

## Real Daughter 711

### Chapter 711: Too Late

“You’re not the first person who wants to kill me, so you might have to line up!” Lin Yin sneered. As soon as she got up, she kicked Wei Chi’s abdomen with all her might, and then a second kick, and a third kick.

Lin Yin had fought a lot. Otherwise, she wouldn’t have been able to safely grow up in a place like the slums. Therefore, she knew very well what kind of force they used on Wei Ji to make him have those bruises.

The bodyguard lying on the ground did not dare to look up at his employer. All he could hear was Wei Chi’s wailing. No matter how Wei Chi begged for mercy, Lin Yin had no intention of stopping.

It was not until Wei Chi was about to wither and his mouth was filled with blood that Lin Yin stopped what she was doing.

Lin Yin turned to look at the bodyguard lying on the ground and asked coldly,

“Why did you take off Wei Ji’s clothes just now?”

The bodyguard’s eyes flickered and he did not dare to speak. He knew very well that if he told her, he would probably end up like Wei Chi.

This young lady looked young and was ruthless and precise. If she knew that he was going to f\*ck Wei Ji just now, he would probably die here.

“Aren’t you going to say it?” Lin Yin smiled, a terrifying smile on her lips. She tilted her head slightly and looked at the bodyguard by her feet. Then, her eyes flashed fiercely. “Then you don’t have to say it!”

Before the bodyguard could react, Lin Yin squatted down and nimbly dislocated the bodyguard’s jaw. The bodyguard immediately couldn’t even close his mouth. Then, his arms were dislocated by Lin Yin and he couldn’t raise them anymore.

He watched in horror as Lin Yin picked up something that looked like a wire and stuck it into his mouth. The wire strangled his tongue until it bled. It hurt so much that only whimpers could be heard.

The bodyguard tried his best to nod and wink at Lin Yin, wanting to tell her that he was willing to say it.

Lin Yin only smiled cruelly at the bodyguard. "You want to say it now? I'm sorry, it's too late!"

As she spoke, Lin Yin turned her gaze to the other three and continued to ask lightly, "The three of you were here just now. Come, tell me, what was he about to do just now?"

Lin Yin had a guess in her heart, but she didn't dare to think too deeply about it. She was afraid that her guess was right, and she was even more afraid that such a thing had happened more than once.

They fought to be the first to say, "He's going to violate Fifth Young Master!"

"Does this happen often?" Lin Yin asked coldly.

The bodyguard with his tongue strangled and bleeding quickly shook his head. He wanted to say something, but he couldn't. He was filled with regret!

The other bodyguards immediately said, "No, just once. Fifth Young Master's acceptance letter to Capital University was intercepted by Second Young

Master. Third Miss snatched it away and was beaten up by Second Young Master. When Fifth Young Master pleaded, then... so it was just once. However, we didn't do it. He did it alone."

Lin Yin felt all the blood in her body instantly turn cold, as if her blood had frozen and shattered cruelly. Her limbs and bones hurt badly.

Lin Yin suddenly remembered what Wei Ji had said. Wei Xuan was dressed uniquely. It would be easy to track her if she was lost.

Perhaps it was not because it was easy to track her down, but to protect Wei Xuan. The Wei Family was crazy. Even Wei Ji, their younger brother, was humiliated like this. Naturally, they would not have a good heart and be gentle to Wei Xuan. Perhaps one day, they would treat Wei Xuan like this. Otherwise, Wei Xuan would not have been disheveled just now.

When Lin Yin's death gaze turned to the bodyguard whose tongue was strangled, the bodyguard was so frightened that he was sweating profusely. He shook his head vigorously and couldn't help but look at Wei Chi.

Wei Chi had been beaten up by Lin Yin. At this moment, he silently turned his gaze elsewhere and pretended not to see.

Seeing that he had failed to get help from Wei Chi, the bodyguard looked at Lin Yin, who was walking towards him, in horror. The next second, his lower body hurt so much that he wanted to die on the spot.

Long Huang subconsciously clamped his legs together. Lin Yin was really ruthless. His balls were probably going to shatter from the force, right?

Wei Chi was so frightened that his spine turned cold. He did not dare to move, afraid that if he moved, he would attract Lin Yin's attention. Then, he would probably be the next person to have his balls crushed.

However, how could Lin Yin let him off? In the next second, Lin Yin's gaze turned to Wei Chi..

Chapter 712: Knock Him Out and Carry Him Away

Wei Chi thought that Lin Yin was going to step on his balls too. He was so frightened that he endured the pain in his abdomen and head and quickly crawled back.

Lin Yin sneered and kicked Wei Chi's annoying butt. Then, she turned to look at

Long Huang and asked, "Can you secretly carry someone out of the Wei Family?"

Long Huang looked at Wei Chi and then at the bodyguards. He only asked lightly, "Who? Alive or dead? The dead will be heavier and it'll be more laborious. If they're alive, I'll knock them out and carry them away. It's easier." Long Huang's words frightened Wei Chi and the bodyguards again.

Wei Chi even said with a trembling voice, "Lin Yin, don't do anything rash. I'm from the Wei Family. Even if you have the Mu Family behind you, the Mu Family will abandon you once I die in your hands. I'm of the Wei Family's bloodline. You're just related to the Mu Family. You have to think carefully."

Lin Yin only raised her eyebrows slightly and sneered. "You're right to remind me. So, don't worry, I won't let you die. I'll only return the humiliation Wei Ji has suffered all these years to you. If someone else kills you, it's none of my business."

Wei Chi widened his eyes and wanted to speak again. In the next second, Lin

Yin knocked Wei Chi unconscious and said to Long Huang, "Alright, I've

knocked one out for you. You can carry him first. I'll get Dong Yi to come later."

Lin Yin opened the door. The three people at the entrance of the ancestral hall looked at Lin Yin in unison. Wei Xuan's face was already bandaged.

After Lin Yin handed the bodyguard who had also been knocked out to Dong Yi, she said to Wei Ji, "I'll send you back."

Wei Ji looked inside. Although they could not hear it clearly just now, they could still hear the scream.

Lin Yin only briskly blocked Wei Ji's line of sight and said in a relaxed tone, "It's nothing. Let's go."

Wei Ji nodded obediently, then pulled Wei Xuan up and left with Lin Yin.

Dong Yi looked at the bloodied crotch of the bodyguard in his hand and secretly gasped. "Miss Lin Yin did it?"

Long Huang nodded and smiled. "Who else?"

Dong Yi shook his head secretly. Then, he looked at the other three and asked,

"Did Miss Lin Yin say how to deal with the remaining three?"

Long Huang shook his head. "That's why she's so bold. She actually left them here without a care. Aren't you afraid that these three people will tell others about what happened today? If something really happens to Wei Chi, these three people will be witnesses."

Dong Yi pondered for a moment and said, "Why don't we kill them?"

As soon as Dong Yi spoke, the remaining three people trembled. These people following Lin Yin were all insane murderers, right? How could they kill someone just like that? It was too terrifying.

Long Huang looked at the three of them's frightened expressions and smiled. "I didn't expect you to be so naughty, Dong Yi. Do you like to scare people so much?"

"I'm not scaring them. I'm telling the truth. Otherwise, what if these people spout nonsense and expose Miss Lin Yin?" Dong Yi said seriously.

The three of them begged for mercy. "We won't tell you. We won't tell you even if you beat us to death."

Long Huang tried to persuade her. "Why make things difficult for them? In the end, we have the same profession, right? We're in the same profession. Just give them a way out?"

The three of them, who were still awake, looked at Dong Yi pitifully with gratitude in their eyes.

They did not want their balls to be stepped on, nor did they want to be knocked out and taken away. At that time, they would not know if they were dead or alive. They were just ordinary workers who were here to make money. They did not have to die, right?

Dong Yi thought for a moment calmly and said, "How about this? I'll knock you out. When someone asks, just say that you've been knocked out and don't know anything. Do you understand? If anyone dares to say anything, I'll kill you even if I have to go to the ends of the earth."

The three of them nodded repeatedly and were knocked unconscious by Long Huang.

Long Huang clapped his hands and smiled. "You're good at scaring people!"

Dong Yi said unwillingly, "Aren't you the same? You're quite good at cooperating."

The two of them looked at each other and smiled. Then, Long Huang carried Wei Chi and Dong Yi carried the bodyguard. The two of them took advantage of the night to bring him away.

Wei Ji, who had returned to his room, said worriedly, "Yinyin, is it really fine to leave Wei Chi and those people in the ancestral hall?"

"If there's anything, my bodyguards will handle it. They're very skilled," Lin Yin said to Wei Ji in a light tone. She was afraid that Wei Ji would be embarrassed if he found out that she knew about him, so she decided to pretend not to know anything..

Chapter 713: Raising Snakes

Wei Ji looked at Wei Xuan and asked softly, "Did they say anything?"

Lin Yin was already prepared. She immediately tilted her head in confusion and asked, "What should they say? I beat him up and he didn't even have time to say anything. You're afraid that Wei Chi will threaten me, right? Don't worry, after today, he'll have to retreat when he sees me in the future."

Wei Ji heaved a sigh of relief and said, "That's good. Thank you for today."

Lin Yin sighed and said, "What are you thanking me for? It's nothing. However, has your family always been like this? This Wei Chi is really too much of a bully. Even if he's your brother, he can't take off your clothes just so it hurts more, right? I took into account that he's your older brother. Otherwise, I would have taken off his clothes and hit him. Every punch would hurt even more!"

Seeing that Wei Ji's eyebrows had really relaxed and he did not frown nervously, Lin Yin heaved a sigh of relief. She could not let Wei Ji know that she already knew about those things.

Wei Ji smiled helplessly. "In the Wei Family, my sister and I have no power or parents. Even Grandpa only cares about us on the surface, so we naturally became the target of their bullying."

Lin Yin cursed these people from wealthy families in her heart. Did they all have a fetish for abusing people?

Previously, Lu Yan was also bullied by Lu Xiao and Lu Yue in the Lu Family. Lin Yin was already prepared. She immediately tilted her head in confusion and asked, "What should they say? I beat him up and he didn't even have time to say anything. You're afraid that Wei Chi will threaten me, right? Don't worry, after today, he'll have to retreat when he sees me in the future."

Wei Ji heaved a sigh of relief and said, "That's good. Thank you for today."

Lin Yin sighed and said, "What are you thanking me for? It's nothing. However, has your family always been like this? This Wei Chi is really too much of a bully. Even if he's your brother, he can't take off your clothes just so it hurts more, right? I took into account that he's your older brother. Otherwise, I would have taken off his clothes and hit him. Every punch would hurt even more!"

Seeing that Wei Ji's eyebrows had really relaxed and he did not frown nervously, Lin Yin heaved a sigh of relief. She could not let Wei Ji know that she already knew about those things.

Wei Ji smiled helplessly. "In the Wei Family, my sister and I have no power or parents. Even Grandpa only cares about us on the surface, so we naturally became the target of their bullying."

Lin Yin cursed these people from wealthy families in her heart. Did they all have a fetish for abusing people?

Previously, Lu Yan was also bullied by Lu Xiao and Lu Yue in the Lu Family. Moreover, that was when Lu Yan's parents were around. Later on, it led to Lu Yan becoming a delinquent.

Lin Yin looked at Wei Xuan, who was squatting at the side and quietly eating candy. Wei Xuan, who had just been crying, was now happily licking the candy.

Lin Yin sighed again and said gently, "Where's the first-aid kit? I'll apply medicine to your abdomen wound."

"There's one in Ah Xuan's room. I'll go get it." As he spoke, Wei Ji was about to get up and get the first aid kit himself.

Lin Yin pressed Wei Ji down and stood up. "You're still injured. I'll go get it."

Wei Ji frowned. "Seeing that Ah Xuan's helper isn't around today, Ah Xuan's room might be a little messy."

Lin Yin smiled and said, "It's fine."

Seeing that Lin Yin was insistent, Wei Ji pointed at a small door in his room and said, "Go in from here and you'll reach Ah Xuan's room."

Lin Yin nodded and stood up. She pushed open the door and was shocked to see

Wei Xuan filled with all kinds of strange animals in glass boxes and the mess

on the ground. This was not a room. This was an animal shelter, right?

Especially when she saw that there was actually a snake in Wei Xuan's room and that the snake was poisonous, Lin Yin felt terrible.

Wei Xuan skipped in and pulled Lin Yin around to introduce her good friends. She looked extremely happy.

Lin Yin looked at Wei Xuan in disbelief and asked, "Where did you get all this?"

Wei Xuan introduced them one by one with an innocent expression. The snakes from the forest behind the Wei Family mansion, the centipedes in the garden, the water spiders in the lake, the puppies she picked up, the wild cats in the back mountain, the wild cats in the kitchen, the rats in the hole...

Lin Yin frowned and shook her head.

It had to be said that fearlessness could be used to describe Wei Xuan.

"Where's the first-aid kit?" Lin Yin, who couldn't find it, asked Wei Xuan. Wei Xuan tilted her head and asked in confusion, "What's a first-aid kit?"

Lin Yin said patiently, "When I hurt my hand and it's bleeding, there's a box where you take things out to dress the wound so it stops hurting."

As Lin Yin spoke, she gestured with her hand. In the end, she saw that Wei Xuan was still confused. Lin Yin pursed her lips and could only search for it herself.

After searching for a while, Lin Yin found the first-aid kit in a cabinet.

When Lin Yin left with the first-aid kit, she was still a little worried and pulled Wei Xuan to Wei Ji's room, closing the door tightly.

“Is it really good to raise the animals in your sister’s room like this? Will it be unsafe?” Lin Yin asked Wei Ji as she placed Wei Xuan on a chair.

Wei Ji smiled and said, “It’s fine. Aunt Li has gotten someone to deal with it. What’s more, it’s usually locked in glass boxes. Those glass boxes that might have problems are all locked. Only Aunt Li has the key. It’s usually Aunt Li who feeds them. The glass is also specially made and doesn’t break easily. Relatively speaking, these animals are much safer than these people from the Wei Family.”

Wei Ji joked, but it didn’t make Lin Yin smile. Instead, it made Lin Yin’s heart ache even more for the siblings..

Chapter 714 - 714: It Didn’t Hurt

Lin Yin placed the medicine box beside Wei Ji and said gently, “Lift your clothes. I’ll apply the medicine for you.”

Wei Ji was about to lift it obediently when he suddenly paused. He said shyly,

“I’d better do it myself.”

Lin Yin lifted Wei Ji’s clothes and muttered, “It’s not like I haven’t seen it before. Why are you shy? I’ve even seen your bare butt.”

Wei Ji looked at Lin Yin in shock. He was still wondering when Lin Yin had seen him naked. Then he remembered that when Lin Yin came to save him just now, he was indeed only wearing his underwear.

Wei Ji squirmed. Before he could say anything, Lin Yin lifted the clothes that had slipped off Wei Ji’s body again and even stuffed the hem of the clothes into Wei Ji’s mouth. “Bite it. Don’t drop it.”

Wei Ji looked down at the hem of his shirt in his mouth. Then, he saw that Lin

Yin had already taken the ointment and was gently pressing it on his abdomen.

Her fair fingers slid across his scarred abdomen. The warm touch from the place where the two of them touched was like a ripple that circled to his heart. That unfamiliar gentleness seemed to be gently knocking on his heart, making him feel for the first time what it meant to have his heart beat uncontrollably.

Lin Yin looked up at Wei Ji and asked, "How's the pressure? Does it hurt?"

For some reason, Wei Ji felt that Lin Yin's gaze was burning hot, so hot that he blinked unconsciously, wanting to escape.

Just as Wei Ji was panicking, Wei Xuan stuck her head out curiously and repeated Lin Yin's words with a curious expression. "Does it hurt?"

Wei Ji woke up with a start, as if he had found his voice again. He said with a slightly dry voice, "No, it doesn't hurt."

As soon as he opened his mouth, the hem of his shirt fell off. Lin Yin lifted it up again and stuffed it into Wei Ji's mouth again.

Wei Xuan turned to look at Lin Yin with a smile and repeated Wei Ji's words. "No, it doesn't hurt."

Lin Yin smiled and continued what she was doing. Wei Ji had already regained some consciousness, but he lowered his head, thinking about something.

Seeing that the two of them were no longer talking, Wei Xuan sat on the carpet by the bed with a bored expression.

After applying the medicine for Wei Ji and bandaging Wei Xuan's face, Lin Yin quietly accompanied Wei Ji and Wei Xuan. It was only when Long Huang returned that Lin Yin stood up.

Looking at Wei Ji, whose eyes were hazy with sleep, and Wei Xuan, who was already sleeping soundly, Lin Yin turned to Long Huang and said, "Help me guard them tonight.'

Long Huang frowned in disapproval. "Miss Lin Yin, my mission is to protect you well. If you're worried about the two of them, I'll call two people guarding outside the Wei family in."

Lin Yin shook her head and said, "The new people are too ostentatious. No, don't worry, I'll take care of myself. Please, otherwise, I'll shake off everyone on your team as soon as I leave the Wei Family. I'll shake them off when I see you guys."

Long Huang looked defeated. Lin Yin had gotten rid of them before, so he knew very well that Lin Yin could really make them unable to find her.

Long Huang looked at the thin Wei Ji awkwardly and complained in his heart. It was really infuriating for a man to be so delicate.

"Yinyin, we're fine. You don't have to worry!" Wei Ji said to Lin Yin.

Lin Yin refused directly. "No, I'm worried about you. Let Long Huang guard you and your sister for the night. I'll find an opportunity tomorrow to send you a few people in. Your brother and the others all have bodyguards. It's normal for you to have a few bodyguards."

Long Huang still wanted to refuse, but when Lin Yin glanced at him, Long

Huang deflated and could only compromise. "Yes! I'll guard him well." Long Huang cursed himself for being incompetent. Otherwise, he would not have been threatened by Lin Yin today.

Lin Yin nodded. After getting up and saying goodnight to Wei Ji, she turned around and left Wei Ji's room.

Long Huang followed behind Lin Yin. After gently closing the door, he said worriedly to Lin Yin, "Miss Lin Yin, you have to be careful. The Wei family is not peaceful."

Lin Yin said sincerely, "Thank you, I understand. I'll have to trouble you tonight. By the way, the room next door is interconnected. You can watch over it together."

Long Huang nodded, then sighed and said, "It's not troublesome. As long as you don't shake off our protection in the future, Miss Lin Yin."

Lin Yin smiled and left.

Long Huang did not receive Lin Yin's guarantee and was frustrated and helpless. It was fine if he, a dignified assassin, had become a bodyguard, but now he could even be threatened by a young lady. Sigh, life was not easy..

Chapter 715 - 715: Aunt Li

Lin Yin looked down from the second floor. It was almost four in the morning, and there was already some morning light outside.

Lin Yin sighed slightly. After scanning the room, she slowly returned to her room. After locking it, Lin Yin rested.

When Dong Yi returned, he did not see Long Huang. He was still puzzled. When he found out that Long Huang had been placed by Lin Yin at the door of the Wei siblings' room, he frowned slightly. How could Miss Lin Yin ignore her own safety to protect the Wei siblings?

This was such a dangerous action!

The Wei family was in a mess. What if those blind people really went crazy and attacked Lin Yin?

Thinking of this, Dong Yi sent a message to Long Huang angrily, reprimanding Long Huang for leaving his post.

After Long Huang received it, he could only shake his head in resignation. He put away his cell phone and stopped looking.

Suddenly, there was a sound from the side. Long Huang immediately turned his gaze to Wei Xuan's room and ran over as quickly as possible. He restrained the woman who had just entered with one hand and grabbed the woman's neck with the other. He asked coldly, "Who are you? What are you doing?" The woman said in a trembling voice with panic, "I... I'm Aunt Li. I'm Aunt Li."

"Aunt Li?" Long Huang frowned in confusion. "What Aunt Li? What are you doing here?"

"I... I'm taking care of Third Miss. I'm... I'm Butler Li's wife. I just came back. I came to see if Third Miss is still under the blanket." Aunt Li said in a panic.

Long Huang sized up Aunt Li. In the evening, she had heard Wei Ming ask if Butler Li's wife was back. Long Huang let go of Aunt Li, but his suspicion of Aunt Li was still in his eyes.

As soon as Aunt Li was let go, she hid in the room with a frightened expression and asked weakly, "You... Who are you? What are you doing here?"

With the faint light in the corridor, when Long Huang looked at Aunt Li, he discovered a room full of glass boxes and various animals.

He was filled with doubts. This was that fool Wei Xuan's room? No wonder when he came over yesterday morning, he saw Wei Xuan playing with a toad. This girl was crazy enough to not even be afraid of these things that ordinary people were afraid of.

Seeing that Long Huang was sizing up Wei Xuan's room wantonly, Aunt Li hurriedly opened her hands and mustered her courage to say loudly, "Who are you? Why are you at the door of our Third Miss's room? What's your motive? Let me tell you, this is the Wei Family. Leave quickly. Otherwise, if I shout, you'll... die here. And it's not a good death."

Seeing that Aunt Li looked like she was protecting her master, Long Huang relaxed a little and said, "I'm guarding the entrance of Wei Ji on behalf of someone to protect the siblings."

Aunt Li's eyes were filled with suspicion. "Really? Then wait here first. I'll ask my husband and ask him to come and identify you."

As she spoke, Aunt Li quickly picked up her phone, afraid that Long Huang would stop her.

Long Huang did not do anything. He watched as Aunt Li made the call. He was worried about Aunt Li. If Butler Li came, he could be at ease.

Aunt Li hung up the phone. The two of them stared at each other for a while before Butler Li rushed over.

Long Huang was the first to ask, "Is this woman really your wife?"

Butler Li glanced at Aunt Li and quickly nodded. "Yes, yes, yes. She's my wife.

Her usual job is to take care of Third Miss's food and accommodation."

With Butler Li's words, Long Huang relaxed. Just as he was about to turn

around and leave, Butler Li stopped him and asked with a puzzled expression, "You're Miss Lin Yin's bodyguard. Why are you here?"

Long Huang said disdainfully, "Your Wei Family has too many demons and ghosts. They don't sleep in the middle of the night and come out to harm people, so Miss Lin Yin is worried about Wei Ji and his sister and asked me to guard the door of their room to protect them!"

With that, Long Huang turned around and walked to the door of Wei Ji's room. He leaned gently against the wall to rest.

Aunt Li looked at her husband nervously and asked softly, "Who's Miss Lin Yin? I've only been out for a day. Why is there a new Miss?"

Butler Li told Auntie Li everything about Lin Yin. Only then did Auntie Li say, "There's actually such a thing? From the looks of it, Miss Lin Yin is a good person. She doesn't despise our Fifth Young Master and is even friends with him and wants to protect him.."

## Chapter 716: A Slap

Butler Li nodded. "Old Master also said that if Lin Yin can really protect Fifth

Young Master, Fifth Young Master's life will be different in the future."

Aunt Li asked worriedly, "Then can the other two families let Fifth Young Master off? They can tolerate a Fifth Young Master who doesn't have the strength to go against them, but they definitely won't tolerate a Fifth Young Master who has the strength to compete with them."

Butler Li sighed and said, "That depends on fate. After all, wealth comes from danger. Anyone who really wants to have the right to speak in the Wei Family has to pay a price. The old lady who has already passed away doesn't have this life."

Aunt Li sighed softly and smiled. "You can go back first. I'll go back after I see Third Miss."

Butler Li nodded and said, "Don't get too involved in the matter between Fifth Young Master and Third Miss. I know you've taken care of Third Miss since she was young and have some feelings for her, but remember, you're just getting paid to take care of them. There's no need to get yourself involved."

Aunt Li nodded. "I know. I know what I'm doing."

After Butler Li left, Aunt Li closed the door.

Looking at the empty bed, Aunt Li hurriedly opened the small door and rushed into Wei Ji's room. Seeing that Wei Xuan was sleeping peacefully on Wei Ji's bed, Aunt Li heaved a sigh of relief.

"Aunt? You're back?" Wei Ji had long sobered up when he heard someone enter. Seeing that it was Aunt Li, Wei Ji let down his guard.

Aunt Li turned to look at Wei Ji. Her expression was not good. Her expression was different from before. She asked, "Are your injuries serious?" Wei Ji shook his head. "It's not serious. It's bearable."

Aunt Li walked towards Wei Ji, who was on the sofa. Her expression was gloomy in the dim night light. She smiled and said, "Lin Yin fell into the water for you and got someone to pay attention to your movements at all times. She even offended Wei Chi for you. It seems like she really treats you differently."

Wei Ji nodded. "As long as she knows that I'm not doing well in the Wei Family and that I'll die one day if I don't fight, she'll quickly make up her mind to help me gain a foothold in the Wei Family."

Aunt Li snorted and sat on the sofa at the side. She sneered. "I didn't expect the plan to go so smoothly. As expected, a little girl is a little girl. No matter how powerful she is, her brain is still easily affected by love. Once Lin Yin participates, the Mu family will definitely not sit back and do nothing."

"With the Mu Family as your backing, it's easy to take down the Wei Family with the help of the elders of the Wei Corporation. When the time comes, you can marry Lin Yin and use her. With the Mu Family's love for Lin Yin, I think Lin Yin can get a lot of this huge Mu Corporation. At that time, it'll all be yours."

Wei Ji nodded, but his expression was a little gloomy.

Aunt Li caught the change in Wei Ji's emotions and narrowed her eyes slightly. She probed, "What's wrong? Don't tell me your heart softened? Or can't you bear to see that Miss Lin Yin is good-looking? Don't forget that the Wei Family started like this back then. They destroyed the Dong Family and established the Wei Family. Back then, when something happened to the Fu Family, many assets were temporarily under your Auntie's name."

“In the end? Your Auntie and Uncle were schemed against and both died. Your newborn cousin also died for you, which is why those people didn’t look for the only child of the Fu Family, which is you! Have you forgotten these things? Can’t we treat others like this when they treat us like this?” Li Sheng’s tone became resentful and indignant.

Wei Ji said gloomily, “But the people who treat us like this are the Wei Family and those big families. Lin Yin didn’t do anything wrong, did she? Aunt, I...”

With a slap, Aunt Li slapped Wei Ji hard and said angrily, “You didn’t do anything wrong? Don’t forget that it was Lin Yin’s mother who promised your mother that she would protect her and the child in her stomach. In the end, the news your mother sent got lost, so she fled with the newborn you.”

“Later, I received news that your Auntie was persecuted by the Wei Family.

Your parents carried you to save your Auntie, but they were chased. Your Auntie gave birth prematurely, and your cousin died not long after he was born. Your cousin, Ah Xuan, was a fool from birth! These are all evil things done by those big families!”

The hesitation in Wei Ji’s eyes gradually dissipated..

Chapter 717: I Will Kill Her

Aunt Li looked at Wei Ji in anticipation. Her voice was extremely low as she said angrily, “The Fu Family was forced to death by these big families. Lin Yin’s mother, Ye Wen, is even more detestable! She shouldn’t have personally cut off your mother’s hope after giving it to her. If she hadn’t lied, your mother would have found another way to protect herself and not place her hopes on her. As a result, she was isolated and died tragically!”

Wei Ji’s eyes were already filled with hatred. He looked up at Aunt Li and said, “I’m sorry, Aunt. It’s my fault. I shouldn’t have been bewitched by the enemy’s kindness.”

Aunt Li calmed down slightly and looked at the door of the room. Then, she looked at Wei Ji and said seriously, "You can act and pretend to fall in love with her, but you can't really love her. Think about your tragic family members. If you don't take revenge, you won't be at peace for the rest of your life."

"I understand, Aunt. I won't forget the hatred of the Fu Family," Wei Ji said firmly.

"What if Lin Yin finds out about your identity one day and stops you from taking revenge?" Aunt Li asked as she stared at Wei Ji.

Wei Ji was slightly stunned. Then, his eyes slowly turned fierce. "I'll kill her!"

Aunt Li retracted her gaze in satisfaction and raised her hand to caress Wei Ji's face twice. She asked with concern, "Does it hurt?"

Wei Ji shook his head. "It doesn't hurt. It's far from the pain of revenge!"

Aunt Li retracted her hand and slowly stood up. She said faintly, "It's good that you know what you're doing."

With that, Aunt Li went to look at Wei Xuan, who was still sleeping soundly, and whispered, "Tell your sister to sleep well. Lower your voice and don't disturb her."

Wei Ji nodded silently and fell silent. It was not until dawn that he looked up, his eyes filled with bruises and exhaustion from not sleeping the entire night.

He couldn't help but smile bitterly. Why did he almost lose his mind?

Wasn't it a trap when he met Lin Yin from the beginning? Why did he sympathize with his enemy's daughter as he acted?

Wei Ji slapped himself hard. Just as he was about to slap himself a second time, a pair of small hands grabbed Wei Ji.

Wei Ji looked up and saw Wei Xuan frowning at him. She muttered, "Don't hit

Brother. Brother hurts."

Wei Ji's eyes turned slightly red. He heard from his aunt that when his mother went to save Auntie's family back then, his cousin was still alive. It was just that later on, when the group split up and ran, his mother panicked and took his cousin away. Therefore, Wei Xuan's biological brother was treated as a child of the Fu Family and was blown up in the car.

As for him, he was carried back to the Wei Family as a child of the Wei Family by a freak combination of factors.

Wei Ji touched Wei Xuan's face and said sadly, "Brother really deserves to die. Brother is really useless. If your biological brother was here, he might not be as useless as me. I couldn't protect you and was even bewitched by his enemy."

Wei Xuan did not say anything. She buried her face in Wei Ji's large hand and quickly fell asleep again.

Wei Ji gently stroked Wei Xuan's little head and let her continue to sleep quietly. He promised softly, "Ah Xuan, don't worry. When I successfully take revenge, I'll make you the happiest girl in the world. This time, I won't go back on my word. Definitely."

Wei Ji's eyes reddened as he spoke.

After a night of torment, Lin Yin did not sleep well. Coupled with Wei Ji's matter, she was not sleepy and only rested for a while before getting up.

After washing up, she opened the door and saw Wei Ji standing outside her door fully dressed. Lin Yin asked with concern, "Did you apply ointment on your body? Does it hurt?"

Wei Ji nodded. "I've already applied the medicine. It still hurts a little. It's not as painful as yesterday."

Lin Yin nodded. Wei Yang walked over with a smile. However, when he saw the slight dark circles under Lin Yin's eyes, he asked with concern, "Sister Yinyin, did you not sleep well last night? Why is it so dark under your eyes? Are you not used to sleeping here? Then I'll get someone to change a mattress for you tonight and get you some sleeping incense. My second aunt is good at making incense. I've used her sleeping incense before. It's very useful."

When Lin Yin heard about the incense, she was interested. "I might not be staying here tonight when I go back. You don't have to work for nothing. However, I'm quite interested in this fragrance. I usually can't sleep.."

## Chapter 718: Missing

Wei Yang smiled warmly. "Alright, I'll bring Sister Yinyin to take a look after breakfast. If there's anything suitable, Sister Yinyin, feel free to take it back and try."

Lin Yin nodded and thanked him before following Wei Yang and Wei Ji to the cafeteria.

"Auntie Li came back this morning and gave her some food. She's not hungry now, so I didn't get her to come out to eat. I let her sleep a little longer," Wei Ji explained.

Lin Yin nodded and the few of them quickly arrived at the cafeteria.

Not many people came. Wei Ming, Wang Xu, and Sun Nan were there, as well as Ning Sheng, Wei Hong, and Wei Hu.

Among the younger generation, other than Wei Yang and Wei Ji, no one else came. However, it was understandable. After all, the schedule of the younger generation was still a little different from these older people.

It was just that she did not know if these young people who slept late sensed what had happened in the Wei Family's ancestral hall yesterday.

Actually, Lin Yin had thought about this last night. Even if the ancestral hall was a little far from the main villa, did the Wei Family really not notice that Wei Chi had asked the bodyguards to take Wei Ji and his sister away?

Moreover, she had also brought people to look for Wei Ji and his sister yesterday. Were the Wei Family so relaxed? She had not even seen security patrolling along the way.

This indeed made Lin Yin feel very strange.

"Yinyin, how are you? Have you taken your medicine this morning? If you're feeling unwell, tell me." Ning Sheng's concern made Lin Yin retract her thoughts.

Lin Yin smiled politely and said, "I did. I've recovered quite well today."

Ning Sheng smiled and nodded. Wang Xu also looked at Lin Yin kindly and said lovingly, "Yinyin, quickly sit down. You have to eat breakfast well so you can be energetic for the whole day."

Lin Yin still nodded with a smile and sat down.

Just as everyone was eating breakfast in silence, Butler Li rushed over and said anxiously, "Old Master, Second Young Master is not in the ancestral hall. There are still three unconscious bodyguards in the small room beside the ancestral hall."

Sun Nan was shocked when he heard that. He stood up and pulled Butler Li to ask anxiously, "Butler Li, what do you mean? Was Ah Chi kidnapped?"

Butler Li frowned in embarrassment and said, "I'm not sure yet, because another bodyguard who usually follows Second Young Master disappeared with him. I just called Second Young Master and that bodyguard, but no one answered."

Yuan Yao mocked from the side, "Dad asked Wei Chi to kneel down and reflect.

Perhaps Wei Chi was unconvinced and brought a bodyguard out to have fun. Boys are hot-blooded. What's there to make a fuss about?"

"Yuan Yao, don't talk nonsense here. Your son spends all his time fooling around outside. Do you really think that all boys are as unreliable as your son? What a joke! My son isn't an animal like your son who thinks with his lower body!" Shi Hui panicked when she heard that her son was gone.

Now that she heard Yuan Yao spouting nonsense, she naturally wouldn't let anyone slander her son's innocence.

Wei Ji looked at Lin Yin with a timid and nervous expression. Lin Yin only smiled faintly at Wei Ji, hinting to Wei Ji to be at ease.

When Yuan Yao heard that Shi Hui actually attacked her son like this, she was also furious. She said angrily, "Shi Hui, what nonsense are you talking about? Your son knocked out the bodyguard and went out to fool around. You even want to slander my son. Let me tell you, if you dare to spout such nonsense again, I won't be polite to you!"

Shi Hui did not give in at all. "Sure! Am I afraid of you? I'll say this. Which lowly social butterfly in the capital hasn't your son slept with? He's simply embarrassing and despicable! I...'

Before Shi Hui could finish speaking, she was immediately silenced by the sound of Wei Ming putting down his chopsticks. The two of them did not dare to speak again.

"Butler Li, bring someone to look for him," Wei Ming instructed. Then, he continued to pick up his chopsticks and smiled at Lin Yin. "Lin Yin, I've embarrassed myself. There are many children and many things to do at home.

It's fine. Eat first."

Yuan Yao looked smugly at the anxious Shi Hui and slowly ate. After all, it wasn't her son who was in trouble.

Shi Hui was really worried. What she had said just now was not targeted at Yuan Yao, because her son was really not like Wei Wei, who would be so ridiculous as to not be at home every day and fool around outside..

## Chapter 719: Embarrassing

Shi Hui quickly got up and suppressed her emotions. "I'm full."

Wei Hu also stood up with his wife. Even Sun Nan stood up and left the table with an ugly expression.

Even so, Wei Ming continued eating with a calm expression.

Lin Yin looked at Wei Ming curiously. Wei Ming didn't care about all the children at home equally, right?

His biological grandson was gone and his fate was unknown. Wei Ming could still eat calmly and leisurely. Wasn't he worried at all?

However, even if he did not care, he still needed to see him later. She did not know if Wei Ming could still be so calm when he saw Wei Chi's miserable state.

Before they could finish eating, Butler Li had already returned with Wei Chi and the bodyguards who had been thrown at the entrance of the Wei Family.

Afraid that it would affect Wei Ming's mood to eat, butler Li only got someone to help the unconscious Wei Chi and the bodyguards stop at the door.

Lin Yin also looked up and saw that Wei Chi and the bodyguard were both disheveled. Wei Chi's shirt was torn, and there were obvious signs of intense sex.

Wei Ji suddenly widened his eyes and looked at Lin Yin. Then, he felt uncomfortable. He felt that Lin Yin clearly knew about what had happened to him. Otherwise, she wouldn't have helped him take revenge in this way.

Although he was acting to get Lin Yin's protection, it was still very embarrassing that something like this that had happened to him was discovered.

Sensing Wei Ji's gaze, Lin Yin pretended to not know anything and asked, "What's wrong?"

Wei Ji hesitated for a moment before asking softly, "Do you know something? Otherwise, why would you treat Wei Chi and the others like this?"

Lin Yin frowned and said softly, "Know what? What do you mean? I just asked my bodyguards to throw Wei Chi and the bodyguards somewhere. After all, they're from the Wei Family. I don't have any power or influence, so I don't dare to do anything. Who knows who picked up their bodies? Let me tell you, the times are open now, and there are many perverts. Wei Chi and the others probably met a pervert and were bullied."

Wei Ji didn't know if Lin Yin was telling the truth or lying, but at least Lin Yin didn't expose him directly. This saved his face.

Seeing that Wei Ji did not continue asking, Lin Yin turned her gaze in Wei

Ming's direction with relief. Wei Ming slowly picked up a wet towel and wiped

the corner of his mouth. Then, he looked up at Wei Chi and said calmly, "Let the doctor take a look."

Butler Li obeyed and brought the two of them down.

Yuan Yao shook her head, her eyes filled with joy. Shi Hui had said that her son was a womanizer, but wasn't Shi Hui's son even more exaggerated?

When she saw that Shi Hui had already rushed to the entrance of the cafeteria, Yuan Yao said mockingly, "His clothes are disheveled and he's covered in those unbearable marks. He was even thrown at our door early in the morning. He's embarrassing the family. Sigh, no matter what, my Wei Wei never been so ridiculous as to be thrown at the door."

At this moment, Shi Hui was so angry that she could not refute. She did not expect Wei Chi to appear at the entrance of the Wei Family in such a way.

After hurriedly bringing Wei Chi back to his room, Shi Hui touched Wei Chi's forehead and realized that he had a fever. She was extremely anxious and kept urging the doctor to come early.

The closest was the old doctor who had been taking care of Wei Ming. When the old Chinese doctor saw the densely packed ambiguous marks on Wei Chi's body, he frowned.

As if to confirm something, the old doctor asked the people around him to retreat outside.

Wei Hu asked in confusion, "We have to clear the scene for you to take his pulse? Doctor, Wei Chi is our son. There's no need to avoid him."

The old doctor did not refute and only said calmly, "Then don't blame me for not telling you in advance."

Wei Hu and his wife looked at each other suspiciously. In the next moment, Wei Chi was stripped naked by the assistant beside the old doctor. The blood between his thighs instantly stunned Wei Hu and his wife on the spot.

Before Wei Hu and his wife could ask what was going on, the old doctor said indifferently, "Young people still have to control themselves, especially when it comes to sex between people of the same sex. You can't be rough."

The old doctor's words were like a bolt from the blue that struck the heads of Wei Hu and his wife. Wei Wei, who had rushed over to watch the commotion, heard this explosive news as soon as he entered.

When he got up just now, he heard that Wei Chi was actually more ridiculous than him. He had played with women until he was thrown at the family's door. He did not even wash his face and wanted to come over to mock Wei Chi.. Who asked Wei Chi to mock him for being a female toy every time?

## Chapter 720: Big Mouth

In the end, he did not expect to hear such explosive news!

Wei Wei blinked twice and shouted excitedly, "Is Wei Chi gay? And he's a bottom?"

Shi Hui suddenly turned to look at Wei Wei, who had already rushed in. She subconsciously went to stop him, but Wei Wei was like a dog that had smelled meat and insisted on going forward to personally pry open Wei Chi's butt to see if he had guessed correctly.

Although Wei Wei felt that he was a little perverted, his thirst for knowledge was too strong.

In order to protect their son's face, Wei Hu and his wife did their best to chase Wei Wei, the Wei Family's biggest mouth, out of the door. No matter how hard Wei Wei knocked on the door, they refused to open it.

Shi Hui asked in disbelief, "Doctor, could there be a mistake?"

Although Wei Chi did not play with women often, he had a few serious girlfriends. As Wei Chi's mother, she knew a little about these.

The old Chinese doctor only looked at Shi Hui indifferently. "Why don't you apply the medicine for him yourself and take a look at the wound yourself?"

Wei Hu looked at his son's butt that was covered with dried blood in disdain. He was so angry that he pulled Shi Hui aside and sat far away. The couple was too embarrassed to see the doctor treat Wei Chi's wound.

On the other hand, Wei Wei was as excited as a monkey as he skipped all the way to the dining room that was about to be cleaned up.

Seeing that Wei Ming was about to get up and leave, Wei Wei suddenly said loudly, "Guy, this is too ridiculous. Oh my god! Wei Chi was fooling around with someone for the entire night yesterday. The key is that Wei Chi wasn't fooling around with a woman but a man. Moreover, this is not the key. The key is that Wei Chi is a loser! Do you understand? He's a bottom. It means that Wei Chi was played by a man last night!"

The cafeteria was eerily quiet. Wei Ji twisted his fingers uneasily. Lin Yin gently grabbed Wei Ji's hand, wanting to comfort him, but she didn't dare to say it directly. She could only turn to ask Wei Ji about his injuries. "Does your abdomen hurt again? Let's go back?"

Wei Ji only nodded.

Seeing that no one had reacted, Wei Wei asked in confusion, "No? Aren't you surprised at all?"

Yuan Yao looked at Wei Wei in disbelief and whispered, "Son, don't talk nonsense. How can Wei Chi be gay?"

Yuan Yao was a little puzzled. She had seen Wei Chi get a girlfriend, but her son was the one who told her about it. Wei Chi did look like he had been bullied just now, so she still believed it.

"Really. If you don't believe me, you can ask that old doctor of Grandpa's later. I saw Wei Chi bleed with my own eyes. Really, I'm not talking nonsense."

Wang Xu said with disgust, "Ah Wei, everyone just had breakfast. Don't say such disgusting things. Look at your messy hair. Go back and wash your face before coming out to meet people."

Wei Ming ignored Wei Wei and turned to leave the cafeteria. The others also left.

Wei Wei pulled his parents and said, "Dad, Mom, I'm really not lying!"

When Yuan Yao saw that there were only three of them in the dining room, she burst into laughter.

Wei Hong explained, "Of course we believe you, but can't you see how ugly your grandfather's expression is? There were outsiders present just now. If Lin Yin spreads that something like this happened to the young master of the Wei family, where will your grandfather's face go? Where will the Wei Family's face

Only then did Wei Wei come to a realization. He only said a little aggrievedly, "My reputation isn't good either. Now that I see Wei Chi with an even worse reputation, I have to step on him."

"Can you be the same? No matter how ridiculous you are, people will only say that you're young and flirtatious. Wei Chi's is different. Just watch. Wei Chi is going to be unlucky. I'm warning you, you'd better not tell anyone else about this matter. It's fine if others talk about it, but you have to shut your mouth, or I'll break your legs!" Wei Hong said.

Wei Wei pouted gloomily. He felt aggrieved that he could tell not everyone about such an exciting thing and make a fool out of Wei Chi.

After Wei Yang and Lin Yin sent Wei Ji to the room, they smiled at Lin Yin and said, "There are many children in our family, so sometimes there might be conflicts between the siblings and they might make some jokes that are overboard. Yinyin, just listen to them but don't take it to heart. '

Lin Yin nodded. "I know. I didn't take it to heart. By the way, you said just now that you wanted to bring me to your second aunt's place to choose a few incense.. Do you want to go over now?"
