

Real Daughter 641

Chapter 641: Broken Marriage

Gong Ze shook his head fearlessly and made a face at Gong Luo before leaving.

He believed that Lin Yin would not lie to him about this. Or rather, he believed in Lin Yin's strength and the Mu family's strength.

Therefore, there was definitely a problem with the Yue Family's project.

Gong Luo, who was originally full of confidence, really found something unusual after investigating for two days. He could only reply to Gong Yi,

"Grandpa, the two projects of the Yue Family were indeed stopped by someone. We don't know how they will develop in the later stages, but after I went in to investigate, I realized that they might be canceled later."

Gong Yi frowned and said in an interrogative tone, "Didn't you say that there was no problem at all previously? Why are you only finding out now?"

Gong Luo quickly explained, "There were indeed no such problems previously. I don't know who reported the project, but it triggered the review. Now, the project is stranded and waiting for further review. If it can't pass the review, it will be canceled. I was wondering if someone deliberately tampered with it. Otherwise, why would there be another review for no reason? This has never happened before."

Gong Yi thought about it thoughtfully and said, "Go and probe the Yue Family again. If it really doesn't work, find a reason to reject this marriage. That Yue Chi isn't a capable loafer to begin with and doesn't have any real power in the Yue Family. If not for these two projects and some other benefits, this marriage wouldn't be worth it."

Gong Luo did not care if Gong Han married well. As long as it could bring benefits to the Gong Family, it did not matter if he sacrificed a cousin.

However, if this marriage could not bring benefits to the Yue Family, he could not bear to give away a woman from the Gong family. After all, he could keep her to catch bigger fish in the future.

Therefore, Gong Luo quickly contacted the Yue Family and tactfully postponed Gong Han and Yue Chi's engagement.

Gong Luo did not say it explicitly, but as soon as the Yue Family knew what Gong Luo meant, they immediately understood that the Gong Family must already know about the project.

Yue Han looked at Yue Chi in front of him and said with a dark expression, "Aren't you usually capable? Haven't you seen countless women? Why can't you even get Gong Han? Now, there's no hope for your engagement. You'll die alone!"

Yue Chi immediately flew into a rage. "Is there something wrong with the Gong Family's head? Look at Gong Han's boring appearance. I haven't even despised them, but they actually dare to despise me? How dare they! I'll settle the score with them now!"

As he spoke, Yue Chi stood up in a hurry to settle the score with the Gong Family!

"Stop right there!" Yue Han shouted. "Don't you think you've embarrassed yourself enough? If not for you having such a bad reputation, we wouldn't have had to use the project to find a wife for you. Behave yourself. Will you die if you don't cause trouble?"

Yue Chi was scolded by Yue Han and immediately sat obediently at the side. His face was filled with grievance, but he was still a little unconvinced.

He felt that he was not wrong. If a woman could not even attract a man, what kind of woman was she?

He had to lower his standards and overlook his preferences to accept Gong

Han. It was a gift to Gong Han that he could like Gong Han. In the end, the Gong Family actually looked down on this marriage. This made Yue Chi extremely indignant.

Yue Han warned Yue Chi and went to deal with the two projects.

Originally, the process of the project went smoothly. Now that it was suddenly reviewed and they could immediately find out what was wrong, made Yue Han feel that it was not simple.

Moreover, there was nothing wrong with the other projects. There was only something wrong with the projects meant for the Gong family. This made Yue Han wonder if Gong Ze had done something.

After all, it was said that Gong Ze disapproved of the engagement between Gong Han and Yue Chi.

As for Gong Ze, she heard that he was close to Lu Yan from the Lu Family. Yue Han now suspected that the Lu Family had helped Gong Ze.

However, no matter who it was, he, Yue Han, was not someone who would suffer in silence. He would definitely investigate this matter to the end.

On the other hand, when Gong Han knew that her relationship with Yue Chi might end in vain, she was happier. She brought Gong Ze along and said, "I'll treat you to a meal today. We'll go out and have fun. It's all thanks to you this time!"

Gong Ze also said happily, "Sister, don't be so polite. However, today is indeed a great day. We can go out and have fun. It's just that I want to bring two friends along.. Is that okay?"

Chapter 642: Like a Spring Breeze

Gong Ze couldn't tell her that Lin Yin had helped Gong Han. He was afraid of causing trouble for Lin Yin.

After all, she had destroyed the Yue Family's project and the cooperation between the Yue Family and the Gong Family. If others knew that Lin Yin had done all of this, it would not be good for her.

However, Gong Ze still wanted to bring his sister to thank Lin Yin silently. Today was just nice.

Gong Han said gently, "Sure! You can bring as many as you want. I can get to know your friends as well."

Gong Ze set the venue at a western restaurant that looked like it had a good environment. When Lin Yin arrived, Lu Yan and the Gong siblings were already there.

Gong Ze introduced Lin Yin enthusiastically to Gong Han. "Sister, this is my high school classmate. She's also in the same school as me now, Lin Yin. Lin Yin, this is my sister, Gong Han."

Gong Han stood up with a smile and greeted Lin Yin warmly, "Hello, Lin Yin! I just heard Xiao Yan and Ah Ze talk about you and was interested when you came. They're right. You're really good-looking."

Lin Yin smiled and replied to Gong Han's greeting. "Sister Gong Han, you're also as gentle as Gong Ze said previously."

Lin Yin was not lying. Previously, she had only been hiding in the dark and observing Gong Han, so she did not know Gong Han's character very well.

Now that Gong Han was standing in front of her gracefully, Lin Yin felt that Gong Han's tone was like a spring breeze, gentle and pleasant.

Moreover, Gong Han exuded a gentle temperament. Her appearance was not outstanding, but she felt close and amiable.

Although Lu Yan was usually carefree, she always had a dignified temperament in front of Gong Han. She did not dare to be too rough in front of Gong Han, afraid that she would break this elegant and gentle scene.

After Lin Yin and Gong Han exchanged pleasantries, the few of them sat down and ordered. The atmosphere was very harmonious.

Lin Yin had previously thought that Gong Han should be the kind of rich young lady who had been raised in a wealthy family and did not know the immensity of the world. In the future, she just had to be a trophy wife and take care of her husband and children.

However, she did not expect that Gong Han was very well informed. She was a knowledgeable girl. Moreover, when they chatted, she maintained a healthy distance. She would not make people feel annoyed, nor would she make them feel too awkward.

Therefore, Lin Yin was very curious. How did such a girl, who was not considered pedantic, persuade herself to accept the marriage her family arranged for her without resisting?

However, it had to be said that Yue Chi, that bastard, was indeed blind. He actually treated such a good girl like that in his previous life.

As expected, a stupid pig could not eat fine chaff. Yue Chi was not worthy of such a gentle and good girl.

At this moment, the dog that Lin Yin called a stupid pig was venting its frustration at a clubhouse with an angry expression.

The more he thought about it, the angrier he became. How was he, the Second Young Master of the Yue Family, not worthy of that dull and boring bookworm?

The Gong Family actually dared to reject this marriage. He grabbed the hostess beside him indignantly and said sternly, "Who the f*ck are you? How dare you reject me?"

The escort did not know what she had done wrong. Why did Yue Chi suddenly grab her neck and his expression became fierce?

The escort spoke fearfully, her voice trembling. "Second Young Master Yue, what are you talking about? Why would I reject you? Second Young Master Yue, everytime you want me to accompany you, when have I not come happily?"

Yue Chi looked at the fawning fiery red-lipped face in front of him and suddenly felt a little uncomfortable. That indifferent but gentle face flashed across his mind.

As if he had thought of something unclean, he threw the escort aside fiercely and said with disgust, "Your face is as pale as a ghost. How dare you come to me? Get lost!"

The escort hurriedly stood up and ran out in a sorry state.

Beside him, Lu Xiao sneered and said, "Yue Chi, did you eat dynamite today? Aren't those voluptuous and fiery red lips your favorite? Why? You're unhappy and venting your anger on your beloved from the past?"

Yue Chi snorted and poured a glass of wine into his mouth. "I just feel that these women are superficial. Other than the flesh on them, there's nothing interesting. They're very boring!"

When Lu Xiao heard this, he quickly called out to Wen Yu and said with a smile, "Wen Yu, listen. That Yue Chi, who used to be obsessed with women's bodies, actually said that the flesh on a woman's body is useless. Do you think he's crazy? Or possessed by a ghost!"

Wen Yu smiled and said, "Lu Xiao, you still don't know, right? I heard some news. It's said that Yue Chi was rejected by that boring daughter of the Gong Family, Gong Han."

Chapter 643: Drown Worries

Lu Xiao instantly widened his eyes and glanced at Yue Chi curiously. Then, he looked at Wen Yu and asked anxiously, "When did this happen? Why didn't I know? Oh my god? Hahaha, there's such a fun thing?"

Seeing that Yue Chi's expression was a little ugly, Wen Yu quickly pulled down Lu Xiao's head and said softly, "Do you remember that Yue Chi was beaten up by a gender unspecified person in the restaurant?"

Lu Xiao immediately nodded. It was said that Yue Chi went out on a date with a girl that day. He met a person who was neither a man nor a woman. When they came in, they claimed that Yue Chi had slept with them and left. Later, Yue Chi was almost stripped naked.

He had laughed at Yue Chi for a long time about this matter, but he did not expect that someone would dare to mess with Yue Chi like this.

Others might not know Yue Chi's character, but as Yue Chi's friend, he naturally knew Yue Chi.

Yue Chi loved sexy women with curves. How could he like someone who was neither a man nor a woman? Therefore, he was certain that someone was messing with Yue Chi.

Unfortunately, even if Yue Chi's brother, Yue Han, made a move, they had yet to find the person who framed Yue Chi.

It was also because of this that Lu Xiao was even more certain that Yue Chi must have provoked someone and was teased.

Wen Yu glanced at Yue Chi, who was silent at the side, and continued in a low voice, "The girl who went on a date with Yue Chi that day was Gong Han! If I didn't have a friend who happened to be eating there that day, no one would have thought that Yue Chi would actually go on a date with Gong Han."

Lu Xiao immediately covered his mouth, not wanting Yue Chi to hear his laughter.

They did not meet Gong Han often. Gong Han did not attend many banquets, so their impression of her was that she did not have an eye-catching appearance and was dull and boring.

Yue Chi had even once hugged a sexy woman in his arms and commented that Gong Han was barely pleasing to the eye and her body was flat and did not look like a woman.

In the end, he did not expect Yue Chi to go on a date with a woman he had once looked down on. This made Lu Xiao unable to hold it in and he laughed out loud.

Yue Chi waited for Lu Xiao and shouted angrily, "Lu Xiao, if you laugh again, we won't be brothers anymore!"

Lu Xiao picked up a bolster to block Yue Chi's murderous gaze.

Wen Yu pulled Lu Xiao back and continued, "The climax of the matter was that Yue Chi had already tacitly accepted this marriage. Then, the Gong Family rejected it! Hahaha! Yue Chi was rejected by the boring girl he didn't like! Tell me, how could he not be angry? Listen to what he said about the escort just now, you know, right? He's angry! Angry that Gong Han actually rejected him."

Wen Yu knew that a marriage alliance between a wealthy family was never so simple. It was not something that Gong Han could reject just because she wanted to. The Gong Family must be considering something.

However, as Yue Chi's friend, Wen Yu naturally felt that the entire matter was Yue Chi being rejected by Gong Han and Yue Chi being rejected by someone he didn't like. Therefore, he was in a bad mood and was drinking to drown his sorrows. This was even more funny.

Lu Xiao and Wen Yu laughed until they were about to cry. Yue Chi was so angry that he was about to explode. He roared, "What's so funny?"

Seeing that Yue Chi seemed to be really angry, Lu Xiao said, "Yue Chi, it's just a woman. Don't be angry. I'll teach you a good way to punish women. Didn't she not like you? Take her down. When she's devoted to you, you'll abandon her and make her beg you to turn back. This method is really effective!"

Wen Yu said in disagreement, "No, isn't this bad? Gong Han is the daughter of the Gong Family after all. If something really happens, it'll be troublesome, right? The Gong Family is not a family that can be trifled with. We can play around, but we can't get the family involved."

Lu Xiao glanced at Wen Yu and clicked his tongue. "You don't understand, do you? Anyway, doesn't the Yue Family want to have a marriage alliance with the Gong Family? Wouldn't it be fine if he married her? But the meaning this time is different. Think about it. The eldest daughter of the Gong Family is crying and insisting on marrying into the Yue Family and marrying Yue Chi. Won't Yue Chi take the lead? In the future, I guarantee that Gong Han will do everything Yue Chi says. She'll be obedient."

Yue Chi's heart skipped a beat. That's right. Anyway, didn't Big Brother and the others want to find the Gong Family for a marriage alliance? If he really brought the Gong Family's daughter back, Big Brother and Father might look at him in a different light.

Chapter 644: Help

Moreover, Yue Chi had already thought about it. That Gong Han looked soft and weak. When the time came, he would be fooling around outside. Gong Han probably wouldn't dare to interfere.

With this in mind, it was not impossible for him to marry Gong Han and leave her in the house. His family agreed and their family backgrounds were compatible. It was not bad.

Yue Chi took a big sip of wine and smiled. He looked at Lu Xiao and said, "Kid, you have some brains!"

Wen Yu frowned at the two of them. "I say, the two of you really shouldn't act rashly! If something happens, it will really be a big deal. At worst, it will be a dispute between the two families."

"What are you afraid of?" Lu Xiao looked at Wen Yu as if he was a coward. "Even if the matter blows up, Gong Han will be the one at a disadvantage and the Gong Family will be the one to lose face. Anyway, Yue Chi doesn't have a good reputation anymore. It doesn't matter if his reputation becomes worse."

"What are you talking about?" Yue Chi glared at Lu Xiao angrily. Although he did not have a good reputation, he still cared about his face. It could not be said in person.

Wen Yu did not know what Yue Chi was going to do. He did not want to participate in this matter, so he left after a while.

A few days later, Yue Chi prepared everything and asked Gong Yue out.

For the first time, Yue Chi actually poured tea for Gong Yue and said with a smile, "Gong Yue, we're good friends, right? I need your help with something. Are you going to help?"

Gong Yue quickly retreated behind the chair and looked at Yue Chi warily. "What do you want?"

In Gong Yue's impression, this Yue Chi had never done anything good. If he asked her for help, there must not be anything good.

"Why do you have such an expression? We're friends after all. Why do you make me look like a dangerous creature?" Yue Chi said with dissatisfaction. "You might even have to call me Brother-in-law."

Gong Yue's eyes instantly widened as she looked at Yue Chi in disbelief. "Didn't you say that the engagement was canceled? No, the two of you haven't even started any engagement and it ended? Yue Chi, don't do anything rash!"

Gong Yue knew that Gong Han and Yue Chi were gone case. Although she didn't like the Gong Han and Gong Ze siblings very much, Gong Han was an asset of the Gong Family and was used to exchange for benefits.

Therefore, after knowing that the Yue Family could not give a good price, Gong Yue also felt that it was a loss for Gong Han to marry into the Yue Family.

Yue Chi frowned and said, "What do you mean by rash? I want you to matchmake your cousin and me. How is that rash? Gong Yue, why do you think of me so badly? I'm a little fickle, but I'm just fooling around with those women. I'm not messing around with the sisters in our circle..."

Gong Yue sat up and sneered. "Didn't you mess around on the day of the Huo Family's banquet? It's only been a few days. I still remember."

Gong Yue scoffed at Yue Chi's lecherous personality. Who in this world didn't want the man they met to be loyal to them?

If she met such a man in the future, she...

At the thought of this, Gong Yue suddenly stopped dreaming. She smiled self-deprecatingly. Where on earth would there be loyal men?

Whether it was her uncle or her father, they had fooled around a lot when they were young. Even her biological brother, Gong Luo, who was not married, kept two fair-skinned and beautiful students outside.

And that Grandpa Wei was even more ridiculous. His wife was from a wealthy family and he had two lovers that everyone knew about.

Gong Yue dispelled her unrealistic imagination and returned to reality.

Yue Chi knew that his reputation was not good. He did not care usually, but now that he was asking for help, he naturally had to lower himself.

He said awkwardly, "That day was really an accident. It was that woman who took the initiative to seduce me. I just wanted to scare her. You know that we descendants of aristocratic families have to endure all kinds of women's temptations from the moment we were born. Some of them we really didn't provoke on purpose."

Gong Yue agreed with Yue Chi's words. In the Capital, as long as one said that they came from the eight aristocratic families, there would be many people around who wanted to climb up the social ladder. There were both men and women.

"Tell me, what do you want me to help you with?" Gong Yue took a sip of tea and asked leisurely.

"Can you help me ask your Cousin out? Don't worry, I just want to fight for it again. I won't do anything else. As long as you help me, I'll thank you properly," Yue Chi said sincerely.

Chapter 645: Benefits of Helping

Gong Yue glanced at Yue Chi suspiciously. "Don't you have my cousin's contact number? Go ahead and ask her out yourself!"

Gong Yue knew that her family had already cut off the possibility of a marriage alliance with the Yue Family, so she didn't want to cause trouble and directly rejected him.

Yue Chi, who was opposite her, said awkwardly, "I did, but your cousin rejected me. I went to her school and found out that she took half a year off."

As he spoke, Yue Chi became a little indignant and accused, "You don't know how difficult it is for me to ask your cousin out. She has a reason to reject me no matter what I say. In the past, I thought that your cousin was a bookworm and easy to fool. Now, I think that it's no wonder a scholar is called a scholar, they're used to being logical."

Gong Yue sized Yue Chi up suspiciously a few times and asked in disbelief, "Yue Chi, don't tell me you really like Gong Han? You like Gong Han?"

Yue Chi was stunned for a moment before he raised his voice and retorted, "How is that possible? What nonsense are you talking about? I just think that the marriage between our Yue Family and your Gong Family is quite good. My parents and Brother think it's good. I don't want to disappoint my parents and Brother. What are you thinking? My ideal type is those sexy women!"

Gong Yue's eyes were probing. "Is that so? What if the marriage partner is me? Are you willing?"

Disdain flashed across Yue Chi's eyes before he said vaguely, "Stop joking. Your brother would let me marry you? If I dare to covet you, your brother will probably break my legs! Your brother doesn't want me to be his brother-in-law."

Yue Chi really looked down on Gong Yue. Gong Yue was domineering and arrogant. Like him, she was ignorant and incompetent. She often caused trouble and did not know how to take care of others. She looked very superficial.

Moreover, she had a bad personality and was not kind. She was an extremely jealous person. If he got together with Gong Yue, in the future, Gong Yue would definitely despise him for being useless and think that he was inferior compared to her brother. Then his life would definitely be in a tizzy.

Gong Han was different. She was gentle and not competitive. She definitely would not mind that he was useless. Her personality was also relatively gentle. She was obedient, sensible, and obedient. Most importantly, her education level was not bad. He did not have to worry about the children's education at home in the future.

Even if they quarreled, with Gong Han's personality, she probably wouldn't be able to quarrel. It would be peaceful.

Moreover, she heard that Gong Han's culinary skills were not bad. Although their family had someone to cook, her culinary skills were still very good. From the looks of it, Gong Han was a model of a good wife and mother!

This kind of life seemed to be more comfortable the more he thought about it!

Previously, without Gong Yue to compare, Yue Chi could not see Gong Han's advantage. Now that he compared them, it was obvious who was suitable.

Therefore, even with his eyes closed, he knew who he should pick to be his wife to be more comfortable.

On the other hand, Gong Yue thought about Yue Chi's words and immediately looked arrogant.

That's right. She was different from Gong Han. She was the sister of the future head of the Gong Family, and Gong Han was just a woman who could bring benefits to the Gong Family. Therefore, her future husband naturally couldn't be someone like Yue Chi.

Yue Chi looked at Gong Yue opposite him and smiled. "Think about it. If your cousin gets together with an incompetent guy like me and you get together with an outstanding man in the future, how superior will you feel?"

While Gong Yue was thinking, Yue Chi continued, "As long as you help me this time, I'll help you deal with Lin Yin. What do you think? You were humiliated by Lin Yin at the last banquet, right? As long as you help me, I'll bring Lin Yin to you and let you vent your anger!"

Gong Yue's hesitant gaze instantly became interested. "Really? Are you sure? Don't forget that in the past, Lin Yin had Lu Ming as her backing. Now, Lin Yin not only has Lu Ming, but she also has Grandma Huo as her backer. I even heard that the Mu family has a good relationship with Lin Yin. Are you certain?"

Gong Yue admitted that Yue Chi's bait had indeed hooked her.

The humiliation of the Huo Family's banquet was a hurdle she had never been able to cross. She had always wanted to retaliate against Lin Yin, but when she thought of the backers behind Lin Yin, she kept hesitating, afraid that she would cause trouble for her brother.

But if Yue Chi made a move, it would be none of her business.

Chapter 646: A Date

After all, she was only pulling strings for Yue Chi and Gong Han. It had nothing to do with her if Yue Chi wanted to thank her for her help by attacking Lin Yin.

Yue Chi nodded and said, "I'll do it secretly. Don't worry. Besides, there's still my brother. I believe my brother will protect me. Don't worry."

Gong Yue looked at Yue Chi with a burning gaze, her heart filled with excitement.

Gong Yue was not very interested in feeling a sense of accomplishment in front of her cousin. After all, she had suppressed Gong Han since she was young.

However, she was really interested in killing Lin Yin, whom she had never been able to do anything to.

Gong Yue's eyes lit up as she smiled. "Tell me, what do you want me to do?"

Seeing that Gong Yue had relented, Yue Chi instantly laughed coldly in his heart. Indeed, when dealing with a woman like Gong Yue, he had to start with her jealousy.

If it were that old-fashioned Gong Han, she might even lecture him gently.

They were cousins but Gong Yue and Gong Han were not similar at all.

Yue Chi narrowed his eyes and smiled. Then, he took out a small bottle and handed it to Gong Yue. "Ask your cousin out for a meal with you at the clubhouse. Then, get your cousin to help you add this pill to your drink."

Gong Yue looked at Yue Chi and asked in confusion, "Add it to my drink. Yue Chi, are you crazy? Why are you adding it to my drink? Are you scheming against me?"

Yue Chi rolled his eyes at Gong Yue and explained, "This is a medicine that makes you feel uncomfortable. When you ask your cousin out, you can lie to her and say that it's vitamins. Then, you can go to the washroom and ask your cousin to help you put the vitamin pills into your drink."

"Then, I'll pass by and create a chance encounter. I'll accidentally drink this drink and feel sick. With your cousin's personality, she would definitely bring me to the hospital. Wouldn't I have contact with your cousin then?"

Gong Yue was enlightened. "I understand. You're using a ruse to get close to Gong Han? Not bad, Yue Chi. You're going all out for my cousin!"

Yue Chi smiled and said, "For the sake of the friendship between our two families, this little pain is nothing."

Gong Yue was still a little worried. "Tell me honestly, what pill is this?"

Yue Chi couldn't hide it from Gong Yue. He even said embarrassedly, "It's the kind of medicine that makes people weak and a little impulsive."

Gong Yue snorted. "I knew it wasn't anything good! Yue Chi, are you really planning to drink it yourself, or are you planning to lie and make Gong Han drink it when I'm not around?"

Yue Chi quickly said, "I'm really drinking it myself. I just want to see if your sister is interested in me. If she's interested in me too, won't the two of us take advantage of the situation and achieve something good? At that time, you'll be the matchmaker. It's good if your sister doesn't take the opportunity to do anything to me and send me to the hospital. It means that your sister still cares about me."

Seeing that Gong Yue was still suspicious, Yue Chi immediately raised three fingers with a serious expression and swore to the heavens, "I swear to you, if I don't drink this drugged beverage myself, my lower body will be filled with maggots. I won't be able to be humane or touch women for the rest of my life."

Gong Yue's eyes darted around hesitantly before she said, "Alright, I'll believe you this time. Let me tell you, you can't mess around. I'll watch you secretly from the side. If I see you letting Gong Han drink that drink and mess around, I won't let you off."

Although Gong Yue didn't care about Gong Han's reputation and safety, her brother was right. As long as Gong Han was the daughter of the Gong Family, she was a resource of the Gong Family that could be exchanged for benefits. Therefore, she couldn't let Gong Han be defiled by Yue Chi for nothing.

If Yue Chi hadn't promised to help her deal with Lin Yin, she wouldn't have helped Yue Chi. If anything happened, Gong Han wouldn't be able to sell for a good price in the future.

"Don't worry. I'll definitely drink it myself. I won't let your cousin drink it," Yue Chi promised solemnly.

Gong Yue nodded in relief and said, "Then wait for my news. I'll tell you in advance when the date is set."

Yue Chi was happy. Gong Yue said faintly, "Remember what you said about Lin Yin."

"Don't worry, there's no problem with this matter. If you're really worried, I'll help you deal with Lin Yin the day you ask your cousin out," Yue Chi said confidently.

Chapter 647: Let's Talk

Gong Yue didn't know where Yue Chi's confidence came from, but she wouldn't lose anything by giving it a try. She didn't care. "Alright, sure. It's settled."

With something to look forward to, Gong Yue worked even harder to ask Gong Han out.

Just as Yue Chi had said, it was indeed a little difficult to meet Gong Han during this period of time because Gong Han said that she was sick and hid in her room every day.

Hence, Gong Yue asked for a long time. It was only when Gong Han could no longer refuse that Gong Han agreed to Gong Yue's date.

On Monday morning, Wei Ji stood under Lin Yin's dormitory building with his books. However, before Lin Yin could arrive, Wei Ji was targeted by a tall and cold man not far away.

Mu Heng waved at Wei Ji with a calm expression. Wei Ji's heart was in his throat. He did not know why Mu Heng was looking for him, but just looking at Mu Heng's expression, he felt that it was not something good.

He did not have much contact with the Mu family and had only met them a few times.

Wei Ji obediently walked towards Mu Heng and said in a low voice, "Young Master Mu, you were looking for me?"

Looking at Wei Ji's submissive appearance, Mu Heng's dissatisfaction was mixed with pity. "What are you doing here?"

Wei Ji hugged his books tightly. He was clearly about the same height as Mu Heng, but he lowered his head and did not even have the courage to look straight at him. He said carefully, "I'm waiting for my classmate to go to class with me."

"A female classmate? Is she your girlfriend?" Mu Heng asked. Then, he chuckled and said, "Usually, boys wait downstairs for their girlfriends."

Wei Ji immediately looked up in panic and explained, "No, we're not boyfriend and girlfriend. We're just classmates. Young Master Mu, you can't spout nonsense. It'll ruin a girl's reputation."

Hearing Wei Ji's explanation, Mu Heng's expression relaxed slightly. He smiled and said, "Why are you so nervous? I was just saying."

"I see that you're not young anymore and can date. What does your female classmate's family do? What's her personality like? If she's not bad, you can try," Mu Heng continued.

Wei Ji was a little stunned by Mu Heng's question and said anxiously, "I really have nothing to do with her. I don't know her family's situation either. Young Master Mu, stop asking."

Mu Heng smiled at Wei Ji's extremely embarrassed expression and looked at Lin Yin, who was walking towards them. He smiled and said, "You're waiting for Lin Yin, right?"

Wei Ji also turned to look at the girl walking towards them and nodded. "Yes, Young Master Mu knows Lin Yin too? Are you guys very close?"

Mu Heng retracted his gaze and looked into Wei Ji's eyes. "Yes, I'm very familiar with her. I'm also a small shareholder of the Shisheng Corporation."

Wei Ji turned to look at Mu Heng in surprise. "Really?"

Mu Heng looked into Wei Ji's eyes, as if he wanted to find out if Wei Ji really did not know about this.

Wei Ji's eyes were filled with doubt and even confusion. This made Mu Heng slightly retract his suspicion of Wei Ji and ask with a smile, "Don't you know? I thought this would be easy to investigate."

Wei Ji smiled and shook his head. "I really don't know. Besides, why would I investigate that?"

"Then do you know Lin Yin's parents?" Mu Heng continued to ask.

Wei Ji still shook his head and looked at Lin Yin, who was a few steps away, with pity on his face. He asked, "Didn't you say that Lin Yin is an orphan?"

Seeing that Wei Ji really didn't seem to know Lin Yin's identity and that Lin Yin was approaching, Mu Heng stopped asking.

Lin Yin was also very happy to see Mu Heng. She smiled and asked, "Brother Mu Heng, why are you here so early? What's the matter? Are you here to look for Wei Ji?"

Mu Heng smiled. "No, I happened to have something on when I came to school, so I wanted to see how you've been doing at school recently. Coincidentally, I saw Wei Ji waiting for you downstairs, so I chatted with him."

"I'm doing well. I'm quite used to it. However, we're going to class later, so I can't accompany you around," Lin Yin said with a natural smile. Her conversation with Mu Heng also exuded a harmonious atmosphere.

"You don't have to accompany me," Mu Heng said with a smile. Then, he handed a bag to Lin Yin. "This is the dessert I brought for you. Madam Ye Wen specially woke up early in the morning to make it. Try it."

Lin Yin took the dessert from Mu Heng's hand and said happily, "Help me say thank you."

Chapter 648: She's a Good Person

Mu Heng nodded and said, "Then hurry up and go to class. Don't be late."

"Alright, we'll go to class first." Lin Yin nodded and called Wei Ji to leave with her.

Wei Ji sized up Mu Heng and Lin Yin suspiciously. Then, while Lin Yin was walking forward, he turned to look at Mu Heng with a serious expression and asked softly and quickly, "Young Master Mu, you like Lin Yin, right?"

When Mu Heng heard Wei Ji's question, he smiled faintly and said lazily, "What if I say yes?"

Wei Ji's eyebrows were furrowed into waves. He gritted his teeth and glared at Mu Heng. "I know the Mu family is very powerful, but Lin Yin is just a little girl. If you don't mean it, please don't provoke Lin Yin. She doesn't have a family to protect her, but she has me."

Mu Heng glanced at Lin Yin's back as she tasted the dessert and walked away. In the end, Wei Ji stood in front of Mu Heng with a dissatisfied expression. He seemed completely different from the submissive look he had just now.

"Are you very familiar with each other? According to my impression, you shouldn't have known each other for long. Why are you protecting her? She's just an orphan from a small family and doesn't have a strong background. Even if she has the Shisheng Corporation, it's just a small corporation that has just been established. What do you want from her?" Mu Heng asked.

Wei Ji said with a cold expression, "Relationships aren't based on time. Lin Yin doesn't mock me for being a cripple, nor does she mock my sister for being delirious. She even taught me to retaliate against others. She even took the candy my sister gave me seriously and asked me to go back and thank my sister. She respects me and my sister, and my sister and I like her too. She even lent me money and helped me deal with the people who bullied me. She's a good person."

Mu Heng smiled ambiguously at Wei Ji. This made Wei Ji a little angry. His tone was filled with urgency and anger. "Even if her family background can't compare to your Mu Family, I still hope you can respect

her. I know you have a deep relationship with her, but I don't want you to tease her like she's a woman who wants to cling to a rich family. She's not the kind of pet you can call over and dismiss at will. She's not someone you can abandon after toying with her!"

"Wei Ji, do you know who's standing in front of you now? Do you think you have the strength to ask me to do anything with your current appearance? Wei Ji, you're overestimating yourself and you're too cute!" Mu Heng looked like he did not care about Wei Ji.

He was trying to scare him, but in front of someone with absolute strength, he would only be mocked.

Wei Ji clenched his fists tightly, and his eyes were red. It was unknown if it was because he was embarrassed by Mu Heng's mockery or because he was angry that Mu Heng did not take his words to heart.

On the other side, Lin Yin finally realized that the person behind her was not following her. She turned around and looked curiously at the two men looking at each other.

One of them looked abnormally serious and even a little angry. The other smiled coldly and indifferently.

Lin Yin didn't know what had happened and shouted curiously, "Wei Ji? What are you doing? Aren't you going to class?"

Wei Ji threatened Mu Heng, "I know you don't take me seriously, but I still want you to know that if you dare to play with Lin Yin's feelings, I won't let you off."

With that, Wei Ji turned around and left. However, someone grabbed his neck and he was forced to turn to look into Mu Heng's smiling eyes.

"Don't worry, I don't have any dirty thoughts about Lin Yin. It's just that my mother likes Lin Yin. You don't have to hate me so much. Also, remember what you said. Lin Yin isn't so easy to play with." Mu Heng explained it to Wei Ji, the silly kid, to prevent himself from provoking an invisible enemy for no reason, even if this enemy looked like a weak little rabbit.

After Mu Heng finished speaking, he let go of Wei Ji and smiled. "Hurry up and go. Yinyin is waiting for you to go to class."

Wei Ji looked at Mu Heng suspiciously, then turned around and ran towards Lin Yin.

When Lin Yin saw Mu Heng grab Wei Ji just now, her heart skipped a beat. She was still wondering if there was a dispute between the two of them. Now that she saw Mu Heng let her go with a smile, Lin Yin heaved a sigh of relief.

Chapter 649: Black T-shirt

"What's wrong with the two of you? Do you have any grudges with Brother Muheng?" Lin Yin asked curiously.

Wei Ji smiled. "There's no grudge. I was just joking."

Lin Yin said in disbelief, "Are you kidding? Then why are your eyes red like a little rabbit? You look so pitiful. Did Brother Mu Heng really not bully you?"

Wei Ji shook his head with all his might and said, "No, he didn't bully me. It's just that when he grabbed my neck just now, it was very itchy. My eyes would turn red when I get itchy."

"Alright, if you say so." Lin Yin didn't probe further. Since Wei Ji didn't say it himself, she didn't want to know.

Lin Yin stuffed the cupcake in her hand into Wei Ji's hand. "Try it. It's quite delicious."

Wei Ji put the dessert into his mouth and said with a smile, "Yes, it's super sweet and delicious."

Lin Yin raised her eyebrows curiously, then took another bite and said, "Is it super sweet? I think it's okay."

Wei Ji only nodded and said, "Let's hurry to the canteen. We can't just eat dessert in the morning."

Mu Heng watched the two of them leave and smiled. He was quite satisfied with Wei Ji's performance just now.

Now, she could roughly confirm that Wei Ji did not have any ill intentions towards Lin Yin at the moment. The reason why it's at the moment was because people could change. Perhaps Wei Ji really did not know about Lin Yin's true relationship with the Mu family.

As long as Wei Ji did not use Lin Yin's feelings to threaten the Mu family to help him fight his family, he would not interfere too much with Wei Ji and Lin Yin's relationship. As long as Lin Yin was happy.

However, after all, Wei Ji was not a good match. When he had time, he still had to ask Lin Yin for her opinion. He did not want to interfere too much in Lin Yin's love life, but he would be on guard against unnecessary trouble and harm in the future.

Wei Ming's first wife was a living example. Because of love, she married Wei Ming and even promoted her husband to a high position. In the end, she and her descendants were persecuted and did not have a good ending.

Mu Heng reported the results of his investigation of Wei Ji today to his family. When they found out that Wei Ji had no ill intentions, the family heaved a sigh of relief.

After class in the morning, Lin Yin was on the way to the canteen with Wei Ji when a few muscular men in black T-shirts suddenly stood in front of them. Lin Yin's originally gentle face instantly turned cold as she looked at the person in front of her warily.

Wei Ji stood in front of Lin Yin and asked in a low voice, "What are you guys doing here?"

One of them said coldly, "Fourth Young Master asked us to invite Young Master home."

Fourth Young Master? The wretched man with a beard and glasses, Wei Wei?

Wei Wei's appearance appeared in Lin Yin's mind. When she recalled how Wei Wei and his brothers had brought Wei Xuan out for the banquet and deliberately humiliated her, her eyes turned colder.

In her opinion, there was definitely nothing good about Wei Wei looking for Wei Ji.

Wei Ji glanced at Lin Yin and smiled. "I need to go home. Go eat lunch first."

As Wei Ji spoke, he was about to follow those people. Lin Yin grabbed Wei Ji's hand worriedly, but the man in the black T-shirt actually attacked Lin Yin.

Just as the lightning-fast fist wind was about to hit Lin Yin's temple, Lin Yin suddenly bent down and punched the person's armpit, causing him to take a few steps back.

Seeing that Lin Yin was a martial arts practitioner, those people immediately wanted to attack her. The Wei Family had nothing to be afraid of here. They did not care about a mere female student from Capital University.

Wei Ji immediately blocked them and shouted, "Stop!"

Those people only glanced at Wei Ji and continued to surround Lin Yin. At this moment, two groups of people suddenly surrounded the few people in black t-shirts.

At this moment, those people realized that they might have provoked someone with some status. They looked at each other and immediately stopped. Then, they helped the person who fell to the ground because Lin Yin hit them and apologized to her. "Miss, I'm sorry. It's a misunderstanding!"

Lin Yin looked coldly at the people in black t-shirts opposite her and sneered. "Misunderstanding? You wanted to take someone away and even attacked me. You're telling me this is a misunderstanding?"

Chapter 650: Wei Ji Is Taken Away

That person's expression was a little ugly. "Miss, we're just following orders to take away the Young Master of the Wei family. We don't want to have a conflict with you. Just now, you also hit people from the Wei family. We won't pursue this matter!"

Lin Yin sneered and said, "You attacked first and I defended after. Even if you're not pursuing this matter, I am! Tell me, how is your Wei Family going to give me an explanation for this?"

That person looked at the two groups of people behind Lin Yin and his tone softened. Then, he turned around and punched the person who had attacked Lin Yin just now, making that person's face swell.

After hitting him, the person bowed to Lin Yin and said, "Miss, I helped you vent your anger. Do you think this is enough?"

Lin Yin did not expect the other party to be so ruthless. He beat his subordinates just like that and did not hesitate at all.

Lin Yin didn't say anything. The person also smiled at Lin Yin and said, "Since Miss has vented her anger, we're relieved. It's just that the Wei Family has to take our young master away. Miss, please don't stop us."

Lin Yin's expression was calm, but her tone was clearly worried as she looked at Wei Ji. "Wei Ji, do you want to go back with them? As long as you say you don't want to go, we'll continue to eat at the canteen."

Lin Yin knew that when she said this, she was very uncertain.

Because Wei Ji was not alone and he still had his sister in the Wei family, she knew very well that Wei Ji might still choose to go back.

However, these people came aggressively. It did not look like they were here to look for Wei Ji for anything good.

As expected, Wei Ji only looked around at the two groups of people standing behind Lin Yin. Then his gaze landed on Lin Yin's face and he smiled sadly. "There's no need. It's just going home. It's nothing serious. I'm fine. Go to the canteen to eat first."

Lin Yin sighed weakly and watched helplessly as Wei Ji left with the people from the Wei family.

When the two groups of people who suddenly rushed out saw the scene in front of them, they smiled at Lin Yin and retreated. This was because they could clearly feel that Lin Yin was in a bad mood.

However, their hearts were still pounding. Why wasn't Lin Yin surprised by their appearance? Could it be that they had been exposed in advance again?

At the thought of this, the two groups fell into deep thought.

Lin Yin took a deep breath and looked a little dejected. She walked silently towards the canteen alone. She didn't feel quiet with Wei Ji accompanying her usually.

Now that there was one less person nagging beside her, Lin Yin actually felt that it was a little too quiet. Habit was indeed a terrifying thing.

However, Wei Ji did not come in the afternoon or the next day. On the third day, Lin Yin heard that Wei Ji was going to drop out of school.

Lin Yin was surprised. After failing to contact Wei Ji, she finally sent a message to Wei Ying to ask about Wei Ji's situation.

Wei Ying had been fighting with Wei Chi recently. When she heard that Wei Wei had taken Wei Ji away and that Wei Ji was even going to drop out of school, she was a little surprised. She really did not know at all.

After Wei Ying told Lin Yin not to be anxious, she went to ask Wei Wei about this.

When Wei Ying found Wei Wei, he was still hugging a young girl intimately in the clubhouse.

“All of you get lost!” Wei Ying shouted at the women and Wei Wei’s bad company.

Seeing that the beloved daughter of the Wei Family had spoken, those people really left.

“Where is Wei Ji? Why did you bring Wei Ji home that day? Why isn’t Wei Ji at school or at home?” Wei Ying asked coldly.

Wei Wei had thought that Lin Yin would be the one to question him, but he did not expect it to be Wei Ying. He cut ties and said, “I don’t know. After I asked Wei Ji to come back that day, I asked him to leave. Didn’t he return to school?”

Wei Ying frowned at Wei Wei and asked in a probing tone, “Is Wei Ji really not in your hands? Then do you know why Wei Ji quit school?”

Wei Wei replied impatiently, “Wei Ying, is there something wrong with you? Wei Ji is not with us. Why are you so concerned about him? Let me tell you again, Wei Ji is not in my hands. I don’t know why he quit school. Don’t disturb me from picking up girls!”

“Fourth Brother, Wei Ji and Wei Xuan are already miserable enough. Don’t tease them or bully them in the future. Otherwise, I’ll complain to Third Brother,” Wei Ying warned.
