

Real Daughter 721

Chapter 721: Finding Medicine

Seeing that Lin Yin had taken the initiative to talk about this, Wei Yang was in a good mood, which meant that he had accurately satisfied Lin Yin's preferences. "Okay, I'll bring you there!"

Wei Yang first brought Lin Yin to the garden where Yuan Yao often made incense and introduced, "A lot of the flowers here were cultivated by Second Aunt herself."

Lin Yin nodded and asked slowly, "Does your second aunt sell the incense that she makes?"

Wei Yang shook his head. "They're not for sale. Second Aunt gives them to the people in the family to use."

"Family? That's your Grandma's lineage, right? I think your second aunt doesn't seem to be on good terms with the third branch," Lin Yin asked. Wei Yang nodded. "It's like this. Sister Yinyin is indeed smart."

Lin Yin only smiled and didn't say anything.

Then, Wei Yang brought Lin Yin to Yuan Yao's studio and said to her with a smile, "Second Aunt, Sister Yinyin said that she can't sleep, so I brought her over to you to ask for some sleeping incense."

Yuan Yao immediately smiled and said, "Ah, Yinyin has such good taste. If you can't sleep, ask me for incense. That's right. Whatever I make is great and has excellent effects."

There was a smile on Lin Yin's face, but her eyes were looking seriously at Yuan Yao's various incense. She asked, "Can I take more different incense? I can pay."

With a generous expression, Yuan Yao said, 'What's the point of paying? Good things are all given to fated people. Take whatever you like.'

"Thank you." Lin Yin was not pretentious.

Yuan Yao enthusiastically pulled Lin Yin to her sample room and said happily,

"This is all my incense. See which one you like. I'll get you a new one."

Lin Yin smiled and replied, "Okay, it's fine. Go ahead and do your work. I'll take my time looking."

Yuan Yao nodded happily. If not for her son's fickle character, she might really have wanted to overestimate herself and let that Young brat Wei Wei woo Lin Yin.

She was good-looking and was a child of the Mu family. How good was that?

However, she could only sigh in disappointment now. Just thinking about it made Yuan Yao feel very indignant. She wanted to go back and beat up her butterfly-like son.

Wei Yang wanted to go forward and introduce a few of them to Lin Yin, but Lin Yin said politely, "It's fine. I'll smell them one by one and see which one I like. Go do your own thing."

Wei Yang stopped what he was about to say and said gently, "It's fine. Take your time to choose. I'll sit at the side and wait for you."

Lin Yin didn't care where Wei Yang wanted to be. She was filled with hope that she could find the incense she wanted here.

Perhaps it was Yuan Yao's fragrance that had made her dazed in the pavilion. Otherwise, Lin Yin really couldn't understand when she had fallen for it.

For the entire morning, Lin Yin smelled the fragrance in Yuan Yao's sample room. Her nose almost stopped functioning, but she didn't find what she wanted.

However, she couldn't ask Yuan Yao directly. What if Yuan Yao was the person who attacked her?

Now, other than Wei Ji, Lin Yin suspected everyone in the Wei Family.

"What's wrong? Is there nothing you like?"

Lin Yin pondered for a moment and said, 'Yes, I might have smelled too much, but I can't find anything I like. I'm a little tired from smelling it. Is there freshly ground coffee here? I think I might need a cup of mellow coffee to wake me up.'

As she spoke, Lin Yin turned to look at Wei Yang and smiled. "Wei Yang, can you help me get a cup of freshly ground coffee?"

Wei Yang naturally wouldn't reject Lin Yin. After Wei Yang left, Lin Yin asked casually, "I want to ask if there's any fragrance that doesn't smell, or is very, very faint, so faint that it almost has no smell."

Lin Yin thought that since that thing could enter her body without anyone knowing, it naturally wouldn't have a rich fragrance.

"No smell?" Yuan Yao thought for a moment and said, "There are a few, but they still have some smell. They're very faint. They're just used to clean the air. They're not considered incense. They're considered failed products. There are also some that have too many ingredients, it causes one's mind to be confused easily. If you want them, I'll bring them over for you."

Lin Yin hid the glint in her eyes and said bluntly, "Alright! Sorry to trouble you.."

Chapter 722 - 722: Fragrance

Yuan Yao shook her head and thought that Lin Yin's taste was quite strange. She needed something tasteless.

Soon, Yuan Yao brought over a few small bottles containing liquid and said,

"These are all here. They've been here for a long time and are all dusty. Take a look and see which one you like. If the formula is still there, I'll make another bottle for you."

Lin Yin took the box from Yuan Yao and carefully opened it one by one. When she opened the third box, Lin Yin's lowered eyelashes quivered.

This was a familiar smell.

Lin Yin continued to pick up the bottles beside her and went through them all. In the end, only the bottle just now had the feeling that she had come into contact with it before.

Lin Yin picked out a few bottles from the box and said, "There's no need to make them again. There are only these few bottles. Can you give them to me?"

With a generous expression, Yuan Yao said, "Of course you can. These are failed products to begin with. It's just that I don't have the habit of throwing samples, so I kept them. If you like them, you can take them back."

Lin Yin smiled and thanked her. Then, she found a sofa and continued to ask,

"Aunt Yuan, do you usually only make one bottle when you make samples?"

Yuan Yao shook her head and said, "That's definitely not the case. It's always a minimum of 5 bottles. The main thing is that sometimes, if you encounter some better incense and there's only one bottle, it won't be enough to give it to others to try."

“Aunt Yuan, who did you give each sample to for testing first? There are so many people at home. One bottle is indeed not enough.” Lin Yin chatted with Yuan Yao as if they were talking about family.

“That’s not necessarily true. Sometimes it’s for my mother-in-law, and sometimes it’s for Wei Yang’s mother. Sometimes I give it to the younger generation too. I give it to anyone other than the third branch” Yuan Yao said.

“Then I don’t think you’ll give such failed products to others to smell, right? Then will you give them to the servants?” Lin Yin pointed at the bottles in her hand and asked.

Yuan Yao immediately shook her head. “I usually don’t give away failed products. My things are all used by nobles. I don’t give away to servants. Even if they’re failed products, I won’t give it to them to use. However, this isn’t considered a failed product in the beginning. I always make the samples first and give them to others after I have gotten feedback and if many people don’t like it, I’ll give up.”

“Is that so?” Lin Yin smiled and said calmly.

From the looks of it, the person who used the bewitching incense on her most likely was not from the third branch.

Lin Yin couldn’t help but smile. The Wei Family was really complicated. The person who pushed her was from the third branch, but the person who planted the incense had little to do with the third branch.

This matter was getting more and more blurry and interesting.

Yuan Yao was still talking about her fragrance. Lin Yin only smiled cooperatively and occasionally chimed in.

But soon, Yuan Yao’s speed of speaking slowed down. She held her head and said, “What’s going on? Why do I suddenly feel a little weak, like I want to sleep?”

Not to mention Yuan Yao, Lin Yin felt the same way herself, but it was precisely because of this feeling that Lin Yin confirmed that she had indeed found the right thing. Lin Yin calculated the time in her heart. It took about twenty minutes for the drug to take effect.

Lin Yin tried her best to open her eyes wide to see Yuan Yao's expression clearly. She wanted to determine if Yuan Yao was the person who attacked her through some of her body expressions.

However, before she could see clearly, Yuan Yao fainted.

Lin Yin was also groggy. She first sent a message to Wei Yang, saying that she would go back and take an afternoon nap. Then, she put away the bottle in her hand and used all her strength to walk out the door to call Long Huang and Dongyi. She asked the two of them to send her back as soon as possible and told everyone that she had taken an afternoon nap.

Just as Wei Yang was about to bring coffee to Lin Yin, he received a message from Lin Yin. He frowned slightly. She fell asleep in the time it took to make coffee. It was quite fast.

Wei Yang sighed and drank his coffee.

Lin Yin slept for three hours before waking up. This time was exactly the same as when she fell into the water and fainted.

Lin Yin was now certain that the bottle of liquid in her hand had caused her to faint. However, she wasn't sure who had this bottle of liquid in their hands. From Yuan Yao's expression, it seemed like she really didn't know that this thing could cause her to faint.

Lin Yin watched the surveillance video in the bee again. According to the time when the drug took effect after about 20 minutes, the time when she was sprinkled with incense was probably at the pavilion.

But there were so many people, why was she the one that fell for it?

When she opened the bottle at noon, it was obvious that Yuan Yao had also been affected, right?

Chapter 723 - 723: Visiting Wei Chi

Could it be that someone had changed this incense?

As expected, the fight between the wealthy families was not as small as the Su Family's fight previously. It was a little difficult to analyze. They clearly knew that there was an enemy, but they could not even catch the enemy's tail. Could it be that they were going to deal with the second and third branches together?

Lin Yin couldn't take it herself. She wasn't the kind of person who overestimated herself. She still knew her own strength.

She did not want to drag the Mu family down with her, so she could only take it slow.

Lin Yin put away the fragrance and packed her things, planning to leave the Wei family after doing the last thing.

As soon as she arrived at Wei Chi's room, she heard Wei Chi roar and smash things.

Wei Hu questioned loudly with a livid expression, "You still dare to smash things! You did something that humiliated the family, but you still have the cheek to speak loudly and smash things! See if I don't beat you to death today!"

Wei Chi lay on the bed and said angrily, "I told you, I didn't! I was framed! Lin Yin did it to me! She asked her two bodyguards to send me to those bastards! It must be like this."

As soon as Wei Chi finished speaking, Lin Yin gently pushed open the door that was ajar and asked Wei Chi with a smile, "Are you talking about me?" When Wei Chi saw Lin Yin, he was so angry that he wanted to get up from the bed.

However, as soon as he got out of bed, he fell to the ground weakly. But even so, Wei Chi did not stop cursing Lin Yin. "Lin Yin, you b*tch, I'm going to kill you!"

When Wei Hu and Shi Hui saw Lin Yin, their expressions did not look good either. According to Wei Chi, Lin Yin was the culprit who caused Wei Chi to be hurt like this.

Wei Hu held back his anger and questioned, "Miss Lin Yin, there's a small conflict between you and Wei Chi, but isn't your behavior a little despicable?" Lin Yin asked curiously, "Mr. Wei, I'm at a loss. What did I do?"

Shi Hui was so angry that she went forward and pointed at Lin Yin, cursing, "You were the one who instructed those people to force my son. You still have the cheek to ask what you did?"

Lin Yin nodded softly and said innocently, "How could it be me?"

As she spoke, Lin Yin turned to look at Wei Chi and asked seriously, "Wei Chi, did you see me get someone to give you to those men with your own eyes?" Wei Chi frowned and shook his head.

Lin Yin continued to approach Wei Chi and asked, "Then did you see my two bodyguards send you to those people with your own eyes?"

Wei Chi's frown deepened as he shook his head again.

Lin Yin snorted and sneered. "You don't even know who brought you out of the Wei family. How can you be sure that I did it?"

Wei Chi sat on the ground and doubted his life. He had indeed not seen Lin Yin's people bring her out of the Wei family with his own eyes. It was not Lin Yin's people, nor could it be anyone else.

"It's you! You knocked me out!" Wei Chi suddenly looked up. Regardless of whether it was Lin Yin or not, someone had to pay for the harm he had suffered this time.

Lin Yin sighed and smiled. "Wei Chi, don't point fingers. I came today to tell you who caused you to be so embarrassed." Wei Chi looked at Lin Yin suspiciously.

“Do you want to know?” Lin Yin’s voice was bewitching.

Wei Chi frowned and thought for a moment, then nodded heavily. He felt that the probability of Lin Yin attacking him was 99%, but if Lin Yin said that the murderer was someone else, he wanted to hear it.

Lin Yin looked at Wei Hu and Shi Hui beside her and smiled. “Wei Chi, I’ll only tell you this. It’s not good for your reputation if too many people know about this.”

Wei Chi gritted his teeth at Lin Yin’s words. His eyes were filled with anger as he watched Lin Yin approach him. Then, he heard Lin Yin say in his ear, “Yes! I was the one who got someone to rape you! If you dare to attack Wei Ji, I’ll return it tenfold!”

Wei Chi’s expression changed drastically. He wanted to tear Lin Yin apart, but when Lin Yin took out her phone and handed it to him, he was immediately stunned.

It was a video of him begging a few men to let him off.

Wei Chi looked at Lin Yin, who was smiling brightly, with bloodshot eyes. He did not know how to react.

Shi Hui was curious about what Lin Yin had shown Wei Chi and quickly stepped forward to snatch it. In the end, Wei Chi hit the cell phone to the ground. The screen shattered and the image turned black..

Chapter 724: Giving a Bodyguard

Lin Yin only calmly picked up the broken phone and said softly in Wei Chi’s ear, “It’s okay if it’s broken. I’ve made a few backups. As long as you dare to expose me or continue to bully Wei Ji in secret, I’ll let this video spread all over the Internet and let everyone see you like this.”

Wei Chi trembled with anger and squeezed out the words “Lin Yin” from between his teeth.

Lin Yin stood up calmly and asked Wei Chi condescendingly, "Wei Chi, tell your parents, did I harm you?"

Wei Chi looked at Lin Yin angrily and said indignantly, "Lin Yin didn't do it. I went out to play myself. I was unlucky to meet a pervert."

Lin Yin shook her hair and said regretfully, "Why did such a thing happen?"

That's why boys have to protect themselves outside. They can't act recklessly and have to keep themselves clean. If not, look. Something happened, right?"

Wei Hu's family's expressions were ugly. Shi Hui said bluntly, "Miss Lin Yin, this is our Wei family's business. An outsider like you should leave quickly."

Lin Yin nodded. "Yes! It has nothing to do with me. I'm just leaving the Wei family. I've disturbed you for the past two days and came to say goodbye."

Goodbye? Lin Yin was clearly here to laugh at him! Wei Chi thought hatefully. Lin Yin turned around arrogantly and left. Then, she went to Wei Ji's room and bade farewell to the host, Wei Ming.

The curtains in Wei Ming's study were drawn, and there was only a not-so-bright orange light on, making the entire atmosphere seem heavy and oppressive.

Seeing Lin Yin and Wei Ji enter, Wei Ming took off his glasses and said with a

smile, "Is the little girl preparing to go back?"

Lin Yin also smiled politely. "We've played for a day. It's about time. We should go back."

Wei Ming nodded and looked at Lin Yin. "Someone sent some seafood over today. You can bring some back."

Lin Yin added, "How embarrassing. I eat, drink, and live in the Wei Family. How can I take the host's things after I leave?"

Wei Ming smiled and said in an old voice, "It's not anything expensive. It's just some food."

Lin Yin raised her eyebrows slightly and said with a grateful expression, "I wouldn't dare to decline an elder's gift. Since Grandpa Wei is generous, I'll accept it as a junior. However, etiquette comes and goes. Since I've enjoyed the Wei Family's gifts thanks to Wei Ji, I'll give Wei Ji some gifts in return. I wonder if Grandpa Wei agrees?"

"Yinyin, there's no need," Wei Ji said.

On the other hand, Wei Ming stared at Lin Yin and his already gray eyebrows curled up slightly. He smiled and said, "I wonder what kind of gift requires my approval."

Lin Yin tilted her head and smiled mischievously. "A person!"

Wei Ji was shocked. "Yinyin, what are you talking about?"

Seeing Wei Ji's terrified expression, Lin Yin stopped Wei Ming and the other party from staring at each other. She chuckled and said, "What are you thinking? I'm not giving you a woman. I just want to give you a few bodyguards. What's there to be afraid of? The Wei family is so big and there are too many people. I'm worried about you."

As Lin Yin spoke, she continued to look at Wei Ming openly.

"Lin Yin, you're very bold. You blatantly want to stuff your people into our Wei

Family." The smile on Wei Ming's face did not fade, but his voice turned colder.

Wei Ji hurriedly pulled Lin Yin back and said, "Grandpa, Yinyin is just concerned about me. She doesn't have any ill intentions. If you don't agree, Yinyin won't bring anyone in."

Wei Ming only slowly turned his gaze to Wei Ji. "Who said I didn't agree? Could it be that our dignified Wei Family can't accommodate a few bodyguards? You're the blood of our Wei Family. If someone is willing to spend money to hire bodyguards to protect you, our Wei Family will have profited."

Wei Ji was a little stunned. Lin Yin reached her destination and smiled. "Thank you for your trust, Grandpa Wei. Don't worry, as long as nothing happens to Wei Ji, my people won't do anything out of line."

Wei Ming smiled ambiguously and said lightly, "Little girl, you can protect Wei Ji for a while, but can you protect him forever? There's no one in this world who treats a person well forever for no reason. If you protect him now, if one day you get married and your husband is involved, and you don't want to protect him anymore, his outcome might be even worse."

Wei Ji frowned at Wei Ming and subconsciously called out, "Grandpa..."

Chapter 725: Sacrificing Wei Ming

Lin Yin narrowed her eyes slightly. "Is this why you've been watching?"

Wei Ming didn't comment. He just took a sip of tea and said indifferently, "I'm just curious. How long can you last?"

Lin Yin snorted. "You don't have to worry about that. I treat Wei Ji as family. In my opinion, family is stronger than marriage. Aren't you a lesson?"

Lin Yin suddenly sneered and covered her mouth. "Look at me, I'm out of line. How can I talk nonsense about an elder's marriage? It's just that I think that if I don't talk nonsense about marriage, I can't talk

nonsense about family ties either. Wei Ji has been living in the Wei Family all these years as if he's not a biological child. It seems that in Grandpa Wei's eyes, be it marriage or family ties, they're not stable."

Wei Ji really did not expect Lin Yin to say this in front of Wei Ming. He immediately looked at Wei Ming. He thought that he would see Wei Ming's furious expression, but he did not expect Wei Ming's expression to not change at all.

"You're a bold little girl. You can arrange for a few bodyguards. I want to see how long you can last." Wei Ming smiled, his eyes looking like he was watching a good show.

For some reason, Lin Yin had a strange feeling about Wei Ming's expression. She was so sensitive that she felt like she was being wrapped in something.

After Lin Yin and Wei Ji came out of Wei Ming's study, Wei Ji heaved a sigh of relief and said to Lin Yin, "Yinyin, you don't have to do this for me. If you offend my grandfather, even if you have the Shi Sheng Corporation behind you, you won't be able to withstand Grandpa's targeting."

"Don't worry about me. Your grandfather won't do anything to me," Lin Yin said with a smile.

She did not want to say too much to Wei Ji, nor did she want Wei Ji to feel upset when he found out about her relationship with the Mu family.

Lin Yin brought Wei Ji to the entrance of the Wei Family. Sun Biao had already brought four bodyguards to wait for her.

After instructing the bodyguards, Lin Yin bade farewell to Wei Jidao. Before she left, she did not forget to ask Wei Ji to inform her in time if anything happened.

Wei Ji had arranged for the four bodyguards that Lin Yin had sent over. As soon as he entered the house, he was pulled to the side by Aunt Li and asked softly, "What does Lin Yin mean? Did she send someone to supervise you? Did she discover that you lied to her about her feelings?"

Wei Ji shook his head and said in a low voice, "No, these four bodyguards were given to me because she was afraid that I would be bullied in the Wei Family again. Grandpa also agreed."

Aunt Li instantly heaved a sigh of relief, but her expression was still serious as she said, "In that case, we have to be careful what we say in the future. She said that they're here to protect you. Who knows what she's up to? If she's already discovered, these four people are here to supervise you."

Wei Ji nodded and said, "I know. I'll be careful in the future. Even in the Wei Family, I'll treat myself as the Wei Ji who really likes Lin Yin until I completely pull Lin Yin and the Mu Family to our side."

Knowing that Lin Yin had specially gone to Wei Chi's room before she left, the corners of Ning Sheng's lips couldn't help but curl up. She smiled and said to

Wei Yang. "This Lin Yin is indeed ruthless. She even schemed and deliberately

provoked him before she left. Lin Yin has such despicable methods. She didn't waste her ten years spent in the slums."

Wei Yang took a sip of tea and said calmly, "I don't know how Grandpa is going to deal with Wei Chi this time. Although it was Lin Yin who schemed against him, it seems like Grandpa isn't prepared to pursue the matter with Lin Yin, so this fire will burn directly to Wei Chi."

"It won't be good," Ning Sheng said with a smile.

As Ning Sheng had expected, because of Wei Chi's matter this time, Wei Ming directly removed Wei Chi from all his positions in the Wei Corporation. He even froze all the bank cards under Wei Chi's name and retracted all his assets. In the end, he was sent to the temple to shave his head and be forced to cultivate for a year.

No matter how miserably Wei Chi cried and Sun Nan cried for mercy, it could not change Wei Chi's schedule of being sent to the temple to cultivate.

When Lin Yin returned home, the sound of the door opening and closing quickly reached Lu Ming's ears.

Lu Ming suppressed the urge to see Lin Yin. He had not seen Lin Yin for a long time.

The moment he heard the doorbell ring, his restless heart suddenly beat wildly. He couldn't help but wonder if Lin Yin would knock on the door.

Lu Ming paced back and forth in the living room. When the doorbell rang again, the longing in Lu Ming's heart had already occupied his rationality. He turned around and walked over, opening the door with a joyful expression..

Chapter 726: Hou Ning

However, the moment he saw the person at the door, his expression instantly froze. Even his smile was stiff and unnatural.

The woman at the door had straight black hair that reached her shoulders. She stood upright from head to toe, exuding an aura. Her determined eyes were bright as she looked at Lu Ming in surprise.

Lu Ming stopped smiling and asked curiously, "Hou Ning? Why are you here?"

Hou Ning's expression was instantly filled with confusion. When Lu Ming opened the door just now, he was obviously filled with joy. Joy that she had never seen before. It was a brightness that she had never seen before. She thought that after not seeing him for three years, Lu Ming had become gentle and loved to smile.

She did not expect that she would suddenly become the Lu Ming she was familiar with.

Hou Ning was not a fool. She did not answer Lu Ming's question and only asked jokingly, "Who were you waiting for just now? Your girlfriend? Otherwise, why were you smiling so happily?"

Lu Ming forced a smile. "I thought the takeout I ordered had arrived."

How could Hou Ning not tell that Lu Ming was lying? After all, they had been partners for a few years. If she could not tell this, it would be a waste of the tacit understanding she had cultivated for a few years.

However, Hou Ning was not an insensible person and did not insist on getting to the bottom of it. She just blinked and said, "Your old comrade is here to catch up with you. Why? Are you planning to block me at the door to entertain

Lu Ming looked at the house beside and then moved to the side in disappointment. He said softly, "Come in."

After Hou Ning came in, she looked at the small apartment curiously and smiled. "You, Lu Ming, actually like an apartment renovated like this? I'm very surprised."

Lu Ming looked at the apartment. After buying this apartment, it had been redecorated according to Lin Yin's renovation. It was indeed not his style.

Lu Ming sighed in his heart. He poured a glass of water and handed it to Hou

Ning. He sighed and said, "People change. Their taste will naturally change."

Hou Ning stopped drinking water for a moment, then smiled and said, "You've indeed changed a lot. You were so impressive in the army in the past. If your brothers saw you looking so depressed today, they would probably laugh their head off. To be honest, you look like you've fallen out of love. Tell me honestly, are you really dating behind our backs?"

Lu Ming only smiled faintly and said, "I'm really not ."

Hou Ning said with disdain, "You came out three years earlier than us, but you're still the same as us. You can't even get a girlfriend. You're really a failure. If I had known this would happen, I would have agreed to Grandpa Lu's engagement with you back then. This way, at least help each other and get rid of two single people."

Lu Ming looked up at Hou Ning and said seriously, "Don't make such jokes again. Let bygones be bygones."

Hou Ning was stunned. She had said this many times in the past. Lu Ming had always smiled and said nothing. Why was it different today? Lu Ming looked like he was drawing a line and did not want others to misunderstand.

Back then, she and Lu Ming entered the army together and became comrades.

Perhaps it was because the two of them were close, but one year, Grandpa Lu joked that the two of them could try to be together. Lu Ming did not object at that time.

That was why Grandpa Lu jokingly took the gift list and said that they might as well get engaged during the New Year greetings. It was just that she was at the stage of being promoted at that time, so she rejected it.

The girls of the Hou Family would never give up their careers for a man.

Moreover, she felt that if the two of them really had feelings for each other, Lu Ming would not mind waiting for her for a few years. Hence, she had been friends with Lu Ming for so many years. In her opinion, this was the kind of ambiguous relationship that was more than friendship.

But now, something seemed to be wrong.

Lu Ming was really trying to cut ties with her just now!

Hou Ning smiled and said, "It's just a joke. Don't take it to heart."

With that, Hou Ning stood up and said awkwardly, "What delicious food are you going to make tonight? I really miss your culinary skills after you left for three years. I want to have a good meal tonight. Otherwise, I'll be letting myself down."

Lu Ming's good culinary skills were very famous in the army, but only they could eat it. The others could only watch eagerly.

Therefore, Hou Ning really wanted to eat Lu Ming's food..

Chapter 727: Meeting

After Lu Ming raised his head and drank a glass of water, he said, "I rarely cook anymore. Since you're back today, I'll bring you out to eat as a welcome."

Hou Ning looked at Lu Ming in disbelief. First, he had cut ties with her, and now he didn't even cook for her. She wouldn't believe it at all if Lu Ming said that he was fine.

Hou Ning pretended to be relaxed and said, "Lu Ming, aren't you being too mean? Is this how you treat your old comrade? You don't even want to make a home-cooked meal?"

Lu Ming said helplessly, "I'm really a little tired today, and mainly because I don't have any ingredients yet. We might as well go out and eat."

Seeing that Lu Ming was insistent, Hou Ning did not force him. She just sighed and said, "Sigh, as soon as I left the army, I hadn't even returned home and I wanted to go to your place to eat something. In the end, Auntie Song said that you moved here. I rushed over, but my hopes were still dashed. I'm too sad!"

Lu Ming ignored Hou Ning's sigh and picked up the car keys. He said gentlemanly, "Let's go."

Hou Ning resigned herself to fate and followed behind Lu Ming. She looked very different from the Hou Ning that Lu Ming had just seen when he opened the door.

Lu Ming had just opened the door and walked out with Hou Ning when the door next door opened. Lin Yin appeared in Lu Ming's eyes with the trash in her hand.

Lu Ming was a little stunned to see the girl he had not seen for a long time.

Hou Ning had yet to see Lin Yin. When she saw Lu Ming standing rooted to the ground, she went forward and placed her hand on Lu Ming's shoulder. She teased, "Why? Are you going back on your word? Have you found your conscience? Are you going to cook for me personally?"

Lin Yin's gaze landed on the hand that hit Lu Ming's shoulder, especially the hand that then played with Lu Ming's earlobes very frivolously and naturally. The owner of the hand even said, "Why are you in a daze? If you don't decide now, if I starve to death, I'll occupy the status as your first wife and enter your ancestral grave."

Lu Ming was so frightened that he immediately removed Hou Ning's hand and said to Lin Yin uncomfortably, "Throwing trash?"

Lu Ming did not even dare to call her Yinyin.

He was the one who shamelessly chased after Lin Yin back then. It was not easy for Lin Yin to agree to give him the answer on the day school started, but he hid and only appeared today. Normal people would think that he was fooling around.

When they met again today, they still appeared in such a misunderstanding. How could he have the cheek to call her Yinyin?

Only then did Hou Ning look in Lin Yin's direction. She hadn't paid attention to Lin Yin just now and just felt that Lin Yin was Lu Ming's neighbor. She didn't expect Lu Ming to have such a strange expression when he saw his neighbor.

Lin Yin only smiled at Lu Ming and said, "That's right. Throwing trash. Uncle, are you bringing your girlfriend out for dinner? Or did you just come back?" The word 'girlfriend' made Lu Ming's face turn pale.

On the other hand, Hou Ning looked at Lin Yin in surprise and said in confusion, "I remember that Lu Yan doesn't look like this. Lu Yue doesn't look like this either. I've seen many relatives of the Lu Family, but I've really never seen you. Which brother of Lu Ming's is your father?"

Lin Yin smiled faintly and said, "I'm Lu Yan's classmate, so I follow what Lu

Yan calls him."

Hou Ning nodded and said with a smile, "Since she's Xiao Yan's classmate, she's an acquaintance. Why don't we go out for a meal?"

Lin Yin smiled in response to Hou Ning's polite words. "There's no need. I've already ordered takeout."

Hou Ning seemed to have suddenly thought of something. She turned around and said to Lu Ming, "Didn't you say that you were waiting for takeout? Then if we go out to eat now, won't the takeout be wasted? We might not be able to get it later, right?"

Lu Ming did not remember the lie he had just told and nodded in a daze.

Hou Ning turned around and said to Lin Yin, "Can you help Ah Ming get the takeout later? Otherwise..."

Hou Ning turned to look at Lu Ming and asked, "Since we're going out to eat, let's not waste our food. Let's treat Xiao Yan's classmates to the takeout later, okay?"

Lu Ming could neither say yes nor no. He was panicking.

If he said yes, he would be listening to another woman in front of Lin Yin. If he said no, wouldn't that mean that he couldn't even bear to give food to Lin Yin and was very petty?

Lin Yin smiled and said, "Aunt, there's no need. I can help you get the takeout. You can come back later and get it. After all, I ordered takeout myself as well. I can't waste my takeout."

The word "Aunt" directly made Lu Ming lose it. Lu Ming, who had been silent all this time, said, "She's not Aunt.. Hou Ning and I..."

Chapter 728: Takeout

Before Lu Ming could finish speaking, Hou Ning added energetically, "Yes, you've misunderstood. There's nothing between us."

Lin Yin only smiled, her expression unreadable. "No, you two look very compatible. I'll go throw the trash first."

With that, Lin Yin turned around and walked towards the big trash can in the corridor. Lu Ming followed anxiously and said anxiously, "Lin Yin, I have nothing to do with her."

At this moment, Hou Ning seemed to have realized something and looked at Lin Yin and Lu Ming.

After Lin Yin threw away the trash, she smiled at Lu Ming and said, "Uncle, don't worry. I won't tell anyone that you have a girlfriend in advance. You don't have to rush to explain."

As Lin Yin spoke, she brushed past Lu Ming.

Enraged by Lin Yin's words, Lu Ming grabbed Lin Yin's arm. However, before he could move, Lin Yin dislocated Lu Ming's arm.

Hou Ning frowned and was about to attack Lin Yin, but Lu Ming's other hand grabbed her tightly.

Hou Ning quickly reattached Lu Ming's arm and questioned Lin Yin unhappily, "What are you doing?"

Lin Yin only smiled faintly and said, "I'm sorry, I overreacted. However, Uncle, you shouldn't casually hold the arm of a junior of the opposite sex in the future. Otherwise, it will inevitably cause a misunderstanding."

With that, Lin Yin entered and closed the door.

Hou Ning looked suspiciously at Lin Yin's tightly shut door, then turned back to look at Lu Ming, whose expression was obviously bad. She asked uneasily, "Do you have a conflict with that girl?"

Lu Ming just shook his head and did not answer Hou Ning. He just said, "Let's go eat."

Looking at Lu Ming's back as he turned around and walked silently, Hou Ning was deep in thought. It seemed like something unexpected had happened during the three years she was not in the capital.

Hou Ning left with Lu Ming.

Hearing the footsteps outside walk away, Lin Yin washed her hands, took the fruit juice, and returned to the study to continue dealing with the company's matters, as if what had just happened did not cause any emotional fluctuations.

Hou Ning looked at the silent Lu Ming and asked nervously, "Have you had a relationship with that girl called Lin Yin?"

Lu Ming frowned and did not answer directly. He just changed the topic and asked, "What do you want to eat?"

Hou Ning shut her mouth resentfully and casually chose a restaurant. The entire meal was quite quiet.

In the past, Lu Ming was also quiet, but not so quiet that no one dared to talk to him.

Lu Ming called the attendant over and ordered a few dishes. "Pack these dishes and get someone to send them here."

The attendant nodded and took the note with the address in Lu Ming's hand before leaving. .com

Hou Ning joked, "Looks like you were lying to me when you ordered takeout? Now, in order to cover up your lie, you specially ordered for that young lady?"

Lu Ming, do you like her?"

Lu Ming did not answer Hou Ning. He only said in an extremely calm voice,

"Takeout is not healthy. She has to eat something healthy."

At this moment, Lu Ming was unwilling to say that he liked Lin Yin in front of others, afraid that he would cause trouble for her, even if this person was once his comrade.

But he wasn't willing to lie to himself and say that he didn't like her. There seemed to be nothing he could do except not answer.

Hou Ning's forced smile instantly froze on her face. Then, the smile on her face slowly faded as she ate silently.

After eating, according to Hou Ning's initial plan, she planned to go to the Lu Family with Lu Ming to greet Old Master Lu.

However, now that the plan had changed, she needed to investigate Lin Yin first.

Lin Yin, who was at home, frowned when she received Lu Ming's takeout. Mu Ran had just said that he wanted to pick her up and bring her to the Mu family. Tomorrow was the Mid-Autumn Festival. The Mu family hoped that she could go to the Mu family to celebrate the reunion.

Lin Yin called Long Huang over and placed the takeout in Long Huang's hand. She said, "Wait here. When the person next door comes back, help me give it to him."

Long Huang nodded and asked subconsciously, "What's his name?"

"Lu Ming, just give it to him. He knows," Lin Yin said.

Long Huang nodded in a daze and agreed. Then, his gaze turned to the house beside. He did not expect that his boss would live beside Lin Yin.

Just like that, how could he be intercepted by Wei Ji? He looked quite powerful usually. How could he lose to a weak Wei Ji? How could he lose to an extremely weak Wei Ji?

Long Huang stared at his boss's door, expecting better from him. So, when Lu Ming returned, he saw Long Huang with a strange expression..

Chapter 729: Roar of the Lion

Lu Ming looked at Lin Yin's door and then at the takeout in Long Huang's hand. He asked calmly, "She's not at home?"

Long Huang nodded and stuffed the takeout into Lu Ming's hand. "Miss Lin Yin asked me to go to the Mu family after I give it to you."

Lu Ming looked at the takeout in his hand and smiled bitterly. His voice was extremely faint. "Go!"

Long Huang took a few steps towards the elevator and then turned back. He looked at Lu Ming and mustered his courage to ask, "Boss, you asked us to follow Miss Lin Yin all the time. You've clearly taken a fancy to her. You live next door to Miss Lin Yin. Aren't you going to work hard to enjoy the benefits of a favorable position?"

Lu Ming's gaze shot over like a knife, scaring Long Huang so much that he shrank his neck and immediately distanced himself from the dangerous place where he might get cut into pieces.

Lu Ming retracted his gaze and returned to the house with the takeout. Just as he sat down, he received a call from Old Master Lu.

When he picked up the call, Lu Ming had already moved his ear away from the phone out of habit. Sure enough, Lu Xian's almost lion-like voice sounded as expected.

"Where's my granddaughter-in-law? Where did the granddaughter-in-law you promised me go?" Lu Xian questioned loudly.

Ever since Lu Xian saw Yue Shan and Huo Ge at the Mu residence, he had been pestering Lu Ming to take Lin Yin down. After Lu Ming rejected him, Lu Xian called him every other day.

Sometimes, when he was on a mission and his phone was switched off, Lu Xian could still call him persistently. Lu Ming really had a headache.

"Grandpa, Lin Yin and I are so many years apart. We're not suitable. Don't bother me here," Lu Ming said helplessly.

"It's just ten years old. It's not much. Lu Ming, I'm warning you. Hurry up and bring Lin Yin home. I heard that that old lady from the Huo Family brought Huo Ge to the Mu Family's old residence today."

"That b*tch who played dirty is using tomorrow's Mid-Autumn Festival as an excuse to visit. In fact, she must be looking for a breakthrough from the two old farts of the Mu Family. Let me tell you, Lu Ming, if the Huo Family beat you to Lin Yin, I won't be polite to you," Lu Xian said angrily.

Lu Ming sighed inwardly. "Grandpa, this is my future partner. It's not a tool for you to compete with Grandpa Mu and Grandma Huo."

Lu Xian was furious. "How is this a tool for competing? Don't you like that girl

Yinyin? Let me tell you, you can't hide it from me."

Lu Ming exposed him mercilessly. "You said the same thing when you asked me to be with Meng Wan previously."

Lu Ming's words made Lu Xian choke for a long time without answering. In the end, he could only threaten angrily, "Let me tell you, if you really don't want to be with Lin Yin, I won't force you. I'll bring Lu Xiao to the Mu family tomorrow and matchmake Lin Yin into my grand daughter-in-law! In the future, Lin Yin will appear in front of you every day and call you Uncle every day!"

Lu Ming shook his head speechlessly and smiled faintly. "Then tell Lu Xiao to be careful when he sleeps at night. I'm afraid that the three Mu brothers will kill Lu Xiao in the dark and you won't have your only great-grandson." "Lu Ming!" Lu Xian was so angry that his face was red.

Although Lu Ming was right and the Mu Family would definitely look down on Lu Xiao, who was fooling around outside every day, it did not affect his anger.

Lu Ming exhaled heavily and said, "Grandpa, I'll handle my own matters. You don't have to worry."

Lu Xian snorted heavily and hung up without listening.

Old child. The older an old person was, the harder it was to coax them. Lu Ming shook his head helplessly and laughed a few times. Then, he thought of Lin Yin.

Lin Yin did seem to have made a big move recently.

The marriage between the Gong Family and the Yue Family, the fight between the Wei Family, the Huo Family's Huo Ge, and the Mu Family that Lin Yin was born in, as well as their Lu Family. Six out of the eight great families were involved with Lin Yin

Lu Ming had the feeling that Lin Yin was jumping around the eight aristocratic families. This feeling made Lu Ming very worried about Lin Yin.

The Wei Family was complicated and dangerous everywhere. It was obvious that there was something wrong with Huo Ge from the Huo Family. If Yue Han from the Yue Family found out that Lin Yin had destroyed the marriage, Yue Han would probably attack Lin Yin too. Yue Han had never suffered.

As for the Gong Family, Gong Ze had clearly been secretly following Lin Yin's people on some project recently. A university student who usually did not care about the world and was still in school was suddenly so active. It was obvious that Gong Ze was unwilling to be subordinated..

Chapter 730: Yue Shan's Visit

Lu Ming was still thinking about how to reduce trouble for Lin Yin when Yue Shan brought Huo Ge to the Mu Family's old residence happily.

As soon as she saw Sun Yun, Yue Shan got someone to send the gift over. She smiled and said, "Sister Sun, long time no see. Have you become younger again?"

Sun Yun looked at Yue Shan in surprise. Yue Shan used to have a bad expression, so why was she calling her sister with a smile today?

Yue Shan did not take it to heart. Before Sun Yun could speak, she pulled Sun

Yun's arm affectionately and smiled. "It's the Mid-Autumn Festival tomorrow. I brought my Huo Ge here to send you a gift."

Sun Yun was even more puzzled. She suspected that Yue Shan had been possessed by a ghost. In the past few decades, Yue Shan had never come to send any gifts.

However, although she was suspicious, Sun Yun quickly smiled and said, "Sigh, it's just a gift. Why did you bring the child here personally? Come, come, come, quickly come in."

As Sun Yun welcomed Yue Shan, she asked the servants to quickly prepare tea and snacks to welcome the guests.

Yue Shan knew that there was a high chance that Lin Yin would not be around, so she asked, "Sister Sun, your precious granddaughter is on vacation, right? Tomorrow is the Mid -Autumn Festival. I think she's going back to the old residence for a reunion dinner, right?"

Sun Yun thought that Yue Shan was talking about Mu Ning. She nodded and smiled faintly. "Of course. She's thinking about the two of us. Naturally, she has to eat with us for the reunion meal."

Yue Shan nodded and reached out to pull Huo Ge to Sun Yun. She smiled and said, "Xiao Ge, come and greet your Grandma Sun."

Huo Ge shouted obediently at Sun Yun, "Hello, Grandma Sun!"

Sun Yun agreed with a smile. Then, she heard Yue Shan say, "Sister Sun, Xiao Ge is 23 years old this year and has graduated from university. I think he and your granddaughter are the right age. Why don't we matchmake them as elders?"

Hearing Yue Shan's words, Sun Yun sized up Huo Ge seriously. He was the right age and looked good. He was also the favored child of the Huo Family. In the future, Huo Ge would inherit the Huo Family. It sounded appropriate, but she did not know if Mu Ning liked him. She still had to ask Mu Ning for his opinion.

Sun Yun smiled and said, "Your child is a good person. It's just that young people nowadays pay attention to mutual feelings. It's not like our arranged marriage in the past. I'll ask that child what she thinks when the time comes."

Yue Shan was a little unhappy. Lin Yin was obviously unwilling. If she asked Lin Yin, wouldn't she have come to the Mu family for nothing?

Yue Shan held Sun Yun's hand warmly and smiled. "How should I put it? Sister Sun, didn't you and Brother Mu have an arranged marriage previously? Aren't you still living happily and making people

envious? As long as the two of you are compatible, the relationship can be slowly nurtured, right? The most important thing is your character.”

A hint of mockery flashed in Sun Yun’s eyes. Love could be slowly nurtured?

This Yue Shan really dared to say that wasn’t the matter between Huo Huai and Chao Yun all over the place back then?

It was unknown if feelings had been nurtured, but Chao Yun’s life was gone.

However, Yue Shan had a discerning eye. Although she and Mu Kun had not been so harmonious all these years, overall, she was much happier than her peers.

Huo Huai’s character was bad. She wondered if Huo Ge’s character would take after his biological father’s.

Although Mu Ning was not of the Mu family’s bloodline, she had been raised by her and doted on. Therefore, she had to choose a marriage partner for Mu Ning.

Sun Yun sized up Huo Ge and said proudly, “You make sense. I’ll take it to heart.”

Yue Shan did not miss the mockery in Sun Yun’s eyes just now, but she still maintained her dignity and smiled. “Then it’s settled. After the Mid-Autumn Festival tomorrow, find a time. The children are on vacation, so we can let them play together and nurture their relationship.”

Sun Yun nodded. After sending the Huo Family away, Sun Yun went to Mu

Ning’s room and told her what had happened today with a smile. “I was afraid that you wouldn’t like it, so I didn’t let you go out to meet anyone. I wanted to come over and ask you first.”

Mu Ning was suspicious. Was Yue Shan mistaken? When she was in the Huo Family, she could feel Yue Shan’s coldness towards her and her enthusiasm for Lin Yin.

Therefore, if she was not wrong, Yue Shan was probably trying to matchmake Huo Ge and Lin Yin, not her.

Envy flashed in Mu Ning's eyes. If Lin Yin did not come back, the halo of the Mu family's daughter would only appear on her..
