

Real Daughter 751

Chapter 751: Verification

However, she did not expect this chairman to be so simple. No wonder Su Su said that the girl was not Lin Yin at noon because Lin Yin did not have that dress.

After Xiluo completely relaxed, her gaze accidentally caught a bag in the corner of the cabinet.

Since she had come to investigate, she had to investigate to the end, not letting go of a single corner. Xiluo picked up the bag.

When she opened the bag and saw the dress inside, she stood rooted to the ground in shock.

Wasn't this dress the one Mu Ran's rumored girlfriend was wearing?

As if she was unwilling to believe it, Xiluo picked up her phone and looked at the photos of the post. She magnified several times, just to confirm if they were the same dress.

Xiluo felt as if she had been hit hard by a hammer because it was really the same.

Xiluo looked at the tag on the dress. This dress was a big brand. The famous D.Ning. There was a mark personally made by D.Ning on it. This meant that this dress was handmade by D.Ning.

D.Ning was a brand of high-end gowns. It was a big brand that had made gowns for the royal family. Currently, the official website was mainly about gowns. Now that such a fresh dress appeared, it was either a fake or it was really D.Ning's unique design.

Xiluo picked up her phone and checked D.Ning's official website, but she did not find this style.

In Xiluo's opinion, this dress was incompatible with the clothes in Lin Yin's closet. Someone must have bought it.

If Lin Yin was really Mu Ran's girlfriend, then it was very likely that Mu Ran had bought it. With Mu Ran's personality, he would definitely not buy an imitation brand for Lin Yin, nor would he let Lin Yin wear any imitation brand.

Therefore, as long as she proved that this dress was fake, Lin Yin would definitely not be Mu Ran's girlfriend. It must be like this.

At this moment, Xiluo looked like she had caught evidence of his boyfriend's affair. Her heart ached and she was sad, but she was also a little unwilling to believe it. Her mind was filled with all kinds of strange logic and it was a mess.

She quickly stuffed the dress back into the bag and closed Lin Yin's closet door. She took the bag containing the dress and went out. She took a taxi to the luxury goods appraisal store and completely forgot about Su Su and Feng Yu.

Xiluo arrived at a shop that looked old. She hurriedly took out the clothes and said to the shop owner, "Help me take a look. Is this the original design by D.Ning?"

When the shop owner saw that it was a fresh dress, he frowned slightly and said in confusion, "D.Ning's designs are basically more luxurious gowns. How can there be such a normal dress?"

Not to mention the shop owner's confusion, even Xiluo was puzzled. "It's a little strange, but I'll have to trouble you to take a good look. Whether it's true or not, I won't give you less money, but you have to investigate clearly."

The shop owner took the dress and examined it carefully. When he saw

D.Ning's exclusive mark, the shop owner exclaimed, "This isn't just produced by D.Ning. It was handmade by D.Ning herself."

As the shop owner spoke, he went to the clothes rack and took out a luxurious gown wrapped in a transparent dust bag. Then, he took out the gown and carefully spread it out. "Coincidentally, I have a gown made by D.Ning."

The shop owner held a magnifying glass and carefully observed the handmade logo of the two clothes. Xiluo watched nervously from the side.

Seeing that the shop owner was observing and shaking his head, Xiluo thought that the shop owner could tell that Lin Yin's piece was a fake, so she was slightly happy.

Unexpectedly, the shop owner shook his head and said, "I didn't expect that after retreating behind the scenes for so many years, this D.Ning would actually change her preference and like to design ordinary dresses." "Boss, what do you mean? Did D. Ning personally design and make this?" Xiluo asked anxiously.

The shop owner put down the magnifying glass in his hand and nodded. "Look at the line of this logo. This is indeed D.Ning's work, and I can tell that it's handmade. Young lady, you're from a good family, right? To be able to get D.Ning to personally make this dress for you, it seems like your family is either rich or noble.."

Chapter 752: Interrogation

Xiluo looked at the boss in disbelief. She took out her phone with a dark expression and took out the photo of Lin Yin's face with a censor. "Look at the dress this girl is wearing in the photo. Look at the one in your hand now. Can you tell that it's the same one?"

The shop owner picked up the magnifying glass again and muttered, "How can I tell? Let me tell you, young lady, it's D.Ning's design and it's a style that has never been seen before. It must be the only one in this world."

Xi Luo couldn't be bothered with the boss's guess. She just urged, "Look carefully. I want the correct answer."

She would rather believe that Lin Yin had just happened to wear a similar dress to the girl in the photo.

The shop owner checked it carefully and said, "Same piece, it's definitely the same piece. Look at the material at the bottom of the dress here. It's the same. It's the same."

Xiluo was like a frosted eggplant, limply leaning against the stand at the side.

No matter how unwilling she was to believe it, she could not continue lying to herself.

The man she thought was her idol and did not dare to blaspheme had actually found such an unbearable woman. Such a notorious woman was not even as clean as her.

At this moment, the dissatisfaction, hatred, and unwillingness in Xiluo's heart were like volcanic lava that had been spat out, burning her thoughts and mind violently.

How could a sinful woman like Lin Yin dirty her idol?

Xiluo took the clothes back from the shop owner fiercely and stuffed them into the bag. She transferred the money from her cell phone and slammed the door before leaving.

As soon as she came out of the shop, she held the bag containing the dress tightly in her hand and returned to the dormitory where Lin Yin was angrily. She pushed open the dormitory door that was only ajar before she left and stuffed the bag in her hand back into Lin Yin's cabinet fiercely.

Then, she looked up at Lin Yin's bed. After staring at it for a while, she packed her things on the ground and left the dormitory.

When Lin Yin returned, the dormitory was empty. She didn't care much and walked straight to her seat. She opened the drawer to get her earphones.

However, just as her hand was about to touch the earpiece, Lin Yin's gaze instantly turned sharp. Someone had touched her things.

Lin Yin checked the entire table before opening the closet with a cold smile.

The bag that she had packed nicely had obviously been turned over.

Only the three of them had the keys to the dormitory, so the person who rummaged through her things was very likely her roommate.

Lin Yin didn't know the other party's intentions and could only wait for the other two to return.

Su Su and Feng Yu returned happily humming a song. In the end, as soon as they entered, they saw Lin Yin's cold eyes, scaring Su Su into taking two steps back.

"Yinyin, what... what are you doing? Why are you looking at us like this?" Feng Yu asked in confusion.

Lin Yin glanced at the two of them and asked, "Which of you touched the things in my cabinet today?"

Su Su widened her eyes and pointed at Lin Yin angrily. "Lin Yin, what nonsense are you talking about? Do you think the two of us are thieves? What a joke. What do you have that's worth the two of us stealing? And who cares about your stupid cabinet?"

Feng Yu also explained, "Yinyin, the two of us really didn't touch your cabinet. Did you lose something? Shall we help you find it?"

"There are only the three of us in our dormitory. Someone opened my cabinet. If it's not you, who else could it be?" Lin Yin said calmly, completely unaffected by Su Su's red eyes.

Feng Yu pulled Su Su back and continued, "Yinyin, I remember now. After the military training ended today, a senior called Xiluo brought two seniors to our dormitory. Later, Senior Xiluo stayed in the dormitory alone to pack her things. Perhaps, Senior Xiluo accidentally opened it."

Only then did Su Su remember about Xiluo. She said, "Lin Yin, don't spout nonsense if you haven't figured it out in the future. Although our family background isn't as rich as yours, we're still honest people. Don't call us thieves as soon as you speak.."

Chapter 753: Dislike

Lin Yin said calmly, "I'm just asking who touched my cabinet. If you didn't touch it, so be it. Just say that you didn't touch it, right? Besides, even if the people outside touched my cabinet, they were brought back by you. Don't you have any responsibility?"

Su Su was speechless by Lin Yin and sat at the side angrily.

Seeing Su Su's current state, Lin Yin knew that Su Su and Feng Yu were not lying.

Su Su was a loyal fan of Mu Ran. If Su Su flipped through her things, she would definitely see the dress in her cabinet and know that she was the person who had gone home with Mu Ran for the Mid-Autumn Festival that day. freeweb .co m

In that case, Su Su would not be so quiet and angry at the side now. She must have pointed at her nose and scolded her for being shameless for seducing Mu

Ran.

Feng Yu asked worriedly, "Then did you lose something? Do you want me to get the dormitory manager to tell her about this?"

"There's no need. I didn't lose anything. It's just that that person searched through all my things," Lin Yin said.

Su Su snorted and sneered. "That person probably wanted to steal something, but she realized that it was all lousy things inside, so she didn't care and left."

Lin Yin looked up at Su Su and smiled maliciously. "My things are broken and yours are new. That person will definitely steal your things. Hurry up and see if your things have been stolen."

With Lin Yin's reminder, Su Su and Feng Yu's expressions changed. They turned around in unison to look at their things.

Realizing that she did not seem to have lost anything, Su Su looked up in Feng

Yu's direction and asked, "Ah Yu, did you lose anything?"

"No, I didn't." Feng Yu shook his head and said, "I didn't lose anything I could think of. Besides, I don't think anyone has searched through my things. What about you? Your things are better and more expensive. Did you lose them?" Su Su also shook her head. "I didn't lose it."

"Looks like that thief doesn't like your things either," Lin Yin said without looking up. Su Su was so angry that she glared at Lin Yin.

Lin Yin ignored her and only thought about what that person called Xi Luo wanted to do. Could it be that she had only searched through her things? What was she looking for?

Lin Yin, who did not get an answer, continued to be immersed in her schoolwork, but a friend request popped up on her phone.

Facing an unfamiliar friend request, Lin Yin chose to ignore it.

In the end, that person sent another friend request. It even said, "I'm Xiluo, a senior who's a year older than you. I have something to tell you."

Seeing this, Lin Yin's interest was piqued. After accepting Xiluo's friend request, she received an address and a message: [Come to this place.] Lin Yin stood up and stretched. She stretched her muscles and left.

Su Su made a face behind Lin Yin and said sarcastically, "She went out in the middle of the night. I wonder which wild man she went to meet. That Wei Ji is really something. What's so good about such a Lin Yin? He follows behind her like a dog every day."

"Alright, stop talking. If Lin Yin hears it, you'll be in trouble again," Feng Yu said with a sigh. Then, she looked at Su Su suspiciously. "Su Su, did you realize that you often say Wei Ji's name?"

Su Su tilted her head and looked at Feng Yu. She frowned and asked, "Is that so? Perhaps it's because Wei Ji is always with Lin Yin that I scolded him together?"

"That seems to make sense. It seems like I was wrong. I almost thought that you liked Wei Ji just now. After all, you teased him before. Although Wei Ji's legs are incompetent, his face is indeed sunny and cute. Moreover, Wei Ji comes from the Wei Family and his family background is not bad." Feng Yu smiled.

"You're crazy!" Su Su looked at Feng Yu as if she was looking at a monster and

said, "No matter what, I'm still healthy, okay? No matter who I like, I won't like a physically disabled person. It's embarrassing to bring him out."

Feng Yu said with a disapproving expression, "Don't talk nonsense. He just limps a little."

"Alright, I understand. I'm just showing you my attitude," Su Su said.

However, when Su Su retracted her gaze and looked at her table, what Feng Yu had just said suddenly flashed across her mind. So would she like Wei Ji?

Then, Su Su shook her head proudly a few times and firmly expressed that it was impossible. Her future Prince Charming was tall, handsome, and charming.

A cripple did not meet her criteria for choosing a partner..

Chapter 754: Sarcasm

Lin Yin came to the place where Xiluo had asked her to go. It was a small pavilion by the abandoned path beside the laboratory building.

This place originally did not have a path, but because there was no path between the dormitory building and the teaching building, the green belt here became a shortcut for those students.

However, there were no street lamps beside the trampled road. At this moment, it looked a little dark and terrifying.

Lin Yin stood for a while and saw a graceful figure slowly walking towards her.

As the figure approached, Lin Yin could see the person's face clearly under the moonlight. It was a long-haired girl with extremely cold eyes.

"Xiluo?" Lin Yin asked.

"It's me!" Xiluo stared at Lin Yin coldly. Her gaze was cold and resentful, as if she could only vent her hatred by devouring Lin Yin.

If it were any other girl, she might have been frightened by Xiluo's gaze, but the person standing in front of Xiluo was Lin Yin.

It was Lin Yin, who had fought her way out of the slums and lived until now. Lin Yin had seen a scene even darker than this.

Lin Yin looked at Xiluo, who had come with ill intentions, and sneered. "Stop pretending. Tell me, what do you want by rummaging through my things and asking me to come here?"

Xiluo did not expect Lin Yin to be so bold. She had deliberately chosen such a place to give Lin Yin psychological pressure, but Lin Yin did not show any signs of fear.

Moreover, she was very smart. She could guess at once that she was the one who had searched the items.

It seemed like she had underestimated Lin Yin. That was true. How could someone like Lin Yin, who could control several big bosses, be so easily frightened by her child's play?

"The girl beside Mu Ran is you, right?" Xi Luo stood a step away from Lin Yin and asked coldly.

Lin Yin chuckled and said, "Didn't you see my dress? Don't you know very well?"

"Lin Yin, let me advise you to stay away from him. This way, you can still complete four years of school. A woman like you who relied on her body to get to where she is, is not worthy of his status and accomplishments." Xiluo threatened.

Lin Yin lowered her head and chuckled. "If I'm not worthy, who do you think is? Someone like you? Someone like you who was blinded by jealousy and threatening another girl?"

Lin Yin didn't explain because she saw viciousness and domineering possessiveness in the girl's eyes. It was also very dangerous for her brother to have such paranoid fans. She didn't know if this girl had threatened other girls before.

Xiluo's eyes were fierce. "Lin Yin, don't be ungrateful. It's already very light for me to let you leave. A dirty woman like you isn't even worthy of your name being placed with my Mu Ran. I'm warning you. If you don't listen to me and leave Mu Ran, I'll make you wish you were dead."

Lin Yin laughed in amusement. "You're threatening me? Alright, go ahead! I want to see how I die."

Seeing that Lin Yin was not afraid at all, the dark ruthlessness in Xiluo's eyes intensified. "Aren't you afraid that if I expose you, you'll be attacked by Mu Ran's fans? I don't believe that you can defeat so many of Mu Ran's fans alone. At that time, even Mu Ran will be mocked and scolded because of you. Because he has poor taste, he actually took a fancy to you. He'll also be criticized for indiscretion because he chose you."

Lin Yin stopped smiling. She didn't mind the other party attacking her, but she did mind someone attacking her family.

Lin Yin approached Xiluo, her eyes filled with ruthlessness. Under Xiluo's slightly panicked gaze, Lin Yin's cold voice that was like a messenger of hell sounded. "Xiluo, right? Then you'd better shut your mouth. If I find out that this matter was exposed by you, I don't mind killing someone!"

Xiluo took a step back and stared at Lin Yin with wide eyes. She did not expect to meet a girl who was even more ruthless than her.

No wonder Lin Yin could step on the Su Family to climb up. She was indeed not someone to be frightened.

Lin Yin smiled disdainfully at Xiluo. "Don't scare me like this in the future. I thought there were other good projects tonight. Before I came out, I even stretched my muscles. Looks like that's all. In the future, don't call me for things like this that don't have any practical actions. I'm very busy."

Lin Yin gave Xiluo a mocking look before turning around and walking towards the dormitory.

Xiluo's long fingertips stabbed into her palm hard, causing spots of red to seep out. This Lin Yin was simply fearless. She was too disgusting and annoying..

Chapter 755: Exposure

The next morning, Lin Yin was woken up by Su Su's exclamation. Her eyes were about to roll to the back of her head.

However, Su Su was no longer limited to shouting in bed today. She climbed onto Lin Yin's bed with a resentful expression and pushed the phone interface in front of Lin Yin. She shouted, "Lin Yin, explain it to me!"

Lin Yin pushed away the phone that had already touched her eyes impatiently. Then, her gaze landed on Su Su's phone interface and she saw a photo of her and Mu Ran.

However, today's photo was different from yesterday's. Her face could be clearly seen in today's photo.

Lin Yin swiped twice. There were three photos, and her face was especially clear.

One photo was of Mu Ran opening the door for her with a smile on her face. One was of the two of them standing at the entrance of the Mu Family, and the other was of Mu Ran touching her nose in the car.

Especially the last one. It was hard not to be suspicious.

Lin Yin narrowed her eyes. Could it be that Xiluo had exposed her? No! If it was

Xiluo who had exposed her, it should be her dress.

Xiluo had probably been able to reach her dormitory yesterday because she had seen these photos and suspected her. That was why he had used Su Su and Feng Yu to take the opportunity to investigate the truth in her dormitory.

So the photo definitely did not come from Xiluo's side.

Seeing that Lin Yin was silent, Su Su pushed her phone in front of Lin Yin and said loudly, "Lin Yin, explain to me. What's wrong with these photos? Did you seduce my Brother Ran too? Tell me!"

Lin Yin pushed the cell phone in front of her away and said helplessly, 'Explain what? Would you believe me if I said that I didn't hook up? Would you believe me if I said that I'm just Mu Ran's sister?'

Su Su was so angry that her cheeks puffed up. "Of course I don't believe it. You seduced him. Your name isn't even worthy of being by Brother Ran's name.

Sister? You're not worthy!"

"Then what do you want me to explain?" Lin Yin rolled her eyes. She had expected such an answer.

Feng Yu climbed up from below and pulled Su Su to persuade her. "Su Su, be rational. You can't blame Lin Yin for this. Look at this photo. Your Brother Ran is also very happy."

Su Su looked at Feng Yu angrily and raised her voice. "What do you know?"

Brother Ran is just a gentleman. It's just that it's not easy to reject a girl. Lin

Yin must have shamelessly gone forward and forced Brother Ran to do this."

Lin Yin frowned and looked at Su Su as if she was a fool. "I can force your

Brother Ran, that 1.8-meter-tall man?"

"Then you have something on Brother Ran. You threatened him to serve you," Su Su said indignantly.

"Oh, then according to you, there's a high chance that I found out about something bad about your Brother Ran. Speaking of which, do you think your Brother Ran will do anything bad?" Lin Yin asked with a smile.

“Of course not! My Brother Ran is such a good young man. He’s honest. How can he do anything bad? Lin Yin, don’t ruin my Brother Ran’s reputation here. Otherwise, I’ll beat you to death!” Su Su was obviously so anxious that her face was red.

Lin Yin smiled until her teeth were about to be exposed. “That’s right. You trust your Brother Ran so much. Your Brother Ran is innocent and won’t do anything bad. Naturally, he won’t have anything on me, nor will he be threatened by me. Your Brother Ran has high standards and connotations, so he naturally doesn’t like people like me. So what are you worried about here?”

Su Su was really convinced by Lin Yin. “Yes, you’re not in my Brother Ran’s choice at all. There must be a misunderstanding.”

Feng Yu was a little speechless as she watched Su Su being surrounded by Lin

Yin. She could only say that Su Su really trusted her idol and had a lot of filters.

She did not chase after celebrities much, so she could not understand the feelings of fans.

“Then why did Brother Ran bring you home? Why did Brother Ran touch your nose?” Su Su questioned.

“You have to ask your Brother Ran about this. Let me ask you, do you believe your Brother Ran?” Lin Yin asked.

Su Su hesitated for a moment before saying firmly, “Of course I believe in my Brother Ran.”

“Since you believe in your Brother Ran, you should know very well that when your Brother Ran was interviewed, he said that if there was a girl he liked, he would definitely announce his relationship immediately, right?” Lin Yin asked.

Su Su nodded.

Lin Yin continued, "Then if he hasn't announced it now, it means that he's still single.. It means that I'm not with your Brother Ran at all, right?"

Chapter 756: Warning

Su Su nodded.

Lin Yin gently pushed away Su Su, who was about to lie on her bed. "So, a qualified fan has to believe in her idol firmly. You can't suspect anything. Alright, I'm getting up. I still have military training later. I don't have time to argue with you here."

Feng Yu also said, "That's right, Su Su. We have to hurry too. Yesterday,

Instructor Hou said that whoever is late will have to run ten laps."

Only then did Su Su reluctantly get off Lin Yin's bed. When Lin Yin had already washed up and was about to leave, Su Su shouted at Lin Yin's back as she brushed her teeth, "Lin Yin, that's not right! Although you're not together, it doesn't mean that you didn't seduce Brother Ran!"

Lin Yin ignored Su Su's shout.

As Su Su held the toothbrush and cup with both hands, she was about to chase after her. Feng Yu quickly pulled Su Su back and said with disdain, "If you want to ask Lin Yin for an explanation, you have to deal with the foam in your mouth, right?"

Su Su was so angry that she hurriedly poured water into her mouth. In the end, she was too anxious and poured too much at once. The water filled Su Su's face, causing her to choke and cough.

Feng Yu held her forehead helplessly. She picked up Su Suls towel and handed it over, muttering, "Is it necessary? No matter how much you protect him, it's impossible for that boy who's as bright as the stars in the sky to really fall into your hands."

"What do you know? Ahem, ahem, ahem. Brother Ran is the star of my life. As fans, how could we have such unrealistic thoughts? We just want him to be fine and happy. However, a woman like Lin Yin is not worthy of such a spotless Brother Ran," Su Su said anxiously, ignoring her violent cough.

"Yes, yes, yes. I was too narrow-minded. Alright, hurry up and wash up, wipe yourself clean, and change your clothes. If you continue to dawdle, the two of us will have to celebrate running 10 laps," Feng Yu said kindly.

As soon as Lin Yin walked out of her dormitory, she felt that something was wrong with the surrounding atmosphere. The passers-by looked at her from time to time and even sized up her rudely.

Her cell phone vibrated. It was a voice call from Xiluo.

"Lin Yin, did you see the news online? Is this the outcome you want? That bright pearl is covered in dust and mocked by everyone because of you." Xiluo's voice came with extreme anger.

Lin Yin ignored Xiluo's angry question and asked calmly, "Were you the one who exposed the photos?"

The other party seemed to be stunned for a moment before saying angrily, "Lin Yin, don't play the blame game. I've been a fan of Mu Ran for several years, a loyal fan. You're insulting me by saying such things. Even if I kill you, I won't make it public that Mu Ran is pestered by a cheap woman like you."

Xiluo's answer was within Lin Yin's expectations. Lin Yin smiled and said,

"Alright, I understand."

With that, Lin Yin hung up, angering Xi Luo so much that she threw her phone away. After a while, Xiluo calmed down and picked it up.

Now was not the time for her to throw a tantrum. She had to protect her Mu Ran. She could not let Mu Ran's future be ruined because of Lin Yin.

After all, the dignified Best Actor was actually keeping the same lover as many big bosses. It was too demoralizing. This was challenging public ethics.

Although the matter of Lin Yin being kept by several big bosses and that person called Liu Man had come out to admit that she had fabricated rumors, the big bosses behind Lin Yin had indeed flaunted their wealth at the entrance of Capital University. This was not fake.

Although a woman had appeared, causing things to become a little joking in the end, many people believed that Lin Yin had sold herself to gain the love of these big bosses. Moreover, she did not care about gender and was especially open-minded.

No matter what the truth was, in Xiluo's opinion, a dirty woman like Lin Yin was not worthy of appearing in Mu Ran's life. Even a chance encounter was an insult to the noble Mu Ran.

Since Lin Yin was so tactless and refused to accept her kindness, she could not be blamed for being impolite. She had to do everything she could to protect the man who shone in her life.

Xiluo logged into her account and changed several accounts. She spoke in the fan group with the group leaders of the various groups about Mu Ran and Lin

Yin's incident..

Chapter 757: Fan

Then, Xiluo switched to more than ten alternate accounts and guided the fans to discuss in the direction she wanted.

“Sisters, I’m so angry. Now, many people are saying that Brother Ran is actually intimate with a social butterfly and degraded himself. What’s going on? Didn’t they say that the woman is a female student from Capital University? I was still thinking that a female student from an advanced university is not bad. At least she has some ink in her stomach. She should be a person with self-restraint.”

“Don’t say it. I’m so sad too. Brother Ran, who’s so clean and pure, is now rumored to be sharing a woman with a few big bosses. There’s something even worse. Someone said that the woman is a high-level prostitute. In addition, Brother Ran was the one who took the initiative to reach out to her in that photo, so they actually said that Brother Ran is basically engaging in prostitution. If this gets out, Brother Ran’s reputation all these years will probably be gone.”

“I still don’t understand the situation. Why is a female student from Capital University involved with a high-level prostitute? As long as that woman knows her place, I can give her my blessings from a fan like me. Why did it end up like this?”

“We have to believe Brother Ran in this matter. With his innocent and gentlemanly personality, he can easily be used by some scheming women.”

“Although Brother Ran was the one who touched that girl’s face in the photo, who knows if he actually touched her or something? Perhaps he was just helping to fasten her seatbelt and reached out his hand?”

“Yeah, maybe it’s the photographer that that woman specially found for this angle. ”

“Sisters, I’ve found out. The woman in the photo is Lin Yin, a female student from Capital University who was previously rumored to be kept by several old men and women.”

“Damn it, I went to check the previous news. It’s really that woman. Sisters, we can’t let the fancy schlocks outside drag Brother Ran into the mud. We must protect our brother well. ”

“I’ll do it. I’m from Capital University. That Lin Yin is still our junior. She’s too shameless. Does anyone want to go with me to teach her a lesson?”

“I’ll do it. I know that freshman. They’re undergoing military training now. Sisters, let’s gather at the basketball court in the southeast corner of our field. Is anyone with us?”

“Everyone, listen to me. There are many people in the field now. There are also many instructors, teachers, and counselors there. We probably won’t be able to deal with Lin Yin even if we 20. Why don’t we wait for the military training to end in the morning and we’ll surround her on the way to the canteen?”

“That’s right. I heard that there are also officers from the army this time. They’re very powerful. We won’t be able to get anything good out of it if we go. We might even be beaten up and punished, so I agree to stay late and avoid some people.”

“We won’t be able to make it in time later. What if Lin Yin gets wind of it and runs away? It’s still early. I think Lin Yin is still eating in the canteen, so we might as well stop her now. Is there anyone who can go to the canteen to look for her now?”

“There’s no need to look. Lin Yin is eating breakfast leisurely in Cafeteria 3. My roommate saw her. That shameless woman ruined our brother’s reputation and is actually still eating breakfast so freely. I’ll put on my clothes and kill her now.”

“Count me in. I want that b*tch to know that we’re not easy to bully.”

“Count me in! Is there anyone from Capital University coming out to pick us up? A few of our sisters are nearby. I’m afraid that if something happens now, your school won’t let us in!”

“Count me in!”

“Count me in!”

Xiluo used his status among Mu Ran’s fans to successfully provoke these fans’ attack on Lin Yin.

Other than these fans who were protecting Mu Ran, there were also paparazzi who were constantly waiting for news of celebrities. They naturally could not miss such a thing.

For a moment, Lin Yin became a fancy schlock who seduced men. All kinds of nasty words spread online.

Shen Yu, who had received the news, looked anxiously at Lu Ming.

Lu Ming had a video conference with the higher-ups of Country M early in the morning before dawn. It was not over yet. He was not sure if he should go forward and report about Lin Yin.

Lu Ming's sharp gaze landed on Shen Yu, who was scratching his head. He asked in a low voice, "What happened?"

Shen Yu glanced at the video. When Lu Ming turned off the sound, he went forward and reported, "Something happened to Miss Lin Yin.."

Chapter 758: Displeasure

Lu Ming frowned and took the cell phone from Shen Yu's hand. His eyes darkened when he saw the vicious curses.

This kind of cyberbullying from fans was much more serious than some unrelated cyberbullying. Now, some fans were extremely crazy.

Yesterday, he thought that Mu Ran could handle this matter well. He did not expect it to be exposed. This was equivalent to putting Lin Yin in a dangerous position. After all, no one knew if the people they met were fans. They could not guard against them one by one, right?

Lu Ming looked across the video and quickly ended the meeting. Then, he stood up and said, "Contact these self-media organizations that released Lin Yin's appearance and the companies behind them immediately. Also, contact a few influential media outlets and buy a few popular news articles. Get someone to suppress the matter of Lin Yin and Mu Ran."

Shen Yu immediately accepted the order.

Lu Ming called Mu Ran with a dark expression. As soon as the call connected,

Lu Ming's dissatisfied voice sounded. "Mu Ran, it's been a night.

DO you have the ability to protect your sister?"

Mu Ran was also very aggrieved. Things were fine to begin with. They had also contacted the two paparazzi who were taking photos and were discussing how to deal with them. In the end, such a thing erupted the next day, catching Mu Ran off guard.

"Who knew that it would become like this? The two paparazzi who took the photos were clearly watched by our people the entire night last night. It's impossible for them to post the photos. Isn't it? Lu, what right do you have to interfere in our Mu family's matters?" Mu Ran felt guilty towards Lin Yin, but he was very angry now and his tone was fierce.

Lu Ming ignored Mu Ran's question and only asked, "Are you saying that the paparazzi who took the photos were with you last night?"

Mu Ran nodded heavily. "They've been locked up for the entire night. I won't even let them go to the toilet, let alone their cell phones."

"Ask them, who else did they sell the photos to?" Lu Ming said in a low voice.

"I asked, but they won't tell me!" Mu Ran replied angrily.

Lu Ming thought to himself. This was Lin Yin's brother, her biological brother. He tried his best to control his emotions and said in a good voice, "Mu Ran, if you can't resolve it, get your brother to ask. Otherwise, you can get your second brother to ask. He has many tricks up his sleeve."

“No? Lu Ming, what do you mean? Are you doubting my ability?” Mu Ran was a little angry.

He was the one who had caused the matter, but he could not deal with it now. He was already very frustrated, but Lu Ming still came to make things difficult for him. Mu Ran was very unhappy.

He had a feeling of failure.

He wanted to protect his sister, but not only did he fail, he even pushed his sister into a fire pit.

“Did I say anything wrong? Mu Ran, it’s cruel to your own people to be soft-hearted to others. Those who don’t know how to use resources are stupid!” With that, Lu Ming hung up without waiting for Mu Ran to speak.

Of the three Mu brothers, Mu Heng was ruthless and Mu Xiao had many tricks up his sleeve. Only this Mu Ran was soft-hearted and arrogant. He was unreliable and was not suitable to interrogate the enemy.

Lu Ming called Mu Heng directly. After knowing that the paparazzi had been arrested by Mu Ran, he and Mu Xiao rushed to Mu Ran’s place.

Seeing his two brothers rush over, Mu Ran immediately knew that Lu Ming must have complained.

However, he had the same thoughts in the first place, so when he faced the two of them, he just lowered his head and did not speak.

Mu Heng just looked at Mu Ran and sighed. “I’ll handle this matter.”

When they saw the photo yesterday, both Mu Heng and Mu Xiao felt that there was nothing wrong.

Ordinary paparazzi would not really expose the woman’s face for such a matter. After all, they only wanted the influence of Best Actor Mu Ran. It did not matter who the woman was.

Unexpectedly, after just one night, Lin Yin's face was exposed to the public.

The key was that Lin Yin's previous matters were already inexplicable on the

Internet. Now that there were Mu Ran's fans, Lin Yin was completely burned.

Mu Xiao did not sound sarcastic this time. Instead, he comforted him. "This is not your fault. It's not wrong for you to bring Yinyin home for the holidays. It's not wrong for you to have a good relationship with Yinyin. Why can't siblings have a better relationship?"

Mu Ran was a little surprised by Mu Xiao's attitude. He had been thinking that he would be scolded this time and was thinking about how to straighten his neck and admit his mistake later..

Chapter 759: Investigating Someone

However, after hearing Mu Xiao's words, Mu Ran suddenly felt a little aggrieved.

Mu Heng looked at Mu Ran's useless appearance and went forward to pat her shoulder gently. He said softly, "It's fine. I'm here. I won't let you and Yinyin be hurt."

Wei Yuan, who was at the side, said to Mu Heng in fear, "President Mu, there's something strange about this matter. Last night, we kept a close eye on the two paparazzi. They really didn't step out of here. We don't know how the photo was leaked. We've asked, there's only two of them."

Wei Yuan was still a little afraid of Mu Heng. This was a financial tycoon that could only be seen in financial magazines or on television.

He was a big shot who could make many companies bankrupt just by waving his hands.

Mu Heng nodded and said to Guan Nan, who had followed him over, "Take Wei Yuan to check the accounts of these two people and see if anyone transferred a large sum of money to them. Investigate to the end!"

Guan Nan nodded and brought Wei Yuan to a small room at the side.

Mu Heng pushed open the small room where Mu Ran had said was locked up

with two paparazzi.

The moment the door opened, the unpleasant smell of urine wafted out. Mu Heng frowned in disgust. Mu Ran was a little embarrassed and couldn't bring herself to say, "Well, I also have some tricks up my sleeve. I won't let them go to the toilet! I'll suffocate them to death!"

Mu Xiao touched his forehead speechlessly.

Before Mu Heng could start interrogating her, Mu Ran received a call from her assistant. Zhao Nan said anxiously on the other end of the phone, "Brother Ran, bad news. I heard that there are fans in the group who are gathering and want to go to Capital University to attack Miss Lin Yin."

"What did you say?" Mu Ran exclaimed loudly.

Then, Mu Ran said to Mu Heng and Mu Xiao, "Eldest Brother, Second Brother, I'll leave these two to you. I'll go to school to see Yinyin first. I'm worried that something might happen to her."

The two of them, who still did not know what was going on in the fan club, nodded and instructed Mu Ran to be careful. Lin Yin had someone protecting her, but Mu Ran did not.

What they were more concerned about now was whether there was someone behind these two paparazzi targeting Lin Yin.

At this moment, Lin Yin had just finished eating and was walking to the field.

On the other side of the path, a group of imposing people was approaching Lin Yin, cursing impolitely.

“I really didn’t expect such a shameless vixen to be our schoolmate. She’s simply the scum of our school. As an alumna, I feel ashamed.”

“She came from the slums and relied on men to climb up the ranks. She relied on flattering those disgusting men and women. How can our Brother Ran like her? She must have used some sorcery!”

“That’s right. I don’t know what despicable method this woman used to charm our Brother Ran’s mind.”

“I’m going to teach that b*tch a lesson later so that she won’t dare to seduce anyone again.”

Xiluo, who was walking at the back, was overjoyed to see this group of angry fans.

This was how things should be. A figure like Mu Ran should belong to girls like them who praised Mu Ran as a genius.

Mu Ran belonged to every one of the fans. No one could snatch Mu Ran away from them. No one!

Su Su, who was also in the fan group, also knew about this. Although she didn’t want to help Lin Yin, Lin Yin was her roommate after all. After she was conflicted, she still told Feng Yu about this when she left the canteen.

Feng Yu recalled that Lin Yin had left alone just now and was a little afraid. She asked softly, “What will the fans do when they get conflicted?”

Su Su wrung her hands. “I don’t know either. Nothing like this has happened to Brother Ran in the past. But I know that there were fans of a big star before. A group of people tore the clothes of a girl who was suspected to be the girlfriend of that big star and forced that girl to jump off a building. In the end, only a few adult fans received some punishment. Those who were underage could not even be dealt with by the law.”

Seeing Feng Yu's shocked eyes, Su Su felt conflicted and said uncertainly, "Lin Yin is so powerful. She should be fine, right?"

Although she hated her, if Lin Yin really died, when she lived in the dormitory in the future and thought of someone dying in the dormitory, she would wake up from nightmares in the middle of the night.

Feng Yu took out her phone shakily and quickly sent Lin Yin a message: [Lin

Yin, quickly hide in the counselor's or teacher's office. Mu Ran's fans are going

to attack you..]

Chapter 760: Siege

When Lin Yin saw Feng Yu's message, she looked up and realized that it was already too late, because the team of about 30 people was approaching her aggressively.

Seeing Lin Yin look over, the fans were afraid that Lin Yin would run away and ran towards her, surrounding her within the walls.

"Lin Yin, we've finally caught you. You shameless b*tch, you actually dared to seduce our brother."

"Someone like you shouldn't have appeared in our school. It's simply disgusting."

"She looks average, but she's actually so despicable. She's indeed a dirty bone from the slums. She doesn't have any shame."

Feng Yu and Su Su, who were walking towards the field, looked at each other tacitly when they saw this group of people. They did not miss the vicious curses.

“What should we do?” Su Su asked worriedly.

Help Lin Yin face those terrifying fans? No, that was absolutely impossible!

She was afraid of being beaten.

“Let’s go and find Instructor Hou! Hurry up!” Feng Yu said anxiously.

“If those people find out that the two of us went to look for the instructor, they’ll beat us to death,” Su Su said worriedly.

Feng Yu struggled for a while and said, “Then are we going to watch Lin Yin be forced to jump off a building by those people? I’m afraid I’ll be tortured by this for the rest of my life and have nightmares day and night. Let’s go quietly. We’ll leave after that.”

Su Su hesitated for a while before saying, “Alright, then, let’s hurry.”

With that, the two of them left in a hurry.

The scolding on the other end did not stop because of their departure. Someone had even pushed Lin Yin and said evilly, “What? Are you planning to play dead by not saying anything? Let me tell you, clarify to the video now and say that you schemed against Mu Ran. Otherwise, don’t blame us for being rude later.”

Lin Yin patted the place that that person had touched and smiled. “Why should I listen to you?”

Lin Yin’s attitude angered the fans in front of her, and everyone began a new round of crusade against Lin Yin.

“So, you’re going to cling to our Brother Ran shamelessly, right?”

“Lin Yin, while we still have the patience to persuade you nicely here, you’d better stop while you’re ahead. If you continue to be so stubborn and insist on being shameless, don’t blame us for doing something bad if we’re irrational.”

The two groups hiding in the dark wanted to attack, but they saw Lin Yin raise her hand. This was the gesture they had agreed on with Lin Yin. As long as Lin Yin showed this action, they would not appear.

Long Huang frowned and looked at Dong Yi. “Are you really not going to attack?”

Dong Yi nodded. “I think Miss Lin Yin probably means that it’s not good for us to make a move because the other party is all young students. Moreover, didn’t you see that many people are recording with their phones? This matter not only involves Miss Lin Yin, but also Third Young Master, so Miss Lin Yin probably doesn’t want it to blow up.”

“Third Young Master? So you’re from the Mu Family?” Long Huang asked. Dong Yi glanced at Long Huang. “It’s none of your business!”

On the other side, Xiluo was a little dissatisfied when she saw that everyone

was still arguing with Lin Yin.

She said coldly from behind, “Only a dog who has no one to raise would be so despicable and shameless as to seduce a man. Lin Yin, if your family finds out that you’re willing to lower yourself like this, they’ll probably be furious, right? Oh! No, I forgot that you grew up in the slums. You don’t have a family. That’s right. The earlier such a person dies, the less trash society will have.”

As soon as Xiluo finished speaking, fans began to attack Lin Yin’s family.

Lin Yin’s originally stable emotions instantly changed when she heard these people attack her family. Her eyes were filled with ruthlessness.

Seeing that Lin Yin's gaze had turned fierce, everyone took a step back. Then, they saw Lin Yin walking in a direction. Everyone thought that Lin Yin was going to hit someone and started to push her angrily.

Someone shouted, and in the next second, the girls surrounding Lin Yin reached out in unison and gathered in Lin Yin's direction to tear her hair and clothes.

As Lin Yin dealt with those people's tearing, she stared fixedly at Xiluo, who had just led everyone to insult her family.

There were too many people and they were packed too tightly. Lin Yin used all her strength to teach the people closest to her a lesson and kick them away from her.

Everyone was pushed back a few steps. Then, someone actually grabbed the soil on the ground and threw it at Lin Yin..
