

Real Daughter 791

Chapter 791: Drone Bomb

The boy was caught off guard and fell to the ground, his head spinning.

Lin Yin stood up and looked coldly at the boy on the ground. "You want to run for an entire year, but I don't want to."

Lin Yin turned to look at the person beside her and said calmly, "Those who don't believe me can stay here."

With that, Lin Yin left.

If not for the fact that she was afraid that there would be too many people with Hou Ning and it would be difficult for her to deal with them alone, she would not have wasted her breath persuading this group of people.

Feng Yu looked at the boy on the ground, then turned to look at Su Su and said,

"Follow me?"

Su Su nodded. "Brother Ran is smart. Lin Yin is Brother Ran's sister. She must be smart too. I believe in Lin Yin."

As soon as Brother Ran was mentioned, many girls in Lin Yin's team chose to follow her.

Anyway, no one was skilled, in the end, they might still have to run every morning for a whole year. They might as well follow Mu Ran's sister and at least protect her for their idol.

Seeing that Lin Yin was a woman, the remaining boys felt bad. Anyway, they had already been divided into groups, so they followed.

The boy who had been thrown to the ground by Lin Yin stood up and snorted in Lin Yin's direction. Then, he quickly stood up and patted the dust off his body. He said loudly in an extremely mocking tone, "How unlucky. Why am I in the same class as such a woman? When I successfully save the hostages later, Lin Yin and the other idiots can also benefit from it! How unlucky!"

The people beside him, including the other teams, heard this boy's words and did not speak.

After Lin Yin and the others walked more than ten meters, Lin Yin instructed everyone to change into ghillie suits and hide before moving slowly.

Su Su didn't care if the others believed Lin Yin or not. In any case, she did. The moment Lin Yin finished speaking, she quickly changed into the ghillie suit and obediently listened to Lin Yin's orders.

Lin Yin did not expect Su Su, who had gone against her previously, to believe her words without a doubt now.

She still had to rely on her good brother, Mu Ran's influence.

As expected, idols had a deep impact on fans.

When the others saw that Su Su had already changed, they quickly listened to Lin Yin.

Just as Lin Yin and the others were still sneakily looking for a place to hide, an explosion came from the place where Lin Yin and the boy had clashed.

Everyone looked up and saw densely packed drones throwing bomb-like things down. Red smoke came out of the chests of all the people who were blown up, representing death.

Students who had never experienced such a scene before were dumbfounded as they watched the scene in front of them. They were so shocked that they forgot to hide.

They really did not expect it. Did they really have to do this for military training?

Although the bomb did not look like it could kill anyone, it still blew up those people just now.

Lin Yin called for everyone to quickly lie down and hide. Only then did these stunned people realize that they were also among the targets of the bomb. Everyone immediately lay down. Even when the soil that had exploded landed on them, no one dared to move.

The group of people watched helplessly as the people on the other side did not have the time to escape.

The bomb exploded for a full five minutes, eliminating two-thirds of the people who had been there just now.

After seeing the drone leave, Lin Yin's group finally dared to fiddle with the soil on their bodies.

Su Su's eyes were dull. She looked at a classmate who had been blown to the ground and could not get up. She asked in disbelief, "Why do I feel that our instructor wants us to die?"

A classmate nodded and said with lingering fear, "Why don't we surrender? From the looks of it, there's a helicopter and a drone that's dropping bombs. How can we win? Anyway, the final outcome is a year of morning runs. It doesn't matter if we win now. If an accident happens, we're finished."

"Don't say such unlucky things!" A student said, "Don't forget, there are still 10 credits."

Feng Yu thought of the 10 credits and felt reluctant.

Su Su cheered herself on from the side. "It's fine. I'm awesome. I'm Brother

Ran's fan. I'm awesome."

Then, Su Su even made a praying gesture and muttered, "Brother Ran, please ensure my safety and let me get the 10 credits!"

Chapter 792: Dealing With Someone

Seeing this, the other fans immediately gestured for Mu Ran to bless them.

Hearing so many people say, "Brother Ran, bless me", Lin Yin suddenly felt a little amused. If Mu Ran knew that he had inexplicably become a guardian after leaving the industry, he would probably be speechless.

Lin Yin was still patting the dust off her body. The boy who had looked down on her just now walked past her with his group of people.

Su Su sat on the ground, her face covered in dust. She looked up at those people and saw that they were already "dead". She said in amusement, "Aiya, some people have no hair and no knowledge. Tsk, what a joke!"

The boy was in an extremely sorry state from the explosion. There was dust in his hair, but it did not prevent him from threatening Su Su. "Say that again if you have the guts. Do you believe that I'll teach you a lesson?!"

"Who do you want to deal with?" Lin Yin stood up and said sinisterly.

The boy turned to Lin Yin with a sneer in his eyes. "Lin Yin, don't think that you can win just because you guessed correctly once. Even if you're the daughter of a rich family, you're not enough on such a battlefield. Let me tell you, without us boys, you're nothing!"

The other male students immediately distanced themselves from this tyrannical boy. They were already embarrassed enough and did not want to be dragged down by this boy.

Lin Yin sneered and mocked, "That's right. We're not as good as you. We weren't blasted out before the game even started. We're not as good as you. On the first day of military training, we weren't beaten up by a female instructor until we were submissive and convinced."

Lin Yin's sarcasm angered the boy. The boy aimed at the lifeline on Lin Yin and reached out to pull it.

He hadn't won against the instructor, but he was sure he could win against Lin Yin. He was eliminated and he was going to make Lin Yin eliminated like him.

No one expected the boy to be so shameless. As they exclaimed, Lin Yin quickly took a step back and kicked the boy's abdomen.

In the end, the boy only took two steps back and smiled coldly at Lin Yin.

Lin Yin ignored the boy's disdainful and cold smile. The corners of her lips curled up slightly as she rushed towards the boy.

Just as the boy thought that Lin Yin was going to continue attacking his abdomen and was prepared to face the enemy, Lin Yin waved her fist at the boy's face. Then, while the boy was blocking up and down, she punched the boy's armpit.

After two consecutive punches, the boy could only use his remaining hand to attack Lin Yin. In the end, Lin Yin quickly, accurately, and ruthlessly dislocated it.

"Your mouth is dirty. It's too annoying," Lin Yin said. Then, she slapped the boy's face a few times, each slap very hard. Lin Yin only stopped when blood flowed out of the boy's mouth and his face swelled like a loaf of bread.

Under the boy's angry and shocked expression, Lin Yin grabbed the boy's hair with a smile on her lips and whispered into his ear, "You should be glad that you can't kill people here. Otherwise, I wouldn't just break your arms."

With that, Lin Yin casually threw the boy away, shocking everyone. They looked at Lin Yin in disbelief.

When Lin Yin dealt with Liu Man back then, it was just a fight between girls.

Everyone would only think that Lin Yin had a bad personality, knew how to hit people, and she was not afraid of fighting.

However, they really did not expect Lin Yin to hit someone like this. She really hit someone very ruthlessly.

Su Su swallowed and looked at Feng Yu in fear. She was a little afraid now, afraid that Lin Yin would bring up the past one day. After all, she had provoked Lin Yin before.

Feng Yu shook her head helplessly.

Su Su was on the brink of tears.

Until the boy left with the others with his arms lowered, the students who stayed behind still had not recovered from Lin Yin's fierceness.

Lin Yin just clapped her hands and said to the shocked crowd, "Don't worry. Under normal circumstances, I won't hit anyone. You don't have to be afraid."

With this, everyone obeyed Lin Yin from the bottom of their hearts. After all, they were all pampered students. Other than seeing gangsters fight on television in the past, they had never seen such a fighting style in their lives. Naturally, they were afraid.

Lin Yin and the others followed the clues they had obtained along the way. As they analyzed who their hostages were, they moved forward in hiding.

Suddenly, hurried footsteps broke the silence of the night. Lin Yin waved her hand and everyone immediately hid.

After hiding all the way, these people had all gained experience. Once they hid, they really could not be seen..free.c om

Chapter 793: Sneak Attack

In the darkness, a few men in camouflage uniforms, military boots, and an assembled gun were striding past them.

Just as Lin Yin felt that she could dodge it this time, a powder suddenly rose. Su Su sneezed from the stimulation. Almost instantly, those people picked up their guns and armed themselves.

Lin Yin had no choice but to attack directly.

Because they had never undergone tacit training, Lin Yin could only take advantage of the dark night. There were many of them, so she shouted, "Shoot!

Shoot! "

Hearing Lin Yin's voice, the other team members immediately pulled the triggers in their hands. An intense battle unfolded under the moonlight, and every shot was accompanied by sharp gunshots and smoke. Every bullet streaked across the night sky, accompanied by red smoke rising from the other party's body.

With the help of the moonlight, everyone instantly cheered when they saw that they had successfully ambushed the few people opposite them.

Along the way, they basically dodged and did not dare to attack. They did not expect that they would succeed in their first sneak attack. The excitement was simply indescribable.

Lin Yin was puzzled about the identities of these people. They didn't look like coaches and didn't look like they could put up a good fight.

Those people only smiled and left. Su Su pulled Lin Yin and jumped. "Yinyin, oh my god, we actually succeeded on our first sneak attack. We're too amazing."

Lin Yin asked everyone to pick up the guns and ammunition from those people just now and said, "Keep your voice down. If they're here, the main force might be nearby. If you're so loud, you'll attract the enemy."

As if in response to Lin Yin's words, everyone heard someone shout in the next second, as if they were coming for them.

Lin Yin's expression turned serious. The sound of the attack just now was not soft. If the other party's people were nearby, it was normal to hear it. "Feng Yu, leave with everyone first. I'll distract them!" Lin Yin said in a low voice.

She could slip away quickly alone. After all, she was good at hiding.

However, she was really not confident that she could escape with so many people.

Everyone obeyed Lin Yin's orders and hurriedly ran in the direction Lin Yin pointed.

Feng Yu said to Lin Yin, "Be careful," and ran away.

Lin Yin listened to the commotion and waited until the other party could see her before she started to run.

Lin Yin, who was good at escaping in the dark, was like an elf. She nimbly shuttled through the forest, making those who were chasing her dizzy.

Taking advantage of the other party's exasperation, Lin Yin aimed at one of them and fired a secret shot. Seeing that red smoke was coming out of that person's chest, Lin Yin immediately ran, not wanting to fight at all.

Just like in guerrilla warfare, Lin Yin dealt with several people in the same way.

The remaining few did not follow Lin Yin in the end. They picked up the walkie-talkie and seemed to be talking.

Lin Yin didn't dare to get too close, so she didn't hear her.

Then, the few of them seemed to ignore Lin Yin and turned to leave.

Lin Yin was suspicious. Had the other party given up? Or were they playing hard to get and planning to lure her somewhere? Were they planning to catch her like a turtle in a jar?

Lin Yin contacted Feng Yu and the others. Knowing that they were safe for the time being, she instructed them not to go out. She planned to follow them and take a look. If she could find the hostage, she would gather with the main force.

As she followed those people, her vision of the forest became even darker. Through the darkness, there was light quickly. When she saw the figures patrolling the periphery and the lights in the room, Lin Yin realized that she had probably found the hostage.

Lin Yin immediately retreated and retrieved the information she had found on the criminals holding the hostages and the room. In the end, she confirmed that the person inside was indeed the hostage they were looking for.

Lin Yin immediately sent a message to her teammates and asked everyone to gather.

As soon as she sent the message, she heard movement behind her.

Lin Yin slowly turned around and saw Hou Ning narrowing her eyes and staring at Lin Yin, as if she was looking at a potential opponent.

Hou Ning also knew a little about Lin Yin's situation along the way from the people below. She did not expect Lin Yin's skills to exceed her expectations.

"Lin Yin, are you ready?" Hou Ning's voice echoed in the night sky.

Lin Yin smiled and said, "I'm not ready.. Instructor Hou, will you let me leave safely? Or will you return the hostage to us?"

Chapter 794: Battle

Hou Ning raised her eyebrows and shook her head with a smile.

"Then don't ask!" Lin Yin snorted.

Seeing that Hou Ning was starting to move, Lin Yin secretly clenched her fists. Every cell in her body became nervous, ready to deal with Hou Ning's attack at any time.

Hou Ning's fist rushed towards Lin Yin like a cannonball. Lin Yin flashed past and dodged Hou Ning's fist.

Under Hou Ning's slightly surprised expression, Lin Yin swung her fist with all her might, but Hou Ning, who had reacted, grabbed her.

The force in her hand shocked Lin Yin. Not only did Hou Ning receive her attack, but she could also grab her fist tightly. She seemed to want to crush Lin Yin's fist in her palm.

Lin Yin quickly used her other hand to attack Hou Ning's neck with two fingers. The moment Hou Ning subconsciously blocked with her other hand, Lin Yin grabbed at Hou Ning's wrist that was holding her fist at lightning speed.

Hou Ning let go of her wrist in pain, but the moment she let go, she quickly raised her hand and punched Lin Yin in the cheek.

Even though Lin Yin dodged quickly, she was still caught by Hou Ning's strong punch. Her cheek was punched, and her mouth was immediately filled with the taste of blood.

Before Lin Yin could recover, her abdomen was hit again and her body was instantly sent flying.

She rolled a few times in the air and fell to the ground.

Hou Ning's gaze became even sharper. She followed closely behind Lin Yin and attacked her again.

However, just as Hou Ning approached and before she could attack, Lin Yin grabbed Hou Ning's leg and wrapped around her like a snake.

Hou Ning frowned. She did not expect Lin Yin to be so shameless.

Facing such a Lin Yin, Hou Ning planned to fall back and throw Lin Yin to the ground.

Realizing Hou Ning's actions, Lin Yin was secretly shocked. Was Hou Ning crazy? This was just a drill. Could it be that Hou Ning wanted to kill her?

The moment Hou Ning fell back, Lin Yin quickly let go of her. At this moment, Hou Ning flipped over and punched Lin Yin in the face.

Feeling the air flow from the punch, Lin Yin quickly tilted her head. When the palm that was attacking Hou Ning's abdomen approached, she quickly clenched it into a fist and hit Hou Ning's abdomen. The force was almost doubled, and it was so painful that Hou Ning's abdomen spasmed, and a few dazzling traces of red seeped out of the corners of his mouth.

Unconvinced, Hou Ning endured the pain in her abdomen and rushed towards Lin Yin again.

Their fists collided in the air again. The force was so great that it seemed to tear the entire world apart.

In the end, the outcome of both sides suffering losses appeared.

Hou Ning fell to the ground, blood flowing from the corner of her mouth.

Lin Yin also staggered and stood rooted to the ground. She couldn't help but fall to the ground.

At this moment, they were no longer coaches and students. They were equal opponents, warriors who suffered losses.

Lin Yin looked at Hou Ning in confusion. "Coach, it's just a drill, and it's a military training drill. Are you going to beat me to death?"

Hou Ning wiped the blood from the corner of her mouth and smiled. "We have to go through the entire drill. Besides, I'm naturally interested in fighting you with all my might when I suddenly encounter a strong opponent."

Lin Yin touched the bruise on her face speechlessly and sneered. "Really? Isn't it because of Lu Ming that you're stacking the deck against me?"

“You’re right to say that. I’m indeed dissatisfied with you because Lu Ming likes you. In my opinion, what Lu Ming needs is a woman who can stand by his side and be as strong as him,” Hou Ning said. Her gaze landed on Lin Yin. “But the previous you made me think that Lu Ming is blind because you’re not worthy of him.’

Lin Yin felt that she was simply too innocent. Just as she was about to speak, Hou Ning continued, “But today, you broadened my horizons. Lin Yin, you’re not bad, and you’re very powerful.”

“That’s why I don’t understand. Why did you use some methods to pretend to be weak to attract men to pity you? Even if you pretend to be weak in front of men, you can’t pretend for the rest of your life, right? Why don’t you use your strength to attract the right man for you? Admiration lasts longer than pity.”

Lin Yin was caught between laughter and tears as she said, “Coach, did you misunderstand something? Firstly, I didn’t pretend to be weak to attract the pity of men. Secondly, Lu Ming doesn’t like me!”

If Lu Ming really liked her, he would not have disappeared for no reason on the first day of school..

Chapter 795: Victory

Hou Ning looked at Lin Yin’s serious expression and laughed unkindly. Was Lu Ming going to have unrequited love?

Lin Yin looked like she had a lot of complaints about Lu Ming. Hou Ning suddenly wanted to see Lu Ming make a fool of himself.

If Lu Ming was rejected by the girl, it would be very funny.

“Whether Lu Ming likes you or not, I had a good time playing with you today.” Hou Ning smiled and changed the topic. “However, your team doesn’t seem to have succeeded yet. You might not win today.”

Lin Yin smiled. "As long as I trap you, my classmates can still win."

"You're so confident?" Hou Ning looked at the quiet room and smiled. "You have to know that my people are all instructors or some experts that I've invited. Your classmates are just recruits who have only trained for 20 days. Oh! No.

they can't even be considered recruits. Their chances of winning are too small."

"Instructor, don't throw smoke grenades at me. There are only a few instructors in the school. Our entire specialization only has four classes, so if I'm not wrong, the four of you are the only ones who can deal with us. As for those soldiers and generals, Instructor, you found some seniors to act as them, right? Although they have a little strength, they can't put up a good fight," Lin Yin mocked mercilessly.

"You're smart," Hou Ning said with a smile. For some reason, Lin Yin didn't seem that annoying now.

Hou Ning did not believe Lin Yin when she said that she was not pretending to be weak. However, her prejudice against Lin Yin lessened.

There was suddenly a commotion around them. Hou Ning looked up and saw that the group of students had already saved the hostage and were breaking out.

When Hou Ning saw this, she immediately wanted to get up. Lin Yin was quick and pressed down on Hou Ning. She said bluntly, "Coach, you're tired from fighting. Leave the rest to the coaches of the other classes. Rest well."

Hou Ning's body was already in pain. Under Lin Yin's heavy pressure, she almost vomited blood again.

"Lin Yin, are you using your position to take revenge?" Hou Ning said angrily.

"Coach, shouldn't you be the one taking revenge?" Lin Yin retorted bluntly, then teased, "Don't worry, you didn't lose between the two of us."

Hou Ning snorted. "Lin Yin, I'm not a sore loser. I don't need you to comfort me hypocritically."

Lin Yin rolled her eyes at Hou Ning and muttered, "You treat my kindness as ill intentions."

On the other side, the rescue operation of the hostages went very smoothly. Feng Yu and the others joined forces with other teams and even people from other departments to snatch them away.

Then, they went to help others save the hostages.

Su Su came to Lin Yin's side. When she saw Lin Yin using her body to suppress Hou Ning, she couldn't help but laugh. It had been hard on Lin Yin's small body. Then, she picked up her phone and took a photo to record Lin Yin's glorious moment.

Then, when she saw the bruise on Lin Yin's face, Su Su was instantly frightened. "Oh my god, are you guys so ruthless?"

Su Su hurriedly helped someone apply the medicine.

Some of the results of the military training performance were successful, and some were failures. However, without exception, they were all the hot-blooded youth of the students.

On the rostrum, the principal praised every new student who did their best.

Lu Ming stood beside Hou Ning and his tone was cold and dissatisfied. "It's just a military training performance. Do you have to work so hard?"

Hou Ning, who was originally in a good mood, suddenly became very unhappy. "Lu Ming, what are you talking about? Do you still remember that when you led the recruits in the army, you also participated in the practical together? Didn't you also risk your life? Sigh, I realize that you've become a hypocrite now!

Why? You're allowed to love your job and I'm not?"

Lu Ming touched his nose. "This is military training, not actual training. It's different. "

Hou Ning glanced at Lu Ming and mocked, "Lu Ming, I really look down on you. If you like her, go after her. Don't secretly defend her here. I'm so magnanimous. I like you, so when I came back, I wanted to look for you every day."

Lu Ming was slightly stunned. He turned to look in Hou Ning's direction and frowned. His smile was forced. "Hou Ning, what happened in the past is in the past. We have to move forward."

Hou Ning snorted softly and smiled. "You're over it, but I'm not. At that time, you were willing to be with me, but I didn't agree. Now that I've changed my mind, I'm willing to be with you, but you didn't agree. An eye for an eye. I'll wait.. What if you change your mind like me one day? Life is unpredictable, isn't it?"

Chapter 796: Don't Misunderstand

Lu Ming did not expect Hou Ning to say it so directly. He had indeed considered being together with Hou Ning before.

It had nothing to do with love. He just felt that their jobs were precarious at that time. Who knew when they would lose their lives?

Therefore, Lu Ming did not reject his grandfather's suggestion to have a child for the Lu Family.

In his opinion, perhaps Hou Ning would also need this engagement and have a child.

However, he did not expect Hou Ning to be promoted at that time. It was definitely impossible for her to get pregnant and have children, so it was understandable that Hou Ning rejected him.

After that, Lu Ming didn't think about it anymore. In his opinion, the past was the past.

"Hou Ning, you've already stabilized. Don't think about what ifs. If you want to get married, find a good man and start a family," Lu Ming said.

"Lu Ming, don't be a caring big brother to me. You're unmarried and I'm not married either. Anything is possible," Hou Ning said. Her gaze was not on Lu Ming, but on Lin Yin, who was not far away.

Lin Yin was quite strong. After being beaten up so badly by her, she could still talk and laugh with her classmates.

However, when she thought about how her opponent was a girl like Lin Yin, Hou Ning suddenly felt that it was not bad. At least it proved that she had good taste, so the girl who came to snatch him away was naturally outstanding.

After the military training, the new students had two days off. Lin Yin didn't dare to see her family, so she didn't go to the apartment near the school. She was afraid that her three brothers would see the injury on her face and there would be some trouble.

Hence, Lin Yin returned to her small apartment. Just as she arrived at the door, she saw a bag on the doorknob.

Lin Yin carefully took it out and saw some medicine inside. She subconsciously felt that it was from Lu Ming.

Then, Lin Yin shook off the ridiculous thoughts in her mind, picked up the bag of medicine, and threw it into the trash can in the corridor.

If the medicine was given by Lu Ming, she did not care to use it.

If it was a stranger who gave it to her, she would not dare to use it.

Therefore, she might as well just throw it away!

After Lin Yin went in, Lu Ming opened the door and approached the trash can in the corridor. He looked at the bag of medicine inside and sighed.

Lin Yin had just finished applying the medicine when Lu Yan called.

Lu Yan asked on the other end of the phone, "Yinyin, what time are you going over on the day of Sister Gong Han's engagement ceremony? I'll go with you."

With Lu Yan's reminder, Lin Yin remembered that she was going to Gong Han's engagement party in two days. "Set a time. I'm okay with anything."

"Alright, I'll tell you in advance when the time comes," Lu Yan said with a smile. Then, she complained, "There will definitely be a lot of people when the Yue and Gong families get married. I'm already sunburned now and I'm a little ugly. They can set the engagement party on any day, but they choose to have it after military training. Time is so tight that I don't even have time to take care

of myself. You and Gong Ze are also sunburned, right(Think about it, when we are at Sister Gong Han's engagement party, that scene will simply be too funny."

Hearing Lu Yan mention skin, Lin Yin subconsciously looked at herself in the mirror, especially her face that was bruised by Hou Ning. She couldn't help but laugh. "You're right. It's indeed a little funny. Looks like Brother Mu Ran's sunscreen is useless."

Lu Yan smiled and said, "With the training intensity of your school, it's useless even if you apply a few layers. We just stood in military posture and ran. I heard that your school actually made you soak in water holes this year, pass obstacles, and learn how to shoot. I'm also impressed. As expected, everything is unique where Sister Hou Ning is. Even the air is different. Hahaha!" "It's indeed a little different," Lin Yin said with a nod.

Lu Yan seemed to have suddenly realized something. She said nervously, "Yinyin, don't misunderstand. What I mean is that Sister Hou Ning is a person who pays attention to perfection in everything.

Therefore, she's very strict. It's not that she's unique with my uncle. No, that's not what I mean. What I mean is that she has nothing to do with my uncle. It's just friendship. It's a relationship and not romance. Yinyin..."

Lu Yan felt that the more she spoke, the more she felt that something was wrong. In the end, she simply fell silent.

Lin Yin smiled and said, "I think you're right. Instructor Hou is indeed a rather unique person."

Lu Yan felt like she was done for. After saying a few meaningless words in a hurry, she immediately hung up.

She was afraid that if she continued, it would make things worse..

Chapter 797: Humiliation

After Lin Yin changed her clothes, she stood up and walked towards the restaurant her classmates had arranged.

After the military training, the students in the class gathered together to celebrate. It was an old tradition, so Lin Yin naturally would not be absent.

As soon as they arrived at the KTV, Lin Yin was pulled by someone to sing a few songs.

Lin Yin waved her hand repeatedly. Her body still hurt and she couldn't sing.

Su Su immediately came out to block her and said, "Go away. Our Yinyin risked her life for everyone's 10 credits. She even dared to press Instructor Hou under her. She's still injured. Don't harm her, you unruly people."

A classmate beside her teased, "Su Su, weren't you quite at odds with Lin Yin previously? Why are you so protective now?"

Su Su said without blushing, "How can that be the same? A scholar who has been away for three days should be looked at differently. I've changed, can't I?"

Not to mention that Lin Yin was Mu Ran's sister, just the fact that Lin Yin protected her during the actual combat exercise made her feel embarrassed to go against Lin Yin again.

She thought that she was someone who knew how to be grateful.

Su Su pulled Lin Yin proudly and handed her food and drinks with a fawning expression.

The boy who had been beaten up by Hou Ning and Lin Yin did not have a good expression. He had been quietly hiding in the corner drinking a drink.

As soon as Su Su received the microphone, her gaze swept over to the boy. Thinking about how this person had actually threatened her during the actual combat drill, she said with a mocking expression, "Liu Hai, you seem to be very quiet today. Why aren't you talking about male chauvinism?"

Everyone's gaze turned to Liu Hai in the corner. Liu Hai felt especially uncomfortable when they looked at him with strange expressions.

In the past, no matter which school he went to, he was always the favored one.

She was good at her studies and good at fighting.

Therefore, the teacher indulged him. All the students in the class, regardless of gender, would respect him.

He did not expect to be suppressed by a woman at Capital University. This made him feel embarrassed and very ashamed.

It was fine if his college entrance examination results were not as good as Lin Yin's and his family background was not as good as hers, but in the end, he could not beat Lin Yin.

Women could only submit to men because strength speaks in this world. Therefore, men were one level higher than women. Men should enjoy the admiration and obedience of women.

In the end, he was defeated by two women in a row in just 20 days of military training. This was a great humiliation to Liu Hai!

Seeing that Liu Hai did not speak, Su Su hummed happily and quickly clicked on a song, "Who do you think you are?"

Liu Hai felt like his face had been slapped by a lowly woman. He was so angry that his eyes turned red as he stood up. Su Su was so frightened that her hand that was holding the microphone trembled twice and her voice changed slightly.

Feng Yu was so frightened that she stood up and was about to stop the fight. Liu Hai was an unstable person and looked down on women. He would definitely not show mercy.

Seeing that Liu Hai had the intention to hit someone, the boy beside her hurriedly stood up and pulled Liu Hai back, afraid that Liu Hai would hit the girl.

In their opinion, an extremely chauvinistic boy like Liu Hai dared to provoke the female instructor and hit Lin Yin, so they would not be surprised if he hit Su Su.

Liu Hai looked at the boy who was pulling him unhappily and snorted coldly. In the end, he shook off those people's hands and slammed the door angrily.

However, the moment he went out, Liu Hai bumped into a girl outside the door.

Liu Hai was about to flare up when the girl tugged at Liu Hai's sleeve with wet eyes and asked worriedly, "How are you? Did I hurt you?"

The girl's tone was soft and her eyes were filled with worry and tears. This made Liu Hai's anger subside slightly.

"I'm fine. Don't be so rash in the future. Girls still have to be more proper and dignified. It's very unsightly to run around on such an occasion," Liu Hai said impatiently.

Mu Ning's red eyes flashed with disbelief and surprise. She just wanted to go in later and let Lin Yin's classmates know how Lin Yin bullied her sister, so she pretended to be weak. She did not expect to meet a boy whose thoughts were from some strange era.

Which family raised this antique of a man? He smelled old, like he was about to step into the coffin. He also emitted a disgusting smell of decay.

Seeing that Mu Ning was silent, Liu Hai's mood improved a little. Girls had to be like this. They could not retaliate when they were hit or scolded. Only by being obedient could they be doted on.

Fortunately, not all the girls in this world were like Lin Yin and Hou Ning.

Otherwise, the world would be finished..

Chapter 798 - 798: Cursing

It had to be known that humans were born under the skirts of women. Some women with incorrect thoughts would affect the growth of men and bring up men without a masculine aura.

Liu Hai straightened his back and said with dignity, "It's good that you're like this. A girl like you is rare in the world. Fortunately, not every girl is as ill-bred as Lin Yin. She actually dares to hit a man."

When Mu Ning heard Lin Yin's name, her eyes darted around slightly. "Brother, are you talking about Lin Yin? That daughter of the Mu family, Lin Yin? Do you have a grudge against her? Did she hit you?"

Liu Hai frowned. Just now, he admired the girl in front of him for being quiet and obedient. He did not expect the girl to ask so many questions this time.

“A girl who talks too much and is curious is not a good girl. A qualified girl has to be careful with her words and actions. Don’t ask what you shouldn’t ask. Especially in front of men, you have to watch more, listen more, and speak less,” Liu Hai said with an experienced look.

Actually, he was not usually like this. It was mainly because the girls he met were not obedient, so he teased and despised them more.

Those girls who behaved inappropriately were not worthy of him teaching them. Only by letting them go out into society and suffer would they know how important upbringing was.

However, the girl in front of him looked innocent and pure, so Liu Hai felt that he had to teach the girl how to become a qualified girl. .com

Mu Ning stood rooted to the ground. If she did not have to maintain her image, the corners of her mouth would have twitched.

There must be something wrong with this person’s brain.

However, from what this person said just now, he seemed to have a grudge against Lin Yin?

However, she thought about it again. Which woman wouldn’t have a grudge against such a man?

It was obvious that he did not treat women as normal people and controlled them as things. He even shamelessly wanted to teach girls how to become girls.

Mu Ning didn’t expose him. She just smiled faintly, but Lu Yan, who came to look for Lin Yin, heard it. She stood up and mocked, “A grown man still wants to teach a girl how to become a girl? I’m dying of laughter! Sir, you can return one day when you’ve gotten your period and show us how good of a teacher you are. You’re an ignorant man who will probably stick a sanitary pad to your hair.

You should play on the side. How unlucky!”

Lu Yan had been listening by the side for a while just now. She wanted to wait for these two annoying people to leave her before going in, but she couldn't hold it in.

Liu Hai sneered and lectured Mu Ning, “Did you see that? Nowadays, women are really taught to be lawless. Their mouths are full of dirty words. If this was ancient times, they would be sluts that are beaten to death.”

Lu Yan was simply speechless at this boy. She went forward and said angrily, “Who the f*ck are you calling a slut? You're a dog with a head full of feudal filth and you dare to scold me? Do you want to see what you're like? Ancient times! If you were in ancient times, with your ability to yap, you would be a eunuch in the palace, you're trashy man! No, you're not even comparable to a eunuch, you short dick man!”

After all, she had been a delinquent for a period of time. If Lu Yan really wanted to scold someone, she would be very aggressive.

Mu Ning was dumbfounded. She knew it. Which woman would not have a grudge against such a man?

She would not think that Lu Yan was helping her. After all, Lu Yan was on good terms with Lin Yin. Therefore, Lu Yan made a move purely because she was unhappy with this man!

However, this was the first time she had seen the eldest daughter of an aristocratic family curse like a shrew.

This was the first time Liu Hai had been scolded like this. He walked towards Lu Yan angrily. Lu Yan knew when to leave. She quickly hid by the door and pushed open the door of the private room.

In the end, before she could ask Lin Yin for help, Liu Hai pushed Lu Yan aggressively. Fortunately, Feng Yu was singing in front and was close, so she quickly supported Lu Yan.

Lin Yin stood up and walked to Lu Yan's side. Seeing that Liu Hai was about to attack, Lin Yin shouted, "Liu Hai, what do you want?"

Even though he had been hit by Lin Yin, Liu Hai did not seem to have learned his lesson. He waved in Lu Yan's direction and was about to hit her.

However, before Liu Hai hit Lu Yan, a group of boys beside her quickly surrounded him and held Liu Hai.

"Liu Hai, don't hit people for no reason, especially girls. Aren't you embarrassed to hit a girl as a man?"

"That's right, Liu Hai. We're all classmates. If you bully the weak like this, no one will be your classmate in the future.."

Chapter 799 - 799: Good Bodyguard

Liu Hai did not expect that the people who stopped him were actually some male classmates. He said angrily, "Don't you understand the situation? I'm fighting for power and status for our male compatriots. If you don't teach some women a lesson, she'll become even worse and ride on our heads in the future. Do you know what it means to be together for good or ill? My father said that women have to be taught more lessons to be better!"

Long Huang, who was hiding in the dark, could not help but say, "Why is there always some strange waste in this world that pollutes the environment?"

As he spoke, Long Huang appeared in front of everyone. He pushed through the crowd and grabbed Liu Hails hair.

Just now, when Lu Yan was almost beaten up, Long Huang was about to attack.

However, when he thought about how his mission was to protect Lin Yin, he hesitated for a moment. He did not expect that this kid would go overboard!

Liu Hai's scalp hurt. Just as he was about to struggle, he was kicked in the knee by Long Huang. Under the surprised cries of the students, he was dragged away,

"F*ck, which piece of trash dares to grab my hair? Let go if you have the guts.

"I'll fight you one-on-one!" Liu Hai protected his hair that was grabbed by Long Huang with both hands and shouted indignantly.

Long Huang snorted in disdain and really let go.

Facing Liu Hai's irregular carp, Long Huang stood up and smiled disdainfully.

Seeing Liu Hai rush in front of him, Long Huang stepped on Liu Hai ruthlessly and said arrogantly, "Son of a b*tch, the heavens have given a man a strong body. They're not for you to bully the weak and girls. If not for the protection of the law, I would have killed you in minutes and let you enter your next life and be reincarnated as a beast."

Lu Yan saw that the man who had bullied her just now was already being stepped on. She couldn't help but look at the person who helped her deal with the trash.

That person's hair was cut very short. It was black and shiny and grew close to his scalp. His eyebrows were rough and he had a slightly hooked nose. There was a mocking smile on his lips. He looked a little roguish and evil, but his eyes were filled with righteousness.

She was slender and had well-defined muscles, but they were not huge. However, they seemed to have strength to attract Lu Yan's gaze.

Her long and strong fingers were without any decorations. Perhaps it was because she was holding her bangs, but blue veins that represented strength appeared.

Lu Yan subconsciously swallowed her saliva. Then, her eyes lit up as she pulled

Lin Yin and asked, "Yinyin, who is this person?"

"A bodyguard!" Lin Yin said concisely. Then, her gaze landed on Lu Yan's face and she looked at her with interest. fre(e)

Lu Yan was not disappointed that Long Huang was a bodyguard. Instead, she was even happier. She muttered, "Bodyguards are good. They have good figures!"

Hearing the laughter coming from the side, Lu Yan immediately realized that she had lost her composure. She laughed dryly in embarrassment and covered it up. "I mean, he has a lot of muscles and strength. He's a good bodyguard." Long Huang was a little embarrassed by Lu Yan's burning gaze.

Lu Yan didn't know him, but he knew Lu Yan. She was his boss's niece.

In order to avoid embarrassment, Long Huang dragged Liu Hai out like he was dragging a dead dog. He even said, "I'll bring him out to prevent him from dirtying everyone's eyes."

Seeing that Long Huang was about to leave, Lu Yan immediately patted Lin

Yin's arm and said distractedly, "Yinyin, I still have something on. Let's meet again when we have time in the future."

At this moment, Lu Yan had completely forgotten that this was the place where she shamelessly came to sing.

Lu Yan's mind was filled with thoughts. How could she let Long Huang escape? It was so difficult to find such a type of man.

After Liu Hai was pulled away, Lin Yin turned to look at Mu Ning. However, she did not say anything and only glanced at her coldly before turning around to enter the private room.

“Sister!” Mu Ning quickly called out to Lin Yin.

Lin Yin did not stop in her tracks at all because of Mu Ning’s call. In a hurry,

Mu Ning reached out to pull Lin Yin back and called out aggrievedly, “Sister!”

Su Su looked at Lin Yin from the side and asked in confusion, “Yinyin, you have a sister? Did Brother Ran’s mother give birth to five children?”

Feng Yu sized up Mu Ning and said, “This Mu Ning looks nothing like Yinyin’s family.”

Feng Yu’s words embarrassed Mu Ning, but it was only for a moment before she adjusted her emotions..

Chapter 800: Cold-blooded

“Sister, I know you don’t like me, but Sister, ever since Mom and Dad adopted me, I’ve been accompanying Mom, Dad, and Grandma in the Mu Family for more than ten years. I’ve long treated everyone in the Mu Family as my family. Can you help me beg Mom and Dad to let me continue to be their daughter? I promise you that I won’t snatch Mom and Dad’s love for you, okay? I beg you!” Mu Ning’s eyes were red, making people pity her.

The students beside her all looked at Lin Yin in surprise, but no one dared to say anything.

Instead, some uninvited guests appeared.

Gong Yue looked at her good friend Mu Ning begging Lin Yin so humbly and said unhappily, “Lin Yin, all these years when you weren’t in the Mu family, it was Ah Ning who accompanied your family in your

place. Now that you're back, you're threatening the Mu family to abandon her. Aren't you too domineering?"

Lin Yin looked coldly at the group of people who had suddenly appeared. Gong Yue, Wen Ying, Lu Xiao, Lu Yue, Yue Chi, and Yue Ning were all old friends.

Then, Lin Yin's gaze landed on Mu Ning. If such a scene had nothing to do with Mu Ning, Lin Yin would never believe it.

Lin Yin looked at Mu Ning with interest. She wanted to see what Mu Ning wanted to do. Did she want to use morality to kidnap her and use public opinion to force her to acknowledge Mu Ning?

No, that was impossible.

Back then, she could not bring Wei Ji back because she wanted to obtain all her adoptive mother's love.

Then today, she would not give up her family either.

Regarding love, no matter what kind of love it was, once she confirmed it, she would not let some scheming people snatch it away easily.

Wen Ying also sneered. "Lin Yin, once the adoption relationship is confirmed, abandoning the child will be considered abandonment. Even if Mu Ning is already an adult and your parents don't have to bear the responsibility of the law for abandoning her, it's still immoral."

They had only found out some time ago that Lin Yin was the daughter of the Mu family who had been missing for 18 years.

When they found out, not to mention how surprised the surrounding people were, many people doubted the authenticity of this matter.

After all, Mu Ran had fallen into the scandal of an early marriage at that time. It was not impossible for the Mu family to acknowledge a goddaughter and say that she was their biological daughter.

In the end, they asked the elders at home and found out that the Mu family had really lost a daughter.

It took them a long time to slowly digest this matter.

Unexpectedly, there was actually an adopted daughter involved.

No wonder Mu Ning said that she was ranked fifth at the Huo Family's banquet. So that was the reason.

Lu Xiao glanced at Lin Yin coldly and said disdainfully, "Mu Ning has been adopted for more than ten years, but the Mu family hasn't let anyone know about her. It seems like the Mu family is cold-blooded and heartless. It's fine if they hide their daughter for 18 years and don't let her show her face, but now they don't want her anymore. Human nature is cold!"

Yue Ning mocked, "You're indeed a family of cold-blooded animals. You have it in your genes."

Lu Yue stood at the side calmly to watch the commotion, while Yue Chi did not seem to be in a good mood. He just stood at the side with a sullen expression.

Lin Yin shook off Mu Ning's hand and gently raised Mu Ning's tear-stained face with her slender fingers. She sneered. "You want to use my family to attack me? You want to use so-called social morals to criticize me and my family? Mu Ning, aren't you too naive?"

Mu Ning shook her head in panic. Tears began to fall from the corners of her eyes again. She said in a choked voice, "No, Sister, I don't think that way. I just think that Grandpa and Grandma have already adapted to my care. I want to stay in the Mu Family to take care of them. All these years, Dad and Mom don't stay by Grandpa and Grandma's side often. They're old and sometimes very lonely. I want to accompany them, that's all."

Gong Yue shook her head and looked at Mu Ning with heartache. Then, she said to Lin Yin, "Lin Yin, it's fine if you're not filial to the elderly, but are you going to take away all the elderly's care? Haven't you

heard of the saying that the gratitude of upbringing is larger than the gratitude of giving birth? Ah Ning is so filial because she's grateful for the Mu family's nurturing. As soon as you came back, you chased away the child that Grandpa and Grandma had raised for more than ten years. Don't you think you're very unfilial and overboard?"

"That's right. Even if she's adopted, she's recognized by the law. Even if you,

Lin Yin, don't admit it, Mu Ning is still your sister. There's no escaping her."

"Aiya, I really can't stand to see such a beautiful girl being bullied. Lin Yin, don't be too arrogant. Otherwise, there will be retribution one day.."
