

## Real Daughter 661

### Chapter 661: Freak Combination of Factors

“Hot...” Gong Han, who had been thrown, let go of Yue Han’s neck and tugged off her clothes. She used too much strength and pulled her bra down. Almost instantly, her fair breast jumped in front of Yue Han. Her already erect nipples even shakily brushed past Yue Han’s lips.

Yue Han’s blood instantly surged to the top of his head, and his entire face turned red. His lower body was already so hard that it hurt, and his eyes gradually turned red with thick desire.

He stared fixedly at the nipples that were rubbing against his thin lips. The veins on his forehead were faintly visible, and even the veins on his arms bulged.

Yue Han’s Adam’s apple bobbed. The only clarity in his mind was still telling him that this woman had just slept with his brother. No.

Yue Han used all his strength to get up, but all his consciousness instantly collapsed when Gong Han accidentally placed her nipple into his mouth.

Gong Han’s magnanimous appearance when she was teaching appeared in his mind. The stark contrast between the Gong Han in his mind and the Gong Han who was already immersed in lust was an extremely fatal temptation to Yue

Han.

Yue Han’s scarlet eyes instantly turned black. The surging blood clouded his judgment. He opened his mouth and gently bit the protruding delicacy that was on the tip of his tongue. Then, he sucked the soft milky flesh into his mouth.

The hot-blooded man was already engrossed. His arm, which was bulging with veins as he tried to restrain himself, tore open the woman's clothes in the next second and his hot palm touched the woman's lower body.

Yue Han, who was affected by the drug, did not have much patience for foreplay. He only followed his consciousness and quickly took off his clothes. He raised one of the woman's legs and aimed it at the hole of desire. He rushed in and moved it quickly.

Almost instantly, the pain of being pierced made Gong Han cry out miserably.

Yue Han sobered up a little. He looked at the place where the two of them were together in a daze. The dazzling red color and the obstacles he had just broken through told him that nothing had happened between Yue Chi and Gong Han, and that he had violated an innocent girl.

Yue Han wanted to retreat, but when he saw Gong Han's hazy and tearful appearance, his rationality was defeated by lust. One of his hands had already reached out uncontrollably to the place where the two of them were together and gently kneaded Gong Han's hole that was filled by his penis.

She also bent down and gently pecked Gong Han's red lips as he coaxed her.

While Gong Han was in a daze, his smooth tongue had already entered Gong Han's mouth and entangled Gong Han's helpless tongue.

When he realized that Gong Han had relaxed, Yue Han began to move gently. However, very quickly, his speed increased again. He could not resist the medicine in his body, nor could he resist his attraction to Gong Han.

At this moment, Yue Chi, who should have appeared in this room, had already been brought to the hospital by Lin Yin's men.

Yue Chi, who had woken up, clamored to let him go. In the end, his mouth was stuffed with gauze and he was tied up like a dumpling and thrown aside.

Yue Chi was extremely anxious. He had drugged that room with the Love Bewitching Fragrance. He had taken precautions in advance and was fine. Nothing would happen if he inhaled it, but Gong Han did not take any precautions.

Now that he had left, what about Gong Han, who had been drugged with the Love Bewitching Fragrance?

What if he wasn't around and Gong Han was picked up by someone else? Could it be that he had schemed for so long to help Gong Yue take revenge on Lin Yin and give Wei Wei advice just for others to benefit from it?

At the thought of Gong Han, such a dignified and elegant university teacher, being bullied by an unknown person, Yue Chi was about to explode.

If something really happened to Gong Han and she was bullied by others, wouldn't he suffer a double loss?

He might even be betrayed by Gong Yue. At that time, he would be beaten to death by his brother and father.

Yue Chi struggled hard and let out a sob. He wanted these people to let him go so that he could look for Gong Han. Even if he couldn't get her, he couldn't let others have her.

Sun Biao, who was still waiting for Lin Yin to come out of surgery, kicked Yue

Chi impatiently and shouted angrily in a low voice, "Be quiet.."

Chapter 662: Rib Breaking

How could Yue Chi be quiet at this moment? He struggled even harder. He said that he was going to save Gong Han, but the moment he opened his mouth, there were only sobs.

Sun Biao was extremely annoyed and hit the back of Yue Chi's head again. Yue Chi's eyes rolled back and he fainted again.

The two groups of people had already sent the news back to their respective bosses, but the Wei Family was the first to arrive.

After Ning Sheng came out of the clubhouse, she immediately asked for Lin Yin's location and rushed to the hospital where Lin Yin was with Wei Yang and the bodyguard who had just hit her.

When Sun Biao saw Wei Yang and the other two, he immediately became vigilant.

Ning Sheng hurriedly went forward and said, "Don't misunderstand. We're here to see Yinyin."

Sun Biao frowned. He did not believe Wei Yang and the other two. He still got someone to stop Ning Sheng and the other two. Sun Biao only relaxed when the Mu family arrived. Sun Biao knew about the relationship between Lin Yin and the Mu family, so he was naturally at ease with the Mu family.

Ye Wen was so nervous that she did not even see Ning Sheng present. Her eyes were fixed on the resuscitation room, and even her questioning voice was trembling. "What did the doctor say? What happened? How did Yinyin get injured? How is this protecting her?"

The people sent by the Mu family to protect Lin Yin lowered their heads in unison, not daring to speak.

Sun Biao went forward and replied, "Madam Mu, Boss's ribs are broken. The doctor is doing a debridement surgery now."

Ye Wen glanced at Sun Biao coldly and then looked at her family. "Who did it?"

Ning Sheng, who was at the side, was shocked and quickly said, "Ah Wen, this is a misunderstanding. Xiao Yang's bodyguard thought that Yinyin was going to attack Xiao Yang with her men, so he used a bit more strength."

If the three Mu brothers were the ones who were injured today, Ning Sheng would not be so nervous. However, the one who was injured was Lin Yin, the daughter that Ye Wen had been trying to find for 18 years. She was as important as Ye Wen's eyeballs.

Regardless of right or wrong, as long as someone dared to hurt Lin Yin, Ye Wen would risk her life.

Hence, Ning Sheng was not confident.

Wei Yang also looked at Ye Wen worriedly and said guiltily, "Aunt Ye, I really didn't know that it was Sister Yinyin who barged in at that time, so my bodyguards didn't react and attacked directly. This is my fault. Aunt Ye, you can hit or scold me if you want."

Ye Wen turned to look at Ning Sheng and then at Wei Yang. Then, she looked at the bodyguard behind Wei Yang who had his head lowered. She clenched her fists and was about to rush towards the bodyguard.

Mu Cheng immediately pulled Ye Wen, who was obviously furious.

On the other hand, Wei Yang walked up to Ye Wen and said sincerely, "Aunt Ye, Xiao Yi attacked to protect me. I'm the culprit in this matter. The nurse just said that Sister Yinyin has two broken ribs. I'll pay them back."

Ye Wen looked at the junior she liked and felt angry. She felt aggrieved that she had nowhere to vent.

Seeing that Wei Yang had stepped forward to defend him, Xiao Yi immediately went forward and said, "I was blind in this matter and accidentally injured someone important. I should be punished."

As he spoke, Xiao Yi hit his chest a few times. The sound of bones breaking was abnormally obvious. No one present expected Xiao Yi to be able to do anything to him.

However, even so, Ye Wen still felt angry. Could Xiao Yi's broken ribs reduce Lin Yin's pain?

Ning Sheng relaxed a little when she saw the scene in front of her. However, with her understanding of Ye Wen's protective personality, she would probably not like Wei Yang in the future.

Ning Sheng sighed secretly and went forward to let Xiao Yi leave to see the doctor. Then, she pulled Ye Wen and apologized.

Everyone waited for Lin Yin quietly until the lights in the resuscitation room dimmed. Only then did the people present walk towards the door and welcome Lin Yin to the ward.

After Ye Wen settled Lin Yin down, she saw Yue Chi being dragged into the ward by Sun Biao like a dead dog. She asked in confusion, "Who's this? What's going on?"

Sun Biao said, "This is Yue Chi. Before the boss fainted, she emphasized that he had to be caught and taken away. We don't know why boss wants to catch him, so we kept him with us."

When Wei Yang and Ning Sheng heard Sun Biao's words, they could tell that the person with his face pressed against the ground was the Second Young Master of the Yue Family, Yue Chi.

Ning Sheng said with some concern, "Ah Wen, Yue Chi is the Second Young

Master of the Yue Family. Isn't it bad to catch him like this?"

The Yue Family was ranked fifth among the eight aristocratic families in the capital and had some strength. If they knew that their child was treated like this, they would probably have something against the Mu Family..

Chapter 663: Reported

When Ye Wen heard that it was someone Lin Yin wanted to catch, she did not care too much. Since Lin Yin wanted to catch them, she would let her.

“You won’t say anything and I won’t say anything. If no one says anything, who will know? The person Yinyin wants to deal with must have done something bad. Otherwise, Yinyin wouldn’t have attacked,” Ye Wen said calmly.

Wei Yang was slightly stunned. He finally understood what Ning Sheng had once told him. Ye Wen had been reckless since she was young. She was not afraid of anything and was protective.

From the looks of it, Ye Wen was really not afraid of offending people.

If not for the fact that his mother was Ye Wen’s good friend, Xiao Yi might not be the only one who would have needed to break their ribs just now.

When Lu Ming arrived at the hospital, the people from the Lu Family seemed to have found their backbone and stepped forward.

Unexpectedly, just as they approached Lu Ming, who was standing at the corner, he glared coldly at them.

Lu Ming’s face was unusually pale. On the side, Shen Yu looked at Lu Ming worriedly from time to time. He was puzzled. Lu Ming had only gone out for a business trip. How did he lose so much weight? His face was so pale.

“Looks like you didn’t train well last time. Your mission failed again,” Lu Ming said with a cold tone.

Those people immediately lowered their heads.

Lu Ming retracted his cold gaze and looked at the ward where Lin Yin was with worry. “How is she?”

“The doctor said that the broken bones have been reattached and she needs to lie in bed more to rest. She has to eat more food rich in high-quality protein,” the person below replied respectfully.

Lu Ming did not respond. He just looked at the ward reluctantly. He really wanted to go in and see his young lady, but his rationality told him not to.

“Did the Wei Family hurt her?” Lu Ming looked straight at the door of the ward and asked weakly.

The others nodded. “When we rushed in, Miss Lin Yin was already injured. I heard that it was Xiao Yi, who’s always by Wei Yang’s side, who ambushed her.

Ning Sheng had already brought Wei Yang and Xiao Yi here to apologize.

They’re in the ward, and Xiao Yi has already broken his ribs to apologize.”

“CEO Lu, why don’t I handle this matter? You just came back from a business trip and need more rest,” Shen Yu said. He knew what Lu Ming was thinking. He just needed to teach Wei Yang and Xiao Yi a lesson. He could help Lu Ming do it.

“No need. I’ll handle her matters myself,” Lu Ming refused.

Now that he was deliberately avoiding contact with Lin Yin, if he handed Lin Yin’s matters to others, he had a feeling that he and Lin Yin would completely part ways. This would make him feel terrible.

Not long after Lu Ming returned, someone hurriedly called Wei Yang, who was still waiting for Lin Yin to wake up. “Third Young Master, several of our hospitals have been reported. The Health Bureau has already come down to investigate. They’re all hospitals under your name.”

Wei Yang frowned and asked softly behind everyone in the ward, “Did you find out who it was?”

“I didn’t find anything,” the other party said anxiously.

The Wei Family started out with hospitals. Now, several hospitals had been reported, and only the hospitals under his name had been reported. This was obviously targeted at him.

Wei Yang thought carefully about the people he had offended recently and finally looked at Lin Yin, who was still awake with her eyes closed.

When he interacted with others, he had always been kind to others and would not have any open conflicts. The only one whom he had conflicts with recently was Lin Yin.

Therefore, there was a high chance that someone was standing up for Lin Yin. Could it be Mu Heng?

Until now, the three Mu brothers had yet to appear, but this did not mean that the three Mu brothers did not know about this. Perhaps it was the three Mu brothers who were behind this, especially Mu Heng.

As someone with a financial investment bank, he had a lot of connections.

Ning Sheng could tell that something was wrong with Wei Yang. She immediately went forward and asked softly, "What's wrong?"

Wei Yang only shook his head to indicate that he was fine.

If it was really because of Lin Yin that the hospitals under his name were being targeted, he really needed to stay here and wait for Lin Yin to wake up. After all, he that hides can find.

The moment Lin Yin opened her eyes, Wei Yang relaxed a little. He surrounded

Lin Yin with the Mu family and asked gently, "Sister Yinyin, do you feel better?"

Lin Yin had just woken up when a group of people suddenly rushed forward to ask her if she was okay. She was a little stunned.

However, when she remembered what happened the moment before she fainted, she immediately found her phone and called Gong Ze..

#### Chapter 664: Dislike

As soon as the call connected, before Lin Yin could speak, Gong Ze's anxious voice sounded. "Lin Yin, I'll tell you later. I have something urgent to do now!"

Lin Yin was also very anxious and said anxiously, "I have something urgent too. Your sister is..."

Lin Yin was halfway through her sentence when she saw so many people beside her. She immediately paused.

When Gong Ze heard about his sister, he was also a little surprised. "You know about my sister and Yue Chi at the clubhouse? I'm going to the clubhouse to kill that bastard Yue Chi now!"

When Lin Yin heard Gong Ze mention Yue Chi, her eyes were filled with disbelief. Then, she looked up at Sun Biao and asked, "Where's Yue Chi?"

Sun Biao stepped back. Yue Chi, who had been tied up and thrown unconscious against the wall, appeared in front of Lin Yin.

Lin Yin didn't know what had happened and only said weakly, "Yue Chi is in my hands now, so what happened?"

Everyone watched quietly as Lin Yin made the call. They didn't know who Lin Yin was talking to, nor did they know what Lin Yin had said about Yue Chi.

When Gong Ze heard Lin Yin say that Yue Chi was in her hands, he was a little stunned. He asked in confusion, 'Why is Yue Chi in your hands? Someone sent us a message saying that Yue Chi and my sister are having a date in the clubhouse. No? What's going on?'

Lin Yin suddenly woke up. In her previous life, Yue Chi had raped Gong Han, so in this life, Yue Chi planned to do the same? It was just that Yue Chi was unlucky and happened to be taken away by her?

However, this time, it was brought forward quite a bit. It seemed like the matter of the Gong Family and the Yue Family breaking off the marriage alliance had agitated Yue Chi, so he wanted to take Gong Han down in advance?

Therefore, could it be that Yue Chi had deliberately schemed against Gong Han this time and asked someone to catch them in the act? Wouldn't this allow him to control Gong Han and forcefully continue the marriage between the Gong and Yue families?

With this thought in mind, things seemed to be smooth.

"Then hurry up and find your sister." Lin Yin didn't know if Gong Han was still in the clubhouse, but Yue Chi was no longer in the clubhouse. In her opinion, there shouldn't be a problem, right?

However, it was safer to let Gong Ze take a look.

After hanging up, Lin Yin asked someone to let go of Yue Chi.

She had to deal with Yue Chi secretly. She could not deal with Yue Chi in front of so many people.

Sun Biao was puzzled. He had been captured and she was letting him go without doing anything?

Ye Wen said, 'Yinyin, did Yue Chi make you unhappy in any way? It's okay. Go take your revenge. the Mu family will back you up.'

Ning Sheng shook her head secretly. Ye Wen was still as imposing as she was when she was young. Wei Yang also forced a smile at the side. Aunt Ye was really brave.

Lin Yin smiled and said, "I'm fine. I just didn't like the look of him just now, so I kidnapped him. Now that it's about time, I'll put him back."

Everyone was stunned by Lin Yin's arrogant words. Was that the reason?

When Sun Biao heard his boss's domineering words, he silently went to let him go. He was even afraid that something would happen to Yue Chi and specially got someone to bring Yue Chi to the doctor.

Lin Yin suddenly thought of Wei Ji and asked, "How's Wei Ji? Is he awake?"

Wei Yang said, "Fifth Brother is fine now. He had a little too much knockout powder and is still sleeping."

Lin Yin looked at Wei Yang. Ning Sheng immediately went forward and introduced her with a faint smile. "Yinyin, I'm your Aunt Ning Sheng. The situation was a little chaotic just now and I didn't have time to introduce myself properly. This is my son, Wei Yang. This young brat doesn't know you, so he misunderstood and hit you. Auntie specially brought him over to apologize to you. The bodyguard who hit you just broke his ribs to apologize to you."

Lin Yin did not expect the Wei Family to be so straightforward and make the bodyguards break their own ribs.

However, Lin Yin could understand what had happened this time. It was Wei Wei who had used Wei Ji to scheme against Wei Yang. And she had indeed been used by Wei Wei to disrupt Wei Yang's plan and even hit Wei Yang's guest. It was normal for Wei Yang to make a move.

If it were her, she would also attack anyone who dared to provoke and hit her.

In the end, Wei Yang was innocent in this matter.

This was also why Lin Yin chose to stop Sun Biao and the others when they wanted to deal with Wei Yang and the bodyguard.

“Wei Yang can’t be blamed for this. We’re all people who were schemed against. It’s fine. I didn’t take it to heart,” Lin Yin said calmly.

Ye Wen and Mu Cheng understood what Lin Yin meant before she woke up..

#### Chapter 665: Waking Up

When the time came, they would settle the score with Wei Wei. The Mu family was not so easy to scheme against.

Ning Sheng was about to say something when Lin Yin said indifferently, “I’m sorry. I’m a little tired and want to rest. Thank you for your visit...’

Lin Yin chased them away openly. Ye Wen also quickly chased everyone away, wanting Lin Yin to rest well.

Mu Cheng and Ye Wen accompanied Lin Yin for a while before they were chased to the ward at the side to rest. Only then did Lin Yin calm down.

Gong Ze, who had just hung up on Lin Yin, felt even more uneasy.

Yue Chi was in Lin Yin’s hands. Then who was the person who had just sent them a message saying that Yue Chi and Gong Han were dating at the clubhouse?

Gong Ze could clearly sense the aura of a conspiracy. He looked at Gong Luo and his grandfather, Gong Yi, in the car in front.

He was afraid that his grandfather and Gong Luo would find another marriage partner. Then, he planned to force Gong Han to marry him with this affair. While Gong Ze was feeling uneasy, Yue Han, who was in the clubhouse room,

slowly woke up.

He looked at Gong Han, who was still unconscious, and the scenes that made his face turn red instantly appeared in his mind.

Yue Han frowned, wondering why he couldn't control his desires. Then, he looked at the room and seemed to understand a little. He had probably been schemed against.

However, in the current situation, he could not be sure who had schemed against him, because it was very likely that his good-for-nothing brother had caused this trouble.

After sensing the abnormality in his lower body, his expression was a little unnatural. He slowly retreated, withdrawing his source of trouble from Gong Han's warm passageway.

He took his cell phone and wanted to look at the time, but he saw a message that had been sent twenty minutes ago. "Gong Han drugged Yue Chi".

There was also a location attached below. That location was the room he was in now.

Yue Han was suddenly shocked. It turned out that he was not the one who had been schemed against. He should have been the one who came to catch them in the act. According to the original plot, the ones lying on the bed should be Yue Chi and Gong Han.

However, for some reason, Yue Chi disappeared. As he had been looking for someone to follow Yue Chi, he arrived early and was tricked.

Yue Han was about to get up when the door was suddenly knocked in. All the Gong Family members rushed in. When they saw Yue Han, they were all stunned.

Gong Ze looked at the unconscious Gong Han in disbelief, then at the embarrassed Yue Han. He questioned sternly, "Yue Han, you beast!"

As Gong Ze spoke, he was about to rush towards Yue Han when he was stopped by Gong Luo's men.

Yue Han subconsciously covered Gong Han with the blanket and frowned. "I'll investigate this matter thoroughly. But now, I need time to tidy up."

Before he knew who was scheming, Yue Han directly treated the Gong Family as a suspicious target.

Gong Yi was so angry that his beard was about to explode. He turned around and left this dirty place. Yang Si and Gong Hua felt extremely complicated. Gong Luo said with a smile, "It's fine, Young Master Yue. You can take it slow." With that, Gong Luo got someone to bring Gong Ze out of the room.

Yue Han lifted the blanket and saw the ambiguous hickeys and bite marks on Gong Han's body. He was secretly angry that things had turned out like this.

When his gaze landed on the dazzling red color on the bedsheets, Yue Han's originally impatient heart was filled with helplessness. Then, he picked up Gong Han's clothes and gently and clumsily put them on for her.

In the end, before he could figure out how to put on a girl's bra, he met with Gong Han's eyes which were slowly opening.

The two of them were stunned for a moment before immediately looking away. Gong Han covered her chest and said angrily, "Get down!"

Yue Han and Gong Han had not met many times, but he had never seen Gong Han so angry. He, who had always appeared cold, actually got off the bed obediently with a surprising grievance.

Gong Han did not expect that her gaze would be directed at the side of the bed, so she saw Yue Han's thing hanging between his legs. Her face instantly turned completely red. She immediately turned to the other side and scolded angrily, "Shameless!"

Yue Han was speechless. He only looked down at the thing between his legs and silently covered it. He obediently picked up his clothes on the ground.

After putting on his clothes, Yue Han said, "I'll investigate this matter and give you an explanation."

Seeing that Gong Han did not say anything, Yue Han did not say anything else. He turned around and opened the door to leave..

#### Chapter 666: Talk About the Marriage

When the members of the Gong family who were outside saw Yue Han come out, they did not say anything and waited for Yue Han to explain himself. As for Gong Ze, he was held back by three to four people. Even his mouth was covered.

Gong Hua and Yang Si wanted to go in and see Gong Han, but Yue Han stood in front of Gong Hua and his wife. An uncomfortable expression flashed across his face as he said, "Don't go in yet. Let her calm down."

Gong Luo looked at Yue Han thoughtfully. This was the first time he had seen the usually ruthless and cold Yue Han have such an expression. This was interesting.

She had originally thought that the marriage between the Gong Family and the Yue Family had failed. She did not expect that the mediocre Gong Han would actually have a relationship with Yue Han.

It had to be known that even Gong Yue might not be able to catch Yue Han's eye. Now, Gong Han was able to do so.

Gong Han was weak and obedient. If she really got together with Yue Han, wouldn't the Yue Family be the Gong Family's backyard in the future?

Thinking about it this way, it was a good deal to let Gong Han marry Yue Han. Although Yue Han was not so easy to deal with, it was always difficult to guard against the person sleeping beside him.

Yue Han asked the clubhouse Manager to book a room and invited all the members of the Gong family in.

When he got someone to entertain the Gong family, Yue Han personally went to check the surveillance cameras around that room. When he saw Yue Chi being helped into the room by Gong Han, Yue Han was filled with doubts. Was Yue Chi drunk in the day?

However, when he continued to watch and saw that Yue Chi and Gong Han had already entered the room before Lin Yin's subordinates brought Yue Chi away forcefully, he roughly knew what happened.

This b\*stard clearly wanted to scheme and have sex with Gong Han. However, Yue Chi did not expect that Lin Yin would appear halfway and knock Yue Chi out and take him away forcefully.

However, when he saw that Lin Yin was actually unconscious, Yue Han was a little puzzled. Could something have happened here? Was Lin Yin attacked at the clubhouse? Could the person who attacked Lin Yin be Yue Chi? Otherwise, why did Lin Yin get someone to carry Yue Chi away before she fainted?

Recalling the dispute between Lin Yin and Yue Chi, Yue Han's heart suddenly tightened. Would Lin Yin attack Yue Chi?

Afraid that something would happen to Yue Chi, Yue Han remembered his other cell phone and quickly picked it up to contact the people he had sent to follow Yue Chi.

As expected, he saw the messages that those people had sent him on that phone.

However, when those people sent the message, he was already delirious and entangled with Gong Han, so he naturally did not know this news.

Yue Han called those people back. When he found out that Yue Chi had been caught by Lin Yin and was awake and about to reach the clubhouse, Yue Han heaved a sigh of relief.

He stood up and tidied his clothes before arriving at the private room where the members of the Gong family were.

“Young Master Yue, the daughters of the Gong family have always had self-respect. Now that you’ve ruined her innocence, how are you going to explain this to our family?” Gong Luo did not have Gong Ze’s angry expression on his face. Instead, he looked like he was discussing business.

Gong Ze said angrily, “Explain? What explanation? A rapist who took advantage of others should be sent to jail for the rest of his life!”

“Gong Ze, don’t be so impulsive. I think Young Master Yue must have thought of how he’s going to compensate the daughter of our family, right?” Gong Luo glanced at Gong Ze and looked at Yue Han with a faint smile.

In Gong Luo’s opinion, things had already reached this point. If Yue Han chose to marry Gong Han and compensate the Gong family for their losses, this matter would be over.

If Yue Han did not want to be responsible for Gong Han, they would have to spend a lot of money. Otherwise, their Gong family would not let this matter rest. Even if they had to go to court and ruin Gong Han’s reputation, they would drag Yue Han down with them.

“Compensation? That’s too serious. Ah Han and I are unmarried and we’re in love. It’s not a serious crime, right? What era are we in now? It’s not unacceptable for us to have premarital sex, right?” How could Yue Han not know what Gong Luo was thinking? He had the intention to compensate the Gong family, but it did not mean that the Gong family could ask for too much from him.

“Premarital sex? In that case, Yue Han, are you planning to marry my sister?”

That’s easy. Coincidentally, my uncle, aunt, and my grandfather are all here. Why don’t you call your parents, Yue Han? We’ll settle the marriage today. We’ll also discuss the betrothal gifts we should give,” Gong Luo said frankly..

Yue Han said with a faint smile, "In this era, it's normal for men and women to break up. Just because they slept with each other, doesn't mean they have to marry each other, right?"

When Yue Han said this, he looked at Gong Luo meaningfully. After all, it was no secret that Gong Luo had kept two fair and beautiful female students outside.

Gong Ze widened his eyes in anger and looked at Gong Luo coldly. "Gong Luo, you want my sister to marry someone who raped her?"

Gong Luo did not speak. Yang Si stood up angrily and pulled Gong Ze outside. He said with disapproval, "Ah Ze, that's your sister! Don't keep saying rape. If more people find out that your sister was raped, how can your sister have the respect to survive in the community in the future? Outsiders will poke at your sister's backbone and mock her."

Gong Ze knew this logic. If news of Gong Han and Yue Han's matter today spread, everyone would only say that Yue Han was lecherous, and all the prejudice would fall on Gong Han.

Gong Ze questioned unhappily, "The one who committed the crime is Yue Han. The one who shouldn't be respected should be Yue Han. The person who should be scolded should be Yue Han. What has it got to do with my sister? She's clearly innocent!"

Gong Ze knew that this world was always harsher on women, but now that it

When Yue Han said this, he looked at Gong Luo meaningfully. After all, it was no secret that Gong Luo had kept two fair and beautiful female students outside.

Gong Ze questioned unhappily, "The one who committed the crime is Yue Han. The one who shouldn't be respected should be Yue Han. The person who should be scolded should be Yue Han. What has it got to do with my sister? She's clearly innocent! "

Gong Ze knew that this world was always harsher on women, but now that it had happened to his biological sister, he just felt that it was unfair and uncomfortable.

She had clearly been hurt, but she could not come out to seek justice for herself. Instead, she was afraid of being mocked and scolded, so she chose to endure it silently.

Yang Si felt uncomfortable too, but reality was like this. If he could have a good talk with Yue Han today and the two families got married, this matter would have passed.

Anyway, Gong Han was going to marry into the Yue Family anyway. It was better that the hedonistic Yue Chi was replaced with Yue Han.

"Your sister is lucky. Yue Han is much better than Yue Chi, right?" Yang Si said with a sigh.

Gong Ze was extremely disappointed in his family. He turned around angrily, not wanting to be associated with his hypocritical family members.

At this moment, Yue Chi, who had rushed to the clubhouse, pushed open the room that he booked. A familiar smell of lust spread over.

As a veteran who hung out with women all year round, Yue Chi naturally knew

what this smell meant.

Especially when he saw Gong Han standing not far away from him. Although her eyes were dim, they had the charm of someone who had been stolen and there were still ambiguous red marks on her neck. Yue Chi felt angry that his hard work had been snatched away halfway.

He took two steps forward angrily, but Gong Han was so shocked that she took a few steps back.

Gong Han's eyes gradually turned red. Her tone was indifferent and questioning. "You plotted against me, didn't you?"

Yue Chi was stumped by Gong Han's question. Speaking of which, he did indeed scheme against Gong Han. However, in reality, he didn't succeed in scheming anyone and even got a bad name.

Seeing that Yue Chi did not speak, Gong Han knew that her guess was correct.

Gong Han's gaze at Yue Chi was not as gentle as before. Instead, it was filled with hatred, which made Yue Chi feel very upset.

Most of the time, the people outside looked at him as if they were looking at dog shit. Even if they were trying to please him, he could sometimes see some disdain and it was as if they were looking at a sucker. Even his parents valued his brother more.

Therefore, that day in the cafeteria, when Gong Han saw him being stripped naked, there was still no mockery in her eyes. Instead, there was a gentleness of concern and worry. Yue Chi felt that other than being boring and not feminine enough, Gong Han was still a decent person.

But now, there was no longer that gentle light in Gong Han's gaze when she looked at him. Instead, there was hatred. Yue Chi felt inexplicably sad and at a loss.

Gong Han ignored Yue Chi. She picked up her phone and walked past Yue Chi towards the door.

Yue Chi turned around and pulled Gong Han back. His injured eyes were filled with anger as he asked, "Who touched you? I'll avenge you."

Gong Han forcefully pulled her hand out of Yue Chi's hand and smiled. "Alright.

Then go find your brother. I'll see how you're going to avenge me."

Yue Chi's pupils suddenly constricted. He would never have thought that the person who came in and violated Gong Han was his brother. Then, he turned to look at the burnt-out incense on the table not far away and understood. His brother must have been accidentally affected.

Seeing that Yue Chi was silent again, Gong Han turned around and left..

Chapter 668 - I'll Avenge You

Yue Han said with a faint smile, "In this era, it's normal for men and women to break up. Just because they slept with each other, doesn't mean they have to marry each other, right?"

When Yue Han said this, he looked at Gong Luo meaningfully. After all, it was no secret that Gong Luo had kept two fair and beautiful female students outside.

Gong Ze widened his eyes in anger and looked at Gong Luo coldly. "Gong Luo, you want my sister to marry someone who raped her?"

Gong Luo did not speak. Yang Si stood up angrily and pulled Gong Ze outside. He said with disapproval, "Ah Ze, that's your sister! Don't keep saying rape. If more people find out that your sister was raped, how can your sister have the respect to survive in the community in the future? Outsiders will poke at your sister's backbone and mock her."

Gong Ze knew this logic. If news of Gong Han and Yue Han's matter today spread, everyone would only say that Yue Han was lecherous, and all the prejudice would fall on Gong Han.

Gong Ze questioned unhappily, "The one who committed the crime is Yue Han. The one who shouldn't be respected should be Yue Han. The person who should be scolded should be Yue Han. What has it got to do with my sister? She's clearly innocent!"

Gong Ze knew that this world was always harsher on women, but now that it

Gong Ze knew that this world was always harsher on women, but now that it had happened to his biological sister, he just felt that it was unfair and uncomfortable.

She had clearly been hurt, but she could not come out to seek justice for herself. Instead, she was afraid of being mocked and scolded, so she chose to endure it silently.

Yang Si felt uncomfortable too, but reality was like this. If he could have a good talk with Yue Han today and the two families got married, this matter would have passed.

Anyway, Gong Han was going to marry into the Yue Family anyway. It was better that the hedonistic Yue Chi was replaced with Yue Han.

“Your sister is lucky. Yue Han is much better than Yue Chi, right?” Yang Si said with a sigh.

Gong Ze was extremely disappointed in his family. He turned around angrily, not wanting to be associated with his hypocritical family members.

At this moment, Yue Chi, who had rushed to the clubhouse, pushed open the room that he booked. A familiar smell of lust spread over.

As a veteran who hung out with women all year round, Yue Chi naturally knew

what this smell meant.

Especially when he saw Gong Han standing not far away from him. Although her eyes were dim, they had the charm of someone who had been stolen and there were still ambiguous red marks on her neck. Yue Chi felt angry that his hard work had been snatched away halfway.

He took two steps forward angrily, but Gong Han was so shocked that she took a few steps back.

Gong Han’s eyes gradually turned red. Her tone was indifferent and questioning. “You plotted against me, didn’t you?”

Yue Chi was stumped by Gong Han's question. Speaking of which, he did indeed scheme against Gong Han. However, in reality, he didn't succeed in scheming anyone and even got a bad name.

Seeing that Yue Chi did not speak, Gong Han knew that her guess was correct.

Gong Han's gaze at Yue Chi was not as gentle as before. Instead, it was filled with hatred, which made Yue Chi feel very upset.

Most of the time, the people outside looked at him as if they were looking at dog shit. Even if they were trying to please him, he could sometimes see some disdain and it was as if they were looking at a sucker. Even his parents valued his brother more.

Therefore, that day in the cafeteria, when Gong Han saw him being stripped naked, there was still no mockery in her eyes. Instead, there was a gentleness of concern and worry. Yue Chi felt that other than being boring and not feminine enough, Gong Han was still a decent person.

But now, there was no longer that gentle light in Gong Han's gaze when she looked at him. Instead, there was hatred. Yue Chi felt inexplicably sad and at a loss.

Gong Han ignored Yue Chi. She picked up her phone and walked past Yue Chi towards the door.

Yue Chi turned around and pulled Gong Han back. His injured eyes were filled with anger as he asked, "Who touched you? I'll avenge you."

Gong Han forcefully pulled her hand out of Yue Chi's hand and smiled. "Alright.

Then go find your brother. I'll see how you're going to avenge me."

Chapter 669: Accepting Marriage

Gong Yi watched as the video on Yue Chi's phone continued to play. She snorted and said, "Of course. The dowry is our sincerity when the daughter of the Gong Family gets married."

Both sides were sensible people and immediately became happy. Before Yue Chi could figure out what was going on, they agreed on the time of the engagement.

Yue Chi, who had been neglected, was dumbfounded. Even after the Gong Family left, Yue Chi still had a puzzled expression.

Yue Chi followed closely behind Yue Han. As he watched Yue Han send the Gong family away, he still did not give up and wanted to persuade him. In the end, Yue Han turned around and slapped Yue Chi hard.

Yue Chi was stunned. He did not even react when Yue Han snatched the cell phone from his hand and looked at the surveillance cameras again.

Yue Han slid forward and saw that Gong Yue was sitting in front of Gong Han. When he saw that Gong Yue handed Gong Han a pill, Yue Han's expression turned cold.

"I knew it. I was wondering why you met up with Gong Yue sometime ago? You conspired with Gong Yue to scheme against Gong Han, right? You're really capable!" Yue Han sneered angrily.

"Brother? How did you know? Did you get someone to follow me?" Yue Chi reacted and asked.

"If I hadn't followed you, how would I have realized that my good brother was so scheming? You even wanted to force yourself on her. If Lin Yin hadn't kidnapped you today, would you have taken these videos and forced Gong Han to marry you?" Yue Han said angrily.

Yue Chi covered his face and said aggrievedly, "Isn't this for our Yue Family? Didn't you and Dad always want me to marry Gong Han? I just don't want you to be disappointed. I really didn't expect such a thing to happen. It's all that Lin Yin's fault. If it weren't for her, I would have succeeded. Brother, you wouldn't have to aggrieve yourself to marry Gong Han."

"Get lost and go home. I'll teach you a lesson!" Yue Han kicked Yue Chi, this bastard.

Before Yue Han returned home, he did not forget to get someone to take away all the surveillance footage in the clubhouse and change the cameras. He was afraid that someone would use these things to cause a ruckus.

After returning to the Yue Family, Yue Xi knew what his bastard son had done.

He was so angry that he felt dizzy. After beating Yue Chi up, Yue Xi asked if Yue Han really wanted to marry Gong Han.

This Gong Han came from the Gong Family and her family background was compatible with the Yue Family. It was just that Gong Han's appearance was ordinary, so he was afraid that Yue Han would not like her.

More importantly, Gong Han was originally going to be Yue Chi's wife. Now that she had suddenly become Yue Han's future wife, how awkward would it be for the family to meet frequently in the future?

Gong Han's seductive eyes when she was indulging in love subconsciously appeared in Yue Han's mind, and his heart felt like it was being tickled by a kitten.

He suppressed this inexplicable emotion and smiled. "Gong Han comes from the Gong Family and is compatible with me. She's talented and has a good personality. Otherwise, she wouldn't have been chosen to be Yue Chi's wife back then. Since there's a freak combination of factors now, let's leave it at that. I think this is good. It can be considered that I chose a wife for myself."

Seeing that Yue Han had accepted it himself, Yue Xi could not say anything else. He only reminded him, "Then find a time to tell your mother that she has to attend the engagement. It's not dignified for the mistress of the household to not appear."

Yue Han nodded. "I understand."

After Gong Ze calmed down, he went to that room to look for Gong Han, but he realized that Gong Han was no longer there.

Gong Ze scolded himself for being muddle-headed. How could Gong Han stay in this room for so long after such a thing happened?

He hurriedly sent a message to Gong Han to ask where she was.

After knowing that Gong Han had already returned home, Gong Ze hurriedly rushed back. However, the moment he entered, he saw Gong Yi slap Gong Han hard.

Seeing that Gong Yi was about to slap her a second time, Gong Ze immediately rushed forward and grabbed Gong Yi's hand. "Grandpa!"

Gong Han said with red eyes, "I've said it before. Gong Yue gave me that medicine. Gong Yue said that it was vitamins and asked me to stir it for her, so I stirred it. As for Yue Chi suddenly appearing and drinking it, it was indeed unexpected."

Gong Yue looked at Gong Han in surprise and said, "Cousin, don't talk nonsense. When did I ask you to stir vitamin tablets for me? Didn't you make an appointment with Vile Chi today? We're just going Oilt together- If von want to scheme to marry into the Yue Family, don't slander me.."

Chapter 670: Borrowing Power

Gong Han looked at Gong Yue in disbelief. "Grandpa, if you don't believe me, you can check the surveillance cameras. Before I stirred the vitamin tablets, Gong Yue personally brought them to me."

Gong Yue, who had long learned from Yue Chi that the videos had all been changed, said fearlessly, "Alright, Grandpa, send someone to check the surveillance cameras now. I'm not afraid. This time, I'll let Cousin know that it's not that simple to slander a good person."

Gong Yi immediately sent someone to check the surveillance cameras at the clubhouse. Gong Ze was worried and followed.

In the end, after knowing that the surveillance cameras had all been destroyed and even the surveillance cameras had been changed by the Yue Family, Gong Ze called Yue Han in frustration to ask if there were still backup videos.

Yue Han said righteously, "Future brother-in-law, I won't leave any evidence for such a bad thing about my future wife. I don't want someone to use this video one day to say that your sister entered my Yue Family through schemes. The one who will be embarrassed is my Yue Family."

Gong Ze was extremely furious, but he calmed down a lot. He said coldly to the microphone, "I'll say it again. My sister is not such a person."

With that, Gong Ze hung up.

Yue Han looked at his cell phone. He knew very well that Gong Han was very innocent in this incident.

However, it was impossible for a businessman to make a loss, especially not when they could not let others have something on them.

Therefore, even if he knew that Gong Han was very innocent, he had to categorize this matter as Gong Han being unscrupulous and using her body to climb into his bed. Only then could he stop the Gong Family from threatening him and occupy the position of power in the marriage between the two families.

As for the grievances that Gong Han had suffered now, it was fine. He would compensate her when she married him.

Gong Yue expected that the Gong Family did not get the video. She sneered at Gong Han and said, "Cousin, did you already know that the surveillance cameras had been destroyed, so you lied casually? You clearly wanted to scheme against Yue Han, but you pulled me out and said that you were

innocent?"

Yang Si looked at his daughter and said, "Gong Han, apologize to your grandfather and say that you won't dare to do it again."

Gong Luo said coldly, "Cousin, you should apologize to Yueyue even more, right? You were indiscreet and wanted to sleep with him. You even wanted to drag Yueyue down with you and slander Yueyue. Isn't that too much?"

Gong Hua looked at his daughter and said sternly, "Hurry up and apologize to Yueyue! I didn't expect you to develop a habit of lying after so many years of careful upbringing. You're simply embarrassing and shameless."

"Dad! Can't you trust Sister? Don't you know what kind of person Sister is?" Gong Ze glared at his father.

Gong Ze pulled Gong Han along and looked around at the people who were forcing Gong Han. These people had clearly just used Gong Han's engagement to obtain benefits, but now, they were forcing Gong Han to admit to groundless, trumped-up charges. Such a family made Gong Ze feel disgusted.

Gong Ze turned to look at Gong Han and said firmly, "Sister, you don't have to apologize. You didn't do anything wrong. I believe you."

Gong Han's originally indifferent eyes gradually turned red. A few crystal clear tears slid down her pale face. She choked slightly and said, "Thank you." Gong Ze called Yue Han in front of everyone.

Yue Han was still puzzled why Gong Ze called again. Gong Ze's voice sounded.

"Future Brother-in-law, your future wife is being bullied. Shouldn't you do something to protect her?"

Gong Ze turned on the speakerphone and looked coldly at the Gong Family.

Now that things had already come to this, he might as well use Yue Han's power to threaten these so-called family members. Yue Han was responsible for destroying the videos and made his sister unable to prove his innocence.

On the other hand, Yue Han understood the situation Gong Han was facing after some thought. Gong Yi and Gong Luo probably treated the benefits they did not obtain from the Yue Family as losses, so they were holding Gong Han accountable for drugging him and climbing into his bed.

Recalling that it was because of Yue Chi's scheme that Gong Han ended up in this situation, Yue Han's heart ached for Gong Han.

"Which person has the guts to bully someone from our Yue Family?" Yue Han's cold voice sounded from the phone. "Gong Ze, don't worry, do your best. I, Yue Han, will be responsible for whoever you hurt."

Yue Han pretended not to know that the people who were bullying Gong Han were from the Gong Family. When he threatened and warned them, he did not show them any respect..
