

## Real Daughter 651

### Chapter 651: Looking for Wei Ji

Wei Ying actually still felt very pitiful for Wei Ji and Wei Xuan.

Back then, her grandfather had relied on the resources brought by the eldest daughter of the Dong Family to start his business. During those ten years, they had been living an uncomfortable life.

In order to improve his grandfather's career, his first wife, Dong Cheng, risked her life. Later, she was so tired that she had a miscarriage, making it difficult for her to get pregnant.

This was also why Dong Cheng was clearly the first wife, but she had the youngest child.

Her grandfather, on the other hand, immediately kicked her to the curb when she outlived her usefulness. He even started to find a lover to have children with.

Later, Dong Cheng passed away early and gave birth to three children. In the end, only Wei Nan was left. In the end, 18 years ago, Wei Nan and his wife, Fu Xi, died, leaving Wei Ji and Wei Xuan, the siblings, to be bullied in this world.

In Wei Ying's opinion, her grandfather was a scumbag and an ungrateful thing.

Therefore, she still felt a little guilty towards Wei Ji and Wei Xuan.

"Wei Ying, don't use your brother to pressure me. Let me tell you, I'm not afraid. What the hell!" Wei Wei had been suppressed by his cousin, Wei Yang, and he was already uncomfortable. Now that he heard Wei Ying use Wei Yang's name to reprimand him, how could he be convinced?

Wei Ying snorted and said angrily, "Alright! You're unyielding! It's best if what happened to Wei Ji today has nothing to do with you. Otherwise, just wait."

Wei Ying did not get an answer from Wei Wei, so she could only go to school to find someone to ask who applied for Wei Ji's withdrawal procedures.

The Academic Affairs Office said that Wei Ji had only sent an email request to drop out. He was not present, nor had he entrusted someone else to handle it. Therefore, this matter was still stranded. They were also contacting Wei Ji, but they could not contact him.

Lin Yin had already asked Sun Biao to lead everyone in the capital to secretly investigate the location of Wei Ji.

However, after the afternoon passed, the night clearly became darker, and Lin Yin did not find Wei Ji.

Sun Biao looked at Lin Yin's gloomy expression and waited anxiously for his subordinates to find him quickly.

"Go find out where Wei Wei is," Lin Yin said directly.

Since Wei Wei was the one who took him away that day, she would ask Wei Wei. She did not believe that she would not be able to get the answer.

Sun Biao said worriedly, "Boss, behind Wei Wei is the Wei Family. Will we offend the Wei Family like this?"

"What's there to be afraid of? We're just looking for Wei Wei to chat. We're not doing anything," Lin Yin said faintly. "Besides, Wei Ji owes me money. Wei Wei took him away and disappeared. What's wrong with me asking? It's only right to repay a debt! I have a reason to suspect that their Wei Family is hiding him and refusing to admit it!"

Sun Biao had no choice but to agree with Lin Yin's dignified reason and quickly go off to search for Wei Wei's location.

When he found Wei Wei at the clubhouse, Wei Wei was still in the private room that Wei Ying had found him in.

“Hey, isn’t this President Lin Yin of our Shisheng Corporation? Why are you suddenly here? Do you want to play with me?” Wei Wei leaned lazily on the sofa, holding a wine glass in one hand and touching another girl with the other.

Lu Xiao and Wen Yu were watching the show.

Lin Yin had a smile on her face as she said to Wei Wei, “I’m afraid I don’t have time today. I’m here to look for Wei Ji. He owes me money and suddenly disappeared. I’m here to collect the debt.”

Wei Wei took a sip of wine from the woman beside him and ignored Lin Yin’s anxious mood. He said slowly, “Then you should look for Wei Ji. What are you doing here?”

Lin Yin still had a smile on her face as she said, “The day before yesterday, your people took Wei Ji away and he hasn’t returned yet. I don’t feel at ease. I keep feeling that your Wei Family encouraged Wei Ji to escape from his debt, right? Therefore, I came to you to ask for him.”

Wei Wei sneered and pushed away the person beside him. He asked disdainfully, “How much does Wei Ji owe you? I want to see what kind of heavenly debt this Wei Ji owes. Our Wei Family still has to help him escape.”

“With interest, it’s at least 10,000 yuan?” Lin Yin said seriously.

Wei Wei laughed. Even the people beside him could not help but laugh.

Wei Wei said, “Lin Yin, who are you looking down on? 10,000 yuan? This money isn’t enough for me to reward these escort girls next to me tonight.”

With that, Wei Wei took out a wad of cash from a bag beside him and threw it at Lin Yin.

This was not the Huo Family’s banquet, and there was no need to put on an act. Therefore, Wei Wei, who looked down on Lin Yin, did not take her seriously at all.

## Chapter 652: Close the Door and Teach Her a Lesson

Sun Biao quickly stood in front of Lin Yin. The stack of money hit Sun Biao's well-developed chest muscles and slid to the ground.

"Why? Do you think it's too little?" Wei Wei sneered. Then, he sized up Lin Yin with disdain in his eyes. Then, he picked up another stack and smashed it on Sun Biao's chest again. "You're quite good-looking. I'll give you another stack. It's an honor."

Lu Xiao looked at Lin Yin with a mocking smile on his lips, while Wen Yu blinked and waited to see Lin Yin's reaction. Originally, they were here to see if Yue Chi really had the guts to scheme against the Gong Family. They didn't expect to meet Wei Wei, so they came over to greet him. In the end, they encountered a good show.

Lin Yin had brought many people over today. She definitely wouldn't be humiliated by Wei Wei for nothing.

The Wei Family, the Mu Family, and the Lu Family were the heads of the eight aristocratic families in the capital, and it was said that Lin Yin had the support of the Mu Family and the Lu Family, so he wanted to see if Lin Yin, the mistress of the rumored big boss, had the guts to deal with the Wei Family.

Lin Yin glanced at the two stacks of money on the ground and then looked up at Wei Wei. The corners of her lips curled up slightly. "I'm a stubborn person. Whoever owes me money will pay me back. I don't care about your money! Wei Wei, where's Wei Ji?"

Lin Yin didn't want to continue talking nonsense with Wei Wei. She only wanted to know where Wei Ji was now.

"Since you don't like me, don't ask me. I'm not obligated to answer you." As he spoke, Wei Wei ignored Lin Yin and drank with the escort beside him.

Lin Yin smiled brightly and said dignifiedly, "Since you helped Wei Ji escape my debt, I can only be rude."

After Lin Yin finished speaking, she didn't even give Wei Wei and the others time to react. She went forward and pushed the escort away.

Sun Biao immediately brought people forward and surrounded Lin Yin and Wei Wei, not letting anyone see what Lin Yin did to Wei Wei.

Wen Yu and Lu Xiao looked at each other and saw disbelief in each other's eyes. They really did not believe that Lin Yin would dare to attack the Wei Family. Did Lin Yin have a death wish?

One had to know that Wei Wei was from Wei Yang's lineage. Wei Yang was the next heir nurtured by the Wei Family. Although Wei Yang was gentle, it did not mean that he would allow others to bully someone from the Wei Family.

It was also because of this that Wei Wei did not dare to believe that Lin Yin would really dare to use force. He thought that Lin Yin would at least have to kneel on the ground and kowtow a few times before he would tell her where Wei Ji was.

In the end, before he could ask Lin Yin to kneel and kowtow, Lin Yin attacked.

Wei Wei raised his voice in disbelief and looked at Lin Yin, who was looking at him with a smile. He said angrily, "Lin Yin, what are you doing? Do you know the consequences of offending the Wei family?"

Lin Yin shook her head fearlessly. "I don't know what will happen to me, but I know what will happen to you later. Think about it again. Can you remember where Wei Ji is? You'd better think about it carefully before I make a move."

Lu Xiao and Wen Yu wanted to push Lin Yin away to take a look, but they were pushed away by her subordinates. Lu Xiao said unhappily, "Lin Yin, you'd better leave quickly with your people. Otherwise, you won't even know how you died."

Lin Yin ignored Lu Xiao's words outside the crowd and only looked at Wei Wei with a smile on her face, as if she was waiting patiently for Wei Wei to speak. However, Wei Wei felt the deterrence of a warning in Lin Yin's eyes.

He had seen such a gaze from his grandfather.

Wei Wei only wanted to tease Lin Yin and make her lower her head before revealing Wei Ji's location and luring her to Wei Yang. After all, he had been waiting at the clubhouse for the entire day and was very bored. He wanted to watch someone else's show.

However, he did not manage to make Lin Yin grovel. Instead, he was surrounded by Lin Yin's people. This was unexpected.

The key was that he was still in front of Lu Xiao and Wen Yu. If he compromised with Lin Yin, he would become a joke.

Seeing Wei Wei turn his gaze to the people outside, Lin Yin knew Wei Wei's concerns and asked Sun Biao to bring Lu Xiao, Wen Yu, and the girls who accompanied him out.

"Wei Wei, you'd better say it quickly. My patience is wearing thin!" Lin Yin's smile was already tinged with coldness.

Wei Wei looked at the daring girl in front of him and still did not believe that Lin Yin would really dare to touch him. He just lay lazily on the sofa. He still wanted to find his home ground and did not want to be threatened by a girl.

Chapter 653: Sneak Attack

Seeing that Wei Wei was not cooperating, Lin Yin lowered her head and smiled. She stepped forward and dislocated one of Wei Wei's arms without blinking.

The noble young master, who had been pampered since he was young, had never suffered such pain. He immediately howled like a pig that was about to be slaughtered. Even Lu Xiao and Wen Yu, who were outside, widened their eyes in shock.

Lu Xiao immediately wanted to rush in, but Sun Biao stopped him.

Lu Xiao frowned and shouted, "Who do you think you are? How dare you stop me! Do you want to die? Let me tell you, if anything happens to Wei Wei inside today, all of you, including Lin Yin, can forget about living."

Wen Yu was also persuading her nicely. He was a little worried when he heard Wei Wei's continuous painful roars.

Sun Biao was a stubborn person. No matter what Lu Xiao and Wen Yu said, he stood firmly at the door and did not let Lu Xiao and Wen Yu in.

"Alright! Just you wait. I'll bring people to deal with you now!" Lu Xiao shouted and was about to leave.

Only then did Sun Biao move. He went forward and picked up Lu Xiao, who was about to call for help, like he was picking up a chick. He said arrogantly, "My boss hasn't said that you can leave. You can only stay and not go anywhere!"

Lu Xiao could not believe it. He pointed his index finger at his face and questioned, "Do you know which family I'm from? I'm from the Lu Family. Do you know?"

Sun Biao glanced at Lu Xiao and said disdainfully, "I know. You're from the same family as Lu Ming."

Seeing that Sun Biao had no fear when he talked about Lu Ming, Lu Xiao was really convinced and could only sulk at the side.

It was a mistake not to bring bodyguards out today. If he had known about this, he would have definitely brought a few cars of bodyguards to deal with Lin Yin. Let's see if she still dared to be so arrogant.

Wen Yu shook his head and said, "Birds of a feather flock together. He's just as bold as Lin Yin. He's a hooligan!"

As soon as Wen Yu finished speaking, Wei Wei's miserable wail came from the house again, making Wen Yu's heart tremble, afraid that Wei Wei would be killed by Lin Yin.

"Lin Yin, kill me if you have the guts. Otherwise, I'll definitely cut you into pieces! Ahhh!" Wei Wei was trembling from the pain.

Lin Yin dislocated his arm again. The bone-crushing pain made his scalp tingle. His hatred for Lin Yin was overflowing in his eyes, and they were red and swollen with extreme anger.

Lin Yin calmly patted Wei Wei's arms that were already hanging down and smiled. "You can still speak so loudly. Looks like it still doesn't hurt. It's fine. Then I'll reposition your arm and dislocate it a few times. What do you think?"

Wei Wei looked up at Lin Yin, his eyes almost popping out. He said angrily, "Lin Yin, how dare you! I... Ahhh!"

Lin Yin directly repositioned Wei Wei's bones. Amidst Wei Wei's heart-wrenching cries of pain, Lin Yin exclaimed, "I'm sorry, I repositioned it wrongly. I'll reposition your bones for you."

However, when she repositioned it again, as expected, Lin Yin repositioned it wrongly again.

"Lin Yin, you f\*cking did it on purpose! I'm going to kill you! I'm going to kill you!" Wei Wei cried and shouted.

However, as Lin Yin repositioned and broke his bones, Wei Wei couldn't take it anymore. His aura weakened, and he seemed to have been fished out of sweat. His tone was hoarse as he shouted, "I'll talk! I'll talk! Wei Ji is in Room 808 of this clubhouse. My brother is bringing him to meet guests."

Lin Yin nimbly took Wei Wei's arm and asked coldly, "Meet guests? What guest?" Lin Yin had a bad feeling.

Wei Wei took a moment to calm down and looked at Lin Yin mockingly. "He looks so soft and weak. What guest can he be meeting? Shouldn't a b\*tch from the slums serve others?"

After being bullied by Lin Yin, Wei Wei turned to humiliate Wei Ji.

Lin Yin frowned and asked with a dark gaze, "What did you say? How can Wei Ji be from the slums? Isn't he from your Wei Family?"

Wei Wei retreated a little away from Lin Yin and sneered. "He's been wandering in the slums for a few years. Who knows what he relied on to survive at such a young age? If not for our Wei Family finding him, he would have long..."

Before Wei Wei could finish speaking, Lin Yin leaned forward aggressively and asked with wide eyes, "When did he arrive at the slums and when was he found by the Wei Family?"

Chapter 654: Trouble

Wei Wei was frightened by Lin Yin and dodged. He subconsciously spoke quickly and stammered, "I think he was lost when he was five and he returned when he was ten. When they found him, he was covered in injuries and had been burned for three days and three nights. He almost burned into a fool like his sister..."

Lin Yin stood up abruptly, scaring Wei Wei so much that he subconsciously hid his arm behind his back. Lin Yin picked up her phone and clicked on the recording button. Then, she said, "Say it again. Where's Wei Ji?"

Wei Wei was forced to say it again.

Then, Lin Yin ignored Wei Wei. Instead, she opened the door and asked Sun Biao to leave. She did not even look at Lu Xiao and Wen Yu who were outside the room, as if no one was there.

When the two groups of people who had been following Lin Yin saw that she was about to hit someone again, they looked at each other and followed silently.

The clubhouse Manager rushed over when he received the news. When he saw the people Lin Yin brought, he wanted to ask someone to stop them, but he was secretly gagged by the two groups of people and pulled away.

What a joke. If Miss Lin Yin wanted to seek revenge, they naturally had to help.

Before Lin Yin and the others could reach room 808, they heard the young man begging for mercy. Lin Yin's heart trembled and she subconsciously kicked the door.

When she saw a group of people playing around a faintly discernible figure, Lin Yin was furious. She went forward and beat them up.

Sun Biao and the others did not know what provoked Lin Yin to suddenly become like this. They stood rooted to the ground and watched as Lin Yin beat them up. The scene was chaotic.

As Lin Yin hit him, she tried her best to muster the courage to look at the boy who was being bullied beside her. However, when she saw an unfamiliar face, she was stunned and even stopped moving.

While she was in a daze, someone quickly flashed in front of her.

In the moment of confusion, the left side of Lin Yin's face was punched, and her mouth was instantly filled with the smell of blood. Then, the ribs in her chest hurt as if they had been broken and she staggered back.

Sun Biao and the others really did not expect someone to launch a sneak attack. They hurriedly went forward to support Lin Yin and asked worriedly, "Boss, are you alright?"

"Stop!" Lin Yin stopped one of her people who was about to attack. Then, she couldn't help but cough lightly. Her chest hurt and blood flowed from the corner of her mouth.

She wiped the blood from the corner of her mouth and looked at the person who had just attacked her. At this moment, they had already walked respectfully behind a man.

That man had a gentle appearance. Even though his subordinate had hurt someone, he still did not have any additional expression on his face. He only had a faint smile on his face. He was neither warm nor distant.

The people who were beaten complained to the man one by one, "Third Young Master Wei, I've seen it for myself. We won't dare to come to your gatherings in the future. I'm afraid we'll be beaten to death!"

Wei Yang apologized to those people with an apologetic expression. Then, he turned to Lin Yin and asked in confusion, "Miss, I don't know how my guest provoked you, but you were actually so ruthless."

Lin Yin's chest hurt badly. After glancing at the naked and thin boy in the corner, she asked, "Where's Wei Ji?"

Wei Yang frowned and sized up Lin Yin. Then, his brows relaxed and he said with a puzzled expression, "Miss, are you looking for my fifth brother? Why would my fifth brother be here? Did something happen?"

Lin Yin didn't waste her breath. She picked up her phone and clicked on the recording that she had recorded of Wei Wei. She was afraid that Wei Wei would go back on his word and chose to record it.

Hearing Wei Wei say in the recording that he was bringing Wei Ji out to meet guests, Wei Yang restrained the smile on his face and said to Lin Yin, "Wei Ji is a member of our Wei family, and that's our Wei family's dignity. I hope this young lady won't spout nonsense just because she finds someone."

Wei Yang could hear that idiot Wei Wei's voice, but there were so many people there. It was impossible for him to admit it.

The Wei Family was indeed on bad terms, but that was only between the second and third branches. Wei Wei, this idiot, they were clearly from the same lineage, but he came to find trouble with him every day. This made Wei Yang feel quite helpless.

“I don’t want to hear you drawing a line with him. I just want to know where Wei Ji is. I’ll leave when I find him. Otherwise, I won’t leave easily,” Lin Yin said as steadily as possible.

## Chapter 655: Wei Family

“Miss, you’re being a little unreasonable. You’re holding a recording of an unknown person and disturbed our gathering. You even hit my people. If you still want to continue pestering me, you’re too unreasonable. If you continue to be like this, I can only get someone to get security officers to chase you away.” Wei Yang still had a smile on his face, but he had a helpless tone.

Lin Yin looked around and said, “I’m sorry. If I can’t find Wei Ji, I’ll definitely disrupt your gathering today.”

As Lin Yin spoke, she held her chest that was in so much pain that she was sweating and slowly retreated. Sun Biao and the others immediately went forward.

Wei Yang’s bodyguard looked fiercely at Lin Yin’s people opposite him. In the end, two more groups of people came from the door and stood aggressively behind Lin Yin.

Wei Yang’s gentle face carried a vexed expression. The current situation was very clear. The other party had come prepared. He would be at a disadvantage if he fought head-on. Fortunately, Lin Yin did not have any other thoughts. She just wanted to find Wei Ji.

“What do you want?” Wei Yang sighed and continued with a smile, “It’s just that I have to remind you that no matter what you want, you have to think it through. Our Wei Family’s gatherings are not so easy to mess with.”

Lin Yin’s lips were a little pale. She smiled with a head full of sweat and said, “Go ahead.”

If she didn’t know Wei Ji’s identity today, Lin Yin might have hesitated.

But now that she knew that Wei Ji was the little brat she had raised for five years, she could not sit back and do nothing. No one could touch him!

Wei Yang sized up the girl opposite him curiously and felt that she looked familiar. Suddenly, he remembered the photo from the Huo Family's banquet.

The girl standing beside Huo Ge, Lin Yin!

At that time, he had a deep impression of her because Lin Yin was wearing a gown made by his mother, Ning Sheng. In addition, the girl was indeed beautiful, so he took a few more glances.

However, the girl did not put on any makeup today, so he did not recognize her at first.

Someone who could get his retired mother to personally make a gown was not simple. This made Wei Yang a little uncertain, especially since his people had injured Lin Yin just now.

Just as Wei Yang was about to ask Lin Yin about her injuries, Lin Yin said coldly, "Search!"

The guests beside Wei Yang were all asking Wei Yang what he meant. They did not expect that there would be any young lady in the capital who dared to disregard Wei Yang and the Wei Family.

In the Wei Family's territory, they could search just like that.

Wei Yang only smiled and shook his head. He gathered those people to the side and quietly watched Lin Yin do whatever she wanted, looking for Wei Ji everywhere.

It was just a suite in a clubhouse. It was just two rooms. The place was only so big. Could it really hide someone?

He wanted to see how Lin Yin would apologize to him if she didn't find him.

Turning to the boy cowering in the corner, Wei Yang picked up a piece of clothing and covered the boy's body. He said gently, "Put on your clothes."

The boy thanked him gratefully and quickly put on his clothes.

Wei Yang returned to his seat. There was no trace of anger or impatience on his face. He just watched gently as those people searched everywhere in his territory.

However, Wei Yang did not expect that before Lin Yin's people could find Wei Ji, Wei Ming and Wang Xu would arrive with Ning Sheng, Yuan Yao, and the slightly weak Wei Wei.

"Grandpa, Grandma, Mom, Second Aunt." Wei Yang stood up and looked at the group of people at the door.

When he saw his grandparents appear, Wei Yang instantly smelled a conspiracy.

Initially, he was certain that Lin Yin would not be able to find him, but the moment he saw his family appear, he could clearly tell that Wei Ji was definitely in this room.

As expected, in the next second, Lin Yin's people had already carried a barely breathing person out of the cubicle.

Lin Yin anxiously went forward to check Wei Ji's breathing. Fortunately, he was still breathing.

"Let's go!" Lin Yin stood up. With Sun Biao's help, she ignored the Wei Family and was about to leave.

"Stop!" Wei Ming's voice was dignified as he shouted, "It's not your place to take someone from our Wei Family away!"

Lin Yin looked straight at Wei Ming's intimidating gaze and sneered. "The Wei Family? I'm sorry, I'm Wei Ji's creditor. He owes me money. I'm taking him away to repay the debt now."

Wei Ming did not expect that a little girl like Lin Yin could be so arrogant under his threat.

## Chapter 656: Fighting for Power

Under Wei Ming's incredulous gaze, Lin Yin brought Wei Ji away. Without Wei Ming's permission, the people behind Wei Ming naturally couldn't let Lin Yin leave. They immediately lined up and stood in front of Lin Yin and the others.

Yuan Yao immediately stepped forward and glanced at Wei Ji, who was still unconscious. Then, she looked at Wei Yang with a mocking smile and said, "Wei Yang, you've always protected Wei Ji and his sister. I thought you were kind-hearted, but I didn't expect you to be much more ruthless than all your brothers. Don't tell me you're just pretending because you know that your grandfather cherishes these two children?"

Wei Wei didn't look too good, but it didn't prevent him from attacking Wei Yang. "That's right, Third Brother. You've always protected the Wei siblings. I really thought that you loved your siblings. I didn't expect you to be so ruthless as to let our Wei family's descendants be trampled on."

Wei Wei looked around and smiled. "Third Brother, the people you invited have some reputation in the circle. All of them love young boys."

Wei Wei knew that his grandfather cared about his face and liked to maintain a kind face, so he asked everyone to be loving and harmonious, including Wei Ji and his sister.

Therefore, they usually only bullied Wei Ji and his sister in places that their grandfather could not see.

Now that Wei Yang had treated Wei Ji like this, his grandfather would definitely not let Wei Yang off.

He wanted to see how Wei Yang, who usually flaunted his benevolence, would deal with it and wash away the crime of harming his brother.

It had to be said that Yue Chi's vicious plan had some tricks up his sleeve.

Wei Ming's gaze swept coldly across the trembling boy hiding in the corner, the guests present, and Wei Ji, who was lying in the arms of the person behind Lin Yin. His expression instantly darkened.

The faces of the guests Wei Yang received instantly turned pale as they explained that they had not done anything to Wei Ji.

Yuan Yao said sarcastically, "You didn't have time to do anything, right? If this young lady hadn't come to save him in time, Wei Ji might have been stripped naked like that little boy by the wall."

"Shut up!" Wang Xu said angrily.

Wang Xu was angry. Once this happened, Wei Ming would definitely be disappointed in their lineage.

They were both her biological grandsons, but the two of them were fighting fiercely. They were even worse than Wei Ying's granddaughter, who knew how to point the gun at the third branch.

Fortunately, the third branch had been busy dealing with Wei Ying's attacks recently. Otherwise, if Sun Nan from the third branch knew about this, he would definitely come over and kick her when she was down.

Yuan Yao was scolded by her mother-in-law, Wang Xu, and she shut her mouth in embarrassment.

Wei Yang explained to Wei Ming, "Grandpa, it's not like that. I don't know why Fifth Brother is here either. I only found out when this lady barged in and said that she was looking for Fifth Brother."

"I think Fourth Brother knows even better why Fifth Brother is here. Just now, this lady came with Fourth Brother's recording. Fourth Brother said clearly that Fifth Brother is with me. I'm curious. How did Fourth Brother know where Fifth Brother is so well?"

Everyone's gazes instantly turned in Wei Wei's direction. Wei Wei did not panic and said directly, "I spent the entire day playing at this clubhouse. When Third Brother arrived, I knew. I wanted to come

and greet him, but I saw Third Brother with Fifth Brother who was tied up, so I did not dare to go forward. I was afraid that I would be tied up by Third Brother too.”

Lin Yin finally understood that the Wei Family was fighting for power. However, she did not expect that the second branch of the Wei Family would fight in a tizzy and even pull Wei Ji out.

Lin Yin couldn't be bothered with the internal strife of the Wei Family. Her chest hurt badly now, and Wei Ji looked very weak.

“Old Master Wei, I'm not interested in your family matters. You'd better get your people to move aside. Otherwise, if we fight, it won't look good on everyone.” Lin Yin stared at Wei Ming coldly.

The two sides immediately became hostile. Ning Sheng, who had been silent, frowned and sized up Lin Yin a few times. She asked uncertainly, “Is it Lin Yin, Yinyin?”

Lin Yin turned to look at Ning Sheng and glanced at her in confusion. Before she could speak, Ning Sheng went forward happily and pulled Lin Yin's wound.

Seeing Lin Yin subconsciously grimacing, Ning Sheng asked worriedly, “What's wrong? Are you injured? How did you get into this state? Who did it?”

## Chapter 657: Chaos

Yuan Yao saw that Ning Sheng had suddenly changed the direction of the matter of Wei Yang harming his brothers. She knew very well that Ning Sheng was trying to use other things to take advantage of the situation and reduce Wei Ming's anger first.

However, before she could speak to bring the topic back, Wei Yang immediately knew what his mother, Ning Sheng, meant. He stood up and said apologetically, “My people accidentally hurt her.”

Ning Sheng was immediately furious and questioned Wei Yang coldly, "How can you be so ruthless to Yinyin? Mom knows that your kindness has always only been towards your siblings at home, but can you be gentler to outsiders? Look, you hurt Yinyin so much that her face is pale."

Yuan Yao widened her eyes and looked at Ning Sheng in disbelief as she tried to clear Wei Yang's name. She sneered and said, "No? Sister-in-law, can't you see that Wei Ji's face is also pale? Wei Yang didn't hit Wei Ji lightly. How is he kind to his brothers? Aren't you afraid of being laughed at?"

Ning Sheng glanced at Yuan Yao and said with a disapproving expression, "Ah Yao, you're wrong. Little Yang didn't admit that he hit Wei Ji, but he admitted that he hit Yinyin. That's why I scolded him for being ruthless to outsiders."

"Our Xiao Yang was personally nurtured by Dad since he was young. How could he have forgotten Dad's lecture? He's honest and admits what he did. If he didn't do it, he won't take the blame."

As Ning Sheng spoke, she continued to reprimand Wei Yang, "Little Yang, come over and apologize to your Sister Yinyin. Your Sister Yinyin is your Aunt Ye Wen's favorite. Apologize now. I'll bring you to the Mu Family to apologize personally later."

Ning Sheng's Mu family shocked everyone. They sized up Lin Yin hesitantly, as if they wanted to know the relationship between Lin Yin and the Mu family.

Seeing that the trap he had painstakingly set up had been messed up, Wei Wei immediately went forward unhappily, wanting to pull the weak Wei Ji in front of his grandfather so that his grandfather could punish Wei Yang, who had harmed his brother.

Lin Yin quickly pushed Ning Sheng away. She endured the pain and raised her leg to kick Wei Wei to the ground in front of the Wei Family.

The pain in her chest made Lin Yin gasp. Sun Biao immediately went forward to support Lin Yin, who was on the verge of collapse. The people behind Lin Yin also guarded Lin Yin.

When Yuan Yao saw her son being kicked to the ground by Lin Yin, she immediately went forward to help Wei Wei up. She even instructed Wei Ming's men to catch Lin Yin.

“Old Master, if your men still don’t move aside, we won’t be polite.” Sun Biao couldn’t help but speak.

He only had one boss. If something happened to her, he would lose his boss and he would lose his job.

Ning Sheng was afraid that the Wei Family and Lin Yin would quarrel, so she immediately went forward and whispered Lin Yin’s identity to her mother-in-law, Wang Xu.

Before the Huo Family’s banquet, Ning Sheng had gone to the Mu Family to change the size of her gown and knew that her good friend, Ye Wen, had found her daughter.

Later, after the matter at the Huo Family’s banquet blew up, she noticed that her gown was on Lin Yin. At that time, she knew Lin Yin’s identity.

The Mu Family had not made it public, but it was not suitable for the Wei family to have a conflict with the Mu Family.

Moreover, Lin Yin had come this time to save Wei Ji, the child of the Wei Family, and she had even been injured by her son, Wei Yang. In the end, Lin Yin had suffered.

Wang Xu looked at Lin Yin in surprise and immediately whispered something to Wei Ming.

Wei Ming’s originally sharp eyes also looked at Lin Yin in surprise. After a while, he waved his hand and said, “Disperse and let them go!”

Wei Wei looked at Wei Ming in disbelief and said loudly, “Grandpa, Wei Ji is a member of our Wei Family. How can you let Lin Yin take him away? Lin Yin said that Wei Ji owes her money. What if she harms Wei Ji?”

Wei Wei still wanted to keep Wei Ji to deal with Wei Yang. This trap that he had painstakingly set up was so his grandfather would be disappointed with Wei Yang. If Wei Ji left, his grandfather might not be so angry.

After all, Wei Ji, who was on his last breath, could hold up Wei Ming's love for his grandson. Only then would Wei Ming be more ruthless to Wei Yang.

"Wei Wei, shut up!" Wang Xu stopped Wei Wei.

Their second and third branches were evenly matched and were still fighting in secret.

If the second branch provoked the Mu family today, what if the Mu family secretly helped the third branch?

Therefore, they could not offend Lin Yin.

#### Chapter 658: Child's Play

Yuan Yao looked at her mother-in-law in surprise and then at her father-in-law, puzzled. What did Ning Sheng and Wei Ming say? Why were her father-in-law and mother-in-law suddenly so tolerant of Lin Yin?

Seeing that the people blocking the way had moved aside, Lin Yin left with Wei Ji with Sun Biao's help.

As soon as Lin Yin left, the space in the suite was instantly released.

Wei Ming got someone to send the guests Wei Yang had invited and the disheveled person out.

Don't wash dirty linen in public. Some things should be handled in private.

When only the Wei Family was left in the suite, Wei Ming looked at Wang Xu coldly and said, "Deal with this matter yourself. Also, if I find out that someone attacked Wei Ji again, don't blame me for being rude. If they can't even tolerate a disabled brother, I'll reconsider their identity as the heir."

With that, Wei Ming turned around and left.

He had lived for so long that he could tell some things. Coupled with his understanding just now, he could roughly guess.

It was just that Wei Ji was the only bloodline he and Dong Cheng had left. If others knew that he allowed the other two families to bully the descendants of the first wife, it would inevitably cause gossip.

After all, many people were saying that he used his first wife to make a fortune

father-in-law and mother-in-law suddenly so tolerant of Lin Yin?

Seeing that the people blocking the way had moved aside, Lin Yin left with Wei Ji with Sun Biao's help.

As soon as Lin Yin left, the space in the suite was instantly released.

Wei Ming got someone to send the guests Wei Yang had invited and the disheveled person out.

Don't wash dirty linen in public. Some things should be handled in private.

When only the Wei Family was left in the suite, Wei Ming looked at Wang Xu coldly and said, "Deal with this matter yourself. Also, if I find out that someone attacked Wei Ji again, don't blame me for being rude. If they can't even tolerate a disabled brother, I'll reconsider their identity as the heir."

With that, Wei Ming turned around and left.

He had lived for so long that he could tell some things. Coupled with his understanding just now, he could roughly guess.

It was just that Wei Ji was the only bloodline he and Dong Cheng had left. If others knew that he allowed the other two families to bully the descendants of the first wife, it would inevitably cause gossip.

After all, many people were saying that he used his first wife to make a fortune and then kicked her to the curb. Therefore, he wanted to use Wei Ji and Wei Xuan to maintain his reputation and dignity. This was to prevent others from saying that he was guilty and wanted to kill Dong Cheng's grandchildren.

After Wei Ming left, Wang Xu slapped Yuan Yao hard and scolded, "How did you teach your son? How many times have I told you? Our enemy is Sun Nan and her descendants, but in the end, you're fighting here? Yuan Yao, if you can't teach your son well, I don't mind kicking you out.'

When Wei Wei saw Yuan Yao being beaten up, he immediately stepped forward and stood in front of his mother. He said with dissatisfaction, "Grandma, the person who attacked Wei Ji this time is Wei Yang. What does it have to do with my mother? Why did you hit her?"

Wang Xu snorted. "Don't think I don't know what you're thinking. Ah Wei, you're my grandson. I won't hit you, but I want you to remember this clearly. Only if Wei Yang is well can you be well. Don't be like your stupid Mom. She's short-sighted and has no foresight. The next time you scheme against your own people, I'll settle the score with your mother!"

With that, Wang Xu left.

Yao slapped her away.

Yuan Yao glared at Ning Sheng and said, "I don't need your fake kindness."

Ning Sheng persuaded Yuan Yao helplessly, "Ah Yao, we're in the same boat. I hope you understand that the ones who benefit from the internal strife between us will only be the people from the third branch. You don't want Wei Cheng to take over the Wei Family, right? Think about it carefully. If Wei Cheng takes over the Wei Family, you guys will really have nothing. They will only kill you."

Yuan Yao said with an unconvinced expression, "Your son is now the heir. Of course you'll think that way. If this heir was my son, I would also advise you like this. I would advise you not to fight for power and support my son. Ning Sheng, don't be too hypocritical. It's not embarrassing to want power. Don't make it seem like your son's position is for the Wei Family's prosperity and he was ordered in the nick of time. Pfft! Back then, you spent a lot of effort to bring down the first branch."

Seeing that it didn't make sense, Ning Sheng could only sigh silently and say,

"If you think so, I can't do anything about it. But I still want to advise you. If Wei Yang takes over, at least your family can still live peacefully. If someone from Sun Nan's line takes over, then we will all have the same fate. We won't be able to live in peace."

Seeing that she could not persuade Yuan Yao, Ning Sheng could only turn to Wei Wei and say, "Ah Wei, be smart. To be honest, a situation like yours is not enough. Be it your grandfather or Grandma, you can't fool them, understand?"

It's too child's play!"

With that, Ning Sheng called for Wei Yang to leave with her.

Wei Wei did not expect that the trap that he thought he had set up would not even need to be dealt with in the eyes of these people. He was even mocked that it was child's play. It was simply a great humiliation.

Grandpa clearly valued brotherly harmony. Why did he leave without asking anything? Could it be as Ning Sheng had said, that Grandpa, Grandma, and the others had seen through it from the beginning?

This was impossible, right?

Wei Wei already had serious doubts about his intelligence..

Chapter 659: Taking Yue Chi Away

Sun Biao held Lin Yin with a worried expression and said worriedly, "Boss, how are you now? Can you hold on?"

Lin Yin nodded with a pale face, but when she looked up, she saw Gong Han helping Yue Chi pass by not far from her.

Lin Yin's expression turned cold. Then, she said, "Sun Biao, bring Wei Ji to the hospital first."

Sun Biao frowned. "What about you, Boss?"

"I'm fine on my side. There are still two groups of people. I'll be more at ease if you're by Wei Ji's side." Lin Yin's tone was clearly weak.

Sun Biao actually wanted to stay by Lin Yin's side more. He was worried about leaving such a Lin Yin in the clubhouse.

However, since Lin Yin had already spoken, he could only leave with Wei Ji to the hospital first.

Lin Yin said to the people behind her, "Stay away from me. Don't make a big commotion. I'm following someone."

As soon as Lin Yin finished speaking, the two groups of people behind immediately nodded and retreated a little.

Although they were a little worried about the bruises on Lin Yin's face and wanted to persuade her to go to the hospital to take a look, they still had to listen to Lin Yin.

Lin Yin turned around and followed in the direction Gong Han and Yue Chi had left in.

She did not know why Gong Han and Yue Chi were together, but from what she knew, Yue Chi, this dog, would not do anything good.

Her chest hurt badly. Lin Yin sighed to herself that her rationality had been broken by Wei Ji's identity just now. She actually let her guard down and was ambushed.

It was not easy for her to withstand it and follow Gong Han and Yue Chi. She saw that the two of them had actually entered a room.

Lin Yin was suddenly shocked. That room was Yue Chi's fixed room in this clubhouse and was specially used to play with women.

Lin Yin felt that she couldn't hold on anymore. She leaned against the wall and slowly slid down.

The two groups of people behind immediately went forward in shock.

Before her consciousness faded, Lin Yin used all her strength to say, "Capture

Yue Chi! Take Yue Chi away!"

In Lin Yin's opinion, nothing bad would happen if she took Yue Chi away. With that, Lin Yin fell into darkness. The two groups of people were so frightened that they immediately split up. One of them rushed to the hospital with Lin Yin, and the other rushed into Yue Chi and Gong Han's room. They carried Yue Chi, who Gong Han had just placed on the bed, on their shoulders and turned to run.

Yue Chi, who was pretending to be uncomfortable, felt the world suddenly turn upside down. The next second, his stomach pressed against something hard.

Just as he was about to struggle, he suddenly felt a dull pain on the back of his neck and lost consciousness.

Gong Han stared blankly at the empty bed. Then, she turned around and was surprised to see Yue Chi being carried away like a sack.

Snatching a sick man in broad daylight?

Then, she chased after him, but she was pushed to the ground by the person behind her.

When the person who pushed her saw that he was too strong and actually pushed the woman to the ground, he bowed to Gong Han in embarrassment and turned to run. When he left, he even closed the door for Gong Han considerately.

Gong Han frowned in confusion. Were kidnappers so polite now? Her expression slowly became puzzled before she remembered to call the police.

She quickly got up and went to the bed to look for the phone she had just placed on the table. However, the moment she got up, her expression was a little dazed and her body was a little weak.

Gong Han shook her head in confusion. She was just supporting Yue Chi for a short distance. Why did she lose her strength?

When Gong Han took two steps towards the bed, she suddenly realized that something was wrong with her body. She was vaguely hot and her consciousness blurred. She hurriedly ran towards the bathroom, wanting to use water to wake herself up.

However, just as she ran to the bathroom and before she could turn on the tap, she collapsed to the ground.

The person carrying Yue Chi ran out, but his legs suddenly went weak and he fell forward with Yue Chi.

The unconscious Yue Chi fell to the ground in front of him and hit the wall. With a bang, a large red mark appeared on Yue Chi's forehead.

The person in front immediately continued to carry Yue Chi and smiled at the person who had fallen. "You're not very healthy! It's just carrying one person.

You can still fall."

The last person to close the door went forward to help the person who had fallen. He muttered, "Why did you fall?"

The person who fell also had a strange expression. He felt that his limbs seemed to be a little soft. Could it be that he was going to be sick?

“It’s strange. I suddenly feel a little weak today,” the person who closed the door said with a puzzled expression. With that, the two of them supported each other and followed..

## Chapter 660: Yue Han Arrives

Gong Yue, who had been hiding in the dark, was speechless when she saw Yue Chi being knocked unconscious and taken away.

They had agreed to scheme, but Lin Yin even kidnapped him halfway. It was simply a joke.

However, when she thought about how Lin Yin had vomited blood from Wei Yang and how her face was bruised when she came out, Gong Yue felt good.

Although she didn’t know how the Wei Family let Lin Yin out so easily just now, Lin Yin must have offended the Wei Family. In the future, the Wei Family might even take revenge on Lin Yin.

From the looks of it, Yue Chi’s plan was not bad. Lin Yin was beaten up and sent to the hospital. She even offended a capable enemy. Lin Yin’s future would probably not be smooth-sailing.

As for Gong Han, Gong Yue turned to look at the slightly ajar door and sneered. She did not expect that Gong Han would not bring Yue Chi to the hospital but to Yue Chi’s exclusive room. Didn’t this mean that Gong Han wanted to seduce Yue Chi?

Moreover, Yue Chi had been out for so long, but Gong Han was still inside. This meant that Gong Han was really interested in Yue Chi. As expected, ignorant people were short-sighted. When she heard about the Yue Family, she couldn’t help but cling to him. What was the difference between her and those women from small families?

Gong Yue despised Gong Han for liking such a notorious Yue Chi.

After mocking Gong Han in her heart, Gong Yue turned around and left.

Yue Han received news from his subordinates that Yue Chi and Gong Han had appeared at the clubhouse where Yue Chi often appeared, so he rushed over.

He knew his younger brother well. He was extremely mischevious and his methods were dirty.

A few days ago, the Gong Family had just rejected the marriage with Yue Chi. Now that Yue Chi and Gong Han met, there must be a problem.

Yue Han was afraid that something would happen and there would be a conflict with the Gong Family.

Even if they could not become in-laws, they could not become enemies. The Yue Family was ranked fifth among the great families, and the Gong Family was ranked sixth. They were evenly matched and were not suitable to make enemies.

Yue Han was even afraid that news of this would spread. He did not even dare to bring an outsider along.

However, when Yue Han pushed open the unlocked door, it was empty.

He was a little puzzled, but he still subconsciously closed the door to prevent an inappropriate scene from being seen by outsiders.

Yue Han looked around the room. He did not see his bastard brother on the bed where he thought something dirty might happen.

A faint panting sound came from the bathroom. Yue Han's eyes widened slightly as he walked towards the bathroom with a frown. With every step he took, Yue Han inexplicably felt his heart beat faster and

his temperature rise Yue Han interpreted this as him being worried that his younger brother would commit a crime.

He gently pushed open the half-open bathroom door. When he did not see Yue Chi, Yue Han heaved a sigh of relief. However, in the next second, his gaze landed on Gong Han, who was lying on the ground. When he saw her partially undressed, he was so angry that his blood ran wild.

“Bastard!” Yue Han cursed. In his opinion, Yue Chi had already drugged and violated Gong Han. He had even fled before the effect of the medicine passed.

Yue Han wanted to turn around, but when he saw Gong Han still writhing on the ground, he was conflicted.

If he left Gong Han like this, what if something happened?

Now that Yue Chi and Gong Han were already like this, he might as well find a time to talk to the Gong Family and get married.

Yue Han squatted down in resignation. His eyes flickered as he picked up Gong

Han’s clothes on one side and covered her. Then, did he dare to look at Gong Han. He put one hand under Gong Han’s armpit and the other under Gong Han’s knee. He picked her up with slight strength.

However, when Yue Han stood up, he almost used all his strength. Even his legs were a little weak.

He glanced at Gong Han, who was moving around in his arms. He was puzzled. Gong Han looked slender, but he did not expect her to be quite heavy.

Yue Han gritted his teeth and barely carried Gong Han to the bed. Just as he was about to put Gong Han down, Gong Han, whose eyes were tightly shut, suddenly stretched out two fair and smooth arms and wrapped them around

Yue Han's neck.

The hot temperature made Yue Han, who was already unconscious, even more confused. Yue Han was slightly shocked and fell onto the bed with Gong Han.

Yue Han's face was buried in something soft, scaring Yue Han so much that he hurriedly supported his body with all his might. As he panted, he tried his best to control himself from sticking to Gong Han's chest..
