

Real Daughter 621

Chapter 621 - 621: He's Very Cute

Wei Chuan nodded and said, "Take good care of yourself. Go back and visit your sister more often when you have time."

Wei Chuan spoke rather politely. He did not have the love an elder would have for a junior.

After Wei Chuan finished speaking, he left. Wei Ying smiled at Wei Ji and asked,

"Is Lin Yin your classmate?"

Wei Ji still lowered his head and replied softly, "Yes, Big Sister!"

Wei Ying said unhappily, "Didn't I tell you not to call me Big Sister? You have to call me Sister Wei Ying."

Wei Ying was very lively. When she spoke to Wei Ji, she did not look down on him at all. This made Lin Yin have a good impression of Wei Ying.

However, Lin Yin suddenly remembered what Lu Yan had said. Wei Ji only had one biological sister.

So that Wei Chuan and Wei Ying in front of her just now were very likely from the second and third branches of the Wei family, right?

Wei Ji bit his lower lip and did not call out Sister Wei Ying. This made Wei Ying sigh helplessly. She turned to Lin Yin and said, "This brother of mine is like this. He's timid and talks little. He doesn't like to interact with others. It's indeed a little boring. It's rare for him to be willing to interact with you, so I'll have to trouble you to talk to him more."

Lin Yin glanced at Wei Ji beside her and smiled. "No, he's very cute. I quite like his personality."

Lin Yin didn't want to say anything bad about Wei Ji in front of the Wei Family. She even had the urge to support Wei Ji.

Wei Ji's heart was like an ancient well and Lin Yin's words were like a bomb that had been thrown in. It exploded deafeningly to Wei Ji and he did not come back to his senses for a long time.

This was the second person in his life who said they liked his timid personality.

And the first person was already dead.

Wei Ji knew very well that Lin Yin might just not want him to appear lowly in front of Wei Ying, but he couldn't help but feel his heart tremble because of Lin Yin's words.

Wei Ying was surprised by Lin Yin's answer, but hearing her answer, Wei Ying liked her even more.

Wei Ying pulled Lin Yin out. As she walked, she smiled and said, "Didn't you say that you hired a lawyer? Hurry up and bring me to contact your lawyer so that I can understand this matter better."

Wei Ji looked at Lin Yin, who was pulled away by Wei Ying. Lin Yin's words were still echoing in his mind, and he subconsciously left with Lin Yin.

After the three of them walked away, Liu Man and the other two came out from the corner.

Feng Yu said in disbelief, "Wei Ji seems to be related to the principal? The principal's surname is Wei, and Wei Ji's surname is Wei. Oh my god, Wei Ji is related to the principal. No, the principal's daughter called Wei Ji Brother just now. Oh my god, could Wei Ji be the principal's son? Then didn't we indirectly offend the principal's son?"

Su Su thought more because she knew that the principal of Capital University was from the Wei Family, one of the eight aristocratic families.

Therefore, Wei Ji was very likely a member of the Wei Family.

Su Su gritted her teeth in anger. Back then, she had asked Wei Ji if he was from the Wei Family, but Wei Ji had replied no.

But according to the news she had just overheard, how could Wei Ji not be from the Wei Family?

On the other hand, Liu Man was thinking that the principal had just said that this matter had to be investigated thoroughly. Capital University had a political and legal course. That Wei Ying just now had probably graduated from Capital University. She suddenly felt that her vision was slightly dark. She had a feeling that she was going to be finished.

No, she had to quickly destroy all the traces of framing Lin Yin.

Hence, the three of them had three different thoughts and rushed towards the dormitory.

In the end, before the three of them reached the dormitory, they saw many students swarming towards the school gate.

Feng Yu pulled a student back curiously and asked, "What happened? Why is everyone running towards the school gate?"

The student smiled and said, "Let's go watch the commotion! Didn't they say that Lin Yin from our school is being kept by old men? I heard that those old men have come to our school's entrance. I want to see what these old men look like."

The student's words immediately piqued the interest of Liu Man and the other two. The three of them hurriedly ran towards the school gate.

Lin Yin was about to continue her class. She was already twenty minutes late for her elective class, but she was pulled to the school gate by Wei Ying halfway.

At this moment, a ridiculous scene appeared at the east entrance of Capital University.

Ten top-notch luxury cars appeared at the school gate in unison. There was even a banner that said, "A gift for Lin Yin, from the oldest man behind Lin

Yin."

When Lin Yin was pulled to the school gate, she was stunned.

Liu Man said mockingly, "Lin Yin, it's confirmed now, right? You're being kept by an old man!"

Chapter 622 - 622: Baby

Although Liu Man was worried that what she had done would be exposed, everything in front of her undoubtedly meant that Lin Yin was really kept by an old man. Therefore, she was not lying. She was not slandering!

At the side, as Su Su vented her anger at the fact that Lin Yin was being kept, she was jealous of Lin Yin's good luck. She thought to herself, 'Why is Lin Yin so lucky? As expected, good looks can really be exchanged for money.'

The students beside her had already picked up their phones and broadcasted the scene at the entrance of Capital University live.

Just as everyone was discussing, a group of men in suits held ten signs and stood in front of ten luxury cars. On the sign were photos of various houses, office buildings, and villas.

While everyone was puzzled, the men suddenly shouted in unison, "Lian Family Real Estate congratulates Miss Lin Yin on getting ten new buildings!"

After they finished speaking, the two men at the side suddenly opened a banner, "A gift for Lin Yin, from the old man behind Lin Yin."

Everyone was dumbfounded. They gave her buildings? Isn't Lin Yin too lucky?

Liu Man smiled until her teeth were about to be revealed. She said loudly, "Lin Yin! Your second old man is out! You're finished! You're going to die in the light!"

In Liu Man's opinion, Lin Yin must have been kept by so many old men secretly. Those old men must not know about each other.

If today's matter erupted, Lin Yin might be questioned by those old men.

It would be best if those old men were angry at Lin Yin for being unfaithful and tortured her before abandoning her!

Liu Man thought hatefully. Soon, a third old man appeared.

There were pictures of ten cruise ships and keys, as well as a banner, "A gift for

Lin Yin, from the second oldest man behind Lin Yin."

When the fourth old man appeared, she was greeted by a group of young and beautiful ladies. They were all holding various jewelry and gold jade artifacts.

These etiquette ladies even sang a song that instantly amused the students present.

After a commotion, the banner opened, "A gift for Lin Yin, from the third-oldest man behind Lin Yin."

When Lin Yin saw this, she was immediately enlightened and caught between laughter and tears.

She really did not expect that even Mu Heng would play such a game with them.

Liu Man was a little dumbfounded. These old men even ranked themselves?

Could it be that they all knew each other?

Liu Man looked at Lin Yin in surprise. “Lin Yin, aren’t you playing too well? Do all your old men know each other? Oh my god!”

Lin Yin smiled at Liu Man and replied ambiguously, “Yes, they know each other and have a good relationship.”

Lin Yin’s words stunned everyone beside her. This had already exceeded their understanding of being a kept woman.

At this moment, a few more people appeared. Everyone immediately looked at the person and saw a few people holding helicopter models in front of Lin Yin. There were ten helicopters of different shapes.

A banner opened, “A gift for Lin Yin, from the old woman behind Lin Yin.”

When someone said the words “old woman”, the event location was instantly in an uproar!

They began to not know what was going on.

Didn’t they say that Lin Yin was kept by an old man and was exposed now? Why was there an old woman now?

“What’s going on? Why is there an old woman? Is this Lin Yin bisexual?”

'Who knows! This doesn't seem like the matter of Lin Yin being a kept woman was exposed. Instead, it's like an event where various big bosses are currying favor with Lin Yin. Especially when this old woman appeared, I felt that something was wrong.'

"Who is this Lin Yin? She actually has so many big bosses protecting her."

"Looks like we shouldn't talk nonsense about Lin Yin in the future. So what if

Lin Yin is really a kept woman? Look at the situation. Those big bosses dote on

Lin Yin so much that even the woman behind Lin Yin dotes on her."

"Why do I feel that this doesn't seem like she's keeping Lin Yin? I have a feeling that Lin Yin's family is retaliating against the rumors online for Lin Yin. Think about it, is that so? Even if they're not family, they're still friends."

"You don't say. I have the same feeling!"

"That's impossible, right? Didn't the Internet say that Lin Yin grew up in the slums? Lin Yin admitted it herself. How can a girl from the slums have a family?"

"That's right.. Is there a conspiracy?"

Chapter 623 - 623: Catching a Turtle in a Jar

Su Su's eyes suddenly lit up and she smiled. "Maybe these are all fake? They

Just mre a rew people ana take out some pnotos to deceive people!

As soon as Su Su finished speaking, there was a roar in the air.

The helicopters that were still in the photos just now appeared in the sky above Capital University. Everyone widened their eyes in shock.

As soon as the ten helicopters came out, no one doubted that the things in the photos were fake.

Wei Ying looked at Lin Yin in surprise and said, "Lin Yin, how many people are keeping you? Aren't they too generous?"

Although Wei Ying was also from the Wei Family of the Eight Great Families, to be honest, the Wei Family had never given her such a generous gift.

The trending topic of Lin Yin being a kept woman, which originally had a vivid description, was suddenly suppressed by the gifts of these old men and women. The direction of the comments began to slowly deviate.

"Friends, I just find it funny. Those who know will say that Lin Yin is being kept by a few old men and women. If they don't know, I wonder if they will think that this is a gift from some family to their little princess!"

"How is this a kept woman? Lin Yin is clearly keeping them hanging. The key is that they know each other and even arranged a status for themselves. It's inexplicably funny! "

"I suspect now that Lin Yin is not being kept by an outsider at all. She's clearly being kept by her own family. Sisters, come and analyze for me. Do you feel this way?"

"Let's not talk about this. They're so doting! I also want to be doted on by so many old men and women. I'm going to be green with envy!"

"Those ten luxury cars are the dreams of so many boys! I want to kick Lin Yin away now. I'll be the little darling of these old men and women!"

“Oh my god! Those jewelry, gold and jade artifacts, they’re blinding me. I want to be kept too! Where’s my old man and woman? Why aren’t they claiming

Lin Yin was caught between laughter and tears as she accepted these gifts and returned to the dormitory with a pile of keys.

Because of these things, she did not go to the elective class in the morning. Fortunately, the teacher did not take attendance. Otherwise, she would have been recorded for truancy.

However, looking at the silent support from her family, Lin Yin’s heart warmed.

When Liu Man saw Lin Yin’s smile, she instantly felt uncomfortable.

She was worried that she would be sued, but Lin Yin was smiling at the sight of those good things. How could she be happy?

Lin Yin felt Liu Man’s resentful gaze and turned her head faintly. She met Liu Man’s jealous gaze without fear and smiled. “Liu Man, you have to be prepared to be jailed.”

Liu Man widened her eyes and looked at Lin Yin, who was unwilling to be at a disadvantage. “Lin Yin, don’t be too arrogant. I don’t believe you. My father won’t let you do anything rash.”

Lin Yin tilted her head and smiled at Liu Man. “You heard it outside the counselor’s office just now, right? That Wei Ying came from our school’s political and legal department. You’re also a student of Capital University. You should know how powerful our school’s political and legal department is, right?”

Liu Man naturally knew, so when she was eavesdropping just now, she was already afraid.

“I don’t know what you’re talking about. Your matter has nothing to do with me. What am I afraid of?” Liu Man said loudly to Lin Yin.

With that, she left the dormitory without waiting for Lin Yin to continue.

The corners of Lin Yin's lips curled up slightly. Then, she sent Wei Ying a message so that she could have a good show of catching a turtle in a jar.

She had wanted her lawyer to come, but seeing that Wei Ying's attitude towards Wei Ji was not bad, Lin Yin was still willing to let Wei Ying play. After all, this was not a big deal.

Lin Yin was suddenly a little stunned. She suddenly realized that she had actually considered Wei Ji on some matters!

Lin Yin was a little shocked. Just as she wondered if she was too concerned about Wei Ji, her train of thought changed. She felt that the biggest reason was that she felt that Wei Ji was a little similar to her in the past, especially when she returned to the Su Family in her previous life.

They were also living under someone else's roof, were equally careful, and were equally timid.

After thinking it through, Lin Yin sighed. Forget it, she would just treat it as helping her helpless self in her previous life.

Wei Ying's side was very fast. They followed the guilty Liu Man and caught Liu Man and the people who posted the fake news..

Chapter 624: Arrest

Liu Man found a company that specialized in online marketing. As long as they were paid, they would slander whoever they were told to slander. The more money they paid, the more they slandered.

The leader of the company looked at Wei Ying and shouted, "Do you know who our boss is? If you dare to arrest us, you'll disappear from this world tomorrow."

Wei Ying raised her eyebrows in disdain. “Wow, so powerful? Then call them out for me to see. I want to see what kind of nine-headed demon your boss is that they can make me disappear? Hmph!”

Seeing Wei Ying’s arrogant expression, the leader immediately called the boss.

Wei Ying did not stop that person. She was still worried that she could not find the person behind them.

However, when the actual boss of the company appeared, Wei Ying was dumbfounded. “Second Brother? Why is it you?”

Wei Ying really did not expect that the company that helped Liu Man slander Lin Yin would be Wei Chi from the third branch. She had something on the third branch.

When Wei Chi saw Wei Ying, he was a little surprised. He smiled awkwardly and said, “Wei Ying, why is it you? What are you doing here?”

After Wei Ying looked around, her gaze landed on Wei Chi and she asked,

“Second Brother, is this your company? Did you open such a company outside?”

Wei Chi smiled and retorted, “I didn’t open it. What are you talking about? I just know the boss of this company.”

“Do you know her? We’ll talk about it after I investigate.” Wei Ying snorted and immediately waved for someone to arrest Wei Chi.

“Wei Ying, how dare you arrest me!” Wei Chi looked at the person who had already stepped forward to restrain his hands and feet and said sternly to Wei Ying.

Wei Ying was not afraid of the third branch’s family at all. She was even slightly excited. “Yes! I’m very daring! If you’re unhappy, go cry to your third party Grandma!”

Wei Chi was instantly furious and shouted, "Wei Ying, if you continue talking nonsense, I'll tear your mouth apart. How good can your Grandma be if you say that my Grandma is a third party? She's the same. Your Grandma is also a third party!"

The surrounding crowd of onlookers made Wei Ying put away her thoughts of going against Wei Chi now. She just looked at Wei Chi with a faint smile. "I can't be bothered to talk to you. You've broken the law now. For the sake of profit, you've released information that you know is fake through online means, which constitutes an illegal business. You used the Internet to harass others, disturb social order, and carry out cyber violence, which constitutes the crime of libel. So, my dear Second Brother, I'm watching you."

How could Wei Chi understand this? He only said with a red face, "Wei Ying, don't try to scare me. Let me tell you, I won't fall for your tricks. Let me go quickly, or I'll definitely report it to Grandpa. At that time, I'll get your family to kowtow and apologize to me!"

"Dream on! Apologize? Just wait for the punishment that Grandpa will give you!" Wei Ying snorted and said loudly, "Take them all away!"

Liu Man had originally wanted to come to this company to delete the surveillance records of her appearance and some chat records. She did not expect to run straight into Wei Ying's net.

She was extremely anxious now and did not know what to do. She could only follow Wei Ying first.

When Wei Ying threw the entire recording to the director, Liu Man was punished. The school even ordered Liu Man to apologize to Lin Yin in public and reflect on herself.

Liu Man was unwilling no matter what. She called home and cried about her experience of being bullied.

When Mr. Liu heard that his daughter was being bullied, how could he tolerate it? However, just as he was about to investigate Lin Yin, something happened to his company.

Ever since he hung up on Liu Man, his phone at the company had not stopped ringing.

“President Liu, someone reported that our company abused the tender slots. Now, the person-in-charge of the relevant project has been taken away for investigation.”

“President Liu, a group of people suddenly came from the Health Bureau. They said that there’s a problem with our products and they want to stop operations to rectify it.”

“President Liu, something bad has happened. All the goods on the southwest route have been soaked in water. The goods from this batch can’t be used anymore.”

“President Liu, all the investors of the Haixi Project have withdrawn their investments!”

Mr. Liu was not a fool. He immediately knew that someone was messing with him.

The batch of goods on the southwest route set off very early. Even a helicopter would take half a day to fly over from the capital..

Chapter 625: Offending Someone

Also, it would take some time to convince so many investors to withdraw their investments collectively, so someone was setting up a trap to kill the Liu Family.

Mr. Liu fell onto the chair in cold sweat. After a while, he called everywhere to ask who he had offended.

Most people were vague and unwilling to explain. Fortunately, a good friend reminded him, “Think about it yourself. Did you offend anyone from the eight great families this time? The news I received was that you offended more than one family. Now, those families are preparing to make your Liu Family disappear from the Capital today.”

Although he was mentally prepared, Mr. Liu panicked when he heard that there were people from more than one family from the eight great families who

attacked mm.

The other party continued, "Old Liu, it's not that I'm heartless as a brother, but no one dares to get involved in this matter. As long as I have the ability to resist, I won't withdraw my investment. I'm really helpless as a brother. I'm also someone who needs to support my family."

Mr. Liu's face was pale as he said, "I don't blame you. It's fine."

The person opposite him sighed heavily and said, "Old Liu, think about it carefully. Who have you offended these few days? Bring something along and apologize. There might be a chance!"

"But I really didn't offend anyone. I've been busy with projects recently and haven't left the company for a few days." Mr. Liu looked worried.

"Then take a look. Did your family offend someone? I don't know how accurate the news is. I heard that those people will be harmful to those who provoked nobles. Hurry up and ask. I really don't want to see your family suffer," the person opposite said.

Mr. Liu looked up in shock. After hanging up his friend's call, he called his wife with trembling hands to ask if she had offended any rich lady.

Then, he called his parents. After knowing that nothing had happened to his parents recently, Mr. Liu thought of Liu Man's cry just now.

Mr. Liu's eyes widened slightly. He immediately picked up the phone and called Liu Man.

As soon as she picked up, Mr. Liu couldn't wait to ask, "Manman, tell me, who did you say you were bullied by just now? Was it that Lin Yin? What entanglement do you have with her?"

Liu Man thought that Mr. Liu had called to support her, so she told him what had happened. "Dad, I just wanted to teach Lin Yin a lesson. I really didn't expect that company to be so indecent. But now, the

school actually wants me to apologize to Lin Yin. Dad, I'm not convinced. I didn't say anything wrong! Lin Yin is being kept by many old men. I really received definite news."

Mr. Liu finally knew what the problem was. He didn't care if it was true that those old men were keeping Lin Yin as their mistress, but Lin Yin had a huge backer. This matter was certain.

Hence, Mr. Liu immediately ordered loudly, "Liu Man, apologize to Lin Yin now. If Lin Yin doesn't accept it, apologize until she does!"

Liu Man held her phone in disbelief. "Dad, what are you talking about? I'm your daughter. Your daughter is being bullied now, and you actually want me to apologize to the person who bullied me? Dad! Do you not love me anymore? You actually want me to apologize!"

Mr. Liu was in a hurry and was in no mood to coax Liu Man. He could only shout even louder, "Liu Man, if you don't apologize now, I won't acknowledge you as my daughter anymore! I don't want our Liu Family to be completely destroyed by your willfulness, nor do I want you to be killed by your own willfulness!"

At this moment, Liu Man couldn't listen to her father at all and hung up the phone angrily.

Looking at the phone that had been hung up, Mr. Liu did not dare to delay for a moment. He took his car keys and rushed to Liu Man's dormitory. He pulled Liu Man and said anxiously, "Where's Lin Yin? Let's go find Lin Yin now. We'll apologize!"

Time was money and life to Mr. Liu. If they were a minute slower, the Liu Family would lose another minute. Those people under the Liu Family would face the risk of losing their jobs, and Liu Man would be in danger.

He did not know if his old friend's words were true, but he really could not take the slightest risk.

Liu Man said reluctantly, "Dad! What's wrong with you today? I just said some dirty things that Lin Yin did. Why do you have to make me apologize? In the past, when I had a conflict with others, you were always on my side and even asked them to apologize to me.."

Chapter 626: Failing to Teach His Daughter

Mr. Liu glared at Liu Man with red eyes. "I regret it now. How did I raise you to have such an arrogant personality? Now, you actually caused our Liu Family to be consigned to eternal damnation! I regret it!"

Seeing that Liu Man could not be reasoned with, Mr. Liu asked Su Su, "Student, do you know where Lin Yin is now?"

Su Su did not know what had happened to Mr. Liu, but she said hesitantly, "At this time, Lin Yin should be in the computer room. You should be able to find her there."

After getting Lin Yin's location, Mr. Liu immediately pulled Liu Man to the computer room.

At this moment, there were still many students in the computer room. Father Liu did not know which one was Lin Yin, so he could only say loudly, "May I ask which one is Lin Yin?"

Everyone in the computer room immediately turned to look at the door.

Perhaps it was because Mr. Liu had a serious expression and his voice was relatively loud, everyone thought that he was here to cause trouble for Lin Yin.

Especially Wei Ji, who was at the side. When he saw Mr. Liu pulling Liu Man to look for Lin Yin, he subconsciously thought that Liu Man had found help to hit Lin Yin.

Wei Ji was a little worried that he would stand in front of Lin Yin and not let Mr. Liu see her.

Lin Yin stood up and patted the nervous Wei Ji gently. She smiled and said, "It's fine. Don't be nervous!"

As she spoke, Lin Yin replied to Mr. Liu, "I'm Lin Yin. What can I do for you?"

When Mr. Liu saw Lin Yin, his gaze was as if he had seen his savior. He forcefully pulled Liu Man forward and said humbly and fawningly, "Miss Lin

Yin, I only found out today that our Liu Man did something wrong. As a father,

I feel guilty for not teaching my daughter well and causing trouble for you. Today, I brought Liu Man along to apologize to you."

When Liu Man saw her father bowing and scraping to Lin Yin, she was sad and puzzled. "Dad, what's wrong with you? I didn't do anything wrong! What I said is the truth. If you don't believe me, ask them yourself. There are several men supporting Lin Yin. And women! Those old men and women this morning are evidence!"

Mr. Liu did not expect that Liu Man still did not realize that something was wrong. He turned around and slapped Liu Man hard. Then, he pulled Liu Man, who was instantly red-eyed and aggrieved, in front of Lin Yin and said loudly, "Apologize to Lin Yin! Apologize to her! Tell her that what you just said is nonsense! Apologize!"

Tears streamed down Liu Man's face. She felt really aggrieved. Ever since she was young, her father had never hit her. Never.

The people around her began to point at Liu Man. This made Liu Man feel very embarrassed. After all, she had been slapped in the face by her father in public.

Previously, it was her uncle who had pressed her down to apologize to Lin Yin. She could persuade herself that it was because her uncle didn't love her.

But today was the father who usually loved her the most!

Liu Man shook Mr. Liu off forcefully and glared at him. "I hate you!"

As she spoke, Liu Man turned around and wanted to run away. Unfortunately, Mr. Liu, who had long known her movements, grabbed Liu Man and pressed her down forcefully.

Liu Man was caught off guard and fell to the ground. Mr. Liu endured his heartache and pressed down on Liu Man's head, making her bow to Lin Yin.

The banging sound of her head frightened everyone around her.

Lin Yin was so frightened that she immediately hid to the side. She really didn't expect Mr. Liu to be so ruthless and suddenly do this.

However, Lin Yin was not benevolent. She said indifferently, "If an apology is useful, why do you need the police? Why do you need the judiciary? Why do you need the law? People have to pay the price for their actions."

At this moment, Lin Yin thought that Mr. Liu asked Liu Man to apologize so that she wouldn't sue Liu Man.

Therefore, Lin Yin was very puzzled. Even if she sued for defamation and cyber violence, she would only be locked up for a year or two. Did they have to be so exaggerated as to kneel down and apologize?

Seeing that Lin Yin had no intention of letting the Liu Family off, Mr. Liu let go of Liu Man's hand and knelt down. He kowtowed to Lin Yin with even more force than Liu Man had just done.

With a kowtow, Mr. Liu melted on the ground and said, "I didn't teach my daughter well. It's my fault for not being a good father. I didn't teach my daughter well. If she doesn't apologize, I, as her father, will naturally apologize."

There was an uproar. Even Lin Yin frowned. She really didn't expect it to be like this and couldn't react.

Liu Man looked at Mr. Liu in shock and cried even harder.

Her father, who she thought was as powerful as a mountain, was actually kneeling in front of a junior like Lin Yin and apologizing for her..

Chapter 627: Not Holding Responsible

Liu Man instantly lost it. She turned around and kowtowed to Lin Yin, apologizing loudly, “Lin Yin, I’m sorry! I know I was wrong! I bribed an online company to deliberately spread the news about your slums and being a kept woman. I was just angry at you for embarrassing me at the hotel, so I deliberately slandered you! I’m sorry! I was wrong!”

The surrounding people looked at the sudden situation in front of them with their mouths agape. After all, no one could figure out why Liu Man and her father had to apologize so fearfully.

Liu Man tried to pull her father, who was kneeling on the ground beside her, up, but she couldn’t move him. Liu Man cried at Lin Yin and said, “Lin Yin, I was wrong! I really know my mistake! Please let my father get up! If you don’t say it, he won’t get up. Lin Yin, I really know my mistake. Can you help me? I

beg you!”

Liu Man really could not stand seeing her father kneeling on the ground so humbly. She had never thought that her actions would bring her father such humiliation. She really regretted it.

Lin Yin looked at the information on her phone.

According to normal procedures, Liu Man would face slander from her side and prosecution for cyber violence.

But to be honest, this was not enough to scare Mr. Liu so much, so Mr. Liu must have encountered something bigger, and this bigger thing might have been caused by Liu Man offending her.

What Lin Yin could think of was that the Mu Family might have done something behind the scenes.

Seeing the middle-aged man kneeling in front of her with a few strands of silver in his hair, Lin Yin sighed and frowned. "I won't pursue the matter. Get up."

Lin Yin did not forgive Liu Man. Someone who had done something wrong was not worthy of forgiveness, but she did not want to see this scene in front of her.

Hearing Lin Yin's voice, Mr. Liu stood up. With Liu Man's help, Mr. Liu slowly stood up and bowed solemnly to Lin Yin. "Thank you!"

At this moment, Liu Man did not say anything else. She only held her father's hand with heartache and the two of them slowly walked away.

Wei Ji stood beside Lin Yin and asked, "You really let them off? You won't pursue the matter?"

Lin Yin smiled and nodded. "That's right! Anyway, my matter has been clarified, right?"

"Actually, you're not that cold-blooded. Your heart softened," Wei Ji said calmly as he looked at Lin Yin.

Lin Yin glanced at Wei Ji. "What does it have to do with you whether I'm soft-hearted or not?"

Wei Ji smiled a little embarrassedly. "I just wanted to say that."

"Why are you talking so much nonsense? Have you finished writing the program just now?" Lin Yin was like a strict teacher.

Wei Ji immediately panicked. He hurriedly returned to his seat and started typing on the keyboard.

Seeing Wei Ji's panic, Lin Yin shook her head in amusement and sent a message to Mu Ran, "Brother Mu Ran, thank you for stepping forward, but let's leave it at that. I don't want to pursue the matter anymore. Please help me say something."

When Lin Yin said that she would not pursue the matter, the Mu family immediately stopped.

Lu Yan looked at the trend on the Internet and sent a message to Lin Yin,

"Yinyin, are you really not going to pursue the matter?"

After getting Lin Yin's affirmative answer, Lu Yan sent it to an old man who had been missing for a long time with a look of disdain.

In the dark, the group of people who had planned to reap Liu Man's life instantly stopped.

In a short period of time, the news of Mr. Liu bringing Liu Man to kneel down and apologize to Lin Yin spread online. Everyone sighed. Rumors were harmful.

Mr. Liu also ended the battle quickly and left school with Liu Man that day.

For a moment, Lin Yin became someone no one dared to provoke in school.

Everyone was guessing that Liu Man and her father were like this because the old man and woman behind Lin Yin had punished them.

Lin Yin stopped, but Wei Ying and Wei Chi did not.

It was not easy for Wei Ying to find Wei Chi's mistake. How could she let Wei Chi off so easily?

In order to send Wei Chi in, Wei Ying directly found many victims from the information she had found at Wei Chi's company that day. Some of them had already died from cyberbullying.

Wei Ying gathered these victims and the families of these victims and faced Wei Chi directly, starting a secret battle between the second and third branches of the Wei Family.

Moreover, Wei Ying was delighted to discover that there seemed to be other families helping her..

Chapter 628: The Person Who Saved Su Fei

After this matter, other than the people from Wei Chi's company being targeted by Wei Ying, the others who had participated in insulting Lin Yin online, the people who had participated in splashing paint at Shisheng Corporation, and the people who had spread any bad news about Lin Yin were all sent to the defendant's stand.

For a moment, the comments online were much cleaner.

As soon as Lin Yin returned to the dormitory, she saw Liu Man's empty bed. Su Su looked at Lin Yin timidly. Seeing Lin Yin get up and walk towards the balcony, she immediately said ingratiatingly, "Are you going to keep your clothes? I saw that your clothes were dry just now. I helped you put them away and placed them on your bed."

Lin Yin turned to look at Su Su, her expression indifferent. "Oh! Okay, thank you! But if it's not necessary next time, you don't have to help me collect my clothes."

With that, Lin Yin turned around and went to the bathroom with her things.

Seeing that Lin Yin was ignoring her, Su Su said angrily, "What's so great about her? What's there to be arrogant about? She's still relying on her backer. Does she really think she's something?"

Feng Yu immediately went forward and pulled Su Su back. "Lower your voice! Do you want to end up like Liu Man? No matter what Lin Yin's situation is now, it's a fact that she has a backer. Even that Wei Ji is a member of the Wei Family now. If you provoke Lin Yin, you'll end up worse than Liu Man."

Facing Su Su, Feng Yu was still more patient. After all, in this dormitory, be it the previous Liu Man or the current Lin Yin, there was wealth between the two of them and Feng Yu.

Only Su Su's family background did not seem to be much different from hers.

Therefore, Feng Yu had always treated Su Su as her good friend in this school. Naturally, she did not want Su Su to provoke Lin Yin and end up like Liu Man.

Su Su admitted her mistake quickly and immediately said in a low voice, "I know. I was complaining behind her back. This world is really unfair. Why did the heavens let Lin Yin have such a good life? She was born in the slums and could still hook up with so many rich people. She directly owned Shisheng Corporation. Do you know? Lin Yin's Shisheng Corporation is hundreds of times better than our small factory. I just feel indignant."

Feng Yu pulled Su Su and persuaded her with a serious expression, "This is life. Look, your family still has a small factory. My family only has a few acres of land and my parents are farmers. Compared to your family, my family is simply too lousy. According to you, should I also resent you and be jealous of your good life?"

Su Su immediately turned to look at Feng Yu and explained anxiously, "That's not what I meant. I never meant that."

Su Su explained in a hurry. She was just dissatisfied when she saw that others were better. She knew Feng Yu's family background, but since she had already treated Feng Yu as a friend, she had never thought about this.

Feng Yu naturally knew that her family background was not good since she was young and her personality was more sensitive. Therefore, she could easily tell how others treated her.

Neither Lin Yin nor Su Su had ever looked down on her family background.

However, there were too many things happening to an influential figure like

Lin Yin, so she didn't dare to get too close. She couldn't afford to take any risks.

Feng Yu smiled and said to Su Su, "I know, that's why I've always treated you as my good friend. It's also because I treat you as a friend that I'm being a little naggy with you now. We can't afford to offend Lin Yin, so you should talk less."

Feng Yu was still quite glad that she had not done anything overboard to Lin Yin or said anything overboard.

Su Su pouted unhappily. In the end, she looked at the bathroom door and whispered, "I understand. I'll be careful."

After Lin Yin came out of the shower, she received news that Su Fei had been saved. After seeing that it said that Su Fei might have been saved by someone from Country D'S Wild Gang, Lin Yin instantly thought of Zhou Hai, the current Huo Ge.

It seemed like she was right. Huo Ge and Zhou Li must be related.

No wonder Huo Ge made Chu Yun deaf, blind, and mute. He clearly did not want Chu Yun to tell her the secret.

From the looks of it, Zhou Li and Chu Yun must still be in contact all these years. Back then, it was most likely Zhou Li who used Chu Yun to contact the Mu family's nanny. The two of them worked together from the inside to steal the child.

After the nanny died, Zhou Li was afraid that the nanny's son would cause trouble, so he took the nanny's son away and raised him as an adopted son. He also changed his name to Zhou Wei.

This way, things seemed to make sense..

Chapter 629: Confession Rejected

However, did Zhou Li take the Mu family's child away and kill her because of love? Was that why he took Ye Wen's child away more than ten years ago and even used the nanny's son to kill Mu Ran?

Did Zhou Li hate the Mu Family because of love? Or did he hate the Mu Family because Zhou Li was forced to hide overseas and the Mu Family surrounded him in the country?

Lin Yin didn't dare to come to a conclusion without concrete evidence, but it seemed to be the case at the moment.

Now that there were signs of it, Lin Yin did not dare to relax.

If Zhou Li really wanted to kill the Mu Family, the Mu Family would probably be on guard and on tenterhooks if Zhou Li was not eliminated.

After all, the Mu Family was in the open, while Zhou Li and the others were in the dark.

While Lin Yin was thinking about finding a time to communicate with the Mu family, Huo Ge had already appeared downstairs.

Feng Yu looked downstairs in surprise and said loudly, "Lin Yin, someone placed heart-shaped candles for you downstairs. Are they going to confess to you?"

Lin Yin frowned and put on her earphones, ignoring them.

If she ignored such a person, they would naturally leave resentfully in a while.

Seeing that Lin Yin was not interested, Feng Yu tactfully stopped talking. Su Su only glanced at Lin Yin unhappily and did not say anything.

The two of them looked downstairs to watch the commotion.

Lin Yin thought that the farce would end soon, but just as she was focused on the document, a drone stopped steadily on the table in front of her.

The moment Lin Yin took off her earphones, Huo Ge's loud voice came from

downstairs. It sounded like he had even used a loudspeaker.

Lin Yin picked up the note on the drone. It said, "Lin Yin, I like you. Do you want to be with me?"

Hearing Huo Ge's ghostly roar downstairs, Lin Yin sneered. Since Huo Ge had come knocking on her door, she wouldn't stand on ceremony.

Lin Yin picked up the drone and walked to the balcony. She looked down at Huo Ge, who was standing in the heart-shaped candles. Then, in front of Huo Ge, she broke the drone and threw it at him.

Huo Ge was so frightened that he hurriedly hid at the side. He knew that Lin Yin was ruthless. If she hit him, his blood would not make up for the losses on the spot.

After dodging the drone, Huo Ge shouted in Lin Yin's direction, "Lin Yin, are you trying to murder your future husband? Can't you feel sorry for me..."

A basin of water poured down and extinguished Huo Ge's loud voice and the little flames of love beside him.

Huo Ge wiped the water off his face and smiled. He still shouted, "Lin Yin, it's useless. I'm going to pester you. You won't be able to get rid of me in this life.

Your person and life are mine."

Feng Yu was shocked when she heard Huo Ge's words.

Why did this confession sound like an oath of hatred? How scary was that? Her life was even his. How terrifying!

Lin Yin could naturally hear the threat in Huo Ge's words. She smiled. Huo Ge looked very hostile today.

Lin Yin did not know if it was an illusion, but Huo Ge had not been easy to get along with previously. However, today, Huo Ge's expression clearly had a hint of sharpness that wanted her dead.

However, no matter what happened, since the enemy was already in front of her, why not fight?

Besides, it seemed like she had no choice but to accept the challenge. She wanted to see who would die first, her or Huo Ge.

"Huo Ge, it won't be easy to woo me. I'm the same as you. My requirement for a partner is that their life and person belongs to me! You'd better think carefully before you provoke me," Lin Yin said loudly as she looked down at Huo Ge.

Huo Ge's eyes flickered under the light. It was impossible to tell his exact expression, but the smile on his lips carried a hint of blood.

He knew that Lin Yin could tell what he meant and that she was issuing a

challenge to him.

Huo Ge smiled coldly and looked imposing. In the next second, the dormitory manager rushed out with a broom. As she waved the broom and hit Huo Ge's head, she cursed, "Where did this rat come from? How dare you come to the building I'm in charge of to steal a young lady? I'll beat you to death!"

Huo Ge really did not expect to meet the dormitory manager again. He was beaten up so badly that he hugged his head and scurried around like a rat that had been shouted at, causing the surrounding people to laugh.

Wei Ji also watched the commotion for a while with the people beside him.

Then, he turned around and left, his figure slowly dissipating into the night.

When Huo Ge returned, he was in a sorry state. When he saw Su Fei come out, he glanced at her coldly in a bad mood.

Su Fei glanced at Huo Ge timidly..

Chapter 630: Sister of the Mu Family

She had been at Huo Ge's place for a while. Huo Ge didn't live here, but he would occasionally come here to meet people she didn't know.

Therefore, from the moment she was afraid of death until now, she knew that her life was safe and she felt more at ease.

However, she was still uncertain. She really did not know why Huo Ge was locking her up. After all, her face was ruined now. She could not be so delusional as to think that Huo Ge had saved her and arranged for her to stay here to hide as his mistress, right?

"Mr. Huo, um, I want to ask how long do I have to stay here?" Su Fei mustered her courage and asked.

Huo Ge looked at Su Fei impatiently. His gaze was cold and murderous, scaring Su Fei so much that she took two steps back and leaned against the tall table at the side.

“Just stay here. If you can’t stay, I don’t mind making you unable to move forever!” Huo Ge warned.

Su Fei swallowed in horror.

Seeing that Su Fei was afraid, Huo Ge’s mood improved a lot. It was right for a normal woman to be afraid of him.

Which woman would look at Lin Yin like that? She was fierce, ruthless, and unruly. She looked annoying.

Perhaps she was too afraid, Su Fei felt a little nauseous and retched. She quickly ran to the trash can at the side and hugged it to vomit, but nothing came out.

Huo Ge looked at Su Fei thoughtfully, then the corners of his lips curled up slightly. He smiled and said, “Looks like you have good news? Do you need me to share this good news with your family?”

Su Fei did not know what Huo Ge was talking about. She focused on the word

“family” and asked happily, “You know where my mother is, right?”

Huo Ge smiled at Su Fei and said sarcastically, “Why do you care so much about your mother? Your mother still loves your sister the most. Back then, she sent your sister to a rich family to enjoy life, and you’re just a daughter of the small Su Family. If you were the one sent to that rich family back then, I think the small Zheng Family wouldn’t dare to be so ruthless to you and even treat you as a tool for giving birth.”

Su Fei shook her head and said, “No, my mother brought me along because she loved me.”

Su Fei did not know what Huo Ge meant by these words, but she subconsciously denied that Chu Yun loved her sister more.

She had nothing now, and she was disfigured. If her mother didn’t love her anymore, she really had nothing.

“Naive! Do you know which family your sister was sent to? It’s the Mu Family! The Mu Family of the eight big families, understand? Now, your sister is the treasure of that Old Madam Mu. She’s extremely pampered!” Huo Ge looked at Su Fei’s expression with interest.

He liked it when others lost hope and their psychological defense collapsed.

He had been angered by Lin Yin just now and needed someone to suffer to make him happy.

Su Fei’s eyes widened and she clenched her fists. She looked at Huo Ge in disbelief and asked, “What did you say? My sister is at the Mu family?”

Huo Ge nodded and added fuel to the fire. “You don’t know how much that Old Madam Mu likes your sister. Even the eldest daughter of the Mu Family doesn’t have as much love as your sister. If you were the one sent to the Mu Family back then, the Zheng Family wouldn’t dare to attack you even if they had the guts of a bear. Tell me, does your mother favor your sister more?”

Su Fei subconsciously touched the scar on her face. The seed of jealousy in her heart began to take root.

Huo Ge looked at his masterpiece in satisfaction and said faintly, “Your mother found a powerful backer for your sister. She didn’t even look for her all these years for the sake of your sister’s beautiful life. As for you, you lived in a small family like the Su Family and were bullied until now.”

“Even when you were disfigured, your mother didn’t ask your sister to save you. She was afraid that your appearance would disturb your sister’s rich life.

Your mother loves your sister more than you!”

The jealousy in Su Fei’s heart instantly broke through the soil and grew hideously.

She was assuming that if she was the one who was sent to the Mu family back then, then everything that had happened in the past would not have happened.

She would not be sent to the ship by Su Zhen to be gang raped, humiliated by Zheng Chao, Zhao Zhi, and the others, nor would she grovel to please that old man, Lu Zheng, nor would she be captured by the Zheng Family and locked in the basement. She was dirty and smelly. In the end, she was bitten by Zheng Chao and had two big holes in her face, disfigured.

If she had been sent to the Mu family back then, her sister would have been the one suffering today. She would have been the high and mighty Miss Mu in the Mu family!

That was the Mu family, the Mu family that was comparable to the Lu family!

If that was the case, why would she become Lu Zheng's mistress?
