

WHO IS THE REAL DAUGHTER: MISS LIN TAKES NO NONSENSE AFTER HER REBIRTH

Chapter 6: Tit for Tat

The scenery along the way was beautiful, and it had the smell of money that was unique to the district where the wealthy lived.

The first time she saw this path, she was overjoyed. She thought that her life would change from now on. Her parents would definitely feel sorry for her and be with her for the rest of her life.

This time, her eyes were filled with hatred and determination. As she got closer to the Su Family, the fire of hatred burned even brighter.

Lin Yin clenched her fists tightly.

She knew that the gears of fate had once again given her a choice. One wrong step and she would be facing a bottomless abyss. She could not lose again.

“I, Lin Yin, have to win this time!”

Aunt Li saw Lin Yin’s clenched fists.

The girl in front of her was thin and her clothes were tattered, but they were very clean. The young lady who should have been living a luxurious life had ended up in such a state. She sat in the luxury car that should have belonged to her and clenched her fists nervously.

Aunt Li’s heart instantly ached for this girl. She thought to herself, The Su Family must compensate her well and stop suffering.

The car drove for a long time. The slums and the district where the wealthy lived were also very far apart. The driver even muttered that he had never seen such a difficult road like those in the slums. Fortunately, he reached a familiar place. Even the air was fresh.

They finally arrived at the entrance of the Su Family’s house. The luxurious villa in front of her was the place where she had lived for eight years and the place that caused her pain.

Even though it was so luxurious, Chu Yun and Su Fei still tried their best to find a small and dilapidated room for Lin Yin to stay in.

Lin Yin scoffed this time.

They intended to suppress her and torture her heart. In her previous life, she had no idea and walked into their trap step by step. In this life, she would not let them succeed!

Standing at the entrance of the Su Family's house, Lin Yin's red lips parted slightly with a satisfied smile on her face.

She knew that after she pushed open this door, she would have to meet her opponent again.

This time, she would let them taste all the pain she had suffered in her previous life. She would not be soft-hearted towards them anymore!

The door slowly opened and Lin Yin stepped into the place that had killed her in her previous life.

All the decorations in the Su Family were of the best quality. Every inconspicuous item was worth a million yuan. The Su Family was not afraid of damage. They could just throw it away and buy it again.

Under the light of the crystal lamps, the marble floor shone brightly.

The first time she came her previous life, Lin Yin was careful with every step she took, afraid that she would dirty the ground. This time, Lin Yin was afraid that the ground would dirty her feet.

It was hatred that kept her going, step by step.

In the empty living room, the host did not show their face, as if they did not welcome her arrival at all.

Aunt Li smiled awkwardly. "Madam might be busy. I'll go upstairs to take a look."

Lin Yin smiled. "Okay."

Chu Yun was not busy. She was just too lazy to show any concern for her daughter. Her arrival was not what Chu Yun had expected.

After eight years of understanding, Lin Yin had seen through her. The current Lin Yin would no longer beg for her love.

Nothing mattered. Lin Yin stood rooted to the ground and waited for Aunt Li to call Chu Yun down.

Chu Yun stood upstairs unhurriedly, looking down at Lin Yin. When she saw Lin Yin's tattered clothes, he frowned.

A young girl in a pink princess gown arrived. She was wearing a gem necklace worth tens of millions. Her leather shoes were spotless from the top

of her shoes to the bottom of her shoes. Her face was covered in exquisite makeup.

However, no matter how exquisite her makeup was, she still paled in comparison to Lin Yin. The person who came was Su Fei.

Su Fei held Lin Yin's hand and said warmly, "Sister, you're finally here! I'm so happy. You've suffered all these years!"

On the surface, Su Fei looked intimate with Lin Yin, but in reality, her eyes were filled with jealousy.

How could a girl who had rolled out of the slums look better than her?

It really made one... want to destroy her!

Seeing Su Fei holding Lin Yin's hand, Chu Yun quickly went downstairs. She went forward and pulled Su Fei away. She looked at Lin Yin with undisguised disdain.

She looked up at Aunt Li reproachfully. "Hurry up and bring the disinfectant. Feifei's hand can't touch anything dirty. She's going to get a rash later!"

Chu Yun frowned and looked at Lin Yin. "Lin Yin, it's hard for you to travel here. Quickly follow Aunt Wang to take a shower. Don't get germs everywhere."
