier, he would have read the invitation list back then. He would not have been so confused now!

Huo Ge was so anxious that he was sweating profusely, but it was useless. This was because he was really not sure about this matter.

Just then, Huo Ge walked in casually and said in a coaxing tone, "Grandma, I brought Lin Yin over for you. Are you happy?"

Huo Bing suddenly heaved a sigh of relief!

Even if Mu Ning was not the eldest daughter of the Mu family, she was still a proper daughter of the Mu family.

As for the Lin Yin that Huo Ge brought over, she was just a wild girl from a

small family who had a scandal with Lu Ming.

Thinking about it, Grandma would be even angrier at Huo Ge, right?

In Huo Bing's opinion, Huo Ge's appearance had simply saved his life, giving him some time to think in this confusing situation.

However, to Huo Bing's surprise, Old Madam Huo, who had been so serious that she was about to reprimand someone the next second, suddenly smiled lovingly. "You're here! Come, come, come, sit beside Grandma!"

Lin Yin did not go forward and sit down. Instead, she smiled politely and said,

“Grandma Huo.’

Old Madam Huo looked at Lin Yin’s luxurious and innocent outfit today and was so happy that her eyes narrowed.

The Mu family really doted on their daughter, who had been missing for more than ten years. Now, they even invited that person from the Wei family out to make a gown for Lin Yin.

Huo Ge sat down beside Old Madam Huo. However, Old Madam Huo, who had always doted on Huo Ge, pushed Huo Ge with a look of disdain. “Go sit aside.

This is the seat I left for Yinyin.”

Then, Old Madam Huo waved at Lin Yin with a smile. “Yinyin, come, come.

Come to Grandma’s side and let me take a look.”

Lin Yin sighed slightly. For the sake of the bet, sit!

Huo Ge had just muttered and stood up when Lin Yin was pulled to her seat by the old lady.

Seeing Old Madam Huo holding Lin Yin’s hand and looking at her warmly, Huo Bing looked like he had seen a ghost.

Didn’t they say that his Grandma didn’t like girls from small families? Why wasn’t it the case now?

Huo Bing was now wondering if he was dreaming.

Mu Ning instantly guessed the reason. It seemed like Old Madam Huo had found out about Lin Yin's identity from somewhere.

She sneered indignantly in her heart. Could a girl who had wandered outside for more than ten years be more outstanding than her, the daughter of an aristocratic family?

These secular people always looked at blood ties and not at people's excellence. They were simply too superficial.

Even though she was about to go crazy with jealousy, Mu Ning still had the dignity of a young lady from a wealthy family. She stood in the middle of the room calmly and generously. She had her own pride.

Huo Bing, on the other hand, approached Mu Ning in confusion and asked softly, "Aren't you the eldest daughter of the Mu Family? Why did you become like this?"

Mu Ning turned her head slightly to look at Huo Bing in surprise and asked curiously, "I've always said that I'm ranked fifth in the Mu Family. How can I be the eldest daughter of the Mu Family? As for you, you said that your Grandma wants to see me. What's going on now?"

Huo Bing was speechless.

Mu Ning had indeed said that she was ranked fifth in the Mu family, but how could he know that so many girls had suddenly appeared in the Mu family?

Huo Bing looked at the scene of Old Madam Huo and Lin Yin chatting happily and was puzzled. He asked nervously, "Grandma, who is this Lin Yin?"

Old Madam Huo looked in Huo Bing's direction. Her originally gentle tone became a little cold when she spoke to Huo Bing. "Take her out first."

How could she not know what Huo Bing was thinking?

Huo Bing had clearly heard what she said to Huo Ge today, so he wanted to cut off Huo Ge's connection with the Mu family halfway.

However, Huo Bing was still a little stupid to bring a fake.

However, it was no wonder. The eldest daughter of the Mu Family had been lost for so many years, so the younger generation naturally did not know or know her.

However, it was a fact that Huo Bing was petty..

Chapter 559: Hard Fist

Mu Ning felt a little embarrassed to be chased out in front of Lin Yin. Especially when she had said in front of Lin Yin how much the Mu family doted on her. However, she was as embarrassed as she was proud just now.

At the same time, she was arrogant when they invited her in. She was in a sorry state now when they invited her out politely.

Mu Ning was furious, but she still said with a quiet smile, "Grandma Huo, it seems like today was a misunderstanding. I'll take my leave first."

With that, Mu Ning nodded at Old Madam Huo and turned to leave.

Huo Bing followed Mu Ning out dejectedly and asked in confusion, "Miss Mu Ning, what's going on?"

Mu Ning did not explain further. She looked at the scenery outside Old Madam Huo's room and said, "Brother Huo Bing, I think the scenery outside your Grandma's courtyard is quite beautiful. Why don't you show me around? We'll talk as we walk. How about that?"

Mu Ning did not want to return to the banquet hall now. She could not stand it.

Today was the first time she came out as the daughter of the Mu Family. Even if she could not let everyone think highly of her, she could not let others look down on her.

However, Mu Ning was afraid that her wish would not come true because the curious people who were watching the commotion were already secretly waiting outside Old Madam Huo's courtyard.

They did not dare to enter Old Madam Huo's courtyard for fear of being chased out, but they could still watch the commotion outside.

However, when they saw that it was Huo Bing and Mu Ning who walked out first, their jaws dropped.

Gong Yue rubbed her eyes in disbelief and said in surprise, "Is it because the night is too dark and the lights aren't bright enough that I think Huo Ge and Lin Yin are Huo Bing and Mu Ning?"

Lu Yue's expression was extremely ugly, and Lu Yan instantly heaved a sigh of relief and said, "Don't doubt your dog eyes. You saw Huo Bing and Mu Ning. They were the ones who were chased out first."

"Lu Yan, who did you say has dog eyes?" Gong Yue turned around and glared at

Lu Yan.

Lu Yan made a face at Gong Yue fearlessly, angering Gong Yue so much that her fists became hard.

"What difference does it make who comes out first? We bet on whether Lin Yin will be chased out by Old Madam Huo, not who comes out first and who comes out later. Hmph, maybe Huo Ge and Lin Yin are kneeling in front of Old Madam Huo and begging." Lu Yue stabilized her emotions and sneered.

Everyone felt that it made sense, so Lu Yan glared at Lu Yue indignantly.

The three Mu brothers were not interested in Lin Yin's sure-win outcome. Mu Heng and the other families were chatting about the recent investment environment. Mu Xiao pulled Mu Ran to the side. One was hiding from his sister, while the other was hiding from his fans.

At this moment, everyone was curious about Lin Yin. She was leisurely eating desserts under Old Madam Huo's warm hospitality.

"Xiao Ge knew you were coming and specially asked the kitchen to prepare this Chinese dessert. How is it? Does it suit your taste?" Old Madam Huo asked Lin Yin lovingly.

It was sweet but not greasy. This pastry was indeed good. Lin Yin nodded and replied honestly, "It's delicious!"

Old Madam Huo smiled until her eyes narrowed. "Xiao Ge has been overseas all these years and is not familiar with the capital. So Yinyin, Grandma wants to trouble you to bring Xiao Ge out for a walk during this period of time. Is that okay?"

Lin Yin's hand that was holding the pastry paused for a moment. No matter how stupid she was, she understood what Old Madam Huo meant. This old lady clearly wanted to matchmake her and Huo Ge.

Lin Yin looked at Old Madam Huo in a dilemma. "Grandma Huo, I'm going to university in two days. I might not have time."

Old Madam Huo could naturally hear the rejection in Lin Yin's words, but she didn't care. Men had to have a process of wooing women.

Her kind smile was filled with curiosity. "In that case, which school did Yinyin enroll in? Why don't you get our Xiao Ge to send you there?"

Lin Yin smiled and refused. "Capital University, there's no need, Grandma. This is too troublesome. I have someone to fetch me."

Old Madam Huo looked at Huo Ge and gestured for him to fight for it himself. In the end, Huo Ge actually thought that Old Madam Huo wanted tea and poured a cup of tea for her. "Grandma, your tea!"

Old Madam Huo was speechless at Huo Ge's interruption..

Chapter 560: Satisfied

Huo Ge met Grandma's gaze with a smile, and the old lady's personal butler,

Ming Yu, Imocked lightly on the door and entered. She said gently, "Old Madam, there's a bunch of young masters and young ladies gathered at the entrance of the courtyard. I'm guessing that those young masters and young ladies want to visit you but don't dare to come in? Do you think we should invite them in?"

Although Mingyu did not believe it herself, she could not find any better explanation.

Old Madam Huo frowned. "Don't they usually avoid me? What's going on

tonight? They actually took the initiative to come to my side?"

Old Madam Huo knew her reputation among these young people from aristocratic families, so she did not think that those young people would have the mood to visit her.

Huo Ge explained, "Grandma, you don't know. Just now, in the banquet hall, they made a bet on whether you would chase Lin Yin out of the Huo Family when she came in. I reckon that they're surrounding Grandma now because they want to see Lin Yin being chased out."

Ming Yu was a little stunned. She did not expect someone to dare to bet on the Huo Family.

In the capital, other than the Lu Family, the Mu Family, and the Wei Family, which were evenly matched, the fourth was the Huo Family.

In addition, the old lady had a bad temper, so in Ming Yu's opinion, these young people were bold enough to use Old Madam Huo as a part of the bet.

Ming Yu even looked at Lin Yin with pity. She seemed to be able to predict Lin Yin's outcome. Perhaps not only Lin Yin, but even the juniors who participated in the bet would be chased out.

However, Ming Yu never expected that Old Madam Huo in front of her did not show any signs of anger. Instead, she looked at Lin Yin kindly and asked with a smile, "Yinyin, is that so? Did you make a bet with them?"

Lin Yin didn't hide anything and nodded. "Yes, Grandma Huo."

Old Madam Huo held Lin Yin's hand and smiled dotingly. "You smart girl, you know very well that Grandma won't chase you out. Aren't you going to win?"

Lin Yin did not comment and only said matter-of-factly, "But in their understanding, you will definitely chase me out. Therefore, they deliberately initiated the bet and even felt that they would definitely win!"

Old Madam Huo looked at Lin Yin and could tell what she meant. She was even more happy for Lin Yin and felt that Lin Yin was steady and ruthless.

She liked Lin Yin even more. Only a girl like her could be worthy of being the mistress of the Huo Family.

Back then, she was also very happy with Zhao Ning. She thought that girls had to be gentler, have good conduct, and be gentle and considerate. Only then could the family be harmonious.

However, she did not expect that such a beautiful, kind, and docile young lady would be so weak that she would have a miscarriage after being provoked by a mistress and be abandoned by a man.

Therefore, Old Madam Huo's mindset had completely changed. The mistress of a family had to have a stable personality and a tenacious heart. She had to be more powerful when she could counterattack in the face of the enemy's provocation. It was not that she could not protect herself and even exhaust herself internally. In the end, she had to be miserable and gave up on herself.

"Yes! They're extremely stupid. Then Grandma will go out and support you now!" Old Madam Huo's voice was filled with love for Lin Yin.

With that, Old Madam Huo stood up energetically and reached out to Lin Yin, who was still in her seat. "Come, Yinyin, go out with Grandma."

Lin Yin only wanted to stay with Old Madam Huo for a while longer and then go out to slap the faces of those who wanted to bully her.

However, she did not expect her to be able to invite Old Madam Huo out immediately.

Lin Yin was a little hesitant. Huo Ge, on the other hand, reached out and pulled Lin Yin up rudely, scaring her so much that she almost hit him.

Huo Ge's hand that was holding Lin Yin paused for a few seconds when she glared at him. Just as he was about to let go, he immediately reacted. What was he afraid of?

Hence, under Lin Yin's angry gaze, Huo Ge deliberately straightened his chest and grabbed Lin Yin's arm again.

Old Madam Huo was even more satisfied when she saw Lin Yin glaring at Huo

If Zhao Ning had been able to control Huo Huai back then, there would not have been so many troubles later on.
