

Real Daughter 601

Chapter 601 - 601: Borrowing Money

Lin Yin ignored the others' gazes and smiled. "Just now, Student Liu Man said that she would let her uncle give a 50 percent discount and she would be in charge of the rest. As for my share, I'll pay for myself. As for the others, Liu Man, there's no problem with you fulfilling your promise to your classmate just now, right? Manager Sheng Cheng, there's no problem with you taking responsibility, right?"

How could Sheng Cheng dare to have any problems? He immediately said ingratiatingly, "It's my duty. It's my duty. Since my niece has said so, we'll naturally pay for these expenses."

Lin Yin turned to look at Lu Hui and said, "Do the math. I'm leaving after paying the bill. There's no need to give me a discount. Just do the math." Lu Hui immediately asked the attendant beside him to settle the score.

The attendant swiped on their phone a few times and said, "It's a total of 299,857 yuan. On average, it's 9,995 yuan per person. So Miss Lin Yin only needs to pay 9,995 yuan. Miss Liu Man and Manager Sheng have to pay 289,862 yuan."

Liu Man covered her face and cried silently at the side. She had suffered a huge grievance and still had to pay for others. She felt extremely aggrieved.

However, she had just said this. She was too embarrassed to go back on her word now and could only suffer in silence. After Lin Yin transferred the money, Wei Ji said, "I'll also pay for myself." As he spoke, Wei Ji took out a watch from his pocket and said in embarrassment, "I don't have money. Can I use this watch to repay my debt?" Lu Hui looked at Wei Ji's watch and smiled. "Young Master Wei Ji, this watch is worth 200,000 yuan. Are you sure you want to use this to offset the 9,000 yuan meal fee?" When everyone heard Lu Hui call Wei Ji Young Master and say that Wei Ji's watch was worth 200,000 yuan, they immediately wondered if Wei Ji was also a low-key rich person like Lin Yin. Wei Ji nodded and said uncomfortably, "I don't have that much money. I only have this watch." Everyone's expressions were very interesting. A person who claimed to be poor could casually take out a watch worth 200,000 yuan. This made people wonder if Wei Ji's watch came from an unknown source. Lu Hui was in a difficult position. He had heard of Wei Ji, the eldest son and grandson of the Wei Family, but he did not expect him to be so miserable. He could not even gather about 10,000 yuan and still had to use a watch to repay his debt. In such a situation, he did not know how Wei Ji managed to get the chance to go to university. Didn't his brothers stop him? Seeing that Lu Hui did not answer, Wei Ji frowned. Then, he

turned to Lin Yin and asked, "Can you lend me 10,000 yuan? I'll return it to you when I have money. I can also pawn my watch to you. When I have money, I'll redeem it." Lin Yin looked at Wei Ji. She couldn't figure it out. Wei Ji clearly knew that he didn't have money, so why did he come to the gathering? When she followed her crazy mother when she was young, Lin Yin chose not to go to any activities in school that she had to pay for. This way, she wouldn't have to spend money. Perhaps seeing Wei Ji so embarrassed reminded Lin Yin of her disappointment when she didn't go to class activities, so Lin Yin grabbed the watch that Wei Ji handed to her and said, "Then you have to return it to me as soon as possible. Otherwise, your expensive watch will become mine." Lin Yin said expressionlessly and helped Wei Ji pay. After doing this, Lin Yin walked out. Wei Ji immediately followed. Lu Hui said to the attendant, "Collect the money for me. Even if it's one cent less, I'll deduct your salary!" The attendant immediately widened their eyes and looked at Liu Man and Sheng Cheng, afraid that they would run away. When Sheng Cheng saw Lu Hui chasing after Lin Yin, he instantly exhaled heavily. The attendant immediately handed the bill to Sheng Cheng and said seriously, "Manager Cheng, you have to pay half. That's 139,933.5 yuan." Sheng Cheng said unhappily, "You want to make me pay for even 50 cents?" The attendant said seriously, "Yes, Manager Cheng. Manager Lu said that my salary will be deducted if it's a cent less. So Manager Cheng, I'm sorry. Then are you going to transfer the money now? Or are you going to swipe your card?" Sheng Cheng looked at the bill that could be considered to have fallen from the sky and was extremely annoyed. He turned to look at Liu Man and shouted, "You caused this yourself. Think of a way to get this money.."

Chapter 602: Embarrassed

Liu Man's eyes widened. That was nearly 280,000 yuan.

This money was indeed not astronomical, but she had used too much money recently and she could not afford it.

Liu Man wiped her tears and said, "Uncle, lend me some. I'll return it to you next month, okay? I've used up my allowance this month. My parents will only continue to give it to me next month."

Sheng Cheng couldn't be bothered with Liu Man and said coldly, "Think of a way yourself."

With that, Sheng Cheng ignored the attendant's obstruction and left.

At this moment, all the attendant's attention was on Liu Man. She stared fixedly at Liu Man, afraid that Liu Man would not have the money and leave.

Helpless, Liu Man could only call her parents. However, when her parents asked her what she was using for, Liu Man couldn't say it.

In the end, Liu Man still did not receive financial support from her parents.

Liu Man looked at the balance of 210,000 yuan in her card and could only shamelessly say to the students who were still there, "I only have 210,000 yuan now. If you have the ability, can you pay for the meal yourself?"

Some students from decent families stood up and transferred their fees to the attendant. Then, they said sarcastically, "As expected, you all are related. Your uncle likes to puff oneself up at one's own cost. If you don't have the ability in the future, don't promise something you can't do. You'll be a joke."

With that, those who had paid left.

After she finally gathered the fees, Liu Man's bank card was already empty.

Liu Man sat at the side with a tired expression. She had thought that today's gathering would make her glorious and make all her classmates think highly of her. It would make everyone approach her and isolate Lin Yin.

She did not expect that it would end in such an embarrassing situation. She really felt that she had lost all her face.

Su Su and Feng Yu carefully walked to Liu Man's side.

"Are you okay, Manman?" Feng Yu asked worriedly.

Although Liu Man's life today was indeed a little tragic, to Feng Yu, Liu Man had paid nearly 10,000 yuan for her meal, so Feng Yu was still grateful.

Liu Man only shook her head weakly and asked with a dismal expression, "Am I very embarrassing?"

Su Su gently patted Liu Man's shoulder and said, "It's fine. This can be considered a misunderstanding."

Liu Man cried for a long time with red eyes.

After Lu Hui chased after Lin Yin, he said apologetically, "I'm sorry, Miss Lin

Yin. I wanted you to have a good night at our hotel."

Lin Yin smiled and said, "It has nothing to do with your hotel."

Lu Hui replied in his heart, "How is it unrelated?" If the boss finds out that Lin Yin is unhappy in the hotel, his skin will probably be peeled off by the boss.

Lu Hui smiled and said, "Miss Lin Yin, there's an observation platform on the top floor of our hotel. Why don't you bring your classmates there?"

Lin Yin looked at Lu Hui's eager expression and nodded with a smile. "Alright,

I'll go take a look."

Lin Yin turned to look at Wei Ji and turned her head slightly, indicating for Wei Ji to follow. Wei Ji immediately followed.

Lu Hui looked at the two people in front of him and touched his nose. He felt like he had done something wrong.

However, Lu Hui did not think too much about it and immediately followed them to the top floor.

Lin Yin did not expect that the top floor of the hotel would be a small courtyard with pavilions, brooks, fake mountains, and gardens.

“This is our boss’s private resting place, so there are no guests,” Lu Hui replied.

Lin Yin was stunned. She turned around and looked at Lu Hui with an ambiguous smile. “Then aren’t you afraid that your boss will find trouble with you for bringing us here?”

Lu Hui thought for a moment and nodded slightly, as if he was affirming his actions. He said, “I think not. Besides, our boss said that he wants you to have fun tonight, so I brought you here to make you happy. Why would he be angry?”

Lin Yin was suddenly very curious about Lu Hui’s boss.

She was thinking, Lu Hui’s surname was Lu, and Lu Ming’s surname was Lu. Could Lu Ming be that boss?

With this guess, Lin Yin didn’t dare to ask.

If Lu Hui said it was Lu Ming, what should she do? Ask Lu Ming why he stopped contacting her when he still cared about her? She could not do it..

Chapter 603: Star

She had agreed to answer Lu Ming’s questions about their relationship when she was in university. Now that she was in school, Lu Ming had disappeared.

The corners of Lin Yin's lips curled up slightly. It seemed like she didn't have to consider this matter anymore.

Lin Yin walked slowly on the quiet path in midair. When she arrived at a small pavilion, she saw a stargazing telescope at the side.

Lu Hui showed Lin Yin how to use the telescope. Wei Ji learned seriously at the side, while Lin Yin looked up at the stars in the sky casually.

"I'll get you guys some fruit drinks," Lu Hui said.

Lin Yin only nodded slightly, her gaze still looking at the starry sky.

Wei Ji turned to look at Lin Yin, who was beside him. The girl's eyebrows were like a painting, and her expression was calm and elegant with a hint of melancholy.

He followed the girl's gaze and looked into the distance. Looking at the stars in the sky, he asked softly, "Do you like stars?"

"Maybe? At least it won't disappear for no reason. As long as the weather is good on a night, you can always see familiar stars. It won't disappear, even for an eternity." Lin Yin smiled faintly.

"Are you afraid of losing something? Are you even more afraid of losing it after you get it?" Wei Ji tilted his head and asked Lin Yin. Lin Yin smiled and turned to look at Wei Ji. "You're very sharp?"

Wei Ji smiled, revealing his eight white teeth.

Lin Yin was surprised to find that Wei Ji actually had canine teeth, which added a cute and innocent aura to Wei Ji.

Lin Yin suddenly paused and asked uncertainly, "Did you get lost when you were young?"

Wei Ji looked at Lin Yin in confusion. He didn't know why Lin Yin asked this, but he shook his head honestly and said, "No, I was only kidnapped and deliberately thrown out of the house. Why are you asking?"

Lin Yin raised her eyebrows and looked at Wei Ji a few more times. Then, she retracted her gaze and smiled. "No, I just think you look silly and dazed. You might have been lost when you were young."

Wei Ji smiled and waved for Lin Yin to look at the stars.

Lu Hui watched the intimate interaction between the two of them. After hesitating for a while, he took a photo and sent it to his boss.

Lu Ming, who was overseas, frowned when he received Lu Hui's message. Then, he placed his phone on the table and opened the jewelry box beside him to take out the necklace in the box.

He had promised Lin Yin that he would keep the stars forever. Now, before the stars could be preserved, he and Lin Yin had already started to drift apart.

As soon as Yang Lu entered, he saw Lu Ming in a daze holding a necklace. This was the first time he had seen such an unwary Lu Ming, so he coughed lightly to remind Lu Ming that he had come in.

Lu Ming put the necklace in his pocket and asked solemnly, "What is it?"

"The fox tail is out. It's been so long, we've finally found some clues," Yang Lu said with joy.

Lu Ming sneered. "Inform everyone to be on standby tonight. It's best if we can take them down tonight."

Yang Lu responded and left. Lu Ming sent Lu Hui a message, "You don't have to send me these. As long as she's happy."

Lu Hui was stunned for a moment when he received Lu Ming's message. Then, he shook his head and sighed. He was doomed!

Wei Ji, who had excellent hearing, turned to look at Lu Hui, who was not far away, in confusion. He asked curiously, "Manager Lu, what are you saying?"

Lu Hui immediately shook his head with a smile and said, "I didn't say anything. I was just talking to relieve my boredom."

Wei Ji looked like he could not understand Lu Hui's expression. Lin Yin only smiled and did not say anything.

Lin Yin enjoyed herself on the roof of the hotel for a while before returning.

The moment she opened the dormitory door, it was quiet. There was no sound at all. The headlights were not on, and only Su Su and Feng Yu's table lights were on.

When Su Su and Feng Yu heard the commotion at the door, they immediately turned to look at Lin Yin. Then, the two of them only forced a smile at Lin Yin.

When Liu Man embarrassed Lin Yin today, they did not speak up for her at all.

Now that they knew that Lin Yin's family background might be extraordinary, even if the two of them felt a little embarrassed, they had no choice but to bite the bullet and maintain a superficial friendship with Lin Yin.

Lin Yin only replied with an indifferent smile. Then, she closed the door, took her toiletries, and went to the bathroom.

Su Su looked at Liu Man's bed helplessly and pouted at Feng Yu.

Feng Yu knew what Su Su was talking about. She just wanted to find a way not to offend Liu Man or Lin Yin..

Chapter 604 - 604: Fence Sitter

Feng Yu shook his head at Su Su with a melancholic expression.

Now that Lin Yin and Liu Man had already fallen out like this, how could they ease up?

Liu Man had just returned like an eggplant that had been whipped by frost. It was obvious that she had suffered a huge blow.

Therefore, after coming back and removing her makeup, Liu Man ran to the bed to sleep. She was quiet and did not even move to turn over.

Su Su and Feng Yu winked at each other for a long time, but the two of them did not get a better solution. When Lin Yin came out of the shower and went to

bed, the two of them were still conflicted. The next morning, Lin Yin woke up early as usual and prepared to exercise. As soon as she got out of bed, she saw Su Su and Feng Yu get up in unison. Lin Yin did not take it to heart, but after she left, Feng Yu and Su Su followed her in casual and loose clothes. Su Su said with a smile, "Lin Yin, we plan to exercise too. Let's do it together in the future." Feng Yu echoed, "That's right, Lin Yin. We're all from the same dormitory. When the time comes, everyone can come out to exercise together and have company." Lin Yin looked at Su Su and Feng Yu with a faint smile and said, "Aren't you afraid that Liu Man will be angry if you interact with me?" Su Su's expression froze for a moment. She laughed and said, "That won't happen. Liu Man isn't such a person. She's just used to being a missy. In the future, if we interact more in our dormitory and everyone understands each other, what happened yesterday won't happen." Feng Yu also smiled and said, "Yes, yes, yes. Su Su is right. Let's talk things out and get to know each other. We can still get along well in the future." Lin Yin glanced at the two of them indifferently and said, "Sure." As soon as Lin Yin finished speaking, Feng Yu and Su Su happily followed beside her, planning to run with her as they chatted. At first, it was fine. Although Lin Yin did not speak much, she still spoke to Su Su and Feng Yu. However, later on, Lin Yin's speed became faster and faster, and Su Su and Feng Yu could not keep up, let alone chat. Su Su was the first to collapse. She pulled Lin Yin back and said, "Lin Yin, I can't take it anymore. Let's rest." As Lin Yin maintained the rhythm of her footsteps, she said, "You guys rest here. I'll run back later and we can go

back together.” When Feng Yu heard this, she felt that the air in the world was a little smoother. She nodded repeatedly and said, “Okay, okay, okay. That’s it.” Su Su and Feng Yu immediately supported each other and sat on a bench at the side. Looking at Lin Yin’s back as she ran away, Feng Yu panted and said, “This Lin Yin is too good at running. The two of us are so tired, but she’s still not blushing or panting. Does she belong to the human race?” Su Su also panted heavily and said, “If I didn’t want to ease my relationship with Lin Yin, I wouldn’t have come to run even if you beat me to death. It’s simply not what a normal human would do.” The two of them commented on Lin Yin while resting. At this moment, Liu Man, who was in the dormitory, slowly pulled open the bed curtain. She looked at the empty dormitory with anger in her eyes. Su Su and Feng Yu, who had been trying to please her yesterday, were trying to please Lin Yin today. Liu Man felt that she had already been stepped on by Lin Yin. Now that she had been ruthlessly crushed by her two roommates, she was extremely unhappy. She wanted to find out which family Lin Yin was from and how she could surpass her. Liu Man gritted her teeth and got up to call the private detective. When Lin Yin returned with her two roommates, Liu Man was already doing her makeup. Su Su immediately looked at Liu Man with a smile and said, “Manman, you’re up. Feng Yu and I went for a morning run today. Do you want to come with us tomorrow?” Liu Man did not look at Su Su and only said coldly, “Your legs will become thicker when you run.” Liu Man’s words made the event location fall silent. Feng Yu smiled and said, “It’s fine. Just stretch after exercising. Ah! Well, I think it’s almost time. Everyone, quickly wash up and change your clothes. Class is starting soon. Today is our first class.” Lin Yin and Liu Man each other. Even when Su Su and Feng Yu pulled them into the classroom, the two of them did not look at each other. The scene of the four of them walking together seemed a little strange and funny. The students in the class looked at Lin Yin and Liu Man, who had been in a heated argument yesterday but came to the classroom together today. They could not help but look at the two of them inquisitively..

Chapter 605 - 605: Class

There were also people discussing Liu Man softly below.

“Oh my god, Liu Man actually has the cheek to come to class? If I had encountered something as embarrassing as yesterday, I wouldn’t have dared to come to class.”

“I have to say that Liu Man is quite thick- skinned. Her mental endurance is not bad.”

“Speaking of yesterday, I want to laugh. She said righteously that she was paying, but in the end, I still did it myself.”

“That’s right. I don’t like people who puff oneself up at one’s own cost.”

It was not that Liu Man did not hear the discussions of the people beside her, but she knew that she had to stabilize herself now. Otherwise, she would really become a joke. Wasn't there a saying? As long as you aren't embarrassed, others will be the ones that are embarrassed. Liu Man calmed herself down and sat in her seat, looking like she had not been defeated. She still had her arrogant expression and attitude. When Wei Ji entered and saw Lin Yin, he greeted her happily and sat behind her. Originally, he had planned to sit beside Lin Yin, but there were people on both sides of Lin Yin. He could only find a place closer to Lin Yin. Su Su recalled how the hotel manager had addressed Wei Ji yesterday. Her eyes darted around as she turned to look at Wei Ji and asked, "Wei Ji, is your family from the capital? Are you related to the Wei Family of the Eight Great Families?" Su Su was a student from another city. Before she came to the capital, she had also done some investigations, but she had never thought that she would meet someone from the eight great families. However, the scene yesterday made Su Su guess something. In her opinion, Wei Ji must not be simple to make the general manager of Sky Hotel address him as Young Master Wei Ji. Therefore, she guessed that Wei Ji might be from the Wei Family or someone related to the Wei Family, such as a collateral relative. However, even if he was from the Wei Family's side branch, he had a good family background. It was a pity that he was a cripple. Liu Man, who was beside her, also pricked up her ears curiously. She knew about the Wei Family, but she did not know much. Wei Ji only glanced at Su Su and said, "I have nothing to do with the Wei Family." Hearing Wei Ji's words, Su Su's enthusiasm instantly turned cold. Su Su smiled at Wei Ji. "Sorry to disturb you." Lin Yin didn't say anything and just looked at the teacher who came in from the door. Not only were the students from Class One in class today, but there were also Class Three and Class Four. The entire lecture theater was filled with people. As soon as the teacher went on stage, the first round of roll call for the new semester began. Lin Yin only had morning classes. When the bell rang, Lin Yin stood up and was about to leave. Su Su quickly pulled Lin Yin back and said, "Lin Yin, are we going to eat together?" Lin Yin smiled and said, "I still have something on in the afternoon, so I won't go. You guys can go." With that, Lin Yin packed her things and stood up to leave the classroom. Liu Man glanced at Su Su and Wei Ji, who were still watching Lin Yin leave, and sneered. "She has someone behind her. It's not something ordinary people like us can reach." Su Su was a little embarrassed by Liu Man's sarcasm. She forced a few fake laughs and stopped talking. Lin Yin rushed to the hospital and saw that Chu Yun's wound was slowly healing. She felt a little hopeful. "Chu Yun?" Lin Yin tried to speak to Chu Yun, but Chu Yun did not react at all. The doctor said, "The patient's ear is severely injured. She can't hear you now. Not only can't she hear you, but the patient can't see or speak either, so you can't communicate with her at all." Lin Yin looked at the hideous wound on Chu Yun's eyeball. Her originally good mood broke. "Don't they have that kind of brainwave? That kind of cochlear implant? Find a time to get it for me," Lin Yin said with a frown. She had to make Chu Yun speak so that she could get the information she wanted. The doctor nodded. Lin Yin looked at Chu Yun in front of her and sighed before turning to leave. Sun Biao followed behind Lin Yin and whispered, "Boss, Su Fei was saved." Lin Yin turned to look at Sun Biao. "Who saved her? When did this happen?" "We don't know who did it yet, but in the fire last night, everyone from the Zheng Family died. We've been watching the Zheng Family, but we haven't found out who did it. We only saw that after the fire, someone took Su Fei away. It's just that we didn't catch that car," Sun Biao said with some shame. Lin Yin's expression was solemn. There was someone behind Su Fei? She had not expected this. Could it be that the person behind Chu Yun saved Su Fei? Lin Yin's eyes lit up.. She turned to Sun Biao and said, "Send more people to find the person who saved Su Fei!"

Chapter 606 - 606: Not a Daughter

Sun Biao nodded.

“By the way!” Lin Yin suddenly reminded Sun Biao, “Get someone to investigate Huo Ge’s movements over the past few days. I want to know where he’s been these past few days and what he’s done.”

Huo Ge had deliberately made Chu Yun look like this. It was obvious that he did not want her to know anything from Chu Yun.

Therefore, it was very likely that Huo Ge knew who was behind this. Now that Su Fei was suddenly saved, perhaps Huo Ge was the one who did it?

Lin Yin didn’t know if her guess was right, but Lin Yin didn’t want to miss any possible direction.

At this moment, Su Fei was looking at the man in front of her with a frightened expression. She asked in a trembling voice, “Who are you? What do you want to Last night, this person suddenly barged into her room with a group of people and got someone to tie her up without a word. When she was brought to the living room, she saw the Zheng family, including many servants, lying in a pool of blood. Before she could scream, she was knocked unconscious. When she woke up, she saw the scene in front of her. Huo Ge looked at Su Fei curiously. From her appearance, he could not tell how similar Su Fei looked to his father, because Su Fei had teeth marks all over her face and even a piece of flesh missing from her right cheek. “Why so ugly?” Huo Ge glanced at Su Fei in disdain, then turned to the side and said, “Go, hurry up. I want the results soon.” The doctor nodded and approached Su Fei with his tools. Su Fei thought that these people were going to hurt her and shouted for help. “Help! Is there anyone? Help!” Huo Ge frowned slightly. Xiao Ming, who was beside him, immediately went forward and took a cloth to cover Su Fei’s mouth. Su Fei stammered and shook her head, looking at the doctor approaching her in horror. Just as Su Fei felt that she might die a horrible death, the doctor only plucked a few strands of hair from her head. Su Fei stood rooted to the ground and watched the doctor leave with a puzzled expression. Then, she turned to Huo Ge, her eyes filled with confusion. Huo Ge got someone to remove the cloth from Su Fei’s mouth and asked with interest, “Do you know that you have an older sister?” Huo Ge was not sure if Su Fei was Zhou Li’s daughter, but he knew that Su Fei had an elder sister. Previously, his father had been hiding it. Didn’t he still find out now? Su Fei was stunned and looked at Huo Ge hesitantly. “I have a sister?” Su Fei thought for a moment and asked, “Did my sister send you to save me?” Huo Ge smiled mockingly. “You’re thinking too much. Your sister doesn’t know about you at all.” Su Fei asked nervously, “Then, why did you capture me? Are you using me to threaten my sister?” Su

Fei's mind was in a mess. She did not know the person in front of her at all, so she could not guess what the person in front of her wanted to do. Huo Ge smiled and shook his head. "No. I just want to know who your mother gave birth to you and your sister." Su Fei frowned and asked, "Then can you let me go after you find out?" Su Fei did not care about her sister. She wanted to live now. "That depends on whose child you are. If you're not lucky, you might die." Huo Ge smiled at Su Fei, but his eyes were filled with a murderous intent. Su Fei cowered and retreated. She inadvertently recalled the scene of the Zheng family dying tragically in the living room last night and her hands and feet instantly turned cold. Huo Ge chuckled and got up to walk out. Su Fei waited nervously for an unknown period of time before Huo Ge came in again. Huo Ge held a document in his hand and looked at Su Fei with a faint smile. "You're not? So, who did your mother sleep with to give birth to you? But you're lucky. You don't have to die." Huo Ge had taken his own hair to match with Su Fei's. It showed that they could not be siblings, so Su Fei was not Zhou Li's daughter. Since Su Fei was not Zhou Li's daughter, he did not have to follow his mother's instructions and kill Su Fei. Naturally, he could follow Zhou Li's orders and save Su Fei. When Su Fei heard Huo Ge's words, she was overjoyed. She said in disbelief, "Really? Then can you let me go now?" Huo Ge shook his head at Su Fei. "It's impossible for you to leave. Stay here obediently.."

Chapter 607 - 607: Scar

After Huo Ge handed Su Fei over to his subordinates to look after, he returned to the Huo Family.

As soon as he entered, he saw Lin Rong pleadingly appear in front of him.

Lin Rong said carefully, "Xiao Ge, can you beg Old Madam to let Xiao Bing out? Just take it that I'm begging you, okay?"

Huo Ge looked at the living room. There was no sign of Old Madam Huo and Huo Huai. No wonder Lin Rong dared to beg today.

"It was Grandma's decision to lock Huo Bing up. I can't help you," Huo Ge said coldly without any softened expression.

He naturally knew that his broken ribs had nothing to do with Huo Bing, but so what? He had wanted to deal with Huo Bing to make Old Madam Huo hate Huo Bing completely. Why would he help Huo Bing? Huo Ge walked around Lin Rong. When he brushed past her, Lin Rong grabbed his sleeve. Huo Ge turned around impatiently. The next second, he saw Lin Rong kneeling in front of him and begging, "I beg you, can you let Huo Bing off? Your ribs are broken, and the old lady broke a few of Huo Bing's ribs. He's not fully recovered yet, and he's locked up in that dark and damp place. He'll die. I beg you. As long as

you're willing to plead with the old lady, my life will be yours in the future. I'm willing to be your slave." How could Huo Ge, who had come from a dead person's nest in Country D, soften because of Lin Rong's unimportant pleas? He shook off Lin Rong's hand that was grabbing his sleeve impatiently and said coldly, "It has nothing to do with me. If you come looking for me again, I'll let Huo Bing die inside tomorrow!" Lin Rong was so afraid that she immediately let go and looked at Huo Ge in shock. When Huo Ge said that he wanted Huo Bing to die just now, he did not hesitate at all. He even had a murderous aura that assaulted Lin Rong. This made Lin Rong secretly shocked. Huo Ge really wanted to kill Huo Bing. Lin Rong began to reflect on whether she was really too naive. For the first time, Lin Rong clearly realized that Huo Ge would really kill Huo Bing, who was competing with him, for the sake of the Huo Family's assets. Lin Rong's eyes were tainted with a hint of red hostility. The black fog inside slowly condensed and instantly surged like an avalanche. She would not let anything happen to Huo Bing! Huo Ge went back to the bedroom. After washing up, he picked up his phone and lay comfortably on the bed. However, slowly, the words Lin Yin had said to him at the banquet started to flash in his mind. That tone and that gaze were too similar. And the butterfly behind Lin Yin. If the scar from back then had not dissipated, it made sense for Lin Yin to cover the scar on her back with a butterfly. Huo Ge's eyes flickered and the corners of his lips gradually curled up. An interested expression appeared in his sinister eyes. During this period of time, he had been recuperating, dealing with Huo Bing, and saving Su Fei, so he didn't have time to investigate Lin Yin properly. Now that he was free, he could find time to find out more about Lin Yin and see if she was the girl who had stabbed him back then. Huo Ge touched the wound on his abdomen and snorted coldly. Under the dim light, it looked a little sinister. Ever since the hotel incident that day, Liu Man had been much quieter. Lin Yin's university life had stopped a little. She had also actively participated in some clubs to enrich her university life and made some friends. The only troublesome thing was that Wei Ji followed her like a shadow. In the beginning, Lin Yin had rushed over, but Wei Ji always looked at Lin Yin pitifully with his big wet eyes that said, "I don't have any friends, so I can only look for you." Lin Yin was helpless against such a person. It was mainly because Wei Ji did not have any ill intentions. In the end, Lin Yin could only let Wei Ji follow her. There were rumors in the class that as long as Lin Yin appeared, they would definitely be able to find Wei Ji. Even in the female toilet, there would often be people who saw an obedient little boy standing shyly at the door of the female toilet waiting for someone. If this matter reached the Mu family's ears, it would really be something incredible. The family rushed to the school gate and watched secretly. In the car, Mu Ran pointed at Wei Ji, who was limping beside Lin Yin, and said unhappily, "What is this kid from the Wei Family trying to do? Isn't he just ruining our Yinyin's reputation? No, I'm going down to beat him up.."

Chapter 608 - 608: Mu Family

Mu Xiao, who was sitting beside Mu Ran, grabbed him and said, "Don't leave. Once you leave, things will get serious!"

Mu Heng, who was beside Mu Xiao, said in a low voice, "Don't tell me that Wei Ji knows something and plans to use our Yinyin to turn things around? Don't tell me he thinks that our Mu Family will help him take back the Wei Family just because he has Yinyin?"

As soon as Mu Heng finished speaking, the atmosphere in the entire car was terrifyingly quiet. Even Mu Cheng, who was in the driver's seat, and Ye Wen,

Mu Xiao said quietly, "Maybe, really!"

Mu Xiao was just saying it conservatively, but the Mu family in the car knew very well.

If Lin Yin was really with Wei Ji, in order not to let Lin Yin be bullied in the Wei Family, their family would really spare no effort to send Wei Ji to the position of the head of the Wei Family. Because the Wei Family would not let go of Wei Ji, who had the Mu Family as his backing, there would definitely be a fierce internal strife in the Wei Family. It was a life-and-death battle. At the thought of this, Mu Ran couldn't help but say, "No, Wei Ji is definitely not it. He has no strength, no health and he has a weak personality." "Don't think that Yinyin is cold and difficult to get close to. She's the kind of person who can be persuaded but not coerced. She'll definitely be soft-hearted towards Wei Ji. If they're together, Yinyin has to protect Wei Ji every day. If you ask me, Wei Ji is not even as good as that old bull, Lu Ming. At least that old bull, Lu Ming, is powerful and can protect himself." Mu Xiao and Mu Heng nodded in agreement. Ye Wen sighed at the side and said, "If something hadn't happened to the Fu Family back then, Fu Xi wouldn't have lost her backing in the Wei Family and lost her life with her husband. I think Wei Ji will be glorious now." Mu Cheng knew that Ye Wen was thinking about those things in the past again. She reached out and patted the back of Ye Wen's hand to comfort her. Ye Wen smiled at her husband. Back then, she had entered the hospital to protect the baby and could not save Zhou Ying and Fu Chen's child in time. She had always felt guilty. Now that she saw Fu Chen's sister, Fu Xi's two children living such a life in the Wei Family, she sighed. She thought about Fu Xi, the daughter of the Fu Family who had once caused a stir in the Capital. This time, when she woke up and found out about Wei Nan and Fu Xi's children, Ye Wen was filled with emotions. However, the Wei Family was still too complicated, so she really did not want her daughter to be dragged in as a pawn for the Wei Family to fight for power. However, when she thought of Wei Ji and Wei Xuan, Ye Wen's heart ached a little. Ye Wen sighed and said, "Let's ask Yinyin what she thinks when we have the time. Don't be too impulsive. What if nothing is happening with the two of them?" Mu Cheng also said, "Your mother is right. If Yinyin doesn't have that intention, don't make things too difficult for that kid from the Wei Family. It's not easy for a child without parents." Perhaps it was because of Ye Wen's emotions, Mu Ran became much quieter and was not as angry as before. It was indeed not easy for a child without the protection of their parents to survive in a wealthy family until now. Mu Ran thought that as long as Wei Ji did not have any ill intentions towards Lin Yin, he could turn a blind eye. However, it was absolutely impossible for Wei Ji to be with Lin Yin. "Let's go back first!" Mu Cheng said. Ye Wen nodded and said, "Yes, we'll see. We've been looking for Chu Yun recently. I don't know where Chu Yun is hiding, but we can't find her no matter what." Mu Xiao nodded and echoed, "Then let's talk about Yinyin and Wei Ji later. It's more important to find Chu Yun now." Mu Heng nodded and said, "I'll test Wei Ji when the time comes. Yinyin's identity hasn't been announced yet. Perhaps we've just misunderstood." Mu Xiao nodded in agreement. "Big

Brother is right. From the looks of it, Yinyin's identity has to be hidden better first. We'll talk about it when we find the mastermind back then. During this period, we can slowly convince Yinyin." Mu Ran nodded as well. "Then I won't be able to keep saying that Yinyin is my biological sister when I go out in the future. Can I say that she's my biological sister? I can't accept being a stranger to Yinyin in front of outsiders anymore. She's my biological sister!" Mu Ran's words received the unanimous approval of the Mu Family. This could be considered a warning for them about Wei Ji following Lin Yin..

Chapter 609 - 609: Teasing

Hence, the Mu family, who had arrived at Capital University in a hurry, returned in a car.

Wei Ji had no idea that his actions with Lin Yin had changed the Mu Family's anxiousness to make Lin Yin officially acknowledge them as family.

Su Su, who had entered the model club with Lin Yin, winked at her and said,

"Lin Yin, are you really not with Wei Ji?"

Lin Yin looked at Su Su angrily and said, "Don't ruin the boy's innocence. Thank you!"

When Feng Yu heard this, he smiled at Wei Ji and trembled. "Lin Yin, what you're saying makes it sound like you're the playboy in novels. Wei Ji is that shy young lady. His innocence, hahaha." Wei Ji was too embarrassed to even look up from the three people beside him. This was the first time Su Su had seen such a shy boy. She immediately became playful and reached out to tickle Wei Ji's chin. Wei Ji was frightened by the hand that suddenly reached out in front of him. His reaction was so great that he pushed Su Su away. Su Su was caught off guard and fell from the chair. Feng Yu was shocked and immediately went to help Su Su up. Then, she looked at Wei Ji with dissatisfaction and said, "Wei Ji, why are you reacting so strongly? I was just joking with you. Look at you making Su Su fall." Su Su was also very angry. She just saw that Wei Ji was very cute and looked like the dog at home, so she wanted to tease him. Unexpectedly, she fell before she could touch Wei Ji's face. Her butt hurt so much that it was probably bruised. Wei Ji stood at the side and looked at Lin Yin, who was watching this scene, in fear. Then, he said to Su Su guiltily, "I'm sorry. I didn't do it on purpose. I was just careless." Su Su retracted her angry gaze and smiled. "I can accept your apology, but you have to come over and let me finish what I just didn't finish." What he had not completed just now was scratching Wei Ji's chin like he was teasing a puppy. Feng Yu and Lin Yin did not expect Su Su to suggest such a ridiculous thing. Even Wei Ji looked at Su Su in disbelief and said with resistance, "I... don't want to." Su Su's expression instantly turned cold, but she quickly changed her expression and smiled. "Wei Ji, what are you thinking? I was joking

with you. Just now, I felt that you were as cute as my dog, so I habitually attacked. I hope you don't mind!" Wei Ji glanced at Su Su softly and lowered his head. "It's fine. You didn't do it on purpose." As if she was happy that Wei Ji was so sensible, Su Su's expression improved a little and she chatted and laughed with Feng Yu again. Lin Yin looked at Wei Ji's face, which had turned from red to pale. She was no longer in a good mood. She stood up and said, "That's all for today. I still have something on. I'll get going first." Seeing Lin Yin leave with her things, Wei Ji hurriedly followed. "Is she angry?" Su Su asked in confusion as she watched Lin Yin leave. Feng Yu glanced at Su Su and said helplessly, "Why did you tease Wei Ji for no reason? How can Lin Yin not be angry? Wei Ji is hers." Su Su instantly said indignantly, "Didn't Lin Yin say that she has nothing to do with Wei Ji? She's so domineering. What's wrong with me teasing a man she doesn't want? She's so difficult to serve." "If you know that she's domineering, why did you still provoke Lin Yin? You just think that Wei Ji is cute and easy to bully, so you acted recklessly. Be careful that Lin Yin uses the power behind her to counterattack!" Feng Yu said angrily. Su Su pursed her lips and said weakly, "I didn't do it on purpose. I really think Wei Ji is very similar to my little cutie. I just subconsciously wanted to tease him." Feng Yu glanced at Su Su and said, "Listen to what you're saying. If someone says that you look like their dog and are very cute, will you be happy? "Of course I'm unhappy. Who would want to compare to an animal?" Su Su immediately snorted. "Isn't that right? You teased Lin Yin's people and treated them like dogs. Think about it. Isn't that right? It would be strange if she wasn't angry," Feng Yu explained..

Chapter 610: Stay Away From Her

Feng Yu was born in a mountain village and her family background was average, so she knew that she had strong self-esteem. If someone dared to say that she was as cute as a dog, she would feel insulted.

Hence, she could empathize with how Wei Ji felt when Su Su described him as a dog.

Just because Wei Ji was timid and crippled, he was looked down on and even teased casually. If it were her, she would definitely hate Su Su.

"Alright, I understand. I really didn't do it on purpose. I just think he's cute." At this moment, Su Su knew how inappropriate it was for her to do that just now and she was sincerely reflecting.

Feng Yu smiled and called Su Su to pack up and return to the dormitory.

As soon as the two of them arrived at the dormitory, Liu Man pulled the two of them and smiled brightly.

The two of them had been following behind Lin Yin for the past few days and had neglected Liu Man.

Even though they knew that Liu Man was a little unhappy about this, they could only regretfully choose Lin Yin.

Now that they saw Liu Man take the initiative to express her goodwill, the two of them were naturally very happy. However, when they saw Liu Man take out some photos, their expressions were shocked.

On the other side, Wei Ji followed behind Lin Yin patiently and asked in confusion, "Are you angry?"

Lin Yin immediately stopped when she heard this. Wei Ji, who could not react in time, bumped into her, causing her to stagger two steps forward.

Wei Ji panicked and immediately went forward to pull Lin Yin back. "How are you? Did I hurt you?"

Lin Yin pushed Wei Ji away and looked straight at Wei Ji's soft and weak appearance. She was inexplicably angry.

Perhaps it was because she had once been the one who was bullied, or perhaps it was because she was used to seeing the weak being bullied, so when she saw Wei Ji being so timid and that he could be bullied by anyone, she felt uncomfortable.

"She teased you. If you don't want to bear it, can't you just say that you don't want to? Can't you be more fierce?" Lin Yin said angrily.

"She's a woman. I can't hit her, right?" Wei Ji said awkwardly.

Lin Yin sighed heavily and said without giving up, "Be fiercer! Be tougher when you speak! You eat so much and grow so tall that you can scare people with your height. It's a waste!"

Wei Ji was still feeling aggrieved when a voice that annoyed Lin Yin suddenly broke into Lin Yin and Wei Ji's conversation. "Hey, our Xiao Yinyin is teaching someone how to bully others. Do you want me to help you?"

Lin Yin turned around and stared coldly at Huo Ge. "What are you doing here?"

Huo Ge shrugged and smiled roguishly. "I'm naturally here to look for you, my future girlfriend."

When Wei Ji heard Huo Ge's words, his eyes widened. He looked at Huo Ge curiously and sized up him from head to toe.

However, when he saw that Huo Ge was about to approach Lin Yin, Wei Ji immediately stepped forward and stood in front of her. He said to Huo Ge in a small voice, "Stay away from Lin Yin!"

Huo Ge glanced at Wei Ji playfully and turned his gaze back to Lin Yin's face. He smiled and said, "Hey, have you taken in a lackey? Or have you found a little boyfriend? Xiao Yinyin, your fickle personality isn't good. Back then, you said that you wanted to be my future girlfriend. I've already given you the benefits. You can't go back on your promise. Hurry up and get your little friend to move aside. Let's contact each other properly. Otherwise, our relationship will fade."

"Since you're my future girlfriend, it means that you're not a couple yet. Since you're not, I won't move aside," Wei Ji still braced himself and stood in front of Lin Yin.

Lin Yin was slightly stunned. Before she could react, Huo Ge pushed Wei Ji away impatiently.

Wei Ji's legs were inconvenient, so he was thrown to the ground by Huo Ge.

Huo Ge sneered. "Xiao Yinyin, your taste is bad. How can you like such a person, an abandoned son of the Wei Family and a cripple?"

Lin Yin retracted her worried expression towards Wei Ji and looked at Huo Ge with a faint smile. She said coldly, "Looks like your ribs are itching again. Do you want them to break again?"

Huo Ge was not angry. Instead, he leaned down with a smile and whispered into Lin Yin's ear, "Physical violence is also a form of love. Only people like me have the fortune to enjoy Xiao Yin's little fun, right?"

Wei Ji, who was on the ground, did not hear what Huo Ge was saying, but when he saw Huo Ge so close to Lin Yin, he immediately got up from the ground and limped forward.. He pushed Huo Ge away forcefully and shouted, "Stay away from her!"
