

Real Daughter 561

Chapter 561: Not Wrong

Old Madam Huo went forward and slapped Huo Ge's palm that was on Lin Yin's arm. She rebuked, "Young brat, what are you doing? Put away your claws!"

Huo Ge hissed. Although the old lady was old, she used a lot of strength to hit him, causing a red mark on Huo Ge's wrist.

"Grandma! It hurts!" Huo Ge pouted and stared at Old Madam Huo aggrievedly.

Old Madam Huo ignored Huo Ge and pulled Lin Yin to her side. "Come, Yinyin, follow Grandma out."

Lin Yin was a little hesitant. On the other side, Huo Ge had already held Old Madam Huo's hand and smiled at Lin Yin. "What are you waiting for? Hurry up and get your bet."

Only then did Lin Yin and Huo Ge help Old Madam Huo out.

When everyone saw that Lin Yin was actually helping Old Madam Huo out intimately, the group of people, who had been a little quiet, were instantly dumbfounded and looked at Lin Yin in disbelief.

That old-fashioned old lady of the Huo Family actually let a lowly girl like Lin Yin support her. It was simply impossible.

On the other hand, Lu Yan was so happy that she was about to fly. She immediately went forward and said happily, "Grandma Huo!"

Old Madam Huo looked at Lu Yan and nodded with a faint smile. "The little girl of the Lu Family."

Lu Yan didn't expect Old Madam Huo to have such a good memory and even remember a junior like her.

Lu Yan had met Old Madam Huo before, but they did not meet often. Moreover, Old Madam Huo always looked serious. Even when she smiled, she looked dignified and distant, making people unable to get close to her. It was different from the Old Madam Huo that appeared in front of her now. At least now, the smile on Old Madam Huo's face seemed to be sincere.

When Lu Yue and Gong Yue saw Lin Yin walking out with Old Madam Huo, their expressions were quite ugly. Even so, they endured the confusion in their hearts and greeted Old Madam Huo.

"Logically speaking, today is a banquet for you young people. It's not appropriate for an old woman like me to come. However, I heard that you used me as a bet, so I wanted to see the outcome." When Old Madam Huo said this, she had a faint smile on her face.

However, when Lu Yue and Gong Yue heard Old Madam Huo's words, they instantly broke out in cold sweat.

They had not thought of this just now. They only wanted Lin Yin to suffer with Old Madam Huo and suffer Old Madam Huo's anger.

In the end, it seemed like their goal was about to be missed.

Lu Yue hurriedly went forward and apologized. "I'm sorry, Grandma Huo. We were wrong. We were just joking. We didn't mean to offend you."

The Lu Family was indeed stronger than the Huo Family, but her useless father was not the head or heir. In addition, even her father was a junior, so Lu Yue naturally did not dare to be too arrogant with Old Madam Huo.

Gong Yue also apologized obediently. Even Lu Yue, who was born in the Lu Family, was like this. As a nameless pawn of the Gong Family's second branch, she was even more afraid.

It was all Lin Yin's fault. If it weren't for Lin Yin, they wouldn't have made a bet with this bad-tempered old lady from the Huo Family.

At this moment, the two of them no longer had the arrogant attitude they had in front of Lin Yin. Even the people beside them held their breaths and broke out in cold sweat for the two of them.

To everyone's surprise, Old Madam Huo did not show any signs of anger. Instead, she held Lin Yin's hand lovingly and said, "It's fine. You don't have to be so afraid. It's not a mistake to be mentioned by young people like you!"

Everyone was secretly shocked. Why did this old-fashioned old lady change her style today?

It wasn't like something like this had never happened before. At that time, a young master from a small family and his playmates had bet on Old Madam Huo's clothes for the charity banquet. Later, Old Madam Huo found out and reprimanded the boy for being disrespectful and ill-bred in front of everyone.

That small family chased their children out of the house and the entire family came to apologize. This matter still did not calm down.

Now that the same thing had happened, she did not expect Old Madam Huo to not be angry. She looked quite happy. This was too unbelievable..

Chapter 562: Don't Provoke

Old Madam Huo ignored the people around her and turned to look at Huo Ge. "Xiao Ge, now that I'm out, who won? I'm curious and want to see you young people bet on the fun of the game."

Huo Ge smiled and said, "Then Grandma, are you going to chase Lin Yin away

Old Madam Huo looked at Lin Yin in surprise. Then, she held Lin Yin's hand gently and rebuked, "Xiao Ge, what are you talking about? Yinyin is an esteemed guest I personally invited. It's naturally impossible to chase her away."

Old Madam Huo's words undoubtedly determined the outcome of this bet. Everyone's gazes landed on Lin Yin, suspecting her identity and wondering if she was the daughter of a big family.

In their opinion, Old Madam Huo, who had always cared about family background, would not get close to a girl with no background for no reason.

Huo Ge looked around and smiled. "If that's the case, Lin Yin will win. Therefore, the losers will be Lu Yue and Gong Yue. According to the bet just now, Lu Yue and Gong Yue will pour wine for all the guests present tonight."

When Old Madam Huo heard the bet, her face darkened. To ask a girl of the same status to pour wine for all her peers present was extremely humiliating to her.

"They're all daughters of noble families. They're all from respectable families.

How can they humiliate them like this?" Old Madam Huo questioned coldly.

Although the old lady's questioning tone was filled with anger, it sounded like a life-saving medicine to Lu Yue and Gong Yue.

The two of them looked at Old Madam Huo with bright eyes, hoping that Old Madam Huo would get angry and cancel these punishments as an elder. They really couldn't bring themselves to pour wine for everyone present, especially those with lower status than them.

They did not want to be nailed to the pillar of shame tonight and become the laughing stock of others in the future.

While the two of them were looking forward to it, Old Madam Huo said in a low voice, "It's just that this bet can be considered a promise. You can't go back on your word. However, you can only use me as a raft to bet this once. There won't be a next time!"

As soon as she said this, Huo Ge couldn't help but laugh.

How was his Grandma stopping the bet? She was clearly standing up for Lin Yin to prevent Lu Yue and Gong Yue from going back on their word.

It had to be said that his Grandma had a bad taste.

Everyone's gaze landed on Lu Yue and Gong Yue. It seemed like they would be able to drink the wine personally poured by the eldest daughter of the Lu Family and the second daughter of the Gong Family tonight.

Hou Min glanced at Lin Yin sharply and said to her two sisters beside her, "The two of you are closer to Lin Yin's age. If you have time, hang around with her more."

She was a young lady with no status and was accompanied by the three Mu brothers. She was wearing a gown made by that person from the Wei family and the jewelry she was wearing was expensive. Lu Ming actually saw her in a different light. Now that even Old Madam Huo was treating her so intimately, there must be something wrong.

Hou Wan and Hou Ying did not know why their sister would tell them this, but it was not impossible for them to interact with Lin Yin.

After all, their idol had called Lin Yin Sister just now, so they couldn't wait to interact more with her.

Wen Ying twisted her fingers at the side and said hatefully, "This Lin Yin is really lucky. She can win the Grandma's favor with just her face."

Wen Xi did not think so. She turned to look at Wen Ying. "Lu Ming warned our

Wen Family because of her?”

Wen Ying nodded. “That’s her! She’s a vixen. So what if she’s good-looking?!”

Wen Ying thought that her sister would speak up for her, but Wen Xi looked at her sister calmly and said, “Sometimes, being good-looking is indeed a little amazing. Besides, she’s not just good-looking. Wen Ying, don’t provoke Lin Yin in the future, understand?”

Wen Ying widened her eyes and asked Wen Xi, “Are you my biological sister? I was scolded badly by Dad because of Lin Yin. It’s fine if you don’t stand up for me, but why are you warning me now?”

Wen Xi put away her usual kind expressions towards Wen Ying and whispered seriously, “Wen Ying, you’re no longer a child. The world of adults is not just about liking and hating people, understand? If you still don’t understand, I don’t mind cutting off all your business for the next few days and letting you think about it at home.. When you figure it out then you can go back to work!”

Chapter 563: Admit Defeat

Wen Ying did not know what had happened. She looked at her sister unhappily, unable to figure out why her sister wanted to protect Lin Yin.

However, Wen Ying still did not dare to question Wen Xi’s words. She lowered her head unwillingly and said gloomily, “I understand. I won’t do anything rash.”

Hearing Wen Ying’s words, Wen Xi was slightly relieved.

Usually, Wen Ying bullied others and was domineering in the entertainment industry. She could use the Wen Family’s power to help settle it, but there was always someone better. The Wen Family was not someone anyone could offend.

In her opinion, it was the principle of the world to submit to the strong and show off to the weak.

Lu Yue and Gong Yue really did not expect that the two of them would really lose. Moreover, they still had to admit defeat. It should not have been like this.

Huo Ge looked at Huo Bing and Mu Ning, who were walking over slowly, and laughed loudly. "Huo Bing, you're the person in charge of this banquet today. So, what are you going to do with these two people who lost the bet?"

When Huo Bing saw that this bastard Huo Ge actually blamed him for offending someone, he was furious.

He had wanted to show off in front of Grandma, but he did not manage to do so and was chased out.

How could he be willing to offend Lu Yue and Gong Yue now?

Mu Ning said in a voice that only the two of them could hear, "Lin Yin is the winner. We naturally have to ask Lin Yin, the person involved, about the punishment."

Huo Bing's eyes lit up. Then, he looked at Lin Yin and asked loudly, "Miss Lin

Yin, you're the winner of this bet. I'll listen to your arrangements. "

Lu Yue and Gong Yue stared fixedly at Lin Yin. They tried to warn Lin Yin to give up on this bet. She won and gave up on punishing the loser, it would not be considered a breach of contract.

Everyone was watching Lin Yin's reaction. Old Madam Huo also looked at Lin Yin calmly. She wanted to see if this eldest daughter of the Mu family, who had yet to be officially announced, had the guts to offend the Lu and Gong families in public.

Lin Yin met their warning and threatening gazes. After a while, a bright smile suddenly bloomed on her lips. She tilted her head cutely at Huo Bing and said with a smile, 'What are you waiting for? If the tray

and wine aren't in their hands, how can it be considered that the two of them admit defeat? The eldest daughter of an aristocratic family definitely won't go back on their words, right?"

Lin Yin's words really embarrassed Lu Yue and Gong Yue. It was embarrassing to fulfill the bet, but it was also embarrassing to not fulfill it. In short, it was embarrassing!

Huo Bing had no choice but to wave his hand and get someone to prepare the things.

He really did not expect Lin Yin to really cling onto Lu Yue and Gong Yue. Although he knew very well that if Lin Yin lost now, Lu Yue and Gong Yue would definitely not let Lin Yin off.

However, in his opinion, Lin Yin was just a poor girl who had relied on her body to enter high society. She could not compare to Lu Yue and Gong Yue.

He was even secretly worried for Lin Yin, afraid that he would hear the news of the nameless female corpse's corpse on the streets tomorrow.

When the tray containing more than ten glasses of wine was handed to Lu Yue and Gong Yue, their eyes were filled with embarrassment and anger.

Lu Yan was already overjoyed. She immediately went forward and looked at the two of them with a smile. "Misses, please!"

Lu Yue and Gong Yue glared at Lu Yan, but after hearing Old Madam Huo's light cough, the two of them could only brace themselves and take the tray that was already filled with wine.

Lu Yan looked at the two of them with a smile and said matter-of-factly, "Let's start. Come, I want a glass of wine!"

Whether it was Lu Yue or Gong Yue, the two of them did not get along with Lu Yan. Therefore, when she saw that the two of them were unlucky, Lu Yan wanted to kick them when they were down.

She had not forgotten how arrogantly the two of them wanted to deal with Lin Yin just now.

“Lu Yan, shut up!” Lu Yue gritted her teeth and squeezed out angry words.

Lu Yan immediately covered her mouth and looked at Old Madam Huo with fear and grievance. She asked nervously, “Grandma Huo, did I say too much?”

Old Madam Huo’s eyes were calm as she replied seriously, “Not much. You’re just urging them to admit defeat!”

This was the first time Lu Yan knew that Old Madam Huo could be so cute. She immediately turned around proudly and looked at Lu Yue and Gong Yue. “Did you hear that? Admit defeat. Hurry up and come over.. I’m thirsty!”

Chapter 564: Extremely Arrogant

Gong Yue glanced at Old Madam Huo’s indifferent but dignified gaze. No matter how unwilling she was, she still slowly moved to Lu Yan’s side.

Lu Yan took a glass of wine from the tray in Gong Yue’s hand and took a small sip elegantly. She sighed and said, “The wine served by Miss Gong is indeed better than others’! Everyone, come and try it!”

As she spoke, Lu Yan’s gaze turned to Lu Yue. “I wonder if cousin’s wine is as delicious as Miss Gong’s. Cousin, please send it over!”

Arrogant! Extremely arrogant!

However, in the eyes of the surrounding people, this was still fine. After all, if the person who lost now was Lin Yin, Lin Yin would not just serve wine like this.

Lu Yue and Gong Yue were also famous for being arrogant in the circle. Lin Yin would be even worse off.

Hence, everyone remained silent. They watched coldly as Lu Yue walked

towards Lu Yan with a humiliated gaze and served wine to Lu Yan, who had been suppressed by Lu Yue.

Lu Yan narrowed her eyes and took a sip. She said with satisfaction, "Fragrant, it's really too fragrant! Everyone, hurry up and drink it! If you don't drink it, my cousin won't be able to complete the punishment of the bet!"

Huo Bing wailed in his heart. At this banquet of his generation today, he was the one in charge. He did not expect such a thing to happen. He was really a little embarrassed.

If the one being punished was Lin Yin, he would have been able to resolve it a

little. But now, the Lu and Gong families... Sigh, he sighed in his heart!

Two daughters of rich families came to the Huo Family's banquet and were humiliated like this. Speaking of which, it was his responsibility as the banquet host to manage people.

However, on second thought, Grandma had come out herself to allow it. It was not his business, so he relaxed.

However, even so, many people present did not dare to go forward to get the wine in Lu Yue and Gong Yue's hands.

Lin Yin, on the other hand, looked indifferent as she picked up two glasses of wine. She handed one to Old Madam Huo and kept the other for herself. Huo Ge glanced at Lin Yin and went forward to get one for himself.

Everyone was hesitating. Unexpectedly, the eldest young master of the Mu Family, Mu Heng, brought the second young master, Mu Xiao, and a man wearing a mask to each take a glass.

Yue Han and Hou Min looked at each other and went forward politely to get the wine. The two of them even thanked Lu Yue and Gong Yue politely.

For a moment, everyone instantly knew the direction of the wind and followed these big bosses.

Lu Yue and Gong Yue were on the brink of tears. The tray in their hands could not hold too much wine. The two of them did not want to run over and over again. In the end, they pushed out the small cart containing the wine, looking like they had already adapted to the job of pouring wine.

Many people took photos of Lu Yue and Gong Yue pushing the cart to pour wine for the guests at the Huo Family's banquet.

Lu Xiao watched from the side as his sister was humiliated. He hated Lin Yin so much that he gritted his teeth, but he could not do anything now.

After all, this was the punishment of the bet. If she did not follow suit, she would inevitably be said to be a sore loser. That would be embarrassing for the Lu Family.

Lu Yan looked at Lu Xiao's face which was dark and was overjoyed. She said to Lin Yin beside her, "Yinyin, you're really amazing! Even Old Madam Huo fell for you."

Lin Yin smiled and shook her head. "Grandma Huo didn't fall for me. I was also on the invitation list for this banquet, so she naturally won't chase me away."

Lu Yan looked surprised. The Huo Family had invited all the reputable families in Beijing this time. Although Lin Yin had the Shisheng Corporation, to be honest, the Shisheng Corporation was really not at the threshold of the Huo Family's invitation. So why did the Huo Family invite Lin Yin? Could it be a conspiracy?

Lu Yan suddenly had a thought. She looked at Lin Yin anxiously and asked, "Yinyin, did Grandma Huo fancy you and want to matchmake you with that toad Huo Ge? Is that why she invited you?"

In Lu Yan's opinion, this was the only reason. Otherwise, why would Grandma Huo invite Lin Yin? This was illogical.

However, if Grandma Huo liked Lin Yin as her granddaughter-in-law, it made sense. After all, Lin Yin was so outstanding. Which elder wouldn't like her? Lin Yin smiled and said, "What are you thinking? Grandma Huo invited me because..."

Before Lin Yin could finish speaking, there was suddenly a commotion at the door. A girl in a pink princess dress with a colorful face and two pigtails on her head suddenly barged in..

Chapter 565 - 565: Silly Girl

Lu Yan stopped talking and shook her head. She looked at the girl who barged in with pity. "Tsk tsk, this little fool from the Wei Family is here again. Don't doubt it. The Wei Family will be here soon."

"The Wei Family? Little fool?" Lin Yin repeated curiously.

Lu Yan nodded and said softly, "That silly girl's name is Wei Xuan. She's the granddaughter of the eldest wife of the current head of the Wei Family, Wei Ming. However, this eldest wife's life is not good. She died early. Among the three children she gave birth to, other than the youngest son, the rest died. What's worse is that the youngest son gave birth to a son and a daughter. The daughter was stupid. Just look at Wei Xuan now. I heard that his son is a cripple."

"Since Wei Xuan is a fool, why is she here? Who would bring a fool over to a

normal banquet?" Lin Yin asked in confusion.

Lu Yan sighed and then sighed. "The Wei Family is now in a situation where Wei Ming's second and third wives are fighting each other. As for Wei Xuan and her brother, Wei Ji, the bloodlines left behind by these two former first wives have become the targets of bullying by the other two families."

“Because when Wei Ming’s first wife was still alive, she had always been on top of these two people. That’s why they took revenge! They deliberately let Wei Xuan out and let her cause trouble. Then, they pretended to come out and reconcile. It’s like this every time. I’ve seen through it.”

“It’s rare to have so many wives on the surface in this era!” Lin Yin sighed.

Lu Yan smiled and said, “The previous era was like this. I heard from my father that Wei Ming’s eldest wife’s previous family, the Dong Family, was famous in the capital. Now, it’s all swallowed up by the Wei Family. They used their family’s power to start a business for their poor husband and created the Wei Family. In the end, everything was snatched away by another woman, and her descendants were bullied like this. Sigh! Life is unpredictable!”

Lin Yin smiled and looked at Lu Yan. “I didn’t expect you to be so emotional.”

Lu Yan shrugged and said helplessly, “Sometimes, I have to bow down to human nature. Hahaha!”

Lu Yan pointed at the two people who looked similar and said, “The twins are the Third Wife’s grandsons, Wei Cheng and Wei Chi. That bespectacled man with a small mustache is Second Wife’s grandson, Wei Wei.”

Lin Yin smiled and said, “I always thought that you didn’t like to join in the fun.

I didn’t expect you to be very familiar with these.”

Lu Yan said proudly, “Of course. After all, I’m young and have a good memory.

Besides, the Wei Family has twin genes. Wei Xuan and Wei Ji are twins. That Wei Cheng and Wei Chi are twins, so it’s easy to recognize them. There’s also that cheap Wei Wei with a wretched expression. In private, he and Yue Chi are called the two public massage sticks in the city!”

Lin Yin chuckled softly.

Lu Yan was also amused by her own words. She smiled and said, "Don't doubt me. I heard that many girls in the clubhouses in the city and those social butterflies have slept with the two of them! I just heard that they're not very skilled!"

"Alright, stop talking. You're a big girl. Aren't you ashamed to say this?" Lin Yin smiled.

"What's there to be afraid of? If they can do it, they shouldn't be afraid of others talking about it. Besides, I'm not the only one saying it. Many people in the capital say that."

Wei Xuan stared at Lin Yin's face eagerly. Her red lips bit her finger as she looked at Lin Yin in a daze and muttered, "Little elf, you look good. I want to touch you!"

Hence, under everyone's dumbfounded gazes, Wei Xuan pulled her wet hand out of her mouth. The moment Lin Yin was caught off guard, she poked Lin Yin's smooth cheek and even touched it with a smile and pinched it.

There was silence at the event location. Lu Yan reacted immediately and pushed Wei Xuan away. She asked in shock, "Wei Xuan, what are you doing?"

After asking, Lu Yan realized that Wei Xuan was a fool. As expected, the next second, she saw Wei Xuan looking at her foolishly.

A few people from the Wei Family immediately went forward to pull Wei Xuan back and apologized to Lin Yin sincerely and appropriately, "I'm sorry, Miss. My sister is not thinking clearly. Sorry for offending you!"

As Lin Yin wiped Wei Xuan's saliva off her face, she looked at the person who spoke. That person was one of the twins that Lu Yan had just mentioned. She just didn't know which one it was..

Chapter 566 - 566: Apologize

Lin Yin didn't say anything. Before Mu Ran, who was wearing a mask and glasses, said with a dissatisfied expression, "If you know she'll offend someone, why did you bring her out? I think you did it on purpose."

Mu Ran did not attend such banquets often, but he could tell what these Wei Family members were thinking.

If the Wei brothers really brought this girl here to attend the banquet, she would not be so dirty and embarrassing.

If there was a day when Yinyin was stupid, he would dress her up cleanly. Even at the banquet, he would hold Yinyin's hand tightly and not let anyone laugh at her.

Therefore, in Mu Ran's opinion, these Wei Family members treated this sister like this on purpose. They wanted to see this little girl make a fool of herself.

Wei Wei sized up Mu Ran without any hesitation and sneered. "Where did you come from? You actually interfered with our Wei Family."

Mu Ran raised his hand to take off his mask and argue with Wei Wei, but Mu Xiao stopped him.

When Mu Ran looked at Mu Xiao angrily, Mu Heng was already standing in front of Mu Ran and Lin Yin.

"I'm sorry, we're all from the Mu Family. I wonder if Fourth Young Master Wei has any objections?" Mu Heng's eyes were as cold as ice, and even his words were intimidating.

Mu Ran did not know the Wei family well, but he, Mu Heng, knew very well. Therefore, he did not need to guess to know that the Wei brothers were deliberately humiliating the eldest branch back then.

Mu Heng was already 10 years old when Wei Xuan's parents died back then. He still knew a little about some things. Later on, because he wanted to cooperate with the Wei Family, he had also checked some information. Therefore, Mu

Heng did not believe that Wei Xuan's parents' death had nothing to do with Wei Ming's other two families.

Wei Xuan's mother, Fu Xi, came from the once prosperous Fu Family. Later on, the Fu Family was defeated and struggled for a few years. Wei Xuan's parents also died in the sea of fire, leaving behind a pair of newborn children.

If Wei Ming hadn't had some conscience and protected him and his first wife's grandchildren, the first branch would have been wiped out.

However, even if Wei Ming protected the two children who were born without parents, in the end, one was in a daze and the other was disabled.

As for who did it, no one cared.

Wei Wei did not expect that he would provoke the Mu family just by talking back to a young brat who came out of nowhere. He felt extremely uncomfortable.

The Mu, Wei, and Lu families were evenly matched, but Mu Heng was the Mu family's heir, and he was nothing. Naturally, he did not dare to be arrogant in front of Mu Heng.

"Young Master Mu, it's a misunderstanding! A misunderstanding! My sister caused trouble, so we came out to apologize." As he spoke, Wei Wei apologized to Mu Ran. "I'm sorry, Brother. I apologize to you."

Wei Chi pulled Wei Xuan, who had been wanting to approach Lin Yin, while Wei Cheng acted like the eldest son of the Wei Family and apologized to Lin Yin and the others piously.

Seeing that the Wei Family was so sensible as to apologize, Lin Yin, Mu Ran, and the others really couldn't say anything.

As outsiders, they could not interfere in how they disciplined their sister.

Wei Xuan was pulled by Wei Chi and was anxious. She opened her mouth angrily and bit Wei Chi's hand. It was so painful that Wei Chi slapped Wei Xuan to the ground.

The words "little bastard" were on the tip of Wei Chi's tongue. He was about to curse, but Wei Chi forcefully suppressed it.

With so many people watching, he still had to put on an act.

Hence, Wei Chi, who was about to scold her, immediately changed his words. He frowned and looked helplessly at Wei Xuan, who had already started to cry on the ground. "Xiao Xuan, how can you bite Brother?"

Wei Cheng patiently said to Wei Xuan, "Xiao Xuan, it's wrong to bite someone. Only a dog would bite someone so improperly. So your second brother slapped you to make you learn well. If you continue to cry so unreasonably, I'll lock your doll up when we get back!"

Lu Yan frowned slightly and muttered softly, "Isn't this Wei Cheng too much? He's clearly calling Wei Xuan a dog."

Wei Xuan, who was still crying, suddenly stopped. She even burped because she stopped too quickly.

Seeing that Wei Xuan had stopped, Wei Cheng looked at Huo Bing and said apologetically, "I'm sorry, my sister interrupted the banquet. We didn't plan to bring her out, but she made a fuss and wanted to come out. My uncle and the others passed away early, so we were a little lenient towards this sister.. I hope you don't mind! "

Chapter 567: Bullying Others

"It's fine, it's fine. We're all young people. Everyone is quite tolerant." Huo Bing smiled forcefully.

First, it was Lu Yue and Gong Yue provoking Lin Yin, and now, it was Wei Xuan teasing Lin Yin. It was all related to Lin Yin. Huo Bing couldn't help but turn his gaze in Lin Yin's direction. He had the illusion that Lin Yin was a troublemaker, a good-looking troublemaker.

On the other side, Wei Cheng had already stood up with Wei Xuan, who looked aggrieved and afraid, and apologized to Lin Yin. "Miss, I'm really sorry. I'll get my sister to apologize to you."

As he spoke, Wei Cheng turned around and pulled Wei Xuan over. He scolded

Wei Xuan, "Apologize to her quickly! Say sorry!"

Wei Xuan's big eyes were filled with tears

Lin Yin sighed slightly and said, "Alright, I accept the apology."

In the end, Wei Xuan, that fool, acted as if she did not hear anything and kept saying, "I'm sorry!"

Gong Yue, who had just been punished, said indignantly, "Lin Yin, you're really capable. Even a fool doesn't dare to offend you."

In the past, the Wei Family had often brought that fool Wei Xuan out to embarrass herself. This was the first time they had seen this fool apologize so foolishly.

Lu Yue pushed the cart full of wine and said sarcastically, "Are you bullying others? You must be capable."

Mu Heng glanced coldly at Gong Yue and Lu Yue. The two mocking people immediately fell silent.

Mu Heng turned to look at Wei Cheng and said coldly, "Wei Cheng, control your own family. If you keep causing trouble for others, I don't mind finding time to visit your Wei Family and visit Grandpa Wei!"

Wei Cheng was a little surprised that Mu Heng would stand up for an unfamiliar girl. He immediately pulled Wei Xuan, who had been apologizing, and whispered in her ear, "You're not allowed to apologize anymore. Otherwise, I'll lock your doll up."

Wei Xuan immediately stopped, not daring to cry or speak. She only looked at Wei Cheng timidly.

Seeing this, Huo Bing immediately went forward to smooth things over and said, "Alright, alright. Let's hurry up and eat and play. The goal of our Huo Family's banquet today is to let everyone have fun."

Under Huo Bing's mediation, everyone gradually blended into the joyous atmosphere of the banquet, and Wei Xuan was brought to the lounge next door by the servants.

Wei Wei looked at Lu Yue and Gong Yue, who were providing drinks for the entire venue. He picked up a wine glass and asked in confusion, "What's going on? Are Lu Yue and Gong Yue playing a role-playing game?"

The girl at the side smiled and said, "The two of them made a bet with Lin Yin just now and lost, so they have to pour wine for all the guests present tonight." "Lin Yin? The girl Wei Xuan touched just now?" Wei Wei asked curiously.

Wei Wei looked at Lin Yin. When he saw Lin Yin's gown, his eyes were filled with curiosity. Wasn't this his aunt's work?

The girl beside her nodded. "I don't know where she came from, but even Grandma Huo thinks highly of her. She even personally appeared at the banquet just now to stand up for Lin Yin. Even the daughter of the Mu Family didn't get such treatment from Grandma Huo!"

Wei Wei took a sip of champagne and sized up Lin Yin curiously. If he was not wrong just now, the Mu family seemed to be very protective of her.

Wei Wei's lips curled into an amused smile. "Interesting!"

Then, he asked with interest, "Did you just say Miss Mu? I remember that the

Mu family is all guys, right? Where did Miss Mu come from?"

The girl pointed at Mu Ning, who was chatting with someone at the side, and said doubtfully, "I'm not sure either. Anyway, everyone is saying that Mu Ning is the daughter of the Mu family. Wen Yu was the one who accompanied Mu Ning here today."

Wei Wei's eyes lit up. Compared to an unknown Lin Yin, he was more interested in Mu Ning.

Wei Wei raised his head and finished the remaining wine in the glass. He stood up and placed the glass on Gong Yue's cart. Without looking at Gong Yue, he picked up a new glass of wine and walked towards Mu Ning.

Gong Yue was so angry that her head was about to smoke. A grandson from the second wife's lineage actually dared to treat her, the dignified second daughter of the Gong Family, as a waiter.

Although the Wei Family was stronger than the Gong Family, in Gong Yue's opinion, Wei Wei's Grandma was just a shameful mistress without any status. Such a descendant of an aristocratic family could not compare to her.

Chapter 568: Give Me Face

Especially when she saw Mu Heng and Mu Xiao also staying by Lin Yin's side, Gong Yue couldn't help but feel sour.

On the other hand, Hou Wan and Hou Ying were casually guarding Mu Ran, who was disguised. Now, the people beside them did not know of Mu Ran's existence, so the two of them felt secretly satisfied.

Yue Han, Hou Min, and the others also went forward to gesture to Mu Heng, so Mu Heng said to Mu Xiao, "Take good care of Yinyin and the others."

Mu Xiao nodded.

When Huo Bing saw Mu Heng and the rest, he immediately looked for Huo Ge and said benevolently, "I'm going to do something important now. I'll leave the banquet to you. As your older brother, this is the mission I entrust to you."

He was brave when he said this but when he saw Huo Ge's cold gaze, he felt guilty.

Seeing that the person beside him was already looking at him curiously, Huo Bing immediately leaned closer to Huo Ge and whispered, "Huo Ge, it's between the two of us, right? Today's banquet is our Huo Family's pride. As a descendant of the Huo Family, you have the obligation to protect it. Right?"

Huo Ge sneered. "What has protecting the Huo Family's reputation got to do with listening to you?"

Huo Bing was a little embarrassed. He chuckled ingratiatingly at Huo Ge and said, "I owe you a favor. How about that?"

Huo Ge blurted out with a look of disdain, "What do you have that's worth me exchanging a favor for?"

Huo Bing was almost angered by Huo Ge. If not for the fact that there were so many people watching, he felt that he would have roared a few times to let Huo Ge see how powerful he was.

"Sigh!" Huo Ge sighed softly. Then, he crossed his arms and thought for a moment before agreeing reluctantly. "Alright, I'll give you face."

With that, Huo Ge raised his voice and said respectfully, "Okay, Brother, I understand!"

At that moment, Huo Bing felt that his figure had grown a little taller. He even raised his head and puffed out his chest as he turned to leave, looking awe-inspiring.

Huo Ge was speechless at Huo Bing's embarrassing appearance.

Not long after Huo Bing and the others left, Huo Ge's eyes were filled with an evil smile. After a while, the originally bright banquet hall suddenly became dark, and the music stopped. Only the guests' puzzled voices were left in the banquet hall.

"Party Time!" A high and passionate voice suddenly resounded throughout the banquet hall. Then, the stage lights lit up, and the deafening dance music brought everyone, who had been chatting elegantly, into the passionate nightlife.

Everyone was only stunned for a moment before they followed Huo Ge's lead and played crazily.

On the stage, a group of young people in gowns and suits suddenly twisted enthusiastically. This scene was really a little strange.

Lin Yin glanced at Huo Ge, who was not far away, and the corners of her lips curled up slightly.

As if sensing Lin Yin's gaze, Huo Ge looked at her with an inexplicable smile. Then, he walked towards Lin Yin with unrestrained steps and smiled. "Why do I feel that Miss Lin Yin really wants to dance with me?"

Mu Xiao stood in front of Huo Ge unhappily. Lin Yin pulled Mu Xiao away with a smile and said with interest, "Brother Mu Xiao, it's fine. I really want to dance and move my muscles to be happy."

Mu Xiao looked at Lin Yin hesitantly, as if he wanted to see what she was going to do.

The corners of Lin Yin's lips curled up slightly. After staring at Huo Ge for a while, she said to Mu Xiao, "Brother Mu Xiao, help me look after Lu Yan. I'll be back after a dance."

Lin Yin was afraid that Lu Yue and Gong Yue would scheme against Lu Yan in the dim light, so she handed Lu Yan to Mu Xiao.

Mu Xiao naturally saw Lin Yin's scheming gaze, but he was still a little worried.

After all, they knew very well that the other party was not the real Second Young Master of the Huo Family, and Huo Ge knew that they knew his background.

However, Lin Yin was in high spirits now, and Mu Xiao didn't want to disturb her interest, so he could only compromise. "Okay! You have to be careful."

"It's fine. After all, this is the Huo Family.. The Second Young Master of the Huo Family has the responsibility to protect the guests," Lin Yin said as she turned to Huo Ge and asked him with a faint smile, "Don't you think so, Second Young Master Huo?"

Chapter 569: Invitation to Dance

"Of course. Second Young Master Mu, don't worry. I'll definitely return Yinyin to you in one piece," Huo Ge said as he reached out to Lin Yin.

Lin Yin's gaze landed on Huo Ge's outstretched palm. Her red lips curved into a seductive smile.

Huo Ge was stunned for a moment, his gaze immersed in Lin Yin's bewitching eyes. He only came back to his senses when Lin Yin's hands landed gently on his palms.

Huo Ge smiled brightly at Lin Yin and tightened his grip. He wrapped his hand around Lin Yin's and pulled her slowly towards the middle of the dance floor.

Seeing Lin Yin leave with Huo Ge, Lu Yan was so angry that her eyes were about to explode.

She pointed at Huo Ge's back angrily and said unhappily, "That toad actually called Yinyin. What kind of toad is he? He actually dares to call my Yinyin and even held her hand. Pfft! Shameless!"

After Lu Yan finished scolding him, she did not forget to pick up her phone and snitch to her uncle. She scolded Huo Ge and made him sound like he was useless and as dirty as he could get.

Lu Ming looked at the message from Lu Yan and felt abnormally depressed. He put down his phone and picked up the document again, but he could not read a word.

He was so angry that he slammed the document on the table.

He was the one who distanced himself from Lin Yin first, but now that he knew that Lin Yin was really closer to another man, he was furious. He was angry at how Lin Yin could be so intimate with another man so quickly.

He knew very well that Lin Yin did not have much feelings for him now. At most, Lin Yin treated him a little more specially.

He also knew that for now, he had nothing to do with Lin Yin. There was no need for Lin Yin to keep a distance from other men for him.

He also knew that this was just a social dance. It did not mean anything.

However, the more he tried to persuade himself, the more Lu Ming was going down a dead end. The discomfort of having something in his heart dug out, the frustration of scratching his heart and lungs, made him unable to calm down.

Lu Ming stood up abruptly and grabbed his car keys. Just as he was about to walk towards the door, his work cell phone rang. He turned around and picked up the phone on the desk.

Hearing the voice on the other end, Lu Ming's expression turned serious.

After hanging up, Lu Ming picked up his phone and made a call. He said seriously, "Long Ming, pack your things and come out with me."

After saying that, Lu Ming looked at the car keys in his hand with a dejected expression. It was not until Shen Yu knocked on the door that Lu Ming retracted his gaze and slowly put down the car keys in his hand. He stood up and left the study.

Lu Yan looked at her cell phone and did not see any reply from Lu Ming. She was puzzled. Didn't they say that Uncle was in the capital these few days?

Why didn't her uncle have any intention of replying to the messages she sent? In the past, her uncle had clearly been very proactive when she sent messages about Lin Yin.

Could it be that her uncle had fallen for someone else?

Lu Yan instantly covered her mouth and shook her head in disbelief. Then, she told herself in her heart that she wouldn't. Her uncle wasn't such a promiscuous scumbag.

Little Uncle must have gone on a business trip again. Yes, that must be it! Lu Yan cheered herself on like this.

However, when her gaze turned to Lin Yin, who was dancing passionately with Huo Ge, she couldn't help but sigh.

Lu Yan's gaze was too dazzling. It was so direct that Huo Ge couldn't ignore it even if he wanted to.

He retracted his gaze and smiled. "Don't tell me you and that Lu Yan are a couple? If her gaze had any power, my body would probably be filled with holes where she glared at me. It's just a dance. Is there a need?"

Lin Yin smiled and said, "Maybe you look like a vicious person, so when normal people see you, they want to stab you with their eyes."

Huo Ge grabbed Lin Yin's hand and spun it around. Then, he pulled her into his arms. His hot breath landed in Lin Yin's ear and he whispered, "Including you?"

Lin Yin looked up at Huo Ge with a dark expression and smiled brightly. "I'm different!"

Huo Ge looked at Lin Yin in surprise, but before Lin Yin could say anything else, Huo Ge's ribs hurt. He staggered back a few steps and bumped into the person beside him.

Huo Ge's weak palm slapped Yue Chi's butt.

Even on the dance floor where music was everywhere, the slap was quite obvious.

However, what was even more explosive was that the moment Huo Ge fell, he took off Yue Chi's pants and underwear..

Chapter 570: Walking the Bird

There was a moment of silence at the event location. Even the music stopped at the right time. Everyone looked at the person walking the bird in public in a daze.

After a while, the ladies present remembered to cover their eyes. Yue Chi also woke up and immediately bent down to grab his pants. He cursed and turned around to teach the bastard who dared to take off his pants a lesson.

However, when he saw that the person lying on the ground was Huo Ge, his cursing mouth became cleaner. He questioned angrily, "Second Young Master Huo, what is the meaning of this!"

Huo Ge got up from the ground awkwardly and looked at his palm in disdain. He had just slapped a man's butt.

Thinking of this, he looked in Lin Yin's direction indignantly.

Seeing this, Lin Yin immediately went forward and grabbed Huo Ge's wrist. She asked worriedly, "Second Young Master Huo, are you alright? No matter how much you like men, you can't take off their pants on the spot!"

Lin Yin's words made everyone turn to look at Huo Ge in surprise. Even Yue Chi gripped his pants in fear.

Huo Ge was caught between laughter and tears as he looked at Lin Yin. "What are you talking about?"

Lin Yin said innocently, "Didn't you just say that you like to look at boys' perky buttocks?"

When Lin Yin said this, many boys present immediately covered their butts, especially Yue Chi, who took a few steps back. Everyone looked at Yue Chi's butt and carefully looked at it. They realized that Yue Chi's butt was indeed relatively perky.

Many people secretly sniggered at Yue Chi's butt, while some people began to look at Huo Ge with colored eyes.

"I didn't expect Huo Ge to be gay."

"I heard that Huo Ge grew up overseas. From the looks of it, his sexuality has really followed his heart. He's open-minded enough."

"I have to say, he's really bold. He actually took off another man's pants in the name of falling in front of so many people. He even took off his underwear."

"Is this what it means to be lecherous? Hahaha!"

"Don't laugh. Be careful or he'll take off your pants!"

"But then again, if Huo Ge is gay, won't the Huo Family be in Huo Bing's hands?"

"You don't understand. Just because gays have different sexual orientations doesn't mean they can't have children. They are still fertile."

When Huo Ge heard the whispers of the surrounding people, he was so angry that he lost his temper. He had only said if Lu Yan and Lin Yin were a couple, but Lin Yin had directly taken revenge. This little girl was simply a determined executor who took revenge on the spot.

Huo Ge didn't argue. He just tilted his head and raised his eyebrows at Lin Yin, as if to say, "Alright, you've taken your revenge. Are you satisfied?"

How could Lin Yin be satisfied? Huo Ge was not the only person she wanted to scheme against. She glanced at Yue Chi, who was still in a daze and did not know to fasten his belt.

Then, Lin Yin went forward and reached out to Huo Ge. Huo Ge resigned himself to fate and reached out. Lin Yin grabbed Huo Ge with a look of disdain and pulled him hard.

Huo Ge was so angry that he laughed at Lin Yin's disdainful expression. This guy still dared to despise his hand that had touched Yue Chi's butt. Didn't she think about who was the instigator of this matter? Lin Yin actually had the cheek to despise him.

Huo Ge had just stabilized himself when Lin Yin turned to look at Yue Chi and said apologetically, "I'm sorry, Yue Chi. I didn't hold Huo Ge back just now and let him accidentally bump into you. I'm sorry! But..."

Lin Yin looked at Yue Chi's lower body meaningfully and continued with unknown doubts, "Yue Chi I really didn't expect that your pants with a belt would be pulled down. It seems that the quality of this brand's belt is really not good. I don't know what kind of lousy brand it is, but it actually let go of the button by itself. Otherwise, he definitely wouldn't be able to take off your pants."

Mu Ran, who was standing beside the stereo, couldn't help but laugh especially loudly.

No one had thought of this just now. After Lin Yin's reminder, everyone looked at Yue Chi's hand that was holding his pants tightly.

Yue Chi's belt was not a random brand, so there was naturally no problem with the quality..
