

Real Daughter 571

Chapter 571: Irreconcilable

Therefore, it was very likely that Yue Chi was playing some over-the-board game just now.

The girl who had just danced with Yue Chi immediately turned around and left with a red face. At this moment, there was even more room for everyone to imagine.

Everyone knew that Yue Chi was lecherous, but they did not expect him to be so shameless.

“D*mn, this is too disgusting. I’m really speechless!”

“I originally thought that Yue Chi just fooled around with girls from other social classes. I didn’t expect that Yue Chi would dare to attack a girl from our own circle!”

“I have to say that Yue Chi still dares to be like this at such a serious banquet.

He has some guts. I bet we won’t be able to see Yue Chi for the next few days.”

“Hahaha, Yue Chi has embarrassed the Yue Family in front of the various families. It’s definitely impossible for him to be let out for at least two weeks.”

“Which family is the girl who just left from? She’s really not picky. She even likes Yue Chi!”

“It seems to be a small family in the east of the city. This time, apart from the eight major families, the Huo Family also invited some decent families.”

“That girl is going to be miserable. There are so many people watching. Her marriage in the future would be a difficult one.”

“Didn’t you realize that Yue Chi actually looks quite attractive to men? Huo Ge has good taste. I really didn’t notice Yue Chi’s perky butt in the past.”

“You don’t say. That guy in front of Yue Chi looks quite delicate. He’s indeed more like the type that attracts men! After all, he can’t give women happiness!”

The surrounding comments about Yue Chi became even more out of tune. The veins on Yue Chi’s forehead popped out as he listened.

He had clearly not done anything just now. He was just flirting with that woman.

It was obvious that the woman wanted to stick to him, so he was just jokingly taking off his belt to scare the woman. In the end, before he could buckle it back, Huo Ge coincidentally bumped into him.

Damn it. How could he do such a rude thing in such a place? If his Big Brother and the others found out, they would probably beat him up till his legs were broken.

At this moment, Yue Chi was furious, but he suppressed his temper and braced himself to smile. “Lin Yin, you’re right. The quality of this brand’s belt is indeed not good. How did the buttons suddenly open? I’ll definitely complain when I get back!”

Lin Yin nodded and said indignantly, “Yes, that’s right. These brands are simply too much.”

Mu Ran was already laughing so hard that even his mask could not hide his arrogant smile, so he simply switched the stereo back on.

Immediately, moving dance music surrounded everyone. Those who did not dare to laugh just now turned around and snickered with the help of the music.

Lu Yan shook her head and said, "Yue Chi is done for! He can't find a good partner! "

No matter how flirtatious and lecherous the descendants of the aristocratic families were, they did it secretly. They did not dare to do it so openly at a banquet organized by their elders.

Most importantly, this was the Huo Family's house, not a hotel banquet.

After all, if they were sneaky, the elders would turn a blind eye. Both parties could keep their pride.

Therefore, once news of Yue Chi's matter today spread, there will probably be no girls from the prestigious families of the capital who would choose him. The better families paid attention to family upbringing. No one wanted to be tied

to Yue Chi and become a topic of ridicule.

Yue Chi was directly removed as one of the potential choices for the daughter of a rich family to marry. What's more, it would implicate the other members of the Yue Family as well.

What happened today has also affected Huo Ge. After all, if Huo Ge was really gay, the Huo Family would definitely reconsider letting Huo Ge inherit the Huo Family.

Lin Yin was very satisfied with her results today.

Huo Ge and she had long been enemies on the surface. Even if she did nothing, Huo Ge would not let her off. Then she would create some obstacles for Huo Ge to inherit the Huo Family.

Yue Chi was even more so. In her previous life, Yue Chi, that bastard, had tortured her for so long. She would not let Yue Chi off. And Yue Chi had been beaten up by Yue Han because of her last time, so Yue Chi had long treated her as a thorn in his side. The two of them had long been irreconcilable.

If she recalled correctly, Yue Chi seemed to be going on dates with a young lady from an aristocratic family recently. Therefore, she simply broke off Yue Chi's good marriage for the future!

Huo Ge looked at Lin Yin with a smile on his face, but Lin Yin could accurately capture the coldness in Huo Ge's eyes.

Lin Yin didn't care. Seeing Huo Ge continue to extend his hand, she raised her hand calmly..

Chapter 572: Wei Ji

Huo Ge pulled Lin Yin to his side with all his might. The two of them danced to the rhythm.

Huo Ge's cold voice sounded in Lin Yin's ear. 'You're plotting against me? Your methods aren't good enough, but they're disgusting. I'm afraid you're going to be disappointed. I'm determined to get the Huo Family.'

As Huo Ge spoke, he pulled Lin Yin around and arrived at a dark place. His hand, which was covered with green veins, grabbed Lin Yin's fair and fragile neck immediately and exerted a little force.

Lin Yin felt the discomfort of suffocation almost instantly. She frowned unhappily. She hated the feeling of being strangled. It reminded her of the time when she was incompetent and almost strangled to death.

Lin Yin clenched her fist and punched hard at the place where she had attacked Huo Ge.

Huo Ge's eyes widened. His ribs, which had just been attacked by Lin Yin and were still in pain, actually cracked. The pain of Huo Ge's broken bones instantly filled his entire body.

His grip on Lin Yin loosened a little because of the pain.

Lin Yin stared coldly at Huo Ge, who was in so much pain that his forehead was covered in cold sweat. Her tone was filled with coldness. "Huo Ge, just because I didn't attack doesn't mean that I'm easy to bully. If you dare to strangle me again, it won't be about breaking ribs! I'll kill you!"

When Huo Ge heard Lin Yin's last sentence, he looked up at her in shock. "Say it again! Say you'll kill me! Tell me!"

Lin Yin snorted and turned to leave.

Huo Ge wanted to follow her, but it was so painful that he could only lean against the wall and pant. However, his gaze was still fixed on Lin Yin's back. The butterfly that was spreading its wings and about to fly looked especially clear.

Lin Yin turned around and went to the washroom. After touching someone like

Huo Ge, she had to wash her hands and get rid of her bad luck!

After adjusting her makeup in the mirror, Lin Yin smiled and left the bathroom.

As soon as she walked out of the door, she saw a young man looking into the girl's bathroom.

The young man was fair and clean, and he did not have the wretched expression of wanting to peek, so Lin Yin took a few more glances and looked away.

However, before Lin Yin could take two steps, a wall of flesh suddenly blocked her way.

Lin Yin took a step back warily. When she looked up, she saw the fair boy standing in front of her. Lin Yin was a little surprised that this boy was quite tall.

The boy was so anxious that his cheeks were pink and white. He looked extremely cute.

“Can you help me go in and see if my sister is inside? Can you help me ask her to come out quickly?” the boy asked Lin Yin anxiously.

Perhaps when facing creatures that were rather cute and weak, humans would always soften their hearts. Lin Yin’s words were gentle. “Okay!”

Anyway, she had just come out, so Lin Yin didn’t care.

After Lin Yin entered, she only found a cubicle with a closed door. Thinking that it should be this one, she knocked lightly on the door and asked, “Hello? Your brother is waiting for you outside. He wants you to get out quickly.”

Lin Yin knocked a few times, but there was no response. She suspected that there wasn’t someone inside.

With no choice, Lin Yin could only squat down and look inside. In the end, she really saw someone inside.

Lin Yin was shocked. Her first reaction was that she had been schemed against. If anything happened to the girl here, she would be the only suspect.

At this moment, Lin Yin did not understand the situation, so she did not dare to go out rashly. She pulled out a strand of her hair and skillfully opened the bathroom door.

When she saw the girl inside, Lin Yin was also shocked. She did not expect this girl to be Wei Xuan.

Lin Yin immediately went forward to check Wei Xuan’s breathing. When she realized that she was still breathing, Lin Yin heaved a sigh of relief.

After checking, the girl was not injured. It seemed like she was asleep.

She went forward and picked the girl up before walking out of the bathroom.

When the boy waiting outside saw Lin Yin come out, he went forward anxiously and limped.

At this moment, Lin Yin remembered what Lu Yan had just said. One of the two siblings of the Wei Family was a fool and the other was a cripple.

It seemed like the person in front of her was Wei Xuan's brother, Wei Ji.

Wei Ji did not notice Lin Yin sizing him up and only asked worriedly, "What happened to my sister?"

Lin Yin wanted to place Wei Xuan in Wei Ji's arms, but when she thought of Wei Ji's feet, she retracted her hand and smiled. "Your sister is fine. She's just asleep.. "

Chapter 573: Little Elf

Wei Ji instantly heaved a sigh of relief and smiled at Lin Yin. "Thank you! You can put my sister down. She's so heavy."

As Wei Ji spoke, he was about to wake Wei Xuan up. After all, a cripple like him could not carry Wei Xuan, and he could not let a stranger like Lin Yin carry her. It was not good.

Lin Yin did not stop Wei Ji. After all, she was indeed not so kind as to help others.

Wei Xuan opened her sleepy eyes and looked at Lin Yin above her. Then, she grinned and shouted happily, "Little elf! Little elf!"

As she spoke, she wanted to hug Lin Yin.

Wei Ji pulled Wei Xuan's hand down awkwardly. Then, he said with a berating expression, "Don't mess around. Come down and go back with me!"

Wei Xuan was clearly not as afraid of Wei Ji as she was of Wei Cheng. Instead, she pouted like a child, but her hand hugged Lin Yin's neck even tighter.

Wei Xuan was indeed not light, and her grip was neither light nor heavy. Lin Yin's neck hurt.

Seeing that Lin Yin's expression was a little off, Wei Ji immediately helped Lin Yin pull Wei Xuan down.

Wei Ji pulled Wei Xuan and wiped Wei Xuan's snot with a gentle expression. Then, he apologized to Lin Yin, "I'm sorry, my sister's understanding is still blurry, so I disturbed you."

"It's fine. You should hurry and bring your sister back," Lin Yin said with a smile.

Wei Ji looked at Lin Yin gratefully and pulled Wei Xuan, who was unwilling to leave, away.

Wei Xuan turned around to look back at Lin Yin every few steps she took, while Wei Ji limped and patiently coaxed her until Wei Xuan followed happily.

Life was a little cruel to the siblings, but the scene in front of her was beautiful. At least the two of them had a companion to lean on.

A small figure flashed across Lin Yin's mind. Then, she turned around and left with a smile.

When she returned, the flickering light on the stage suddenly returned to the previous lights.

Huo Bing stared expressionlessly at the reckless Huo Ge. Behind Huo Bing were the elder brothers and sisters of the various large families. They were also looking at their younger siblings who were fooling around in front of them with indescribable expressions.

They really could not believe that these guys dared to club in the Huo Family. They were simply fooling around!

Huo Bing grabbed Huo Ge, causing his face to turn pale.

Huo Bing looked puzzled and asked softly, "Huo Ge, don't pretend to be dead! I just pulled you gently, and you're already like this! Are you trying to frame

Huo Ge looked past Huo Bing's shoulder at Lin Yin, who was standing not far away. He smiled weakly and said, "Yes, I'm going to frame you, so you'd better be gentle now. Otherwise, I'll fall the next second!"

Huo Bing did not believe it. He felt that he had not done anything. What right did Huo Ge have to frame him just like that?

Hence, Huo Bing pulled Huo Ge with all his might to complain to Old Madam Huo. In the end, Huo Ge fell to the ground after taking a few steps.

This accident instantly frightened everyone present, and Huo Bing was so frightened that his limbs turned cold.

"Hey, stop acting! Get up!" Huo Bing squatted on the ground and shook Huo Ge hard.

In the end, when he saw that Huo Ge's expression was getting uglier and uglier, Huo Bing panicked. After asking the butler to deal with the subsequent sending off of the guests, he immediately got someone to send Huo Ge to the hospital.

Huo Bing did not dare to stay in the Huo Family.

Mu Heng walked to Lin Yin's side and said, "Since the host of this banquet is no longer around, let's go back."

Lin Yin nodded. Not far away, Mu Xiao, Mu Ran, and Lu Yan also ran to Lin Yin's side. The group prepared to leave.

At this moment, Mu Ning suddenly came up and said to the three Mu brothers, "Brothers, Sister Lin Yin, I'm going back too. Why don't you give me a ride?"

Wen Yu, who had promised Old Madam Mu that he would escort Mu Ning back, did not step forward when he heard that Mu Ning wanted Brother Mu Heng to send her back. He said loudly to Mu Heng, "Cousin, since Cousin Mu Ning wants you to send her back, I'll go back first so that I won't have to make a trip myself."

With that, Wen Yu did not wait for Mu Heng and the rest to react before pulling Lu Xiao away.

Lu Yan waited curiously for the Mu brothers' reaction. She wanted to know if Mu Ning was really a child of the Mu Family..

Chapter 574: Marriage

Mu Ran said bluntly, "Who's your brother? And I'm sorry, there's no room. You can go back yourself."

No one recognized Mu Ran, but Lu Yan and the three sisters from the Hou family knew. Hence, they looked at Mu Ning curiously, wanting to see her reaction.

Mu Ning only smiled and said, "In that case, I wanted to visit Mom and Dad, but it seems like I have to do it at a different time. It's late today. I'll go back to Grandpa and Grandma's first and visit Mom another day."

With that, Mu Ning bade farewell to the three Mu brothers. "Then, brothers, I'll go back to the old residence first."

With that, Mu Ning turned around and left. She was afraid that the three Mu brothers would reveal her identity in front of everyone, so she could only leave quickly.

For the entire banquet tonight, Mu Ning was avoiding the three Mu brothers and Lin Yin, afraid that they would expose her identity.

Although she had never thought of hiding her identity as an adopted daughter, if she was an adopted daughter who did not get along with her brothers, her identity as an adopted daughter would be greatly reduced.

When the people around her heard this conversation, they were almost certain of her relationship with the Mu family. That was good. She could take her time with the rest.

Mu Ran clicked her tongue and said to Lin Yin, "Yinyin, ignore her. She's very fake. She's used to creating illusions."

Lin Yin just didn't say anything. She had only paid attention to Huo Ge and Yue Chi today and had forgotten about Mu Ning.

Actually, Lin Yin did not have to target Mu Ning. As long as Mu Ning was obedient and did not continue to cause trouble like before, she did not have to be so ruthless.

However, Mu Ning had made things difficult for Mu Ran when she was young, so in Lin Yin's opinion, it wasn't right to bully her brother. It was necessary to punish Mu Ning a little.

Lin Yin had had a good night, but some families were not that simple.

When Yue Han found out about Yue Chi's embarrassing scene at the banquet, he was so angry that he went back with a cold expression.

When they arrived home, Yue Chi had already been thrown into the ancestral hall by his father, Yue Xi, to kneel as punishment.

“Yue Chi, when I brought you to the banquet today, how many times did I warn you not to act recklessly? Are you treating my words as fart?” Yue Han questioned loudly in anger.

At this moment, Yue Xi had already taken out his whip. This son of his was so infuriating.

When Yue Chi saw the whip in Yue Xi’s hand, he was so frightened that he immediately shouted, “I really didn’t do anything today! I just wanted to scare the girl who wanted to seduce me. I really didn’t want to do anything.”

“You’re still quibbling here!” Yue Xi raised his whip and hit Yue Chi’s back hard.

Yue Chi rolled on the ground in pain and begged hysterically, “Dad, I really know my mistake, but I’m also a victim this time. I didn’t do anything. I was just pulled down by that bastard Huo Ge. I’m also a victim!”

Seeing that Yue Chi was still clamoring over there, Yue Xi was even angrier. He whipped Yue Chi on the ground a few times.

“Do you know that as soon as what happened today spreads to the Gong Family, the marriage that you haven’t even decided on will be ruined?” Yue Xi was so angry that he panted as he said.

Yue Chi cried and said with tears and snot, “It’s fine if it’s ruined. That Miss

Gong isn’t much either. Can’t we just find another family to marry?”

Yue Han looked at his ignorant brother and was furious. He said coldly, “Do you think a good young lady from an aristocratic family will like you if what happened today gets out? Yue Chi, why are you so stupid?”

Yue Chi widened his eyes and looked at his brother. He asked in confusion, “Why not? No matter what, our Yue Family is one of the eight aristocratic families. Can’t we have any girl from any aristocratic family?”

Yue Xi was so angry that he raised his whip and whipped Yue Chi's back again.

Then, he said to Yue Han, "Contact Gong Luo now and find out his attitude.

Although Gong Han doesn't have much of a presence in the Gong Family, her mother's relatives have been developing especially well in the past few years. This marriage can't be broken off."

Yue Han agreed with a cold expression and turned to leave the ancestral hall.

At this moment, the Gong Family was also considering the marriage alliance with the Yue Family.

Gong Ze looked at Gong Luo unhappily and said, "This is the marriage you arranged for my sister.. Gong Luo, don't force me to hit you!"

Chapter 575: Rage

Gong Ze had just returned from overseas. Before he could pack his luggage, he knew about Yue Chi's ridiculous matter. Then, he learned from his family that his sister, Gong Han, and Yue Chi were discussing the marriage.

At that moment, Gong Ze felt like a volcano was spewing fire in his heart.

Gong Luo's expression was a little ugly as well. He said coldly, "How would I know that Yue Chi, this kid, doesn't know the rules? The Yue Family has always had a good family background. Look at Yue Han. Isn't that just an example? I

thought that Yue Chi was Yue Han's younger brother. He shouldn't be too bad." Gong Ze sneered and mocked, '

I think you're itching for a beating!"

Gong Luo looked at his cousin, who had barged into his study and was shouting at him, and felt uncomfortable. He said coldly, "Gong Ze, pay attention to your status. What right do you have to scold me like this? If you have the ability, scold your parents and Grandpa. They agreed to this matter. It has nothing to do with me."

"Why doesn't it have anything to do with you? If you hadn't said that Yue Chi was good and outstanding in front of my parents and grandfather, how could they have let my sister go on a blind date with that bastard Yue Chi? Gong Luo, who is Yue Chi? Even if what happened today didn't happen, you know it clearly in your heart. You want to push my sister into a fire pit. Otherwise, why didn't you let Gong Yue go on a blind date with Yue Chi?" Gong Ze still questioned indignantly.

"Gong Ze, don't go overboard. Xiao Yue is only a few years old. She's still in university. Why would she go on a blind date? Let's talk about your sister. Don't implicate others!" Gong Luo was also a little angry as he shouted.

"Why? Are you angry? You're angry when you heard that I tied Gong Yue and Yue Chi together! Gong Luo, let me tell you, I won't let my sister marry Yue Chi.

If you want to make someone marry him, let your biological sister marry him. Don't have any designs on my sister," Gong Ze said angrily.

Gong Ze turned around and saw his parents and grandfather rushing over. He said to his family, "It's impossible for my sister and Yue Chi to be together. If you dare to do anything rash, I'll destroy the Gong and Yue families! I'll make your in-laws become enemies instead!"

"Gong Ze!" Gong Hua stopped his son angrily.

Gong Yi's expression darkened as she looked at her mischievous grandson.

Gong Luo, on the other hand, watched the show leisurely.

Yang Si looked at her son worriedly. She agreed to her daughter's marriage.

The Yue Family was considered a good family. For example, the eldest son of the Yue Family, Yue Han, was also outstandingly capable. She thought that Yue Chi, who was also from the Yue Family, should be not bad either.

Although she had heard some things about Yue Chi, which young boy didn't like to play? After they got married and started a career, wouldn't they all restrain themselves?

Didn't she pull through it like this herself?

When Gong Hua was young, he had so many confidants. But now, wasn't he obediently at home and getting along with her?

Besides, the person in charge of this family was her father-in-law. As his daughter-in-law, she could not interrupt. The Old Master had spoken, and her husband had no room to refute. What else could she do?

She was only worried that her son, Gong Ze, would make a big fuss over an unnecessary matter and it would be difficult to clean up the mess.

Therefore, Yang Si said gently to Gong Ze with a sincere expression, "Ah Ze, as a junior, don't worry about this matter. Listen to your father and grandfather.

Be good, okay?"

Gong Ze looked at his mother with disapproval. "Mom? That's Sister! She's your biological daughter that you carried in your womb for nine months. Do you really have to be so heartless as to push Sister to that b*stard Yue Chi? Do you know how many women Yue Chi has slept with? He's such a dirty person!"

"Bastard, what nonsense are you talking about?" Gong Yi said angrily to Gong Ze.

Yang Si, who was at the side, was shocked and immediately went forward to persuade him. “Ah Ze, it’s normal for boys to be playful when they’re young. Even if they have a few women outside, they’re just putting on an act. You don’t understand socializing in business now, but you’ll know when you grow up. Trust Mom. After Yue Chi gets married, he’ll definitely take care of the family and treat your sister well.”

Gong Ze did not expect his mother to say that. Disappointment flashed across his heart..

Chapter 576: Exchange for Benefits

Gong Ze looked at his mother and smiled bitterly. “A leopard can’t change its spots. Why are you hoping for a horrible person to turn over a new leaf? Mom, I’m already 18 years old, not a three-year-old child! Even I don’t even believe in such nonsense. Why are you so naive?”

Gong Luo looked at the caller ID on his phone and rejected it. Then, he sent a message to Yue Han and asked, “What’s wrong?”

Yue Han replied, “I want to explain to you about my brother and your cousin’s marriage.”

The corners of Gong Luo’s lips curled up. He picked up his phone and entered the side room beside the study before calling Yue Han back.

Gong Ze’s personality gave the couple a headache. Hence, Gong Hua looked at his father tentatively and said, “Dad, the Yue Family is indeed a little too much. Once we really get married to the Yue Family, we’ll probably be laughed at by the other families in the future. Why don’t we forget about this marriage and stop interacting with them?”

When Gong Ze heard his father speak, his eyes instantly lit up. Even Gong Han, who was eavesdropping at the door, was nervous.

She didn’t want to be with that rascal, Yue Chi, but during this period of time, she had been forced by her parents to contact Yue Chi. She was already extremely annoyed.

Now that she heard her father fight for her, she naturally had some hope.

Gong Yi's white beard curled as he breathed. The room was silent as everyone waited for the Old Master's decision.

At this moment, Gong Luo opened the side door again and came out. He smiled at Gong Yi and said, 'Grandpa, the Yue Family said that in order to show their sincerity in the marriage, they're willing to give half of the two large projects in their hands to our Gong Family in advance. Do you think we should accept them?'

When Gong Yi, who was already a little shaken, heard Gong Luo's words, he pondered for a moment and said, "The Yue Family is not bad. Find a time to quickly settle Gong Han's marriage. It's fine to get engaged. She's already 25 years old. She's not young anymore."

Gong Yi's words almost immediately settled this matter.

Gong Ze's eyes turned red from anger almost instantly. He looked at his grandfather in disbelief. Then, he turned his pleading gaze to his parents, only to see his parents' lowered eyes.

Gong Ze sneered. "Well! Very well! Let me tell you, unless I die, there's no way!"

As Gong Ze spoke, he rushed out of the study. When he turned around and saw Gong Han leaning against the wall, Gong Ze was shocked. He immediately went forward and looked at Gong Han worriedly. He said helplessly, "Sister? Are you alright?"

Gong Han's eyes were slightly red. She didn't cry, but she gave Gong Ze an ugly smile. "Ah Ze, you're back? Go down with me to drink soup. I even made your favorite dessert for you. I was waiting for you to come back."

Gong Ze looked at Gong Han suppressing her emotions and did not dare to continue the topic of the marriage with the Yue Family. He only nodded and said, "Okay!"

Then, he followed Gong Han downstairs.

Gong Han restrained her emotions very quickly and returned to her usual docile appearance the moment they went downstairs. When she reached the kitchen and brought out desserts to place in front of Gong Ze, there was already a gentle smile on her lips. She said, "Come, try it. I put a lot of mangoes in it. It's your favorite, mango."

Gong Han's eyes were gentle and filled with doting love for her brother. However, the sadness hidden in her eyes would still be revealed inadvertently.

The dessert that Gong Ze usually liked to eat was bitter now and difficult to swallow.

He knew that his sister was about to enter a tiger's den, but he could not do anything.

Actually, Gong Ze did not understand. The Gong Family did not lack money. Why did they have to sell his sister for benefits?

Could a bad marriage really maintain the relationship between the two families?

In Gong Ze's opinion, this was nonsense!

A useless and good-for-nothing second son of the Yue Family and a daughter who was not fancied by the Gong Family. What good could come out of them getting together?

It was nothing more than the current benefits sent by the Yue Family that Gong Luo and his grandfather liked, such as those two projects.

Gong Ze looked at his sister, who was pretending to be relieved and indifferent, and his heart ached.

In the past, he had thought that as long as the family was happy, they would be happy, so he had never cared that his grandfather let his second uncle take over. After all, his father was indeed not very capable and his ears were soft.

Her mother was not like her Second Aunt, who was swift and decisive. Instead, she was indecisive and virtuous..

Chapter 577: Venting Anger

As for him, he did not have Gong Luo's ambition. He just wanted to live simply for the rest of his life and have some ability to protect his family.

But now, the little ability he had seemed to be insufficient to protect his family.

Gong Ze looked at his sister in front of him and said firmly, "Sister, don't worry. I won't let you marry that bastard Yue Chi. No matter what, I won't."

Gong Han looked at Gong Ze worriedly and said, "This is my business. You don't have to care. Anyway, I have to get married. It's fine no matter who I marry. The Yue Family is not bad either. When I get married, I can live without worry."

Gong Han's voice was low, and there was a bitter smile on her lips. She seemed to be persuading Gong Ze, but she also seemed to be persuading herself to compromise.

"Then, like Mom, you'll have to wait for Dad to turn over a new leaf for the rest of your life? Sister, people are different. Some people will turn back, and some people will only be honest when they're dead," Gong Ze said anxiously. Gong Han only patted Gong Ze's head gently and smiled. "Alright, rest early after eating!"

With that, Gong Han got up and prepared to rest. Just as she walked to the living room, she bumped into Gong Yue, who had returned angrily.

When Gong Yue saw that it was Gong Han who bumped into her, she was so angry that she scolded, "Gong Han, are you courting death? As soon as I came back, you're irritating me!"

When Gong Ze heard Gong Yue's voice in the dining room, he instantly exploded. He rushed to the living room and shouted impolitely at Gong Yue, "Gong Yue, f*cking say that again!"

When Gong Yue saw Gong Ze appear, she was also shocked. She dared to bully Gong Han, but she did not dare to bully Gong Ze, this troublemaker.

Gong Yue usually wouldn't be like this. Even when facing her cousin who didn't have much of a temper, she would obediently call her cousin.

But today, she had suffered a huge grievance at the banquet. Now, she urgently needed to vent her anger.

She thought that there was no one around, so she grabbed Gong Han who was easy to bully to vent her anger.

She did not expect Gong Ze, who had been sent overseas by her uncle, to return.

Gong Yue instantly shrank her neck. When she saw her brother, Gong Luo, come out, she immediately hid behind him and whispered, "I didn't do it on purpose."

Gong Ze was not so easy to get rid of. He clenched his fists and was about to grab Gong Yue and teach her a lesson.

Gong Luo stood in front of Gong Ze. Gong Ze said evilly, "Gong Luo, if you don't get lost, I'll hit you too."

Gong Luo's eyes were cold as he sneered. "Alright, try me!"

Gong Han immediately went forward and pulled Gong Ze back. She said worriedly, "Ah Ze, forget it. I'm fine. You don't have to be rash. We're all siblings."

Gong Yue peeked her head out from behind Gong Luo and said recklessly, "That's right. We're all siblings. Besides, I didn't do it on purpose. Cousin already said that it's fine."

Not on purpose? No one would believe it. If it wasn't on purpose, she could still scold her by her name?

Gong Ze looked at the arrogant Gong Yue and was so angry that he wanted to continue walking forward. Gong Han held her brother back tightly, not wanting Gong Ze to cause trouble.

Previously, Gong Ze had beaten Gong Yue up ruthlessly. Later on, he was beaten up by his father until he had to lie in bed for almost a month. Her heart ached.

Gong Ze did not dare to break free from Gong Han's grip. Afraid that Gong Han would be injured, he could only watch helplessly as Gong Luo and his sister left smugly. His eyes were red with anger.

"Sister!" Gong Ze looked helplessly at Gong Han, who had been trying to make peace.

"Grandpa dotes on them. If you accidentally hurt them, you'll be in trouble again," Gong Han said helplessly.

"Are we going to be suppressed by them like this for the rest of our lives? Sister, this is not something important. We can completely resist them. We're not children anymore," Gong Ze said with a frown.

Gong Han shook her head and said hopefully, "There's no need for a lifetime.

When you get married, you can leave the Gong Family openly."

Gong Ze looked at his sister with a bitter smile. He really did not expect Gong Han to face others' bullying with such an evasive attitude.

It had to be said that his sister had perfectly learned his mother's way of dealing with people.

Gong Ze helplessly sent his sister to the bedroom to rest. Then, he returned to his room and learned what had happened at the Huo Family's banquet.

No wonder Gong Yue was in such a bad mood when she returned. She had been bullied at the banquet.

Gong Ze looked at the photos sent out in the group chat and his eyes lit up.. Wasn't the person who punished Gong Yue Lin Yin?

Chapter 578: Who Injured You?

Ever since he was sent overseas by his father, he had rarely contacted Lin Yin. He did not expect to see such news the moment he returned.

Lin Yin was still the Lin Yin he remembered. She was not easy to bully.

Thinking about it, Gong Ze hoped that his sister would be like Lin Yin and not be bullied like this.

He liked girls who were covered in thorns and could not be bullied by outsiders, they could live a carefree life.

Gong Ze sent a message to Lin Yin, Lu Yan, and some of his friends that he was back.

As soon as Lu Yan received the news that Gong Ze was back, she immediately smiled and told him about Gong Yue's embarrassing incident tonight.

Zhou Ling knew that his boss was back and sent a long string of words. Like a small essay, he tried his best to express how much he missed Gong Ze.

Gong Ze almost vomited.

Lin Yin only replied indifferently. "Welcome back!"

Gong Ze smiled and turned his gaze to the night outside the window. His eyes gradually became firm.

At this moment, the Huo Family was in chaos. After Old Madam Huo found out that something had happened to Huo Ge, she rushed to the hospital from the Huo Family's old residence. The moment she saw Huo Bing, she slapped him hard in the face, stunning him.

Huo Huai immediately grabbed Old Madam Huo's hand that was about to slap him a second time and said unhappily, "Mom, the matter hasn't been investigated clearly!"

Lin Rong's heart ached as she pulled Huo Bing's face and looked at him carefully. Although this old lady was old, she really didn't show any mercy when she hit people. Huo Bing's face was already swollen.

Old Madam Huo glanced at Huo Bing sharply, then retracted her hand and asked anxiously, "How's Xiao Ge?"

Xiao Ming sighed and said, "Two of his ribs are broken."

Xiao Ming really could not imagine how someone could break two ribs without a sound with his brother's good skills.

He did not doubt Huo Bing at all because he did not think that Huo Bing was capable of injuring Huo Ge.

Huo Gets chest hurt. His face was a little pale as he said, "The doctor said that

I'm fine. Grandma, you don't have to worry."

At this moment, Old Madam Huo looked kind and worried, almost different from her attitude when she hit Huo Bing just now.

Huo Bing felt hateful and aggrieved. He had clearly not done anything. He had never thought that Huo Ge would have two broken ribs.

Old Madam Huo looked at Huo Ge and asked gently, "Xiao Ge, tell Grandma if

Huo Bing hurt you. Don't be afraid. Grandma will stand up for you!"

It was no wonder that Old Madam Huo suspected Huo Bing. Back then, Huo Ge was kidnapped because of Huo Bing.

Originally, those people wanted to kidnap Huo Bing, but for some reason, Huo Bing escaped and Huo Ge was kidnapped.

She had never found evidence to prove that Huo Bing and Lin Rong had tampered with it, but it did not stop her from distrusting Lin Rong and Huo Bing.

Huo Ge looked up at Huo Bing's gaze and said with a weak aura, "No, Big

Brother didn't harm me. I fell down myself."

Although Huo Ge said that Huo Bing did not harm him, his slightly afraid tone clearly told everyone that Huo Bing was the culprit who broke his ribs.

Otherwise, why would Huo Ge, who was usually bossy to Huo Bing, call Huo Bing brother so obediently?

As expected, when Old Madam Huo heard this, her face darkened even more. She turned to look at Huo Bing and Lin Rong with a murderous gaze.

Huo Bing immediately widened his eyes and looked at Huo Ge in disbelief. Lin Rong also pulled Huo Bing back in fear.

Huo Huai immediately stood in front of his wife and children and said coldly,

“No means no. Why are you acting like this?”

Huo Ge’s face turned even paler from Huo Huai’s drinking. Old Madam Huo was furious and shouted at Huo Huai, “Get lost! All of you get lost!”

Her precious grandson had only been back for a few days and he had already been hurt like this. How could Old Madam Huo tolerate it?

Huo Huai looked at his furious mother and had no choice but to bring Lin Rong and Huo Bing back.

Huo Ge pulled the angry Old Madam Huo back and whispered, “Grandma, it’s really not Big Brother.”

“Alright, stop talking. Your ribs are still broken. It’s uncomfortable to talk too much.” Old Madam Huo was stubborn.

She did not care who hurt Huo Ge. As long as Huo Ge was hurt, whoever he said was the culprit, was the culprit. Even if it was a hint..

Chapter 579: Honest Identity

The next day, when Lu Yan brought Lin Yin and Gong Ze together, she was still talking about Gong Yue’s humiliation yesterday.

“So, Gong Yue and Lu Yue wanted to deal with Lin Yin yesterday, but they were set up?” Gong Ze asked Lu Yan after glancing at Lin Yin.

“Isn’t that so? You don’t know, but I was scared to death back then. You know

Grandma Huo’s personality too. I was already prepared to be a bartender with Yinyin. In the end, heh, Grandma Huo liked Yinyin just by looking at her and even came out to stand up for her. I was shocked!” Lu Yan said happily. Even her eyes were shining, and she looked extremely proud.

Not to mention Lu Yan, even Gong Ze found it a little unbelievable. His gaze landed on Lin Yin and he asked inquisitively, “Lin Yin, you have an unspeakable relationship with Grandma Huo, right?”

Lin Yin smiled and said, “What unspeakable relationship? I wanted to tell Xiao

Yan yesterday that Grandma Huo didn’t chase me away because she was the one who invited me to go. So, how could I be chased out by her?”

Gong Ze was even more curious. He frowned and asked, “Grandma Huo invited you? Why?”

Lu Yan also looked at Lin Yin curiously. Last night, Lin Yin seemed to have wanted to tell her about this. Later, when that silly girl came in, she was interrupted.

“Because Grandma Huo wants to thank the Mu family for their kindness, so she invited the Mu family to go with her. I’m also a member of the Mu family!” Lin Yin smiled.

Lu Yan was her good sister, so Lin Yin had never thought of hiding it from Lu Yan. This was the truth, so there was no need to hide it.

In the end, Lu Yan’s thoughts went astray. She looked at Lin Yin in fear. “Yinyin? You’re already a member of the Mu Family? Oh my god, what about my Uncle? Is he going to be alone? Yinyin, who are you with in the Mu Family? Brother Mu Heng? Brother Mu Xiao? Or Brother Mu Ran?”

Gong Ze was a little disappointed. Although he had said to Lin Yin that the two of them were friends, he couldn’t help but feel a little upset when he suddenly found out that the girl he liked was with someone else.

Then, she said, "I'm not with anyone from the Mu Family, and I can't be with them because they're my brothers!"

Lin Yin's words made Lu Yan heave a sigh of relief. Then, she said with a relieved expression, "That's good! You scared me to death! Seriously, Yinyin, why didn't you call me along to attend the ceremony when you became sworn brothers with them?"

Lin Yin sighed and shook her head. When others heard her talk about her relationship with the Mu family, they would think that she had become sworn brothers with the three Mu brothers.

"I'm saying that Brother Mu Heng and the others are my biological brothers, not sworn brothers!" Lin Yin retracted her smile and said seriously.

At this moment, Lu Yan and Gong Ze were stunned on the spot. Their faces were filled with disbelief.

"No? Yinyin, are you joking?" Lu Yan asked in disbelief.

Lin Yin shook her head. "I'm honest. I've done a paternity test."

Lu Yan jumped up like a spring and stomped her feet in shock. This was simply huge news.

Gong Ze was also so shocked that his eyes widened. He did not expect Lin Yin to have such an identity.

"I want to tell my uncle. I..." Lu Yan paused and said, "Forget it, I won't tell him.

I've been telling him about you for the past few days, but he didn't react. He's probably gone on a business trip. '

When Lin Yin heard Lu Ming, her eyelashes trembled slightly. Then, she picked up her cup and took a small sip of a cold drink. She asked casually, "Has your uncle not replied to your messages for the past few days?"

“Yeah, it’s strange. In the past, when he talked about you, he would at least make a sound,” Lu Yan muttered.

Gong Ze coughed lightly. Lu Yan suddenly realized that she seemed to have said something bad.

She immediately looked up and explained, “No, Yinyin, I didn’t say that my uncle doesn’t pay attention to your matters. Sigh, pfft, pfft, what did I say? What I mean is that my uncle has gone on a business trip these few days, so he hasn’t replied.”

Lin Yin only smiled. “Why are you so nervous? I was just asking out of boredom. What happens to your uncle has nothing to do with me.”

Business trip? Lin Yin laughed in her heart. Why would he go on a business trip? He clearly didn’t want to know about her.

Forget it. He was no one to her to begin with..

Chapter 580: Gong Ze in his Previous Life

Gong Ze saw that Lin Yin’s expression did not look good and immediately changed the topic. “School will start in a few days. I have to report to Capital

University too. Lin Yin, let’s go together.”

Lu Yan’s originally vexed expression was filled with surprise. “You’re going to

Capital University? So you’re not going overseas to study?”

Gong Ze shook his head and said, “I’m not going. After being there for a while,

I'm really not used to it. It's more comfortable in our own country."

"That's good. You and Yinyin can still take care of each other in school. I'll send you guys to school on the day school starts, okay? School starts later in our school," Lu Yan said happily.

Lin Yin looked at Gong Ze's troubled expression and asked, "Gong Ze, you don't seem to be in a good mood today?"

Although Gong Ze used to look half-dead when he was in school, other than sleeping on the table, he had never been so down.

Gong Ze sighed and said, "My grandfather wants my sister to marry Yue Chi." As soon as Gong Ze said this, the two people beside him were stunned.

Lu Yan said with a dissatisfied expression, "What's Grandpa Gong thinking? How can he let Sister Gong marry that scumbag Yue Chi? What's the difference between that and a sheep entering a tiger's den?"

Lin Yin also frowned. Only then did she remember that in her previous life, when she was abused and humiliated by Yue Chi, she did know from Yue Chi's words that Yue Chi was engaged to a daughter of an aristocratic family.

Sometimes, when Yue Chi hit her hard, he would say impudent words and insult women. He would even talk about his fiancée, his eyes filled with disdain and coldness.

At that time, Lin Yin knew very well that Yue Chi was bad by nature and his actions towards women were even more ruthless. She even felt sorry for Yue Chi's fiancée.

Before the girl officially married Yue Chi, she had been forced by Yue Chi. Therefore, the girl's younger brother hit the Yue Family. Later, she heard that the younger brother was tied up and locked up. His leg was even broken by some older brother. Lin Yin didn't remember the details.

Lin Yin never expected that the girl might be Gong Ze's sister.

She frowned deeply, thinking about how to interfere in this matter.

Yes, she wasn't thinking about whether to interfere, but she had already decided to interfere. In Lin Yin's plan, Yue Chi had to live a life worse than death.

Lu Yan continued to say indignantly, "Sister Gong has such a soft personality. She will definitely be bullied to death if she goes. Gong Ze, you can't let your sister marry over."

Lin Yin asked, "Gong Ze, do you have another brother?"

Lu Yan replied on behalf of Gong Ze, "He has a cousin called Gong Luo. He's the heir nurtured by the Gong Family and Gong Yue's biological brother. I think the marriage between the Yue Family and the Gong Family must be related to this Gong Luo. This pair of siblings have a very bad heart."

"That Gong Luo is obviously a very sinister person. When I fought with Gong

Yue, he even attacked me because of Gong Yue. If he wasn't afraid of my uncle,

I would have been schemed against by him long ago. He didn't come yesterday. Otherwise, I would definitely point him out to you and let you stay away from that poisonous snake in the future."

Lin Yin lowered her eyes. That was right. It seemed like it was that Gong Luo who broke Gong Ze's leg.

"Gong Ze, why does your grandfather have to let your sister marry Yue Chi?" Lin Yin asked.

Gong Ze looked a little uncertain. "I don't know the details, but last night, I heard that the Yue Family wanted to give our family a chance to participate in two projects. I saw a look of joy on Gong Luo's face. I guess that it's a rather important project."

Lu Yan became indignant. "This is too much. Why doesn't Gong Luo make his biological sister marry Yue Chi? This is clearly bullying Sister Gong and your family. Let's think of a way to ruin the marriage."

Lin Yin hurriedly said, "Let's discuss this matter at length. After all, it involves two families."

Lin Yin was afraid that what had happened to Gong Ze in her previous life would repeat itself. After all, Gong Ze was still in the Gong Family and did not have much strength. An arm could not dissuade a thigh.

Although Yue Chi's character was bad, the Yue Family still doted on him. Even Yue Han was very protective of his younger brother.

Gong Ze nodded in agreement. "That's right. We can't do anything rash. We have to calm down and plan well."

Hearing Gong Ze's words, Lin Yin heaved a sigh of relief. She was afraid that

Gong Ze would end up with his legs broken by Gong Luo on impulse like in her previous life..
