

Real Daughter 691

Chapter 691: Returning to Your Seat

Sun Nan looked suspiciously at Ning Sheng, who was overly enthusiastic about Lin Yin. Ning Sheng was indeed capable in the past and could chat with anyone with an exquisite heart.

However, Ning Sheng was also someone who worshiped the high and trampled on the low. How could he be so concerned about a little girl with no status?

Recalling that Wei Ming's attitude towards Lin Yin seemed to be more amiable this afternoon, Sun Nan suddenly felt that something was wrong. There must be something wrong with Lin Yin.

Before Sun Nan could figure it out, Wei Hu acted like an elder to Wei Ji because Wei Ji had caused Wei Chi to kneel in the ancestral hall. He said sternly, "Wei Ji, bring your sister back to her seat. She's a guest. How can she pester her like this? She doesn't know any etiquette!"

He's a disabled person, but he still has to care about a mentally challenged sister like you. It's very tiring."

Wei Cheng had also heard about what had happened this afternoon. When he spoke, he was not polite to Wei Ji and Wei Xuan at all.

Wei Xuan pouted aggrievedly and looked at Wei Cheng with red eyes. She was afraid and wanted to protect herself. She even said with a sobbing tone, "Brother said that Wei Xuan is not a fool. Ah Xuan is not a fool, and I'm not a fool."

Wei Ji limped forward and silently grabbed Wei Xuan's hand. He pulled the fabric of Lin Yin's clothes out of Wei Xuan's palm and comforted her softly, "Ah Xuan, be good. Listen to Brother. Let's go back to our seats, okay?"

Wei Xuan looked sad and tears welled up in her eyes. She looked eagerly at Lin

Yin, who was turning to look at her, and muttered softly, "Sister

Lin Yin looked around at the Wei Family members at the table. Their expressions were mocking, disdainful, indifferent and overlooked.

Suddenly, Lin Yin felt that there was an abnormally oppressive atmosphere in this luxurious cafeteria. When Ning Sheng pressed her into her seat, Lin Yin looked at Wei Ji's back without saying a word and pulled Wei Xuan towards the end of the table. She felt upset.

It turned out that Wei Ji had grown up in such a family and such an atmosphere. There was no love, no respect, only bullying, disdain, and ridicule.

Wei Ying glanced at Wei Cheng opposite her and snorted unhappily.

Then, Wei Ying turned to Lin Yin and asked, "Yinyin, why are you here today? Why didn't you say so earlier? If I had known that you were here, I would have come back early and brought you around. There's a very big zoo behind my house with peacocks inside. I'll bring you to see peacocks spread their tails. It's very nice."

Wei Yang looked at Wei Ying with a smile and said, "Are you bringing Lin Yin around? You just want to show off how beautiful the peacock you personally raised is!"

Wei Ying stuck out her tongue mischievously. Wei Wei, who was playing games, looked up and glanced at Lin Yin indifferently. Before he could speak, he was held back by Wei Hong and warned by Wei Hong's gaze.

Wei Wei lowered his head and continued playing his game.

Wei Yang called for the servants to prepare exquisite bowls and chopsticks for Lin Yin and thoughtfully arranged them for her. He said gently, "Sister Yinyin, ignore that frisky monkey Wei Ying. Since you're here at the Wei family, I'll bring you to see the night scenery after dinner."

As Wei Yang spoke, he paid attention to Lin Yin's gaze, but he realized that Lin Yin's gaze was always on Wei Ji and Wei Xuan, who were sitting at the end. His eyes were puzzled, and then he frowned slightly.

"Sister Yinyin and Fifth Brother are classmates. You must be here to see Fifth Brother today, right?" As Wei Yang spoke, he turned to look at Ning Sheng and rebuked, "My mother likes Sister Yinyin too much. She forgot about this matter and actually arranged for you to sit here. No wonder Sister Yinyin is so reserved now."

Ning Sheng seemed to have suddenly caught the meaning in Wei Yang's words and immediately said belatedly, "Aiya, look at my memory. How could I have forgotten about this?"

As she spoke, Ning Sheng pulled Lin Yin towards Wei Ji. As they walked, she said with a smile, "Yinyin, you and Ah Ji are classmates. You're about the same age. You won't be so reserved and bored sitting together."

Wei Ying stood up and followed her with a smile. "I'm from the same school as

Fifth Brother and Lin Yin. I want to sit with Lin Yin too."

Wei Yang also stood up slowly and smiled warmly. "You're a guest. How can I leave the guest aside? I'll follow and sit down.."

Chapter 692: Eat the Leftovers?

Ning Sheng looked at her two children in amusement and shook her head. "Aiya, since my son and daughter want to sit with Yinyin, as their mother, I

can't fall behind."

Hence, on the other end of the table, which had always been quiet, seemed a little lively today.

Sun Nan looked at the people sitting at the end of the table. Lin Yin sat in the middle, with Wei Xuan and Wei Ying beside her. Beside her were Wei Ji and Wei Yang, as well as Ning Sheng, who was beside Wei Yang.

Wang Xu didn't stop such a ridiculous thing. Even Yuan Yao, who had always been unconvinced of Ning Sheng, didn't say anything sarcastic.

Sun Nan's heart was filled with doubts. She was not an idiot. Now she was sure that there must be a problem.

There was something going on. The second branch knew, but she did not.

Lin Yin didn't say anything during the entire change of position. She only looked at Wei Ji from time to time.

She suddenly understood why Wei Ji did not resist. In the entire Wei Family, the person he was closest to, his grandfather, Wei Ming, did not care.

The two branches of the Wei Family did not take the Wei siblings seriously and were extremely humiliating. Wei Ji had no power or influence, his body was crippled, he was isolated and helpless, and he had a silly sister.

No wonder Wei Ji did not let her send him back in the beginning.

Under Lin Yin's gaze, Wei Ji was so embarrassed that he couldn't raise his head. He only lowered his head and clenched his fists as he pulled Wei Xuan tightly.

Lin Yin walked out of her silence and a smile appeared on her lips again. Her eyes flickered as she gently scanned the Wei Family before her gaze landed on Wei Ming, who was slowly walking over.

The culprit behind all of this was Wei Ming.

Wei Ming's gaze landed on the people beside Lin Yin, and then he received Lin Yin's sneering eyes. The corners of his lips only curled up slightly before he silently retracted his smile. His breathing was a little weak, but he still sat at the master seat with the cold aura of a superior.

"Let's eat!" Wei Ming said directly.

Wei Ming chose to ignore Ning Sheng and the others' actions. This made Sun Nan look at Lin Yin even more uneasily.

Normally, Wei Ming would have scolded them directly, but not today.

Sun Nan was a little unstable. She now suspected that Lin Yin was Wei Ming's daughter, so he doted on her so much.

After all, there was a reason why Wei Ming doted on his daughter. Not counting Dong Cheng's children from before, her daughter Wei Xing, who had already married to the Wen family was the most doted on among the four children.

Therefore, if Wei Ming really had a daughter at an old age, it was normal for Wei Ming to dote on Lin Yin.

However, seeing that Wang Xu did not show any other signs of anger, jealousy, or anger, Sun Nan suspected that Lin Yin was Wei Ming's daughter.

The people who served the dishes entered one after another. When they saw the arrangement of the people at the event location, they were stunned. Usually, only Wei Ji and his sister were far away, so there would be fewer dishes prepared there.

Now that Ning Sheng had brought Wei Yang and Wei Xuan over to sit there, they naturally could not leave the ones with fewer dishes there.

All of a sudden, the people delivering the dishes below were in a dilemma. Lin Yin's gaze quickly caught the dishes that were served. There were three portions of the same dishes, two large and one small.

The small plate of food was placed in the spot where they had been sitting, and the large plate of food was placed in front of Lin Yin.

Shi Hui smiled coldly. With Old Master around, she couldn't say anything. Anyway, Ning Sheng wasn't changing the food in front of her, so she didn't care.

However, when Wei Wei looked up and saw that there were no good ribs in the braised pork ribs dish not far from him, he was indignant.

"Why? Do I have to eat leftovers because we have guests?" Wei Wei glanced coldly in Lin Yin's direction and mocked, "These dishes are usually eaten by Wei Ji and Wei Xuan. Now they're placed in front of me, are you bullying me because I don't have a beard?"

Wei Hong felt uncomfortable too, but he knew that Ning Sheng's actions were the most suitable for now. After all, he could not let guests eat small plates of food, right?

Moreover, these dishes did not look as good as the other two dishes. It was as if after the other two plates were filled, the remaining scraps and soup were placed on small plates..

Chapter 693: Peeling Shrimp

The dishes on these small plates were indeed eaten by Wei Ji and Wei Xuan in the past. It was just that the two siblings were usually far apart, so they did not know that the servants treated them differently.

Although he did not like Wei Ji and Wei Xuan, the servants were clearly bullying them. After all, the Wei Family did not lack food. They could afford to raise two useless people.

At the same time, Wei Hong didn't understand. It was clearly his father who asked Lin Yin to stay for dinner. Couldn't he have instructed her to pay attention? Even if his father didn't say anything, butler Li had been working for the Wei family for so many years. Why was he so unreliable? Why did he do such a thing to make an outsider laugh?

However, now that there were outsiders around, it was not the time to hold them accountable. Wei Hong had a good eye and said, "You're right. I did it on purpose. I specially got someone to prepare another dish for you. If you cause trouble again in the future, I'll cut the dishes by half. I'll even remove the shrimp and leave the shells for you to eat."

Wang Xu glanced at Wei Ming tactfully. Seeing that Wei Ming didn't react, she heaved a sigh of relief.

Such a matter of slapping Wei Ming's face could appear, but it could not be said by their second branch.

Lin Yin looked at the dishes that Wei Wei looked at with disdain from afar, her eyes filled with unreadable emotions.

Ning Sheng came out to smooth things over and said with a smile, "Second

Brother, the next time you want to punish Ah Wei, you have to say it early. Otherwise, others will misunderstand."

As she spoke, Ning Sheng smiled and sat at the side. She said, "Yinyin, don't take it to heart. Ah Ji and Ah Xuan are sitting far away. When we were eating previously, we were afraid that the two of them wouldn't be able to eat the dishes in front, so we specially placed every dish on small plates in front of them so that the two of them can eat it.'

As if afraid that Lin Yin would not believe her, Ning Sheng looked at Wei Xuan and asked kindly, "Ah Xuan, do you like to eat? Is your usual food delicious?" The birth of this content finds its genesis in Nøv€lBjn★

Wei Xuan opened her round deer-like eyes and nodded. "I like to eat. It's delicious!"

Lin Yin only smiled and said, "I'm just a guest. I'm just a classmate of Wei Ji who came to the Wei Family to freeload. I can eat anything."

As Lin Yin spoke, she took the prawn that had its head bitten off from Wei Xuan's hand and carefully peeled the shell for Wei Xuan before placing it on Wei Xuan's plate.

Wei Xuan happily grabbed the prawn with her hand and stuffed it into her mouth, eating with relish.

Wei Yang walked past Wei Ying and handed Lin Yin a wet wipe. He said gently,

"Wipe your hands."

Lin Yin took the wet wipe from Wei Yang's hand with a happy expression and said calmly, "Thank you!"

Seeing that Lin Yin had accepted Wei Yang's wet wipe, a smile appeared on Ning Sheng's lips.

Wei Ying's gossipy eyes instantly sized up Lin Yin and Wei Yang. She smiled and said, "Brother, you're so considerate? Why don't you open a packet of wet wipes for me too?"

Wei Ji was wiping Wei Xuan's hands. When he heard Wei Ying's words, he looked up at Wei Yang and Lin Yin. Then, he lowered his head again without saying anything and wiped the oil stains on Wei Xuan's hands.

Wei Xuan grabbed another prawn with her other hand and casually handed it to

Lin Yin, looking at her with sparkling eyes.

The next second, the prawn juice landed on Lin Yin's clothes.

Wei Ying exclaimed and quickly picked up a tissue to wipe Lin Yin's face. She complained, "Ah Xuan, Yinyin is a guest. How can you always let a guest peel prawns for you? It's rude!"

Wei Ji hurriedly reached out and snatched the prawn from Wei Xuan's hand. He said in a low voice, "Ah Xuan, if you want to eat it, I'll peel it for you."

As soon as Wei Ji finished speaking, the prawn in his hand was snatched away by Lin Yin again. Lin Yin smiled and said, "Wei Ji, your sister likes me. Are you jealous of me? I like to peel prawns for a cutie like Ah Xuan."

Hearing Lin Yin call Wei Xuan Cutie, everyone's gazes landed on the proud face and they shook their heads in unison. Lin Yin's aesthetic taste was a little special.

As if his previous words had been verified, Wei Wei looked at Lin Yin in surprise. He felt that there was something wrong with Lin Yin's aesthetic taste.

First, she liked a cripple like Wei Ji, then she liked a fool like Wei Xuan. Lin Yin's taste was too unique.

Wei Wei shivered and ate his food silently with a pitiful expression on his face.

On the other side, Wei Ji's hand was still in the position of peeling prawns, but his gaze landed on Lin Yin's face. His expression was gentle and silent, and he did not move for a long time..

Chapter 694: Butterfly

Until Lin Yin also peeled a prawn for him. She smiled brightly and said, "Wei Ji, why are you in a daze? Do you want me to serve you food at your house?"

Wei Ji looked down at the prawns in the bowl and plate in embarrassment.

Everyone looked at Lin Yin with different suspicions and thoughts. Even Wei

Ming, who was sitting at the head of the table, looked up slightly at Lin Yin and Wei Ji with unreadable emotions.

Ning Sheng nudged Wei Yang from the side. Although she knew that the

success rate of matchmaking Lin Yin and Wei Yang was not high, Wei Yang could at least be on good terms with Lin Yin like Wei Ji.

Ning Sheng even hinted to Wei Ying with her eyes. Since Lin Yin could treat that fool Wei Xuan so well, it meant that Lin Yin was kind-hearted. If Wei Ying could be on good terms with Lin Yin, it would be good to have a sisterly relationship.

After all, she had been in the capital all these years. Her good friends from her youth had indeed given her a lot of help. These were all connections and resources that could bring benefits.

The friendship of youth was naturally not something that could be compared to when she became an adult. Fortunately, Lin Yin was not old yet. It was not wrong to give it a try.

As long as Wei Ying and Lin Yin were sincere, Lin Yin might be as sincere to Wei Ying as she was to Wei Ji and Wei Xuan. At the very least, they would not become enemies.

Unfortunately, Wei Ying did not understand her mother's hint at all. She even asked worriedly, "Mom, what's wrong? Are your eyes uncomfortable?"

When Ning Sheng heard this, she almost fainted. She had forgotten that her daughter was career-minded and had justice in her heart, but she was dim-witted in life.

Wei Ying was a strange creature that was smart and stupid.

Wei Yang turned to look at Ning Sheng's hopeless expression and chuckled. He knew what his mother meant, but he really didn't understand Lin Yin, so he didn't know where to start.

In his opinion, he could only leave it to fate.

The meal ended in the silence of the Wei family, Wei Hong's occasional scolding, Wei Xuan's low chatter, and Wei Wei's mumbling.

After dinner, Wei Yang smiled and said, "Yinyin, Fifth Brother, Ah Xuan, I just got someone to prepare fireworks. Why don't we go boating and watch the fireworks?"

Wei Ying said unhappily, "Brother, you invited them but not me. Don't be so biased."

Wei Wei also said sarcastically, "That's right, Third Brother. You didn't call me either. You're too biased."

Wei Ying turned to look at Wei Wei and said bluntly, "No matter who I invite, I won't invite you. You're ruining the mood. Besides, what if your beastly nature flares up and you push all of us into the water?"

"Ah Ying, don't talk nonsense!" Wei Yang said with a serious expression.

Then, Wei Yang turned to look at the Wei Family and said gently, "I've already gotten someone to prepare food and drinks. There are several small boats. Everyone can go together."

Wei Ming said gloomily, "I'm old, so I won't accompany you."

Seeing Wei Ming get up, Wang Xu hurriedly stood up to support him. She smiled at Wei Yang and said, "I'll accompany your grandfather. Ah Yang, entertain the guests well, understand?"

Wei Yang nodded at Wang Xu and watched as Wei Ming and Wang Xu left.

Wei Hong was afraid that Wei Wei would cause trouble again, so he called Wei Wei to leave with Yuan Yao.

Sun Nan naturally left without saying a word.

Lin Yin was originally a guest invited by Wei Ji. Now that the second branch had taken over, she looked like a guest invited by the second branch.

However, be it the guests from Wei Ji's side or the guests from the second branch, they were not interested. Even if Sun Nan suspected Lin Yin's identity,

Sun Nan did not want to interact too much with her without knowing anything.

When they arrived at the lake, there were already several small boats docked by the shore. The lights around the lake were as bright as day.

There was also a brightly lit pavilion in the middle of the lake. There were two small bridges on both sides that led to the shore.

Wei Xuan held Lin Yin's hand tightly, wanting to sit on the same boat as her.

We're all in the same boat."

A boat plus a rower could only carry five people. Wei Yang, who was the only one who could row, could only act as the boatman. After instructing Wei Ying and Wei Ji to take good care of Lin Yin and Wei Xuan, the group rowed around the pavilion.

Wei Xuan held Lin Yin's hand and pointed happily at the carp following them in the lake.. "Sister, fish! For Little Doudou!"

Chapter 695: Falling Into the Water

"Wei Xuan, frogs can't eat fish. Perhaps your little Doudou will even be bitten by the fish in the lake!" Wei Wei's voice came from behind everyone.

Wei Xuan turned around with a dissatisfied expression. When she saw that it was Wei Wei, only the corners of her mouth curled down in grievance. She did not dare to be angry.

Wei Ying turned to look at Wei Wei and glared at him. "Wei Wei, how old are you? You bully Ah Xuan every day. Do you have any shame?"

Wei Wei quickly caught up to the five of them and said righteously, "I'm bullying her? I'm teaching her the world of normal people. What do you know?! I think she was deceived by you self-righteous people. She actually agreed with her innocently. Frogs are also alive. They're a good baby. I'm going to die of laughter, okay?"

Wei Ying narrowed her eyes and said fiercely, "Wei Wei, you'd better shut up and not disturb Ah Xuan's fairytale world. Otherwise, I'll shave your eyebrows while you're asleep!"

Wei Wei made a face at Wei Ying on his boat without any fear. Then, he urged people to quickly surpass Wei Yang and the others. He even said sarcastically, "Stay away from these people. They're all crazy."

Wei Wei did not know why Wei Hong did not let him come over to watch the fireworks, but he was not an obedient person. The more others did not let him come, the more he insisted on coming.

Wei Ying cursed a few times, then turned to look at Wei Xuan and comforted her. "Ah Xuan, don't be sad. Let's not listen to that lunatic Wei Wei. He's not normal. Little Doudou won't be eaten by fish."

Wei Xuan nodded at Wei Ying, then turned to look at Lin Yin seriously and said,

"Sister, Little Doudou eats fish. It won't be eaten by fish. Don't be afraid."

After the few of them circled around, when they arrived at the pavilion in the center of the lake, there were already servants who had prepared some snacks and drinks. There was even music playing and incense being lit in the pavilion to chase away the mosquitoes.

Lin Yin looked at the exquisite tea and snacks on the table, the drinks and tea that did not look cheap, and the servants serving them at the side. Such an extravagant and comfortable life, as well as the reverence and fawning of so many people outside towards the Wei Family.

No wonder the two branches of the Wei Family would fight so hard for such a life.

People always wanted to control others, not be controlled by others. Therefore, they pursued power and wealth. While making themselves rich, they could also escape the danger of being controlled by others.

Lin Yin's gaze landed on Wei Ji and Wei Xuan and she thought of Gong Ze's sister, Gong Han.

A sharp sound rang out. Lin Yin subconsciously looked over and saw stars and flames shooting into the sky. Right on the heels of that, a grand firework bloomed in the air.

The people in the pavilion walked towards the fence. Lin Yin was also pushed forward. She could hear Wei Xuan clapping her hands happily, but it sounded a little ethereal amidst the explosion of the fireworks.

Lin Yin looked a little dazed, as if she was thinking about the Mu family and the upcoming Mid-Autumn Festival. She was wondering if she was going to spend this year's Mid-Autumn Festival with the Mu family.

Lin Yin was still immersed in her thoughts and was a little confused. From the corner of her eye, she suddenly saw a hand push towards Wei Ji.

Wei Ji was stunned. The next second, he fell into the lake. Lin Yin subconsciously reached out to pull Wei Ji back.

As she pulled Wei Ji back, a gravitational force came from behind Lin Yin. Caught off guard, Lin Yin staggered and fell into the lake.

The moment she fell, Lin Yin even pushed Wei Ji into the pavilion.

The lake water poured into Lin Yin's eyes, ears, and nose. She thought that she was good at swimming, but at this moment, she didn't even have the strength to raise her hand, and her consciousness wasn't that sharp. She could only vaguely hear cries of surprise from the shore and a few splashes.

When Lin Yin woke up again, she was already lying in an unfamiliar place.

She looked at Wei Ji's relieved and happy expression and Wei Xuan, who was beside her with tears in her eyes and a surprised expression.

"Sister Yinyin, you're awake?" Wei Yang held a bowl of unknown soup in one hand and sat on the chair beside Lin Yin's bed nervously.

Seeing that Lin Yin seemed to be about to get up, Wei Yang quickly put down the bowl in his hand and carefully helped her up.

Wei Ji silently retracted his hand.

Wei Xuan, on the other hand, ran towards Lin Yin casually. She wanted to hug Lin Yin and cry, but she was stopped by the quick-witted Wei Ji..

Chapter 696: Not an Accident

"Sister Yin, you've been unconscious for two hours. You scared us all to death." Wei Yang's brows were still furrowed in worry.

Lin Yin was still a little confused, but she clearly remembered that someone had pushed Wei Ji back then. When she went to save Wei Ji, she had also been pushed.

When Dong Yi and Long Huang saw that Lin Yin was awake, they wanted to go forward, but Lin Yin stopped them with a look. The two of them could only continue to stand in the corner and reflect.

Lin Yin kept getting into trouble at their hands. They were already too ashamed to see anyone.

Ning Sheng also said worriedly, "That's right, Yinyin. You really scared me to death. Why did you fall into the water all of a sudden? I'll get someone to raise the surrounding area of that pavilion tomorrow. It's too scary. Such an accident can't happen in the future."

Wei Wei, who had come over to see if Lin Yin was dead, snorted and said, "What accident? It was clearly Wei Ji, this cripple, who fell down because his legs were inconvenient and he didn't hold the railing properly, so Lin Yin fell into the water to save Wei Ji. Hmph, Lin Yin, I advise you to stay away from the siblings. Otherwise, you'll be the unlucky one. A savior can't save someone who was born with bad luck and was abandoned by the heavens."

Lin Yin only said indifferently, "Wei Wei is right. This wasn't an accident. I fell into the water not because I saved Wei Ji, but because someone pushed me."

Lin Yin's words made everyone present silent for a moment. Wei Ying, who was sitting at the side, immediately stood up and looked at Lin Yin seriously. "Yinyin, are you sure?"

Lin Yin nodded. She didn't say that someone had pushed Wei Ji. She only said that someone had pushed her.

She even suspected that there was something wrong with the incense. Otherwise, why would she be in a daze and not even have the strength to paddle to save herself when she fell into the water?

She had yet to officially start doing anything in the Wei Family, but such a thing had already happened. Was the person who did it so anxious?

They had pushed Wei Ji into the water and then pushed her into the water in front of so many people. Why?

Ning Sheng's expression instantly turned stern as she said, "Call everyone who was in the pavilion just now over. I want to see who has the guts to be so ruthless."

Wei Yang picked up the bowl at the side and handed it to Lin Yin. He said gently, "Sister Yinyin, drink it quickly while the medicine is still warm. It's not hot. The doctor said that you still have old injuries. You just entered the water and it entered your chest. You have to drink the medicine to recuperate."

Lin Yin looked at the black medicine and said with disdain, "Chinese medicine?"

Wei Yang nodded. "There's an old Chinese doctor at home who specializes in treating Grandpa, so I invited him over to take a look at you just now."

Lin Yin looked at the medicine in embarrassment, not looking like she really wanted to drink it.

Wei Xuan immediately took out a lollipop from her pocket and handed it to Lin Yin. "Sister, it's candy. It's not bitter."

Lin Yin looked at Wei Xuan in surprise and smiled. "You know a lot. You even know how to use candy."

"She usually eats a lot of Chinese medicine, so she naturally knows. Otherwise, she wouldn't have brought candy with her," Wei Yang explained with a smile.

Wei Ying chimed in, "That's right. Sometimes, when the nanny wants Wei Xuan to drink medicine, she has to look all over for her. So even if she finds her in the mud pit, she'll have to drink a bowl of medicine on the spot. She's long learned to be smart and carries candy with her."

"What's Ah Xuan's illness? She still needs to take medicine for a long time?" Lin Yin asked curiously. She really did not expect Wei Xuan to drink medicine for a long time.

Ning Sheng sighed and said, "It's all because of this brain. Her grandfather is still unwilling to accept Ah Xuan's current state and has been looking for a way to cure her. Unfortunately, nothing has changed after so many years."

Lin Yin's gaze landed on Wei Xuan's hand, she had been looking at her with the candy. She slowly reached out and took the candy Wei Xuan handed her. She said softly, "Thank you!"

Wei Xuan happily spun in a big circle on the spot, then bounced around and repeated shakily, "Thank you! Thank you! Thank you!"

Lin Yin had gotten the candy, but she still didn't want to drink the medicine. She thought that when she returned, she would go to the hospital to prescribe some western medicine.

Wei Ji looked at Lin Yin's refusal to take the medicine and advised worriedly, "Yinyin, you still have to drink the medicine while it's hot. It's good."

Wei Ji was soft and did not dare to approach Lin Yin. He only dared to look at her worriedly..

Chapter 697: Wei Xuan Pushed

Lin Yin sighed and took the medicine bowl with the aura of a warrior breaking his wrist. She drank it all in one go.

Before Lin Yin could unwrap the candy and stuff it into her mouth, an unwrapped lollipop was stuffed into her mouth. The sweet taste washed away the bitter medicinal taste.

Lin Yin looked up. Wei Ji had already quickly retreated to his original position and did not dare to get too close to Lin Yin.

Even after meeting Lin Yin's gaze, he explained in embarrassment, "Xiao Xuan often drinks medicine. Oftentimes it's so bitter that she can't open the candy wrapper while she closes her eyes and cries. Therefore, I'm used to it!" Lin Yin only smiled and sucked on the candy in her mouth.

Wei Wei rolled his eyes at the scene before him.

Soon, everyone in the pavilion at night was brought up. Even Wei Ming, Wang Xu, and the people from the third branch came over curiously when they heard that Lin Yin did not fall into the water by accident but was pushed down.

Wei Yang stood up and took a chair for Wei Ming and Wang Xu to sit on.

When Wei Cheng saw this, he snorted and moved a chair to the other side of Wei Ming. He helped Sun Nan sit down.

Wei Ming looked at the few people in front of him with a stern gaze and asked solemnly, "Who pushed the guests of the Wei Family? Take the initiative to come out now and suffer less later." The five of them stood quietly. No one spoke.

Wei Ming snorted coldly.

Wang Xu stood up and looked coldly at the five people below. "Since no one admits it, all five of you did it. Our Wei Family has never lacked methods to make you tell the truth."

Wei Cheng said sarcastically, "There are not only these five people present. If I remember correctly, there were also Wei Yang, Wei Ying, Wei Wei, Wei Xuan, and Wei Ji. How could the servants have the guts to push someone?"

Wei Cheng's words directly targeted everyone in the Wei Family's second branch, as well as Wei Xuan and Wei Ji.

"Wei Cheng, is there something wrong with your brain? Why would we push Lin Yin for no reason?" Wei Ying glared at Wei Cheng and questioned.

Wei Cheng shrugged and smiled. "Who knows? Perhaps it's love that turned into hatred or something. It's obvious that Lin Yin is interested in Fifth Brother. Perhaps Wei Yang made a move because he couldn't get her."

Wei Ji blushed and looked at Lin Yin carefully. Seeing that Lin Yin was not angry, he relaxed.

“Nonsense! Wei Cheng, go see a doctor here if you’re sick! Don’t go crazy here, or I won’t be polite to you!” Wei Ying defended her brother and scolded Wei Cheng.

“Won’t be polite? Why? Are you slandering me like you’re slandering my brother for starting an online marketing company and slandering him for causing death? Wei Ying, don’t worry and be bold. If I’m afraid of you, my surname isn’t Wei,” Wei Cheng narrowed his eyes and said loudly.

“Slandering? Which of the lousy things Wei Chi did have no conclusive evidence? If it weren’t for Grandpa not wanting the Wei Family to embarrass themselves, do you think Wei Chi could escape prison this time? I don’t need to slander Wei Chi. He’s doing that kind of work that disregards human lives!” Wei Ying retorted indignantly.

When she found out about Lin Yin’s cyberbullying, she did get evidence in the end. Unfortunately, Wei Ming got someone to suppress the matter. The evidence she handed in was also destroyed. Otherwise, she would definitely let Wei Chi enter the prison to undergo correction and dampen the spirits of the third branch so that they would not dare to be so arrogant again.

Wei Cheng retorted, “Wei Ying, whether Wei Chi broke the law or not is up to the law. Now that Wei Chi is staying in the Wei Family, doesn’t that mean that he’s innocent and was framed by you? You...”

“Shut up, all of you!” Wei Ming shouted in a low voice. Then, he turned to look at Butler Li behind him and said coldly, “I’ll leave her to you. Come out after you get the results.”

When the people below heard that they were going to be brought down by butler Li, they immediately panicked. Someone said in a panic, “I... I saw... Third Miss push Lin Yin.”

Everyone’s gaze landed on Wei Xuan, who was quietly eating a lollipop.

Ning Sheng frowned and scolded, “Don’t talk nonsense. Why did Ah Xuan push Yinyin? Don’t think that you can talk nonsense just because Ah Xuan isn’t clear-headed.”

Wei Ji also defended his sister and said, "Ah Xuan won't do such a thing. You can't lie."

Seeing that everyone was looking at her, Wei Xuan only tilted her head and smiled. No matter how dirty her face was, she could see a sweet smile in her big innocent eyes..

Chapter 698: Little Bee

Wei Yang also frowned and said to that person, "Don't think that you can spout nonsense here just because there are no video surveillance cameras in the pavilion. You want to clear your name."

That person hurriedly said in a panic, "I'm really not lying. I really saw Third

Miss reach out and push Miss Lin Yin."

Lin Yin turned to look at Wei Xuan, but the first thing she met was Wei Ji's gaze.

Wei Ji looked at Lin Yin pleadingly and said weakly, "Yinyin, believe me. Ah Xuan won't do such a thing. She likes you very much. How can she push you into the water?"

Lin Yin retracted her gaze and turned to look at the person.

That person was stunned on the spot. They shook their head in confusion and said, "I... I didn't see anyone push Fifth Young Master."

Lin Yin's words instantly caused Wei Cheng to mock her. "I was wondering what was going on. It seems like someone doesn't want Fifth Brother to live well, so they plan to attack him. They might have accidentally injured Lin Yin and now they're looking for someone to slander Ah Xuan. Wei Yang, your bloodline is so ruthless."

Wei Wei frowned. He was here to see if Lin Yin was dead or not. He did not expect that the fire would be directed at him.

“Wei Cheng, don’t f*cking talk nonsense! Without evidence, you’re f*cking talking nonsense here. Do you believe that I’ll tear your rotten mouth apart?” Wei Wei threatened angrily.

“Wang Xu, is this the child you raised? He’s full of dirty words and even threatened his brother in front of the elders. With such a personality, if not for the fact that there are many people now, he would probably kill someone, right?” Sun Nan said mockingly.

Wei Wei immediately flew into a rage. He rushed to the front and shouted at

Sun Nan, “Stupid old woman, what nonsense are you talking about? You...”

“Wei Wei! Shut up!” Wang Xu shouted. “You don’t have to do anything about this. Go to the side. Grandma will investigate.”

Lin Yin looked at the messy family and snorted. “Forget it. By the time your Wei family finds out, it’ll be too late. I’ll do it myself.”

As she spoke, Lin Yin waved at Long Huang, who was in the corner opposite her. Long Huang immediately sent what Lin Yin wanted.

Everyone looked curiously at the thing in Lin Yin’s hand, a bee-like thing.

Lin Yin raised the thing in her hand and said, “This is a small surveillance camera developed by the technology company under Shisheng Corporation. Before I came to the Wei family, I happened to bring a sample over. When I was touring the lake, I got my bodyguard to let it out and follow me around. When we were watching the fireworks in the pavilion, this little guy had been attached to the beam above the pavilion.”

Lin Yin’s words made the atmosphere at the event location a little tense.

Lin Yin turned to look at the person who said that Wei Xuan had pushed her and smiled faintly. "Do you want to organize your own language again? Then tell me, did Wei Xuan push me?"

That person seemed to have fallen into deep thought. Then, he said firmly, "I did see Third Miss push someone. As for whether she pushed you or not, I didn't see it clearly, but Third Miss really pushed someone."

Lin Yin nodded noncommittally. Then, she looked at the remaining four people and asked, "What about you? Is there anything you want to add? It's not too late to say it now. If the surveillance footage here releases something that shouldn't be here and finds out something about the four of you, think about the consequences."

As soon as she finished speaking, Lin Yin pressed a certain opening on the bee as if she was afraid that those people would not believe her. The bee really flew up.

That bee was very realistic, but it was still different from the bees they usually saw.

When a real bee flew, it would buzz, but Lin Yin's technological bee made no sound at all.

Lin Yin waited patiently. Those people lowered their heads and were silent. No one dared to speak first.

Wei Cheng said happily, "It's easy with this. The culprit should hurry up and come out. Otherwise, it will be terrible if we find out later. First, he pushed our Wei family's young master, then he pushed our Wei family's esteemed guest. Won't he be skinned alive?"

After waiting for a while, seeing that no one came out to speak, Lin Yin lost her patience. She turned to Wei Ming and said, "Old Master Wei, I'm really sorry. Although this is the Wei Family, I was hurt in the Wei Family, so I can only seek justice for myself.."

Chapter 699: The Real Killer

Wei Ming nodded slightly and said simply, "Miss Lin Yin, please go ahead."

Everyone looked at Wei Ming, who was especially easy to talk to today, with different thoughts.

Lin Yin smiled and took out her cell phone that she had just placed by the bed. Fortunately, her cell phone was waterproof. Otherwise, she would have to borrow a phone to play the footage.

Lin Yin connected the bee and the cell phone with data cables and quickly found the surveillance footage inside.

Wei Yang also brought a projector over to make it easier for Lin Yin to play the video. Soon, everyone's gaze was attracted by the image projected on the wall.

The scene in the pavilion was very clear under the light. Most of the people in the video were looking up at the fireworks.

From the side, Wei Ji had a faint smile on his face. He suddenly turned to look at Lin Yin beside him with an extremely gentle gaze, looking extremely obedient.

Everyone looked at Wei Ji with interest. Wei Ji's ears turned red in embarrassment and he even stole a glance at Lin Yin carefully.

Lin Yin didn't care much. Wei Ji's gaze was indeed on her, but in her opinion, it was Wei Ji's reliance on her. When she was young, Wei Ji often looked at her with such admiration as if he was looking at his parents.

After all, she was Wei Ji's bread and butter.

On the screen, Wei Xuan was still clapping her hands happily and spinning on the spot. The flickering fireworks shone on her face, occasionally showing her dirty face even more clearly.

At this moment, Wei Xuan jumped to Lin Yin's side and behind Wei Ji.

Wei Xuan made a move. Although Wei Xuan's hand was only dancing on a whim, everyone became nervous because of Wei Xuan's outstretched hands. However, in the next second, Wei Xuan actually pushed Wei Ji.

Caught off guard, Wei Ji was pushed out by Wei Xuan, who jumped behind him. He fell down. Lin Yin, who was at the side, quickly grabbed Wei Ji's hand and pulled him back.

Just as Lin Yin was about to pull Wei Ji back to a safe place, one of the three servants behind Lin Yin quickly took action and pushed Lin Yin hard.

Everyone's gaze instantly landed on the person at the scene. Uncle Li even asked someone to hold that person down.

Wei Yang immediately questioned loudly, "How dare you push someone into the water in front of everyone?"

That person did not expect Lin Yin to really have surveillance cameras. She had always thought that Lin Yin was just trying to trick her and there were actually no surveillance cameras at all.

She did not expect her to miscalculate.

Uncle Li looked at the person and said coldly, "Why did you push her? Was someone behind the scenes instigating it?"

It was Lin Yin's first time at the Wei Family today and she was not familiar with these servants. There was no reason for her to be targeted.

That person only said hatefully, "Lin Yin caused my brother to be chased out of the Wei family and lost his job. I was angry, so I pushed her."

Uncle Li frowned at the person in front of him. "Is your brother the guard who was fired today?"

That person glared at Lin Yin and nodded heavily. Then, he said, "If she hadn't forced her way in, my brother wouldn't have stopped her. She's the one in the wrong. My brother is loyal and doesn't let strangers in. What's wrong with that? Why should my brother be fired?"

Wei Ying had heard about this matter. Now that she heard that person's unreasonable words, she sneered and said, "You really know how to quibble. Your brother was fired not because he was loyal, but because he didn't even care about the head of the Wei Family. Wei Ji is the legitimate young master of our Wei Family, and your brother's job is to stop outsiders, not the members of the Wei Family from coming home. Do you understand?"

That person still looked very indignant and angry.

Wei Yang looked up at Sun Nan and asked in a gentle but sharp tone, "Aunt Sun, be it this person or that guard, they're all on your side. Especially since I heard that the guard is a relative of your maternal family. So why don't you tell us what to do about this?"

Sun Nan's expression was a little ugly. This Wei Yang clearly wanted to embarrass her third branch in front of Wei Ming. She turned to look at Wei Ming and gritted her teeth. "We'll do what we have to do about this."

"Since Auntie Sun said so, it's easy. I'll send her to the police station as an attempted murder so that I can give Yinyin an explanation," Wei Yang said calmly with a serious expression..

Chapter 700: Purpose of Questioning

Wang Xu sat on the chair and said sarcastically, "Sister, you're just thinking about old times. You should bring less relatives like this to the Wei family in the future, lest these people cause trouble under your nose. Those who don't know might think that your third branch doesn't care about Wei Ji, this pitiful child. Even a guard can bully him casually. After that, you still dare to let people take revenge on his friend."

After saying that, Wang Xu still looked at Sun Nan worriedly, but she said to Wei Ming, "Brother Ming, Sister is a soft-hearted person. I think Brother Ming should take care of some things. I heard that there are many people in the company who rely on Sister's connections to get in. If we hire a guard at home, we can make an exception. But a place like the company is really not suitable."

"Wang Xu! What nonsense are you talking about? When did I stuff people into the company? Don't talk nonsense. Didn't all the employees in the company pass the interview seriously? Don't talk nonsense here," Sun Nan said angrily. She had spent decades slowly inserting them. She could not let Wang Xu chase them out.

She was already uncomfortable with Wei Yang being nurtured as the next heir.

If her people were chased out of the Corporation, they would never have a chance of winning in the future.

Although she knew very well that it would not be so easy for Wei Ming to get rid of her people, she was still worried.

Her family was not very rich to begin with. As a nanny, she had taken care of Wei Ming for several years before they developed a relationship and she naturally became Wei Ming's woman.

But Wang Xu was not. Wang Xu came from a well-off family.

Therefore, there was indeed a huge difference between the two of them. She came from a small village and was generally not very cultured. However, in the past few decades, she had spent a lot of money to slowly nurture a batch of capable juniors and place them in various positions in the Corporation.

On the other hand, Wang Xu had all kinds of help from her maternal family from the beginning. In order to enter the Corporation, the next generation was almost nurtured according to the talents that the Wei Corporation needed. They were almost impeccable. There was no need for them to spend a lot of effort to send someone in like her.

Coupled with Ning Sheng's entry, Wang Xu was even more powerful. That was why it was Wei Yang's turn to be the heir of the Wei Family. Otherwise, her grandson, Wei Cheng, would be the eldest grandson.

Wang Xu saw that Sun Nan was a little anxious and smiled with her eyes curved. She said lightly, "I'm just saying for the future of the Corporation."

Sister, why are you so anxious?"

"Alright, you have to say what's appropriate for the occasion," Wei Ming said in a deep voice.

Then, Wei Ming looked at Wei Yang and said, "Deal with this person as you see fit. You must satisfy Miss Lin Yin, understand?"

Wei Yang nodded and said, "I understand, Grandpa."

Wei Yang got someone to bring those people down. Wei Ming looked at Wei

Xuan and asked Uncle Li coldly, "Is that person from your family not back yet?"

Uncle Li said respectfully, "He'll probably be back tonight."

Wei Ming nodded. "Ask her to come back and take good care of Wei Xuan. Don't come out and cause trouble all day. Fortunately, Miss Lin Yin pulled Wei Ji back this time. Otherwise, Wei Ji would have fallen into the water too."

Wei Ji rushed forward and said, "Grandpa, Ah Xuan just moved too much. This is an accident."

Wei Ming only glanced at Wei Ji indifferently. "If an accident causes damage, it can also be fatal. You're lucky this time, but what about the next time?"

Wei Ji wanted to speak up for Wei Xuan, but Wei Ming had already stood up impatiently.

Wang Xu said wisely, “Ah Ji, your grandfather is doing this for your own good. If something really happens to you, what will happen to your sister?” Wei Ji stopped talking in embarrassment.

Seeing that his grandfather was about to leave, Wei Cheng suddenly asked, “Miss Lin Yin, can I see more of the surveillance cameras in your hand? I think it’s a little strange for you to come to the Wei Family and hold that moving surveillance bee. After all, normal people won’t do this, right? When you came to the Wei Family, before anything happened, you were already monitoring the Wei Family?”

Everyone looked at Lin Yin. Indeed, it was a little inappropriate to immediately record the layout of someone else’s house with a small surveillance camera the first time they visited.

Lin Yin only smiled and said, “It was an accident, but the Wei Family’s villa is indeed beautiful, so I couldn’t help but take some photos when the fireworks were set off.”

Wei Cheng smiled mysteriously.. “Since you only took some photos, why don’t

you show them to everyone?”
