

## Real Daughter 801

### Chapter 801: No One Wants

Lin Yin glanced coldly at the surrounding people who were watching the commotion. Then, she pinched Mu Ning's chin tightly and questioned, "Mu Ning, do you mean that I asked Dad and Mom to chase you out of the Mu family? So, my parents said that they wanted to chase you out of the house?"

Grandma, who dotes on you the most, is also you out of the house?"

Mu Ning shook her head repeatedly and explained with a sob, "It's not like that. Sister didn't ask Mom and Dad to chase me out. She really didn't. Don't misunderstand."

Although Mu Ning said that, she was just acting, as if she had been threatened by Lin Yin to absolve her.

Su Su pursed her lips and looked at Feng Yu. With such an action, either Mu Ning was really threatened by Lin Yin and did not dare to tell the truth, or Mu Ning deliberately said that to make everyone misunderstand.

"Mu Ning, right?" Su Su said from the side. "You mean that Yinyin made her parents, grandparents, choose between you and her? Then, you're begging

Yinyin now because Yinyin's parents, grandparents, and others can't dissuade Yinyin and are forced by Yinyin to chase you out of the Mu family, right?" Mu Ning only shook her head and still looked at Lin Yin timidly. Then, she didn't say anything, as if she was threatened by Lin Yin and didn't dare to say anything.

Lin Yin lowered her eyes and smiled. Then, she said frankly, "Mu Ning, if you want to play like this, I won't stand on ceremony."

As she spoke, Lin Yin shook off Mu Ning's chin with her fingertips. After looking around at the people around her, she looked at Mu Ning with a wicked smile and said softly, "Mu Ning is right. I'm a very

domineering person. My parents can only belong to me and my three brothers. As long as outsiders want to share some of my parents' love, I won't let them off."

Instead of letting Mu Ning go around saying that Mu Cheng and Ye Wen were cold-blooded and wanted to abandon Mu Ning, it was better for her to just admit it. She would let everyone know that she, Lin Yin, was the cold-blooded one, not her parents.

No one expected Lin Yin to admit it just like that. Before they could criticize Lin Yin, Lin Yin continued.

She stared at Gong Yue and smiled. "Gong Yue, since you care so much about your good friend, why don't you bring Mu Ning back and give half your parents to her? That way, you'll be noble and superior, right? In the future, when others see you, they'll say that Gong Yue is kind!"

Gong Yue did not expect Lin Yin to say that. She subconsciously said, "Lin Yin, are you crazy? It was your parents who adopted Mu Ning, not my parents. What has it got to do with my parents?"

Lin Yin nodded and said in surprise, "Mu Ning, it seems like Gong Yue doesn't welcome you as her good sister."

Mu Ning's face flushed red. Before she could think of a way to counterattack,

Lin Yin pointed the spear at Wen Ying and smiled. "Why don't you bring Mu Ning back and be sisters? You have sisters at home. I think you know how to interact with sisters better, right? If you don't want her, no one will want Mu Ning. How pitiful."

Without waiting for Wen Ying to reply, Lin Yin turned her gaze to Lu Xiao and Yue Ning. "Why don't the two of you bring her back? The two of you just said that I'm cold-blooded. I'm indeed cold-blooded, so I admit it. Then the two of you definitely aren't cold-blooded, right? Bring her back!"

The few people Lin Yin mentioned did not answer. They only said that Lin Yin was crazy.

Lin Yin turned around and looked pitifully at Mu Ning, who was obviously trembling from the humiliation. Then, she smiled and said, "Look, Mu Ning, no one is willing to bring you home. No one

wants you. Do you know why? Because you're annoying! Because you only know how to play dirty tricks in the dark!"

Lin Yin said bluntly. She knew very well that Mu Ran had once said that he had been schemed against by Mu Ning when he was young, causing Mu Ran to not return to the Mu Family's old residence after that.

Mu Ning dared to scheme against her brother and even dared to guilt trip her now. She spread the news that Mu Cheng and Ye Wen were immoral and gave up a child after adopting her. She even made up rumors that the Mu family was going to kick her out of the family and force her to make a choice.

Lin Yin sneered. Mu Ning was too naive.

"Lin Yin, you're going too far!" Mu Ning was so angry that she cried and left.

Lin Yin smiled coldly and turned to look at Gong Yue and the others. She smiled and said, "The little princess you're protecting has already left.. Do you want to stay and continue arguing with me? Or get lost?"

Chapter 802: Call Me Xiao Yan

Gong Yue and the others looked at Lin Yin coldly. In the past, they would definitely have taught Lin Yin a lesson.

However, the current Lin Yin was from the Mu family and was not so easy to bully. Then, the few of them left without saying anything.

Lin Yin's gaze landed on Yue Chi, who was too silent.

If it were any other time, Yue Chi would not be so quiet. For some reason, Yue Chi could not even say a word when he encountered such a thing.

When Su Su saw the person opposite her leave, she immediately pulled Lin Yin back and said, “Yinyin, Impressive. You made them not dare to say anything. But was that Mu Ning really adopted by your parents?”

Looking at Su Su’s curious nosy expression, Lin Yin smiled and said truthfully, “My parents didn’t adopt her. At that time, my mother had an accident and my father wasn’t in the mood for it, so my grandparents adopted her. No one in the family wanted to chase Mu Ning away.”

Facing a reasonable person, Lin Yin was still willing to explain.

Su Su nodded repeatedly and said without any doubt, “I knew it. How could

Brother Ran’s parents do such a thing? Besides, the Mu family has raised Mu

Ning for more than ten years. That Mu Ning is already an adult. That’s enough. She’s still causing trouble here. She’s simply detestable.”

Feng Yu nodded and echoed, “I asked her just now, but she didn’t say anything and cried. She made it seem like she was really bullied. Those who don’t know the truth will definitely misunderstand that Yinyin’s parents really want to chase her out.”

Su Su sneered. “She’s so fake, she doesn’t want to explain it clearly. She’s using her actions and cries to mislead everyone. In the end, if Yinyin is really criticized, she can completely clear responsibility. I knew this trick long ago.”

Lin Yin smiled and didn’t say anything. Then, she continued to sing with her classmates. No one took it to heart, nor did anyone look for Liu Hai that had been dragged out by Long Huang.

At this moment, Long Huang looked at Lu Yan, whose eyes were bright, with a headache. He smiled dryly and said, “Miss Lu Yan, I don’t know how to do it if you look at me like this!”

Lu Yan looked at the bangs in Long Huang's hand and then at Long Huang. She said innocently, "Just follow your usual habits. I'm not afraid. Do bodyguards usually poke their eyes, dig out their hearts, or cut their tongues?" Every time Lu Yan mentioned one, Liu Hai would tremble in fear.

Long Huang slapped Liu Hai's head and said impatiently, "Why are you trembling? If you continue shaking, I'll cut off your ear."

Liu Hai fell silent. Lu Yan became noisy again. "Cut his ears? Then I'm not afraid either. It's just that there are too many people here. We have to find a place with fewer people. Otherwise, the police will come and find trouble with you later. Although we have to use evil methods to deal with evil people, we can't be too blatant. It will scare the other children."

Long Huang was about to go crazy. Then, she forced a smile and said respectfully to Lu Yan, "Miss Lu Yan, why don't you go back first?"

Lu Yan shook her head and smiled. "Don't call me Miss Lu Yan anymore. Just call me Xiao Yan."

The corners of Long Huang's mouth twitched. He did not dare to bark.

If his boss found out that he had linked up with Lu Yan, Lu Ming would probably remove his head.

Long Huang was helpless. He looked around and knocked out Liu Hai. He carried him on his back and ran away.

At first, Lu Yan thought that she could keep up with Long Huang. After all, Long Huang still had to carry a man who weighed more than 50 kilograms.

In the end, within a few seconds, Long Huang disappeared for no reason.

Lu Yan looked at the busy streets and was so sad that she was about to cry.

In the end, Lu Yan, who couldn't find her, could only call Lin Yin. Then, she returned dejectedly to prepare to sing with Lin Yin.

When Lin Yin came out to pick up the sad Lu Yan, she saw that Mu Ning had yet to leave.

Seeing Lin Yin come out, a cold expression flashed across Mu Nings face.

Then, she continued to look pitiful and called out softly, "Sister."

"You're still here? Why? Are you still thinking of ways to slander me and my family?" Lin Yin mocked.

"Sister, that's not what I meant. I'm here now to apologize to you for what happened just now. You know that I've been raised by my grandparents and no one usually talks to me, so I don't know how to speak well. That's why everyone misunderstood you just now," Mu Ning explained with a frown..

Chapter 803: Guilty

Lin Yin suddenly laughed and looked at Mu Ning as if she was looking at a fool.

"Mu Ning, do you really think everyone in the world is a fool in front of you?"

"You think you can fool everyone else because you can fool the old lady?"

Mu Ning quickly said anxiously, "Sister, I'm really not trying to lie to you. I really just want you to plead for me. I really want a complete family. If Mom and Dad don't acknowledge me, I won't have the status to stay in the Mu Family. Then, I'll be an orphan from now on. Sister, you've been wandering outside for more than ten years. You should know very well how miserable it is to be alone outside.

“Why? Are you changing your plan now? You want me to pity you?” Lin Yin sneered. “Mu Ning, if you had been obedient, I don’t think my three brothers would have hated you so much. If you had been obedient, you wouldn’t have been humiliated by me in front of so many people just now. But you didn’t. You just had to cause trouble. Who can you blame?”

“Sister, I just want an official identity. I’ve never dared to think about anything else. Aren’t you willing to satisfy such a small request? As long as you say a single sentence, Dad, Mom, and Brother will listen to you.” Mu Ning’s voice was filled with pleading.

If not for the fact that Mu Cheng and his wife had already submitted all the materials and evidence to cancel the adoption, if not for the fact that she had found out that their adoptive relationship was very likely to be voided, she would not have begged Lin Yin so humbly.

All it takes for Mu Cheng and Ye Wen to admit their adoptive relationship was really just a single sentence from Lin Yin.

Therefore, even if Mu Ning was about to go crazy with jealousy, she still had to beg Lin Yin.

Lin Yin looked at Mu Ning deeply and smiled. “Why should I speak up for you? You leaked my business to Yue Han, causing Brother Mu Ran and I to be exposed on the Internet. When Brother Mu Ran left the industry helplessly, why didn’t you think that you would have to beg me one day? When you used Grandma to target my mother, why didn’t you think about whether you did the right thing? When you bullied Brother Mu Ran when you were young, why didn’t you think that you would suffer retribution one day?”

Mu Ning looked at Lin Yin in shock. She knew that Lin Yin would definitely know about bullying Mu Ran. She also knew that she might not be able to hide it from her if she used Grandma to target Ye Wen.

But how did Lin Yin know that she was the one who exposed Lin Yin for destroying the Yue Family’s project to Yue Han?

Lin Yin was very satisfied to see Mu Ning’s shocked expression. She smiled and said, “Are you surprised that I know that you colluded with Yue Han? Mu Ning, if you don’t want someone to know, don’t do it. I

think this might not be the only thing you did, right? You'd better not let me find out. Otherwise, I'll return everything to you piece by piece!"

Mu Ning swallowed nervously and lowered her head guiltily.

This action made Lin Yin narrow her eyes dangerously. Originally, she only remembered that the person behind Zhou Li would swap children from aristocratic families, so she asked casually, planning to trick Mu Ning.

However, Mu Ning's expression clearly showed that she was guilty, so Mu Ning was guilty. Perhaps it was because she had done something to hurt the Mu family for the mastermind, or perhaps it was because Mu Ning had already done something she did not know.

Lin Yin thought about some occasions where Mu Ning had appeared and some fruitless things that had happened at that time.

The first time she met Mu Ning during her high school graduation trip was when she was hospitalized after Huo Ge kidnapped Yang Xue to save Mu Heng.

At that time, she had not found the person who had really contacted Huo Ge. Could Mu Ning be the person who had contacted Huo Ge to use Yang Xue to get rid of her?

Also, at that time, they were attacked by two groups of people in front of the

Mu family's villa. Although it was later found out that it was Su Fei and Meng Shu, it was obvious that someone was using Su Fei and Meng Shu. Could this person be Mu Ning too?

Lin Yin's expression became sharper, and her eyes seemed to be tainted with a murderous aura. She stared at Mu Ning and threatened, "Mu Ning, I'll give you a chance to confess what you've done before. How about that? If you can confess now, I can consider letting you live a less miserable life."

Mu Ning looked up at Lin Yin without fear. Her eyes were still red, but her tone was firmer and not as guilty as before. "Lin Yin, what nonsense are you talking about? I know. You're just jealous that Grandma likes me more than you.. Are you going to slander me now?"

Chapter 804 - 804: Drunk

Looking at Mu Ning's imposing manner, Lin Yin sneered. "I disdain to be jealous of you. I have parents who love me and three brothers who love me. I don't care about the meager love you get."

Lin Yin knew what Mu Ning cared about. As expected, Mu Ning's expression became extremely twisted and ferocious. freeweb . com

After angering Mu Ning away, Lin Yin went to the entrance to pick Lu Yan up.

Because Long Huang had disappeared, Lu Yan was squatting at the door and sulking.

Seeing Lin Yin come over, Lu Yan said pitifully, "Yinyin, I have fallen in love with your bodyguard at first sight, but it's obvious that your bodyguard doesn't like me. He'd rather carry a man around than stay with me."

Lin Yin looked at Lu Yan in amusement. "You really like him? Or are you just lecherous?"

Lu Yan smiled a little embarrassedly. "Maybe I'm more lecherous? But isn't love at first sight just lust? And I guess he must have an eight-pack. It must feel good to the touch."

"Pervert!" Lin Yin smiled angrily, and then the two of them instantly laughed.

Then, Lu Yan was pulled up by Lin Yin. Lin Yin persuaded, "A moment of infatuation might be an illusion. Let's go sing first. Maybe you'll forget about him.'

Lu Yan nodded and decisively rushed to where Lin Yin's class was to sing a song. The group played until the middle of the night. When Lin Yin and Lu Yan left, they were both swaying.

"Is she drunk? How can that do? Didn't Miss Lin Yin just fight with Hou Ning? Why is she drinking when she's still injured?" Dong Yi said to Long Huang as he walked towards Lin Yin.

Long Huang was also a little worried. They could not enter during combat demonstration and could only protect them from the periphery.

Therefore, when they found out that Lin Yin had actually fought with Hou Ning, they were actually afraid.

Who was Hou Ning? She was an old comrade and partner of Lu Ming.

Therefore, the moment he heard that Lin Yin and Hou Ning were fighting, Long Huang almost felt his heart stop, afraid that he would see a missing Lin Yin.

Fortunately, Lin Yin was still intact when she appeared in front of him. Otherwise, he would really have to apologize with his life.

When he first took over this mission, Long Huang really felt that it was very easy. Wasn't it just protecting a little girl? He even began to think about what sort of tea to bring to drink during such a leisure time.

In the end, after accepting the mission, he lived a soul-stirring life every day.

She either fought with the Yue Family or the Wei Family. Otherwise, it was the Huo Family. Now, she even fought with Hou Ning from the Hou Family.

Almost all the eight aristocratic families could be related to Lin Yin. The key was that they still had to worry about being left behind by Lin Yin. They really couldn't let their guard down every day. It was extremely exciting.

Dong Yi had just supported Lin Yin when Lu Yan saw Long Huang coming forward.

Lu Yan's eyes lit up. She staggered and let go of Lin Yin's hand, wanting to pull Long Huang.

The drunk person did not estimate the distance accurately and fell down the stairs. Long Huang was so frightened that she quickly went forward to support

Lu Yan.

However, just as she was done, Lu Yan's hand pinched Long Huang's face. She looked confused and her tongue was like a knot. She was so drunk that her words were muffled. "Ah Huang? Oh, Ah Huang! Hahaha, you're so handsome. Do you have an eight-pack?"

Dongyi, who was at the side, was still worried about Lin Yin's body. In the end, when he heard Lu Yan call Long Huang, he couldn't help but laugh. Even the others in the dark were holding back their laughter.

"Ah Huang? It's usually the name of a dog, right?" Dongyi couldn't help but smile as he said, "Come, Ah Huang, lift your clothes and let Miss Lu Yan see if you have an eight-pack."

Long Huang glared at Dongyi angrily and quickly sent Lu Ming a message.

Wei Ji walked out of the shop and looked at the drunk Lin Yin. "Why don't I send Yinyin back?" "No way!"

"No way!"

Dongyi and Long Huang spoke in unison. After saying that, they looked at each other. Then, Dongyi coughed lightly and said, "The two of us are Miss Lin Yin's bodyguards, so we can't hand the unconscious Miss Lin Yin to anyone. I'm sorry."

The two of them had received orders from their boss to be careful of Wei Ji and the Wei Family, so they could not let Wei Ji send Lin Yin off.

Wei Ji looked at Lin Yin worriedly and said, "Alright, I understand. I'll follow you guys later. I'll only be at ease when I see Yinyin home.."

#### Chapter 805 - 805: Confrontation

Dongyi scratched his head and didn't say anything. Long Huang also lowered his eyebrows and focused on supporting the noisy Lu Yan without saying anything.

The next second, the two of them picked up their phones in unison and urged their boss to come over quickly.

The two of them guarded against Wei Ji like they were guarding against thieves.

As soon as Lu Ming got out of the car, he saw Lu Yan, who was flirting with Long Huang, and Lin Yin, who was leaning against Dongyi obediently.

When his gaze landed on the bruise on Lin Yin's face, Lu Ming's expression darkened with a hint of heartache and anger.

Lu Ming quickly walked towards them. Long Huang subconsciously wanted to send Lu Yan into Lu Ming's hands, but Lu Ming did not even look at Long Huang who walked forward. Instead, he brushed past the two of them and walked towards Lin Yin. He forcefully pulled Lin Yin into his arms from Dongyi's hand.

Seeing this, Dongyi immediately stood in front of Lu Ming. He did not dare to pull her away directly and could only say coldly, "Third Master Lu, please let go of my Miss."

Lu Ming just looked at Dongyi coldly. "You still know that she's your Miss? Then why didn't you stop her from drinking when she was injured?"

Dongyi choked and could not speak.

Long Huang was swept by Lu Ming's cold eyes and hurriedly lowered her head, not daring to look straight at Lu Ming.

However, the two of them felt very wronged. Lin Yin's classmates were celebrating the end of their military training. They couldn't go in and stand at the side with cold expressions, right? This would affect the atmosphere.

"Move aside!" Lu Ming said to Dongyi in a low voice. fre(e)

Dongyi still braced himself and stood in front of Lu Ming. "I'm sorry, Third Master Lu. My Eldest Young Master will come over to pick her up immediately. Miss Lin Yin is a member of the Mu Family after all, so I hope Third Master Lu won't make things difficult for us employees."

Wei Ji walked out from the side and looked at Lu Ming. He said gently, "Third Brother Lu, it's not easy for the employees. If you take Yinyin away, I think they will be severely punished. Why don't you wait a little longer? I think Brother Mu will be here soon."

Wei Ji's eyes were filled with a faint smile. Lin Yin was the girl he wanted to conquer, the help for his future revenge, and the wife he might spend the rest of his life with. He didn't want to let the unconscious Lin Yin be with Lu Ming. If something that shouldn't have happened, happened, he would feel disgusted.

Lu Ming might consider it if it was Dongyi who obstructed him.

However, now that Wei Ji, who was of unknown status, was still coveting Lin Yin and stopping him, Lu Ming could only snort.

Lu Ming walked around the two of them and wanted to leave.

Dongyi saw that Lu Ming could not be reasoned with and waved his hand. The people hiding in the dark appeared in unison and stood in front of Lu Ming.

Seeing this, Long Huang immediately called out his people.

Usually, he and Dongyi had the same goal, so they could naturally call each other brothers and joke around.

But he was still working for Lu Ming. If Dongyi made a move, he would naturally stand on Lu Ming's side.

Dongyi snorted coldly. Long Huang was indeed Lu Ming's subordinate.

The two teams were usually laughing and joking, but now, they were going to fight.

Wei Ji, who was at the side, was surprised. He had always thought that both Dongyi and Long Huang were bodyguards hired by the Mu Family for Lin Yin. He did not expect Long Huang to be Lu Ming's subordinate.

It seemed like Lu Ming really thought highly of Lin Yin if he could send an expert like Long Huang to guard by Lin Yin's side.

In that case, it seemed too difficult for him to snatch Lin Yin from Lu Ming.

"Don't kill anyone!" Lu Ming said indifferently. After all, Dongyi was working for the Mu Family. If he was injured, it would be difficult to explain later.

With that, Lu Ming carried Lin Yin and left.

Long Huang and Dongyi's men immediately fought.

However, before Lu Ming could bring Lin Yin into his car, he was forced to stop by a black car. The two groups of people fighting also stopped.

The moment Mu Heng got out of the car, he first looked at Lin Yin in Lu Ming's arms with worry. Then, he smiled at Lu Ming with a cold gaze. "Lu Ming, I'll carry my sister back myself."

As Mu Heng spoke, he took a step forward and reached out to take Lin Yin from Lu Ming.

Lu Ming took a step back with an indifferent expression, as if he was worried about handing Lin Yin over to Mu Heng.

"Lu Ming, what do you mean? You're not related to Yinyin. If reporters who don't know the situation find out that you're hugging her like this, there might be another scandal." Mu Heng smiled, but his tone was cold..

Chapter 806 - 806: Bigshot Coaxing

Before he knew that Lin Yin was his biological sister, he had heard a lot about Lin Yin being Lu Ming's mistress.

He did not take it to heart back then, but now, he was very disgusted.

How could his sister be called a mistress? It was simply too insulting.

So at this moment, he couldn't stand Lu Ming hugging Lin Yin so intimately.

Of course, Lu Ming's attitude towards Mu Heng was not very good at this moment. He said sarcastically, "Whose scandal can surpass Mu Ran's?"

"Lu Ming, don't forget what you promised me." Mu Heng stared at Lu Ming coldly.

“What did I promise you? Mu Heng, I agreed to you because I want what’s best for Yinyin. But if your Mu family can’t take good care of Yinyin, I don’t mind taking Yinyin away and taking care of her myself,” Lu Ming said without any concession.

“Take care of her? Lu Ming, are you joking? What right do you have to take care of Yinyin? Don’t forget that Yinyin is a child of our Mu Family. You’re an outsider and you don’t have the right. Besides, don’t you know why Yinyin was injured during this military training? Don’t say that Hou Ning didn’t target

Yinyin because of you. I don’t believe it.” Mu Heng’s expression turned cold.

Mu Heng’s words rendered Lu Ming speechless.

Mu Heng sneered. “You can’t speak anymore? Lu Ming, clean up those women around you first before you tell me about protecting Yinyin. It’s the same for the previous time, and now too.”

Then, Mu Heng took two steps closer to Lu Ming and gently pinched the uninjured side of Lin Yin’s face twice. His tone became extremely gentle as he whispered, “Yinyin, I’m here to bring you home. Come home with me, okay?”

Because her face was pinched, Lin Yin opened her hazy eyes in dissatisfaction. She stared at Mu Heng with her clear eyes in a daze and she did not speak.

Lu Ming did not retreat. He hugged Lin Yin patiently, his cold eyes filled with tenderness and guilt for Lin Yin.

Mu Heng was not in a hurry. He only said with a gentle smile, “Yinyin, be good and come home with Brother, okay?”

Mu Heng did not dare to snatch Lin Yin from Lu Ming’s arms forcefully. It was not that he was afraid of Lu Ming, but he was afraid of hurting Lin Yin. Therefore, he could only coax Lin Yin to leave with him in a doting and gentle tone.

Everyone at the side held their breaths as they looked at the two cold-faced bigshots. They were looking at the girl between the two of them gently, afraid that they would disturb the coaxing of the bigshots. Then, they would be arrested and punished when they returned.

Indeed, no matter how cold and heartless a person was, when they met someone they loved, even their expressions were gentle.

Wei Ji's gaze landed on Lin Yin, who was between Mu Heng and Lu Ming. He was even more determined to get Lin Yin who was so doted on. As long as Lin Yin was in his hands, he would have a hostage from both the Mu and Lu families.

Lin Yin seemed to have just recognized Mu Heng. There was a smile on her face as she reached out to Mu Heng softly. "Brother Big Brother

Mu Heng's heart softened when she said the word "Brother" in a daze.

Especially when Lin Yin reached out with dependence and a little delicateness, it made Mu Heng burst with joy.

Mu Heng ignored Lu Ming's gradually darkening expression and reached out to hug Lin Yin into his arms, his eyes filled with joy.

"Little drunkard, I'll bring you home," Mu Heng said as he glanced at Lu Ming, who clearly did not have a good expression.

Lin Yin found a comfortable position in Mu Heng's arms and closed her eyes. She let out a satisfied sigh and nestled obediently.

Seeing Lin Yin rely on her brother, Lu Ming admitted that his heart ached. Even though he knew that Mu Heng was Lin Yin's biological brother, Lu Ming still felt sour and upset.

Mu Heng did not care about Lu Ming's mood. He just said to Lu Ming happily,

“Thank you, Third Young Master Lu, for taking care of my sister.”

With that, Mu Ran left the event location with a victorious attitude.

Dongyi hurriedly followed, and Long Huang looked at Lu Ming’s expression.

When Lu Ming waved his hand for them to follow Lin Yin, Long Huang stuffed Lu Yan into Lu Ming’s hand and quickly chased after Lin Yin.

Wei Ji went forward and said to Lu Ming, “Third Brother Lu, I’ll go back first.”

Lu Ming turned to look at Wei Ji and warned him coldly, “Wei Ji, don’t think that I don’t know what you’re thinking. I’m warning you, don’t even think about it if it’s not yours.”

Wei Ji looked up at Lu Ming and asked in confusion, “Third Brother Lu, what are you talking about?”

Lu Ming only sneered with a cold expression. “You’d better not know what I’m talking about..”

Chapter 807 - 807: Engagement Party

With that, Lu Ming left with Lu Yan.

Wei Ji stood rooted to the ground and watched with a smile as Lu Ming’s car slowly dissipated in his vision.

He looked up at the moon which was emitting light in the darkness and chuckled before leaving.

The engagement banquet between the Yue and Gong families was very grand. The eight aristocratic families in the Capital and some well-known families were invited.

Lin Yin had thought that Mu Heng would not come to Yue Han's engagement party because of Yue Han's scheme against her and Mu Ran.

Therefore, when she saw Mu Heng at the reception, Lin Yin was very surprised.

When Mu Heng saw Lin Yin, he was also very surprised. He thought that Lin

Yin had been schemed against by Yue Han and might not come to the Yue

Family's engagement banquet on account of this. He did not expect Lin Yin to

come.

"Yinyin, you're here too?" Mu Heng asked with a smile.

He was here as the representative of the Mu Family. If Mu Ran and Mu Xiao knew that Lin Yin would also come, he would not be the only one who would come.

Lin Yin nodded. "Sister Gong Han specially sent me and Lu Yan an invitation. If

I don't come, it's not appropriate."

Only then did Mu Heng remember that Lin Yin and Lu Yan were classmates with Gong Ze in high school. Previously, they had helped Gong Han ruin her marriage with Yue Chi. They must have a good relationship.

"Do you want to enter with me?" Mu Heng asked.

Lu Yan smiled and said, "Okay, okay. Yinyin, let's go in with Brother Mu Heng. I was just thinking that we'll look a little lonely if it's just the two of us."

Lu Yan's father, Lu Jin, had left the Lu Family to develop outside in the early years, so the Yue Family's actions were quite appropriate. They had two invitation letters. One was for the Lu Family, and the other was for Lu Jin's family.

Lin Yin nodded and smiled. "Then let's go in together."

After Lin Yin and the others handed in their invitations, they walked around the huge screen at the door and the beautiful scene of the wedding appeared in front of them.

The light shone through the exquisite crystal chandelier into the elegant banquet hall, making the golden decorations and gorgeous setting even more dazzling, luxurious, and elegant.

In the middle of the banquet hall was a huge stage, decorated with exquisite white silk thread and golden decorations. It looked as if it was an image from poetry and paintings.

Rows of pure white chairs surrounded the stage. The seats were inlaid with golden decorative strips that symbolized purity and nobility. The gorgeous golden carpet covered the entire ground, adding a solemn and enthusiastic atmosphere to the entire venue.

In the background was a huge white background wall festooned with gold tassels and colorful balloons hanging from the ceiling, symbolizing the permanence of love and the permanence of commitment.

On the stage beside him, many small golden leaves hung under a huge fake tree. Each leaf was engraved with a letter that formed the new couple's name. This tree also symbolized their love story.

There were all kinds of delicacies and desserts in the banquet hall. From exquisite appetizers to local delicacies, every dish shone with an alluring color. The attendants wore white uniforms and smiled as they served the guests skillfully and elegantly.

Sweet and cheerful music was playing in the venue. Clearly, the ceremony had yet to begin.

Lu Yan sighed and said, "I thought that the Yue Family would be very perfunctory about this engagement banquet. I didn't expect them to take it so seriously. If this is said to be a wedding, no one will suspect it, right?"

Mu Heng chuckled and said, "The Yue Family is accumulating strength to climb up. This engagement banquet is also to show the power of the two families' marriage alliance. Naturally, it won't be perfunctory. Even if the engagement this time is Gong Han and Yue Chi, it will be very grand. Yue Han has suffered a loss this time."

Lu Yan was deep in thought. "Brother Mu Heng, you mean that Yue Chi could have been exchanged for the benefits of the marriage between the two families, but now it's become Yue Han and it's a waste? If it weren't for this accident, Yue Han's marriage partner might not be just Gong Han?"

Mu Heng glanced at Lu Yan and smiled. "You're quite smart."

Lu Yan's eyes immediately sparkled as she said proudly, "Of course. I'm Brother Mu Ran's fan. I'm very smart!"

Lin Yin looked at the smug Lu Yan beside her and couldn't help but laugh. However, she looked at the scene in front of her with a sigh.

In her previous life, Gong Han was drugged by Yue Chi and lost her virginity.

She was even tortured by Yue Chi later.

In this life, she still did not escape from the Yue Family, but her husband was changed to Yue Han. Although she did not think that Yue Han was a good person, she still hoped that someone who could dote on his younger brother could also dote on his wife..

Chapter 808 - 808: Blind

When Wei Ying saw Lin Yin, she ran over happily and shouted casually, 'Yinyin, you're here too? Hello, Brother Mu Heng!'

Not many people cared when Wei Ying called out 'Yinyin'. No one could remember who Yinyin was, but when she greeted Mu Heng, everyone immediately turned around and looked at Mu Heng and the other two.

At this moment, everyone saw Lin Yin standing beside Mu Heng and remembered that the Mu family had found their daughter who had been missing for 18 years.

Wei Chuan and Ning Sheng brought Wei Yang closer to Lin Yin. Ning Sheng held Lin Yin's hand with a gentle smile and said, "Yinyin, it's been a few days since we last met. Why is your skin a little sunburned?"

Lin Yin nodded in embarrassment. Fortunately, she had concealed the bruise on her face when she came. Otherwise, Ning Sheng would probably be puzzled as to why her sunburn was a little purple.

Lin Yin smiled and said, "Yes, I just finished military training and got sunburned. Aunt Ning Sheng, you look much younger recently."

Mu Heng looked sideways at Lin Yin. This little girl knew how to put on a show now.

He still remembered how Lin Yin had faced him when he first met her. At that time, Lin Yin's expression was so indifferent, as if it was a waste of saliva to say anything more. Her personality was cold. This change must be because of the Mu family, right?

Lin Yin's thoughts were very simple.

In the past, she was on her own and it did not matter if she offended anyone. However, now that she appeared in public, she represented the Mu family. As long as the other party did not come to cause trouble on purpose, she was willing to act. Everyone would be happy.

Especially since Ning Sheng was a good friend of her mother, Ye Wen, she was still willing to show her some respect.

“Our Yinyin just knows how to talk,” Ning Sheng said with a smile. Then, she looked behind Lin Yin and asked curiously, “Your parents didn’t come?”

Lin Yin shook her head and said, “I came with my brother today.”

Mu Heng joked, “Aunt Ning, you think I can’t take care of my sister well as an elder brother?”

Ning Sheng looked at Mu Heng reproachfully. “How could that be? I asked because I miss your mother.”

As Ning Sheng spoke, she pulled Wei Yang, who was standing quietly at the side, to the front and smiled. “You young people can play together. Ah Yang, you, your Sister Yinyin, Ah Heng, and this is Xiao Yan from the Lu Family, right? You young people can play together.”

With that, Ning Sheng pulled Wei Chuan away to continue socializing.

Wei Yang greeted with a smile, “Sister Yinyin, Sister Xiao Yan, Brother Mu

Heng.”

Lu Yan took in the way Wei Yang looked at Lin Yin and rolled her eyes. Another person was here to snatch her future aunt away from her.

Mu Heng and Lin Yin greeted Wei Yang politely.

At this moment, the group of people surrounding Yue Ning looked at Lin Yin disdainfully.

Lu Yue said coldly, “The heavens are really blind. Someone like Lin Yin is actually a child of the Mu family.”

Although Lu Yue said that, she was extremely jealous of Lin Yin.

Among the three aristocratic families in the Capital, Lin Yin's status was the most noble.

The Wei Family's relationship was complicated. The direct descendant, Wei Xuan, was a fool and an orphan girl who had no parents and was abandoned by the family. Not to mention the other two families, even if the child they gave birth to was registered, it could not change the fact that they're the descendants of a mistress. freewebno(v)el

As for the Lu Family, their grandfather had three sons, and Lu Ming was the heir chosen by the family.

And her father was nothing. He was still under Grandpa's strict supervision.

Lu Yan's father was not on good terms with the family and was basically not in the Lu Family.

Therefore, she and Lu Yan were considered girls who were not valued in the family. Naturally, they could not compare to Lin Yin. Her father was the only person in charge of the Mu Family and she had three outstanding brothers.

Thinking about it, Lu Yue's heart ached even more.

Gong Yue said sarcastically to Yue Ning, "Yue Ning, what's wrong with your family? You actually invited an ill-bred girl from the slums. Isn't it too degrading?"

Yue Ning glanced at Gong Yue unhappily and said unhappily, "Is this something our Yue Family can decide? Even if Lin Yin is a prostitute from the red light district, as long as she's from the Mu Family, we can't reject her, right?"

Yue Ning was right. Be it the Gong Family or the Yue Family, they were ranked at the bottom of the eight great families of the Capital. If Lin Yin came to the banquet as a member of the Mu family, the Yue Family would not do anything irrational to chase her away..

## Chapter 809 - 809: Not Apologizing

“I think the heavens are blind to let you talkative people enjoy wealth.” A mocking voice came from behind them.

When they turned around and saw that it was Gong Ze, they clearly looked at Gong Yue in disdain. Their meaning was obvious. They wanted Gong Yue to teach the Gong Family a lesson.

As expected, when Gong Yue saw that Gong Ze actually dared to say that about them, there was a hint of anger on her face. “Gong Ze, be polite. The people here are not people you can scold just because you want to. Don’t think that you can gain power just because you’re close to Lin Yin. I advise you, it’s best if you apologize to everyone now!”

Gong Ze looked at Gong Yue coldly and warned her with an imposing voice, “Gong Yue, remember this first. This is my sister’s engagement banquet. If you casually make up stories about my sister’s guests at my sister’s engagement banquet, I won’t be polite to you.”

Lu Xiao sneered and looked at Gong Ze. He said bluntly, “Gong Ze, don’t forget that your Gong Family is the youngest in the capital. Do you know what the youngest is? The one at the bottom. And you, Gong Ze, are at the bottom of your Gong Family. What right do you have to threaten us? Do you believe that if I tell Gong Luo now, you’ll be chased out immediately?”

Yue Ning sneered at the side. “Gong Ze, I advise you to lower your head, apologize to us, and the matter will be over.”

Yue Chi had been watching silently from the side. He did not say anything because he wanted to see Gong Ze make a fool of himself.

He did not like the fact that Gong Han had actually hooked up with his brother, let alone Gong Han’s younger brother.

Lu Yue said pretentiously, "Brother Gong Ze, I really want to speak up for you, but I heard that you were very close to Lin Yin in high school. Recently, you seem to have been involved with Lin Yin's Shisheng Corporation, so I'm really helpless. However, seeing that we've interacted for a while, why don't you express your stance and say that Lin Yin is a shameless slut? Then you don't have to apologize. This is the leniency I fought for for you."

When the people beside her heard Lu Yue's suggestion, their eyes lit up. Some people even picked up their phones and prepared to take a video of Gong Ze insulting Lin Yin.

When the time came to post it online, they would be happy to watch the commotion.

Wei Cheng, who was holding a wine glass, turned to look at Gong Ze when he heard this group of people's attitude towards Lin Yin.

Although there was no evidence that Lin Yin was the one who made Wei Chi sleep with men, he knew that it had something to do with Lin Yin.

The Wei Family had spent a lot of money to shut the people at the door up, but Wei Cheng still hated Lin Yin.

He had originally planned to deal with Lin Yin, but when he found out that Lin Yin was the daughter of the Mu family, he was a little afraid. After all, offending the Mu family was not a good thing, so be it the brothers or their parents, he planned to grit his teeth and endure this grievance.

Even they did not dare to touch Wei Ji easily, afraid that if Lin Yin became stronger, they would still have to face the Mu family.

However, he couldn't go against Lin Yin. Then he could at least see the people around Lin Yin suffer, right?

Wei Cheng raised his head and finished the wine in his glass. Then, he stood beside Yue Chi and watched the commotion with him.

Gong Ze still clenched his fists and said coldly, "I'm not going to express that stance and it's more impossible for me to apologize!"

Although Gong Ze could be considered a school bully in high school, once it involved aristocratic families, Gong Ze seemed much weaker.

These people all had powerful family backgrounds like him. Many of their family forces were even above his, so he could not afford to offend them many times.

But even so, he wouldn't humiliate Lin Yin with words. Not only had Lin Yin helped his sister, but she had also helped him accumulate strength. If he said it, he would really be repaying kindness with ingratitude.

Lu Xiao looked at Gong Ze's ashen face and tightly shut mouth and snorted. He went forward and patted Gong Ze's shoulder, threatening, "Gong Ze, don't force me to embarrass you at your sister's engagement party. If you get beaten up at the banquet, your sister will be quite embarrassed."

Gong Ze looked up at the laughter-filled banquet scene around him and compromised. "Let's go somewhere else."

Lu Xiao turned around and looked at everyone with a sinister smile. Then, he retracted his gaze and smiled evilly. "Alright! If you want to change, so be it. I don't think you dare to play tricks.."

Chapter 810: What Explanation?

At the end of the day, this was the Yue Family's engagement banquet. Many elders were present. If there was really any unhappiness, with the temperament of those elders, they would probably each be punished with 50 strokes of caning. On the surface, they would deal with it fairly.

Hence, the group surrounded Gong Ze and walked out of the banquet hall.

It was not until the group walked to a dark corner that Lu Xiao said, "Don't continue walking. It'll be too dark to get a good photo later. Hurry up, Gong Ze. Hurry up and say that Lin Yin is a b\*tch so that we can go back and continue attending the banquet."

At this moment, Gong Ze no longer had the look of compromise on his face.

Instead, he said with a smile, "I just said that I would deal with this matter.

When did I agree to slander Lin Yin?"

Lu Xiao became angry. "Gong Ze, are you fooling us?"

Gong Ze nodded calmly and said, "Yes, I 'm fooling you. What about it?"

During this period of time, Gong Ze had learned a lot from Lin Yin's people. Not only in business, but also how to deal with people.

People would only get bullied if they were too kind.

Facing a group of people like Lu Xiao, it was useless to compromise. They would only become worse. Instead of compromising, it was better to resist.

In a fight, he was not afraid of Lu Xiao and the other useless people who played with women.

Besides, even if he caused trouble today, he would just be beaten up when he returned. What was there to be afraid of?

"Gong Ze, you're courting death!" Lu Xiao couldn't stand Gong Ze's teasing smile and raised his fist to deal with him.

In the end, before his fist could land on Gong Ze's face, he blocked it with his arm and raised his leg to kick Lu Xiao in the stomach, causing him to fall flat on his face.

No one expected Gong Ze to really dare to hit Lu Xiao. All of them had shocked expressions.

"Gong Ze, are you crazy? How dare you hit Lu Xiao? How are you going to explain this to Grandpa when you get back?" Gong Yue's sharp voice was especially obvious in this slightly dark corner.

"Explanation? Gong Yue, what explanation do you want?" A gentle but resolute female voice sounded. It was Gong Han. She had been searching around but she could not find Gong Ze.

Seeing Gong Han appear, Yue Chi's half-dead gaze turned from Gong Ze to Gong Han.

The engagement banquet gown Gong Han was wearing was an exquisite white silk gown. The upper half was tight, outlining her figure. From the waist down, it gradually spread out, forming an elegant skirt.

As Gong Han walked over slowly, the hem of her dress swayed gently, making her look very beautiful. It added a hint of intellectual gentleness and charm to the originally ordinary-looking Gong Han.

Gong Yue looked at Gong Han's expensive engagement gown jealously. If Lin Yin hadn't taken Yue Chi away, Gong Han's engagement partner would have been Yue Chi. With Yue Chi's status in the Yue Family, Gong Han definitely wouldn't have such a beautiful engagement gown.

Gong Yue mocked Gong Han, "You're already so smug before you've officially entered the Yue Family. When you were in the Gong Family, you didn't even dare to look at me. Gong Han, don't forget your previous servile life." Everyone sized up Gong Han with mocking gazes.

Gong Ze narrowed his eyes and stared at Gong Yue dangerously. In the next second, he slapped Gong Yue hard.

Gong Yue was stunned on the spot.

Gong Han did not expect Gong Ze to be so impulsive today and hurriedly pulled him back.

“Gong Ze, you actually hit me!” Gong Yue reacted and almost immediately raised her hand to hit Gong Ze back.

Gong Han quickly grabbed Gong Yue’s hand and reprimanded her coldly, “Gong Yue, you want to hit my brother in the Yue Family? Aren’t you looking down on

Gong Yue’s eyes turned red with anger as she shouted fiercely, ‘Gong Han, who do you think you are? I don’t even care about trash like you.’”

Gong Yue had never thought that she would be threatened by Gong Han one day, let alone slapped in the face by Gong Ze in public.

Seeing that Gong Yue was about to continue making a fuss, Gong Ze looked at Yue Chi coldly and said, “Yue Chi, my sister is getting engaged to your brother today. If she’s beaten up at the engagement banquet, do you think your brother’s engagement banquet will be respected? At that time, your brother will be the one to be embarrassed.”

Zhang Ling, who was working for Lin Yin, taught him how to borrow someone else’s strength. With such a Yue Chi present, it would be a waste not to use him.

From the beginning, when Gong Ze planned to get physical, he was prepared to drag Yue Chi down with him.

Yue Chi was in a bad mood and did not want to speak at all..
