

Real Daughter 581

Chapter 581: School Starts

As time passed, it was soon the day Lin Yin started school.

Lin Yin rejected it for a long time, but she still did not reject the Mu family's unanimous decision to push Mu Heng to send Lin Yin to school.

Gong Ze and Lu Yan looked at Mu Heng driving and felt a little uneasy. After all, no one expected to be able to sit in Mu Heng's car one day.

Mu Heng and Lu Ming were the same kind of people. They usually did not smile and their eyes were cold. They looked unapproachable.

Lin Yin was caught between laughter and tears as she looked at the two silent people in the backseat.

It was not easy for them to reach Capital University. Gong Ming and Lu Yan quickly got out of the car to breathe fresh air.

Lin Yin looked at Mu Heng and smiled. "Brother Mu Heng, don't look so serious. Smile more. Look, my friends have to put on airs because of you."

Mu Heng looked at the two of them breathing heavily outside the car in confusion and said, "Am I very serious?"

Lin Yin nodded honestly at Mu Heng.

Mu Heng seemed to have adjusted his condition and got out of the car with a smile, but it also shocked the two people outside.

Gong Ze looked at Lin Yin and smiled. "Lin Yin, I'll go find my dormitory first.

I'll look for you later."

With that, Gong Ze slipped away.

Lu Yan looked at Gong Ze's back and sneered. "Coward! "

Then, she turned around and met Mu Heng's smile. A forced smile appeared on

Lu Yan's face.

Gong Ze dragged his luggage and quickly completed the reporting procedure. Then, he found his dormitory and put down his luggage before going out to buy some daily necessities.

Mu Heng pulled Lin Yin's suitcase and walked around the crowded university campus. The trio of handsome men and beautiful women attracted many people's attention.

After settling the paperwork, Mu Heng brought Lin Yin and Lu Yan to Lin Yin's dormitory. There was no one inside. It seemed like they were the first to come.

When he saw the dormitory, he frowned unconsciously. "Such a small

dormitory?

This dormitory was smaller than Lin Yin's bathroom in the Mu Family.

Lin Yin looked at Mu Heng in amusement and said, "How much more do you want?"

Mu Heng smiled and said, "Yinyin, why don't you not live in the school? I'll buy you a house near the school. It'll be more comfortable to stay there."

Lin Yin sighed inwardly. Rich people were so generous. They would buy a house just like that beside one of the top universities in the country.

"There's no need, Brother Mu Heng. Since I'm here at school, I have to get along well with my roommates and classmates. If I move out, it'll make me look unsociable," Lin Yin rejected with a smile.

Mu Heng sighed and said, "Alright then! But the location nearby is indeed not bad. You still have four years of university left. It won't cost much to buy a house. When we're free, we can go to the house for a gathering or something."

Lin Yin still wanted to refuse, but Mu Heng had already rolled up his sleeves, picked up a cloth he had brought, and wiped Lin Yin's bed.

Lu Yan looked at Mu Heng working and shook her head. "Yinyin, only you can make Brother Mu Heng do such down-to-earth work."

It wasn't just Lu Yan's first time seeing it. It was also the first time Lin Yin had seen such a noble Mu Heng work. His entire body was worth millions, but he was washing a dirty rag in an obviously dirty basin.

This scene was indeed a little strange.

After Lin Yin smiled, she quickly joined in the scrubbing. Lu Yan also worked happily with her.

After the three of them washed up, Mu Heng pulled Lin Yin and Lu Yan out to buy some more things for Lin Yin.

Mu Heng had planned to get someone to send it over, but Lin Yin rejected him.

If Mu Heng went to buy it, it would definitely be all kinds of top-notch brands, so Lin Yin suggested buying some at the school's convenience store.

Seeing Lin Yin's insistence, Mu Heng could only obey.

After Gong Ze finished doing his things, he rushed to Lin Yin's dormitory excitedly, but he did not see her.

But there were three people inside. They looked like a family. It seemed like a pair of parents here with their child.

Seeing that Lin Yin was not around, Gong Ze lowered his head and took his cell phone, wanting to ask Lin Yin where they were.

When the young girl inside saw Gong Ze, her eyes lit up. She went forward and asked, "What's the matter?"

Gong Ze looked up at the girl and thought that this person might be Lin Yin's roommate. He said politely, "It's nothing. I'm just here to see my friend. She's not here."

The girl's gaze turned to the only bed in the room that had been tidied up. The word "Lin Yin" was written clearly on the sign beside the bed..

Chapter 582: Dormitory

"Are you talking about Lin Yin? Is your friend Lin Yin?" the girl asked.

Gong Ze nodded subconsciously. While waiting for Lin Yin to reply to his message, Gong Ze stood at the door and did not enter.

The girl took the initiative to introduce herself. "My name is Liu Man. Nice to meet you."

Gong Ze was a little distracted and nodded at Liu Man.

After all, there had been countless girls who had wanted to hit on him since he was young. He did not really want to talk to Liu Man, so he only greeted her perfunctorily.

Seeing that the other party did not even introduce himself, Liu Man immediately felt uncomfortable.

She knew that in a place like Capital University, there were many talents, power, and wealth. However, she had grown up being treated like a star, so she was naturally uncomfortable with Gong Ze's coldness towards her.

Liu Man was about to say something when Gong Ze picked up the phone with a smile and asked loudly, "Lin Yin, where are you? I'll look for you? Yes, alright, that's fine. I'll wait for you there first."

Liu Man looked at Gong Ze, who was completely different when facing her and facing Lin Yin. She was still angry even when Gong Ze disappeared from her sight.

When had she been ignored like this?

At the thought of this, Liu Man's gaze landed on Lin Yin's seat beside her. She sneered and said, "The two of you, swap the things on this bed with mine. There's something wrong with my respiratory tract. I have to sleep next to the window."

The two of them nodded respectfully at Liu Man and said, "Okay, Miss!"

When Lin Yin and the other two returned with the things they had bought, her bed had already been moved to the side of the door.

Even the things on the bed were messy. It looked very annoying.

Lu Yan's bad temper immediately flared up. She stuffed the thing in her hand into Lin Yin's hand and immediately questioned loudly in the room, "Who did this?"

Liu Man stood up calmly and said, "I'm sorry, I'm not in good health and have to sleep by the window, so I asked my servants to change seats. I believe we're all roommates. You won't mind, right?"

Liu Man thought that the person questioning her was Lin Yin. She sized up Lu Yan with disdain and sneered in her heart that this Lin Yin was nothing much. She was not a fairy.

On the other hand, the two beside her looked much more pleasing to the eye.

Liu Man's eyes lit up almost instantly when she looked at Mu Heng.

The man in front of her was handsome and slender. He exuded a cold aura from head to toe, especially his outfit. If she was not wrong, the shirt cost 100,000 yuan and the pants from the brand he was wearing cost at least 150,000 yuan. The shoes seemed to be a custom-made brand that cost at least

300,000 yuan.

Especially the watch in this man's hand. It was at least three million yuan.

Liu Man did not expect to meet such a good man on the first day of school.

Liu Man, who had been a little arrogant, instantly softened. She asked Lin Yin and Mu Heng gently, "You guys..."

Lu Yan pushed Liu Man, who was ignoring her, away. "Don't be coquettish here.

Move your things back. This is our Yinyin's bed. Do you understand?"

Liu Man was surprised. So this girl who was shouting at her was not Lin Yin. Then the one who looked better was Lin Yin?

Liu Man said innocently and weakly to Lin Yin, "Then, you're Lin Yin, right? For the sake of us being roommates, Lin Yin, can you take care of me and give me the bed by the window?"

Lin Yin's originally expressionless face was suffused with a mocking smile. "I'm not taking care of you! I won't give you the bed!"

Liu Man did not expect Lin Yin to reject her so decisively. Her expression instantly darkened as she said accusingly, "We'll be roommates in the future. How can you be so cold-blooded?"

As Liu Man spoke, her gaze drifted to Mu Heng, who was at the side, as if she wanted him to speak up for her with a pitiful gaze.

In the end, Mu Heng said coldly, "Miss, please move your things away!" Liu Man was completely embarrassed. She said indignantly, "How can you be so unreasonable? Can't you understand people who are not in good health?"

"Go treat your illness if you're! Don't say that in front of me. I'm not a doctor!"

Lin Yin said coldly..

Chapter 583: Warning

Liu Man was so angry that her face turned red. She said in exasperation, "Isn't it just a bed? You like it so much. Just tell me how much you want. I'll buy it, okay?"

In her anger, Liu Man forgot about her exclamation when she sized up Mu Heng just now, thinking that she could earn her face back with money.

Lu Yan was so angry that she laughed. "So what if you're rich? I'm afraid you can't afford our price."

Liu Man had a rich and imposing expression on her face as she sneered. "What price can't our Liu Family afford?"

A sinister smile appeared on Lin Yin's lips. "Alright, this bed costs 10 billion yuan. How about you hand me the money and I hand you the bed?"

Liu Man immediately widened her eyes. "Lin Yin, why don't you go rob someone? How dare you ask for 10 billion? You've gone crazy thinking about money. Broke!"

Mu Heng was so angry that he wanted to go forward. Lin Yin pulled Mu Heng back and sneered at Liu Man. "Why? You can't afford it, right? If you can't afford it, quickly take your lousy thing away. Broke!"

Lin Yin returned Liu Man's scolding to her.

This was the first time Liu Man had been called broke since she was young. She was instantly dissatisfied.

"You dare to scold me?" Liu Man glared at Lin Yin, then said to the two people who had been standing obediently behind her, "Throw this Lin Yin's thing out. She's too arrogant! How dare she scold me!"

The two of them obeyed the order and went forward to get Lin Yin's things. Lin Yin sneered and stepped forward to kick one of them down.

Mu Heng stood in front of Liu Man and said in a dangerous tone, "Are you moving or not?"

This short and selective question frightened Liu Man so much that she took two steps back.

Seeing that the two people she had brought were so useless, Liu Man could only grit her teeth and shout, "I'm moving!"

The two of them also got up in a sorry state and helped Liu Man move her things.

Mu Heng was furious when he saw that the bed he had made was ruined by these people.

He pushed away the two clumsy people and went to lay it by himself.

However, the more he thought about it, the angrier he became. Then, he said, "Yinyin, let's not keep these things anymore. They've been touched and are all dirty. I'll buy you new ones. I'll get someone to send them over to you later."

Before Lin Yin could speak, Mu Heng had already called someone to send it over.

After a while, what Mu Heng wanted was sent to the dormitory. Mu Heng patiently made the bed and pillow for Lin Yin.

After doing all this, Mu Heng did not forget to warn Liu Man, "I'm warning you. If you dare to provoke our Yinyin again, don't blame me for being rude." When Mu Heng said this, his eyes were too sinister, scaring Liu Man.

But for some reason, she was filled with admiration for such a strong and powerful man. She even yearned and imagined that Mu Heng was warning other girls for her now.

Such a man was simply too bewitching.

The boy who had come to look for Lin Yin just was at most a boy. The person in front of her was a man.

Liu Man restrained her arrogance and domineering attitude and said weakly, "I understand."

Seeing that the girl had admitted defeat, Mu Heng couldn't say anything else. He said gently to Lin Yin, "Then I'll go back first. Be careful when you go out and play later."

Lu Yan smiled until her eyes curved. Lin Yin nodded and said, "Okay, we'll be careful."

After Mu Heng left, Liu Man asked awkwardly, "Lin Yin, who was that person to you just now?"

Lu Yan grabbed Lin Yin and raised her chin. She looked at Liu Man disdainfully and said, "Why should I tell you? Don't think I don't know what you're thinking. Let me tell you, he's a man that a small family like yours is not worthy of."

Lu Yan rarely used one's family background to measure people, but she was unhappy with Liu Man in front of her now, so she naturally belittled her.

"You!" Liu Man looked at Lu Yan in front of her angrily. Then, she shouted at her two servants angrily, "What are you still standing there for? Are you done packing?"

The two of them replied weakly, "Miss, it's all done."

Liu Man couldn't flare up, so she could only vent her anger on her own people. She pointed at a rag on the table and said, "Nonsense! This is what you meant by cleaning up..."

Lu Yan pulled Lin Yin away from where Liu Man was venting her anger. She said with disdain, "Such a person likes to bully others. Yinyin, you don't have to be polite to her in the future.."

Chapter 584: Blind Date

Lin Yin nodded and smiled. "Don't worry. How can I be bullied?" Lu Yan thought about it and agreed. Lin Yin was so powerful that she could defeat a few grown men in a few moves.

From the looks of it, the one who had to pay attention to safety should be that arrogant roommate just now.

Lin Yin and Gong Ze brought Lu Yan around the entire school. Then, the three of them arrived at the place where Yue Chi and Gong Han were going on a date today.

Lu Yan said with a dissatisfied expression, "These elders are really interesting. They've already forcefully arranged a marriage contract, but they still pretend to be very old-fashioned and let them go out on a date. It's simply taking off their pants and farting. It's unnecessary. They're sanctimonious and hypocritical!"

Lin Yin smiled helplessly and said, "Alright, if you continue scolding, you'll be unhappy yourself."

The three of them hid in the corner and looked at Gong Han, who was the first to enter. Her gentle and elegant temperament immediately made Lin Yin sigh.

So this was what a girl who had been harmed by someone like Yue Chi in her previous life looked like.

In that case, she and Gong Han had a common enemy. If Gong Han had the chance to be reborn, she would probably take revenge for her and her brother, right?

Not long after, Yue Chi arrived.

Yue Chi was wearing a casual suit today and looked decent. When he met Gong Han, he was polite and looked like a young master of an aristocratic family. He had learned good etiquette.

Lu Yan mocked from the side, "You pretentious thing!"

Lin Yin blinked and asked, "Xiao Yan, is the person you arranged reliable?"

Lu Yan said proudly, "Of course. Today, I'll make Yue Chi notorious in the community."

Lin Yin pondered for a moment and said, "Don't you think that Yue Chi is already notorious in the community?"

Lu Yan's proud smile froze for half an hour. Gong Ze couldn't help but laugh. After Lu Yan glanced at him unhappily, his smile immediately disappeared.

While the three of them were muttering, Yue Chi had already made small talk with Gong Han, and Yue Chi was obviously a little distracted.

In the past, when he dated girls, they would talk about ambiguous topics. Now, he had to talk about meaningless literary topics with Gong Han, which made Yue Chi feel quite bored.

Previously, he had heard that this young lady from the Gong Family was too wooden and quiet. Today, it seemed like it was true.

He did not know how such a university teacher taught. She seemed like the type of teacher who did not have much passion for teaching and only knew how to read textbooks when he was in school.

To be honest, he did not like such an uninteresting and ordinary-looking woman.

Especially when he knew that Gong Han was older than Gong Yue, but Gong

Yue had always claimed that she was the eldest daughter of the Gong Family. Sometimes, she would even say it directly in front of Gong Han, but Gong Han did not react. Yue Chi had a look of disdain.

Others might politely say that Gong Han had a gentle and respectful personality, but in Yue Chi's opinion, Gong Han was a pile of mud without a temper and could be bullied.

Yue Chi took a sip of coffee and pretended to be interested. "What do you do when you don't have class?"

Seeing that Yue Chi had forcefully changed the topic, Gong Han knew that Yue Chi was not interested in her work. She immediately stopped talking and said gently, "I'll just arrange flowers, make some dessert, and read some books.

What about you?"

Yue Chi nodded and replied, "I like racing, bungee jumping, boxing, and playing some exciting games. Men are more interested in these masculine things."

When Yue Chi talked about exciting games, there was a dark and unclear light in his eyes. Even if it just flashed past, Lin Yin still caught it because she was instinctively familiar with it.

In her previous life, every time Yue Chi thought of a way to torture someone, he would have such a gaze. However, at that time, he did not hide it at all, but now, he was just hiding it.

In her previous life, Lin Yin did not know Gong Han's ending. With the Gong Family's relationship, Gong Han would not be tortured to death, but she would not have an easy time either.

Gong Han really didn't know how to continue communicating with Yue Chi. Yue Chi wasn't interested in anything she was interested in. She was afraid of coming into contact with anything Yue Chi was interested in.

Gong Han was struggling in her heart. Did she really want to enter a marriage with such a man?

Although she was very unwilling, Gong Han knew very well that it was useless even if she resisted. Moreover, it would make her parents' lives in the Gong Family even more difficult.

Just as the two of them were about to fall silent, an alluringly dressed person suddenly appeared beside them..

Chapter 585: Hitting Someone

Lu Yan patted Gong Ze's arm and said, "Gong Ze, hurry up and take a photo. Take a photo of Yue Chi's face. Make sure your sister's face is not in it, understand?"

Although Gong Ze did not think that it would help to make Yue Chi's reputation worse, after all, he knew very well that what his grandfather and Gong Luo wanted was the benefits sent by the Yue Family, he still picked up his phone obediently.

He felt good to be able to make Yue Chi uncomfortable.

In the camera, the enchanting person grabbed the coffee on the table and splashed it on Yue Chi's face. Gong Han looked at the sudden scene opposite her helplessly.

After a moment of shock, Yue Chi immediately cursed, "Damn it, are you courting death?!"

After hearing Yue Chi's vulgar words, Gong Han froze on the spot and looked at Yue Chi with a complicated expression.

That person twisted Yue Chi's arm and scolded in a rough voice that did not match the strappy miniskirt on her body, "Yue Chi, you heartless scumbag. You're not going to admit it after playing with my butt? You actually came on a blind date for me. Do you believe that I'll cut off your thing and make it into wine?!"

The surrounding people lowered their heads and laughed almost instantly.

Hearing the rising and falling laughter, Yue Chi exploded in anger and questioned loudly, "Who the f*ck are you? Do I know you? You're neither a man nor a woman. You actually rushed over to scam me!"

The man slapped Yue Chi onto the table and pressed Yue Chi's face against the table.

Gong Han was so shocked that she hid in a corner and looked at the tall and coquettish man in front of her nervously.

“Dog, who are you scolding? Am I someone you can scold? If I don’t teach you a lesson today, I’ll be letting down my true feelings for this period of time.” As the man spoke, he pulled Yue Chi up and actually tore his clothes off on the spot.

Gong Ze was shocked and immediately put down the camera in his hand. Then, he covered Lu Yan and Lin Yin’s eyes with both hands, not wanting them to see the dirty side.

Lu Yan slapped Gong Ze’s hand away with disdain and nimbly picked up the camera to continue recording. She even muttered, “What’s not to see? It’s just that little thing. We saw it at the banquet that day.”

Gong Ze’s eyes widened. Only then did he remember that during this period of time, the Second Young Master of the Huo Family had taken a fancy to Yue Chi’s perky butt and stripped Yue Chi of his pants at the banquet.

Gong Ze smiled mysteriously. Then, he silently took the camera from Lu Yan’s hand.

On the other hand, Yue Chi had already been stripped down to his underpants by that man. Gong Han couldn’t stand it anymore. She stood up and persuaded softly, “This...”

Gong Han looked at the other party’s unknown gender and frowned in embarrassment. She was slow for a moment before saying, “Please save him some face. There are so many people watching. It’s indecent.”

The man looked at Gong Han and then looked around at the surrounding people. He stopped stripping and said, “That’s true. This dirty thing is indeed not suitable to be exposed for everyone to see. It’s blinding.”

As he spoke, the man threw Yue Chi to the ground ruthlessly. Before Yue Chi could struggle, he stepped on Yue Chi’s genitals and warned, “The more you move, the harder I’ll step on you until it’s broken!”

Yue Chi was so frightened that he immediately stopped moving. He did not even dare to shout for help.

He was extremely ashamed and angry. He had already been bullied like this. Why hadn't the staff of the restaurant come out to save him? He had to complain and get all the employees fired today.

The man pressed down hard a few times and looked at Gong Han mockingly. He sneered and said, "Sister, do you want a man like this? Not to mention that he's slept with me, I've slept with him a few times. He's not inferior to a woman in that aspect. Sister, I advise you to stop fighting with me for a man early. Otherwise, you'll have to stay alone in the room sooner or later."

"Bullsh*t!" Yue Chi roared angrily, but his lower body hurt so much that he gritted his teeth. His entire body convulsed in pain, and his hand subconsciously pinched the man's leg hard.

At this moment, the attendants from the cafeteria came out in unison. The man who hit him did not want to continue fighting. He only said fiercely, "Yue Chi, the next time I see you on a blind date, I'll hit you again!"

With that, the man ran away..

Chapter 586: No Disdain

The attendant hurriedly helped Yue Chi, who was still curled up on the ground trying to relieve his pain. Gong Han quickly draped Yue Chi's clothes over him and asked softly, "Are you okay?"

Yue Chi looked up and wanted to continue scolding her, but when he saw Gong

Han's worried eyes, he was slightly stunned. Then, he held back his temper and

replied, "I'm fine!"

Actually, Yue Chi was a little puzzled. Wouldn't normal people look down on him when they saw him like this?

That day, when he was embarrassed by Huo Ge taking off his pants, he could clearly see the disdain and mockery of the people around him. Today, he had been tricked and humiliated. Wouldn't Gong Han despise him?

Yue Chi looked into Jin Minghan's probing eyes. Those eyes were clear and free of impurities. They looked clean, filled with worry and confusion.

Yue Chi was surprised to see the innocence and cleanliness of being isolated from the world in a woman who was a year older than him.

Gong Han didn't know why Yue Chi was staring at her. She just turned around to help Yue Chi pick up the clothes that were scattered on the ground and handed them to Yue Chi calmly. "Hurry up and put on your clothes."

Yue Chi's anger subsided a little under Gong Han's gaze. He endured the pain in his crotch and quickly put on his clothes. Then, he said, "It's a little inconvenient today. I'll go back first. Let's talk another day?"

Gong Han nodded gently at Yue Chi and smiled faintly. "Alright, do you want me to send you back?"

Yue Chi looked at Gong Han's calm and faint smile and was suspicious. Didn't Gong Han care about what had just happened at all?

However, Yue Chi recalled that his reputation in the capital was not good. Gong Han probably knew about it long ago.

Since Gong Han knew and agreed to come out and interact with him, she must have a motive. Otherwise, which normal woman could stand it? He had heard from his family that if this marriage was successful, the Gong Family would benefit.

As expected, these women were all the same. They could endure anything for benefits.

Yue Chi sneered and tidied his clothes. He rejected, "No need. I'll leave first." Gong Han nodded slowly.

After cursing Gong Han for being hypocritical, Yue Chi limped out of the restaurant.

Yue Chi wanted to walk properly, but it hurt too much, so he could only leave in such a sorry state.

The moment Yue Chi walked out of the cafeteria, laughter instantly erupted in the restaurant.

Lu Yan laughed uncontrollably and patted Gong Ze's shoulder.

Lin Yin smiled helplessly and said, "Xiao Yan, get someone to quickly send that man overseas. Yue Han might interfere in this matter. At that time, that man will probably lose his life or expose you."

Gong Ze said, "Then I'll go!"

Lin Yin stopped her. "No, it's very easy for Yue Han to find out if you go. Your sister will be in trouble."

Lin Yin thought for a moment and finally said to Lu Yan, "Forget it. I'm still worried about you. I'll do it."

Lu Yan looked at Lin Yin worriedly and asked, "What if Yue Han finds out about you?"

"No, don't worry," Lin Yin said with a smile.

When Lu Yan saw Lin Yin's confident expression, she felt relieved. She still believed in Lin Yin's ability.

Lin Yin immediately contacted Sun Biao and got someone to secretly send the man out of the country to hide.

Lu Yan was enjoying the comical scene of Yue Chi just now on the camera, while Gong Ze looked in Gong Han's direction. He looked at his sister who was quietly in a daze and felt sad.

It was not easy for the matter of Yue Chi's banquet to settle down for a while. Suddenly, news of his blind date getting crashed by a man completely embarrassed them in the capital.

Everyone was discussing how many boyfriends Yue Chi had.

Over the past few days, when Yue Han went out, he was often looked at with strange gazes. Today was even worse. Someone actually teased him and asked whether Yue Chi needed a boyfriend from a good family. Yue Han was really angry.

Yue Han looked at Yue Chi, who was kneeling on the ground, with a dark expression and questioned, "What's with that man? How long are you going to embarrass our Yue Family?"

Yue Chi felt extremely wronged and said with an aggrieved expression, "Brother, I don't know that man at all. My sexual orientation is normal and I've always played with women. I really don't know where that person came from.."

Chapter 587 - 587: Persuasion

Yue Han looked at Yue Chi suspiciously and asked again, "Are you really not with a man? Do you really not know that person? If you don't know him, why is he only looking for you?"

Yue Chi shouted, "I swear! I really don't know that person. If I lie at all, I'll have erectile dysfunction for the rest of my life and I won't be able to touch women again!"

Yue Han's face darkened as he looked at Yue Chi in disdain. Who would swear like this?

Yue Han coughed twice and asked tentatively, "So, you really don't like men? You shouldn't have anything to do with Huo Ge, right?"

Yue Chi widened his eyes in disbelief. “Brother! I’m your younger brother. Don’t you know me well? How can I like men? That Huo Ge is gay himself. It has nothing to do with me! I like women. Fair, soft, and sexy women!”

Yue Han looked at his brother’s anxious expression and did not seem to be lying. He said softly, “I know. Get up!” Yue Chi got up from the ground happily. Then, he approached Yue Han with an aggrieved expression and said pitifully, “Big Brother, you have to help me catch that disgusting man. I’ll rely on you to protect my innocence.” Yue Han pushed Yue Chi’s head away from his shoulder with a look of disdain. “Get lost. I’m annoyed when I see you now!” Yue Chi opened and closed his mouth, saying something silently. When he saw Yue Han turn around, he immediately smiled again. Yue Han sighed and said earnestly, “Explain this matter to Gong Han properly. The engagement between the two of you can’t be ruined. Now that you’re in the Capital, you can’t find a better engagement than this. Get along well during this period of time and prepare to get engaged when it’s about time.” Everyone knows about Yue Chi’s matter now. How could there be a better young lady from an aristocratic family who was willing to marry into the Yue Family? If Gong Luo hadn’t taken a fancy to what he had given the Gong Family, this marriage probably wouldn’t have happened. Yue Chi still muttered unhappily in his heart, “That Gong Han looks very boring. She doesn’t look like an interesting woman. She’s not good-looking either.” Although Yue Chi admitted that Gong Han’s pure gaze just now did make him despise Gong Han a little less, marriage is so that he could sleep with his wife. She was boring and their married life would definitely not be harmonious. Yue Han took a deep breath and grabbed something beside him to throw at Yue Chi’s head. Yue Chi immediately caught it with a cheeky smile. “When you marry a wife, you have to marry a virtuous one. I don’t care how you play outside, but the woman you marry must come from a rich family. She must come from a comparable family, one that is presentable. Don’t compare her to those flirtatious women outside. Although this Gong Han isn’t valued in the Gong Family, she has a docile personality and an elegant temperament. She’s also a university teacher herself. Her knowledge and self-restraint are good qualities. Kid, you really don’t know how lucky you are!” Yue Han expected better from Yue Chi. Marriage between rich and powerful families had never been casual. It all depended on benefits. But even so, Yue Han still chose a good one for his libertine brother and carefully chose one that was suitable for Yue Chi. With Yue Chi’s personality, even if he got married in the future, there would probably be many women outside, so Gong Han’s gentle personality was the most suitable. Moreover, Gong Han came from the Gong Family and her family background was not bad. She matched the Yue Family. Although her looks were not top-notch, her temperament was very comforting. Back then, for Yue Chi, he had specially attended several of Gong Han’s lectures. After sending the unwilling Yue Chi away, Yue Han sent someone to investigate that man. When Lin Yin returned to school, her other two roommates were also there. A girl with two braids in the house looked at the beauty at the door and said happily, “You’re Lin Yin, right? Hello, my name is Su Su. I’m your new roommate.” The other girl with a ponytail also stood up and looked at Lin Yin with a smile. She introduced herself, “My name is Feng Yu!” The next second, everyone’s gaze focused on Liu Man. In the end, Liu Man had no intention of introducing herself at all. It was as if she did not see Lin Yin and was scrolling through her cell phone. Lin Yin had long seen what Liu Man was like and ignored her. She smiled and greeted the other two roommates. “Hello! When I came back just now, I brought you some desserts.. Do you want to try them?”

Su Su approached Lin Yin happily. Feng Yu glanced at Liu Man and then approached Lin Yin. After all, they were roommates who were going to live together for four years. It was better not to have a strained relationship.

Su Su picked up the cake in her hand and took a bite. Her eyes lit up as she praised, "Wow, this cake is delicious! Lin Yin, where did you buy it?"

"The shop at the school gate. I forgot to look at the name just now," Lin Yin said truthfully.

Originally, Lin Yin didn't want to buy anything. Lu Yan said that when meeting new roommates, they had to buy a greeting gift or something.

Lin Yin thought about it and agreed, so she brought four back.

Feng Yu ate the dessert in her hands and felt that it tasted good. Su Su looked at Liu Man, who was motionless and did not even turn around. She asked curiously, "Liu Man, what's wrong? Come over quickly. Lin Yin bought this for everyone." Liu Man sneered and said, "I've never eaten such cheap and inferior junk food." Liu Man's sharp words surprised Su Su and Feng Yu. The two of them had arrived at the dormitory together. When they arrived, Lin Yin was no longer in the dormitory. Liu Man was the only one in the room playing games. Therefore, they did not know that there was actually a grudge between Liu Man and Lin Yin. At this moment, Liu Man seemed to be extremely dissatisfied with Lin Yin. Ever since Lin Yin entered, Liu Man had not looked at her directly. The dormitory, which had a happy atmosphere, instantly fell into a suppressed silence. At this moment, Liu Man stood up leisurely. Then, she opened the closet and took out something that looked like a jewelry box. She said to Su Su and Feng Yu, "Weren't we talking about necklaces just now? I was about to tell you all that I brought a welcome gift for you guys. Do you want to come over and take a look? I picked out all the latest styles that the designer brands released this year." Su Su and Feng Yu looked at Lin Yin and saw that she did not seem angry. The two of them slowly walked to Liu Man's side. The two of them, who were still feeling uneasy, put everything else aside when they saw Liu Man's jewelry box. Liu Man took out two necklaces with tags and smiled. "These two are for you. One for each of you." Feng Yu was not very clear about the brand of the necklace. She only felt that the workmanship was exquisite and beautiful. On the other hand, Su Su's eyes lit up as she put down the dessert. Then, she looked at the necklace carefully and said, "Wow, Liu Man, what does your family do? This necklace of mine costs 60,000 yuan. I saw it two days ago. Isn't it too expensive? Liu Man, what kind of godly baller are you?" Hearing Su Su say that a necklace cost 60,000 yuan, Feng Yu almost couldn't hold the necklace in her hand. She asked nervously, "Then, what about the one in my hand?" Su Su turned around and her eyes lit up. "Yours is almost

80,000 yuan. Liu Man, dearest Man Man, you have a mine at home, right? Your welcome gift costs a fortune." Liu Man's heart was bleeding too. She had planned to wear these necklaces herself, but she couldn't stand that Lin Yin was bribing these two bumpkin roommates with two worthless cakes. That was why she gritted her teeth and took out her necklace. She wanted to slap Lin Yin's face. Feng Yu looked at the necklace in her hand and did not dare to accept it. She handed it back to Liu Man and said, "This is too expensive. I can't take it." Feng Yu's family background was average. If she took this kind of thing, she would definitely not be able to return it. Feng Yu felt inferior when she thought of the dried fruits she had specially brought over that were still in her bag. When she ate Lin Yin's cake just now, she felt that there was not much difference, so she planned to take out the dried fruits as a greeting gift. Now, she did not dare to take them out, afraid that she would be laughed at. Liu Man pushed the necklace back into Feng Yu's hand with a generous expression and said, "What's wrong with this? It's just some small things. I usually only wear it once. It's not worth much. Take it as a token of my appreciation." Su Su also hooted at the side. "That's right. Feng Yu, take it. I'll be too embarrassed to take it if you don't." Feng Yu reluctantly accepted this expensive gift. Liu Man glanced at Lin Yin, who was sitting at the side, and said awkwardly, "Strange, I clearly thought three. Liu Man dug her hand into the jewelry box and said angrily and reproachfully, "Lin Yin, I'm sorry. I might have lost the greeting gift I wanted to give you. I've worn the rest before.. I don't think you want them, right?"

Chapter 589: Targeting

Feng Yu and Su Su held their breaths as they looked at Lin Yin and Liu Man. They were really curious. It was clearly their first day meeting, but why did they feel that the relationship between Lin Yin and Liu Man was already so bad?

Liu Man was clearly doing this on purpose.

Lin Yin didn't even raise her eyebrows. She just picked up her earphones and stuffed them into her ears to listen to the news.

Liu Man, who had been ignored, gritted her teeth in anger. She had given away such a valuable thing because she wanted to see Lin Yin feel uncomfortable. In the end, nothing happened to Lin Yin, but she was even angrier.

It was fine. There was still a long way to go. One day, Lin Yin would pay the price for her arrogance today, Liu Man thought hatefully.

The next morning, Feng Yu and Su Su packed up early and waited for Liu Man to put on makeup.

Liu Man looked at Lin Yin's bed. The bed curtain was still drawn. Liu Man thought that Lin Yin had yet to wake up, so she deliberately made a lot of noise.

When she was doing skincare, she slapped her face several times harder than usual, just to be noisy enough to wake Lin Yin up.

Su Su was a little curious about Liu Man's actions. She asked Feng Yu in a low voice, "What's Liu Man doing? Will the skincare effect be better like this?"

Feng Yu lowered her voice and said, "She's deliberately making a commotion. She doesn't want Lin Yin to sleep well."

Su Su immediately frowned and whispered into Feng Yu's ear with an indescribable expression, "Didn't Lin Yin go out for a run long ago?"

Su Su had the habit of waking up early to go to the toilet, so when she woke up in the morning, Lin Yin was already heading out in her sportswear and earpiece.

"Are you sure?" Feng Yu turned around and asked.

Su Su immediately nodded.

Feng Yu looked at Liu Man, who was still putting on makeup and making a lot of commotion. A moment later, as if she had mentioned it unintentionally, she said, "Lin Yin woke up early in the morning to run. Why isn't she back yet? She's probably going to be late for the first class meeting this time."

Hearing Feng Yu's words, Liu Man's big movements stopped for a moment. She grabbed the brush awkwardly and frowned uncomfortably. However, she still did not let go of Lin Yin and said, "Why do you care about her? We're all roommates. She doesn't even know how to act alongside her roommates and she's going out to exercise on her own. Such a person doesn't fit in."

As soon as Liu Man finished speaking, Lin Yin pushed the door open and entered. Looking at the three people in the dormitory, Lin Yin only smiled politely at Feng Yu and Su Su.

Before Lin Yin went to university, she had envisioned a wonderful university life. She would enjoy her beautiful youth with a group of like-minded peers.

She did not expect that her fantasy would be shattered in just a day.

Now, she was looking forward to everyone staying in their own lane, and minding their own business.

Seeing that Lin Yin and the other two had smiled and ignored her, Liu Man glared at Lin Yin angrily. She suddenly stood up, picked up her bag, and said loudly, "Su Su, Feng Yu, let's go! Let's hurry to the canteen for breakfast.

Otherwise, it'll be crowded when there are too many people."

Su Su looked at Lin Yin and then at Liu Man. She said nervously, "Lin Yin, do you want to hurry up? Let's go together?"

Lin Yin smiled and said politely, "There's no need. You guys go ahead. I'll go myself later."

"You got rejected, didn't you? She's arrogant. Why would she leave with ordinary people like us?" Liu Man said sarcastically, then called the other two to leave quickly.

Lin Yin couldn't be bothered with Liu Man. She took her clothes and quickly took a shower. She ate some breakfast and walked towards the classroom.

When they arrived at class, Lin Yin went in through the back door and found an empty seat to sit in.

When she looked up, Lin Yin saw someone who surprised her. Wei Ji was walking in from the door.

Wei Ji limped out and everyone looked at him. After all, they were all new students and everyone was curious about their new classmates.

As Wei Ji walked slowly, he looked up at his seat, as if he wanted to find a suitable seat. At this moment, Liu Man and the other two entered, chatting and laughing.

Seeing someone limping in front of her, Liu Man thought that it was the school's janitor in charge of cleaning. She immediately said unhappily, "Why are you cleaning when we're having a class meeting? Don't you know how to

look at the time? Cleaner, leave quickly."

The classroom instantly fell silent. Everyone looked at the boy whom Liu Man called a cleaner..

Chapter 590 - 590: Classmate

The boy's clothes did not look branded. They even looked a little faded from all the washing. He did not look like he came from a rich family, but at least he was clean. He did not look old and did not look like a cleaner.

However, Liu Man did not see the face of the person in front of her. She only thought that it was impossible for a cripple in shabby clothes to come to school, so in her opinion, this person was the cleaner hired by the school to clean up.

Wei Ji slowly turned around and looked at Liu Man in confusion. "Are you talking to me?"

Seeing Wei Ji's childish face, Liu Man realized that she might have said something wrong.

She frowned and questioned, "Are you also a student of this class? You're limping. It can't be."

Box

Liu Man's words made some of the students in the class uncomfortable. They felt that Liu Man's words were a little sarcastic. Lin Yin just sat quietly in the back and watched the scene in front of the classroom with an indifferent expression.

In the face of Liu Man's doubts, Wei Ji was not angry. Instead, he asked politely and softly, "Can't a cripple go to university?"

Wei Ji's tone was soft and adorable, like his looks. He naturally had an air of cuteness.

If not for his limping posture, a boy with such looks would definitely be someone girls liked to tease. He looked like the boy next door, innocent and gullible.

Liu Man did not know how to answer Wei Ji's question. There was indeed no rule that a cripple could not go to university.

Feng Yu hurriedly went forward to smooth things over. "I'm sorry. We misunderstood and saw wrongly."

As she spoke, Feng Yu and Su Su gave her a look. The two of them smiled and pulled Liu Man around Wei Ji to find a seat.

Liu Man was still muttering unhappily, "I've indeed never seen a cripple go to school. What's wrong with me asking?"

Yesterday, Su Su was still sighing at Liu Man's generosity. At this moment, Su Su only wanted to sigh at Liu Man's stupidity and rudeness.

Even if Liu Man had never seen a cripple go to university, she shouldn't say it in front of so many people, or even in front of the cripple himself, right?

Feng Yu also smiled helplessly. This Liu Man did not seem to have respect for others.

A classmate beside him felt indignant for Wei Ji, but Wei Ji looked like he did not mind.

One of his footsteps was deep, and the other was light. He slowly walked to a seat and sat quietly, not disturbed by what had happened to Liu Man just now.

Not long after, a man in his thirties walked into the classroom and started the first class meeting for the new students.

The content of the class meeting was also very simple. Everyone introduced themselves and then talked about some things to take note of, as well as the time to collect the books and matters regarding the class leaders.

With an active personality, Liu Man was directly elected as the entertainment in-charge, while Lin Yin handled her own matters silently.

After the counselor finished talking about the class and the class monitor finally announced the news of the class gathering that night, the entire class meeting ended.

Lin Yin did two things at once. After the class meeting, she also analyzed the two projects the Yue Family had shared with the Gong Family.

After she sent the information to Jiang Chen and Zhang Ling, she looked up and saw Wei Ji walking towards her.

Lin Yin stood in her seat curiously, while Wei Ji went forward and took out a candy that looked like an elf from his pocket. He handed it to Lin Yin and said, "My sister said she wanted to give this to you. I thought I would have to spend some time finding you, but I didn't expect us to be classmates."

When Wei Ji said this, his eyes were clear and carried the adorable aura of a

young man. He was pleasing to the eye.

However, Lin Yin still refused. "I don't like candy. Help me thank your sister."

As she spoke, Lin Yin was about to leave. Wei Ji was anxious and subconsciously reached out to grab the backpack on Lin Yin's back.

The next second, Wei Ji was stared at by Lin Yin with a cold gaze.

Wei Ji retracted his hand awkwardly and apologized, "... I'm sorry. I was just anxious. I was afraid that my sister would be disappointed if you didn't accept it."

Lin Yin said indifferently, "You can tell her that I've already accepted it."

Wei Ji immediately shook his head and said, "That won't do. Although my sister isn't smart, she shouldn't be fooled by fake lies."

Lin Yin was stunned for a moment. What she meant just now was indeed for Wei Ji to lie and fool her. After all, his sister probably wouldn't notice..
